Plans for future development of industry in general are on an ambitious scale and designed to fit the needs of the country. It is not, however, now intended to discuss what is projected, but to give some brief idea of what has been achieved in fact.

With respect to jute, Pakistan's valuable cash crop, pucca baling capacity in East Bengal now suffices to enable Pakistan to press all that part of the crop which is expected, other than to India. Four important jute spinning and weaving mills are in course of erection. Of these, the Adamjee Jute Mills are in part production, most of which is used in Pakistan, but a small part has been released for export and the manufacturers are well spoken of.

In textiles (cotton, rayon and wool) progress has been remarkable. It is expected that by the end of 1954, Pakistan will be self-sufficient in cotton textiles and the degree of progress so far made justifies this hope. Approximately 1,300,000 spindles have been sanctioned for installation of which, at the end of 1952, about 500,000 were in operation. Of this quantity, 177,418 spindles existed at the time of partition. The erection of a woollen mill at Harnaf has been started.

The important paper mill, established in East Bengal, has now entered production. The raw material used is the bamboo which exists in ample quantity and the total capacity of this mill will meet the paper needs of the whole country, except for newspaper for which another mill is to be started.

A factory located at Quetta has for some time produced acetone and ephedrine from the artemisia and ephedra which grow abundantly in Baluchistan. In Bahawalpur a new soap factory now produces 5,000 tons of superior quality washing soap along with 250 tons of glycerine. At Rawalpindi, in the N.W.F.P., a factory for the production of telecommunication apparatus has been started by Siemens-Malske, in conjunction with Pakistan interest. Two factories, each with a capacity of seven tons per diem, are now producing boron glass. It is also worth noticing that the capacity for re-rolling reinforcement steel now equals the present requirement of the country. Two cycle tyre factories are in full production and in Punjab a factory is producing high quality machine tools.

Two somewhat dry recitals of fact is intended to show the (Continued on page 399)

AFRICAN VIEWPOINT

PROF. Z. K. MATTHEWS

By JORDAN K. NGUBANE

SOME men change the course of history by design, others are destined to influence it. To the latter class belongs quietly-spoken and handsome Professor Z. K. Matthews, head of the department of African Studies at the Fort Hare University College who recently completed a lectureship tour of the United States.

Born in the Barkley West district of the Cape Province on October 20, 1901, Zachariah Kendeeleng Matthews has spent his fifty-one years quietly bringing up to nationhood a whole community—both in the classroom and on the political front. If we men wield as great an influence as the life of the Union's eight million Africans it is because Professor Matthews has and for no personal gain whatsoever, used his truly remarkable talents for the good of his own people and of his countrymen of all races.

He comes of Bamangwato stock—Sesuto Khama's people. His family went into voluntary exile early in the nineteenth century as a result of the periodic dynastic quarrels which are so marked a feature of Bamangwato national life. The family attached itself to the Barolong tribe and settled down in Kimberley where young Zachariah had his early schooling.

From there he went to Lovedale and thence to Fort Hare where he obtained his Arts degree in 1923. At the time a few white people in high places still clung to one or two silly notions about the educability of the African. One was that the African student did not have the capacity to absorb a high school education. A growing number argued that given the opportunity the African would acquit himself as creditably as anybody else. One of the latter was an American missionary—Mr. A. E. Leroy, then Principal of Amangweni Institute, which later became Adams College.

When at last the Natal Education Department allowed Mr. Leroy to prove that the African student could cross the performance line like everybody else, he selected young Matthews to do the job. The results opened everybody's eyes. In due course Mr. Matthews was appointed

headmaster of the high school—the first African to hold this post in Natal.

The innovation was received with mixed feelings on both sides of the colour line. This shook neither Mr. Leroy nor Mr. Matthews. The pupils mastered their algebra, geometry and trigonometry and before many years were over Amangweni High School was mentioned with respect on either side of the colour line. It has been respected ever since. What is more, the success of the Adams experiment emboldened the Natal Education Department to introduce the high school curriculum in the day schools as well.

But for Mr. Matthews his success at Adams merely opened up wider horizons of service to his people. With this in mind he accepted a scholarship which took him to London and Yale. A short while after his return he accepted an appointment on the staff of the department of African Studies at Fort Hare under the renowned Professor D. D. T. Jabavu. Here again he applied himself with the same tenacity of purpose, industry and loyalty which had always been his most outstanding qualities. When Professor Jabavu retired as superintendent Mr. Matthews was invited to take over the chair of African Studies. This was in every sense a deserved recognition of distinguished scholarship.

Although Professor Matthews has both his hands full administering the department of African Studies at Fort Hare, he has at all times taken an active and unflinching interest in the political and social life of his people.

While at Adams he played an active role in the affairs of the teachers' association and for many years held responsible positions in it. When the spirit of national solidarity made itself felt, he worked as hard as anybody else in doing into being the African Teachers' Federation looking up the associations of the four provinces.

But, apparently, this did not absorb all his energies for he still found the time to do important research work on African tribes in Bechuanaland, write scientific papers, serve on the Royal Commission on African Education which toured the greater part of Africa during the '30's and, on top of it all, still remains a familiar and respected figure at the political gatherings of his people.

An interesting incident took place at a political gathering while he was at Adams. As headmaster of the high school and, of course, an outstanding scholar, the Zulus in Natal held him in high esteem. One afternoon he attended the conference of the African National Congress then in session in Durban. He slipped into a seat and made himself comfortable among the ordinary people at the rear of the hall.

The presence of a university graduate in a political meeting caused quite a stir. It was the fashion at the time for university men and teachers generally to keep aloof from the political struggle of their people. The older Congress leaders saw in his entry an omen of unqualified evil. A man of his stature coming into their conference, they felt, could very easily play the role of a bull in a glass shop! The President-General of Congress took precautions promptly. He slipped quickly down the door during the interval and made his way in the side of the young headmaster.

"Tell me, Mr. Matthews," he gasped out too discreetly between pangs of thinly disguised anxiety, "which position do you want in the executive? We shall soon be having elections."

"None," replied Mr. Matthews characteristically. "I came only to witness for Africa's freedom. The elderly gentleman beamed with unconcealed relief.

I mention this incident because it brings out one of his most outstanding qualities in the political field—the desire to serve, not for vain, but for the good of his people, his country and, one might add, for the betterment of mankind.

He has the mind, the stature, the power, the self-confidence and the capacity to become the President-General of Congress—a position of tremendous power, influence and importance in this country at the moment. But he has been satisfied with serving in humbler capacities for purposes of giving strength to Congress. Perhaps he was not yet too sure of himself and his political standing during the Adams days, it might be said. Another incident, more recent, shows up his selfless devotion to the ideal of service.

It was election year and the Congress Youth League had made up its mind that Dr. A. B. Xuma, then President-General of Congress, should go. Very many Youth Leaguers did not like Professor Matthews as an alien native. But they respected his views and judgement. All this he knew very well because for very many years there had been a very active branch of the League at

Fort Hare. And even if he knew he was not popular, it is pretty certain that it would not have affected his attitude to the League one way or the other. When he was formally approached with the request to stand he declined politely on the score that he wanted to stabilize affairs in the Cape Province first, over which he was president, before he accepted national responsibilities.

Some Congressmen outside the League attributed this to his fear of Dr. Xuma. But they were badly in the wrong. No political leader inside Congress barring Mr. A. J. Lutshuli, is more sure of his grip on the minds of all sections of Congress than Professor Matthews and no top notch Congressman (Mr. Lutshuli always excepted) is more confident of himself or knows his mind better. Prof. Matthews never throws his weight about and very rarely speaks. Nor does he ever lose his temper nor resort to theatricalism on the platform. But when Professor Matthews speaks, all the wings of Congress listen—and so does South Africa too—both black and white, for that matter.

Nor could he have been scared of the League. Its rapid growth ignited a series of violent political explosions in all the provinces where the Congress conservatives were firmly established, burning the Cape where Professor Matthews was at the head. Although he had under him some of the steadiest Youth Leaguers, there never were fireworks in his Congress. Congress older leaders blundered to his right and left and fell down equally rapidly to his left and right under the League's political axe, but Professor Matthews sailed through it all without even as much as an angry word. He was not and could not have been afraid of the League. His point was as simple as he put it—Congress needed to be strong in the provinces before the central body could become a power to reckon with. He went down to the Cape and set himself to work, putting his own house in order.

Anybody placed by history in the position of guardian or tutor to a young and rapidly growing community of 10,000,000 souls requires plenty of foresight—and something more. That "something more" Professor Matthews has in the precious heritage bestowed on the world by the universities. He has that sense of honour, that depth of human understanding, that breadth of knowledge and that tolerant understanding of Man's infirmities which alone are the firmest foundation for a true love of one's fellowmen.

SPREAD OF RACIAL BITTERNESS IN AFRICA MUST BE AVERTED

IN an interview, after the Commonwealth Prime Ministers' Conference in London, Mr. Nehru, the Prime Minister of India, told prominent British Editors and other journalists.

"However anxious I might be in regard to the problem in Africa, direct approach is not helpful. We in India are tremendously concerned about Africa. If I may say something in this context, many of you gentlemen have visited Africa and other places and have an acquaintance with developments there. Nevertheless, in the press of other countries I do not think there is an adequate awareness of what is happening in Asia and Africa. I am not talking about things which are reported but rather of a certain upsurge in people's minds which is really changing Asia and Africa more rapidly than people imagine. Unfortunately most discussions now take place on the basis of communism and anti-communism. But it is a very partial picture and most certainly of problems in Asia and Africa, because you have something which is neither Communism nor anti-Communism. It is nationalism, a demand for economic changes and a surge, and a person or an idea is welcome if it seems to them to be a liberating idea, if it seems to them to make vocal the questions in their minds, political or economic. It is no good going to a country in Asia on a stand of Communism or anti-Communism unless it fits in with their problems. You must appear as a liberating force from what they at present suffer from, whether it is political or economic distress. Unless there is awareness of these changes in the mind of Asia you will not understand it. The various events that have happened since the war, the ending of colonial conditions in certain countries, independence—all this has released forces which had been more or less suppressed. These forces have to function. They may function for good or for evil, but they have to function. The only right policy is to recognise these forces and direct them so far as we can in right channels. Merely not to recognise them and trying to suppress them is no good.

"Africa is different from Asia, and is less well developed, more immature politically and otherwise, but it is certainly developing a political consciousness, which is justified, and what

they tolerated in the past they are not prepared to tolerate now. That is the question in a nutshell and any attempt to force conditions or to maintain the status quo leads to resistance in their minds. They misbehave and they do wrong. Punish the wrong but understand the background and try to deal with it in a very sympathetic way.

The land question is a primary question of Asia. The Chinese revolution succeeded because it dealt with the question; even in Japan the Americans were wise enough to tackle the land question, with what success I do not know but they put through far-reaching reforming legislation. Every country in Asia is troubled with the land question. That applies to Africa, too. Neither will be solved by carrying on in the way they are carrying on. What frightens me is the depth and extent of the bitterness all over Africa. It will be a bad thing if this is not met in a constructive way."

Asked if during the Prime Ministers' Conference he had been engaged in trying to help solve the African problem, Mr. Nehru said: "No, I can say that we have not been so engaged."

Indian Nationals In Africa

Mr. Nehru explained that the position of Indians in Africa was a United Nations problem. "The U.N. has passed several resolutions about it and nothing has happened, and the South African Government have ignored the resolutions and did not permit the Commission the United Nations appointed to go there. So there it is. In regard to India matters before the Conference, even persons who disagreed in these matters agreed not to bring them up, because we do not wish the Commonwealth Conference to be treated as a super-state dealing with different Commonwealth countries. That would be something not in keeping with the growth of this Commonwealth status.

"About Africa and Indians there, I may tell you the policy we have pursued for many years—not with regard to Indians in South Africa, because they are not Indian nationals but South African nationals—I am talking about Indian nationals in Africa—we have told them very definitely and precisely that we as a Government do not encourage or support them in anything they might want which goes against the interest of the Africans. We have made that perfectly clear.

We shall support them, of course, in their legitimate demands but not if these demands are to gain any privilege at the expense of the Africans. We have told them that they are there with the goodwill of the Africans. If the Africans want to push them out they will be pushed out. Of course, that may be an idealistic attitude if you like, but it is also a constructive attitude, because that is the only way they can live there in peace and quiet. We have to educate opinion. There was a conflict in their interests. Indians are mostly merchants and traders and some Africans did not like them. But this policy having percolated down, there has been much more goodwill towards Indians than there was previously, and in all these troubles it is very seldom that you find Indians involved.

"In South Africa, the question of Indians, though important to us, we have deliberately allowed to become a secondary issue to the larger question in South Africa of racial discrimination. As you know, the opposition resistance movement there is far more African than Indian; the leadership is African—we want it to be so."

Referring to a statement by Mr. Nehru at his Press Conference on June 8, when he said that he did not want the Commonwealth to develop into a super State, a correspondent asked: "Would it not be better to take problems like the South African issue in such conferences as a family matter rather than referring them to the UNO?"

Mr. Nehru replied: "Inevitably you go to UNO as world forum. Maybe it has not all the sanction, but nevertheless it has a power to affect world opinion and create that type of sanction. We do not want to convert the Commonwealth Conference into that, one of the reasons being what we have just said, that it becomes some kind of a tribunal; the second being once we treat it in that way, the informal and friendly nature of our talks would be lost. We should become advocates before a tribunal."

Talking about Asia and Africa on various occasions here I have drawn attention to the state of affairs in Africa, which distresses me very deeply. All over Africa—North Africa, the Arab part, Morocco, Tunis, South Africa, of course, because of the policy of racial discrimination, East Africa, Central Africa, problems differ in each part, and the only part which I would say is more or less satisfactory is the Gold Coast. What

I lay stress on is not a particular problem of Africa, but the whole background of Africa. Large numbers of people there are politically conscious. No continent and no people in the whole wide world have gone through such a frenzy of martyrdom as the people of Africa in the last several hundred years. So our sympathy goes out to these people and we feel that that they should take every chance to develop.

Perhaps you know that we have nearly a hundred Government of India scholars from Africa in India, and the number is likely to increase. Their hunger for education is tremendous. Thousands and thousands of schools are being started in East Africa from the pennies of the people. Whether the schools are good or bad is immaterial, but it shows their hunger for education. And it is a terrible thing that this desire to make good is frustrated. It is that which turns in terrible bitterness, and I fear that bitterness is spreading into other parts of Africa. If that becomes strongly entrenched, it is a bad outlook for the future of millions and millions of people in Africa. It inevitably takes a racial aspect, as it must. The principal economic problem of Africa is land. They have been deprived of their land. Then there is the racial discrimination problem, and unless this is met constructively you get the basis for future racial conflict on a big scale. That is why I am greatly worried about it."

degree of accomplishment. It is not a complete picture since, for example, no mention has been made of the important power projects which have gone a long way towards completion. Nevertheless, it can be seen that, starting with nearly nothing, Pakistan has realised a substantial proportion of her industrial ambitions, thereby achieving a greater balance in her economy and reducing her dependence on foreign manufactures with its inherent threat to exchange stability.

PROF. Z. K. MALTHERS

(Continued from page 397)

When the Congress Youth League was formed, towards the end of World War II, the older Congress leaders saw in it the beginning of the end of their political lives. They made every effort to crush the League. Others, equally apprehensive, went to the opposite extreme of embracing it blindly in the hope that they would use it for their own purposes inside Congress. Professor Mather's took up a characteristic attitude and warned that the League's emergence was a well-known historical phenomenon which deserved to be received sympathetically, rather than considered up or down.

The Old Guard in Congress was full of decision. "Professor Mather's has stayed as long with the young people at Fort Hare," they said, "that he has lost the capacity to see things from anything but the standpoint of the young people."

A man who sets himself the task of bringing up a nation is bound to be misunderstood and Professor Mather's has known moments when his people misunderstood him. Perhaps at no stage in his life was this so sharply done during the last ten years of the now defunct Natives' Representative Council. Throughout that period he remained the target for concentrated fire from all sides. From one extreme the All Africa Convention proclaimed its appreciation of the man's role in influencing national thinking by pouring forth an inimitable volume of logic and venom in efforts to persuade him to resign from NRC.

For the opposite extreme came General Smuts and some of his white liberal supporters who worked day and night to convince Professor Mather's that if he stayed on the NRC, he would have rendered his people the greatest service.

Even inside his own Congress, he was not treated with much understanding. The Congress Youth League, in particular, envied, threatened and reasoned with him in rapid succession to bring nearer the collapse of the NRC.

From the very beginning the political debate took on the form and dimensions of a theological controversy—with Professor Mather's always the central figure. Perhaps in no other way could all the people of South Africa unite in paying tribute to one who works unflinchingly behind the scenes for a better, happier and greater South Africa.

In spite of the strains and stresses he has had to bear, he retains his charm. A life which has been through political bitterness shows no marks of what he has been through. In the African community the shortest route to political fame is to be blindly partisan in one's approach to the racial question. To-day, Professor Z. K. Mather's, M.A., LL.B., is an institution inside Congress as well as in the country as a whole, but he still adheres to the readiness to meet the other man half-way as long as there is the possibility of achieving an honourable and reasonable compromise for the greater good of South Africa.

PORT ELIZABETH RIOTS

HEAVY SENTENCES

ELEVEN Africans, including one woman, were sentenced to a total of 72 cuts and 49½ years' imprisonment with compulsory labour when they were convicted of public violence at the Port Elizabeth Criminal Sessions on Thursday last week.

The sentences brought to a close a six-day trial which arose from the New Brighton riots on October 18 last year.

The Africans and their sentences were: William Gova (29), eight cuts and seven years; Michael Mingo (27), eight cuts and seven years; Douglas Nyawabana (24), eight cuts and seven years; Daniel Nyarela (22), eight cuts and three years; Enoch Dynatela (32), eight cuts and

three years; Alf Marmocla (19), eight cuts and five years; George Skumga (45), four and a half years; Wilson Merile (20), eight cuts and three years; Edwards Qoko (21), eight cuts and four years; Petshwe Lobese, a 40-year-old woman, three years; Picti Kade (26), eight cuts and three years.

The Judge, Mr. Justice F. G. Reynolds, said the offence was a terribly serious one. "There was on the station an isolated group of Europeans trying to do their duty," he said, "and there is no question that the non-Europeans combined and tried to drive them out of the building."

But for the devotion to duty and the courage of Constable,

now Sergeant G. F. Burger of the Railway Police, the Europeans would have been driven out and their lives would not have been worth an instant's purchase at the hands of that savage mob.

It was defiance of law and order. It is absolutely impossible to resist that conclusion."

The Judge told Mingo that the way in which he behaved precipitated the trouble. He might have been the ring-leader, but he set in motion all the occurrences which caused the harm and trouble.

"You required arrest and you tried to murder Constable Burger. One of the most terrible features is that the whole train of events started with a petty brass theft. Your own people are the chief sufferers from this act. Your own people have been wounded, and I have no doubt some of them have been killed. Through your act the facilities provided by the Government at the station have been damaged."

The Judge told Nyawabana that he was one of the original thieves of a drum of paint with Mingo, and was responsible with him for what happened.

He told Gova that he tried to burn down the station and had he succeeded some of the Europeans would have perished.—S.A.P.A.

Ideals Of The Liberal Party

(By Alan Paton)

(The following is reproduced by kind courtesy of the 'Natal Daily News')

It seems to be accepted by most White South Africans that great political changes are coming in this country and the Continent. Some say in fifty years, some say in a hundred, some say in a thousand, but the number of these is decreasing.

These political prophesies are concerned always with one theme, namely, the political emergence of the non White South African. It taken for granted that he will emerge, it is taken for granted that in fifty or a hundred years he will have more rights, more responsibilities, more opportunities than he has now. It is taken for granted that more and more must he be considered a partner in the life and development of our common country.

Yet how hard it is for a White South African, even when he has admitted the inevitability of these events, to decide to take one step to go to meet them. How tempting it is for him to say either that the time is not ripe, or that it is useless to take steps when no one else is willing to take them.

The Liberal Party offers to all South Africans a political home, but above all it offers to enfranchised White South Africans an opportunity to break loose from the past and to step forward with like minded men and women towards a more just and sensible goal.

The break with the United Party, however regrettable, was bound to come. Liberals embarrassed the U.P. and the U.P. embarrassed them. To break was the decent thing to do.

It should be stated forthrightly that the Liberals broke away from the United Party because they considered that the Party either did not recognise the inevitability and magnitude of impending events, or alternately, that it recognised their inevitability and magnitude but thought it expedient to do nothing about them. It thought, and still appears to think, that there is plenty of time.

The choice before White South Africa is whether there is to be one common South African society, or whether there are to be two. Those who believe that there must be two societies are themselves faced with two choices, whether there is to be a dominant White society and a subordinate Black society, or whether there are to be two completely separated societies which are to be, within limits, co-equals.

The Liberal rejects the concept of one dominant, one subordinate society. He believes that it is neither just nor practicable.

He believes that the perpetuation of such a condition will drive all Whites into one camp, and all Blacks into another, and that we shall drift into such a state of irreconcilability that fears will be deepened, hatred sharpened, and violence inevitable.

Here the Liberal understands fully the arguments of the total separationist, who maintains that life will be intolerable under such circumstances. But he can-

INDIAN OPINION

FRIDAY, 3RD JULY, 1953

The Liberal Party

IN our last week's issue we described the recently held conference on Indian education as an unique occasion in the history of Indians in South Africa. The inaugural meeting of the newly formed Liberal Party of South Africa, held in Durban on Thursday, last week, was an unique occasion in the history of South Africa. It was an occasion when the leaders of all shades of opinion, both White and non White, met together on a completely equal footing in the Bolton Hall to participate in a discussion as to how the vexed colour problem of South Africa could best be solved. The spirit that has animated the formation of the Liberal Party is little appreciated by the non-White people. We do not hesitate to say that the very bold and daring step taken by Mr. Patrick Duncan together with a few of his enthusiastic associates to make common cause with the non-Whites in their fight against the unjust and immoral laws affecting them is not in a small degree responsible for the birth of this new Party. The aims and objects of the Party, as stated by Mrs. Ballinger, M.P., the President and Mr. Alan Paton, author of 'Cry The Beloved Country' the Regional Chairman of the Party are to seek the abolition of the Colour Bar from the Statute Book and to work for eventual full franchise for all irrespective of class, colour or

creed and for the extension in the interim period, of a qualified form of franchise on the common roll to the non Whites. This we think, should satisfy all except the irreconcilables.

To-day there are irreconcilables in South Africa on both sides—the rulers and the ruled. There are among the rulers who say, we stand for nothing but a policy of complete statutory apartheid, there are among the ruled who say, we shall be contented with nothing but universal franchise here and now. There can never be peace in the country when there are such irreconcilable and uncompromising elements at work. An honourable middle course had to be found and the liberal Party has happily struck that course. The Party has just come into existence and it has an uphill battle to fight in face of the reactionary forces presently holding sway over the country. What part are the non-White people going to play in it? We should show the Liberal Party that we are not a pack of irreconcilable people; that we are reasonable people with a full sense of our responsibility and have the welfare of the country as a whole at heart, that we are fully aware of the fact that the change we desire cannot come about overnight and that we are fully satisfied if there is a change of heart and substantial steps are honestly and sincerely taken to apply the principle of "live and let live"

and "love thy neighbour as thyself" in dealing with the non-White people.

To-day the non-Whites are viewing this new move with suspicion. We do not deny that there are grounds for it.

We are unfortunately in the position of "once bitten twice shy." Let us however, remember that the principles of non-violence enjoin us not to suspect even our opponent when he professes to be inclined to reason. In Mrs. Ballinger and Mr. Alan Paton in the Liberal Party we have tried friends. We must not suspect the Liberal Party but render its task easier by giving it our fullest moral and whenever necessary our active support. We must remember that in the last resort, it is through our own honesty of purpose and self-sacrificing spirit and a strict adherence to the principles of Truth, Love and Non-violence in thought word and deed that we shall attain our desired goal and not through outside help.

In so far as the United Party is concerned it has proved utterly hopeless. The Natal members of that Party, have large by been responsible for all the ills the non-Whites are suffering. Even to day after the hard knocks it has suffered at the hands of the Nationalist Party, it lacks the courage to stand for what is right and just. Its own Party interests are, as it were above everything. For all intents and purposes, therefore, that Party is dead in so far as we are concerned. The very fact that other parties have sprung up is proof of that. The Liberal Party in the circumstances, brings a ray of hope for a brighter future in South Africa. Let us non Whites not in any way be responsible for killing it

by any thoughtless act on our part. The emergence of the Liberal Party does not necessarily mean that our non-violent movement against the unjust laws comes to an end. That movement, as long as it can be kept pure, consists of self-imposed suffering and sacrifice without causing physical injury to our opponents. It is to awaken the conscience of the oppressors. It can only strengthen the hands of those who sincerely mean to help us. Unless we help ourselves neither the Liberal Party nor anyone else will be able to help us. To help ourselves is to resist evil by Love and Non-violence.

Terrorism

THE happenings at last Sunday's conference on the Rand to protest against the proposed removal of non-Europeans from the Western areas, a Sapa report of which appears elsewhere in this issue, are a typical example of how the Government is resorting to terrorist methods against the non-Europeans, which proves its bankruptcy in statesmanship. Had it not been for the presence of an influential personality like Father Trevor Huddleston there would surely have been a massacre of innocent people and all the blame would have been put on the non-Europeans who had attended the conference. We have no doubt, we are echoing the sentiments of all non-Europeans in saying how deeply grateful we are to Father Huddleston for the courageous manner in which he had averted a tragedy. For non-Europeans to be manhandled by the Police has become a common thing in South Africa. No wonder that it is so since the Government

has given the Police a licence to act in the manner they are acting.

Mr. Patrick Duncan is to be congratulated for his great courage. It should serve as an impetus to all non-Europeans to do their duty. If we wish to win the confidence and the sup-

port of people like Father Huddleston and Mr. Patrick Duncan we must be ever careful in our speech and action. Wild speech and wild action are for those who have no case. Those who have a strong case, as indeed we have, their case will speak for itself.

the Christian principles so necessary in a period of violent transition."—Sapa-United Press.

Segregation in U.S.A.

A Pastoral letter denouncing so immediate and so racial segregation in all Roman Catholic churches in North Carolina, was read at Mass in all churches of the Diocese of Raleigh. The edict forbidding segregation was issued by the Most Reverend Vincent Walters, Bishop of Raleigh, who recently ordered the merger of White and Negro churches in the village of Newtown Group. Public protests against the edict, which were also published in the official organ of the Diocese, were few. The letter said: "There is no segregation of races to be tolerated in any Catholic church in the Diocese of Raleigh. The pastors are charged with carrying out this teaching and shall tolerate nothing to the contrary. Otherwise, all special churches for Negroes will be abolished immediately as lending weight to the false notion that the Catholic Church, which is the mystical body of Christ, is divided. Equal rights are accorded, therefore, to every race and every nationality as is proper in any Catholic church, and within the Church building itself everyone is given the privilege to sit or kneel wherever he desires, and to approach the sacraments without regard to race or nationality. I am not unmindful, as a Southerner, of the force of this virus of prejudice among some persons in the South, as well as the North. I know, however, that there is a cure for this virus, and that is our faith," said the Most Rev. Walters. —Sapa-United Press.

and wet, but we had a marvellous time. I was so excited that I forgot to look for my brother, Fred Paskin, in the South African police contingent.'

No Race Discrimination in Rhodesia University

The Inaugural Board of the Rhodesia University has decided that admission to the University will be solely dependent on education attainment issued by the University Inaugural Board after a meeting last week. The statement said: "The Board calls attention to the following extract from the Carr Saunders report: It is not contrary to University practice to reserve certain hostels or halls or residence for particular classes of students but it would be repugnant to University tradition deliberately to place hostels so reserved at a greater distance than other hostels from the centre of the University."

Cape Town City Council On Group Areas Act

By declining to reconsider its attitude on implementing the Group Areas Act the Cape Town City Council last week reaffirmed the mandate it gave to the Group Areas Occasional Committee on March 17. The motion to review the mandate was lost when it was put by Mr. B. A. Levitt. Under the resolution which has now been reaffirmed the council has agreed that the Act cannot be implemented in Cape Town without untold hardship. It knew of no recent infiltration of one racial group into the residential area of another which called for drastic remedy. After the council disposed of the matter, the chairman of the Group Areas Committee (Mr. L. Gradner) said he would call a meeting of his committee to discuss its mandate. It is known, however, that some of the members of the committee are not satisfied with the mandate. Mr. Mark Jones gave notice of a motion for the next council meeting. He will move that discussion should be adjourned and an invitation given to the chairman of the Land Tenure Advisory Board (Mr. G. F. de Vos Hugo) to address the council *in camera* at a meeting at which no resolutions would be taken. The invitation should also be extended to the Cape Western Committee of the board.

NOTES AND NEWS

Dr. Brookes's Lecture

Receives Publicity in India

Dr. Edgar H. Brookes's lecture in the Natal University recently on India was publicised in the papers in India through the instrumentality of Mr. P. Kodanda Rao, who was in the Union in 1927 as private secretary to the late Mr. Sriwasa Sarai when the latter held the position of Agent of the Government of India in the Union of South Africa. In an introductory paragraph Mr. Kodanda Rao, whose present address is Servants of India Society, Bangalore, wrote as follows:

"Dr. Edgar H. Brookes is one of the very few far-seeing statesmen of South Africa entitled to the gratitude of India. For years he was a member of the South African Senate, representing Native interests, and consistently strove for justice for the non-European. Due to ill-health, he resigned his Senatorship recently. Since retirement he has been active lecturing on racial policies of South Africa. One of his lectures in Natal was on India and South Africa, which is reproduced below from the issue, dated the 10th April 1953, of 'Indian Opinion,' edited by Sri Mahatma Gandhi at Phoenix, Natal. His speech deserves wide publication in India."

Such conditions are bound to give birth to anti-social activities.

"The Reserves are so congested and non-productive that the people are compelled to seek work in the urban areas, where the problem of employment has assumed serious proportions.

"In the mining and farming industries the conditions are so appalling that they cannot attract the workers.

"We claim that the racial policies practised by the successive Governments in South Africa are not in the best interests of the country, and that such policies rob the country of its maximum industrial development.

"Congress claims that it is in the interests of both industrialists and the working people that the entire labour force of the country be mobilised on a non-discriminatory basis and be given free scope and the necessary training, technically and otherwise, in order to produce better efficiency and bring about a sound industrial development."

Important Part Played By

Natives

An article on South Africa's racial tensions, written by Archbishop Denis E. Hurley, of Durban, is featured in the July issue of 'Jubilee,' a Catholic picture magazine published in New York. "It is indeed difficult to see how any thinking person could honestly subscribe to a policy which aims at excluding four-fifths of the population permanently from the rights and opportunities of a society of which they constitute so important a part," the prelate wrote. Archbishop Hurley said Catholics were making a threefold contribution to a racial solution. The Church's programme, he said, consisted of "timely reminders to the White population of its Christian duties, an effort to spread Catholic influence among White South Africans, especially Afrikaners, and the steady pursuit of missionary labours among the non-Whites to provide them with

No Segregation in Britain

Miss Mary Williams and Mrs. Margery Austin, the two coloured members of the League of Health and Beauty team from Cape Town, which went to Britain to give displays during the Coronation festivities, returned in the mailship 'with 10 other women of the team. Miss Williams, who with Mrs. Austin works in a Peninsula factory, said: "It was lovely to be in a country with no colour bar. Everyone was so nice to us. We were entertained by the other teams from different parts of Britain and Canada." The team of 27 women gave displays in London, Glasgow and Edinburgh. They all had seats for the Coronation at vantage points in London. Mrs. Dulcie Kehl said: "I was near Hyde Park Corner. We had to be in our seats at 6 a.m., and did not get away until 5 p.m. It was cold

Economic Demands Of The African People

A statement issued last Sunday by Mr. W. M. Sisulu, Secretary-General of the African National Congress, states:

"The ever-deteriorating economic position of the non-European people in this country, caused by, among other things, the ever-mounting cost of living, calls for serious and immediate attention by the Government.

"The living conditions of the people have become intolerable today. The vast majority of the working people suffer from want, misery, degradation, disease, and housing conditions and low wages.

CONFERENCE ON INDIAN EDUCATION

IMPORTANT SPEECHES

A REPORT of the conference on Indian education, held in Durban on Sunday, June 21, together with our comments, appeared in our last week's issue. Owing to shortage of space we were not able to give a report of the important speeches which we now give below.

Mr. P. R. Pather in his presidential address said:

"The problem of Indian education is indeed grave. The problem has reached such magnitude that it requires the combined efforts of all of us to find a solution immediately. I emphasise the point because of the thousands of our children who, year in and year out, are crying out for school accommodation. When the schools commence their first term, the sight of Indian mothers going from one school to another seeking accommodation for their dear ones beggars description. Every school has a waiting list of children requiring admission and the astounding fact is that that list never diminishes.

"The latest figures for 1952 show that there are 61,529 children in schools. About 18 months ago, the Natal Indian Teachers' Society, Natal Indian Congress, Natal Indian Organisation and the Durban Indian Child Welfare Society agreed to the introduction of Platoon Schools. These schools absorbed about 6,000 more children but that figure is only a fraction of the numbers seeking admission. The Platoon System has many deficiencies and can by no means be said to be an ideal one. It was agreed to as a temporary measure in the hope that some of our children would receive some kind of tuition rather than being without any education. In fairness to the Department of Education, the Director of Education himself was not enamoured of the system, but it was a case of Hobson's choice. It was not to be a cure but a mere palliative.

"As I have said earlier there are 61,529 children in schools and of this number 44,170 children are in 188 Government Aided Schools and 3,187 children in 16 Private Schools. The Government schools which include primary and secondary have an attendance of 13,976 children. With the exception of Missionary Schools, every Government Aided Indian School has been built by Indian initiative and enterprise. And what is more, four secondary schools have been built by Indians and handed over to the Provincial Administration. It is true that the Administration up to 1945 financed the buildings to the extent of one-third and thereafter to fifty per

cent of the cost of buildings, but the fact remains that our people have had to make tremendous sacrifices to find the money necessary to erect these schools. It is a sacrifice that we as a community are proud of, for, the figures of the school going children reveal the fact that approximately 75 per cent of the children are in schools built by their forbears.

Provincial Administration's Responsibility

"It is the responsibility of the Provincial Administration to provide education facilities for all children irrespective of colour. We cannot say that the Administration has discharged its responsibility in its entirety in respect of the Indian children. It is not my purpose this morning to quarrel with the Administration in this regard but rather to state a fact in order that the Administration will more readily appreciate the justness of the case that this conference will be asked to deal with.

"At the same time it would be ungrateful of the Indian community were it not to admit the part played by the Administration in recent years in the cause of Indian education. The building grant has been increased from 33 and one-third per cent to 50 per cent resulting in the building programme being stepped up, a Teachers' Training College at Springfield and a Government Primary School at Clairwood had been erected. We learn that soon a secondary school is to be erected at Clairwood. Then again the scales of salaries of the Indian Teachers had been increased to a degree. This progress is due to the sympathetic attitude shown by the present Provincial Administration.

"Notwithstanding the enormous sacrifices of our people and the assistance we have received from the Administration there is a big leeway to make before every Indian child of school-going age is in school. This is a problem that has baffled the Indian community year in and year out. The Administration has stated that its help would be directed towards those who would help themselves. In the matter of self-help I believe the Indian community has been a striking example. But for this self-help there could not have come into existence 4 secondary schools, 188 Government Aided Primary Schools and 16 Private Schools.

"With the best will in the world, no community, much less the Indian community, could continue to find the money to erect more schools, particularly on

the present financial basis. Conference will be asked therefore to deal with this question dispassionately and to make suggestions capable of being carried out by the Administration.

"We must find accommodation with the least possible delay for the thousands of our children who are unfortunate in not having been able to be accommodated in schools.

"There are many other aspects of Indian education that we would like to deal with but I would urge upon conference to confine itself at the moment to the question of placing every Indian child in school. This is a problem which requires our immediate attention. I am not unmindful of the feelings of the parents of these children many of whom are over fourteen years old and yet have not been able to gain admission in schools. I can assure them that this conference will let no stone unturned with a view to putting forward some practical scheme which the Administration cannot but accept.

"Let me conclude by asking the delegates present to deliberate calmly, free from emotionism, with an eye to our main objective. Our job is to find a solution to a first rate crisis and that solution must be found by this conference."

Mr. J. N. Singh's Speech

Mr. J. N. Singh, the General Secretary of the Natal Indian Congress, in the course of his speech said:

"Education was the responsibility of the Provincial authorities for all sections of the population. It had discharged that responsibility fully as far as the European section was concerned. Every child was at school and there was legislation to provide for compulsory education. We are proud of this fact. We do not grudge them this because it is due to every child. We only ask that the same position should exist in regard to the other sections of the people of Natal. We want to see that the Indian child was in school and that there was an extension of legislation to provide for every Indian child being in school.

"There were no exact figures on the number of children without school accommodation but it had been estimated by statisticians to be between 25,000 and 37,000. The census of 1951, though carried out at short notice gave the figures for Durban and per Durban area alone as over 14,000. The census taken at the beginning of this year was most unsatisfactory and no figures were available. A proper census can only be taken at the opening day of schools and if the Department

wanted a reasonably correct estimate it should arrange such a census with proper and sufficient notice to parents at the beginning of next year."

Root Cause—Discrimination

"The root cause for the present crisis had been the discrimination in the financing of education. For 20 years since 1925 to 1945, education was subsidised at the rate of £5 5. 0. for each Indian child at school and £16 7. 6. for each European child. This discrimination was even greater when it was coupled with the fact that the European child was compulsorily in school and thousands of pounds were lost in subsidies because thousands of Indian children were not at school. The leeway lost during these 20 years has not been made up. The Administration has continued its policy of discrimination with the result that even today much more is spent on European education even though the school population has been almost equivalent. For instance in 1950-51 £713,000 was spent on Indian education and over one million 500 thousand pounds on European education with an additional £217,000 on European hostels and £24,000 on bursaries. This is not an isolated instance. In 1947-1948 £541,148 was spent on Indian education and just over two million pounds on European education although during these years the demand and needs of Indian education were more pressing than European education.

"The strength for our demands for more Government schools and greater school building grants rested on justice backed up by facts rather than on emotionalism—which too could be excused because it was human to get emotional when thousands of our children were crying out for more schools."

GOVERNMENT RESORTS TO TERRORISM

AT RAND PROTEST MEETING

MR. PATRICK DUNCAN'S MESSAGE

FOUR Indians were arrested at a conference to protest against the proposed removal of non-Europeans from the Western areas of Johannesburg in Sophiatown, a Western Native township last Sunday.

Six plain-clothes policemen, followed by uniformed policemen, entered the Odia cinema, where the conference was held, when the meeting had been in progress for nearly two hours.

They arrested Mr. Y. M. Cachalia, joint General Secretary of the South African Indian Congress and of the Joint Action Committee of the African National Congress and the South African Indian Congress; allegedly for attending a meeting in contravention of a ban by the Minister of Justice under the Suppression of Communism Act; Mr. A. M. Kathrada, Chairman of the Indian Youth Congress; Mr. T. N. Naidoo, Vice-President of the Transvaal Indian Congress; and Mr. B. Saloojee, a member of the Indian Youth Congress, allegedly for obstructing the police in the execution of their duty.

They mounted the platform and removed Mr. Cachalia, a plain-clothes man holding him by each arm. The 2,100 delegates in the hall booed loudly and continuously while Mr. Cachalia was being led down the aisle, but there were no incidents.

Father Trevor Huddleston, who is in charge of the Anglican Mission in Sophiatown, accompanied Mr. Cachalia out of the hall.

After Mr. Cachalia was arrested, Father Huddleston came out in the street and remonstrated with the police and returned to the cinema.

He came out again and asked Colonel W. Prinsloo, head of the Special Branch of the Witwatersrand C.I.D., to move the policemen outside the cinema, and said that if this was done the meeting would disperse peacefully.

Colonel Prinsloo agreed and shortly afterwards the police drove away.

Before the meeting started, plain-clothes policemen entered the hall and arrested Kathrada, Naidoo and Saloojee, who, they alleged, tried to prevent their entry.

They were met in the entrance by Mr. Cachalia and Father Huddleston, who told them that the conference was private and asked for their warrants. They said that they had none and were

then told that they could not enter.

They refused to leave until Father Huddleston had telephoned a lawyer. He told Major A. T. Spengler, second-in-command of the Special Branch of the C.I.D., of the Witwatersrand, who commanded the detachment, that according to the lawyer, the police could not enter the hall without a warrant.

After that the police remained outside until they entered to arrest Cachalia.

About 40 policemen, including non-European constables, arrived shortly before the meeting began.

They were armed with rifles, bayonets and Sten guns.

A few hours later, about 30 more policemen, mainly non-Europeans, arrived.

Before the European policemen entered the cinema to arrest Mr. Cachalia, about 50 non-European policemen armed with assegais lined up on the pavement outside the cinema.

A few European policemen, fully armed, stood in the road.

Mr. W. M. Sisulu, Secretary-General of the African National Congress, who said he was addressing his first meeting after being banned from attending meetings for six months, told the conference that the people of Africa stood firmly for peace throughout the world.

He said that Africans were particularly interested in peace, because war meant the oppression of subject peoples.

Today Africa was the only Continent still dominated by foreigners. As a result of this, there was now a spontaneous movement throughout Africa for the organisation of a pan African congress.

Father the Rev. R. Huddleston, opening the conference officially, said that there was no truth in the reports that the Anglican Church had obtained a valuation of its mission site in Sophiatown to negotiate with the Government for the sale of the mission.

He said that he had a message from the Right Rev. R. A. Reeves, saying, "We shall never negotiate with this Government."

Father Huddleston read a message from Mr. Patrick Duncan, son of a former Governor-General of the Union, who was arrested and convicted at the end of last year for entering German location without a permit, while taking part in the "Defiance of Unjust Laws" campaign.

He quoted Mr. Duncan as saying that, to protest against the proposal to remove the non-Europeans from the western area of Johannesburg, he would abandon his appeal against the conviction, and serve the 100 days compulsory labour to which he had been sentenced.

Father Huddleston urged the conference to appeal to all people of goodwill in all races to oppose the removal of non-Europeans from the Johannesburg western areas. He said that there were several in the Johannesburg City Council, the Transvaal Provincial Council and in Parliament, who would support them.

IDEALS OF THE LIBERAL PARTY

(Continued from front page)

not agree with the argument that the only way to make life tolerable will be by complete separation. He maintains that the solution of complete separation demands a length of time and an amount of money and land that are not available to us; and, what is more, that it will demand from White South Africa a willingness to make sacrifices of which there is no or little sign.

He sees in neither of these two policies any solution of the real and fundamental problem of creating a harmonious multi-racial community. The first he regards as futile and dangerous, and the second he regards as an impossible means of evading the problems posed by fear and pride, pride perhaps most of all.

To him the problems of living together can only be solved by living together, and are only evaded, and made ultimately more formidable, by the total separationist.

The Liberal sees the political problem thus—if there is to be any evolutionary solution for our difficulties it will be adopted only because White voters consent to it. One cannot, however, satisfy those White people who oppose any extension of the franchise, nor can one satisfy those non-White people who clamour for the universal franchise.

Both these groups are condemning their country to an era of repression and revolution. The Liberal Party advocates the fair extension of the franchise to all those who qualify to receive it. These qualifications will be the same for all. One of the important matters before the July conference of the party will be to define them.

One of the great aims of White South Africans is that

He said that the attitude of the City Council on this question had been deplorable.

"It has been an attitude of fear and cowardice. But I know there are men on the City Council who will support us. We must make it clear to them that we want their support."

The conference, unanimously passed a resolution calling on the Government, "in the interests of peace and harmony," immediately to withdraw the plan to remove the non-Europeans from the western areas and expressing the "determination of the people of the western areas to remain and defend their homes at all costs."—Sapa.

they will be outnumbered by non-White voters who will then proceed to vote as non-Whites to repress and humiliate all White people.

That such a thing might happen, no one denies. But the Liberal Party denies that it must happen.

In their own Party men and women of all races are striving for common ideals; they trust and respect one another; they have confidence in one another's decency and humanity.

Why should not this party itself be a forerunner of the kind of country that is to come, when men and women think of themselves more and more as South Africans and less and less as White and Black, as Afrikaner and non-Afrikaner?

Surely it is only in such a country that there will be peace, and hope for our children.

Surely such a country must come. Why not then take a step towards it, courageously and intelligently?

It is such a country that the Liberal Party believes in; and until that day comes when no man need suffer because of his colour or race, the party will continue to proclaim its ideals, and to accustom unaccustomed ears to the language of justice and common sense.

If the Liberal Party is to be a forerunner of the kind of society that inevitably must come, then the sensible thing to do is to support it, so that it may not only be the forerunner, but also the creator, of this new society.

ADMISSION OF INDIAN WOMEN AND CHILDREN TO THE UNION

WE have received the following communication from the Director of the State Information Office of the Department of the Interior, Pretoria:

Sir,—The attention of this office has been drawn to your leading article of February 20, last, in the course of which you quote freely from the text of "what the Minister (Dr. Donga) is reported to have said" in the Assembly on February 10, last, on the Government's new policy regarding the admission of Indian women and children to the Union.

You quote: "Since the Agreement a total of 4,929 Indian women and children had entered the Union," and in your comment you state "According to his (i.e. the Minister's) own statement 4,929 Indian women and children had entered the Union in the last thirty-nine years which is by no means a considerable number."

If you will compare this with the Hanzard report, a copy of which is before me, you will find that the Minister stated that the 4,929 Indian women and children entered the Union in the past five-and-three-quarter years, the actual figures, quoted at the time by the Minister in Parliament being:

January 1, 1947	1,000
" 1948	687
" 1949	865
" 1950	957
" 1951	715
" 1952 (to Sept. 30)	405
	4,929

This office is in no way concerned with the opinions expressed by newspaper editors—indeed, one of its free services is the compilation and distribution of a daily Press Digest of editorial opinion taken from all the leading newspapers of the Union—but it is in duty bound, in the interests of all concerned, to call attention to any serious fallacy such as that in your editorial under reference. As an experienced journalist you will readily admit, I am sure, that there is a grave discrepancy between 39 years and 5½ years. You will, therefore, readily concede that this must severely qualify your deduction that the total of 4,929 "is by no means a considerable number," i.e. spread over "the last thirty-nine years" (an average of 126.2 units per annum) instead of 5½ years (an average of 857.2 units per annum.)

I have no doubt that you took the report over from another source in good faith, and, therefore, feel equally sure that in the

circumstances you will draw the attention of your readers to the position as originally stated by the Minister. Perhaps, too, you will be good enough to let me know what your original source was so that I may be able to draw its attention to the discrepancy."

[The report in question was taken by us from the 'Cape Argus.' We based our criticism on the statement reported to have been made by the Minister of the Interior, that "since the Agreement a total of 4029 Indian women and children had entered South Africa." While we are grateful to the State Information Office for having drawn our attention to the discrepancy in

the quoted figures and are happy to make the necessary correction, we must respectfully state that what is of importance is not so much the number of women and children who have entered but the principle involved in it. The women and children who had entered had done so "legally" as wives and children of Indians domiciled in the Union. To disallow the entry into the Union of such wives and children, apart from being a deprivation of a long standing existing right, constitutes a harsh, unjust and an inhuman step. If the Minister of the Interior thinks that he has gauged a point by referring to figures, which may or may not be correct, he is at liberty to do so. The fact however remains that his contemplated step is wrong in principle and from a practical point of view it is unjust and immoral. —Editor I. O.]

HUMAN RIGHTS

THE United Nations Association of Norway has published a children's version of the Declaration of Human Rights which paraphrases only those elements of the Universal Declaration which experts believe children would most readily understand on the basis of their own experience and observation in family, school, and social life. The resulting 10-point statement is as follows:

Rights: All human beings have equal rights from the time they are born.

Equality: These rights are ours whether we are children or adults, boys or girls, men or women, whether our abilities are great or small, whether we are strong or weak, and whether we have parents who are respected by others or whether we do not know who they may be. The peoples of other countries have the same rights as we have. There is no distinction on account of the colour of our skin or the difference in our clothes, nor because of our beliefs or teachings, how we talk or how we live, or for any other reason.

Justice: It is the right of each of us to behave according to our age without being plagued or punished, so long as we do not interfere with the rights of others.

No one shall be blamed for anything wrong before it is quite certain that he is to blame. Those who have done wrong shall also have the right to explain how it all came about. So far as it may be possible wrongdoers shall be treated in such a way that they

do not only stop hurting others but of their own free will wish to live together with us in peace and friendship.

Punishment: We shall never—whether we are children or adults—be punished in any way but that which is reasonable and worthy among free grown-up people.

When we are together. We also have the right to meet with goodwill from others. We shall also be left in peace when we so wish, so long as we do not upset others, or neglect to do something which ought to be done. Each of us has the right to own things which others shall not take from us or use against our will.

Democracy: All who have joined together in a group have

equal rights to take part in decisions. All shall be able freely to say what they think and what they believe in without being tormented. No one shall be threatened or tricked into joining anything against his will.

Security: All of us have the right to get help from each other whenever we are in need. We have the right to be free of unnecessary fear, and no one shall be brought up by means of fear.

Leisure Time: Both children and adults shall have reasonable time with the right to do what they want, so long as it is not against the spirit of the Declaration.

The Community: We shall all work together so that everyone throughout the world can get enough food, clothing, and homes and so that all who want to can benefit from research and poetry, art, and sport. Everyone shall have good working conditions so that they can use their abilities and knowledge as useful members of the community. Before we grow up we shall have the benefit of good schooling where we can be helped to develop our abilities in willing co-operation with our teachers and with each other.

The Limits of our Rights: Nothing in this Declaration shall be used as a pretext to refuse others anything of what is stated herein. Nothing in this Declaration gives us any right to behave differently towards others from the way we expect them to behave towards us.

GROUP AREAS ACT TO BE AMENDED

ORIGINAL CORRESPONDENCE.

THE Government has decided in principle to introduce as soon as possible legislation to amend the Group Areas Act, says a statement issued by the Department of the Interior last week.

The statement says that the purposes of the Group Areas Act are twofold:

"To restrict further penetration, and to control the displacements of ownership and occupation which take place in the ordinary course of events.

The control, which is necessary in order not to allow the existing state of affairs to deteriorate, is being exercised to the full extent and it will continue to be so exercised.

"As a result of this control, says the statement, improved conditions have already come into existence in many places.

"The institution of group areas is the second purpose, but it obviously requires a long-term policy and this was the intention embodied in the Group Areas Act.

"The demand for the institution of group areas, however, is so extensive and pressing, particularly in urban centres where there are mixed areas, that it is advisable to speed up action under the Act.

"It, however, this is done, there will be more dislocation and fluctuation in the value of property than was originally expected.

"These and other related problems have been considered.

"The Government has decided in principle to introduce as soon as possible legislation, the object of which will be to facilitate the displacements which must necessarily follow from the institution of group areas.

"It will also avoid wide fluctuations in the value of properties.

"Details of this legislation will probably be discussed with interested authorities.

"The basic idea is to make it easy for people who have to leave an area to dispose of their properties and to assist them to obtain accommodation elsewhere.

"It is also necessary that properties in evacuated areas should be renovated and adapted for members of the coming group.

"It will be necessary to ensure that no deterioration of the existing housing position takes place as a result of institution of group areas.

"A second idea is that an increase in the rate at which group areas are established should not result in excessive profits being made, or excessive losses being suffered, in connection with the values of properties.

"There should be a scheme in terms of which increases and decreases in value above and below a fixed level will be eliminated.

"The intended legislation is being drafted and will be published in due course. As a result of this legislation there will be further amendments to the Group Areas Act," the statement concludes.—Sapsu.

MR. NGUBANE AND THE LIBERAL PARTY

THE EDITOR INDIAN OPINION

SIR,—In your issue of June 19 Mr. Ngubane writes: "Mr. C. W. M. Gell has been writing a series of articles in 'The Forum' trying to argue the case for principles being more important than anything else for the Liberal Party."

This is a very natural misapprehension. The article referred to was, in fact, written on April 17 (i.e. before the Liberal Party existed) and published in May 'Forum' two or three days after the Liberal Party announced its birth. The article was then reprinted in 'Indian Opinion' on June 5 and 12.

Its purpose was not, as Mr Ngubane suggests, to serve as a philosophical basis for the new party; but to plead with the Opposition in general and the United Party in particular that they will reverse their retreat into reaction and their unprincipled opportunism, and take their stand once more, however tentatively, on the basic postulates of western civilisation. Since, however, I am enough of a political realist to understand that for historical and other reasons the U.P. will never become a

truly liberal party, my article only urged upon it a degree of liberalism far beyond its present trend but still well short of the position I hope to see the Liberal Party adopt. For I regard it as a legitimate liberal aspiration to try and win the U.P. back from making common cause with the Nationalists towards some semblance of its own older and mildly progressive.

Seen in this limited context, Mr. Ngubane may find fewer grounds for disagreement with my article, though I would agree with him that the chances of success of even such a limited objective are none too bright. And in the meantime I shall continue to work, though silently for the present, for a Liberal Party genuinely founded on principles applicable to all aspects of our plural society.

Later, no doubt, my tongue will wag publicly again. Just immediately, as Mr Ngubane noted in an earlier article, the Liberals are getting so much gratuitous printed advice that they can well do without mine as well.—Yours faithfully, C. W. M. GELL.

LIBERAL PERSPECTIVE

RACIAL ISSUES IN SOUTH AFRICA

By C. W. M. GELL

(Reproduced by Courtesy of 'Public Affairs' in which it was published in November 1952.)

III

THE Defence of Unjust Laws Campaign began quietly on June 26. It has proceeded so far with a dignity and restraint which few thought possible, despite a certain amount of police provocation and ill-treatment in prison (usually explained away as "tripping on the stairs leading down to the cells" or "falling against the table in the charge-office"). By the middle of October, although Defence was still theoretically confined to selected volunteers and had not yet been switched to mass resistance designed to "fill the jails," over 7,000 passive resisters had broken minor discriminatory regulations, been arrested and gone to prison joyfully rather than pay their fines. Some juveniles have been sued. Late in October mounting tension led to some dangerous excitement among crowds of Africans at Defence' demonstrations in Paddy and Kimberley, and to violent little riots at Port Elizabeth and Johannesburg in which four Europeans were murdered and 10 Natives killed by the police. These were followed by a riot at Kimberley on November 8 in which 13 Natives were killed, and another at East London next day in which 2 Europeans and 8 Natives were killed. It is possible that the number of Natives killed may have been underestimated and in the four riots at least 136 Natives are known to have been wounded. None of these riots arose out of Defence incidents. But rising racial tension, the Government's prescription of most of the non-European leaders and its refusal to meet any of them, all play into the hands of the boogymen element among the Africans and of the extremists on both sides of the colour bar. There is obviously a grave risk of increasing violence.

If there has been some failure in the leadership of the Defence Campaign—a failure to carry out education about non-violence among a people who (unlike the Indians) are not prepared for it temperamentally or philosophically, and some misapprehension of funds—the Government is partly to blame. For, since May, it has proscribed some 500 alleged Communists, mostly Indians and Natives connected with the campaign. A small number of these men are undoubtedly genuine Communists,

seeking to extract the maximum profit for their cause from any strife or dissension, regardless of human suffering. Their exact number is not known—in the UNO debates the Union delegates referred to 26 alleged former members of the Communist Party whom the Government considers dangerous—but it is only a fraction of those who have been "named" and driven out of their jobs in the Congresses and Trades Unions on the basis of police evidence, antedated in the Courts. This indiscriminate use of the Suppression Act against opponents of the Government's racial policy alienates support which South Africans would otherwise unanimously give to a drive against genuine and proved Communists—and seriously hampers moderate non-European leaders in their efforts to keep control over their wilder followers.

The Government's attitude to this Defence Campaign is straightforward. As Mr. J. G. Strydom, the Minister of Lands, said on September 13, "The White man can only succeed in staying in South Africa if we retain all power in our hands." By definition under the Suppression Act, anyone is a Communist who "advocates, advises, defends or encourages the achievement of any of the objects of Communism. These 'objects,' according to Nationalists, include racial equality, thus making the Act applicable to liberals. (When the present writer wrote to this effect in a Johannesburg daily, he was shortly afterwards interrogated by the O.I.D.) Therefore, Defence demonstrators, organisers and sympathisers are dangerous revolutionaries who must be ruthlessly suppressed. In any case, the non-European must be put in his place and taught who is boss. Mr. Strydom has promised new legislation similar to that used against the openly terrorist Mau Mau in Kenya. Mr. O. R. Swart, the Minister of Justice, is lobbying to stop passive resisters and has told the police to take "drastic action—to use their batons where necessary and to shoot where necessary," an injunction they are only too likely to obey with alacrity.

There are Europeans who are deeply disturbed by the Defence Campaign and the lack of White response to its moral and

political challenge. But those who think there are a small minority of the White population and, with a virtually all-White election impending, no political party dare move far from "White supremacy." The Opposition leader, Mr. J. G. N. Struensee, recognised the necessity of reaching agreement with moderate non-European leaders and has promised to consult them. But his four-point colour programme—1. social segregation; 2. no miscegenation; 3. residential segregation; (4) the application of non-European labour for the benefit of the country as a whole "on our farms, in our kitchens, in our factories and in our mines"—could only appeal to Europeans. In paying lip-service to consultation with non-Europeans, he dare not offer concessions which the European electorate will reject; and without concessions, consultation is meaningless. Mr. Struensee's further promise to "lift the colour issue out of politics"

is as irrelevant to the existing situation as his hope of greatly increased White immigration, which cannot affect the issue in time.

My own view is that few marginal European voters will believe, as Mr. Struensee assures them, that there is a way back to the traditional policy of *Hutong* and *Bmate*; that more moderate language and a less militant administration of the law plus, perhaps, a few unimportant concessions will restore racial harmony. Offered the choice between the full-blooded *boeshaap* of the Nationalists and the Opposition's slightly more assuasive version of the same theme, the fickle voter, on whom the election result depends, may well fear to make any concession to an organised non-European agitation, lest it be interpreted as a sign of weakness. If he takes this essentially short-term view of his own self-interest, the Nationalists may well win again by another narrow majority.

AIR-INDIA INTERNATIONAL LTD.

WITH a view to reducing restrictions and formalities for transit passengers to a minimum, Pakistan have abolished the necessity for passengers to have a transit visa endorsed on their passports.

Passengers proceeding from Southern Africa to Karachi to connect with services from Europe to the Far East will no longer have to have this transit visa/entry permit. They will, however, be called upon to pay a Landing Fee of Rs. 15.

Those passengers who are in direct transit by the same aircraft will not be permitted to leave the Airport Terminal Building, but stop-over passengers, after surrendering their passports to the Immigration Authorities, will be issued with a Landing Card, permitting them to visit Karachi and to stop in the hotels during their stay over.

A Cholera Certificate is necessary for passengers leaving India for Africa. It is therefore, recommended that passengers travelling from South Africa intending to return, should be inoculated before departure.

The telephone number of the Nairobi office of Air-India International, has been changed to 29879. Telegraphic address remains as "AIRINDIA."

Air-India International have pleasure in announcing that they have signed an order with De Havillands for the purchase

of three Comet Mark III Aircraft, for delivery in 1957.

When received, these aircraft will further enhance the traditions of safety, comfort, speed and, above all, service, of which the whole staff are justly proud.

Representatives of the Governments of India and the United States are holding discussions in New Delhi on a bilateral air agreement. The Civil Aviation Department of the Government of India has invited Mr. S. K. Kopke and Mr. A. F. Dubash to attend as advisors.

In order to give better service to the travelling public, Air-India International have replaced the Skymaster aircraft operating the Tourist Services between Bombay-Karachi-Nairobi by Constellation aircraft.

This will give passengers additional comfort, pressurised cabins, hot meals and a bar service. The changeover was effective from 3rd June.

Things In General

Dartnell Crescent Indian Girls' School Concert

A very fine variety programme was rendered by the Dartnell Crescent Indian Girls' School on June 27, 29 and 30. During the performance one was transported away from the harsh work-a-day world to a fairy land, where toys became alive and animals were almost human, where one found only music, dancing and laughter. The stage scenery and the make-up and dresses were very well done indeed. Some of those taking part will go far in the dramatic world if they continue to take an interest in their abilities. A school concert sounds rather a boring affair to grown-ups and especially to those who have no relatives in the concert, but this concert was far from boring, and one can safely say that it was indeed far superior to many concerts and entertainments rendered by grown-ups. The whole show was very well organised and the 2½ hours of soft, light, sweet music, young voices, dreamy rhythm and lively tunes of little girls and sweet young girls, came to an end with the beautiful "Prayer for the Nations" by Alan Paton. One went home with a feeling of pleasure, of having seen something very beautiful, though still in the budding stage, but which with care might flower out in full bloom. Congratulations go to the performers, but most of all to those of the school staff who worked so hard behind the scenes to give us such an interesting and pleasant evening.

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. A Lesson For The Nationalist Extremists

AN outstanding event of the week was a flying visit to the Union of Mr. R. G. Menzies, the Prime Minister of Australia, who had come at the special invitation of our Prime Minister, Dr. D. F. Malan. The speech he delivered at the Deputy-Administrator of Natal's banquet, at the Marine Hotel, in Durban, as reported in the 'Natal Mercury,' is worth noting especially by the extremists in the Nationalist Party, who, we wonder, if they know the meaning of the word "interdependent," "tolerance" and "brotherhood," on which Mr. Menzies laid so much stress. It is certainly a lesson they are much in need of.

"As one of the Prime Ministers of her Majesty's Government," said Mr. Menzies, "I am all for the structure of the British Commonwealth of Nations which is the basis and structure for a common allegiance to a common Crown."

Speaking of the Commonwealth countries' independence, Mr. Menzies said ... "Of course Australia, South Africa, Canada run their own affairs." Their independence is unchallenged. But we are not so much independent as interdependent. If we are to be interdependent, if we are to be something which has structure, which has bones in it so that we know where our friends are, so long as that is so, we must not worry ourselves about what is irrelevant but we must understand each other better, be more tolerant and come to an understanding of each others difficulties."

Australia's freedom depended to some extent on what was done in South Africa and South Africa's freedom to some extent on Australia's actions.

"It is a wonderful thing to think that so many proud and independent countries gather round and say 'We have a relationship so great that we stand together because we have a common allegiance by which we are prepared to stand or fall,'" Mr. Menzies continued.

"But we must be prepared to dig for knowledge about each other. We must have understanding because without that how can we have tolerance? If we have tolerance we will still have a part to play far surpassing our illustrious past."

Turning to South Africa's problems, Mr. Menzies said "Nobody who has seen them will have the slightest wish to write a quick book about them." (Laughter)

"I can assure you that you will have at least one man in Australia when he reads of them in the newspapers who will say 'Well, thank Heavens that's one problem I don't have to try to solve.'"

"It is in our joint action and our brotherhood," said Mr. Menzies "that so much good will come from the world at large."

The only conquests which are permanent, and leave no regrets, are conquests over ourselves.

INDIAN OPINION

FRIDAY, 10TH JULY, 1953

Timely Warning

THE Prime Minister of India, Mr. Nehru, is reported by *Synopsis* Reuter from Agra to have described as "scandalous" the treatment meted out to Africans in parts of the African Continent. "They are treated almost as wild animals," he said. "It amazes me that this kind of thing should go on. If there is no solution to this African problem very soon the whole of Africa might be ablaze." Mr. Nehru was opening the two-day session of the All India Congress Committee last Monday. Mr. Nehru said, India did not wish to interfere in other people's problems, "but sort of war we shall fight for equality everywhere in the wide world." He spoke of "the great ferment" in Asia and Africa and the "admixture of colonial domination and racialism" in these continents.

What Mr. Nehru has said is quite true. It should be thought-provoking for all those who have not lost the power to think—who want to think.

We are by no means supporters of Mau Mau. We abhor their treacherous activities and firmly believe that an end must be put to them. But the methods that are being adopted to put an end to them are no less treacherous. It amazes us to think that the heart of the civilised world does not rebel against them. The authorities concerned are dealing with the effect but they do not seem to have

given the slightest thought to the cause that has given birth to Mau Mau. This great blunder has been continuously made since the last Great War. No body gave the slightest thought to what brought Hitler into existence. The whole world joined in bringing an end to Hitler but has the world benefited thereby in the slightest degree? Attempts have been made ever since to bring peace in the world but the world is nowhere near it. Peace seems to be going farther and farther away from it. Hitler is dead but not his spirit. It seems to be too much alive especially in the African continent and particularly here in South Africa.

Why have we touched upon Mau Mau—a subject so far remote from us in South Africa? We have been led to do so because it is inter-related with the affairs in South Africa. The causes that have brought about the existence of Mau Mau in Kenya are the same that have brought about the present unrest among the non-Whites in this country. That unrest will never be removed by wholesale murders. It can only be removed by tackling with scrupulous honesty and sincerity the problem of land, hunger and home. It can only be done if the capitalists who are the arch war criminals would curb their greed for wealth and the power-mad would curb their greed for power. Capitalism and power madness are

are the two evils that are bringing the world to an end.

We in South Africa are living in a vicious circle. The exploiters are perpetrating all the evils and the exploited are consciously or unconsciously lending their hands to it. The root cause of all the evil is that we have enslaved ourselves to the comforts science has produced for us and our lives have become unnatural. We are going farther and farther away from Nature. We have forgotten God. Money has become our God.

Our salvation lies in getting out of that vicious circle i.e. to revert back to Nature. To do that we must do away with all the things that have taken us away from Nature; which means, boycotting everything that has been the cause of our enslavement. When you come to think of it this is a tall order. We would have to boycott almost all the existing institutions and all that sustain

those institutions. The net result would be to allow ourselves to starve to death. Better that, surely, than to live as slaves of man. There can be no room in Heaven for those who choose to remain as slaves of man.

But all this must be done with no bitterness for the perpetrator of evil for he himself is a victim of that evil and is to be pitied rather than hated.

The salvation of non-Whites in South Africa or any part of Africa lies entirely, not in resorting to Mau Mau methods, but to seek the Real from the unreal, whose slaves we have become, which requires great courage and an unshakable faith in God.

The present session of Parliament has begun its evil work of destroying our manhood and reducing us to semi-barbarians. Are we going to quietly submit to it or are we going to dedicate our lives at the altar of Truth and Justice so that posterity may not spurn us for being cowards?

NOTES AND NEWS

Coloured Franchise Rights

South Africa's eleventh Parliament opened on Friday July 3. The Prime Minister, Dr. Malan, announced the previous day the Government's intention to introduce a Bill to validate the Separate Representation of Voters Act of 1951. He said he would seek the enactment of this Bill by a two-thirds majority at a joint sitting of both Houses of Parliament at the third reading as laid down by Section 35 of the South Africa Act. The Separate Representation of Voters Act was declared invalid by the Appellate Division of the Supreme Court on the grounds that the procedure by which the Bill had been enacted had not complied with this provision of the South Africa Act.

Apartheid To Be Extended

The Political Correspondent of the *Natal Mercury* states the Government plans to make Apartheid in South Africa more widespread than it is at present.

This was indicated in the Senate when at the official opening of the eleventh session of Parliament the Governor-General, Dr. E. G. Jansen, in the speech from the throne, said that legislation would be introduced to amend the Interpretation Act of 1910. As a result of a Court ruling that apartheid could not be applied to railway waiting rooms because the races were not treated equally it has become necessary for the Government to redress the position through legislation. As it is considered possible that the Court's ruling could be applied in other directions the Minister of Justice is taking the opportunity to widen the scope of apartheid in all public services such as post offices, hospitals, city halls and cinemas. The legislation to be introduced will be retrospective and thus overtake the Court's decision. It aims at making legal all that was done in the past to achieve apartheid and to ensure that it can be applied in the future.

South African Prisons

A programme for reducing crime in the Union, through the betterment of living conditions and alterations in the penal system has been formulated by the South African Democratic League, the chairman, Mr. Raymond Arde, told a Press representative last week. Provision of adequate housing for all sections of the community; more recreation facilities; elimination of petty restrictive legislation; and the careful censorship of films to eliminate the tendency among children towards the "gangster spirit," are among the suggestions. Abolition of farm goals and the hiring of convict labour; increased emphasis on reform and rehabilitation of prisoners while in goal; the training of police and prison staffs in Native languages and prisoner-reform; and a proper system of after-care for released prisoners, are the reforms suggested to the penal system. The League declares that South Africa's prisons are serving the purposes are schools for crime, as a result of which many inherently decent people, goaded for minor offences, are turned into criminals. "Poverty and ignorance are fine soils for the propagation of crime," Mr. Arde said. "The only way to lessen crime in South Africa is to tackle poverty and the housing problem, open up opportunities for the underdog, provide facilities for recreation, lessen social tensions and increase education."

Death Of Dr. Shyama Prasad Mookerjee

Dr. Shyama Prasad Mookerjee, a member of the Indian Parliament and President of the All India Jai Singh, died on June 23 in Srinagar. An earlier mes-

sage said that Dr. Mookerjee was suffering from pleurisy and was removed on June 22 to a nursing home at Srinagar for medical treatment. His condition suddenly deteriorated at about 7 p.m., when there were signs of weakening of the heart. At 10 p.m. it became worse, and he passed away at 3.40 a.m.. His body was flown to Calcutta by a civilian plane. The funeral took place in Calcutta on the afternoon of June 24. His body was cremated on the banks of the River Hooghly. The last rites were attended by thousands of people.

Messages of condolence were sent by the President, Dr. Rajendra Prasad, the Prime Minister Mr. Nehru and many ministers and leaders. Many shops and business concerns were closed in Calcutta when the news of the death was received. All offices of West Bengal Government, courts and offices and institutions of Calcutta University were closed. Flags were flown at half masts over public buildings.

The sudden and unexpected death of Dr. Mookerjee removes from the scene one of the most prominent figures in the public life of India. His absence will be felt keenly in many spheres, and nowhere more than in the House of the People, where he was regarded as one of the most effective parliamentarians. Son of the late Sir Asutosh Mookerjee, Dr. Mookerjee was educated in Calcutta and London. He was called to the Bar at the Inner Temple and started practising at Calcutta. With Calcutta University his association was intimate. He had been a Fellow of that University since 1924 and vice-Chancellor during 1934-35.

has been in and out of the political machinery. It initiated and carried through the first world war. Today in England it is an obsolete political force, because it is known that every liberal concession desired by the community will be granted by any Government if it does not aim to overthrow it.

It is that fear that the present Government of South Africa have in mind. Full political and social equality to the Native and Coloured people of South Africa, would mean a Native majority in Parliament. Also, as the present Communist member stated in his maiden speech, "a Native Prime Minister." If then we are to judge by the large majority every member of the Communist Party has received Native votes. The only logical conclusion is that they will affiliate with the East rather than the West and adopt the ideology of Communism.

If on the other hand the Natives of South Africa vote for the Communists because they know that the Communist champion their cause in all their petty grievances, which they have done since 1927 even to supporting "A Native Republic of South Africa" did not indicate any ideological change in the administration of industry.

This policy which was endorsed by the Comintern at the date above on the ground that "Back to the Masses" was the slogan of every affiliated Communist movement in the world. This would mean that such a policy, while the concomitant forces of the political machinery, industry, finance, with the Naval and Military forces in the hands of the Europeans would create a condition of chaos and confusion more complicated than today.

The primary purpose of the Communist should be to show and propagate the objective of the party—meaning the common ownership and control of all the means of production, distribution and exchange. Showing that industry and all its exploiting tendencies is because it is in the hands of individuals and monopolists, who have converted it into a means of exchange creating interest and multiplying figures of no material value, which has now drifted into the hands of an increasing parasitical class of high financiers who draw heavily on the resources of the community, increasing our obligations and burdens by international wars, raising the price of every commodity owing to the restricted output of the necessities of life as a consequence.

Governments of every country of the Western world pander to that system. Many now with certain reservation. America is the hub of the capitalist universe also the "Mecca" of those who wish to maintain the present system in spite of all it has meant and still means to the detriment of the common people. America with its almighty dollar and millionaire financiers, is now the central authority of a pernicious banking system, which has almost control, by loans from that system, of most of the Governments of the Western World. It is interesting to note that India has declined association asserting opposition to anything that means war.

South Africa should make the same declaration. It is not a coloured problem that we have to solve, but an economic problem. The line of demarcation was originally drawn for that reason to distinguish the master from the slave.

For the same economic reasons it was continued in wage slavery. Tradition has now made it a social barrier. If we remove the economic circumstances, that was, and is the cause of it. With the abolition of the money obstacle, the advance of our culture, intelligence and refinement, as we notice at the meetings of the Great Powers of all nations black or white. The social equal is in evidence, and the question of colour in their handshakes and greetings fades out. Our universities are showing that spirit even today.

"ON WAITING FOR FREEDOM"

By WILFRED H. HARRISON

A CONTRIBUTOR to 'Indian Opinion' quotes Lord Macaulay: "If men are to wait for liberty till they become wise and good in slavery, they may indeed wait for ever." That phrase aptly describes the world as we know it today. We are for ever weighing up the character of men—or good Governments but rarely subject the present system to analysis, which is the cause of most of the bad deeds attributed to mankind today. No less than seven different political organisations were quoted by John Gild, the contributor of the article under notice, none of which have any objective or purpose other than the existing form of the political machinery, not of any drastic change of our present systems of

productive and distributive industry. Yet the very basis of our political and industrial life is the cause of colour and racial animosities, wars, and its appendages in the form of high cost of living, poverty and squalor, and most of the evil consequences we are suffering today.

It is that system that elevates so many in wealth and splendour, and degrades so many others. We may call ourselves liberals in the real sense of its meaning, the world is full of liberal kind people but where are we? The liberal party as a political body was established in England in the early machine age for the purpose of allowing people the liberty to develop industry outside of the Feudal System. Since when it

OVERSEAS INDIANS' CONFERENCE IN LONDON

(From Our Correspondent)

THE Overseas Indians' Conference for which the Council for Indians Abroad made preparations over many months, took place in London on June 13 and 14.

It was the first conference of its kind ever held where Indian delegates, observers and visitors from practically all the countries where Indians are settled took part.

The organisation and the conference had the co-operation and the support from national Indian organisations in Aden, Fiji, Jamaica, Kenya, Malaya, Mauritius, Southern Rhodesia, British West Indies, Uganda and at the last moment, the South African Indian Congress, through telegraphic communication, appointed a special observer for the conference.

Among the delegates, were prominent Members of the Colonial Legislatures, including the Hon. Messrs. R. Seenevassen, A. M. Osman from Mauritius and Hon. Pandit Vishnu Deo from Fiji. Mr. B. Kaber Singh represented the Malayan Indian Congress. Other territories were represented by specially appointed visitors and observers.

Among the English friends who gave this conference their active support were Messrs. Fenner Brockway, M.P., Henry S. L. Polak, Fox Pitt of the Racial Unity and Dr. Richard Pankhurst.

The conference was held at 87 West Cromwell Road, London, S.W.5. and consisted of two whole days sessions on Saturday and Sunday.

Dr. K. D. Kumria, the Hon. General Secretary of the Council, at the suggestion of some of the overseas organisations was elected by the delegates in London to preside over the conference.

In his presidential address, Dr. Kumria said that in most of the overseas countries, the Indians had no problems, as they were an integral part of the multi-racial society, and were striving to achieve responsible government, together with other communities.

The primary object of the conference was to make it clear beyond any doubt that the Indians in the overseas territories owed political allegiance to the country where they lived.

In South Africa the Indians needed special consideration as by special repressive laws and vindictive legislation every effort was being made to drive them out of the country. On the Continent of Africa, Indians must not expect any rights or privileges that they are not willing to extend to the African people.

While it is clear beyond any doubt at all that the Indians in the overseas territories must regard themselves politically nationals of the country in which they live, and owe it their whole-hearted loyalty, it is also considered essential that the Indian people should do everything to develop and foster and maintain their religious, cultural and philosophical traditions which they have inherited from their ancestors.

It is by means of pooling this cultural heritage in their new countries of adoption that they can make a useful contribution.

Indians in Fiji

About conditions in Fiji, Hon. Pandit Vishnu Deo M.L.C. made a statement in which he mentioned that the Indians as such, had no particular disabilities, and judging by the present political conditions, there was no likelihood of any responsible government or adult franchise being established in the near future.

He also mentioned that there was no likelihood of the mass of the Indian people now working on the sugar plantations, being able to buy or own land, for a considerable time.

Jamaica

The East Indian Progressive Society of Jamaica, sent a prepared statement which was read to the conference by their observer, Miss Abilya Varma and supported by Dr. Singh.

The report from Jamaica emphasised the poor and unsatisfactory condition of the majority of the Indians and expressed the urgent desire for betterment of their conditions.

Kenya

The Kenya Indian Congress, appointed no delegates but authorised one of their members, Dr. Adalja to act as an observer.

Dr. Adalja made a brief statement emphasising that he was speaking purely in his private capacity and not representing the Kenya Indian Congress point of view officially.

Dr. Adalja emphasised that in Kenya, there was no such thing as purely Indian question, and that all their problems were common to all the communities. The Kenya Indians objected to the European settlers taking advantage of the present unsettled position in the country, by demanding more political power for themselves.

The Indians in Kenya were most anxious and willing to help

the African community in every possible way, but they were not in sympathy with the violent movement in Kenya.

Dr. Seth, supplementing the statement on Kenya, and also speaking in his personal capacity, briefly mentioned some of the social and economic disabilities from which the Indians suffered.

He mentioned the disabilities under the colour bar practised by some of the restaurants, clubs and hotels, discrimination in the railways and denial of higher paid jobs in the railways, police and civil service, to the non-Europeans.

Malaya

Mr. B. Kaber Singh, officially appointed delegate by the Malayan Indian Congress, read a lengthy statement prepared by the Malayan Indian Congress, and supplemented it by some remarks of his own.

Mr. B. Kaber Singh also emphasised the point that Indians in Malaya had no peculiarly racial problem and that they enjoyed all the economic and political rights, together with the other communities.

They played their full part in the life of the country and most of the Indians had decided to work for the common problems of the country as citizens of the State.

Mauritius

From Mauritius, the Indo-Mauritian Association had sent a strong delegation and their chief delegate the Hon. Mr. R. Seenevassen spoke for that territory.

Mr. Seenevassen in an eloquent speech, traced the history of the Island, and the very early settlement of the Indian people.

He emphasised, like most other delegates, that though the people of Indian origin in Mauritius now formed a majority of the population, they had no desire whatsoever, to use their majority in taking over the political control of the Island, to the detriment of any other racial group.

The Indians in Mauritius did not look to India, where political loyalty was concerned, and that most of them having been born in Mauritius and having made their homes there, were now living in the Island of Mauritius and owing their political loyalty to the country which they had made their home.

That did not mean, that they forgot the great spiritual and cultural heritage of their ancestors, and were determined to contribute to the best of their ability, to the life of the country in matters of culture, philosophy and literature etc.

He mentioned that the political struggle in Mauritius at present, was developing on economic basis.

On one side were a large number of people economically poor and educationally backward, who were trying to better their conditions, and on the other hand, people representing vested interests, who owned a great deal of land, mills and the wealth of the country, trying to keep the political and economic power in their hands.

In conclusion, he told the conference that the people of Indian origin, together with people of other racial groups, were forming joint political organisations to participate in the political life of the country.

South Africa

One of the important statements was made by Mr. B. J. Pillai, observer on behalf of the South African Indian Congress. Mr. Pillai, in effective and moving terms, described the conditions and the disabilities of the Indian communities in South Africa.

The most important point he emphasised was the joint struggle of the Indians and the Africans in resisting the repressive legislation of the South African Government.

British Guiana

Mr. Chhangur, from British Guiana, which was not officially represented at the conference, said that the Indians in the Colony who were the largest unit, had demonstrated in the recent General Elections that they had no desire to exploit their numerical superiority in the new universal franchise. Africans as well as Indians had been returned to the House and shared in forming the Government. There was no Indian problem as such.

Nine resolutions, after having been proposed, seconded and discussed, were unanimously adopted by the entire conference.

In addition to the delegates and the representatives of the overseas organisations, the conference was attended by a number of Indians resident in London, who were greatly interested in the proceedings, and were anxious to give their support and sympathy to the problems of overseas Indians.

European Supporters

To the very great regret of the Council, some distinguished Members of Parliament, including the Rt. Hon. James Griffiths, Rt. Hon. John Dugdale, Sir Richard Acland, Mr. Leslie Hale, Miss Jennie Lee and Mr. Fenner Brockway, who had accepted the invitation to attend, were, at the last moment, prevented from doing so. They were, on the evening, engaged in the House of Commons, discussing the Bill on Central African Federation.

All these friends sent messages and letters of apology. Rt. Hon.

James Griffiths, representing his inability to attend, offered to meet the representatives of the Council at a convenient time to discuss problems.

Mr. Fencer Brockway, in his message, said that the Indians in Africa had the opportunity to act as mediators between the Europeans and the Africans. He pointed out that Mr. Nehru, the Indian Prime Minister, has given far-seeing advice in calling upon Indians in Africa and other areas, to identify themselves with the lives of the people in the countries to which they have gone.

He promised every assistance in the realisation of the equality and liberty of all races. He particularly welcomed the identity of Indians and Africans in their joint struggle in South Africa.

Rt. Hon. John Dugdale, in the message said that he had seen the great part played by Indians in many parts of the Commonwealth, and that they have now a vital role to play and one which will be of increasing importance as the years go by.

The conference was also addressed by Mr. Henry Polak, who has been active in the cause of the overseas Indians for nearly 30 years and has been connected with various overseas organisations for a long time.

Another English speaker at the conference was Father Harold Satchell, who had worked in the cause of the non-Europeans in South Africa for a number of years, and had recently come from India, where he was active in organising the Convention of Race Relations.

Resolutions

The following were among the resolutions passed at the conference.

(1) (a) All Indian settlers in overseas countries who look upon the country of their adoption as their homeland and sole object of their loyalty, should be prepared to accept the duties and responsibilities of full citizenship and in return be guaranteed equal rights and privileges with all other citizens of that country, and also seek for and obtain reasonable terms and conditions of naturalisation wherever such laws are necessary for attaining that country's citizenship.

(b) Indian settlers of overseas countries who desire to retain the nationality of the country of their origin, should be prepared to accept the status of friendly aliens, which means to say that they shall not claim civic rights but should be assured of equality before the Law and enjoy safety of person and property and should be treated in a generous and humane spirit by the country of their sojourn.

(2) To consider ways and means of setting up single social organisations in respective overseas countries in order to improve the social life and status of the community as a whole and for fostering its contacts with the other racial groups residing in the respective overseas territories, with a view to cementing the spirit of friendship and brotherhood with them.

(3) To devise ways and means to put an end to the spirit of communalism which is more or less rampant among overseas Indians, because of religious class, caste and provincial differences.

Resolution Of South Africa

(4) This conference of overseas Indians meeting in London records, with deep apprehension, the continued deterioration in race relations in the Union of South Africa since the Nationalist Party of which Dr. Malan is the Leader, assumed office in 1948.

This conference, is noting that (a) The successive legislative Acts, like that of the Group Areas Act, the Suppression of Communism Act, the Public Safety Act, the Criminal Laws Amendment Act, the Many 'apartheid' or racially segregatory regulations, each of which is clearly designed to limit the already meagre rights of the Indian and others non-white communities in the Union.

(b) The increasing resort on the part of the Authorities to repressive measures is viewed with great concern, as likely to cause a further deterioration of the situation as witnessed in Denver (Johannesburg) riots of November and the Port Elizabeth riots of December last.

(c) The ban on acknowledged South African leaders like, Dr. Y. M. Dadoo, Dr. G. M. Naiker, Mr. Y. A. Cachalia Mr. J. N. Singh (of the South African Indian Congress) and Chief Lutuli, the President-General of the African National Congress, from taking part in public activities.

(d) The declared intention of the South African Government to subvert those sections of the Union Constitution which guarantee to safeguard the franchise rights of certain non-white South African citizens and nationals.

(e) The complete withdrawal by the Union Authorities of the right hitherto enjoyed by South African wives of Indian origin to join their husbands unannouncedly deplores such measures which are contrary to the principles of democracy as enunciated by the U.N.O.

This conference welcomes the use of Mahatma Gandhi's principles of non-violence in the

achievement of its political objective as against violence, which begets violence, and hopes for the establishment of genuine Democracy in South Africa.

(5) Further, this conference requests the South African Government to convene a National Convention representing all sections of South African Nationals with a view to finding an amicable settlement of all problems affecting Franchise, Economy, Race-relations and the Constitution.

The copy of this resolution to be forwarded to U.N.O., the Governments and their High Commissioners in London, of India,

MR. PATRICK DUNCAN'S INTENTION TO WITHDRAW HIS APPEAL

THE Western Areas removal scheme was without parallel in history and as a born Johannesburger he intended to intend to renew his earlier protest against "such cruelty" by abandoning his appeal and serving his sentence of 100 days with compulsory labour and as soon as he was out of hospital and had recovered from two operations, Mr. Patrick Duncan, son of the late Sir Patrick Duncan, first South African Governor-General of the Union, said in a message read on June 28 at a protest meeting in Sophiatown against the western areas scheme.

Mr. Duncan was on February 4, together with seven other persons, convicted of behaving in a manner calculated to incite Natives to resist and contravene a law or to prevail on them to obstruct the administration of any law, by leading a procession or group of Natives into the Germiston location.

He was fined £100 (or 100 days' compulsory labour). Appeal was lodged against the conviction.

Mr. Duncan's counsel said that his statement would not affect the hearing of the appeal until Mr. Duncan formally asked for the appeal to be withdrawn. No such request had as yet been received from him.

If the appeal was withdrawn or failed and the fine of £100 was not paid, Mr. Duncan would have to serve the term of imprisonment.

Mr. Duncan is at present in a nursing home in Mysore. His home is in the Free State, close to the border of Basutoland and in Mysore.

Mr. Duncan said in his message that he had joined the defiance campaign in December and had protested with others against some of the allegedly unjust laws of the country.

"Among these laws was especially the Group Areas Act,

Pakistan and South Africa, and the Government of the United Kingdom.

(6) This conference is of the opinion, that a Centre be established in London, with a suitable building, for the social and cultural use of the overseas Indians, and for furthering the work of the Council for Indians Abroad, London.

(7) "And the conference further recommends that an annual contribution be made by Indian Organisations abroad, in order to lend whole-hearted support to The Council for Indians Abroad, London.

We were convicted but appealed as we wished to have the validity of certain new laws examined by the Supreme Court.

"Acting under the spirit of the Group Areas Act, the Minister of Native Affairs, Dr. Verwoerd, now schemes to evict 90,000 Natives with homes in the Western Areas in Johannesburg for no reason other than their race and to leave them in the open veld to build themselves new homes. At the same time, neither he nor any other authority has taken effective steps to house the 50,000 who have long been waiting for homes in Johannesburg."

"I ask White Johannesburg to imagine what this scheme would mean to them. Under the Group Areas Act the Minister of the Interior might deem White South Africans of Scottish extraction to be a group. He might rule that they were unwanted in the northern suburbs of Johannesburg. He might decide to evict 90,000 to a farm of 1,000 morgen between Johannesburg and Pretoria, with sewage and pipes and the roads supplied by the Minister, with such compensation as was deemed suitable by the Minister in their pockets and with the question of transport to their jobs left to the consideration of one of the Minister's committees," Mr. Duncan continued.

"Johannesburgers would naturally regard such a scheme as an hallucination—yet this, for Native householders and tenants, is the Meadowlands scheme of the Minister of Native Affairs.

"I would like to ask what the Minister thinks of the moral of what he is going to do about the poor, the pregnant, the old, the widows, the sick, and the people who, after working a lifetime, have earned the security of their own homes."—"The Star,"

LIBERAL PERSPECTIVE

RACIAL ISSUES IN SOUTH AFRICA

By C. W. M. GELL

(Reproduced by Courtesy of 'Public Affairs' in which it was published in November 1952.)

IV

NOW, it is important who wins in 1953. A Nationalist victory would extinguish hope of compromise or moderation on either the constitutional or racial issues. A victory for the U.P. might give a short breathing-space in which reason and sanity might make themselves heard. But if I am right in supposing that the Defence Campaign has started something that can never be stopped; that, even if this first movement is crushed, another and yet another will shortly break out, gathering strength from adversity and martyrdom, and gradually uniting the non-European majority in a common resolve finally to shake off the shackles of pigmentocracy—only too possible, also in a common hatred of the oppressor: then the policies of neither party offer any real hope of averting catastrophe.

This article can longer avoid that word of ill-omen, *apartheid*, for on its interpretation depends whether South Africa's future is to be revolution or evolution. Here, once again, the two European factions are much nearer each other in practice than is at first apparent. The Nationalists theoretically believe in confining the non-Europeans to "their own areas." This they explain as reversing the present trend of Africans to migrate from the countryside to the towns. The Africans will have their homes in the rural Native Reserves from which migrant male labour will come to work in European industry and on European farms. Being only temporary sojourners in the "European areas," Natives will have no claim to political rights or economic opportunities in the European polity, but will be allowed "the fullest development in their own spheres"—subject, always to overriding White control.

But, in fact, this is dishonest pleading. Putting aside altogether the question of African consent to such a scheme and the propriety of using migrant labour, the whole policy is impracticable. The Native Reserves constitute about 32 per cent of the area of the Union in six large and many pockets of land. They cannot support their present population of 3½ millions (about 49 per cent. of

the Native population today). Making every allowance for much that could be done to increase their carrying capacity by rehabilitating agriculture and establishing some light industries, there is no possibility that "in 50 years' time all the then Native population of 10 millions will be in the Reserves," as Senator Verwoerd recently promised. The Nationalists in their first term of office have done much to control and subordinate the non-European in the "European areas" and nothing to promote "his development in his own area." In fact, the rate of African urbanisation and integration in the "European economy" has greatly increased in the last four years. The Nationalists may retard it slightly; they cannot reverse it.

In practice, therefore, Nationalist *apartheid* is difficult to distinguish except in degree from the U.P.'s policy of encouraging the economic integration of the non-Europeans, subject always to the industrial colour bar, residential segregation in the urban areas and exclusive White political control. This concentration by both parties solely on European convenience and the provision of a cheap labour supply naturally appeals to the dominant White electorate.

But an increasing number of intellectuals, Nationalist and non-Nationalist, are coming to see that this cannot continue; that, even with a monopoly of modern weapons, one-fifth of the population will not be able to hold down indefinitely the other four-fifths, once they have acquired the technique of mass action; that to try to do so is also morally indefensible and will be economically disastrous; that it will lead in the not distant future to uncompromising White nationalism being confronted by implacable Black nationalism and that there can be no peaceful solution to that appalling dilemma.

This awareness of impending disaster has led some Nationalist intellectuals and a section of the Ministry of the Dutch Reformed Churches to advocate total *apartheid*, by which they mean complete territorial repatriation gradually achieved, the eventual elimination of Native

labour from the White economy and the ultimate partition of the Union, if the African state so desires. They justify this solution by admitting the immorality and impossibility of maintaining the present master-subject race relationship for ever. But they feel that racial prejudices and fears are so deeply ingrained that the Whites will never be prepared to make substantial concessions to the coloured peoples in a mixed society which the latter would ultimately dominate numerically. They identify the preservation of civilisation with the survival of the White races and argue (with doubtful logic and less evidence) that political equality leads to racial equality and that in turn to miscegenation. But, if they face the psychological facts only too realistically, they are less convincing on economic and territorial matters. They minimise the tremendous cost of eliminating non-European labour from South Africa's economy. This would catastrophically reduce the living standards of both White and Black. And they try to avoid the territorial implications of partition either by offering the Africans parts of Britain's various colonial possessions (which are not theirs to offer) or by envisaging an African state composed of the six divided units of the present Reserves, unable to accommodate more than a minority of the Bantu, without mineral or adequate natural resources and without the possibility of railways and harbours under Afri-

can control. If South Africa does ever decide for partition, the Whites will have to think in terms of; evacuating, say, the Transvaal and Natal. The sacrifice will be of that magnitude and will need to include capital works.

*Nine-tenths of mine labour, three-quarters of agricultural labour and two thirds of industrial labour is today non-European. Economists have long preached in vain that the two chief defects of the South African economy is its failure to develop the skilled potential of non-European labour and the waste of labour resources which results from the Whites regarding manual and menial tasks as "Kaffir work" from which the colour of their skin deters them. About a tenth of the White population—the poor Whites—are kept by the industrial colour bar at an economic level to which their diligence and skill does not entitle them and are deprived of the incentive of competition which would make them more productive citizens. Those who sincerely advocate partition have almost as great a psychological problem ahead of them as financial and economic.

THE WIDER WORLD

By John Gild

A NOBLE DECISION

PATRICK DUNCAN has decided to abandon the appeal to the Supreme Court and to serve his term in prison. It is a noble decision and by it he ensures for himself honourable mention in the future South African history books. The main purpose of the appeal was to argue that the Government acted illegally last year when it made new laws by administrative decree. Whether that was or not has since become of little practical interest because Mr. Swart's new Acts this year have consolidated the legal position. In any event, since the Africans and Indians who took part in the Germiston resistance served their short sentences, there was good reason to hope that the Europeans would do the same. I may say that Mahatma Gandhi, who was singled out and tried with the Europeans, has from the beginning been sceptical about the moral value of the appeal to the higher courts. He has consistently held that the spirit of satyagraha required resisters to be ready to go to prison.

Apartheid is Immoral

"Mrs. Ballinger said that she had no objection to apartheid on moral grounds." I was amazed to read this sentence in a report of a meeting at Potchefstroom. The deepest objection to apartheid is on moral, i.e. human grounds. If Mrs. Ballinger has not yet grasped that vital point, she must be all at sea on the subject. Any alternative attitude leads one down a slippery slope. It leaves one to base one's opposition to apartheid on the purely practical grounds that separate facilities are never really equal. Those who adopt this attitude miss the whole point that apartheid is objectionable even if the separate facilities were equal. It is morally abhorrent because it is irrational and inhuman to separate people simply because their skin is a different colour from yours. Does Mrs. Ballinger believe that Mr. Luthuli would not mind being segregated from all white people so long as a separate seat is kept for him? If so, she ought to read what American judges say on this subject when it comes before the United States Supreme Court. And she ought to consult her Anglican friends, including the Bishops, who have shown an understanding of the moral issues

involved in apartheid. What non-Europeans all the world over are demanding today is not separate seats of exactly the same size as white men have. What they are demanding is nothing less than the right to join the human race.

Through Candid Eyes

Writing in "The New Statesman and Nation," Mr. Hesh Davidson, the well known British journalist recently deported from South Africa, says: "As long as the present Congress leaders retain control, the principle of non-violence will remain. The present leaders are men of moderate liberal or left-wing views who are known to condemn violence on political and also on religious grounds. The influence of 'satyagraha' is paramount among the Indians, and is said to be spreading fast among the Africans. But the Nationalist Government has shown that there is nothing it dislikes more than non-violent resistance, for its customary method of repression—violence—is then inhibited (though not by any means forgotten.) The Government has done its best to corrupt or intimidate the present leaders of the non-whites; so far it has failed in this. The influence of these leaders has probably never stood as high as it is to-day.

This Government goes about its business of reducing, and if possible destroying, every sound, peaceful, and progressive influence on the non-whites. So far it has not succeeded; and perhaps it will never succeed. But no one should under estimate this Government's innate determination, nor the abhorrence in which racial co-separation is held by nine whites out of ten. Abandoned to their fate by all but a handful of whites, the non whites have at last found strong and honest leaders. They have combined in a struggle against their status of permanent inferiority. This combination is likely to prove of high importance in the history of Africa."

Tawney And Equality

A new edition of Professor H. H. Tawney's famous book, "Equality," (Allen and Unwin) is warmly to be welcomed. It is a classic statement of the case for a large measure of economic equality in any society. Though

based on Britain's experience, the same argument can be applied everywhere. The present economic system, he points out, involves a perpetual misdirection of national resources to the upkeep of costly facilities. What a country really requires for the welfare of its people is not the production of luxury goods, but more and better food, more and better houses, and more and better schools. For lack of these simple necessities, the human energies which are the source of wealth are, in the case of the majority of the population, systematically under-developed from birth to maturity. Our unequal society has resulted in the creation of a jungle of vested interests, which stubbornly resist every attempt to reconstruct a better economic system than the one we inherited from the nineteenth century. With the knowledge now at our command, mankind could, if it wanted to, ensure that all children grow up in an environment equally conducive to health; enjoyed equal opportunities of developing their powers by education; had equal access, according to ability, to all careers; and was equally secure against the misfortunes of life. What prevents effective action is neither ignorance nor lack of resources. It is mainly the

selfish desire of the property owning classes to retain their superior status and to avoid or frustrate all social policies that threaten their privileges. So bare a summary cannot do justice to this noble book. Those who enjoy reading a sustained argument will find it memorable.

TROUBLED WATERS

By JOHN O'HIND

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. INDIA LETTER

From Our Own Correspondent

Bombay, June 19.

THE highest mountain in the world, Mount Everest, has at last yielded to man's prowess. An Indian citizen, Sherpa Tensing Norkay, was the first person in the world to reach the dizzy height of 29,002 feet to conquer the rock that has defied man through the ages. The Himalayas have always charmed the Indians and even in old scriptures we find Pandavas going to Himalaya after the Mahabharat war. Next to reach the summit was Mr. E. F. Hillary of New Zealand.

After the advent of British rule in India, a Beagali surveyor discovered this highest peak in the world in 1852. As this Indian was a small man, the name of Sir George Everest, the then head of the survey department of India was attached to it. Now the Government of India have ordered the archaeological department to go through the old records and find out the original name of this highest peak in the world. Meanwhile suggestions have been made to rename the peak as Tensing Peak. The Government of India, Beagali and Nepal have honoured Tensing in a befitting manner.

The British Expedition, under the able leadership of Colonel Hunt had set out with a determined intention to conquer Everest and present this triumphant deed as a Coronation present to Queen Elizabeth. Two hundred Sherpa coolies, carrying nearly 10,000 lbs. of necessary equipment and food between them accompanied the expedition. Sherpa Tensing, 39 year old veteran Everest climber, who had accompanied previous seven expeditions went with them as an indispensable guide.

Colonel Hunt and his party had established a seventh camp at the height of about 27,000 feet. Here they dumped all their stores. The first assault on Everest was made by Bourdillon and Evans with a helping party consisting of Colonel Hunt and three Sherpas, on May 26. Bourdillon and Evans reached South Col, but could not proceed further as the oxygen got exhausted. But they found out that the final ridge was not impassable though undoubtedly difficult.

Colonel Hunt decided to set up the last camp at a high point as possible, so that the following day, Tensing and

Hillary, relying in a large measure on their limited oxygen, would not have far to climb.

The following day at about 7 a.m. Sherpa Tensing and Hillary, with a support group consisting of Gregory, Lowe and one Sherpa left Camp Seven and started climbing the steep back breaking ridge to find a suitable camp site, each climber carrying 40 to 60 lbs. of load. For what seemed to be hours they trudged on wearily, but could not find a suitable sight. The ridge was covered with difficult snow. Oxygen was running short. Just then Tensing remembered a possible tent-site just below the Lambert's point. Successive ridges in the rock proved impracticable, but at last a place was found at a height of 27,800 feet and a highest ever Camp (No. 8) was established there. Afterwards Gregory and Lowe returned to South Col.

Tensing and Hillary were left alone in this Camp. They spent the next two hours patching a tent on the snow-covered rock. The tent's platform was on two levels with a step in the middle. Tensing sat in the lower half and Hillary on top. As darkness gathered they took a little sleeping oxygen but throughout the night they sustained themselves with sardines and biscuits. It was a calm night though a cold one. At 4 in the morning, they thawed their boots over the stove and looked out of the tent. It was a clear and calm morning. The weather was favourable. At 6 o'clock they started for the final assault through the deep, crusty, powdered snow towards South Summit. There were no signs of tracks left by Bourdillon and Evans and they had to cut steps constantly to break the track. They went ahead steadily through the hardest part of the rock.

At about 9 a.m. they reached South Summit, about half a mile from the Everest. They spent ten minutes and took off their oxygen mask to test the reaction, but they didn't feel any mal-effect. Their main worry was their shortage of oxygen supplies. To economise, they reduced the flow of oxygen by 25 per cent. They were now on the final ridge of Everest never before reached by man. They moved along the west side of the ridge characterized

by difficult cornices. They crossed safely one major obstacle on the ridge, a difficult rock step almost vertical. Almost momentarily they expected to see the summit but time and again minor elevations deceived them.

It was at 11.30 a.m. on May 29 that they finally stepped on to the snow covered peak of Everest. Tensing was first to reach the top. He took out a string of flags. First the Indian flag, then the Union Jack, Nepal flag and United Nations flag were planted there. Tensing held these flags high, while Hillary photographed them. Tensing, a devout Buddhist, had the ambition not to conquer Everest, but to reach the top and pray to God. He laid on the ground, an offering, some sweets, bars of chocolate and packets of biscuits as "Naived." Tensing and Hillary spent about 20 minutes on the summit. They spent their time eating and taking photographs.

At 11.45 a.m. they left the summit and started descending, keeping careful check on the oxygen gauges. Because of the shortage of oxygen supplies, they dared not stay at the ridge camp and they moved straight down towards South Col. The descent was not difficult. Above the Col, they met Lowe and Noyce. By 4.30 p.m. all four were back to Camp Seven.

British journalists and the British leader of the Expedition, Colonel Hunt, tried to belittle the achievements of Sherpa Tensing and push up Hillary.

Sherpa Tensing, who had gone with seven previous expeditions to Everest and who, according to Swiss Mountaineers of the last expedition, was regarded as indispensable for any attempt on Everest, was described as inexperienced climber by Colonel Hunt after his (Hunt's) arrival at Khatmandu. Colonel Hunt even tried to contradict the first news that came from the expedition itself through Khatmandu that Tensing was the first to reach the top. Tensing, being a modest and unassuming man was provoked by such false and unbecoming propaganda of the British leader. He challenged Hunt to prove what he said and as a protest did not attend the reception party given by the British Embassy.

The people and the Government of Nepal gave a royal reception to Tensing, when he reached Khatmandu.

Six expeditions, including two Indian, are now operating in the Himalayan range, trying to scale peaks, five of which have

never been climbed before.

One of the two Indian expeditions has successfully climbed Panch Chuli which, though only 23,530 feet, has never been scaled despite many efforts.

Second Indian expedition organised by the Beagali Sappers has for its target Mount Kamet, which has been successfully climbed once by Frank Smythe in 1931. Kamet is 25,447 feet high and is the 70th highest mountain in the world.

The biggest Himalayan expedition, now trying to reach Mount Godwin-Austen (28,350 feet), second highest in the world, consists of seven Americans, one Briton and one Pakistani. This expedition is being undertaken on a truly American scale. One hundred porters have carried 6,000 lbs. of equipment and food to the base camp.

Two Germans and Austrians are at present ascending the unclimbed Nanga Parbat, 29,610 feet high.

The Japanese team, attempting to climb the unconquered peak of Mount Manashu, has failed in the first assault.

The sixth is the two-man expedition by young Britons—Herbert Maddock (23) and Harry Hilton (22), who are reconnoitering the approaches to Mount Mahalu, 27,799 feet high.

With the departure of Mr. Nehru to London, there is abeyance in political activity in London. The preliminary talks that have taken place in London between the Prime Ministers of India and Pakistan are regarded as satisfactory in Delhi. While the discussion between Mr. Nehru and Mr. Sanjayal, Prime Minister of Ceylon, has remained inconclusive and further negotiations will be held probably at Delhi between the two Governments. Both the Prime Ministers could not agree on matters of principles.

The Government of India has withdrawn its legation from Lisbon, as Portuguese Government has refused to negotiate for settlement in regard to the future of the Portuguese possessions in India. This marks the end of the policy of sweet reasonableness hitherto followed by India.

The question that is naturally to the fore these days, then, is the manner in which India can bring pressure to bear on this colonial power to evade the force no longer.

A "police action" on the same lines as that conducted in Hyderabad is naturally ruled

out. What is possible, however, is the imposition of economic sanctions by this country and the closing up of the frontier. Three measures, it is believed, will prove more than adequate to induce a more reasonable frame of mind in the Colonial Power.

Following a heat wave and scarcity of water, people of Gujarat were praying for rain. Rain came late by ten days, but it came with a vengeance. It continued to pour incessantly for nearly three days and many low lying areas were flooded. Western Railway was paralysed due to breaches on railway line. In Bombay city also there was a heavy rainfall paralysing the traffic and the city looked like a huge lake. The total rainfall recorded in the last four days in Bombay was 24.62 inches above normal. News of satisfactory

rainfall from other parts of the country have also been received.

The Praja Socialist Party's special convention which met at Bopal, appointed a 15-member Commission to frame the programme of work for the Party and a first phase of the Governmental programme for Socialist India.

The convention revealed that the rank and file of the Party have no faith in the present policy of their leaders and at one time Sri Jayprakash Narayan, Sri Asoka Mehta and three other joint secretaries of the Party placed their resignations before the convention. But ultimately they were prevailed upon to withdraw their resignations. The convention ended with a vote on Party solidarity, but dissaporous tendencies were still viable.

MORAL RE-ARMAMENT

The World Assembly opened at Caux on June 19. It is being held at the request of Cabinet Ministers and Government leaders of nine European countries. The aims of the Assembly, which will continue until September, were announced as follows:—

1. To make universal the knowledge of how to change the difficult person in industry, politics, the home, the school, the press.
2. To give evidence of the alternative to Communism in Asia, and across the world.
3. To demonstrate a new dimension of racial unity in Africa, above suspicion fear and bitterness.
4. To respond to the request of countries of the Middle East of the ideology of inspired democracy.
5. To expand the programme for industry, in Europe and the Americas, which is superseding the class war, and which is mobilising the powers of management and labour to produce unity within nations and between nations.
6. To win Russia, China and all nations to a superior ideology.

Answer To Mau Mau

"An idea to replace Mau Mau in Africa and communism in the world" was how Kenya Chief Jonathan Bwalya described Moral Re-Armament at the World Assembly at Caux, Switzerland.

"Something akin to Mau Mau started in my district," he told

the delegates from 23 nations. "Many people were imprisoned but it didn't cure them. I applied the better idea of MRA. Today my people have received honour for their maize and coffee and are leading in community enterprises in Kenya.

"People are looking for an answer. If they don't get the right one they will take the wrong one. Our country needs to replace Mau Mau with MRA, needs to replace communism with MRA. Then the world will be rebuilt."

Solution For Persian Oil

Magid Movaghar, a Teheran editor from Iran, spoke of the answer he had found at Caux. "I hated the British because I thought they were wrong in their dealings with Iran. But England is suffering because she doesn't get any oil and we are suffering because we cannot sell the oil. There is no sense in it. We are both wrong but we can learn to work positively together."

Novaghar told of his meeting with MRA when Dr. Buchman visited Iran earlier this year as the guest of the Government. The ideology of change interested him and he came to Caux to investigate further. "Here I experienced a change myself," he said, "and I'll bring this new idea to my country. If MRA wins Iran it will win the East."

NON-EUROPEANS ARRESTED IN CAPETOWN

DETECTIVES on June 28 seized three collecting-boxes that had been passed round among a crowd of about 200 African and Coloured people at a meeting on the Grand Parade, Cape Town, to protest against the Group Areas Act. Two collectors were arrested.

The meeting had been called by the Co-ordinating Committee of People's Organization, and was held for two hours in the rain. A procession that was to have taken place after the meeting was cancelled because of the unfavourable weather.

About a dozen men held aloft banners and placards with signs such as, "Location Life is a Condemned Life," "Don't Destroy Our Lives" and "We Only Want to Live in Peace."

When the detective took the collecting-boxes to their car, Mr. J. N'Kaiso, the chairman, appealed to those present not to take any notice of the incident, nor to gather round the car.

Mr. Thomas Ngwenya, an official of the African National Congress, told the 'Cape Times' after the meeting that two of the collectors had been arrested and he had obtained a receipt from the detectives for the money—more than £2—that the boxes had contained.

A resolution passed at the meeting condemned the Group Areas Act as undemocratic and against the interests and wishes of the peoples of South Africa and asked for its immediate repeal.

It also supported the "brave stand" of the African people of

the Transvaal against the displacement of 75,000 men and women in the Western Areas of Johannesburg under the expropriation and forced removal clauses of the Group Areas Act.

The resolution further pledged its full support to the African National Congress and the South African Indian Congress in their struggle for equality and freedom for all the peoples of the Union.

It condemned the recent rent increases and arrest of unemployed workers at Sakkiesdorp, Worcester, and pledged full support to the United Action Committee in its struggle for the welfare of the non-European people of Worcester. —'Cape Times.'

Natal Indian Cane Growers' Gift To African College

The Natal Indian Cane Growers Association have donated a sum of £1000 to the Adams Mission College. The officials of the association were present at the College where they met Mr. E. S. Henschberg Q.C., chairman of the Council of Governors of the College. Mr. H. Bodaslogh, president of the N.I.C.G. Association in handing the cheque, said that he was very pleased to do so on behalf of the Association and the Association would be pleased to give further donations in future. Mr. E. S. Henschberg, the chairman, thanked the Indian cane growers for their generous help to the College. The above money was collected from all Indian cane growers, by imposing one penny levy, on all cane delivered to the various sugar mills last year.

'NO COLOUR BAR' ORGANISATION

'SUNDAY NEWS' Correspondent Salisbury states: A new organisation which aims at promoting racial harmony is being formed in Southern Rhodesia. It claims to have members of all races and political views.

The organisation has issued a secret manifesto. It consists of a 16-page leaflet stamped in green letters: "Not for publication."

The leaflet is headed: "Proposed inter-racial association of Southern Rhodesia."

In its declaration, the organisation says it wants to see inter-racial trade unions, an easing of the liquor and pass laws, the abolition of separate departments catering for Africans and Europeans, and the employment of Africans in more responsible positions.

Copies of the leaflet have been posted to Salisbury residents by the secretary of a provisional committee, Mrs. Elsie H. Holderness, of Orange Grove Drive, Highlands, Salisbury. Mrs. Holderness is the wife of a Salisbury solicitor, Mr. H. Holderness.

A circular letter accompanying the leaflet says that for the past six months informal meetings have taken place in Salisbury between a group of people including Europeans, Africans, Coloureds and Asians, "who feel it is essential at this stage of our history for liberal-minded people to crystallise their objectives."

Several Salisbury people associated with the new movement are also known to be connected with the National Affairs Debating Society, which was criticised last year on the ground that some of its members were "extreme Left-wing intellectuals."

The leaflet says the association believes the problem of race relations in Africa is one of the most important in the world. The association looked forward ultimately to an integrated society in which there will be no differentiation between people on grounds of race or colour.

The declaration says it is considered that the best system is for Africans in Southern Rhodesia, as they become adapted to European civilization, to qualify automatically as full citizens in law as in practice.

ગાંધીજીના મનનીય વિચારો અને ઉક્તિઓ

કુમારી મનુબહેન બાંધીની હાથરીમાંથી

તા. ૧૭-૬-૪૭: બાપુજીએ કહ્યું: “આજે ત્રણેક વાગે મારી આંખ ઉઘડી ગઈ. હું વિચારતો હતો કે આપણા પુર્વજોના જમાનાને અત્યારની ક્ષણો-કલાપ અત્યારનો અણેલ વર્ગ એક જુના જમાના તરીકે જોળખાવે છે, અને આજનાં લક્ષ્ય લક્ષ્યો પોતાને આદર્શ સુધારક માની કંઈક ભવં પશુ હો છે, ત્યારે મને એકદમ શ્રીમદ્ ભાગવતનો શ્રવ યાદ આવી ગયો. મને યશું ને અત્યારના લેખકો કે વિદ્વાન ગણાતા માણસો વિચારે કે વિદ્વાત કયા જમાનામાં હતી તો એક નાનું બાળક પણ કહી શકે કે આધુનિક યુગ કરતાં વિદ્વાત અને અર્થ સુધારક સમાજ તો જે જમાનામાં હતો.

શ્રી કૃષ્ણ ભગવાનની હકીકત બની હોય કે નહિ તે પ્રશ્ન બાપુએ સુઝીએ તો પણ એ કલ્પના કેટલી અવ્ય, ઉચી અને પ્રેરણાત્મક છે?

શ્રી કૃષ્ણ ભગવાન બાળલીલા રમ્યા, ગોવાળીયાઓ ભેડે આનંદથી જેલ્યા, જે બતાવે છે કે પોતે એક મહાન રાજા કે ઇશ્વરી અંશ હતા છતાં તે સમયમાં પણ અલ્પવક ગોવાળીયાઓની સાથે ખાંધું, પીધું. તેમણે કોઈ ભલોને લેદલાય નજ શખ્યો.

સહલીલા તો એક અદ્ભુત છતાં યુગ જશીર પ્રસંગ છે. સહલીલા કરીને કૃષ્ણ ભગવાને સીઓનો ઉદ્ધાર કયો. આજે આપણે સીપુરૂપ સમાન હકક માટે હડીએ છીએ, પણ તે જમાનામાં સીસ્વાતમ પણ હતું-અને એક એક ગોપીની સાથે એક એક કાન યદને રાસ રમી ભગવાને ખવિત્ર ભાવના ઉત્પન્ન કરી. આ આયોગ પ્રસંગ યુગ દોમાંયક, પવિત્ર અને બોધદાયી છે. નરસિંયો ભક્ત હરિજનો

સાથે જ બેસતો અને છતાં તેની અદ્ભુત સેવા કરી છે. અસ્પૃશ્ય તા કોની જ ન લેઇએ, જે વાત ની એ વખતનું આ સાહિત્ય પણ સાક્ષી પુરે છે. દારિકા જેવી નગરીમાં બિરાજમાન છતાં જો જ દારિકાથીયે સુહામા જેવા ચીંધરેલાક માણસનો કેટલો અવ્ય સત્કાર કયો, અને પ્રેમથી તેના તાંદુલ આરોગ્ય? જે નિરભિમાનતા અને રાજાઓ તો હુ:ખીઓના બેલી જ હોવા ભેઇએ એ સત્યકથન પુરવાર કરી બતાવ્યું. આવા આવા તો અનેક પ્રસંગો શ્રીમદ્ ભાગવતમાં છે. પણ આપણા આજના ભટ્ટો એ રીતે વાંચતા નથી. કારણ કે એમને તો સીધાંસામગ્રી કે વીસા નીજ પડી હોય છે. આપણા દેશમાં તો અનેક મહાન ધર્મ ગયો છે, અને દરેક ધર્મગ્રંથો ના સિદ્ધાંતો તો હળવાજ સરખા જ છે. પરંતુ શ્રીમદ્ ભાગવત માં કૃષ્ણનું નમસ્કૃત આવે, રામા યજુમાં રામનું આવે, બ્રાહ્મણમાં ઇસુખ્રિસ્તનું નામ આવે અને કુરુને શરીરમાં મહામદ પયગમ્બર સાહેબનું નામ આવે તેથી શું? ધર્મશુદ્ધિને ને આવા બધા પ્રસંગો ની અનુરૂપ છણવટ કરી અમે સાથે ખાંચી સંભળાવે તો એક અદ્ભુત સેવા તેઓના કાથે થાય. મારી ઇચ્છા તો છે કે ને હું આ હાવાનળમાંથી બહાર નીકળી શકું અને ૧૨૫ વર્ષ છડું તો જેમ અનાસકિત યોગ લખાવે તો રીતે રામાયણ અને ભાગવત ના સરળ અર્થો અને દરેક પ્રસંગ ને બરાબર ન્યાય મળે એ રીતે કરવાની ઇચ્છા છે મારી. મહા દેવને આ કામ કરવાની યુગ કોંશ હતી પણ ખાડું ધણીંડ જ થાય છે.”

આજના પછી દક્ષિણ આફ્રીકા ના બાપુજીના સાથી શ્રી મેદલાઈ

ને દક્ષિણ આફ્રીકાના સત્યાગ્રહીઓને બે લીટીમાં સંદેશો ચોકલ તાં લખ્યું કે “સત્યાગ્રહીને કહે ને કે તેઓ સત્યનો ને અહિંસા નો આશરો રાખે. તે પોતાની પ્રતિજ્ઞા મરતાં છગી ન છોડે.”

આપણે જેને અહિંસા માની હતી તે નિર્જળની અહિંસા હતી. પણ અહિંસા અને સત્યની જ્યોતિ તો સદાકાળ બળદળતી જ રહે છે. તેનો સાધક ને બેખબર હોય તો જ આ સાધના મા કંઈક ખામી મળી આવે છે. એથીજ હું તો કહું છું કે અહિંસા અને સત્યના પુભરી હોવાનો ને કોઈ વ્યક્તિનો કાવો હોય તેણે યુગ ભયત રહેવું પડે છે. એટલી ભયતી હેનુ આપણામાં નથી એમ કહીએ કરવુંજ ભેઇએ.”

ન્યાં સુધી સ્પષ્ટ પુરાવા ન મળે ત્યાં સુધી કોઈ પણ વ્યક્તિ માટે આપણા મનમાં પુર્વગ્રહો બાંધી લેવા અને તેને માટે ગમે તેમ બોલીએ એ પણ હિંસાને એક પ્રકાર છે. શ્રદ્ધાની સાથે શ્રદ્ધા કરવો એ તો બળતામાં થી હોમ્યા બરાબર છે.

રામકૃષ્ણ ઉપનિષદ

નમ્રતા

બા શાંતી આમરુપુર્વક કહે છે કે નમ્રતા રાખવી ભેઇએ, કેમ કે, નમ્રતાથી જ સિદ્ધિ પ્રાપ્ત થઈ શકે છે. સિદ્ધિ મેળવવા માટે કેટલાક લોકો નમ્ર જની પણ નમ છે. પરંતુ નમ્રતા સ્વાભાવિક અને સાચા હૃદયપુર્વકની હોવી ભેઇએ. આપણી પાસે ને વિદ્યા, ધન અને ચોરસ વજેર છે તેનું કશું મહત્ત્વ નથી એ વાતનું ધાન થઈ જાય તો નમ્રતા આપોઆપ આવી જાય.

મરીખ માણસનો ઉકારો ભણે છે કે એના બાપ પાસે ધન નથી. તેના વહેવાર નમ્ર હોય છે. એમાં સુદિ મત્તા છે. એજ રીતે ધનદોષવાળા પણ નમ્રતાપુર્વક વહેવાર રાખે એમાં જ સુદિમતા છે, કેમ કે, ધનદોષવાળાનું મું બહુજ તુચ્છ વસ્તુ છે. નમ્રતા અંતરથી હોવી ભેઇએ. બીજા લોકો

વખાણ કરે એ વિચારથી ને આપણે નમ્ર થઈએ તો એ નમ્રતા જુડી દરી. એક વાર એક શેષાએ શ્રદ્ધા સમ દાય પ્રગાણે કાથ ભેડીને વિનંતી કરી, ‘હું અતિ નીચ છું, મને માર્મ બતાવો.’ શ્રદ્ધા સમજ્યા અને તેમણે વિચાર્યું, ‘મારો એને જરા પદાર્થ પાક આપીએ. તેમણે શેષાને કહ્યું, ‘હવે હું જા અને તારા કરતાં જોઈ કિંમતની કોઈ વસ્તુ લઈને મારી પાસે આવજો.’

શેષા ખુસ થઈને બહાર આવ્યો. પણ તે પોતાના કરતાં જોઈ કોંમત ની વસ્તુ જોળવા ગયો ત્યારે તેને માણસ પશું કે રોક વસ્તુ કોઈ ને કોઈ રીતે લેવા કરતાં મેલી છે. પવિત્ર તામાં અને ઉપયોગિતામાં દરેક વસ્તુ તેના કરતાં વધારે જ હતી. તેણે વિચાર્યું શ્રદ્ધા તો સાદ સાદ પુછકે કે હું લાગ્યો છે તે વસ્તુ તારા કરતાં જોઈ કોંમતની છે એ તે કુની રીતે લાગ્યું? આ કોપડો ઉઘેલવા માટે તે બિચારા પાસે કરો ઉપાય નહોતો. બીજો દિવસે તે સોય માટે જંગમમાં ગયો ત્યારે તે વિચારવા લાગ્યો, મારો મળ અવસ્થા મારા કરતાં તુચ્છ હતો, તો એજ હું શ્રદ્ધા પાસે કેમ ન લઈ લઉં? બપોરે તે પાકમાં ચોડા મળ લેવા લાગ્યો, ત્યારે કપાકપી તેને અવાજ સંભળાયો, ‘નીચ, મારો સ્પર્શ ન કર. એક વખત હું તો અત્યંત સ્વાસ્થિ પદાર્થ હતો. કેવળા નેવેલ માટે પણ કામ આવતો હતો. મારે હમનસીને તારી પાસે પહોંચ્યો અને તારા સંપર્કમાં આવવાથી મારી આ કુદરત થઈ છે. મહેરબાની કરીને હવે પાછો અને તારો કામ ન લમાડ. એને કોણે મારી આવી કેવી અરાજક થઈ જાય એની સી ખબર?’

એજો બાલી કાથે શ્રદ્ધા પાસે પહોંચ્યો અને કહેવા લાગ્યો, ‘મારા કરતાં તુચ્છ વસ્તુ ફુનીયામાં જેન નહીં. હું મારા મળ કરતાં પણ કલો છું.’

—‘લોકજીવન’માં સુગુલભાષ.

જેમ કાચી તેમ બીડી સીમરેટથી મને તસ છૂટે છે. બીડી પીરી એને હું કુટુંબ મણું છું. એનાથી માણસનું અંતઃકરણ સુદિત થાય છે, અને એ વારંવાર કાલેયે ટપી જાય છે, કારણ એની અસર કળાતી નથી. એ ખચોળ કુટુંબ છે, એનાથી આસ ગંધાઈ ઉઠે છે, ઘંત ઉપર કાપા પડે છે અને કોઈ વાર કેસર પણ થાય છે. એ મંદુ વ્યક્તિ છે.

સમયસરની ચેતવણી

આ માથી સાપા રાષ્ટ્રદરને સંદેશ જણાવે છે કે દોઢના વડા પ્રધાન શ્રી. નેહરુએ આ-રોહા અંબના કેદવાકે ભાંગેલા આ-રોહને પ્રત્યે જતાવવામાં આવી રહેલી વર્તણૂક “હદ બહાર ઘરમ બરેલી” તરીકે વર્ણવેલી છે. તેમણે કહ્યું કે, “ત્ર્યમ ભલે તેઓ જનવરો ન હોય એ રીતે તેઓ પ્રત્યે વર્તવામાં આવી રહ્યું છે. આવી વસ્તુ બની શકે છે એજ અને તાજુબી થાય છે. આ આફ્રિકાનેના સવાલોના પુરતમાં ઉત્તર નહિ લાવવામાં આવે તો આખો આફ્રિકા દેશ સળગી ઊઠશે.” મધ્ય સોમવારે એલ. ઇન્ડિયા કેમ્પેસ કમીટીની બેઠક ખુલ્લી મુકતાં શ્રી. નેહરુ આ પ્રમાણે બે.ભા. હતા. વધુમાં તેમણે કહ્યું કે, “બીજા લોકોના સવાલોમાં દોઢ માધુ” મારવા માગતું નથી પરંતુ એક માત્ર મુખ્યે ચલવા સિવાય કુનીયાના દરેકે દરેક ભાગમાં અને સમનતાને માટે લડીશું.” એમણે આખો આફ્રિકામાં થઈ રહેલા ખજબજાહ અને સરકારીક ઘટનાવાર અને જાતીયવાદના મીઠાશુ”ની તેમણે ટીકા કરી હતી.

શ્રી નેહરુએ જે કહ્યું છે તે સાવ સત્ય છે. જેઓ વિચાર શક્તિ સુધારી નથી બેઠેલા-વીચાર કરવા હજી છે તેઓને માટે તેમના શબ્દો વિચારવા જેવા છે. અમે માલિ માલિને કોઈ પણ પ્રકારે સહનુભૂતિ આપનારા નથી. તેઓની ખાતરને પ્રશ્નિતોએ અને તિરસ્કારીએ છાંયે- અને તેનો અત લાવવો જ જોઈએ એમ ચોક્કસ માનીએ છાંયે. પરંતુ તેનો અંત લાવવાને જે રીતો અખત્યાર કરવામાં આવી રહી છે તે જરાયે ઓછી માંગી નથી. અમને તાજુબી થાય છે કે સુધરેલી કુનીયાનું હલ તેનાથી કોઈ કેમ નથી ઊઠી જામતા વજમતા સત્તાધારી પવિત્રામનો પ્રમાણ લઈ રહ્યા છે પરંતુ માલિ માલિને ઉત્તપન કરનારા કારણોને તેઓ જરાયે વીચાર કરતા જણાતા નથી. આ જવાબકે જણ ગયા મહાન મુદ્દના સમયથી થતી આવેલી છે. હિંદુશ્વર શાપી હસ્તિમાં આવ્યો તેનો કોઈએ જરાયજી વિચાર નહિ કર્યો. તેનો નાશ કરવાને લગભગ આખી કુનીયા એ કમરે કરી. પરંતુ શું કુનીયાને તેથી ઘેરો પશુ લાભ થયો છે? એ વખતથી કુનીયામાં શાંતી રચાપવાન પ્રયત્નો થાતી રહ્યા છે પરંતુ કુનીયા તેની કંપાએ નજીક જણાતી નથી.

શાંતી કુર ને કુર ભાગતી જણાય છે. હિંદુશ્વરનો નાશ થયો પરંતુ તેનો આત્મા નાશ નથી પામ્યો. આજે તે ખાસ કરી આફ્રિકા ખંડમાં અને તેમાંથી દક્ષિણ આફ્રિકામાં અતિશય જીવંત જણાય છે. માલિ માલિને પ્રમ, જે દક્ષિણ આફ્રિકામાં આપણીની એટલો બધો કુર છે, તેની અંતે અંદિ અંતે કેમ કરી કારણ કે દક્ષિણ આફ્રિકાના સત્તાધારી સ.એ એ સવ.અ સંકળાએલો છે. કેનીયામાં માલિ માલિની ઉત્પત્તિ કરનારાં જે કારણો છે તેજ કારણો દક્ષિણ આફ્રિકામાં બીન-જોરાઓમાં અચાંતી ઉત્પત્ત કરી રહ્યાં છે, સમુદાયથી કલ્પ અધાવવાથી એ અચાંતી કુર નહિ થઈ શકે. જાળીન, જુજ અને ધર એ જણ વસ્તુઓનો સવાલ ખરી પ્રમાણીકતા અને સત્ય નિષ્ઠાથી હાથ ધરવાથી જ તે કુર કરી શકાયો, એ ત્યારે જ બની શકે એ મુદ્દાવાદીઓ, જેઓ મુદ્દના અરા શુને મારો છે, તેઓ ખનના લોભ ઉપર અંકુસ મુકે અને સત્તાનો મદ ધરવ નારાઓ સત્તાના લોભ ઉપર અંકુસ મુકે. મુદ્દાવાદ અને સત્તાનો મદ એ એ બંદીએ આજે કુનીયાને વિનાશને પંથે મસડી રહી છે.

દક્ષિણ આફ્રિકામાં આપણે એરી વર્તુળમાં આવી પડ્યા છાંયે. રોષણ કરનારાઓ સમજા પાપો કરી રહ્યા છે. અને રોષિતો ભલે વા અભણે તેઓને સાથ આપી રહ્યા છે. સમજા પાપોનું મૂળ કારણ એ છે કે વિશાને આપણે માટે રોષિતો જુજ સમવકોના આપણે શુધ.અ બની ગયા છાંયે અને તેથી આપણું જીવન અમુદરતી થઈ ગયું છે. કુદરતથી આપણે કુર ને કુર જઈ રહ્યા છાંયે. હમરને આપણે જુદી ગયા છાંયે. પેસાને પરમેશ્વર તરીકે પ્રુજીએ છાંયે. આપણો ઉદાર આ એરી વર્તુળમાં થી નીકળી જવામાં, એટલે કે, કુદરત તરફ પાછા વળવામાં રહેલો છે. તેમ કરવાને આપણે કુદરતથી આપણને કુર લઈ જનારી સમજી વસ્તુઓનો ત્યાગ કરવો પડ્યો; એટલે-કે આપણને શુધ.અ બનાવનારી સમજી વસ્તુઓનો બહિષ્કાર કરવો રહ્યો. તેનો વિચાર કરવા બેસીએ તો એ બહુ વિશાળ ભાસે છે અપુનિત સમજી સંરથા એ.તો આપણે બહિષ્કાર કરવો પડ્યો તેમ કરવાનું અંતિમ. પવિત્રામ એ આપણે કે આપણે જુએ મરડું પડ્યો.

પરંતુ માનવીના શુધ.અ બનવા કરતાં શું એ બહુ નહિ ગણાય? માનવીના શુધ.અ બનવાનું પસંદ કરનારને માટે પ્રશ્નની દરખાસ્ત રચાને હોઈ જ નહિ શકે.

પરંતુ આ સમજી વસ્તુ આપણે પાપ કરનાર પ્રત્યે જરાયે દેશ રાખ્યા વિના કરવી જોઈએ કારણ પાપ કર નાર જે તે પાપનો ભોગ બનેલો છે. અને તે તિરસ્કારના કરતાં વિરોધ દયા ને પાત્ર છે.

દક્ષિણ આફ્રિકાના બંદો આખા આફ્રિકાના બીન-જોરાઓની મુક્તિ માલિ માલિને પંથે જવામાં ચોક્કસ

ડો. રયામાપ્રસાદ મુકરજીનું અવસાન
દોઢની પાલિમેન્ટના સભ્ય અને અખિલ ભારતીય જન સંમત પ્રમુખ ડો. રયામાપ્રસાદ મુકરજીનું જીવન તા. ૨૩મીના શીનમરમાં અવસાન થયું. ડો. મુકરજી પુરસ્કૃતી પીડતા હતા અને જીવન તા. ૨૨મીના તેમને હાલતરી સારવાર માટે શીમરનાં એક નર્સિંગ હોમમાં લઈ જવામાં આવ્યા હતા. ત્યાં તેમની લમ્બિત અમાનક વધારે બગડી આવી અને તા. ૨૩મીની સવાર ના ૭-૪૦ વાગે મુકરજી ગયા.

ત્યાંથી તેમના મૃતદેહને કલકત્તા વિમાનમાં લઈ જવામાં આવ્યો હતો. ત્યાં હુમલી નહીના તટપર હમરેની મેદની વચ્ચે તેમની હલન ક્રીયા થઈ હતી. ડો. મુકરજીની ૫૨ વર્ષની વય હતી. તેમના પિતા રવમરેય સર સર અશુભાવ મુકરજી હતા. તેમણે કલકત્તા અને લંડનમાં વિશ્વવ્યાપક કાર્યો હતા. હનરેમ્પલમાં બારીસ્ટરનું પદ મેળવ્યું હતું અને કલકત્તામાં પ્રેક્ટીસ કરતા હતા. કલકત્તાની મુનીવરસીટીના ૧૯૦૪ થી ૧૯૦૮ સુધી તેઓ વાઇસ ચેન્સેલર હતા. દોઢની પાલિમેન્ટમાં તેઓ વિરોધ પક્ષના બારોસ નેતા હતા.

રાષ્ટ્રપતિ, અને વડા પ્રધાનથી લઈ સમજા પ્રધાનો અને દેસ નેતાઓ તરફ થી ખેદ દર્શાવનારાં સંદેશો મોકલવામાં આવ્યા હતા. પશ્ચિમ બંગાળમાં વેપાર રોજગાર અંધ શાખવામાં આવ્યો હતો અને ભાદેર મકાનો પર વ.વટા અર્ધી કઠીએ કરકાવવામાં આવ્યા હતા. ડો. રયામા પ્રસાદ મુકરજીના અઠાળ અવસાનથી દેશને એક પ્રખર નેતાની ખોટ પડી છે. હમર તેનાં આત્માને ચિરશાંતિ બુદ્ધે અને તેમના કુટુંબી-જનોને આવી પડેલાં કુ:ખમાં ધીરજ અને હીમત બાંધ.

પરદેશમાં વસતા હિંદીઓની કોન્ટ્રેન્સ, જેને માટે કોન્ટ્રેન્સ કાઉન્સિલ ફાર ઇન્ડિયન્સ એજોડે મહિનાઓથી તકવારીઓ કરી હતી, તે જુન તા. ૧૩ અને ૧૪મીના કોન્ટ્રેન્સમાં મળી હતી.

આવી કોન્ટ્રેન્સ આ પરદેશવેલી બ મહેલી જે કે જેમાં બધાં જ્યાં હિંદીઓ વસી રહ્યા છે તે સમાજ સમજા દેશોમાંથી હિંદી ડેલીગેટો, નીરીક્ષકો અને કુલાકાતીઓ હાજર રહ્યા હતા.

ઉપરોક્ત સંરચાને તેમજ કોન્ટ્રેન્સ ને એડન, શીજ, નેમેકા, કેનીયા, મલાયા, મોરીશસ, સંધન રેડેશીયા, બ્રીટીશ વેસ્ટ ઇન્ડીઝ, કુઆન્ગાની, હિંદી સંરચાઓનો ટોચ મળ્યો હતો અને ઉપર તાર વ્યવહાર થયા બાદ સાઉથ આફ્રિકન ઇન્ડિયન ડેમેસે પશ્ચિમ કોન્ટ્રેન્સમાં હાજરી આપવા એક ખાસ નીરીક્ષકની નીમણૂક કરી હતી.

હાજર થયેલા ડેલીગેટોમાં સંરચાનિક ખતા સમાઓના પ્રતિનિધ સભ્યો, જેવા કે, મોરીશસથી એન. એસ. આર. સીનીવાસન અને એ. એમ. એસ.મોન, શીજથી એન. પી. વિશ્વેશ્વર હાજર થયા હતા. મલાયા ઇન્ડિયન ડેમેસ તરફથી બી. બી. એસ.મોન હાજર થયા હતા. અન્ય દેશોમાંથી ખાસ નીમણૂકા મુલાકાતીઓ અને નીરીક્ષકો હાજર થયા હતા.

અમેજી માટેમાં એસ.સ. ફેનર બ્રાઉન એન. બી. હેનરી એસ. એસ. પેલાક, ફોક્સ પીટ અને ડો. રીમડ પેન્ડરેટ ટોચ આપ્યો હતો.

કોન્ટ્રેન્સ સનીવાર અને રવીવાર એમ બે દિવસ ચાલી હતી.

ડો. કે. ડી. કુમરીયા, જેઓ કાઉન્સિલના જનરલ સેક્રેટરી છે, તેમને કેટલીક પરદેશોની સંરચાઓની સુચનાથી કોન્ટ્રેન્સ ડેલીગેટો તરફથી કોન્ટ્રેન્સના પ્રમુખ સુદવામા આવ્યા હતા.

પ્રમુખનું બોધણું

પ્રમુખે પોતાના બોધણામાં જણાવ્યું કે પશ્ચિમ અથવા દરિયાપરના દેશોમાં હિંદી સ્વામી જેવું કંઈ નથી, કારણ તેઓને બીજા જાતીઓના સમાજના એક ભાગ તરીકે લેખવામાં આવે છે અને અન્ય કોમોની સાથે રહી રાજતંત્રમાં જીવાનદારીનું સ્થાન મેળવવા પ્રયત્ન કરી રહ્યા છે.

આ કોન્ટ્રેન્સનો મુળ હેતુ નિર્ણય પહેલે એ રચેલ કરવાનો છે કે પરદેશોમાં વસતા હિંદીઓને પોતાની રાજકીય વહાલારી ને ને દેશોમાં તેઓ વસે છે તે તે દેશને આપવાની છે.

દક્ષિણ આફ્રિકામાં હિંદીઓને ખાસ ખ્યાન દેવાની જરૂર છે કારણ એ દેશમાં રહવાના ખાસ કાયદાઓ ને

પરદેશમાં વસતા હિંદીઓની લંડનમાં મહેલી કોન્ટ્રેન્સ

હિંદીઓને એ દેશમાંથી કાંઈ કાલવાના દરેક પ્રયત્નો થક રહ્યા છે. આફ્રિકા ખંડમાં વસતા હિંદીઓને ને કોં અને છુટો તેઓ ત્યાંના મુળ વતી આફ્રિકાને આપવા પ્રયત્ન નહિ હોય તેવા કોં અને છુટો તેઓને મોમવના ની આશો રાખવી નહિ જોઈએ.

એ વસ્તુ નિર્ણય પહેલે રચે છે કે પરદેશમાં વસતા હોય તે દેશના વતી આ તરીકે રહેતું જોઈએ અને એ દેશને પોતાની હાલક વહાલારી આપવી જોઈએ. એ સાથે એ પશ્ચિમ અન્યત્ર છે કે હિંદીઓને પોતાના પુર્વને પાસેથી વારસામાં મદદ્ય કરેલા હામકિ, સંસ્કૃતિ તેમજ તાત્વિક સંસ્કારો મેળવવા અને દહાવી રાખવા ના દરેક પ્રયત્નો કરવા જોઈએ.

આ પ્રમાણે તેઓને સ્વિકારેલા નવા દેશને તેઓ ઉપયોગી હોય આપી શકે.

શીજના હિંદીઓ

શીજની ધારાસભાના સભ્ય પંડિત વિશ્વેશ્વર શીજમાં વર્તતી રિધિતિનું ખ્યાન કરતાં જણાવ્યું કે એ ટાપુમાં હિંદીઓને હિંદીઓ તરીકે કરી ખાસ અગવડો નથી અને કાલની રાજકીય પરિસ્થિતિ જોતાં ત્યાં નજીકના જાણીયામાં જવાનદાર રાજતંત્ર કે મોદ મતાધિકાર રચપાપ એવું લાગતું નથી.

તેમણે કહ્યું કે સેરડીના ખેતરોમાં કામ કરતા હિંદીઓથી ત્યાં કંઈ સાંધી સુદન સુધી જીવન ખરીદી અને તેની માલીજા મોમવી સકાય એવું લાગતું નથી.

નેમેકા

નેમેકાની ઇસ્ટ ઇન્ડિયન ટ્રોપિકલ મોસાપીટીએ એક લેખીત નિવેદન મોકલ્યું હતું ને કુમારી કાલેલા વર્ષો એ વાચી સંજળાવ્યું હતું અને ડો. સીડે તેને ટોચ આપ્યો હતો. નિવેદનમાં મોટા ભાગના હિંદીઓની રિધિતિ કંઝાલ અને સંવેપકારક નહિ હોવાનું જણાવવામાં આવ્યું હતું અને તે સુધારવાને તકીદના પગલાં લેવાની જરૂર જણાવવામાં આવી હતી.

કેનીયા

કેનીયા ઇન્ડિયન ડેમેસે કાઉ ડેલીગેટ નીમ્યા નહેતા પરંતુ ત્યાંના જાણીતા વતી ડો. અગાળનને નીરીક્ષક તરીકે હાજર રહેવાની સલા આપી હતી.

ડો. અગાળનને કુંક નિવેદનમાં જણાવ્યું કે તેઓ કેનીયાની હિંદી ડેમેસના પ્રતિનિધિ તરીકે નહિ પરંતુ પોતાના ખાનગી દરજ્જામાં બોલતા હતા. તેમણે કહ્યું કે કેનીયામાં ખાસ હિંદી સ્વામી જેવું કંઈ નથી, સમજા

થવ.લો સમજા કોમેને સમાન લાગ પડનારા છે. એ દેશની કાલની અસ્થિર રિધિતિના લાભ લઈ મુરોપીવન સેટલરો રાજકીય સલા પોતાના કાય માં લેવા અધી રહ્યા છે તેનો હિંદીઓ વિરોધ કરે છે.

કેનીયાના હિંદીઓ આફ્રિકાને ખનતી સમજા મદદ આપવા ઘણા આવર છે પરંતુ કાલની હાલક પ્રરિતિને તેઓ સહનુશ્ચીતી આપતા નથી.

ડો. રોડે પશ્ચિમ પોતાના ખાનગી દરજ્જામાં બોલતાં હિંદીઓની કેટલીક સામાજિક અને આર્થિક અગવડો તરફ ખ્યાન બેઠ્યું. કેટલીક રેસ્ટોરેટોમાં, હાલમાં અને હોટેલોમાં વર્ણબેદ રાખવામાં આવે છે તેનું પશ્ચિમ તેમજ ખાન બેઠ્યું અને રેલવેમાં, પેલીસ ખાતામાં અને સરકારી નોકરીઓમાં બીન-જોશઓને ઉચા પગાર વાળા રધાને આપવામાં નથી આવતા એ વિશે ખ્યાન બેઠ્યું.

મલાયા

મલાયા ઇન્ડિયન કોન્સિડેરા ડેલીગેટ બી. બી. ચેરસીએ એક સાંધું નિવેદન વાંચી સંજળાવ્યું અને વધુમાં જણાવ્યું કે મલાયામાં હિંદીઓને કંઈ પશ્ચિમ જાતીઓના સલા નથી અને તેઓ સમજા આર્થિક અને રાજકીય કોં સમાનપણે મોમવી શકે છે.

દેશના જનદેર જીવનમાં તેઓ પોતા નો પુરો હોયો આવે છે અને મોટા ભાગના હિંદીઓએ એ દેશના નામ-રૂઝો તરીકે ત્યાંના સામાન્ય સવાલો ને માટે સાથે મળીને કામ કરવાનો દાવ કરેલો છે.

મોરીશસ

મોરીશસથી-ત્યાંની કન્ડો મોરીશસ એસોસિએશને એક મજબુત ડેલીગેશન મોકલ્યું હતું. તેના પ્રમુખ ડેલીગેટ બી. આર. સીનીવાસને એ ટાપુમાં હિંદીઓના આમનને પ્રતિકાસ આપ્યો અને કહ્યું કે આને હિંદીઓની વસતી ને કે ત્યાં સોધી વધારે છે તેમ જતાં તેઓ પોતાની બહુમતીને ઉપયોગ બીલ વગેરેના ગેર લાભમાં એ ટાપુનો રાજકીય અંદાજ પોતાના કાયમાં લઈ લેવાને કરવા નથી માંમતા.

મોરીશસના હિંદીઓ રાજકીય વહાલારીના સંજ્ઞમાં હાલ તરફ જોતા નથી. ઘણા અસા મોરીશસમાં જ જન્મેલા છે અને પોતાનું વતન ત્યાં કરેલું છે અને એ ટાપુને પોતાની રાજકીય વહાલારી આપી રહ્યા છે, તેનો અર્થ એવો નથી કે પોતાના પુર્વજો આપેલો મહાન હામકિ અને સંસ્કૃતિ વારસો તેઓ જીવી

અથ છે. એ બાબતોમાં એ દેશના જીવન માં પોતાનો ફોલો આપવાને પોતાનું બનતું કરવાનો તેઓનો નિમ્મ છે.

તેમણે કહ્યું કે મોરીશસમાં કાલ રાજકીય લાભ આર્થિક મોરશ્વર ચાલી રહી છે. એક તરફથી મોરો વર્મ આર્થિક રીતે કંગાલ છે અને મેળવણીમાં પહોંત છે અને પોતાની ઉત્પત્તિ કરવા પ્રયત્નો કરી રહી છે અપાર બીજા તરફથી સ્થાપિત કોં ધરાવનારા લોહો, જેઓ મુશ્કેલ જીવન, મોલો અને દે.લતની માલીકી ધરાવી રહ્યા છે તેઓ રાજકીય અને આર્થિક સલા પોતાના કાયમાં રાખવા નો પ્રયત્ન કરી રહ્યા છે.

અંતમાં તેમણે કહ્યું કે લાંબા હિંદીઓ અન્ય વગેરે સાથે સંયુક્ત રાજકીય સંરચા સ્થાપી રાજકીય જીવનમાં સમાન ભાગ લઈ રહ્યા છે.

દક્ષિણ આફ્રિકા

સ.ઉ. આફ્રિકન ઇન્ડિયન ડેમેસ તરફથી બી. ઇ. ને. પોલેએ દક્ષિણ આફ્રિકાના હિંદીઓની કાઝમારીઓ વિશે નિવેદન કર્યું હતું. મુખ્ય વસ્તુ તેમણે એ કહી હતી કે દક્ષિણ આફ્રિકાની સરકારના જીલ્લા કાયદાઓને હિંદીઓ અને આફ્રિકાને સાથે અજો સામનો કરી રહ્યા છે.

બ્રીટીશ ગીયાના

બ્રીટીશ ગીયાના તરફથી બી. હાઇરે પોતાના ખાનગી દરજ્જામાં બોલતાં જણાવ્યું કે એ સંરચાનમાં હિંદીઓની વસતી સૌથી મોટી છે અને કુંક સુવત્પર થયેલી સામાન્ય સુદષ્ટમાં તેઓએ ખતમી આપ્યું હતું કે નવા સાંવજનિક મતાધિકાર માં તેઓ પોતાની બહુમતીને કુરુપોલ કરવા મામતા નહેતા. ત્યાંની ધારા સભામાં આફ્રિકાને અને હિંદીઓ સભ્યો સુદાપા છે અને તંત્રમાં ભાગ લઈ રહ્યા છે. ત્યાં હિંદીઓ નો કરી ખાસ સલામ નથી. પરદેશો ના ડેલીગેટો અને પ્રતિનિધિઓ ઉપરાંત કોન નિવાસી હિંદીઓ પશ્ચિમ પરદેશોમાં વસતા પોતાના દેશ બંધુઓ પ્રત્યે સહનુશ્ચીતી આપવા કોન્ટ્રેન્સ માં હાજર થયા હતા.

અંગ્રેજોની સહનુશ્ચીતી

કાઉન્સિલના બેદ વચ્ચે કેટલાક પાસોમેન્ટના પ્રતિનિધિ સભ્યો, જેઓ એ આમંત્રણ સ્વિકારેલું હતું, ઉલ્લી પડીએ સેન્ટ્રલ આફ્રિકન ફેડરેશનના સલાસપરની અચો માટે પો.મ.ન્ટમાં મોકલ્યુ મવાથી તેઓથી કોન્ટ્રેન્સમાં હાજરી આપી લાકાઈ નહેતી. તે સમજાઓએ બેદ કરાંઓ હતો, રાઇડ એન. એસ.મોરીશસે કાઉન્સિલના પ્રતિનિધિઓને સલામોની અચો કરવા મુલાકાત આપવા કહ્યું હતું. બી. ફેનર બ્રાઉનને જણાવ્યું હતું કે આફ્રિકામાં હિંદીઓને મુરોપીવનો

અને આફ્રિકાના વચ્ચે કાપાડી તરીકેના દરજ્જાને યોગ્યતાની તક છે. તેમણે કહ્યું કે દીંદાના વડા પ્રધાન શ્રી. નેહરુ એ આફ્રિકાના અને અન્ય રચનાના દીંદાઓને જે જે દેશમાં તેઓ વસી રહ્યા છે તે તે દેશોના અન્ય વાતીઓ સાથે ઘણા મળીને રહેવાની શીખામણ આપેલી છે એ તેઓએ પાળવી જોઈએ. તેમણે કહ્યું કે સમગ્રી જાતીઓને મારે સ્વતંત્રતા અને સમાનતા યોગ્યતા પોતે સમગ્રી મદદ આપવા તકવાર છે. દક્ષિણ આફ્રિકામાં દીંદાઓ અને આફ્રિકાના સાથે મળી કામ કરી રહ્યા છે તેનું તેમણે ખાસ સદૃષ્ટિ સૂચન કર્યું હતું.

રાષ્ટ્ર જોન. જોન કમીસે સદેશો પાલવતાં જણાવ્યું હતું કે કામનવેલ્થ ના યજ્ઞ ભાગમાં દીંદાઓએ ભજવેલા મહાન ભાગ તેમણે નિહાળ્યો છે. બિલિયના વર્ષોમાં તેઓએ હજુ વધારે અજાણ્યો ભાગ ભજવવાનો છે.

કેન્દ્ર-સભા શ્રી. દેનરૂ એસ. જી. પોપ્પાક, જેઓ પરદેશના દીંદાઓના સલાહને વિષે છેલ્લાં ૩૦ વર્ષ થયા કામ કરી રહ્યા છે અને અનેક પરદેશની સંસ્થાઓ સાથે જોડાયેલા છે. તેમણે તેમજ રાષ્ટ્ર દેરફડ સેશીય, જેઓ દક્ષિણ આફ્રિકામાં ખીન-જોરા ઓના સલાહમાં કામ કરી રહ્યા હતા અને લાંબી મુદ્ત કામ દીંદામાં વસવાટ

કરી રહ્યા હતા, તેમણે કેન્દ્ર-સભામાં ભાંધણા કરી હતી.

કેન્દ્ર-સે નવ દરાવો સર્વાતુમતે પસાર કર્યા હતા. જેમાંના કેટલાક નીચે પ્રમાણે છે :

(૧) (અ) પરદેશમાં વસતા સમગ્ર દીંદાઓ જેઓ, જે દેશમાં વસે છે તે દેશને પોતાનું વતન મહુતા હોય અને તેને જ પોતાની વહાદારી આપતા હોય, તેઓએ સંપૂર્ણ નામરીક્ષની જવાબદારીઓ સ્વિકારવી જોઈએ અને તેના બદલામાં તેઓને જે દેશના સમગ્રા અન્ય નામરીક્ષ સાથે સમાન હોય અને હુદોની બાંહેધરી આપવામાં આવવી જોઈએ. (ખ) પરદેશમાં વસતા દીંદાઓ, જેઓ પોતાના મુળ વતનના રાષ્ટ્રી તરીકે રહેવા માગતા હોય, તેઓએ ખીનભાષી પરદેશીઓને દરજ્જાને સ્વિકારવા તકવાર રહેવું જોઈએ; જેનો અર્થ એ થાય છે કે તેઓથી નામરીક્ષતા હોયના કાવો કરી નહિ શકાય પરંતુ કાપડાની નજરમાં તેઓ તે સમાનતાની બાંહેધરી મળવી જોઈએ અને તેઓની જાતનું અને તેઓના માલ મીલકતનું રક્ષણ મળવું જોઈએ.

(૨) પ્રત્યેક પરદેશમાં ત્યાંની આખી કામનું સામાજિક જીવન અને દરજ્જા સુધારવાને અને બિલ જાતીઓ વચ્ચે સારો સંબંધ સ્થાપવાને સમગ્રી કામે

નું પ્રતિનિધિત્વ ધરાવતી એક સામાન્ય સામાજિક સંસ્થા સ્થાપવાના માર્ગો યોજવા.

(૩) કામીવાદ, જે ધર્મ, જાતી અને પ્રતિક બેદાના કારણે પરદેશમાં વસતા દીંદાઓમાં ઝાણા વધતા પ્રમાણમાં પ્રચલિ છે, તેનો ખત સાધવાના ઉપાયો યોજવા.

વિવિધ ખબરો

ગ્રુપ એરીયાઝ એક્ટમાં સુધારો થશે

૧૯૫૦માં પસાર થયેલો ગ્રુપ એરીયા એક્ટ, જેમાં ૧૯૫૨માં સુધારો કરવામાં આવ્યો હતો, તેમાં હવે વધુ સુધારો કરવામાં આવશે. ને સમય હશે તો આ સુધારાઓ પાલોમેન્ટની બા એક્ટમાં પ્રસ્તાવનામાં આવશે, નહીંતર આવશે નવે" રજુ કરવામાં આવશે. ડીપાર્ટમેન્ટ ઓફ ઇન્ડી-રીયર તરફથી જાણવામાં આવ્યું હતું કે ગ્રુપ એરીયાઝ એક્ટના બે હેતુ હતા: (૧) એક પ્રાંતને બીજા પ્રાંતના વસવાટના સત્તામાં પેસતા અટકાવવા અને (૨) જુદી જુદી પ્રાંત એક માટે માસીયા અને વસવાટ માટે જુદા જુદા થતા સુકર કરવા.

માનવામાં આવે છે કે આ કાયદા થી પહેલો હેતુ જળવાયો છે પરંતુ બીજાની હેરફેરમાં અને નફાચોરોના કાયદે લીધે બીજો હેતુ જળવાયો નથી. નવા સુધારાઓથી માનવામાં આવે છે કે બે હેતુઓ જળવાયો: (૧) અધી-કારીઓને ગ્રુપ એરીયા માટે બીજાત ખરીદાનો દર મળશે અને (૨) બીજાતની હેરફેર માટે અધીકારીઓને વધુમાં વધુ અને ઓછામાં ઓછો આવ સુકર કરવાનો દર મળશે.

આ સુધારાઓ યુનાઇટેડ પાર્ટીએ ડી. ડેવિસ પાસે ૧૯૫૦ અને ૧૯૫૨ માં મંજૂર કરાવ્યા હતા તેને મળતા છે. પરંતુ તે વખતે ડી. ડેવિસે તે સુધારા ની સાફ ના પાડી હતી

"રૂઢ" ૫૪ આ બાબતમાં લખે છે કે, "સરકારની આ વધુથી એવજી માન્ય પદ છે કે ગ્રુપ એરીયાઝ એક્ટ કાયદામાં છે તે જુનજ જુલથી અને જરાવર નહીં મનાવેલો કાયદો છે. અને પાલોમેન્ટે નેશનલિસ્ટોના પ્રચાર માટે તેને કિતાવલે પસાર કર્યો હતો."

હિંદુ જનસંઘના નેતા ડી. હવામા પ્રસાદ સુકરેટ્ટ ૨૩મી તારીખે હાલ એટલેથી મરણ પામ્યા હતા. તેમની ઉંમર ૫૨ વર્ષની હતી. તેમને આમલે દીવસે સુરસીના કારણે જેલ માંથી નરસીમ હેમમાં લઇ જવામાં આવ્યા હતા. તેઓ મેની ૧૧મી તારીખથી જેલમાં હતા. ડી. સુકરેટ્ટ અને બાળ જેલ કાલગરમાં દાખલ થવાના કાયદાના જંગ કરવા પદ્ધતિ કરવામાં આવ્યા હતા. ૧૯૪૭ માં પ્રથમ વખત કાલગરમાં આવનારા જાણ પાસે દાખલ થવાની ૫૨મીટ હોવી જોઈએ, પરંતુ ડી. સુકરેટ્ટએ આ ૫૨મીટ માટે માગણી કરવા ઇનકાર કર્યો હતો.

દક્ષિણ આફ્રિકા આવતા વધુ

હિંદી કદબો મુખ્યથી તા. ૨૮મીએ કર્ણન આવેલી કર્ણ રિટમરમાં લગભગ ૩૦૦ કેક પેસેન્જરો આવ્યા જેમાંના લગભગ અડધીથી આફ્રિકાના કોઈ કોઈની કોઈએ અને ઉત્કલમાં હતા. ફેબ્રુઆરીની ૧૧મી તારીખે ડી. ડેવિસે કર્ણ જાહેરાત પછી લગભગ ૬૦૦ હિંદી કોઈએ અને ઉત્કલમાં આ રેલમાં આવ્યા ગયા. ડી. ડેવિસે કહ્યું હતું કે આ વીચ પાલોમેન્ટની આવતી એક્ટમાં રજુ થશે અને કાયદો ફેબ્રુઆરીની ૧૦મી તારીખથી અમલમાં આવેલો ગણાશે. આજ સુધી જેટલા આવ્યા છે તેમને ઇન્ડિયન અધીકારીઓ તરફથી તેઓ પોતાના જોખમે આવે છે કવિ એતવણી આપ્યા પછી ઉત્કલ દેવામાં આવ્યા છે.

મી. એવન્સે મી. લીટલ્ટનપર સુકેલો આલેખ

કાયદામાં કેનાયી ડીપેટ કરવામાં આવેલા ઓટીસ વગીસ, મી. પીટર એવન્સે હિંદમાં કહ્યું કે ઓટીસ કરોની પસ સેક્ટરી મી. લીટલ્ટને ઇતીહાસમાં લેડ નોર્થની જગ્યા લીધી છે. (ફોર્મ જોઈને જીળના વખતમાં લેડ ને, થઈ વડા પ્રધાન હતા અને તે વખતે અમેરીકન કોલોનીઓએ બીટીસ સત્તા સામે જુદાક કહ્યું હતું) મી. એવન્સે રીપોર્ટરોને કહ્યું કે જ્યાં લગી કોલોની એ મી. લીટલ્ટનના દાયમા છે ત્યાં સુધી કેનાયી સ્વીતી સુધરે એમ નથી. "અને આથી છે કે અતે બીટીસ સરકાર કેનાયી પરીચીતી સમજશે જેથી વધુ પેસા અને લોકી રેડાય નહીં." મી. એવન્સે લગભગ ગણ મહાના હિંદમાં રહેશે.

વીક્ટોરીયા ફાઉન્ડેશન પહેલાં કેલે રોકાયો

૧૯૮૫માં કેનીઠ લીવોર્થરને આ ઘોષ જોયો. એમ કહેવાય છે કે ગેરસામાં તે પહેલા હતા છતાં ડી. મરુવ એસ. પ્રવેરે લખેલી "કાપજી વાન સુપરીખાન" માં જતાવ્યું છે કે કીખાતન પ્રત કહે (જેઓએ મોઝામ્બીકની પશ્ચિમને ભાગ એક્સપેર કર્યો હતો) તેમણે કામખીતી નદીપરને આ મહાન ઘોષ લીવોર્થરને કરના ૨૦ વર્ષ આઝાદી જોયો હતા. પહેલાના પોટુગીઝ એક્સપેરેરો કે ગેરા યીકારીએ, વેપારીએ વીગેરેએ આ ઘોષ કાલે કીખાત કરતાં વધુ આઝાદી નહીં જોયો હોય તો માનવામાં આવતું નથી.

રોઝનબર્ગોની ફાંસીપર રશીયા નો સુરસો

સોવિએટ એક્ટમી એફ સાયન્સના પ્રેસીડન્ટ, મી. નેસમેયનેએ કહ્યું કે, "એમલ અને જુલિયસ રોઝનબર્ગોના પુત્રથી આખી સોવિએટ પ્રાંતમાં સુરસો આવ્યો છે" કોમ્યુનિસ્ટ છાપા "પ્રાવદામાં" મી. નેસમેયનેએ કહ્યું કે, "બીન-યુનનર આદમીએને હલેકટીઝ ગેર આપવાથી અમેરીકન ન્યાય અને મનુષ્યત્વનો બહુ સારો કામલો બેસતો નથી."

મી. હમેન્સલ પ્રેરો, રોઝનબર્ગો ના વડીલે રમશાન માત્ર વખતે બોલતાં કહ્યું કે, "આ કાયદી જાણી જોઈને યુન કરવામાં આવ્યું છે. જાહેર જનતાએ જાણ્યું જોઈએ કે અમેરીકનો સીવીલીયનને વેચ ખારજ કરેલા મીલોટરી કીકેટરથી કોરવાઇ રહેલા છે."

"સ્ટેટસમેન" ના એડીટર, મી. જી. જોનસને ૧૦૦૦ પાઉન્ડની એક આપવા કહ્યું કે બધા સેલો ટેનસીંગની સરખાત અબીમાન લે છે. હવાઇ અમકપર બધા રીપોર્ટરો એ "માઉન્ટ" એવેરેટના ડીપરપર

તેમણે સર લીલરી કરતાં પહેલો ૫૪ મકરો હોવાના હોવાલોથી વધાવી લીધા હતા." ટેનસીંગે કહ્યું કે તેઓ બન્ને સાથે ઉપર પહોંચ્યા હતા અને તેમણે એક્સપીટીયન સાથે બીટન જવા ઇનકાર કર્યો નથી. ટેનસીંગ લંડન મવા છે.

બીન-યુરોપી ફાન્સપોર્ટપર કાઉન્સીલની તપાસ

ટ્રેમવેઇઝ અને લાઇટીઝ કમીટીના એરમન મી. કમ્પ્લુ. એચ. હેરિસને કહ્યું કે જોહાનસબર્ગ સીટી કાઉન્સીલ ની નીતી ક્યાં સમય હોય ત્યાં, જુદી નેટીવ ટ્રેમો રાખવાની છે. આખી બીન-યુરોપી પ્રાંતના ફાન્સપોર્ટ વીરો કાઉન્સીલ તપાસ કરી રહી છે. જુદી મ્યુનીસીપલ ટ્રેમો અને બસો લગભગ દર મહીને ૧૦ લાખ નેટીવો ને લઇ જાય છે. કાઉન્સીલના એક નેશનલિસ્ટ સમયે કહ્યું હતું કે એશીયેટીક અને કહોને સુરોપીઓ સાથે બેસવા દેવા એ સરમ બરેલું છે. એશીયેટીક અને કહો માટે જુદા વાહનો રાખવા થી અને બીન એપાર્ટહેડના કાયોથી ફાન્સપોર્ટને ખર્ચો વધશે. એશીયેટીક અને કહોને સુરોપી વાહનોમાં જવા માટે ૧૯૧૩ના સુધીય કોર્ટના સુકાદ થી હકક છે. તેમણે ટ્રેમો અને બસો ના ઉપર બામમાંજ પાછળ બેસવું જોઈએ

નેટીવોની માંગણી

ભારતનો પત્ર

(અમારા અનુભવી તરફથી)

સુવર્ણ તા. ૧૬-૬-૫૩.

માનવીની કુદિમતા અને સાહસિકતા ને પડકારતું અજીત જીવેલું હિમાલયનું ગ્રામીણ શીખર આખરે જીતાયું છે. માનવીનું કાળથી-પાંડવોના સમયથી ભારત વાસીએને 'હિમાલય માળ વાનું' આકર્ષણ રહ્યું છે. વિશ્વભરમાં સૌથી લઘુ આ શીખર પર પ્રથમ ચડનાર પશુ એક હોદી છે. તેનું નામ છે શેરપા તેનસીંગ મોરે, તેનસીંગને જન્મ તેપાલમાં થયો હતો, પણ પાછળથી છેલ્લા વીસ વર્ષથી તે બંગાળના દારૂહોલિય શહેરમાં રહે છે. તેનસીંગ પછી ૨૯૦૦૨ કુટ હવા આ શીખર પર ન્યૂઝીલેન્ડનો વતની હીલરી ચાલે હતો.

ભારતમાં બ્રિટીશ રાજ્યની સ્થાપના પછી, એક બંગાળી સર્વેયરે ૧૮૫૨માં વિશ્વનું આ લઘુમાં લઘુ શીખર શોધી કાઢ્યું હતું. આ બંગાળી નાની પાવરીનો મોઢો હોવાથી, એ વખતના ભારતના સર્વેયાનાના વડા સર જોર્જ એવરેસ્ટનું નામ આ શીખરને આપવામાં આવ્યું હતું. ૧૮૫૨ પછીથી શીખરને જીતવા માટે કુરાપીખો દારૂ આઠ વખત પ્રયત્ન ચલાવ્યો, પણ તે નિષ્ફળ ચલાવ્યો. હવે ભારત સરકારે પોતાના પુરાતત્વ ખાતાને આ શીખરનું ગ્રામીણ હોદી નામ શોધી કાઢવાનો કુશળ કયો છે. આ હરમી ધાન આ શિખરને 'તેનસીંગ શિખર' એવું નામ આપવાનું સુચન થયું છે. ભારત સરકાર, નેપાળ સરકાર, બંગાળ સરકાર અને સોરાષ્ટ્ર સરકારે તેનસીંગનું બહુમાન કરવાનો અને તેને ઇનામ આપવાનો નિર્ણય કયો છે.

કર્નલ હન્ટની, આગેવાની હેઠળ બ્રિટીશ કુહી એવરેસ્ટ પર વિજય મેળવી, એ વિજયને રાણી એલીઝાબેથ ને તેના રાજ્યપરોક્ષ પ્રસંગે લેટ થરવાના મહત્તમ ઇનામથી સન્માન કરવા ઉપદી હતી. શેરપા તેનસીંગ, જેણે આ પહેલાં યેસી ટમાંથી ૭ ચલાઈ જોમાં આમ લીધો હતો, અને દરેક વખતે કુહીની સગમત મોખરે રહ્યો હતો અને સ્વીસ પર્વતારોહકોએ, હિમાલયની ચલાઈમાં અનિવાર્ય અણબનાવો હતો, તે પણ આ કુહીના સગમત તરીકે સાથે મેળો હતો. તેનસીંગ બૂન કાળના અનુભવેને લીધે આ વિસ્તાર નો ભોમિયોન બની ગયો હતો તે મરીય છે. જ્યાં તેના વિના ચાલે એક ન હોવાથી અમેરિકાએ તેને સાથે લીધો હતો.

આ કુહી સાથે બસે શેરપા મજૂરો આજે જ કંઈક રજા વળનનાં સાધન સામગ્રી અને યોગ્ય સાથે

ચલાવ્યો. કર્નલ હન્ટની આ કુહી એ ૨૭૦૦૦ કુટની હવાઈએ સાતમી હાવણી નાખી હતી. આ હાવણીમાં બધી સાધન સામગ્રી ઉતારી. ત્યાંથી એવરેસ્ટ પર આખરી ચલાઈ લઈ જવાની હતી. તા. ૨૬મી મેના રોજ મોડીલોન અને હવા-સે પ્રથમ પ્રયાસ આરંભ્યો. તેમને સહાય કરવા કર્નલ હન્ટ અને ત્રણ શેરપા તેમની સાથે ચલા. પરંતુ તેઓ સાઉથ ડાઇ નજીક પહોંચ્યા ત્યાંજ તેમની પાસેનાં એકસી જનનો જથ્થો ખુટી ગયો અને તેમને પાછા ફરવું પડ્યું. આટલી હવાઈએ હવા ધણીજ પાતળી હોય છે અને

તેમાં માનવીને જીવવા માટે જરૂરી ઓક્સીજન (પ્રાણવાયુ) નું પ્રમાણ મહત્ત્વ જોખું હોય છે. મોડીલોન અને હવા-સેને આટલે ઉંચેથી એક હરીકેત જણાઈ કે એવરેસ્ટ પર ચડવાનું થયું મુશ્કેલ છે, પણ અશક્ય તો નથી જ.

બીજા દિવસે સવારે સાત વાગ્યે તેનસીંગ અને હીલરી, ઈમરી, લોવ અને એક શેરપાની બનેલી સહાયક કુહી સાથે સાતમી હાવણી છોડી એવરેસ્ટ પર વિજય મેળવવા નિસ્યો. મોરે બરફથી હાથેલા અને હમબજ સીમાં ચલાવવાના આ શીખરની ટે.એ પહોંચવાનો પ્રયાસ કરતાં પહેલાં, શિખરની શક્ય તેટલી નજીક એક હાવણી ઉભી કરવા માટે તેનસીંગ અને હીલરીએ ચોટીક સપાટ જગ્યા ની શોધ કરવા માડી. મોરે બરફ અને હડી હડી પાછો; એક પગલું ચુકે એટલે સીધો રતજો સીધાવે.

એકસીજન થીમે થીમે ખુદવા ભાગ્યે. બને ભારોહકોએ પચાસ-સાઠ રતજ વળનનાં સાધન સામગ્રી હમબજા હતા. ચાકમાં પાક્યા તેઓ હસી. સુધી આમ તેમ બંટકાયા, પરંતુ યોગ્ય જગ્યા ન દેખાઈ. આખરે તેનસીંગ ને લેન્ડર્ટ પોઇન્ટ પાસેની એક જગ્યા યાદ આવી મહા મુશ્કેલીએ ખડો કુશલતા તેઓ લેન્ડર્ટમાં ચડ્યાં 'કે' જગ્યાએ પહોંચ્યા અને જ્યાં ૨૭૦૦૦ કુટની હવાઈએ-અગ.કે હાઇ કાળા માથાના માનવીએ નહોતી સ્થાપી એટલી હવાઈએ આજે હાવણી સ્થાપી, એ પછી તેનસીંગ અને હીલરીને ત્યાં રહેવા હાઇ ઈમરી અને બીજા સાતમી હાવણીએ પાછા ફર્યા. તેનસીંગ અને હીલરીએ હીમાલય દિત આ પહાડ પર તંબુ બેઠામાં બે કલાક ચાલ્યા. તંબુ બે સપાટીએ બાંધ્યો હતો. વચ્ચે એક પથરીયું

રસોડાનું રમખાણ? ફાન: ૬૩૦૦૪

સનૂન...મમ...મમક...! કરતાં સુરેશ ટેમલ ઉપરથી માળી, વાકાકા ઉઠાવવા માંડ્યાં, અને તીવ્ર સ્વરે તકરો; "આટલો જમાનો ગયો અને તારી રસોઈમાં કંઈ ઠેકાણું નથી! આ રાજ ફુલેલી, આ બજામાં કંઈકરી, મમકા કાઢજી..."

સરલા, ઉમ સ્વરે કંઈપાંત કરતાં બોલી; "હવે તો હું તમારાથી કંટાળી છું. શ્યો આ તમારી દીકરી મંછી અને પાક્કી, અને હું આ ચાલી..."

એટલામાં સરલાની નજીક, કુસુમ, પડોચમાંથી આવી પહોંચે છે. "શુ થયું છે બાબી, કડો તો ખરા?"

"જુએને આ તમારા બાપ કામની ઉત્તાલને નેવે-તેવે માત લાવે અને પછી રસોઈમાં મારો વાંક કાઢે! ગાંધી કાલે હજી લાવેલા તે સાથ જુની હતી, અને હવે કહે છે કે રાત્રે ફુલેલી છે. મળના ભોટમાં ઝીપ્પી કંઈકરી લેવ તો પછી બજામાં આવેજ ને!"

કુસુમ: "જુએને બાપ! આમ બાગીને વાંક તમે હરથડીએ કહાડો એ હીક નહિ. હમારે જ્યાં પણ અમારે આમજ પ્રતિદિન રામાયણ-મદાગારતનું કુલ થતું હતું, પણ જે દિવસથી હમે ડરજનથી, પરંતુ કોટાઈએ ને લાગી મામ મંગાવવા માંડ્યો, તે દિવસથી મરમાં મુનેક થઈ ગઈ. એમને લાંબી ચોકનો માલ, તે પણ કિંમતવાળા સાથે, અને ઘણીજ ત્યરીત ગતીએ ચળી રહે છે. ઉપરાંત તેઓ પ્રત્યેક ગાંધીયદ-કોટાઈ-કરીયાણું-મર-ગણુ ક્યાએ-ક્યાએ-પુજા, સમાધા, વિ. રાખે છે, એટલે હમારે કાંઈ ચીંતા કરવાનું રહેતું નથી. કહત બે પેનીને સ્થાપ્ય મારી પણ લખ્યો એટલે નિર્મિત!"

દ્રવ. તેનસીંગ નીચલા ભાગમાં અને હીલારી ઉપલા ભાગમાં બેઠો. જેનું અંધારું થયું છે, તેમણે ઉપલા માટે થોડોક ઓક્સીજન લીધો. પણ એ પછી ઓક્સીજનને બાજુએ ધુકી સ્ક્રીઇન્સ અને બીરજોટો ચાલવાનું રાત્રે બાહ્ય રાખ્યું અને એવી રીતે પ્રાણવાયુ મેળવીને કહી રહ્યા. રાત બહુ ઠંડી હતી શાંત હતી. સવારના ચાર વાગ્યે તેમણે બરફથી ધીજી ગયેલા પોતાનાં ભેંજાને રત્ન પર તપાવીને ઠીક થયો. ધજી બહાર નજર કરી પડેા દિયું શાંત અને નિર્મળ હતું. હવા મળ અનુકૂળ હતું. સવારના છ વાગ્યે તેઓ અંતમ અઢાઈ માટે મેંદાને પડ્યા. રસ્તામાં બરફના ઢેર ખુદતા ખુદતા ધીમે ધીમે તેઓ દક્ષિણ શિખર તરફ આગળ વધ્યા. અહીં કયાંય તેમને તેમની અમાઈ આવી ગયેલા કહેવાતા બોર્ડિંગ અને હવા-સના પમલાં દેખાયાં નહિ. એટલે તેમને બરફમાં ધી રસ્તા કરવા સળંગ અપન કરવો પડેા હતા. ધીમા અંતરે તેમણે પર્વતમાળાને કહિન ધામ વડાવેા.

સમય ૯ વાગ્યે તેઓ એવરેસ્ટથી અંધો માઇલ દુર આવેલા દક્ષિણ શિખર પર પહોંચ્યા. ત્યાં તેઓ હસેા મિનિટ રોકાયા અને ઓક્સીજનનો છુરો થોડીક વાર કાઢી નાખીને અખતરેા કર્યો, પણ તેમના પર હવા માનની કાંઈ બરાબ અસર થઈ નહિ. તેમની મુખ્ય ચિતા ઓક્સીજન ખુદી બવાની હતી. એટલે તેમણે ઓક્સી જનના પુરવઠામાં પચીસ ટકા કાપ કીધેા. હવે તેઓ એવરેસ્ટના ઉંચા અડક નજીક આવી પહોંચ્યા હતા કે ભ્યાં પહેલાં કદાપી દાર્ઢ માનવીએ પગ કીધેા નહોતેા. તેઓ અડકની પશ્ચિમ બાજુએ ગયા અને ત્યાંથી આડ-ટોકડા અને કયાંક કયાંક સાવ સીધા ચડાણે ચડતાં બહુજ ધીમા અંતરે આગળ વધ્યા. એક અઢાણ ચડી બપ, એટલે તેમને સાંજે કે, પહોંચી ગયા ત્યાં તો સાથે વધુ અઢાણ છુટું જ હેા.

આખરે તા. ૨૬મીની સવાર ૧૧-૩૦ કલાકે તેઓ એવરેસ્ટના સદાશ હીમાચ્છાદિત શિખરે અગામાં સહજ થયા. તેનસીંગ દોરડું કમરે બાંધીને ઉપર ચડેા હતા. અને વારંવાર હીલારીને ઉપર ચડવામાં ટેા આપતા હતા, તેણે સોધી પ્રથમ ચિચના આ સર્વોચ્ચ શિખર પર પગ કીધેા હતા. તેનસીંગે એક દોરીમાં બાંધેલા કારત, નેપાળ, બ્રીટન અને સંયુક્ત રાષ્ટ્રોના ખજન કાઢ્યા અને ત્યાં રેાધ્યા. તેન સીંગ પ્રથમ આ બબ્બેને પકડીને હાથે રાકી અને હીલારીને દોડા પાડ્યા. બીજા ધર્મમાં માનતા તેનસીંગે ત્યાં હપરને પ્રાર્થના કરી અને થોડાંબેડ, બીરજોટ અને મીકાક મસાક તરીકે ધરી. બનેએ ત્યાં વીસ મિનિટ આળા

ખાધું અને દોડા લીધા. ૧૧-૫૦ કલાકે તેમણે પાળા નીચા ઉતરવાનું શરૂ કયું. ઓક્સીજનના મર્યાદિત પુરવઠાને કારણે તેઓ ઉપર વધુ વખત રોકાઈ ન શક્યા, તેઓ સીધા દક્ષિણ શિખર તરફ આગળ વધ્યા. ત્યાં તેમને ભેા નેાખસ અળ્યા: સાંજે ૪-૨૦ વાગ્યે તેા તેઓ પાળા સાતમી હાવણીએ પહોંચી ગયા.

તેનસીંગ પ્રથમ પહેાંચેા અને તે અને હીલારીના અઢાણનાં વધુનેાં ધિલીશ કુકડીના આગેવાન તરફથી રેડિયો દ્વારા નેપાળના પાટનગર કાંઠ મંકુ ખાતેના બ્રીટીશ એલમ્બી ખાતાને મળ્યા હતા અને ત્યાંથી વિશ્વભરમાં ફેલાયા હતા. પરંતુ પાળળથી કનંઈ હન્ટ અને બ્રીટીશ પત્રકારોએ, તેન સીંગને ઉતારી પાડવા અને હીલારીને આગળ કરવા યોરો પ્રચાર શરૂ કર્યો. કાઠ મંકુમાં પહોંચ્યા પછી કનંઈ હન્ટે એવું ઘેવકુસી બહુ નિવેદન કયું હતું કે, તેનસીંગનો પહોંચેા ચડવાનો અનુભવ અર્થોદિત છે. એટલે કે તેને ચડતાં બરાબર આવડતું નથી! જેનું ણન આપું હિમાલયના યોગે અનુ છે અને જેને સાત-સાત વખત ધુરોપી થન કુકડીઓ પોતાની સાથે મામં દરકે તરીકે એવરેસ્ટ પર ચડાઈ કરવા લાઈ ગઈ હતી અને જેને સ્વીસ કુકડી ના નેતાએ અનિવાર્ય તરીકે મણુલ્યો હતો, તેને પહોંચેા ચડવાનેાં અનુભવ નથી, એમ કહેતું કેટલું યુર્પીઈ બહુ છે! તેનસીંગ કનંઈ હન્ટની આવી વાતથી રેાથે બરાથેા. તે ઉદારતા કાપવીને એમ કહેવાને તકમાર હતા કે, હીલારી અને તેઓ બંને સાથે ઉપર પહેાંચ્યા હતા. પરંતુ આવી સાવ એકડી નાઈ સ્વીકારવાને તે તકમાર નહોતેા. એટલે કાઠમંકુમાં આ કુકડીના માનમાં બ્રીટીશ એલમ્બી ખાતા એ પોતેલા સમારંજમાં તેનસીંગ કાનર ન રહો અને તેણે બ્રીટીશ સરકારના આમંત્રણને માન આપીને બ્રીટીશ કુકડી સાથે ઇંગ્લેન્ડ બવનેા જે નિર્ણય કર્યો હતો, તે પણ ફેરવ્યેા.

તેનસીંગ કાઠમંકુ પહેાંચેા ત્યારે નેપાલી સરકાર અને પ્રળ તરફથી તેનું ભળ્ય સ્વાગત કરવામાં આવ્યું હતું. અત્યારે હિમાલયના વિવિધ અજળ શીખરો સર કરવા અડિ હ કુકડીઓ પ્રવૃત્તિ કરી રહી છે. આમાં જે કુકડી એા કાંઈ છે. આમાંની પહેલી દોડી કુકડીને, અત્યાર સુધીમાં મલ્યા પ્રખતેા હતાં ન જતાંયેલી ૨૨૧૫૦ ફુટ ઉંચા પંચકુસી શીખર પર ચડવામાં સહજતા સાંપડી છે.

બીજી દોડી કુકડી ૨૫૪૪૦ ફુટ ઉંચા કામેટ પર્વત પર ચડવા અડ છે. આ પર્વત પર ચડવામાં ૧૬૨૧ માં ફેન્ક રમાથને સહજતા સાંપડી હતી.

સોધી મોટી કુકડી ૨૮,૨૫૦ ફુટ ઉંચા અને અત્યાર સુધી અપર્યાપ્ત રહેલા મેાડવીન ઓરટીન પર્વત પર ચડવાનેાં પ્રયાસ કરી રહી છે. હ અંગેરિકનો, એક અંગેલ અને એક પાકીસ્તાનની બનેલી આ કુકડી પોતા ની સાથે ઓરો અનુરેા અને ૬૦૦૦ રતલ વજનની સાધન સામગ્રી લઈ અડ છે.

સા અર્મનો અને આરટીબનો ૨૬,૬૨૦ ફુટ ઉંચા નંઆ પર્વત પર ચડી રહ્યા છે.

માનસકુ પર્વત પર ચડવાનેાં પ્રયાસ કરતી નપાની કુકડીને પ્રથમ પ્રયાસ મા નિષ્ફળતા સાપડવાના સમાચાર છે.

હજી કુકડી જે અંગેલે-૨૨ વર્ષના હર્બર્ટ મોકે અને ૨૨ વર્ષની વપન, હેરી બ્રીટનની બનેલી છે અને તેઓ ૨૭,૭૮૦ ફુટ ઉંચા અકાકુ પર્વત પર ચડવાની કોશીસ કરી રહ્યા છે.

ગુજરાત, સોરાષ્ટ્ર અને કચ્છમાં ભારે મરમીનું મોજું ફરી વળવાના સમાચાર છે જેલ્લા પત્રમાં આપી ગયેા છે. કેકે ઠેકાણે પાણીની પણ લિમ અછત લેવી થઈ હતી. એમાં પાછો વરસાદ જે સામાન્ય રીતે હમી જુનની આસપાસ શરૂ થાય છે, તે એક અઢવાડીયું મોરો શરૂ થવાની આગાહી થઈ એટલે મોઠો એ પ્રાર્થના કરવા માંડી કે કે, મેમ રાત્રી-જલદી પધારેા! મેહરભ પધાપી —પધાપી જ નહિ પણ નાકભયા અને તે પણ એટલા ભેર સાથે કે મોઠાને ફરી વીનતી કરવી પડી કે હવે બચેા કરેા! મુખ્ય અને દક્ષિણ ગુજરાતમાં એક અઢવાડીયામાં એટલેા સખત વર સાદ પડયેા કે રેલવે અને વિમાન અવકાર બેારવડ ગયેા. દેકાણ અને વાનમાય વચ્ચે રેલવે લાઇન ધોવાઈ અડ અને જે પુસેને મોઠું તુકસાન થયું. દેકાણથી તે મુખ્ય સુધી ટ્રેન માં પ્રયાસ કરીએ તો નળે એમર

તળાવની વચ્ચે અવાસ કરતા હેાઈએ તેનું ભાગે. મુખ્યમાં ચાર દિવસમાં ૨૪-૬૨ ઇંચ પાણી પડ્યું, જે રામેતા મુખ્ય કરનાં ૧૨-૨ ઇંચ વધુ હતું. મુખ્ય ઘરેરમાં પણ નીચાણવાળા વિસ્તારમાં પાણી ભરાઈ ગયાં હતાં અને વઢાણ અવકાર બેારવાઈ ગયેા હતા.

જેક મહિનામાં આ વખતે લગ્ને થયા હતા. એમાં બરાબર બે દાંડણે જ ટ્રેનો અંધ પડી, એટલે બધી બનેા નીકળેલી અધવચ રખડી પડી હતી, અને ઘણા લગ્નેા ખડયા હતા. સોરાષ્ટ્રમાં પણ ફેરફાર થયેા સારેા વરસાક પડી ગયેા. સોધી વધુ વરસાદ વંચલી અને અમરેલી વિસ્તારમાં થયેા છે. બચસરા પાસે તથા વેરાવળ તરફથી રેલવેલાઇન ધોવાઈ ગઈ છે અને ઘેનુંજ નદીની સપાટી પણ ૪૦ ફુટ જેટલી થઈ અડ હતી અને ભારે પુર આગ્યા હતા. ગુજરાતમાં પણ ભારે વધોઈની નદીઓ ઉભરાઈ ગયાના સમાચાર મળ્યા છે.

વચ્ચે વચ્ચે કળણ વાવાઝોડું પણ આવી અડ્યું, જેથી કેટલેક ઠેકાણે રક્ષો છુટી પડ્યાના અને કુપેડા પડી ગયા ના બનાવેા બની ગયા. હવે રેલવે અવકાર બરાબર પાછો શરૂ થઈ ગયેા છે. એ કે કછ સમારેલી રેલવે લાઇન પર ધીરે ધીરે ગાડી કાંકરી પાલી હેવાની ટ્રેનો નિવત સમય કરતાં જે-જણ કલાક મોટી પડે છે.

ગોઠ રહી સોઢાપાટાઈનના બીન-પુરોષી સીનેમામાંથી સી આઇ. ડી.ની રેપેરીયલ સાંચના ડીટેક્ટીવેએ, ફિલ્મ આફીકાની હોદી કોમેલના બેઇન્ટ-સેક્ટરી મી. યુધ્ધ કાઝલીયાની પોસ્ટ હોમ પરથી મરપકડ કરી હતી. તેઓ કાપણ આપવા જતા હતા એટલામાં જ તેમને ગીરફતાર કરવામાં આવ્યા હતા. આ સમા સરકારની, વેસ્ટન નેટીવ ડાઉનશીપ, મારડીનોસ, સોફા પાટાઈન અને ન્યુકેસર કાદી નાંખવા ની નીતી પર વીમાર કરવા મળી હતી. આ વખતે બંદુકવાળા બીન પોલીસો સીનેમામાં કાપણ થવાની જગ્યાએ તેમજ સીનેમાના બેઠક-હોલ માં અડા થઈ ગયા હતા. મી. કાઝલીયાને, બીનીસ્ટર એફ જરસીસ, મી. સ્વાઈટ મુકેલા પ્રતીબંધનો જામ કરવા બદલ પકડવામાં આવ્યા હતા. બીન જણ હોદીએ, મી. બી. સાલુજી, મી. એ. એમ. કમારા અને મી. ડી. એન. નાથુને પોલીસની રકબટ મારે ગીરફતાર કરવામાં આવ્યા હતા.

દાખર હાલરતને આ સમા, મી. પેટીક ડંગનના સંજ્ઞાથી-કે તેઓ (મી. ડંગન) પોતાની અપીલ ખંચી સેરી અને તેમને થયેલી દીક્ષા-સ મારે ની ૧૦૦ દીવસ કેદની સજા પુરી કરશે-ગર કરી હતી. ત્યાર પછી કુક વખતમાં આ બીના બની હતી.

ત્યાર પછી સમા જગમગ બે હલાક આવી હતી અને સરકારની આ વધણ કામેના વિરોધમાં કરાવે પસાર કરવામાં આવ્યા હતા.

ટ્રેડ અને લેગર કાઉન્સિલના બેઠક જનરલ સેક્ટરીએ કહ્યું કે કાઉન્સિલની બીન્ટીના જવાબમાં બીનીસ્ટરેએ કહ્યું હતું કે પુરી તપાસ પછી જ ટ્રેડ યુનીયનના અધીકારીઓ સામે જનરલ લેવા માં આવ્યા છે.

પાસાંમેન્ડ સમક્ષ આવવાનું

નવું બીસ સનેટની સુધુગ બેઠકમાં ડા. મહાન જે બીસ રજૂ કરવાના છે તે "સ.જમ આફીકા એમે-કમેન્ડ એક્ટ

બીસ" તરીકે ઓળખાશે તે બીસની પાંચ ક્લમ્સ કલમે છે.

પહેલી કલમ ફિલ્મ આફીકાના એક્ટની કલમ ૩૫ (જે ન્યાયે છે કે કોઇનો પણ મતાધીકાર હક રમ અથવા જાતી કારણે બીનરી લેવામાં આવશે નહીં)ને રીપીલ કરે છે.

બીજી કલમ તેજ કાપણની કલમ બાવન ૨૬ કરે છે અને કલમ ૩૫ સાથેના સંબંધ શરી નાંખે છે.

ત્રીજી કલમ ૧૯૫૧ના "સેપરેટ રીસેન્ટેશન ઓફ મોશ્વેસ" એક્ટને પાછો બંધનીય બનાવે છે.

ચોથી કલમ ન્યાયે છે કે કોઇ પણ કોર્ટ પાછોમેન્ડે પસાર કરેલા કાપણની સામે વધિ દર્શાવી શકે નહીં.

આ બીસની છેલ્લી કલમ હકત બીસના મયાળાને પાછું અ્યાયે છે.

Equal Distribution Of Possessions

By Mahatma Gandhi

THE real implication of equal distribution is that each man shall have the wherewithal to supply all his natural wants and no more. For example, if one man has a weak digestion and requires only a quarter of a pound of flour for his bread and another needs a pound, both should be in a position to satisfy their wants.

To bring this ideal into being the entire social order has got to be reconstructed. A society based on non violence cannot nurture any other ideal. We may not perhaps be able to realize the goal, but we must bear it in mind and work unceasingly to near it. To the same extent as we progress towards our goal we shall find contentment and happiness, and to that extent, too, shall we have contributed towards the bringing into being of a non-violent society.

Now let us consider how equal distribution can be brought about through non-violence. The first step towards it is for him who has made this ideal part of his being to bring about the necessary changes in his personal life. He would reduce his wants to a minimum, bearing in mind the poverty of India. His earnings would be free of dishonesty. The desire for speculation would be renounced. His habitation would be in keeping with his new mode of life. There would be self-restraint exercised in every sphere of life. When he has done all that is possible in his own life, then only will he be in a position to preach this ideal among his associates and neighbours.

Indeed at the root of this doctrine of equal distribution must lie that of the trusteeship of the wealthy for superfluous wealth possessed by them. For according to the doctrine they may not possess a rupee more than their neighbours. How is this to be brought about? Non-violently? Or should the wealthy be dispossessed of their possessions? To do this we would naturally have to resort to violence. This violent action cannot benefit society. Society will be the poorer, for it will lose the gifts of a man who knows how to accumulate wealth. Therefore the non-violent way is evidently superior. The rich man will be left in possession of his wealth, of which he will use what he reasonably requires for his personal needs and will act as a trustee for the remainder to be used for the society. In this argument, honesty on the part of the trustee is assumed.

If, however, in spite of the utmost effort, the rich do not become guardians of the poor in the true sense of the term and the latter are more and more crushed and die of hunger, what is to be done? In trying to find the solution to this riddle I have lighted on non-violent non-co-operation and civil disobedience as the right and infallible means. The rich cannot accumulate wealth without the co-operation of the poor in society. If this knowledge were to penetrate to and spread amongst the poor, they would become strong and would learn how to free themselves by means of non-violence from the crushing inequalities which have brought them to the verge of starvation.

True greatness in the world is not found set upon a hill, for the vulgar crowd to see. On the contrary my seventy years' experience has taught me that the truly great are often those of whom and of whose greatness the world knows nothing during their lifetime. God alone is judge of true greatness because He knows men's hearts.

I would like to see India free and strong so that she may offer herself a willing and pure sacrifice for the betterment of the world. The individual, being pure, sacrifices himself for the family, the latter for the village, the village for the district, the district for the province, the province for the nation, the nation for all.

INDIAN OPINION

FRIDAY, 17TH JULY, 1953

Britain And India

WHEN Mr. Nehru, the Prime Minister of India, the other day uttered these words that "if there is no solution to this African problem very soon the whole of Africa might be ablaze," it could hardly have occurred to him that the cup was going to fit Britain. But Britain seems to have taken it so, judging from the outbursts of vituperations against Mr. Nehru by a section of the British Press and politicians. It only proves their guilty conscience. Lord Winterton's remarks were entirely out of place and in bad taste in response to advice given in the friendliest spirit. "Let me assure Mr. Nehru," said Lord Winterton, "that there is not likely to happen in Africa what happened in his country when freedom was imposed upon it. Over 5,000,000 people were murdered or rendered homeless. Until the memory of that indelible stain on the great peninsula is removed by time, Mr. Nehru should refrain from giving gratuitous advice to the British Government as to how to avoid trouble in Africa."

India and Indians are utterly ashamed of the fratricidal war that took place soon after India became independent. But if the British Government would be a little humble and would do a little heart-searching; it would dawn upon them that they were in no small degree to blame for that tragic state of affairs, owing

to the conditions created by them during their two hundred years of reign. They desired that India would thus become crippled and come back on her knees begging Britain to once again rule over her. But the Merciful God had ordained other wise and Britain had to witness not the liquidation of India but of the British Empire.

India can proudly say today with a clear conscience that she has no imperialistic designs whatsoever. The trouble is that the vision of those who are suffering from jaundice is blurred. Every thing they see appears to be yellow. The doors of India are wide open for all and she wishes that other countries would do likewise. India is not seeking possessions as the Western world is doing. But India is certainly zealous about the rights and interests of those who have settled in other countries, who have acquired their domicile there and look upon them as their only home by virtue of adoption and of birth. This, India has a right to do and she is fully justified in asserting that right. She is also zealous, as indeed all civilised countries should be, about the welfare of the indigenous population in those countries, which is being oppressed and ill-treated by the self-appointed haughty rulers to serve their own selfish ends. It is this tyranny which is the root cause of all wars and if it is desired to end

Wars and to establish peace in the world steps must be taken promptly to put an end to this tyranny wherever it is practised. There can be no barriers for people imbued with such lofty aims. Nobody can claim the right to tyrannise people as being a matter of their domestic concern. India is therefore doing nothing more than what is the duty of every country claiming to be civilised to do.

So Mr. Nehru uttered just a simple truth over which there was not the slightest cause for any one to take umbrage. He in fact echoed the sentiments of all the oppressed non-White people of Africa and quite a large number of White people who are working for the alleviation of the sufferings of those people.

We speak not as Indians but as part of the oppressed people and assert emphatically that unless a solution to the African problem is found soon the whole of Africa, not *might*, but *will* be ablaze. The signs are not far to seek.

At that pace with which colonialism and racialism are taking root in the continent of Africa this is bound to happen.

The growing racialism in South Africa, the way in which the Central African Federation has been rushed through totally ignoring the sentiments of the vast non-White population, and now we hear about the formation of a vast federation of British African territories linking the whole of East Africa with the recently constituted Central African Federation, as being Kenya's European political leader, Mr. Mitchell Blundell's "dream of the future"—all these are ominous signs. The non-whites, who have no voice in all these must be forgiven if they see

nothing but imperialistic designs in them. Truth is always bitter but nevertheless it must be told.

Sir Roy Welensky

THE Central African Federation, notwithstanding the strong opposition of the non-White inhabitants has now become an accomplished fact. Sir Roy Welensky, Leader of the Unofficial Members in the Northern Rhodesia and Nyanaland, is reported by Sapa to have said, there would be no significant Native opposition to Federation in any of the three Territories. "You can take it from me, real African opposition to Federation is non-existent," he added. "What there is was all stirred up by people like our friend Michael Scott."

We have been told by the Moral Re-armament people that they have been able to influence Sir Roy and that he is now a changed man. It does not seem so judging by his utterances. To say that Native opposition to the Federation scheme is not real when the scheme has been vehemently opposed by their Congress, is beside the truth. To accuse a Godly person like the Rev. Michael Scott of stirring up the Natives is un-Christian. The Africans are intelligent enough to discern between right and wrong.

Sir Roy who had returned from Britain after attending the Coronation and was on his way to Rhodesia, told Sapa in Capetown that during his stay in England, an Alderman of Birmingham had complained at a meeting of the City Council that property values in his ward were being lowered by an influx of Coloured people into a Council housing scheme in the ward. "He defended apartheid," said

Sir Roy. "It is amazing how, when the problem arises, it affects every place in the same way. And the reaction to the problem of the people of Birmingham was exactly the same as the reactions of the Europeans of Africa."

Sir Roy, before leaving for Rhodesia, had lunch at Parliament House with the

Prime Minister, Dr. Malan, the Minister of Finance, Mr. Havanga and other members of Parliament and Senators. Dr. Malan and Co., have certainly found in Sir Roy a valuable comrade. The non-White people will have more confidence in people like the Rev. Michael Scott than in people like Sir Roy

of declaring as habitual criminals persons who have committed the scheduled crimes of violence, and their authority to impose whippings for first offences of house-breaking is confirmed.

Government Will Not Submit Report To UN

The Prime Minister, replying to Mr. R. B. Durrant (U.P., Treffontein) in the Union House of Assembly said the Government did not plan to submit a report to the United Nations Commission on Racial Discrimination in South Africa. In the opinion of the Union Government the discussions which took place on this subject and the appointment of the Commission were ultra vires the United Nations Charter and the Commission therefore could not be recognized. Dr. Malan said the Government had had no discussions with the Governments of the United Kingdom, France and the United States, with a view to concluding an international treaty governing the Union's administration of South West Africa.

The Future Of Africa

"The Common Life" a News Letter on Reconciliation, Non-violence, Peace and Spiritual Communism, edited by Swami Avyashananda and published by Vedanta movement, 51 Laversham Gate, London, W. 2, writes: A 'colour war' may develop throughout Africa in the near future. It can be avoided if the colonial Powers, inspired by a democratic spirit, withdraw willingly, and if the 5 million white people, inspired by a sense of justice, consent to form one or two countries of their own without black labour, leaving the African peoples free to choose their own political and economic life. In the existing situation this seems to be the rational solution of the African problem. No multi-racial state, based on democracy, is conceivable in Africa so long as the white people are maddened by the spirit of domination and a sense of superiority. South Africa will be in a natural condition when there are in its two free States—one for the whites and the other for the blacks. While today Apartheid is introduced by the whites against the blacks, tomorrow the blacks may use it against the whites. On the other hand, reasonable distance between the two free groups will be helpful in creating understanding and a sense of respect, and it may ultimately lead to the formation of a federation. The leaders of the non-violent resistance movement in Africa should struggle not for

a few specific rights, but for complete freedom from the hegemony of the white people. In Kenya, the solution of the problem lies not in coercion but in the granting of self Government. Mau Mau is a result of land-hunger and frustration, and it can be cured only through a just and radical transformation of society, and not by superior violence. The rising African nationalism detests all the different forms of colonial rule established by Britain, France, Belgium and Portugal. We believe that feudal and tribal Africa can go straight to socialism with the help of a correct social theory and a non-violent technique.

Apartheid In Rhodesia

'Peace News' Correspondent, at Bulawayo writes, the Rhodes Centenary celebrations were held in an atmosphere of apartheid. Theatre seating arrangements to provide Rhodesians with "some of the finest shows produced in Britain" included a segregated area for 200 non-Europeans. There are 3,197 seats in all.

ENGAGEMENT

The announcement has been made of the engagement of Rustam, youngest son of Mr. and Mrs. Jalbhoj Rustumjee of Duttan to Dr. Khorshed eldest daughter of Mr. and Mrs. Nasarwanjee Sorabjee Jinwala of Laurence Marquess.

When asked about this the organisers said they did it in deference to the visitors from the Union of South Africa whose support was essential to the success of the show. The Chairman of the Centenary Exhibition Council said that the discrimination was "financial not racial." However, when an Indian tried to book £50 worth of seats he was refused. Any non-European who was successful in obtaining a seat had his money refunded at the door.

Study Groups On Gandhi

The United Nations Educational, Scientific and Cultural Organization unanimously approved a resolution to consider holding study groups on the way of life on the late Mahatma Gandhi as a solution to world tensions. Gandhi, the father of the non-violence movement, preached in Indian politics the doctrine of passive resistance and civil disobedience and the use of moral weapons. Gandhian seminars are expected to be held in Europe and America on similar lines to one held in New Delhi this year. The proposal was presented by Dr. A. Mudahar of the Indian delegation.

NOTES AND NEWS

Dr. Malan Offers Unsolicited Help To Australia

THE Prime Minister Dr. Malan had a motive in inviting Mr. R. G. Menzies the Prime Minister of Australia to the Union. He wanted to gain Australia's sympathy in the Nationalist Government's "apartheid" and "white South Africa" policy. He does not however seem to have succeeded.

Dr. Malan spoke of the outer wall built by Australia to defend herself and stated that South Africa too had built a similar wall for her security. Dr. Malan then spoke of a danger that might face both countries in the future. Both South Africa and Australia bordered on the Indian Ocean and what took place in the Indian Ocean concerned both countries. Dr. Malan gave Mr. Menzies "the assurance and more than the assistance that he may depend upon it that we in such circumstances will be Australia's friend." This was spoken at a luncheon in honour of Mr. R. G. Menzies given in Capetown as reported by Sapa. Mr. Menzies in his reply very significantly said, among other things, that, "his thoughts as the Convocation had been that, no matter how complex the problems within the Commonwealth were, they were simply a conflict within unity and could be faced as brothers and partners."

Dr. Malan Gets A Rebuff In Return

Even more significant is the following Sapa-Reuters message from 'Sydney (Australia) which needs no comment. In addition to being unsolicited, Dr. Malan's promise to befriend Australia in the event of trouble with India was "untimely and unnecessary," the "Sydney Morning Herald" declared. In an editorial, the "Herald" said: "Australia has excellent relations with both India and South Africa, and has no intention of becoming involved in their bitter and deplorable

feud. "The Union Prime Minister showed less than his usual shrewdness in raising this issue at a dinner in honour of Mr. Menzies, who must have found the hostile references to India most embarrassing." The possibility of India "knocking on Australia's door" in the sense envisaged by Dr. Malan was not one with which present state-manship need concern itself. The reasons for Australia's immigration policy were well understood, in New Delhi, and Australian contacts with India in recent years had been increasingly close and friendly. The "Herald" said that the grievances of the Indian minority in Natal were often presented to the outside world with more passion than objectivity. "Dr. Malan's right to answer this propaganda is unquestioned, but it could be wished that he had chosen a more suitable occasion to counter-attack, and had not attempted to implicate Australia in the quarrel."

'Flogging Act' To Be

Amended

Is a Bill read for the first time in the Assembly last week the Minister of Justice, Mr. C. R. Swart, will relax some of the severities of the 1952 Act by which Judges were obliged to order whippings for certain offences involving violence. The Act, which came to be known as the "Flogging Act" is unpopular with Judges since it allows them no choice of sentence. The amending Bill will also remove misunderstandings which caused Court decisions in the Cape to conflict with those in the Transvaal. It will no longer be obligatory for Courts to sentence juveniles to whippings for the offences of violence mentioned in the original Act. Juvenile offenders may again be placed on probation, or sent to reformatories or special hospitals. The Bill also widens the powers of Magistrates in certain respects. They are now to have the power

LIBERAL PERSPECTIVE

RACIAL ISSUES IN SOUTH AFRICA

By C. W. M. GELL

(Reproduced by Courtesy of 'Public Affairs' in which it was published in November 1952.)

V

THE liberal solution was implicit in the old Cape tradition which the Nationalists are trying so hard to extinguish finally. It seemed to die with J. H. Hofmeyr, Smuts' Deputy Prime Minister, in 1948; but has lately been revived by the three elected Native Representatives in Parliament supported by Anglican and Jewish leaders and a band of university lecturers. The liberals accept that economic integration is a process that is irreversible and, indeed, desirable. But they ask that its moral and political implications be also accepted: that Christian and democratic principles require the abolition of colour as the test of a civilised man and the extension of full citizenship rights to all civilised people. Where nationalist intellectuals stress the survival of the White race, liberals seek primarily the survival of civilised values, believing that South Africa must go forward in the faith that men will learn to live, work and vote as men and not as units of racial blocs; that, therefore, non-European must progressively assume the rights and responsibilities of citizenship as they attain to civilised standards; that all must have equal economic and educational opportunities; that the question of mixed marriages and social life must be left to the voluntary decision of individuals. This policy involves admitting the educated non-European minority now to fuller political rights and wider economic opportunities, as an earnest of good faith and guarantee of an enlarging future. Its advocates also believe that the only effective defence against Communism is to give the underprivileged a stake in the country that seems to them worth defending. At present they have nothing much to lose in South Africa.

To those who live across the ocean in another hemisphere, it may seem a simple choice between these two alternatives of partition or full integration. Provided the protagonists of partition offer adequate territorial concessions, there is little between the two ethically. But the economic argument is completely one-sided. Against that, however, must be set the very real fact of deep-rooted racial prejudice with a long and often bitter history behind them, and

the colonialist set of faith required of a minority group gradually to abdicate from power voluntarily in the hope that those whom they have repressed for so long will not return the compliment when they are in a position to do so.

My personal belief is that White South Africa will continue to vacillate, unable to choose between the material or psychological sacrifices, unwilling to face the risks which each decision involves, until it is too late to choose either. Since the Dutch Churches raised the question of total *apartheid* in 1950, every Nationalist spokesman has denied that his party intends any such thing. Opposition politicians and press are equally careful to disassociate themselves from any truck with equality, whether immediate or eventual, political or economic. It is too much to expect either side to risk losing electoral support by moving towards either constructive alternative before the election.

But I believe that the two or three years immediately after the election represent White South Africa's last chance of deciding upon a goal which will command the loyalty of the non-European majority and obtain the co-operation of their moderate leaders in working out a gradual programme. Whoever wins, if one party will declare for total integration or the other for total *apartheid* or the other for total integration or goals, men of good will on both sides of the colour bar will have a rallying-point and an organisation round which to group themselves. But if neither will move from their present positions, both White and Black will be in danger of despair and the policies of force which it breeds. Without hope of peaceful advance, leadership of the non-European movements will pass irretrievably to extremists and the two European factions will move towards solidarity over the short distance that divides them on racial matters in order to fortify themselves in a siege economy. Two pieces of evidence that the Union is approaching that sort of moral and material bankruptcy are the number of Whites privately considering emigrating for their children's sake and terrify in excess in violent crime in the non-European urban slums, where 2½ millions live in conditions of squalor, disease and homelessness that degrade the

victims as much as they menace the whole community.

As South Africans are never tired of proclaiming, these are their problems and the solution their business. South Africans will be the first to pay for failure to solve them. But the outcome affects the future of European leadership all over Africa and is therefore of vital interest to the free world. Neither in South Africa nor anywhere else in Central Africa is the Native population ready as yet to carry the burden of civilisation or even self-preservation unaided. Moderate Africans readily admit that European direction, enterprise and capital are required for many generations in the best interest of the continent and her peoples, if they can be provided without affronting African self-respect or closing all avenues of advance to the coloured races. Each African colonial empire, British, Belgian, Portuguese, French, has some special problems and none has an unblemished record. But the chief factor militating against efforts to promote genuine inter-racial partnership is what has been

happening in South Africa these last four years—broken pledges, disregard of moral and legal obligations, attempts to evade or nullify the decision of a much-respected Court when it was favourable to coloured interests, the sharp increase in the severity and application of discriminatory laws. The Union contains by far the largest White community south of the Sahara. Its solution in the next few years will decide the future of Africa, since everything depends on removing the African's suspicion of the European's word and restoring his belief in European good faith. If the Africans finally commit themselves to an anti-White policy, most of Southern and Central Africa will become untenable for Europeans within this century—possibly within our lifetime.

* Mr. Struben has even thought it necessary publicly to deny that a recent speech of his contained the very reasonable observation: "It is also true it is realised that the majority of the population cannot be suppressed for always."

POLITICAL ARITHMETIC AND THE FRANCHISE

By JULIUS LEWIN

(Reproduced by courtesy of 'The Forum' (Johannesburg) July 1953.)

"Why should you fear the exercise of the franchise? This is a delicate question but it must be touched upon. I do not hesitate to say that I would rather meet the Hitlerist at the hustings voting for his representative than meet him in the wilds with his gun on his shoulder. Is it not better to disarm them by granting them the privileges of the Constitution? If you now blast all their hopes and tell them they shall not fight their battles constitutionally, do you not yourselves apply to them the stimulus to fight their battles unconstitutionally?"

THESE words might have been spoken during the present session of Parliament. In fact, they were spoken a hundred and one years ago—on March 9, 1852, by the Attorney-General, William Porter, speaking in the Legislative Council of the Cape Colony.

Porter was taking part in a debate on the draft Constitution which was shortly to confer representative government on the colony. The question was raised whether this first Constitution should or should not embody a colour bar in respect

of the franchise. The colonies have no lives, not without some dissenting voices, decided to ask Britain to frame the Constitution without a colour bar. The first franchise was accordingly open to all, regardless of race or colour, who earned £50 a year in wages or who occupied fixed property valued at £25.

In the century that has passed since William Porter spoke, South Africans have continued to debate the question of the terms of the franchise, a question that reaches to the roots of South African democracy.

Twenty-five years ago, before the general election of 1929, the subject of the common voters' roll was keenly debated on the platform and in the press. The controversy was eventually closed when the Natives Representation Act was passed by a two-thirds majority in 1936. Today, the formation of the Liberal Party, committed to a non-racial franchise, has once again re-opened the ancient controversy.

Everyone holds an opinion on the question who should and who should not have the vote. Whereas all other political subjects tend to become technical and complicated under dis-

curious, the question of the franchise seems, by contrast, to be a delightfully simple one.

But it is not really a simple issue in a plural society. At the present time three alternative policies are discernible. First, there are those, mainly to be found in the United Party, who stand by the present system of communal representation which enables Africans to elect three white members to the House of Assembly. The Labour Party early this year declared itself in favour of extending this system to Africans outside the Cape province. Secondly, there are those, now mainly in the new Liberal Party, who have revived and adopted the historic Cape slogan of "equal rights for all civilised men." This policy implies some kind of educational, if not economic, qualification and is commonly called the loaded franchise, even when the same qualification applies to Europeans. Thirdly, there is the general view taken by non-Europeans themselves, especially those organized in the African and Indian National Congresses, who are inclined to aim at some kind of universal adult suffrage.

There are many illusions, statistical and other, about the actual way in which these alternative electoral systems would work. Let us consider the historical evidence regarding the common roll.

When in 1873 the colony was granted responsible government, the original qualification remained unchanged although the colony had incorporated extensive Native territories on its eastern frontier. By 1886 the number of African voters exceeded, or seemed likely to exceed, the number of Europeans on the roll in five out of 35 constituencies. In the following year an Act was passed to prevent tribal tenure of land from being regarded as fixed property for the purpose of qualifying voters. Five years later in 1893 the qualification was raised from £25 to £75 and a simple literacy test was added, under which every applicant had to be able to write his own name, address, and occupation. This amendment was designed to check the rapidly rising number of Africans on the roll and it achieved its purpose. But the franchise was still non-racial as the qualifications were required of all voters.

In 1903 there were 8,117 voters and it was estimated that they could determine the result of an election in seven out of 46 Cape constituencies.

Thereafter the number of Africans qualifying fluctuated slightly, probably as a result of changing economic conditions, but on the whole it continued to increase steadily until it reached a peak of 16,481 in 1927. From that year it declined, owing mainly to administrative action taken by the Heriot Government under which officials were directed to apply rigorously the legal tests required of voters. The number fell to 10,628 by 1936 when Africans were removed from the common roll. At that time analysis showed that Africans formed more than five per cent. of the electorate in 13 out of the 150 constituencies in the Union. They were unlikely to influence the result of an election in seats where they formed a smaller percentage than that.

The value of the Native franchise had, however, been heavily reduced by changes in the electoral laws affecting Europeans. In 1930 there were about 74,000 Africans on the roll and about 500,000 Europeans. Heriot had always opposed the extension of the franchise to white women mainly on the ground that "the Native problem must first be settled." Then he suddenly realised that the enfranchisement of white women would halve the proportion of Africans (who all habitually voted against the Nationalist Party) in the Union's total electorate. So he proceeded to introduce, "as a private member of Parliament," a Bill that was passed giving only white women the vote and thus at a stroke increasing the electorate from half-a-million to about a million. It was the African vote, not the European electorate which was "swamped." In the following year, 1931, the Government went further and relieved European voters in the Cape Province of the necessity of satisfying the old qualifications laid down for all in 1892.

Only two or three per cent. of adult African men in the Cape province ever qualified for the franchise before 1936, and the percentage is not much larger at this day when the same qualifications still apply to those seeking admission to the special communal roll. It is therefore apparent that the immediate effect of laying down qualifications, however low, for African voters has been to exclude more than 95 per cent. of Africans. It is much easier to earn an income of £50 a year now than it was in 1937 or 1927 or 1907. Moreover, Native education is more extensive than it was. Yet unsympathetic appli-

cation of the tests—and possibly some other intangible factors as well—serves to keep the number of African voters surprisingly low.

If, as the Liberal Party seems to contemplate, the educational qualification was raised to, say standard six, or the economic qualification above the present £50 in annual wages, the proportion qualifying would be even lower. At present under 20,000 Africans in the whole Union pass standard six every year. Dispersed throughout the country, they could hardly affect the result of an election in more than a handful of constituencies at the most. It must be remembered that the white electorate has increased to over 1,600,000, and continues, thanks to the birth rate, to increase more rapidly than any increase to be expected in the African vote. Even if African voters tomorrow reached a figure of, say, 100,000, they would constitute only six per cent. of the total electorate.

From these figures it can be argued that access by qualified Africans to the common roll would have much less effect than most politicians imagine. This would not be a new argument. When the abolition of the common roll was under discussion in the years between 1923 and 1936, the older liberals, in defending the principle of the non-racial franchise, repeatedly pointed out to Europeans that the proportion of African voters in the total electorate had grown so slowly in the Cape province during the current century that it constituted no real danger to white domination. This argument was used in answer to Heriot who regarded the growth in sheer numbers of African voters as a menace likely to "swamp" the white electorate in the future. In other words, white opinion was asked to leave the franchise to some African voters precisely because its electoral value would not seriously disturb the balance of political power between the white and black races.

This argument is still valid. It has in fact been strengthened by the figures revealed by the general election of 1953. For it is now reasonable to argue that a limited African franchise would not even alter the balance of power between the Nationalists and their combined opponents. In the past the fear that it could do so was, of course, the main ulterior motive that drove Heriot to remove Africans from the common roll, and it has also driven Dr. Malan to try and remove the Coloured voters.

Such considerations are certainly recognised by African leaders. They help to explain why the African National Congress declines at present to commit itself to the acceptance of a loaded franchise in any form or another. (It may be recalled that the Indians rejected the communal franchise enacted for them by Smuts in 1946 and repealed by Dr. Malan in 1949. Incidentally, that franchise was based on the educational qualification of standard six plus the economic qualification of an income of £84 a year or property worth £250.)

The Congress attitude is shared by nearly all non-European leaders on two grounds. Firstly, Africans point out that a franchise loaded against them by educational or economic qualifications, or both, will be exercised in practice only by a very limited number of middle-class men such as teachers, clerks, clergymen, and a tiny number of professional men. One of its effects might be to detach this class from the mass of the people whom it should naturally lead. Secondly, as the history of the Cape franchise has shown, this limited right will never be allowed to become an effective factor in politics. At best, it could only be a restraining influence on the less liberal of the two major parties. Since the election of 1953, it is very doubtful whether even with the aid of non-European voters—whether on a common roll or electing three or more members on a common roll—the Opposition could win a general election against a Nationalist Government.

But the immediate reason for rejecting the loaded franchise is not that its effect would be slight. The real reason why it is not being considered by Africans is that they know that it is not being seriously considered by Europeans. Neither of the major parties today supports the idea of a common roll. The Nationalists have in fact toyed with the idea of abolishing even the special communal roll on which Africans elect three Europeans to the House of Assembly. The United Party still stands pat on the "settlement" of 1936, afraid even to support an extension of the Cape system to the Northern provinces. Moreover, what is seldom mentioned in the current controversy is the important fact that the present number of the special members elected by Africans—namely, three—was itself entrenched in the Constitution by a two-thirds majority in 1936, and could not be altered now except by another two-thirds majority.

There is thus no immediate reality in the present debate between Liberals and others on the subject of the franchise. Everyone knows that the only purpose for which a two-thirds majority is likely to be obtained in the foreseeable future is the reduction, not the extension, of political rights for non-Europeans.

In these circumstances African and Indian leaders ask themselves why they should bargain with Europeans, like the Liberals, who have, anyhow, no power to enforce their proposals. "Why," they ask, "should we bargain about the price of our co-operation with a party that has no money in its pocket?"

This attitude has been fortified by events in the great world beyond the Zambezi, about which educated non-Europeans are better informed than the majority of Europeans. Africans know that time has not stood still since 1936. All over Asia and in most parts of Africa political rights have been extended since the second world war. Nor has this expansion of democracy been hindered by illiteracy. Formal education and literacy, however desirable in themselves, are not essential to the exercise of the franchise, as the Report of the Lothian Franchise Committee pointed out in India in 1932. This fact has since been amply demonstrated in India, in the British West Indies, in West Africa and elsewhere. The use of symbols, colours, and other devices, as well as information through the radio, has enabled millions of illiterate people to distinguish parties and candidates to vote in elections based on a broad democratic franchise.

It must not, however, be implied that African and Indian leaders would never accept an individual franchise limited to persons educated to a certain standard. Their view seems to be that there will be time enough to discuss some such compromise when a major political party, with a real prospect of power before it, actually offers it. Even then, however, they might well point out that the individual franchise for educated non-Europeans can easily operate side by side with a broader system of indirect voting for illiterates. It does so in the Cape Province under the present system. Africans who are qualified, vote as individuals on the special roll, while the mass of illiterates have an indirect voice in an electoral college through their Chiefs or local councils or elec-

toral committees, whose block votes elect the four senators. A comparable system, with both direct and indirect voting, also prevails in the Gold Coast, where the general election in 1951 attracted world-wide attention.

The precise technique devised for elections in which Africans are to participate matters less than the real share of political power entrusted to them. African leaders realise this. They also realise that in the past, and to this day, Europeans have bent their minds to devising techniques calculated to retard, not encourage, the emergence of Africans as a political force. That is why Africans are now suspicious of any simple device, such as the common roll, suggested as a full and final settlement of all their political aspirations. They know that one day when there is a genuine European will, it should not be hard to devise a technical way of sharing political power between the white and non-white people. As long as that will is conspicuously absent, a detailed blueprint for expanding South African democracy seems to them superfluous.

The broad conclusion can now be stated. Few Europeans, addressing the European electorate, will go beyond the common roll and the franchise loaded against Africans. Not many will go even as far as that, and those who do hardly expect to receive popular support. On the other hand, African leaders, interested in maintaining a massive following, will not accept even in theory—for it is not proffered in practice—a franchise law that is bound, if it is not designed, to exclude 95 per cent. of Africans for generations to come.

The gulf separating the most liberal European opinion from the most representative African opinion is therefore revealed as wide and deep. Juggling with a few electoral figures here or tinkering with a few educational facts there will not serve to bridge this gulf because those on either side of it are addressing different audiences and using a different political idiom. To pretend that this gulf does not exist is to cling to an illusion. For a century this subject of the franchise has been kicked about like the political football it is. There is today not the least indication that the game, and the rules by which it is played, are about to undergo a sea-change into something rich and strange.

THE VALUES OF WORK: MAN AND THE MACHINE

By WILFRED WELLOCK

[The following is the sixth of the Orchard Lea Papers. These papers are based on, and are an extension of the thought contained in the following brochures, which were written in the order given: 'Money has Destroyed Your Peace' (6d.), 'A Mechanistic or a Human Society?' (1s.), 'The Third Way' (1s.), 'Rebuilding Britain' (1s.), 'Power or Peace' (6d.), 'The Challenge of our Times: Annihilation or Creative Revolution?' (6d.). They may be had from the Orchard Lea, New Langton, Preston, Lancs: Postage 1½d. one copy and 3d. per copy afterwards.]

WORK is a human necessity.

From the moment of his emergence on this planet man has lived and developed by hard work, by ingenuity and invention, and when these have declined he and his life have declined. To yield to ease and luxury is usually the prelude to the fall of man.

Thought and action, or ideas and their application are the means whereby civilisations come into being and thrive. Science, art, religion, philosophy, all appear in due order to play their part in man's evolution. The totality of this evolution is work made manifest.

Life as mere breathing, eating and sleeping is not enough. There is that in man which forever seeks after a plus, a more perfect and abundant life, whence he travels by wider visions through new inventions into broader expanses of experience.

In making these evolutions not only does human experience become enriched and more significant, but man himself grows in intellectual and spiritual stature, becomes a new person, and thus is forever being reborn.

To produce a more perfect thing, be it a tool, a utensil, a piece of furniture, a poem, a picture or a scientific theory, is at the same time to produce a more capable, significant and valuable man. A man's work is himself, his personality, objectified, but in the process of objectifying himself, the self is magnified by the acquisition of new skill, insight, power of understanding and of self-expression. Man is and becomes what he does.

The mind and soul cannot grow except by means of creative self-expression. The reason why man's powers of perception and understanding, the keenness of his senses and the skill of his hands are developed most completely in vocational labour, is that in such labour his entire being is keyed

up to its maximum power. Nothing cultures the mind or refines the spirit like the effort to produce useful and beautiful things. Moreover one learns more about nature, life, and even about oneself in trying to make such things out of crude raw material, be it soil, clay, fibre, paint, or words, than by any other means.

We thus see that work is a fundamental human function. A man's integrity and wholeness depend more upon the nature and quality of his work than upon anything else; although of course the quality of his work depends upon his outlook, his culture and sense of values. Men give their best hours and their finest energy to the tasks performed in their daily labour, and if those tasks do not develop the whole man and satisfy mind and spirit, it is improbable that these ends will be achieved at other times. They may by chance, and in a few cases they are, but in general a man's work determines the nature of his play, his values, his attitude to religion and life and develops or destroys his wholeness.

At root, therefore, work is a process of self-realisation through self-outpouring for worth while ends. And worth while ends are for the most part social ends. The human relationships developed by such labour constitute a volume of personal and social wealth that is beyond computation. In this process of self-outpouring the self is constantly being realized at higher levels.

Primary Aim

It follows that the primary aim of every community, of every Government, should be to provide the conditions wherein all its members may express themselves to the utmost in their daily labour and of every religious and cultural institution to teach the rising generation the art of doing that.

We thus arrive at a basic law, that they who lose, or give, their lives shall find them; and to labour with the whole soul for worthy social ends is to beautify the earth, magnify the soul, and glorify God.

Self-giving is LIFE, self-withholding, DEATH. All birth is self-giving, and all self-giving is birth. That profound law is proved every day in small things and in what, in fact, keeps the world going; yet we distrust it as the big things, and a decaying civilisation is the outcome.

We may sum this up by saying that work has five primary func-

tions: to earn one's bread and the wherewithal to a full life; to develop all one's powers—of perception and understanding, of skill, creation, achievement, including personal wholeness; to discover the laws of nature and the art of living; to make one's maximum contribution to the wellbeing of the community and thereby win the right to enjoy the fruits of others' labour, and a rich harvest of fellowship; to learn the art, and the values, of co-operation.

Work in its fullest content therefore acts like social cement in the cultivation of a rich matrix of community relationships. A man who contributes high quality workmanship to society is a social unifier and at the same time the inheritor of immense spiritual wealth. A community of such people would constitute a civilisation of high quality. There is no limit to the volume of LIFE a man may inherit who has learned the art of self-giving in his labour.

When in English history work was responsible and creative, the people were proud of their personal and collective achievements and contemplated them with deep satisfaction, from the village church on the hill or meeting in the trees to the cottage gardens, the cultivated fields, the ricks and the hedges. The quality of every man's work was known, and by it his standing in the community was determined. It was an age in which the common man had honour.

Satisfying Life

On the farm, in the workshop and in any job whatsoever, men experienced the joys of creative, social living, while the unity of their social life was expressed in worship, in songs, dances and games, and in the great seasonal festivals. That was a satisfying life, and with it went the habit of meditation. In those days there was time in which to meditate upon the things that mattered, temporal and eternal.

Such a life developed the whole man, body, mind, heart and spirit, and produced a high level of family and village integration. The esteem of one's neighbours helped to make the good craftsman a good citizen and neighbour. His social instincts came into play in almost every job he did, while his soul left its mark in the homes or on the farms within his social orbit. Nature and the village existed in his mind as a significant, satisfying unity.

The rise and fall of civilisations can be related to the degree that they stimulated the exercise of man's creative instincts and powers. That concept of man appears, for example, in the earliest Hebrew Scriptures: "And God

created man in his own image," Jesus upheld it in the words: "Greater things than these shall ye do," and St Paul in the words: "We are workers together with God."

Those passages sum up the Hebrew conception of man and his function in the world, and our own in so far as we have one. They imply that man possesses God-like qualities, some spark of the divine by which he can probe and understand the created world and fulfil its purposes in building what we are pleased to call civilisation.

Moreover every great religion embodies that concept in one form or another, and lays down principles and rule of conduct whereby man may fulfil the creative purpose, some inkling of which lies hidden in every human soul.

From time to time, however, man wanders from the path of truth and self-fulfilment and ends his life in disaster. Occasionally this happens on such a scale that a civilisation comes to an end. The worship of false Gods is easy, because it is the way of the flesh, of self-indulgence, of ease and luxury.

We are in one of those periods to-day. Our age has made the tragic mistake of equating abundant life with abundant possessions or what it calls high standards of living. In consequence it has sacrificed with scarcely a qualm the values of creative living for those of mechanical living and quantitative production. The latter values depend chiefly upon cash, the former upon the quality of a man's mind, the breadth of his vision, the ripeness of his understanding, the plenitude of his spiritual storehouse, including his wealth of social relationships.

The latter is an economy of the spirit and calls for the culture of the whole man, whereas the former is a cash economy which demands a high percentage of fragmented workers. Take a glance at our industrial practices to-day!

What, in effect, the majority of industrialists now say to the boys and girls whom the Education Authorities hand over to them every year is this: "It is really very little we ask of you. This is the machine age, and machinery makes work light and easy. All we ask of you is the use of one or two tiny bits of your organism. With the rest you can do what you like. You may dream while you work, or sing, or talk, or just chew gum. We want you to be happy. Music will be on tap if you want it. We shall pay you well so that you may go to the pictures, dress well, or what you will. Keep the machines going, avoid hold-ups, and all will be well."

Thus the descent of man in the great human betrayal of modern industrialism proceeds apace. But how and to reflect that after parents and teachers have trained and encouraged children to do and make things, and tried to stir their imaginations with the idea of accomplishing something worthy of their powers, most of them must go into offices and factories to work like automats day in day out! Their jobs interest them for a few weeks, then they tire of them and begin to wonder when they will be given a chance to do something which pulls the best out of them. But to the great majority the chance never comes. Ennui sets in and eventually despair. The sparkle leaves their eyes and dullness begins to cloud once shining faces. Within two years they have shed the inspiration of whatever education they ever received. They look around and discover that thousands of others are in a like plight, when they come to the conclusion that the only thing to do is to accept their fate. Thereafter their interests and conversation fall to the level of their work. They learn about love and sex, about film and sports stars, and give themselves up to that wide range of of mass excitements which to-day serve the function of making a colourless robot existence tolerable. Hence the things of the spirit quietly pass beyond their ken. At twenty they have become fully conditioned to a fickle existence, while their creative powers which, normally developed would have produced boundless richness of the spirit, lie dormant, rejected by a soulless industrialism. In such an existence religion has no meaning.

Recently a worker in a repetition factory told me that he can in his department a weekly half-crown football sweep in which the great majority of the workers participated, including girls of eighteen and boys of fifteen. The foreman allowed the sweep because the work was very monotonous and needed the stimulus of a little excitement. In the last part of the week the contributors discuss teams and their prospects and afterwards how they would spend the sweep money if they won it.

But what can we expect when our experts—Mr. Taylor, e.g., an authority on the Managerial State, can write—

"All possible brain work should be removed from the shop and centered in the planning department, leaving for the foreman and gang bosses work strictly executive in its nature.... Each man must grow accustomed to receiving and obeying instructions, covering details, large and small, which in the past have been left to his judgment."

During the recent war Sir Stafford Cripps, who then had charge of aircraft production, claimed as a triumph of labour education the fact that certain aircraft factories were running with no more than 2 per cent of skilled labour, which meant that 98 per cent of the workers were being transformed into industrial robots.

Who can count the cost of this degradation in frustration, in crime, in the spread of self-indulgence, of narcotics and other forms of dope, or estimate the loss in beauty, in the character of our towns and villages, in the quality of human personality and in vital human relationships?

No wonder employers are having great difficulty in holding the workers' attention to their jobs, and that many of them are calling in psychologists to help them in this inglorious task. What in fact the latter are doing is to degrade science by using it to condition human beings to function at a sub-human level. That the method "succeeds" is to our shame.

Criminologists are increasingly coming to the conclusion that repetitive industrial processes are one of the chief causes of crime to-day. Two Swiss Professors in criminology and Mental Hygiene stated in an article which appeared in the first issue of the British Journal of Delinquency, that a "serious source of aggression is the mental state of many who are caught up by modern techniques of production, particularly workers stationed along conveyor lines, where it is almost impossible for any human being to sublimate and satisfy his affections, his love and aggressiveness by work. This emotional starvation, the desire for real life, cannot be fed with substitutes, with Hollywood films, mass meetings and crime stories."

Experiments have proved that one of the best means of rehabilitating mind-warped and mind-wrecked human beings is creative occupation such as handicrafts.

Nothing can compensate or atone for this colossal waste of human genius. After a long experience among people of all classes and colours I have come to the conclusion that there is a spark of genius in almost every person, and that lack of opportunity and encouragement is the chief preventive of its development and blossoming. This immense reservoir of potential spiritual power, which is encouraged and developed up to a point in the home and the school, is finally rejected in the forest of a shoddy, uninspiring, smug civilization. Yet what a parade of creative splendour it might produce if given its chance in an understanding world!

The non-use of the higher faculties leads to their atrophy in due course, and thus to the degradation of the human species. Modern industry may make profits and quantity of goods, but it unmakes men, dwarfs their minds and cramps their spirits, while people who do not work creatively usually end by getting their pleasures on tap. On the other hand, men who work creatively almost invariably use their leisure creatively. Every modern Dictator knows that when life is reduced to mechanistic and monetary terms, mass power and money and not the "freedom of democracy" determine the politics of the mass-man.

Vocationalism is the supreme means of developing the genius of a community, of raising the quality of its life and developing a valid democracy. Under vocationalism creative genius reaches its greatest perfection and society its maximum stability. The glories of Florence and of hundreds of mediaeval towns throughout Europe and Britain were the achievements of common men, village and small-town craftsmen who were trained and encouraged to express their exuberant spirits, craftsmen inspiring craftsmen until genius became as the breath of life and placed its mark on everything to which men put their

hands, and not least on themselves.

It should therefore be the primary aim of every state to make it possible for all its members to embark upon a self-chosen vocation, and to train its youth to labour gloriously. The right to a vocation is basic, and gives meaning to all the other freedoms. Moreover the hope of peace finally lies in the balanced lives of whole men and women, of societies in which material demands are conditioned by spiritual values. This is the creative revolution which our age awaits. Some of its demands will be considered in O.L.P. No 7: The Creative Society.

INDIA LETTER

From Our Own Correspondent

Bombay, July 3.

THE sudden and unexpected death of Dr. Shyamasundar Mookerji, leader of the Bharatiya Jan Sangh and the Opposition leader in the House of the People, in Kashmir removes from the scene one of the most prominent figures in the public life of India. His absence will be felt keenly in many spheres and nowhere more than in the House of the People, where he was regarded as the most effective Parliamentarian. In the House, he led the National Democratic Group consisting of a number of parties which had opposed the Congress during the general elections, including the Hindu Mahasabha, the Akali Dal, the Tamilnad Tilers Party and the Commonwealth Party. By sheer force of his personality and brilliance of oratory, he commanded a hearing for the various causes which he espoused against heavy odds. Dr. Mookerji who was Minister for Industry and Supply since August 1947 resigned his post in April 1950 due to fundamental differences with the Congress Cabinet in regard to its policy towards Pakistan, especially the treatment of minorities in Pakistan. During his tenure of office, industries in India received a good fillip.

Jan Sangh and Hindu Mahasabha leaders have alleged that proper medical care was not given to Dr. Mookerji and have demanded an enquiry into the circumstances of his death. West Bengal Congress and several Congress leaders including Sri P. D. Tandon, former Congress President, have supported this demand.

The controversy in regard to who reached the Everest first, Tensing or Hillary, has been laid to rest. Colonel Hunt, the leader of the Expedition and Hillary was the first to reach the summit, have now changed their statements after Tensing's threat to make "some revelations." They have now declared that Tensing and Hillary, both reached the summit simultaneously. Tensing has generously accepted this position and changed his previous decision not to proceed to England in the interest of good relations between the two countries. Tensing has already left for London with the members of the British Expedition, where he will be awarded George Medal, the highest award for gallantry granted to civilians.

Before his death, Dr. Mookerji had made an apt comment on Tensing's victory. He had written, in a letter from Srinagar, that "we are having mixed weather here—like our mixed economy, or if you like, my mixed health or mixed feelings in defeatism. The conquest of Everest gave us mixed pleasure—but Tensing, though he reached first and was the real guide, got a mixed world reception. The Calcutta reception will of course be one of unmixed pride and admiration. The real discoverer of this lofty mountain was a Bengal surveyor. Sirdar, I believe, was his name. But the Burma Sahib, Everest, got an unmixed dedication. Such is life."

The President of India, Dr. Rajendraprasad, honoured the the Everest conquerors—Tensing, Hillary and Col. Hunt on behalf of the Government of India and decorated them with gold medals, bearing gold inscription in Sanskrit "Adventure is Glory."

Mr. Nehru has returned from London, where he had been to attend the Commonwealth Premiers' Conference. According to Mr. Nehru, the conference was a success. Immediately after arrival in the capital, the Prime Minister took up urgent economic matters with his Cabinet colleagues. The main problems facing the country today are high prices of essential commodities and the increasing unemployment among the educated urban persons. The food position has improved so much that no rice need be imported from any country. Controls have been relaxed to a considerable degree.

The Five Year Plan lays more emphasis on agricultural development, as there was acute shortage of food at the time of its formulation. Now the position has changed and it is likely that now greater emphasis may be laid on the development of heavy industries which can provide employment to urban population. The multipurpose irrigation and electricity projects, for which hundreds of crores of Rupees have been provided in the Plan, help in increasing the food production, raising the national income and removing the fear of flood ravages, but they are poor source of employment. The Planning Commission has recommended

immediate spending of Rs. 50 crores on schemes that will give employment to educated urban people.

The Central Cabinet may again be reshuffled in the near future. Mr. Krishna Menon, former High Commissioner for India in London, may be included in the Cabinet. Mr. Rafi Ahmed Kidwai, who is not satisfied with the Food Portfolio may be given another Ministry.

The Prime Ministers of India and Pakistan, Mr. Nehru and Mr. Mohammad Ali will meet at the end of this month in Karachi following the meetings of the two Steering Committees appointed by the Governments of India and Pakistan. The exact date of the meeting will be fixed after the meetings of the Steering Committees.

The Prime Ministers' meeting, which is likely to be a brief one, will be taking over the thread of the discussion from where it was left in London.

Though no decision is reported to have been reached on any of the issues, the London discussions are stated to have created an improved atmosphere for further discussions.

The first meeting of these Steering Committees will be held on July 14 in Karachi. These Committees will review the progress made through interchange of ideas and exchange of letters between the various Ministries of the two Governments.

Two dams were completed during the last fortnight and a formal opening ceremony was held. The biggest river valley scheme in Bombay State under the Five Year Plan, the Lower Tapi development project at Kahrapur, assuring perennial water supply to the greater part of cultivable land in Surat District, was formally pressed into service by the Union Minister for Planning and Irrigation, Mr. Gulzarilal Nanda.

The weir will feed the canals on both the banks to benefit about 8 lakh acres of land, of which 5,30,000 acres will be irrigated annually. The existing area under rice is expected to increase considerably and large areas will come under wheat. By 1955 there will be an additional 1,60,000 tons of food grains and 1,60,000 of cotton.

With the execution of the Kahrapur weir, the first phase of the development of the lower Tapi basin has been completed. The next stage will consist of a dam at Ukai, 27 miles upstream, with an independent system of

canals with potentialities for power development.

Inaugurating the scheme, Mr. Nanda expressed the hope that with the extension of irrigation and power facilities to be provided by the project, "Gujarat can be made a granary of India and a growing centre of industry. With these new resources, the hard working cultivator and the enterprising people of Gujarat can make a big contribution to the prosperity of this region and the wellbeing of the nation."

Mr. Nanda stated that the new projects in progress or under consideration would irrigate 40 to 45 million acres of additional land throughout the country at a cost of about Rs. 20,000 crores. Up to March 1953 nearly 35,00,000 acres of additional land had been irrigated against the target of 20 million acres for the whole period of the Plan. The newly irrigated land up to March last had added to the agricultural production potential by 10,00,000 tons of food grains. By 1955-56 production would have increased by 4,000,000 tons through irrigation projects only.

A long cherished dream to stem the rapacious waters of Tungbhadra river and turn them to irrigate vast area in Rayalseema districts of Madras State and parts of Hyderabad has at last come true. Water was let out from the 133 square mile Tungbhadra reservoir both on Hyderabad and the Madras sides after a simple religious ceremony. The dam is 6007 feet long and 160 feet high. The reservoir spreads over an area of 133 square miles, submerging 73 villages on the Bombay, Hyderabad and Madras sides has a storage capacity of 2.6 million square feet.

The right bank canal on the Madras side is 215 miles long, the construction of which has been completed. The left bank canal on the Hyderabad side is 137 miles long navigable from the 24th mile to the end. Work is in progress till the 66th mile of the canal.

Blue-prints for erection of sugar, cotton and power alcohol factories in the project area have already been prepared.

SOUTH AFRICA ACT AND JOINT SITTINGS

WE reproduce below for the benefit of our readers an article appearing in 'The Natal Witness' by Henry John May, author of 'The South African Constitution,' etc., giving a brief history of Joint sittings of both the Houses of Parliament. The Parliament of the Union may appear to alter any of the provisions of the South Africa Act, 1909, provided that sections 35 (no person to be debatted on the ground of race or colour only from the right to vote) and 137 (equality of languages) may be altered only if the Bill embodying the alteration is passed 'by both Houses sitting together and at the third reading be agreed to by not less than two-thirds of the total number of members of both Houses.'

This means that the first and second readings may be passed by a majority of one, but at the third reading the Bill must have two-thirds of the total number of members of both Houses vote for it.

The number of seats in the Assembly is 159, and in the Senate 48 making a total of 207. Two-thirds of this number is 138. If there are vacancies in Parliament (e.g. there is a vacancy now in Natal's representation both in the Senate and the Assembly) the required two thirds will be reduced.

Initiation

There are two kinds of Joint Sittings; one kind for the purpose of overcoming a disagreement or deadlock between the Houses over an ordinary Bill.

The procedure for convening a Joint Sitting of the former type is as follows: The Cabinet submits the proposed Bill to the Governor-General, who then sends this message to both House of Parliament:—

"His Excellency the Governor-General, having considered the provisions of the Bill which his Ministers desire to submit to Parliament, viz.: (the nature of the Bill is here set out); and having been advised by his Ministers that the said Bill falls within the provisions of sections 35 and 152 of the South Africa Act, 1909; hereby, under section 58 of that Act, convenes a Joint Sitting of both House of Parliament for the purpose of considering the said Bill. This Joint Sitting shall be held on..."

This formula was used in the previous instances in which a Joint Sitting, in terms of sections 35 and 152 of the South Africa Act was held namely, in 1918, 1929, 1930 and 1936.

It will be interesting to note whether the Message to the Houses which will read at the Commencement of the Joint Sitting, will admit that the Governor-General has "been advised by his Ministers that the Bill falls within the provisions of sections 35 and 152 of the South Africa Act, 1909," because the Government's stand throughout the constitutional crisis has been that the Bill does not fall within those sections, as Parliament now has the power to alter any provision of the Act by an ordinary majority.

When the Houses meet together for the Joint Sitting, which has to be held in the Houses of Assembly, according to the procedure of that House and under the chairmanship of the Speaker, special rules are submitted and adopted then and there to provide for matters not to be found in the Rules of the House of Assembly. The additional rules usually refer to the counting of votes and the appointment of tellers. The Speaker has an ordinary vote at the third reading but no casting vote.

After the message has been read and the rules for the Joint Sitting adopted, the Prime Minister moves for leave to introduce the Bill, and if this is agreed to the Bill is brought up and read a first time. Then the second reading is taken, and thereafter the Joint Sitting goes into committee, the Bill is reported, and the third reading is moved. As it is at this reading that the votes of two-thirds of the total number of members are required to pass the Bill the main debate has in the past taken place here. But this is not necessarily the case and the Bill may be fought strenuously at all stages.

In 1929 General Hertzog introduced two Bills at a Joint Sitting, the Natives' Parliamentary Representation Bill and the Coloured Persons' Rights Bill. The former received only 75 votes out of the then total of 175 members in both Houses, and as two-thirds of 175 is 117, the Bill failed to pass its third reading. The Prime Minister then withdrew the Coloured Persons' Rights Bill.

A Joint Sitting was held in 1930 at which a Select Committee was appointed to enquire into the whole subject, but it did not complete its investigations and the matter was, for the time, abandoned.

The next occasion on which there was a Joint Sitting was in 1936, when the former Bill, slightly amended, was again introduced and pass by consider-

ably more than two-thirds of the total number of members at its third reading before a Joint Sitting.

The main differences between a Joint Sitting as a result of a disagreement or deadlock between the two Houses on an ordinary Bill and a Joint Sitting to alter an entrenched clause of the South Africa Act, is that in the former the Joint Sitting is called to consider those clauses of a Bill on which there has been a deadlock, and after it votes on those and amends them as it chooses, it passes the Bill as amended by an ordinary majority. It has only one sitting, i.e., there are no first, second or third readings as there are for an "entrenched clauses" Bill.

After the 1936 Act was passed, a case was brought by one Ndlovu against the late Mr. Hofmeyr, who was then Minister of the Interior, to declare the Act invalid because it had been agreed to at a Joint Sitting in-

stead of in the ordinary manner by each House separately, but the Appellate Division held that Parliament could adopt any procedure it thought fit. This ruling was reversed last year in *Harris v. Denger*.

CHURCHES URGED TO OPPOSE MALAN BILL

CHRISTIAN ETHICS DISALLOWS RACIAL DISCRIMINATION

★

IN a letter to the Editor of the 'Star' (Johannesburg) the Rev. G. J. Coetzee, of Amersfoort, (Transvaal) writes: "Until recently I was an active Nationalist in the Wakkerstroom constituency where I took a leading part in the Nationalist Party organisation. I resigned from the Party, however, after I had come to the disturbing realisation that I was in the first place a Christian, who had to be led by Christian principles in respect of the Colour problem and not by Afrikaner sentiment."

"In the light of Christian ethics racial discrimination became intolerable for me."

"Christian ethics made three demands for a happy society:

- (1) The inviolability of the person of your neighbour.
- (2) The inviolability of the possessions of your neighbour.
- (3) The inviolability of the honour of your neighbour.

"Apartheid and the proposed legislation of the Government to place Coloureds on a separate voters roll is in conflict with all three of these fundamental Christian principles."

"It violates the person of the Coloured, seeing that apartheid in its entirety demands complete separation of the two groups with definite inferiority of the Coloureds."

"It breaks the second principle in that such legislation limits property rights which are specifically guaranteed in the entrenched clauses and deprives the Coloured of his rights."

"The third Christian principle is contravened by the 'honour' of the Coloured being brought into dispute. His status is deliberately disparaged and undermined."

"In the light of the abovementioned facts, the Christian Church cannot give its approval to the Government policy. What is more, the creed of the Church is brought into dispute by this policy of the Nationalists."

"If the Christian Church wishes to be true to its vocation and not betray its character it must protest against legislation which has racial discrimination as its basis."

"The Churches will be accessories to this anti-social legislation if they do not take the initiative against it."

"The protest must be a joint one of all Church denominations in which the Church as a whole asks the Government to abandon legislation which is in conflict with the Church's fundamental principles of equality, liberty and fraternity."

"The Christian Church in South-Africa stands before its greatest test. Her Christian character is being challenged in the crisis. What are the Churches going to do? It is now or never."

The writer says the Afrikaans-speaking Coloured, who belongs to a church of which the White owners are besmirching him politically and discriminating against him, especially needs sympathy.

"How can they feel happy in a church of which the White masters regard them as inferior beings?"

"If I had the necessary funds I would comfort them with the religious persuasion and gospel of the true Christian belief."

The strength to kill is not essential for self-defence; one ought to have strength to die. When a man is fully ready to die, he will not even desire to offer violence. Indeed, I may put it down as a self-evident proposition that the desire to kill is in inverse proportion to the desire to die. And history is replete with instances of men who by dying with courage and compassion on their lips converted the hearts of their violent opponents.

Natal Indian Teachers' Society

THE Natal Indian Teachers' Society may well feel proud of itself for the magnificent contribution of £500 per month it is making towards Indian education in the scheme of raising a School Trust Fund of £300,000 launched by it. It is an unique thing in the history of South Africa for no public organisation is so far known to have made such a wonderful gesture of self-sacrifice. It cannot now be said that our brethren in the teaching profession are seeking only their own material welfare. The tribute paid to them at the opening of their well-attended conference last week by Mr. E. C. Wilks, member of the Provincial Executive Committee and by the Director of Education was well-deserved.

Mr. Wilks referred to what the Provincial Administration was doing for the Indians in regard to their education and compared the present position with that of thirty-five years ago and stated that it had been greatly improved. That is an undeniable fact which the Indian community gratefully appreciates. But that improvement does not favourably compare with the natural increase that has since taken place in the community which accounts for over thirty thousand Indian children of school-going age having no school facilities. The Provincial authorities will not have discharged their responsibility adequately until the standard of education of all non-Europeans has been raised to the level of the Europeans. Of course we must consider ourselves very fortunate that we have such a sympathetic Provincial Administration and a Provincial Department of Education. It remains to be seen how long these will last under the present state of affairs of the Union. We have therefore to be indeed thankful for what we have achieved both by our self-help and help from the Provincial Authorities and continue our efforts unceasingly. The time may come when we may be left

entirely to our own resources and we must be fully prepared for such an eventuality.

Mr. Wilks spoke of the great progress made in the education of our girls. When we think of the past there is no doubt we have made wonderful strides. Forty-one per cent. of our girls are attending schools to-day and the hunger for education among them is fast increasing, which is all to the good. Mr. Wilks referred with regret to the fact that only 27 per cent. of the Indian teachers were females. Europeans have a higher percentage of women teachers and it would be in the interests of the Indian schools, he said, if the number of women teachers were improved.

Since our social customs are different to those of the Europeans and since married women are now no longer admitted in the teaching profession this hardly seems possible to achieve. But it should not be forgotten that women have a great part to play in the up-bringing of children in their own homes and it is more necessary for them to be good mothers. While it is our duty to imbibe all the good there is in the Western civilization (known in South Africa as "White" civilization) let it not be forgotten that there is much in it that must be discarded. To mention just a few of the Western habits, which are unfortunately on the increase, are taking root among the Indians in particular and the non-Whites in general, such as the lip-stick, smoking and drinking. They are not going to have a salutary effect either on the mothers or on the growing children. As is natural, we are always apt to copy the vices but not the virtues of others. The one thing that we non-Whites need to learn is to copy only the virtues of the White people and scrupulously avoid their vices. It is bad enough for the men to copy these vices but it is intolerable when women

who are the real nation builders begin to copy them.

Both Mr. Wilks and Mr. Bouysse, the Director of Education, laid stress on the need for Indian women to take up nursing. It is unfortunate that there has been so much apathy in this regard among our women. The reason, to a great extent, is that we have been viewing education purely from the materialistic and not from the moral side. That is unlike the Westerners. Nursing profession might not be as lucrative as one would wish but it certainly is a most honourable and a humanitarian profession. A good nurse makes a good mother. We must view it also from the nationalistic side. Why must we be dependent upon the White nurses to nurse us, who are reluctant to do so? Why should we not take pride in nursing and being nursed by our own people. Of course the spirit of Apartheid is and should be abhorrent. Our nurses should set an example to the South African White nurses who think it below their dignity to nurse a non-White person or to serve under a non-White medical practitioner as to the nobility of that profession which allows of no distinction based on class, colour, creed or sex. We therefore most heartily endorse the stress laid on the need for our women to take up nursing in greater numbers.

What particularly impressed us was the stress laid by Mr. Wilks on the moral and the spiritual side of education to which so little attention is being paid in this country both in the European as well as the non-European schools. Had it not been so there would not be that hatred between man and man based on race and colour we witness and experience in the course of our daily life. We make a mockery of courtesy by observing it a week (and that too making a show of it more than anything else) and forgetting all about it the rest of the year, whereas in reality it should be inborn in us. We do not attach much importance to spiritual lessons given on sectarian lines. Our children should be taught the virtue of tolerance and to have equal respect for all religions and above all to be truthful in thought, word and deed. This lesson can effectively be taught only by practice and not by precept because the child is apt more to do what you do and not what you tell him or her to do. With-

but the foundation of moral and spiritual education all other academic qualifications no matter how high they may be are worth nothing.

Undignified Propaganda

A VERY undignified propaganda is being carried on in the Western world against India's Prime Minister, Mr. Nehru. Both the daily papers in Durban have given undue prominence to D. F. Karaka's recent publication "Nehru: the Lotus Eater from Keshmir." Mr. Karaka has been writing for a considerable time in a paper called "Blitz" in Bombay, which was known for its rabid anti-Government policy. It had been publishing filthy things about the Government and making personal attacks of a defamatory character on well-known and respected personalities. The paper was known for, what in India is called "yellow journalism" and what we in South Africa would call "gutter journalism." Mr. Nehru has earned the approbation of the people of Asia as well as most of the Western countries. He has been working with, not a small amount of success, for reconciliation in war torn countries. He holds a position of distinction in the United Nations and ranks among the world's great statesmen. But to the South African Government and its supporters and to those who still stand for colonialism, racialism and imperialism and because he stands for justice for the exploited and the down trodden Mr. Nehru is an enemy. He seems to have earned the opprobrium of a section of the British Press and British politicians because of his strong views on colonialism and racialism in Africa and perhaps because he is succeeding at last in befriending Pakistan—a thing over which Sir Winston Churchill and his Conservative Government would naturally be not too happy. And so the machinery is now set working to paint Mr. Nehru as black as possible throughout the world. This game has never succeeded. It was tried on Mahatma Gandhi by publishing all kinds of vulgar and filthy things about him but it did not succeed; it was tried on India by engaging a Miss Mayo to write about the dark side of that country in order to discredit her in the eyes of

America and other parts of the world which showed friendly feelings towards her. The same game is now tried on India's Prime Minister, Mr. Nehru. We have always seen beautiful pictures of Mr. Nehru but the 'Natal Mercury' has found the ugliest we have ever seen and has given publicity to it with an unusually lengthy review of Mr. Karaka's book giving as ugly a pen-picture of him. Perhaps Mr. Karaka and his friends have not succeeded in getting positions in the Government and so this method is adopted to vent their wrath. Mr. Nehru of course has his weaknesses. We are not unmindful of those and certainly do not agree with everything he does. But there is hardly any among the present world statesmen who can equal Mr. Nehru in sincerity, honesty of purpose, great intellect and sacrifices for the emancipation of his own country. It is for this reason that he is worshipped to-day as a hero in India notwithstanding mud-slingers like Mr. Karaka who are thereby soiling themselves and not Mr. Nehru. Mr. Karaka should realise by now if he has not done so already what an unpatriotic thing he has done.

The Malan Bill

THE Joint Session of Parliament on Dr. Malan's Bill to amend the South Africa Act began its sittings last week. After the Bill passed through the committee stage the third reading was adjourned for a month. The Bill was opposed by the Native Representatives and by the Labour Party. The newly formed Federal Party proposed that a referendum be taken of the Coloured people before they were removed from the common roll. The United Party moved an amendment that the non-European question in its entirety should go before a Joint Select Committee. "The mere fact of resolving to consult the Coloured people could do a tremendous good," said Mr. Strauss,

the leader of Opposition. We fail to see what purpose will be served by consulting the Coloured people. Consult them about what? Whether they must be struck off the Common roll and placed on a separate one? They have expressed their view in unmistakable terms that on no account would they countenance the extension of franchise on communal basis. The whole point is that the constitutional guarantee the Coloured people were given that there would be no legislation passed against them based on race or colour has already been violated and the sentiments of the Coloured people have been utterly disregarded. It is therefore an insult to the

Coloured people to expect them to give evidence before a Select Committee as proposed by the United Party. If any such Committee were to be appointed we would certainly strongly advise the Coloured people to totally boycott it. If franchise rights are to be extended to the non-White people they must be on a common roll basis and nothing less than that. The fate of the third reading of the Malan Bill will be awaited with great interest. If the Bill goes through it will mean the burial of the White Man's word and his honour and prestige and the coming of dark days for the non-White people.

UNITED NATIONS COMMISSION ON SOUTH AFRICA

MEMORANDUM ON APARTHEID

THE following is a copy of a memorandum submitted to the United Nations Commission on South Africa by Mr. Patrick Donohue. The final date for submitting memoranda to the Commission is July 31.

South Africa is a country where the various types of human beings have learnt to co-operate economically but have not yet learnt to co-operate politically.

Before 1948, under the influence of economic laws, the various groups were drifting slowly together. The rate of drift was not nearly fast enough to have saved the country from serious troubles in the period of transition to political co-operation. But it was too fast for the Nationalist party. Before 1948 they coined the word *apartheid*, and represented to the (white) electorate that it meant the total separation of black and white, the partition of South Africa, in fact. They fought the 1948 election on the cry that *apartheid* would save the country.

Partition would enormously reduce the productivity of this country, for it takes no account of the *de facto* economic union of all South Africans. But it might

be contended that for political reasons partition had to come.

Now if partition had to come, it would be possible to imagine partition with justice. Justice could be ensured if the white group were awarded one-fifth of the total productive assets of the country, and the non-white groups four-fifths, according to their representation in the total population. This statement is based on the juridical fact that persons of all groups are South African citizens and that all have worked in the building-up of the agricultural, mining, and industrial production of our country. It is further more quite impossible to prove that any one group has put more, or less, individual effort into this construction than others groups. Partition on terms more favourable to the white group would be an injustice.

Partition would involve vast movements of populations, and could only be achieved by the use of military force. As it could be deflation only be done by the white group, it is not likely to be done with justice, on the terms mentioned in the fourth paragraph above. It is more likely to be done on the terms often enunciated by the present government—that

all the productive farming areas, mining areas, ports, and most railways, are "white" while the undeveloped reserves where rural Africans live under the inefficient and outmoded system of communal tenure, where at present only 33% of the African population lives, and which are quite unable to feed and clothe that part of the population, are "black." Such a policy ignores the fact that the "white" areas are productive only because of a co-operative effort, over more than a century, of all groups. There is scarcely a building in the whole country where the major physical effort has not been made by African hands. Partition on these terms would involve the starvation of millions, who bring largely unarmoured would be defenceless.

Partition on this scale is of course most unlikely, although it is what the theorists of the present government mean by *apartheid*. What is more likely is a further entrenching of the power of the white group, a growing oppression of the non-white, and a progressive robbing of their rights. Whichever happens such policies must lead on some aspects of a race war.

The peoples of the world who are not white are tempted to think that what is done by the whites of South Africa is typical of white communalism all over the world. Race war in South Africa will cause incalculable demand in relations between the North American and European peoples and the rest of the world.

The question which must soon be decided by the world is this: how long can a cancer, so small in actual extent, yet so enormous in potential threat, be allowed to exist in the body of the world-community? South Africa has proved itself to be unsuited for self-government, and the world organisation, consisting as it does of two super-powers, many great powers and a vast majority of all nations committed against the concept of race-superiority, should in any view draw the logical conclusion from this fact. Riversdale Farm, Orange Free State, P.O. Masera.

It is a hard law, but an old one—Rome died learning it, as our Western Civilisation may die—that if you give any man anything that he has not painfully earned for himself, you infallibly make him or his descendants your devoted enemies.—Rudyard Kipling.

COUNSEL TO LIBERALS

I—THE COMMON ROLL FRANCHISE

By C. W. M. GELL

IN my correspondence with 'The Star' during May and in some other post-election articles many readers assumed that I was writing in support of the Liberal Party of which I am not yet a member. This was not then my purpose. I was concerned to express the hope of all liberal-minded people that the United Party, realising that unprincipled expediency had robbed it nothing electorally and cost it much morally, would halt its retreat into reaction and recover something of its own mildly progressive tradition. As the Liberal Party now means to consider its positive programme, I am sure that this is still the hope of its members who know that a reinvigorated U.P. has a vital role to play in South African politics.

The purpose of the Liberal Party is to fight for a true plural society which will preserve the values of western civilisation. Since these all derive from the Christian-humanist recognition of the intrinsic worth of each individual personality, made in the image of God and receptacle of the divine spark or soul, the party is committed to the abolition of colour or race as criteria of differentiation, to the consideration of all men as individuals on their merits. The rather tentative welcome given to the new party by non-European political organisations has, therefore, come as a shock to enthusiastic visionaries, sincerely dedicated to these unexceptionable ideals.

They must understand that non-European suspicions stem from a genuine disbelief, which only Liberal deeds will dispel, that any White-created party can be really liberal; from a fear that it may seek to compete with the Congresses for non-European support; may discountenance their efforts to resist Nationalist policies; and from reluctance to abandon their own slogan of universal adult suffrage in favour of the Liberal policy of a qualified common roll franchise.

Now I regard it as one of the Liberal Party's primary functions to sustain the leadership of the African and Indian Congresses in its hitherto heroically patient refusal to yield to purely anti-White nationalism. The whole future of our country depends on the retention of a strong body of opinion on both sides of the colour bar pledged

to a patriotism wider and saner than the emotions of colour or race. For this purpose an effective working alliance between the Congresses and the Liberals is essential. I believe Liberals would best contribute towards removing the distrust which at present militates against full co-operation by approaching the Congresses on the following lines—

(1) that the party publicly recognises the Congresses as the representative bodies of non-European political opinion;

(2) that, while welcoming Congress supporters and other non-Europeans as members, the party regards simultaneous membership of the Congresses and the party as compatible and is not anxious to compete for members at their expense;

(3) that the party understands and sympathises with the motives that impel the Congresses (lacking other outlets) to extra-parliamentary political activity in order to assert the rights and grievances of their peoples; that it deplores and opposes the Suppression of Communism Act and the two Swart Acts and the arbitrary measures taken under them against Congress leaders and activities; and that it hopes the Congresses will strive at all times in however difficult circumstances to remain true to the path of non-violence they have already chosen;

(4) that the goal of the Liberal Party is equality of human status for all races and individuals;

(5) that its objectives are, therefore, universal adult suffrage coupled with universal compulsory education;

(6) that, until the latter has been in force for a generation, the party advocates a qualified common roll franchise for all races so as to begin enrolling non-Europeans as they qualify; and an extension of indirect communal representation for unqualified non-Europeans (on the lines of the present Bechuanaland representation but with a more generous allotment of seats) so as to carry political education to all sections of the community.

But, contrary to most current opinion, I do not think it is necessary for Liberals to define their exact common roll qualifications immediately. This course is being urged on the party by a few suavity friends and a much larger number of people who do not wish it

well—Nationalists, Communists and U.P. right-wingers. All these latter know that there is no theoretical position at present equally acceptable to wholly enfranchised Whites and wholly unenfranchised non-Whites, or to the Congresses who are trying to rally their peoples under persecution and the Liberals whose main job is to educate White-supremacists. If premature attempts to proclaim a common ground only reveal an apparently unbridgeable gap, the Liberals will be well pleased and the Liberal Party will be on its way to foundering.

It is important for the latter to realise that the attitude of the Congresses is perfectly practical and not due to "extremism." In the first place, if they now abandoned their slogan of universal suffrage, some other less sensible body would appropriate it and much of their membership. This is a dilemma which always faces popular movements in perpetual opposition. It can only be resolved when there is some real chance of a favourably-disposed government winning. The statesmanship on both sides makes compromise possible—and, historically, more often than not it is achieved. But with the Congresses and Liberals facing an indefinite period in the wilderness, the former will not feel able to make a concession to theoretical reasonableness for which the Liberals can offer no immediate return.

Another point not generally appreciated is that, although an educational test would enable a fair number of non-Europeans to be enfranchised as soon as a two-thirds majority could be found to enact it, more Europeans than non-Europeans would thereafter qualify annually under existing economic

and education conditions. Even if the lower Standard VI qualification were adopted, some 20,000 Africans and about 8,000 Indians and Coloureds would qualify each year as against 35,000 Europeans. If Standard VIII is chosen, the annual intake of voters would be about 3,500 Africans, 1,500 Indians and Coloureds and 20,000 Europeans. The Congresses cannot be expected to enthuse over the still nebulous prospect of a small and dwindling proportion of voters on the common roll.

My conclusion is not that the qualified common roll franchise is an impractical ideal or vain illusion. It is almost certainly the way in which, if we are not to have race war or revolution, the vote will be extended to non-Europeans. But what is right and reasonable in theory is not necessarily wise now in practical politics. I am not suggesting that the Liberal Party should accommodate its principles to expediency. For, despite its original announcement as a "principle" of the party, the qualified franchise is only a stage on the way to universal suffrage. And, since mutual trust and active co-operation between the Liberal Party and the Congresses is of more immediate consequence for our country, the party and the Congresses, I hope they will contrive to keep this issue in suspense until it becomes much more of a practical protest than it is today when all the talk is of a two-thirds majority to disfranchise (not enfranchise) non-Europeans; or will agree to differ amicably over it without impeding their joint attack on the several political and social problems that are of far more practical concern today.

THE WIDER WORLD

By John Gild

THREE TYPES OF LIBERALS

THE Liberal Party's first national conference failed to produce an impressive programme. I hear that there were sharp differences of opinion over the pace of economic and social change that the party ought to approve. The fact of the matter is that there are conservative liberals, liberal liberals, and radical liberals, and all three types are already distinguishable in the young party. Perhaps that is true of every party. The Transvaal Liberals are said to be liberal types by comparison with the Cape and Natal members who are conservative. The party is now to be centred on Cape Town, where most of its office-holders live. In some ways that is a pity. Although Parliament meets there, Cape Town is far from the Union's natural centre of political thought and activity, which is necessarily the Rand. Furthermore, Congress is weaker in the Cape provinces than in Durban or Johannesburg. I am afraid that this means that there are slight grounds for hoping that Liberals and Congress will succeed in making close contact with one another. Yet I cherish the hope that this will happen.

Franchise Figures

Peter Abrahams has written an interesting and readable book, "Return to Gold" (Faber, 12s 6d.). But he slipped up badly on page 161 where he refers to the franchise. He says that if the principle of "equal rights for all skilled men" were put into practice, about 2,500,000 whites would qualify for the vote and about an equal number of non-whites, if literacy and urbanisation were the tests. These figures are very wide of the mark. Firstly, as children and infants are not yet allowed to vote, the white figure must be reduced by a million. Secondly, how many Africans, Indians and Coloureds would get the vote depends both on the tests prescribed and also on how these tests are actually applied in practice. According to John Lewis, writing in the recent number of "The Forum," only 16,481 Africans ever reached the Cape roll last year, I might add under 50,000 Coloureds. This represents about 2 per cent. of African men and 20 per cent. of Coloured men. Now the qualifications required of voters were low—ability to write your name and address and annual wages of £50. Why, then, did such a small proportion of potential voters reach the roll?

The answer seems to lie in the fact that if the electoral law is administered by a hostile Government, there are a dozen tricky devices that can be used to keep men off the voters' roll. For instance, at the present time Coloured men are discouraged by requiring their application to be signed by a police officer. In the article referred to, Mr. Lewis estimates that even if 100,000 non-white voters qualified, they would only form six per cent. of the total electorate. And, what is more, this percentage would decrease in time because of the number of new white voters added every year would be greater than the number of non-whites who qualified. So the pattern of power between the races would never be altered.

Incidentally, Alan Paton, one of the leading members of the Liberal Party, is quoted in the press as saying that 300,000 non-white voters would reach a common roll if standard six was made the test. This figure is much too high as a rough estimate. Moreover, Mr. Paton is assuming that a friendly Government would make every effort to register non-European voters. But the contrary assumption is usually more realistic, and a hostile Government, as experience has proved, can keep the number of non-white voters down to a bare minimum.

McCarthyism

Some Americans are at last beginning to show alarm at the rising power of Senator McCarthy. They are beginning to realise that he is nothing less than a kind of Hitler. He has made a profession, a full-time job, out of the popular practice of persecuting communists, or rather, those whom he chooses to label "communists." He and Mr. Stuart would have little difficulty in agreeing on a definition. Just as Hitler would not have risen to power without the hidden support of influential businessmen, so McCarthy enjoys similar backing.

Indeed, it is now accepted in Washington that this evil man is aiming to become the president of the United States in 1956. Even though many people know what he stands for, they are afraid to attack him. There are strong grounds for believing that McCarthy himself is corrupt. That much emerged in the recent report of a committee that investigated some of his own financial affairs. But no one in the

Senate dared to challenge McCarthy when he took his seat again this year. Even President Eisenhower himself has carefully avoided a direct conflict with the Senator. If McCarthy is not exposed soon, it will be too late to stop him.

Under Self-Government

Livid pictures have been painted of what would happen in Africa if the Africans ruled themselves. But in the Gold Coast they do exactly that. They have only just started. But they have done some things which should put the old empire builders to shame, says "The Tribune." In the House of Commons, Mr. Oliver Lyttelton, the Colonial Secretary, was forced to admit:

1. That the intake of primary school children in 1952, at 120,000, was more than double the 1951 intake.

2. That few, if any, children of primary age failed to find places in January, 1953.

3. That two hundred and forty-five new classrooms have already been completed in the towns, and many villages have put up their own buildings.

4. That local communities have built and opened 24 new assisted middle schools and 7 new assisted secondary schools.

5. That 10 secondary schools formerly non-assisted now receive government aid.

6. That eight new teacher training colleges have been opened and the intake of 4 existing colleges doubled.

7. That the number of teachers in training, 3,150, is almost double the number in 1951.

Thus is the humbug of the Empire paternalists exposed.

Apartheid At Opera—
Court Sequel

THE Town Clerk of Capetown Mr. M. B. Williams, was notified of a petition to the Supreme Court asking on behalf of three applicants for a rule nisi calling on the City Council of Capetown to show cause why it should not prohibit the municipal orchestra from performing for the current season of Italian opera "as non-European rate-payers and citizens were barred from admission on racial grounds." Mr. Williams said he would take immediate steps to be represented by senior counsel when the petition was dealt with, and would lodge a replying affidavit. The applicants are: Herbert Ernest Abrahamse, a school teacher, of Lochabie Road, Lansdowne; Norman Simon Aranes, a tailor, of Kromboom Estate, and Arthur Davids, a medical practitioner, of Claremont. Notice has been given in the Press that the opera season is due to end in Capetown on July 23. In an accompanying affidavit the petitioners said they had tried to book seats on more than one occasion for the opera and had been refused admission because they were non-Europeans.

THE CREATIVE SOCIETY

By WILFRED WELLOCK

[The following is the seventh of the Orchard Lea Papers. These papers are based on, and are an extension of, the thought contained in the following brochures, which were written in the order given: 'Money has Destroyed Your Peace' (6d.), 'A Mechanistic or a Human Society?' (1s.), 'The Third Way' (1s.), 'Rebuilding Britain' (1s.), 'Power or Peace' (6d.), 'The Challenge of our Times: Annihilation or Creative Revolution?' (6d.). They may be had from the Author, Orchard Lea, New Langton, Preston, Lancs: Postage 11d. one copy and 1d. per copy afterwards.]

TO-DAY, a civilisation burdened with permanent war from which it can find no way of escape, with colossal military expenditures which increase its destructive power but destroy its vision, with ideological conflicts which its growing materialism cannot resolve, and with a mechanistic way of life that is gnawing the moral fibre of the people and transforming them into inert totalitarian masses, cries aloud for deliverance.

This civilisation, born of the Industrial Revolution, is nearing its end: its enthusiasms and impulses are weakening, and as it wiles, despair grows, for there is no obvious alternative to it. Until recently no one dreamed that the new prosperity could require an alternative. It is now only too evident that events have moved too fast for reflection and rational action. Before a sane judgment could be passed on our invention, another had captured the public imagination and outpaced the prophets, whose warnings thus fell on deaf ears. In consequence, the Western colossus of a misguided science is heading for destruction.

Once man's inventive genius was directed to the exploitation of steam power, events moved with a momentum which swept society off its feet and countless institutions and values into oblivion. The way of life of nations, their industrial techniques, their social relationships, their economic and political structures, their social and religious outlook and also their values, changed with bewildering rapidity.

No wonder, then, that this era of unparalled prosperity has produced bigger problems than it can solve by its present social philosophy. In the problem of permanent war we pass from prosperity into the adversities of power politics and the tragedies of moral decay.

To-day the pace of events is quicker than ever. In the space of twenty years, under the pressures of "necessity" the West has broken down its moral defences in shameless fashion. It now supports obliteration bombing of civilian populations, even by napalm and atomic bombs. And worst weapons are in preparation. The mass migration of innocent people in war, and the "liquidation" of undesirable people in peace, are further evidences of our Western decline. Forty years ago such things were unthinkable.

Why are they now possible? A little reflection reveals that they are the logical outcome of a cash economy and a materialistic way of life. Our age is suffering from a wide variety of spiritual deficiencies which mainly arise from the non-use and mis-use of man's creative genius.

The Industrial Revolution is often described as a great creative era, but it is true in a very limited sense only. Throughout its history, and never more so than to-day, the creative functions of the Industrial Revolution have been performed by small groups of experts and technicians, the "back room boys," etc., while the great body of workers have been condemned to varying degrees of repetitive labour. The farther the "division of labour" principle was carried, the more completely repetitive became the labour of the masses. This is the antithesis of the creative society.

A second qualification of that claim arises from the fact that the primary aim of its creative achievements was maximum profitability and profitability of what was produced, and thus the capture of markets. In other words, the making of money and the creation of social and political power and preponderance over all such spiritual aims as the making of a beautiful world, or country, a cultured, arduous humanity, and a satisfying life.

In such a civilisation the only reward of labour is money, whence the executive classes aspire to live in affluence, with top-grade education for their children, while the repetitive workers naturally organise themselves to secure maximum economic security, the pleasures of the Welfare State, and some degree of luxury and excitement as a set-off against the dreary monotony of their week-day existence.

Strange to relate, there has been only one outstanding creative era in the history of Western Europe. It lasted from the birth, to the sixteenth century, after which it

waned and eventually petered out under the impact of the Industrial Revolution. The civilisation produced by the latter is already in decay. When it began to break up in the first world war, there were promises of a new world. But no new world appeared, for the obvious reason that no one realised what a new world implied. We now know that it implies a new man, the creative man of a creative society, who must supersede the mechanised mass man of our time.

Our age must therefore devote itself to the task of evolving a creative society. It will be slow work because it involves supporting spiritual ideals and values with appropriate cultural, social, political and industrial forces, organisations and techniques.

We have already seen that small agro-industrial communities of varying sizes, averaging, say 3,000 inhabitants, are an essential condition of a creative society. The industries would as far as possible be small-scale. Many can be small-scale even now, but the demand for qualitative production would stimulate invention to that end, and bring back many handicrafts which cheap, shoddy production forced out of existence. In the United States one hears many stories of inventions suitable for the small workshop which the big combines bought up in order to prevent their use.

The cultural basis of the new order would insure that the aim of all production was high quality. Each industry would be run by a co-operative group who would share the responsibility for the design and quality of whatever was produced, and decide the kind and amount of machinery they would use. As the level of taste in the community rose, techniques would change and new forms of skill be evolved.

All production would strictly conform to the demands of health, as in the production and preparation of food, or in the making of such things as shoes, chairs, e.g., which should take account of the human anatomy and so enable people to perform their functions with ease and pleasure.

In due course these communities might achieve forty or fifty per cent of self-sufficiency. They would also think about limiting their growth, and of encouraging the development of similar communities in their areas.

Having found the reasonable size for a fully integrated, largely self-governing community, the next step would be to form a region consisting of some fifteen or twenty similar communities. In this area a much higher percentage of self-sufficiency would be achieved by the dovetailing of industries, etc. The formation of

a Regional Council would greatly enrich the life of the entire area. The organisation of the local economic life would constitute the core of community and regional politics, which consequently would be vital and absorbing.

Obviously a new system of local government would be called for. At first, *ad hoc* Committees would work in consultation with the existing local Councils, but later on quite new bodies would be needed, the functions of which would be determined by the need.

These changes, so simple in appearance, would constitute a revolution in the disposition of power. Both political and economic power would pass from the central government to the localities, that is, directly to the people, which is where it should be in a true democracy. Moreover, as in new economy the tendency would be for the local communities and the regions to be as self-sufficient as was reasonably possible, centralised power would tend to decline. This would be all to the good, as it would restrict the volume of world trade and so reduce the tensions which lead to war.

These conditions would afford maximum political and economic responsibility and creative opportunity to every member of the community. They would thus make possible the creative society we seek, which would overflow with ideas, aspirations and enthusiasms. These it would naturally attempt to express in every form of production and in every art. Each regional Council would found a cultural centre where various regional Festivals would take place, and where special training will be available. Every village would also have its cultural centre. Boundless opportunities would thus exist for the fullest expression of the human spirit, while the religious and cultural institutions would expand the doctrine and the values of self-giving.

It will be asked: Would not the new economy result in lowering living standards? Possibly, at first, but probably not, later, and when everything is taken into account. Considerable economies would be effected. The substitution of a local for a national economy would cut out one, two and in some cases even three middlemen's profits. Latterly such profits have risen beyond all reason.

Substantial savings could be effected by cutting out much long distance transport. To-day many productions are drawn from the localities to central depots, and then re-distributed, often to the very localities from which they came. By stopping this stupid

policy two transport and one of two profit charges could be eliminated.

Another source of waste is the high cost of "overheads" in large-scale industrialism. The larger the firm the greater are these costs per man employed. In self-controlled, small group industry, situated in villages where ground rents, and rates are low, overheads are exceedingly low. Moreover, responsibility and a powerful community consciousness stimulate one to do one's best, whereas minimum overhead expenses would coincide with maximum production.

But perhaps the most important labour-saving factor would be that of substituting qualitative for quantitative production, as it would develop individual taste and judgment and so weaken the hold of fashion on the public mind. The cultivation of creative habits would stimulate handicrafts and handicrafts enormously, while this would gradually draw people from the habits and extravagances of the cash nexus, including the enslavements of fashion and the necessity of keeping up with the Jones'. These healthy tendencies would be stimulated by the aim of culture to encourage people to make their maximum contribution to the public good in the enrichment of the local life. Incidentally this economy would abolish the necessity of maintaining high levels of consumption in order to keep mass-production factories running at full speed. The resultant savings in cash and labour would be immense.

The significance of a qualitative economy is worth careful study. It was brought vividly to my mind some years ago in a conversation I had with one of our finest furniture craftsmen, Edward Barnsley, of Froxfield, Petersfield. I had just been examining and admiring some of his magnificent productions, exquisite alike in design and execution, and then, in his unique home close by we discussed the economy of craftsmanship. Of course, the cost of a piece of furniture of this order is high, but it is a valid and not a profit-making cost. The economic perspective completely changed when Mr. Barnsley told me that he made all his furniture in the hope that it would be in use for several centuries, as it should be if given reasonable care. It is all made for users, not dealers, for, like all craftsmen, he likes to maintain the personal contact between the user and producer of whatever is made, and to feel that it will be handed down to the

next generation with greater pleasure and satisfaction than handing down the money that was paid for it. Moreover, furniture of this order possesses qualities which no fashion can outdate; its lines and proportions possess a timeless beauty. In the long run, therefore, the leaguers of this economy show a favourable balance in time, labour, material, cash, and satisfaction. Thus the economy of fewer things but better is sound from every point of view.

In this limited space I cannot deal adequately with such questions as financing the new economy, and the distribution of repetitive work. On the former issue I would say two things: First, that multi-purpose co-operatives offer a big opening for the development of small industries. They have wrought miracles of social transformation in Nova Scotia, in the Scandinavian countries, and in Finland, and are now beginning to do so in India, and Scotland, that the inevitable breakdown of the Western economy will cause much money to be transferred to the new economy.

In regard to repetitive labour, its extent would be greatly reduced under the new economy, but it would still be considerable. However, small self-governing communities could easily organise a system of dual occupations, especially as a certain amount of repetitive work is good for one, and is a social necessity. The recognition of these facts would add dignity to jobs that a false sense of values has caused to be regarded as below one's dignity. Cleaning a village road, like cleaning a house, is a skilled job if well done; and the way to get them well done is to recognise that fact, and for everyone to take on such jobs, part time.

Another point to be emphasized is that the new development must be organic, must spring from the mind and heart of the communities themselves and not be imposed from the outside. While it may be the case that satellite towns like Stevenage cannot be avoided owing to the urgent necessity of depopulating many of our giant cities, everything must be done to avoid resort to blue-prints drawn up by experts, with parks, pubs, clubs, churches, community halls, cinemas, etc., all rounded off and complete like a doll's house—a robot's paradise erected by someone who was able to anticipate all one's wants and even the bounds of one's spiritual horizons. There is something frightening in these "through tickets to El Dorado, with no-

thing omitted, nothing left to the imagination and nothing to hope for. We first fragment men's minds and then built an artificial world to suit their dehumanized condition.

Many people will regard this partial abandonment of quantitative production as putting the clock back, whereas in my view the people who have put the clock back are those who have robbed human beings of their finest rights and thus reduced them to a sub-human status.

What has America to say on this vital theme?

The United States stands at the apex of the mass-production countries. During the last six years I have spent eight months in that country on two extensive lecture tours, travelling from North to South and East to West, and addressing every kind of audience. I was invited to lecture on the theme dealt with in these Papers. I accepted with some misgiving, and expected to be derided or even laughed down. The very opposite happened. To my surprise I found everywhere a profound fear of the future of a world-shattering war, or a world-shaking revolution arising from a feverish struggle for higher living standards, which was heightened by the wealth-devouring armaments caused by that fear. Many agreed that it would be better to have fewer goods with peace and contentment than abundance with growing tensions and perpetual cold war. Others confessed that they were happier in their pioneering days than they are to-day. Indeed I discovered that one hadn't

to rub the skin of the average American very hard to come at the pioneer, and that an appreciable number of Americans had a piece of land tucked away somewhere, probably in the area of their American origins. After careful observation I gained the impression that the creative life of the underlying forces in American life to-day. Nor will it surprise me if ere long the submerged America embarks on a new trek to the spacious Middle West, there to build a creative civilisation on the foundation of small agro-industrial communities.

The migration of population from the countryside to the city is nowhere more marked than in the U.S. On one occasion I travelled from the Gulf of Mexico to Chicago through Texas, Oklahoma, Kansas, and Iowa, an area seven times greater than that of the three cities of New York, Chicago and Philadelphia combined. This country-to-city migration causes spiritual starvation and decay at both ends, and if Western civilisation is to survive, the process will have to be reversed, not only in America but in Britain and Europe also. Many Americans are beginning to realise this, and what magnificent opportunity beckons them!

In any event, the supreme crisis of our age approaches. The civilisation of the Industrial Revolution is fast running down. Either it will end in war or be superseded by a new creative genius that is in every man.

AFRICAN VIEWPOINT

INTOLERANCE IN OUR RANKS

By JORDAN K. NGUBANE

THERE is a tendency among sections of the men who lead African political movements today to take up an intolerant attitude to views on the African's struggle which might not be palatable to them. If this were confined to mere views, one would try to understand it—although it is an evil in itself. But it goes farther than that. An atmosphere is being created within the African National Congress itself where people are expected to conform rigidly to a certain pattern of personal behaviour towards whitemen in given categories.

One example will illustrate my point. At the moment some of the anti-Malan white political groups—the United Party excepted—are trying ways to build bridges between themselves and the political leaders of the African people. The idea is to bring into being a political force strong enough to bring apartheid toppling to the ground. I think the white people who think in these terms have every right to change whatever views they might have had against the African in the past. Where they regarded us as a menace, they have the right today to say they were wrong. They have the right, even where they do not say they were wrong, to see if they cannot establish relations between our and their sides on a fresh basis.

In itself, this incipient open-mindedness on the white side is both a very healthy and hopeful development. African political leaders should welcome it, for, it is a positive reaction to their own arguments like the resistance movement. They should, in fact, go farther than that. They should even encourage it—If a peaceful solution of the colour problem is what they genuinely want. And very many of them, following the example of men like Mr. A. J. Lutuli and Professor Matthews, take up a very realistic view of this white eagerness to sit down with the African to explore possibilities for a settlement on the race quarrel.

There are others, however, who seem to feel that it is wrong for any African to meet any white man anywhere—unless it is a white man whom they approve of. This attitude is fundamentally totalitarian and foreign to everything African or democratic. The white people in the good books of the Jo-

hannesburg head office, for argument's sake, might not be the people I can readily come to terms with in Natal here. Nor may the white people I meet down here be the type popular with the Johannesburg people. For the head office to say I should not associate with people it frowns upon—even where there are possibilities of exploring a situation which might prove beneficial to Congress—sounds very much like a curtailment of individual liberties. It also implies a lack of confidence in those who are victims of this attitude.

At the moment the European community is making efforts to gain top-level contact with the leaders of the African people in all the provinces. They have the right to do this: I think the African leaders have the duty to ensure that they meet the other man and hear his case as well as state theirs. Political platforms are not always the place where to settle quarrels. These private groupings meeting in almost every major city of the Union.

Some men high up in Congress affairs seem not to like this development. To discourage it they have launched a whispering campaign to smear those Congress leaders who are still prepared to meet the white man on a footing of equality. The line goes this way: That the latter leaders still behave as though they were political crumb-beggars to the whiteman. It is being suggested that the Congress leaders who attend these private gatherings are "good boys" or something worse.

The people who pin these labels on others suffer from one of three handicaps. Firstly, they might unconsciously have become Communist stooges creating barriers to Afro-White understanding so as to leave South Africa with only the alternative of violence as a solution to our problems. There is nothing that underground Communism dreads as the settlement of the Colour problem is a peaceful way—for the simple reason that Communism does not believe in peaceful settlements. Where there is proven success, Communism is knocked flat. There are people in Congress who do not seem to appreciate this fact fully.

Or, they are just small-minded men who feel that they and they alone should be consulted

on everything which affects the African people, everywhere and on every occasion. They are trying to resuscitate the "personality tradition" in Congress which the Congress Youth League worked so hard to destroy. In the old days the leader was not the servant of the people; he commanded and the people obeyed. We revolted against this and brought into being the Youth League because we wanted leaders who were sensitive to changes in public opinion, who had an intelligent appreciation of their responsibilities. That era which we brought to an end so successfully must never again be revived—no matter by whom. If anybody anywhere tries to revive it, well, they must bear the consequences of trying to swim against the tide.

Or, the label-makers who have so much to say against those who are prepared to meet the whiteman as an equal, are unconscious victims of a political dishonesty which is fashionable in some quarters at the moment. Some time back a group of white democrats met representative Africans in Johannesburg and went as far as bringing into being the Congress of Democrats. At the time I wrote and said openly that while it was sound policy to meet white people for purposes of a joint front against Malan, I was not happy with the choice of a name and the haste then shown to bring into being a new political organisation. Dr. Eddie Roux replied to say that I should give the new organisation the change to prove its worth. I thought that a reasonable request and I shut up. My attack on the haste to bless a new organisation was not in any way racial. I decried the rush to bring into being political organisation when so many were springing up—with a name which had unfortunate connotations. I thought this would confuse the world and the African and everybody, for that matter. I did not accuse the Congressmen who had given the organisation their blessings of rushing to do this just because it was a white body. If those men could meet one group of whitemen, why should not others meet another as well?

They had the right to meet those white people with whom they could come to terms—as I think any responsible African in every part of the Union has the duty to meet those white people with whom he can agree and by frank exchanges of views explore possibilities of a settlement. If the largest number of Africans can agree with the

largest number of Europeans on a workable solution, why, South Africa's racial quarrels shall have come to an end. And Congress is working towards that goal. I think that if we approach the various moves in the air at the moment from this angle, we shall find that there is no need for whispering campaigns. On the contrary, we shall find that the cause gains tremendously if more Africans are encouraged to meet more Europeans at all levels.

Above everything, of course, no single man has the monopoly of wisdom or virtue. It makes little sense for some of the men in the higher ranks of Congress to distrust their leaders or their own colleagues. Chief Lutuli and Professor Matthews are the trusted servants of their people. We elected them because we trusted them and they have not let us down. If they agree to meet groups of white people, we know the settlement they will make—if it comes to that—will be in our favour. If it is not, we know they will not accept it. And, if they think we must accept it, they will return to us and tell us about it before they commit us. In the meantime they must be given the green light to meet whom they will under conditions they like at their own time and nobody must hamper them or cramp their style with whispering campaigns or threats of whispering campaigns.

TROUBLED WATERS

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. TEACHERS' CONFERENCE

THE Natal Indian Teachers Society held its annual conference last week in Durban. The conference was opened by Mr. E. C. Wilks, M.E.C. The president of the Society, Mr. A. D. Lazarus, presided. In the course of his speech Mr. Lazarus said: At this time the Indian community is engaging itself with the problem of primary school accommodation for its children. Various figures, some of them alarming, have been broadcast about the number of Indian children who cannot find places in schools. I am not going into that question today, because the Indian community in another context is coming to grips with the problem, and it is my hope that some solution will shortly be found. I might here refer to the fact that my Society has inaugurated an Indian Schools Building Trust Fund to which at the moment about 950 Indian teachers are contributing by stop order 5 per cent. of their salaries over the next two years. Teachers are contributing at the rate of £500 a month already towards the £300,000 target of the Trust Fund.

Referring to the lack of accommodation in secondary schools level the President said, of the 230 Indian schools in the Province 73 are engaged in post-primary education. Last year there were 2,571 Indian students engaged in secondary work. At the end of last year 2,759 pupils in Natal passed the Standard VI examination at the continuation level which qualified them to pursue a secondary education. 873 were in the Durban area alone and of these just upwards of 500 were girls. Exactly 333 presented themselves for admission to Bantu college this year only 150 of whom gained admission. The College incidentally has a roll of 799 students.

Of the Indian students who leave our high schools annually a dozen or so go into medical schools both here and abroad. The legal profession attracts one or two. A considerable number seek admission to the teachers training college. But all cannot be teachers. So the majority of our students must turn to industry and commerce where the dice is loaded against them.

It must be remembered that the patterns of South African life being what they are, many avenues of employment are closed to Indians. Commerce and industry is by and large not an open door. The civilised labour policy of the country

has the effect of keeping the Indian in semi-skilled occupations only, with the result that however skilled an Indian might be, or however well equipped by education and training, he cannot find a niche in the skilled or scientific trades.

First let us face the fact that the Indian is an integral part of the South African population and that he is here to stay. It is therefore in the national interest that this racial group's potential be fully recognised and utilised. Our full integration into the community of South Africa and its economic life requires a change of heart on the part of the European. He must refrain from thinking with his blood and appeal to his reason and the logic of events. To give you one example of thinking with the blood, some large industrial concerns in this city refuse as a matter of principle, to employ Indians anywhere on their establishments. Such an attitude of mind must contribute very materially to the deteriorating race relations of which one has heard so much in recent times. The future of this country has indeed been presented in a grim light. I am, however, no apostle of fear and despondency for the future. The improvement of our race relations should be the business of every patriotic South African whatever his race or colour.

There are signs that the Europeans want to do the fair thing by all the people of this country. The Director of Education and his Department have paved the way for improvement in our standards of thinking and for harmonious and right living by the introduction into the school curriculum of the syllabus for training in Citizenship. This is being taken very seriously in our schools. If the same seriousness were to pervade all European schools, one need entertain no fear for the future.

If our people are fully integrated and given the opportunity for a fuller participation in the economic life of our country, the Indian people must surely contribute to the raising of the national income. Greater educational facilities will have the effect of raising that income and along with other sections of the community our people will have access to that richer and fuller life which is the birthright of every civilised human being.

There is another aspect of South African life upon which some comment is necessary.

The present political climate of our country has activated the non-European generally and the Indian people in particular to more intensive and critical thinking about our political problems. The Indian teacher has to enjoy or suffer the political vicissitudes of our times with the rest of his community. While others have opportunities to express opinions on matters that affect breath and bone, the teacher is restrained by the conditions of his service from making even enlightened comment. His leadership is unfortunately lost to the community. I am not unaware of the dangers inherent in allowing teachers to take part in politics, but the view is gaining currency among us that we cannot for ever allow ourselves to be led like lambs to the slaughter. If I may be permitted to illustrate the point with an example a few years ago, feeling that our very homes were being threatened by legislation then being introduced, by Society registered its protest to His Honour the Administrator of Natal, with the request that it be con-

vayed by him to the Governor. For answer we were referred to the Ordinance which made us guilty of an offence, and the matter had to be dropped while the rumblings and murmurings went on. We feel that while we have no desire to enter the fight for political rights, we should be permitted to express our opinions to His Honour the Administrator where we as individuals are directly threatened.

Teachers are responsible people and there is no reason to assume that we would align ourselves with any of our own political leaders on any issue. The fact that no channel exists through which our opinions can be expressed has a bad effect on our souls. We want the opportunity to give leadership to our people in harmonious and right living in our country but this is denied to us. This is the land of our birth and adoption and to it alone do Indian teachers give their loyalty and allegiance. Is it asking too much to allow us to grow into patriotic sons and daughters of South Africa?

Things In General

Magistrate Warns Police

"There is today a suspicion that prisoners do not get fair treatment. If I find a policeman guilty his blue uniform will not save him," said a Pretoria Magistrate, Mr. F. A. Venter, last week when a policeman, E. Hudson, of the South African Police, Pretoria, appeared on a charge of assaulting Lucas Mokwena on June 6, hitting him with a stick on the body. Hudson was found not guilty and discharged. "A policeman must not contribute to the suspicion against the police of ill-treating prisoners," said Mr. Venter. "It is not necessary to assault a man physically. A man can, by pushing or lifting his hand, also be found guilty of assault. There is at present some sort of racial feeling between Europeans and non-Europeans and if I find a man, especially a policeman, guilty of assaulting somebody in his custody I will certainly deal with him very severely."—Bapa.

Death Of Dr. Karl Bremer

We join the country in mourning the death of Dr. Karl Bremer, Minister of Health, who, after a brief illness, died last Saturday in Capetown. Dr. Bremer won the Vasco seat at the general election in April with a majority of 1,017 votes over Miss Jackie de Villiers, United Party candidate. For

several years Dr. Bremer practised in Capetown as an ear, nose and throat specialist. He retired from active medicine in 1947. Dr. Bremer is survived by his widow and four children. The profound sympathy of the Indian community goes out to them in the great loss sustained by them. Dr. Bremer was 68 years of age.

New School Building At Springfield

The opening ceremony of the new building of the Hindi Government Aided Indian School, conducted by the Nagar Prachar Sabha, was performed last week at Springfield by Mr. D. Juddhambhan who gave a donation of £50 to the school fund. Mr. R. Chotal has been the principal of the school for 25 years. Speeches eulogising the services of Mr. Juddhambhan and wishing the school every success were made by various speakers.

Singh, both of Durban, took place at the Avalon Theatre, Victoria Street, Durban, on Sunday, July 19 in the presence of a large number of friends and relatives. The wedded couple was the recipient of many messages of good wishes and valuable gifts.

H.H. THE AGA KHAN ON EAST AFRICA

★

IN an article in 'The Times (London) H. H. the Aga Khan discusses the multi-racial problems of East Africa where in addition to 62,000 Europeans and 17,500,000 Africans there are 169,000 of Indian and Pakistani origin. Of these 91,000 live in Kenya, 14,000 in Tanganyika and 34,000 in Uganda. We give here an interesting extract from that article:

In East Africa more than in any other part of that continent, all races must co-operate so that they may expand the life and work of the various colonies, particularly Kenya with its multi-racial problems. Only in this way will it be possible to achieve better conditions for all.

New outlets for African employment based on African education are essential. They must be sought above all in the technical field and in better understanding of agriculture.

The citizens of East Africa who originally came from Asia have a duty, which they share with all the other communities, to contribute all they can to the common pool.

The future of East Africans of Asian origin lies in East Africa, their outlook should be entirely an East African outlook. In those parts of Africa where the climatic conditions have allowed an originally European society to grow up, its future welfare also depends like the Asian, upon contributing all it can to the development of that country.

I am convinced that a wide and prosperous future lies ahead of the various races provided local patriotism rises superior to racialism.

The maintenance of law and order in Kenya is the first step, but that step must be followed by the practical realization of the maxim that the work of reconstruction, advancement, and intellectual, spiritual, political, and economic development must be achieved by co-operation among all races.

There is one good hope for the future. When all races have united against violence this unity and partnership brought about in danger must be continued in peace. This, however, carries with it a certain essential adjustment of political thought in Great Britain.

For as long as we can foresee, the British people are the trustees of the population of East Africa, irrespective of race and colour. That trusteeship can never be adequately exercised unless there is a firm bipartisan understanding and interpretation of that duty between the two main political parties and informed public opinion among all classes in Great Britain.

There can be no real union in East Africa among the races if any portion of them believe that the trustees are divided or that they have particular favourite wards.

We have seen how at times of danger and struggle, as during the two world wars, bipartisan union in Great Britain was achieved and with what wonderfully successful results. The trusteeship of the African colonies in the years to come is an equally great responsibility, a touchstone of success or failure for the British race in one of the greatest challenges placed before it by destiny.

We cannot expect societies with different racial, educational and cultural origins to unite if the trustees are divided.

In Africa itself the ultimate need must be a general recognition of the principle, accepted by the French when in revolutionary times France became spiritually united as a nation, that anyone who has the ability to succeed has the chance of achieving success in economic, political and intellectual fields.

A Killing Tax

MR HAVENGA'S last week's budget speech came as a shock to the whole Union. The richest of the rich and poorest of the poor have been told to tighten their belts as fast as they can because the Union is (at least one would think it to be) on the verge of bankruptcy. The hardest hit are the poorest of the poor—the ten million Africans who have no say in the Government. They will have to pay 2d. extra on white bread and 1d. extra on brown bread—the staple food of everybody. Taxation is certainly necessary to run the affairs of a country. It could even be severe in times of stress. But no sane person will be prepared to believe that the people of the Union are today living in times of such stress that it is necessary to tax the most essential item of food required to keep the body and soul together. On the contrary, there is luxury abounding everywhere. Go to the shopping areas of the main cities, go to the beaches, go to the amusement places and you will not find poverty. But visit the darker places criminally neglected by the rulers and you will find hundreds of thousands of people living in abject poverty, and it is the latter that are going to be hit the most, directly and indirectly, by the new taxation. The Government has surely not lost its equilibrium to such an extent as not to be able to treat more

wisely. It could have imposed heavier tax on many unessential and dangerously harmful things millions of people have become addicted to such as drink, tobacco etc., and innumerable other articles of luxury. But it can reasonably be suspected that there has been a sinister motive behind the imposition of this tax on bread to "fix" the African who has been causing so much trouble.

People overflowing with sympathy are now talking of schemes to sell bread to Africans at privately subsidised prices; of making up the extra 2d. on white bread and 1d. on brown bread by donations to prevent hardship to Africans; of adopting African families and directly subsidising the extra cost of bread to the families. A small group of Durban citizens, we are told, is organising a bread subsidy plan for Africans at Westville, the final details of which are not yet known. Some form of subsidised bread distribution, possibly with the assistance of Government or municipal officials, is also being thought out. Does one consider the humiliation behind all this. Must Africans live on charity? Is it not a reflection on the State to allow such a thing? We do hope the leaders of the African people will under no circumstances countenance such proposals. For that is just the thing the Government would like so, that if the Africans were to open

their mouths they could at once be reminded of the charity on which they were living and threatened of its withdrawal. No one should submit to such slavery of one's soul.

We have often been suggesting in these columns that one should not allow oneself to be slave to anything and that one must try to reduce one's requirements to the barest minimum; that if we do not do so voluntarily today we shall have to do so compulsorily by force of circumstances tomorrow. Moreover this is an essential injunction upon those engaged in a life and death struggle as we at the present moment are. The best thing would be to do without bread. There is no sin in declaring a boycott on bread. There is no harm done in trying it as a self-

disciplinary measure rather than to live on charity.

What is very significant is that just about the time this new tax on bread was imposed it came to light that about one hundred tons of fresh grapefruit had been dumped in Durban because it could not be disposed of. Very "generously," we are further told, they were dumped in a location area and non-Europeans were advised that those who wished to they could help themselves to them. Could they not have been distributed in a more civilised manner among the poor, we wonder? There must be something radically wrong somewhere when such a thing could take place in a society claiming to be civilised. No wonder that communism would thrive when capitalism goes so mad.

NOTES AND NEWS

Bread Costly While Tons Of Fresh Fruit Gets Dumped

About 100 tons of fresh grapefruit had been dumped in Durban towards the end of last week, after intensive efforts had been made to dispose of it otherwise—even to the extent of giving it away, said Dr. W. J. Allwright, general manager of the Citrus Board, in Pretoria. Dr. Allwright explained that the grapefruit was surplus, over and above a contract order given by a Durban firm. Dr. Allwright explained that the firm had ordered about 1,300 tons of grapefruit—medium, small and factory size, the latter a very small fruit, often with pips, although in this particular order the smallest were mainly pipless. The grapefruit was raised to Durban on instructions to growers at the rate of about 150 to 200 tons a week. Growers were asked to send on their quotas but, said Dr. Allwright, it was not like "ordering off the shelf," since the growers themselves usually found it difficult to assess how much fruit they had, and at what rate it should be sent. In this instance the quantity raised was misjudged by two days, said Dr. Allwright, which was something which seldom happened. In addition, there was a sudden spurt of

railing by growers in the last day or two. The Durban firm that found itself with roughly 125 to 150 tons too much. Normally, said Dr. Allwright, a firm finding itself with too much could absorb the surplus, but in this case the firm was working to a very tight schedule and could not. The firm, however, went to the extreme trouble to try and dispose of the surplus, and cabled half-a-dozen firms overseas. Meanwhile, the Citrus Board offered the fruit to other factories for nothing barring a 9d. charge for each pocket and for transport. Nobody wanted the fruit. The medium-sized fruit was then sold on the fresh fruit market in Durban at normal prices, and the balance of the medium-size disposed of to other factories in Natal. Then remaining small sizes were offered to the fruit trade in Durban at 1s. a pocket but without success (9d. for the pocket and 3d. for transport). Only then, said Dr. Allwright, it was decided to dump about 100 tons remaining. This was done in a location area, and non-Europeans were advised that they could help themselves while, he understood, they were d

Church News On Liberal

Party

Doubts about the wisdom of the recent formation of the Liberal Party of South Africa, are expressed by "Church News," official journal of the Church of the Province of South Africa, in an editorial in its latest issue comments thus in the newly formed Liberal Party of South Africa: It would make much more for national stability if all politicians were to become more individually liberal than that a separate party should be launched.

The main speeches of those who were responsible for launching the new party were favourably disposed towards eventual extension of the franchise to all, though this important qualification was not, apparently, defined.

"The Church has always advocated the admission, to civic responsibilities of those qualified by education and ability, but this is a very far cry from 'universal enfranchisement'." Mr. Alan Paton had stated as a reason for the formation of the new party that it was the "only alternative to nationalism—not only African, but also common nationalism." "Church News" states: "In this we think Mr. Paton was unduly optimistic.

"There is always the danger that the several racial groups—African, Indian, Coloured—would themselves form political parties on nationalist lines." "In so doing they would merely be following what is undoubtedly a world trend—a trend which may well be deplored, but which nevertheless exists." It was not the Church's desire to deny the valuable contribution liberalism could make to the body politic; but it doubted whether the institution of a separate party was wise. Indeed, it might in the long run defeat its own ends.

Colour Bar In Capetown

Theatre

An application by three non-European ratepayers for a rule forbidding the Capetown City Council to show cause why the Municipal Orchestra should not be prohibited from performing for the current season of opera at the Alhambra Theatre, was dismissed with costs by Mr. Justice Herbetstein in the Supreme Court, Capetown, last week. The application was made by Herbert Ernest Abrahamse, a school teacher of Lechabie Road, Lansdowne, Norman Simon Arnsperg, a tailor of Kromboom Estate, and Arthur Davids, a medical practitioner of Claremont. In their petition they claimed that the orchestra should be prohibited from performing at the opera as long as non-Euro-

peans were refused admission "on racial grounds." They claimed that as citizens and ratepayers they had been and were being deprived of the right to attend orchestral concerts during the three weeks that the orchestra is engaged at the Alhambra, stating that this wider relief raised a "most important issue and one which may, and probably will affect the whole future of the Capetown Orchestra." Mr. Justice Herbetstein said "it was essential that the Council should have the fullest opportunity of placing its views before the Court before an order was given which may prevent the Council from continuing the policy—in force since 1914—of hiring out the orchestra." The Court would not be justified, therefore, in allowing the applicants to go beyond the terms of their prayer. Mr. Justice Herbetstein added: "It seems to me that if the applicants desire a ruling of the Court on the power of the Council to hire out the orchestra, they should institute fresh proceedings in which that issue is directly raised."

Street Collector Discharged

An exception by Mr. Saff Khan to the Municipal Regulations regarding the collection of money in the streets was upheld by Mr. J. T. Malherbe in the Cape Town Magistrate's Court, last week when Mr. Khan appeared for a Native woman charged under the regulations. In his application Mr. Khan said they were vague, unreasonable, arbitrary and void. They left the decision whether permission to collect should be granted to the unfettered discretion of the City Council. Moreover, the regulations provided that the Council would not consider any application unless a police report was first obtained. This virtually amounted to a delegation to the police of the powers to refuse an application—as the police might not make any report, and the Council would then be powerless to consider it. Upholding Mr. Khan's exception, the magistrate said the City Council must give guidance about the conditions under which permission to collect could be granted. The case was dismissed. Dora Tamana, of Blouville, Retreat, the Native woman before the court, had been charged with "unlawfully organising, assisting, or being concerned in any collection of money, or attempt to collect any money without the consent in writing of the Corporation under the hand of the Mayor." This was alleged to

have happened on June 28 at the Grand Parade.

Curfew On Africans At

Stellenbosch

The Stellenbosch Town Council last week adopted a final recommendation by its Native Administration Committee for the enforcement of the curfew for local Natives recently promulgated. A notice is sent to the public telling them that no Native man or woman—except registered voters, teachers, ministers of religion, marriage officers and court interpreters—shall be allowed out in Stellenbosch without a permit from an employer between 10 p.m. and 4 a.m. The police at Stellenbosch will be asked to help enforce the curfew. It was also reported to the Town Council, states the "Cape Times," that a discussion took place at the Native Administration Committee meeting following a statement by the chairman, Mr. W. C. Dempsey, regarding Native women looking for work and who did not have the necessary documents. The Town Council adopted the committee's recommendation that notices should be sent out with the curfew circulars drawing the public's attention to the fact that they were liable to prosecution if they employed Native men

or women who did not have permits.

When I look upon the tombs of the great, every emotion of envy dies in me; when I read the epitaphs of the beautiful, every inordinate desire goes out; when I meet with the grief of parents upon a tomb stone, my heart melts with compassion; when I see the tomb of the parents themselves, I consider the vanity of grieving for those whom we must quickly follow.

When I see kings lying by those who deposed them, When I consider rival wits placed side by side or the holy men that divided the world with their contests and disputes, I reflect with sorrow and astonishment on the little competitions, factions and debates of mankind. When I read the several dates of the tombs of some that died yesterday and some six hundred years ago, I consider that great day when we shall all of us be contemporaries and make our appearance together.

II—PRACTICAL POLICIES

By C. W. M. GELL

FOR the Liberal Party will establish its bona fides by no practical policies—not by admirable but theoretical affirmations of the rights and dignity of man nor (as Mr. Sam Kahn has invited it) by expressing its views "on the great questions of war, world peace, the Monarchy, the bombed women and children of North (not South) Korea and the massacred populations of Malaya and Indo-China." Nobody else is interested at this stage in the Liberal Party's opinions on international affairs. But many are waiting for it to give a clear, unequivocal lead on some of our most pressing South African problems.

I hope it will declare itself without reservations against: (1) the industrial colour bar—examining carefully the scope of "equal pay for equal work" within the framework of plural trade unions; (2) residential segregation that involves compulsory eviction or legal prohibition of purchase or occupation—Liberal spokesmen recently mentioned "colour bars by consent," if this means the sort of voluntary grouping that leads like-minded people to seek social kinship and residential proximity to each other, the phrase is unobjectionable if platitudinous. But the Liberal Party must have nothing to do with legal or social pressures enforcing "group uniformity" by excluding or including individuals to areas not of their own choice. Anyone who believes that the absence of compulsion will lead to "swamping" or "penetration" on a scale beyond the ability of public opinion to absorb is either ignorant of economic realities or overlooks what could be done to dispel aggressive social intentions by improving amenities in areas predominantly inhabited by the underprivileged and by providing attractive and adequate new sites. However, both in this and other matters, the Liberal message is not that social reform can be achieved without material and emotional sacrifices, but that the Whites must be prepared to share their privileges and opportunities if they would be true to their religion and their civilisation. As an immediate issue under this head, the Liberal Party must fight for non-European freehold rights and uncompromisingly oppose the Waters Act scheme both on grounds of principle (the loss of freehold and the use of compensation arbitrarily applied by one

race group in its own interests) and because there are far worse slums that should be cleaned up first;

(3) social segregation except by the purse in services and amenities provided from public funds—the writer knows from his own experience that non-white fellow-travellers on e.g. the railways are good, bad and indifferent companions like any Whites;

(4) the pass laws, the master and servant law, the Bantu Authorities Act, the Suppression of Communism Act and the two Swart Acts.

I hope to hear the Liberal Party come out unreservedly for: (5) universal compulsory education, fighting the transfer of "Native education" to the Native Affairs Department and its modification against African wishes into something "appropriate to the Natives' national traditions and their role in a white economy." Africans have heard much about the superiority of our civilisation. They have opted for it and cannot now be turned back to tribalism or serfdom. They must march with us or against us;

(6) mixed and non-European trade unions—with the hope that White trade unionists will see the dangers of workers in one or similar industries being divided into racial unions and take steps to develop inter-racial partnership in mixed unions which can apply the "equal pay for equal work" doctrine without detriment to standards or prejudice to individuals;

(7) slum clearance and non-European urban housing;

(8) rehabilitation of the Reserves by planned depopulation through the abolition of migrant labour and the provision of proper housing facilities in the industrial areas—ultimately the objective will be de-reservation, when Africans are free and able to purchase property in the open market.

This far from comprehensive list includes many of the immediate problems on which the Liberal Party will be judged by its attitude. Not all matters which can be settled by a simple yes or no. There are in some of them complexities and implications about which Liberals will have to learn by experience, hard work and advice of those qualified to give it. But they are subjects in tackling which Liberals must prove that their principles are

applicable—not necessarily without modification for a Liberal is not a rigid dogmatist—but without betrayal in essence or commission in substance to expediency. In proving this, Liberals can bring themselves and their cause out from the drawingrooms and university precincts among the people, the dirt and sweat of the political arena, and the stubborn, intractable facts; can clear themselves of charges of starry-eyed impracticality; and can learn to work not only with other political parties but with those few organisations, institutes, and missions who have been holding the last precarious bridges between Black and White by their steadfast devotion in the main centres of non-European misery. For the full conception of the Liberal Party is not merely of a political talking-shop, not merely of an educator of White opinion and a bulwark against Black despair, but of a bridge between those who think, those who talk and those who act—on both sides of the colour bar.

With the Congress it has to beat out the trials of a common society with a common citizenship based upon a common humanity, leading one day to a South Africa deserving the loyalty and love of all her peoples. Other Opposition parties may disagree about pace and method; not, I hope, about the Liberal destination. For I can see no other goal consistent with the spiritual and moral implications of the civilisation we are proud to belong to. If the road ahead looks long and arduous, Liberals believe they go forward more nearly armed with the basic principles of Western civilisation than any other South African party today. These they must stand by against all temptations to compromise on their essentials. In them repose the Liberal faith and strength. For their loss no votes won by opportunists can ever compensate. This is the Liberal challenge in all South Africa which it must meet successfully if it is to survive as a united, civilised country.

BIRTH CONTROL ON ETHICAL BASIS

ADDRESSING the annual meeting of the Suid Afrikaanse Akademie vir Wetenskap en Kuns, Professor Dr. A. E. Cilliers, of the University of Stellenbosch, last week, said that birth control on an ethical basis had become essential throughout the whole world, and especially in South Africa with its increasing non-European population.

It was the duty of political and spiritual leaders to act immediately to provide guidance for the ignorant people—millions of women, especially non-Europeans,—who were now multiplying daily in their helpless ignorance. Information services and help could be supplied by building mothers' clinics throughout the country, using the money which was so lavishly spent on various free services today.

"While the world population was increasing at more than 20,000,000 a year, politicians and so-called statesmen of the world were behaving like the proverbial monkeys with regard to the population problem—they hear nothing, they see nothing and they say nothing.

"They are only thinking of winning the next election or the next war.

"The secret of providing sufficient living space for each nation," said Professor Cilliers, "was not to conquer new territories or markets, nor to produce more goods. The key to the secret was—smaller reproduction.

"All apartheid legislation—social, economic, residential or political—would in the long run be of no avail if the problem was not tackled at its roots," said Professor Cilliers.

All the apartheid measures would in time to come have to give way before the influx of non-Europeans streaming into European territories in hundreds of thousands from the reserves, where they cannot exist.

The Europeans were restricting their own birth rate but the non-Europeans knew no better and could not help themselves—they were breeding recklessly. Although the Europeans called themselves the guardians of the non-Whites, they were doing nothing for the non-Europeans in this respect, —Sapa.

AFRICAN VIEWPOINT

SMEAR TACTICS AGAIN

By JORDAN K. NQUBANE

THE present campaign against so-called "moderate" African leaders suggesting that some of them are planning a sell-out might be a shrewd bargaining move on the part of a section of the non-white political leaders or it might be a sinister attempt to make it impossible for the white democrat to get to appreciate the African viewpoint at closer range.

As indicated in my last article, it is well-known that certain white political and other groups are trying, through their own leaders, to establish top-level contact with the African community. But these talks are purely exploratory at this stage and in so far as I know, are not binding on any organisation or on any community. The Africans taking part in them do so purely as individuals.

Not is there a previously prepared political programme which they are to bind themselves to.

Against this background, one finds it difficult to understand the present hysteria against participation in purely exploratory talks. This however, does not mean that those who have had so much to say against these talks might have no case. To do them justice, we might as well go into it. Their fear is that exploratory talks conducted behind closed doors at this stage might commit the African National Congress in a way its general membership might not like, or in a way which might cripple the African peoples' struggle.

The people who take up this view—to the extent that they are not trying to make Dadooism the dominant influence in African politics—would be quite justified if they were not so preoccupied with the past. In the days of the "personality" leader a private discussion with the white community behind barred doors often tended to produce unhappy results for the community. But the Africans have since learnt from their blunders. The leadership of Congress we have to-day is truly representative. What is more, it is intelligently aware of its responsibility and duties. It has even shown that it is ready to suffer personal loss to uphold the interests of its followers. When you take a man like Chief Luthuli and study his sacrifices to uphold the resistance movement, you begin to see what I mean. Now, when political groups on the white side want to meet him to understand from him precisely what it is he wants for his people which has made him risk the things he has risked, it is both his

right and duty to meet them on conditions satisfactory to him.

Chief Luthuli holds a very unique position—both personally and symbolically. It has fallen on him to make the heaviest sacrifices for the African National Congress and its ideals. At no stage whatsoever has he ever hesitated when duty called. Some of the people who talk of a sell-out have lost nothing by comparison. If anything, advantages have come to the way of some. To create stumbling blocks for those who have shown they will sacrifice everything for the cause is a bad way of leading us to freedom.

Wholly Unjustified

In any case, the present hysteria is wholly unjustified and unreal. There is nothing to which the Africans are going to bind themselves so far as I know. That point should dispose of very many fears. But there is a second point, equally important. The groups which are trying to establish contact with the Africans are not in power. Supposing—purely for argument's sake—they and the African leaders came to some form of agreement, the compact would be binding on them and the men they would have met but NOT on the government or the official Opposition.

Whatever discussions might be in progress or might be in the process of being launched cannot be of much value if they are meant to be a settlement of the Colour problem. It would be wholly unrealistic to talk of a settlement with opposition groups themselves fighting for their very existence. What is actually happening is that by slow degrees and under the pressure of the Malanist tyranny, growing numbers of Europeans realise that their only salvation lies in joining hands with the Africans—as the Indians realised long ago—and with them presenting a united democratic front against race-baited and its evils of domination.

By launching the resistance movement, we on the African side wanted to bring the point home to the European democrat that his own liberty is in danger from the Malanites and that we were determined to make this a country of free men. Our argument—the resistance movement—impressed the white community tremendously and provoked two significant reactions. From the Government and its supporters and sympathisers it drew forth

the anti-Defiance Acts. From the white democrats it drew forth the Liberal Party and the discussions now being arranged.

Up to now, the reply given by the African National Congress to the Anti-Defiance Acts has been half-hearted, feeble and unconvincing. There is nothing wrong with that, if the African National Congress thinks that it is more important for it to dwell on the other and more positive reaction from the white side.

Unrealistic

But it becomes singularly unrealistic if the other reaction as well is not made better use of. Then a situation is created where Malan can go to the white liberal or democrat and say: "I told you long ago. You cannot work with these fellows. It is your colour they are fighting. See how they are spurning your extended hand of friendship. They are not democrats. They want to establish a Black tyranny in the place of what they call a white tyranny. Your only way out is to stand solidly with me on the white front and fight by my side to the death for the survival of your skin and culture!"

I would call it very bad statesmanship if our leaders placed themselves in the position to give the white democrat cause to wonder if they are not in the position in which Malan would see them. And unless some people in Congress are very careful, a situation will arise where it will be impossible for the African and the European to agree.

For this reason, it would be well for these people to say clearly whether they want a peaceful solution or a violent one. It is no use saying you want a peaceful solution and at the same time be not prepared to make the sacrifices such a solution demands. The greatest condition required is acting in good faith and having confidence in those you work or deal with until they prove they do not deserve it.

If violence is what you want, then you can dispense with good faith and trust in others. You can suspect and distrust every whiteman or every Congress leader, barring your own personal friends and cronies.

Finally, if anything comes of the exploratory discussions, the African National Congress will have to be approached formally. But such an approach can be made only after a lot of ground has been prepared. That can best be done by men meeting not in their political capacities.

I mentioned Dadooism earlier in this article. There are people in the African National Congress who are so much under the influence of the Dadoo approach that

they might even suspect that the discussions under way might disrupt Indo-African unity. Now, if any of the white people who have a hand in the arrangements now being discussed have in mind the idea of throwing a wedge between the Indians and the Africans, they must be warned that the African people will not stand that for a minute. We no longer fight now exclusively for the African. We want South Africa—our country—a country where free men will live, no matter what their race or colour is. I think our Indian allies must trust us in all the negotiations we undertake. Dadooism is based on a fundamental distrust of everybody who is not a Dadoo-boy. The Dadoo-boys in the African National Congress in turn appear to distrust every Congressman who does not toe the Dadoo line.

Real Danger

The real danger in this is not so much in the way in which it will create obstacles for Afro-white agreement as in its effects on the African National Congress internally. It is not all the provinces which think Dadooism is such a wonderful thing. And if the Transvaal African Congress is dominated by the Dadoo-boys, that is not the position in Natal and we are determined that it should never be. We are determined to run our affairs in a direction we consider best for ourselves as a people and will not accept the position where we have to toe the Dadoo line. I think the Cape too wants to be free to run its affairs in the light of its own experiences.

But if on every occasion the Dadoo-boys of the Transvaal will come along to lay down the law for everybody, they must also realise that they and they alone will be responsible if their obduracy and subservience to Dadooism weakens the central administration of Congress and encourages the move towards stronger provincial autonomy. It would be tragic if, in their shortsightedness, the Dadoo boys brought about a final split in the African National Congress.

People must realise that the African National Congress is a national liberation movement and NOT a political party. People with all shades of political views can be members of Congress. An ardent capitalist can stand side by side with the reddest communist, united in their single goal of destroying race tyranny. In like manner, the African liberal can stand by the African conservative. That is the real strength of the African National Congress. So long as it realises

NEW BUS TERMINALS A DANGER TO LIFE COUNCIL OF SCIENTIFIC AND INDUSTRIAL RESEARCH PUBLICATION DIVISION

AT a conference called by the Sydenham Branch of the Natal Indian Congress to discuss the serious danger to the life and limb of passengers who were now compelled to take their buses at the new decentralised bus terminals at Winterton Walk and Lorne Street the following resolution was unanimously passed:

"This conference of representatives of 12 organisations in the Overport, Sydenham, Springfield and Mayville areas:

(1) Views with grave concern the dangerous situation created at the new Bus Terminal at Winterton Walk, where already several accidents have taken place, one extremely serious, in which both the legs and the pelvis of the victim were broken.

(2) Notes that this terminal is most inconvenient to the large number of women, children and workers who have to walk nearly a quarter mile more than previously and to do so have to cross the Old Dutch Road, Winterton Walk, Warwick Avenue intersection which is extremely busy with vehicular traffic especially during peak hours.

(3) Notes further that danger to life and limb of the non-white peoples will be accentuated once schools reopen and nearly 5,000 school going children will use the thoroughfares through which buses will travel.

(4) Expresses its dissatisfaction at the way in which the Durban City Council rushed its decentralisation plans without prior consultation with the people affected by it.

Resolves to request the City Council to immediately suspend the compilation of its decentralised scheme, and to establish a central terminal at the Testing Grounds."

The conference was attended by representatives of the four Congress branches in the Western Area of Durban, Mayville, Sydenham, Overport and Springfield and eight other local organisations.

Mr. Ali Khan who represented the Hlabeni Workers Union was in the Chair.

Mr. M. P. Nelsker, Chairman of the Sydenham Branch of the Natal Indian Congress leading the discussion on the new terminals stated that some Councillors and a local daily suggested that the demand for the Testing Grounds as a central bus terminal had been an afterthought. Mr. Nelsker tracing the history of this demand said that the demand for the Testing Grounds was made as early as 1949 in a

resolution passed at a conference of the Natal Indian Congress. This demand was again made by a conference of numerous organisations representing over 50,000 people in 1950 and in 1952 a petition signed by over 25,000 people making the same demand was presented to the Mayor by representatives of the African National Congress and the Natal Indian Congress. "This," Mr. Nelsker said, "was proof that the demand for the Testing Grounds as a central bus terminus was a carefully considered request of the vast majority of our people."

Arising out of the discussion it was conveyed to the meeting that a Durban Bus Passengers Welfare Committee had been formed to take up the whole question of the unsatisfactory conditions under which passengers had to travel in non-European buses and to press for the demand of establishing a central terminus at the present Testing Grounds. A resolution pledging full support to this new-formed organisation was unanimously passed by the meeting.

Bus Passengers Welfare Association

At a meeting of the newly-formed Bus Passengers Welfare Association the following resolutions were unanimously passed states its Secretary Mr. S. Veenamy:

(1) To request the City Council to give permission to hold a mass meeting at Nicol Square to consider a resolution condemning the establishment of the new bus terminals at Winterton Walk and Lorne Street and demanding the Testing Grounds as a central bus terminus for all non-European buses;

(2) To print post-cards addressed to the Mayor of Durban making the above request. Such post-cards to be widely distributed to all passengers who agree with the demand for the Testing Grounds.

(3) To call a conference of all organisations in the borough of Durban in order to discuss fully the demand for the use of the Testing Grounds as a central terminus;

(4) To request the Road Transportation Board to establish intermediate bus stops to operate during peak hours at the following places: The Sydenham Post Office; at the vacant land adjacent to the Queens Bridge in Umpent Road; and at the corner of Brickfield and Sparks Roads, in order to assist the thousands of bus passengers who during peak hours are left standing for long periods at bus stops.

WEALTH OF INDIA—RAW MATERIALS VOL. III

THE Council of Scientific and Industrial Research announces the publication of *Wealth of India—Raw Materials* Vol. III;

The first volume of this encyclopaedic work on the natural resources and industrial products of India appeared in December 1948; the second was published towards the end of 1950.

In his foreword to the series, Mr. Jawaharlal Nehru says:

"I have found this dictionary fascinating and it has opened out vistas of thought to me. I have no doubt that this book, produced by many scholars and experts after much labour, will be of great value to the builders of New India."

The first two volumes were warmly received by the press and the scientific circles, both in India and abroad. Handsome tributes were paid to the manner in which the work has been planned and executed, and to the format and neat printing of the volumes.

The books are excellent for references, general reading and teaching, and should be in all libraries, universities and other institutions," says 'Science,' the leading Science Weekly of America. Of the articles in these volumes 'Nature' writes, "One cannot but be impressed by their high quality, their value being much increased by the numerous references to the original literature. Every student of plant utilisation will be induced by them to wish that comparable reference works on the economic plants of other countries were also available." Another international journal declares: "We have no doubt that the world's planners will find in these volumes a mine of information of great value to them."

The third volume, just released for distribution, contains articles under letters D and E and deals *inter alia* with about 500 species of economic plants, three minerals and four animal products. The following classified statement gives a selection of subjects on which information—production, processing, utilisation and trade—has been assembled and presented.

Timber and Forest Products: Dalbergia, Dendrocalamus, Dillenia, Diospyros, Dipterocarpus, Duranta, Erythrina, Eucalyptus, Eulaliopsis.

Medical Plants: Datura, Der-

is, Digitalis, Embelia, Ephedra, Erythroxylum, Euphorbia.

Cereals and Pulses: Dolichos, Echinochloa, Eleusine.

Fruits and Vegetables: Daucus, Dioscorea, Diospyros, Dolichos, Durio, Emblica, Ericobotrys.

Oil Seeds: Diplazium, Elaeis, Eruca.

Spices: Elaeagnus.

Animal Products: Deer, Elephant.

Minerals: Diamond, Dolomite, Emerald.

In the case of botanical subjects, the scientific name of the genus forms the title of each article, and is followed up by a brief account of the genus. The important economic species are described in the alphabetical order of their scientific names. After the title, the common English name, if any, and the standard references are given. Names in Indian languages are from regional floras and published lists of Indian names. No attempt is made to give a botanical description of either the genus or the species. The parts of economic importance, however are described adequately. Where the species are of minor importance, a short generic note is considered sufficient. The distribution given is according to standard Indian floras. Purely ornamental or horticultural plants are not included.

For minerals and animal products, their common names have been found more convenient. Articles on minerals have been scrutinised by the Geological Survey of India. Occurrences have been listed in great detail, owing to the absence of precise information regarding reserves.

This volume also includes a valuable index to the regional floras and common English and Indian names, found in the first two volumes.

The volume covers 22-236 pages (demy quarto) and is printed on art paper. It is profusely illustrated with line drawings and half-tones; 22 mono- and multi-coloured plates are included. The volume is beautifully bound in deep blue rexine and is priced Rs. 18/-.

TROUBLED WATERS

By JOHN O'HIND

This book deals with that
period of Indian history when
three empires were at a clash
with each other on the Indian
Peninsula. The Mughal Em-
pire was breaking up; the
Maratha Kingdom was de-
clining; and the British were
establishing themselves. The
story is full of suspense, keep-
ing the reader engrossed in
the acts of heroism and valour,
naval bombardment and pir-
acy on the high seas, es-
capes, a chase with blood-
hounds, and romance. Order

SMEAR TACTICS AGAIN

that tolerance is its real strength, it will grow from strength to strength. But the moment people forget this and begin to say that everybody should think as they do from that moment Congress will disintegrate. And if that happens, the Dadoo-boys will bear the blame for acting as if everybody should stand at attention when the Transvaal speaks. We are not all Transvaalers and we do not all see things as the Transvaalers do. There are situations where the Trans-

vaalers may be right and others where they may be wrong. Where they are on the right, we have always stood by them. But where they are wrong, they cannot count on the other provinces following blindly. They have to realise that there are things where we might be right and where we might be wrong and exercise the tolerance we show towards them. When they do that they will strengthen Congress and stop their smear tactics.

OFFERING AN ALTERNATIVE TO COLONIALISM

By THELMA MIELKE

"BULLDOZERS flattened the homes of 7,000 Africans today after the natives had been forced out of two shanty-town settlements in the suburbs of Nairobi...several score... had been captured in the area, 500 others had been detained for further investigation and 800 were to be charged for not producing proper permits. The mass of mud-and-water huts was destroyed during week and raids that led to the arrest of twenty-three Africans..." This comes from a Reuters dispatch to the 'New York Times' dated April 19th, Nairobi, Kenya.

Since the end of World War II, the struggle of the colonial peoples has reached an unprecedented degree of rebellion against foreign domination. Many of them were involved in that war, and they have decided to take seriously for themselves the promises of the Allies for freedom of all people—and not just freedom for the major allied powers.

Conference after conference, the colonial peoples see nothing except the concerted effort by the administering powers to retain their hold on these colonies even though some terminology might change and some slight concessions might be made in a hope to quell the unrest.

Now the Allied Powers are asking the colonial peoples to resist invasion, but for what purpose? To retain their colonial status? For a person in a colony that is a pretty unimportant and unexciting thing for which to die. Referring to his countrymen, the King of Cambodia recently said, "They do not want to die for the French and help them stay

there." ('New York Times', April 19, 1953.)

There is only one way to solve the problems facing these people and that is by ending the whole colonial system immediately by direct negotiation. The system is now passing through the stages of violent death that all social orders have died.

How Can It Be Done?

Shortly after India obtained her independence there was much discussion that India would call a conference of the colonial peoples. This can still be done. Such a conference should not be under the auspices of any agency or international organ where the colonial powers have the controlling voice. It must be a conference for the liberation of peoples and not for the perpetuation of colonialism.

Countries ideally suited to sponsor such a conference are recently constituted free nations such as India, Burma or Indonesia. The meetings should be held in one of these countries so that delegates will not be barred from entrance and that surveillance and other forms of intimidation will be absent from the meetings.

Who Shall Go?

The conference should be a meeting of the people themselves and not of experts from the colonial offices. Representation should be as wide as possible from varied groups: political parties, professional groups, labour unions, religious bodies, student associations, etc. The delegates should not be the handpicked collaborators with the original invaders—the colonial powers.

To secure thorough-going representation, a general amnesty of political prisoners must be declared. In many instances the chief leaders of resistance are now in prisons accused of common crimes. People who oppose colonial regimes are referred to as "terrorists" to prejudice their cause in the minds of all liberal thinkers while the soldiers who murder the colonial people and destroy their property are pictured as the "protectors" of the "democratic way of life."

The time has come when all of us must be forced by subject peoples to define our terms. Though temporarily embarrassing to have to explain one's self is always best and even most useful in the end.

The time is past when a colonial power ought to be able to enforce her wishes by insisting that any question of colonial policy is an interference in her internal affairs. Colonialism is in itself the supreme apex of interference in the internal affairs of another country.

What Can A Conference Accomplish?

Nobody knows better the problem and how to solve them,

N.I.C. (MEREBANK BRANCH)

"THE Non-European people in particular, and the entire population of South Africa in general are shocked at what has been correctly termed 'the black budget' of Mr. Havenga the Honorable Minister of Finance," said Mr. M. P. Nalaker, Organising Secretary of the Natal Indian Congress speaking at the Annual General Meeting of the Merabank Branch of Congress held last week.

"The two penny increase in the price of bread," continued Mr. Nalaker, "will hit the working class people the hardest and it is difficult to understand the need for such an increase when numerous luxury products could have been taxed instead."

Speaking on the Group Areas Act, Mr. Nalaker said that the ultimate object of the Government in this regard was to reduce the non-white peoples to wage slaves and only the united opposition of the people will save them from complete economic destruction.

Calling for maximum activity in the area, Mr. R. G. Pillay who was elected Chairman of the Branch said, "we in Merabank will have to do everything possible to organise our people so that we can be prepared for any attack by the authorities."

Resolutions condemning the

together with the aspirations of subject peoples; than they themselves plus that scattered handful who have chosen to identify themselves actively and publicly against colonialism—as Rev. Michael Scott is doing in Africa.

This meeting of dominated nations can issue a statement of purpose, a Declaration of Independence—if you will—along with the establishment of the actual machinery to set up a permanent body.

Such a formulation will do the Allied Powers a great service because it will force them to put content into their favourite words—"liberty"—"democracy"—"equality."

The Colonial powers are working together and voting together in all international organs. The resisters of colonialism must unite. They have nothing to hide—nothing for which to apologise. There is the most important cause of the mid-twentieth century—ripping down a decaying social structure and setting up a world of free nations.—'The Catholic Worker.'

has imposed on Dr. Nalaker President of the Natal Indian Congress and Chief A. J. Lutuli, President-General of the African National Congress and also re-jeeling the Group Areas Act in force were passed by the meeting.

An unopposed motion by the chairman calling on the City Council to suspend the present decentralised bus terminals and to extend the Victoria Street bus rank to include the Testing Ground was passed with acclamation.

The following officials were elected for the ensuing year: Chairman, R. G. Pillay, Vice-Chairmen, Messrs Billy Jugnath, P. M. Govender and L. Ram-sunder, Jr. Secretaries, Messrs B. N. Pillay and M. A. Govender, Treasurer, Mr. M. K. Govender.

INDIA LETTER

From Our Own Correspondent

Bombay, July 3.

DURING the last one year unemployment among the educated urban population had shown a marked increase, while the prices of essential commodities remained at the highest level. The purchasing power of the people is reduced due to high prices, causing depression in the trade. Such a distressing situation had raised a hue and cry from various sections of the people and the press. Consequently the people's eyes were riveted on the All India Congress Committee's session at Agra for a lead in removing unemployment and relieving the economic distress.

In the Five Year Plan stress was laid on the improvement of agriculture, and the bulk of expenses and priorities were granted to the development of land. As India was a deficit country in regard to food and had to import grains worth over Rs. 100 crores at the time of formulating the Plan, the planners rightly gave the priority to the development of agriculture. Now the situation has changed. Our food production has increased and is likely to increase further. So now emphasis will be shifted to industrial development of basic industries like iron and steel and small scale industries which can provide a good deal of employment.

The All India Congress Committee called upon the Government for a higher rate of development investment and the expansion of the Five Year Plan in such directions as will lead to an increase in the volume of employment.

The resolution passed by the Committee emphasised the need for the State to accept "an increasingly active and positive role in regard to the development of industries, especially cottage and small scale industries by the establishment of co-operative societies."

The Committee directed the State Governments to undertake programmes of work, including public works of different kinds in order to give relief and greater purchasing power to the people, where unemployment becomes acute due to special circumstances.

The colleges and schools are turning out nearly four times the number of educated persons than the pre-war average. This number is out of proportion to the possible openings of the

kind sought by them in the present conditions, and the quality and kind of education which they receive is, according to the Committee, not well adapted to present requirements. So, the Committee suggested that the education system should be re-organized from this point of view and admission to the public services should depend on special tests of merit and ability and not merely on the possession of degrees.

The Committee attached the greatest importance to the introduction of far-reaching land reforms in India. While progress has been made in this direction by several State Governments, much yet remains to be done in order to make the actual tillers of the soil, the owners of the land. The State Governments should take immediate steps in regard to the collection of the requisite land data and the fixation of ceilings on land holdings, with a view to re-distributing the land as far as possible among the landless workers.

Steps are being taken to see that these resolutions are put into practice by the Congress Governments at the Centre and in the States.

The A.I.C.C. approved the foreign policy of Mr. Nehru.

In the resolution on Africa and the Middle East, the Committee stated that "it has noted with deep sorrow the conflict which is going on in certain parts of Africa, resulting in the cruel and forcible suppression of large numbers of people. Behind this conflict lies the policy of racial and colonial domination. The Congress has always stood for colonial freedom and racial equality, and this denial of both is of the gravest concern to it and can only lead to disastrous racial conflicts which may affect the whole of Africa and powerfully influence people in other parts of the world. Any assertion of the racial domination will inevitably meet with resistance and no stable and peaceful society can be based on the theory or practice of a dominating race or of colonial control."

The Committee regrets that no way out has thus far been found to resolve the conflicts in the Middle Eastern countries and that the path of negotiation is not being pursued.

In an impassioned reference to events in Africa and the

Middle East, Mr. Nehru, the Congress President, said that India, short of war, would fight for equality all over the world. The people of Africa were being treated to their own land as cattle or as wild animals. It was a scandalous thing. The people of Asia and Africa would look after themselves tomorrow if not today. We want to help them with all our heart and soul. It is a matter which concerns the whole world.

In a reference particularly to Africa, Mr. Nehru said that the happenings there amazed him. The whole of Africa might be ablaze if this sort of thing goes on and it would be a bad thing to have a racial war.

In pursuance of the resolution of the A.I.C.C. on unemployment, Mr. Nanda, Central Minister for Planning, announced a four-point plan by which the problem will be tackled by the Government. This scheme envisages that (1) the Government will encourage and inaugurate such undertakings like cottage industries as absorb more man-power; (2) all future Government activities will aim at "labour intensive" and not "capital intensive"; (3) adequate steps will be taken to absorb urban unemployed in the crafts and industries concerned with the production of goods of common utility; (4) proper insistence will be laid on basic education, and manual labour will be a feature of every educational institution.

Members of the Indian Steering Committee appointed to meet its counterpart in Karachi and pave the way for the meeting of the Prime Ministers of India and Pakistan have reached Karachi and started negotiations with the Pakistani Steering Committee. Both the Committees have immediately come to an agreement in regard to the procedure and mode of settling 40 items on the lists of the two Governments.

The leaders of the two Committees revealed that the items reviewed included financial disputes, administrative questions relating to customs, travel, records and boundary disputes. According to the leader of the Indian Steering Committee, Mr. B. F. H. M. Tyabji, reports were being sent to certain Ministers on the items reviewed and discussed for the settlement of disputes on agreed lines.

Mr. Nehru will leave for Karachi probably on the 25th July. He will stay at Karachi for two days only and try to settle as many problems as possible with Mr. Mahomed Ali, the Prime Minister of Pa-

kistan. Mr. Mahomed Ali will pay a return visit to Delhi to solve the remaining outstanding questions.

Official circles in New Delhi regard the offer of the South African Premier, Dr. Malan, at Cape Town, of his Government's help to Australia "in the event of any threat from India" as "the latest manifestation of the South African Premier's deep-seated Indo-phobia."

These circles said that no amount of wild charges would obscure India's well-known policy and oft-declared desire to live in friendship with all the countries of the world.

They hoped that Dr. Malan's hallucinations would not cause embarrassment to Australia, with whom India has the friendliest relations. Since India is accustomed to these periodic hysterics of Dr. Malan which have now lost even their imaginative novelty.

As regards Africa, they said, "Not only has India no territorial designs, but her declared policy is that even persons of Indian origin living in Africa and other overseas territories should not only merge their interests completely with those of the indigenous populations but also not look up to India as their protector."

They added: "India is naturally concerned with the discriminatory racial policies pursued by Dr. Malan's Government both from the humanitarian point of view and since these policies created tensions and conflicts which may threaten peace. Apart from India the conscience of the whole world has been aroused by the policies of the South African Government and the resolutions passed by the United Nations and the writings in the world press and statements by leaders show the concern of the civilized world at the Malan Government's action."

Disturbances have occurred in Bengal and Madras during the last few days.

In Calcutta an agitation was started against the enhancement in tram fares by one pice. The agitation, sponsored by anti-Congress political parties, took an ugly turn when they started violence, using crackers, stones and other missiles against the police. After the arrest of the leaders of the agitation, the movement had nearly died down and a call was given for a province-wide strike by the "non-violence committee" on July 15. When the strike call did not evoke enough response, the supporters of the "non-violence committee" resorted to bootlegging,

Startling Story Of Mau Mau

(By Reginald Reynolds)

Reproduced from 'Peace News' dated 26th June 1953

*Since wars begin in the
minds of men, it is in the
minds of men that the de-
fences of peace must be
constructed*

—Constitution Of United
Nations.

*I am asking my country-
men...to follow no other
gospel than the gospel of
self-sacrifice which precedes
every battle. Whether you
belong to the school of vio-
lence or non-violence, you
will have to go through
the fire of sacrifice and of

—Mahatma Gandhi.

 OFFICIAL figures can sometimes be interesting. I invite your attention to the following statistics from the 'Tanganyika Standard' (April 25) and the 'Central African Post' of Lusaka (June 12). Both are European papers. They give the casualties in the Kenya disturbances from the declaration of the "State of Emergency" in October 1952:

Killed by Mau Mau up to April 23 "according to official records" Africans 450, Europeans 10, Asians 4. Up to June 3 "latest official figures" Africans 411, Europeans 17, Asians 4.

Killed by forces in anti-Mau Mau operations up to April 23 "according to official records" Africans 595. Up to June 3 "latest official figures" Africans 848.

While the number of Asians killed by Mau Mau remained static, seven more Europeans were killed between April 23 and June 3, but in that same period 39 Africans were apparently brought to life again, so that the total killed by Mau Mau during those five weeks must have been a minus quantity of 31.

From such unreliable statistics it is difficult to draw conclusions; but both murder budgets indicate the same general and agreed conclusions:

(1) The number of Africans said to have been killed by Mau Mau vastly exceeds the number of European victims;

(2) the number of Africans killed by the forces of law and order admittedly exceeds—apparently on an increasing scale—the number of African casualties debited to Mau Mau. These are facts which I want to consider here.

When Will The Truth Be Told?

You could drive through this troubled country of Kenya seeing little and understanding less.

Here you pass a police station, protected by barbed wire. There a police car pauses at a cross-roads and the police look searchingly at the occupants of your car. Nothing more, perhaps.

It is a cliché common among Europeans in Africa that the African has, at best, only a "veneer" of civilisation, under that lurks the savage. I am not in a position to argue about that, but I think it is probably true.

I can believe it because I know it is true of us all. What else is modern war but the savagery that lurks beneath our veneer of civilisation—and breaks through?

It is not a question of blaming and accusing. It is a question of understanding and facing something.

To understand Mau Mau you have to know something of the history of the country: you have to be able to feel what it is like to be an African, treated as an inferior in your own country, confined to the smallest of inadequate small-holdings while one European is granted thousands of acres.

Ruthless War

I am not concerned here with the arguments advanced to justify this state of affairs. I am only concerned at the moment with the way you or I would look at it—or an African.

(Continued on page 491)

INDIAN OPINION

FRIDAY, 7TH AUGUST, 1953

Who Are The Real Mau Maus?

IN the past we knew weeks hence what legislative measures were to be introduced in Parliament and people had an opportunity to study them and to comment on them. Today nobody knows what is going to come and when it is going to come. In so far as the non-Whites are concerned the Bill to change the constitution in order to remove the remnants of the safeguards existing in it for us is not the only serious one. The more serious ones seem to be coming slowly but surely. In pursuing its programme and policy of Apartheid the Government is determined to remove every possible obstacle in its way. It is now trying to remove the last vestige of protection we have from the Law Courts. The Apartheid laws are being so tightened up that the Courts will be able to afford us no relief whatsoever, unless they decide that such laws are ultra vires the powers of any civilised Parliament. A Magistrate or a judge who feels that way will find his position unbearable on the bench and if he has any self-respect he will resign his post forthwith, provided of course, that he is there to meet out justice and not only for his own material interests. His position will be just as precarious as the oppressed people of this country and his real duty will be to leave the bench and join their ranks in a common struggle for justice and

freedom for all. It is not power that the oppressed people of South Africa are today fighting. They are fighting for justice and freedom which is the birthright of every human being.

The Minister of Justice, Mr. C. R. Swart, introduced in the Union House of Assembly a Bill known as the "Reservation of Separate Amenities Bill," which provides for the reservation of public premises and vehicles, or portions thereof, for the exclusive use of persons of a particular race or class. The Bill provides further that the setting aside of amenities for a particular race or class of person may not be declared invalid (which have recently done) merely on the grounds that no such amenities have similarly been reserved for the exclusive use of persons belonging to any other class, or that the amenities so reserved for persons belonging to any other race or class, are not substantially similar to, or of the same character, standard, extent or quality as the amenities reserved for another race or class of people. This means that the Government, in implementing its policy of Apartheid, will not be obliged to provide facilities for the non-Whites equal to those enjoyed by the Whites. Anything will be good enough for the non-Whites. But not so in regard to taxation. That of course the non-White will be subjected to not only equally with the Whites

but, unlike the Whites, they will have to pay taxes without deriving any benefits therefrom. It will be surprising if this Bill does not pass. If it does it will augment the list of the unjust laws against which the defiance campaign has been launched. The pity of it is that the campaign is not keeping pace with the Government measures. The Government however has no reason to glee over it. Let it not forget that it is sitting on a volcano without knowing when and in what form it will erupt.

While reading the report of this latest Apartheid measure in the 'Natal Mercury' our eyes fell on the adjoining column reporting

the project of the British and Foreign Bible Society to send Bibles in their thousands for the Mau Mau prisoners and to other places where there has been tension. When we read that we could not help exclaiming: "Physician heal thyself!" What a mockery of Christianity? The Bible is most needed today by the world political leaders who have been the cause of all the tension and, in South Africa, by Dr. Malan and company, who are leading this fair land and the whole world to destruction. If God would only give them the wisdom to do a little introspection they would surely realise that they are the real Mau Maus.

NOTES AND NEWS

East London's Mayor Warns White S.A.

While the White man in South Africa squabbled blindly over racial ideals and shunned hard work, the strong and virile Black man was gradually forcing his way upwards, said the Mayor of East London, Mr. F. Fox, at a United Party conference last week. The White man enjoyed a standard of living known to few other White populations. The Government, provincial and municipal councils, were continually being harassed by people who wanted more and more for less and less. Luxuries had become comforts and comforts had become necessities for the South African White population. In other words comfort and luxury were becoming a right instead of a reward. The Native was already becoming the industrial worker in the cities—the scarcity of farm labour was proof of this. This was the danger signal, and the answer to those whose prejudice prevented their looking ahead. The Europeans must realise he cannot for ever have his comfort and ease in South Africa. At the same time the Native must realise that as the years pass he will have to look after himself, added Mr. Fox.—Sapa

Well Said

There is much truth in what the Mayor of East London has said. The white man will have to abandon his luxurious habits and the black man will have to

become more and more self-reliant. Self-reliance is the key to his salvation in South Africa. The sooner this is brought home to the black man the better it will be for him. Let him not imitate the bad habits of the white man but nurture his own frugal ways of living.

New Apartheid Bill

The Reservation of Separate Amenities Bill, which the Minister of Justice, Mr. C. R. Swart, has introduced in the Assembly and which has been read a first time, provides for the reservation of public premises and vehicles, or portions thereof, for the exclusive use of persons of a particular race or class. The Bill makes it an offence for any person who is not of the specified race or class, wilfully to enter or use any public premises, or public vehicles, or portions thereof, which have been set apart or reserved for the exclusive use of persons belonging to a particular race or class. The amenities which may be so reserved include counters, benches, seats or any other amenity or contrivance on public premises or on a public vehicle. For contraventions of this provision a fine not exceeding £50 or three months' imprisonment or both fine and imprisonment is imposed. Public premises includes any land, enclosure, building, structure, hall, room, office or convenience to which the public has access, whether on payment of an admission fee or not. A public vehicle includes

any train, tram, bus, vessel or aircraft used for the conveyance for reward or otherwise of members of the public. The Bill provides that the setting aside of amenities for a particular race or class of persons may not be declared invalid merely on the grounds that such amenities have similarly been reserved for the exclusive use of persons belonging to any other class, or that the amenities are reserved for persons belonging to any other race or class are not substantially similar to or of the same character, standard, extent or quality as the amenities reserved for another race or class of people.—Saps.

Dr. Dadoo's Telegram To Mr. Golding

Dr. Y. M. Dadoo, former President of the South Indian Congress, has sent the following message to Mr. G. J. Golding, the President of the Coloured People's National Union, regarding the interview which the Prime Minister, Dr. D. F. Malan, has granted the C.P.N.U. on August 14, to discuss the question of the Coloured Franchise: "The non-European people consider Government's proposal to remove the Coloured votes from the common roll is an unjust and unwarranted deprivation of the meagre franchise rights enjoyed by them. They stand unequivocally for full and equal franchise rights for all South Africans, irrespective of race, colour or sex. Any approach to the Government involving the removal of the Coloured voters from the common roll will cause bitter and wide-spread resentment and cannot but be regarded as a rank betrayal of the fundamental interests and cause of Freedom of the ten million oppressed non-European people of our land. In this fateful hour for our country, I appeal to you to do nothing which will in any way hamper or hinder the common struggle of all our people against apartheid slavery and for Freedom and Universal Human Rights."

Apartheid Sought At Amusement Parks

The City Council of Maritzburg had before it at its meeting last week an application from the owner of an amusement park to be allowed to operate from August 28 to September 12. It was decided, by eight votes to four, that this application be granted subject to an increased rental of 10 guineas a day, and to completely separate facilities being provided for Europeans and non-Europeans. Councillors at the meeting expressed in no un-

certain terms their dissatisfaction with the present arrangements during the amusement park's season. Mr. C. M. Forsyth said his experience of previous shows was that the Europeans were being driven out entirely by non-Europeans. "The Park is simply overrun," he said, "and Europeans stay away as a result. Europeans are pushed aside by an element which creeps in and which has an entire lack of courtesy. At present it is between 80 and 90 per cent. a non-European amusement park," he added. Mr. G. C. Jolliffe said the people who

mostly supported the amusement park were Indians who lost money on the sideshows. Mr. F. Flanders said it was the Indians who were particularly troublesome. "If we could keep them in their own area it would be a better arrangement," he added. A suggestion was made that the show for non-Europeans might be operated near the beer hall at the lower end of the city. Mr. W. M. Anderson said: "We have enough trouble down there as it is with the Natives. If there is a large influx of Indians we will have more trouble."

public sittings of the Land Tenure Board, and advising every Congress Branch to bring forcefully to the notice of the people in their area the dangers forcing them under the sinister plans which aim to uproot thousands of people from their homes.

"No true representative of his people" the resolution stated, "can put forward any alternative plans before the Land Tenure Board for we are satisfied that the Group Areas Act is an unjust law and hence no justice can flow out of it for the non-European people."

THE CERTAINTY OF VICTORY

By Mr. PATRICK DUNCAN

WE who will the liberation of our country from its atrocious injustices have a unique privilege. We belong to a movement which is certain (so far as human affairs can be certain) of ultimate victory. When the present phase is past the idea of a colour-caste society in South Africa will have become as extinct as the dinosaur, and will seem as ridiculous as the dodo.

We are going to win; but the manner and time of our victory is still obscure to our eyes.

We are going to win, because all the great living forces at work among men are on our side. Not one great force supports the idea of a colour-caste society.

We are going to win because we have right on our side. It is monstrous that a majority of our fellow-citizens should be seifs in the land of their birth, purely because of the colour of their skin.

We are going to win because in the confusion of present day political thoughts we are possessed of an unrelenting will-power. Slowly, working over the years, this power of ours will polarise the atoms of our society. We know where we are going, and we know how to get there, and we work for our aim all the waking hours of every day. Some of our opponents are possessed with the will to fight, but in the innermost recesses of their hearts I detect the pessimism of those who are fighting merely to stave off defeat, like the German army after Alamein and Stalingrad. Distinguished visitors from abroad have told me that all over Africa, during their interviews with white-supremacists, towards the end of the discussions, there is a pause—a psycho-analytical resistance—then, always under a thousand disguises the same question: "How long do you think we can hold it?"

We are going to win because we embrace the future. One day the inhabitants of our country are going to form a unified economic system, and that day is not far off. We give political form to this economic fact. One day the people of South Africa are going to be equal citizens of a great nation. Our all-embracing South African nationalism eagerly accepts this idea, and each new recruit brings nearer the day of its realisation.

The time has come when all who agree with us must dissociate themselves from the evils of the present system. The day will come when all who are not with us will be taken to be against us and the wise and the good will see to it that when that day comes they are where their true interests and their consciences tell them to stand.

N.I.C. COMMITTEE

THE Working Committee of the Natal Indian Congress which met in Durban on Sunday, August 2, and which was attended by delegates of the Natal Indian Congress branches from different parts of the Province, passed resolutions protesting against the budget which imposed hardships on the lower income groups in South Africa and dealt a cruel blow at the Non-European people by increasing the price of bread, the staple food of the people, reiterating its request to the Government, to make family allowances available to the Indian people; endorsing the action of the officials in lodging the Congress protest at the

Peace In Korea

Another resolution passed by the Working Committee welcomed the signing of the armistice in Korea. The resolution said: "Pledged as we are to the cause of peace, and peaceful methods of resolving differences in the national and international field, we are heartened at the successful conclusion of a truce in Korea. We express the hope that the truce will be the beginning of greater efforts leading to a Peace Pact among and Big Powers of the world."

Bus Decentralisation Criticised

The Working Committee condemned the Durban City Council's decentralisation of the Non-European bus centre "Despite tremendous opposition," Congress added: "the Council has enforced decentralisation leading to increased dangers to the safety of school children and passengers. Congress condemns the action of the Council and calls upon the Council, in the interest of public safety, to erect a proper non-European bus terminus at the present site of the Municipal Testing Grounds."

LIBERAL PERSPECTIVE

THE UNITED PARTY AND THE ELECTION
THE UPSURGE OF AFRIKANER NATIONALISM

By C. W. M. GELL

I
THE emergence of two new Opposition parties and the widespread public debate they have occasioned are a challenge to all who oppose Nationalism to think out clearly what they are fighting for.

Unity is not exactly supreme within the ranks of triumphant Nationalism. Republican rumblings and the moral earnestness of those who advocate total apartheid as the Nationalist goal point to areas of conflict, which even authoritarian clerical rule cannot silence for ever.

But others cannot afford to wait for rifts in the Nationalist lot. The morrow of their most shattering electoral defeat is nearly the time to consider what lessons can be learnt from that distressing experience. This means discussing differences openly and honestly. For there is a very real danger that, if they now evade a rigorous re-examination of their principles and policies, they will slowly succumb to a creeping paralysis of their will to resist. If that ever happened, or even if in this hour of their comparative political impotence they were to relapse into their all too frequent apathy (more is not 'a day and a night' but a very ill day for South Africa).

Welcoming, therefore, the present debate at least as a sign of the continued vitality of our opposition to Nationalism, let us look first to the past for the causes of our present discomfort; and then try to deduce from its lessons and from an analysis of the future a political philosophy and strategy for the hard days that lie ahead in a Nationalist-dominated South Africa. For the first lesson is that what happened in 1948 was not (as we thought at the time) merely an accident. Because of the weakness of the party that then obtained power, a new era opened in our history.

Of the several explanations offered for the recent defeat most prominence has been given to the effects of delimitation skirting the U.P.'s overall majority of the actual poll. But this is clearly a winning seat. Whatever may be said about the security of land, more modern conditions and the way it has worked in the past, the Nationalists are not

going to oblige by abolishing it now or by introducing proportional representation. In fact, it is almost certain that they will amend the electoral laws in regard to delimitations, etc. in order to render the vote still more ineffective, and they will increase our disadvantages by entrenching the hinderwile of the eighteen-year-olds.

Electoral manipulation apart, the Nationalist share of the total vote is rising and, other things being equal, will continue to rise. In the 1948 election the Nat.-A.P. coalition obtained 33 per cent of the registered electorate and 41.7 per cent of the actual poll. This April by a combination of good organisation and splendid enthusiasm the Opposition turned out much more nearly its total possible vote than in 1948, when it was rather too confident. It can safely be assumed that of the higher percentage poll (87.8 per cent against 78.9 in 1948—allowances in all cases being made for unopposed returns) most of the additional 9 per cent voters were Opposition voters. Even so the Nationalist vote rose to 39.3 of the registered electorate and 45.6 of the actual poll. There is thus plain statistical evidence of a significant swing to the Nats, even if the effects of delimitation are ignored.

There is every likelihood that this swing will increase with the years. Apart from the possibility that some traditionally U.P. Afrikaners may feel attracted to so obviously successful an exegesis, the proportion of Afrikaners in the European population is rising. At the 1951 census 56 per cent of the Europeans recorded Afrikaners as their home language; in 1951 (p. preliminary figures) this had increased to 61 per cent. Since some 70 per cent of the Afrikaner community are Nationalist, the mere passage of time will, in the absence of large-scale immigration, work to the Opposition's further disadvantage and this inexorable process will be stimulated by the deliberate indoctrination of the numerically preponderant Afrikaner youth. Out of the Broederbond's total membership of 3,460 recently 2,039 were school teachers and 336 preachers.

Many U.P. political pundits, therefore, believe that the party's only hope is to move further to the Right in order to bid for "floating" Afrikaner voters in the urban and peri-urban areas. This was in fact the main U.P. strategy; only, it is now argued, it was not carried far enough and in particular it lacked Afrikaner daily newspapers to put the U.P. view across. I believe that the practical and financial difficulties of launching a daily U.P. Afrikaner press are almost insuperable. But even, this is not so, the strategy seems to me to suffer from two major defects that have characterised all Opposition thought since 1948: a tendency to consider White politics in a vacuum unrelated to the much wider and more urgent racial issues of our time and a failure to appreciate the true nature of Afrikaner Nationalism.

I will deal with the first point in later articles. As to the second, we all have been guilty of some degree of naivete. We have, of course, recognised the great emotional strength behind the residual issues of the Great Trek and the Boer War—the attitude recently expressed by a letter in the Afrikaner press which regarded the Treaty of Vereeniging "as only an armistice." But being temperamentally moderate-minded, short-memory and forgiving people, U.P. supporters, English and Afrikaners, have imagined that the potency of these sort of emotions was more or less confined to the backveld areas of the plateau. In their innocence they thought that the urbanised, educated Nationalist would be amenable to appeals to his reason and intelligence, that he would realise that the battle for the Afrikaner language and culture was won long ago, that he would therefore be prepared to put the interests of the White community as a whole before those of a section of this minority of our population. Opposition supporters thus took with a good grace last year's references to the Jameson Raid and a "Third South African War for freedom," since the Nationalist obviously had as even worse case on the constitutional issue than had Rhodes and Milner for their aggressive imperialism. But Senator Verwoerd struck a harsher note with his refusal to allow "any court verdict to put our party off its stroke—we believe the Afrikaner people are sovereign and that, our 'nation is here'." Thus unmasked of Afrikaner jingoism. And we should be perhaps have taken

more notice of the reasons advanced against White immigration; that it would only strengthen liberal and "cosmopolitan" opinion without "securing what is precious to us—our leadership, our way of life, our language, culture and faith."

Thus with Nationalist Afrikaners "like old war horses smelling blood when they heard the first shots of the election campaign" and their bitter denunciation of "renegade" Afrikaners within U.P. ranks, we should not have been so unprepared for blood calling to blood with an insistence that stifled many genuine doubts about the High Court of Parliament episode. For the Nats are less a political party than a nation in arms—"rather poverty under a National Government than prosperity under any other." The national exhortation, fortified by religious dogma and scriptural sanction which justify "the chosen" in degrees of electoral manipulation no ordinary political party would be allowed, makes them immune from recalcitrance of their supporters at the polls for failure to solve the bread and butter issues of daily life.

Convinced that all English-speakers and renegades, inspired by "the perfidiously misleading U.P. and its press," rush to the polls "out of hatred of the Afrikaners and everything Afrikaner," Nationalists "unchain an ineradicable hatred in their souls" and even where such tremendous prejudice is not at work, "blood reaches out towards its own blood." Like Macaulay's Hottentots, whom they have quoted, they stand against the world, "facing fearful odds for the ashes of their fathers and the temples of their gods." It is this fervent racial pride of a small and isolated people that distinguishes the Nationalists from ordinary political parties.

For the present Nationalists are impervious to reason and to the significance of events beyond their limited horizons. Their eyes are so firmly fixed on the glorious future that awaits the folk along the road of their ancestors which they have now regained, that they cannot see the very ground is opening beneath their feet. For it is our tragedy and South Africa's—and will yet be theirs—that such sectional patriotism inevitably arouses the hostility of the remaining nine-tenths of the population. But for the moment we must recognise that Afrikaner Nationalism is unavailable within a virtually all-European electorate. Almost certainly the proportion of non-Nationalists in the Afrikaner

community (if not their actual numbers) will diminish and, as far as Afrikaner voters can be said to "drift" the drift is away from the Opposition.

And this unfortunate aspect of our racial affairs will be

aggravated by two direct consequences of their attitude: the revival of English nationalism in Natal and the emergence of Black nationalism in opposition to all forms of White nationalism.

INCREASED PRICE OF BREAD

THERE has been a chorus of opposition against the increased price of bread. Mr. George Stent, former Secretary of the South African National Tuberculosis Association and now its policy adviser, told the Press that Mr. Havenga had thrown a spanner in the work for which the late Minister of Health had given his life. In a radio talk shortly before he died, Dr. Karl Bremer, the late Minister of Health and Social Welfare, had said that the state of nutrition of the lower income groups was a matter of grave concern to all who were engaged in health and welfare work. Mr. Stent pointed out. Now, by raising the price of bread, Mr. Havenga had endangered the already malnourished and this could have a direct bearing on any increase in TB. Had the Government raised the price of white bread by 4d., abolished the subsidy, and left Bremer bread at its former price or, better still, reduced the price, this would have been a better action at a time when the general rise in vegetables, food-stuffs, meat and other items of consumption was forcing people to go without.

"The Government spend more than £3,000,000 in subsidies on white bread," continued Mr. Stent. "If this money had been spent on educating TB, it would have brought results."

It was certain, he said, that TB care work would be handicapped by the rise in bread.

In connection with the recent dumping of grapefruit, Mr. Stent said that this was unforgivable.

'Why was it not given to Government hospitals or institutions instead of being thrown away?' he asked.

Mrs. Edith Benson, former M.P. for Umbilo, sent a telegram to the Prime Minister emphasising the importance the late Dr. Karl Bremer attached to nutrition, and warning that the increase in the bread price, coupled with the high cost of other essential foods, would probably increase the incidence of TB and lead to starvation.

S. A. Institute Of Race Relations

Commenting on the adjustment on bread, the South African Institute of Race Relations says the Union's 2,711,733 urban African population—the heaviest hit by it, in 1952—could have no

additional expenditure of 7s. 6d per month due to the rise in the price of bread.

In a survey completed in December, 1950, the Institute found that the average urban African family—taken as five units—faced an essential minimum monthly expenditure of £4 17s. 10d, greater than its total cash income at the time.

"Further surveys had indicated that the average family consumes one and a half loaves of white bread each day, continues the bulletin. "For them then, the increase of expenditure on this item will be 7s. 6d per month."

Liberal Party

The Liberal Party is reported to have said in a statement, that the increase in the price of bread could only be interpreted as a callous disregard for the health and welfare of the people. The lower income groups, particularly the non-European, already contribute large amounts to Government revenue through indirect taxes and customs and excise duties. Since they are the poorest group in the community, they are disproportionately burdened by a financial policy which has the effect of increasing the price on the necessities of life."

Church Protest

At a meeting of the action committee of the Christian Council of South Africa (which represents all churches except the Roman Catholics and the Dutch Reformed) the members agreed unanimously to record their protest against the increased price of bread. They regarded "this additional burden on an already overburdened people as nothing short of disastrous; and hoped that even at this late hour it would be possible to raise the necessary money without increasing the necessities of life." The Archbishop of Capetown, the Most Rev. G. B. Clayton, presided at the meeting.

Havenga's Reply

The Cape Housewives League, in a statement issued after a deputation had interviewed the Minister of Finance, says, the Minister refused to accept a position, signed by 20,000 people, asking for a reduction in bread prices and fares. With the Minister was the Secretary, Dr. D. H. Steyn. "The Minister advised that people should eat the cheaper brown bread," the statement adds, "and said that

the price of bread in South Africa was lower than in other countries. He suggested that the workers should eat morale meal."

Dr. Malan Asked To Reconsider Bread Price

Mrs. Edith Benson, former M.P. for Umbilo, last week sent a telegram to the Prime Minister strongly urging him to reconsider the increased prices for bread, especially the brown loaf. She said that the higher prices would cause hardship to many European families, and many Coloureds and Natives would face "semi-starvation." With mealie meal at 4lb. 6s. a 1s., mealie rice at 3lb. 8s. a 1s. and samp 3lb. 12s. a 1s., there were no cheap staple foods that could be substituted for bread. The Minister of Health, Dr. Bremer, had always emphasized that lack of nutritious food was the primary cause of tuberculosis among Natives and Coloureds. High prices for essential foods would result in an increase in TB and the victims of the disease would have to be cared for by the Government.

During the discussion on the budget in the Union House of Assembly Dr. P. J. Van Nierop (Nat. Mosel Bay) is reported to have said, the abuse of liquor should be stopped. It had been said that the State received an income of £8,500,000 from the sale of liquor but the Minister of Social Welfare had revealed that its abuse cost the Government between £30,000,000 and £40,000,000 a year. There were

45,000 drunkards in the Union today.

A higher tax on drink might make it unnecessary to increase the price of bread. Consumption of brandy in South Africa had increased from 730,000 gallons in 1938 to 2,000,000 gallons in 1945. In the same period consumption of beer and stout had increased from 6,728,000 gallons to 15,223,000 gallons and consumption of wine between 1941 and 1950 had increased from 7,681,500 gallons to 11,401 gallons.

Every adult person in South Africa excluding Natives, had consumed an average of 30 gallons of intoxicating liquor in the year 1946.

The money spent on the South African population on intoxicating liquor in 1946 alone was £31,925,000.

Mr. J. P. Cape (U.P. Port town) is reported to have said he was concerned about the growing cost of national administration. In Canada, when the standard of living was four times as high as in the Union and the wages of the public servant twice as high, the expenditure on administration was only 14 per cent. of the national income. In South Africa it was 37 per cent.

STARTLING STORY OF MAU MAU

(Continued from front page)

Now to turn to the European settler. He firmly believes in his superiority. His great interests, too, are at stake. Both are challenged. In this war—rather, like all wars today, aparing none.

He feels as some people felt in Britain—and in Germany—when they looked at the murder done by bombs. He is not likely to remain a reasonable person. If you doubt that, read the letters which many Europeans write to Kenya superiors or listen to actual conversations. Hatred, fear, self-interest and the desire for revenge are the worst enemies of reason.

Counter-Terror

Some months ago old Colonel Grogan said in the Legislative Council that the Government should "take a hundred of the rascals," hang some of them in front of the others and send the survivors home to their villages. It was an open declaration of a counter-terror policy.

"Make no mistake," said one European to me. "Grogan says what others think but don't say in 'Lunga.' Don't think Grogan is just a joke."

And the evidence is piling up that Grogan's policy is being unofficially implemented, especially by the Kenya Police Reserve. European settlers and settlers' sons, with arms and a very free hand to use them, they are the object of more terror today than the Mau Mau itself. The terror is called "The White Man Men" by many Africans.

Under the shadow of this terrible terror it is hard to get the truth about anything in the Kenya country. I was frequently warned of the danger I could bring to Kikuyu by meeting them openly. When, through the help of friends, I eventually did meet them I heard innumerable stories of police brutality.

The local police superintendent, a "regular," is generally (but not always) exaggerated. But he cannot be everywhere at once. Patrols of KPR men go and come. They regard as an enemy any Kikuyu known to be a supporter of the Kenya African Union—now banned after the failure to kill it by arresting its leaders.

For an African even to be suspected is to be suspect. "Why," asked one Kikuyu pointedly, "is it nearly always the educated Africans who fall to bolt when challenged by a patrol and are shot dead?" Shot dead, yes; the mechanism of the KPR is suspiciously concrete.

There are lawyers who have details of many unpleasant cases—alleged murders and beatings, on the Black and Tan model. The massive files are impressive; but nobody imagines they represent more than a small fraction of the total.

A man who has been illegally dragged by the representatives of law and order will think twice before he risks a repitition (or something worse) by complaining. A dead man will tell no tales and his relatives may fear to share his fate. If only one-tenth of the allegations should turn out to be true the case against the Government would be a heavy one—and from my reading of the affidavits I should say there is more fire than that in the smoke.

Then why isn't something done about it?

That, too, has its explanation. And it is not a reassuring one.

At least three of the cases of which I saw the evidence indicated that Colonel Grogan's policy of counter-terror was being interpreted in a liberal manner by members of the KPR. In three three cases the point in common was that Africans were said to have been killed in the presence of others: thus there was an illegal execution with the certainty that it would be reported and strike terror among their fellows.

(Ogil Rhodes, whose memory is now being celebrated in a big way in the Rhodesias, openly advocated very similar tactics.)

It may seem hard to believe such a thing. Surely, you will say, it would be too risky. Perhaps it was; I hope it will prove to have been.

But angry men do not always weigh risks. And what, after all, would the risks amount to?

Firstly, there would be the strong probability that those who knew and even saw would be too terrified to complain to the authorities.

Next there would be the improbability of their being believed.

Thirdly, the improbability of an official enquiry.

Fourthly, the chance that an enquiry conducted by the Government, if things went that far, would be a white-washing business—Government practice being heavily involved.

And finally there is the virtual certainty—especially at such a time as this—that no European settler will be convicted of murdering a Kikuyu by a settlers' jury.

But there is now another safeguard which even a settler might

not have anticipated—and it explains why the evidence is piling up and so little is being done about it. Not long before I arrived in Kenya Mr. Peter Evans, an English barrister then practising in Nairobi, described several of these cases of alleged murder. While he was still working on the other cases he presented the evidence of one case to the Governor of Kenya, asking for a full enquiry.

I have seen a copy of that evidence and it is about as complete and damning as any evidence could be.

The Governor's reply was to order Peter Evans out of Kenya and no more has been heard of the case.

Sir Evelyn Baring did not specifically say that Evans was to go because he had his hands on three or four cases of alleged murder by the police. Instead the Government cited a conversation supposed to have taken place between Evans and Ododo—one of the few African members of the Legislative Council.

Ododo is a Luo from Central Nyanza, and Evans apparently suggested to him that it was a pity the Luo were going to work for Europeans who had driven the Kikuyu from their farms. In short, he advised against "black-baiting."

Dangerous Traffic

It was interpreted as "sedition" and Evans was expelled on this pretext, Ododo being interned—apparently for listening to such an outrageous idea.

But to the few lawyers who had dared to deal in such dangerous traffic the meaning seemed all too clear. One lawyer was even unofficially warned by the police that he was "high on the list."

I begged them to let me see the material they had accumulated, or at least some of it; but they were quite determined to take no chances. They would not face ruin with no hope of achieving anything at all.

Peter Evans had gone to Mochi, in Tanganyika. Suddenly there came the news that he had now been ordered to leave Tanganyika territory.

Was it because Mochi was too conveniently near to Nairobi—a few boats' drive across the border?

Meeting With Peter Evans

I cut short my stay in Nairobi and crossed the border, afraid that Evans might be deported before I could reach him. We met the same day. As usual in such cases, the man had been dubbed a "Communist." I found him surprisingly moderate.

We discussed many things and I recall his defence of proprietors of "solour bar" hotels. It

was not their fault, he said—they stood to lose their main trade by serving the occasional non-European. The thing could only be tackled by legislation. He even put a case for the restrictions which (in effect) prevent Africans in Kenya from growing coffee. And he said it was no use blaming the settlers in the KPR for practising lynch-law, they were as much victims of their environment as anybody else.

I mention these things to show what kind of a man Peter Evans is.

He showed me a lot of his evidence and told me of many other cases he had intended to investigate.

I met Evans openly and realised that I could not now return to Kenya. I should be a marked man and regarded as his "enemy" in Nairobi.

How interested certain people were in Peter Evans was dramatically illustrated shortly after my arrival.

Not having an office of his own in Mochi, Evans was using that of Dudley Thompson, a West Indian lawyer who had himself played a part in Kikuyu cases. Two days after my arrival Evans met me with the news that Thompson's office had been broken into during the night. The "burglars" had used a duplicate key, had apparently stolen nothing of value but had hidden themselves with the papers... The job had been done clumsily, leaving many obvious traces.

I had lunch that day with Peter at the Killmanjaro Hotel. While we were having coffee on the veranda the Superintendent of Police came up to speak to my companion—something to do with the deportation order, which was to take effect as soon as a berth could be obtained for him. Evans complained of interference with his mail, which was being opened and delayed. The Superintendent did not confirm this fact, but neither did he deny it.

The Way To Confidence

The only point about this account of Peter Evans is to show what a man is up against if he tries to expose the truth in Kenya.

Nothing less than a judicial enquiry, conducted by a Commissioner appointed in London (not by the Kenya Government) will enable us to know the truth.

That alone will inspire confidence and encourage lawyers who know the facts to lead evidence, or the terrified Kikuyu to offer it.

That alone will check the lawless activities of the White Man Men.

Look again at those figures and ask yourself: how do we know that all, or even most, of those admittedly killed by police and military were really terrorists? How do we know that all the deaths ascribed to the Mau Mau were really their work? How do we know—with such glaring discrepancies in the figures—that they are even a complete record?

I should have liked to discuss this whole matter with Scott Dixon, of the Kenya Christian Council, but he was ill when I was in Nairobi and there seemed to be nobody else that I knew of capable of taking it up from the Christian angle. The job needs stating, courage and integrity—three things not always found in combination.

In the police I have said little about the Mau Mau simply because everybody has heard so much about them already. I would like to have met some of the Mission Converts who held out bravely against Mau Mau intimidation, also referring to defend themselves. But I could not get in touch with the very few whose names I know.

What I did discover was the clearest indication on that the KPR inspired much greater terror than the original Mau Mau itself.

And it is not difficult to see why. The Mau Mau attack Europeans and the minority of Africans who side with the Government, also—on several occasions—they have threatened or attacked Christians of the Mission Churches.

Not the great majority of Kikuyus are not, surely, either Government supporters or Mission Converts. Without supporting Mau Mau they are probably

anti-Government, which is variously interpreted as Mau Mau "sympathy" or "sitting on the fence."

It is this majority, mostly supporters of the Kenya African Union, which is the object of police terrorism.

It is suspect. And to be suspected is, in a settler's eyes, too often regarded as equivalent to being found guilty. Hence the Law Society in Nairobi recently had to publish an apology even for lawyers accepting briefs to defend Kikuyus charged with Mau Mau activities.

Moral Standards In Decline

In every community there is, unfortunately, a certain percentage of sadists. Give them arms and an atmosphere such as exists in Kenya today, and you are exporting a miracle if you don't anticipate brutality and murder.

Even the 'Eastern African Standard,' as far back as April 24, spoke of the widespread allegations of police brutality and said: "We have no reasonable doubt that in the gathering of evidence methods have been used which cannot be condoned or tolerated."

That was putting the matter very mildly. And the tendency has been, throughout the emergency—by all accounts that I have heard—for moral standards to deteriorate steadily. What else would you expect?

The veneer of civilization has been stripped from too many of the actors—white and black—in this human tragedy of the Kikuyu country.—'WRI News Service'

Things In General

Child Welfare Society

The twenty-fifth annual general meeting of the Durban Indian Child Welfare Society was held at St. Anthony's Hall, Durban, on Saturday, July 25. Mr. G. Christopher, the retiring honorary secretary, in her annual report said that during 1952 the society dealt with 238 families where there was "disorganisation and discord." Altogether 719 children were involved. "These figures only reveal the seriousness of this problem when it is recognised that it is only one in every nine cases that come for assistance to an agency such as ours." Cases investigated by the society revealed the ravages of alcoholism, poor and inadequate housing, poverty and fast declining moral values,

"The supervision of Government maintenance grants entails the main bulk of our work and remains our most important responsibility," said Mrs. Christopher. She said the number of cancellations and reductions of existing grants and the rejection of many new applications often seemed to indicate that the very purpose of grants was being defeated. "In addition to a bonus of 15s. the maximum grant paid to Indian families remains £5 15s. a month, 5s. less than that provided for in the regulations, whether there are three, four or eight children in the family." Last year, 251 new maintenance granted cases were registered. In all, 1,875 families with 6,315 children were supervised.

THE RISE OF CONGRESS IN SOUTH AFRICA

by JULIUS LEWIN

(Reprinted from 'The Political Quarterly', London)

THE campaign of passive resistance against unjust laws surprised everyone in 1952 by its success. Before it began no one, not even its organisers, would have predicted with confidence that it would attract such tremendous interest and support. This fact itself shows once again how white people tend to underestimate the volume and depth of feeling that moves non-whites, and how they also underestimate the steady purpose and persistence that lie behind rather weak political organisations.

The illusion that white supremacy in South Africa is destined to prevail for ever and a day is fostered in many ways. One of the worst is the attitude to non-white organisations of the daily newspapers which provide the great majority of white people with their sole source of political information. The press never reports the speeches or activities of non-white leaders in any adequate fashion, and best, of all when these have a constructive and statesmanlike tone. Any wild remarks or any noisy disturbance are sure of emphatic headlines. But no paper in South Africa, whether among the English dailies supporting the United Party or the Afrikaans dailies supporting the Nationalists, ever gives its readers intelligible accounts of the growth of the movement that reached its first climax in 1952, or any rational assessment of its strength and weakness.

Yet the movement that culminated last year in the defiance campaign was neither new nor sudden. Both the African National Congress and the South African Indian Congress have carried on their work for many years. Since the records of their growth and emergence into maturity are scanty, it may be useful to set down an outline of their past.

The African National Congress was started as far back as January 1912 by four African lawyers who had returned to the Union after studying abroad. The founders were Dr. P. K. I. Seme (who was connected with the royal house in Swaziland, and who died in 1951), Alfred Mangena, G. D. Mntseu, and R. W. Maimang. Dr. Seme was apparently the prime mover in the matter and he is regarded as "the father of Congress," although its first president was Rev. J. L. Dube, (the principal and founder of the Orange Training Institution in Natal. The aim was to unite the various Bantu-speaking tribes

into "an African nation" to achieve political progress. The Educated Africans had been hurt and disappointed by the colour bar inserted in 1909 in the constitution of the new Union of South Africa, a bar that to this day excludes them on racial grounds from ever becoming members of Parliament.

In the year after the Congress had been born, the Union Parliament, as if to stimulate the infant movement, laid upon all Africans the first of many heavy legal disabilities. The Land Act of 1913 prohibited Africans from acquiring land outside certain very limited areas. Parliament thus presented Congress with a grievance as deep and wide in its incidence as any that could have been imagined. To this day the ardent desire for more land rankles in the African mind, remaining one of the basic causes of popular resentment against white rule.

To protest against the Land Act a deputation of African leaders went to London in 1914. An Dominion status was a conception that emerged only at the end of the first world war, there was at that time perhaps some ground for hoping that Britain could and would influence the native policy of the Union. The deputation included Dr. Dube, Dr. W. B. Rubusana (who had been elected a member of the first Cape Provincial Council, the only African ever to attain this distinction), and Sol. T. Plaatje, the writer. War broke out while the deputation was in Britain and interrupted its mission. After the war, however, a second deputation was sent with the same object. It may be noted in passing that at that time, in 1919, another deputation also sought relief from Britain. It consisted of leading Afrikaner nationalists in quest of a republic independent of the Crown. Already the shape of things to come was visible: Africans were ready to appeal to opinion abroad against the Government of their own country. Many years later, after a second world war, Africans came to look on world opinion as a source of strength in their struggle for those human rights declared by the United Nations to be desirable for all people.

In 1924 Hertzog became Prime Minister with the first Nationalist Government. Thereafter Africans were supplied with plenty of fuel to keep alive the smouldering fires of discontent. For the next dozen years Hertzog pursued his avowed aim of putting an end to the Cape liberal tradition which had allowed

certain rights, including the common franchise, to Africans. After 1933 Smuts and his party joined Hertzog with this fusion of parties, it became clear that the National goal was in sight. The year before it was reached, with the passage of the legislation of 1936, the African National Congress itself attained a new level of organisation and influence. Its conference, held as usual in Bloemfontein, in 1935, was significantly attended by some Coloured and Indian political figures. Their presence was not unwelcome to the new generation of African leaders, men with a better education and a stronger sense of political purpose than the early leaders. But opinion was now seriously divided between two schools of thought. The older one, believing that half a loaf is always better than no bread, was ready to bargain with the Government in the hope that a "moderate" attitude of compromise would save some kind of rights for the future from the wreckage of past hopes. These who held this view were faced with sharp criticism from the opposite school of thought which, rejecting compromise as cowardice, advocated non-cooperation with any official plan of "reform" and proposed to boycott any new political institutions established under it for the alleged benefit of Africans. Indian and Cape Coloured spokesmen especially were heard taking this line, new to Africans, with much force of argument and with fierce invective against those "good boys" or timid spirits who could still contemplate negotiation with Hertzog and ultimately acceptance of his major proposals. The uncompromising view did not carry the day, but it made a lasting impression and began to split the ranks of Congress.

Under the new law, the Native Representative Council operated for ten years from 1937. During that period, the obvious African leaders were nearly all elected to it by popular vote. Scobie Thoms, Dube, Godla, Mosaka, Champion, and later Moreka, Matthews and others all played a prominent part in its proceedings; and by their side were leading tribal chiefs nominated to seats on the Council by the Government. Patiently, year after year, the Council, under the chairmanship of the permanent Secretary for Native Affairs heard speeches and passed resolutions calling for necessary reforms in every sphere of native policy and administration. Its discussions reached a level of debate in many respects more creditable than that normal in the house of Assembly, as observers could testify. But all the eloquent words and reasonable proposals were wasted on the deaf ears of the authorities. It is

difficult to recall a single important reform introduced as a result of the good advice annually tendered by this "advisory" body. No wonder that a grim sense of frustration gripped its members by 1946 when the war-time promises still remained unfulfilled. Their moderate programme of particular reforms then yielded place to a general demand that the Government abandon racial discrimination in principle and begin to grant those basic human rights of which the Charter of the United Nations had spoken so firmly. The immediate occasion for this highly significant change was the great strike of black miners on the Rand in August 1946 when the Council happened to be in session. Councillors were angered by the hostile attitude displayed by everyone in authority from Smuts, the Prime Minister, downwards, to the demands of the miners, and by the flat refusal even to open negotiations with them.

Smuts did, however, sense the change in the minds of the African leaders now united in their attitude to white authority. Late in 1947 he met some of the councillors. He offered to extend the scope of, and even grant certain limited powers to the Native Representative Council and other subordinate councils (Rand Daily Mail, 14th October 1947). But this cautious and complicated plan of reform, lacking in imagination and obscure in detail, promised too little and it came too late.

In a statesmanlike analysis of the impasse, the main body of councillors rejected his rather nebulous proposals.

"In our view," said the Council in its reply, "what is required is a policy which will give the African people a sense of security in the land of their birth, a policy which is flexible and can be readily adapted to changing conditions and varying circumstances in short a policy which recognises that Africans are citizens of this country and not things apart."

General Smuts' proposals do not go to the root of the matter in dispute between the Council and the Government. The issue submitted to the Council has been, and continues to be, that the "conditions of moderate African life demand a reorientation of the whole of our native policy and not a mere tinkering with the framework of our existing native policy."

"It seems necessary to repeat the principal defects of our present native policy:

(a) It does not safeguard the legitimate rights of the African people in any aspect of their life.

(b) It holds out no hope to

them of a possible change for the better in the foreseeable future.

(c) It is not calculated to integrate the African people into the general life of the country. On the contrary, it is based on the principles of permanent separatism, which engenders a spirit of hostility and racial bitterness between black and white, and as against that of mutual co-operation in the interest of both sections of the country as a whole.

(d) It is undermining the confidence of the African people in the Government of the country and is making increasingly impossible that collaboration between the Government, on the one hand, and the African people, on the other, without which no

schemes intended for them can succeed." ("Rand Daily Mail", 4th November 1947).

Even at this stage, however, the Council did not demand anything like equal citizenship or full equality with Europeans. It was still content to reiterate its main earlier proposal, the extension to the northern provinces of the limited communal system of political representation prevailing in the Cape province. But on this vital aspect of change Smuts was silent. The Council's arguments were addressed to men with deaf ears, men already pre-occupied with the exigencies of the coming general election.

(To be Continued)

VERWOERD AND LUTHULI

"Busy Bee" writes in *Ilanga case Natal*, an African journal: DR. H. F. VERWOERD, the Minister of Native Affairs, has given his judgement on Mr. A. J. Luthuli, the President-General of the African National Congress. The judgement reveals impatience, arrogance and a total disregard of what is happening in South Africa, in other parts of the world, and of the history of human societies.

Dr. Verwoerd admits that for many years Mr. Luthuli was regarded as a moderate leader of his people. But he fails to tell the world what concessions the authorities made—what one simple thing the Government did—to show its appreciation for this "moderate" leadership or to improve the lot of the masses. Nor does Dr. Verwoerd explain the "miracle" why moderate leaders have suddenly become what he regards as extremists.

Dr. Verwoerd lightly dismisses the head of the leading African political organisation speaking for 8 million South Africans, an organisation whose leaders are some of the greatest names among Non-Europeans, and which has been regarded even by chiefs as their mouthpiece. It shows contempt for all the African people for whom Dr. Verwoerd's Department is supposed to cater. The very fact that the voluntary defiance campaign showed the power and influence of Congress among the masses all over the country, should have made the authorities pause and think. Eight million people cannot be wrong nor can they be suppressed always by artificial laws no matter how drastic. Yet Dr. Verwoerd says Luthuli chose the wrong path, spoke in such a way that the Department had to take notice of it, and that if he mends his ways and shows regret

for the wrong he has done, his reinstatement might be considered. In other words Luthuli must betray the trust of the whole African Race and go on hand begging for forgiveness for having been sane and bold enough to seek human and democratic rights for his people in the country of their birth.

It is nothing that Luthuli has been a leading member of the American Board of Missions and of the Christian Council of South Africa and that when he went to India and to the United States he proved an outstanding ambassador of his country. It is nothing that he was connected

with many European organisations and has lectured with great success to white audiences on our problems. It is nothing that for many years—as Dr. Verwoerd himself admits—Congress and other leaders have sent numerous deputations to the authorities, and made many requests by resolutions, pleading for co-operation.

Far from these requests being met, more discriminatory laws were passed. Of recent years there were many upheavals in the form of strikes, riots, etc. Housing and other conditions deteriorated. Not even the notorious Pass laws would be relaxed. The N.R.C. ceased to function. While this was happening world attitude to questions of race and colour had

altered. In the East and in parts of Africa, the indigenous people were being given their rights and opinion was against racial and colour discrimination.

In our own country economic integration was almost complete. New forces were operating. Instead of accepting these universal trends and these hard facts, the authorities went against them. As we write more laws are being prepared on the old pattern.

Luthuli is guided by these trends, facts and inexorable laws. Time and history are on his side. To ban him does affect the position and the truth. And as we say, time and history will not only justify, but will canonise him.

The Contest Between Good And Evil

AT Vishrampur, a village in India a friend asked Shri Vinoba Bhave, "How is it that in the contest between the forces of evil and the forces of good we often find the former dominating the latter?" It is a question which troubles most of us and especially those who are weak of faith and temperamentally pessimistic. Shri Vinoba gave the following illuminating reply to the question.

He said that the evil, opposing good serves one very valuable purpose. It puts goodness to test. But if one keeps patient and goes on returning goodness in the face of evil, he will see that ultimately it is good which wins. Goodness to be effective should be allowed a real chance. The good must take care not to resort to evil out of impatience. The weapon of the good is goodness. And they can prove themselves strong only by using their own weapon. Of course one must have the patience to wait. Christ was crucified and killed. Outwardly it would appear as though he lost. But the world has forgotten the killers of Christ while Christ lives in countless human hearts. But you cannot hope to succeed in 15 minutes. The seed of goodness takes time to sprout up. Bhoodan (Land gift) is an outstanding example of the success of goodness. So far as the individual is concerned goodness has always won. We are now engaged on an experiment whether it can also win in the social sphere.

But for success in the social sphere on a social scale, we must organise goodness. What happens is that while the wicked organise and unite for serving evil, the good do not care to unite on the side of good. Bhoodan is now doing this. Charity has always been practised but only individually. We are now organising it on a social scale and in the form of a country-wide movement with a view to resolving some of our problems. This was not attempted before. The good should throw in all their might for the success of this movement and for the triumph of good over evil.

INDIAN OPINION

FRIDAY, 14TH AUGUST, 1953

Mr. Beard

WE have devoted quite a good bit of space this week in reproducing from the 'Natal Mercury' letters of Mr. Frederick G. Beard on the treatment of Indians in South Africa and some of the replies given to those letters. We have done so because Mr. Beard at one time held a responsible position and therefore whatever he says is naturally taken by the public to be responsible and weighty and thus the public is misled.

Might we suggest to Mr. Beard that for one moment he tries to forget altogether what exists or what is happening in the outside world, and what other people are, or what they say or what they do. Let him treat the matter of the treatment of Indians in South Africa in particular and that of the non-Europeans in general, as one of our own domestic concerns. We think everything else is quite irrelevant. Mr. Beard will surely admit that to be self-satisfied with being better than the other person is not just enough. One may be better and yet not be what he should be. Our very existence is based on not what others are but on the Supreme Law of God which alone guides our destiny and the destiny of the whole universe. We are all enjoined to respect that Law for that a one and no other power on earth will

sustain us. We take it for granted that Mr. Beard believes in and has respect for these moral values. If he does not then it is not worthwhile entering into an argument with him for he can never be convinced with reason.

We would then ask Mr. Beard to think of the problem of our existence in South Africa on its own merits. Here are three million people who have assumed unto themselves the power to rule. Not for what is good and right and just but just for their own self preservation they are determined, by fair means or foul, to exploit a mass of people who are four times their number and to do everything possible to keep them suppressed. This small minority claims to be much more civilised and intelligent than the vast majority over which it rules. We concede to them that and we say with the little intelligence that God has blessed us with, that this vast majority should rise to the level of the ruling minority and should be given the fullest opportunity to do so. The ruling minority would certainly deem it its duty to afford that opportunity, indeed, would be inspired to do so, if it were ruling out of benevolence. But the unhappy fact is that this minority is obsessed with the idea of its own self-preservation; it is over-come with the fear of being

swamped by the vast majority if the latter were given the slightest opportunity to rise and so it is trying to do everything possible to crush it out of existence. The vast majority, on the other hand, is coming to its consciousness by the law of nature and is strongly protesting against and is resisting this evil.

Now if the very basis of this ruling minority is self-preservation and not the common good of humanity of which it forms a humble part—and it does not take long to be convinced of this, for the legislative measures that have already been taken and are in the process of being taken speak for themselves—then there is no case left for that minority.

What is needed in South Africa is to cultivate the spirit of live and let live, love thy neighbour as thyself, do unto others as ye would that they should do unto you. That is the essence of Christ's teachings which the present rulers profess to follow but all their actions are quite to the contrary. This is the very sad situation in which we are placed and it requires to be treated calmly and coolly without losing one's equilibrium. We humbly suggest that there is no case for 'White South Africa'. The latest Apartheid measure before Parliament exposes the Government's whole policy. There is not going to be any semblance of fairness even in Apartheid. In everything the lion share is barefacedly claimed for the White minority and the vast majority is to go to the wall. How can Mr. Beard or those who think like him call this justice? Apartheid is a hydra-headed monster which if not destroyed in time will destroy this fairland and all that is good in it.

August 15

AUGUST 15 is a memorable day in the history of India, for on that day India achieved her freedom from the yoke of foreign rule. India enters into the sixth year of her independence on that day. Indians throughout the world will on that day think of their Motherland, think of all those who sacrificed their lives at the altar of Freedom, and will pray for them and for the glory of their Motherland. Within the brief period of five years India has made progress in every direction which is the envy of the world. We can dare to say with pride, that no country in the world, placed in the situation in which India was placed, could have survived and made such tremendous progress. Her most outstanding achievement is the settlement of her land problem by non-violent means and the credit for it goes only to one person and that is Shri Vinoba Bhave. In the real spirit of Mahatma Gandhi he has been able to achieve what no power on earth is known to have achieved. To persuade landowners to part with thousands of acres of their land for free distribution to the landless is not a small matter and yet, according to the latest figures available, Shri Vinoba Bhave has so far received 1,462,000 acres of land throughout the country which has been distributed among the landless. Before this great achievement all others pale into insignificance. Though of course immense progress is made in the fields of agriculture; education, food transport etc. On the other hand we learn from people returning from India that industrialisation is going on on a large scale and people are fast becoming Americanised—copying the worst from America. That is not

a good sign nor do the good Americans wish India to do such a thing, for they themselves condemn much that is in vogue in their country. It is always good to copy other peoples virtues but not their vices. We can only pray that India and all Indians may have the wisdom to keep before them the great heritage left for them by Mahatma Gandhi and try to inculcate the high ideals of Truth, Love and Non-violence for which he lived and died.

We in South Africa—Indians in particular and non-Europeans in general have a great lesson to learn from India in our struggle for freedom in this country. India had to have tremendous amount of patience and thousands of her sons and daughters had

to undergo untold hardships and had to sacrifice not only their wealth but their near and dear ones and their very lives in their thousands before the dawn of Independence was ever seen. Unless we prepare ourselves to undergo all that we shall certainly not reach our desired goal. And what is that goal? Not to snatch away power from the White man. He need have no fear on that score. What we want is that there should be no discrimination based on colour or race but that all human beings should be treated as human beings. The greatest homage we can pay to India is to resolve not to do anything that would disgrace her. May we all have wisdom, strength and the courage to do so.

had made no representations to the Governments of India or Egypt in connection with the proposed conference.

In so far as our information goes this conference has not been sponsored by either the Government of India or the Government of Egypt.

London 'Times' Offers Sane Advice To S.A. Government

'The Times' (London) in an editorial on South Africa in its issue of August 8 states "To persist, as the South African Government is doing, in the belief that the African shall develop only on the White man's terms, and that only thus can the White man secure his position, is almost bound ultimately to recoil on the White man's head. But no concrete or practical suggestions to this end are likely to emerge from the work of a Commission such as that which ends its public hearings in Geneva today. It may be able to do no more than to show that South Africa's present policy is inconsistent with her obligations, under the United Nations Charter, to respect human rights. It can influence public opinion at large, but European opinion in South Africa looks askance at its work, and only by harnessing this European opinion may events in South Africa be partly shaped from abroad." 'The Times' referred to the new Bill introduced in the South African House of Assembly to "consolidate separation of the races" in the use of public amenities, and the United Nations Commission sitting in Geneva, which had heard the views of private individuals on what is wrong racially in South Africa.

"The present rulers of South Africa take their stand on being the men on the spot and dismiss as dangerous and impractical liberalism all criticism, however temperately expressed, of their determination rigidly to discriminate between Black and White. It is, indeed, easy for those who live in countries far away from experience of the colour problem to find fault with such a governing minority as that now in control of South Africa. But to dismiss all unfavourable comment because some of it goes too far is to invite trouble in the long run," the paper said.—Sapa.

Glut Of Sugar

Sapa-Reuters report from London states that the world production of sugar now exceeds the annual consumption by nearly 3,000,000 tons. The latest available figures show that annual production of sugar in the world is now 35,600,000 tons, and con-

sumption is 32,600,000 tons. Strange to say that the price of sugar still does not seem to go down in South Africa which is a long-established sugar-producing country. Very likely we shall soon be hearing that tons of sugar was dumped into the sea as we not long ago heard of the dumping of tons of grapefruit. The capitalists never think of the poor. They only think of their own coffers. What wonder is there if, in the circumstances, people become communists?

Pakistan Government On S.A. Racial Policy

A Sapa-Reuters message from Karachi states that Pakistan submitted a memorandum to the U.N. Commission on South Africa which concluded its sittings in Geneva last Saturday, calling the South African racial discrimination policy "pregnant with danger" and stating that it was a flagrant violation of the basic principles of human rights and fundamental freedoms enshrined in the Charter of the United Nations. The Pakistan memorandum said that the solution of South Africa's racial problem lay in partnership of the races on a basis of equality and freedom, and not in the domination of one race. The social, economic and political development of the country would be impossible if the non-European section of the population was kept in backwardness and servitude. The Commission now sitting in Geneva was set up by the General Assembly last year at the instance of the 13 members of the Arab-Asian group. It asked to hear member nations, non-Government organisations and private individuals.

The Minister of Finance, replying to Mr. A. Hopswell (U.P., Pinetown) in the House of Assembly last week said the increase in war veterans' pensions and the additional pensions payable to Coloureds and Indians would be received by the pensioners towards the end of September.

NOTES AND NEWS

Segregation In Durban

Legalised

It has always been recognised in Durban, states the 'Natal Mercury,' that certain beaches were set aside for non-Europeans, and that non-Europeans could only travel in certain reserved seats on buses.

A Court finding last year, however, declared that this could only be done where equal facilities existed. To overcome this, a private draft Ordinance was introduced in the Natal Provincial Council, seeking among other things to make it lawful to segregate the races on the beaches and the buses, even though equal facilities were not provided. This went to a select committee, but was not passed at the third reading, which was taken at the time of the Union's constitutional crisis. The City Council then endeavoured to get the Minister of the Interior to take action, but he declined on the grounds that it was a Provincial matter. The Government itself experienced the same difficulty as the City Council in respect of railway facilities, such as waiting rooms. To overcome the position Mr. Swart has now introduced the Reservation of Separate Amenities Bill, which makes it legal to separate the races without providing equal facilities. The Min-

ister explained that there was no compulsion on anyone to introduce segregation, but where it was wanted it would be legal whether separate facilities were provided or not. The Minister of the Interior, Dr. T. E. Douglas, said with the passage of the Bill Durban could lawfully continue its present practice.

Passports For Pan-Africa

Conference

The Prime Minister, Dr. Malan, was asked by Mr. B. Coetzee (U.P., North Rand) in the Union House of Assembly last week if the Government proposed to issue passports to South African delegates to a Pan-Africa conference in Cairo in the near future. The Prime Minister said that was a hypothetical question that could not be answered at this stage. He said that plans were being made in India for the holding of the conference, which was being initiated by the India-Africa Council. The objects of the Council were said to be the development of the general freedom of the people of Africa to rule themselves. The Prime Minister said that according to Press reports, the proposed conference would be attended by representatives of the Kikuyu and the whole of Coloured colonised Africa. The Union Government

TREATMENT OF INDIANS IN S. AFRICA

By FREDERICK G. BEARD, F.Com., F.R.Econ.S.

Formerly Senior Administrative Officer On UN Secretariat

[We reproduce the following correspondence from the 'Natal Mercury' because of its importance at the present moment when the U.N. Commission on the treatment of Indians is sitting in Geneva. The letter by "Face Facts" was sent to the 'Natal Mercury' but was not published and hence it was sent to us for publication.—Ed. I.O.]

EVER since the United Nations was formed in 1945, India, backed by the Arab-Asian bloc as a whole, and by Russia and her satellites for the purpose of sowing dissension among the countries outside the Iron Curtain—has singled out South Africa for unremitting attack at every session of the General Assembly, accusing us of deliberately oppressing the Indians living here and demanding on their behalf, full equality with the Europeans in accordance with the position in "more enlightened countries."

The Arab-Asian bloc, of which India is the leader, has now succeeded in having a resolution passed by the General Assembly creating a special U.N. Commission to investigate our racial laws. All the Great Powers (excluding, of course, the U.S.S.R.) and practically all the White countries either abstained from voting altogether or voted against the resolution as they regarded the issue—and rightly so—as being completely outside the competence of the United Nations. This special U.N. Commission has just held its first meeting in Geneva and the South African Indian Congress has lost no time in advising the Commission by cable that it desires to submit written evidence. The time is not inappropriate, therefore, to consider afresh the alleged "oppression" of the Indians living in South Africa.

Repatriation Resisted

It is common knowledge, of course, that successive Governments in South Africa have vainly endeavoured to repatriate the Indians at Government expense but not only do they fiercely resist the attempt to return them to teaching, underfed and under-privileged land of their forefathers but Mother India herself does not appear to be at all anxious to take her children back—despite her tender solicitude for their welfare at the international forum.

Much of India's unwarranted intrusion in this purely domestic

affair is due to the frenzied appeals made to her by the Indians in South Africa and India's somewhat hysterical dissociations in the General Assembly—reported so fully in the World Press—have done incalculable harm to South Africa. The Government, with every justification, has made it clear that it will not even listen to any representations until such time as the Indians in South Africa cease invoking the aid of India at the United Nations.

The Indians here should realise that loyalty to the land of their birth or adoption is obviously a necessary prerequisite to any serious consideration of their claims by the Government.

The Rights

Let us briefly examine these "rights" for which they are clamouring so loudly.

First and foremost—they claim that they are entitled to be placed on the voters' rolls, so that they can play their part in the Government of the country. And, secondly, they resent any discrimination against them on the grounds of colour.

Dealing with the question of franchise—South Africa is not the only country in which the Indians cannot vote. Ceylon disfranchised nearly 900,000 Indians under their Citizenship Act of 1948 and—when one of the Indian settlers appealed to the Privy Council against a decision of the Ceylon Supreme Court—Lord Oaksey, giving judgment on behalf of the Judicial Committee, said that it was a perfectly natural and legitimate function of the legislature of a country to determine the composition of its nationals. The appeal was therefore dismissed and the judgment of the Supreme Court upheld.

It is indeed significant that India has never complained to the United Nations of Ceylon's treatment of the Indians settled on the island—although the number involved is considerably in excess of the total Indian population of South Africa (at the 1951 census, there were 365,324 Asiatics in the Union). This clearly indicates that India is much concerned in disseminating anti-White propaganda than in endeavouring to protect the Indians settled outside her borders.

Racial Discrimination

Secondly—discrimination on the grounds of colour is cer-

tainly not unknown in other countries. Australia—that progressive and certainly most enlightened country—has steadfastly maintained her "White Australia" policy. In the United States of America—the Southern States are adamant in their refusal to abolish segregation. The Governor of Georgia has threatened to close down all the public schools in Georgia rather than allow Negroes free access to White schools. The Editor of a Georgia newspaper is reported to have said: "Negroes in my daughter's school? Over my dead body!" Even in that citadel of Yankeeism, New York (where Negroes are supposed to have equal rights) racial discrimination is rife. The Negro district of Harlem anticipated by many years the purpose of our Group Areas Act. The writer had difficulty in procuring an apartment as a South African—as he was thought to be black!

In India itself, despite Mr. Nehru's pious affirmation of the U.N. Human Rights Charter, racial discrimination is common—caste Hindus, depressed classes, Parsis, etc., being segregated in separate localities. Gandhi described the early Indians who came to South Africa as "Asiatic labourers, from densely populated areas in India, belonging to the lowest class. They were," he added, "living in a state of semi-starvation." These early arrivals, therefore, were the victims of India's vicious caste system of segregation and oppression and yet their children and grandchildren have the temerity to complain to Mother India of the relatively mild and certainly harmless discrimination encountered in their new homeland!

Illusory Allegation

The words "harmless discrimination" are used advisedly, as the discrimination against the Indians in social and economic spheres are largely illusory. Take, for example, the granting of trading licences in Durban. Here are the official figures for the municipal year ended 31st July, 1953—with the population figures in juxtaposition but adjusted so as to reflect adults only—

1953 Census	Euro-peans	Indians
Population	131,439	145,744
Less persons under 21	(£) 43,310	(£) 97,163
Adults	87,579	48,581
Trading licences granted	5,913	5,449

It will be seen at once that the Indians enjoy an advantage

of roughly two to one—so that, if any discrimination exists, it is against the Europeans.

When the late President Roosevelt enunciated his famous Four Freedoms, he declared that they were "the very fundamentals of Democracy" knowing full well, as he did, that only a handful (relatively speaking) of the millions of people in the world enjoyed these four freedoms. It is certainly illogical—making to consider these five freedoms in relation to the Indians living in South Africa. Here they are:—

Freedom From Fear. The Indians enjoy the same protection from the State as the Europeans do. A European was recently hanged for the brutal murder of an Indian. If the police had not protected the Indians from the enraged Natives during the riots in Durban, the death toll would have been staggering. They live, trade and enjoy the fruits of their labour without "let or hindrance."

Freedom From Want. In collating evidence in connection with the Group Areas Act, the Durban Corporation found that the Indians in Durban own land and property worth nearly £25,000,000. A brochure published by the Durban Corporation in 1946, entitled "The Indian in Natal," recited the following facts:—

(1) Of the licensed trade vehicles in Durban 21.7 per cent were the property of Asiatics.

(2) Of the omnibuses in the City (including the Municipal fleet) 58 per cent, of them were Indian-owned.

(3) Of the licensed taxis in Durban 44.7 per cent, were owned by Indians.

Since 1948 these percentages have probably increased appreciably. It would be most interesting to compare the per capita income and worth of the Indians with the Europeans in the lower-income group. This is a freedom for which the hungry masses in India would gladly trade their right to vote in elections which they do not understand and for candidates in whom they are not interested.

Freedom Of Religion. Both the Hindu and the Mahomedan enjoy absolute freedom to follow their religions. In Durban there is a positive plethora of mosques and temples—all of which, as a point of interest, are exempted from rates.

Freedom Of Speech. The very fact that the South African Indian Congress have openly declared their intention to submit evidence to the U.N. Commission in Geneva is surely

THE UNITED PARTY AND THE ELECTION

THE COLOURED VOTE AND THE CONSTITUTION

By C. W. M. GELL

II

In my last article I argued that Afrikaner Nationalism is for the present irremediable within the limits of the White electorate. But I cannot sufficiently emphasise that it is not synonymous with South African patriotism as its adherents so frequently and intemperately aver. Even when in the fallow of time it represents a majority of the White population, it will still only command the loyalty of one-third of the Union's inhabitants.

It is, therefore, extremely unfortunate that we have half played the Nationalists' game by opposing their rampant sectional racism with a conception of "a broad national unity of all South Africans," when we are clearly only thinking of European and quite explicitly excluding non-European from our definition of "all." By allowing ourselves to be drawn into the old and now largely irrelevant battlefields between Boer and Briton, we have let our attention be distracted from a quite different and rapidly developing racial situation. We have been carrying the right banners in the wrong fight. In trying to win Afrikaner Nationalism as our standard, we have been alienating non-European opinion almost as the Nationalists, themselves. This has suited the Nats. very well.

Take, for instance, the question of the Coloured vote, for which the Opposition fought so resoundingly a campaign against the Separate Representation Act and the High Court of Parliament. There is no need to describe again the blatant bad faith of Nats, on three constitutional issues of which we have not yet heard the last. Nor, as it now appears, was there any real ground for the Nat. apprehension that the Coloureds held the balance of power against them in the Cape. In his "cross roads" speech at Bethel on late August 30 Dr. Malan reiterated his usual tendency to account of how the British had forced the Cape franchise on Union against the wishes of the other three provinces "and even of the European population of the Cape," how the "qualifications to safeguard the Europeans" were no longer effective; how this must result "in the Coloureds governing the Cape in the foreseeable future;" how the Coloureds, Natives, liberals, communists combined with British public opinion, UNO, India and other external influences to compel South Africa to abandon her colour bar and discrimination; and then "how long will South Africa remain a White

country and how long will the Whites man continue to rule?"

But the whole of this appeal to racial prejudice rested upon the fallacious assertion that the 48,000 Cape Coloured voters (representing a Coloured, Malay and Indian population of just over a million on a basis of male suffrage only, under restrictions and registrations etc. which limit their numbers even more effectively than Rhodes' qualification) will shortly swamp the Cape's 800,000 voters enrolled under universal adult suffrage for both sexes.

Yet what did the Opposition make of this splendid case?

Certainly it fought a good battle for the Constitution and the rule of law. But there was hardly even a suggestion that it stood also for the maintenance (and perhaps extension) of non-European rights as such. When at the time of Union there was talk in the Cape Assembly of "keeping faith" with non-European voters, the reference was not to disfranchising them by not less than a two-thirds majority but to the inconceivability that any Cape M.P. would ever support such a retrogressive step. Yet the U.P. did just that in 1936 in regard to the Cape Natives. And on September 18 last Mr. Dan Coetzee, now U.P. member for North Rand, declared: "The only difference between the U.P. and Nat. policies boils down to whether the Coloured voters should be taken off the common roll constitutionally or unconstitutionally. If the Nats. and the U.P. are to cut each other's throats for the sake of these Coloured voters, there's in the most foolish and the most useless fight I have ever seen. I feel that if the Nats. would agree to uphold the Constitution, there is no reason why both parties should not hammer out a solution which could then, with the support of the U.P., be translated into action by the two-thirds majority." From such remarks and Mr. Strauss's offer to treat the Coloureds "as a loyal appendix to the Europeans" it was obvious that the U.P. was more concerned with its own electoral interests in certain Cape seats than with the principle of non-European representation. And, indeed, in view of the great betrayal of 1936 it is difficult to see how the U.P. could have thought otherwise without a real change of heart.

But in April we reaped the harvest of this unprincipled and opportunistic policy. For the results so close like Worcester and Paarl, where the Coloureds probably hold the balance of power, suggest that a strong body of Coloured opinion

perform Dr. Douglas's cynical offer of "four certain winners instead of 65 'strawmen.'" Some of us may feel so that the four Coloured M.P.'s will be as powerless as the three Native Representatives; that the Coloured Affairs Dept. will display concern and zeal over Coloured interests only in so far as these suit Nationalist apartheid plans. But the Coloureds themselves, confronted by the U.P.'s apathy about their real grievances (except for brief interludes at election time, but not notably at this) and its rather too transparent acceptance of them merely as pawns in the White electoral struggle, seem to prefer the Nationalist quarter-loaf to no loaf at all. And since the U.P. has never allowed them to see the real value of their present franchise, it is hard to blame them.

If my reading of the Coloured attitude is correct, it seems that the U.P.'s continued opposition to their separate representation may be in defiance of both their own wishes and those of the Nation-wide. On the other hand (and this also removes the real reason for the fight the U.P. has so far made) one main Nat. motive has disappeared, since the Coloureds have been proved no real electoral stumbling block to a Nationalist victory. However, both for ideological reasons and in case Coloured opinion should later harden as well as to fulfil some militant electioneering they could hardly now repudiate—the Nats. must press on with their proposal. If the Coloureds no longer eye it seriously, what is the U.P. fighting for? The sanctity of the Constitution? But the only remaining entrenchment would be the language equality. And while there is absolutely no reason at all to treat Nationalist pledges about English being "entrenched in the will of the people," is this really an issue worth a last ditch stand and the risk of civil war? After all Afrikaans is such a simple language to learn.

The preservation of the rule of law is certainly important, but

U.P. has already compromised on it. Some Opposition M.P.'s refrained from voting against the Group Areas Act, which puts the Minister's tremendous powers over property beyond the reach of the courts; a few Opposition M.P.'s actually supported the Act. And the entire U.P. helped to pass the Public Safety Act which enables the Government to suspend the rule of law almost entirely.

Thus if U.P. motives remain unchanged in regard to the Coloured vote, I believe it is fighting an unnecessary battle. And I will be supported by all those Right-wing U.P. voters and candidates who think (certainly quite erroneously) that its opposition to the Nats. on this issue lost it the election. But if, as I am later going to suggest, the principles it has sought to uphold have been wrong or inadequate, if it should have been fighting to increase non-European representation, if its concentration purely upon our supposed electoral interests was sordid and unworthy of a much more honourable element in its own political tradition, then the whole picture alters. It will then be in the unchallengeable moral position of fighting a good cause in the interests, incidentally of itself but primarily of the Coloureds, with their support and the sympathy of all non-Europeans. In these circumstances its continued stand would be a great deal more worthwhile than all the turmoil of the last two years.

TREATMENT OF INDIANS IN S. AFRICA

(Continued from Page 503)

conclusive proof that they enjoy complete freedom of speech.

The Indians in South Africa, therefore, would be well advised to ponder these facts carefully and digest them thoroughly before submitting evidence claiming to be oppressed to the U.N. Commission on Racial Discrimination.

Mrs. J. F. Hill

Sir,—Mr. F. G. Beard, in his article on the treatment of Indians in South Africa takes great pains to show that some of those who throw stones at us live in glass houses themselves. But two wrongs do not make a right, and no man of honesty and justice would content himself with the question, "Am I better or worse than my neighbour?" The real issue is whether our treatment of Indians is just and fair. And the crucial test is whether, if we imagine ourselves for a moment in their shoes, we should feel enriched with our situation. And let us remember that in that case our standard of comparison would not be an India we have never seen, or an America equally remote, but the conditions enjoyed by the Europeans we saw every day.

Mr. Beard uses the words "harmless discrimination." Apparently he means that provided I do not touch a man's pocket, I may subject him to any insults and indignities I choose. A queer sort of doctrine to find in a land which calls itself Christian. Economic discrimination has disastrous effects; but who can tell what harm is done by our pride and prejudice and our callous sneering remarks—what harm to human minds and spirits?

But wrong attitudes of mind invariably issue in material wrongs; and whether it be in educational opportunities, avenues of employment, opportunities to own and occupy property, or to influence municipal and Government policy, Indians, by virtue of their colour are at a disadvantage compared with Europeans. And the worst of it is that many Europeans think it is as it should be.

Dr. Mabel Palmer

The article published in "The Natal Mercury" on July 8 on the treatment of Indians in South Africa by Mr. F. G. Beard is singularly misinformed.

In the first place, Mr. Beard completely ignores the conditions under which the Indian immi-

grants were brought to Natal. They did not come here, as is frequently assumed, on their own initiative, but on the direct solicitation of the Natal Government to the Government of India. The India Government was by no means willing at first to give permission for the establishment of indentured immigration into Natal and twice over, in 1859 and again in 1871, the Natal Government despatched a high ranking official to negotiate on the matter with the Government of India.

Finally, though permission was given, it was only on certain definite conditions. One of these conditions was that once the Indian immigrants had worked out their indentures they were to be admitted to all the privileges of ordinary citizens, and that no discrimination was to be practised against them. They were to be free to return to India if they wished, but were at liberty to remain in this country if they preferred that course.

During the early period of Indian immigration, from about 1860 to 1880, the Natal Government and the White population of Natal were so anxious to retain them that plots of Crown land were offered to them in lieu of their passages back to India. The considerable Indian population at Umzimlo, for instance, is due to the fact that in that area the Indians took advantage of the offer and settled there on plots of Crown land granted to them by the Government. The situation in Ceylon and Burma was quite different. There, the immigration was personal and not sponsored by the Government, though some measures of Government control was later introduced.

Repatriation

As for repatriation, when after 1880 the tide of public opinion turned against the Indians, a change which was largely due to trade jealousy of the exalted Indian merchants, there were many demands that the indentured should end in India, which would mean that all Indians would be automatically returned to India at the end of their period of service. Natal sent several deputations to India to deal with this question, but the India Government always refused. The policy was described by officials in India as a "backed orange policy," since it would mean that Natal took the best working period of the lives of the young Indians and then returned them to India when they were no longer so capable of hard work.

The utmost to which the India Government was willing to go was that after 1825 Natal should be at liberty to impose a tax on the Indians who immigrated after that date and did not return to India—the notorious £3 licence or tax. This was only granted on condition that no Indian who failed to return should be subject to any legal proceedings resulting in imprisonment, a condition that was in practice disregarded by the Government of Natal, as Indians who failed to pay were condemned for contempt of Court and were sent to prison.

This £3 licence was one of the many grievances which inspired Gandhi to take up the cause of the Indians and was roundly condemned in the Solomon Report of 1914.

Why, after all, should the Indians consent to repatriation? As Mr. Beard himself admits, they are better off in Natal than they would be if they returned to India. When suggestions were made that another place should be found for them, the only places proposed were unhealthy tropical areas like British Guinea and another tropical colony in the Far East. Colonists are usually better off in the country to which they emigrate than their home-country which is, of course, the reason why they choose to remove themselves from their homeland.

To reiterate, the ancestors of the greater number of the Indians in Natal came here at the direct invitation of the Natal Government on the promise that they should be given the same rights as all other inhabitants of the country—a promise which Natal has notoriously failed to keep. It should be added that 95 per cent. of the Indians now living in Natal were born here and are, therefore, according to international law, nationals of South Africa.

Right To Vote

Under this heading, Mr. Beard quotes the case of Australia, but Australia decided some years before the question of Indian immigration into Natal was raised that she would not accept Indian immigrants because they would inevitably grow into a separate community, animated by different principles and ideals from those of the mass of the inhabitants.

In Australia, the White labour policy is a reality, whereas in South Africa it is a sham. The Australians are willing to pay the price for being a White community and are prepared to do their own manual work, whereas in South Africa, the White labour policy merely means that all the better paid and agreeable

posts are reserved for the Europeans and the low paid and disagreeable jobs are left to the non-Europeans, including Indians.

In the United States of America, although it is true, as Mr. Beard says, that some of the more backward Southern States still cling to a policy of discrimination against the Negroes, the Federal Government is firmly opposed to any such policy. Legally voting qualifications are the same for Negroes as for White Americans. It insists that educational institutions in the far South shall be opened to Negroes. It has just abolished all discrimination in restaurants against Negroes in Washington. It has abolished its separate Negro regiments and now admits Negroes to the American army on the same terms as other Americans.

The statement that the "Negro district of Harlem anticipated by many years the purposes of the Group Areas Act" is especially misleading. It is true that Harlem is now a Negro district, but this arises from the fact that the Negroes, on the whole, prefer to live among their own people. There is no law compelling them to live in Harlem, and here in South Africa, if there were no legal discrimination with regard to residence, the same thing would happen.

Voluntary Segregation

Were communities left free to choose their own place of residence, voluntary segregation would come into play and would to a large extent solve the problem. It is the compulsion to live in one area only, and that generally an area not pleasantly situated and usually devoid of the ordinary amenities of lighting, drainage, water supply, etc., that causes such resentment among the Indians in South Africa.

As for India itself, Mr. Beard is, of course, right in saying that it was cursed by the caste system, but he omits to mention that the present Government of India is doing its best to put a stop to the caste system, though it is, in view of the backwardness and illiteracy and strong religious prejudices of many sections of Indians, a very difficult task. Mrs. Pandit, at one of the meetings of the United Nations, was able to point to the fact that a member of the delegation was Dr. Ambedkar, who came from the parish section of the Indian nation. In short, in India the caste system is, though slowly and hesitatingly, on the way out and is discredited by the Government, whereas in South Africa, the caste system is steadily increasing and is directly sponsored by the authorities.

Racial Discrimination

Mr Beard talks of the "relatively mild and certainly harmless discrimination encountered in their new homeland" by the Indians. Allow me to draw his attention to the following facts:

Indians pay in South Africa the same rates and taxes as Europeans, but they are not provided with schools on the same scale as Europeans. For Europeans elementary education is free and compulsory. For Indians, it is not compulsory and the provision of Indian schools is quite inadequate. Most of the schools that are erected in Natal for Indians are built by the Indians themselves from their own funds and only when the school is completed and taken over by the Education Department, is a grant of 50 per cent. for its cost repaid.

The situation with regard to Indian primary education is so serious that the Natal Indian Teachers' Society (Indian teachers are paid lower salaries than their European colleagues) is actually taking steps to raise a special fund to provide Indian schools. Barely this is a glaring instance of race discrimination?

It would take too long a time to give "all details with regard to the various examples of discrimination practiced against Indians, but may I draw attention to the fact that they are debarred from free entrance to the Universities, except Universities of Capetown and the Witwatersrand, while in Natal they are admitted only to a segregated section. They are debarred from all the European Technical Colleges in the Union. They are debarred from all the libraries in the Union.

Public Transport

In Natal and the Transvaal they are not allowed, or allowed only in a comparatively small extent, and subject to the constant insults of the European conductors, to use public transport vehicles. On the railways and the railway stations they are similarly treated. No Indian can qualify in the Union as a pharmacist, chemist, chartered accountant or surveyor, nor can he get any employment as an engineer or an architect. Indians are, however, admitted in the legal and medical professions.

Are not all these instances of racial discrimination practically tantamount to the many Indians of culture and education who reside among us?

As for poverty, has Mr Beard read Professor Harrow's pamphlet published by the Racial Relations Institute which shows that the level of poverty among the Indians is very high? Has he

studied the figures recently published, showing that 85 per cent. of Indian school children are undernourished?

Freedom From Fear

Mr. Beard states that the "Indians enjoy the same protection from the State as the Europeans do." This is not the case. It is true that when the recent Durban riots against the Indians became serious, some Indians received police protection, and in the end, to put down disorders, the Government was forced to make use of military detachments. But it is notorious that when the riots began, the police took very little action, and the hanks were encouraged by some of the European spectators.

Indians roundabout Durban are often subjected to unprovoked attacks. I know personally several Indians who have been obliged to give up living in outlying areas because it was impossible for them to reach home at night in safety. One Indian student of the M. L. Ballan Technical College was attacked by a gang of Native hoodlums on the outskirts of the College, stripped of all his clothes except his shirt, and had to be conveyed home in the Principal's car.

I agree that the Indians do enjoy freedom of speech, though the operation of the anti-Communism Act is depriving many of their leaders of the right to address public meetings. They also enjoy freedom of religion, but their religious leaders are not granted the status of marriage officers, and therefore beside the religious services, all Indians must also go through a civil ceremony of marriage—a condition that is not required from Europeans.

In conclusion, I submit that Mr. Beard's article is misinformed on many essential points and employs besides a tone of insinuating superiority to the Indians which is unjustified and harmful to the susceptibilities of the people with whom he is dealing.

"Face Facts"

The article entitled "Treatment of Indians in South Africa" by Mr. Frederick G. Beard in the 'Natal Mercury' of July 3 attracted my attention. It did so not only because of Mr. Beard's high educational qualifications but also because of the mention made that he was formerly Senior Administrative Officer in the UN Secretariat. I was expecting a very objective treatment of this issue. However on reading it I felt badly disillusioned.

Mr. Beard refers to Ceylon disfranchising nearly 900,000

Indians under the Citizenship Act of 1948. It is not quite that. The Citizenship Act provides certain residential qualifications for acquisition of Ceylonese citizenship and these qualifications are admittedly harsh. Because of that a large number of Indians domiciled in Ceylon do not qualify for citizenship, but those who do qualify have full citizenship rights including franchise. There is no discrimination against Ceylonese citizens of Indian origin of any kind whatsoever. According to the Prime Minister of Ceylon 400,000 actually qualify for the citizenship. The question of further relaxing the qualifications for citizenship is under discussion between India and Ceylon and it is expected that an amicable settlement will be reached very shortly. The position in South Africa is not at all comparable as over 90 per cent. of the Indians of South Africa were born in this country and are legally citizens of this country. But in spite of being citizens they are denied the franchise and other normal rights of citizens on the basis of colour alone.

Mr. Beard also refers to Australia and its "White Australia" policy. Australia does not admit non-white settlers. But no one has asked South Africa to admit non-white settlers. What is asked is that the non-white citizens of South Africa should be given their normal rights. Mr. Beard also refers to racial discrimination against Negroes in USA. But does the Government of that country defend racial discrimination? Is it not that discrimination is being deemed as an evil thing by the US Government which is taking active steps to minimise and abolish it. On the other hand, in what direction is South Africa moving? Is it not that day by day South Africa goes on enforcing more and more measures denying human rights and opportunities for progress and development to non-white peoples of South Africa?

Mr. Beard also talks of the depressed classes of India. No one regrets more than the people of India the disabilities suffered in the past by these classes. They are anxious to uplift them and special legislative and other measures have been taken for that purpose. Special seats are reserved for them in the legislatures. Provision is made for reservation for them of government jobs in the highest services and even certain requirements such as age limits are relaxed in their favour so

that they may come up to the level of the population quickly. The problem is too big to be solved in a day, particularly because India faces grave problems in the development of the resources quickly but already the status of these persons has changed, and all avenues of advancement are open to them. Some of them are even Ministers in the Central and Provincial Cabinets. What is happening in South Africa is that whatever little rights the non-whites possess are being taken away from them and legitimate agitation on their part is deemed.

Mr. Beard has given some figures of trading licences for Indians in Durban. According to him, Indians possess practically as many licences as Europeans. Trading activities always show the prosperity of a community and if one is to go by the figures given by him one should assume that Indians of Durban are as prosperous as the Europeans. But is that a fact? The fallacy lies in this that these licences do not show the number of business establishments. A large number of the licenceholders among Indians are merely hawkers. Also an Indian shopkeeper selling a few odd things like vegetables, sweets, cool drinks has to obtain licences for each line. An ordinary small shop may have as many as five or six licences. On the other hand, European business houses are substantial establishments. And then Mr. Beard also forgets that there is hardly any other lucrative avenue open to the Indian community.

Mr. Beard talks of Indian properties in Durban, but are there not places now under the Group Areas Act in dispossessing them of those properties and practically drive them out of Durban. Mr. Beard claims that Indians have freedom of speech, but is it not common knowledge that no public meeting can be held anywhere in Durban without the permission of the City Council and that permission is consistently being refused? Are not the important Indian leaders banned from attending public meetings?

It is being constantly pointed out why do not Indians go back to India and Mr. Beard also asks the same question. This raises the counter question—why do the Englishmen not go back to England? Englishmen who have come to South Africa have become South Africans. They are acclimatised to this country. They have developed vested interests in this country and therefore

they would be reluctant to leave this country, in spite of the fact that conditions in England are not too bad. In fact the entire repressive policy of the Government in this country is justified on the basis of fear that if the non-Europeans are given normal rights they might throw out the Europeans from this country. The Europeans want to stick to this country at any cost. Similarly Indians who have settled in this country have become South Africans. They know no other country and are reluctant to leave this country. The European, who is himself a settler and not an aborigine, has no right to demand that Indians should leave this country.

Mr. Beard offers no apology for discrimination against Indians and other non-Whites, but tries to justify it merely because some racial discrimination exists elsewhere. Racial discrimination is frowned upon everywhere except in South Africa and certain other parts of Africa and steps are being taken to eradicate it. The most vital issue before South Africa is whether it will continue to persist in its present direction and create forces within and without which it will have soon to contend with or whether it will accept the principles of human rights and earnestly set about putting its house in order on that basis. If one examines conditions in any country there will always be something to pick out which is not so good. Similarly there is something wrong with White South Africa too and it is not that which makes it unpopular with the world, but its declared determination to continue on the wrong path with even greater vigour and try to perpetuate white domination to the denial of human rights to non-whites.

Frederick G. Beard

May I be permitted to reply to Dr. Mabel Palmer's rather severe criticisms against my article on the treatment of Indians in South Africa?

At the outset, although Dr. Palmer starts off by declaring that the article is "singularly misinformed" and finishes up saying that it is "misinformed on many essential points"—I could then instance of "It is true but..." one instance of "Mr. Beard is right in saying..." and two instances of "I agree that..."

My article, therefore, does not appear to be the mass of misinformation that Dr. Palmer would have us believe. I cannot, of course, reply to all the

submissions and contentions put forward by Dr. Palmer (her criticisms are more lengthy than my article) but there are several statements that I cannot leave unchallenged.

Hofmeyr Pamphlet

Firstly, I am fully aware of the history of Indian immigration to this country (the late J. H. Hofmeyr, inter alia, wrote a most informative pamphlet hereon) but my article speaks of "successive Governments in India indicates that these negotiations were conducted by two completely autonomous States—whereas Natal was a Crown Colony in those days and India was ruled by the British Raj.

The negotiations were thus, in effect, inter-departments between the Colonial Office of the British Government. Imagine the reaction of Sir Roy Welensky if the now autonomous Northern Rhodesian Government (within the new Central African Federation) was held responsible for the actions of the Colonial Office in Northern Rhodesia note the Victorian era!

Harlem Position

Secondly, I am surprised at Dr. Palmer's blunt assertion that my statement regarding the Negro district of Harlem is "especially misleading," and that, in fact, the Negroes prefer to live among their own people. Let me hasten to assure her—as one who has lived in New York and taken a keen interest in the problem—that the Negroes are herded together in Harlem, not because they prefer living together, but because of a system of residential discrimination which outstrips anything in this country.

Even in the poor districts of Brooklyn and the Bronx where millions of Whites live in tenements—I understand that any landlord letting to a Negro will lose his other tenants immediately and that his rooms or flats will be boycotted until the Negro has been ejected. In any case, landlords knew that their properties would suffer an immediate slump in value if they let to Negroes. While there is no law compelling Negroes to live in Harlem, in fact, the Negro—according to law—enjoys full equality with the Whites—I make bold to say that our Group Areas Act is a much more honest approach to this problem.

Education

Thirdly, Dr. Palmer states that, as the Indians pay the same taxes as the Europeans,

they are entitled to the same educational facilities for their children. They certainly pay the same rates of tax but, for reasons which I do not propose to dilate upon, their contributions to the State coffers are considerably less (in proportion) than those of the Europeans. Bearing in mind that the Indian children here in Durban outnumber the European children by more than two to one, is it seriously contended that they are entitled to the same educational facilities in this city?

Finally, my article was written as a factual rebuttal of India's charge at the United Nations that the Indians in South Africa are oppressed and as an appeal to the Indians to think twice before further antagonising the Government and the bulk of the Europeans by submitting evidence claiming to be oppressed to U.N. Commission on Racial Discrimination. My dictionary defines oppression as "governing tyrannically" or "subject to continual cruelty," and I reiterate that the harmless social discrimination which the Indians encounter in South Africa (and which, let me add, they would encounter not only in

other White countries but in India itself) cannot by any stretch of imagination be termed tyrannical government or continual cruelty.

New Building Of Madressa Anjuman Islam

The opening of the new building in 35,37 Leopold Street, Durban, of the Madressa Anjuman Islam Trust was performed by Mr. C. Murray Booyesen, Director of Education, in the presence of a large and distinguished gathering on Saturday, August 8. The magnificent building contains a hall named after the late Mr. A. I. Kame, a library named after the late Mr. E. M. Paruk, eleven class rooms and an open space on the ground floor and the roof for the school children to play. Inspiring speeches were made by Mr. Booyesen, Mr. Matras, Principal of the Sultan Technical College, Mr. Munkulu, Principal of the Ohlange Institute and others. Tea and refreshments were served to all those present after the function.

THE RISE OF CONGRESS IN SOUTH AFRICA

By JULIUS LEWIN

(Reprinted from 'The Political Quarterly', London)

Continued from last week

A FEW months later Smuts lost the election to the Nationalists. After another quarrel with the Council, the new Government did not allow it to meet again and finally abolished it. Dr. Moroka and Professor Matthews having already responded to Congress pressure by resigning from it.

The Nationalists lost no time in proceeding with a different policy not only towards Africans, but towards all non-Europeans. It did not take long for Dr. Malan to begin to pass into law the policy he had prescribed in opposition. This policy of *apartheid* has been expounded and analysed to such an extent that it is not necessary to describe it here. It may, however, be recorded that it is Indians and Coloured people who have borne the main brunt of the attack. First came the Act prohibiting marriage between white and any non-white. It was followed by the Act making it a serious crime for white and any non-white to have sexual intercourse. Then the group areas Act made probable the uprooting of non-white traders and residents in urban and peri-urban areas where many of them and their fathers had worked and lived for generations. In a word, Indians and Coloured people were to be degraded to the status that Africans had long suffered.

No more effective method could have been devised in being together in political unity the three communities that the Government insisted were separate racial entities, each with a distinct social life and cultural tradition of its own. True, the large Cape Coloured population remained largely unaffected by the spirit that began to animate Africans and Indians. As a community, the Coloured people had long been leaderless. Its middle class men are nearly all teachers dependent on posts in Government service and lacking the independence of the business and professional men who lead the other racial groups.

The South African Indians, however, were more than ready to make common cause with the Africans. This they had demonstrated early in 1949 when Durban was disgraced by one of the very worst race riots in the modern history of the world. The Zulus of the city and its environs had suddenly run amok and killed and wounded hundreds of innocent Indians and looted their shops and houses, while the white authorities, slow to grasp the situation, failed for some time to

curb the pogrom. With barely concealed satisfaction, the Nationalists hailed this terrible tragedy as proof positive of their favourite theory of inevitable racial antagonism between different groups. What they, in common with nearly all white people, failed to appreciate, was the instant and remarkable magnanimity and political wisdom displayed by Indians after that dreadful outburst against them. Plucking resentment and hatred from their hearts, the Indian leaders without delay held out the hand of inter-racial fellowship and the African leaders grasped it without hesitation. So far from moving further apart to sulk in enmity or to yield to despair, both groups renewed and redoubled their efforts to make common cause against their common enemy, an oppressive Government whose policies led to race riots.

The Indians had every reason to realize the necessity for supporting the Africans. Their political status and economic opportunities had also gone from bad to worse. First Hertzog in 1939, then Smuts in 1943 and again in 1946 had got Parliament to tighten the screws that supported the barriers to their natural progress. Trading rights and residential sites that had been held for over half a century were attacked in a series of steady blows, both in Natal and in the Transvaal.

A better organised and efficiently managed body, the South African Indian Congress, had, since its inception in 1926, weathered the internal storms similar to, and sometimes worse than, those that had impeded the growth of the African National Congress. The respectable Indian merchants represented a type of mind that was always anxious to moderate its claims in the face of a hostile Government. Isolated and without allies in the Union, Indians were unable to evoke even the limited degree of sympathy sometimes shown Africans in subjection. Nor are Indians numerous enough, or economically strong enough, to influence the Government by their own unaided pressure. In partnership with the African National Congress, however, they can materially help to produce a very different situation. For Indians bring to a joint movement a richer experience of affairs, a superior capacity for organisation, and a more sophisticated outlook generally—the very elements required to make a move-

ment of resistance into a force no Government can safely ignore.

The Indians also brought something else of incomparable effect. They brought a knowledge of the technique and immense value of passive resistance. It was in South Africa before the Union that Mahatma Gandhi was first inspired to employ this new political weapon. Gandhi spent twenty years in Natal and the Transvaal where he first encountered the realities of racial oppression. It was here that he devised and practised the technique of non-violent non-co-operation. The first generation of South African Indians had been invited and welcomed to the country. Their children remained to suffer disabilities—legal, political, economic, and social—that were severe fifty years ago, even if they seem mild by comparison with those put upon all Indians since then. For instance, the entry of Indian immigrants was hampered even when they came to join their relatives, and a special tax was imposed on those who entered. Indians were prevented from living where they liked or buying property where they pleased; and they were subjected to a degrading system of regulation. Against these and other hardships, Gandhi had organised protests. He strove by every means in his power to persuade the authorities to rectify obvious grievances. Patiently he had negotiated with Smuts and honourably he had sought to compromise on his people's claims. But having no franchise, the Indians lacked the normal instrument for political bargaining. Having no representation in the legislature, they lacked the normal means to express their opinions or to protect their interests, let alone to make the white electorate aware of their burning sense of the injustices they suffered.

In these circumstances, the novel idea of passive resistance against unjust laws came as an inspiration. Its full significance has since been the subject of much study by many scholars. Here it is enough to recall that in the Union's early years, *satyagraha* achieved results when nothing else did. The Indian Relief Act of 1914 lifted from Indians their worst disabilities, and Gandhi sailed away from South Africa to conquer fresh and larger fields and to win the admiration of the world by the methods of his conquest.

Those who understand the lessons of history might have foreseen that the time would come when Indians in South Africa would revive the spirit and technique of *satyagraha*. Indeed, in 1939 Jan H. Hofmeyr, re-monstrated with Smuts' party against the anti Indian law it

framed in that year, warned it that Indians might be provoked to passive resistance. Before long, Dr. Y. M. Dadoo, the leader of the uncompromising radical wing in the South African Indian Congress, was actually advocating the use of passive resistance. However, he and his adherents remained a minority for years; while the so-called "moderates" sought, by appeals in reason or to law courts, to secure some modification of fresh legislation. Their efforts were of little avail. As with the Africans, successive Governments seemed determined to teach Indians the folly and futility of relying on reason. By the time the second world war had ended, the Indian Congress had elected Dr. Dadoo its leader. In 1946 the newest anti-Indian laws were resisted in Natal by non-violent non-co-operation. Nearly two thousand Indians and a few white people, led by the Rev. Michael Scott, were put in prison.

Meanwhile, events in the great world beyond South Africa were moving in a new direction. Thanks to the leadership of the greater Indian National Congress and inspiration of Mahatma Gandhi, India became a free state. Taking the Charter of the United Nations at its full value, India soon embarrassed one of its authors, Smuts, by raising in its forum and in the hearing of the whole world, the question of the treatment of Indians in the Union. At one session after another the subject was debated to the disadvantage of South Africa. By 1952 the larger question of *apartheid* as a policy was itself under discussion and set for further inquiry.

Indians and Africans in the Union were encouraged by the sympathy that their cause evoked abroad and by the dismay that the effects of world publicity produced in the dominant race at home. The second world war had been fought to overthrow the greatest racial tyranny in human history. One of its major effects was to produce a new awareness all the world over, and not least in South Africa, of the evils of racialism. This bred in those most affected by the blight a new determination to resist it in every shape and form. Moreover, racial discrimination was condemned repeatedly and in various ways by the United Nations. It became wholly unacceptable, however it might be disguised, to men conscious of a new freedom awaiting those who demanded it with their old dignity supported by new contemporary forces.

Early under the pressure of these forces, dependent status had been ended in half a dozen or more Asian and Arab countries.

Even in the colonial dependencies that remained, nearly all in Africa, political rights had been noticeably extended during the war and post-war period. Alone among the states of the world, South Africa had in this same period chosen to curtail old rights and to impose new wrongs on the majority of her people.

It was in this changing climate of world opinion that the Congress movement of the non-whites in the Union at last came of age. The pursuit by the Malan Government of its vicious policies soon applied any sharper spur that may have been necessary. To make matters worse, European opinion had failed to support Jan Hofmeyr in his efforts to make a mild liberalism an effective political force. Indeed, the United party never showed real opposition to the Nationalists. Accordingly, an alternative policy to apartheid was never seriously put before the electorate. The tension of race relations grew steadily worse. In this situation one of the early casualties was the group of white liberals who had ever since the Union tended, in one way or another, to act as the spokesmen of African opinion. Under the Native Representation Act of 1936, seven seats were provided in Parliament for this type of white liberal. In its early years this form of representation had worked well enough, thanks largely to the fact that Europeans of unusual ability and character—especially Rhenall Jones, Edgar Brookes, Donald Molteno and Margaret Ballinger—came forward to fill those seats. Of these only Mrs. Ballinger remained in Parliament by 1953. The deep change that took place in the minds of Africans had become visible in their attitude to this representation of black interests by white spokesmen. By 1950, if not before, Africans had lost all confidence in white liberal leadership and in the restrained and moderate policies which it presented in the face of the formidable challenge of the Nationalists.

Along among the white members of Parliament elected by Africans, Sam Kahn, an avowed communist, retained the warm support of an overwhelming majority of his constituents until not they, but the Government, deprived him, in May 1952, of the seat he had won. This support was, however, not due to his communist outlook, but to his unflinching advocacy of equal rights, regardless of race, for all in South Africa, and his courageous denunciation of racialism in every form. It should be emphasized that Africans looked on him as their champion, not on communism as their cause. So

much was common knowledge in the Cape, and it was confirmed by the evidence put before the parliamentary Select Committee whose revealing Report (S.C. 6 of 1951) by the majority Nationalist vote, recommended Mr. Kahn's expulsion from the House of Assembly. Even the English daily papers, by no means tolerant of anything savouring of communism, could scarce forbear to cheer Mr. Kahn's performance during his three years (1949-1952) in parliament.

There was, indeed, no good reason why Africans should any longer be content with white spokesmen. These had always held a difficult and peculiar position, in which they found themselves facing an unsympathetic European audience as often as a critical African audience. Unless, like Mr. Kahn, they abandoned attempts to convert white opinion by a process of persuasion, a subtle change inevitably occurred in their function. They began to expound and explain, if not defend, most aspects of white policy to Africans rather than to express African opinion to Europeans.

The Indians had in 1946 rejected a similar form of communal parliamentary representation by Europeans co-opted for them by Smuts, but withdrawn by Dr. Malan as soon as he took office. There were soon growing indications that Africans and Indians alike had come to regard with nothing but contempt the futile efforts made on their behalf by white liberals.

The term liberal has, of course, a variety of connotations. To the Nationalists it is a word of abuse only a little weaker than "communist." Even in the ranks of the United party, mild liberals are unwelcome and their exertions nullified by vigilant party managers. From the white electorate, therefore, there has not come the slightest encouragement to Africans and Indians to moderate their demands, to persist in patient courses, or to restrain themselves and ask for only half a loaf when pressed by their hungry followers. It has, on the contrary, been made clear that there is no real hope of political progress, however gradual, for non-Europeans.

INDIAN

OPINION

Founded by Mahatma Gandhi in 1903

No. 34—VOL. LI

FRIDAY,
21ST AUGUST, 1953

Registered at the G.P.O. as a Newspaper

Price 6d.

Non-violence is the greatest force at the disposal of mankind. It is mightier than the mightiest weapon of destruction devised by the ingenuity of man. Destruction is not the law of the humans. Man lives freely by his readiness to die, if need be, at the hands of his brother, never by killing him. Every murder or other injury, no matter for what cause, committed or inflicted on another is a crime against humanity.

—o—

It has become the fashion these days to say that society cannot be organised or run on non-violent lines. I join issue on that point. In a family, when a father slaps his delinquent child, the latter does not think of retaliating. He obeys his father not because of the deterrent effect of the slap but because of the offended love which he senses behind it. That, in my opinion, is an epitome of the way in which society is or should be governed. What is true of the family must be true of society which is but a larger family.

—Mahatma Gandhi.

What Mr. Nehru Said

(From Our Delhi Correspondent)

THE Prime Minister Mr. Nehru declared once again in the clearest possible terms the Government's policy towards Africa and the Indians residing there, during a Press conference. A correspondent referred to the reactions in the United Kingdom to his remarks on the African situation at the Agra session of the All India Congress Committee, wherein he had described as "scandalous" the treatment meted out to Africans.

Mr. Nehru said that his remarks at Agra were generally about the whole of Africa. "What I said there represents roughly five per cent. of what I had in mind."

"At Agra I had deliberately not referred to any particular instance nor any particular part of Africa. What I said was that the entire question of Africa was of supreme importance and people did not seem to realise it. It was important from many points of view and if this fact was not realised, the world may well have to face a major explosion and eruption in Africa and of the worst type—the racial war type.

"I pointed out two matters specially. One was the denial of political freedom and the other was racial discrimination and inequality. Both are exemplified in Africa more than anywhere else today.

"One can understand a certain delay in political changes or political progress provided the objective is there, but I do not see why I should accept any non-recognition of racial equality. That is a matter which may be most evident in Africa, but which concerns everyone of us here.

"At no time are we prepared to put up with that doctrine of racial inequality, whatever the consequences to India or to anyone else. I want to make that perfectly clear."

"Pernicious Policy"

"Since becoming Prime Minister it has been my desire naturally to refrain from saying things about other countries, but where policies are declared and followed like those for instance in South Africa which, I think, are pernicious in the extreme and which are insulting in the extreme, to expect me to remain silent about them is to expect the impossible."

Continuing Mr. Nehru asked with some vehemence: "Apart from political considerations, I would like to know how far discrimination is exercised in regard to Indians in East Africa? I am not talking about other matters. The dominion of South Africa is an independent country, but others are subject countries and discrimination is still exercised not only against the poor Africans, but against others."

A correspondent drew his attention to an article in 'The New York Times' that Europeans in Africa felt that through its policies, India wanted Africa to absorb her surplus population and that Mr. Nehru wanted to start "a new kind of imperialism."

INDIAN OPINION

FRIDAY 21ST AUGUST, 1953

A Novel Way

FOR reasons known to the Government themselves the joint sitting of both Houses of Parliament on the South Africa Act Amendment Bill has been postponed from August 19 to September 16. In the meantime the Prime Minister, Dr. Malan, together with his other Ministers, has been busying himself getting the Coloured people to support the principle of Separate Representation by meeting some of their leaders. He has met several deputations of the Coloured community whereas hitherto he steadfastly refused to meet any responsible leaders of the non-Europeans to discuss the problems vitally affecting them. And what a novel way he has found to get their acquiescence to his Government's policy of Apartheid! After having met these people the Prime Minister comes out with an official statement that "the general impression which the Government has gained from the series of discussions is, that the extent of the opposition of the Coloured community against the separate representation of voters is not at all so great as is pretended in certain circles." The Coloured Peoples National Union, in its memorandum to the Prime Minister, however, declared its total and unequivocal opposition to any tampering with the Coloured vote as it stands at present and warned that "if the Government obtained

a two thirds majority at a joint sitting of Parliament and thereby legally changed the franchise rights of the Coloureds the latter would never accept the change in good spirit and would pledge themselves to regain their citizenship rights." In its memorandum the C.P.N.U. rejected any proposed compromise as far as the Coloured man's vote was concerned and considered the proposals made in the South Africa Act Amendment Bill to be a breach of the contract of the Act of Union. It appealed to the Government not to create a situation which would disturb the peace of the land. The memorandum stated that the C.P.N.U. is firmly convinced that the placing of the Coloured people on a separate voters roll will to all intents and purposes reduce the Coloured vote in the Cape to a state of valueless insignificance.

There is no doubt about the fact that the various deputations that met the Government had no mandate to do so from the people they claimed to represent. And on vital matters of principle affecting the non-European community it is indeed foolish for individuals to meet the Government. They can at best represent themselves and nobody else. If this lesson has not already gone home to the Coloured people in particular and the non-European in general it should do so now after the experience of the game the

Government are up to.

There are "Bhengus" in all communities and we dare say the Government can well succeed in getting them together and bolster up a case in their own favour. But the same can be done in the opposite direction too. We dare say it is possible to get together a larger number of Afrikaners than Dr. Malan and his Government can imagine, who are individually deadly opposed to the Government's present non-European policy. And that would perhaps be a truer mandate of the people than the Government claim to have at present for their actions.

What we need to beware of is this "divide and rule" policy. It is not loaves and fishes that we are after. It is a question of vital principle on which society is supposed to be based. Are the non-Europeans to be differentiated against on the basis of colour or is every individual to be judged by his or her merit irrespective of class, creed or colour? That is the vital question before us. It is argued that the poor ignorant man does not understand that. What he understands and is concerned about is his bread. That is true. It is a so true that a person born and grown up under slavery does not know the evils of slavery. It does not therefore mean that it is good for him to remain a slave and that those who know better should not teach him what is right or wrong and lead him on the right path. If those who do so are termed "agitators" there is nothing to be ashamed of in that. Such agitation is not only legitimate but it is the sacred duty of every man and woman to carry on such agitation. It is disgusting to think that a person like

Chief Luthuli, whom the Government have deemed fit to depose because he spoke and did what was right in the true sense of the term, and a person like Mr. Donald Mtshkulu, the principal of the Ohlange Institute, who has just had the honour of being awarded the Coronation medal, should be treated like a "pariah" should he be travelling on a South African aeroplane and be allotted a segregated seat and that an ordinary hostess would refuse to serve him. This is just to quote a single glaring example of the existing state of affairs. If a White man can tolerate such humiliation imposed on anyone be he of whatever colour or race, there can be no respect for the civilisation he so boastfully claims to represent. If a person subjected to such humiliation can put up with it without feeling hurt he is far from civilised. At the rate things are moving life for any self-respecting person in this country is becoming intolerable. It must result ultimately in a flare up in one way or the other. We do not mind repeating *ad nauseum* that the best way to encounter this is non-violent passive resistance, which means refusing to submit to evil and quietly welcoming the consequences whatever they may be without any form of retaliation. Only in that and no other method lies the salvation of the oppressed people in South Africa and all over the world. That is the only true way to achieve the much longed for world peace. It may not come in our life time. We shall however have the satisfaction of having worked for it—of having made our humble contribution towards it. When we plant a tree we are not always fortunate enough to enjoy the fruit thereof. But others enjoy them and bless those who planted it.

PROPOSED IMPLEMENTATION OF GROUP AREAS ACT IN DURBAN

CITY COUNCIL'S ZONING PROPOSALS BEFORE LAND TENURE BOARD

AT the Land Tenure Board which sat last week in Durban to hear proposals in regard to Durban's race zoning, the Natal Indian Congress was represented by its general secretary, Mr. J. N. Singh, the Chairman of its Housing Committee Mr. Cassim Amra and Mr. A. Choudree assisted by Messrs. H. E. Mall and G. S. Naidu.

The Board had before it the main proposal of the Durban City Council and an alternative proposal from the Government Planning and Reference Committee.

The Natal Indian Congress secretary, Mr. J. N. Singh, advised the Board that this Congress had no alternative proposals for Group Areas as it was opposed to the Group Areas Act, and would not assist in setting aside areas. "But," he said, "the Congress would continue to examine critically all proposals for Group Areas made before the Board and would expose their injustice. The Congress would ask the Board not to displace or uproot settled communities and would ask the Board to recommend to the Minister that no Group Areas be demarcated in Durban."

Mr Comrie Cross-Examined

Mr. J. N. Singh cross-examined at length Mr. R. V. A. Comrie, the Senior Town Engineer, who gave evidence on the Council's proposals for Group Areas in Durban. Mr. Comrie spent over four hours answering Mr. Singh, who indicated that the purpose of his cross examination was to show that the Council's assumptions for the creation of group areas had no basis in fact and that the proposals were not based on equity as they did not deal justly with the non-Europeans of the City.

In answer to Mr. Singh Mr. Comrie agreed that residential grouping was not due only to a desire of persons of the same racial group to live together but had an economic and historical basis—people of the same economic level tended to live in similar areas and that homogeneous settlements of people from a country of common origin were broken down by economic factor of industrialisation and development of commerce.

On the question of racial friction Mr. Singh asked Mr. Comrie to quote examples of where mixed living areas had given rise to racial

conflict. Mr. Comrie admitted that there were no instances of actual conflict between Europeans and Indians.

In answer to further questions Mr. Singh established that trade could not be controlled by Group Areas and that separation of races will hit at traders of all races. Mr. Comrie admitted that there was nothing wrong in the races living together in the central and working areas. Mr. Singh then asked "why cannot the races live together in the residential areas?" Mr. Comrie: "There are other considerations."

Mr. Comrie admitted that settled homogeneous communities should not be disturbed but added that Cato Manor, Mayville, Sydenham and Overport blocked European expansion from the Berea into the hinterland of Westville, Malvern and Pinetown and was recommended for white occupation. Mr. Comrie admitted that the central working areas had to be controlled and would eventually be white.

Indians To Lose 3,000 Acres In City

In answer to Mr. Singh, Mr. Comrie stated that eventually Indian land ownership in the City would be decreased from 10,700 acres to 7,350 acres—a reduction of Indian holdings by over 3,000 acres whereas European holdings would be increased by over 10,000 acres from 15,300 to 25,500 acres.

Mr. Comrie admitted that the Council's proposals would allow 54,000 Indians, 21,000 Europeans, 44,000 Africans and 6,000 Coloureds to live together in the working areas without segregation and racial group. Mr. Singh deduced: "If one-third of the City's population can live together why disturb the position at all with race zoning?"

Mr. Comrie stated that the reason for making the Berea and Central Durban white was that the white group was the predominant group in the working areas. Mr. Singh elicited that this was not so. Between the Umbilo and the Umgeni 47,000 non-Europeans worked compared with 18,000 Europeans and that in the centre of the city 26,000 non-Europeans worked as against 10,800 whites.

Berea And Beach

Mr. Singh stated that the white City Council was responsible with its policy favouring the

whites in making the Beach and the Berea white.

Mr. Singh asked Mr. Comrie why Durban had to remain a white holiday resort. "Why should not non-European visitors be welcome?"

Mr. Singh stated that racial zoning was not natural but imposed and that the present distribution was natural. The idea of a separate Indian town was not scientific. Mr. Comrie could not give an example of such a separate Indian town anywhere in the Union. Mr. Comrie said that he had not visited the Indian locations at Germiston, Boksburg, Benoni and Pretoria.

Mr. Comrie admitted that the plan emanated from a Council elected by the White voters. The non-Europeans had no say in the proposals and that the main live suburbs of Sea View, Bellair and Hillary had been changed from Indian to white due to European protests. Mr. Comrie said that he was aware of non-European protest but these did not materially change the Council's proposals.

Mr. Comrie admitted that over 6,000 Indians would be displaced in the Sea View-Bellair area and 10,500 Indians in the Sydenham Coloured area as a result of the Council's changed proposals.

Rural Areas For Indians

Mr. Comrie, in answer to Mr. Singh, admitted that the built up areas in Woodlands and Montclair and Sea View-Bellair were being retained for Europeans whereas Indians were being given the rural areas in Umhlatuzana, Stambank Estate and Duffs Road.

Mr. Singh argued that the Board was not there to perpetuate existing inequalities but had to consider the removal of inequalities in regard to the non-Europeans resulting from a policy of discrimination against them in the past. For instance, Mr. Singh said, the whole of the sea front from Margate to Umhlatuzana Rocks was white and asked why this should remain so and why the non-Europeans should be excluded from 150 miles of the sea point with minor exceptions?

Cato Manor

Mr. Comrie admitted that making Mayville and Cato Manor white involved the displacement of 25,000 Indians and 28,300 Africans in favour of 6,300 Europeans, and that 2414 acres of Indian land would be taken away, valued over 6 million pounds. In Sydenham 346 acres of Indian land was affected. On the Berea and central area 127 acres valued at over 2 million 400 thousand pounds were to be lost by Indians.

According to the Council's

proposals over 61,000 Indians would be displaced eventually and over 6,000 acres of land was to be affected to Indian ownership, answered Mr. Comrie.

Mr. Barker Questioned

When Mr. Barker, Chairman of the Reference and Planning Committee, appointed by the Minister of the Interior, gave evidence early in the week, Mr. Singh questioned him on the broad effects of his proposals which except for the Sydenham Coloured area, agreed with the City Council's plans.

Mr. Barker admitted that his Committee's proposals were based mainly on the principle of racial segregation and on a regional racial pattern. He agreed that the proposals would eventually have very drastic effects on the Indian population. He admitted, in answer to Mr. Singh, that eventually over two thirds of the Indian and African populations would have to be displaced—amounting over 200,000 compared to about 5,000 Europeans affected.

Mr. Barker accepted that the Coloured area in Sydenham would be a pocket in a thickly settled Indian area and he agreed that it could be Indian without causing hardship to any community as it contained over 12,000 Indians, compared to 2,000 Coloureds and just over 1,200 Europeans.

Other Representatives

Dr. Baboolal and Mr. T. M. Nairn appeared for the Combined Indian Ratepayers Association and Mr. Goldberg with Messrs. P. R. Pather and A. M. Moosa for the Natal Indian Organisation. The NIO put up alternative proposals for Indian Group areas in Riverside, Prospect Hill, Cato Manor and Mayville, Sydenham and portions of Jacobs area, and the valley of Rosburgh, Sea View, Bellair and Hillary.

THE UNITED PARTY AND THE ELECTION

WHITE DOMINATION AND APARTHEID

By C. W. M. GELL

III

IN my last two articles I discussed two factors in the intricate racial pattern that dominated the election—Afrikaner nationalism and the Coloured vote. Now we must face the central issue: the non-European question in general and the Native policy in particular.

Whatever parts the "sovereignty of Parliament" and Afrikaner jingoism played in the election and, at the level of the party worker in the constituencies, the latter especially played a considerable part—the colour question was almost certainly decisive. The leading politicians and the press gave it first emphasis. Nationalist canvassers in my own and other constituencies told parents that their little girls would have to marry kaffirs if the U.P. was returned. The Debate Campaign and the Mam Mam were gifts from the gods to the Nationalists; and the riots, for which their own share of the responsibility has yet to be determined precisely, gave them a further filip. In all his chief speeches—at Bechal in August, at Somerset West in September, at Oudshoorn in November, at Stellenbosch in March and in his final pre-election broadcast on April 13—Dr. Malan stressed how Afrikanerdom stood alone before a world bent on equality which was tantamount to "national suicide" for White South Africa. "The colour question," he said more than once, "is by far the greatest and most serious of the country's problems. Therefore it rightly dominates the election." The Government would stand or fall by its apartheid policy on which it asked the country for "a clear and unequivocal mandate." In April the people would be asked whether, in view not only of the internal disturbances but also of interference in domestic matters from abroad, the country should have a weak or a strong government. "In other words you will be asked whether you are prepared to commit national suicide."

In the following analysis of Nationalist colour policy I rely upon speeches made since last August with a view to the election. One thing the Nats, do not at present intend is total apartheid, despite its continued advocacy by SABRA the Students' Republic, Stellenbosch professors, a creation of the ministry of the Dutch Reformed Churches, Mr. Frow and the Government's own Secretary for Native Affairs, Dr.

Verwoerd, one of the more extreme apartheid theorists, slipped up once more when he was reported to have said at Dordrecht on October 21 that "in fifty years time the Natives will all be back in the Reserves." But he was quickly called to order and in later speeches "all" became "a majority or 'a large part'."

The cardinal point in the Nationalist conception of apartheid is "the retention of all power in our hands;" the perpetual maintenance of exclusive White political domination. Dr. Malan said that the choice for the White races was to die here in honour or dishonour. "We choose the latter," Mr. Strydom is prepared to "fight to the death" to hand on "the heritage of White South Africa, which we received from our fathers, to our children," and he has called on us to stand shoulder to shoulder as White men to protect ourselves and our children. The Professor of Psychology at Stellenbosch University has written of "our intense desire to keep South Africa a White man's country;" and in curious contrast to Dr. Malan's assurances (also given at Stellenbosch) that apartheid so far from being oppressive was "the best guarantee of inter-racial friendship and helpfulness," Professor van Rensburg added that "even though we may be fighting a losing battle, some people do not understand the sacrifices we are prepared to make to achieve our aim—the White people are in real danger of extermination in South Africa and must oppose this danger and fight." Lastly, the challenge of race warfare was invoked in the infamous election pamphlet which contained photos of the Nigerian cabinet and urged us to "Vote for White Domination—Stern Nasional."

Since, however, this blatant Herrenvolkism might raise some conscientious doubts, it is tempered by the two-streams (White-Black) theory of "development in their own sphere." The growth of Bantu nationalism is recognised to be inevitable and proper, but it will be confined to the Africans' "national home and fatherland" in the Reserves whence, as benevolent theorists like Dr. Eiseelen and Mr. de Wet Nel explain, migrant Native workers will emerge to work in the White areas with White consent. As "voters" they will have no claim to political or social rights and, since they have their own fatherland, no freehold rights will be allowed more in the Reserves.

Now it is a fact that during five years of Nationalist rule much has been done to subordinate and control that large majority of Africans (and other non-Europeans) who live permanently in the "White areas" and will never be able to find homes in the Reserves. And nothing at all has been done towards developing the Reserves so that they will in future "prevent the centre of Bantu interests, and therefore of Bantu numbers, extending into the White areas." It is even admitted by some Nats, and denied by others (depending on whether they are addressing employers of Native labour or employers frightened of Native competition), that the majority of Africans will continue to live in the White areas "for generations." As Dr. Otto du Plessis so charmingly put it: "We must keep some Natives in the European areas for a very long time to do the work."

The electoral appeal of apartheid is, therefore, obvious. As a European you have your cake and eat it. You have all the unskilled Native labour you want, subject to the crudest form of residential and social segregation imposed to suit White convenience and comfort, without having to make any concessions for "visitors" in the direction of what Mr. Swart has called "the detestable doctrine of racial equality." For after all 70 per cent of the population (the destination of Coloureds and Indians being uncertain) will have their own homes in their 12 per cent of the country where, subject to overriding White control, they will have "a considerable measure of self-government" under chiefs who will be Government stooges; and even the "visitors" will have delegated to them "some of the details of administration" in the urban locations.

As Mr. Erasmus succinctly put it at Glenageary on December 6: the White man can either leave South Africa which is impossible; or he can make concessions to non-European demands which are unthinkable "except perhaps to a few liberals;" or he can choose

the conservative way of the Government's apartheid policy which "believed in good treatment of non-Europeans under European guardianship but not to an exaggerated degree." In a later speech at Zeebrugge, in posing the alternatives of White domination or equality, Mr. Erasmus warned Africans who sought the latter that "the Union is not the Gold Coast or British Central Africa, but the country of Dr. Malan, where the Native would be well treated but would also be put "op sy plek" if he deserved it."

Finally, just to tie up any loose ends in the Nationalist racial ideology which Mr. Schoeman says must be accepted unconditionally by any supporter of the Government's racial policy, the Nats "acknowledge the authority of the Almighty in the destinies of nations and peoples." South Africa, being "not subject to any other power on earth but under the authority of God alone," is free to solve her own way "according to the pattern of inequality which He Himself has ordained." Thus a Bloemfontein professor rightly deprecated the wild talk about mandates and Volkswille; for "if man has been created a free being and exercises his freedom and his birthright in its national context through the vote, on what grounds do we not give equal voting rights to Natives and other non-Whites, since they too, being human, are beings with the franchise as their birthright?" But the truth is that the authority of the Government does not derive from the electorate. "The Government stands in a divine capacity and receives its authority from God alone." And the 'Transvaal' writer "Dr. Malan asks us to trust the Government. This we do with all our hearts. The Government is the patriot's ark of faith under God's dispensation."

In the next article I will discuss how the U.P. tried to meet the challenge of this racial policy. Those who are interested may care to keep this article for comparison.

STRAUSS BECOMING MALANISED

SPEAKING in Parliament last week the Leader of the Opposition, Mr. J. G. N. Strauss, referring to the Government's policy concerning the United Nations, is reported to have said, he wished to deal particularly with the setting up of a United Nations commission and the taking of evidence in public on the internal situation in South Africa on racial discrimination.

"Here we have the extraordinary state of affairs that an international authority appoints a commission to inquire into the internal position of our country and we have no say in what is being done."

"I am raising this question to get the Prime Minister to clarify the position so that South Africa's good name will not be injured by what is happening before the commission at the present time—an unwarranted commission and an unwarranted investigation into our domestic affairs."

The United Party felt that it was quite correct for the Government and in conformity with the will of the people of South Africa to say that the only remedy to take up was the rejection of the existence and solicitation of this commission.

"But there is an important question. That is that public sittings are now taking place and evidence is being held by the commission. It is a matter for regret that the Prime Minister has not made a statement clarifying the position."

"In these matters timing is of great importance and I think it would have been a wise step, when the commission began its sittings, for the Government to have issued a statement, so that there would be no misunderstanding at all."

"It seems to me that this commission is not getting the support that some of our enemies abroad would like it to get. The witnesses before it have not been very impressive but the danger is that the one-sided evidence that is being given may cause harm to South Africa."

Mr. Strauss said that while it was true that there was only one line for the Government to take, he would like the Prime Minister to say what his view was about getting private organisations like the South African Bureau of Racial Affairs (S.A.B.R.A.) and the Institute of Race Relations placing the facts before this Commission—without prejudice to the Government.

The one thing that he admired about this Government's foreign policy was the talent to which it had followed in the steps

of the previous Government. General Smuts did his utmost to prevent any interference in the domestic affairs of South Africa by the United Nations or by other bodies who used the United Nations to interfere in the domestic affairs of South Africa.

Prime Minister's Reply

The Prime Minister, Dr. Malan, is reported to have said in reply that he was glad that the Leader of the Opposition (Mr. J. G. N. Strauss) had made it clear that he and his Party also regarded the United Nations Commission on South Africa's so-called racial policy which was now sitting in Geneva as unwarranted interference in South Africa's domestic affairs. The Government's attitude was that it was unwarranted interference in the Union's domestic affairs which would not be tolerated in any circumstances. For this reason the Government had ignored the sitting of the Commission. The Government would not submit any evidence to the Commission because to do so would be indirectly to approve of interference in South Africa's domestic affairs.

The United Nations' action in appointing the Commission was prompted not merely by ignorance. If it was only ignorance then something could be done about it. But to a large extent it was malice.

It had been asked to what extent the Government would encourage others to give evidence before the Commission. This would not help in any way. If the Government were to encourage this, it would simply mean that the Government was encouraging others to do something which it was itself not prepared to do. The government would certainly not give any encouragement to that action. It would rather discourage anything of that kind.

The chief aim of the United Nations was to maintain world peace, but in the war in Korea it had already proved its weakness. Only 16 countries had replied to its appeal for troops to be sent to Korea and 25 had ignored it—some of them strong countries on the border of Korea. South Africa had answered the call, but today South Africa was being abused and slandered by those nations in the United Nations organisation.

It would like to stress that the United Nations was engaged in undermining the foundations of the Commonwealth and was the principal danger to its continued existence. India had left a Common-

wealth Prime Ministers' conference where she could make no accusations against the Union, and go to the United Nations where she could get it to interfere in South Africa's internal affairs. In this way India was able to make use of the United Nations' practice of exceeding its authority to make an attack on a fellow member of the Commonwealth.

That was why he believed the United Nations was undermining the foundations of the Commonwealth and that it was the greatest danger to its continued survival.

There was only one solution to this problem, and that was that the members of the Commonwealth should stand together to drive the United Nations back within the borders of its own Charter.

Referring to the Union's relations with its neighbour States in the north, the Prime Minister said that the good neighbour

policy had been as strongly maintained by the present Government as by any previous Government.

As far as Africa as a whole was concerned, it was very clear that the interests of the Union were very closely related to events higher up in Africa. Certain separate Native States were now beginning to feel that they no longer wanted to remain under the domination of a foreign country but should be completely free and independent.

"There is an influence behind this feeling of nationalism which comes from outside. Part of this influence is the result of Communist activity and it is the object of Communism to apply itself to the more backward peoples who are not yet ripe for self-government."

In the second place there was the very unfortunate experiment carried out by the former British Government on the Gold Coast which had been given complete freedom based on universal franchise without qualification.—Saps.

WHAT MR. NEHRU SAID

(Continued from front page)

Mr. Nehru said that it was difficult for him to talk about India's policy or India's *bona fides*. For the last many years, before they came into power and after they entered the Government, "we have declared our policy in the clearest terms to our people outside India."

"That policy, in relation to Africa, has been that the Indians there will not get any support from the Indian Government in any claims that may be advanced against the Africans. We have told them: 'You are there as guests. The interests of the Africans must be dominant. If you can serve them, well and good. Otherwise pack up and go, because we will not protect you there.'"

"No Special Rights"

"This," Mr. Nehru continued, "was a rather unusual policy for a country to tell its own citizens. We are prepared to fight for the rights of these citizens and against any encroachment of those rights, but when those citizens want special rights against Africans, we are not prepared to take up their cause or give them any protection."

"This policy naturally did not meet with the approval of many of our nationals in Africa because thus far they had been trained up to demand rights for themselves. Seeing the European settlers taking advantage of the situation and gaining special pri-

villeges and land and all that kind of thing, Indians also wanted to share in the spoils of Africa. We said, 'no, we will not permit this.' We have been pursuing that policy so far."

"We do not mind if every Indian leaves Africa and comes away, but we will not permit him, so far as we are concerned, to have a single privilege over Africans. To talk of Indian imperialism there is just nonsense. People seem to imagine that the earth in all its fullness thereof is to be reserved for a few settlers from Europe. Other people in the rest of the world happen to have a different opinion about it and the rest of the world will count ultimately not these few persons from Europe."

There had been some reference to the Indian Commissioner in East Africa. "I should like to say that among the many people in our foreign service, one whose work we have appreciated more than any other's is our Commissioner in East Africa, Mr. Appasahib Pant. From the very first day of his arrival in East Africa, about five years ago, he has worked for what is called the establishment of a multi-racial society there."

"All that I can say, if anyone accuses him or his colleagues there at Nairobi of creating trouble, is that some people who take in this way have lost clarity of vision. They cannot distinguish between things."

APARTHEID A THREAT TO WORLD PEACE

THE Reverend Michael Scott addressing the United Nations Commission on behalf of the International League for the Rights of man, said: "The ugly menace that has grown up under cover of lofty phrases cannot protect the short-term or long term interests of White or black. It constitutes a threat to the peace and security of Africa and the world, and may lead to a debacle of so-called Western civilisation in that Continent."

"The United Nations should prepare itself to assume the role of mediator and should meanwhile use all resources at its disposal, including economic inducements, technical assistance and educational conferences, to bring about a new approach to the problems which are a heritage of the past."

Mr. Scott said that the present situation in South Africa could only lead to the decline and demoralisation of the ruling White

caste, unless other members of the United Nations became aware in time of the path being followed by the White community in South Africa and elsewhere in Africa.

Mr. Scott said that there were many ways in which the United Nations could help South Africa, once her Government and people realised that they were in need of assistance in solving problems which were not peculiarly their own.

"I suggest that co-operation should be sought from the World Council of Churches," he said, and that questions should be addressed to that body as the theological implications of racial discrimination, the extent to which this is practised in the churches, and the means by which it is sought to overcome it," he said.

"The dangers of a caste system extending from South Africa to Central and East Africa, must be met by a positive programme for

the emancipation and men of the great human and natural resources of that area, which are so important for the future peace of the world," Mr. Scott concluded.

Offends Two-Thirds Of World Population

Mr. E. S. Sachs, former general secretary of the South African Garment Worker's Union, told the U.N. Commission that, "the interests of the people of Africa, including the 3,000,000 Europeans who have permanently settled in Southern Africa, the interests of world peace, the interests of the whole of humanity urgently demand that the people of Africa shall be accorded full rights."

"Pious resolutions and platonic sympathy have proved futile. Positive action must be taken by those who are guiding the destiny of mankind."

"The time has come for the United Nations and the whole of civilised humanity to treat racial oppression and discrimination in the same manner as slave-trading and piracy, and outlaw them wherever and under whatever form they may appear," said Mr. Sachs.

The policy of apartheid was based on the immutable principles that:

(a) All peoples who were not White or European were inferior and that all White or European peoples were superior.

(b) The 10,000,000 non-White people of the Union were incapable now and forever of becoming truly civilised and must always remain under the tutelage of Europeans; and

(c) Because the non-European outnumbered the Europeans by four to one, White civilisation was in danger and it was the duty of Europeans, ordained by Providence, to save civilisation by keeping the non-Europeans in subjection.

Mr. Sachs said: "A correct definition of the Union Government's interpretation of apartheid might be obtained from a slogan frequently and widely used by supporters of that policy; that is, 'The Kaffir must be kept in his place and the colour must get out of the country.'"

"Industrial development in South Africa has almost unlimited opportunities, but such development is being crippled by a reactionary and backward political policy," said Mr. Sachs.

"The policy of apartheid and the 'master race' philosophy underlying it will inevitably lead to a decline in the economic development of the country and to the impoverishment of both Europeans and non-Europeans," he said.

"It is a threat to the peace of the world in that it offends and insults more than two-thirds of

the world's population who are not White, and who have shown, justifiably, bitter resentment of that policy."

Mr. John Hatch, a lecturer in International Relations at Glasgow University, giving evidence before the United Nations Commission on racial discrimination in the Union is reported by Sapa-Ranter to have said: "To my mind the danger of racial discrimination in the long term is more profound to the maintenance of world peace than Communism or anti Communism."

"In the long term I would say that the biggest problem of the second half of the 20th Century is the solution of the problem of racial discrimination."

"As to the question about a solution to the problem acceptable to the South Africans and within the framework of the United Nations I answer frankly 'No.'"

"There is no solution acceptable to South Africa. In the present circumstances there is no solution acceptable to the two sides."

"They are so interlocked in strange, moral more than physical though it could in the future become physical, that there is no facile solution. All that can be done is to sow the seeds of a better future."

"The fact is that we are dealing with people who are ingrained with racial prejudice."

Mr. Hatch added: "One cannot change this character by taking immediate steps—certainly the first problem is to find an alternative to the policy of apartheid."

He suggested that a permanent United Nations commission be set up to study the problem.

Mr. Hatch said it was very difficult to help people who did not want to be helped. If there were happier race relations in parts of Africa it was possible that the contrast would persuade South Africa to follow suit.

THE RISE OF CONGRESS IN SOUTH AFRICA.

By JULIUS LEWIN

(Reprinted from 'The Political Quarterly', London)

Concluded from last week

It is this background that renders so ludicrous the sudden quest for "moderate leaders" among non-Europeans that men like Mr. Strauss and others contemplated in 1952, after the defiance campaign had grown to a size where it could no longer be ignored. This quest failed at its outset. It failed because there are no moderate African or Indian leaders—if a leader is to be defined as one who has followers and is ready to "be consulted" or to negotiate with the Government or Opposition on a basis different from that adopted by the two Congresses jointly. Mr. Strauss never even got as far as actually beginning a quest, being satisfied simply to announce that if returned to office, he would consult (unnamed) moderate non-European leaders. The only effect of this line of thought was to deepen the suspicions of the Congress movement that the official Opposition would, like the Government itself, do all it could to undermine the authority of the elected Congress leaders and to weaken the position they had attained after long and difficult efforts to organise their followers. How blind to such realities white politicians remained was shown in Port Elizabeth at the time of the tragic riotous late in 1952. The search for moderates was pursued in the very city where Dr. J. Z. Njongwe had displayed greater powers of organisation and evoked wider personal loyalty than probably any other Congress leader had done so far. The resistance campaign in the eastern Cape province obtained as much support as it did in all the rest of the country taken together. This is to be explained by two main factors. First, the Bantu people there are more homogeneous in tribal tradition and less divided than elsewhere. They are also better educated and more Christianised after longer contact with western civilisation. Resistance in this area was marked by notable religious fervour—it was often preceded by prayer—and it was supported by African clergy and by African trade unions. Secondly, the people in these parts had lost more than others since 1936 through the operation of the land and franchise laws that deprived them and their children of old-established rights.

Nor in this day do white

politicians realize that the first effect of undermining Congress would be to strengthen those less responsible and less reasonable groups in African life that have begun to preach enmity against all white people as such and to toy with the idea of terrorism as a technique for securing political change. In a real sense Congress is to-day the only alternative to terrorism, the only band restraining Africans from demanding black supremacy as the alternative to white supremacy, the only influential voice seriously asking for inter-racial co-operation.

In the light of this record, what is surprising is not that Congress has hitherto failed to formulate a detailed blueprint for progress in South Africa, or to declared itself without any ambiguity on certain concrete issues. What is surprising is that Congress has continued to take nothing less than a statesmanlike attitude on all the large questions that present themselves for decision.

Non-white people do not want to rid South Africa of white people. Let it be stressed that at present only a very small minority of members of the African National Congress dream of replacing white domination with black domination. The whole bulk and weight of Congress has hitherto always imagined the future of South Africa in terms of inter-racial co-operation on a basis of equality. The joint declaration adopted in July 1951, when the defiance campaign was planned, is sufficient proof of this fact.

"All people, irrespective of the national groups which they may belong to and regardless of the colour of their skin, who have made South Africa their home and who believe in the principles of democracy, are South Africans. All South Africans are entitled to live a full and free life on the basis of the fullest equality."

"The struggle which the national organisations of the non-European people are conducting is not directed against any race or national group. It is against the unjust laws which keep in perpetual subjection and misery vast sections of the population. It is for the transformation of conditions which will restore

human dignity, equality, and freedom to every South African."

The significance of this policy, with its prospect of inter-racial peace, has been carefully obscured from recognition by any but a small element among the Europeans. The daily press of both white sections continues to pretend that Congress is essentially an anti-white movement. In fact, however, the force of the law has here reinforced the wisdom of Congress. It has since 1937 been a serious criminal offence for anyone to promote hostility between the white and non-white races, and any racial indictment of white people by black speakers is liable to be punished by the courts. On the other hand, it has never been, and has not yet been, declared a crime to demand equal rights for all races. This fact is hardly understood by ordinary people. Even a Johannesburg magistrate could say in 1952:

"It is common knowledge that one of the aims of communism is to break down race barriers and strive for equal rights for all sections of the people, and to do so without any discrimination of race, colour, or creed. It is well-known that all the democracies of the world consider that communism is menacing peace and order, turning the world upside down and making stable and decent life impossible." (The Star, Johannesburg, 15th July 1952.)

In the mind of this magistrate, who is supposed to interpret the law of the land, the militant liberal demand for equal rights, regardless of race, is confused and equated with communism. But even under the immensely wide and vague terms of the Suppression of Communism Act of 1950, freedom to advocate racial equality is not punishable if unlawful action towards that end is not taken. Although twenty leaders of the resistance campaign were convicted by the Transvaal Supreme Court under the Act in November 1952, their guilt was held to lie in their organisation of the resistance campaign, not in their advocacy of equality.

By any normally acceptable definition of "communism," the leaders of the campaign, with a few avowed exceptions, are not and have never been communists. It is necessary to emphasize this fact because continual attempts are made to smear the non-European resistance movement as nothing but "communism." Since the personalities, records, and outlook of the Con-

gress leaders are known to only a small number of Europeans, these attempts are liable to succeed to some degree. Yet proper inquiry shows that the charge is false.

The Communist party of South Africa was dissolved by its own act in June 1950, anticipating by a month the final passage through parliament of the Act declaring it an unlawful body. Since the Act was passed, the promotion of any type of "communist" thought or activity has been a serious crime punishable by imprisonment. There are therefore no longer any avowed, but only former, communists. Merely to call a man a communist is defamatory, unless he has in fact been officially listed as such by "the liquidator" appointed for the purpose under the Act. It is, however, reasonable to ask whether the resistance leaders are communists in any ordinary meaning of the term. To answer the question, it is relevant to recall certain facts unfamiliar even to the most informed people. While it was active, the Communist Party of South Africa, at least since about 1937, had always insisted on inter-racial equality and co-operation. With the possible exception of a few branches of certain Christian churches, the Party was indeed the only organisation in South Africa which practised as well as preached racial equality to the fullest extent. Moreover, the Party always tried to restrain African nationalism, recognising that its political value was limited in a plural society where Africans formed only two-thirds of the total population. As late as the end of 1949, the leadership and tendencies of the African National Congress gave the Communist Party much cause for sharp criticism. In a considered analysis of the political situation published in the Party's own journal, "Freedom," (December 1949), the Party attacked the Congress and its leaders for their 'bourgeois' desire to think in terms of liberal capitalism instead of communism. The analysis attributed the weakness and failure of Congress to this fundamental fault.

None the less, it must not be suggested that the Communist Party had no influence on non-Europeans. The Communist Party did, contribute to African political education in one important respect. It set the pace for the African National Congress in the decade from 1937 to 1946. Its aggressive demands, its forthright propaganda, and its ably co-

ducted weekly newspaper 'The Guardian' (banned by the Malan Government in 1952), accelerated the rate at which Africans learnt that gradual and piecemeal reforms are unlikely to come or to make substantial changes in African status if and when they did come. The Communist Party influenced Africans—usually indirectly—to distrust liberal effort on their behalf and to demand, in their own right and in a militant temper, nothing less than full racial equality in every sphere of South African life.

There is to-day not the slightest reason to believe that African leaders have changed their 'bourgeois' outlook. The laws they have singled out for attack and resistance are those which hinder freedom of movement and organisation, freedom to live, to trade, and to own property in any area, and freedom to participate in the common political life of the country on equal terms with Europeans. These aims are indeed shared in theory, and sometimes supported in practice, by a number of impeccable liberals who themselves have absolutely no sympathy with real communism.

From white communists Africans also learnt important lessons in political organization and in the value of personal and disinterested devotion to a cause, lessons which other Europeans have seldom been close enough to teach them. Above all, however, African eyes were opened to current political realities, and this led to the demand for equal rights and opportunities, regardless of race or colour, in every sphere of activity, and to total opposition to apartheid. This was the attitude adopted by the Native Representative Council after 1946. But neither at that time, nor at any other, did a single Communist sit on the Council. Indeed, communists who sought election to it were

always heavily defeated.

If communists had ever dominated the Congress, the fact would have been obvious enough to sophisticated eyes. But it is not a monopoly of communists to aim at securing in South Africa a society free from colour bars and from all forms of racial prejudice and discrimination. Nor are militant and uncompromising methods of protest and resistance against the present system their monopoly. What precise form such methods should take—whether passive resistance, stoppage of work or boycott—remains to some extent a matter of internal controversy in the ranks of the African National Congress. No doubt the South African Indian Congress, with its longer experience and more mature leaders, set the pace in 1951 in the joint campaign that was undertaken. However that may be, nothing is gained, to home or abroad, by accepting the view, attractive enough to white South Africans, that Congress aims and activities can be dismissed as the work of "communists." Whether these activities are maintained or not, whether the avowed aims of Congress are achieved in the life time of this generation or not, one thing is certain. No laws, however harsh and no Government, however tyrannical, will succeed in putting an end to protest and resistance against flagrant injustice by men and women of all races. Ever since the early nineteenth century, prevailing policies in South Africa have always been challenged by some people in South Africa. That tradition will not die out. It may take a long time but the dominant race is destined to discover that there are some things in life that lie too deep for law. The recognition and acceptance of a common humanity regardless of race is among the certainties of the future.

to establish and maintain Government Bantu schools and hostels, teachers' quarters, school clinics or any other accessory to a Government school.

The Bill introduces the term "Bantu," which it says is synonymous with Native. Education is defined as education other than "higher education" within the meaning of the Financial Relations Act of 1945.

In terms of this Act higher education includes the universities, the South African Native College, and technical, music, and arts and other institutions declared by the Minister of Education to be places of higher education.

The Minister of Native Affairs is empowered to subsidise any Bantu school established or maintained by a Bantu authority or any Native council, tribe or community and to assist in the establishment or maintenance of any such school.

Subject to special conditions stipulated by the Minister, grants-in-aid may be made to approved Native schools.

The Bill provides for the registration of all Bantu schools, other than Government Bantu schools. From a date to be fixed by notice in the Government Gazette, no Bantu school may be established

or maintained unless it is registered.

If on the advice and recommendation of the Native Affairs Commission the Minister is of the opinion that the establishment or continued existence of a Bantu school is not in the interests of the Bantu people or is likely to be detrimental to the physical, mental, or moral welfare of the pupils attending or likely to attend it, he may refuse or cancel registration.

The Minister is empowered to appropriate land required for a Bantu Government school. Provision is made for the transfer of the administration of the Native non-European Teachers' Provident Fund to the Commissioner of Pensions. The transfer may be effected after consultation with the Administrator.—Sapa.

NEW BILL GOVERNING AFRICAN EDUCATION

THE Bantu Education Bill, which the Minister of Native Affairs, Dr. H. P. Verwoerd, has introduced in the Assembly, transfers the administration and control of Native Education from the provincial administrations to the Union Government. The Bill, after enactment, will become operative on a date to be fixed by proclamation in the Government Gazette.

As from that date the Executive

Committee of the Provinces will cease to have any powers, authority or functions, and the Provincial Councils will cease to be competent to make Ordinances in relation to Native Education.

The Bill provides for the transfer to the Department of Native Affairs of persons who are at present employed by the Provinces in connection with Native education.

The Minister is given powers

INDIA LETTER

(From Our Own Correspondent)

Bombay, August 4.

MR. NEHRU has returned to Delhi after momentous talks with the Prime Minister of Pakistan in Karachi. No one expected that any of the major problems like Kashmir, evacuee property and canal waters, which has defied solution since the last five years, will be solved within so short a period of three days. Mr. Nehru had made it clear, when he left for Karachi, that the talks were of an exploratory nature and no sensational outcome may be expected.

At the request of the Pakistan Premier, Mr. Nehru decided to extend his stay in Karachi to three days. The most amazing revelation to Mr. Nehru as well as the people of India, was the rousing reception that the people of Pakistan gave to the Indian Prime Minister, suggesting a change of heart towards India. According to Indian Press reporters, they found genuine desire for friendship with India among the masses. It seems that though fed on anti-Indian propaganda by the newspapers the common man in Pakistan wants to forget the bad memories of the past and to make a new start. These are good signs.

Though no dramatic agreements on any major problems have resulted from the talks, it is generally agreed that they have helped the two Prime Ministers to have a clearer understanding of each other's viewpoints.

The Prime Ministers have reached an agreement on principle in regard to three comparatively minor matters—exchange of enclaves in each other's territories, freedom of travel and trade and admission to and protection of religious trusts and shrines. It is expected that procedural details will be worked out on a mutually satisfactory basis.

On the question of canal waters it was decided to await the outcome of the discussions proceeding under the auspices of the World Bank.

Mr. Nehru considered the issue of evacuee property more important than Kashmir as it affects millions of people on both sides of the border continuing the miseries of refugees.

But Mr. Mahomed Ali considers the Kashmir question as the key-question upon which "the whole of Indo-Pakistan relationship hinges." Mr. Mahomed Ali declared that this

dispute has raised so much of passion, prejudice and sentiment all round that even if all the rest of the Indo-Pakistan dispute was settled and no solution for Kashmir was found, cordial relationship with India would not be possible to the extent it was desirable.

The evacuee property question is undergoing a thorough examination at the hands of the Advisers to the Government of India and Pakistan, who have picked up the thread where the two Prime Ministers left. No spectacular progress has been reported on this question, although an agreement has been reported to have been reached over certain items e.g. the movable properties, the method of approach is significant. The entire problem has been broken down in its constituent units. This means that instead of reviving the controversy on principles—whether to tackle this problem on Government level or as between the private parties—both sides will try to reach agreement wherever possible.

Although both the Prime Ministers devoted considerable time to the Kashmir problem, it is not nearer solution. Kashmir will prove to be the toughest problem and unless both sides discard adamant attitude and try some new tack, the deadlock will continue. Realistically speaking, if referendum may be taken to decide the future of Kashmir as a whole, the result will create fresh problems for the State to which Kashmir will not accede. If the people of Kashmir decide through referendum to join India, then Pakistan will have to hand over all the Kashmir territory under its control and exodus of pro-Pakistan people from that area may start and create new refugee problem for Pakistan, when even the Punjab refugees have not yet been rehabilitated. Similarly if Kashmir accedes to Pakistan, Hindus and Buddhists, who are in the majority in Jammu and Ladakh, might migrate to India out of fear, whether real or imaginary. Although the official circles on both the sides of the border frown upon the idea of partition, the only realistic solution of the problem is to divide Kashmir into four parts and take referendum in these parts separately, giving each part freedom to accept either country. Kashmir may be

divided into the following four parts: "Hindu majority area of Jammu, (2) Buddhist majority area of Ladakh, (3) Kashmir Valley and (4) pro-Pakistan area now under Pakistan's control.

Pakistan's Premier, Mr. Mahomed Ali, will come to New Delhi in the first week of September to continue talks with Mr. Nehru.

Indian political circles feel that the reactionary elements in Pakistan, which are lying low at present due to economic difficulties, may marshal their forces once again and come in the way of settlement of Indo-Pakistan problems, if these problems are not solved within a short time taking advantage of goodwill and cordiality prevailing at present among the peoples of both the countries.

After his return to Delhi, Mr. Nehru declared at a press conference that "his visit to Karachi was remarkable, considering the friendly atmosphere that prevailed there." He thought that it was a much bigger thing than many people had imagined. The problem he dealt with became simpler if it was approached in a friendly and informal way rather than in a rigid and formal way. We have discussed many of our problems in a much better way than we had done before. Some minor problems were solved, some major problems are being tackled, while some other major problems have not been solved. It was very moving for me to receive the 'popular welcome' that I received there. I felt completely at home in Karachi."

Mr. Nehru said that, in regard to every problem they discussed, big or small, they made very good progress. It was true that so far as Kashmir was concerned they did not find any well-blooded solution nor could one be expected in the first talk, however earnest they may be. Even in regard to Kashmir their talks helped them greatly in understanding each other's position and thus helped towards solution. Though they did not bring about a solution of Kashmir problem, a 'good deal' had been accomplished and the way opened out for further progress in many directions.

A fourteen-point formula to give compensation to workers for involuntary unemployment in industry was accepted by the representatives of workers and employers at the meeting of the Standing Labour Committee, which concluded its deliberations at New Delhi.

It will now be considered by the Central Government, and when approved, legislation will be introduced to give effect to it.

The scheme is the first of its kind for the benefit of the Indian worker and the second social security measure, the first being the Employees' Provident Fund Scheme.

Under the agreement, the formula of compensation for involuntary unemployment should apply both to the public and private sectors of industry. Fifty per cent of the basic wages and dearness allowance will be payable to the worker as compensation. The duration of benefit will be restricted to a period of 45 days a year.

The new elementary education scheme of the Madras Government has raised a hornet's nest in that province. Under this scheme the pupils have to attend the school for only three hours a day and devote the rest of the time to learning any profession or handicraft. After the disturbances and Satyagraha by Dravid Kargam, which took a violent turn eventually, were quelled down, the opposition took up cudgels in the Legislative Assembly. Nearly all the Opposition parties joined hands to defeat this scheme. Communists, Socialists and Dravida Kargam supporters, who opposed the scheme, initially failed to make the House agree to call on the Government to drop the scheme altogether. Voting on this proposal ended in a 138-136 tie. Mr. J. Sivachandran Pillai, the Speaker, exercised his casting vote against the proposal defeating the same.

Then the Socialist amendment to have implementation of the scheme stayed until it was examined by an expert committee was, however, passed, 139 voting for and 137 against.

The Opposition parties demanded resignation of the present Government as it was defeated on an important issue, but Mr. Rajagopalachari refused to oblige them, maintaining that the amendment was of a recommendatory nature and the Government was not bound to accept the same. He further declared that he was not prepared to interfere with the working of the scheme in the middle of the year, as that would be harmful to the students. He however assured the House that an expert committee will be appointed in due course.

The events in Calcutta took a bad turn during the last fortnight. The situation reached a

climax when the police attacked pressmen and photographers who had gone to report a meeting which was being held by the Anti-tramfare Enhancement Committee in spite of the ban on meetings. Even during the worst days of British regime journalists were allowed to do their duty without much hindrance. Against this unprecedented action on the part of Calcutta police, the Indian Press rose as one man and demanded immediate enquiry into this incident and punishment to the police officers concerned. The Acting Home Minister and the Police Commissioner immediately expressed regret and appointed a Commission to inquire into this incident. Even Mr. Nehru and Maulana Azad, Central Education Minister, ex-

pressed sorrow over the wanton attack on journalists and assured that the officers found guilty would be punished.

All the Calcutta newspapers remained closed for one day in protest and imposed a blackout on Government news for a week. The wrath of the newspapers brought good results for the common man of Calcutta. The Government decided to suspend the enhancement of the tramfare and release all those who were arrested in connection with the agitation against the enhancement of tramfare. Section 144 of I.P.C., imposing a ban on meetings, processions and demonstrations, was immediately withdrawn. Thus the newspapers in India proved that pen was mightier than sword.

ORIGINAL CORRESPONDENCE

"SMEAR TACTICS AGAIN"—SOME QUERIES

THE EDITOR INDIAN OPINION

SIR,—In the article "Smear Tactics Again" by Mr. Ngubane, in your issue of July 31st, I was interested in looking for the culprits who were using the "smear tactics." The only persons I found in the article doing the "smearing" was none other than Mr. Ngubane himself.

It appears that the main burden of the article is to criticize and warn that "section of the Non-White leaders" who are alleged to be running a "campaign against so-called African moderate leaders, suggesting that some of them are planning a sell-out."

We are not told as to how, where and where the campaign is being conducted and who precisely comprise that section of the Non-White leaders.

The only hint as to who these alleged smearers may be is made towards the end of the article when Mr. Ngubane refers to some people in the African National Congress as "Dadoo-boys" and under the influence of the "Dadoo approach."

Can Mr. Ngubane, in the interests of fair-play and justice, explain what he means by "Dadoo-boys," who specifically are the "Dadoo-boys" and what is the "Dadoo approach?"

Mr. Ngubane goes even further to invent a new -ism which he calls "Dadooism" and explains it is "based on a fundamental distrust of everybody who is not a 'Dadoo-boy.' And then he states: "The Dadoo-boys in the African National Congress in turn appear to distrust every Con-

gressman who does not toe the Dadoo line."

Will Mr. Ngubane please explain where he found this new -ism unless he sucked it out of his own thumb? What is the "Dadoo-line?" Can we have an explanation.

And then comes the real rub of the article, the smear in plain and simple words. Read what Mr. Ngubane has to say: "It is not all the provinces which think Dadooism is such a wonderful thing. And, if the Transvaal African Congress is dominated by the Dadoo-boys that is not the position in Natal and we are determined that it should never be... I think the Cape too wants to be free to run its affairs in the light of its own experiences." Obviously, Mr. Ngubane believes in the time-worn method of give a dog a bad name and hang him. Who are the "Dadoo-boys" in the Transvaal African Congress anyway?

I have no doubt that many readers of this article will perceive in it, as I do, an attempt to smear the leadership of the Transvaal African Congress and pitch the other provincial congresses against it.

Why not call a spade a spade, Mr. Ngubane? Yours etc., T. M. DABOO.

United Party Supports Apartheid Measure

The Parliamentary correspondent of the 'Natal Mercury' reported last week that the United Party caucus decided to accept in principle the reservation of Separate Amenities Bill with slight modifications. The caucus decided to appoint a small committee to draft amendments designed to limit the delegation of powers to provide separate amenities to responsible bodies such as Government departments, Provincial Administrations and local authorities. The United Party feels that, while it is not always possible to provide equal facilities for different races, no assurance is required that the powers will not be abused by failure to provide any or adequate facilities for non-Euro-

pean and brother-in-law to Richard Attenborough), Joyce Gregg (who has played in repertory in India as well as in England), Norman Coombes (who is Durban's major contribution to the company), Rigby Foster (who understudied Ralph Lynn in England) and Lawrence Ayris from Brian Brooke Company. If non-European audiences are large enough to enable the company to "break even", financially on this venture, Mr. McNelis intends to provide regular live theatre for non-European audiences. Due consideration has been given to the fact that not all non-European can afford the 5/- per seat normally charged by Intimate Theatre when playing to European audiences and there will, accordingly, also be seats available at 4/6 and 3/2. It will be surprising indeed, if this company does not play to record houses.

European Theatre For Non-Europeans

Fulfilling a long-cherished ambition, Michael McNeile and his Intimate Theatre Company, will present one of their outstanding comedy-thriller successes of last season to non-Europeans at the Bolton Theatre on the 29th August when they open a ten day season with "Someone at the Door" by Dorothy and Campbell Christie. The play will be produced by Mr. McNeile himself and there is no suggestion of any inferiority either in the cast, set or production which European audiences looked to. The cast includes Gerald Sims (brother of

હિંદના વડા પ્રધાન શ્રી. નેહરુએ ન્યુ દિલ્હીમાં પ્રેસ કોન્ફરન્સ સમક્ષ કહ્યું હતું કે, “હિંદને કે બીજા કોઈને પણ મને તે પરિણામો સહન કરવા પડે છતાં ભત્રીય અસમાનતાનો સિદ્ધાંત હિંદ સાંખી લેવા તૈયાર નથી.”

તેમણે કહ્યું કે, “ભત્રીયોને કાયમ રાખવાનું હિંદ-હદી પણ કબુલ કરવાનું નથી અને જે કોઈ પણ રુઝો ભત્રીયોદ વર્તતો હોય ત્યાં તેનો વિરોધ કરવા સુધે ચઢવા સિવાય અમારું બનતું સમુદાય અમે કરીશું.”

આમાંમાં મળેલી બોલ-ધ્વનિ-આ કોંગ્રેસ કમીટીની બેઠકમાં આફ્રિકાની પરિસ્થિતિ વિષે પોતે કરેલા ઉદ્દેશ્ય વિષે શ્રી. નેહરુએ કહ્યું કે આમાંમાં મેં કરેલી ટીકા સમાન્ય રીતે આખા આફ્રિકાની હતી. મેં જે ત્યાં કહ્યું હતું એ મારા મનની અંદર છે તેનું માત્ર પાંચ ટકા જેટલુંજ હતું.”

શ્રી. નેહરુએ કહ્યું કે, “આમાંમાં મેં જાણી કરીને કોઈ પણ ખાસ દાખલાનો કે આફ્રિકાના કોઈ પણ ખાસ જાગનો ઉદ્દેશ્ય નહોતો કર્યો. મેં એમ કહ્યું હતું કે આફ્રિકાનો આખો સપાલ અત્યંત અગત્યનો છે અને લોકો તે સમજતા જણાતા નથી, ઘણી દ્રષ્ટિએ તે અગત્યનો છે અને એ વસ્તુને સમજવામાં આવશે નહિ તો હુનીયાને આફ્રિકામાં એક મોટો ભડકે-ભત્રીય સુદ જેવો ધુરામાં ધુરી ભડનો ભડકો ધમકો લેવો પડશે.”

“મેં જે ખાસ બાબતોનું ધ્યાન બેચ્યું હતું. એક રાજકીય સ્વતંત્રતા આપવામાં આવતી નથી તે અને બીજી ભત્રીયો અને અસમાનતાની, જે બને બીજો કયાય કરતાં વિશેષ આફ્રિકામાં જોવામાં આવી રહી છે.

ભત્રીયોદ પર શ્રી. નેહરુ

ત્યાં સુધી કોઈ ઓળખામાં નહિ આવેલું હોય ત્યાં સુધી રાજકીય ફેરફારો અથવા રાજકીય પ્રગતી થવામાં અત્યંત પ્રમાણમાં ધીમ ધાય એ સમજી શકાય છે. પરંતુ ભત્રીય સમાનતાનો અસ્વિકાર સહન કરી લેવાનું હું કશું કારણ જોતો નથી. આ વસ્તુ સૌથી વિશેષ આફ્રિકામાં જોવામાં આવે છે. પરંતુ તે અહિં અમને બધાને લાગુ પડે છે. ૩૬ કરોડ હિંદ વાસીઓમાંના દરેકે દરેકનું તેમાં અપમાન રહેલું છે. આફ્રિકા કે એશીયાના બીજા લાગેલાં રહેલું છે એ જુદું.”

હિંદને કે કોઈ પણ બીજાને મને તે પરિણામો સહન કરવા પડે પરંતુ ભત્રીય અસમાનતાનો સિદ્ધાંત અમે કદી પણ સહન કરવાના નથી.

શ્રી. નેહરુને વધુમાં કહ્યું : “વડા પ્રધાનનું પદ મેળાબા પછી સ્વાભાવિક રીતે અન્ય દેશોને વિષે કશું નહિ બોલવાની મારી ધમકા હતી. પરંતુ અમારે, દાખલા તરીકે, દક્ષિણ આફ્રિકામાં થઈ રહેલું છે તેમ, આવા પ્રકારની નીતી બહાર કરવામાં અને અમલમાં મુકવામાં આવતી હોય, અને જેને હું અધમ અને અત્યંત અપમાનકરેલી ગણું છું. ત્યારે પણ મારે સુચના રહેતું એવી આશા રાખવીએ એ અશક્ય વસ્તુ છે.”

વધુમાં વડા પ્રધાને કહ્યું કે : “રાજકીય દ્રષ્ટિને બાલુએ મુકતાં, હું જાણુ છું કે હરદ આમાં હિંદીઓ સામે કેટલો લોકભાવ જતાવવામાં આવી રહ્યો છે? બીજી બાબતોની હું ચર્ચા નથી કરતો. દક્ષિણ આફ્રિકા તો એક સ્વતંત્ર સુલક છે. પરંતુ બીજા દેશો બ્રીટીશના તાબા નીચેના

પરતંત્ર છે. અને ત્યાં બરીબ આફ્રિકાનો પ્રત્યેક નહિ પરંતુ બીજાઓ પ્રત્યે પણ લોકભાવ રાખવામાં આવે છે. હું જાણુ છું આશું છું કે તેને માટે જ્યાં હાર કોણ છે. તેઓ આફ્રિકાના જુદા જુદા ભાગોમાં બધી ટોચી નીચન સરકારો ઉભી કરવા માંગે છે અને ભત્રીયોદ કાયમ કરવા માંગે છે તેનો મને ઘણું જ ખેડ યાય છે.

એ અમે કદી પણ સહન નહિ કરીશું અને, હું આમાંમાં કદી ગયો તેમ, ત્યાં પણ ભત્રીયોદનો સપાલ ઉપરિચિત થશે ત્યાં તેનો વિરોધ કરવા સુધે ચઢવા સિવાય અમારું બનતું સમુદાય અમે કરીશું. આખા આફ્રિકાનો ઉદ્દેશ્ય કરતાં મારા મનમાં નોંધ આફ્રિકા, ચોરોડકો, ટયુનીસીયા અને અન્ય ભાગો પથે હતા ત્યાં બેશક સ્થિતિ જુદી છે, પરંતુ તેમ છતાં ઘણી જ બહીર અને ઘણીજ ખજાજ છે. હકીકતમાં આફ્રિકાનો માત્ર એક જ ભાગ એવો છે કે જે આશા આપનારો છે અને તે બેલક ટોસ્ટ છે, અને બીજા કેટલાક ભાગો જેવા કે ‘ટાંગાનીકા’ અને સુગાન્ડા બીજા કરતાં બધારે સારા છે.

સાઉથ આફ્રિકામાં વસતા હિંદીઓ પ્રત્યેની હિંદની નીતી નો ફરી ઉદ્દેશ્ય કરતાં વડા પ્રધાને કહ્યું કે, હિંદીઓ આફ્રિકાનો વિરુદ્ધની જે કઈ પણ માગણીઓ કરશે તેને હિંદ સરકાર તરફથી કોઈ પણ ભાવનો ટેકો મળશે નહિ. અમે તેઓને કદી ધીધેલું છે કે, “તમે ત્યાં મહેમાનો તરીકે છો. તમને આફ્રિકાનાં હિંદો તરફ પ્રથમ ધ્યાન રહેવું પડશે. જો તમે તેઓની સેવા કરી શકતા હો તો મળું સાદું. જો

નહિ કરી શકતા હો તો તમારે ગાંસડા પોટલા બાંધી રવાના થઈ જવું પડશે કારણ અમે તમને રક્ષણ નહિ આપીએ.”

શ્રી. નેહરુએ કહ્યું કે “એક દેશે પોતાનાજ નાગરીકોને આ પ્રમાણે કહેલું એ જરા અસાધારણ નીતી ગણાય. એ નાગરીકો ના હકોને માટે અને તેઓના હકો પર થતા પ્રહારોની સામે લડવા અમે તૈયાર છીએ. પરંતુ એ નાગરીકો જો આફ્રિકાનો વિરુદ્ધ આસ હકો મંગશે તો અમે તેઓને, કેસ લડવાના નથી અથવા તેઓને કશું રક્ષણ આપવાના નથી.

આ નીતી સ્વાભાવિક રીતે આફ્રિકામાં વસતા અમારા ઘણા વતનીઓને પસંદ નહિ પડે કારણ અત્યાર સુધી તેઓને પોતાને માટે જ હકો મારાવાની તેઓને તાલીમ અપવામાં આવી હતી.

યુરોપીયન સેટલરોને પરિસ્થિતિન. લોકો ઉઠાવતાં અને ખાસ છુટો અને જમીનો લેતાં જોઈને હિંદીઓને પણ આફ્રિકાની જુદાંમાં ભાગ લેવાનું મન થયું. અમે કહ્યું : “નહિ, એમ અમે કરવા નહિ હઈએ.” અત્યાર સુધી એજ નીતીને અમે અનુસરતા આવ્યા છીએ.”

આફ્રિકામાં હિંદને “ચાહીવાલી હેતુઓ” રહેલા હોવાની વાતને તદ્દન યોરી કરાવતાં વડા પ્રધાને કહ્યું કે, “કેટલાક લોકો એમ માનતા જણાય છે કે આખી પૃથ્વી અને તેમાં રહેલું સમુદાય યુરોપીય આવેલા ચેડાક સેટલરોને માટે જ અનામત રાખવાનું છે. હુનીયાના અન્ય ભાગોમાં વસતા લોકો એ બાબતમાં જુદો અંત ધરાવે છે. અને એ બાબતની હુનીયા કેવળ યુરોપીય આવેલા આ ચેડાક લોકોનેજ અપાલ નથી કરવાની.”

નવાઈની રીત

શ્રી મવણી લોકોને કામવાર ધ્યાનપાત્ર છે. મત.ધિકાર આપવાને અને દાલ ને તેઓ ભોગવી રહ્યા છે તે તેઓની પાસેથી છીનવી લેવાને સરકારે પહેલાં સાતમ આદેશ એક્ટ એમેન્ડમેન્ટ બીજાપર પાલોમેન્ટના બન્ને ઘરોની સંમતિ મેળવે એક મંત્રણા કરવા ભેટી હતી અને ને આજ આસની તા. ૧૯મી ૫૨ મુલતવી રહી હતી તે હવે સપ્ટેમ્બર તા. ૧૧મીપર મુલતવી રહેશે હોવાનું સરકારે તરફથી જાહેર કરવામાં આવ્યું છે. તેનું કારણ સરકાર / પેલેસ જાણે. દરમિયાનમાં વડા પ્રધાન ડૉ. મહાન લેમનના ડેલેશન બન્ને પ્રધાનો સાથે મળીને રાજ્યવર્ગોના અગ્રુક નેતાઓને મળીને રાજ્યવર્ગોના પાસે ઇસલામ મતાધિકારને સિદ્ધાંત વિવહારવા મહેનત કરી રહ્યા છે. આજ પર્વત તેઓ બીન-જોરાઓને લાગુ પડતા અને તેટલા મહત્વના સમાવેશની રજુઆતો મટે પશુ તેઓના કામ પશુ જવાબદાર નેતાઓને મુલાકાત આપવાની કાર ના પાડી રહ્યા હતા. પરંતુ હવે રાજ્યવર્ગોનાં એક નહિ પરંતુ ડેલેશન ડેપુટીસનેને તેમજ મુલાકાતો આપેલી છે અને પોતાની સરકારની એપાર્ટમેન્ટની નીતી તેઓ પાસે વિવહારવાને જેવી નવાઈની રીત તેમજ શીખી કાઢેલી છે! આ-લોકોની સુધે મસલો કહી બાદ વડા પ્રધાને એક સચાવક નિવેદન બહાર પાડ્યું છે, જેમાં જણાવવામાં આવ્યું છે કે, “અનેક ચર્ચાઓપરથી સરકારને એવી સામાન્ય હાલ પડેલી છે કે ઇસલામ મત.ધિકાર સમેત રાજ્યવર્ગોના વિરોધ અગ્રુક લોકો ગતાવી રહ્યા છે તેટલી હદ સુધીને નથી.” તેમ છતાં કહ્યું બીપક્ષ નેશનલ કુનીવન તરફથી વડા પ્રધાન સમક્ષ રજુ કરવામાં આવેલાં નિવેદનમાં તે રાજ્યવર્ગોના આને ને મતાધિકાર ભોગવી રહ્યા છે તેમાં જરા પશુ કમ્પ કરવા સામે સખત વિરોધ દર્શાવવામાં આવે, હતો અને એવી ચેતવણી આપવામાં આવી હતી કે, “પાલોમેન્ટની સંમતિ મેળવવા સરકાર ને ભેજવાઈ જાયતી મેળવવામાં સફળ થશે અને તેમ કરીને રાજ્યવર્ગોના મતાધિકારના હોદ્દામાં કાપડેસર ફેરફાર કરશે તો રાજ્યવર્ગોના જે ફેરફાર સંતોષની લામણીથી વિવહારશે નહિ અને પોતાના નામરીતવના દહો કરી

મેળવવા પ્રતિજ્ઞા કરશે” કહ્યું બીપક્ષ નેશનલ કુનીવને પોતાના નિવેદનમાં વડા પ્રધાનને કહ્યું કે, રાજ્યવર્ગોના મત ધિકારના સખપામાં તે કામ પશુ જાતની સમાધાની વિવહારશે નહિ અને સાથે આદેશ એક્ટ એમેન્ડમેન્ટ બીપક્ષમાં કરવામાં આવેલી ફેરફારોને તે કુનીવનના કામદારો, જામ કરનારી જાય છે. વડા પ્રધાને તેજ સરકારને દેશની શાંતિ ભેજવાઈ તેવી રિપોર્ટ ઉપી નહિ કરવા વિનંતિ કરી હતી અને જણાવ્યું હતું કે, કહ્યું બીપક્ષ નેશનલ કુનીવનની એવી દહ આવી છે કે રાજ્યવર્ગોને જુદા મતપત્રપર સુકવામાં આવશે તો કેપમાં રાજ્યવર્ગોના મત કહી વિસાતને નહિ રહે એ વિશે તો કરી કહે છે નહિ કે સરકારની મુલાકાતે ને અનેક ડેપુટીસનેને મળી દતા તેમાંના ડેલેશન પશુ ને લોકોનું તેઓ પ્રતિનિધિત્વ ધરાવવાને કારણે કરતા હતા તેઓ તરફથી સચાવકો નહોતી. અને બીન-જોરાઓને લાગુ પડતી અમલની સિદ્ધાંતોની બાજુમાં અમલોએ સરકારને મળવા જાનું એ લોકોએ મુખોજન મથામ. તેવી અમલો પોતા સિવાય બીજા કોઈનું પશુ પ્રતિનિધિત્વ નજર થવાની રહે. આ પાસે ને બાક કરી રાજ્યવર્ગોના અને સામાન્ય રીતે સખળા બીન-જોરા તરફથી આવે સુધીમાં શીખાયે. ન હોય તો હવે સરકાર જેવી બાજુ રહી રહી છે એ જોવા બાદ તો શીખાવો જાય છે

“એટલે” જેવા સરકારના મુખા મતીપાઓ તે સખળા કોમમાં જોઈએ તેટલા પડેલા છે અને પોતાનો મુદ્દો ખરો કરાવવાને સરકાર જરૂર લેવામાં ને એક કરી રહે. પરંતુ સરકારની વિરુદ્ધમાં પશુ તેનું કામ રહે. અમે દાખલથી કહી શકીએ છીએ કે બીન-જોરાઓ પ્રત્યેની સરકારની દાલની નીતીને વિરોધ કરવામાં, ડૉ. મહાન અને તેમની સરકાર પાસે તે કરતા આદેશ એક્ટમાંથી પશુ વધારે લોકો મેળવી શકાય અને સરકાર આને દાલો કરે છે તે કરતાં તેઓ કહ્યું પ્રમખતનું વધારે પ્રતિનિધિત્વ પશુ ધરાવતા હોય.

સરકારની કહ્યું કરાવી શાખ કરવા ની નીતીથી આપણે બધા ચેતતા રહેવાનું છે. આપણે કોઈ ધન દેલત ની આમણી નથી કરતા. જેવાપર

સમાજ રચનાનો આધાર રહેલો છે તે મહત્વના સિદ્ધાંતને સલાહ છે. બીન-જોરા નો સામે શું તેઓના વર્ણના આધારે મેદ પાડવામાં આવનાર છે કે પછી કામ પશુ જાતી, શાંતી કે વર્ણનો મેદ રાખ્યા સિવાય પ્રત્યેક અમલની તેની લામણત ૫૨થી કોમી કરવામાં આવનાર છે? એ મહત્વનો સવાલ આપણી આગળ છે. જેવી દલીલ કરવામાં આવે છે કે ગરીબ આમન માણસ એ વસ્તુ સમાજનો નથી. એ તો માત્ર રોડી મેળવવાનું કમને છે અને તેટલાની જ તેને ચીંતા હોય છે, એ ખરું છે. અને તે સાથે એ પશુ ખરું છે કે ને માણસ શ્રમજીવીમાં જન્મેલો અને ઉછેરેલો છે તેને શ્રમજીવી બનીશ્યાનું જાન હોતું નથી. પરંતુ તેથી કંઈ એમ સિદ્ધ નથી મળે કે તેજે કામ શ્રમજીવીમાં સખળા કર્યું અને જોએનામાં વધારે જાન હોય તેઓએ તેજાને ખરો જોતાનું જાન આપવું નહિ અને ખરે ખરો દોરવા નહિ. જોએ તેમ કરતા હોય તેઓને ને “તેજાની અળવળીમાં”ની ક્રિયા આપવામાં આવે તો તેમાં સરમાવાનું કંઈ જ કારણ નથી. તેવી અળવળ વાજળી છે તેટલું જ નહિ પણ પ્રત્યેક પુરુષ અને સ્ત્રી ને તેવી અળવળ કરવા ને પવિત્ર ધર્મ છે.

બીજા કુલુશી જેવા માણસ, જેમને પોતે સખ વસ્તુ કહેતા અને કરતા હતા તેથી સરકારે પદબદ્ધ કરવાનું ઉચિત ધારેલું છે, અને જોરપાસે ઇન્ડિયન પુરુષના પ્રોસીયર થી. ડેલેશન અમલોમાં જેવા માણસ, જેમને કમણાજ કે.રે.નેશનલ મેડલથી નવાજવામાં આવ્યા છે, તે ને દક્ષિણ આફ્રીકાના કામ પશુ વિમાન મ. મુસારી કરવા જાય તો તેમને અમુત તરીકેના વતીવ બતાવવામાં આવે અને એક ત્રણ દમીની હોરટેસ તેમનું અપાન કરે એ વિચાર ડેલેશન તરફકાર ઉપજાવનારો છે? આ તો વર્તમાન રિપોર્ટોના જેવજ એક જ અગ્રુક જામલો અને અદિ ટાકી એ કીએ. ને કામ જોરો કેમ પશુ જાતી કે વર્ણના માણસપર યુગરવામાં આવતું જાનું અપમાન પોતાનું રજું ફરકવા વિનંતિ નેક રહે તો ને સુધારા ને, તે એટલે જામ જરૂરી હોય કે જે એ સુધારાને માટે કોઈને પશુ માન નજર રહે. આવી વર્તણૂકને ભોમ થયેલો કામ પશુ માણસ પોતા ની લામણી ફરકાવા વિના તે સહી કામ રહે તે સુધારે કહેવાને લામક નહિ મથામ.

આને ને ધટન, એ બની રહી છે તે જોતાં તો કામ પશુ રમણત મિમ માણસને માટે જીવન અસખ યજ પાવા લાગ્યું છે. તેનું અંતિમ પરિણામ એક મા બીજે મળે બાકી સખમવામ ને આવી રહે. સામળતા બને કંઈએ ઉપજે છતાં પશુ કરી રહીને, અને

કહીશું કે આ વસ્તુ રિપોર્ટોને માટે ખરે, માર્ગ અદોસક સવામજનો જ છે. જેનો અર્થ એ થાય છે કે માણસે અનિદને નમવાની સાદ ના પાડવી અને તેના ને કામ પશુ પરિણામે ભોમવર્ગ પડે તે સામે કહેવા કરી વિના શાંતપણે ભોમવી લેવાં એજ એકમાત્ર રીતમાં દક્ષિણ આફ્રીકા ના તેમજ સમરત કુનીવાના સખળા પીડીત લોકોનો ઉદ્ધાર રહ્યો છે. ને શાંતીને માટે કુનીવા જાંબી રહી છે તે શાંતીને પશુ એજ એક માન ખરો માર્ગ છે. કહ્યું આપણા જીવન કાળમાં આપણે એ શાંતી ભેજા ન પશુ પામીએ. પરંતુ તેને માટે સેવા કરવાને-એ દિશાએ આપણા નમ કાલો આપવાને આપણે સતોપ મેળવી શકીશું. આપણે એક જુલ વાવીએ ત્યારે હમેશાં તેના રજા ચાખા ને આપણાની જામતા નથી. પરંતુ બીન-જોરા તેના રજો ભોગવી શકે છે અને જુલ વાવનારને આસિફદ આપે છે.

નોંધ

યુનાઇટેડ નેશન્સ કમીશન ઓન વર્ણ છુટાની

દક્ષિણ આફ્રીકાના વર્ણજેન. સલાહ ૫૨ મે આફ્રીકાએ કુનીવામાં જોડા યુનાઇટેડ નેશન્સ કમીશન સમક્ષ અપ એલી ડેલેશન જુલાન, એ મવા અ કર્યાં આપવામાં આવી હતી. ગજ, સગો કુનીવરસીડીના અંતર રાષ્ટ્રિય સખપરના લેકમરર મી. જોન કેએ જુલાની આપતાં કહ્યું હતું કે મારી કાજે કુનીવાની શાંતીને સામ્પવર કે અ સામ્પવર. જોએમ કરતા રે વધારે જોએમ જાનીએનું રહેલું છે. લાએ મ.જે વીસમી સદીના પાછલા અરધા ભાગને મોટામાં મોટો સવાલ જાતીએનું કોમ લાવવાને છે.

દક્ષિણ આફ્રીકાના સીઓને અને યુનાઇટેડ નેશન્સની દલની અંદર રહી માન્ય થાય એવો કોમ લાવી શકાય કે કેમ એ સવાલને, મારો જવાબ સાદું “ના” છે. દક્ષિણ આફ્રીકાને માન્ય થાય એવો એ કોમ છે નહિ દાલના સનેરોમાં ભેજા એક જાનુને માન્ય થાય એવો એ કોમ નથી. આને તો બન્ને વચ્ચે લડત એવી બાલી રહી છે કે કોમ જોવામાં આવેલો નથી. એ લડત દામ તો શારિરિક કરતા માનસિક વધારે છે પરંતુ શારિરિક કપારે લઈ પડે એ કહી નહિ શકાય. માત્ર એટલું જ કહી શકાય કે વધારે સારા ભવિષ્યને માટે બીજા વાવવાં જોઈએ. દહીકત એ છે કે આપણે એવા લોકો ની સાથે કામ લેવાનું છે કે જેઓના કામમાં જાતીય દેહ પ્રસરી મેલેલો છે. ઉત્તમજાં જમણાં લેવાથી આપણે

રિયલિટી સુધરી શકવાના નથી. એક સીધી પ્રથમ પગલું એપાર્ટમેન્ટની નીતી ના બદલામાં બીજું કંઈક શોધી કાઢવાનું છે.

ગી. હેન્ડે સુચવે છે આ સલાહને અજમાયશ કરવાને યુનાઇટેડ નેશન્સનું એક કામનું કમીશન સ્થાપવામાં આવવું જોઈએ. તેમણે કહ્યું કે જે સેક્ટ, મદદ માંગતા ન હોય તેઓને મદદ કરવી મળી શકે છે. આફ્રિકાના અન્ય ભાગોમાં ભવિષ્ય સંબંધે વધારે સારા હોય તેો દક્ષિણ આફ્રિકા તેના પરથી થઈ શકે છે.

એપાર્ટહેઇડ બીજાને યુનાઇટેડ પાર્ટીના ટેકા

યુનાઇટેડ પાર્ટીની કાઠસે ગમે અગવાડીએ સરકાર તરફથી કાવવામાં

રૂઢાઉસમાં મહાનના શુભ આવતા જાય છે

વિદેશ પક્ષના નેતા ગી. જી. હેન્ડે. રજાઉસે ગમે અગવાડીએ પાર્ટીમેન્ટમાં યુનાઇટેડ નેશન્સ પરથી સરકારની નીતી વિષે બેલાતાં કહ્યું હતું કે ખાસ કરી કું યુનાઇટેડ નેશન્સ કમીશન વિષે અને જાતીયોદ સંબંધી દક્ષિણ આફ્રિકાની આંતરિક રિયલિટી પર જાહેર માં લેવાઈ રહેતી જુઓનીઓ. ગમે હેન્ડેએ કહ્યું હતું હતું.

૩વી વિચિત્ર રિયલિટી છે કે એક આંતરરાષ્ટ્રિય સત્તા અગવાડી દેશની આંતરિક રિયલિટીની તપાસ કરવા એક કમીશન નીમે અને તેમાં અગવાડી કોઈ અગવાડી ન હોય.

આ સલાહ અધિકૃત કરવાનો મારો હોઈ એ છે કે વડા પ્રધાન રિયલિટીની ચોખ્ખો કરે, કે જેથી દાહ કમીશન સમક્ષ જે આવી રહ્યું છે તેથી દક્ષિણ આફ્રિકાના નામને કહ્યું નહિં હાજે. જે કમીશન વિના દહ રપપાઈ છે અને વિના દહ આપણી આંતરિક રિયલિટી તપાસ કરવામાં આવી રહી છે. યુનાઇટેડ પાર્ટીને હાજે છે કે દક્ષિણ આફ્રિકાની સરકારને માટે તેમજ તેની પ્રત્યે માટે એક માત્ર વધુ એક છે કે જે કમીશન અગવાડી તેની કથી પછી પ્રતિ હરિતજ મારાતનાં નથી એમ વર્તે.

પરંતુ એક અગવાડી સલાહ ઉપરિયત માય છે તે એ કે જાહેર ભેટો આને બાજુ રહી છે અને કમીશન તરફથી જુઓનીઓ લેવાઈ રહી છે. જે શોચનીય છે કે વડા પ્રધાને જે આખર માં ચોખ્ખો કરનાઈ કયું વિવેક કરેલું નથી.

આની બાબતોમાં સમયની અમલ નહીં છે. અને અને હાજે છે કે, કમીશન બેટું તેમ જ બને સરકારે નીચેન કરવું જોઈ હતું. કે જેથી એ ગાખ

આવેશ રેઝરવેશન કોઈ સેપરેટ એમેનીટીઝ બીજા, જેની રૂએ કાળા ગોરા વચ્ચે અસમાનતાથી ભેદ પાડવા માં આવેલો હોય તે પછી કાવેસર અગવાડી, તેને થોડાક નજવા સુધારા સાથે સ્વિકારવાનો કરાવ કથી હતો. કાઠસે હાજાપદી સમવડો પુરી પાડવાનું કામ સરકારી બાબતો, પ્રતિક અને રથાનિક સરકારો જેવી જવાબદાર સંસ્થાઓના હાથમાં યુકવાને હાજતા બીજામાં સુધારા થઈ કાઠવા એક કમીટી નીમવાનો કરાવ કથી હતો. યુનાઇટેડ પાર્ટીને હાજે છે કે જુદી જુદી ભવિષ્યો માટે સમાન સમવડો પુરી પાડવી કમીશન થકય નથી હતાં બીજાગોરાઓ માટે બીજાકુલ સમવડો નહિ હોય તેને માટે કંઈક હાજાવ લેવા જોઈએ.

માં કથી ગેરસમજુતી થવા નહિ પામે.

અને હાજે છે કે કમીશનને પરરેઠ માં અગવાડી ટેલક કુરમનો પ્રત્યક્ષ હતા તેટલી સહાનુભુતી મળતી જણાતી નથી. તેની સમક્ષ આવેલા સાક્ષીઓએ મહુ સારી છાપ પાડી નથી. પરંતુ જોખમ એ રહ્યું છે કે જે જુઓનીઓ એક તરફથી થયો અને તેથી દક્ષિણ આફ્રિકાને હાની પહોંચવા સંભવ રહે છે.

ગી. રજાઉસે કહ્યું કે એ ખઈ હતું કે સરકારને માટે જો કે ઉપરોક્ત એક જ મામું હતો હતાં સહાય આફ્રિકન પ્રયુરો જોઈ રેશીયલ એરેસ અને ઇન્ડીયન એર રેસ રીસેશન્સ જેવી બાબતો સંસ્થાઓએ જે સરકારને બાંખા વિના જુઓનીઓ આવેલી હોત હો ડીઝ માત કે નહિં એ વિષે વડા પ્રધાને પોતાના વિચારો જણાવ્યા હોત તેો સારું હતું.

હાજની સરકારની પરરેઠ નીતી વિષે એક વસ્તુ અને સારી જાગી છે કે જે બાબતમાં તે આમલી સરકારને પચમે આવી રહી છે. જનરલ સમક્ષે યુનાઇટેડ નેશન્સને દક્ષિણ આફ્રિકાની બાબતોમાં માયું મારતી અગવાડી તેમ કરવાને બીજા દેહાજા દેશો તરફથી યુનાઇટેડ નેશન્સને હાજ ઉડાવતો અટકાવવાને પોતાનું બનતું કયું હતું.

વડા પ્રધાનને જવાબ

વડા પ્રધાન કો. પ્રધાને જવાબ આપતાં જણાવ્યું કે કું મલો પ્રશ્ન હતું કે વિદેશ પક્ષના નેતા ગી. રજાઉસે એ રપક કયું છે કે તે અને તેની પાર્ટી પછી યુનાઇટેડ નેશન્સ કમીશન આપણ. દેશની બાબતો બાબતોમાં વિનાદો અગવાડી કરનાઈ

એમ માને છે. સરકારની એ સંબંધમાં વધુ એ છે કે કમીશનની એ વર્તણૂક ડીઝ પછી સંભોગમાં સહન કરી નહિ શકાય તેવી છે. આ કારણથી સરકારે કમીશનની બેઠોની અવગણના કરી હતી. સરકાર તેની સમક્ષ જુઓની આપવાની નથી કારણ તેમ કરવાની દક્ષિણ આફ્રિકાની બાબતો બાબતોમાં તેની અગવાડીને આકતરી રીતે સંમતિ આપવા જોઈ માય.

કમીશન નીમવામાં યુનાઇટેડ નેશન્સ નું પગલું અગવાડીએ રહ્યું છે એટલું જ નથી. એટલું જ હોત તેો પ્રધાન કરી શકાત. પરંતુ એટિ બાજે તેની પાછળ એ રહેલું છે.

પ્રધાનમાં આવેલું છે કે સરકાર બીજાઓને જુઓની આપવાનું ઉત્તરજ ટેલકે દરજે આપવા તપવાર છે. તેમ કરવાથી કોઈ હાજા નહિ માય. સરકાર જે તેને ઉત્તરજ આપે તેો તેનો અર્થ એક માય કે સરકાર જે જાતે કરવા નથી માંગતી તે બીજાઓ કરવામાં માગે છે. સરકાર કોઈને પછી ઉત્તરજ આપવા માંગતી નથી. કોઈ પછી કમીશન પાસે ન જાય એમ કયું છે.

વડા પ્રધાને કહ્યું કે યુનાઇટેડ નેશન્સનો પ્રથમ ઉદ્દેશ કુનીયાની શાંતી જાળવવાનો છે. પરંતુ કોઈવાની સમીપ એ તેની નબળાઈ સિદ્ધ કરેલી છે. કોઈવામાં સરકાર મોહકવાની તેની મામલ્યોને માત્ર સોળ દેશોએ પ્રત્યુત્તર પાળ્યો હતો જ્યારે બચોસ દેશોએ તેની અવગણના કરી હતી. તેમાંના ડેહાક તેો સરકારના મળવાન દેશો હતા. દક્ષિણ આફ્રિકાએ તેની કાઠસ ને પ્રત્યુત્તર વાળ્યો હતો અને આને યુનાઇટેડ નેશન્સના એક દેશો દક્ષિણ આફ્રિકાને ગાળો આપી રહ્યા છે.

કું બારપુવંક જણાવવા માયું હતું કે યુનાઇટેડ નેશન્સ કોમનવેલ્થનો પાયો હાજી નાખવા માયે છે અને તેની હરિતને સીધી વધારે જોખમપ તે પોતે જ છે.

હોઈથી કોમનવેલ્થના વડા પ્રધાનો ની કોમનવેલ્થમાં દક્ષિણ આફ્રિકા સામે કોઈ અરોપો કયી નહિ શકાયા તેથી તેણે તેને પક્ષી કયી અને યુનાઇટેડ નેશન્સ પાસે કુનીયાની આંતરિક બાબતોમાં અગવાડી કરાવવા મહુ. આ રીતે હોઈ યુનાઇટેડ નેશન્સ પાસે તેની સત્તાની બહાર જઈને એક સમ દેશની સામે પ્રકાર કરાવી રહ્યું છે.

એટલે જ કું કયું હતું કે યુનાઇટેડ નેશન્સ કોમનવેલ્થનો પાયો હાજી રહી છે અને તેની પોતાની હરતીને તે જોખમપ છે.

આ સલાહનો ઉદ્દેશ એક જ છે અને તે એ કે કોમનવેલ્થના સભ્યોએ એક મહ યુનાઇટેડ નેશન્સને પોતાના ખરીતાની હદમાં પાછી ખેલી દેવી.

હાજના પડોરી રાજ્યો સાથેની કુનીયાના સંબંધ વિષે બેલાતાં વડા પ્રધાને કહ્યું કે પડોરી તરીકેના કમ આ સરકાર આમલી સરકારના નેટબો જ પાળતી આવેલી છે.

સમસ્ત આફ્રિકાના સંબંધમાં જે બીજકલ રપક છે કે કુનીયાના હાજો આફ્રિકાના અન્ય ભાગોમાં બની રહેલા બાબો સાથે સંબંધોએ છે. અમુક નેટીવ રાજ્યો એવું માનવા હાજા છે કે તેઓ કને પરદેશી તંત્ર નીમે રહેવા નથી માંગતા પરંતુ સપુર્ણપણે સ્વતંત્ર થવા માગે છે.

આની પાછળ બહારથી હાજા મલ્લા રાજવાદની અસર રહેલી છે. તેમાંની ટેલકી સામવાદી પ્રતિઓ વડે પરિણમેલી છે. અને સામવાદ નો હેતુ પછાત ભોડો જોઈ હજુ સ્વતંત્ર બનવાને મદાએલા નથી તેવા ઓને ઉરકેરવાનો છે.

બીજા તરફથી ગોલ્ડ કોસ્ટને આમલી બોરીય સરકાર સંપુર્ણ સ્વતંત્રતા અને બીન યરતી સતાધિકાર આપીને એક કમનસીબ અખતરો કરેલો છે.

દરખાસ્તમાં જનતાવાર બાગલા પાડવાની સીટી કાઉન્સિલની ચોજના સંબંધિત છે અને આવાસીયે લેન્ડ રેન્સુર બોર્ડની એક મળી હતી. નાટક પ્રતિક્રિયા અને ક્રોધ તરફથી તેના જનરલ સેક્રેટરી મી. એ. એન. સોંગે કાબર થયા હતા. કોચેસની કાઉન્સિલ કમીટીના પ્રમુખ મી. સી. આર્થ, આમા અને એક પક્ષના મી. અશ્વિન ચોખરી, રેસર્સ એચ. ઇ. મામ અને ઇ. એસ. નાપક સાથે કાબર થયા હતા.

બોર્ડની સમક્ષ દરખાસ્ત સીટી કાઉન્સિલની પ્રમુખ દરખાસ્તો હતી અને સરકારની પ્લેનિંગ અને રેફરન્સ કમીટીની તેના બાદમાં ધ્યાયેલી બીજી દરખાસ્તો હતી.

મી. એ. એન. સોંગે બોર્ડને જણાવ્યું કે કોચેસ પુલ અપ એરીયાઝ એક્ટ નોન વિરોધ કરતી હોઈ તેની પાસે જનતાવાર બાગલા પાડવાને બીજી કોષ્ટક દરખાસ્તો મુકવાની નથી પરંતુ બોર્ડ સમક્ષ મુકાયેલી દરખાસ્તોનું તે નીચી-ક્ષણ કરશે અને તેની અંદર રહેલા અન્યથા પ્રુવ્સ પાડશે. કોચેસ રચાયેલ વસવાટ કરેલી કોચેસ ઉમેદી નહિ નાખવાની અને દરખાસ્તમાં ગરુપ એરીયાઝ એક્ટની રૂએ જનતાવાર બાગલા પડી શકે તેમ નથી એવી સરકારને જાણમણ કરવા બોર્ડને વિનંતિ કરશે.

પદા કાઉન્સિલ એનજનીયરની કોન્ટ્રી તપાસ

મી. એ. એન. સોંગે દરખાસ્તના પદા કાઉન્સિલ એનજનીયર મી. આર. વી. કોમી, જેમણે દરખાસ્તમાં બાગલા પાડવાની કાઉન્સિલની દરખાસ્તો પર જુલાની આપી હતી, તેમની સંબંધિત થી કોન્ટ્રી તપાસ કરી હતી. મી. કોમીએ આર કચાક ઉપર જણાવેલા આપવામાં ગાળ્યા હતા.

મી. સોંગે જણાવ્યું હતું કે ઉલટ તપાસ કરવાનો તેમનો હેતુ એ બતાવવાનો હતો કે બાગલા પાડવા વિષેની કાઉન્સિલની માન્યતા ખોટી પાયા પર રચાયેલી છે અને ચહેરના બીન-ગોરા અને અન્યથા કરવારી હોઈ નાપ પર રચાયેલી નથી.

મી. સોંગે પુરેલા સદાચના જણાવ્યાં મી. કોમીએ કહ્યું કે વસવાટને માટે જનતાવાર બાગલા પાડવાનું કારણ એક જ જાતીના લોકો એક સાથે રહેવા છતાં છે એટલું જ મામ નથી પરંતુ આર્થિક અને ઐતિહાસિક પણ છે. મી. કોમીએ કહ્યું કે રહેતા લોકોમાં જાતીય કસ્ટો થયા હોવાના

મી. સોંગે મી. કોમીને જણાવ્યાં હતાં કે મી. કોમીએ કહ્યું કે મુકવાની નીચી-ક્ષણ કરશે અને તેની અંદર રહેલા અન્યથા પ્રુવ્સ પાડશે. કોચેસ રચાયેલ વસવાટ કરેલી કોચેસ ઉમેદી નહિ નાખવાની અને દરખાસ્તમાં ગરુપ એરીયાઝ એક્ટની રૂએ જનતાવાર બાગલા પડી શકે તેમ નથી એવી સરકારને જાણમણ કરવા બોર્ડને વિનંતિ કરશે.

બીન સવાલોના જવાબોપરથી મી. સોંગે રચાયેલ કહ્યું કે ગરુપ એરીયાઝ એક્ટ પાડવાથી વેપાર ઉપર અકુલ પ્રતિ અકુલ અને જાતીઓને જુદી પાડવાથી સંબંધિત જાતીના વેપારીઓને નુકસાન થશે.

મી. કોમીએ કહ્યું કે ચહેરના મામ બાગલા અને નોકરીના લોકો સાથે રહે તેમાં કમું જોડું નથી.

મી. સોંગે કહ્યું કે, "વસવાટના લક્ષણોમાં સંબંધિત જાતીઓના લોકો સાથે તેમ નહિ રહી શકે."

મી. કોમીએ કહ્યું કે રચાયેલ વસવાટ કરી રહેલી સમતીય કોચેસે બાગલા કરવી નહિ એકાએક પરંતુ વધુ માં તેમણે જણાવ્યું કે કોચેસ, મેલી, સીનમ અને આરપોટ બીરીયામાં વસતા મુરોપીઓને વેસ્ટ-વીથ, મ.ક.વર્ન અને પાઇનડાઉનના લક્ષણો દેખાવાને અડચણ રૂપ છે અને તેથી તેને ગોરાના લોકો કરવાની જાણ મણ મણ છે. મી. કોમીએ કહ્યું કે મુકવાની અપરમ લક્ષણો અકુલ મુકવાનો છે, અને તેને અંતમાં ગોરાના લોકો બનાવી દેવાનો છે.

હિંદીઓએ કોચેસમાં ૩૦૦૦ એકર મુમવના પડશે

મી. સોંગે જણાવ્યાં મી. કોમીએ કહ્યું કે ચહેરમાં હિંદીઓની માંલીકાની જમીનમાં અને ૧૦૦૦ થી ૧૦૦૫૦ એકરનો પટ્ટો થશે એટલે કે ૩૦૦૦ એકર જેટલી જમીન હિંદીઓને મુમવની પડશે જ્યારે મુરોપીઓની માંલીકાની જમીનમાં દસ હજાર એકર નો વધારો થશે એટલે કે ૧૫૦૦૦ ને બદલે ૨૫,૫૦૦ એકર જમીન થશે

મી. કોમીએ કહ્યું કે કાઉન્સિલની દરખાસ્તો મુજબ ૫૪૦૦૦ હિંદીઓ, ૨૧૦૦૦ મુરોપીઓ, ૪૪૦૦૦ આફ્રિકનો અને ૧૦૦૦ કસ્ટો ધંધાના લોકોમાં કે.૫ પણ જાતના રોચેચેચ વિના કે બાગલા વિના સાથે રહી શકશે.

મી. સોંગે કહ્યું કે ચહેરની જીન બાગની વસતી જો સાથે રહી શકતી હોય તે પછી બાગલાઓ પાડીને રિયલિટમાં બાગ પડેલા જવાની શી નર છે.

અપીલો અને અમલોની વચ્ચે ૧૦૦૦૦ બીન-ગોરા નોકરી કરે છે. અને ચહેરના મામ બાગમાં ૨૬૦૦૦ બીન-ગોરા નોકરી કરે છે. જ્યારે ૧,૦૮,૦૦૦ ગોરા નોકરી કરે છે.

બીરીયા અને બીચ

મી. સોંગે કહ્યું કે બીચ અને બીરીયાને ગોરાના લોકો બનાવવાને માટે ગોરાના બનેલી સીટી કાઉન્સિલની ગોરા પ્રત્યેની પક્ષપાતી નીતી જવાબ દાર છે.

મી. સોંગે મી. કોમીને કહ્યું કે દરખાસ્તે ગોરાઓને માટે જ કોચેસે કરવાનું રથણ કેમ બનાવવામાં આવ્યું છે? બીન-ગોરા, મુલકાતીઓને પણ કેમ બનાવવામાં આવતા નથી?

મી. સોંગે જણાવ્યું કે આ પ્રમાણે ના જાતીઓના બાગલા પાડવા એ કુદરતી નથી. હિંદીઓનું એક અલગ ચહેર વસાવવું ભૌતિક ક્રિયાએ જોડું છે. તેવું હિંદીઓનું કલાવકું ચહેર પ્રતિપત્તના કે.૫ પણ બાગમાં હોય તેનો મી. સોંગે મી. કોમીને જણાવ્યું હોવા જણાવ્યું. મી. કોમીએ કહ્યું કે જરૂરેટન, બે.કસર્ગ, બેનોની અને પ્રોટેરીયાના હોઈ લોકોએ તેમણે જોએલાં નથી.

મી. કોમીએ કહ્યું કે આ દરખાસ્તો ગોરા લોકોની બનેલી કાઉન્સિલ તરફથી ધ્યાયેલી છે જ્યાં બીન-ગોરાઓને કોચેસ અવાજ નથી અને એન લાઇનના પ્રમુખોએ-સી.પી. બી.સી. અને બી.સી.ને મુરોપીઓના વિરોધના પરિણામે હિંદીઓના હાથમાંથી મુરોપી બનેલા હાથમાં જવા દેવામાં આવ્યા છે.

મી. કોમીએ કહ્યું કે બીન-ગોરાઓ એ વિરોધ કર્યો છે એ તેમની બાગમાં છે પરંતુ કાઉન્સિલની દરખાસ્તોમાં તેથી કોચેસ ફેરફાર થયો નથી.

મી. કોમીએ કહ્યું કે કાઉન્સિલની ફેરવેલી દરખાસ્તોના પરિણામે સીંગુ બીરના લક્ષણો ૧૦૦૦ હિંદીઓને ઉમેદી કાલમાં આવશે અને ૧૦૫૦૦ હિંદીઓને સીનમના કસ્ટોના લક્ષણો ઉમેદી કાલમાં આવશે.

મી. સોંગે જણાવ્યાં આપતાં મી. કોમીએ કહ્યું કે મુકે-કસ્ટ, મોન્ટકેસર અને સીંગુ બીરના જાણેલા લક્ષણો મુરોપીઓને માટે રાખ્યાં માં આવશે જ્યારે બીન-ગોરાઓને અમલકાકાના, રેનલેક એરેટ અને કસ્ટોના અલગવાયેલા અપર લક્ષણો કાલમાં આવશે.

મી. સોંગે કહ્યું કે બોર્ડની દરખાસ્તો રહેલી અસામતાઓને રચાયેલ બનાવવાની નથી પરંતુ બીન-ગોરાઓ પ્રત્યેની બેદરબાવી બીન-ગોરાની નીતીના પરિણામે ઉમેદી અલગ અસમતાઓ નહિ કરવાની છે. હાથમાં તરીકે, મી. સોંગે કહ્યું કે, માર્ગેટથી લઈ અમલકાના રે.કસ સુધીને, સમુદ્ર કાનારાને બાગ ગોરાઓને માટે રાખવામાં આવે છે જ્યારે ૫૫૦ માઇલ ના સમુદ્ર કાનારાના બાગમાંથી બીન-ગોરાઓને નહિવા અપવાદો સિવાય બાગલા રાખવામાં આવ્યા છે

કોચેસર

મી. કોમીએ કહ્યું કે બેચીસ અને કોચેસરને ગોરાના લોકો બનાવવાને ૧,૮૦૦ મુરોપીઓને ખાતર ૨૫૮૦ હિંદીઓને, અને ૨૮૦૦ આફ્રિકનોને ઉમેદી કાલમાં આવશે અને ૬૦ લાખ પાઉન્ડની હોઈ માંલીકાની ૨૪૧૪ એકર જમીન ખુચવી લેવામાં આવશે.

સીનમમાં હિંદી માંલીકાની ૩૪૬ એકર જમીનને હરકત પકોચશે અને બીરીયા અને મામ બાગમાં ૨૬ લાખ પાઉન્ડની હોઈ માંલીકાની ૧૨૭ એકર જમીન પકોચી લેવામાં આવશે.

મી. કોમીએ કહ્યું કે કાઉન્સિલની દરખાસ્તો મુજબ અને ૬૧,૦૦૦ હિંદીઓને ઉમેદી કાલમાં આવશે અને હોઈ માંલીકાની ૬૦૦૦ એકર જમીન ને હરકત પકોચશે.

મી. બાર્ડની જુલાની

મુકી પ્રધાને નીમેલી રેફરન્સ એન-પ્લેનિંગ કમીટીના પ્રમુખ મી. બાર્ડની જુલાની લેવામાં મી. સોંગે તેમની દરખાસ્તો જે સીનમના કસ્ટોના લક્ષણો સિવાય સીટી કાઉન્સિલની દરખાસ્તોને મળતી જ છે, તેની બાકીની અસર વિશે સલામ મુકવા હતા.

મી. બાર્ડે કહ્યું કે તેમની કમીટીની દરખાસ્તો જાતીય લક્ષણો પાડવાના સિદ્ધાંતો પર રચાયેલી છે, અને અંતમાં હોઈ વસતીને તેથી ઘણી જ દરકત થશે. તેમણે વધુમાં કહ્યું કે અંતમાં બેચીસ હોઈ અને આફ્રિકનો વસતી (બે લાખ જેટલી) ને હરકત થશે જ્યારે મુરોપીઓના મામ ૫૦૦૦ જેટલા જ સંડોવાશે.

મી. બાર્ડે રિવકલું કે સીનમના કસ્ટોના લોકો રચાયેલ વસવાટ કરી રહેલી બીચ હોઈ વસતીની વચ્ચે આવેલો છે અને એ લક્ષણો કે.૫ પણ કોચેસે હરકત કર્યા વિના હોઈને લોકો બનાવી કસ્ટો કારણ ત્યાં ૧૨૦૦૦ ઉપર હિંદીઓ વસે છે જ્યારે ૨૦૦૦ કસ્ટો અને ૧૨૦૦ થી રહેજ ઉપર મુરોપીઓ વસે છે.

ભારતનો પત્ર

(અમારા અનુભવની તરફથી)

સુવર્ણ, તા. ૪-૮-૫૩

ભારતના વડા પ્રધાન પંડીત જવાહર લાલ નેહરુ કચેરી ખાતે પાકી-રતાનના વડા પ્રધાન જનતા મહમદ અલી સાથે મંત્રણા કરીને દિલ્લી પાછા આવી ગયા છે. કરાચી ખાતે ની મંત્રણામાં કાશ્મીર, દિલ્હરી મિલકત અને નહેરુનાં પાણી જેવા વર્ગીયી અણઉકળ્યા રહેલા પ્રશ્નોને ઠીક તાત્કાલિક વજુ દિવસમાં નિકાસ આવી જશે, એવી કોઈ વાતના રાખતું નહોતું. પંડિત નેહરુ દિલ્લીથી ઉપજ્યા ત્યારે જ તેમણે યુવાઓ ક્યો કોને કે. કરાચી ખાતેની વાટાઘાટો પ્રાથમિક સ્તુતીની હરી અને તેમથી કોઈ પ્રકારના બંધ પરીણામ નીપજવાની આશા રાખતી નહિ.

પં. નેહરુ આમ તો કરાચી ખાતે માર્ચ મેજ દિવસ રોજાવાના હતા. પરંતુ જ. મહમદ અલીની વિનંતીથી તેઓ કરાચી ખાતે વજુ દિવસ રોજા વાને કમુલ મુકા હતા. પાકીરતાન સરકાર પં. નેહરુને સારે, સત્કાર કરશે, એવી આશા અને ધારણા તે. સીને હતી. પરંતુ પાકીરતાનની જનતાએ-પાકીરતાનના સામન્ય માનવી એએ પંડિત નેહરુને જે સામગ્રીનું સ્વાગત કર્યું, તેથી ખુદ પંડિત નેહરુ અને ભારતની પ્રગ્ન અભ્યાસ પડી ગયા હતાં. કરાચીમાં પં. નેહરુ લગા થી નીકળવાના હોય, ત્યાં કલાકે, અમાલિથી પાકીરતાનનીઓના ટોળાં તેમ ને જોવા માટે રાહ જોતા હતા રહેતા. અને પં. નેહરુ નીકળે ત્યારે પોકાર કરતા કે “પાકીરતાન કરે પુકાર, જાકીરતાન નેહરુ ત્રીલાખાદ.”

પાકીરતાનની પ્રગ્નના ભારત પ્રત્યે ની વલણમાં આવેલો આ પક્ષે બને દેશો માટે લાખકાળી નીવડવાની આશા છે. પંડિત નેહરુ સાથે મયેલા દોઢી પત્રકારો, સામાન્ય પ્રગ્નજનોને મળ્યા હતા અને તેમને જણાવે છે કે, પાકીરતાનને, સામાન્ય માનવી પણ ભારત સાથે સારા સંબંધો બંધાવ એમ માટે છે. બને દેશો વચ્ચે સારા સંબંધો સ્થપાય તો બને દેશોને લાભ થાય એમ છે. બને દેશો મિત્ર હોય તો લશ્કર પાછળ અગાધા કરાડો રૂપિયા બચી જાય એ ઉપરાંત પાકીરતાન પેતાના રૂ. રાણ-અને રૂ.૨૦ ભારતમ સરેલાઈથી નહેરુની રોકે, ભવિષ્ય દોંડતું રાખે, કોલસા બને ધીમે તબાવ મલ સહેલાઈથી પાકીરતાનમાં ખાડી શકે અને તેમાં બને દેશોને ફાંપેલા મ.પ.

બને વડા પ્રધાને વચ્ચેની મંત્રણા ઠીક અમરનારિક પરીણામ આપ્યું નથી છતાં એ માન્યતામાં મધા એકમત છે કે, બને વડા પ્રધાને એક બીજા ના સિદ્ધિપિન્ડને આ મંત્રણાના પરીણામે સારી રીતે સમજી શક્યા છે. વડા પ્રધાને પ્રમાણમાં નાની કહી શકાય એવી વજુ બાબતો અંગે એક

મત રાષ્ટ્ર શક્યા હતા. એક બીજાના પ્રદેશમાં આવેલા પેતાપેતાના પ્રદેશોની અલ્યાબલ્લી કરવાને વેપાર અને પ્રવાસ ખાડેની મુશ્કેલીઓ દુર કરવાને તથા કાર્મિક સ્થળો અને દુરેરોનું રક્ષણ કરવાને અને તેને સામ્યવાને બંને વડા પ્રધાને કમુલ થયા હતા. આ મલેલ બાબતો અંગે વિમતો દબે પછી નકશી કરાશે.

નહેરુનાં પાણી વિષે એમ નકશી થયું હતું કે, વિશ્વ બેંકના આબરે લાલમાં આ પ્રક અંગે ચાલતી ચર્ચો ના પરીણામની રાહ જોવી.

ભારત-પાકીરતાન વચ્ચેના તમામ અગા.ઓમાં પંડિત નેહરુ દિલ્હરીઓ ની મિલકતના પ્રશ્ને સૌથી વજુ મહત્વ ને મલે છે, કારણ કે આ પ્રક દોંડ અને પાકીરતાનમાંના લાખો દિલ્હરી ઓને અસર કરે છે અને જ્યાં સુધી આ પ્રશ્ને નિકાસ નહિ આવે ત્યાં સુધી લાખો નિર.પતે, કુખી હાલતમાં રહેવાના જવારે જનતા મહમદ અલી અને તેમના સાથીઓ કાશ્મીરના પ્રક ને સૌથી અગત્યનાં મલે છે અને જ. મહમદ અલીના કહેવા પ્રમાણે બાકી ના બધા અગા.ઓ, કોઈક થઈ જાય તો પછી બે કાશ્મીરનો એક જ પ્રક નહિ ઉકળેલા હોય તો ભારત-પાકીરતાન વચ્ચે બેંકને તેટલા અગા.ઓમાં મિત્રાચારી બધાં સંબંધો નહિ સ્થાપી શકાય.

વડા પ્રધાનેની મંત્રણાની પ્રુર્ણાહિત પછી પણ આપારે ભારત અને પાકીરતાનના સલાહકારો વચ્ચે હજુ દિલ્હરી મિલકત અંગે મતચા ચાલી રહી છે. યુરપ્તાતથી મતબેદ ન જોએ થાય એ રાટે આખા પ્રકારના અગા પાકી નાંખવામાં આળ્યા છે-રક્ષાવર મિલકતો, જનમ મિલકતો, જેતિની જમાન વગેરે. આમાંથી જેટલી બાબતે. અંગે એકમત થઈ શકાય, એટલી બુજાતે અંગે એકમત થવાનો પ્રવાસ થઈ રહ્યો છે. આમાંથી જેટલિક બા બનો અંગે બને દેશો વચ્ચે સમજૂતી થઈ મપાના સમ.ચાર સંપાડ્યા છે.

કાશ્મીરનો પ્રક સૌથી કપડો નીવડ્યો છે. બને વડા પ્રધાને એ તેના કોઈક પરજ ખાસ કરીને લક્ષ આપ્યું હતું. છતાં એ દિશામાં કોઈ ખાસ પ્રગતિ નથી થઈ શકી.

મંત્રણા પુરી થયા પછી બને વડા પ્રધાનેએ મંત્રણાના પરીણામ પ્રત્યે સતે.વ વ્યક્ત કર્યો હતો. હવે જ. મહમદ અલી સરેખાવરના મહેલા સપાદમાં દિલ્લી આવશે અને દિલ્લી

માં કરી આ પ્રતો વિષે ચર્ચા શરૂ કરાશે.

દિલ્લી પાછા ફરી પછી પંડિત નેહરુ એ પત્રકારોને જણાવ્યું હતું કે, કરાચી માં પ્રવર્તતા મિત્રાચારી બધો વાતા વરણને લક્ષમાં લેતાં મારી કરાચીની મુલાકાત મોખપાત હતી. મધ્યા પારે છે તેના કરતાં આ મલે, મોટા બનાવ હતો. પહેલાંના કરતાં મળી સારી રીતે અંગે ચર્ચા કરી હતી. જેટલક નાના પ્રશ્નોને અંગે કોઈક ક્યો હતો, જેટલક મોટા પ્રશ્નો અંગે હજુ કામ પરી રહ્યા જોએ અને જેટલક મોટા પ્રશ્નો હજુ અણુ ઉકળ્યા છે. કરાચીમાં મને પ્રગ્નજનો તરફથી જે સન્માન મળ્યું એથી હું ગદમકિત થઈ ગયો. હું કરાચીમાં મને સંપ્રુર્ણપણે મર જેલુ લાખતું હતું.

તેમણે વજુમાં કહ્યું હતું કે, અંગે જેટલા પ્રશ્નોની ચર્ચા કરી, તેટલા બાખમાં અંગે પ્રગતિ કરી હતી. બે કે સંપ્રુર્ણ સમાધાન નહોતા સાધી શક્યા-અને સંપ્રુર્ણ સમાધાન થવાની આટલા કુંક માળામાં આશા પણ ન રાખી શકાય. કાશ્મીર અંગેની મંત્રણા અમને કોઈક બીજાને સમજવા માં અને તેના નિરાકરણની દિશામાં આગળ વધવામાં સદાપરજ નિવડી છે. કાશ્મીર સંબંધમાં સારા પ્રમાણમાં પ્રગતિ થઈ છે અને એથી ઘણી દિશા ઓમાં અગળ વધવા માટેના માર્ગ ખુલ્લો થયો છે.

ઉલોગોમાં દરજાવાત બેકારી ભોગ વતા કમદારોને વળતર આપવાની ૧૪ મુદ્દાઓ મેળવી અંગે કામદારે. અને ઉલોગપતિઓના દિલ્લી ખાતે મલેલા પ્રતિનિધિયો, સંમત થયા છે. હવે આ મેળવનાને સરકારની મંજૂરી મળ્યા પછી તેનો અમલ કરવા માટે કામદારો થશે.

કામદારો માટે આ અકારની અસર પહેલ.જ મેળવના છે અને સામાજીક સજામતીની દિશામાં આ બીજી પગલું છે. પહેલાં પગલું કારા ઓલોમીક કામદારો માટે ગ્રીડી-ડટ ફંડની જોડ વાઈ કરવામાં આવી હતી. દરજાવાત બેકારીના સંજોગોમાં કામદારોને બલેલા અમવાની મેળવના જાહેર માલીકીના તેમજ ખાનગી માલીકીના ઉલોગોને લાગુ પડશે. મુજબત પચાર અને મોલવારી બંધાન પચાસ ટકા જેટલું વળતર વરસન ૪૫ દિવસના ધોરણે મળશે.

મદાસની સરકારે લાખલ કરેલી નવી પ્રાથમિક ઉજવણીની યોજનાએ મદાસ ૨.૦૫૫૫૫ બારે ઉદાપોલ જમાવ્યો છે. આ યોજના અનુસાર દિલ્હરીએ નિશાળમાં પ્રાથ જણુજ કલાક બણવાનું હોય છે અને બાકીના સમયમાં વેપાર મંધી કે ફૂરર ઉલોગ યીખવાનો છે. આ યોજના અમલમાં મુકવા પછી દા.કીક કમગામ પહેલે તેની લામે બાખક પ્રમાણમાં તેજાનો ક્યો હતા એ તેજાને લાખી દેવ.માં આખ. પછી, દા.કીક કમગામ, સામ્યવાદીઓ અને સમાજવાદીઓએ આ પ્રક મદાસ ધારાસભામાં ઉઠાવ્યો હતો અને આ યોજનાને પકતી સુધવાની દરખાસત રજુ કરી હતી. પરંતુ જ. દરખાસત ૫૨ મત લેવાતાં બને પહેલે સરખા મત પડ્યા હતા, એટલે રખીકરે દરખાસત ની વિરુદ્ધ મત આપી તેને ઉઠાવી દીધી હતી. આ પછી મિરોમીઓએ એવે. સુધારો રજુ કર્યો હતો કે, નિશ્ચાત સમિતિ તેની તપસ ન કરે ત્યાં સુધી આ યોજના મેલુક રાખવી. આ સુધારો ૧૩૬ વિરુદ્ધ ૧૩૭ મતે પસાર થઈ ગયો હતો. આથી મદાસ સરકાર ને ધારાસભામાં પરાજીત મળતાં વિરોધ પક્ષેએ સરકારને રાજીનામું આપવાની માગણી કરી હતી. પરંતુ મુખ્ય પ્રધાન શીરાળજીએ જણાવ્યું હતું કે, આ સુધારો બલ.મણના સ્વરૂપનો હતો. અને તેનો અમલ કરવો કે નહિ તે સરકારની મરજીની વાત છે અને બંધા રણિય રીતે સરકારે રાજીનામું આપવાની જરૂર નથી.

અન પખવાદીમાં કલકત્તામાં ક્રામ બાડામાં વધારા મિરોમી દોહાને ૫૨૩ કાષ્ટાએ પહેંચ્યા હતા. એમાં વળી પોલીસોએ ખુમારીથી, અતિયાંહ જતાં ભરાઈ. રહેલી સજાના હેવાલ મેલા મયેલા મજકારો અને ફેરોમકારો પર દુમસો કરતા કલકત્તાના નહિ પણ સમસ્ત હિંદના તમામ અખ.પારો પશ્ચિમ બંગાળની સરકાર ૫૨ છરી પડ્યા હતા આ બનાવ પછી બીજા જ દિવસે જંમળાના મુદ પ્રધાન તથા પેત્લીસ કમિશનરે આ બનાવ અંગે મારી માગી હતી. અને ભવિષ્યમાં કદાપી આપું નહિ બને તેની ખાતરી આપી હતી પરંતુ એમાં પચકારે ને સંતે.વ થયે નહોતો અને તેમણે પે. લીસના આ વર્તનની સાળના વિરોધ તરીકે કલકત્તાના અખ.પારોએ એક દિવસની હડતાળ પાડવાને અને અહ-વાડીઆ સુધી સરકારી સમાચારો ન છાપવાનો નિર્ણય હતો. આથી તરત જ પશ્ચિમ બંગાળ સરકારે આ બનાવ ની તપાસ કરવા માટે એક પંચ નિમ્નવાની જાહેરાત કરી હતી અને પોલીસ અધિકારીઓ દેખિત કરતા તેમને સજા કરવાની ખાતરી આપી હતી. આમ પચકારોએ બતાવી આપ્યું હતું કે,

તરફથી મંડળના કામનો હેવાલ રજૂ થયો હતો અને ખજાનચીએ અરેથાને આવક ભવનનો હિસાબ રજૂ કર્યો હતો. પ્રકાશન વિભાગ તરફથી "પુલક" સામયીકનો તેમજ દ્વિમાસિક (મીનિમ) સમિતિ તરફથી હેવાલ રજૂ થયા હતા. ત્રણે હિસાબ અને હેવાલો સર્વોત્તમ રીતે પાસ થયા હતા. મંડળની જુદી જુદી પ્રવૃત્તિઓ દ્વારા મંડળે મળી પ્રવૃત્તિ સાધી છે તે માટે પ્રશ્નપત્રો અને અન્ય સુખો તરફથી દરેક વિભાગ ના કાર્યકરોને અભિનંદન પાઠવવામાં આવ્યા હતા.

તે પછી નવા કાર્યવાહકોની નીચે પ્રમાણે ચૂંટણી થઈ હતી. પ્રમુખ: મણીલાલ રણજીભાઈ; ઉપ-પ્રમુખ: શ્રીજી દાસ જીવજી, મંત્રી: હરકીશન દુલ્લભ ભાઈ; ખજાનચી: જગજીવનદાસ નરૈ-તમભાઈ; એડીટર: હેમુભાઈ રમણીભાઈ; કમીટી સભ્યો: હેમુભાઈ કાળા ભાઈ અને ઉત્તમલાલ રણજીભાઈ; પ્રકાશન વિભાગ કમીટી: મણીલાલ રણજીભાઈ. (સંપાદક) બાલુભાઈ એફ. પટેલ, મોહનલાલ બલસારા, હેમુભાઈ કાળાભાઈ, ઉત્તમલાલ રણજીભાઈ અને નગીનભાઈ બાલુભાઈ.

શ્રીમંત કમીટી (સીનેમા): હેમુભાઈ કાળાભાઈ, રમણલાલ બાલુભાઈ, હરકીશન દુલ્લભભાઈ, રમણભાઈ દુલ્લભ ભાઈ, બાલુભાઈ એફ. પટેલ, ઉત્તમ ભાઈ રણજીભાઈ. બાદ રાષ્ટ્રગીતથી સભા વિસર્જન થઈ હતી.

વિતૃભકિતનું પ્રમાણ

એક શ્રીમંત શેઠના આજુ પછી તેનું વીસ વર્ષવાર્ષી બાબતું તે તેમાં લખ્યું હતું કે "મારા આર પુત્રોમાંથી માત્ર ત્રણ જ મારી મિલકતના વારસ થયા." પણ એ ત્રણેના નામ તેમાં નહોતાં, અને એવાનું નામ પણ નહિ લખેલું તેથી તેને વારસાને હક નહિ મળે તે કેમ જણાય એ મુંઝવણ થઈ પડી. આર પુત્રો એને ન્યાય પ્રાપ્ત થાય એના અર્થમાં હરખારમાં ગયા અને મીઠા બતારી. માત્ર રજૂ કરી આવવા અરજ કરી.

રાજ પછ તેમની વાત સાંભળી મુંઝારો. આ પ્રકારનો યોગ્ય ન્યાય કરી આપવા તેમણે કવિ કાલિદાસની નિમણૂક કરી.

કાલિદાસે કહ્યું "મને એ શેઠની કંઈ યાદ નથી મારે એની છબી એ મને જાણી જાયો તે ન્યાય થાય."

શેઠના પુત્રોએ છબી જાણી આવી એટલે તે લખે કાલિદાસ એક બાજુ ના ખર્ચા બધા બેઠા અને વારસેથી એક એક પુત્રને ભાગે ભાગ્યા પછી દરેકને કહ્યું કે "બે ભાઈ! આ છબી નારા પિતાની જ છે એનાં મને ખાતરી નથી. મારે એ સાચું કંઈ જ એ

છબી તારા પિતાની હોય તે એના ઉપર હું શું કંઈ બોલું?" ત્રણ પુત્રોએ તે પોતાપોતાના વારસાં કહ્યું "કવિદાસ આ છબી તે મારા પિતાની જ છે પણ તમે કહો છો તેમ જમારાથી એની ઉપર શું કંઈ પાપ તે કહી પણ થાય નહિ."

એવા પુત્રો વારો આવ્યો ત્યારે કાલિદાસે તેને પણ તે છબી ઉપર શું કંઈ કહ્યું. એટલે તેણે તરત જ જવાબ આવ્યો "એ. હો! એમાં શું? હો આ એકવાર નહીં પણ તમે કહો એટલી વાર શું શું શું."

કાલિદાસ તે પછી છબી તમા તે પુત્ર સાથે ખંડની બહાર દરવારમાં આવ્યા અને આખી વાત બોલવાળાને કહી સંભળાવી ને ન્યાય પણ આવ્યો કે "મરનાર શેઠનો વિચાર આ એવા કાલ હોવાને પોતાના વારસામાંથી બાતલ કરવાને હતો તે એ સ્પષ્ટ થાય છે. મારે એના સિવાય ના આ ત્રણે પુત્રોને મિલકત વહેંચી આપવી."

INDIAN OPINION

Founded by Mahatma Gandhi in 1903

"...Things of fundamental importance to the people are not secured by reason alone but have to be purchased with their suffering. Suffering is the law of human beings; war is the law of the jungle. But suffering is infinitely more powerful than the law of the jungle for converting the opponent and opening his ears, which are otherwise shut, to the voice of reason."

—Mahatma Gandhi.

"India's Enhanced Influence And Prestige In Asia

WHILE India and her Prime Minister, Mr. Nehru are being visited in South Africa it will be interesting to note what 'The Morning Herald' of Sydney of August has to say.

The paper featured on the editorial page an article by a 'special correspondent' under the heading "India's enhanced influence and prestige in Asia" which declared, "A feature of the Korean Truce which has been scarcely noticed but which may well prove of great and enduring significance in international affairs and certainly in Asian Affairs is that both the world power blocks have acknowledged that India occupies a special position between them."

Complimenting India on her role at various stages of the Korean Truce negotiations the correspondent said, "The circumstances of the Korean Armistice have been such as to raise India to the pinnacle of influence amongst non-European nations and to confirm her leadership of Asian-African block in the United Nations."

The correspondent further added, "It was Nehru's lonely and unheeded voice which warned that if the United Nations forces pursued North Koreans across the 38th parallel China would intervene."

"In Indo China also very substantial concessions France was forced to make last month in the direction of fuller independence for associated states will undoubtedly be seen in Asia as vindicating Nehru's consistent attitude that there would never be truly national effort against Viet-Minh so long as a taint of 'colonialism' clung to French policies."

Commenting on India's neutrality, the correspondent pointed out, "Refusal to commit India to one or other of the two great world power groupings has all along been the dominant feature of Nehru's foreign policy. That is a conception whose appeal in Asia and Africa should not be under-rated."

"But if mounting influence of India is inimical to western ideas of collective security in Asia and Middle East that influence is firmly on the side of western political theory. India is a parliamentary democracy and enthusiastic missionary of democratic ideas."

The correspondent added, "The two major policy fields in which Indian influence is now likely to be increasingly felt are the racial problem in Africa and relations with Communist China."

INDIAN OPINION

FRIDAY, 28TH AUGUST, 1953

The Future Of South Africa

THE future of South Africa might well depend on the answer which the Churches give to the perplexing questions of race relations in their own life and the life of society." This is stated by Dr. W. A. Visser 't'Hooft, general secretary of the World Council of Churches, in a report of his visit to South Africa.

"As one moves as I did, from Afrikaans homes to English homes, then again to a Bantu or Indian milieu, it is almost as if one crosses several borders and visits a number of different countries, each with its own assumptions, its own outlook upon the world and often, though not necessarily, its own prejudices. This would be a most discouraging experience if it were not for the fact that in each of these separate worlds one can meet with Christians who put their Christianity before everything else and who seek to find Christian answers to the perplexing problem of South African society," he states.

But Dr. 't'Hooft will admit that these are few and far apart and that the country is fast falling in the grips of reactionaries who are about to crucify Christianity itself. The way the Reservation of Separate Amenities Bill is passing through Parliament all hopes of Christianity surviving seem to be shattering to pieces. It is alone complete equality

but there is not to be even a substantial amount of it in implementing the Government's Apartheid policy. That is the definite aim of the Government judged from the statements of the Minister of Justice, Mr. C. R. Swart, at the beginning and at the end of the second reading of the Bill. The Opposition too has given the Bill its blessings. The only ones to oppose it were the Labour Party and the Native Representatives, who are to be heartily congratulated on the stand they have taken.

This Bill gives an idea as to how the Group Areas Act will be worked. We wonder if Dr. 't'Hooft ever visited the school and hospital and residential area of the non-Europeans, where the Durban City Council has thrust upon the non-Europeans, notwithstanding all their protestations, the non-European bus rank, thus making the lives of the non-Europeans living and moving about in the area a veritable hell, not to speak of the disturbance caused to their schools and their hospital in the vicinity. All these things must rankle in the minds of the utterly neglected non-Europeans and increase the sense of frustration among them and eventually lead them to desperate action unconcerned about the consequences. The Reservation of Separate Amenities Bill proves to the hilt that there is to be no fairplay or justice for the non-Europeans, for

it seeks to remove even the remnant of security under the existing segregation laws. In all these long years there have hardly been any instance of violation of those laws by the non-Europeans, whether they liked those laws or not. And the only instance of mixed marriage between a European and an African, Mr. Swart was able to quote to justify his Bill, was one from overseas. If this does not mean an unwarranted provocation by the Government, we fail to see what it really does mean. The non-Europeans are today far from seeking to filch power from the hands of the present rulers. The whole object of the Passive Resistance movement is to seek bare justice which they are ruthlessly denied. But the Government by such actions as these is precipitating matters and the time must

surely come when the non-Europeans, who outnumber the Whites by four to one, finding to their utter astonishment that the latter are determined to have all the good things in life for themselves and to reduce the non-Europeans to the state of hewers of wood and drawers of water for them, will not demand but will take the power out of the hands of the underserving rulers and bid them quit South Africa. This is what has happened and is happening to this day everywhere in the world and South Africa is no exception. Christianity is being put to the test. Unless it can produce a Christ to bear the Cross Christianity itself, we fear, will be crucified. Let us keep our eyes wide open and read the unmistakable writings on the wall.

EQUALITY BEFORE THE LAW

By JULIUS LEWIN

THE traditional idea that all men are equal in the eyes of the common law, is about to be abolished by Parliament. That is the real significance of the Reservation of Separate Amenities Bill now under discussion. The Bill is designed to nullify the effects of a long series of decisions by the Supreme Court.

The South African courts have repeatedly applied a rule of English law, over half-a-century old, that racial discrimination cannot be countenanced unless it has been expressly authorised by Parliament. But where the separate facilities provided for public use have been substantially equal for different races, the courts have not held the mere separation to be unlawful. Like the United States Supreme Court, they accepted the doctrine that separation, if coupled with equality, was justifiable.

It is this well-established doctrine of common law that has embarrassed a Government which wants to ensure racial separation without recognising human equality. So the Bill allows anyone "in charge of public premises or vehicles" to erect colour bars as and how he pleases.

Of course, in practice the authorities have never provided anything like equal amenities on the railways or anywhere else. But, under the shadow of the existing law, they have been obliged to make some effort to do so.

For instance, many Africans demand, and secure second-class accommodation on trains. Failure to extend this type of parallel service is due partly to the blind prejudice which prevents recognition of the growing need of a rising class of non-Whites who can afford to pay for amenities superior to those provided for the mass of third-class travellers.

Accustomed to thinking in purely racial categories, most public servants are not even dimly aware of the emergence of a middle class of Africans. And those officials who do know of its existence are reluctant to recognise its implications because it is so disturbing to the fixed pattern of race relations.

This pattern was formed generations ago in racial areas on which the frontier tradition had left indelible marks. Master-and-servant was the only conceivable relationship between White and Black. This view, still

common one in the countryside, has been challenged in the towns.

New Native Types

Urban life has altered the social status, by enlarging the economic opportunities of Africans. The clerks, teachers, clergymen, journalists, doctors—these types do not conform to the conception of "the Native" still carried in the heads of so many White people. And it is this middle-class type of African that the authorities fail to provide.

To-day this failure is due not only to short-sighted prejudice. It is also partly due to the threatened breakdown in the machinery of public administration, long strained by the demands of an expanding economy. That is why the Government wants to be relieved, by legislation, of any obligation to provide paralysed and equal services for non-Europeans.

The central myth of apartheid is thus finally exposed to the public eye. The apostles of apartheid are now deprived of their last shred of intellectual respectability. For the pretence must now be abandoned that apartheid implies the provision of separate but not inferior services. The Bill leaves the required

separation entirely to the discretion of any petty official in government, provincial or municipal authority. He need not provide any facilities at all on the other side of the colour bar.

Even where gross injustice occurs in essential public services, the courts will not in future be able to intervene, as they have done hitherto. Non-Europeans have long cherished a profound faith in the ability of the higher courts to dispense justice; even in the face of a reluctant government. Now the last avenue of hope is to be closed, with the inevitable effect on prevailing tensions.

This Bill takes public administration in South Africa another long stride on the road leading in the opposite direction from the rule of law. That stride must and will be taken by those who want to impose apartheid at any price, because they know that the theory of the rule of law and the practice of racial discrimination are ultimately incompatible.

A government determined at all costs to enforce apartheid must reject the idea that all men are equal. But will men themselves abandon, at the behest of government, this ancient idea rooted in Biblical as well as legal authority?—"Rand Daily Mail" 10 August '53.

A REPLY TO MR. F. G. BEARD

The following letter was sent by Mr. C. W. M. Gell to the 'Natal Mercury' on August 20:

SIR,—I hope Natal Europeans will not allow themselves to be misled by Mr. F. G. Beard into supposing that they have no historical obligations towards their Indian population.

His argument that, because during most of the period of negotiation Natal was a Crown Colony and India under the British raj, the whole arrangement for bringing Indians over here was an inter-departmental matter within the Colonial Office in London is wholly tendentious and constitutes a new "high" even in this country's repudiation of past promises and pledges.

The fact is that in almost all matters both Natal and India operated as virtually self-governing states, very much as Southern Rhodesia does today. I know of only one instance in which the Colonial Secretary used his residual powers to prevent Natal doing what she wished with her Indians, and then he only postponed their removal from the electoral roll for two or three years.

After vainly searching for plantation labour elsewhere, the question of importing Indian

"coolies" was first explicitly raised (by a very large majority) by the Durban Town Council in an address of welcome to Sir George Grey, the Governor of the Cape in 1855. Next year Natal became a Crown Colony and all further negotiations were carried out by its elected Legislative Council. From the very beginning India made it clear that coolies were only available on the terms described by Dr. Mabel Palmer, which precluded any forcible repatriation on the completion of their terms of indenture.

Offered the choice between obtaining coolie labour on terms not wholly in accord with their own ideas or of going without coolies, an overwhelming majority of the Natal Legislative Council and later of the Natal Provincial Assembly continued throughout this whole period to vote for coolies on India's terms, though these were more often honoured in the breach than the observance. Until finally the breaches became so glaring that in 1911 the Indian Government finally prohibited the recruitment of any more coolies.

If any reader still doubts that from 1859-1911 the great majority of the European voters and

legislators of Natal (to the very considerable profit and prosperity of themselves and the province) continuously favoured the importation of Indian labourers on terms that imposed certain, definite obligations upon themselves, let him consult temporary accounts of the energetic efforts made both by the Natal Provincial Government and the Union Government to change the mind of the Indian Government in

1911 and to get coolie immigration re-opened.

The case that the Indians were lured on Natal by inter-departmental action in Whitehall just has no foundation whatsoever. The European population of Natal through its elected representatives was the only negotiator of the whole migration, with the Indian Government always a reluctant accomplice.—Yours etc., C. W. M. GELL, Indian Civil Service (ret'd)

MR. H. S. L. POLAK GIVES EVIDENCE BEFORE U.N. COMMISSION

[The name of Mr. H. S. L. Polak is well-known to the Indians of South Africa, particularly the older generation. He was one of Mahatma Gandhi's close associates and had taken a leading part in the Passive Resistance campaign in 1913 against the £1 tax on alienated Indians.]

Mr. Polak gave evidence on August 4 before the U.N. Commission on Race Relations in the South African Union.

He said: "We cannot afford to have the world divided according to race and colour which, with the exception of sex difference, is the one thing that cannot be changed in any single incarnation."

Mr. Polak was giving evidence on behalf of the Theosophical Society in Great Britain, the British section of an international organization whose primary object is "to form a nucleus of the universal brotherhood of humanity without distinction of race, creed, sex, caste or colour."

He said: "The nations must quickly realize how fundamental is the inter-religious teaching of human brotherhood and that each race and individual is entitled to the fullest opportunity of discovering and displaying the divinity within them. If mankind is not to destroy itself by ignorance of fundamentals or by refusal to apply its knowledge for peace and goodwill."

Mr. Polak said that in 1921, in opposing the Horne Government's Old Age Bill, General Smuts had urged the omission of Asiatics from the measure and had said that otherwise South Africa would gather on its hand the hatred of the whole of Asia. "If that forecast was true over 25 years ago, when the national sentiments of the Asiatics had not approached their present sentences and those of the African peoples had hardly begun to emerge, how much truer it is today, with the upsurge of

national and racial emotion" said Mr. Polak.

He argued that if the provisions of the United Nations Charter did not rise out of the field of purely domestic interests such questions as those involved in the policy of apartheid, "based as it is upon a doctrine of the inherent and permanent superiority of the white race over all other races, it is difficult to understand what meaning they have."

The witness was referring to the argument of Dr. Malan and his colleagues that, "the United Nations have no authority to discuss or consider any aspect of apartheid." Mr. Polak quoted from the Preamble, Article 1 and Article 2 of the Charter in support of his contention.

He said that the doctrine of apartheid by law and regulation, as distinguished from voluntary agreement and friendly understanding, was not a recent invention of the Malan Government. Its real purport and meaning were to be found in the Fundamental Law of the South African Republic as long ago as 1881, which laid down that "there shall be no equality, either in Church or State, between white and non-white." This racial apartheid was not to be found in the early history of the Dutch immigrants to what later became known as the Cape Colony. Apartheid was a "hang-over" from the old slave days among the Dutch.

That Dr. Malan, of all people, should have taken the line that he has done regarding the Indian community, declaring them to be virtually outcasts and foreigners in South Africa, and to be got rid of as soon as possible, is astonishing, since it was he that negotiated, on behalf of his Government, with the representatives of the Government of India, the Opentown Agreement of 1927, with its nullity clause, said Mr. Polak.

SOUTH AFRICAN POLITICAL ATTITUDES EXAMINED

By C. W. M. GELL

THE South African Institute of Race Relations has just published a most illuminating analysis of political thought in this country by Professor Len Kuper. In title, "The Background to Future Resistance," while no doubt indicating the tone of its original composition, does not do full justice to the scope of the paper. For Prof. Kuper examines the political attitudes of all the main political movements, European and non-European, with a complete absence of the sort of wilful self-deception to which we South Africans have become so accustomed as hardly to notice it. As he says: "Deceit is in fact deeply rooted in South African politics." But he is not himself easily hoodwinked and I put down his paper with a feeling of thankfulness that our society could still produce such an honest dissection of our often rather dishonest political attitudes.

Before tackling particular policies Prof. Kuper points out that values are not absolute, but vary with their social setting. "One man's meat is another man's poison." Thus democracy is fundamental for regulating the relations and rights of White South Africans among themselves. But since it has been, as it were, appropriated by non-Europeans as the embodiment of their aspirations, it is falling into increasing disfavour and disuse among Europeans. And, paradoxically, two of its most important pillars, respect for law and for constitutional procedures, are also "the very instruments by which domination is maintained."

When Prof. Kuper speaks of the "liberal ideology of trusteeship," he refers to the general attitude of the United Party which tries to "effect a reconciliation between White domination and democratic values by a projection of the equalisation idea into the infinite future." But the idea of trusteeship springs from realisation that domination is morally wrong; and the conception of perpetual trusteeship, in which the words are never expected to grow up, therefore contradicts the original reason for propounding the doctrine—the recognition that differences of cultural levels require some immediate, but necessarily transient, undemocratic devices. The U.P.'s refusal to consider towards what goal its theory of trusteeship must inevitably move at the most important single cause of all the party's recent uncertainties. It is now faced with either having to renounce the theory and its moral implications,

in which case it will move towards the uncompromising, un-racial ethic of the Nationalists; or having to acknowledge that it shares a common goal with more obviously progressive parties, such as Labour, Liberal and the non-European Congresses, from whom it will then differ only in regard to pace and tactics. There is no "middle way as far as objectives are concerned, but only as to methods. If any U.P. theorist should feel inclined to try "partnership" as a temporising alternative to "trusteeship," he had better first read Prof. Kuper.

About apartheid, Prof. Kuper understands that it is, in many cases, a genuine (if muddled) attempt to reconcile fundamentalist and liberal ideologies—to allow for separate, different but, still flexible evolution of all peoples. Yet, since it rests on the relatively permanent factor of pigmentation and not on the rapidly changing difference of culture; since it is used to obstruct non-European by encouraging the retention, even revival, of tribalism (thus "breaking down large-racial groups into smaller and more manageable sub units;" since it derives from a theological interpretation of a Divine Will enforcing not merely differences but inequality, since the positive concept of *enverdigte ontwikkeling* (separate self-development) is not the self-determination of nations (as suggested by Dr. Malan's recent analogy from European history) or of races (as SABRA proposes, though limiting the non-European four-fifths majority to the 12 per cent of the Union represented by the Reserves), but the self-determination of the White group in its own self-interest; the whole doctrine of apartheid is repugnant to the ideals of the rest of Christendom, the moral values of western civilisation and the finding of modern science.

Turning to the non-European political movements, Prof. Kuper notices Mr. Bhegum's South National Congress which, with a fine quota of press headlines but no known officials, offices or paid up membership, supports the Government's racial policy. It is backed by the Natal Native Medical Council (witchdoctors) and possibly a few chiefs who depend on the disintegrating tribal tradition and Government favour. Even so, Mr. Bhegum has yet to hold a public meeting and, until he proves to the contrary, his movement can safely be disregarded as having no real public follow up.

At the other extreme is the Non-European Unity Movement, revolutionary Marxist and Black racialist, opposing White "harm-volkism" by dialectical materialism and the class interpretation of history. Stridently intolerant of any outlook but its own, it is tolerated by Mr. Swart, probably because he realises that it is a disruptive influence in non-European politics with a disreputable ideology. Thus its attacks on the Defence Campaign (as quoted by Prof. Kuper) are even more vitriolic than those of Mr. Bhegum of the most extreme White reactionaries.

Between these two non-European dogmatism stand the really important non-European organisations, the allied African National and South African Indian Congresses. Unfortunately Europeans have for so long heard the Congresses branded as "extremists" that they have come to believe there are "moderate" non-European leaders outside the Congresses. But such individual "moderates" are not leaders, since they have no followers. And Prof. Kuper does a real service to the cause of political enlightenment streaming how very moderate and liberal Congress policy really is. Certainly, its time-span is shorter than White liberalism is accustomed to. Congress leaders hope to see democracy extended to non-Europeans "within our lifetime." But their methods are evolutionary not revolutionary, and their goal is one approved by the whole western world outside South Africa. Even defiance of individual unjust law is accompanied by respect for and submission to the legal process, and its practice, which is more than can be said for some European political manoeuvres. And the Defence Campaign itself was motivated by the liberal belief that it is possible to change existing political attitudes by an appeal to conscience—something quite different from the revolutionary determinism of the Unity Movement.

Prof. Kuper understands very well that the African National Congress, like any other political movement, comprises conservatives, radicals, Marxists and nationalists of varying personal inclinations. But neither its leadership nor its policy are at present in the hands of "extremists." "Its immediate aims and its assumptions, though not its techniques," he writes of the Defence Campaign, "are those of trusteeship, but with a different time-perspective and the rejection of a passive role."

But Prof. Kuper sees that, humanly speaking, this cannot last. As the Whites become increasingly undemocratic with

their Swart Acts and "the progressive redefinition of communism as synonymous with non-discrimination on the basis of colour or race," so the Congresses may be driven in desperation towards either revolutionary Marxism or Black nationalism or both. If that happens, "the possibility of a peaceful solution seems remote." Ultimately Prof. Kuper expects "the Whites to return to a clear democratic ideology, since the numerical proportion of the races are such that the future of the Whites depends on the acceptance by the non-Whites of the principle of equality," which is not quite as we are accustomed to look at the matter when we wrangle over the acceptance of equality by Whites.

But the very real danger is that the White conversion will come too late—after the Congresses, having abandoned hope of winning over White opinion, have gone over into irreconcilable hostility. Those who wish to maintain or rebuild racial bridges today must feel a great urgency upon them, not only because of the appalling degradation and equalism in which the mass of urban non-Europeans live, for these are the chief supporters of the Congresses; but because, by dropping all pretence of proscribing only "communists" and naming such notoriously liberal and temperate men as ex-Chief A. J. Luthuli, the Government seems determined to deprive the Congresses of their established liberal leaders. Those who are unconcerned about these arbitrary proceedings should read Prof. Kuper's paper.

STOPS CHAFING!

DR. MALAN'S INDOPHOBIA

(C. W. M. GELL)

[The following letter was first sent for publication to 'The Star' Johannesburg, but that paper did not think it fit to publish it.—Ed L.O.]

SIR,—Dr. Malan's "Indophobia" is becoming increasingly reckless with the facts. His foreign policy speech of August 11 abounds with misrepresentations of which I will refer only to the three most glaring.

1. Can anyone quote authority and date for any statement by Mr. Nehru "encouraging the Indian population in Kenya to remain friends with the Mau Mau"?

2. "Not only Natal but also Kenya and other territories to the North have large Indian populations, which in some cases exceed the European population and equal the Native population in numbers." (My italics.)

The facts are these (1948 and 1951 censuses):

Africans	1,401,000
Indians	1,000,000
Europeans	4,500,000
Natives	7,045,000
Others	7,333,000
Total	4,914,000
Indians	5,218,000
Europeans	24,813,000

Indians	259,000
Europeans	3,000
Natives	1,000
Others	2,000
Total	4,500

Europeans	2,100,000
Indians	1,000,000
Natives	40,000
Others	2,000
Total	11,000
Indians	3,000
Europeans	30,000
Natives	500,000

Natal	5,000,000
Transvaal	1,000,000
Orange Free State	1,000,000
Western Cape	1,000,000
Eastern Cape	1,000,000
North West	1,000,000
South West	1,000,000
Other	1,000,000
Total	11,000,000

Thus over the whole area Europeans and Indians each constitute about 2 per cent of the total population. Natal has much the highest proportion of both Europeans (11 per cent) and Indians (12 per cent). Not much numerical evidence here of "Asiatic penetration" being a danger to the Africans. And, of course, the statistical position becomes much more favourable to both Europeans and Africans if the whole Union is included.

3. As to "India looking for a place to offload her surplus popu-

lation," there is just no historical evidence for this in relation to Africa. The Indians first came to South and East Africa at the urgent invitation of the European colonists to supply a type of labour on the Natal plantations and the Kenya-Uganda railway that was not then available locally. The present Indian populations derive from the families of these labourers and from the much smaller number of merchants who followed to provide for their needs. With negligible exceptions, Indian immigration into African territories has been closed since 1914 in South Africa and 1940 in East Africa. No reopening (apart from the removal of some small injustices) has never been made an issue either by the Indian Government or the resident Indian populations. This hardly looks like a deliberate intention to "offload" Indians on Africa.

An in any case the 3 million in Africa (and any conceivable increase in these numbers) can never constitute any real solution of the Indian population problem which runs into tens of millions. Nor will Africans overlook the fact that, whereas Indian immigration is closed, European immigration continues in varying degrees in all the territories discussed.

If Dr. Malan really intends to invite the U.N. to "realise its duty in regard to protecting the Native population against Asiatic penetration," he should first consider whether he is not launching a boomerang against the European communities in Africa.

INDIA'S NATIONAL DAY CELEBRATED AT CAUX

From Our Own Correspondent

THE Danish Foreign Minister, Mr. Ole Rjoern Kraft, the Minister of Refugee Affairs in the West German Government, Dr. Hans Lakschek, and the Hon. Liaquat Ali Khan of Pakistan, "joined Dr. Frank Buchman in the ceremony honouring India's National Day at the Moral Re-Armament World Assembly.

Among the Indian group present were Mr. C. T. Venugopal, Deputy General Manager of the Indian Western Railway; Mr. R. N. Trivedi, President of the Cement Workers' Federation of India, and Lady Bhabha of Calcutta. Mr. Abu Basad Eaver, President of the West Pakistan Federation of Labour, spoke for the Pakistan delegation.

"To me India spells Gandhi," said Dr. Frank Buchman. "Gandhi was the father of his nation and of the whole world. He was a man whose life had no boundaries."

He recalled his long friendship with Gandhi, which started when he first met him in 1915, and was renewed on many occasions not only in the cities of India, but also in London. "Gandhi carried India on his heart and that is the true leader of a nation," said Dr. Buchman. "I am so glad that this is Gandhi's day for his Moral Re-Armament."

Speaking of the needs of India at this time Dr. Buchman continued, "What the people in India are hungry for is work. Stomachs must be filled with food and the people also need an ideology that unifies. When India has this it will be a new India."

At the flag-raising ceremony outside Mountain House, Mr. Ole Rjoern Kraft, the Danish Foreign Minister, said, "I, like all of us, wish to greet India today. All present here wish India and the Indian people not only happiness but strength to carry on the responsibility of freedom. May India be able to lead Asia into a new future."

"Caux has provided us from India and Pakistan with a great opportunity to meet," said Mr. Abu Basad Eaver. He referred to the joint India and Pakistan group attending the Assembly as "the first delegation of its kind." "So far as my countrymen here are concerned," he said, "we have decided to live the way Caux has shown us, the way of love and peace."

More than a thousand delegates, many in national costumes, joined the Indians at the flag-raising. Lady Bhabha of Cal-

cutta unfurled the flag of India. As it broke on the masthead it released a shower of petals in India's national colours. "Here at Caux I have seen lived out the kind of freedom Gandhi wanted us to have," said Lady Bhabha. The international chorus led the singing of the "Jai Gana Mana," India's National Anthem.

Nationals amongst the crowd were the Japanese delegation headed by Mr. Jan Mural of Tokyo, Chief of the Oriental Research Agency. Today is also the eighth anniversary of the signing of the armistice that ended the Pacific war.

Dr. Hans Lakschek, Minister of Refugee Affairs for Western Germany, wished the Indian representatives "the very best for the freedom of their country." "Freedom," he said, "can only be realized on the basis of moral principles."

The representative of the Greek Government at the Assembly, Mr. George Kalligas of Athens, said, "Greece has fought for liberty and freedom in years. We understand India's feelings. May you give true freedom to other nations as well."

The Indian delegation thronged the platform in the great hall of Mountain House at the morning's session. Students, industrialists, labour leaders and representatives of the old princely families of India, together pledged themselves to continue the fight for independence by fighting for a new India and a new world on the basis of Moral Re-Armament.

Mr. C. T. Venugopal said, "Millions died in the fight for our independence. Today through MRA we are discovering something to unite us in a new India."

Mr. B. F. Pandey, Secretary, Democratic Students' Union, Delhi University, said, "Gandhi taught us a new conception of unity but I thought that self-interest would live in. Moral Re-Armament has shown me that unity is meant to be practical in ordinary life." Mr. J. K. Gopal of Calcutta University said, "On this day my desire is to take this answer not only to the 50,000 students of my university, but to the hundreds of millions who need as well as food."

Thanking the representative of Pakistan and other nations who had taken part in the ceremony, Dr. M. Thapar, industrialist from Calcutta, said, "May India and Pakistan and all nations be blessed with women and children of character whose lives are given to bring their nations under God's control."

AM I MY BROTHER'S KARMA?

Mrs. PHYLLIS S. LEAN,

(Secretary National War Memorial Health Foundation)

JOHN DONNE, one-time Dean of St. Paul's, preaching over three hundred years ago, expressed himself in words echoing down the centuries, have given a title to that famous novel of our day "For Whom the Bell Tolls" by Ernest Hemingway.

Donne said:—

No man is an island, entire of itself;
Every man is a piece of the continent,
A part of the main;
Any man's death diminishes me, because
I am involved in mankind,
And therefore never send to know for whom the bell tolls; it tolls for thee.

His reference was to the custom prevailing in his day of tolling a bell to mark the passing of a parishioner's friends and neighbours at work in the fields would count the strokes and listen to the note of the bell and know by the tone and the number of strokes who had died that day. Should they lose count, a boy would be sent to enquire of the parson: "For whom does the bell toll?"

Our karmic responsibility for the suffering of all mankind is the subject of this present enquiry. We must first examine some of the commoner interpretations of the doctrine of karma; then consider the importance of Karma Yoga and finally see how both have a bearing upon the fact of human brotherhood.

Karma means action and a knowledge of the laws of karma is a means of illuminating the path of action; the path we must tread each day, often so bloodily, making such stupid mistakes. Yet the purpose of life, the object of treading the path is gradually to learn to identify the self with the eternal self, to seek the phenomenal into the noumenal or, in other words, to escape from karma. Karma Yoga grants that liberation.

A true understanding, deep and inward, of karma enables one to reckon, each day, each hour, each moment, with calm and uncondemning mind, the sum total of evil and of good within events and experiences.

The Sanskrit word karma is difficult to translate by any single word or phrase in English for it describes a philosophic concept which may be considered as Action or Activity, as the Law

of Cause and Effect, as Retribution, as the Storehouse of Merit and Demerit and as Character.

Action on any plane of nature lower than the spiritual cannot take place outside the laws of karma. There is, so to say, no extra-karmic vacuum in which action can be performed without producing inevitable karmic results. The contemplation of this idea, however, should not make us afraid of action for we are told:—

"Not in action but in desire, not in action but in attachment to its fruit, lies the binding force of action."

Gita III, 29.

Another ancient script tells us, in another way, to get on with the job, fearless of consequences:—

"He who doeth the karma laid down by his own nature incurmeth not sin."

Karma regarded as the Law of Cause and Effect describes that aspect of the subject which is most easily understood and to which frequent reference is made in the Scriptures of the world. The causes creating present effects may lie in the remote past; they have been set in motion only this morning, but always, causes produce effects, according to the law.

"With what measure ye mete, it shall be measured unto you."—Matthew III 12

"Good is not mocked, for whatsoever a man soweth, that shall he also reap."—Galatians VI 7.

"He that soweth sparingly shall reap sparingly and he that soweth bountifully shall reap also bountifully."—2 Corinthians IX 6.

That last quotation should be drawn to the attention of all the mean people of the earth, to those who grudge their time, their energy and their money. The operation of the law in terms of bounty explains why those who give much have much to give and is the real reason behind the oft-observed fact that the busiest people take on all the extra work and seem always able to find time and energy for a little bit more.

Karma operating as Cause and Effect is a hopeful doctrine. Our aspirations become capacities, our experiences truly welcomed, well understood and thoroughly digested, become wisdom; our

pain and our suffering become conscience, our thoughts build our characters and our actions create our environment. Ours is the universe to make or to mar; "the world is my master", is a true saying indeed.

Retribution as a result of action in the past is another important aspect of karma but often misunderstood.

Karma is, this sense, that fate which each man has created for himself by his own deeds, but it is not Kismet. Kismet, an Arabic word meaning fate or destiny, conveys the idea of a fate imposed upon a man by some external Deity, a fate which the individual must accept and is powerless to alter. Conscious or unconscious belief in Kismet drives man to materialism and to despair. Merely it is a false doctrine.

Karma helps us to understand much in life that otherwise would seem cruel, meaningless or stupid. Those who suffer a lifetime of pain, the cripples, the hunchbacks, the victims of cancer, are in some cases, paying the price of cruelty which they themselves inflicted on others in another life. Yet have you not observed so often the cheerful, grateful hearts of the suffering ones. I think of more than one I have known, condemned for years to a sick bed, in whose presence there has been a radiance, a gratitude, a simple happiness denied to many who live in health and strength. In such ways of cheerful living do the sufferers pay for old debts and prepare the harvest of the future when they shall return, limble and caroline again.

And is it not wise to pay our debts as quickly as we can? Ordinary debts in everyday life are a hindrance and an anxiety. The sensible person makes small economies or works overtime, or takes an extra part-time job and pays his bills. So it should be with our karmic debts; trouble now is a sure indication that the bill has been presented and you are paying it off. So be very glad for the rough and difficult passages in your life.

Sometimes when confronted with this explanation of trouble and suffering people claim that it is unfair and unreasonable that they have a great load of karmic debt to pay off and that they cannot remember having committed in the past those acts which have produced so much trouble now. Well, suppose we could remember, suppose the veils were for a moment torn apart. If we could see our whole past and future and could know the full sum of our debt, then we could live in a per-

petual state of apprehension dreading the road ahead. Think back to the worst moment in your life, the greatest tragedy; then think back to a time six months before that moment; imagine the ghastly apprehension in which you would have lived had the future been known to you.

It is for such reasons that God in His mercy denies full knowledge of the past and the future to all save the spiritually mature; to all save those who are wise enough and great enough to bear it.

Karma regarded as a storehouse of merit and demerit is a concept which occurs in many forms some of them highly poetic and colourful, in the legends and philosophies of the human race. The Recording Angel with his great ledger is a familiar figure. Perhaps it is as well that we cannot look over his shoulder and see our own page in that ledger; we should surely see ourselves well and truly "in the red."

Merit is stored as the result of generosity and sympathy but let not that knowledge be the motive or the reason for right conduct. To give with half-an-eye on one's own karma is to bring into operation another aspect of the law. It is just like snakes and ladders; if you behave like this you run the risk of being sent back to the bottom of the board. In other words, do not fall into the trap of self-righteousness and spiritual pride.

A knowledge of the law of karma helps us to tackle the problem of poverty, misery and human suffering in ourselves and in others with cheerful frankness and with a self-confidence which is not yet self-righteous, remembering always those lines from Sir Edwin Arnold's "The Light of Asia":—

I, Buddha, who wept with all my brother's tears
Whose heart was broken by the whole world's woe
Laugh and am glad
For there is Liberty
Not ye who suffer, know
Ye suffer from yourselves
None else compels."

The sum total of man's karma operating simultaneously on all the planes of action determines his character; each of us carries throughout life our own karmic hallmarks; each of us can improve the quality of our being and by karma means build a better character for the future. To those who argue "What is the use of trying, you cannot change human nature" we have the certain answer "Indeed you can, and with the help of the

laws of Karma you are doing so all the time."

A knowledge of Karma makes us tolerant. Look not self-righteously, nor with condemning, critical eyes upon the criminal, the drunkard, the glutton or the fool, but say, in your heart:

"There but for the Grace of God go I."

What is the grace of God? God shows His Grace to us in those laws which govern His universe; part of the Grace of God which has kept you from the prison cell or the cripple's pain is Karma. Understand and be grateful, tolerant and patient.

Each of us is caught within a circle of our own self-imposed, self-created limitations. Each of us holds the key which will open the door.

Karma is a law of nature good not bad, a law in the sense that the force of gravity is a law; law as the scientist uses the term. We know that the sun rises and sets, the moon waxes and wanes, the tides sweep over the beaches, the seasons follow each other in rhythmic cycles according to law. In that same way does Karma operate. It is part of the pattern of life, the pattern along which events flow. Like every other natural law, it cannot be altered to suit our personal convenience.

The law of Karma is the law of adjustment; the great compensating factor in the universe which operates so fairly that we must be very certain that circumstances now are the precise results of our actions, thoughts, emotions and desires.

Religion is very largely concerned with morals and ethics and much of the immorality which today we deplore derives from the fact that religious teachers commend moral behaviour without defining the reasons why moral behaviour is sensible behaviour. Karma is the rationale of ethics.

Deeds, actions are possessed of a karmic immortality and no thought is traceless; it goes out into the universe to help or hinder, build or destroy, no effort, not even the smallest, can vanish utterly from the world. Everything produces its logical karmic result.

"The pepper tree will not give birth to rose,

Nor the sweet jasmine's silver star,

To thorn or thistle turn."

Thus, poetically is Karma described in "The Voice of Silence"

A knowledge of the law teaches us patience and contentment, gives us inward peace and a profound sense of security.

"And round about us are the everlasting arms." Self-confidence without arrogance and self-reliance which yet relies upon the all-embracing Divine Life, come to those who know the law. Restraint is their watchword, and ever-increasing responsibility and opportunity their good fortune; certain harvest of certain sowing.

But...when you know the law, forget it. Never be self-conscious about it, trying to live according to rule; right living must become instinctive in man. Is that so impossible? If the instincts of self-preservation, of protection of the young have been built firmly into the mysterious structure of man, surely it is not impossible to imagine that in the long course of evolution, right conduct too, will become instinctive with us.

"Desire to sow no seed for your own harvesting.

Desire to sow only that seed the fruit of which shall feed the world."

Karma Yoga is the yoga of action, the yoga for the man of action, living in the world. To understand this yoga we must first appreciate that we are each provided with just the environment we require with just the lessons we need to learn. Once we realise that, there is very little that has power to hurt us and the way is open for the pursuit of Karma yoga.

Today is the harvest of all our yesterdays, tomorrow is ours to mould as we will. Seek to destroy the seeds of passion within you. Anger and envy, hot temper, irritation, all such emotions are manifestations of passion.

Karma yoga demands the conquest of the personality. That ancient teaching has led to much misunderstanding. Many a man has thought that by repressing himself, subduing his personality, he has conquered it.

Let us get this straight. We are being called to put upon the armour of God, not that of a small beetle, creeping miserably about the floor, waiting to be squashed!

The ramifications of this subject are vast indeed. The spiritual and moral significance of humility and pride demand years of thought and practice for their understanding. It is enough at this early stage, if the simple seeker tries to understand the conquest of the personality in terms of a steadfast refusal to take things personally. When others are given the limelight, the praise and the honour, try not to mind.

When your efforts go unrewarded, let it not trouble you. That is the beginning of the conquest of personality.

Learn to seek alone, to find alone and to serve alone, heedless of praise or blame.

Karma yoga teaches us right relations towards people and right action in ordinary life. It is by many regarded as the one essential yoga for without it other yogas may degenerate into a search for miracles into pseudo-occultism, a substitute for mysticism, a barren metaphysics.

This yoga is the yoga of activity which keeps wide awake, aware, under the hypnotic effect of activity. What nonsense is that? What strange paradoxical statement? The constant repetition of actions, "the daily round, the common task," can delude us into believing that we are getting somewhere, accomplishing something. Karma yoga changes our attitude to our activities, enabling us to stand in the wise, watching the parts we play upon the stage of life. When one knows oneself as an actor, then comes the awareness of power passing through the being, of oneself as an instrument in the hands of God.

"The words that I speak unto you, I speak not of myself, but the Father that dwelleth in me, he doeth the works."

John 14, v 10.

As the inner attitude changes so do events, for Karma teaches non-attachment to the fruits of action and gives us freedom; the freedom that the actor has to be Hamlet today, Othello tomorrow and Cyrano de Bergerac next week.

Karma yoga, whether they know themselves as such or not are sometimes to be found at the head of affairs, as Prime Ministers, as leaders of religious communities or welfare organisations, in many a post affecting unfolding human history.

To consider our karmic interrelationships, "our brother's Karma," we must think of large aggregates of human beings. National Karma is an interesting field of study and history repeatedly demonstrates that the Karma of racial enmity, invasion, conquest and war cannot be avoided, while nations or governments seeking to improve conditions for the less fortunate reap for themselves the bitter Karma harvest. In the ancient scriptures of India we are warned of the karmic result of creating schisms. The history of religious movements is a stained banner, sects and divisions, tiny churches, strange

beliefs; but life moves ever in the direction of greater wholes, the lesser parts merging to form the greater. The man or the nation who would build his Karma in conformity with the forward-thrusting evolutionary pattern is warned against the tendency to splinter and subdivide.

Disaster comes to those who deny their dharma. Dharma is an untranslatable word as Karma; to say that 'dharma' is duty is only an approximate definition. The Christian Church exhorts us:—"Harden not your hearts."

A hardening of the heart is a denial of dharma. There is no happiness for the man who neglects his duty and living within a shell of his own making, becomes unaware. The hard of heart becomes too soon the hard of hearing; laughter and bird-song are lost for him, nor is the small whispering voice of the innermost.

"No man is an island," every man is part of his brother's Karma.

How then to help our brothers? Not alone with good works, for that means an "addition knocking at innumerable doors, the doors labelled Committee, Society, Fund, Organisation. Tagore once wrote,—

"He who wants to do good knocks at the door, he who loves finds it open."

Love involves ready acceptance of your brother's Karma with your own, knowing that compassion will shatter the most malignant forces, and that the liberty we crave is the veritable crown of progress, not its first step.

"Only those who are bound to nothing but themselves, can be bound to everyone in the name of the One Life."

Olga IV (1922).

We do not break the "bond" which binds us and which enslaves our brethren by becoming hard, cold, austere, insensitive. Many, in the pursuit of the impersonal, have tried that road and failed. The chains fall away as we become more aware, more responsive, wider awake, more fully in control of our activity.

Thomas à Kempis stated the in a direction to one of his disciples:—

"Son, thou oughtest diligently to attend to this, that in every place, every action or outward occupation thou be lowly and free and mighty in thyself and all things be under thee and thou not under them, that thou be lord and governor of thy deeds, not servant."

WAR RESISTERS LEAGUE

ON September 12 and 13 the War Resisters League will hold its 24th annual conference in New York. The readers will no doubt be interested to know what the League is and what it stands for. The following is given from a pamphlet published by it

'Against All Wars

The War resisters League is an organisation of men and women who have determined to give no support to any war, civil or international.

Out of the experience of World Wars I and II they have seen that if war is to be abolished, then some men and women will have to be pioneers in the struggle against it. War Resisters have taken the first step in this pioneering job by themselves renouncing war and its methods. They are joined together in this determination; whatever the reasons—humanitarian, ethical or religious—which have led them to this position.

While they have no uniformity of belief in regard to specific steps that should be taken to build a more perfect world, they share in common the goal of a world community of free and decent men in a free and just society. They believe that the use of violence defeats its own purpose, and they have faith in non-violent methods like negotiation, education, political action and popular demonstrations as the only means of reaching the desired end. They have therefore joined together to work for peaceful solutions to the crucial problems we face today.

Beginnings

The War Resisters League was organised in 1921 through the initiative of Jessie Wallace Hughan. Two years earlier in Europe the War Resisters International had been formed, that world union of War Resisters which today counts members in 86 countries. The WRL joined the WRI, gaining strength from the association.

During the '20's and '30's the WRL worked with the growing pacifist movement in America to bring unity among nations and to strengthen peace forces in this country. But its programme was distinct in stressing individual refusal of war support as an essential element in preventing war and building a warless world. Due in large part to the unflinching efforts of Dr. Hughan and the long service of Abraham Kaufman, as the first executive secretary, the League's tiny initial membership slowly grew and became national in scope. Its mem-

bers contributed to a growing body of theory and knowledge concerned with resisting wars and with finding constructive, dynamic alternatives to war. The growth and work of the Gandhian movement in India added new insights on non-violence and its social organization which Western pacifists welcomed.

During World War II

Up to 1940 the WRL had concentrated on convincing individuals that war was wrong and futile, and that it could be prevented by courageous and intelligent actions directed at the underlying problems that cause war. The 1940 Selective Act gave the League the important job of helping not only our own conscientious objector members but also many puzzled young men who would otherwise have had to meet their test alone. The WRL was a leader in the committees which maintained advisory services for COs through the war years, and it sought to bring an end to injustice in dealing with COs during that period.

The WRL gave its strongest support during the war to those conscientious objectors, whether in conscientious objectors camps or in prison, who opposed not only the war but all regimentation which went with it. Such support at this point was crucial, for the pacifist groups in greater or lesser degree accepted the forced labour system embodied in Selective Service provisions for "alternative service" such as the C.P.S. camps.

Since The War

World War II brought on peace and no security. The violence and wholesale destruction has been followed by the Cold War with its tensions, suspicions and fear. Two giant nations keep millions of men under arms and speed up the production of their atomic weapons. Open warfare has all but destroyed Korea, killing soldiers and civilians by the hundreds of thousands. Moreover the peoples of the East are rising up in a series of revolts, with a determination to throw off the white man's exploitation and humiliations, and the white man is too often meeting their aspirations with guns.

But for War Resisters there is no retreat. They will try again and again to convince their fellows that to avoid the catastrophe of atomic war we must make it possible for social change to take place without violence. That means plain-black renunciation

of war by individual men, by groups and by nations. Such renunciation is the first step toward creating the alternative conditions in which non-violent solutions to our great problems can be worked out.

The WRL, therefore, strives toward the disarmament of this nation and of the world. Peace and democracy demand for their survival a world community, with the conscious social organization of non-violent methods of dealing with conflicts at all levels.

The War Resisters League is an affiliate of the War Resisters International, whose headquarters are in London, and we work to maintain international contacts with groups and individuals, to aid and co-operate with pacifist efforts everywhere in the world. There are pacifists in all countries, including Germany, Japan and Russia (members of the Mennonite church). The ideal of pacifism knows no boundaries.

Programme

The War Resisters League carries on a programme of education and action aimed at laying

before an ever-larger number of people the alternatives that lie in non-violent problem solving. Through a field programme which takes WRL speakers and discussion leaders to college campuses and communities across the country, through the growing literature production and distribution, through activities of local groups, publicity and demonstrations for peace, and through co-operation with other groups interested in developing peaceful solutions to vital problems, the War Resisters League seeks to spread the new dynamic of non-violent resistance to tyranny and war.

Things In General

Opening Of McCord's New Wing

A new £30,000 wing at the McCord Zulu Hospital, Durban, was officially opened last Saturday by the Administrator, Mr. D. G. Shepstone. Mrs. Margaret McCord, widow of Dr. James B. McCord, founder of the Hospital, who at the age of 82 had come from the United States specially for the occasion was present and another historic figure present was Mrs. Kallie Mahanya. Both had played a unique part in the establishment of McCord Hospital and its growth. The new building consists of exceedingly fine operating theatres, X-ray and therapy facilities and a large waiting room for out patients. Tributes were paid both to the founder and to Dr. Allan B. Taylor who is in charge of the Hospital and who has won the esteem of all the non-European people for his humanitarian work. The McCord Hospital has not only been a blessing to the African people but to many Indians who are having treatment there in increasing numbers. Several Indian women are studying nursing there and Indian doctors who have just completed their medical studies are doing their internships there. The large and distinguished gathering including Europeans, Africans and a number of Indians were served with tea and light refreshments after a very interesting and impressive function.

Joint Conference Of African And Indian Congresses

A conference has been called jointly by the African National Congress and the Natal Indian Congress to discuss the increase in the Cost of Living and the decentralised bus terminals. The conference will be held at the Gandhi Hall, Lorne Street on Sunday, August 30, commencing at 10.30 a.m. Invitations have been sent to all sporting, cultural, trade union, church and social organisations. Delegates representing the various factories in Durban and District have also been invited to attend the conference. The Congresses are greatly perturbed at the rise in the Cost of Living of all sections of the South African population. The recent taxation on bread and transport imposed by the Minister of transport, Mr. Havenga, has seriously burdened the poorer sections of the communities, with increased costs for essential commodities.

There is great discontent amongst the thousand of bus users on the siting of bus terminals at Winterton Walk and Lorne Street. The Congresses are confident that conference will demonstrate the widespread public demand for better living conditions and for the use of the Testing Grounds as a central bus terminus. The present efforts of the authorities, in providing robots etc., have had little effect on the chaos in this area during peak hours.

Advocate A Christopher Seriously Ill

Indians and all others throughout the Union who know Advocate Albert Christopher, will be grieved to learn that Mr. Christopher who has not been keeping too well of late had a serious heart attack last Sunday and has been taken to the St. Aidan's Hospital. Though his condition is slowly improving he has grown very weak. The sincere prayers of all will go to the Almighty for his speedy recovery.

મહાત્મા ગાંધીજીના હસ્તે

ઈશ્વરમય જીવન

હૈન્ડીજી આરતના સુપ્રસિદ્ધ સંત સ્વામી રામકૃષ્ણ સાથે મએલ નીચેની પ્રતોત્તરી થી. જમીન પર એવર્ધનદાસ પરિખ તરફથી જીલ્લાઈ માસના 'અખંડાનંદ'માં પ્રસિદ્ધ થઈ છે એ અત્યંત મોહકાવક હોય અમારા વાચકો. સમજી તે રજી કરવાની કાલ્પ અમે રોકી શકતા નથી. એટલી સુદર છે કે હૈન્ડી કરીને વાંચવાથી તેના રસ જરાયે ઘટતો નથી.

પ્રશ્ન : 'ઈશ્વરમય'ના શુદ્ધિ કામ આવે ખરી?

ઉત્તર : 'ઈશ્વર' પાસે પદોચ્ચારમાં શુદ્ધિનું જરાયે કામ નથી. શુદ્ધિ એ તો એક ગોપિયા જેવી છે. ગોપિયો એ હાથે પકડ્યો હોય તે હાથ સિવાય બીજી વસ્તુએ પકડી શકે છે. તેથી જ રીતે શુદ્ધિ પણ તેનું ઉપમર્યાન 'ઈશ્વર' સિવાય બીજી બધી વસ્તુએ સમજવામાં મદદગારી થાય છે.

પ્રશ્ન : આપણા દોહસ્તંભના આગે સાધુ, મહાત્મા અને સતો થયા છે. તીર્થસ્થાનો અને મંદિરો પણ ઠેરઠેર છે, છતાં દેવની સિધ્ધિ અતિ દુઃખદ છે. દેસમાં લોકોને હજી ખાવાનું મળતું નથી, પહેરવાને કપડાં નથી અને ચેમિર, ગરીબાઈ છાછ રહી છે; જ્યારે યુરોપ-અમેરીકામાં સંત-મહાત્મા શોધે જત્યા નથી; ત્યાં તો લકષ્મી તથા અનવચની રેલમહેલ વહી રહી છે; એ કેવું?

ઉત્તર : તેમ છતાં-એ સૌ પશ્ચિમ ની પ્રજાએ યુરોપીયને તેમજ અમેરીકાનો દળ પણ સાચી જાતિ અને સાચા આનંદ શોધવા ગરીબ દોહસ્તંભનામાં આગે પણ આવે છે, તેનું કારણ આધિભૌતિક (અ. મટીરિયલ પ્રોસ્પેરિટી) પ્રસન્નતા બાલ્યુને સાચું સુખ કે શાંતિ આપી શકતી નથી તે છે.

પ્રશ્ન : મનુષ્યજનનું ક્ષેપ શું હોઈ નોંધાય?

ઉત્તર : ઈશ્વરની પ્રાંત.

પ્રશ્ન : આ દુનિયાની સૌ ચીંતાઓ ને કેમ છુટાવ?

ઉત્તર : ઈશ્વરને યાદ કરવાથી.

પ્રશ્ન : પરંતુ અમે તો પાંચ મિનિટ ૫ ઈશ્વરને યાદ કરી શકતા નથી.

ઉત્તર : અરે—પાંચ મીનીટ તો શું તેથી થોડો સમય, એટલી ઘડી તેને યાદ કરશો—તેટલો સમય પણ તમે મિહકુષ ઘોંટારફીત બનશો. એ ઘોંટારફીત ઈશ્વરની-યાદમાં રહેશો

તો ચીનીસે કલાક સૌ ચીંતા અને ઉપાધિમાંથી છુટીશો.

પ્રશ્ન : ઈશ્વરનું જ્ઞાન કરવાનો સૌ થી સરળ ઉપાય બતાવશો?

ઉત્તર : સૌથી સહેલો ઉપાય છે તેનું નામ—રમરમ.

પ્રશ્ન : પણ ઈશ્વરના નામનો જપ કરતા પણ તેને જાણી જાય તેનું શું?

ઉત્તર : બાઈ! આપનું નામ શું? (જવાબ : ખીરજલાલ) તો ખીરજલાલ આ નામ ઉચ્ચારાયાથી તમે ખીરજલાલને જાણી શકો ખરા? એ વખતે તમે ઈશ્વરનું નામ બોલો તે જ ઘડી એ તેનું આપું સ્વરૂપ તમારા અંતર સમીપ ખસી જાય જ. તમે કહો છો કે તેનું રમરમ કરતા તેને જાણી જાય છે એ કેમ બને?

પ્રશ્ન : એ ખરું છે. મારાથી તો ઈશ્વરને યાદ કરવાનું પણ જાણી જવાય છે, ત્યાં શું થઈ શકે?

ઉત્તર : ના ના, તે પણ અસાધ્ય નથી; કારણ કે એ તમને ઈશ્વર મટે ખરી તથા હશે તો તેને યાદ કરવાનું પણ સુલભ નહિ.

પ્રશ્ન : જ્યારે ઈશ્વરનું જ્ઞાન કરતા હોઈએ, ત્યારે મનમાં કેવા પ્રકારની જાગના રાખવી જોઈએ?

ઉત્તર : જ્યારે તમે 'મૂઠ' વિશે વિચાર કરો, ત્યારે કંઈક જાગના તમારા મનમાં આવે છે? કુપનો સ્થિત રજ, તેના સ્વાદમાં મધુરતા, તે પોષાયથી થતી શાંતિ વગેરે વગેરે આમ ઈશ્વરના વિચાર કરતાં પણ તેના વિષયિય બાવ તમારા મનમાં ઉભા જોઈએ. ઈશ્વરનું સ્વરૂપ સત-ચિત-આનંદ છે. સત એટલે જેનું સર્વદા અસ્તિત્વ છે તે. આ દુનિયાની સૌ વસ્તુઓ નાશવંત છે. તે ઉપરથી જોના નાશ નથી અને એ શાશ્વત છે એવી એક વસ્તુ તમે સહેને અનુમાન કરી શકશો. ચિત્ત એટલે શાશ્વત જ્ઞાન. આપણે એ કાંઈ જાણીએ છીએ તે સિવાય બીજું એવું કશું છે એ આપણે જાણતા નથી. આ ઉપરથી પણ તમે એવા જાનને ધારી શકશો કે એ જાણથી પછી કાંઈ જાણવાનું બકા રહેતું નથી—આ સાશ્વત જ્ઞાન. દબે રહો, આનંદ. આનંદ એટલે અપરિમિત આનંદ. આપણે જે કાંઈ આનંદ અનુભવીએ છીએ

તે સમય જતાં એકસરી જાય છે અને વળી પાછા તેને તે જ આનંદ મેળવવા આપણે તકલ્પ કરીએ છીએ આ સૌ આનંદની ઘડીએ કાણીક છે. ઘડી બે ઘડી આવી વળી પાછી જતાં જતાં દુઃખને વેરવી જાય છે. આપણું ને થાય કે એવો સદાય આનંદ મોજવવાનો હોય તો? આ સૌ સત-ચિત-આનંદની આવના ઈશ્વરના જ્ઞાન વખતે રાખવી જોઈએ. રામદાસ તમને વધુ સરળતાથી સમજાવશે. ધારો કે તમે જનારસ જોઈું નથી. પરંતુ એ જાણ જનારસ જાણ આપ્યા હોય તેમની પાસેથી તમે જનારસનું વર્ણન સાંભળો. સાંભળીને તમને જનારસ જવાની કમ્બલ થાય તો તેના વચન ઉપર વિશ્વાસ રાખી તે જાતાવે તે રસ્તે ચઢીને તો જાણું જોઈએ ને? અલખત, રસ્તે જા જતાં જતાં. થે તમે ક્યાં જવાનું ધાણું છે અર્થાત્ તમને ક્ષેપ, એ તો જાણું ન જ જોઈએ; નહિતર જનારસને બહોળે ખીજે જ નયમે જોવાઈ જશે. આમ ઈશ્વરની પાસે પદોચ્ચાર સાચા, તેના નામનું રમરમ રાખતાં રાખતાં મોખિય. એ દસોલેલા ધાર્મિક જ જાણું જોઈએ.

પ્રશ્ન : કોઈ કોઈ વાર મનમાં જુરી કમ્બાઓ આવે છે તેને કેમ રોકવી?

ઉત્તર : મને નેવી જુરી વાસના ઈશ્વરના નામસ્મરણથી રોકાય છે ઈશ્વર એટલે સોના હાથમાં વસેલો અંતર્યામી.

પ્રશ્ન : જો ઈશ્વરનો આવાસ સર્વંત છે તો શું તે મારી જુરી વાસનામાં નથી?

ઉત્તર : છે જ, ઈશ્વર તમારી જુરી વાસનામાં પણ છે.

પ્રશ્ન : તો પછી મારી વાસનાઓ આવી જુરી કેમ થાય?

ઉત્તર : ખરું છે, જો તમે સાચે જ જાણો કે ઈશ્વર મારી વાસનાઓમાં પણ વસે છે તો તમારી વાસના કદાપિ જુરી થશે જ નહિ.

પ્રશ્ન : તો શું અમારી કમ્બાઓ કે વાસનામાં કોઈ ભૂલ આવી જાય છે?

ઉત્તર : જુલુપી અગાઉ તો જરૂર રહેતું હતું, નહિતર વાસના માનમાં ઉંચકેનાં વાસ સમજીને તો કદાપિ કુદ વાસના ઉત્પન્ન થશે જ નહિ. વસ્તુતઃ આ સમયે જન્મત ઈશ્વરનો આવાસ

છે અને ઈશ્વર સારા જન્મમાં છે, પણ જન્મત ઈશ્વરમાં નથી. 'ઈશ્વર છે' એવો જવાબ પણ લોકોમાં નથી. આ વિશ્વમાં એ કાંઈ નામ-રૂપ અને પરિવર્તન છે, એ સોના કારણજીત ઈશ્વર છે અને છે અને તેના વિના બીજું કાંઈ પણ નથી.

પ્રશ્ન : તેમ છતાં દુનિયામાં જ્યાંહી બધી જુરાઈઓ ચાલી રહી છે એ કેવું?

ઉત્તર : બાઈ! જુરાઈ જેવું કાંઈ નથી.

પ્રશ્ન : કેમ? ધારો કે હું ગુરસે ધાઈ તો તે જુરાઈ નહિ તો બીજું શું?

ઉત્તર : એ ઘડીએ તમે તમારા ગુસ્સામાં ઈશ્વરનું દર્શન કરશો તે જ પળે તમારા કોષમાં કાંઈ અનન્ય પરિવર્તન થશે. સૌ વાતનો સાર એક જ સમજી કે પ્રત્યેક વિગતમાં ઈશ્વરનું દર્શન થાય તેમ કરવા પ્રયત્ન કરવો જોઈએ.

પ્રશ્ન : સ્વામીજી! ઈશ્વર અમારાથી છુપેા કેમ રહે છે?

ઉત્તર : (હાસ્ય સાથે) એ પ્રત્યક્ષ પણ છે હો! આ આપણે સૌ ઈશ્વર ના પ્રત્યક્ષ દર્શન નથી તો શું છે?

પ્રશ્ન : આપની સાધક અવસ્થામાં આપને શ્રદ્ધા કેમ મળી જતી હતી?

ઉત્તર : ખાસ કરીને એક જ કારણે. પ્રાર્થના એકાદ હતું, શાંતિ હતી અને કંદરત સહેલાઈપર થઈ હું એકલો મારા આનંદમાં મગત હતો.

પ્રશ્ન : ત્યાં કુર, ગુહામાં રોજ ખાવાનું મેલ્યું હું પાડ્યું હતું?

ઉત્તર : (હસીને) ઈશ્વર કોઈ ને કોઈ સ્વરૂપમાં આવી દરરોજ મોજાજ મારી સમીપ જુડી જતો. ઈશ્વર કહે છે કે 'મારા બંડલોના કુંડાસ ખુલે'—ને ખરેખર, કાસ સ્વરૂપે તે બંડાની પાસે આવે છે પણ ખરેખર : ઈશ્વર તરફ તમે માનુષાવતારથી જોશો તો એક ચાતા જતીને તે તમને પાલનપેલણ કરશે.

પ્રશ્ન : ધારો કે એક માણસ દુનિયામાં રહી કાંઈ પણ કામ કરે નહિ તો એવાને ઈશ્વર ખાવા આપશે ખરે?

ઉત્તર : કેવળ આપણુ જીવન માળ નારને ઈશ્વર કદી ખાવાનું આપતો નથી, પરંતુ જો તે ઈશ્વરના જ્ઞાનમાં મગ રહેલો હશે તો ઈશ્વર જરૂર તેને મોજાજ હું પાડશે, એટલું જ નહિ પણ તેની બીજી જરૂરિયાત પણ (અનુસંધાન પાને ૪૩૪ મે)

દક્ષિણ આફ્રીકાનું ભાવિ

વૅલ્ડ્ કાઉન્સિલ ઓફ ચર્ચર્સ ના જનરલ સેક્રેટરી ડૉ. કમલેસુ. એ. વીરસરદીહુક્ટ દક્ષિણ આફ્રીકાની પોતાની સુલાકાતને હેવાલે આપનારાં એક નિવેદનમાં જણાવે છે કે, “પ્રુદ પેતાના જીવનમાં તેમજ સમાજના જીવનમાં ઉપસ્થિત થયેલા જાતી ભેદનાં વચ્ચેના સંબંધના સુચવણ કરેલા સવાલને પ્રત્યુત્તર તરીકે આપે છે. તેના પર દક્ષિણ આફ્રીકાના ભવિષ્યનો આધાર રહેલો છે.” તેઓ વધુમાં લખે છે કે, “મારી માશૂક એ કોઈ પણ આફ્રીકાનરો, અંગ્રેજો તેમજ બાન્ડુઓ અને હાંદીઓના અહોમાં ફરેલું હશે તેને, કેમ જાણે હર વખતે કોઈ નવાજ કેશમાં પ્રવેશ નહિ કરતા હોય, એવું લાગ્યા વિના નહિ રહ્યું હોય. કારણ પ્રત્યેકની દુનીયા પરની અને પેતાના જમા અણગમતા પરની દ્રષ્ટિ સુદી જ, જેવામાં આવે છે. પરંતુ આ પ્રત્યેક નવી દુનીયામાં એવા ખ્રીસ્તીઓ જેવામાં નહિ આવ્યા હોય, કે જેઓ અધુનેતિક દ્રષ્ટિથી જુએ છે અને આ સુચવણ ખરેખરા સવાલોનો નૈતિક ઉકેલ શોધવાનો પ્રયત્ન કરે છે, તો ઘણાજ નાહિમત કરનારો અનુભવ થઈ પડે.”

પરંતુ ડૉ. વીરસરે એટલું કણ્ઠ કરવું પડ્યું કે આવી નૈતિક ભાવના ધરાવનારો ઘણા જુદા અને જડયા નહિ જડે તેવા છે. અને આ હેરા એવા પ્રત્યાષાતી તરવોના હાથમાં જઈ પડેલા હોય છે કે જેઓ પ્રુદ ખ્રીસ્તી ધર્મને ફક્ત એકાદની તાંબાની માં છે. રેઝરવેશન ઓફ સેપરેટ એમેનીટીઝ બીલ જે રીતે પાર્લામેન્ટમાંથી પસાર થઈ રહ્યું છે એ જોતાં ખ્રીસ્તી ધર્મ ટકી શકવાની સઘળી આશા ઓછી થઈ. જાગવા લાગી છે. સંપૂર્ણ સમાનતા તો બહુ રહી પરંતુ સરકારની એપાર્ટહેડની નીતી અમલમાં ચુકવામાં

તેનું ન્યાય ભયું પ્રમાણ પણ રહેવાનું નથી. ઉક્ત બીલના બીજા પાંચમી શરૂઆત તેમજ અંતમાં ન્યાય મંત્રી મી. સી. આર. સ્વાટે કરેલાં નિવેદન પરથી જોતાં એજ સરકારની યોજાની નીતી છે. જળી વિરોધ પણ પણ એ બીલને પોતાના આશિર્વાદ આપ્યા છે. તેનો વિરોધ કરનારોમાં મનુર પણ અને નેટીવોના પ્રતિનિધિઓ હતા, જેઓને તેઓએ હાથેલી હાંમતને માટે હાર્દિક અભિનંદન થઈ છે. વૃષ એરીયાલ એક્ટનો અમલ કેવી રીતે થશે એ પણ આ બીલ પરથી કહી શકાય છે.

અમને વિચાર આવે છે કે ડૉ. ટીહુક્ટે કરખન શહેરનો એ લોકો જેઓ હાથે કે કેમ કે જે બીન-ગેરાઓથી વસાવેલો છે અને જ્યાં તેઓની નિશાળે અને ઇસ્પીતાલ આવેલી છે અને કરખન સીટી કાઉન્સિલે બીન-ગેરાઓના સખત વિરોધને ઠાકર મારીને ત્યાં તેઓની ધસો ને ઉભવાનું સ્થાન બનાવેલું છે અને એ રીતે એ લોકોને ત્યાના વસનારાઓને માટે એક નડવાંસ ના જેવો બનાવી દીધેલો છે. એ લોકોમાં આવેલી બીન-ગેરાઓની નિશાળો અને ઇસ્પીતાલને ખલલ પહોંચે તેનાયે તેણે ખ્યાલ કયો નથી. આ સઘળી વસ્તુઓની તાકત તરછોટવેલા બીન-ગેરાઓના મન પર ધુરી અસર થાય અને તેઓનામાં નિરાશાની લાગણી વધતી જાય અને અંતે પરિણામની પરવા કયા વિના તેઓ ઉછાછળું પગલું હાથે જોડે તો કશું નવાઈ જેવું નજર પડ્યા.

રેઝરવેશન ઓફ સેપરેટ એમેનીટીઝ બીલ પ્રેરેલું સિદ્ધ કરી આવે છે કે બીન-ગેરાઓને માટે ન્યાય કે અદલ ઇન્સાફ જેવી વસ્તુ છેજ નહિ. કારણ એપાર્ટહેડની હાલની વ્યવસ્થામાં પણ જે જુગજુગ સુરક્ષિતતા

રહેલી છે તે પણ આ બીલથી નાબુદ કરવાનું યોજવામાં આવ્યું છે. આ સઘળાં હાંખાં વર્ષોમાં સેથેગેશનના હાથાત કાયદાઓ વચે વા ન વચે છતાં બીન-ગેરાઓએ તેનો લાંબ કરેલો હોય તેવા ભાગ્યેજ હાખલા બનેલા છે. અને સુરોપીયન અને આફ્રીકન વચ્ચેના મીઠા લગ્નને હાખલો ટાંકવાને પણ ન્યાય મંત્રીને પરદેશ તરફ નજર કરવી પડી છે. અને તેવા કેટલા હાખલા ટાંકી શકાય છે? આને સરકારની વિના કારણ બીન-ગેરાઓને ઉરકેરડી નહિ ગણાય તો બીજું શું ગણાય એ અમારા સમજવામાં આવતું નથી.

આજે બીન-ગેરાઓ હાલના રાજ્યકર્તાઓના હાથમાંથી સત્તા હુટવી હેવાનો વિચાર સરખો પણ કરતા નથી. સત્તાચક્રની લડતની પાછળનો આખો હેતુ ન્યાય કે જેને તેઓને હક છે, તેના ઇન્કાર કરવામાં આવી રહ્યો છે, તે માગવા સિવાય બીજો કશો નથી. પરંતુ સરકાર આવાં પગલાંઓ વડે રિયલિને તંગ કરી રહી છે. બીન-ગેરાઓ, જેઓની સખ્ય ગેરાના કરતાં

ચારગણી છે, તેઓ પોતાની તાબુબી વચ્ચે એ જુએ કે જીવનની સઘળી સારામાં સારી વસ્તુઓ ગેરાઓ જાતેજ લેવાવવા માગે છે અને બીન-ગેરાઓને તેઓના “કરીયારા અને જલધરીવા”નો જ હરખો આપવા માગે છે, ત્યારે આખરે એ વખત આવશે જ જોઈએ જ્યારે બીન-ગેરાઓ નાહાયક રાજ્યકર્તાઓ તેઓના હાથમાંથી તે સત્તાની માગણી નહિ કરે પરંતુ હુટવી લેશે અને તેઓને દક્ષિણ આફ્રીકા ખાલી કરી જવા ફરમાવશે. આ વસ્તુ દુનીયાના સઘળા કાળોમાં બની ચુકેલી છે અને આજે બની રહી છે અને દક્ષિણ આફ્રીકા તેમાં અપવાદરૂપ રહી શકશે નહિ.

ખ્રીસ્તી ધર્મની આજે કસોટી થઈ રહી છે. તેમાંથી જે ઇશુ ખ્રિસ્ત જેવો કડસ ઉઠાવનારો બીજો કોઈ પેદા નહિ થાય તે અમને જાય છે કે પ્રુદ ખ્રીસ્તી ધર્મને જ કડસ ઉપર ચડાવવામાં આવશે. આપણે સૌ આપણા આંખ કાન ઉઘાડી રાખીએ અને દિવાલ પર મોટા અક્ષરે લખાએલા બાવી લેખ નીહાળીએ.

કાયદામાં અસમાનતા

મી. જુલીયસ કુર્ન ડેવિસેલ માં લખે છે: કાયદાની નજરમાં સઘળા માનવીઓ સમાન છે એ પરંપરાથી આલેખ આવેલો જ્યાં પાર્લામેન્ટ તરફથી નાબુદ થવાની અણી પડે છે. રેઝરવેશન ઓફ સેપરેટ એમેનીટીઝ બીલ જે હાલ પાર્લામેન્ટમાં ચર્ચા રહ્યું છે તેની પાછળનું ખરું રહસ્ય એજ છે. સુપ્રીમ કોર્ટ તરફથી અપેલેશન અનેક સુઝાઓની અસર નાબુદ કરવાનો એ બીલનો હેતુ છે.

પાર્લામેન્ટ તરફથી એક સત્તા અપા વિના જાતીના આધારે ભેદ નહિ પાડી શકાય એ અધો રીકા જુના ઈજાગના કાયદાનો દક્ષિણ આફ્રીકાની કેરો અમલ કરતી આવેલી છે. પરંતુ જ્યાં જાહેરને ઉપયોગની જુદી જુદી પ્રણાલિ માટે રાખવામાં આવેલી જુદી સમવડો સારા પ્રમાણમાં સમાન હોય ત્યાં તેવા ભેદને કોઈએ ઝેરકાષે નથી દરાવેલો. સુનાઇડ રોડસની સુપ્રીમ કોર્ટની જેમ તેઓ એ સમાનતાના ધોરણે જુદાપણું સ્થાપવામાં આવેલું હોય ત્યાં તેને પાનખી દરાવેલું છે.

આ સમાનતા કાયદાનો સ્થાપિત થયેલો સિદ્ધાંત સરકારને અડચણ

કતી થઈ પડ્યો છે અને હવે તે માનવ સમાનતાનો સ્વિકાર કયા વિના જાતીય પ્રલાપદપણ રચાવવા માગે છે. એટલે આ બીલથી જાહેર જગ્યા કે વાહનમાં તેના કોઈ પણ સંચાલક પોતાની ખુશીમાં આવે તે પ્રમાણે વર્ણભેદ પાડી શકશે.

અન્યતઃ વ્યવહારમાં સરકારે રેલવે કે કોઈ પણ અન્ય સ્થળોએ સમાનતાના ધોરણે હાપવી સમવડો રાખીને નથી. પરંતુ હાલ કાયદાની રૂબી એ દિશાએ નામનો પણ પ્રયત્ન તેને કરવો પડ્યો છે. હાખલા તરીકે ઘણા આફ્રીકનો દેશોમાં બીજા વર્ગની સમવડોની માગણી કરે છે અને મેલકે છે. આવી સમવડો પુરી નહિ પાડવાનું કારણ કે છે કે જે સોજ વર્ગનો ઉપયોગ કરનારી સામાન્ય જનના કરતાં પર એવા બીજા લોકો જેઓ વધારે ખર્ચા આપી શકે છે, અને વધારે સારી સમવડો હવે છે, તેઓની વધતી જતી જરૂરિયાતો ને કશમાં લેતા નથી.

જાતિભેદની દૃષ્ટિએ વિચાર કરવા ને હેવાલેલ સરકારી નોકરોને આફ્રીકનોને અપ્રમ વર્ગ લોકો થયા હોય છે તેનું કાન સરખું નથી અને જે અમલદારો તે જાણે છે તેઓ, થર કરી

રહેણાં ભતીય દેશના કારણે એ વસ્તુને ખાનમાં લેવા નથી.

ગોરા કાળા વચ્ચેના સંબંધ શેઠ અને ગોર સિવાય બીજાં કોઈ પણ ન હોઈ એ ખબર ગામડાઓ કે રાજેશમાંથી જાણ નથી. રાજેશમાં આર્થિક તોરા મળવાથી ગુમાસ્તા, શિક્ષી, પાટીયા, પત્રકાર, દાકતરો વિગેરેના વર્ગ ઉભો થવા લાગ્યો છે અને તે સ્થાવર સ્થૂળમાં જોને ગોરા 'ગરીબ' તરીકે ઓળખવાને રેવાયેલા છે તેના કરતા વધુ છે અને એ બાકિ કોનો મધ્યમ વર્ગ વધારે સારી સમ વડો આજે છે, જે સત્તાધીશ પુરી પાડવાને તૈયાર નથી.

આજે તે પુરી નહિ પાડવાનું કારણ માત્ર દેશ બાજુ નથી પરંતુ હાલનું વહીવટી તંત્ર પડી આવવાની અણી ઉપર આવી ગયું છે એ છે. આથી સરકાર બીન ગોરાઓને આરે સમાવતાના ધોરણે સમગ્ર પુરી પાડવાની જવાબદારીમાંથી કાપેસર રીતે છુટી જવા મળે છે.

યુને. કમીશન સમક્ષ મી. પોલાકની જુથાની

મી. એચ. એસ. એચ. પોલાકનું નામ, આ દેશના હોદ્દાઓને, ખાસ કરી શેઠ વર્ગ પહેલાના હોદ્દાઓને, અણીનું હોલુ ભેદ્ય છે. તેઓ આ દેશમાં માધીજના પુરોધાન સ્થાપી આખાના એક હતા અને માધીજના નેતૃત્વ નીચે આવેલી સત્તામંદની હાલ મા આમજ પડેલા બામ હોધો હતો. દક્ષિણ આફ્રિકામાં વર્તતા જાતીભેદના સવાલની તપાસ કરવા એકલા યુનાઇટેડ નેશન્સ કમીશન સમક્ષ જુથાની આવતા તેમણે કહ્યું હતું કે, જાતી કે વર્ણના આધારે કુનીયના બામલા પાડવા આવશ્યક પોલાક નહિ. હીમલેક સિવાય કોઈ પણ બીજી રીતે તેને એર એન્ડ જનમમાં પાડી શકાય તેમ નહિ.

તેમણે કહ્યું કે સમગ્રા ધર્મો માનવ જાતુનું ચિરાયુ આવનારા છે અને પ્રત્યેક જાતી અને વ્યક્તિને પોતાના માં રહેલી દેવી સ્થિત કેળવવાની અને તેને ઉપયોગ કરવાની પુરેપુરી તા આપવામાં આવતી જોઈએ. નહિ તે મુજબ વસ્તુ વિગેરે અટકાવી અને કુનીયાની શાન્તિ અને રુબેરુબને માટે એ જાનને ઉપયોગ નહિ થવાથી માનવી નો નાશ થશે.

મી. પોલાકે કહ્યું કે, ૧૯૪૪ માં હાલ જોય સરકારના કાયદા એરિયામાં બીમ નો વિરોધ કરતાં જનરલ રમટ્ટે એ બીમમાંથી એરિયામાંથી બહાર કરવા બીનનું હતું અને કહ્યું હતું કે તેમ કરવામાં નહિ આવે તો દક્ષિણ આફ્રિકા આખા એરિયાનો બામ પડેલો. એ

આ રીતે એપાટ'હેન્ટ પ્રતીય જાહેર માં પ્રવૃત્તિ પડી ગયું છે. એપાટ'હેન્ટ વિવાદોમાં, કોઈ પણ જાતની બીજી સંબંધના રહેવા નથી. બીજી સરકારના એક બાદના અમલદારને, પ્રાતિક કે મુનીસીપલ સત્તાધીશને પોતાની મુન સુરીમાં આવે તેવી બીન-ગોરાઓ આરે સમગ્ર પુરી પાડવા અથવા ન પણ પાડવાની સત્તા આરે છે. જુલકાળમાં મોટું કરતી હતી તેમ હવે અમે તેવા ઉપર અવધાનમાં પણ તે વચ્ચે પડી નહિ શકે. એક જ સરકારની સામે પણ જોઈ અહાલને તરફથી બામ મળવાની બીન-ગોરાઓ આજા સેવતા આવેલા છે. એ આજા હવે પડી આગી છે.

જે સરકાર અમે તે જોગે એપાટ'હેન્ટ કાયદા કરવા માંગે છે, તેણે સમગ્રા માનવીઓની સમાવતાને ખાસ કાલ કાઢી નાખશે. પરંતુ સરકારની આગળથી શું જોગો એ જરીપુરાણી નૈતિક માનવાને ત્યામ કરી શકશે ખરાં.

આગાહી જો ૨૫ વર્ષ પુર્વે જ્યારે એરિયામાંની રાષ્ટ્રિય કાયદાઓ આજની તીથ સ્થિતિએ પડેલી નહોતી તેમ આફ્રિકન લોકોમાં કમ્પેટે બાવે જ જાણત પણ મધ હતી, તે વખતે ને સમજ હોય તો આજની ઉપર, એવી રાષ્ટ્રિય માનવા વખતે તે રહેલી વધારે સ્વલ હોવી જોઈએ.

મી. પોલાકે કહ્યું કે, યુનાઇટેડ નેશન્સના અરીતાના વિધાનો એપાટ'હેન્ટની નીતી, જે ગોરી પ્રજાની બીજી સમગ્રા જાતીઓ પરના કાયદાના વચ્ચે પર રચાયેલી છે, એ કેવળ રવાણી સામે પી પર ન હોય તો તેના કથો અર્થ જ નથી. એપાટ'હેન્ટની વચો કરવા નો યુનાઇટેડ નેશન્સને કશો ફેક નથી એવી કે. અસાન અને તેમના સાથી જોની દલીલના જવાબમાં મી. પોલાકે આ જવાબ્યું હતું.

મી. પોલાકે કહ્યું કે, મરજીમાં અને બીમમાં સમગ્રાની પડે એવા કાયદા અને પાસાઓથી રચાવેલ ગમેલો એપાટ'હેન્ટ સિદ્ધાંત અસાન સરકારને શોધી કાઢેલો નથી. એ ૧૮૮૧ ના દક્ષિણ આફ્રિકાના પ્રજાસત્તાક રાજ્ય ના કાયદામાં તેના અમાલેય ધરો હતો.

મી. પોલાકે વધુમાં કહ્યું કે, કે. અસાન એવો ૧૯૨૭ માં હોઈ સરકાર અધિના કેપટાઇન કરારને આરે જવાબ હારે હતા તેઓ. આજે હોદ્દાઓને અધ તે તરીકે મગી કાઢી દક્ષિણ આફ્રિકા માથી કાઢી યુવાન તરફાર ધર્મો છે એ અરેમજ તાજુતી બનેલું છે.

વિવિધ ખબરો

કાશ્મીરના સવાલ પર હીંદ અને પાકીસ્તાનના વહા પ્રધાનોની સુલાકાત

કે. કમીરના વહા પ્રધાન, શેખ અબ્દુલ ને બરતરફ કરવામાં આવ્યા હતા અને ત્યાર પછી કાશ્મીરમાં કુલ મુલ્યે હોવાથી પાકીસ્તાન અને હીંદ વચ્ચે કાશ્મીરની વાટાઘાટ જમદીથી હાથ પરવામાં આવી હતી.

પાકીસ્તાનના વહા પ્રધાન મી. મહેમૂદ અલી વીમાન મારફતે દીંદી અથા હતા અને એરોપર તેમને કુલ હાર તોરણી વધાવી લેવા માં આવ્યા હતા. હીંદના વહા પ્રધાને તેમનું જવાબત કહ્યું હતું. લોકોના રોગને લઈ મી. મહેમૂદ અલીની પ્રજાકાત કરવા આવેલા હીંદી પ્રધાને, પાકીસ્તાનના સમગ્રા વીગેરેની સુલાકાત અટકાવ બની હતી. મી. અલીએ પત્રકારોને લેવા આપે, નહોતો અને તેમને મર્ગે નહિ કાઢેલાં, બધાં તેઓ રહેતા મહેમાન તરીકે રહ્યા હતા, ત્યાં લાજ જવામાં આવ્યા હતા.

ત્યાર પછી હીંદ અને પાકીસ્તાન ના વહા પ્રધાનો કાશ્મીર વીરો વાટા ઘાટ કરવા મધ્યમ હતા. બન્ને દેશોના વહા પ્રધાનોએ જણાવ્યું કે કાશ્મીર નો નીકાલ કાવેલો બન્ને દેશોના કાયદામાં છે. તેઓ અને છે કે આ સવાલનો નીકાલ કાશ્મીરના મોડીની કમ્પેટે મુજબ મરજીમાં વચર ધરો જોઈએ. જો હીંદ અને પાકીસ્તાનમાં અનુકુળ વાતાવરણ હોય તોજ કાશ્મીર મા પેમીસાઇટ કાયમ બને.

ત્યાર પછી બન્ને દેશોના વહા પ્રધાનો આવતા એમોલ મકીનાની આખર સુધીમાં કાશ્મીર આરે પેમી સાઇટ એકાગીરીરૂટર નીમવા ની સમગ્રાની પર આવ્યા છે. આ નવી સમગ્રાનીથી હીંદ અને પાકીસ્તાન ની મીનતામાં એક પમલું આવજ બરડું છે. આ સમાધાન પાકીસ્તાનની એને પસંદ પડે છે કે કેમ તે એવાનું રહે છે. કારણ કે બન્ને દેશોમાં એકસરોબીરૂટ લોગો છે. પરંતુ જ્યારે હીંદમાં મી. નેહરુના કમ્પેટે છે ત્યારે મી. અલીને આખર આ સમાધાન મુકાશ પર રહે છે. કાલ તો બન્ને દેશો અબામન એ છે કે તેઓના પ્રતીનીધીઓ આ ૭ વર્ષ જુની તારારને યુનાઇટેડ નેશન્સ કરતાં સારી રીતે જાંત લાવ્યા છે.

યુનાઇટેડ નેશન્સ કમીશનને એકસરોબીરૂટ અલેલો હેવાલ કશીય આફ્રિકાના રેવીલન દીસ-દીમોનેકના પુરાવા અર્થે 'મધ કેમિક' આર-કેમેટક અને રમી'વવા લીજનને' ૭૮ પાનાનો એક સંકુલ લેવાલ યુનાઇટેડ નેશન્સ કમીશનને

મોકલ્યો છે. ટરઆતમાં આ લેવાલ માં જણાવ્યું છે કે 'અમે માનીએ છીએ કે, મુનીયવતા વર્ણભેદ અને જાતીભેદથી આંતરરાષ્ટ્રીય જોરથી લીતપલ માવ છે તેમજ હીંદ અને બીજા દેશોની રીપાલથી યુનાઇટેડ નેશન્સની જનરલ એસેમ્બલીમાં મતભેદો ઉપજવ મવાનું મુળ કારણ છે.

'મુનીયરસલ કેકેરેલન' આર કુમન રાઇટસ'ના જુદાં જુદાં અમાર્ગ હેલ જાનીએ મુજબ જણાવ્યું હતું. દક્ષિણ આફ્રિકાના કાયદાઓ વર્ણભેદ અને જાતીભેદથી બરેલા છે. કેવળ ની રૂએ મુરોપી અને બીન-મુરોપીઓ સરખા પાવા પર નથી. દક્ષિણ આફ્રિકાનું એપુકેશન, વર્ણભેદ અને જાતીભેદ તેમજ મુરોપીઓ બીન-મુરોપી' એ કરતાં ઉચા દરજ્જાના છે તેવા ખ્યાલોને ઉત્તરના આરે છે.

ઉત્તર કેરેડીયામાં કાયદા ધનાઈ હીંદીઓને પાછા એકહી લેવામાં મોધ'ન' રેડીયોવામાં લેટલ જવા થોડા હોદ્દાઓ કેપાલા રિટમરમાં આવ્યા હતા પરંતુ તેમને લેરે-સેા માઈસ અને એરોપી કાયદા લના લેવા માં આવ્યા નહોતા. ત્યાર પછી તેઓ પાછા મોખ્યાસા મમાં બધાં તેમને કે દીવસ રહેવાનો ફેક અપાવેલો હતો. આજાના એ હોદ્દાઓ નીમાનમાં નાજરેલીયો સોલસર્ડી મવા પરંતુ સધર્ન રેડીયોવાએ તેમને રેડીયોપીઝ કમીમ-ટા જાહેર કમો અને તેઓને પાછા નાજરેલી મોકલી લેવામાં આવ્યા હતા.

મી. પુકાણી એ આપેલી જુલાકાત અણીના હોદ્દા જાનનેલા અને મોગી મી. અમખાલાલ, બંધાવેલ પુરાણીએ સોલસર્ડીમાં રેક ડાનર-અ ને જણાવ્યું કે હીંદ જકારના કોઈ પણ દેશને કેલેલાજક કરવા હોદી સરકાર કે તાના હોદ્દાઓની બીજીય કેમનેલન, બીજા રહીશો સાથે સરખા પાવા પર રહેવા માંગે છે, પરંતુ બીજા દેશો લેવા આરે તે બીજીય કમ્પેટે નથી. બીજા દેશોની કમ્પેટે નથી. આ, રેક ડાનર-અ વખતે બી. પુરાણીએ કેમ એલેમેલીય કાલિ-સીમના મી. માર્કલ 'અરેલો આવેલો લેવાલ કે 'હીંદમાં બોડીકા બીજીય જાળવળ મધ રહી છે' તે બીજી જણાવવામાં આવ્યું હતું. બાના જવાબમાં મી. પુરાણીએ કહ્યું કે, 'તું તમને ખાતી આપું છું કે, હીંદની આદી કોઈ પણ જાતની કમ્પેટે નથી. હીંદ કેમનેલનનું સમજ છે' અને

જનતા માટે કામ લેવા હોદ્દાઓ

રજુ નોંધાવે, અથવા કોમનવેલ્થના
સભ્ય હોય અને તેથી બીજા કોમન-

સુએઝ કનાલ વિષે ઉલ્લેખ કર્યો હતો.
તેમણે કહ્યું કે સુએઝ કનાલનું રાષ્ટ્રીય

બ્રિટન વહીવટ કરનારી બોર્ડોમાં દેહો

ઈશ્વરમય જીવન

(પહેલાં પાનાનું અનુસંધાન)

પહેલાં પાનારે. માણી આગણને તે કમર જમાવેલો નથી.

પ્રશ્ન : કમરનું સ્વરૂપ કેવું છે તે વિશે આપ કંઈક કહેશો ?

ઉત્તર : આ જગતમાં જે-જેને જે-જેનાં ધાટ અને સ્વરૂપ છે એ સૌ કમરનાં સ્વરૂપ છે.

પ્રશ્ન : આ પશુઓ પશુ ?

ઉત્તર : જરૂર 'આ સોમાં' પશુઓ પશુ આવી જ શકે છે.

પ્રશ્ન : તે પછી આને આપણે શમ, પૂષ્પ, શિવ વગેરેનાં જે વિશે જોઈએ છીએ તે તે કલાકાર ને ચિત્રકારની રૂપરેખા જ ને ?

ઉત્તર : પશુ કલાકાર ને ચિત્રકાર એટલે બીજો કોણ ? કમર જ કલાકાર, ચિત્રકાર અને સૌથી શ્રેષ્ઠ નાટ્યકાર છે-એ કો એ જ છે-સર્વત્ર એ જ છે. એના વિના બીજું કંઈ નથી.

પ્રશ્ન : તે પછી આ સૌ સ્વરૂપો માધી તેના કયા સ્વરૂપનું આન ધરવું ? કહે છે ને કે એક જ સ્વરૂપનું બધું ધરવાયી આધારમિત્ર માગે' સારી પ્રગતિ થાય છે.

પ્રશ્ન : હૈંક જ સ્વરૂપનું આન ધરવું ને? અર્થ બીજા સ્વરૂપ ઉપર અન્ય ન દેવો જોઈએ. તે જ કમર બીજા સ્વરૂપે સાથે આવીને જોઈ છે એવી ભાવના ડેળવવી જોઈએ. અદિમાથી કમરનાં રૂપનું કરી બહાર આવતા જ શીખ માગતા કોઈ ભિખારી ઉપર દેખ કરી તેને તુચ્છકારી દાંડી કાઢે એ તે પ્રજાના દશનની દાસી છે. કમરના બહાર બની, પેશાના બીજા બાજબી તરફ પૂંચી જતી એ તે ભક્તિના દંભ છે અને આવી ભક્તિ તમને કેટલે દૂર લઈ જાય ? પ્રાણીમાત્રમાં કમરનાં રૂપનું એ જ સાચી ભક્તિ અને એ જ આઈ કમરનું આન છે.

પ્રશ્ન : પણ સ્વામીજી ! આજકાલ તે જાણે કયાકારી ભિખારીઓ રખડે છે. રસ્તામાં કોઈ ભિખારી જોઈ તેને પારખવો મુશ્કેલ છે. તે ખરેખર આઈ અને કુખી છે તે સમજવું મુશ્કેલ છે, તે શું આજ માણસને માટે આપવું જોઈએ ?

ઉત્તર : આવી વખતે તમારા હૃદય ને પુછવું અને અંતરાત્માનાં સૂચન પ્રમાણે કરવું. અને રામદાસ માને છે કે, અંતરાત્માના સૂચન પ્રમાણે વર્તવા જતા તમે તેને કાંઈક ને કાંઈક આપવાના જ.

પ્રશ્ન : કોઈ વાર અંતરાત્મા આપના ની કમળા ચાપ અને કોઈ વખતે ના આપના રીત થાય તે ?

ઉત્તર : અંતરાત્મા એવો અનિશ્ચિત જગત નહિ વાળે, 'આપવા જેવું' નથી' એવો સૂર તમારી ભુદિમાંથી નીકળે. તેમ છતાં તમને સાચે જ, આ તે કયાકારી ભિખારી છે તે ના આપવો.

પ્રશ્ન : તે તે પછી જીવનની નાની મોટી સૌ વાતોમાં અંતરાત્મા કહે તેમ વર્તવું એમ ને ?

ઉત્તર : હા-એમ ખરું. છતાં બની શકે ત્યાંથી ભુદિ અને અંતરાત્માનો વિવેક કરવો ખરો.

પ્રશ્ન : કોઈ મોટી મુશ્કેલી વખતે સૌથી સરળ માર્ગ કયો ?

ઉત્તર : અંતરપ્રેરણા એટલે અંતઃકરણનો અવાજ.

પ્રશ્ન : પશુ આ અંતરના અવાજ ને કેમ સંભળવો ?

ઉત્તર : અંતરનો અવાજ સંભળવા ની સરળ રીત છે. મરીબર શુદ્ધ હૃદયથી કમરને પાદ કરો. મનના સૌ કંકળ-વિકલ્પોને બિલકુલ બંધાવી દો. તમારા સૌ વિચારો કમર સમર્પણ કરો. પછી પ્રાર્થનામાથે તમારી મુશ્કેલીના ઘોંટા મટે તેમની પાસે પ્રકાશની વાચના કરો. જરૂર જરૂર તે પ્રેમજી જ્યોતિ તમારા અંતઃકરણનો અવાજ તમને સંભળાવશે. તમારી મુશ્કેલીના ઘોંટા સાપાડો.

પ્રશ્ન : સ્વામીજી ! ધારો કે મારી ઓશીસના એક મુશ્કેલીનાં દિસામય મોટાળો કમો છે તે મારે તેને શું કરવું ? પેલીસને સેપિલો, રબ્બ આપવી કે છોડી પકવો ?

ઉત્તર : જો તે તમારો અંગત સંગો નહિ હોય તે તમે તેને પેલીસ ને સેપિલાના, પણ ધારો કે તે તમારો અંગત સંગથી બહાર તમારો છે. કદાચ જ છે, તે શું કરશો ? જરૂર તમે તેને પેલીસમાં નહિ જ સેપિલાના ખઈ ને ? તેને પ્રુપ્ત કરવો આખી આડું કામ ફરીથી નહિ કરવાનું કહેશે. એટલું જ ને ?

પ્રશ્ન : આપને એમ નથી ભાગતું કે આવી રીતે ચોરી કરનારને કોઈ મુશ્કેલીમાં બીજાઓ પશુ તે માટે જવા લાગ્યા ?

ઉત્તર : રામદાસનું કહેવું એક જ છે કે તેની સાથે તમારા એક સંગથી એ મુશ્કેલી હોય તેટલી સખતાઈથી તમે વર્તો, અર્થાત્ એક માતા પેતા ના વાળકને સુધારવા ને કંઈ શિક્ષા કરે તેમાં પ્રેમ અને હૃદય એ બન્ને હોય છે તેવી જ ભારનાયી તમારા અંતઃકરણની સૂચના મુજબ તેવી સાચે વર્તો.

પ્રશ્ન : કમરનું શું કર્તવ્ય છે ? કોઈ માણસને કહેવો છે-અમારે એ જાને હૃદયો હોય તેને જમાવવો એ મુશ્કેલી હોય પકડી મેટો પાછું કરે છે તે. તેથી જ મુશ્કેલી એકામવાળું વર્ણન (અ. જમાવું કહેવું) કહેવામાં આવે છે.

ઉત્તર : (હસીને) જરૂર, ઝૂંડ લેવો.

મહાત્મા ગાંધીજીના યજ્ઞ

પૂજ્ય શ્રી. સ્વામીચાતુર્યેન

મહાત્મા ગાંધીજીના ૯૨ વર્ષના યજ્ઞ પૂજ્ય શ્રી. સ્વામીચાતુર્યેનની માંદગીના અમર ગયા અઠવાડિયાના ભારતના પત્રમાં આપવામાં આવ્યા હતા. તેમના વધુ ખબર હમણાજ રાજકોટથી આવેલા શ્રી. રામદાસ ગાંધીના પત્રમાં છે જે વાચકોની નજર મટે જઈ આપણે જોઈએ :

પૂ. ફિયાને એકાએક પક્ષપાતનો એટલે તો, ૨-૮-૫૬ના દિવસે આવ્યો હતો. એટલે આવ્યો ત્યારે પૂ. ફિયા ખાદ્યપાને વાસણ માણ રચા હતા. એટલે તે સર્જક હતો પણ કમર કુપા થી ઉમરી ગયા. ના. બીજા અને ત્રીજા દિવસે તે એમજ લેખાતું હતું કે પૂ. ફિયા જરી. સમયમ ૭૨ કલાક પછી શુદ્ધિમાં આવ્યાં. પહેલે અને બીજા દિવસે તાજાના પશુ ગાયિકા આવતા હતા. પણ પાંચમા દિવસથી શિથિલ સુધારા પર છે, અને અવા સોમવારથી તે પૂર્વ શુદ્ધિમાં આવી ગયાં છે, ડાબા હાથ અને પગ રોજ મુલાકાત લે છે.

ને પક્ષપાતની અસર થઈ ગઈ. બોલી પણ શકતા નથી. 'પશુ' કાન, આંખ અને મગજ ભરાઈ ગયા છે. આવે તે બધાને જોળીને છે-એ કંઈક કહેવો તે સંભળી શકે છે એ બરાબર સમજી પણ શકે છે. અત્યારે 'જે' નાતેના સુધારા થઈ રહેલ છે તે મુજબ 'અંદા' ના કંઈકતરનું કહેવું છે કે 'પશુ' અંદાવાડીયા પછી બોલતાં-થઈ. એમ અને હાથ ને બોટા-પર્ડાં. છે તેને વિશે તે અત્યારે કંઈ કહેવું મુશ્કેલ છે.

સૌરાષ્ટ્ર સરકાર તરફથી પૂ. ફિયાની શક્ય તે બધી રીતે સંભાળ લેવાય છે. રાત અને દિવસ નક્કર રહે છે. આ ઉપરાંત યુ. કુલીમેન (નિમના એકના એક વિષવા લોકરી) અને યુ. નિર્માણમેન (તેમના એકના એક વિષવા મુશ્કેલી) સેવામાં હોય છે. સ્વ. રવિનાથ શ્રી. જેવાળદાસના ધર્મ પરિન પૂ. અક્ષિતયા રોજ મુલાકાત લે છે.

હિંદના ટુંક ખબરો

(અમારા ખબરપત્રી તરફથી)

કોઈ સમીક્ષા વડા પ્રધાન શ્રીમજી સરખાવેને કારણે ભારતરૂંડ કરીને તેમના રથને નાથન વડા પ્રધાન શ્રી ગુલામ મહમદ બહાને વડા પ્રધાન બનાવ્યા છે. પાછળથી શ્રી બહાને ફક્તથી શ્રીમજી સરખાવેની ધરપકડ કરવામાં આવી હતી તેમની સાથે શ્રીમજી સરખાવેના પ્રધાન મંત્રીમાં મહેસુલી પ્રધાન બનેલા શ્રી અરુણ જેતને પણ પકડવામાં આવ્યા છે. શ્રીમજી સરખાવેના તંત્રમાં સાચરવત અને બીજા બહોળા એટલી બધી વધી મછ હતી કે પ્રધાન મંત્રીમાંથી બહુ મતી તથા તેમને સવા જેસા નાર રાષ્ટ્રીય પરિષદનો તેમજ વિશ્વ શ્રમાવી દીધો હતો. રાષ્ટ્રીય પરિષદની છેલ્લી મુદ્દામાં તેમજ નીચેના મોટા માનના ઉમેદવારોનો પરાજય થયો હતો. આમાં છેલ્લે છેલ્લે તેમજ અમેરીકાના પ્રિયકાન અને સાલ્ય દેશના પાકીસ્તાનના પ્રતિપક્ષીઓ સાથે સંપર્ક સાધ્યો હોવાનું અને કારણે તે ભારત અને પાકીસ્તાન બંનેથી સ્વતંત્ર કરવાની બહેરાત કરી હતી પ્રધાન મંત્રીના બહુમતી સમયે ભારત

સાથે જ બેઠાણ ચાલતા હતા, એટલે બંને પક્ષો વચ્ચે અમર્યાદી ચાલુ રહી હતી. આવા સંપર્કોમાં રાષ્ટ્રીય પરીવર્તી તંત્ર ખરાબે ચાલુ હતું અને સુવર્ણ કરચુ સિદ્ધે કાપી પગલાં લઈ શ્રીમજી સરખાવેને ભારતરૂંડ કરી હતા. શ્રીમજી સરખાવેની ભારતરૂંડ અંગે પાકીસ્તાનમાં હજાજ પડી હતી અને હોંડ સામે નેકાદ જગાડવાની માગણી થઈ હતી. દરમિયાન પાકીસ્તાનના વડા પ્રધાને તાત્કાલિક મુલાકાત આપવાની શ્રી નેહરુને પવનિ કરીને હતી. જવાબમાં શ્રી નેહરુએ રખતતા કરી હતી કે, કારણેની આત્મીક બાબતો અંગે તે જવાબ અમો કરવા તર્કપાર નથી. આમ છતાં આ સ્વીકારે પાકીસ્તાનના વડા પ્રધાન સિદ્ધી આવી પહેંચશે.

નદીવાદ : નદીવાદ શહેરમાં બેટી રામ ચાલો દેખાયા છે. અને મુખ્ય, અમર્યાદના સારામાં સારા વાકતરે આવીને તપાસ કરી અપા છતાં આ રામનું નિદાન કછ સુધી થઈ ચક્ર્યું નથી. આ રામને લીધે પત્ર 'સુજી' બધ છે, ત્રીસ થાય છે અને પેટમાં

સુકે અને છે. આ રામમાં આશરે ૧૦૦ મ.પુરો, અપાયા છે અને તેમાં સોમેક માણસોની રિયતિ બહુ ખરાબ છે. આ રામની સરકારના હુકમ તપીબી આપકારીઓ તપાસ કરી રહ્યા છે.

ગુજરાત અને સીરાહમાં ટેર ટેર પણ સારા પ્રમાણમાં વરસાદ પડ્યો છે અને નદી નાળાં તથા તળાવો કબ કાપ ગયા છે. હમબગ બધી નદીઓમાં પુર આવ્યા જેવી રિયતિ છે. હેંતાં ટેર ટેકાએ આસ કુકસાન થયું નથી. વોહરા શહેરમાં બે દિવસમાં આઠ ઈંચ એટલું પાણી પડ્યું છે શહેર રેલવે વિસ્તારથી છુટું પડી ગયું હતું. આથી મોસમમાં પડે તેટલો વરસાદ તેા આપર સુધીમાં જ થયે 'અરે' ટેકાએ પડી ચુક્યો છે.

અરુણ : તાલેતરમાં અરેસર તાલુકાના બંદીઆ મામલાથી કબરો છુટ અને પુન કરી છટકી ગયેલા પાક પહુ ખાનજી બરાજ બહેન અને તેની ટાળકોનો પોલીસ અધિકારી બી. બહેનને બીજો પકડ્યો હતો. રજુ વિસ્તારમાં બંને વચ્ચે ખોમણ થયું હતું. પોલીસના ગોળીબારમાં કેલકાક થાડપાકુ થયેલ થયા હતા. તેમ છતાં

ભારતીય પોલીસને ખાલી કાંચે ખાખ કરવું પડ્યું હતું.

જામનગર : જામનગરમાં ભારતીય લશ્કર, પોલીસ અને કબાલિયા શ્રી ૩૧. ૩૩ લાખના ખર્ચે, લશ્કરી બંધુ સ્થાપના ભારત સરકાર, વિમારી રહી છે.

સુરત : જેમ જાતો સુપરતા બધ છે તેમ, અમવાનને પણ સુપરતાની ટેલીક કરતા બધ છે. બહુમતી મતલ સમાચાર - મુખ્ય, રવાબી નારાયણ મંદીરમાં, અમવાનનો ધીરોનો પુલ'શ્ચે કલ્યાણી-સુખારવાને બહેન અમવાની આસપાસ પાવડરના ક્ષમા સેન્ડની ધીરોનો, સુખ'શ્ચે સાજુ જેવી, બીજે મોહવામાં આવી હતી.

રાજકોટ : સીરાહ સરકારની ખોલીકોનો મહાનોમાં કબે દસ દેશ બંધુ હરિનનો મોટે અનામત રાખવાડ નહીં થયું છે.

ખાદશક ઇબ્રાહીમ રાબબનમાં
અમારો સાથે રાબબાની
વતો કરી રહ્યા હતા.
અમાનક તેમના કાને કરવાળ પા
મતી થાપીને, અવાજ આપ્યો.
“તું અંદર નહીં જઈ શકે.”
કરવાળ બોલતો હતો.
“શા માટે ન જઈ શકું?” કાંત
અવાજ આપ્યો.
“આ તો રાબબન છે, સમજ્યો?”
ઈબ્રાહીમ બાદશાહને બૂમ પાડી
“કરવાળ! તેને આવડે.”
પુરુષ અંદર આપ્યો.
બાદશાહે નજાતીયી પુછ્યું. “તપસ્વી
પુરુષ, આપને શું લેખ્યું છે?”
“લીખું તો કંઈ નહીં. માત્ર એક
દિવસ આ યુગાદરખાનામાં, પરી
રહેવા દો.”
“આ તો રાબબન છે. યુગાદર
ખાતું નથી.”
“તમારા પહેલાં આ બચનનું માર્ગિક
માર્ગ હતું?” તેમની પુછ્યું.
“એક મારા પિતાજી.”
“તેમના પહેલાં કોણ ઉપયોગ
કરતું હતું?”
“મારા દાદા.”
“અને તેમના પહેલાં.”
“તેમના પિતા.”
“આ મહાનમાં નવા મહાસે.
આપના જમ છે અને જુના આજુસો
સાથા જમ છે પછી આ પછ એક
યુગાદરખાનું જ છે ને?”
કહીને આપનાર પુરુષ આવી નીકળ્યો.
બાદશાહ ઇબ્રાહીમ વિચારમાં પડ્યા.
તેમના મનમાં કોઈ નવોજા વિચાર
આકાર મેળો હતો. જુગાને જોતાવની
જેમનામાં મહેઠા પ્રમતી.
બીજા દિવસે ફરી ‘પેલો’ તેમની
પુછ્યું આવીને હતો. એ વખતે બાદશાહ
ઉપરના માળ પર સુતા હતા.
બાદશાહે જોડું તો પેલોજા તપસ્વી!
જેના કુખપર રિમત હતું જાણી બાદશાહ
ને આપનાર ન આપવું હોય. એ
કંઈક રીઝવા પ્રયાસ કરતો હતો.
તેની નજર આજુબાજુ ફરતી હતી.
બાદશાહ પડીને અવાજ થઈ ગયો.
‘મહામહેનતે બાદશાહે પુછ્યું “આપ
શું લેખો છો?”
કહીને તપસ્વીએ કહ્યું “મારું જીવ
જોવાળ થયું છે તે કૈ.મવા આપ્યો છું.”
બાદશાહે જોયે તે જીવ આવી શકે!
ઈબ્રાહીમે પુછ્યું.
“તો પછી, બાદશાહે જોયે રહીને
પુછા કોમી યાજમ ખરો?” કહેતાં
આપનાર અંકિતએ ચાલતી પડી.
બાદશાહ ઇબ્રાહીમ પર એટલી બધી
અધર થઈ કે તેપણ અંકિત પાછળ
આવી નીકળ્યો.
અને જમળને તપસ્વી ઇબ્રાહીમ
મળ્યા.

સતે પાંચમી વાર પ્રથમ કયો. “એથી

તીવ રવે તડકયો: “અ.ટલો જમાનો ગયો અને તારી રસોડામાં કંઈ કોઠાજીવ નથી! આ દાગ
ફુલેલી, આ બજામાં કાંઠરી, મમમાં કાઠજી...”

સરલા, ઉમ રવે કપાંત કરતા બોલી: “હવે તો હું તમારાથી કંટાળી છું. હવે આ તમારી
દોઢરી મંજી અને પાલી, અને હું આ ચાલી...”

એટલામાં સરલાની નજંદ, કુસુમ, પડોશમાંથી આવી પહેંચે છે. “શું થયું છે માણી, કહો
તો ખરા?”

“જુએને આ તમારા બાઈ કામની ઉતાવળે જેવા-નેવા માલ લાવે અને પછી રસોડામાં સારો
વાક કહે! મજ કાલે દાળ લાવેલા તે સાવ જુની હતી, અને હવે કહે છે કે રવાં ફુલેલી છે,
મજાના તોડમાં ઝીણી કાઠરી હોય તો પછી બજામાં આવેજ ને!”

કુસુમ: “જુએને બાઈ! આમ બાળીને વાક તમે કરમડીએ કહોડો એ ઠીક નહિ. હમારે
સાં પછુ અમાલે આમજ પ્રતિદીન રામાવજી-મદાભારતનું પુલ થતું હતું, પછુ ને દિવસથી હવે

INDIAN OPINION

Founded by Mahatma Gandhi in 1903

Mahatma Gandhi On 1914 Settlement

★

IN view of the Governments declared intention to abrogate the 1914 Settlement of the Indian problem in South Africa between the then Union Government and the Indian community it will not be out of place to quote some passages here from Mahatma Gandhi's farewell letter on leaving the shores of South Africa.

If we are to reach real peace in this world and if we are to carry on a real war against war, we shall have to begin with children; and if they will grow up in their natural innocence, we won't have to struggle, we won't have to pass fruitless idle resolutions, but we shall go from love to love and peace to peace, until at last the corners of the world are covered with that peace and love for which, consciously, or unconsciously, the whole world is hungering.

★

"In my humble opinion it is the Magna Charta of our liberty in this land.....The promise made by General Smuts to administer the existing law justly and with due regard to vested rights gives the community breathing time, but these laws are in themselves defective, and can be, as they have been, turned into engines of oppression and instruments by indirect means to drive the resident Indian population from South Africa. The concession to popular prejudice in that we have reconciled ourselves to almost the total prohibition by administrative methods of a fresh influx of Indian immigrants, and to the deprivation of all political power, is, in my opinion, the utmost that could be reasonably expected from us. These two things being assured, I venture to submit that we are entitled to full rights of trade, interprovincial migration and ownership of landed property being restored in the not distant future. I leave South Africa in the hope that the healthy tone that pervades the European community in South Africa today will continue, and that it will enable Europeans to recognise the inherent justice of our submission. To my countrymen I have said, "Nurse the Settlement; see to it that the promises made are being carried out. Attend to development and progress from within. Zealously remove all causes which we may have given for the rise and growth of anti-Indian prejudice or agitation, and patiently cultivate and inform European opinion so as to enable the Government of the day and Legislature to restore to us our rights."

INDIAN OPINION

FRIDAY, 4TH SEPTEMBER, 1953

Smuts-Gandhi Agreement

THE Government is determined to abrogate the Smuts-Gandhi Agreement of 1914 which permitted Indians domiciled in the Union to bring their wives and minor children into the country. So it would appear from the notice given in Parliament by the Minister of the Interior, Dr. T. E. Donges, of a Bill to amend the Immigration Act. This "concession," if you wish to call it so, was purchased by the Indian community at a very heavy price, which was a complete stoppage of Indian immigration barring six educated Indians per year.

When this Agreement was arrived at the Indians in the Union were subjected to many disabilities to which the attention of the Government was drawn and it was agreed that the Indians would rely on the good faith of the Government not to introduce fresh laws to curtail their rights and to administer the existing laws in a sympathetic manner with due regard to the vested rights of Indians domiciled in the Union. This Agreement was however shortlived, for, from 1919 onwards legislation after legislation was introduced curtailing the residential and trading rights of the Indians. Things came to such a pass that in 1926 the Government of India had to intervene and the negotiations between the two Governments resulted in the Capetown Agreement of 1927. The clause

referring to the entry of wives and minor children thereof reads as follows:—

To give effect to paragraph 3 of the Reciprocity Resolutions of the Imperial Conference of 1918, which intended that an Indian should be enabled to live a happy family life in the country in which he is domiciled, the entry of wives and children shall be governed by the following principles (a) the Government of India should certify that each individual for whom a right of entry is claimed is the lawful wife or child, as the case may be, of the person who makes the claim (b) Minor children should not be permitted to enter the Union unless accompanied by their mother, if alive, provided that (1) the mother is not already resident in the Union and (2) the Minister may, in special cases, permit the entry of such children unaccompanied by their mother; (c) in the event of divorce no other wife should be permitted to enter the Union, unless proof of such divorce to the satisfaction of the Minister has been submitted; (d) the definition of wife and child as given in the Indian Relief Act (No. 22 of 1914) (which resulted from the Smuts-Gandhi Agreement) shall remain in force.

It would not be out of place here to refer to the Upliftment Clause of the Capetown Agreement which reads:

The Union Government firmly believe in and adhere to the principle that it is the duty of every civilised Government to devise ways and means and to take all possible steps for the upliftment of every section of their permanent population to the full extent of their capacity and opportunities and accepts the view that in the provision of education and other facilities a

substantial number of Indians who remain part of the permanent population should not be allowed to lag behind other sections of the people."

In view of the above the step the Government now proposes to take is undoubtedly a retrograde one in that, it denies the Indians domiciled in the Union the right and opportunity to live a happy family life. It is an assault on the right and liberty of the individual which no self-respecting human being can tolerate. Any Parliament that can pass such a legislation, and no doubt the Union Parliament will, since worse laws have been passed, we wonder if it can be called a Parliament of civilised people.

The time has come for all who claim to be civilised to take stock of the present position. Unless a change is brought about soon one is at a loss to know what is to become of this country and its people. If the white people believe they can survive by their might they are certainly living in a fools' paradise. They can only hope to survive by right and right alone.

What are we Indians going to do? The time has surely come when we must decide once for all what we intend doing. In such circumstances one can think of doing one of four things. (1) If he is a coward he would flee from the clutches of the tyrant; (2) he would murder the tyrant by whom he has been grievously wronged; (3) he would commit suicide because life is intolerable under such circumstances; (4) he would stand like a rock and face the tyrant without bending to his will and with an unshakable faith in God, who alone is the great dispenser of justice, allow the tyrant to do his very worst. The last course is the only right

and civilised course to adopt. We Indians who claim to teach the Africans the way of non-violence have now the God-given opportunity to do so not by word but by deed. Are we going to live like rats in this country or are we going to live like men. If it is the former we do not deserve to live and we must suffer the fate of rats. If it is the latter we must rise up and consider no sacrifice too great for the vindication of right and the fair name of the great country we are proud to belong and her great leaders to whom we owe our very existence in South Africa. Let us not utter the names of Mahatma Gandhi and Jawaharlal Nehru in vain. If we have any real regard for them the time is now to demonstrate it by our deeds. We cannot nor should we pocket the insults hurled at us and at our venerable leaders, for the sake of a mess of pottage.

NOTES AND NEWS

Bill To Ban Wives Of Domiciled Indians

IN the House of Assembly last Monday the Minister of the Interior, Dr. T. E. Donges, gave notice of a Bill to amend the Immigration Act of 1913. Details of the Bill will not become available until it has been formally introduced and copies circulated to members, but it is believed that the object of the Bill is to abrogate the Smuts-Gandhi agreement of 1913, which permits Indians domiciled in the Union to bring a wife, and children under the age of 18, into the country under certain circumstances, says Sapa's Parliamentary correspondent. The Minister gave notice last session of the Government's intention to introduce this legislation with retrospective effect from the date on which the announcement was made—February 10, 1953. In making the announcement last session, the Minister said there was some justification for the concession at the time it was made, because at that time the female Indian population formed only 37 per

cent. of the total Indian population in South Africa. According to the latest census that unequal relationship between Indian males and females had disappeared. Today the female Indians constituted 48 per cent. of the Indian population.

Crime in The Union

'The Natal Daily News' Pretoria correspondent states, an increase of 39,794 convictions for crime during the first five months of this year compared with the same period last year is shown in the judicial statistics just issued by the Bureau of Census and Statistics. The figure for serious crime only had increased by 1,099. In two cases there were decreases—contraventions of municipal by-laws, where the figure was 1,383 less compared with the same period last year; and convictions for theft, where the number of cases was reduced by 4,099. During these five months there were 66,440 European convictions, 389,570 Native, 10,282 Asiatic and 51,334 Coloured. The figures for serious crime were 4,415 European cases, 20,159 Native, 465 Asiatic and 5,030 Coloured.

Whilst we are pleased to note that the figures for Asiatic convictions are the lowest it is certainly not a matter to be proud of. We must acknowledge with a sense of shame that criminality among Indians has been increasing in recent years. There was a time when there were hardly any criminals to be found among Indians.

JOINT CONFERENCE OF A.N.C. AND T.I.C.

A CONFERENCE of delegates in the Western Region of the Rand, convened by the African National Congress (Transvaal), and the Transvaal Indian Congress, met at Kliptown to "defend homes," protest against the new passes and the "Slave Labour Bill."

The conference was held in a hessian-enclosed pandal. From early in the morning delegates from Orlando, Pietermaritzburg, Johannesburg, Albertonville and Grahamstown converged in buses, lorries, and processions carrying banners, placards and flags of the African National Congress.

Mr. Nelson Mandela, President of the A.N.C. (Transvaal) presided at the conference, which was attended by 2,354 delegates representing branches of the Congresses, Churches, sporting bodies, vigilance associations, women's organisations, youth clubs, traders associations, trade unions and other organisations.

India Has No "Plan" Of Pan-African Conference

The India-Africa Council in a statement issued in New Delhi said that the Council had no plans to hold a Pan-African Conference in Cairo nor was its function to hold such a conference. The Council was referring to the statement by Dr. Daniel Malan in the South African House of Assembly on August 7 that South Africa had not made representations to either Indian or Egyptian Governments about the "plan" of the India-Africa Council for a Pan-African Conference in Cairo. The Council stated that the very title, "Pan-African Conference," clearly implies that, if such a conference was planned or held, it would be a conference of African people and India not being an African nation could not be a member, or convenor, of such a conference. India was a country which had always shown the utmost respect for the political and territorial independence of all nations, including her great friend Egypt; and did not desire to hold a political conference in "another man's house." If and when a Pan-African conference is called by the African people, who are now struggling to throw away the foreign rule in their territories, the Indian people and the India-Africa Council would, in the fitness of their political ideological faith, follow activities of such a conference with great interest and deep "sympathy." — 'Hindustan Standard.'

Mr. Yusuf Cachalia, the Joint Secretary of the South African Indian Congress, who was arrested for attending a similar conference in Sophiatown on June 25th, 1953, attended and spoke at the conference. Although the police, including the Special Branch were present in a large force, they took no action.

The Conference was also addressed by Mr. Dan Tloome, Secretary Transvaal Council of Non-European Trade Unions, who spoke on the new "Native Labour Bill."

Mr. O. Tambo, a member of the National Executive of the ANC spoke on the effects of the new passes and the Registration Books of the African people.

The conference unanimously adopted a resolution supporting the struggle of the people against the removal of the "black spots" and noted "with satisfaction the determination of the people of the Western areas to fight against

the wicked, immoral and barbarous scheme and to defend their homes and families."

An appeal was made to the people to "join the Congresses and to strengthen the fight against white domination."

Another resolution condemned "the appalling conditions under which the non-European peoples live in this country" and noted with "indignation the disabilities imposed upon the people, resulting from inadequate transport, police raids, so-called station barriers and the ever increasing cost of living." The resolution called upon the people "to mobilise the entire people, in their respective areas to join the Congresses and solidify their unity."

THE UNITED PARTY AND THE ELECTION

WHITE SUPREMACY WITH JUSTICE

By C. W. M. GELL

IV

SOME people think the U.P. failed to get its principles over to the electorate. I think the failure was to define its racial principles clearly to itself. You can't "put over" what you haven't got. The result was that the country doubted whether the U.P. had any definite colour policy based upon clear-cut principles, distinct from those of the Nat. The latter proceeded openly on the assumption that civilisation is White and can only be preserved by uncompromising White domination. If the U.P. agreed with these propositions, the Nat. had reserves of ruthlessness which guaranteed their outbidding any U.P. version of benevolence. If the U.P. differed, what were its own principles?

Just after the election a leading Johannesburg daily summarized the U.P. election principles as (1) the broad national unity of all South Africans (but applied this splendid affirmation only to Europeans); (2) acceptance of the Afrikaner as a permanent part of the South African community (but evidently only in an economic sense); (3) retention of the Coloured vote; (4) sanctity of the Constitution; (5) the Commonwealth connection. I have discussed (3) and (4) in an earlier article and (5) should not be a racial issue at all. As to (1) it would be an admirable objective in an all-White country. But it is inconsistent with (2) as a principle in a multi-racial society.

And, therefore, we start straight away with the Nat. premise that the population of the Union consists of South Africans and non-Europeans. It was no doubt in this sense that the U.P. leaders, while rededicating themselves to repatriation of our Indians, warned them that they must choose between loyalty to South Africa or to India. But they have quite obviously chosen to be loyal to the four-fifths majority of our population who are struggling for increased rights and opportunities in the land of their birth. It is this conflict of loyalties within South Africa that is the heart of our racial problem.

Mr. Struys agreed with Dr. Malan that the colour question is our most important and pressing problem, "too big and too serious to be treated on a party political basis." But his proposal to "put the question out of politics" does not really mean what he said.

Nothing can take the basic problem of our lives out of politics. Possibly his procedural suggestion is one way to achieve a dispassionate approach. But it is unrealistic to pretend that it will keep the decision out of party politics.

This question of tactics apart, Mr. Struys put three alternatives before us: total apartheid which, he said the Nat. agree, is impossible; complete equality which he rejects as emphatically as the Nat.; and "the traditional South African middle way." Thus the Nat. and the U.P. are competing with each other for the middle ground between two eternally unpalatable extremes.

To its credit the U.P. has never used the phrase "White domination." But its alternative "White supremacy with justice" comes to much the same thing. That same Johannesburg U.P. daily wrote: "At no stage can there be any question of the European abdication from his leadership." It spoke of "Christian trusteeship with justice," "residential and social segregation implemented with humanity," "economic opportunities for all according to their capacities," "reasonable rights of representation for non-Europeans," and added that within this framework "there ought to be ample scope for non-European advance." But the italicized words beg all the questions. Are Europeans and non-Europeans agreed on what constitutes "justice," "humanity," "ample scope" and what their respective potential capacities are? If not, who decides between them? And the answers were made repeatedly clear. The trustees do not envisage a day when their wards will grow up: "It will be many, many generations before non-Europeans rise to anything approaching 'our standards.'" But if that is the U.P.'s unyielding attitude in face of the patent progress of non-Europeans towards closing the cultural gap and despite the fact that a small educated minority is already more "civilized" than some of our feebler White brethren, are not the Nat. more realistic in preparing to fight than Mr. Struys is wanting to disperse our "armed camp"?

Certainly the U.P. admits honestly that Africans are in our economy to stay. But, except that it would bring some of the more arbitrary laws within the jurisdiction of the courts and

administer others less progressively in the hope of re-establishing "a submissive and co-operative labour force in our homes, on our farms, in our mines and in our factories," does it really offer the non-Europeans a better deal and an improving future? Stubborn economic factors are making nonsense of the Nat.'s avowed intention of reversing the drift to the towns; and the U.P. is hardly less committed to influx control, compulsory residential and social segregation and the industrial colour bar. Even though accepting Africans "as permanent members of the community," the U.P. will go no further than appointing "a commission to examine such contentious matters as franchise rights for non-Europeans." It will release Europeans from the obligation to carry passes (without the Native's liability to instant arrest for forgetfulness) and it will probably remove the most stupid of the railway and post office pinpricks but only "very deserving Natives" will be considered for exemption from the Pass Laws proper. This is a serious retreat from even the Fagan Report. Thus when various U.P. stalwarts argued that U.P. segregation and Nat. apartheid were identical with "our traditional South African way," they were only too nearly quite correct. And this was further confirmed by the U.P.'s stiffest attitude to the 1934 settlement in regard to the Reserves and Native representation.

Now the fundamental weakness of the whole U.P. colour policy for this election was that it offers little or nothing to alleviate the very real grievances and frustrations of all three non-European communities. Not only are small non-European minorities daily advancing towards civilization; at the same time the Nat. have finally confronted them with the full, fatal implications of "our traditional policy," which graces men like Smuts had the sense to keep in the background. The affront to non-European self-respect and the blighting of their aspirations are beyond the imagining of most Europeans. In these circumstances "the old road of Botha, Hertzog and Smuts" is closed for ever. The U.P. paid lip-service to "contributions with moderate non-European leaders" upon a basis that they could not reasonably be expected to accept. At the Nat. have rightly said, consultation implies concessions as is meaningless. The U.P. offered none. Yet at the same time it appeared to want to abolish a few of the arbitrary powers and modify some of the strong arm methods that race war almost certainly demands. The Nat. say it is war and we fight. The U.P. says it ought not to be war,

offers to disarm slightly but does next to nothing to remove the means of war. At the last minute the party seemed to realize its false position. Hence, perhaps its undignified performance over the Swart Act, which was measures, and Mr. Struys's lamentable broadcast of April 13, when he tried to "out Nat" the Nat. in emphasizing the African's primitive background. And he committed the unpardonable sin of solemnity of condemning as "the idlers and the enemy" not merely tenants and shokos but "the so-called intellectuals who brooded over imaginary grievances and coveted Naboth's vineyard which the Europeans had tilled by the sweat of their brow." (In South Africa? Not very likely!) But these intellectuals are the leaders of urban non-European opinion which with its homelessness, squalor, crime, disease and thwarted lives is (as General Smuts foretold) the force that will make or break South Africa. The resentment of urban leaders springs from lack of opportunities to develop their skills and qualifications in a free and competitive economy. Words such as Mr. Struys used only make it more certain even than their circumstances that they will turn to political and economic agitation. And more members of the main political parties offers them any real prospect of a constructive and enlarging future, how will they avoid going anti-White?

Thus if the White electorate is asked to decide which party shall "put the niggers in his place," it will always opt for those who, fortified by religious dogmas and scriptural sanctions, are untroubled by any qualms of "liberalism" conscience. It should be counted to the U.P.'s moral credit that such a vote goes against it; but the source of its political weakness is that it allows the electoral battle to be fought on the ground of its opponents' choosing in the foolish hope of detaching "Boat-lag" Nationalists.

HUMAN RELATIONS IN THE UNION AND IN AMERICA

FRANK S. LOESCHER, Ph.D.

Executive Director, Commission On Human Relations, City of Philadelphia, who recently visited the Union.

THE Union of South Africa and the United States of America have much in common. The two "U.S.A.'s" are the leaders in their respective continents. The dominant group in both is white Anglo-Saxon Protestant. In the minds of both dominant groups there is a moral conflict. Myrdal in his recent study of Negro-White relations in America speaks of "The American Dilemma." This dilemma exists in South Africa because of the conflict between our creed based on Christianity and Western democracy, on the one hand, and our every-day deeds of failing to live up to the ideals when it comes to our neighbours of a different skin colour.

This moral conflict is in the hearts of white South Africans of all backgrounds. Many times I found myself in disagreement on goals and strategies with English-speaking and Afrikaans-speaking people, but one of my most satisfying experiences in South Africa has been the number of occasions when I was able to find common ground at a deeper level. I will return to America with the richest of possessions—a host of good friends, both European—Afrikans and English speaking and non-European—African, Indian and Coloured. I look forward to maintaining these friendships by correspondence and by future visits.

Our two countries are also alike in that the whole world is watching us. Americans who go to Europe or Asia are always asked about our treatment of the Negro. I am told the same things happen to South Africans, when they go abroad.

As I drove around the Union during my brief four month visit, seeing Johannesburg, Pretoria, Pietermaritzburg, Durban, the Transkei and the Ciskei, Port Elizabeth, Cape Town, Beaufort West (with ten degrees of frost!), Bloemfontein and Welkom, I was reminded many times of the geography and scenery in the States. Your Chambers of Commerce should put me on their pay rolls, considering how I have urged my fellow-Americans to be sure to include Cape Town and Durban and Johannesburg and your other beautiful cities in their travels. Frankly, I was not prepared for the beauty of South Africa.

Dr. Frank D. Loescher Ph.D.

I was well prepared for many of your problems, thanks to the interest of the press and the many books now being written about South Africa. I had read about Maroka and Cato Manor and Windemere. Your slums are well reported! But I was not prepared for the model villages and other constructive schemes.

I can sympathise with the reactions of white South Africans to the singling out of the negative aspects of urban housing. I recall my feelings when visitors from foreign countries would come to Philadelphia and would ask me the most embarrassing questions about the slums where so many Negroes live. And yet, as I think about it, it was good to have these failings pointed out, because it is easy to become accustomed to slum conditions in our communities and to do nothing about them.

While I could go on and list many more similarities between our two countries, it is obvious that one big difference is that the ratio of white to non-white is about ten to one in the States, whereas here the Europeans are outnumbered four to one. There are many other differences, but that in itself makes the South African problem more difficult. Group relations in South Africa are as complex as in any country in the world, and I do wish every foreign critic could visit South Africa and see for himself the good as well as the bad.

But I would be less than honest, and I know my South African friends would think less of me, if I did not give some of my negative impres-

sions, tentative though they may be. I must tell you that I found a despair among Africans that was disturbing. When our discussions got around to how their living conditions could be improved in government, there was an unmistakable lack of faith and confidence that the Europeans would extend democracy to them. This was my most disturbing experience.

The better educated African people who had fairly good jobs and who lived in some of the model locations, felt no doubt in my mind that to them it all seemed like life in a model minimum-security prison. Their desire was a common one of all mankind—to have a say in the affairs of the community, to be able to secure a job on the basis of their merit, to own land freehold, to help their children do a little better than they were able to do. It does seem that man the world over, in addition to food and clothing and shelter has a basic need for a feeling of dignity and acceptance by his fellows.

When Africans asked me what they could do, I urged them to persist in their efforts to reach the minds and hearts of white South Africans of good will. Africans and Indians, and Coloureds also have a responsibility. It is a two-way proposition.

In Philadelphia a typical Northern city, I meet, somewhat the same reactions. About twenty per cent of the population is Negro. Qualified Negroes are beginning to work alongside whites in departmental stores, banks, insurance companies, factories, schools and hospitals. Since the war segregation and discrimination in schools, cinemas and parks has been decreasing. But it will be some time before the white American's irrational feelings about colour disappear, as witnessed by the fact that despite the progress made in recent years it is almost impossible in Philadelphia for a Negro to buy a newly constructed home.

It is easy for outsiders to criticise white Americans or white South Africans. It is also easy to set Christian and democratic goals before the United States and South Africa. But it is not so easy to find the ways to achieve these goals. That is where the social engineer is necessary to help people of good-will find the right way. In the United

States, World war II and Hitler's ideologies helped to make white Americans more conscious of the conflict between the American creed and the American deed. It began to dawn on some Americans that there was a grave danger that we would lose our Christian and democratic ideals if we did not practise them, that the American creed would be brought down to the level of the American deed of discrimination.

Numerous organisations, private and public, have been established to try to find the ways of bringing American racial practices a little more in line with American ideals. Scientific research is no longer limited to the material side of life but is being brought to bear on problems of how prejudice is acquired and how discrimination and segregation can be reduced. Our clergymen and teachers, union officials and employers are increasingly finding that a major part of their responsibility is in the field of human relations. They have to learn the correct techniques of building tolerance and, if possible, respect and appreciation for differences of colour, religion and national background.

Some Americans are learning that in race relations as in every other aspect of life the right thing morally is also the right thing practically. It is a hard lesson for many of us to grasp, but force of circumstances is teaching us that for economic, moral and international reasons we must apply our Christian and democratic ideals in everyday life to our brothers under the skin.

Economically, it is good business to employ the best qualified person for the job—regardless of race, religion or ancestry. American business leadership is loud in its praises of free enterprise and the opportunity system. If this system is to have wide acceptance by Americans, then equal job opportunity will have to be accorded to all Americans. The lesson is also being learned that there is a great Negro market for the products of American industry. Recent figures show that Negroes now have a purchasing power of more than four billion pounds a year. The better educated, the more productive, the greater the Negro American's feeling that he too has a stake in America, the better for the American economy as a whole.

The moral aspect is also beginning to be sensed by white Americans although I must say

that there is only a handful of white Americans who really care, who fully appreciate what it means to have a black skin and, because of that accident of birth, be subjected to prejudice and disdain. Still some progress is evident and we can hope and work and pray that this sensitivity will grow.

The international aspect is at least being recognised. Visitors to America over the past century have been shocked by the callous treatment of Negroes. They could not comprehend how white Americans could go on decade after decade refusing to recognise the difference between the educated and uneducated Negro and keeping all "in their place." But Americans are learning by travel, by press and radio that most of the world is sceptical of America's efforts to sell democracy while discrimination and segregation are part of the American system. America is learning that if she is to have friends for the democratic way of life abroad, democracy must be practised at home.

Both "U.S.A.'s" are on the spot in the eyes of the world. Our great need, as I see it, is to keep our systems flexible, so that they do not harden and make evolutionary change impossible. If we can keep our minds open to new truth and our hearts sensitive to leadings of the Spirit, then our two countries need have no fear. Both our countries have to learn to live in a great big world with people of different colours and cultures. White Americans have an easier task than white South Africans in learning how to live with their black and brown fellow Americans because white Americans are in the majority. White South Africans, being in a minority, are in a more difficult situation.

White South Africans confront now what Europe and America are to face shortly in the whole world. South Africa is a microcosm of the world's situation in which a large majority of the people have yellow or brown or black skins. The peoples of the United States and Western Europe, living in a smaller, more closely knit world, cannot live alone and must find a compatible way of living together with peoples of other colours and cultures. Perhaps South Africa

will show the world how people of different colours and cultures can live together with equal opportunity and equal treatment for all.

Should we be pessimistic about white South Africans meeting the challenge? I do not feel that way. I believe there is still a reservoir of goodwill among the African people, that they will respond, if the hand of friendship and fellowship is extended.

May white men and women in both South Africa and the United States learn how to extend the hand of friendship and fellowship while there is still time.

AFRICAN VIEWPOINT

DADOOISM AND DADOO-BOYS

By JORDAN K. NGUBANE

DR. DADOO has done me the honour to reply very courteously to my comments on Dadooism and the Dadoo-boys in Johannesburg. I shall endeavour to reciprocate the compliment. He asks me quite a number of questions, the gravamen of which is to find out precisely who the Dadoo-boys are and what Dadooism is. I am eager to return replies to these. But before doing so, let me explain one or two points.

Firstly, I deliberately wish to avoid names in this controversy for the reason that they are not important for the purpose of my main theme. It is policies which are under fire and dragging in personalities might confuse the real points at issue. I dragged in Dr. Dadoo's name because he is the driving power behind the policies of which I am very critical. I have mentioned Mr. Sisulu because the so-called Sisulu Plan figures prominently in this controversy.

Dadooism is the policy by which the Afro-Indian alliance is manipulated to create situations—some awkward some embarrassing—where our Indian ally, in particular the Dadoo wing of the South African Indian Congress, wields an influence on events out of all proportion to the Indian's actual contribution to the struggle we wage jointly. The Dadoo-boys are those people in the African National Congress who, for one reason or the other, find it politically profitable to connive at this and not draw attention to the harm this is producing inside the ranks of the African National Congress.

I think I have defined terms in as clear a manner as is humanly possible in the situation under review. Now let me take a few concrete cases to illustrate my point.

When the South African Liberal Party was formed, Dr. Dadoo made comments on it which created the impression that he was speaking for the non-European peoples when, in fact, this was not the case. He himself failed to make it clear beyond all shadow of doubt that he was speaking only for that section which he leads. To me this failure was significant. It was calculated to cement the non-Europeans in advance to a particular stand *vis-à-vis* the Liberal Party and then dare every non-European leader to deviate. This was a form of political blackmail and Dr. Dadoo used it in the knowledge

that responsible African leaders who held contrary views would not publicly dissent just then because of delicate situations inside the African National Congress which, for security purposes, I do not feel called upon to discuss here.

The actual position, of course, is that in condemning the Liberal Party in the way he did he certainly was not speaking for the African. As I have said, this was no mistake. It was part of a carefully designed policy dating to the days before the resistance movement. Even in the resistance movement, it will be remembered that it was the Johannesburg people, closest to Dr. Dadoo, who exerted inordinate pressure on the other three provinces to rush to launch the resistance campaign.

In the light of subsequent events, the so-called Sisulu Plan was one of the biggest political frauds foisted on the African people. When it came to actual performance the people who had so much to say for the so-called Sisulu Plan fell short of expectations. The men who clamoured for the immediate launching of the 'voluntarist' movement at Bloemfontein told the country and the world that the people—the Africans, the Indians and the Coloureds—were ready for action and that those who argued a careful taking into account of all factors were waverers. But when it was time for the brave to show their strength and bring forward the people whom they claimed to have behind them, the Transvaal produced only a trickle by comparison. I must hasten to say that I do not in any way blame Dr. Dadoo for the trickle. It was no business of his to produce the Africans who would have given weight to the word of the men from Johannesburg. But as the principal spokesman of our Indian ally, he failed to use his influence to slow down a disastrous rush the end of which we have not as yet reached. This, when he had effectively used his influence elsewhere on matters of equal importance.

When Swart showed his hand, the so-called Sisulu Plan was quickly shelved, the resistance movement was, for all practical purposes, called off in a hurry and rather than explain all this satisfactorily to the people, Mr. Sisulu found it convenient to run away to Bucharest.

I happen to know that Dr. Dadoo wields a considerable

amount of influence on some of the Congress higher-ups in Johannesburg. Not without cause. I have known him for one of the hardest-working, most determined and most self-sacrificing figures on the political horizon in this country. But he cannot escape blame when these under his influence rush from one blunder to another.

Even on the resistance movement, there are people inside the African National Congress and the South African Indian Congress who openly say that non-violence was only a tactic for a particular purpose. It so happens that people who take up this attitude are closest to Dr. Dadoo. It might be a coincidence that this is the case in this instance. But if it is, it is for Dr. Dadoo to show it is.

People who take up this attitude do not realise its catastrophic effects on world opinion. I, for one, should hate to feel that the Joint Planning Council of the resistance campaign said so much about non-violence not because it believed in non-violence but because India had to be misled into taking an active interest in the struggle of the non-Europeans. India and the world and people like me were made to believe that the leaders of the resistance movement genuinely accepted non-violence as the only means of solving our problems in a peaceful way. Much of the help the campaign got from overseas was sent out on this understanding. Now for us to be told that we no longer believe in non-violence is a very rude shock. But for the author of the whole plan of resistance to dash to Bucharest instead of straightening out the tangle into which he has led us, his followers, the world, India and everybody, is, politically speaking, a betrayal of a trust.

Two people have explanations to make in connection with this. One of them is Dr. B. S. Molomo, the Treasurer-General of the African National Congress and the other is Dr. Dadoo. Dr. Dadoo because of his influence in the Joint Planning Council. Both have to say precisely where Mr. Sisulu got the money to travel overseas. Dr. Molomo will be called to book at the national conference of Congress. Dr. Dadoo might explain now.

I speak of harm to the African National Congress. What harm have all these moves done to the movement? Quite clearly the inexplicable shifts of ground and policy are creating the impression that the African National Congress and the South African Indian Congress are irresponsible bodies. We cannot afford to expose ourselves to

such a grave charge at any time, but more so at the moment. The burden on the shoulders of the Indian Congress is less than that borne by its African counterpart. Consequently the responsibility of the leaders of the African Congress is incomparably greater. We cannot afford to make South Africa and the world believe that these men are irresponsible. And that is precisely the position in which we now find ourselves after the dishonourable way in which the so-called Sisulu Plan was shelved and the way in which its author avoided Nemesis by running away to Bucharest.

There is a second, equally grave danger. The violent jolt which these shifts of policy give the provinces impose a strain on the provincial branches of the African National Congress which will one day impair Congress's solidarity. I hate to feel that these strains are imposed on the provinces with Dr. Dadoo's connivance. At the moment the tensions this has generated are of such a nature that the African National Congress is virtually paralysed for action of any sort.

I must make a few final explanations. I do not put the blame for the mess in Congress affairs wholly on Dr. Dadoo. But I insist that he and those whom he influences, because, of one reason or the other, are collectively responsible for the disastrous strains imposed on the inner working of the African National Congress.

Secondly, by referring to the Liberal Party I do not suggest that if Dr. Dadoo had commented favourably, I would not have taken him to task. I am not interested in what he said or said; I am interested in its effects and the way he said it. Quite frankly I am in favour of the Liberal Party. I do not regard it as a hostile group in the sense that I regard the Malan Party and the United Party. On the contrary, it is a friendly group. I am not a member of it, but this does not blind me to the fact that it is moving in the right direction. I make this explanation to show my real sympathies and to emphasise that in spite of this, my strident against Dr. Dadoo's pronouncement are against the impressions he allowed his remarks to create.

Let me end on a constructive note—because whatever I have written against Dr. Dadoo, I have no doubt in my mind that he is a determined enemy of racial oppression. For this reason, whatever impairs the solidarity of the anti-oppression front is not in his interest or that of the group of which he is the principal spokesman. The criticisms

levelled against him are designed to remove fatal weaknesses in the non-white front. If they cannot be removed, the African National Congress will find that it loses the field to the successors of the Bheugus. I am personally delighted that the Bheugus-Dongas axis has ended in catastrophe. But I definitely do not want the Afro-Indian alliance to go that way. And if the current trend of events in the African National Congress and the South African Indian Congress persists, we cannot avoid catastrophe.

I mentioned a constructive note. At the moment the constitution of the African National Congress is being revised. I believe one of the reasons for this is the disasters into which centralisation has thrown the whole organisation. We need a federal constitution which will

place the provinces in the position not to be dominated by any one of them as is the case at the moment. The working committee is a very sound idea—but it must be consolidated differently. Instead of getting a clique of men in one province in it for reasons of economy, it must be truly representative. Each province must be equally represented on it. Then, if the Transvaal favours the Dadoo approach, it can freely canvass support for it from the other provinces instead of imposing it on the rest of us.

I have endeavoured to cover nearly all the ground envisaged by Dr. Dadoo in his questions. I should like to make my only request to him. He has asked me to call a spade a spade, I should appreciate it if he tells me the spade he has in mind!

Ronnie Martin (Gerald Sim) shows Bill Reed how to deal with a particularly tough steak in an amusing scene from Intimate Theatre's famous comedy-thriller "Someone at the Door," which is now playing to non-European audiences at the Bolton Theatre. The play was Intimate Theatre's biggest success last season when it played to European audiences and was produced by Michael McNeill, who is Director, Producer, Manager, Actor and Founder of the Intimate Theatre Company which has now been playing almost continuously to European audiences since December of last year. INDIA LETTER

(From Our Own Correspondent)

Bombay, August 28.

DRAMATIC developments took place during the past fortnight in regard to Kashmir. Sheikh Mahomed Abdullah, the 48-year-old Prime Minister of Kashmir, was dismissed by the Sadr-i-Riyasat and his cabinet had lost the confidence of the people.

The dismissal of Sheikh Abdullah was followed by the elevation of the Deputy Prime Minister Bakshi Gulam Mahomed to the Premiership of the State. Mr. Bakshi included in his Cabinet Mir Qasim, Mr. Gurdharial Dagra and Shamial Saraf, who were in Sheikh Abdullah's Cabinet. The name of the fifth Minister will be announced later.

The dismissed Prime Minister, who was taken in custody under the Public Security Act, was charged with disruption, corruption, nepotism, maladministration and establishing foreign contacts of a kind dangerous to the peace of the State.

Among others arrested with Sheikh Abdullah were Mir Asaf Beg, Revenue Minister, Mr. Jashinath Zushfi, Director-General of Information and Broadcasting, Mr. B. P. Sharma, Principal Information Officer, Mr. E. C. Rama, Private Secretary to Sheikh Abdullah and Mr. Sham Lal Kaul, Director of the Visitors Bureau.

After the arrest of Sheikh Abdullah scattered demonstrations by pro-Pakistan elements took place at few places, but were quelled with a firm hand. Now the situation has returned to normal. Kashmiri people are realising the dangers inherent in Sheikh Abdullah's plan for "independence" from India and Pakistan. Certain U.N. officials were seen inciting the people against the new regime.

Strange reactions came from Pakistan. The Pakistani leaders and the Press, which had not spared any invectives in describing Abdullah as traitor, arch villain and enemy of Islam and demanded his removal from office, overnight became the champions of Sheikh Abdullah. False reports of repression in Kashmir were published in Pakistan and anti-Indian feelings were whipped up.

Pakistan Premier Mr. Mahomed Ali expressed concern at the developments in Kashmir and requested Mr. Nehru for an immediate meeting to discuss the latest developments in Kashmir. Mr. Mahomed Ali

was prepared to come to Delhi on that very day. But Mr. Nehru specifically told Mr. Mahomed Ali that the change of the Government in Kashmir was Kashmir's internal affair and as such could not be discussed. Even then after seven sittings of the Pakistan Cabinet discussing the Kashmir question, the Prime Minister of Pakistan along with the Foreign Minister Zafarulla Khan, has arrived in New Delhi and the talks are going on between the two Prime Ministers on the Kashmir question as a whole.

Mr. Nehru made it clear in the House of the People and assured Pakistan that all the pledges given to the people of Kashmir will be carried out and India stood by the declaration that the future of Kashmir shall be decided by the people of Kashmir through free and fair plebiscite. The Government of India had not interfered in the internal matters of Kashmir and was not going to do it in the future. The Sadr-i-Riyasat, Yuvraj Karan-sinhji, the elected head of Kashmir had taken all the steps on his own and was not in any way directed by the Government of India.

Pakistan's behaviour towards Sheikh Abdullah's dismissal came as a rude shock to the people of India, as they had come to believe, after Mr. Nehru's visit to Karachi, that Pakistani leaders and the people generally genuinely wanted friendship with India. But when the story behind Sheikh Abdullah's dismissal came to light they understood the significance of Pakistan's outbursts very well.

Sheikh Abdullah had hatched a plan on the inspiration and with the contrivance of certain U.N. observers in Kashmir (who are mainly Americans) to spring a surprise on India by arresting Ministers and leading National Conference workers and proclaiming independence and seek U.N. protection. But the Deputy Premier and the Sadr-i-Riyasat came to know of this plan in time and got a chance to remove Sheikh Abdullah. When he asked Mr. Shamial Saraf, a Minister in his Cabinet to resign and the latter refused to oblige him. This indiscretion on the part of Sheikh Abdullah precipitated matters and prevented one of the foulest sell-out in modern history.

Of late Sheikh Abdullah came to be referred to as "King Abdullah" by U.N. officials in Srinagar in their inner circles. For months past details of how Kashmir would be developed had been worked out by officials of an U.N. agency for economic and technical aid to under-developed areas. The entire Kashmir Valley having been mapped and surveyed for the purpose of development by expert officials who came under one guise or another, a draft constitution for Kashmir as a U.N. State was prepared but an obstacle held up its finalisation.

Sheikh Abdullah wanted the proposed constitution to name him as the Chief of the State establishing a sort of permanent Sultanate. These foreign officials fearing that that would expose the true character of the deal hesitated. References were made to New York to straighten the matter out and instructions were awaited. The chagrin of U.N. officials at the recent events and their action of inciting the people to resort to violence against the new regime is, therefore, understandable, and also of Pakistan which while aware of the plot thought that an independent Kashmir would be an easy prey for Pakistan. Pakistan was confident of its agents in the Valley sabotaging Abdullah's move after India's removal from the picture, so that what they failed by arms they could achieve through a plot betraying the sub-continent.

After hearing the order of dismissal Abdullah went to Gulmarg, a town near Pakistan border. Had the new regime not arrested Abdullah in time, he might have escaped to Pakistan and would have provided a good stooge for propaganda against India.

The Kashmir Government has warned the U.N. officials that it would take stern steps against them if they meddle in the internal affairs of Kashmir.

In the meanwhile Pakistan Press and the Radio continues to demand a war on India without giving any thought to the outcome of such an action which will definitely harm Pakistan more than India.

The Pakistan Prime Minister was given an enthusiastic welcome when he arrived in Delhi by the citizens who gathered in thousands to receive him at the airport. No other foreigner, except Lord Mountbatten, had received such a grand reception after India's independence.

In a speech in the House of the People, welcoming the Prime Minister of Pakistan,

Mr. Nehru assured him of India's anxiety to settle all the disputes between the two countries in a peaceful manner.

"There may be and are difficulties," Mr. Nehru said, "and sometimes a solution is not easy to find. But where there is a firm desire to follow the path of peace and reconciliation there can be no doubt that success will come. Only those who had little understanding of the world today and of India and Pakistan and had no vision at all could think in terms of conflict between the two countries."

"It was nonetheless a matter of deep regret that some sections of people both in Pakistan and India challenged the basic policy of co-operation and friendship between the two countries contained in the joint statement issued by Mr. Mahomed Ali and himself after their meeting in Karachi last month. India was firmly resolved to pursue this policy and not be diverted from it even though some people might be swept away by the passion and prejudice of the moment."

India entered the seventh year of her freedom on August 15 with a greater sense of confidence in the future, both in the domestic sphere and in the field of international relations. Within the country the economic outlook is brighter than it has been in the last several years, though mounting unemployment and high prices of essential commodities have been a source of concern to the Government and distress to the people.

The Finance Minister has, however, attributed these economic factors to the transition from a seller's market to a buyer's market.

In the international sphere India's efforts to bring peace to war-torn Korea have proved successful and the dispatch of the custodian force to Korea have synchronised with the celebrations of Independence Day.

INDIAN EDUCATIONAL NEEDS IN NATAL

MEMORANDUM PRESENTED TO THE ADMINISTRATOR-IN-EXECUTIVE BY THE INDIAN EDUCATION COMMITTEE, DURBAN

THE Indian Education Committee is a body widely representative of Indian organisations and was formed early this year to deal jointly with the pressing problems of Indian education in the Province of Natal. It represents the following organisations:—

Natal Indian Teachers' Society, Natal Indian Council for Child Welfare, Natal Indian Congress, Natal Indian Organisation, Durban Combined Indian Ratepayers' Association, Durban Indian Benevolent Society, Friends of the Sick Association, Natal Indian Youth Congress, Natal Indian Blind Society, 15 Trade Unions and a large number of Aided School Committees and Gramikas.

At a Conference of these organisations held at the Albert Cinema, Durban, on 21st June, 1953, a resolution was adopted concerning:—(1) the provision of adequate school accommodation for Indian children, and (2) the extension of the principle of compulsory education to Indian children.

The Resolution of Conference has been forwarded to you already and this Memorandum deals further with the two pressing needs of Indian Education, referred to above, which the Indian Education Committee believes could be solved with the mutual co-operation of the Natal Provincial Administration and the Indian community.

It will bear constant repetition in emphasise that the Indian community of Natal is a permanent and integral part of the South African nation. As such, the Indian community like every other section of the South African people, is very much concerned that its children should receive the benefits of a well-regulated school education. Owing so it does its sole allegiance to South Africa, the Indian community is anxious that its children should grow up to take their place as responsible, law-abiding, disciplined, productive and progressive members of the South African nation.

The Indian Education Committee is gravely disturbed about the present condition of Indian education in Natal, and submits that there is no room for complacency either on the part of the Natal Provincial Administration or on the part of the Indian community. Vigorous and strenuous efforts are required to deal with a very unsatisfactory situation.

The Indian Education Committee is cognisant of the great progress made in the enrolment of Indian children at the Government, Government-Aided, Platoon and Private Registered schools in the past ten years (1943-1952). Just over 30,000 additional pupils have been enrolled, making the total attendance in September, 1952, at 61,333 pupils in the primary and secondary schools.

Yet it is common knowledge that every year thousands of Indian children of school-going age seeking admission into the schools are turned away for want of accommodation. In January, 1952, the census conducted by the Natal Education Department revealed that in the Durban and peri-Durban areas alone over 14,000 children were unable to gain admission into the schools. Even this figure is an underestimate for hundreds of children were not recorded at this census for various reasons. The 1949 Report of the Director of Education estimates that over 30,000 Indian children of school-going age in Natal are out of school. (Vide page 12). Our calculation is that more than 33,000 Indian children between 5-16 years were out of school in September, 1952.

It would appear, therefore, that the 30,000 additional places made available in the past ten years have been less than sufficient to keep pace with the normal growth of the population. The number of children who reach the school-going age of 6 every year is about 8,500—9,000. Allowing for school leavers the annual needs are about 4,000—4,500 places per annum. Thus provision was not made for the accumulated backlog of 33,000 children, nor even for the normal annual requirements.

As it has been publicly acknowledged by representatives of the Natal Provincial Administration, we do not wish to dwell upon the large measure of self-help and self-sacrifice displayed by the Indian community in taking the initiative to build schools, for their children. Suffice it to record that of the 237 Government, Government-Aided, Platoon and Private Registered schools in 1952, nearly 90 per cent of these (including four secondary and several primary schools handed over to the Administration) have been built by the Indian community at a cost running into several hundred thousand pounds. Even now the community will not be found waiting in the

desire to do whatever it can for the education of its children.

But the time has arrived when the Indian community is literally staggering under the burden of having to finance the building of schools for its children. It is not often realised that the same community has also been 'forced' to finance other health and social welfare programmes in the absence of adequate facilities. It should be borne in mind that by and large the Indian community is a very poor section of the population.

The Indian Education Committee is appreciative of the more progressive spirit that has been animating the Natal Provincial Administration in recent years in its attitude towards the educational needs of the Indian people. However, the Committee feels that there is still considerable opportunity and need for more generous financing of Indian education, particularly in respect of capital expenditure on school buildings and equipment.

The main burden of the capital expenditure for providing a system of schools for Indian children has fallen upon the shoulders of the Indian people themselves.

Only 33 out of 221 primary and secondary schools are Government schools, the rest being Government-Aided. Furthermore, many of the schools which are now classified as Government schools were built largely with money raised from the Indian community.

The aided schools were built with the assistance of Building Grants from the Province, and this has been gradually increased from one-third to one-half of the approved cost of the building. Since this grant-in-aid towards the building was met out of Recurrent Expenditure and thus came in for a Union subsidy, the actual contribution from the Provincial Revenue was nil up to 1939, since less was spent on Indian education than what was raised by way of subsidy. Under the new Financial Relations Act of 1945 the Province has been contributing about 50 per cent of the Expenditure on Indian education. But here, too, the burden upon the Province for financing the building of aided Indian schools was halved, because the building grant was voted under Recurrent Expenditure and thus came in for a subsidy. We are not questioning nor commenting upon the propriety of this procedure. Our point is merely to suggest that the Province has a moral responsibility to come in

the assistance of the Indian people and embark upon a vigorous programme of building schools.

At this juncture we may, perhaps, express our concern at the position disclosed in the Provincial Auditor's Reports for 1949/1950, 1950/1951 and 1951/1952. Out of the amounts set aside every year for Maintenance Equipment and Building Grants, sums of £38,763, £32,539 and £17,604 were unused in the respective years. These are appreciable amounts and should not have been allowed to lapse when there is such a pressing need for school buildings.

This Committee has started an inquiry into the building needs of different schools and localities. The inquiry is not complete but from the information we have up to now, we gather that 33 School Committees require, and are planning for, extensions, new building or re-building. It is estimated that this programme would need £126,000. This is only a fraction of what is likely to be required to bring all the children out of school into school.

Our inquiries also indicate that much headway is not likely to be made for many years to come in getting on with this programme, because the groups within the community which are sorely in need of additional accommodation are too poor to raise so much money for land, buildings and equipment without more generous help from the Province.

As an incentive to further community effort, this Committee requests that the Building and Equipment Grant to aided schools be raised from 50 per cent to 75 per cent of the approved cost.

Furthermore, this Committee urges upon the Natal Provincial Administration to build Government schools in areas such as Sydenham, Overport, Clate Estate, Cato Manor, Durban-Central, Clairwood and Pietermaritzburg where the need is urgent.

Additional classrooms are also required at Government schools like Sastri College and at Depot Road, Dartnell Crescent, Pinetown, Tongaat, Stanger, Port Shepstone, Newcastle and Ladysmith. The building of the proposed secondary school at Clairwood and the primary school at Springfield should be expedited.

We now come to the second serious issue in Indian education referred to in our Resolution. The tremendous wastage in Indian schools as a result of the falling off in attendance from year to year is a matter for grave concern, for the whole system of Indian education is being built on unsteady foundations.

and results in a futile expenditure of public funds. It has been calculated that the average school life of an Indian child at a primary school is about four years. The time, therefore has arrived for the introduction of a measure of compulsory education for Indian children.

We request that the recommendations made by the Provincial Education Committee in their Report of 1946 (Wilks Report) in paragraph 489 be implemented, as a first step in that direction.

Conclusion

The Indian Community feels keenly that it alone has been singled out to bear an additional heavy taxation for the education of its children, poorer and more needy though it is than other sections of the population. It, therefore, requests His Honour the Administrator-in-Executive to give these representations on behalf of the Indian community of Natal its earnest and sympathetic consideration.

કાર્યકર્તાઓ કેવા હોવા જોઈએ ?

(ડાહલનગરમાં વિરોધાજ્ઞાનું એક બાપણ)

જિજ્ઞાસુ પહેલાં હું આ જાણના
એક વાર પ્રવચન કરી ચુક્યો
હું. આ જ જિજ્ઞાસુનાં દેશના વાતા
વરણમાં મણું પરિવર્તન થઈ ગયું છે.
આ જાણનાં હું બધારે પહેલી વાર
આપ્યો હતો, ત્યારે બધી બુદ્ધિઓ
દસવાર હજાર એકરની વાત કરતો
હતો. પણ હવે તમે જુઓ છો કે
સામાજીક વાત થઈ રહી છે. બિહાર
દેશમાં પહેલાં દશ વાર આ બાબતો
હતો, પણ તે હવે બીજા બાબતો
થયો છે. આ પ્રમાણે જેમ દેશની
આકાંક્ષાઓ વધતી ગઈ છે, તેમ
વાણી પણ હવે ઉડતી ગઈ છે.
કાર્યકર્તાઓની સંખ્યામાં જે રુદ્ધિ થઈ
છે. દરેક પક્ષે આ કામ પ્રત્યે પોતા
ની સહાનુભૂતિ બતાવી છે; અને દરેક
ના હિતમાં તેના અલગ અલગ હિતો
હતા. કેટલીક જગ્યાએ ઉડતી રહે છે.
પણ એક રીતે આ જરૂરી અને માટે
પણ છે. કારણ કે જો હવે છે તે
વિચારોની શુદ્ધિ પણ થઈ ગઈ છે.
પણ એ વિષયે કોઈને સંશયમાં સંદેહ
નથી કે જુદાન પદ અસિદ્ધિ એક
કરવાપણની આશંકા છે. કેટલાક
લોકોને તેની અતિ ધીમી લાગે છે.
તેની આશંકા પૂર્ણ કાન્તિ થાય કે નહીં
તે વિષે પણ બે અલગ હોય છે.
પણ આટલી વાત તો કોઈએ સ્વીકારી
છે કે આ આશંકાને નેટલું વધારી
એટલું લોકોનું કલ્યાણ થશે.

વિચારોની ગતિ

કેમ પણ કાલિદાસ કાવ્યને ઉચ્ચ
પદેમાં ગિતિમાં લાવે છે. પછીથી
વાણી દ્વારા પ્રકટ થાય છે, સકલપનું
રૂપ લે છે અને અંતમાં કૃતિનું રૂપ લે
છે. કૃતિ પણ પ્રથમ અસ્પષ્ટ થાય
છે, પછી સામ્યિક અને છે. પછી
થી તેના પર આપના સમાજની
મંજુરીની મહોર લાગે છે. આ
પ્રમાણે પહેલાં કોઈક અસ્પષ્ટ અર્થ
માં કાર્યકર્તાઓને ઉચ્ચ થાય છે અને
પછીથી તે આખા સમાજમાં એક
રૂપિત અથવા કાનુનનું રૂપ લે છે.
ત્યાર પછી તે જ આચાર અથવા
જીવનનિયમના રૂપમાં માનવામાં આવે
છે. એક સામાજીક આપણે કહ્યું.
આને ચોરી કરવી એ ખરાબ મહાવ
છે. સર્વસાધારણ સમાજ અને
કાયદો પણ ચોરીની વિરુદ્ધ છે. પણ
એમ દર્શાવત નથી કે ચોરીની વિરુદ્ધ
કાયદો લગવાથી લોકો ચોરી કરતા
નથી. પણ માણસની વિવેકશુદ્ધિએ

એમ માન્યું છે કે ચોરી કરવી એ
માનવતાની વિરુદ્ધ છે. તેથી કાર્યકર્તાઓ
અથવા કાનુન બંનેમાં એને સ્થાન
થયે છે. જીવનમાં એકી જાતના
નહોતી. પણ જેમ જેમ નીતિવિચાર
રિધર થતો ગયો, તેમ તેમ નિષ્ઠા
વધતી ગઈ. સમાજની નિષ્ઠાની બાબત
માં જે આ એક લાખનો આપ્યો.
તે પ્રમાણે હવે એ કાર્યકર્તાઓ રૂપ
કરવો છે કે પોતાની પાસે જરૂરી
વધારે જમીન રાખવી ન જોઈએ,
વધારે સંપત્તિ કરવો પાપ છે. આ
વિચાર કાર્મ નવો નથી, જુનો જ છે.
અધિકારો પોતાના જીવનમાં તેનું
અચરણ ક્યું કર્યું. વ્યક્તિગત રીતે
તેનું આચરણ કરનારા મહાત્માઓ
અને સાધુસંતો આપણે ત્યાં થયા છે.
પણ આમજનતામાં ચોરીની વિરુદ્ધ
જેવી ભાવના છે, એવી તીવ્ર અને
દૃઢ ભાવના સંપત્તિની વિરુદ્ધ નથી.
આપણે હવે તે પેદા કરવાની છે.
તેથી જે આ આશંકાને કાર્યકર્તાઓ
પ્રવર્તન નામ આપ્યું છે. કારણ કે
તેની પાછળ એક વિચારને સામાજિક
સ્વરૂપ આપવાનો હેતુ છે. અસંપત્તિ
અને અપરિપક્વતાને શુદ્ધ અર્થ અને
સાધુ-સંપાત્તિઓને શોભા આપનારો
માનવમાં આવ્યો. હવે પણ તે
સામાજિક લોકોના એટલે કે ગૃહસ્થોના
જીવનમાં પણ એટલો જ મોટો અસર
છે. તે વિના કોઈપણ નાણું થશે
નહીં. આ કાર્યકર્તાઓની સામાજિક
નિષ્ઠાના રૂપમાં આપણે સ્થાપના કરવી
છે. તેનો આરંભ વિચારકાંતિથી અને
અંત સામાજિક કાંતિથી થશે.

સામાજિક કાંતિને આરંભ

આનો આરંભ જમીનનો કેમડો
હવે કરવાથી થયો છે. તે માટે હું
આપણું હૃદયસ્થાન કરી રહ્યો છું અને
બીજા લોકો પણ કરી રહ્યા છે.
પણ જે એવો નિષ્ઠા થયો કે કેમડો
એક પ્રાંતમાં તેનો વ્યાપક રીતે પ્રયોગ
કરીને કોઈનાં ઉદ્ધાર કરી રીતે થાય
છે તે બતાવવું જોઈએ. તેથી જે
બિહાર પાસે બીજા લાખ એકરની
મામણી કરી. આ આંકડો કેમડો
મોટો લાગે છે પણ બધારે આપણે
બધી જમીનને અલગ ઉદ્ધારવાની દૃષ્ટિ
થી વિચાર કરીએ છીએ ત્યારે તે

બધું મોટો લાભનો નથી. આપણે
જો આજમાં એકી બીજા લાખ
એકર જમીન અહીંસા, પ્રેમ અને
કાંતિથી-એકી કરી લઈએ; વધારે
સમૃદ્ધ કરવો એ પાપ છે, એ
સહભાવનાનો પ્રચાર કરીને, એ નિષ્ઠા
સમાજને ગમે જોવાની આટલું કામ
કરીએ; તો જમીનનો કેમડો હવે
થાય કે ન થાય પણ આપણે એટલું
તો જરૂર કરી શકીએ કે કેમડો હવે
કરવાનો રહેતો સાથ કરી દીધો. તેથી
આ કામને જેમ આપવાને માટે
વિચારપ્રચાર કરવો જોઈએ. અને
જો લોકોએ તેનો અમલ કર્યો હશે
તેમો જ વિચારપ્રચારનું કામ કરી
શકશે. આ પ્રમાણે આ વિચારનો
અમલ કરનારા કાર્યકર્તાઓ નેટલા
વધારે સંખ્યામાં મળશે, એટલું કામ
વધારે જલદી થશે. તેનો મૂળ વિચાર
વાતાવરણમાં ફેલાઈ ગયો છે. આપણે
જોઈએ છીએ કે પંચાયત જેવા પછાત
જાણમાં પણ લોકો જમીન દેવાને
માટે કેટલા આતુર છે! વિચાર
સમજના પછી તેઓ જમીન આપવા
માં વિશ્વસ કરતા નથી. તેનો અર્થ
એ કે અભ્યક્ત રૂપમાં આ વાત
વાતાવરણમાં ફેલાઈ ગઈ છે. તેને
અક્ષત રૂપ આપવા માટે જામેશાસના
દરેક એકત પાસેથી હાનપત્ર મેળવવા
જોઈએ. ત્યારે તેને વ્યાપક કિંવાનમક
રૂપ મળી શકશે.

કાર્યકર્તાઓની જરૂર

આ કામને માટે ઉત્તમ ચરિત્રવાળા
અને નિષ્ઠાવાન કાર્યકર્તાઓની જરૂર
છે. કદાચ એક પદ્માવતી જાણમાં જ
લગભગ રોડ લાખ એકર જમીન
મળી છે. તેથી બમણી પણ મળી
શે. પણ એટલાથી કામ નહીં થાય,
દરેક મામલા દરેક એકત પાસેથી
ન્યારે પ્રેમની નિષ્ઠાની તરીકે લોકો
પણ હાન મળશે ત્યારે આ કામ પૂરું
થઈ શકે. આ બધું કરવાને માટે
કાર્યકર્તાઓની સેના જોઈએ.
દેવગઢ કર્મ નહીં, પણ કર્મચોગ
સાદિત્યપ્રચારને માટે અને જમીન
સાથે પુરતો લઈને કરીએ છીએ.
તેમણે હું ગીતા પ્રવચનોની આસ
ભાગમણું કર્યું છું. આ માટે તે
માટે કે બધારે હું બહાન પેદા વિશે

વિચાર કરું છું. ત્યારે ગીતાનો ઉપદેશ
અને શાસ્ત્ર આવે છે. કાર્યકર્તાઓ
કર્મચોગ પ્રવચન દ્વારા જ ફેલાઈ શકે છે.
ગીતાએ જે વાત કીધી છે, તે
શીખ્યા વિના નિષ્ઠાવાન કાર્યકર્તાઓ
મળશે નહીં. કારણ કે તેને માટે
કર્મચોગના શિક્ષણની જરૂર છે. કર્મ
તો બધું કરે છે. કર્મ વિનાનું કોઈ
છાં બાળક બિખારી પણ છેવટે
શીખ માનવાનું કામ તો કરે જ છે.
પણ અને તે કર્મ કરવામાં કરી
વિશેષતા નથી. આશુસ બધારે અહંકાર
છોડીને કામ કરે; બધારે તેનામાં
રામ, દેવ, કોઈ વગેરે રહે નહીં;
ફળની વાસના તેને મુખ્ય કરે નહીં,
બધારે તે દરેક કામ કર્મચોગ સમજીને
નિરપેક્ષ શુદ્ધિ કરતો રહે છે, ત્યારે
કર્મચોગ સિદ્ધ થાય છે. આવા કર્મ
ચોગી પ્રચારકોની જરૂર છે. પછી
બહેને તેઓ મુશ્કેલ કામ ન હોય.
જે જગ્યાએ કાર્યકર્તાઓની મામણી
કરી છે. પણ તેમાં આ બધું
રહેશે જ છે કે સામાજિક મામલાઓમાં
જરૂર છે; તે માટે જગ્યાએ કાર્યકર્તાઓ
જોઈએ, પણ આ બધા સાચા કાર્ય
કર્તા હોવા જોઈએ. તેથી અને ગીતા
નું સ્મરણ થાય છે.

કાર્યકર્તાઓના શુભ

મારી એ ઇચ્છા છે કે લોકો
એવા કાર્યકર્તાઓ હોવા જોઈએ કે
જેઓ નિષ્ઠા કરે કે આ કામ પૂરું
થાય નહીં ત્યાં સુધી તેઓ બીજા
કામમાં નહીં કરે. પાંચ-પચીસ
પણ આવા કાર્યકર્તાઓ મળી જાય
તો જે રચના આપણે કરવા ઇચ્છીએ
છીએ, તે પ્રવક્ષ કરી શકીશું. તે
કાર્યકર્તાઓ એવા હોવા જોઈએ જેઓ
કેમડ પણ પહેલે માનવા ન હોય, જે
અનુભવમાનને પોતાનો સ્વામી અને
પોતાને તેના સેવક માનતા હોય;
નેટલા આશુસ છે. તે બધા આપણી
સેવાના પાત્ર છે; આપણા સ્વામી છે
અને આપણે તેમના સેવક છીએ;
એવી સ્વામી-સેવકની ભાવનાથી કામ
કરનારા કાર્યકર્તાઓ જોઈએ.

અહીં થયું તથા આખા છે અને
કાંતિપ્રવૃત્તિ આઈ બાપણ સાંભળી રહ્યા
છે. મારો અવાજ તેમના કાન સુધી
ચોંટાયો હશે. તે તેમના હૃદય સુધી
પહોંચે એમ હમણું છું. હૃદયસ્થાન
હવે સ્વતંત્ર થયું છે. આપણે એ
વાત ખાનગી રાખવી જોઈએ કે

રમટસ-ગાંધી કરાર

૧૯૧૪ના રમટસ-ગાંધી કરાર કે જેની રૂબે આ દેશમાં ડોમીસાઇલ થએલા હિંદીઓ પોતાની પત્નીઓ અને સગીર બાળકોને આ દેશમાં હાખલ કરવાનો હક મેળવી શક્યા છે, તે નાણુદ કરવાનો સરકારે નિશ્ચય કરેલો છે. સુદહી પ્રધાન ડો. ડી. ઇ. ડોંગીસે ઇન્ડિયન એક્ટ માં સુધારો કરનાર ધીલ પાલો-મેન્ટમાં હાખલ કરવાની અ.પેલી નોટીસપરથી એમ સમજાય છે, આ છુટ-એ તેને “છુટ” કહી શકાતી હોય તો-મોટી કીમતે મેળવાઈ હતી અને તે એ હતી કે વરસના છ કેળવાયેલા હિંદીઓ સુનીયનમાં હાખલ થવાની છુટ રહે એ સિવાય કોઈ પણ નવા હિંદીઓ આ દેશમાં હાખલ નહિ થઈ શકે. આ કરાર થયા એ વખતે સુનીયન માં હિંદીઓ બીજી અનેક હાઠ મારીઓ ભોગવી રહ્યા હતા જે તરફ સરકારનું ધ્યાન એવવામાં આવ્યું હતું અને એવી કણુલાત થઈ હતી કે પોતાના હકોપર કાપ સુકનારા નવા કાયદા હાખલ કરવામાં નહિ આવે અને હયાત કાયદાઓનો સુનીયનમાં ડોમીસાઇલ થએલા હિંદીઓના રચાપિલ હકોને ખલાસમાં રાખી ને દિલસોણથી અમલ કરવામાં આવશે એવી સરકારની શુભનિષ્ઠા માં હિંદીઓએ વિશ્વાસ રાખે. પરંતુ આ કરાર અલ્પ છુટી નીવડ્યા. કારણ ૧૯૧૬ની સાલ થી હિંદીઓના વસવાટના અને વેપારના હકોપર કાપ સુકનારા એક ધમી એક નવા કાયદા હાખલ થવા લાગ્યા. પરિસ્થિતિ એટલી બગડી કે ૧૯૨૬માં હિંદી સરકારને વચ્ચે મુકું થયું અને અને સરકારે વચ્ચેની મસહતો ના પરિણામે ૧૯૨૭ના કેપટાઉન કરાર થયા.

એ કરારની પત્નીઓ અને સગીર બાળકોને હાજતી કલમ નીચે પ્રમાણે છે :

“૧૯૧૮ની યાદી પરિધના અલસખલાની નીતી ગિરેના દરાવ નો પારિમાલ નીચે નો એવો સિદ્ધાંત રચાપિલ કરનારો હતો કે, કોઇ પણ દેશમાં ડોમીસાઇલ થએલા હિંદીને એ દેશમાં સુખી કૌટુંબીક જીવન જીવવા હેતુ જોઇએ, તેને અમલમાં શુકવાને ખાતર, પત્નીઓ અને બાળકોના આ દેશમાં આગમન માટે નીચેના સિદ્ધાંતો લાગુ પાડવા માં આવશે : (અ) પ્રત્યેક વ્યક્તિ જેને માટે હાખલ થવાનો હક માંભવામાં આવેલો હોય તે તેની માંગણી કરનાર માણસની કાયદેસર પત્ની અથવા તો કાયદેસર બાળક ને હોય તે-એ કે નહિ તેનું હિંદી સરકારે સર્ટીફિકેટ આપવું; (બ) સગીર બાળક ને તેની માની સાથે ન હોય-એ તે જીવતી હોય-તો તેને હાખલ થવા નહિ હેતુ, સિવાય કે (૧) તેની મા સુનીયનમાં રહેતી હોય અને (૨) પ્રધાને ખાસ ફરો માં, તેવા બાળકોને આ સાથે નહિ હોય તો પણ હાખલ થવાની છુટ આપેલી હોય. ને પતિન દારગત થએલી હોય તો બીજી કોઇ પણ પત્નીને હાખલ કરવામાં નહિ આવે, સિવાય કે, તેની દારગતીને પ્રધાન ને સંતોષ થાય તેવા પુરાવો રજુ કરવામાં આવેલો હોય. (ક) પત્ની અને બાળકની વ્યાખ્યા (રમટસ ગાંધી કરાર મુજબના) ૧૯૧૪ના ઇન્ડિયન રીલીફ એક્ટમાં આપવા માં આવેલી છે તે મુજબ રહેશે.

કેપટાઉન કરારમાંની ઉન્નાત ને લગતી કલમનું સુચન કરવું અંદિ અરથાને નહિ ગણાય. તે આ પ્રમાણે છે :

“પોતાની રચાપી વસતીના પ્રત્યેક વર્ષની ઉજતિ તેની સંપૂર્ણ સહિત અને તો સુખ્ય કરવાના બનતાં અમળાં પગલાં લેવાની અને તેને માટે માગો અને સાધનો ચોળવાની હેતુ સુધેલો સરકાર ની દરજ છે એ સિદ્ધાંતો સુનીયન સરકાર સ્વિકાર કરે છે અને તેનું પાલન કરવા તકપાર છે અને જેનરણી અને અન્ય સમયકે પુરી પાડવાના સંબંધમાં હિંદીઓની જે મોટી સંખ્યા રચાપી વસતીના એક મામ તરીકે રહેલી છે તેને વસતી ના-અન્ય વગેરી પાછળ મસહાવા

દેતી નહિ જોઇએ એ વસ્તુનો સ્વિકાર કરે છે ...”

ઉપલી વસ્તુ એતાં સરકાર હવે જે પગલું લેવા હારી રહી છે. તે બેચક અવગતી કરનાર છે કારણ તે સુનીયનમાં ડોમીસાઇલ થએલા હિંદીઓનો સુખી કૌટુંબીક જીવન જીવવાનો હક અને તેને માટેની તકો છીનવી લેનાર છે વ્યક્તિના હક અને સ્વતંત્રતા પર તે એવો પ્રહાર કરનાર છે કે જે કોઈ પણ સ્વમાનપ્રિય માનવીથી સહી નહિ શકાય. જે કોઈ પાલોમેન્ટ આવો કાયદો પસાર કરી શકે, અને સુનીયન પાલોમેન્ટ કરશે તે વિષે કરો શક નથી, કારણ તે કરતાં છુરા કાયદા તેણે પસાર કરેલા છે, તો તેવી પાલોમેન્ટને સુધરેલા હોકોની પાલોમેન્ટ કહી શકાય કે કેમ એ શંકાબરેલું છે. જેઓ પોતાને સુધરેલા કહેવકારે છે તે સઘળાઓને માટે હવે એ વખત આવી લાગેલો છે કે જ્યારે તેઓએ વર્તમાન પરિસ્થિતિનું નીરીક્ષણ કરવું જોઇએ અને તેને સુધારવાના જે તાકીદે પગલાં લેવામાં નહિ આવે તો આ દેશ હું અને તેની પ્રજાનું શું થયે એ કળી શકાતું નથી, જોરી પ્રજા જે એમ માનતી હોય કે તે પોતાના બળથી ટકી શકશે તો તે સુખોના સ્વર્ગમાં જોયાં ખાઈ રહી છે. સત્ય અને ન્યાય થીજ તે પોતાનું અસ્તિત્વ ટકાવી રાખી શકશે.

આપણે હિંદીઓ આ સંજ્ઞા માં શું કરીશું? એ વખત આવી લાગેલો છે કે જ્યારે આપણે શું કરવા માંગીએ છીએ તેના ઉવટનો નિર્ણય કરી નાખવો જોઇએ. આવા સંજોગોમાં માણસ આરમાંથી એક મર્ગ લઈ શકે : (૧) જે તે નામદ હોય તો જાલીમના પંજમાંથી છુટવાને નકોસી છુટે; (૨) જે જાલીમ તેને એટલો બધો રંજાડી રહ્યો છે તેનું સુન કરી નાખે; (૩) આપણાત કદે કારણ આવા સંજોગોમાં જીવવું અસહ્ય છે; (૪) ખરો ન્યાય આપનાર ઇશ્વરજ છે એવી ઇશ્વરપર અચળ શ્રદ્ધા રાખીને જાલીમને પોતાનું પુરામાં છુકે કરવા કે પરંતુ તેની ઇચ્છાને આધીન થયા વગર તેની સામે પહોડની જેમ અડગ

થઈ ઉભો રહે. આ છેલ્લો મર્ગ જ ખરો અને સુધરેલો મર્ગ છે. આપણે હિંદીઓ, જેઓ આફ્રીકનોને અર્હીસાનો ખાઠ શીખવવાનો હાલો કરીએ છીએ, તેઓને સંજોગથી નહિ પરંતુ કાયદી તેમ કરવાની ઇચ્છા તક આપેલી છે. શું આપણે આ દેશમાં ઉદરેની જેમ રહેવા માંગીએ છીએ? જો ઉદરેની જેમ રહેવા માંગતા હોઈએ તો આપણી બતી ઉદરેના જેવીજ થશે અને તેને આપણે લાયક કરીશું. જો મરદોની જેમ રહેવા માંગતા હોઈએ તો આપણે જાજત થઈ ખડા સવું જોઈએ અને સત્ય અને ન્યાયને ખાતર અને જે મહાન દેશના વતનીઓ હોવાનો આપણે અર્વ લઈએ છીએ એ દેશના ગૌરવને ખાતર અને જો દેશના મહાન નેતાઓ, કે જેઓના પ્રતોપ દક્ષિણ આફ્રીકમાં આપણી હસ્તી છે, તેઓના નામને ખાતર જે કંઈ પણ ભોગો આપવા પડે તે તુચ્છ ગણવા જોઈએ. મહાત્મા ગાંધીજી અને જવાહરલાલ નેહરૂના નામો આપણે વૃથા લેવા નહિ જોઈએ. તેઓને માટે જો આપણે ખરેખર માન અને આદર ધરાવતા હોઈ એ તો આપણા વર્તથી તે બતાવી આપવાનો હવે વખત આવી લાગેલો છે. આપણા ઉપર તેમજ આપણા આદરણીય નેતાઓપર વર્ણવવામાં આવી રહેલાં અપમાનો પાપી પેટને ખાતર આપણે સહન કરી બેસી રહેવું નહિ જોઈએ. ઇશ્વર આપણને સીને સન્મતી આપે.

નોંધ

હિંદીઓની પતિઓને સુનીયન માં હાખલ થતી અવકાશનાર ધીલ સુલજી પ્રધાન ડો. ડોંગીસે અવ. સોમવારે પાલોમેન્ટમાં ૧૯૪૭ના ઇન્ડિયન એક્ટમાં સુધારો કરનાર ધીલ હાખલ કરવાની નોટીસ આપી હતી. સાપાને સંદેશો કેપટાઉનથી જખુધે છે કે ધીલ હાખલ નહિ આવ અને પ.લોમેન્ટના સંખેના હાથમાં નહિ મુકાય ત્યાં સુધી તેની વીગતો જખુધી નહિ શકાય. પરંતુ માનવામાં આવે છે કે ધીલને હેતુ ૧૯૧૪ના રમટસ-ગાંધી કરાર જે સુનીયનમાં ડોમીસાઇલ થએલા હિંદીઓને પોતાની પતિ અને ૧૬ વર્ષની અંદરના હાક રાખેને અધિક સંજોગોમાં હાખલ

કરવાની છુટ આપે છે તે રદ કરવા નો છે.

અહ મેહઠમાં પ્રધાને નોટીસ આપી હતી કે આ કાગળો સાવવનો સરકાર નો ધરાવો છે અને તેના અમલ ફેલાવવાની તા. ૧૦મીના, આ વસ્તુ જાહેર કરવામાં આવી ત્યારથી કરવા માં આવ્યો.

અહ મેહઠમાં આ જાહેરાત કરતાં પ્રધાને કહ્યું હતું કે જે વખતે આ છુટ આપાઈ હતી તે વખતે તેને મારે કે જે વાળખીપણું હતું, કારણ કે વખતે હોદ્દા અંગીઓની વસતી હિંદુ અંગીઓની હોદ્દાઓની આખી વસતી ની રૂબ રૂબ જેટલી હતી. જેટલી વસતી મળુનીના આંકડા પ્રુન્ય હોદ્દા પ્રુપો અને સોમો વચ્ચેની એ આપના રહી નથી. આને હોદ્દા અંગીઓની વસતી કેલ હોદ્દા વસતીની ૪૮ ટકા જેટલી છે.

નાટાલમાં હોદ્દાઓની શિક્ષણની જરૂરીયાતો

પ્રાંતિક સરકાર સમક્ષ રજુ કરવામાં આવેલું નિવેદન

હોદ્દાઓની સમસ્યા સુધારા જાહેર સંવાદોનું પ્રતિનિધિત્વ ધરાવતી ટુંક પ્રુત પૃ કરમનમાં અંગેલી પરિષદે કરેલાં કરાવણસાર એજ પરિપદમાં નીમણેલી પ્રુનિયન એજ્યુકેશન કમીટી એ નાટાલ પ્રાંતિક કાઉન્સિલ સમક્ષ યોગ્ય વિવેક ઉપર હોદ્દાઓની શિક્ષણ ની જરૂરીયાતો દર્શાવનારું એક વિસ્તૃત નિવેદન રજુ કર્યું હતું. તેમાં જણાવવામાં આવ્યું હતું કે, હોદ્દાઓની શિક્ષણ અંગેની કાલની વિધિવિધિ હોદ્દા પ્રુમને ધણી ચિંતા થઈ રહી છે અને તે માને છે કે એ આપતમાં હવે હોદ્દા પ્રુમે કે પ્રાંતિક સરકારે શિધીલ નહિ રહેતાં એ અસતોષકારક રિશિતે સુધારવાના અણગમ અને તરિત ધમમાં મેવાં જોઈએ.

હોદ્દા પ્રુમે એ વસ્તુથી વારી છે કે ૧૯૪૭ થી ૧૯૫૨ સુધીના જેટલાં દસ વર્ષમાં સરકારી, સરકારી મદદ મળતી, પ્રેલુન અને પ્રાધવેટ રૂપોમાં નીચ કનર ધર જોડારંગોને કામલ કરવા માં આવ્યાં છે જેથી ૧૯૫૨ના સપ્ટેમ્બરમાં પ્રાથમિક નિકાલમાં હોદ્દા વિદ્યાર્થીઓની કાલનીની કેલ અંગે ૧૧૩૩૩ની થઈ હતી.

તેમ જનાં ૬૨ વર્ષે નિકાલે જનાની વપના કનરો જોડારંગોને મારે નિકાલો ની સમગ્ર નથી.

૧૯૫૨ના જાન્યુઆરીમાં નાટાલ એજ્યુકેશન ડીપાર્ટમેન્ટ તરફથી અંગેલી

ની તેરલી પ્રુલના કરતાં ૩૯૭૭૪ વધારે પ્રુના થવા હતા. અંગેલી પ્રુના ૧૦૬૬ થવા હતા. પ્રુનીસીપલ પ્રુના જોના અંગેના અને મોરીઓના પ્રુના માં મટાડો થયો હતો. પ્રુનીસીપલ પ્રુનાઓના અંગેના પ્રુના આમમાં વધુ કરતાં ૧૩૮૩ જોડા થવા હતા અને મોરીના ૪૦૬૬ જોડા થવા હતા. આ પાંચ આંકમાં પ્રુનેમાર રિકા પ્રુપીપીઓની પ્રુપ્રમા ૧૧૪૪૦ની, મેટીવોની ૩૮૬૫૭૦ની, એટીપીટીઓની ૧૦૨૮૨ની અને ડસડોની ૫૧૩૩૩ની થઈ હતી. અંગેલી પ્રુનાના આંકડા નીચે પ્રમાણે હતા: પ્રુપીપીઓ ૪૪૨૫, મેટીવો ૨૦૧૫૮, એટીપીટી ૪૧૫ અને ડસડો ૫૦૩૦.

એટીપીટી પ્રુનેમારની પ્રુપ્રમા સીધી જોડી છે એ નોંધ લેતાં જો કે અમને સંતોષ થાય છે છતાં એ વસ્તુ ખાસ અર્થ લેવા જેવી થો નજ મળ્યા. અમારે ઘરમ સાથે રિવકાર્ડ પડે છે કે હમણાના વર્ષોમાં હોદ્દાઓ માં પ્રુનાનું પ્રમાણ ધણું જ વધવા લાગ્યું છે. એક વખત એવો હતો જ્યારે હોદ્દા પ્રુનેમારો આંગેજ લેવા માં આવતા હતા.

અણુપી પરથી જણાવું હતું કે કરમન અને પેરી કરમનના જ વિસ્તારમાં ૧૪૦૦૦ જોડારંગોને નિકાલમાં કામલ કરી યાચવા નહોતાં, આ આંકડો પણ જોરોજોર થો નજ મળ્યા કારણ ધણી જોડારંગોને અનેક કારણો સર એ અણુપીમાં સમાવેશ થયો નહોતો.

૧૯૪૬ના ડાહરેકટર એક એમ્બુ પ્રેલના રીપોર્ટમાં અસડવામાં આવ્યું હતું કે નાટાલમાં નિકાલે જનાની વપના ૩૦ કનર ધર હોદ્દા જોડારંગોને મારે નિકાલોની સમગ્ર નથી.

હોદ્દાઓની અણુપી પ્રુન્ય ૧૯૫૨ના સપ્ટેમ્બરમાં છે થી સીજ વર્ષની વપના ૩૫ કનર ધર હોદ્દા જોડારંગો ની નિકાલમાં કામલ થવાં નહોતાં.

આ પરથી જણાય છે કે દસ વર્ષ માં ત્રીસ કનર જોડારંગોને મારે નિકાલમાં સમગ્ર થયેલી થોવા હતાં વસતીમાં થતા જનાં સાધારણ વધારા પ્રુન્ય એટલું પ્રુપ્રુ નથી.

૬૨ વર્ષ નિકાલે જનાની છે વર્ષની વપના જોડારંગોની અંગેના સમગ્ર ૮૫૦૦ થી ૬૦૦૦ સુધીની વપના વપ છે, એટલે ૬૨ વર્ષે ૪૦૦૦ થી ૪૫૦૦ જેટલું જોડારંગોને મારે ૬૨ વર્ષે સમગ્ર થવાની જરૂર છે.

હોદ્દાઓને વોલાના જોડારંગોના શિક્ષણને મારે જનમનેવતપી પ્રુપ્રુ સર કામ કરેલું થોવાનું પ્રાંતિક સપા

ધોરીએ વખતો વખત રિવકારેલું છે. ૧૯૫૨માં ૨૩૭ સરકારી મદદ મળતી, પ્રેલુન અને ખાનગી નિકાલોમાંથી સમગ્ર નેલુ ટકા જેટલી સાથે પાઈ ની પ્રુમને હોદ્દાઓ તરફથી બાંધી સરકારને સુપ્રત કરવામાં આવી હતી. જેમાં ચાર માધ્યમિક અને અનેક પ્રાથમિક નિકાલોનો સમાવેશ થાય છે. હવે સરકારી મદદ વિના હોદ્દા પ્રુમે ની એ રિકાએ કાપે ચિહિત ફીલ થવા લાગી છે પ્રુમે તેના ઉપર આરોગ્ય અને સામાજિક સુધારાની સમગ્ર પલુ સરકારની મદદના અભાવે જન પ્રુ પાડવાને વધારાને મેળો રહેલો છે.

૨૨૨ પ્રાથમિક અને માધ્યમિક નિકાલોમાંથી માત્ર ૩૩ સરકારી છે. બાકીની સરકારી મદદ મળતી છે. વળા ધણી નિકાલો જે સરકારી તરીકે લેખાય છે તે પણ જેટલે આને હોદ્દા પ્રુમને પેલેજ બંધાયેલી છે.

સરકારી મદદ મળતી નિકાલો બાંધવામાં પ્રાંતિક સરકાર તરફથી મદદ મળતી આવેલી છે જેમાં પ્રુમે પ્રુમે ત્રીજ આમથી હવે જરૂર કામ સુધી નો વધારો થયો છે. પરંતુ ૧૯૩૬ સુધી પ્રાંતિક સરકારને વોલાને મહારું પડેલું નહોતું પ્રુમે એ મદદ પ્રુનીયન સરકાર તરફથી પ્રાંતિક સરકારને કે શિક્ષણપેટ મળતી મદદની રકમમાં અ.વવામાં આવતી હતી જે તેને પ્રુનીયન સરકાર તરફથી મળતી રકમ

નો કરતાં જોડી હતી.

૧૯૪૫ના નવા કાપડા પ્રુન્ય હવે પ્રાંત તરફથી હોદ્દાઓનાં શિક્ષણ પર ૫૦ ટકા જેટલો અર્થ કરવો પડે છે, પરંતુ તેમાંથી ધણી મકાનોના બાંધકામને અરધો અરધ પ્રુનીયન સરકાર તરફથી મળતી મદદમાંથી અપાય છે.

આને ૩૩ લુલ કમીટીએ નવી નિકાલો બાંધવાની અને હવાત નિકાલો ના મકાનોમાં વધારો કરવાની વોલાના ધરી રહી છે જેમાં ૧૨૬ કનર પાઈ ની જરૂર થવાનું અસડવામાં આવે છે. આ થો આખી રકમને પ્રુન્ય બાંધજ છે.

હોદ્દા પ્રુમે આ કાપડા પ્રોપ્રાકન આપવા મકાનોના બાંધકામ પર કામ આપવામાં આવતી ૫૦ ટકા મદદને વધારી ૭૫ ટકા કરવાની કમીટીએ પ્રાંતિક સરકારને વિનંતિ કરી છે. તેમજ સીડનમ, જોવરપોટ, કમેરે એરેટ, કોટોનેર, કરમન-સે-ફ્રમ, કમેરે પ્રુ અને પોટરમેરીટપ્રુમાં સરકારી નિકાલો બાંધવાની પણ વિનંતિ કરી છે. વળા કાલો પ્રેલેજ, ડેવેરો, કાટનમ પ્રેલેજ, પાઇનટાઇન, ડેનાડ, રેન્મર, પોટ પ્રેલેજ, પ્રુપ્રાસલ અને મેટીપીટીઓની સરકારી નિકાલોમાં વધારાના વર્ગો બાંધવાની જરૂરીયાત તરફ ખાન એવવામાં આવ્યું છે. ઉપરાંત હોદ્દા જોડારંગોને મારે ૬૨ થો માત્ર શિક્ષણની પ્રમા કામલ કરવા પર ખાસ કાર કુલમાં આવે છે.

કાર્યકર્તાઓ કેવા હોવા જોઈએ ?

(પહેલાં પાનાનું અનુસંધાન)

પ્રાચીન સંસ્કૃતિના પાયા પર આપણા દેશની પ્રતિષ્ઠા વધારવા માટે આપણે જે આપણું જીવન પણ આપણે છીએ તે તે આપણને લાભકારક જ છે. આ દેશમાં હંતમ સરકારોને દબાવે. પરસેથી ચેપણુ આપણું આપણું છે અને હવે રાજાજી મળ્યા પછી તે આપણે આપણી કુનિયાની સેવા કરી છીએ. આપણે એમ પહેલાં કદી આપણે નહોતા. તેથી જોએ જનતાના શિશુ અને સંસ્કારોને ખાનમાં ગાળીને માનવમાનમાં અંગે કરનારા અને કામ પણ પસંદો આપણે ન રાખતાં અહીં કાર હોડીને કામ કરનારા હોય એવા સેકસેવરો માટે મારી માગણી છે. આપણી વાણીમાં પ્રવૃત્તા હોવી જોઈએ, શુદ્ધ અને દુષ્ટતામાં નમના હોવી જોઈએ તથા વિચારોમાં શુદ્ધિ જોઈએ. આપણે આપણો વિચાર લોકોને સમજાવીએ અને ને સોડા દાન આપે તેમની પાસેથી લઈ યિ. ને ન આપે તેમને એમ સમજ ને નમસ્કાર કરીએ કે આ ભાષણોને ત્યાં ફરી આપણે આપણું જોઈએ, આ તેમને પહેલાં પરિચય થશે અને આ પહેલી મુલાકાતમાં જોઈએ એમજ આપણને જાણ વાર આવવાનું નિમંત્રણ આપ્યું. આમ સમજીને આ નારાજગતી મુતીને નમસ્કાર કરીને આપણે ત્યાંથી આગળ વધું જોઈએ અને

પછીથી અનુકૂળ વખત જોઈને પાછા તેની પાસે જવું જોઈએ. આ રીતે આપણે નિષ્ઠા અને નમ્રતાથી નિરંકાર થઈને કામ કરીશું તે આપણા જીવન અંગેય થશે, તે કદી નિષ્ફળ જશે નહીં.

આત્માની વ્યાપકતાની અનુભૂતિ આપણે આપણા સ્વાર્થી-જનતા-ને દીક્ષા આપીએ, તેને એ વાત સમજાવી એ કે આત્મા કંઈ ફક્ત નાનાયા દેહ ની અંદર જ બંધાયેલો નથી, ખરે તમારી સાથે જેટલાં શરીર દેખાય છે, તે બધામાં તમે વ્યાપ્ત છો તેથી ફક્ત ચેતનાને અને ચેતનાના માનવામાં આલેષા કુટુંબો જ વિચાર ન કરતાં આપણા સમાજનો વિચાર કરો. સમાજને જીવતા રહેવું હોય, તે આપણે સંકલિત રહીએ તેની નહીં આવે. આપણા આત્માની વ્યાપકતાનું જ્ઞાન જે આપણે તેને કરાવી છીએ, તે તે જરૂર સમજાશે. કારણ કે આ એક વસ્તુચિતિ છે. વ્યાપકતાની અનુભૂતિ જ ખરી છે. તેથી તે લોકો યુદ્ધમાં પ્રમ માટે છે, બાળખર્યાને જન્મ આપે છે અને તે દારા સમાજ સુધી પહોંચે છે, જે તે દારા સમાજ સુધી પહોંચે નહીં, તે પછી આત્માને મર્યાદિત બનાવે, તેથી માનુષને કદી સમાધાન મળનારું નથી. તેથી આત્મા ને કદી ન બનાવે. આ વાત જે

લોકોને સમજાવવામાં આવે, તે અને વિશ્વાસ છે કે તેઓ જરૂર દાન આપશે. આ વિશ્વાસથી કામ કરનારા કાર્યકર્તાઓની જરૂર છે.

એન્ડી પરમીટની માંગણી કરવાનું ફરમાવાનું હોય એમ લાગે છે. એ બધા ભાષણોને મંબાસા ઉતરવાની એક વીકની રજા આપવામાં આવી હતી. જે ભાષણો જેમણે દારા નોર્થ માં ફાખલ થઈ મમાના સમાચાર મળે છે. ૩૨ જો મંબાસાથી પોતે ચાલે રહ્યું હતું. એ બધા ભાષણોને બેનેટાપર થઈને સોલ્સજરી આવવાનો વિચાર હતો પણ બેનેટાપરથી આપણે જવા ન પામ્યા. કારણ ત્યાં પણ એન્ડી પરમીટની માંગણી કરી હતી અને નોર્થ રોડેસીયામાં એન્ડી પરમીટ આપવાની સખત મનાઇ છે. જેટલે બેનેટાપરમાં પણ હોડીએનું અપમાન થયું અને બધા ભાષણોને એજ વિમાનમાં પાછા મંબાસા જઈ પડ્યું હતું. સત્તાવાર જાણવા મળે છે કે કરજ રીમરમાંથી પણ નવા છપીમરો ને મંબાસા ઉતરવા દેવામાં આવ્યા નથી.

તા. ૧૫મી જોમરદના પવિત્ર દીને મહાગી અરવીંદના દરમાં જન્મ દીન નિમિત્તે થી અરવીંદ પુરતકાસયના આશરે હેઠળ એજ દિવસે રાત્રે ૮ વાગે થી, ૭, નાનાના નિવાસસ્થાને એક જગેર સભા રાખવામાં આવી હતી. પ્રાર્થના બાદ શ્રી. અરવીંદના વચનોનું વાંચન રાખવામાં આવ્યું હતું.

ભારતનો પત્ર

(અમારા અનરપત્રી તરફથી)

મુંબઈ, તા. ૧૮-૯-૫૩.

આ પત્રવહાણમાં ભારત તથા પાકીસ્તાનની પ્રતિ રાષ્ટ્રીય કુદનાર નવાજ કાશ્મીરના વડા પ્રધાન શૈખ મહમદ અબ્દુલ્લાની ભરતરફી અને ધરપકડનો કલેશ, શૈખ અબ્દુલ્લાના માનસમાં અમાનક જેવા તથા ભાસ થી પડેલા આંખોનો કલેશ અને તેઓ કાશ્મીરને ભારત તથા પાકીસ્તાન બંને થી સ્વતંત્ર એવું રાજ્ય નવારવા માહત્તા હતા. તેમણે રોલે ભારત સાથે કાશ્મીરને માત્ર ગ્રુપ્પ વિષયે પુરતું સંરક્ષણ, સંરક્ષણકાર અને વિરોધી બાબતો પુરતું ભેટવા માટે કરેલા 'દિલ્લી કરાર'નો અમલ કરવામાં તેઓ અપાડા કરતા હતા. કાશ્મીરને સંપૂર્ણ રીતે ભારત સાથે ભેડતા હતા. પરંતુ કાશ્મીરના આજ દરબાને કલ્પમાં કાશ્મીર સરકારે આમાં છુટ મુકી આ મુલ્ય વિષયે પુરતું ભેટવા કરવાનો વિચાર કર્યો હતો. આમ જતાં શૈખ અબ્દુલ્લા પર્વતોએના કલ્પિત નવી મથા હતા. અબ્દુલ્લાના તંત્રમાં કાશ્મીર દરબાને કાઢી મુકી મથો. તેમની અંત કાશ્મીરીથી તેમના સાથી પ્રધાનો અને રાષ્ટ્રીય પરિષદના તેમના સાથી કાશ્મીરે રોલે ભરવા હતા. તેમના ગૌરવકીવટથી તેમની સામેના અસંતોષ વધતો જતો હતો, તે તેમણે સ્વતંત્ર થવાની વાતો કરતાં પરાકાષ્ટિ પહેલો હતો. મોતીની આંખો રિયલિટી બહુ ખરાબ બની હતી અને એનો કોઈ ભારતને માથે જોડાડવાના અને પોતે સારા થવા તેમણે કાશ્મીરમાં ભારત વિરોધી પ્રચાર કર કર્યો. તેમના સાથી પ્રધાનો અને રાષ્ટ્રીય પરિષદના કાશ્મીરે સામી-પરિરિયલિટી વાંદે હતા. તેમણે શૈખ અબ્દુલ્લાને પાકીસ્તાન નિવેદનો કર્યો અને બંને પક્ષો વચ્ચે એમતાજી ચાલી. કાશ્મીર રાષ્ટ્રીય પરિષદની મુદ્દાથી કાશ્મીરમાં શૈખ અબ્દુલ્લાને ઉભા કરેલા તેમના પોતાના ઉમેદવારોનો મોટો ભાગ હતો. એટલે પરિષદના પ્રમુખ તરીકે તેમણે મુદ્દાથી જ એ.કે. રાખી પ્રધાન મંત્રીમાં પણ મુદ્દાથી પ્રધાનો તેમની વિરુદ્ધ હતા. તેમણે કાશ્મીરના આ-રોજ પ્રધાન થી સમસાઈ કરાધને રાજનામું આપવાનું કહ્યું, પણ થી કરાધે રાજનામું આપવાની ના પાડી. આ દરમિયાન નામન વડા પ્રધાન થી મુશાય મહમદ બદી અને કાશ્મીરના મુદ્દાએ વડા સર-એ-રિયાસત મુશાયમ હરશ્મીદને અબ્દુલ્લાને અમે-રીકા સાથે મળીને રમેશ વાશંજની અપર પડી મથ. એટલે સર-એ-

રિયાસતે તરત જ શૈખ, અબ્દુલ્લાને ભરતરફી કર્યો અને નામન વડા પ્રધાન થી બદીને વડા પ્રધાન બનાવ્યા. ભરતરફીના સમાચાર અભિજ્ઞને શૈખ અબ્દુલ્લા, તેમના મહેસુલી પ્રધાન મીર અહમદ મેઝ અને બીજા હોદ્દા કાશ્મીરને લખે પાકીસ્તાનની સરકાર પાસે આનેલા સુલમજ નમર જેવા કપડી મથા. શૈખ અબ્દુલ્લાને હોદ્દા સમય પહેલાં જ પોતાના કરીને પાકી સેવા માટે પસાર કરેલા બહેર સમાપતિ મારા હોળ તેમની જ પર પકડ કરવા પોલીસ તેમની પાછળ પડી અને સુલમજ આતે જ તેમને પકડી પાડ્યા. બે પોલીસ સમયસર મથા ન કીધા હોત તો તેઓ કાશ્મીર પાકીસ્તાન નાસી જાત. તેમની સાથે મહેસુલી પ્રધાન મીર અહમદ મેઝ, કાશ્મીરના માહિતી અને રીડી પોતાના થી બનગીનાથ, મુખ્ય માહિતી અધિકારી થી બી. પી. સમો, અબ્દુલ્લાના અંત મદદનીશ થી આર. સી. રેના, પ્રવાસી પોતાના વડા પ્રધાન થી કાશ્મીર હોળની પછી ધરપકડ કરવામાં આવી હતી. શૈખ અબ્દુલ્લાને જમુમાં કાશ્મીર ઉદ્ધમપુરના મહેસુલી નબર કે રાખવામાં આવ્યા છે. શૈખ અબ્દુલ્લાની ધરપકડ પછી કાશ્મીર અને બીજા પછી કે કેકલે પાકીસ્તાન તરફી હોદ્દાએ તેમને કાશ્મીરમાં રહેતા કેટલાક અમેરિકન અધિકારીઓ તરફી થતી હતી. કાશ્મીર સરકારે તરત જ આ અધિકારીઓને ચેતવણી આપીને મથા સેવાની મથા આપી હતી. આ તેમને ચેતવણ દિવસમાં સાથ જમાઈ થવા પછી કરે અબ્દુલ્લા વિરોધી સરપસો નીકળે છે અને થી બદીની સરકાર પ્રત્યે વહાવારી કામચલા હોવાનો માથ છે. ભારતની પ્રતિ રાષ્ટ્રીય કુદનાર નવાજ કાશ્મીરના વડા પ્રધાન શૈખ મહમદ અબ્દુલ્લાને માથે આવામાં પાકીસ્તાનની અપમારો, રીડીઓ અને નેત્ર એઓ જરાય બાકી રાખી નહોતી. તેને હરશમના અરસ નંવરના કુશન તરીકે જ આજવાવમાં આવતો હતો. પરંતુ જેથી શૈખ અબ્દુલ્લાની ધરપકડ મથ કે તરત જ પાકીસ્તાનની અપમારો રીડીઓ અને નેત્રાઓ ભારત પર ટુટી પડ્યા. શૈખ અબ્દુલ્લાના અમાનક મહાન માથા મથ મથો. શૈખ અબ્દુલ્લાને મુકત કરી તેમને હરી

સતા પર મેસાઈવાની મામળી પાકીસ્તાન તરફી થવા લાગી. કેકલે કાશ્મીર પાકીસ્તાન તરફી કરે વામાં આવતું હતું કે, શૈખ અબ્દુલ્લા અપાર હોળ ત્યાં કાશ્મીરમાં મોકમત સેવાને પાકીસ્તાન તરફી નથી, એ આમ અમાનક હરી મથ અને હોદ્દાએ કરવા લાગ્યું એટલું જ નહિ, પણ ભારત સાથે મુક બહેર કરવાની મામળી થવા લાગી છે. પંડીત નેકરની મુશાકાત પછી પાકીસ્તાનની નેત્રાઓ અને અપમારો તરફી ભારત પ્રત્યે જે મુશાકાતી મામળી બહુત થતી હતી, તે કોલે બહેર કરવામાં જોમળી મથ, પાકીસ્તાનના વડા પ્રધાને તરત જ પંડીત નેકરને તાર કરીને આ બાબત અંતે પોતાને દિલ્લીમાં મુશાકાત આપવાની વિનતી કરી. અપમારો પંડીત નેકરને બધા મુક કે, શૈખ અબ્દુલ્લાની ભરતરફી અને નવી સરકારની રચના એ કોશ્મીરની આંતરિક બાબત છે, જેમાં ભારતે કાશ્મીર માથું માથું નથી અને તેમાં માથું સારવાનો પાકીસ્તાનને જરાય અધિકાર નથી, કાશ્મીરમાં મથે તે સરકાર અથે તો પણ ભારતે કાશ્મીરનું બાવિ કાશ્મીરની પ્રતિ મોકમત દારા નકી કરશે, જેવા આપેલા વચનને ભારત સરકાર વળી રહે છે. બાકી સમય કાશ્મીર પ્રમની મથો કરવી હોય તો બહેર દિલ્લી આવે. આ બાબત અંતે વિચારણા કરવા માટે પાકીસ્તાની પ્રધાન મંત્રીની સાત વખત મેક મળી અને એ પછી પાકીસ્તાનના વડા પ્રધાન બનાવ મદમદ બલી અને વિરોધ પ્રધાન જ. અરશ્માને દિલ્લી ખાતે મેકમતો નિર્ણય થયો હતો. પાકીસ્તાનને અમાનક 'પ્રસામના કુશન' શૈખ અબ્દુલ્લા પ્રત્યે આરોગ પ્રેમ કેમ ઉભરાઈ આવ્યો એવું સરસ પાછળથી જાણ આવ્યું. એમ જણાય છે કે, મુશાકાત નિરીક્ષકો તરીકે આવેલા કેટલાક અમેરિકન અધિકારીઓની પ્રેરણા અને મદદથી શૈખ અબ્દુલ્લાને પોતાનો વિરોધ કરતા તમામ પ્રધાનો અને રાષ્ટ્રીય પરિષદના કાશ્મીરને અમાનક ગીરફતાર કરી લખે, કાશ્મીરને સ્વતંત્ર હોય તરીકે બહેર કરવાનું કામચલાં કુદ હતું. આ પછી તે સંપૂર્ણ રાષ્ટ્રોનું રક્ષણ માગત જે તેમને મળી બવાની આ અધિકારીઓ તરફી ખાતરી આપવામાં આવી હતી. બધા કાશ્મીર બીજાના વીકાસ માટે તેમને મોટી સેના આપવાની લામચ આપવામાં આવી હતી. પરંતુ થી બદી અને સર-એ-રિયાસતને સમય સર આ કામચલાની અપર પડી મથ હતી, જેમાં શૈખ અબ્દુલ્લાને મુક કરીને થી કામચલા સરપસું રાજનામું એટલે મુદ્દાથી પ્રધાનોને સર-એ-રિયાસત પાસે રાજનામું કરી અબ્દુલ્લા

માં અવિશ્વાસ બહેર કર્યો અને સર-એ-રિયાસતને તેમને ભરતરફ કરવાની તક મળી મથ. એવા કેટલાક અધિકારીઓ અંતે રાષ્ટ્રોના આ અધિકારીઓ શૈખ અબ્દુલ્લાને 'રાજ અબ્દુલ્લા' તરીકે ખાનગીમાં જોળખાવતા હતા. આ અધિકારીઓને કાશ્મીરના વિકાસ માટે કેટલાક અધિકારીઓ પોતાના મથા માટે કાશ્મીરનું મથે કુદ અને સ્વતંત્ર કાશ્મીરનું અપારણ પણ પડી આવ્યું હતું. પરંતુ જેમાં વિધા એ ઉભો મથો કે, શૈખ અબ્દુલ્લાને નવા અપારણમાં મેકમતોને બહેર-પોતાને કાશ્મીર વડા બનાવવાની એટલે કે કાશ્મીરના નવાખ બનાવવાની મામળી કરી. આથી આ અધિકારીઓ પ્રતિજ્ઞા. બે અબ્દુલ્લાની આ મામળી રવીકારે તો તેઓ અમાનક કાશ્મીર પડી ભાગ. એટલે તેમણે આના ઉદ્ધેશ માટે નુ પોશ પુક. આ આપા કામચલા પાકીસ્તાનના અમા સત્તાધિકારી વાંદે હતા. પરંતુ તેમને ખાતરી હતી કે, એક વખત કાશ્મીર સ્વતંત્ર થાય તો તે તરત જ પોતાના કાશ્મીરમાંના એને-નો દારા અબ્દુલ્લાને દીસે કરીને સરેશા થી કાશ્મીરને કામચે મેળવી રાકશે, આમ જે વળથી ન મથ્યું તે કાશ્મીર મેળવી રાકશે, જેવી આચા એ તે આ કામચલામાં મુશા સરકાર આવતું હતું. પરંતુ એ બવાના કમનસીબે સમય સર કામચાં પકાઈ મથ્યું અને તેમની બાકી થી વળી. એટલે પાકીસ્તાનની એ અબ્દુલ્લા માટે ઉદ્ધેશ થયે છે. જ. મહમદ બલી અને જ. બરશ્મા પશ્ચિમ દિવસે (રવિવારે) દિલ્લી આવે આવી પહેલાં, ત્યારે પંડીત નેકરનું રાષ્ટ્રીય મથું હતું તેવું જ ભાગ સ્વતંત્ર દિલ્લીના નામચિતોએ તેમનું મથું હતું. હામમાં બે વડા પ્રધાનો વચ્ચે કાશ્મીર અંતે વાટાપટો માથ છે. એ દરમિયાન પાકીસ્તાનમાં ભારતની તાકાતનો વિચાર કર્યા વિના ભારત સાથે મુક કરવાની મામળી મથ રહી છે. ભારતના નામન સંરક્ષણ પ્રધાને થી મદાવીર ત્યાંની એ આ બવાનમાં કુદ છે કે, મુકે મથ્યું હોય તો મથે પણ પાછળથી તમારે જ પરતાવું પડશે. પંડીત નેકરને ભારતે કાનકાર રીતે કી આજાક દિન ઉભો અને આજાક ભારતે બાવિ વિને મથ મથા પુરક કામમાં વાંમાં અનેક મથો. પંડીત નેકરને મેકમતમાં મેકમત જ. મહમદ બલીને એવી ખાતરી આવી છે કે, ભારત પાકીસ્તાન સાથે ના તમામ પ્રમોનો ઉદ્ધેશ સત્તાધિકારી વાટાપટો દારા કરવાનો પ્રયાસ કરશે. મુંબઈ, સોરઠું મથ અને મુંબઈ વિરતારમાં બારે વરસાદ મ. મ. રહી

કે અને આ વર્ષે વરસાદ અડધા મધ્ય રેશમાં તોડે એવું થાય છે. હવે જો આ વરસાદ અડધુ રહેશે તો સીમેન્ટ કુશળ પડવાનો ભય છે. જો ૧૫ ઈંચ જેટલું પાણી પડી ગયું છે, સમ ભમ થયું ખરી નહીંએમાં બારે પુર આવ્યાં છે. રેલવે વ્યવહારમાં ટેકા-ટેકાએ જમાવેલા પડ્યા છે. થયું ખરા સહેરામાં કમરણ પાણી ફરી વળ્યાં છે અને સુરતમાં તો સહેરામાં હોડીઓ દ્વારા વ્યવહાર ચાલે છે. મહામાં ૧૪ કલાકમાં ૧૨ ઈંચ, વિરમગામમાં ૧૫ કલાકમાં ૧૫ ઈંચ, જામનામરમાં ૧૨ કલાકમાં ૯ ઈંચ પાણી પડી ગયું છે. આજી, મધ્ય, તાપી, સાવરમતી, ખડી, નર્મદા, વિશાખીની અને પીછ નદીઓ ઉભરાઇ રહી છે. તળાવો પણ હલકાઈ ગયાં છે. કમ્પમાં હઠાર સર અને રેલવે સર તળાવો ઉભરાઈ રહ્યાં છે. હજી વરસાદ ચાલુ છે, આ બારે વરસાદથી પાકને, આરા પ્રયાણમાં નુકસાન થયું છે.

મખતોનાં મેદાનો બનાવવામાં મદદ કરવાને માટે હોદી જનતાને સુચન કર્યું હતું. હોદીની રમત ઉપર ખાસ ભાર મુકતાં ના. અવનરે જણાવ્યું હતું કે હોદીઓ આ રમતમાં થયું વધેથી વિશ્વવિખેતા છે, અને કુ આસા રાખું છું કે આ શાળાનાં વિદ્યાર્થીઓ પણ હોદીની રમતમાં કુશળ થશે અને હોદીઓની એ શાસ્ત્રીય રમતને સર્વોચ્ચ સ્થાન આપશે અને એવું મીરવ વધારવાને પુરેપુરે પ્રયત્ન કરશે. પણ એવતાં તેમણે જણાવ્યું હતું કે બાળકોમાં અક્ષરજ્ઞાનની સિદ્ધિ કરતાં આરિય એ વધારે અગત્યની વસ્તુ છે. હોદી જનતાને તેમણે રાજ્યને તથા મહા રાષ્ટ્રને ક્ષાત્તા વિશ્વથી વફાદાર રહેવા કર્યું હતું. અઢીની શાળાઓમાં શિક્ષણ અંગ્રેજી બાળકોમાં આપવામાં આવે છે, તો તેમાં મદદ રૂપ થઈ પડવાને માટે તેમણે હોદી જનતાને તેમનાં

બાળકોને પોતાને ઘેર થોડું થયું અંગ્રેજી ભોલતાં શીખવવા માટે વિનંતી કરી હતી. વધુમાં તેમણે જણાવ્યું કે ઈ. સ. ૧૯૫૨ માં હોદીઓનાં બાળકો નાં શિક્ષણની જવાબદારી સરકારે લીધી હતી અને ત્યાર પછીનાં કુટુંબ સમય માંજ આ રુઝ બાંધવામાં આવી હતી. ખી, ઇ. એ. ના પ્રમુખ શ્રી. મહુ-ભાઈ પટેલે રુઝનો સક્ષિપ્ત ઇતિહાસ રજૂ કર્યો હતો. અને જણાવ્યું કે આ રુઝ સરકાર સાથેનાં આઠ વર્ષો નાં પત્રવ્યવહાર પછી બાંધવામાં આવી છે. તેમણે ના. અવનરે તો આ પધાર્થનાં બધા સભ્યોને કાર્ડીક આભાર માન્યો હતો. મેળાકટો પુરો થયા માદ આઠ લેવામાં આવી હતી. આ રુઝની રચાવન. તા. ૨૯ મી જાન્યુઆરી ૧૯૫૧ માં એન્ડોલા હન્ડી અન ચેરન્ટસ એસોસીએશનનાં બાહરા ફેઝ શ્રી મેરાવજી કાલીદાસ પટેલનાં

શ્રી. દ્વાર, મહાઈ સિતારામભાઈ સક્ત, પ્રીન્સીપાલ, એન્ડોલા ઇન્ડિઅન સ્કુલ, સખી જણાવે છે કે, એન્ડોલા ઇન્ડિઅન સ્કુલની ઉદ્ઘાટન વિધી હીઝ એકસેશનની થી અવનરે મે. ૬ મે. ૧૯૫૫, સર ગીલ્બર્ટ રેની, કે. સી. એમ. જી. એમ. સી. નાં મુખ્યકર્તા મુકવાર તા. ૭મી એપ્રિલનાં રોજ કરવામાં આવી હતી. પુરોષી યેના ત્યાં હોદીભાઈ બહેનો સાથે સંખ્યામાં હાજર હતા. એન્ડોલા રોડથી કેક રુઝ સુધી ક્વીન મેરી એવન્યુનો રસ્તો. અને બાવુએ તોરણો થી શબ્દમારવામાં આવ્યો હતો. રુઝ ને પથ સુલવ રીતે શબ્દમારવામાં આવી હતી.

રુઝનાં બાળકોએ સ્વામત-ગીત ગાયું હતું. પ્રીન્સીપાલ ઇન્ડિઅન એસોસીએશન નાં પ્રમુખ શ્રી મહુભાઈ પટેલે તા. અવનરે ત્યાં પ્રીન્સીપાલ કમીસનર શ્રી. ફેઝન રમીયને કાર પહેરાવી કલગી એ અર્પી હતી. ત્યાર બાદના અવનરે પ્રસંગોચિત બાવણ આપ્યું હતું અને રુઝને ઉપહી બહેર કરી હતી. એ પ્રસંગે ભોલતાં સર ગીલ્બર્ટ રેનીએ જણાવ્યું હતું કે આ રુઝ મે. ૬ મે. ૧૯૫૫, માં વસતી હોદી જન તનાં ઇતિહાસને પામે છે. અને આ રુઝને સરળ બનાવવાની ફરજ રેક બાળકોની ત્યાં એન્ડોલામાં વસતા તેમનાં માબાપોની છે. વધુમાં તેમણે જણાવ્યું હતું કે શિક્ષણ ફક્ત શાળા ઓનાં આરંભમાં જ મેળવાઈ નથી, પરંતુ રમતમતોનાં મેદાનોમાં પણ મેળવાય છે. અને આ રુઝનાં રમત

સન...ધુ...પા... કરતાં સુરેશે ટેબલ ઉપરથી માળી, વાકાકા ઉઠાવવા માંડ્યાં, અને તીવ્ર સ્વરે તકરબો: "ભાટલો જમાનો મરે અને તારી રસોઈમાં કંઈ ટેકાજું નથી! આ ફાળ ફુલેલી, આ બજામાં કાંકરી, મખમાં કાકળુ..."

સરથા, ઉમ સ્વરે કપાંત કરતાં બોલી: "હવે તો કું તમારાથી કંટાળું છું. રવો આ તમારી કાકરી મંજી અને પાલી, અને કું આ આલી..."

એટલામાં સરથાની નજર, કુસુમ, પડોસમથી આવી પહોંચે છે. "હું થયું છે બાબી, કહે તો ખરા?"

"જુએને આ તમારા બાઈ કામની ઉતાવળે નેવે-તેવે માલ લાવે અને પછી રસોઈમાં મારો વાંક કાઢે! મજ કાલે દાળ સાવેલા તે સાવ જુની હતી, અને હવે કહે છે કે રવાઈ ફુલેલી છે. મજાના મોટમાં કીધી કાંકરી હોય તો પછી બજામાં આવેજ ને!"

કુસુમ: "જુએને બાઈ! આમ બાબીને વાંક તમે કરવડીએ કહાડો એ ઠીક નહિ. હમારે લાં પજુ અમારે આમજ પ્રતિદીન રામાવજ-મહાબારતનું મુક થઈ હતું, પણ જે વિવસથી હમે કરવનથી, પચેછુ કરોરજ ને લાંથી માલ મંગાવવા માંડ્યો, તે દિવસથી ઘરમાં સુલેક વજ મજ. એમને લાંથી મોકાએ ખાલ, તે પજુ કિડાયત બાવે, અને થળીજ ત્વરીત ગતીએ મળા રહે છે. ઉપરાંત તેમને પ્રલેક માંધીવડું-કંટાળ-કરીયાણું-અર-ગરજુ હવાઓ-હાન-પુબ સમામાં, વિ. રામે છે, એટલે હમારે કાંકી ચાંતા કરવાનું રહેવુંજ નથી. ફક્ત મે પેનીને રદાવ ખારી પન કપ્પે એટલે નિશિત!"

INDIAN OPINION

Founded by Mahatma Gandhi in 1903

Liberty Of Speech And The Press

Liberty of speech means that it is unassailed even when the speech hurts; liberty of the press can be said to be truly respected only when the press can comment in the severest terms upon and even misrepresent matters, protection against misrepresentation or violence being secured not by an administrative gagging order, not by closing down the press but by punishing the real offender, leaving the press itself unrestricted. Freedom of association is truly respected when assemblies of people can discuss even revolutionary projects, the State relying upon the force of public opinion and the civil police, not the savage military at its disposal, to crush any actual outbreak of revolution that is designed to confound public opinion and the State representing it.

—Mahatma Gandhi.

RACIAL DISCRIMINATION—AN AFFRONT TO MANKIND

The Prime Minister, Mr. Nehru, in his statement to the House of People, on August 17, said: "Our long struggle for freedom in this country led us to an understanding of and a deep sympathy with similar struggles in other countries. That was the basis of our policy even when we worked for our own independence. That policy inevitably continues today, not only as an inheritance from the past, but as an understanding of the present. Peace, it has been said, is indivisible. So also is freedom, and no structure of world peace can be built on the denial of freedom to the countries and large masses of people. It is a matter of deep regret to us that this basic fact is not recognised and given effect to in many countries.

"Racial discrimination and suppression has become one of the outstanding problems of today. We have no desire to interfere in the affairs of other countries, just as we are not prepared to tolerate any interference with our country. But there are certain factors which over-ride national boundaries and which affect the well-being of the human race. Among these factors is this question of racial discrimination and suppression of one race by another. This is an affront to men and women of Asia and of Africa, as well as to every sensitive human being. I have, therefore, ventured to express in clear language what we think of this inhumanity and complete denial of what the Charter of the United Nations stands for. I am certain that in saying so I have echoed the feeling of every single person of three hundred and sixty millions who inhabit this country, as well as of hundreds of millions of other peoples in Asia and Africa. We can never tolerate this idea of racial discrimination and inequality," Mr. Nehru said.

FRIDAY, 11TH SEPTEMBER, 1953

The Late Hajee M. L. Sultan

IN the death of Hajee M. L. Sultan not only Durban but South Africa has lost a unique personality. He came to this country at an early age and worked as an ordinary labourer in the railways. He then entered into commerce and became one of the rich men of our community. There are so many rich men whom nobody knows; there have been so many rich men whose names nobody remembers or even cares to remember, because such men are living and have lived just for themselves. Mr. Sultan was unique in that he did not live for himself but for others.

He amassed wealth by his own ability and business acumen but he did not keep it for his own comforts. He truly kept it in trust for others. Unlike many he gave away large amounts liberally and ungrudgingly during his lifetime for the noble cause of education and that too without any distinction of race, colour or creed in a country ridden with race and colour prejudice. Mr. Sultan was a true Muslim. Hailing as he did from Madras he was a Tamil scholar and his knowledge of the Koran was more than many a Muslim. Some Muslims had tried to persuade Mr. Sultan to give his wealth to his co-religionists only. This however did not appeal to him. "That is not what the Koran teaches us," he said to them. He deemed it his duty to give most of what he had earned for the benefit of those from whom he had earned and so a large portion of his charity has gone to the M. L. Sultan Technical College. He was, however, charitable enough to his co-religionists and gave a good sum to them for religious purposes. He gave also to the Natal University a liberal amount of £20,000 for non-European education, which was gratefully acknowledged by Dr. Malherbe when he paid an eloquent tribute to him at his grave-side.

With all his wealth Mr. Sultan lived a very simple and austere life. He spent very little on himself. He knew the value of money since it was hard-earned. Some people laid a charge against him of miserliness. But had he not lived as he did our community would not have derived the benefit it has done. This reminds us of an incident of the late Pandit Madan Mohan Malaviya, the founder of the Benares Hindu University. While Pandit Malaviya was collecting funds for his University he was taken to a person who looked to be an ordinary villager. His very simple living conditions did not attract Panditji much and he was very doubtful if it was not a waste of time to have gone to him. And then a strange incident occurred which shattered even the last shred of hope of being able to get anything from this person. The night was drawing near and the lamp had to be lit. The servant who was lighting the lamp wasted one match stick and struck another. This enraged his master who took the servant severely to task for being so wasteful. This naturally shocked Pandit Malaviya. On the other hand Pandit Malaviya was received with the greatest respect and was accorded a most loving hospitality. The host was informed of the object of Panditji's visit. But that was all. Not a word was uttered by him in return. The following morning when he was taking leave of his host the latter bidding him honoured guest farewell placed at his feet a cheque which ran into six figures. Pandit Malaviya was shockingly surprised. It was a lesson that money was not meant to be squandered, nor was it meant to be hoarded. It was meant to be used in deserving causes in the service of mankind. Mahatma Gandhi commanded millions but he did not waste even a scrap of paper. It was that quality that characterized Haji M. L. Sultan. His personal appearance was al-

ways spotlessly clean, he was simply but well dressed and well-mannered. Culture was writ in his face. Though a staunch Muslim his heart went out to all alike. The vast concourse of people representing all sections of the community and other non-Europeans and distinguished Europeans present at the funeral bore testimony to the esteem in which he was held by all. Though physically he is no more amongst us he will always be with us in spirit. His memory will be cherished not only by the present but by many generations to come. We firmly believe our salvation in this country lies in standing united as Indians and not divided as Muslims, Hindus, Christians, Parsis,

Madrasis, Hindustanis, Gujaratis, Kathiawaris and the rest seeking to serve their own interests. We who are fighting against apartheid must begin with our own selves getting rid of this apartheid mentality. The late Hajee M. L. Sultan has, in this respect, set a noble example. The greatest tribute we can pay to the departed soul is to try even in a meagre way to emulate his very noble example. That is a legacy more valuable than all the riches Mr. Sultan has left to his children and to our community. May we all deserve it. The members of the Sultan family will find solace in the fact that their grief is shared by the whole community. May the departed soul rest in eternal peace.

NOTES AND NEWS

Death Of Hajee M. L. Sultan

ONE of Durban's oldest and well-known residents, Hajee M. L. Sultan, after a lengthy illness quietly passed away on Sunday, September 6, at the age of 83. The funeral which took place on Monday after offering special prayers at the Grey Street Mosque at 1 p.m., was attended by a very large concourse of people representing all sections of the Indian community, with a sprinkling of other non-Europeans and distinguished Europeans. His remains were interred at the Brook Street Muslim Cemetery. Eloquent tributes were paid by Mr. S. Nattrass, principal of the M. L. Sultan Technical College, Dr. Narbeth, chairman of the College Committee, Dr. Malherbe of the Natal University and other leading members of the Indian community. Deceased leaves behind him four sons and four daughters to whom the sympathy of the whole community goes.

of social separation the United was not prepared to support a measure that enforced partiality and inequality between the racial groups to a substantial extent, said Mr. Lawrence. The Minister of Justice Mr. Swart said that the Government were not prepared to leave it to the Courts to say how the policy of apartheid should be carried out.

Group Areas Permits

Replying to Mr. B. P. Bunting (Natives' Representative, Cape Western) in the Assembly last week, the Minister of Interior, Dr. T. E. Donges, said that 30 permits had been granted under the Group Areas Act to Europeans in Durban to occupy premises formerly occupied by non-Europeans, and 95 permits to non-Europeans to occupy premises formerly occupied by Europeans. The respective figures for Johannesburg were 11 and 21 Cape Town 52 and 56, and Port Elizabeth 17 and 10.

An Impressive Function At The Gandhi Hall

It was a real treat to be present at the Mahatma Gandhi Hall, Lerat Street, Durban, last Monday afternoon, when the sixty-seventh birthday of Swami Sivarama, one of the saints living in Southern India, was celebrated by the Divine Life Society (Durban Branch). The proceedings commenced at 3 p.m. and ended at 6 p.m. After Mr. V. N. Naidoo, the chairman welcomed the guests, a brief sketch of the life and teachings of Swami Sivarama was given by one of the devotees who said that though the Swami had renounced all and had his

Reservation Of Separate Amenities Bill Passed In Assembly

The Reservation of Separate Amenities Bill was read a third time in the Union House of Assembly on Friday, September 4. The United Party, the Labour Party and the Native Representatives voted against the third reading. M. Harry Lawrence explained that his Party had voted in favour of the Bill at the second reading because the Party supported the principle of social separation. Although the Bill upheld the traditional policy

come a Sannyasi he did not leave the service of mankind. Since he had achieved medical qualifications he gave his service free to the sick. Dr. N. P. Desai, and Dr. S. S. Cooppan, M. A. M. Ed., Ph.D. who had, recently returned from India, after a sojourn of about three years, were the guest speakers. Dr. Desai quoted the Bhagavad Gita and spoke on "How to attain Salvation." Dr. Cooppan gave a learned discourse on "Divine Life" which was both instructive and inspiring. He quoted the example of Mahatma Gandhi, who, he said, lived a truly divine life which was worthy of emulation. Most impressive was the way the prayers were conducted and the devotional songs sung by Mrs. Ranganayagi Pather and Patti and the Narandas family. It was really a thing which was rare not only in Durban but in South Africa. The songs were sung harmoniously and the spiritual fervour was visible in them. They were bereft of the cinema style which seems to have become all too common in our music at almost all public functions. It was a worthy example to all those who celebrate the birthday of Mahatma Gandhi and even Sri Krishna. It is regrettable to have to say that such occasions are made, unconsciously no doubt, rather a mockery of. Both the organisers and the artistes of last Monday's very pleasant and inspiring function deserve to be most heartily congratulated for the beautiful manner in which the whole programme was carried out.

M. K. Gandhi Library

The thirty-second anniversary of the M. K. Gandhi Library and Parsee Rustonjee Hall was celebrated at the Parsee Rustonjee Hall, Queen Street, Durban on Wednesday, September 2. The Rev. A. J. Choonson was in the chair. It was a special occasion since the Parsee community celebrated their New Year on that day and the building which was long dilapidated had been renovated and the renovation had just been completed. Among the speakers were Mr. Nattrass, principal of the M. L. Sultan Technical College and Dr. Narbeth, chairman of the College Committee. All the speakers expressed their good wishes to the Parsee community on their New Year and paid a high tribute to the donor the late Mr. Parsee Rustonjee for providing the Indians with such an useful institution. Mr. Sorabjee Rustonjee thanked the speakers. After the termination of the function all those present were served with milk and packets of sweetmeats.

Durban City Council's Fine Gesture

At the function of the M. K. Gandhi Library last week the very happy news was conveyed by Mr. Nattrass that the Durban City Council had agreed to give £11,250 to the M. L. Sultan Technical College and the sum of £500 every year. When we think of the past when the then City Council had given two and a half acres of land most grudgingly and that too on lease after the late Rt. Hon. Srinivasa Sastri, the then Agent of the Government of India in South Africa had entreated the City Council on bended knees, for the Sastri College

to which Indians had contributed no less than £20,000, the present gesture is certainly most thrilling and the Indian community will be profoundly grateful. If the same liberal spirit would be shown in other matters such as the provision of housing and other amenities and steps would be taken to remove the legitimate grievance of the non-Europeans in regard to the bus rank it would certainly pave the way for more happiness and contentment. Of course there can never be any happiness and contentment so long as there are laws affecting non-Europeans which place on them the stigma of inferiority.

INDIAN PHILANTHROPIST PASSES AWAY

(By Mr. Ashwin Chowdree, one who was very closely associated with the late Hajee M. L. Sultan)

INDIANS in South Africa will soon be celebrating their 100 years in this country during which period some among them have left their impress upon the country by their public deeds and spirit of generosity. Outstanding, unique and towering above all others will always remain the name of Hajee Malukmahomed Lappa Sultan who passed away silently from this world last Sunday after almost 50 years of unceasing toil and labour, in service of his community. Born at Quilon, Malabar in the Southern part of India, some 83 years ago, as a young lad of 16, he came out to South Africa as an early pioneer Indian immigrant in the service of the Natal Government Railways and for many a year he worked at the Berea Road Railway Station.

Here was a man, with a rare soul, strong and steadfast in his loyalties to basic human values, of humble birth and means, who was destined to revolutionise within a decade the concept of charity and generosity as is generally practised among our people. For like others among our people, his benefactions came not only after death by way of testament. Nay, his spirit knew no mortal limitations, for his inner self always revolted against the amassing of wealth for his own personal benefit—not for him the usual pattern of entrenching and securing the family wealth and possessions and as a mere gesture to give unto charity a negligible portion of one's estate—always you will find among ordinary mortals, the first consideration will be to benefit their children and their families—public benefactions occupy a secondary place. But with this richly spirited—the reverse was the case—first and

The Late Hajee M. L. Sultan

foremost in his mind's eye there was always the picture of the poor, needy, illiterate and uneducated among his people. His prime considerations were for them and them alone. The fruits of sixty years of toil and sweat and labour must belong to them—no major family considerations of sentiment did he tolerate nor did he ever consider personal wants or comforts—he shunned extravagance and a life of plenty—his was a hard and stoic life—a hard and strict disciplinarian, his needs were the barest minimum just sufficient to maintain body and soul together—and thus with immense restraint and years of practice, he had, like Mahatma Gandhi, mastered the physical self, brought himself under complete control, living frugally and simply, denying himself pleasures and luxuries and a life of ease and plenty—the materialistic life was abhorrent to him. It was foreign to his nature and repugnant to his spirit. His richness lay on a higher plane—it transcended the transient and

fleeting pleasures of the mortal life and found its home in things eternal and immortal; and always, ever always his mind's gaze was centred towards greater spiritual values. This, then, was the man Sultan, who gave away his riches for the cause of humanity, courageously and boldly without a flicker of remorse or regret. On the contrary, his spirit soared higher and higher at each great act of munificence. Among his many great acts of generosity, some outstanding examples come to mind, £500 to Sastri College, later £1,500 to M. L. Sultan Avoca Indian School and several sums of £100 each to many institutions. Then came his final great act of sacrifice. One hundred thousand pounds in cash to found the M. L. Sultan Charitable and Educational Trust Fund, of which £17,500 was originally earmarked for the creation of the M. L. Sultan Technical College. The foundations of this College will be laid next month at Curries Fountain and this institution will finally cost £80,000. In comparison to the final cost his contribution does not appear great, but almost 15 years ago it gave the fillip, supplied the driving force and committed the Union Government through the Hugo Commission to this scheme. Viewed in that light this College with its thousands of students owes its origin to the dynamic and magnetic personality of this great man. Not satisfied with this his mind probed into further expansion of technical training for Indians all over Natal. He felt strongly that such institutions should not only be limited to Durban; but they should exist to cater for Indian youth all over the Province. He said the poorest among them lived and worked away from Durban. What of them? Finally he increased his original donation to thirty-three thousand pounds for the erection of Indian Technical Colleges as follows: one on the South Coast, one on the North Coast, one at P. M. Burg, with the main central College in Durban.

Then came his interest in University education and he has donated £20,000 to the Natal University. And now we find that in his Will he has bequeathed one-third of his entire estate to found an Educational and Hospital Trust Fund in the memory of his late wife Mariam. This portion of his estate is estimated

LIBERAL PERSPECTIVE

THE UNITED PARTY AND THE ELECTION

PAST, PRESENT AND FUTURE

By C. W. M. GELL

V

THE conclusion of these articles is that a new South African era opened in 1948. First, the last of the great Boer generals who have dominated our politics since Union was nearing the end of his span and henceforth personalities and personal loyalties were to count less than party policies and allegiances. Secondly, the victorious party in 1948 was an ordinary political party but a "Nation" within a nation. Geographically more evenly distributed than its opponents, it could win on a minority of White votes. Thereafter, the insistent clamour of its racial program, the indoctrination of the preponderant section of the White youth and the fullest exploitation of the possibilities of the electoral gerrymandering ensure that it will not be voted out in the foreseeable future. Just possibly an economic blizzard or grave external crisis might shift it. But it is proof against all ordinary appeals to reason and any probable swing of electoral favour. It will get stronger before it gets weaker.

Thirdly, by bringing to the surface all the underlying European assumptions about White superiority and Black inferiority and making them the basis of a militant racial ethos arrogantly applied just when the rest of the world is shaking off its chains, the Nats. not only ruled out any return to "the traditional South African way;" they instigated the active consolidation of a united non-European opposition. This showed itself last year in the Defence Campaign which was conducted with a dignity and courage few thought possible. The riots were partly the result of administrative provocation—the strong-arm retaliation to strong-arm methods; and partly a further symptom of the acute racial tension which produced the Defence Campaign. The Swart Acts will not prevent such unpremeditated outbursts of violence. But they have made it impossible to carry on non-violent passive resistance on the original lines. Though we cannot yet forecast its form, we can be absolutely sure that the prosecution of Nat. racial policies will stimulate increasing opposition and resentment among non-Europeans, which now have no legitimate outlet.

The Nats. are convinced that they can impose their will by

force. For a little while they probably can. But all Asian and African history is there to prove that, even if the whole White population pangs up against the Blacks (as I hope and pray it will not), one-fifth of the population will find it physically impossible, morally indefensible and economically ruinous to hold down the remaining four-fifths by force, once the latter have developed unity, a capacity for self-sacrifice and the technique of mass action through some form of passive resistance or industrial non-cooperation. Afrikaner Nationalists of all people should understand the probable strength of movements intrinsically so similar to their own. By dividing the country between White and Black nationalism ineluctably opposed, the Nats. are hurling South Africa to disaster.

What then should be the attitude of those Europeans who do not share this passion for self-destruction?

I am sure our duty is to recognise frankly that it is pointless trying to devise a strategy to regain power in 1958. That could only happen through the impact of outside events which we cannot command. We must fearlessly face the prospect that either the Nats. will rush us over the Gadarene slope, in which case nothing can save a White community determined to immolate itself, or South Africa will be saved by a sufficiently large number of politically enfranchised Whites coming to realise in time that catastrophe lies immediately ahead. Since we cannot plan for White jingoism run amok, we must prepare for the second possibility, however remote it now seems. For if it should ever eventuate, it is crucially important that there should exist a rallying-point for all men of goodwill when the scales drop from their eyes.

So far the U.P. has conspicuously failed to provide such a rallying-point. It is too early yet to judge the two new parties which seek to meet this need. One explicitly and the other very tentatively represent the still small voice of European conscience in racial matters. And one, therefore, views with the greatest alarm the U.P. reaction of "Thank heavens, now no one will suspect us of liberalism." For if the U.P. is to oppose the Nats. only on the republican and English-Afrikaner differences it

will gradually move even further towards them on the colour issue. The M.P. for Tursfantein has already served notice on Labour, which alone at the last election had a progressive racial policy, to accept the U.P. position or get out of the United Front. And since the colour question dominates our political scene, it is only a matter of time before the Nats. and U.P. (if it continues to muddle along as at present) come so close together in face of rapidly deteriorating race relations that the U.P. will cease to have any convincing reason for separate existence.

We, therefore, plead with the U.P. to have the courage now to put before the country, as only it effectively can, the one clear-cut alternative goal to White domination: the liberal goal of equal rights for all civilised men and equal opportunities for all to become civilised. This is an old and honourable part of the party's own tradition, from which it has steadily retreated since 1948 in a sort of panic before the Nats.' appeal to all the baser political emotions. The threefold alternative of total apartheid, equality or a middle way is false. All are agreed that partition is practically impossible. But the so-called middle way turns out on inspection to offer no better prospect than a running fight between White and Black nationalism.

The goal of equality of human status is not only the necessary moral corollary of economic integration; it is the only objective which squares with our professions of religion and morality and on which we might secure the consent and loyalty of our non-European majority. But when that is said, there is room for divergence of opinion about speed and the scope of each stage in the process. The liberal does not stand for immediate adult suffrage which might "lead to the domination of primitive tribesmen," as one newspaper offensively put it. But I believe that the U.P. can only regain its soul and its integrity as a party with a distinctive policy by setting itself firmly against Nationalist totalitarianism as a matter of principle. And to do this it must clarify its thinking about the objective at which it aims.

If the U.P. will adopt the old Cape principle, there are three chief things for early consideration. First, to suggest some method of enlarging the non-European franchise as soon as possible. Labour had a plan to extend the Cape Native franchise to other provinces on a basis of Standard VI education. Liberals advocate a limited franchise on the common roll as being less likely to divide parliaments and narrow-

disparities between colour groups with sectional loyalties. Whether either of these or some other way is chosen, the idea of getting more politicians accountable to more non-European voters is sound, because only this will breed the multi-racial outlook essential to a true plural society. Secondly, the industrial colour bar must gradually be replaced by the principle of equal pay for equal work, regardless of race. For a long time this will favour the better-educated European. But, as skilled shortages develop, non-Europeans will be trained to fill them; and it will then be proved that equality of economic opportunity is not detrimental to White interests but will enable the whole economy to expand by providing both more efficient labour and a larger consuming class. Thirdly, the abolition of the Pass Laws, few of which are effective, would do more than any other single act to restore goodwill among the races. These laws are not only a badge of inferiority, they discredit the whole system of law and those who have to administer it in the eyes of Africans liable to instant arrest with all its attendant discourtesies.

If the U.P. would indicate its willingness even to consider these three matters (or any other way of achieving their aim) the way would be open for it to recognise Labour, Liberal and Federal as friendly fellow travellers, each seeking along a parallel path for the key to the future of a South Africa commanding the respect and loyalty of all its peoples. The survival of our country and our civilisation depends upon finding that key. Even now, when opposition morale is at its lowest and its electoral chances slight, is the time to begin affirming its faith that those whom Mr. Swart so elegantly termed "barbarians, semi-barbarians and cultured barbarians" are men like ourselves, many of them still at an earlier stage of development but all sometime potentially responsible citizens. We have to carry them with us and into our civilisation as they reach maturity. Thus, while we hold this faith before our fellow-Whites against the day when sanity may again prevail among them, we shall also provide a refuge from despair for both Europeans and non-Europeans who from their different positions see no solution but the use of repressive or revolutionary force.

No one can say dogmatically that this way will work. But I say, if we can preserve the possibility of men learning to live, work and vote as men, and not as units of hostile racial blocs. All other roads lead to certain disaster.

EFFECT OF GROUP AREAS ACT ON SCHOOLS

DR. S. COOPAN BEFORE LAND TENURE BOARD

DR. SOMASUNDRUM COOPAN M.A., M.E.D., P.Bd., Lecturer at the Springfield Training College, Durban gave evidence before the Land Tenure Board last week at its resumed sitting to consider the proposals for the race zoning of Durban.

Dr. Cooppan told the Board that he had done research on Indian education in Natal and that this was the subject of his thesis for his doctorate.

He had studied the plans and maps of the Durban City Council in regard to the proposed race zoning of the City and had worked out the effect of the proposals on the Indian schools in Durban on the basis of the number of schools in existence and the number of pupils attending them as disclosed in the Statistical Supplement of the Natal Educational Department of September 1952, for the purpose of his evidence before the Board.

Dr. Cooppan said that in Natal there were 238 schools of which 163 were government-aided with a total school population of 61,493. In Durban alone there were 96 schools made up of 14 Government, 75 Government-aided and 7 Private Registered schools, with a total of 29,351 children. These figures include 9 plateau schools and hence the number of school buildings in Durban was 27.

Dr. Cooppan analysed the situation of the Durban schools in relation to the proposed group areas. He stated: "36 schools with 13,497 children fell in the working areas; 23 schools with 6,137 children in the proposed European group areas and 6 schools with 1,301 children in the proposed Coloured area, add to this the 5 branches of the Technical College with 2,666 students which fell in the Working areas, making an overall total of 79 schools with 23,821 students affected by the proposals. These schools and the children involved will have to be accommodated in the proper areas if the Group Zoning plans were adopted.

Dr. Cooppan stated that a conservative figure of 9,000 pupils of school going children in Durban were without schools and their accommodation was an additional problem which must be considered in conjunction with those affected by the proposals.

In answer to Mr. J. N. Singh, Dr. Cooppan stated that he had estimated that the financial costs involved in replacement of the schools affected. "The estimated cost of a classroom to accommodate 40 children is £16.00. The Province in erecting Government schools has paid on the average of £2,000 per classroom. Working on the former basis it will cost £540,800, £246,000 and 64,000 to replace the schools involved in the working, European and Coloured areas respectively. A total of £846,000 would be required to build the schools necessary. On the average requirement of 4 acres for a primary school and 8 acres for a secondary school, and the average size of a school of ten classrooms, 228 acres of land would be required. Even at a £1,000 per acre this would cost 228,000, said Dr. Cooppan.

Dr. Cooppan pointed out that annually provision had to be made for the normal demand for the accommodation of about 2,500 pupils. This alone would involve about 63 classrooms at a cost of £190,800.

The problem had to be considered in relation to the normal expenditure of the Province on education of Indian children which in recent years showed a more sympathetic and liberal spirit. The Province had spent between £30,000 and £40,000 on capital development and grants in aid towards school buildings on an estimated figure was between £40,000 and £60,000. At this rate of financing only the normal requirements could be met and the problem of the backing of children and replacement arising from the group zoning proposals would not be touched," concluded Dr. Cooppan.

at £30,000. A further donation of £4,000 to the Malvern Indian School follows. But let us stop here. There is no end to his acts of public charity.

Such men are rare in human history. Such gems are Heaven's own gift to mankind. His destiny fulfilled, his life's labour done, Sultanabji has gone to the land of immortals. We here in this world will always find him en-

shrined in our hearts. For many a year to come the pages of South African Indian history will be replete with anecdotes about him and there will be many a chapter written on the life of this remarkable, amazing personality, who brightened the life of his people and left behind a burning flame of service which neither time nor memory will ever dim or extinguish.

TALK OF UPROOTING UNDER GROUP AREAS PREMATURE

—DURBAN TOWN CLERK

TALK of uprooting and displacement under the Group Areas Act was premature, said Mr. W. L. Howes, Durban's Town Clerk, addressing the Land Tenure Advisory Board in the city. The City Council had been conservative in proposing full group areas and few people were affected.

Nearly all the areas proposed by the Council were "undated areas" from where there would be no compulsory movement.

Mr. Howes asked the Board to allow the minimum period prescribed by the Group Areas Act (one year) for the movement of people from the proposed full group areas, such as Reservoir Hills and Block AL on the Berea.

The Council had been so conservative in proposing full group areas, that it thought this was a reasonable request. Few people were affected, and the compulsion would apply equally to Indians in Block AL and to Europeans in Reservoir Hills.

Where people could not find alternative accommodation without hardship, they could apply for permission to stay longer.

Mr. Howes was arguing on behalf of the City Council at the end of four weeks of evidence on the race zoning of the city.

The Council expected that the voluntary movement which would take place as a result of the persuasion of the establishment of "undated areas" would achieve racial change without compulsion.

Plans advanced by the Natal Indian Organisation contravened nearly all the principles announced at the hearing. These plans would perpetuate and intensify the most undesirable feature of the present situation.

The City Council had been supported by the Reference and Planning Committee, which was completely divorced from local European politics. That was the answer to the contention that the City Council was influenced by local European political pressure.

Mr. Howes said that the key to the puzzle was the Berea ridge. It was a step towards a proper solution of the problem that the zoning of the Berea ridge at European had not been challenged.

European Belt

In view of this acceptance, and in view of the indisputable European character of Westville south of the Palmiet River, a broad European belt linking the Berea and Westville was necessary. Sherwood and Wyndene had also been generally accepted as European.

Referring to applications that the compulsory provisions of the Act should not be applied to Indian in the Block AL area, Mr. Howes said that these formed part of the very people who caused the Group Areas Act to be placed on the Statute Book. Many of them had bought property and occupied property when they knew they should not do so.

Advocate Albert Christopher who had gone to St. Aidan's hospital owing to a heart attack returned to his home at Greenwood Park on Monday.

In the course of a letter addressed to the Minister of Justice, Mr. C. R. Swart, the South African Indian Congress writes:

The South African Indian Congress is constrained to lodge its strongest protest against the ban imposed, under the Suppression of Communism Act, upon Mr. A. Fischer, Q.C., an outstanding defender of Peace and civil liberties and a stout champion of harmonious relations between the white and non-white sections of our population.

We wish to point out that the Indian people and indeed, the non-white people as a whole, look upon Mr. Fischer as a great friend and ally in the fight against the pernicious colour-bar and apartheid system and for fairplay, justice and democratic rights for all South Africans.

We further make bold to say that Mr. Fischer represents the best and the finest traditions of the Afrikaner people and it is given to men of his vision, outlook and conviction to bridge the ever-widening gulf in race relations in this country.

That the Suppression of Communism Act should be so blatantly used to impose ban

on the political and public activities a patriot whose selfless devotion to the cause of the country and all its peoples is beyond question, provides ample proof that this Act has been placed on the Statute Book solely for the purpose of restricting the civil liberties and freedom of association of those who have openly and actively voiced their opposition to all facets of Nationalist policy which contravene the basic principles of democracy.

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. Pakistan News

(From Our Own Correspondent)

Karachi, August 1953.

SINCE the latter part of July, Indo-Pakistan relations have undergone many stresses and strains, so it seems at this juncture, in a favourable prospect! The events of the recent past will be familiar to readers of 'Indian Opinion.' Mr. Nehru was received in Karachi with a welcome whose sincerity he cannot have doubted and his conversations with Mr. Mahomed Ali were, on both sides, conducted with frankness and honesty of purpose. As it turned out, it was fortunate indeed that this was so.

At the Karachi meeting it subsequently appeared that the degree of material progress was not great, but this general feeling was partly attributable to reaction after the wondrous high hopes which had been set upon Mr. Nehru's visit before it actually took place. The wish of Pakistan to reach a settlement with India was father to the thought that at the Prime Ministers' meeting all would be straightened out finally, but considering the complexities of the problem, such expectations were unjustified. Nevertheless, determined efforts were made. The comparatively minor question of the Bungal enclaves seems to have been settled subject only to a tidying up of detail. As to the problem of evacuee property, it is believed that Pakistan made an all-out effort to solve the difficulties by a proposal that on both sides existing legislation should be scrapped and former owners of property be put back into possession of what they alienated at the time of partition. At all events, conversations between the Advisers to the Prime Ministers continued in Karachi for several days after Mr. Nehru returned to Delhi. The vital canal water dispute seems to be bound up in the settlement of an overall scheme to utilize the waters of the Indus to the maximum extent in which plan the World Bank may well take a significant and valuable interest.

There remains the question of Kashmir and Mr. Nehru stated quite plainly, after his visit to Karachi, that in this matter there was no progress to report.

Such was the position when, shortly after Mr. Nehru's departure, strange and disquieting news of Kashmir burst upon the world. As is now well known, Sheikh Abdullah was dismissed from office, there was civil

unrest and disturbance and the new Chief Minister, Ghulam Mohammed Buzghi, signified his accession to power by some demonstrations of xenophobia said to arise from evidence of foreign interference in Kashmir affairs in which connection the name of Mr. Adlai Stevenson has been mentioned.

It is not surprising to learn that the reaction in Karachi was immediate and sharp, and it cannot be concealed that the mood of Pakistanis was of anger and bewilderment. On August 14, all Independence Day celebrations were cancelled except for the military march-past at which the Governor-General took the salute. Immediately thereafter Mr. Mahomed Ali flew to Delhi to discuss with Mr. Nehru the new situation in Kashmir.

The Pakistan Prime Minister was received with a generosity at least quelling the reception accorded to Mr. Nehru in Karachi and the two statesmen were able to proceed at once to discussions. As we have remarked, it was fortunate that the Karachi talks were conducted in an honest spirit more thereby a basis was formed for the Delhi conversations, the results of which have just appeared. Mr. Mahomed Ali has confessed that he is not entirely satisfied and, indeed, one is entitled to ask why Mr. Nehru has stipulated a date as late as April 1954, by which the Plebiscite Administrator shall be appointed to the task. Since Mr. Nehru has consistently conceded a plebiscite in Kashmir and since so many years have passed, the passage of another eight months seems to call for explanation. The suggestion that the Administrator shall be appointed from one of the Great Powers appears unobjectionable for integrity and ability are by no means the monopoly of big battalions.

We shall not pursue controversy further, but there is something more to be said of particular interest to Pakistanis. Mr. Mahomed Ali has avoided a crisis and in doing so has shown wisdom. His career as Prime Minister has had a promising start which will add to the popularity he has already earned by his affable and engaging personality. Unlike many so-called democratic leaders whose first cure, on reaching office, is to surround themselves

with the trappings of power, Mr. Mahomed Ali prefers to be accessible. On a Sunday evening, he thinks it proper (as indeed it is) to drive his family to Clifton beach and there stroll along the sands among thousands of other Karachi dwellers seeking the fresh sea air. This conduct may not please those dressed in a little brief authority, but it endears him to his countrymen.

Gas Well Discovered

Some months ago, the Pakistan Petroleum Company Ltd., a subsidiary of the Shell group, but in which the Government of Pakistan has a thirty per cent. interest, discovered at Sui, in Baluchistan, a natural gas well which promises to be a valuable asset. It is stated that this well can deliver a million cubic feet of gas every day for the next fifty years. Plans are now being made to pipe the gas as far as Karachi where, as well as at various points along the pipelines, the gas will be used as a fuel for many purposes including industry. There is no reason why a system of domestic distribution should not be installed in the new capital so that housewives can equip themselves with modern domestic appliances and use them inexpensively. The gas will serve admirably at thermal coal and fuel oil. It is intended, among other things, to use the gas at the fertilizer factory which it is proposed to erect at Kashmore, in Sind, about twenty-five miles from Sui. This fertilizer factory will be additional to that now under construction at Daudel in the Punjab.

The Kashmore factory, which will use as a raw material the extensive gypsum deposits lying in the area, will have a valuable market for its products when the Lower Sind Barrage, located on the Indus at Kotri, is completed in 1954 as now expected. This barrage was originally estimated to bring into cultivation about 1.6 million acres of land but current reports now state that the area will be much greater amounting to about 2.75 who desire to acquire areas for cultivation. The crops to be raised comprise cotton, rice, wheat and sugarcane. Probably also there will be market gardening, orchards and tobacco. A scheme is under preparation for the construction of sugar factories in Sind which will use the sugar cane thus grown and experimental sugar cane farms are being started to develop species most suited to Sind soil and climate and, at the same time, capable of giving the maximum sucrose content.

The bringing into cultivation of this vast area will mark a tremendous advance in the potentialities of Pakistan. The cotton production will bring substantial additional foreign exchange earnings, while the production of sugar and food grains will not only save heavy expenditure abroad, but will avert any future recurrence of foodgrain shortages such as very recently occurred.

Indeed, it is worth noticing that although, in the last year or so, the public mind has been focussed on Pakistan's trade problems, there has been steady progress in fundamental development. In our last letter to 'Indian Opinion,' we referred in some detail, to progress in industry, but we made no mention of the hydro-electric schemes at Dargai, Rasul, Warsah, the Malahand Extension as well as the Karnah Scheme in East Bengal. The construction of the Naval Dockyard at Karachi is going steadily ahead and now the well-known German firm of Krupp has signed an agreement to undertake investigation of the iron ore deposits in Punjab and Chitral from which it is believed that an annual production of 300,000 tons of pig-iron is possible. The enormous quantities of cheap electricity from the hydel schemes we have mentioned will provide the means of iron and steel production, thus overcoming the problem of inadequate and satisfactory coal supplies.

Despite the commercial up-and-downs and occasional political convulsions of a domestic sort, one has the impression that, in a quiet way, Pakistan is moving ahead. It is no wonder that cool brains look for years of peace so that the work of construction may be completed and yield its fruits.

INDIAN SCHOLARSHIPS FOR COMMONWEALTH COUNTRIES

In pursuance of their desire to promote cultural relations between India and foreign countries and to extend educational facilities available in India to students of other countries, the Government of India propose to award 100 scholarships to Indian and indigenous students from Commonwealth and foreign countries for higher studies in India during the year 1954. The following allotment has been made for South Africa:

(i) Non-Indian students—African 1, Coloured 1; (ii) Students of Indian origin domiciled in the Union of South Africa 4.

Scholarships will be awarded for studies in the Arts and Humanities, Science, Agriculture, Medicine, Nursing, Technology, Education, Law, Commerce, Forestry, Veterinary Science, Civil Engineering, etc. Preference will be given to students desiring to take up post-graduate courses. But applications for post-Matriculation courses will also be considered. Applications of students below 19 years of age will not be entertained for post-graduate courses.

Consideration will be given to students who have already had some training in South Africa in the course which they propose to pursue in the Indian Institutions. Candidates offering themselves for technical and professional courses must possess certain minimum qualifications to be eligible to take up the course, e.g. for Medicine the candidate must have passed the Intermediate Science (medical group) of an Indian University or an examination recognised as equivalent to that examination; a matriculate or one who has not passed an equivalent examination will not be eligible for such course. Students from South Africa who have passed B.Sc. with required subjects or First Year M.B.B.S. (Medical) course of the University of South Africa are eligible to be considered. An training facilities in certain subjects such as engineering, Medicine etc. are extremely limited. It will not be possible to find more than a very small number of seats for study in these subjects.

Students who are already studying in India on their own will not ordinarily be eligible for these scholarships. Only an exceptionally hard case in which the student deserves financial help might be considered.

The value of the scholarship has been fixed at Rs. 200/- p.m., exclusive of stipend, tuition and examination fees, which

will be paid by the Government of India direct to the institution concerned. Miscellaneous fees and payments, such as library fee, laboratory fee, games fee, admission fee, statutory deposits for libraries and hostels etc. will have to be paid by the scholar himself from out of his stipend. The Government of India reserves the right to reduce the amount of scholarship if they think that circumstances justify it. The amount of the stipend is considered to be ample for all the expenses of a student in India including miscellaneous fees and expenses indicated above, normal medical charges and expenses during vacations etc., and in no circumstances applications for additional allowances will be considered.

The cost of passage either way and all expenses on journeys in India will have to be met by the students themselves.

The scholarship will be tenable for the period necessary for the scholar to acquire the degree, diploma or certificate of the course for which he has been selected, depending upon the satisfactory progress of the student. The scholarship will commence from the date on which a candidate actually joins the institution in India selected for him for studies or from the date on which that institution commences its session, whichever is later, and will normally terminate on the last date on which the final examination for the prescribed course ends.

The scholarship is, however, liable to cancellation any time during the currency of the course, at the discretion of the government, for misconduct, unsatisfactory progress or failure to pass his annual examination.

Applications from persons satisfying the above qualifications should reach the Assistant Secretary to the High Commissioner for India on or before the 7th November 1953 in the prescribed application form, which can be obtained from the office of the High Commissioner for India, P.O. Box 1245, Cape Town, up to 30th September 1953 and P.O. Box 8327 Johannesburg thereafter. Each application must be accompanied by particulars of the courses, theoretical as well as practical, including the detailed syllabuses, curricula etc., already completed by the student.

Reliable candidates will be required to appear for an interview soon after the closing date.

The final selection of the candidates will be made by the

Government of India. The successful candidates will be informed of their selection through the office of the High Com-

missioner for India in the Union. After the completion of their studies in India the students will be expected to return to the Union.

DR. BUCHMAN AND M.R.A. TEAM INVITED TO VISIT SOUTH AFRICA

THE President of the Senate, the Speaker of the House of Assembly and the Administrators of the Cape, Transvaal, Natal, Orange Free State and South West Africa have invited Dr. Frank N. D. Buchman and an international team of Moral Re-Armament to visit South Africa.

The invitation from the President of the Senate and the Speaker is as follows:

"Dear Dr. Buchman,

"Every responsible person must be conscious of the grave issues facing the world today and especially here in South Africa where some of our most difficult problems are different from those in any other country in the world.

"All of us are anxious to find the right answer. Senators and Members of the House of Assembly of all parties have heard of the results achieved in many parts of the world by the application of the principles of Moral Re-Armament in homes, industry and national affairs.

"For this reason we hope that you and your team will be able to visit South Africa and we can assure you that such a visit will be greatly welcomed."

G. A. VAN NIEKERK,
President of the Senate.

J. H. CONRADIE,
Speaker of the House of Assembly.

The invitation from the five Administrators states:

"We believe that your visit with its emphasis on the search for God's plan, personally and nationally, will bring about a new willingness in all of us to co-operate for the well being of our country and the rest of Africa. Your message based as it is on a change of heart and absolute moral standards can give us the new spiritual stimulus we need in South Africa today."

Dr. Frank N. D. Buchman, initiator of Moral Re-Armament is no stranger to South Africa. He visited the Union in 1929 with a small team largely drawn from British and American universities. The Hon. J. H. Hofmeyr wrote

later of that visit that it was "of national significance and started a major and continuing influence for racial reconciliation."

Since then the work of M.R.A. has been extended to most countries of the world. In 1950, Dr. Buchman was made a Chevalier of the Legion of Honour by the French Government and in December, 1952, the German Government awarded him their highest decoration, the Grand Cross of the Order of Merit. In both cases the awards were in recognition of the contribution that M.R.A. has made towards creating improved relationships between the countries.

Dr. Buchman, who is now 75, has recently completed a nine months tour of Ceylon, India and Pakistan at the invitation of government and industrial leaders. He was accompanied by an international team of 180 from 20 nations who, through meetings, plays and films, presented Democracy's inspired answer to Communism. Senator Alexander Wilky, Chairman of the Foreign Relations Committee, speaking in the American Senate of the work of Moral Re-Armament in Asia described it as "advancing the principles which must be the foundation of peace throughout the world."

Moral Re-Armament has become widely known throughout South Africa as a result of the tour of the industrial play "The Forgotten Factor" from 1949 to 1951, under the patronage of H. E. the Governor-General.

Dr. Buchman is now at the World Assembly for Moral Re-Armament in Caux, Switzerland. In the last seven years a large number of South Africans have attended the Caux Assemblies, including the Administrator of the Transvaal with his Executive Committee, members of the Senate and House of Assembly from all parties, delegations from the Transvaal Chamber of Mines and the Mineworkers' Union, and many others from all walks of life.

AFRICAN VIEWPOINT

STEP IN THE RIGHT DIRECTION

By JORDAN K. NGUBANE

MR. DON G. S. MTHUKULU, Principal of Ohlange College, recently told me something which I felt I wanted very much to share with my readers—because it was a welcome development showing that the Indian was cultivating a sense of social responsibility which would produce the happiest relations between him and the African.

A few weeks ago Ohlange College opened its new 75,000-gallon reservoir. The interesting thing about this is that it was the Indian community—to be precise the Muslim section of the Indians—which had provided the funds to construct the reservoir. In recent weeks Dr. Malan has been saying quite a lot about protecting the African from the Indian. For our part, the Indian is no menace to us and we see no reason why we should be protected against him. On the contrary, we see to him one with whom we have a lot in common. If we have to be protected against anybody, we would want to be sure that we were protected against the Malans and their like.

But it was not enough for the Indian in our midst to say, simply, that he is black like us and hope to use that as the only argument to justify his being in our midst. Self-interest might have brought him among us. In the light of prevailing attacks on his position it has, in recent years, become extremely vital for him to justify his being among us in a way to impress not only the vast majority of the Africans but the outside world as well—if to debunk Malan's attacks on his role among the African people.

The popular line is that the Indian wants to be among the African people for purpose of making money from them and getting nothing in return. This line was made use of even to the Prime Minister's recent speech, by implication. But the Indian himself realises now that if he does not show a sense of social responsibility in his attitude to the African he merely strengthens the Malan's and weakens his own position. As a result a new awakening has come about in the Indian community. The Indian feels that the struggle of the African people is his own struggle; that help given in this direction is not charity, but a vital contribution in the struggle in which

the Indian himself has deeply vested interests—simply because like the African, he loves liberty for himself and his children.

It is a welcome awakening. The Indian in our midst is justifying his being in our midst in a concrete way. When the Malans scream about the Indian exploiting the African, the Indian wants to place himself and his African allies in the position to say that he has a special job to do and that he is doing that in the best way possible with the limited resources at his disposal. The Indian could give the Malans no better reply.

Let me tell the story a little more fully. When Mr. Mthukulu took over the principalship of Ohlange his biggest headaches were accommodation, water and light. In his view, however, water and light were priority Number One. The College had an old water supply which could not be relied upon in times of drought. He launched a fund-raising campaign. The Provincial Administration of Natal gave him about £3,000 for buildings and that started him on the way in the direction of accommodation. He approached some of his Indian friends with the option to give the school water or light. Mr. Mthukulu assures me that both the Muslim and Hindu sections showed the liveliest interest in giving concrete help.

The Muslim community, in particular, seemed most keen to do something for Ohlange. A Muslim Trust interested itself in his plans and just at about that time certain Mr. M. A. H. Moosa felt that his family could give Ohlange the water it needed and set up the reservoir as a memorial to his mother. In the end the project cost the Moosa family £1,950. The new reservoir takes 75,000 gallons of water and is built in such a way that it should meet the College's needs for forty days in the driest weather possible.

At the opening of the reservoir, the African speakers welcomed the contribution of the Moosa family and through them the Muslim community, not as an act of charity, but as proof of the Indian's growing social responsibility as well as a means of high-lighting the significance of closer relations between the Indian and the African.

When we talk of the Indian and the African coming to-

gether, we do not want a racial front for the destruction of the whiteman. We merely want to pool our resources to promote the welfare of the largest number of people possible. In that pooling process we welcome every South African. We welcome the Whiteman as well. If, however, he feels that he cannot throw in his lot with his dark-skinned countrymen, he has no right to interfere with the African and the Indian when they put their own house in order.

People hostile to this very healthy process always say that it is the Indian who benefits more from the alliance than the African. Possibly, that was the case in the past. But today the Indian feels that he has to stand shoulder to shoulder with the African and go the whole way in helping to remove those weaknesses on the African side—chief among them being ordinary ignorance—which tend to militate against the two groups pooling their resources on a wider field and in more effective ways.

I thought the contribution of the Moosa family at a place like Ohlange, was of particular significance. Ohlange is in the Ixanda district—where the Africans and the Indians live in the closest proximity in the province. According to the Malans, this intermingling causes friction and ill-feeling. But during the riots, not one Indian was molested at Ixanda. At that time the Indian community as such did not show much interest in the African and his problems.

Ixanda holds a very unique position in Afro-Indian relations. Here, we can show that men with different cultural and racial backgrounds can live together at peace without being isolated into apartheid compartments. We can show that such a life can be one of give and take in the way which works in the interests of all

concerned. The Moosa reservoir is a case in point.

There are reports at the moment suggesting that some of the Indians at Ixanda have in mind the idea of setting up a clinic or health centre to cater for the district's large, mixed population. I suppose it is by coincidence that the names mentioned in connection with this are also Muslims. But the important thing is not whether this growing social responsibility is strongest among the Hindus or the Muslims; the thing to be grateful for is that it is there among a growing number of Indians, regardless of whether they are Hindus or Muslims.

The talk of a clinic for people beyond the Mission Station is interesting because it will complement the move made years ago by the Africans who live inside the Mission Reserve to set up a clinic for themselves. Unfortunately, a clinic inside a so-called Native Reserve is an institution which can serve only one section of the population—whereas one on private lands could be open to every South African regardless of race or colour. I do feel that while Mission people might be perfectly right in catering for their special interests, the others too have the right to set up institutions where the communities of our land will work together; be treated together and prosper together. If the Indian plays his part fully in these developments, he justifies his existence among us before the bar of world opinion, in a manner to silence the Malans. He can always point to these institutions which work for racial accord and mutual uplift and say: "We are serving a useful purpose by being among the Africans."

ઉઠા જેટની ઝિના છે કે આ સુળભૂત હકીકત ધણા દેશો સ્વિકારતા નથી અને તેને અમલમાં મુકતા નથી.

જાતીભેદ અને હમન એ આજના અશ્વમેધ સવાલોમાંનો એક

થઈ પડ્યો છે. બીજા દેશોની બાબતોમાં અમે માયું મારવા નથી ઇચ્છતા તેમ અમારા દેશની બાબતોમાં પણ હખલગીરી સહન કરવા અમે તઈયાર નથી. પરંતુ અમુક બાબતો જેવી છે કે જે સમીપ્ય મધ્યકાલી પર છે અને માનવજાતીની સુખાકારી ને લાજ પડનારી છે. જાતીભેદ અને એક જાતી તરફથી બીજી જાતીનું થઈ રહેલું હમન એ બાબતોમાંની એક છે. તેમાં એશીયા અને આફ્રિકાના નરનારી જોડું તેમજ પ્રત્યેક સ્વમાની માનવીનું અપમાન રહેલું છે. આથી આ અમાનુષિતને વિશે અને યુનાઇટેડ નેશન્સના ચાર્ટરના સહંતર ભંગને વિશે અમે શુધારીએ છીએ એ એ સ્પષ્ટ શબ્દોમાં દર્શાવવાની હોંમત કરી છે. મારી ખાતરી છે કે એ દર્શાવવામાં હું આ દેશની છ ત્રીસ કરોડની વસ્તીના હરેકે હરેક સજ્જની તેમજ જોરદાર અને આફ્રિકાના કરોડોની લાગણી વ્યક્ત કરી રહ્યો છું. જાતીભેદ અને અસામતાના ખમાલને અમે કદી પણ સહન કરવાના નથી.

શિક્ષક અને સાહિત્યમાંથી

અમેરિકામાં અત્યારે સામ્યવાદીઓ તરફના ભયનું જોડું ખતરનાક ધાતાવરણ ઉભું કરવામાં આવ્યું છે કે, તેને લીધે ત્યાં લોકસ્વાતંત્ર્ય હણાય એવાં કાયે તેવાં યત્નો અરસિતવાને નામે લેવાતાં ભય છે. કાલમાં ત્યાં સેનેટે આંતરિક સંસદથી કમીટી નીમી છે. તેની પાસે શિક્ષક, હેબક વગેરે જેઓને તે બોલાવે તેમણે પોતાનાં મંતવ્યો વિશે ખુલાસા કરવાના હોય છે અને ખુતરીએ આપવાની હોય છે.

ન્યુયોર્કની એડિયન કાઈ સ્કુલના અગ્રણી એક શિક્ષક મી. ફ્રાન્કલેન્ડાસને તે સુજન એ સમિતિએ બોલાવ્યો. એ શિક્ષકે એ બાબત તા. ૬મી મેએ ડો. આઈન્સ્ટાઈનની સલાહ લીધી. તે શિક્ષકે, આઈન્સ્ટાઈનને લખ્યું કે, "મેં આ જાતના પ્રશ્નોને જવાબ આપવાની ના પાડી છે. જેટલે હવે હકમ હોડ પ્રમાણે મને રૂબરૂ આપવામાં આવશે, પરંતુ આપના તરફથી આ બાબત

માં એ કોઈ દોરવણી મળશે તો કેળવણીકારો અને પ્રજાના માણસોને પણ આ નવા પ્રતિબંધક હુમલાનો સામનો કરવામાં એકઠા થવાનું કાયશે."

આઈન્સ્ટાઈને ૧૯મી મે એ જવાબ આપ્યો:

"તમારા પત્ર માટે ધન્યવાદ. આ દેશના વિચારપ્રેમી હોડો ને એ પ્રશ્નો સામનો કરવાનો થયો છે તે ઘણા ગંભીર છે. પ્રગતિ વિરોધી રાજનિતીજ્ઞોએ જાહેર જનતામાં બહારના ભયનો હાઉ તેની નજર સમક્ષ ઉભો કર્યો કરીને બધી ધૌદ્ધિક પ્રવૃત્તિ તરફ સંશય ઉભો કરી દીધો છે. અત્યાર સુધી પોતાના પ્રયત્નોમાં વિજયી નીવડ્યા બાદ તેઓ હવે શિક્ષણનું સ્વાતંત્ર્ય કરવા અને જેઓ એ બાબતમાં નમતું ન આપે તેઓને તેમને પહેથી હાવી દેવા, અર્થાત્ તેમને જુએ માંડવા તત્પર થયા છે.

"આ અનિષ્ટ સામે વિચારપ્રેમી હોડોની લઘુમતીએ શું કર્યું? સ્પષ્ટ શબ્દોમાં કહ્યું તો, મને તો બાંધીના અર્થમાં એકલો અસહકારનો ક્રાંતિકારી માર્ગજ દેખાય છે. એ કમીટીઓની સમક્ષ એ કોઈ વિચારપ્રેમી માણસને બોલાવવામાં આવે તેણે જુગાની આપવા ના પાડવી જોઈ એ, અર્થાત્ તેણે જેલ તથા આર્થિક પાયમાલી માટે તઈયાર રહેવું જોઈએ. હુંકમાં, પોતાના દેશના સાંસ્કૃતિક હિત માટે પોતાના અંગત હિતનો તેણે લોભ આપવા તત્પર થવું જોઈએ.

"જુગાની આપવાની ના પાડવાના કારણ સાથે સાથે એ બતાવવું જોઈએ કે, આવી તપાસ-અકાલતને તાલે થવું એ કોઈ પણ નિર્દોષ નાગરિક માટે શરમ ભરેલું છે; અને આ જાતની તપાસ-અકાલત દેશના બંધારણની ભાવનાનું ઉલ્લંઘન કરે છે. "આ - ગંભીર પગલું લેવા પુરતા માણસો જે તઈયાર થાય,

તો જરૂર સફળ નીવડશે, અને એ તેઓ આમ નહીં કરે તો એમ કહેવું જોઈએ કે, આ દેશના વિચારપ્રેમી માણસો તેમને માટે એ જાતની શુભાશીર્વાચી રહી છે તેથી વધુ સારી સ્થિતિને લાયક નથી."

"તા. ૬. આ પત્રને 'ખાનગી' ન ગણાશે.

'ન્યુ યોર્ક' ટાઇમ્સ' ૧૨મી જુનના અંકમાં આ બધી બબર ટાંકતાં વધુમાં જણાવે છે કે, ઉપરોક્ત શિક્ષક સોમવારે સવારે પ્રિન્સટન ગયો, અને પહેલેથી સુલાકાત મારેલી ન હોવા છતાં, તેને ડો. આઈન્સ્ટાઈનની સુલાકાત મળી શકી. શિક્ષકે આઈન્સ્ટાઈનને જણાવ્યું કે, તે પોતે આ પત્રને જાહેર કરવા માંગે છે. ડો. આઈન્સ્ટાઈને તેને કહ્યું કે, મને આ તપાસ-સમિતિ સમક્ષ બે.લ વવામાં આવશે તો હું પોતે જેલ જવા તઈયાર છું.

ગાંધી હોલમાં હૃદય સ્પર્શી જલસો

ગાંધી સોમવારે બપોરે ડરબનની હોર્ન ફ્રીટમાં આવેલા મહાત્મા ગાંધી હોલમાં દક્ષિણ હોંડના એક સંત સ્વામી રીવાનંદની સહકારની જયંતી પ્રસંગે ડરબનની કીવાઈન લાઈફ સોસાયટી તરફથી ઘણા ભવ્ય અને સુંદર જલસો થયો હતો. તેમાં કાજરી આપવી એ એક દલાવોજ હતો. સમારંભ બપોરના ઘણુ વાગે શરૂ થયો હતો અને દવાગે સમાપ્ત થયો હતો. પ્રમુખ શ્રી વી. એન. નાયડુએ કાજર જનોને આવકાર આપનારા શોડા સપ્પડો કહ્યા બાદ સ્વામીજીના એક ભકતે સ્વામીજીના જીવન અને શિક્ષણની હુંક રૂપરેખા આપતાં કહ્યું કે સ્વામીજીએ જો કે સન્ધ્યાસ લીધો છે છતાં સેવા કાર્યનો (અનુકંપાના પાને કપટ મે)

મરદુમ હાજ એમ. એલ. સુલતાન

હાજ એમ. એલ. સુલતાનના આપી. એ ઉપરાંત તેમણે પા. અવસાનથી માત્ર ૪૨૭૦૦ નેડી ઉદાર રકમ નાટકની નવિંદિ પરંતુ સમસ્ત દક્ષિણ આફ્રિકા ને એક અપુર્વ અધિકારની ખોટ આપી છે. મરદુમ આ દેશમાં નાની જમીન આપ્યા હતા અને રેસિડેન્સ નોંધારી કરતા હતા. ત્યાર બાદ તેમણે વેપાર કરવા કહ્યો જેમાંથી તેઓ આપણી કામના પૈસાદારીમાંથી એક બન્યા હતા. પૈસા કારો તે પછી પડ્યા છે કે જેઓને કોઈ બાબતે પચ્ચ નથી. મરદુમ પૈસા દારો થઈ ચુક્યા છે કે જેને કોઈ વાદ કરવું નથી કે વાદ કરવા માંગતા પચ્ચ નથી. કારણ તેવા પર્સિડારો કેવળ પોતાના સ્વાર્થને આતરજીવ કર્યા છે. હાજ એમ. એલ. સુલતાન અપુર્વ હતા કારણ તેઓ પોતાના સ્વાર્થને માટે નહોતાં કર્યા પરંતુ બીજાઓને માટે કર્યા હતા.

પોતાની શક્તિ અને વેપારી કુદિ નડે તેમણે સારો પૈસો પેદા કર્યો હતો. પરંતુ પોતાની એ કમાણી તેમણે પોતાને માટે જ રાખી નહોતી. ખરા અર્થમાં તેમણે બીજાઓને માટે તે રૂટમાં રાખી હતી. પછી જાન્ય બનેા કરતાં જુદું તેમણે પોતાના જીવન દરમિયાન પોતાની કમાણીને મોટા ભાગ ઉદારતાથી અને નિઃસ્વર્ગ પછે જેવણીના સુદર કાર્યમાં આપ્યા હતા. અને તે પચ્ચ કોઈ પચ્ચ જાતના જાતી, ઘાતી કે-વચ્ચના મેદ, સિવાય, અને જેવા દેશમાં કે જે દેશ જાતી અને વર્ણદેશી બદલતી રહી છે. મરદુમ સુલતાન સાહેબ ખરા યુસ્તીમ હતા. મદદાલ કલાકારમાંથી આવેલા હોઈ તેઓ તામીશ આપવાનું કોઈ જાન ધરાવતા હતા અને પચ્ચ યુસ્તીઓના કરતા કુશળતા તેમણે હોઈ અબ્યાસ કર્યો હતો. કેટલાક યુસ્તીઓએ તેમને પોતાનો પૈસો યુસ્તીઓના હિતને માટે આપવા સમજાવવા પ્રયત્ન કર્યો હતો. પરંતુ એ વાત મરદુમને બહુ ઘેટતી નહિ અને તેમણે તેઓને જવાબ આપ્યો કે કુશળ એમ કરવાનું સિખ વડું નથી. તેમને પોતાની કમાણીનો પૈસો જેઓ પાસેથી તે કમાવા હતા તેઓના હિતમાં આપવાનું ઉચિત જણાયું અને તેથી તેમણે મોકું, કાન એમ. એલ. સુલતાન ટેકનીકલ કોલેજને આપ્યું. પરંતુ પોતાના મર્મી આ પ્રત્યે પચ્ચ પોતેજીવન દરમિયાન સારી રકમ મર્મના કાર્યમાં પચ્ચ

આપી. એ ઉપરાંત તેમણે પા. ૨૦,૦૦૦ નેડી ઉદાર રકમ નાટકની યુનીવર્સિટીને બીન-જોરાઓની કેળવણી માટે આપી જેનો એ યુનીવર્સિટીના વડા ડૉ. મેલકોર્નેએ મરદુમની દરન કિંમત વખતે-મરદુમને. સુદર અંજલી આપતાં સાબાર ઉચ્ચેમ કર્યો હતો. મરદુમ સુલતાન સાહેબ પાસે પૈસા મળ્યા હોવા છતાં પે.તે મળ્યા સારું અને કરકસરીનું જીવન માંગતા હતા. પોતાની ઉપર તેઓ મળ્યા થોડું અર્થતા હતા. આ કારણથી કેટલાક તેમના પર કબજાઓ આજ મુકતા હતા. પરંતુ બીજા સાદાઈ અને કરકસરીથી તેઓ કર્યા નહિ. હોત તે કોનને જાણે જે લાભ મળે રહ્યો છે તે થવા નહિ પાડ્યો હોત. અહિં જમને બનારસ હોઈ યુનીવર્સિટીના રચાયક સ્વર્ગસ્થ પંડિત મદન મોહન આચાર્યજીએ એક કિસ્સો વાદ આપે છે. પોતાની એ યુનીવર્સિટીને માટે તેઓ હાલ ઉપરાધતા હતા ત્યારે તેમને એક કમ્પાસ પાસે લઈ જવામાં આવ્યા હતા જેઓ રેખાને અને રહેણી કરણીમાં એક મામરીયા જેવા હતા. તેમના જાતી સાદાં જીવનપરથી પંડિતજીને તેમના તરફ ખાસ આકર્ષણ નહિ થયું અને તેમની પાસે જવામાં કેવળ સમય જરવાદ કરવા જેવું જ નથી થયું જેવી કંઠા થઈ. તેમાં વળી એક વિચિત્ર મટલા જાતી. રાત પડવાં આવી અને હાનસ સળગાવવાની જરૂર પડી. નોકરે હાનસ સળગાવતાં એક કીચાસળી બેદરકારીથી નકાશી. બાળી નાખી અને બીજી સળગાવી. આથી તેના માસિક ને કોષ મળ્યો. અને નોકરને સખત કપડો આપ્યો. પંડિત માસરીપણ આ જોઈ વિચિત્ર થયા. પરંતુ બીજી તરફથી પંડિતજીની પ્રેમ બરી પડેલામત માં જરાયે કચ્છા રાખવામાં નહિ આવી. પંડિતજીના જામમન ના કારણ થી એ કમ્પોસેને વિલિત કરવામાં આવ્યા પરંતુ પ્રત્યુત્તરમાં તેણે એક સબ્બ પચ્ચ નહિ. ઉચ્ચાપે. બીજો દિવસે સવારે પંડિતજીને નિદ્રાગીરી આપતાં પંડિતજીના આજન આજન વચ્ચે આ કમ્પોસે ક આકેશમ પહેલે એટલી રકમની એક પંડિતજીને મરજી પડી. પડ્યો, જરવાદ, કરવાને માટે નથી. તેમ સમક કરવાને માટે પચ્ચ નથી પરંતુ માનવ, સેવા અર્થે સુપાને માપવાને માટે છે તેનો

આ એક આદર્શ બેલપાદ હતો. મદદાલ બાબીજી અડળા પદસાપર કાણુ ધરાવતા હતા પરંતુ એક કામજ નો કુકો પચ્ચ તેઓ નકાશો ફેંકી દેતા નહોતા. મરદુમ હાજ સુલતાન સાહેબનામાં આ યુલો હતા. રેખાને તેઓ કનેશ સ્વચ્છ, સુચક અને સહ્ય હતા. સરકારી તેમના યુખપર લખા-એલી હતી. જે કે તેઓ યુસ્ત યુસ્તીમ હતા છતાં તેઓનું કલ્પ સોને માટે સમાન હતું તેમની દરન કોવામાં કોમના સપળા વગોનું પ્રતિનિધિત્વ ધરાવનારાઓના વિદ્યાજ જનસમુદની તેમજ અન્ય બીન-જોરાઓની તેમજ પ્રતિષ્ઠિત યુરોપીયોનોની હાજરી એ વસ્તુનો પુરાવો આપતી હતી. મરદુમ આને જો કે આપણી વચ્ચે પ્રત્યક્ષ રીતે નથી, છતાં તેઓ આમાં આપણી વચ્ચે છે. તેમની રમ્પિત વર્તમાન જ નહિ પરંતુ અવિધ્યની અનેક પેઢી એ સુધી કમમ રહેશે. જમારી એવી દંડ માન્યતા છે કે આ દેશમાં આપણે ઉદાર હોઈએ તરીકે સમકીત થઈ ઉભા રહેવામાં જ રહેવો છે અને નહિ કે યુસ્તીમ, હોઈ, ખોસ્તી, પારસી, મદાસી, હોઈસતાની, યુજરાતી, કાડીયા

દમોદ પ્રાયા, જેમનું મુખ્ય અધ્યક સોલસગરી (સર્વિસ) રેડીસીપામાં છે. તેઓ યુનીયનની મુદ્દાકાતે આખા હતા અને જોહાનીસબર્ગ થઇ બંધે, આવાડીયે ડરબન આખા હતા નાટાલમાં તેમણે ડાઇ જોનસ' એસોસીએટને અને બીજા સંસ્થાઓની મુદ્દાકાત લીધી હતી. પાકિસ્તાને ૧૬૫૦માં યુનીયન સાથેના વેપારપરનો પ્રતિજ્ઞા કર કરી હતો. દર વર્ષે એકથી રોડ સાખ દન ડાઇસે તે દક્ષિણ આફ્રિકા પાસેથી લે છે અને બીજા વસ્તુઓ પશુ લે છે. તેના બદલામાં પાકિસ્તાન એક સાખ પાઉન્ડનો માલ દર વર્ષે દક્ષિણ આફ્રિકામાં મોકલે છે. શ્રી. પ્રાયાએ અખબારી મુદ્દાકાતમાં જણાવ્યું કે દક્ષિણ આફ્રિકાને જુદા બેગોની જરૂર છે જેથી તેણે પાંચ જુદની મીસે રા કરેલી છે. પાકિસ્તાન તેને માટે જોઇતો કાચો માલ પુરો પાડી શકશે તેમજ હાથુ કે પાકિસ્તાન દર વર્ષે પાંચથી સોડા પાંચ કરોડ રતલ આ અને ૧૫ લાખ ઝાંસીદર જીપગલે છે. પાકિસ્તાનને દક્ષિણ આફ્રિકા પાસેથી અનેક માવુઓની તેમજ બીજા લઈવાર માલ, જેવી કે હમેકદીક વસ્તુઓની જરૂર છે.

હારિ ન્યારે દક્ષિણ આફ્રિકાની દખનનીતાના કારણે દક્ષિણ આફ્રિકા સાથેના વેપાર બંધ કરેલો છે ત્યારે પાકિસ્તાને રા કરેલો છે.

માંથી તેમને હમારી કાઢી દેવા એમ છે. એમ થાય તો હવે પછી જન્મનારાં કહેડો બાળકો સારી રીતિમાં જન્મે, તેમની ભાવ્યવસ્થા વધારે સારી રીતે થીતે, તેમનાં આપણે કરતાં તેઓ વધારે સારા નાગરિકો નીવડે અને ખાસ કરીને તેમની બીડી પીનાર માતાઓ બીડી પીનાથી માણસના શરીર, મન અને ભાવના પર થતી અનેક હેરી બચેલાં અનેની સાચી દર્શાવેલાં બને.

આ બધું જોતાં, બીડી પીવાની ટેવ ને ફળવા દિશ્યાં અને કાંઈક બેધરવા થી માનવજીવનને સ્વચ્છતા એક આશ્રી વસ્તુ તરીકે ન બેધરવી જોઈએ. જળતા માં થી હેમવાને મદદે એ ટેવ દુર

હસનબીબી

એક સત્ય ધરના

લી વોગ્સનબી એક બાઇબલ હોઈના એક અખબારમાં પ્રસિદ્ધ થયેલા આ અખર મોઝલી આપ્યા છે :

પાકીસ્તાન અસ્તિત્વમાં આવ્યું એ ઇ. સ. ૧૯૪૭ની રકતરંજિત સાથ હતી. ધર્મની છુદાઇને કારણે પાકીસ્તાનીઓ અને હોંવાસીઓ એક બીજાનાં મળાં કાપતા. પંજાબમાં એ વખતે સુનામ નામના આમમાં તારાશીત નામના એક રક્ત ચુકરમ રહેના. એમને મુસલમાનો માટે ખાસ ગ્રામ દતો એવું નહોતું. એમના એક પુર્વજ આઠ મહિસીઓને ઓરંગઝેબે પાત કરેલાં ત્યારે બીજા એક પુર્વજ આજા સુખસીંગની પણ એક મુસલમાને દત્ત્યા કરેલી.

પાકીસ્તાનમાં ગુજરાત રોકનપર હોડુ શીખ નિર્વાસીતોને ભાવતી માડી રોજી કાળે મુસલમાનોએ ત્રણ ચાર દળર મુસારોની કલ્મ કરી નાખતાં તેના પ્રત્યાપાત પુર્વ પંજાબમાં પણ પથેલ અને સુનામના શીખોએ મુસલમાનોની કલ્મ કરી. એક સાત વર્ષની મુસલમાન છોકરી હસનબીબી આ કલમમેરોને દાખ ચડી અને તેનું થું કરડું તેની ચર્ચો ચર થઈ.

એને કાપી જ નાખે. કારોરમાં મારી પુગોને એ ફૂટોએ એમજ વધેરી નાખેલી. પાકીસ્તાનમાંથી નિર્વાસિત થઈ આવેલાં એક શીખે સંતાપ પુર્વક જણાવ્યું.

બીજા એક ધર્મોન્નિમાની શીખે મુસલ્મનું કે, એમ નહિ. એ કરતાં તો અધિક તેને શીખ ધર્મની દિશા આપીએ અને હમરલાલ એકાદ શીખ ગુવાન સાથે તેને પરજાવી દીધે.

આ ચર્ચો માણી હતી ત્યાં સરદાર તારાશીંગની ૧૯૫૨ની ચાતપણે હતી થઈ. તેમણે જઈ હસનબીબીને ખસે દાખ મુજી તેને પીરજ આપી અને પછી શીખ જમાને કરેલી કમ્પુ.

એમ નહિ બને. કુ તેને ઉછેરીલ અને તે પછી એવી રીતે કે જે જોઈને કુટ માં કુટ મુસલમાન પણ શરમંદા બને. કુ તેને મુસલમાન તરીકે જ ઉછેરીલ, અને બધું સાંત પાયે તેના આપા અને પાળી મોઝલી આપીલ. એ એને ઘેર પાળી રહે ત્યારે એનું શીખ શિખાલપ જેવું પવિત્ર રહેવું જોઈએ. આપણે શીખ છીએ મુકના સમયે આપણે સપળી દયામાયા છોડીને લડી એ છીએ, પણ ચાંતિના સમયમાં સાચી ધાર્મિકતાથી વર્તીએ છીએ એ મારે મુસલમાનોને શીખવવું છે.

સરદારજી હસનબીબીને પોતાને ઘેર લઈ ગયા. હ વર્ષ સુધી હસનબીબી એમને ઘેર રહી. એમના પરિવારના બાળકો સાથે એ રમતીએલતી. કપારેક એમના રક્ત પાતીને ધરકામમાં મદદ કરતી. સરદારજીએ તેને જાતે લખતાં ચામતાં શીખવ્યું એટલુંજ નહિ પરંતુ તેને મુસલમાની ધર્મ તથા રીતરિવાજ નું પણ સિદ્ધાંત આપ્યું. પાંચ દળર છીજોના એ આમમાં માત્ર હસનબીબી જ એક મુસલમાન રહેલી.

કેમી માંડપણ શાંત પડતાં સરદારજી એ હસનબીબીના બાપ હેતેઅસીની તપાસ કરવા માંડી પણ તેનો કપાંપ પતો ન મળતાં તેમણે વધુ શીખ કરવા નું માડી વાળ્યું. હસનબીબી હવે ૫૬૨ વરસની થઈ હતી એટલે તેને કોઈ સારા મુસલમાન ગુવાન સાથે પરજાવી કેવાનો તેમણે વિચાર કર્યો. પાકીસ્તાનમાંથી કોઈ યોગ્ય ગુવાનની પાકીસ્તાન સરકાર તરફથી ભલામણ મેળવવા તેમણે ભારત સરકારને લખ્યું. ભૂમ પાછળ જે કંઈ ખર્ચ થાય તે પોતે આપણે એવેા પણ ભારત સરકાર પરના ખર્ચમાં છુટાસેા કરેસેા. તેમણે જખવેલું, મારી ત્રણ પુગોગોના ભૂમ મે' ને રીને કરેતાં છે એજ રીને હસનબીબીનું પણ કરીલ.

પણ એજ અરસામાં હેતેઅસી છવત કેવાનો એને પાકીસ્તાનમાં એક કુશન ચલાવી, આજીવિકા, તેજમતો કેવાનું બધુવામાં આવ્યું. સરદારજી તરફ હસનબીબીને હેતેઅસીને સોપવા ઉપરથી. સરદારજીને જોઈ હેતેઅસી ની આંખમાં ફૂલહતાનાં આંસુ આવી ગયાં અને તેમને સુખી લીધા.

સરદારજી હસનબીબીની તેના પિતા ને સોપણી કરવા અથા હતા પરંતુ હસનબીબી હ વર્ષ તેમની સાથે રહી ને તેમના કુટુંબ સાથે એવી લગીબગી

પ્રુદાને બં દો

પિતા કાલુવેડી અને માતા તુપતાજી જેવા પવિત્ર અને ગુણી માતા પિતાની કુણે જન્મ લેનાર નાનકો નાનપણથી જ કોઈ નિશ્ચિત અને ઉદાર સ્વાભાવનો શામતો તેનું મન બીજા બાળકોની માફક સામારજી રમતોમાં તો જરાય સાગતું જ નહીં. જરાક સમય ગળે ત્યારે પોતાની હમરના બાળકોને ભેગાં કરી પ્રભુની મોટાઈ અને માનવીના સદાચરણની જ વાતો કરવી એને મમતી.

નાના બાળકોને બધુવાનું છોડાવી હઈ પ્રભુભજન માટે એ એકાં કરતો, અને હરિવાદ બિચારા આપાપને સાંભળવી પડતી. સીમમાં મોડલે તો ગોવાળને ભેગા કરી ભજન ધૂન લગાવે અને પરિણામે મારો ખેતરમાં છુટી રહે. ગોવળીયા હંડાલ પેસા લઈ બીજે મામે ખરીદીએ મોડલે તો રસ્તામાં ખરીજગુરખાને. જોઈ તેને આપી દીધે.

છેવટે પિતા કંટાળ્યા અને તેના બનેલી જજરામ રોડને ત્યાં મોઝલી આપ્યો.

જવરામ રોડને નવાખને ત્યાં મોટી ઝોળખાણ. સાગવજ લગાડી નાનકો ને મોટીખાનામાં મોઝરી અપાવી.

થોડા દિવસ તો કોઈ આવ્યું. પણ પરાપકારી છવતે કપાંપ એન પડતું નથી. કામ કામનું કામ કર્યો જાય છે. વખાત વધી જાય છે નાનકો નવાખને ખુશ કરી મોટીખાનોના ઉપરી પણ બને છે છતાં કોથુ જાણે એને વસવસો રવી જાય છે.

છેવટે એણે પોતાનું માનું જ કમ્પુ. નવાખને કોઠાર પણ ખરીજગુરખાઓ માટે ખુસેા મુજી દીધો. તેમને માટે મોટીખાનેથી સદામતો માનુ થયા. હમરો મનુસેા નાનકોની જય પુકારવા લાગ્યા. અનેકને સદાજ મળતા લાગી. તેમણે નાનકોને આશાવાદ દીધો.

નાનકો રાખખેા એક માત્ર નેકાર અને તેની આટલી વધી કીર્તી

નવાખને કાને વાગ મછ. નવાખે દાવાખને મોલાખેા. કોઠાર અને

અએલી કે તે આ રીતે. સોપાવા તપર નેકોતી. સરદારજીએ એમપુર્વક તેને તેનું હૃત્વ સમજાવ્યું અને કપાંપ તથા એવી બીજી મોટ સાથે એના પિતાને એની સોપણી કરી.

હેતેઅસી આ પછી સરદારજીને એક હોટલમાં આ પોવા- હઈ અથેા એક મુસલમાન અને એક શીખને એક જ ટેપલ પર બેસી યા પીતા અને હસી હસીને વાતો કરતાં જોઈ મોઝાનું રોજી હોટલ ખહાર જમા રહેલું.

યોપડાએ તપાસવા કુકમ કર્યો. કોઠાર જોવાયો. માથા જોખાયો. યોપડા પણ તપાસાયા. પણ નવાખ ને કમ્પુજ કુકશાન નથી. મોટો વિચાર માં પડ્યા. એમ કેમ બનેક, ફરી કિસામ જોવાખ પણ નવાખને કંઈ કુકશાન નથી. ઉલટું નવાખને યોપડે નાનકોના ચોડાક રૂપિયા જમા નીકળતાં હતા.

નાનકોના કુરમંતેા પાછા પડ્યા. પણ નાનકોની પ્રભુપરાપણુવતિ વધી. મછ. ભકતની આખર રાખનાર પ્રભુ નો જાણે તેને સાક્ષાતકાર થયો. એવા માલિકની નોકરી છોડી નવાખની નોકરી કર્યા. ફરી વિચારી. નાનકો આસતો થયો.

અને પંજાબને ગુર નાનકો મળ્યા.

Wanted Goodwill And Sense Of Justice

(Patrick Duncan)

There is a power within the world able to set men free from fear and anxiety, from hatred and from dread, a power able to bring peace within society and to establish it among the nations.....Therefore to friends and to men and women of all nations we dare to say: Turn from the way of strife; admit the power of God into your lives nor be dismayed at all.

—Epistle-Society Of
Friends London (1939).

—o—

The noblest of all studies is the study of what man should be and how he should live.

—Plato.

A SOUTH AFRICAN rabbi declared the other day that 'goodwill' was the sovereign remedy for our racial troubles. I hope that who would agree with me that joined to 'goodwill' and inseparable from it should go a lively sense of justice. If justice is lacking, it is wrong to expect that a mere sense of goodwill can cure anything.

I have little doubt that between many masters and many slaves in the old days of slavery there existed a strong sense of goodwill. This was no argument for retaining slavery.

In South Africa to-day, there is in many families, farms and industrial concerns a strong sense of goodwill between the privileged white owner and his non-white servants. This does not justify the crying injustice in the relations between white and non-white in our country to-day. It does not diminish the urgent need to inject a massive dose of justice into our national life.

Without justice there can be no permanent goodwill. Without justice there can indeed be no true goodwill, for subconsciously even if not consciously the slave knows that he is unjustly a slave, the master that he is unjustly a master.

Let us have goodwill by all means, but let us attain true goodwill by working for justice.

Down with twentieth-century slavery, the South African slavery of race superiority, which is often worse than the old slavery of iron shackles.

INDIAN WIVES AND CHILDREN

By C. W. M. GELL

THE commendable realism of Mr. J. G. Snydam's Newcastle speech of November 26 to the Natal congress of his party has tempted the Nationalists into perpetrating one more small injustice against the most vulnerable of our racial minorities. For the Minister felt obliged to palliate his insistence that repatriation is not practical politics with a thrust at the Smuts-Gandhi agreement in regard to Indian wives and children. And since the Nationalists do not bow readily to political realities and were unable to implement the alternative proposal "that all our Indians be placed in one large ghetto where parents can feed on parents," the congress vented its exasperation by requesting the Government to rescind the Smuts-Gandhi agreement "at the earliest possible moment." On February 10 Dr. Dinges announced his intention of conceding this demand and legislative has now been announced.

The Smuts-Gandhi agreement was embodied in the Immigrants Regulation Act of 1913 and the Indian Relief Act of 1914. Since local party-political propagandists have combined with over-enthusiastic Indian historians to exploit the agreement as a major victory for Gandhi, it is pertinent to recall that Smuts made concessions on minor matters only—the avoidance of banning "Asiatic" immigration by that name, the abolition of the Natal £3 poll tax, recognition of marriages solemnised according to Hindu or Moslem rites; but that he finally closed Indian immigration in fact if not in name, upheld the restrictions on the inter-provincial movement of Indians and yielded nothing in regard to the Licensing, Gold or residential laws.

The only remaining immigration was under section 5 (g) of the Immigration Act, permitting a South African Indian to import one wife and her minor children, provided that he had no other wife in the Union. The reason for this concession was that over four-fifths of the Indian population came here as indentured labourers among whom the proportion of females was low. In

1911 when the Government of India finally stopped indentured recruitment, there were only 66 Indian women to every 100 Indian males in Natal. In 1921 the figure had risen to 78 and the Cape Town (or Malan-Sastry) agreement of 1927 explicitly reaffirmed the adherence of the Union through its Nationalist Government to the original concession in regard to wives and children.

Since then the proportion of Indian women to men in the Union has risen to 90 per 100 in 1936, 95 in 1945 and 96 in 1951. It is contended by Nationalists that with the sexes now very nearly equal in numbers, the original basis for the concession has fallen away. But, the imppropriety of unilateral denunciation of international agreements apart, there is more to it than that. No one yet suggests that White men should be prevented from marrying girls from overseas because there are 100 European women here to every 100 males. The argument in the Indian case must, therefore, be either that the immigration loophole contributes significantly to the undesirable increase in our Indian population or merely that it is electorally profitable and good apartheid politics to push the Indians around.

And the facts suggest that malice and prejudice are more probable reasons than any constructive hope of diminishing "the Indian problem." For in the 25 year period 1/8/27 to 31/12/52, 8,010 Indian wives and 9,214 children entered the Union (i.e. an average of 320 women and 360 children a year). During this period our Indian population rose from 185,000 in 1931 to 365,000 in 1951 (i.e. at the rate of about 9,000 a year). On February 10 Dr. Dinges said that 4,929 wives and children entered between 1/1/47 to 30/9/52. During the comparable period (censuses 1946 and 1951) our Indian population increased by 80,000, though I think there was a serious undercount in 1946 which would reduce this figure to about 50,000. If anyone thinks that the immigrant women

and children significantly affected these increases, he is beyond the argument of facts.

Let us, however, get these figures in their proper perspective. Our Indians have doubled in the last 20 years chiefly because (1) their adverse mortality rate has been falling through natural processes; (2) because of the impact of health measures on their death rate; (3) because the vast majority live in conditions of poverty and squalour that ensure the maximum rate of reproduction. Even so, Indians today only form 2.9 per cent of the Union's population or one-seventh of the White population. And even if all present factors continue to operate as at present, the Indian minority will only rise to 3.9 per cent of the population by 1980.

The reason that so few Indians seek wives in India is that very few can afford the expense. The general European picture of our Indians as a wealthy commercial community is far from the truth. The latest available figures show Indians holding 10,513 trading licences (general and fresh produce dealers) as against 69,018 European licences (i.e. in almost exactly the population ratio). A Natal University survey in 1946 found seven Indians to a family—this high figure (double the European rate) being partly due to the joint family grouping which covers more than one generation and is aggravated by more grievous housing shortages than any other race group. Thus about 70,000 Indians (or 19 per cent of the Indian population) may be said to belong to the merchant class. Actually, owing to duplication of licences etc., this is almost certainly an overestimate. Broken down into provinces, about 50 per cent of the day Cape and

Transvaal communities and 6 per cent of the Natal Indians may be merchants. But I doubt if a quarter of the merchant families are wealthy—say, 5 per cent of the Indian population; the rest ranging between a modest middle class competence to a losing struggle with bankruptcy where the merchant is little, if any, better off than the salaried worker. And the great majority of the 80 per cent non-mercantile Indians (270,000 of them in Natal) live on the borderline between penury and starvation, caught between the hammer of White supremacy with its industrial colour bar and the anvil of much more numerous African competition in the unskilled labour market.

These men cannot afford to import wives. And the few that can are so "menace" either in numbers or trade rivalry to Europeans. Is it really necessary to proceed with what will look to the rest of the world like a spiteful pierrick? Unnecessary, unjust and petty as the new legislation is in any case, one is glad it will avoid the crowning injustice of excluding wives lawfully married before February 10 in the belief that they were free to join their husbands under the laws then in force in the Union. But if Dr. Dinges did not intend to implement his February threat, why did he not earlier release several hundred Indian women from their anxiety and uncertainty? Is it there sort of small humanities against defenceless people that so greatly aggravate the bad name abroad that the Government's racial ideology is already earning for South Africa. Can we blame the rest of the world for vaking them as proof that apartheid is not the benevolent policy its supporters make out?

(1) Any person born outside the Union out of any marriage or union entered into after the tenth day of February, 1953 shall not be allowed to enter the Union.

(2) Any person born outside the Union after the tenth day of February, 1954, shall not be allowed to enter the Union.

(3) Any person other than a

person referred to in section one above born outside the Union on or before the tenth day of February, 1954, who does not enter or is not brought into the Union before the tenth day of February, 1956, shall not be allowed to enter the Union.

(4) The wife of any person by a marriage or union entered into after the tenth day of February, 1953, or any child born outside the Union out of any such marriage or union, shall not be allowed to enter the Union.

(5) Any child born outside the Union after the tenth day of February, 1954, shall not be allowed to enter the Union.

(6) If the wife of any person

by a marriage or union entered into on or before the tenth day of February, 1953, or any child other than a child referred to in paragraph (1) above, born outside the Union on or before the tenth day of February, 1954, fails to enter the Union before the tenth day of February, 1956, shall not be prohibited from entering as from that date unless the Minister or an immigration officer acting upon directions issued by the Minister authorises any such wife, person or child to enter the Union.

Mr. Bunting In Danger Of Losing His Seat

Mr. P. B. Bunting, who was elected Natives' Representative for the Cape Western constituency at a by-election in November last year to fill a vacancy caused by the unseating of Mr. Sam Kahn under the Suppression of Communism Act is now in danger of losing his seat. The report of the select committee which inquired into the case of Mr. Bunting, was released for publication last week. The committee found that Mr. Bunting's name appeared on the list in the custody of the liquidator appointed under the Suppression of Communism Act; that there were no circumstances which would justify the removal of his name from the list; that he was an office-bearer, member and active supporter of the Communist Party of South Africa; that before the promulgation of the Suppression of Communism Act he professed to be a Communist; that before the promulgation of the Act he advocated, defended and encouraged the achievement of the objects of Communism as defined in the Act; and that before and after the promulgation of the Act he advocated, defended and encouraged acts or omissions which were calculated to further the achievement of the objects of Communism as defined in the Act. The first and third findings of the Committee were approved by the committee without divisions. The committee divided on all the other findings. In all other cases the United Party members of the committee voted with the Government in support of the findings with Mrs. V. M. L. Ballinger (Natives' Representative, Cape Eastern) and Mr. L. Lovell (Labour, Beaufort West) voting in the minority. In terms of the Suppression of Communism Act the next step will be for the Minister of Justice, Mr. C. R. Swart, when the report comes before the House for consideration, to move a substantive motion.

More Persons Banned

Among further persons to be banned are Mr. C. I. Amra, vice-president of the Natal Indian Congress, secretary of three trade unions and an executive member of the Durban Trades and Labour Council. Mr. Amra has been ordered by the Minister of Justice, Mr. C. R. Swart, to resign within 30 days—both as a member and an office-holder—from the trade unions to which he belongs and from the Natal Indian Congress. He has also been forbidden to be a member of four organisations, including the South African Indian Congress and the African National Congress and forbidden membership or active part in any trade union registered under the Industrial Conciliation Act. It is stated by the Natal Indian and the African National Congress that the present "banning" notice is wider in scope than those hitherto issued. Previously people were forbidden to attend gatherings to which the public had access. In the present order Mr. Amra is forbidden from attending "any gathering."

Another person to receive the banning order last week was Mr. Piet Huyser, in Johannesburg, national organiser of the Amalgamated Building Trade Workers of South Africa. Mr. Huyser was notified that he must resign his post with the A.U.B.T.W.S.A., must not become a member or take any part in the union's or any other trade union's activities again, and must not attend gatherings for two years.

S. S. Bhengu Out On £500 Bail

S. S. Bhengu, president of the Bantu National Congress, and one who was in the good books of the Government and who was arrested on several serious charges of alleged fraud was last week let out on £500 bail. Mr. Cecil Nathan, appearing for Bhengu, pleaded for the bail to be reduced from £1,000 to £250. In doing so he stated that Bhengu was well-known throughout the Union among the Natives and Europeans. He was also known to several Cabinet Ministers, and had often been called in an advisory capacity by the Secretary of Native Affairs.

Dr. Donges' Statement Refuted

The following statement has been issued by the office of the High Commissioner for India in the Union: According to a report in the 'Cape Times' dated the 9th September 1953, Dr. the Hon'ble T. E. Donges, Minister of the Interior stated in the House of Assembly on 8th September 1953

that "In 1951 the Indian Government refused passports for an Indian team to visit South Africa." This is, it is regretted, incorrect and unfounded. No In-

dian team applied to the Government of India for passports to visit South Africa in 1951 and there has been no refusal of passport facilities in such a case.

MR. MANILAL GANDHI WITHDRAWS HIS APPEAL AND SURRENDERS TO THE POLICE

MR. MANILAL GANDHI had decided to withdraw his appeal and serve the sentence passed on him last February. He surrendered himself yesterday to the Germiston Police and was arrested. After his arrest he made the following statement: "I was sentenced in February 1951 to a fine of £50 or fifty days imprisonment on a charge of having incited Africans to break laws, by entering the Germiston location without a permit on January 26. Mr. Patrick Danon

Mr. Manilal Gandhi

whom I had accompanied was sentenced to a fine of £100 or 100 days' imprisonment. Varying sentences were passed against six other Europeans who were charged under the same offence. It was decided that we should test the validity of the proclamation under which we were convicted. I was not keen on doing so because I felt that we had voluntarily decided to violate certain laws of the State as a protest against the injustices perpetrated by the Government and that no useful purpose would be served by going on appeal. It was however decided by the majority of our group to go on appeal and I was prevailed upon to remain with the group, which I reluctantly did.

Seven months have passed since and there are no signs of the appeal being heard. Since then however many developments have taken place. Two vicious measures known as the Criminal Law Amendment Act and the Public Safety Act have been placed on the Statute Book which authorises the imposition of extremely severe sentences including flogging on law breakers. These measures seem vir-

tually to have stifled the defiance movement against unjust laws. Practically all the leaders of the non-European people and several Europeans too who hold responsible positions in public life have been banned from exercising their freedom of speech and movement. They are solemnly exiled in their own homes. As though we have not had sufficient unjust and offensive measures passed against us other offensive measures such as, for instance, the Reservation of Separate Amenities Bill and the new Immigration Amendment Bill seeking to prevent the lawful wives and minor children of Indians domiciled in South Africa from entering the Union and to restrict the ordinary human right of an Indian to choose for himself a bride even from his own nationality are being rushed through Parliament.

All this amounts to keeping the non-Europeans in chains. If we, voluntarily, out of fear, submit to this degradation we are not only allowing ourselves to be shackled physically but mentally and spiritually. I am strongly opposed to meekly submitting to every measure imposed upon us by the Government even when it is glaringly unjust and degrading as it is in the present case. I am therefore not happy to see the present reaction to such measures.

I strongly feel that for a self-respecting person to remain outside under the present circumstances, is to surrender one's body mind and soul to one who is exercising tyranny over us. The tyrant may be entitled to our body but not our mind and soul. The rightful place therefore for any self-respecting person who believes there is a higher law than man-made law that governs the destiny of the whole universe and that every living being is enjoined to respect and to obey that higher law as against man-made law unless the latter complies with that higher moral law, is in prison.

Quite possibly I would win my appeal in the present case. But no purpose is served by it for that is not the only issue that faces us. For these reasons I have chosen to withdraw my appeal and to humbly serve the sentence of imprisonment imposed on me.

MANILAL GANDHI.

BAN ON INDIAN WIVES AND CHILDREN

The following Press statement has been issued by the office of the High Commissioner for India in the Union on the proposal of the Government of the Union of South Africa to ban entry into the Union, of wives and children of South African nationals of Indian origin. —

THE Government of the Union of South Africa, through its Minister of the Interior Dr. T. E. Dönges' statement in the Union House of Assembly on 10th February, 1913, announced that it proposed to introduce legislation to deny the South Africans of Indian origin the right to marry outside South Africa and to bring their wives and children into South Africa. While making the announcement Dr. Dönges said "In the Smuts-Gandhi Agreement of 1913 it was determined that an Indian domiciled in South Africa would be permitted to bring a wife and children under the age of 16 of such a marriage into the country under certain circumstances. This concession was later embodied in Act 22 of 1913, section 5 (1) (g)." He pointed out that "At that time there may have been justification for such a concession seeing that female Indians formed only 37 per cent. of the total Indian population in South Africa... Female Indians now constitute 48 per cent. of the Indian population." He added that "Government has decided to withdraw this concession and to apply the ordinary immigration laws of the country in these cases. They will now resort under the ordinary laws of the country and will no longer be in that exceptional position."

Dr. Dönges' statement in support of the Union Government's decision to prevent South Africans of Indian origin to bring their wives and minor children into South Africa are inaccurate and fallacious. The Union Government would not be withdrawing a "concession" but taking away one of the most important basic human rights from this racial minority in South Africa, which has never been questioned before even in the turbulent history of nearly 100 years of the Indian community.

The right of South African Indians to marry outside South Africa and bring their wives and children of such marriages was not governed by the Smuts-Gandhi agreement. This agreement was entered into in 1914 after the Immigration Regulation Act No. 22 of 1913 had

been passed and not before it, as should appear from Dr. Dönges' statement. The agreement was embodied in letters exchanged in June 1914. The agreement related, so far as the wives and children were concerned, to the question of some sort of recognition of marriages contracted according to Indian religious rites. The result of that agreement was embodied in the Indian Relief Act No. 42 of 1914.

The right which nationals of South Africa of Indian origin enjoy in this matter does not place them in any "exceptional position." Nationals of South Africa of all other races also possess the right to marry outside South Africa and bring their wives and children into the country. Section 5 (1) of the Immigrants Regulation Act No. 22 of 1913 lays down the various categories of persons who are not to be deemed to be "prohibited immigrants" into South Africa. Sub-section (1) and sub-section (g) give the following categories of persons who are not to be deemed as prohibited immigrants:—

(f) any person domiciled in any Province who is not such a person as is described in paragraph (e), (i) or (l) of sub-section (1) of section four

(g) any person who is proved to the satisfaction of immigration officer or in case of an appeal, to the satisfaction of the Board, to be the wife, or the child under the age of 16 years, or any person exempted by paragraph (f) of this section, provided that the wife or the child (as the case may be) is not such a person as is described in sub-section (1) (d), (e), (i), (k) or (b) of the last preceding section, and provided further that no child who is not accompanied by its mother shall be admitted unless its mother is already resident in the Union or is deceased, or the Minister in any special case authorises the admission of such child.

The basic provision of sub-section (g) appeared in all previous laws relating to restrictions on immigration to the colonies of Cape, Transvaal and Natal and was not something new or a concession. The proposal now is to deprive the South African Indian of this right as an ordinary citizen of South Africa on the basis of racial discrimination. All other racial groups in South Africa will continue to enjoy this right but not the Indians when

the Union Government enacts the proposed legislation.

Immigration of Indians into South Africa took place as a result of a demand for labour for sugar plantations in Natal. Recruitment of Indian labour was agreed to by the Indian Government rather reluctantly after repeated requests from the Government of Natal. As a part of that agreement it was also clearly understood that the Indians who proceeded to Natal would enjoy full rights as British subjects.

The supply of Indian labour was so important for the prosperity of Natal that inducement for permanent settlement was provided. The Natal Government even laid down that for every 100 Indian male labourers imported, 40 Indian women should be brought.

In 1911 the Government of India forbade recruitment of Indian labourers for emigration to Natal as a consequence to disabilities that began to be imposed on Indians. In 1913 the Union Government enacted the Immigrants Regulation Act, 1913, and which Indians were deemed "prohibited immigrants." Further immigration of Indians into South Africa thus came to an end. The Indians who had already settled in South Africa, like other nationals in South Africa, could marry outside South Africa and bring their wives and children under the age of 16 years. An Indian domiciled in South Africa was able to obtain admission only for a wife and children of that wife provided he had an living wife in South Africa. This position was accepted by the Indian community. In fact it is not customary for Indians to have more than one wife. The "Indian Enquiry Commission" of 1914, headed by Justice W. H. Solomon, referring to the actual practice of monogamous marriages among Indians in South Africa, as long ago as 1914, stated, "Such marriages are the rule amongst Indians of all denominations. It is the rare exception for an Indian to have more than one wife." (p. 29 U G 16-1914).

There has never arisen in the past the question that South African Indians should be denied the right to bring their wives and minor children into South Africa if they married abroad. In fact this right was given recognition by the Union Government and sanctified by agreements of the status of international treaties. This issue came up at the time of the Imperial Conference held in 1918 which recognised the right of wives and children of In-

dians domiciled in any Commonwealth country to enter that country. The representative of South Africa who attended that conference also expressed his entire agreement with the resolution passed by the conference, extract from which is reproduced below:—

"The Imperial War Conference is of opinion that effect should now be given to the principle of reciprocity approved Resolution 22, of the Imperial War Conference, 1917. In pursuance of that resolution it is agreed that:

1. It is an inherent function of the governments of several communities of the British Commonwealth including India, that each should enjoy complete control of the composition of its own population by means of restriction on immigration from any of the other communities.

2. Indians already permanently domiciled in the other British countries should be allowed to bring in their wives and minor children on condition (a) that not more than one wife and her children shall be admitted for each such Indian, and (b) that each individual so admitted shall be certified by the Government of India as being the lawful wife or child of such Indian."

The following is the extract from the speech of the late Hon. H. Burton, K.C., Minister of Railways and Harbours, Government of the Union of South Africa, on the subject:—

"As far as we are concerned, it is only fair to say—and it is the truth—that we have found that the Indians in our midst in South Africa, who form in some parts a very substantial portion of the population, are good, law-abiding, quiet citizens, and it is our duty to see, as he himself expressed it, that they are treated as human beings, with feelings like our own, and in a proper manner.

As to the details, I need not go into all of them. Paragraph No. 3 embodies, as a matter of fact, the present law of the Union of South Africa. That is our position there, so that our agreement as to that is no concession. I pointed out to Sir Satyendra when we were in Committee, that in some of these points which he brought up as affecting South Africa, I thought in all probability, if he were in a position to investigate some of them himself, he would find that perhaps, the complaints had been somewhat exaggerated. I cannot help feeling that that is the case, but I will not go into these matters

now. As far as we are concerned in South Africa, we are in agreement with this resolution, and also with the proposal referring the memorandum to the consideration of our Government, and we will give it the most sympathetic consideration that we can, certainly."

In 1927 the Government of India and the Union Government, after a Round Table Conference, entered into an agreement which is well known as the Cape Town Agreement of 1927. Dr. Malan, Prime Minister of South Africa had represented the Government of the Union of South Africa at the Round Table Conference in his capacity as Minister of the Interior. Paragraph 3 of the Agreement reads as follows:

"II. Entry of wives and minor children. To give effect to paragraph 3 of the Reciprocity Resolution of the Imperial Conference of 1918 which intended that no Indian should be enabled to live a happy family life in the country in which he is domiciled, the entry of wives and children shall be governed by the following principles:—

(a) The Government of India should certify that each individual for whom a right of entry is claimed, is the lawful wife or child, as the case may be, of the person who makes the claim.

(b) Minor children should not be permitted to enter the Union unless accompanied by the mother or, if alive, provided that

(i) the mother is not already resident in the Union, and

(ii) the Minister may, in special cases, permit the entry of such children unaccompanied by their mother.

(c) In the event of divorce no other wife should be permitted to enter the Union unless proof of such divorce to the satisfaction of the Minister has been submitted.

(d) The definition of wife and child as given in the Indians Relief Act (No. 23 of 1914) shall remain in force."

The proposal to prohibit the entry of wives and children of South African Indians will not only deprive the Indian community in South Africa of a natural and fundamental human right but is a breach of an international agreement, freely entered into by the Union Government with the Government of India.

The total population of Asiafrica (almost entirely Indian) in South Africa according to the 1951 census is 365,524. Of this number 15,956 are males and

376,568 females. There is still a shortfall of 22388 females.

The ostensible purpose of the proposal to forbid entry into South Africa of wives and children of South African Indians is to stop the increase of the Indian population in South Africa. The official figures of Indian wives and children admitted into South Africa since the Cape Town Agreement of 1927 and that of the repatriation of Indians under the assisted emigration scheme given below are very revealing in this connection:

Wives and children under 16 years of South African Indians admitted into South Africa, (1st August 1927 to 31st December 1952): Women 8019, Children 9314, Total 17,324.

Indians repatriated under the assisted emigration scheme (men, women and children) 16,952.

In addition to wives and children, 113 persons were admitted as priests and teachers. The total number of persons admitted up to 1952 was 17,437. But it may be explained that wives and minor children who went back to India for visits and overstayed the period of three years, lost their domicile. For readmittance they were treated as fresh cases resulting in their being counted twice. The number of actual persons who entered the Union should thus be less than 17,437.

From among the 16,952 repatriated, 849 returned to South Africa. Thus the net number of persons repatriated is 16,103. But there must be taken into account the number of Indians who have left voluntarily and without taking advantage of the assisted emigration scheme and continue to do so every year. There are no official figures available in respect of them. While yearly emigration is not large the total who have left over the period of last 26 years from 1927 to 1952 should number a few thousand. South Africa has thus lost some of its Indian population to India. It may be added that according to official figures 23,125 Indians were repatriated between the period from 1914, when Indian immigration was stopped, to 1927.

This is the position in regard to the past and we may examine the position in regard to the future. When wives and children are admitted the real addition is only that of wives. If an Indian is precluded from marrying abroad and he marries in South Africa children will come in the bargain all the same. At an average the number of children admitted in

the past has been just about one per wife (to be precise 1.36 per wife). In cases of future marriages the number will go on decreasing as the tendency has now been not to let the wives stay long in India.

The number of wives admitted at an average every year has been 303 (in 1952 288 wives admitted). However this figure does not portray the correct position. As mentioned before, a number of Indian wives have been returning to India for visits or domestic reasons. Many of them overstayed the prescribed period of 3 years and lost their "domicile." They have had to apply afresh for admittance and have been treated as new entrants. The actual number of wives admitted is therefore somewhat less than given above. Also the traffic of wives is not entirely one way. Those Indian families who maintain contact with India do not only send their sons to get married but even their daughters. Admittedly the number of girls going to India is small but it does effect the net increase.

As the gap between the number of Indian males and females is being filled up, less and less numbers of South African In-

dians would seek brides in India and the number of wives entering South Africa would therefore diminish to such an extent that the number of girls entering South Africa and leaving this country would be equal resulting in no increase of the population of South Africa. In any case the addition to the number of Indians in South Africa on account of wives would be insignificant. This would be more than balanced by Indians seeking repatriation to India or returning there at their own expense. The position should be well known to the Union Government.

There is no valid reason to select the South African nationals of Indian origin for taking away the right to marry outside the country and to ban the entry of their wives and children. If the Union Government goes ahead with the proposal, it would be doing so as a matter of sheer persecution of a racial minority which is voiceless and voteless.

To the step the Union Government has decided to take, there is hardly any parallel among civilised countries. No civilised country denies its nationals the right which the Union Government proposes to take away.

A.N.C. AND S.A.I.C. MEMORANDUM TO UNITED NATIONS

ON RACIAL DISCRIMINATION IN S.A.

THE following are extracts from the joint memorandum submitted to the United Nations Commission on Racial Discrimination in South Africa by the African National Congress and the South African Indian Congress:

The Peoples Of S.A.

The principal population-groups of South Africa are as follows.

(a) The Whites, known in South Africa as "Europeans". There are 2½ million fair-skinned people, of European descent, from whom are drawn all the members of Parliament, the judiciary and the upper Civil Service; all directors, shareholders and administrators in major mining, industrial and financial enterprises; practically the entire middle and professional classes and the upper, skilled personnel in the country's major industries. Innumerable laws and customs are enforced to preserve the privileged status of this racial minority, officially referred to as "Europeans" or "blankes" (whites).

(b) Africans: There are 8 million persons of indigenous African descent living in the Union, and forming very substantially the majority of the population. The majority of the Africans, about 3 out of every 4, have their homes in the rural areas, either in the "Reserves," or as squatters or labourers on European-owned farms. But for reasons explained below, most of the able-bodied male Africans are away from their homes most of the time working as migratory labourers on mines, in industry, in domestic service or agriculture. A rapidly increasing number of African workers are living as permanent residents in the "locations" which have been erected on the borders of all South African towns. From these "locations" they travel daily to the towns to work in factories, and other White-owned enterprises, or in the kitchens and gardens of the Whites' homes. The Africans in the Union are subjected daily to a number of racially-determined restrictions, humiliations and hardships which must, in quantity and degree of onerousness, be probably without parallel anywhere in the world, at any time in history.

(c) "Coloureds": There are about one million people in the Union, of mixed descent, referred to in legislation and common usage as "Coloured". This population group numbers many skilled artisans among its ranks, but also thousands of agricultural

workers who tend the vineyards and wheatlands of the Cape, working for a pittance or under the infamous "tot" system whereby wages consist partly of a wine ration. Coloured people possess no voting rights except for a limited male franchise in the Cape Province; even this is now threatened by the Malan Government.

(d) Indians: The Indians today number 364,000. Indian indentured labour was imported from 1860 to work the sugar plantations. They are prohibited from moving from one Province to another; may not live in the Free State at all. The Statute Book carries a succession of anti-Indian laws, the majority aimed to prevent their land ownership and restrict their trading rights. The Government's policy, often stated, is the forcible "repatriation" of all Indians to India, although the overwhelming majority are South African born and are South African citizens.

Section Two—Origins Of Discrimination In S.A.

The first White settlement was established in South Africa 300 years ago by the Dutch East India Company, when in 1652 a party was sent out under Jan van Riebeeck to establish a strategic and re-victualling station for ships trafficking to and from India. It was not long before the little group of White settlers, armed with firearms, began to clash with the original inhabitants (whom the colonists called "Hottentots"). As the settlement grew, they expelled the inhabitants from their land; the latter resisted. In 1659 one "Hottentot" resistance" was captured and questioned by Van Riebeeck as to his hostility. His reply as recorded by Van Riebeeck is worth quoting.

"We the (Dutch) were breaking up the best land and grass, where their cattle were accustomed to graze, trying to establish ourselves everywhere with houses and farms, as if we were never to remove, but designed to take more for our permanent occupation, more and more of the country which had belonged to them from time immemorial. Ay!"

Van Riebeeck's answer to such complaints was war. He sent out a party of soldiers to dispossess the tribe adjacent to the White settlement, and refused compensation. He wrote in his Journal on April 6, 1660:

"Their country has fallen to our lot, and having been won by the sword in defence, it is our intention to retain it."

This little incident 300 years ago is cited less for its importance than for its significance. It was to set the pattern for centuries of cruel conquest and dispossession of the African inhabitants by the expanding White settlers. A pattern of shameless aggression, of the seizure of land, and the enslavement of people.

For the first 150 years, however, the expansion of the White settlement at the Cape was relatively slow. But in 1779 with the first major "Kaffir War" ("Kaffir" is a vulgar term of contempt used by the Whites to describe Africans) began that long series of ruthless and incredibly savage wars of aggression against the African people which did not end until the close of the nineteenth century, indeed, in a sense, has not ended yet. South African history books list nine "Kaffir Wars" conducted by the Cape Colony against the African people on the Eastern frontier. The dates are: 1779, 1789, 1799, 1812, 1818, 1834, 1846, 1850, 1877.

This list does not include the long series of aggressive wars conducted from 1840 to 1906, to conquer and subjugate the Zulu people of Natal. Nor does it include the innumerable acts of aggression committed by the invading Boers in the course of the "Great Trek" into the northern parts of South Africa, today known as the Transvaal and the Orange Free State.

The historian, J. A. J. Agre-Hamilton, by no means unsympathetic to the White invaders, has described the characteristic process of conquest as follows.

"The history of relations between civilized and uncivilized races in South Africa falls naturally into three stages. The first is one during which the two races eye one another at a distance. Numerically inferior, the Whites are inclined to try methods of conciliation in dealing with Natives. Native rulers are treated as sovereign and independent princes and are flattered with fine words and "gifts" that are not far removed from tribute. It is the time of the adventurer and the concession hunter, such as marked the reign of Lobengula and the Swazi king. The second stage brings open war. Sometimes it is precipitated by some foolishly aggressive, sometimes preceded by small forays and punitive expeditions that culminate in a great campaign. Such, in Natal, was that which ended with the defeat of Dingaan. The third and last stage sees the Native reduced to subjection."

"The Native Policy of the Voortrekkers"
Cape Town, 1928.

The first half of the nineteenth century was a period of almost continuous war against African tribes. The Basuto chief Moshesh, a brilliant diplomat and statesman, manoeuvred adroitly in the face of attacks by both Boer and British to preserve something of the integrity and independence of his country. But in 1868 he was forced to agree to annexation by the British and the former border lands of Moshesh were reduced to a comparatively small and mountainous area. Ten years later, in 1878 in the Transvaal a considerable force of English and Boers defeated Sekukuni, chief of the Hapeldi, the last African independent chief.

Seizure of lands that was not accomplished by open warfare, in which the Whites were successful thanks to their superior arms, was brought about 'by fraud and deceit.' Many a chief was induced to allow Whites to settle "temporarily" on a part of his territory only to find later that they claimed legal ownership over the whole of his territory.

It is on such a foundation of force and fraud that most of the title deeds to land in the Union are today based.

A well-defined difference did exist between the racial policies of the Cape Colony and those of the Northern Republics (subsequently colonies) prior to Union in 1910. We have referred above to the long series of bloody wars waged by the Cape Colony against the African people, and many other examples could be cited to illustrate that the Cape Government was by no means innocent of aggression. Yet a number of factors did operate to create a less harsh and racialistic climate in the South. There was the long and heroic series of wars fought by the Xhosa people to maintain their land and their independence. There were the numerous slave revolts prior to emancipation in 1836. There was a militant political tradition among the Coloured people of Cape Town.

And, not least, there was a long and honourable line of white democrats extending from Read and van der Kemp, Thomas Pringle and William Fairbairn, to Saul Solomon and Olive Schreiner, who had the humanity and the courage to speak out against injustice and to align themselves with the oppressed majority. Hence the political structure of the Cape Colony though its content was discriminatory contained no formal colour bar.

Whites and non-whites voted on a common roll for the old Cape Legislature; true, the property and educational qualifications demanded effectively precluded the great majority of the

Africans from the vote, but at least the Constitution was not based on the insulting and degrading principle that non-whites were inherently an inferior sort of people who could never aspire to share in government. It was even theoretically possible (and in practice in one or two cases actually occurred) for a man of colour to be elected to Parliament and local governing councils.

Far more onerous was the position in the Northern Republics. Article 9 of the Constitution of the Transvaal Republic laid it down that "the people shall not permit any equality of Coloured persons with White inhabitants, neither in the Church nor in the State." Africans in the Transvaal and Orange Free State Republics were not allowed to own land. Indeed they were virtually enslaved. The famous explorer

Whites, by force of superior weapons, or by guile to take possession of the traditional and ancestral lands of the Africans and then to impress them into labour: most often on the same lands—by way of a "labour rent" for the use of part of the soil of which until then they had been the owners. This pattern was radically modified by the discovery of diamonds, and then of gold, towards the close of the nineteenth century. Overseas capitalists invested large sums in the mining of these precious commodities, and a fierce demand developed for the mass enrolment of Africans as a cheap labour force. An illuminating insight into the economic factors which determine race oppression in South Africa is afforded by a study of the proceedings of an Industrial Commission which was appointed in 1897 in Johannesburg at the instigation of the Chamber of Mines. This was a time of serious cheap labour shortage for the mines. The Commission records reveal that from 1890 onwards the Chamber had made repeated representations on the Transvaal Volksraad (the then Parliament of the Transvaal Republic) for:

(i) better "control" of Africans through the pass laws, and

(ii) the increase in the hut tax "as an incentive to the Natives to work," among other matters.

The Chairman of twelve mining companies who was one of the witnesses to this 1897 Commission said the more stringent pass law came into existence "at the request of the mining industry; was framed by certain persons connected with the mining industry; it was the mining industry that induced and solicited the Government to administer the law."

Here is a further extract of the record of proceedings:

"Mr. George Albu—then chairman of the Association of Mines: "...The Native at the present moment receives a wage far in excess of the exigencies of his existence. The Native earns between 50/- and 60/- a month and he pays nothing for food and lodging—in fact he can save almost the whole amount he receives....If he can save £20 a year it is almost sufficient for him to go home and live on the fat of his land. In five or six years the Native population will have saved enough money to make it unnecessary for them to work any more. The consequences will be most disastrous for the industry and the state. I

think if the Native gets sufficient pay to save £5 a year that sum is quite enough for his requirements and will prevent Natives from becoming rich in a short space of time"

A member of the Commission: "Do you intend to cheapen Kaffir labour? And how?"

Albu: "By simply telling the boys that the wages are reduced. The maximum at present is 2s. 3d. a shift and we can reduce it to 1s. 6d., that is for skilled labour. For ordinary, 1s. or less for a shift."

Commission Member: "Suppose the Kaffirs return back to their kraals. If that happened and you were without black labour would you be in favour of asking the government to enforce labour?"

Albu: "Certainly. A Kaffir cannot live on nothing."

Commission Member: "You would make it compulsory?"

Albu: "Yes, I would make it compulsory, and without using force a tax could be levied."

Commission Member: "Do you think you could get the majority of the people on the Rand with you in trying to make the Kaffirs work at a certain rate?"

Albu: "I think so."

Commission Member: "Would that not be called slavery?"

Albu: "Not so long as the men earned a certain amount of money."

Commission Member: "If a man can live without work how can you force him to work?"

Albu: "Tax him then."

The rapid expansion of gold and diamond mining and subsidiary industries led to an acute demand for labour. So long as many Africans enjoyed the life of independent peasants, even though as tenants and sharecroppers on land owned by Whites, they could not be pressed into service except by the offer of wages and amenities better than the mine-owners were prepared to offer. They attempted to solve this problem by indenturing cheap Chinese labour, but this proved unsatisfactory. It was not until 1913, with the passing of the Native Land Act, that the difficulty was temporarily overcome.

and missionary. David Livingstone, characterised the Republic seventy years ago, as

"a Republic in which they (the Whites) might pursue without molestation the proper treatment of black. It is almost needless to add that the 'proper treatment' has always contained in it the essential element of slavery, namely, compulsory unpaid labour."

(Missionary Travels in Africa," p. 29)

The laws of the Republic formally prohibited slavery, but how seriously that law was taken is indicated by a letter written in 1864 by President Pretorius to a storekeeper in Spelonken and preserved in the Pretoria Archives:

"If you get some little Kaffirs be so good as to buy six for me and send them when you can and write and tell me what it will cost to procure three girls and three boys."

INDIA LETTER

(From Our Own Correspondent)

Bombay, September 4.

THE talks between the Prime Ministers of India and Pakistan ended in a hopeful note. The joint communique, issued by the two Prime Ministers on conclusion of their deliberations in New Delhi, showed that no particular advance was made in regard to settling certain preliminary issues like number of troops to be kept on each side, which has come in the way of solution through the past years. But distinct advance was made in fixing time-limit to appoint a plebiscite administrator and settling the preliminary issues. Both the countries agreed to appoint a Plebiscite Administrator for the whole of Kashmir State before April 1954, through the Government of Kashmir and settle preliminary issues during the interval. It was further decided to appoint Committees of military and other experts to advise the Prime Ministers during the discussion of the preliminary issues.

According to the agreement, after induction into office, the Plebiscite Administrator will examine the situation and submit his report making such proposals as he thinks proper for preparations to hold a fair and impartial plebiscite in the entire State.

Realising that the United Nations, which has become a centre of international power politics has not been able to solve this problem since the last five years and would not be able to solve it in another five years, the two Prime Ministers agreed to solve all related issues by direct negotiations.

Before leaving Delhi the Pakistan Prime Minister, Mr. Mahomed Ali declared at a press conference that "a solution of the Kashmir problem is in sight. A final settlement has not yet been arrived at. I still hope that we will arrive at a solution within a year."

The Pakistan Prime Minister replied in the affirmative when he was asked whether he was going back to his country "with his minimum aspirations fulfilled."

Summing up his own reactions to the present series of talks, Mr. Mahomed Ali said generally they were fairly satisfactory. I do not think I am very happy or very satisfied because there are two points of view in coming to a settlement

on a friendly and a co-operative basis, and there is always the question of give and take, India also cannot be fully satisfied with the result."

While welcoming the joint communique, the Indian Press expressed doubts about Mr. Mahomed Ali's capacity to convince his diehard colleagues that the agreement arrived, at was fair and in the interest of both the countries. The Indian Press believed that Mr. Zafarullah Khan, the Foreign Minister of Pakistan, was sent by the old guards of Muslim League with Mr. Mahomed Ali to strike a hard bargain and to see that Mr. Mahomed Ali may not show any soft corner for India. But Pandit Nehru did not allow Mr. Zafarullah Khan to participate in the talks, which were conducted by the Prime Ministers alone.

Both the Prime Ministers in the joint communique, deprecated any propaganda or attacks on one country by the other through the Press, by the radio or by speeches and statements made by responsible men and women of either country. They trusted that all organisations and responsible leaders will direct themselves to this great task of promoting goodwill between the two countries and thus help in solving all problems and disputes that might exist between them.

India wanted to hear the reactions of the Pakistan Cabinet and the Press. The Pakistan Cabinet met several times immediately after Mr. Mahomed Ali's arrival at Karachi, but, it seems, it could not give its accord to the Delhi agreement. The Pakistan Press was ominously silent. After three days Karachi newspapers came out with a denunciation of Nehru-Ali agreement and insisted that United Nations' appointment of the American Admiral Chester Nimitz must be accepted by India. They put forward all the old Pakistan terms for the solution of the problem, which were never accepted by India and which are not likely to be accepted by India. The Pakistani leaders and the press have started talking again in terms of Jeddah (holy war), in spite of the appeal by the two Prime Ministers.

India wants that any man from any Asiatic country or from any small neutral nation should be appointed as Plebiscite Administrator. After look-

ing at the part played by Americans recently in Kashmir, India is not likely to accept the appointment of the American Admiral. If Pakistan continues to insist on an American being appointed as Plebiscite Administrator, then the talks may break down.

The Pakistan Premier has sent two communications to Mr. Nehru asking explanations on certain points.

Political observers in India were not surprised by the action of Pakistan in voting with America against the inclusion of India in the Political Co-operation on Korea. Pakistan was the only Asiatic country and a member of the Commonwealth which voted against India's inclusion. Even South Africa refrained from voting against India.

The Government of India took another step in removing the inequality of wealth by introducing a Bill to levy Estate Duty on the property left by a person after his death. The rates of the levy are based on the slab system and show a moderate progression from 5 per cent. to 40 per cent.

The minimum exemption limit is Rs. 50,000 in respect of property of a Hindu family governed by Mitakshara, Marumakkhatayam or Aliyasantana Law and Rs. 75,000 in respect of all other property.

In order to prevent fragmentation of small holdings of agricultural land, a reduction of 45 per cent. of the duty appropriate to the agricultural land included in the estate where the principal value of the estate does not exceed Rs. 2 lakhs has been allowed.

In the case of shares held by a deceased member in any company, there is no liability for duty if the principal value of the shares does not exceed Rs. 50,000. Above this, however, duty is leviable at a flat rate of 7½ per cent.

In the case of property which consists of an interest in the joint family property governed by Mitakshara, Marumakkhatayam or Aliyasantana Law, the rates are as follows:

Principal value of estates.	Rates of pay
On first Rs. 50,000	Nil
On next Rs. 50,000	5 per cent.
On next Rs. 50,000	7½ per cent.
On next Rs. 50,000	10 per cent.
On next Rs. 5 lakhs	12½ per cent.
On next Rs. 5 lakhs	15 per cent.
On next Rs. 5 lakhs	20 per cent.
On next Rs. 10 lakhs	25 per cent.
On next Rs. 10 lakhs	30 per cent.
On next Rs. 20 lakhs	35 per cent.
On the balance	40 per cent.

In the case of property of any other kind the rates of duty are as follows:

On first Rs. 25,000	Nil
On next Rs. 25,000	5 per cent.
On next Rs. 50,000	7½ per cent.
On next Rs. 50,000	10 per cent.
On next Rs. 1 lakh	12½ per cent.
On next Rs. 2 lakhs	15 per cent.
On next Rs. 20 lakhs	25 per cent.
On next Rs. 20 lakhs	30 per cent.
On the balance	40 per cent.

The Government of India have informed all former Indian Princes that with retrospective effect from the beginning of this financial year, they would not be exempt from income tax and super tax.

Heretofore, by an executive order of the Government of India, the income of all former Indian Princes from securities was exempted from all taxes, whereas other incomes including dividends were liable for only income tax but not super tax.

The Government of India is understood to have told them that with the coming into force of the new constitution such exemptions granted by an executive order and not by Law were not valid and hence they would have to pay income tax and super tax.

It was learnt that these Princes have requested the Government to continue the exemption as before.

The Maharaja of Gwalior would be affected most by this latest decision as most of his investments are stated to be in shares and debentures. The Nizam of Hyderabad would be the next most affected.

The House of People passed the Andhra State Bill to create new Andhra State by October 3, 1953. It now awaits passage in the Council of States and the assent of the President to become law.

While relief work is going on in Raymondri area of Madras State, affected by floods in the river Godavari, news comes of heavy flood ravages in U.P. and Bihar. In Uttar Pradesh over 5000 villages and about a million acres of land have been affected by floods caused by the recent heavy rains. The damage to crops and property is estimated to be over Rs. ten crores. According to official estimate the State Government will have to provide more than thirteen and a half million rupees for relief work.

Bihar has suffered more heavily than Uttar Pradesh. The total damage estimated due to floods comes to nearly Rs. 25 crores. Hundreds of villages were inundated and thousands of Kutchha houses collapsed. Crop was ruined in hundreds of thousands of acres.

The total damage to houses and household property according to present reports came to Rs. 75 million; the actual damage, however, was likely to be much greater when the exact position was known.

The State Government has requested the Government of India to sanction a grant equal to 50 per cent. of the total expenditure to be incurred on relief measures. The question of the extent of Central assistance is under consideration.

According to latest information, Admiral Nimitz, who was appointed Plebiscite Administrator for Kashmir by United Nations Organisations four years ago, but could not function due to deadlock over preliminary issues to be settled before plebiscite could be taken, has resigned from his post for "personal reasons." This will solve not only the threatened impasse in the Prime Minister's talk over Kashmir, but will also release U.S.A. and United Nations from possible embarrassment in background of the strong public feeling in India and Kashmir that American and United Nations military observers had actively plotted to make Kashmir independent, so that America may get military bases in that Indian State.

A New Novel

What is the difference between a Canadian and a Britisher? And what has happened to the thousands of British immigrants endeavouring to build new lives for themselves and their families in Canada? While no one person can answer all these questions in one book, Patricia Young, a British immigrant herself, attempts to tell the story of one immigrant in her new novel "A Man And His Country." This unique novel tells just part of the story of Canada and Britain, of two peoples, united by loyalty, yet so often divided by their different environment and upbringing. "A Man And His Country" is the story of a British conscientious objector who is thrown out of England by his proud father, to become a rebellious man in British Columbia. TROUBLED WATERS

By JOHN O'HIND

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining, and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. Order your copy as soon as possible, as there are only a few copies on sale at our office.

## આત્મવિકાસ

(‘વિશ્વનાત્સકથ’માં શ્રી. સંતબાલજી)

પ્ર. (૧) માણસ આત્માની શોધમાં ન પડતાં સમાજ અર્થે ની કીણામાં બીણી ફરજ સુકથા વગર સદાચારી જીવન જીવ્યા કરે તો આત્મવિકાસ આપોઆપ ન થાય ?

ઉ. (૧) જરૂર થાય. આત્મવિકાસનો રાજમાર્ગ પશુ જો જ છે. સમાજ અર્થેની સ્વાભાવિક આવેલી કે આવનારી ફરજોમા બેઠવકાર થાની તેમ જ સદાચાર ના સામાન્ય નિયમે, ને તરછોડીને જે માણસ આત્મજોજને નામે નીકળી પડે છે, તેવા બાવાનાં બેચ બગડી જાય છે. ધોખીતા કુતરા માફક તે નથી રહેતો. રહ્યો કે નથી રહેતો ઘાટનો. જૈનસુત્રોમાં તો ત્યાં લગી કહ્યું છે કે: “જેનામાં સામાન્ય માણસાઈ ન જાગે તે ધર્મગ્રવણ સાથે પશુ નાલાયક છે.” તે પછી આત્મશોધની વાત તો કેટલી બધી તેવાને માટે ફર રહી જાય તે સહેલે સમજી શકાય તેવું છે. ખરી વાત તો એ છે કે; સદાચારી તથા સમાજ ધર્મમાં માનનારો માણસ સ્વાભાવિક રીતે જ જોવો બની જાય છે કે જે આત્મશોધન વિના રહી શકતો નથી. જૈન પરિભાષા માં આવી સ્થિતિને સંવેગ દશા કહેવાય છે. ચોખીશ્વર જ્ઞાનદેવ માં એ દશા પ્રગટ થઈ ત્યારે તેઓએ પ્રુદ કોઈ ધર્મસંપ્રદાય ની પશુ તમા ન કરી. “મારો કંચનવરણો નાથ રે! અને કોઈ મિલાવો.” એ ‘તુછી તુછી’ ના શ્લોક સાથે જોક્તવાયા આત્મા ને સહારે ભગવા અને આત્મશોધ કરીને જ જાતી શકયા. એ જ કારણે સ્વામી રામતીથ-એક બચકર અધારી રાત્રીએ કોઈનોય આધાર લીધા નિના પ્રાણની પરવા છોડીને ચિઠ્ઠા ઘેર વન માં નીકળી પડ્યા હતા. સાધક

માત્રમાં સામાન્ય રીતે પરમ સિદ્ધિને રસ્તે જતાં જલ્પ તળકકા ઝો આવે છે. (૧) પ્રાથમિક સમાજસેવાનો (૨) સત્યને ખાતર સમાજ તરફનાબહિકાસનો અને (૩) આત્મપ્રાપ્તિની સાથે સહજ સમાજ પ્રતિષ્ઠાનો. સંન્યાસ દશામાં આ ત્રણેય આવે અથવા શુદ્ધરથ દશામાં પણ આવી શકે. જૈન સુત્રોમાં કોઈપણ લીંગમાં, કોઈપણ દેશમાં અને કોઈ પણ વેશમાં સિદ્ધિ પામી શકાય છે, તે વાતનો ખુશીની સાથે સ્વીકાર કરવામાં આવે છે.

પ્ર. (૨) ‘જીવ જો ઇશ્વરનો જ એક ભાગ છે.’ આ વાત સાચી હોય તો ઇશ્વરને જેમ રાગદોષ, મમતાઅહંતા; માના-પમાન અસર કરતાં નથી તેમ; જીવને પણ જેમની અસર ન જ થવી જોઈએ છતાં થાય છે એ હકીકત છે. આથી એમ માનવું પડે છે કે જીવ જેવાં કંઈ કરે છે, તેવાં કંઈ ભોગવે છે. પરંતુ આમ માનવાથી જીવનો ઇશ્વરી સંબંધ જોટો કરે છે અને ચોક્કસ સાધનાનો અર્થ રહેતો નથી. તો આ વિષે યુગ શુચવણ થયા કરે છે; આપ જાત અનુભવવું સત્ય બતાવશે ?

ઉ. (૨) તમે ગીતા વાંચતા હો, તો તેમાં જ આ બંને સ્વલોનો સુદ જવાબ છે. તે દહે છે:— “અજ્ઞાન એ જ કમ બંધનનું મુળ છે. કાર્યો કરવા છતાં જ્ઞાન સમ્યક્ બની જાય તો કમબંધન જીવને નહતું નથી.” સમ્યક્ જ્ઞાન ચેળવવા માટે જ વિવિધસાધનાઓ છે. સમ્યક્જ્ઞાન ન સાચ ત્યાં લગી ચોક્કસ સાધનાનો પણ અર્થ નથી અને ઇશ્વરી સંબંધનો જીવને અનુભવ પણ થઈ શકતો નથી.” રાગદોષની અસર “પણ

ત્યાં લગી થાય છે કે જ્યાંલગી સમ્યક્ જ્ઞાન થતું નથી. પ્રુદ-દેવને કોઈએ ગાળ દીધી ત્યારે તેમણે જોયું કે; એ માણસ કોઈ ને આધીન થવાથી આમ જોલે છે. કોઈની સામે કોઈ નકમો છે. તેઓ હસીને બોલ્યા: “ભાઈ! તારી ગાળ તે તો બલે દીધી, પણ મારે તે લેવી નથી.” પરિણામે ગાળ દેનાર પસ્તાયો. આ પરિસ્થિતિનું મુળ સમજ્યા પછી તેને અમલમાં શુકવાની શરૂઆત કરી દેવી તેનું નામ છે ‘સમ્યક્ જ્ઞાન’. આનું જ્ઞાન થાય ત્યારે તેનો ઇશ્વરી

સંબંધ સ્પષ્ટ દેખાઈ આવે છે. રાગદોષાદિ સ્પર્શતાં નથી ને કોઈવાર સ્પર્શી જાય તો રજને ખંખેરી શકાય તેમ તેવો સાધક તેમને તુરત ખંખેરી નાખે છે. આ ઉપરથી તમે સમજી શકશો કે ‘જીવ કમ’ કરે છે ને ભોગવે છે, તે વાત જેટલી સાચી છે, તે જ રીતે સમ્યક્ જ્ઞાન કારા કમ કરનાર કમને ખંખેરી ઇશ્વરની નજીક જાય છે. તેમ જ ચોક્કસ સાધે છે; તે વાત પણ જોટલી જ સાચી છે અને તે બંને ઉપલક્ષ્યોએ વિરોધી દેખાતી વાતોનો સુમેળ પણ છે જ.

## આપણને થઈ શું લાગ્યું છે ?

(શ્રી. રાજગોપાલાચારીએ આપેલ એક અભ્યાસમાંથી)

જ્યારે પાછળ નજર નાખું છું, અને ચોક્કસ વખત પહેલાં જ પસાર થયેલા ભૂતકાળ નો, તથા ગ્રામ વર્ષ ઉપર શરૂ કરવામાં આવેલી સમુદાય ક્રાંતિની ચળવળો દરમિયાન આપણે પ્રભુ એ દાખવેલા આત્મવિશ્વાસ તથા સાહસ ઠહી શકાય તેટલી હદની હીમતનો વિચાર કરું છું, તથા જેમને પરિણામે સ્વરાજ આવ્યું છે તે વિચારોને લોકો ને ઉત્સાહ થી અપનાવતા તે યાદ કરું છું; અને બીજી જાણુ આજના દિવસોમાં કોઈ પણ સામાજિક, આર્થિક, ધર્માદારી કે કેળવણી વિષયક સુધારણા માટેની કાંઈ સુચના રજુ કરવામાં આવે છે ત્યારે જે આત્મિકાની, જાય, અને ‘જૈસે થે’ ચાલુ રાખવાની રૂતિ આપણને ઝામી મળે છે તેનો વિચાર કરું છું,—ત્યારે મારું મન ખિન્નતાથી ભરાઈ જાય છે. ‘અરે, પહેલાં આપણે ઘોડી જગાઓએ અખતરો કરી જોયો જોઈએ; અરે, શું પરિણામ આવીને ઉભું રહેશે તેની આપણને ખબર નથી; અરે, આપણે આમ ન કરવું જોઈએ; તેને લીધે આમ બનશે—તેમ બનશે હ.’ આપણને આ થઈ શું લાગ્યું છે ? જ્યારે આ-

પણમાં સાહસ અને વીરતાની ભાવનાની ખાસ જરૂર છે, ત્યારે આપણમાંથી જાણે તે સદંતર હ્રાંત થઈ જાય છે. ‘જો આપણે કાપકની મિથોને કાંઈ પહેંચાડી છું તો આપણે નાગા રહેવું પડશે’, ‘અરે, આપણે હાડનાં પીઠાં ખાધ કરી હાથ તો પછી પેસ. કયાથી લાવીશું ?’ અરે, આપણાથી આ વર્ગને કે તે વર્ગને સુરસે રી રીતે કરી શકાય ? ‘હવે આપણે રાહ લેવી જોઈએ; આપણે ધીમે ધીમે આગળ વધવું જોઈએ, આપણે અધારમાં જુસકો મારવો ન જોઈએ’, ઈ., ઈ. આજે કોઈ પણ બાબતમાં હીમત કે સાહસ થી આગળ વધવાનું આવે છે કે તરત આવા જવાબ સામા મળે છે. આ કર્ણાકપણુ આપણે ફગાવી દેવું જોઈએ. આપણામાં કાંઈ પણ કામ કરી જોવાની, જીલ કરવાની અને જરૂર પડે તેમાંથી પાછા ફરવાની હીમત હોવી જોઈએ; તો જ આપણે પ્રગતિ કરી શકીએ. ‘કશું જોખમ ખેડો નહીં; અને કશું કામ કરો નહીં’, એવી ખતરનાક ભાવનાના સાંભલાને આપણે રમે વળગી રહીએ. એ કાંઈ પ્રગતિને વીરમાર્ગ નથી. ‘કામ કરવાનું મુલતવી રાખ્યા કરવું એ જ પ્રગતિની મુખ્ય આડ છે.’

## ફટાકડાનો વેપાર એ અનીતીનો વેપાર

**આ** સાલ ફરી વેપારીઓ ફટાકડાના વેપાર પાછળ લાખા છે અને ફાલ્ગુની જેમ ફાર ખાતું પશુ એટલું આકર્ષક છે કે તેના ફંદા માં લોકો સપડાયા વિના નહિ રહે અને વેપારીઓની ત્રીજેરી ભરવા અને નાણાની ફોળી ભેગા ઉપરાંત જનતાને બીજો કસો લાભ થવાનો નથી. વેપારી ને તો ફાપડો થશે કેમકે તેને પૈસા મળશે. ખરીદનાર તેની ફોળી કરી સુખી જાનશે. આજે જ્યારે જ્યાં જુઓ ત્યાં અસાંતી પ્રવર્તી રહી છે, લોકો ત્રાસ પાળી રહ્યા છે. જ્યારે ત્યાં કુદરતી હોનારતો, જેવી કે, ધરતીકંપ કેમ સંકરો, વૈભવાદીઓ કમલી પડવી વીમાનો ધુટી પડવા, વ્યાપક મરે કાચ ના કરનારાઓપર લાક્ષણિક રાક્ષસી શુલ્ક-અને શુલ્ક મરે એ સમજી નેહને -અનુભવીને આપણી સાન કેમ ખુલતી નહિ હોય કે આ વખત દીવાળીનો નથી પણ નમ્રભાવે સ્મરની પ્રાર્થના કરવાનો આપણામાંથી બીડીએ દુર કરવાનો, જાતે નીતીને માથે ચાલવાનો અને સોહાને નીતીને મારે ચાલવાનું ઉરોજન આપવાનો છે! જેમ ફાર એ ત્યાજ્ય વસ્તુ છે, તેમ ફાર ખાતું એ ત્યાજ્ય વખતમાં તો ખાસ કરી ત્યાજ્ય વસ્તુ હોવી જોઈએ. એટલે પૈસો ભયાવી મરીઓ અને સંકટસ્થોને તેનો લાભ આપવામાં ફેટલું વધારે પ્રુપ્ત રહેલું છે! મધ સાથ ફેટલી નિરાશોમાં ફટાકડા ફેડવા વિરુદ્ધ પ્રચાર થયો હતો અને નીચાણના ઓકરાઓએ એ પૈસા ભયાવી સ્વદેશ સંકટસ્થોને નહેંચી આપવા વડા પ્રધાન શ્રી નેહરુ પર મોઢલી આપ્યા હતા. એ બધું સ્પષ્ટ હતું. આ વર્ષે મોટા પાયાપર તે કરવામાં આવે અને તે પૈસા આ દેશના મરીજ બાળકો માટે કપડા પા ખાવા મરે આપવામાં આવે લોક કહા-પશુ બરેલું મચાશે. સોજે તે કરવા જેવું અને સોજે તેને ઉરોજન આપવા જેવું છે. એમાં અમને જરાએ સંકા નથી.

જેને આદર્શ જનનું છે, જેને જન તોને ફાખલો મેસાડવો છે તેને ખરેખર તથાવારની કારપર ચાલવું પડે છે. ‘ઇન્ડિયન ઓપિનિયન’ એ લખે છે તેના હોશમાં જાતે જ્યમસ કરવાનો મમાણીકપણે પ્રયત્ન કરવું આવેલું છે, છતાં તેમાં કશુંયે પ્રણી રહેલું છે! અને એ ઉલ્લેખો નેહરુને તેની નિંદા કરનારાઓના કરતાં તેના તરફ ઇન્ડિયન ઓપિનિયનનું ખ્યાન ખેંચી તેને સચેત કરનારાઓ વધારે દિલકારી છે. અને તેમ કરનારાઓનું ‘ઇન્ડિયન

ઓપિનિયન’ અત્યંત જાણી છે. ‘ઇન્ડિયન ઓપિનિયન’ને પોતાના નિભાવને ખાતર જાહેર ખખરો લેવી પડે છે. સામાન્ય રીતે તે પત્રકારો જાહેર ખખરો લે છે. ત્યારે ખરી ખોટી નો ખ્યાલ કરતા નથી. ફાખલા તરીકે ફારને જાતે ઉરોજન નહિ આપતા હોવા છતાં અને તેની વિરુદ્ધ પોતાના પત્રમાં પ્રચાર કરતા હોવા છતાં તેની જાહેર ખખરોથી પાનાનાં પાના ભરે છે. ખરી રીતે એ વસ્તુ નહિ થવી જોઈએ. ઉચ્ચ આદર્શી સેવનારાઓએ એ વસ્તુ ખ્યાનમાં રાખવી જોઈએ. છતાં તેઓથી પણ ફેટલીક વાર અધુ-જાણવણે સુલો થઈ જાય છે. જાહેર ખખરો લેતાં અમે ઘણી કાળજી રાખતા હોવા છતાં છકકડા આઇ જઇએ છીએ. તેના એ ફાખલા તરફ જમાઈ ખ્યાન ખેંચાયા બાદ અમે જાગૃત થયા. એક ફાખલો કસરોડ ટાઉનશીપની જાળીને વેચાવાની જાહેર ખખરને વિષે હતો. એ જાહેર ખખર નિર્દોષ સમજી એ શીશમાં સ્વિકારાઇ મઈ હતી. તેને સ્વપ્ન એરીવાજ એકર સાથે સંબંધ હતો તેના ખ્યાલ પણ આજે નહોતો. મજા વખત પછી અમારું એ જાળતમાં ખ્યાન ખેંચવામાં આવ્યું ત્યારે અમારી શૂલ અમને સમજાઈ. બીજો ફાખલો ફટાકડાની જાહેર ખખરનો છે. ફાસવાલથી એક નવી જાહેર ખખર જોરીસમાં આવી અને નિર્દોષપણે તે સ્વિકારવામાં આવી. એક જાખલે અમારું ખ્યાન ખેંચી કહ્યું કે “ચાલો ‘ઇન્ડિયન ઓપિનિયન’માં જાહેર ખખર આવી એટલે હવે ફટાકડા વેચવામાં શી વાધો છે?” અમારે કાન પકડવા પડ્યા અને બીજો જ આવાસીએ એ જાહેર ખખર કાઢી નાખવામાં આવી. પણ અહિં અમારે એટલી વસ્તુ કહી દેવી જોઈએ કે ‘ઇન્ડિયન ઓપિનિયન’ને ફાખલે આદર્શ સમજવું નહિ જોઈએ. અમે અમારી પ્રુથિથી એ સત્ય સાચે તે કપાએ છીએ અને તે પ્રમાણે અમારું જીવન ધરવાનો પ્રયત્ન કરીએ છીએ. તેથી અમે આકર્ષક છીએ અથવા શુલ અમે કરતાં જ નથી એવો અમે જરાયે કલેષ કરતા નથી. બીજા જોના જેટલાજ અમે જુહોને વાજ છીએ. તેથી સોજે પોતાની પ્રુથિ ચાખવી જોઈએ અને પ્રુથિ અમ્મ સાચે જોઈ વસ્તુ કરવી જોઈએ, બીજા કહે છે. તેથી અથવા કરે છે તેથી નહીં.

આપણી બીજી એક નખળાઇ આ-પણા સોમા - રહેલી છે તે

જાતને ઉતરવાની છે. રાત ને દિવસ એ આપણે આપણું જન તપાસીએ તો આપણે સમજી શકીએ કે આપણી જાતને આપણે કેટલા ઉતરીએ છીએ. ફાખલું ‘ઇન્ડિયન ઓપિનિયન’ લખ્યું અથવા ફાખલું મહાત્મા આપી જીએ કશું અથવા કશું તેથી તે કરવા માં જામ નથી એમ આપણે ઝટ લઈ ખચાવ કરીએ છીએ. પરંતુ તે ઇન્ડિયન ઓપિનિયનને લખ્યું અથવા મહાત્મા ગાંધીજી એ કશું અથવા કશું તેથી નહિ પરંતુ આપણને ફાખલું આવે છે તેથી ઇન્ડિયન ઓપિનિયન’ તો બીજી પ્રણીએ વસ્તુઓ લખે છે. જેવી કે-આ દેશની સરકારકારના અ-પણો અને જીલ્લો સાથે આપણે રાત બેસી

રહેવું નહિ જોઈએ પરંતુ આપણે સ્વમાન પ્રિય હોઈએ તો આપણા જન માલ દુરમાન કરી દેવા તથાપર ચલું જોઈએ. એ કેમ કેમ કહામાં લેવું નથી. જોઈ રીતે મહાત્મા ગાંધીજી આપણને વાણીથી નહિ પરંતુ વર્તન થી પોતાના જનનું બલિદાન આપીને સત્ય અને અહિંસાને ૫૩ શીખવી ગયા છે છતાં કેમ આપણે તેમના નામની જ્ય પેકારીએ છીએ પરંતુ તેમના શિક્ષણના અંશ પણ આપણા જીવનમાં ઉતારવાનો પ્રયત્ન કરતા નથી! એ આપણે સૌ આપણા મનને પુછીએ. અને આજમાં આજ આપણી જાતને ઉતરતા અટકવાનો પ્રયત્ન કરીએ.

## ‘ઇન્ડિયન ઓપિનિયન’ના ગ્રાહકોને

‘ઇન્ડિયન ઓપિનિયન’ના ગ્રાહકો તેમજ દિલ ચીંતકો દમજી દમજીમાં કુપાર્થિ હીક જાખવી રહ્યા છે જેને મરે અમે તેઓના મજા આ-ભારી છીએ. હિતચિંતકો કંઈક ને કંઈક હાથો ‘ઇન્ડિયન ઓપિનિયન’ ના નિભાવ અર્થે મોઢલી રહ્યા છે અને માદકો હીક સંખ્યામાં પોતાના મટેલા લવાજમો મોઢલી રહ્યા છે. તે સાથે અમારે સખેદ કહેવું પડે છે કે ઇસ્ટ આફ્રિકામાં જ્યાં અમે વર્ષે નવા ગ્રાહકો થયા હતા તેઓ ‘મજા ખરા છાપા બંધ કરાવી રહ્યા છે. તેથી ગ્રાહકોની સંખ્યા ઘટવા લાગી છે જ્યારે અમે તે એટલો ને એટલોજ રહે છે.

આર્થિક તેમજ અન્ય અન્યવડોના કારણે ‘ઇન્ડિયન ઓપિનિયન’નું કામ ઘણી જ બીડમાં ચલાવવું પડે છે. તેથી અમારા ને ગ્રાહકો દજી લવા-જમો મોઢલવામાં શીધીલ રહે છે અથવા અમારા અતિનિધિ ઉભરાવવા

આવવાની રાહ જોઈ બેસી રહે છે તેમજ અમે ફરી નજ વિનંતિ કરીએ છીએ કે તેઓને સ્ટેટમેન્ટ મળનાની સાથે જ ને તેઓ પોતાના લવાજમો અધિક ટપાલથી જ મોઢલી આવે તો અમારા મજા ખરા જાયે અને ઘણી અમવડોમાંથી મુક્ત થઈએ. બીજી એક વીનંતી ગ્રાહકો ને અને વેપાર જાગેતો જાગવડકાર કરનારાઓને એ છે કે તેઓ ને અંગ્રેજમાં જોડેલા મોઢલે તો બધું સમજા બરેલું થઈ પડે. અમારી શરમ કહેવી કે કમનસીબી કહેવી કે હું કહેવું એ ખખર નથી પડતી પરંતુ આ સંસ્થામાં એક પણ શુનદાતી બાઇ અમને કામ કરનાર મળી શક્યા નથી. ડુનદાતી ટાઇપ મોઢલનારાઓ પણ દોડુરતાની બાઇઓ છે. આ કારણથી અંગ્રેજી કામગીરને ખ્યાન આપ-વામાં વિલંબ જોઈ થશે.

## શ્રી. મણીલાલ ગાંધીનું જલમાં

અમારા અધીપતી શ્રી. મણીલાલ ગાંધી કે જેઓની ઉપર જન-પ્ર-આરી રક્ષીના મેરકાપદે લોકોનામાં પ્રવેશ કરવાનો આરોપ હતો. અને તે સાથે અખીલ કરવામાં આવી હતી તે તેઓએ પાછી ખેંચી લઇ સજા જોમવવી થોડા અધી અને તે જુલમ તેઓ-મઈ કાલે તા. ૧૭મીના જોખમ ની પોલીસ મોજીપર દાબર મઈ થયા હતાં. જલમાં જતાં પહેલાં તેઓએ નીચે મુજબ છાપા જોખ નીવેદન મહાર પાડ્યું હતું.

રોપસર ફેલ્ડઆરીમાં અને પચાસ પાઈક નો દંડ અથવા પચાસ દિવસની કેદની સજા થઈ હતી. શ્રી. પેટ્રીક કંકન કે જેઓની સાથે દંડ થયો હતો તેમને એકસો પાઈકનો દંડ અથવા એકસો દિવસની કેદની સજા થઈ હતી. બીજા છ દુરોપાધન સાથીઓ જેઓના ઉપર પણ જેજ આરોપ મુકાયો હતો તેઓ ને જોઈ વધતી સજાઓ થઈ હતી. ને હંદરાની રૂબ અમને સજા થઈ તેના કાપેસરપણાની કસોટી કરવા એ મુકાદાની સાથે અમારે અપીલ કરવી એવો નિર્ણય થયો હતો. હું તેમ કરવાને બહુ ઉત્સુક નહોતો કારણ મને લાગ્યું કે સરકારના અન્યાયો સાથે

કાર્યના અમુક કાપડાઓનો ભંડાર રવાના અને રહેઠાણે ઠરાવ કર્યો હતો અને તેથી અધીશ કરવાથી કરી ઉપરોગી હેતુ કરવાનો નથી. છતાં અમારા સાથીઓની બહુમતીનો મત અધીશ કરવાનો પક્ષમાં પડ્યો અને મને સાથીઓની સાથે ઉત્તરવાનો આમક કરવામાં આવ્યો અને હું અનિવચ્યે વધ થયો.

એ વાતને સાત મહિના પછી મને અધીશની સુવર્ણપૂર્ણ કર્યું કેટલાંક નથી. પરંતુ એટલી સુલભ દરમીયાન અનેક ઘટનાઓ જની મળ. એ જેટલી કાપડા-ફીમીનસ લો એમે-ડમે-ટ એક્ટ અને પબ્લીક સેક્ટરી એક્ટ-કાપડા પોથીએ યાદવવામાં આવ્યા, જે કાપડા ભંડારને અટકાવવા સખત સખતો કરવાની અને રૂઢી કરવાની પણ સત્તા આપનારા છે. એ કાપડાઓ અવકાશ રીતે અન્યાયી કાપડાઓ ની સામેની લડતને દબાવી દીધેલી જણાય છે. ખીન-ખીન પ્રમુખ લોક સમ સમજા નેતાઓ અને નવેર છવન માં જ્ઞાનદારીનું સ્થાન ભોમવનોરા કેટલાક કુરોપીવનોની વાણી અને લગન-મલની સ્વતંત્રતા પર ખાલી કુકમ જળજવામાં આવ્યો છે. અવકાશ રીતે તેઓને પેનાના કરોમાંજ પરદેશ કરવામાં આવ્યા છે. કેમ જાણે અમારી સામે અન્યાયી અને અપમાન કરેલા કાપડાઓ હજી પુરતા ન હોય તેથી હજી વધારે અપમાન કરનારા ખીન કાપડા, જેવા કે, કાપડા તરીકે, રેઝરવેશન (એલ) સેપરેટ કોમેનીટીઝ ખીન અને નવુ ઇમીગ્રેશન ખીલ લાગવામાં આવ્યું છે. કે જે, દક્ષિણ આફ્રિકામાં વસવાટને હક પ્રદાનનાર હોદ્દાઓની કાપડેસર પત્નીઓ અને બાળકોને સુનીયનમાં કાપડ થતાં અટકાવનાર અને એક હિંદીના પોતાની જ ભત્રીજાથી પણ કન્યા પસંદ કરવાના

સાધારણ માનવકેશ પર પ્રતિબંધ મુક નાઈ છે, તે પાકીમેન્ટમાંથી પસાર કરી દેવામાં આવી રહ્યા છે. આ સમજી ખીન જોરાઓને સાંકળ માં રાખવા બેરોબર છે. અને જો અધીશ આ માન ભંડાર અરજવાત રિવકારી હાથે તો અમારું ચરીરજ નહિ પરંતુ મન અને આત્મા પણ બંધાવા રહ્યો હોય. સરકાર અમારાપર મને તેવા અન્યાયી અને માનભંડાર કરનારા કાપડા ઘાટે, જેનું પ્રસ્તુત કાપડામાં બની રહ્યું છે, તેને બંધીકથી નમવાની હું સખત વિરુદ્ધ છું. આથી તેવાં પગલાંના અત્યારના પરિણામથી મને અત્યંત દુઃખ થઈ રહ્યું છે.

હું કદપણે માનું છું કે, કાલના સંજોગોમાં કોઈ પણ સ્વમાનપ્રિય માણસે બહાર રહેવું એ જલ્દીમને પોતાનું ચરીર તેમજ મન અને આત્મા સોંપી દેવા બેરોબર છે. જાલીમ અને અમારા ચરીરને અધિકારી દોષ પરંતુ મન અને આત્માનો તે કરગીજ નથી. જે સ્વમાન પ્રિય માણસ એવો વિશ્વાસ ધરાવે છે કે આખી સહિના બાનિનું સંચાલન માનવીએ મહેસા કાપડ કરતાં પર કાપડાથી થઈ રહ્યું છે અને માનવીએ મહેસા કાપડાના કરતાં એ પર કાપડાને માન આપવા અને તેને તોળે ધરાવે છવમાને આ દેશ છે સિવાય કે માનવીએ મહેસા કાપડો એ પર કાપડાને અનુસરનારા હોય, તેનું સ્થાન એથી કેદખાનામાં છે.

પણ સંભવ છે કે મારા કેસની અધીશમાં હું છતી જાઉં. પરંતુ એથી કરી હેતુ કરવો નથી કારણ એ એક જ વસ્તુ અમારી સાથે નથી. આ કારણથી જે ચારી અધીશ પાછી ખેંચી લેવાનું અને મને ઘણેલી કેસની સખ નમવણે ભોમવવાનું જે 'પસંદ રહ્યું' છે.

### નવું ઇમીગ્રેશન ખીલ

૧૯૪૩ ના ઇમીગ્રેશન રેગ્યુલેશન એક્ટ માં સુનીયનમાં ડોમીસાઇલ થયેલા હોદ્દાઓનાં સુનીયનની બહારથી આવતી પત્નીઓ અને સગીર બાળકો વિને સુધારો મારનારું ખીલ સુનીયન પાસાં મેન્ટમ કારવામાં આવ્યું છે તેની સખ હવે છે. પરંતુ હવે તેમાં ૧૫-૨૫ થેના નામોની અલગ અલગવારી છે; ખીજી કમમ હોદ્દાઓને સાથે મડ નારી છે. ખીજી ચોથી, પાંચમી અને છઠ્ઠી સુનીયનને ઇમીગ્રેશન કાપડો સાથે રેક્ટ આફ્રિકાને લગુ પાડનારી છે અને સાતમી કમમ આ નવા કાપડા નું નામ આપનારી અને કપારથી અધિકમાં આવશે એ કહીવડારી છે. છારી અલગ આ - હોદ્દાઓને લગુ પાડી હવેનાં અધ નીચે પ્રમાણે છે.

### નવું ઇમીગ્રેશન ખીલ

હિંદીના કોઈ ઇમીગ્રેશનની ઓફીસ તરફથી નીચે પ્રમાણે નિવેદન કરવામાં આવ્યું છે :  
દક્ષિણ આફ્રિકાના હોદ્દાઓની પત્ની ઓ અને બાળકોને કાપડ થતાં અટકાવવાની દરખાસ દક્ષિણ આફ્રિકાના ના હોદ્દાઓને એક - કુદરતી અને અમલપનો માનવ હક છીનવી લેનારી છે એટલે નહિ પરંતુ હોદ્દા સરકાર સાથે સુનીયન સરકાર તરફથી છુટકા થયેલા અંતરરાષ્ટ્રીય કરારનો ભંગ કરનારી છે.  
૧૯૫૧ ના વસતીપત્રક પ્રમાણે દક્ષિણ આફ્રિકાની કુલ હોદ્દા વસતી ૩,૬૫,૫૨૪ ની છે. તેમાંથી ૧,૮૮,૬૫૬ પુરો અને ૧,૭૬,૮૬૮ સ્ત્રીઓ છે. એટલે ૧૨,૭૮૮ સ્ત્રીઓ ઓછી છે.  
દક્ષિણ આફ્રિકાના હોદ્દાઓની પત્ની ઓ અને બાળકોને આ દેશમાં કાપડ થતાં અટકાવવાની પાછળ હેતુ દક્ષિણ આફ્રિકામાં હોદ્દાઓની વસતી વધતી અટકાવવાનો છે. ૧૯૨૭ ના કેપટાઇન કરાર થવા ત્યાર બાદ દક્ષિણ આફ્રિકા માં કાપડ કરવામાં આવેલી હોદ્દા સ્ત્રીઓ અને ઓફીસરો ઓમીગ્રેશન રજીમની રૂએ હોદ્દાઓને સ્વતંત્ર મોઝમી દેવામાં આવેલા હોદ્દાઓની સંખ્યાના સરકારી, આંકડા નીચે પ્રમાણે છે :  
તા. ૧-૮-૧૯૨૭ થી તા. ૩૧-૧૨-૧૯૫૨ દરમીયાન દક્ષિણ આફ્રિકાના હોદ્દાઓની દક્ષિણ આફ્રિકામાં કાપડ કરવામાં આવેલી પત્નીઓ અને ૧૬ વર્ષની અંદરના બાળકો : સ્ત્રીઓ ૮૦૧૦; બાળકો ૬૩૧૪-કુલ ૧૩૪૨૪.  
તા. ૧-૮-૧૯૨૭ થી તા. ૩૧-૧૨-૧૯૫૨ દરમીયાન ઓફીસરો ઓમીગ્રેશન રજીમની રૂએ સ્વતંત્ર મોઝમી દેવામાં આવેલા પુરો, સ્ત્રીઓ અને બાળકો : ૧૬૫૨.

પત્નીઓ અને બાળકો ઉપરાંત ૧૧૩ જણને બંધીવાઓ કરનારાઓ અને સિલો તરીકે કાપડ કરવામાં આવ્યા હતા, ૧૯૫૨ સુધીમાં કાપડ કરવામાં આવેલા સખસોની કુલ સંખ્યા ૧૭૪૩૭ની હતી. પરંતુ એટલે પ્રુસાસો કરવો જોઈએ કે જે પત્નીઓ અને બાળકો મુલાકાત અર્થે પાછા હોદ્દા અર્થાત્તે અને વધુ વર્ષ ની સુલભ કરતાં વધારે ત્યાં રહ્યાં હતાં તેઓને આ દેશમાં (વસવાટ કરવાનો હક જતો રહે છે. કરી કાપડ થવા ને તેઓને નવા આવનાર તરીકે લેખવામાં આવે છે અને તેથી તેઓ ની મજામાં ભેવડવાય છે. એટલે સુનીયનમાં કાપડ થયેલાઓની ખરી સંખ્યા ૧૭૪૩૭ કરતાં ઓછી હોવી જોઈએ.  
૧૯૫૨ રીવેડીએટ થયેલાંમાં માંથી ૮૪૬ દક્ષિણ આફ્રિકા પાછા આવ્યા હતા, એટલે રીવેડીએટ થયેલાઓની કુલ સંખ્યા ૧૧૧૦૩ મળ્યા. પરંતુ જે હોદ્દાઓ ઓફીસરો ઓમીગ્રેશન રજીમનો લાભ લેવા વિના રહેઠાણે આ દેશ છોડી ગયાં છે અને દર વર્ષે છોડી જાય છે તેની પણ મજાનો મધી જોઈએ, તેવાઓનાં સરકારી આંકડા નથી. આ દેશ કેર વર્ષે છોડી જનારોઓની સંખ્યા ને કે મોડી નથી છતાં ૧૯૨૭ થી ૧૯૫૨ સુધીના ૨૫ વર્ષમાં જેઓ અર્થાત્તે તેઓની સંખ્યા કેટલાક લગભગ લો હોવી જોઈએ.  
એટલે દક્ષિણ આફ્રિકાની હોદ્દા વસતીમાંથી કેટલીક હોદ્દાઓ અલગ છે, વખમાં ઉગેરાનું જોઈએ કે સરકારી આંકડાઓ પ્રુખ ૨૦૧૨૫ હોદ્દાઓને ૧૯૧૭માં હોદ્દા વસતિત જઈ જાય ત્યારથી ૧૯૨૭ સુધીમાં સ્વતંત્ર

મેક્સીકોમાં આખ્યા કરતાં.  
યુનીયન સરકારે જે દ્વિદીઓની પાનીઓને અને બાળકોને દાખલ કરતાં અટકાવવાની આ નીતી અમલમાં મુકશે તે તે એક લઘુમતી કામ જેને આ દેશના લોકોમાં કાંઈ જાનને

અવાજ નથી તેને કેવળ રીખાવવા જેવું જ થશે.  
યુનીયન સરકારે જે પગલું ચેલા ધારેલું છે તેનું પગલું ફુનીયાની કાંઈ પણ સુધરેલા દેશની સરકારે લીધેલું જાણવામાં આવેલું નથી.

# દક્ષિણ આફ્રિકાની વસતી

દક્ષિણ આફ્રિકાની વસતી નીચેના મુખ્ય વર્ગોની બનેલી છે :

(અ) ગ્રામીણ, એટલે દક્ષિણ આફ્રિકામાં "યુરોપીયનો" તરીકે ઓળખાયા છે : આ લોકોની વસતી સડી નીચે લખાઈ છે. સમગ્ર પાંચમેન્ટના સભ્યો, ન્યાય આલના અધિકારીઓ, હથા સરકારી નોકરો, મોટી આણે, હોલોગ અને નાણાકીય સંસ્થાઓના સમગ્ર ડાયરેક્ટરો, શેર-હેલ્ડરો અને કારખાનીઓ આ લોકો માળીજ લેવાય છે. દેશના મુખ્ય ફોલોમાં હમમમ આલો સમગ્ર વર્ગ, ધંધાદારી વર્ગ અને હોમો વર્ગ આ લોકોને જ બનેલો છે અને જંગલોથી નોકરીઓ તેઓના દાય માં છે. આ સમુદાયની જાતી, જેને સત્તાવાર રીતે "યુરોપીયનો" અથવા "હાઈલેન્ડ" (ગ્રામીણ) તરીકે ઓળખવામાં આવે છે તેનો આ વધારે કુટુંબ બોમ્બનારો દરમિયાન ટાપી રાખવાને અને કાપવાના અને રિવાજો અમલમાં મુકવામાં આવેલા છે.

(બ) આફ્રિકાનો : યુનીયનમાં આફ્રિકન રેસીઓની વસતી એટલી લાખની છે. અને આખી વસતીનો મોટામાં મોટો ભાગના આફ્રિકનો દર આરે કમળના રહેવાનાં ધર ગામ્બ નિરતરોમાં થા દો "રીઝર્વ"માં અથવા યુરોપીયન માળીજીના હાળોમાં મળુરો તરીકે રહેના હોય છે અથવા જુવર્ડ બાંધી પડી રહે છે. પરંતુ નીચે જણાવેલા કારણોસર તેઓમાંના મોટા ભાગના સઘડત યુગ્મો પોતાના ધરનાર હાડી આણે અને હોલોમાં અને ધરના અથવા ખેતરોમાં નોકરી કરવા બદલ ચાલના જાય છે. આફ્રિકન મળુરોની કમ્પર્સી વધતી જતી સંખ્યા દક્ષિણ આફ્રિકાના સમગ્રા અરેરોને વિભારે રચાયેલામાં આવેલાં "એસિયનો" ના રધાની વસતી કરે છે. આ "એસિયનો"માંના મોટા દરોજન કારખાનામાં અને ખીજ ગ્રામીણ માળીજીના હોલોમાં અથવા ગ્રામીણ ના રધાઓમાં અને બાંધેમાં નોકરી કરવા અરેરોમાં જાય છે. યુનીયન ના આફ્રિકનોને બનનેરો રચાયેલા પ્રતિપદ્યા મુશીબો અને મનમરો રે મનેટમાં સઘન કરવા પડે છે તેકમ કુનીયાના કાંઈ પણ ભાગમાં આફ્રિકન સઘન કરવા પડ્યાં હો.

(ક) કલકો : યુનીયનમાં હમમમ દસ મ.મ. નેટલી વર્ગુસર પ્રાપ્ત છે જેને કારણથી અને લામાન્ય પ્રધાંથી "કલકો" તરીકે ઓળખવામાં આવે છે. આ લોકોમાં ધણા જંગલોમાં કારીઓ છે. પરંતુ તે સાથે હમરો ખેતરોમાં નોકરી કરનારો છે જેઓ રેવમાં કંઈ કલકના પડના ખેતરો મા નજરા વધારેથી અથવા "કોલ" પ્રધાના નામથી ઓળખાતી પ્રધા જેની

રજે તેઓને દારો અમુક હિરસો મળે છે, જે હેજન નોકરી કરે છે. કલક લોકો કાંઈ પણ જાતનો અતા-ખિતાર બેગવતા નથી સિવાય કે કેપ માં મળેલિત કુરુપ વર્ગ બોમરે છે પરંતુ તે પણ હવે મશાન સરકાર તેઓ પાસેથી છીનવી લેવા માગે છે.

(દ) હાઈલેન્ડ : હાઈલેન્ડની વસતી આજે ૮૫૦૦૦ની છે. ૧૮૧૦ની સાલમાં શેરડીના ખેતરોમાં મળુરો કરવા હાઈલેન્ડી ખીરમોટીયા મળુરો લાવવામાં આવ્યા હતા. તેઓને એક પ્રાંતમાંથી ખીજ પ્રાંતમાં કાપાય થવા ની બાંધી છે; કી રેટમાં તેઓથી રહી યાગમન નહિ. કાપવાપોથીમાં હાઈલેન્ડી વિગદ ધણા કાપવામાં છે જેમાં ના ધણા અરા જમીન માલીજી ધરાવવાના અને વેપાર કરવાના હો. પર ખતિયો મુકનારા છે. સરકાર ની ધણી વખત હાંધવાપેથી નીતી સમગ્રા હાઈલેન્ડોને હરજાપાત હાઈ પાળા મેકલી દેવાની છે, જે કે તેઓમાંના ધણા મોટા ભાગના દક્ષિણ આફ્રિકા માળ જામેલા છે અને દક્ષિણ આફ્રિકા ના નામરો છે.

## દક્ષિણ આફ્રિકામાં ભેદ લાખની ઉત્પત્તિ

દક્ષિણ આફ્રિકામાં ગ્રામીણો સી થી પ્રથમ વસવાટ મળુરો વર્ષ ૧૫૨૩ માં હમરે પ્રિન્સ આ કંપનીથી થયો હતો. ૧૬૫૨ની સાલમાં જનન વાન રીખીન્ડી આગેવાની નીચે એક કુકડીને હાઈલેન્ડી આગેવાં અને જર્મ વહાણો આલુ વિગેરે યુરો પાડવા અર્થે ગ્રામીણમાં આવી હતી. આ ગ્રામીણ વસવાટીઓ પારો બંકુકો હતી અને ઘોડાન વખત માં તેઓની અને મુજ વાનીઓ (જેઓને તેઓ હેર-ટોટના નામથી ઓળખાવતા હતા) તેઓ વચ્ચે વર્ષ ૧૫૩૫ થા ચાલ્યું. ગ્રામીણ વસવાટીઓની સંખ્યા જેમ જેમ વધવા લાગી તેમ તેમ બળ વાનીઓને તેઓ પોતાની જમીનમાંથી કાઢી મુકવા લાગ્યા અને મુજ વાનીઓ સાથા થવા લાગ્યા. ૧૫૫૬માં એક હેર-ટોટ નિરોધ કરનારને પકડવામાં આવ્યો અને વાન રીખીન્ડી તેના વિરોધનું કારણ મુક્યું વાન રીખીન્ડી તેનો નેધિલો જમ્બ અલિ ટાંકવા જેલો છે :

"તમે કમ લોકો અમારાં દોરો મળાં ચરી રહ્યાં છે એ જમીન અને ધાસ બોલી રધા હો, અમાં ને તમ પશે અને ખેતરો રધાથી રધા છે કેમ જાણે કાપમમ રહેવા ના ન લેવા. અનારિ કાળથી આ દેશ ને અમારો છે તેને વધારે વધારે જમને ભેકની અને રધાથી વસવાટ કરવાની તમે ખાજ રધી રધા હો."

આ હરિયાદનો જમ્બા વાન રીખીન્ડી મુક્યો આવ્યો. સેલ્લેન્ડોની એક કુકડીને ગ્રામીણ વસવાટીઓની બાજુની જમીનમાંથી એ લોકોને કાઢી મુકવા તેણે મોકલી અને તેઓને કમું વળતર પણ નહિ આવ્યું.

૧૬૧૦ના ઓપ્રીલની તા. ૬ની પોતાની કાપરીમાં તેણે લખ્યું કે :

"તેઓનો દેશ આવળા જમ્બા માં આવ્યો છે, અને તલવારથી તે છુનેલો હોઈ તેને રાખવાનો અમારો છરો છે."

૩૦૦ વર્ષ પહેલાં અનેસો આ નાનકો જાવાલ તેની અમતવાને આતર નહિ પરંતુ અર્થસુચતાને આતર ટાંકવામાં આવ્યો છે. ગ્રામીણ વસવાટીઓની વધતી જતી સંખ્યાએ કેવા ધાતકીયમાં થી આફ્રિકનો પાસેથી જમીનો કુટવી લીધી અને તેઓને મુકામો બનાવ્યા એ આ હવેથી જોઈ શકાય છે.

પરંતુ પહેલાં હાંસો વર્ષ સુધી કેપ માં ગ્રામીણ વસવાટીઓનો ફેલાવો સાધારણ ધારો હતો.

૧૭૭૬માં પહેલી "કાકર લાગ" થઈ (જે વખતથી ગ્રામીણ આફ્રિકનો ને "કાકર"ની તિરકારમુકત સંઘાથી બોલાવતા હતા) અને એ ધાતકી લાગએ ૧૬મી સદી સુધી જ નહિ બસકે આજ વખતે આજ રહેલી છે એમ કહીએ તો ચાલે. દક્ષિણ આફ્રિકાના ઇતિહાસમાં કેપ પ્રેલોનીમાં પુર્વ સરકાર નર "કાકર લાગએ" ની નોંધ લેવામાં આવી છે. તેની તારીખો નીચે મુજબ આપવામાં આવી છે : ૧૭૭૬, ૧૭૮૬, ૧૭૯૬, ૧૮૧૨, ૧૮૧૮, ૧૮૨૪, ૧૮૪૬, ૧૮૫૦, ૧૮૭૩.

આ કાકરમાં ૧૮૪૦થી ૧૯૦૧ સુધી નાટાલના કુલ લોકોને કમ્પી નાખવાને થયેલી લાખી લાગએઓનો સમાવેશ થતો નથી. તેમજ દક્ષિણ આફ્રિકાના ઉત્તર ભાગે જે આજે કાસાય અને ઓરેન્ડ કી રેટના નામથી ઓળખાય છે તેનો કમ્પી લેવાને "એટ રેડ" (મોટી કમ) વખતે મેરિએ કૈસાં અનેક આક્રમણોનો પણ સમાવેશ થતો નથી.

ઇતિહાસકાર જે. એ. આઇ. એમર દેમીસ્ટન જેઓ ગ્રામીણ વસવાટ કરનારા એ તરફ પ્રીતી ધરાવનારા નજ કહી શકાય તેણે એ લાગએઓને વિશે "કુરુરોની નેટીવો પ્રવેની નીતી" માં નીચે પ્રમાણે લખેલું છે :

"દક્ષિણ આફ્રિકામાં સુધેલી અને અજમુરેથી પ્રવળા વચ્ચેના સંબંધના ઇતિહાસના જળ તખકા પાડી લાગ. પહેલાં તખકા માં બને જમીનો એક ખીજ કામે કુરુરો પુરવીમાં કરે છે,

સંખ્યાબળમાં જોજા હોઈ ગ્રામીણ ની જમિ નેટીવો સાથે સમજુતીથી કામ લેવાનો પ્રયત્ન કરવાની હોય છે. નેટીવ રાજકીઓ સતત કાકરો હોય એ રીતે તેઓ તરફ વર્તવામાં આવે છે અને સારા સારા ચખ્છો અને બકીસો વડે તેઓની સુચામત કરવામાં આવે છે. લેમ્બેમુકા અને રવાઝી રાજા ના વખતમાં જે પ્રમાણે થતું હતું. ખીજે તખકા પ્રમાણે મુક્યો થા ધાય છે. નીનાં જમ્બામાંથી થા થઈ મોટી લાગમાં પરિવર્તે છે નાટાલમાં તેવી લાગનું પરિણામ ક્રિમાનના પરાજયમાં આવ્યું હતું ત્રીજ તખકામાં નેટીવને મુકામ બનાવી દેવામાં આવે છે."

૧૯મી સદીના પહેલા અરધા ભાગ દરમિયાન આફ્રિકન જાતીઓ સાથે આજુ સુધેલા થયાં હતાં. જસુરો વીહ મેરોસ બાલોસ મુસલિમ હતા. મેર અને હાઈલેન્ડ બનેલા આક્રમણોની સાથે કુકી તેણે પોતાનો દેશ ટકાવી રાખવાનો પ્રયત્ન કર્યો. પરંતુ ૧૮૬૮ માં તેને બાઈટને તે આપી દેવાની કરજ પડી અને તેને બાગે પહોંચે પાલો નાનો ભાગ રહ્યો. દસ વર્ષ પાછ ૧૮૭૮માં ફ્રાન્સિસમાં બંધેને અને મેરોના મળુરો હવે બાંધેની આર સેકુનીને કરાવ્યો આફ્રિકનો સતત બાંધેમાંનો તે હોલો હતો.

પ્રારંભ મુક જેમાં ગ્રામીણ પોતાના કલ્પાસો વડે વધારે જાળવાન હતા, તેમાં જે જમીનેનો કમ્પી નહિ લેવાયો તે ઇતરપર્ક અને કાપાણથી લેવામાં આવી. ધણા બાંધેને ગ્રામીણોને પોતાના પ્રદેશના લોકો ભાગમાં કામચલાઉ રહેવા દેવાને મનાવવામાં આવ્યા અને પાછળથી તેનો આખા પ્રદેશપર કાપેલ પોતાની માલીજીનો હાલો મળ્યો.

યુનીયનની ધણી ખરી જમીનેના અતપમે આવી જાળખરી અને કમા-ખાજપર રચાયેલા છે.

૧૯૧૦માં યુનીયન રધાપુ જે પહેલાં ઇતરના પ્રજસલાક રાજ્યો જે પાછળથી પ્રેલોનીઓ બન્યાં તેની અને કેપ પ્રેલોનીની જાતી સંબંધી નીતી વચ્ચે ખાસ તકાવત હતો. કેપ પ્રેલોની એ આફ્રિકનો સાથે અનેક ખુનખાર લાગએ. યલાવેલી લેવાનું કેપરે જમ્બાવાઈ મુક્યું અને કેપ સરકાર એ જાળમાં નિરોધ નહોતી તેના અનેક ખીજ લાખમાં આપી શકાય છે ઇર્તા કેટલાક તલો ત્યાં કર્તા નેથી જાતી બેલો વાસનું પ્રમાણ ત્યાં કંઈ એણું હતું ત્યાં જાવાસરો ધણા થયા હતાં રીક અને વાનાર કેપ, મેમ્બ પ્રમિય અને વીધીયમ ફેરવેની, કોલ રોસોમન અને ઓલીય બાબર જેવા માનવના ધરાવનારા લોકો હતા કે

જોનાનામાં આવા અન્યાયો સામે રોકાર કરવાની અને કચ્છાએથી બહુમતીના પક્ષ લેવાની હિમત હતી. આથી કેપ કોલોનીયલ રાજનૈતિક બંધારણ જાતીયેદવાણું કરૂં છતાં કાયદેસર વર્ણબેદ નહોતો.

કેપની જુની ધારાસભામાં જોવા અને જીન-જોરા સમાજ મતપત્રક પર મત આપી ચક્રતા હતા. એ ખરૂં હતું કે કેળવણી વિગેરે લાભકારી એવી રાજ્યમાં આવી હતી કે જેથી મોટા ભાગના આફ્રીકનો મતાધિકાર ધરાવી ચક્રતા નહોતા હતા ખીન-જોરા કુદરતી રીતે જ હલકા છે અને રાજ્યતંત્રમાં ભાગ લેવાની કરી થયું અભિલાષા રાખી નહીં થકે એવો અપમાનજનક સિદ્ધાંત તેના રાજ્ય બંધારણમાં નહોતો. સિદ્ધાંતમાં રંગવણીને માટે પણ પાલોમેન્ટના કે રથાનિક રાજ્ય સભાના સભ્ય બનવું શક્ય હતું બહોં બંધારણમાં એકાદ બે સભ્ય બન્યા હતા.

ઉપર અભ્યસત્તાક રાજ્યોમાં વિધાન મણી વધારે ખરાબ હતી. ડ્રાંસવાલ ના અભ્યસત્તાક રાજ્યના બંધારણની નવમી કક્ષમમાં હતું કે "એકોઠા રંગ-વણીને જોરા વતનીઓની સાથે ચર્ચામાં કે રાજ્યમાં કોઈ પણ જાતની સમાનતા સોંપવા દેશે નહિ." ડ્રાંસવાલ અને જોરેન્ જી રેટમાં આફ્રીકનોને જમીન માલીકી લેમવવા દેવામાં આવતી નહોતી. હકીકતમાં તેઓને ગ્રામ્ય તરીકે જ રાખવામાં આવતા હતા, જાણીતા સંલોધક અને મીસનરી કેપીક લીવીસ્ટને સીરોર વર્ષ'પર એ અભ્યસત્તાક રાજ્યો વિશે જણાવ્યું હતું કે ત્યાંની કાળાઓ પ્રત્યેની "યોગ્ય વર્તણૂક"માં ગ્રામ્યી એટલે કે ફરજપાત મહત મજૂરી"નું તત્ત્વ રહ્યું હતું. અભ્યસત્તાક રાજ્યના કાયદામાં ગ્રામ્યી નો પ્રતિબંધ હતો પરંતુ એ કાયદાને કેવો જ બીરથલે લેવામાં આવતો હતો એ ૧૮૧૪માં પ્રેસીડેન્સ પ્રીટોરીયલે રેસેનજનના એક ફુકાનદારપર લખેલો કાચળ જે પ્રીટોરીયાના સમકક્ષતામાં કાચલી રાખવામાં આવ્યો છે તેપરથી જોઈ શકાયે :

"જો તમને બાનકડા કાફરો મળી શકતા હોય તો માટે માટે જ અરીઠી બની શકે ત્યારે મારાપર મોકલી આપવા કૃપા કરશે અને તે... જેળવણીને રૂં લામશે તે જણાવશે. તથા એકરો અને મધુ ઊંડરી."

આ રીતે જોરા આક્રમણકારીએ પોતાના વધારે પ્રબળ શસ્ત્રો વડે અથવા તો ઉત્તરપ્રદેશી આફ્રીકનોની બાપદાશના વખતથી વારસામાં મળેલી જમીનો પચાતી પાટી અને પછી એ જમીનોપર તેઓને બાકતી મજૂરો તરીકે રાખ્યા. હીરાની ખાણો અને

પાકમળી મોનાની ખાણો મળતાં ૧૯મી સદીના અંતમાં થયેા 'દેરદાર થયો, પરદેશના મુડીદારોએ આ કામતી ખાણોમાં મોટી રકમો રાખી અને પછી સસ્તી મજૂરી તરીકે આ-ફ્રીકનોને સમુદાયમાં ખરતી' કરવાની પ્રયત્ન મામણી થઈ. ૧૮૬૭માં એમ્બર જોઈ આઈન્સની ઉરોરપ્રીધી ઓલોગીક કમીસન નીમણું હતું જેના દેવાલપરથી દક્ષિણ આફ્રીકમાં આર્થિક કારણોના જાતીયેદ સાથેના સંબંધોનો કંઈક ખ્યાલ આવે છે. ખાણોને માટે સસ્તી મજૂરીની એ વખતે ધણીજ તંત્રી હતી-કમીસનનો દેવાલ જણાવે છે કે ૧૮૬૦થી એમ્બર ડ્રાંસવાલ ના અભ્યસત્તાક રાજ્યની પાલોમેન્ટ (પ્રીકસરસ)ને વખતો વખત રજૂઆતો કરી હતી કે :

(૧) આફ્રીકનોપર "પાસના કાયદા"થી વધારે અંકુશ મુકાનો જોઈએ, અને

(૨) ખીજ વસુએ સાથે તેવો નાપર મુકાએલા "હટ ટેકસ"માં વધારો થવો જોઈએ કે જેથી તેઓ ને નોકરી કરવાની લાલચ થાય. બાર આઈર્નિંગ કંપનીઓના પ્રયત્ને કે જે ૧૮૬૭ના કમીસન સમસ્યાજીની આપનારામાંના એક હતા, તેણે કહ્યું કે વધારે સખત પાસનો કાયદો ખાણો ના માલીકોની આમણીથી થયો હતો, ખાણોના ઉદ્યોગ સાથે સંબંધ ધરાવતા કેટલાક લોકો તરફથી તે ઘણામાં આવ્યો હતો; એ કાયદો અમલમાં મુકવાને સરકારને મામણી કરનાર અને ઉરોજન આપનાર ખાણોનો ઉદ્યોગ હતો."

કમીસનનો વધુ દેવાલ આ પ્રમાણે છે :

મી. જોર્જ એલુ જે એ વખતે ખાણોની એસોસીએશનના પ્રમુખ હતા : આજે નેટીવને તેની હસ્તીને માટે બરૂં કરતાં થયોજ વધારે પમાર આપાય છે. નેટીવ માસીક થી. ૫૦ થી થી. ૬૦ કમાય છે અને જોરાકને માટે અને રહેવને માટે તે કમું ખરચ તો નથી. હકીકતમાં નેટલું કમાય છે તે સમજાય સમજીજ તે બચાવી શકે છે...વરસમાં જો તે વીસ પાઉન્ડ બચાવી શકે તો પોતાને થેર જઈ પોતાની જમીનની જીવનપર ગુન્દાલ કરવાને નેટલું લગભગ ખસ છે. પાંચ કે છ વરસમાં નેટીવ વસતી એટલું બચાવી શકશે કે પછી તેને નોકરી કરવાની જરૂર જ નહિ રહે. ઉદ્યોગપર અને રાજ્યપર તેનું બપંકર પરિણામ આવશે.

હું ધારું છું કે નેટીવને જો વરસે પા. ૫ બચાવી શકે નેટલું મજે તો નેટલી રકમ તેની જરૂરીયાતો માટે પુરતી છે અને થોડા વખતમાં તે શામકાર નહિ બની શકે.

કમીસનના એક સભ્ય : કાફર મજૂરીને તમે સસ્તી બનાવવા માંગો છો? અને તે કેવી રીતે?

આલુ : "તેઓને એમ કહીને કે તેઓનો પમાર ધટાડવામાં આવ્યો છે. આજે વધારેમાં વધારે શીફટની થી. ૨-૩ આપવામાં આવે છે અને તેને થી. ૧-૬ કરી શકાય. આ તો કેળવાયેલી મજૂરીને માટે સામાન્ય મજૂરને માટે શીફટની થી. ૧ કે એથી ઓછું ખસ છે."

કમીસનના સભ્ય : કાફરો પોતાના કાસમાં જતા રહે તો? તેમ થાય અને તમે મજૂરો-વમરના થઈ જાઓ તો સરકારને ફરજપાત મજૂરી કરવવા નું કહેવાની તમે તરફેણમાં છો?

આલુ : બરૂં. કાફરથી કંઈ એમને એમ ભેસી નહિ રહેવાય.

કમીસનના સભ્ય : તમે મજૂરી ફરજપાત કરાવો?

આલુ : હા. હું ફરજપાત કરાવું અને બળજબરી કમી વિન, કર નાખી શકાય.

કમીસનના સભ્ય : કાફરને અમુક પમારે મજૂરી કરાવવાનો પ્રયત્ન કરવામાં તમને લાગે છે કે ફેન્ડના લોગોની બહુમતી તમે તમારા પક્ષમાં મેળવી શકો?

આલુ : "હું ખાઉં છું કે મેળવી શકું."

કમીસનના સભ્ય : "શું એ ગ્રામ્યી નહિ કહેવાય?"

આલુ : "મજૂરો અમુક રકમ કમાતા હોય ત્યાં સુધી ગ્રામ્યી નહિ કહેવાય."

કમીસનના સભ્ય : "મામુલ જે નોકરી વમર રહી શકતો હોય તો તમે તેને નોકરી કરવાની ફરજ 'શી' રીતે પાટી શકો?"

આલુ : "તો પછી તેનાપર કર-નાઓ."

સોનાની અને હીરાની ખાણો અમુક થી વધતાં મજૂરોની માન વધવા લાગી. જોરાની માલીકોની જમીનપર પણ ધણા આફ્રીકનો કમ્યાં સુધી રવતંજ બંધતો તરીકે નબી શકતા હતા ત્યાં સુધી તેઓને નોકરી કરવાનું દબાણ નહિ કરી શકાયું સિવાય કે ખાણોના માલીકો તેઓને આપવા ખુશી હતા તે કરતાં વધારે પમારો અને સમવડો તેઓને આપવામાં આવે. આવે તોડ સસ્તા ચીના મજૂરોને ગીરમીટમાં રાખીને લાવવાનો પ્રયત્ન કર્યો પરંતુ એ અસંતોષકારક નીવડ્યું. એક ૧૯૧૪માં નેટીવ લેન્ડ એક્ટ પસાર થયો ત્યારે એ ગુરુત્વીનું કામચલાઉ નિવારણ થઈ શક્યું.

# ભારતનો પત્ર

(અમારા અગત્યની તરફથી)

સુખમ, તા. ૪-૯-૫૩

ભારત અને પાકિસ્તાનના વડા પ્રધાન વચ્ચે દિલ્હીમાં મંત્રણા પૂરી થતા બંને વડા પ્રધાનો તરફથી મંત્રણાના પરિણામરૂપે નકાર પડેલી સંયુક્ત ઘાટીએ ભારત-પાકિસ્તાન વચ્ચે શુભ સંબંધો સ્થાપવાની આશા ઉત્પન્ન કરી હતી. પરંતુ પાકિસ્તાનના વડા પ્રધાન જી. મહમદ અલી કરાચી પાછા પાકિસ્તાન પાછી વાતાવરણ બદલાવવામાં છે. અને પાકિસ્તાન તરફથી ફરી ભારત સામે નેહરુના પોકારો થઈ ચલા છે.

વડા પ્રધાનોની મંત્રણામાં ભોક્ષમત લેવા પહેલાં ઈશ્વરના નેહતા મહત્વના પ્રાર્થના મુદ્દાઓ બંને બાજુ પ્રતિષ્ઠા મળી નહોતી. પરંતુ એક વસ્તુ નિશ્ચય થઈ હતી કે ૧૯૪૭ના ઈંગ્રેજ પહેલા કાશ્મીરમાં ભોક્ષમત માટે એક નિયમની નિમણૂક કરવી અને એ પહેલાં તેને લગતા તમામ પ્રશ્નોનું નિરાકરણ કરવું, આટલો નિર્ણય એ વસ્તુ થઈ પ્રતિષ્ઠા સુચવતો હતો કેમકે યુનોઆ પાસે ઉપરાસ વર્ષથી આ પ્રશ્ન લેવા હતા ભોક્ષમત માટે કાંઈ નિશ્ચય સમય મર્યાદા નહોતી. આરના ઈંગ્રેજમાં ભોક્ષમત સ્વરૂપ સ્થાય અને આ પ્રશ્નનો કાળખને માટે અંત આવે. વધુમાં બંને પક્ષે સરકાર કેટલું રાખવું અને એના બીજા પક્ષોના નિકામ માટે વડા પ્રધાનોને સલામ કરવા માટે લઈકરી અને બીજા નિમણૂતોની સમિતિઓ રચવાનો વસ્તુ નિર્ણય લેવામાં આવ્યો હતો.

દિલ્હી ઊડી જતાં પહેલા જી. મહમદ અલીએ પત્રકારોને કહ્યું હતું કે, કાશ્મીરની સમસ્યાને ઊંડા સમીપમાં છે. દરેક અનિયમ, સમાધાન થયું નથી. દરેક અને આશા છે કે અમે એક વાત આ પ્રશ્નનું નિરાકરણ કરી શકીશું. "તમારી ઈચ્છામાં ઈચ્છી મદતના કાળ પૂરી કરીને, તમે કરાચી જાવ છો." આજ એક પ્રશ્નને જવાબ તેમણે કહ્યું છે.

આ મંત્રણા બંને પેલાની કામગીરી અંતર કરતા નમણે કહ્યું હતું કે, અમણા સામાન્ય રીતે સંતોષાકાર હતી. અને મણા અંતર કે મણા આનંદ થયો નથી, કારણ કે અંતરે મિત્ર, મત્રી અને મદકારની આવના થી સમાધાન પર આરુ દોષ તવાર બંને પક્ષેએ મેડું મેડું નમણું આપવું પડે, એટલે એકરે પરિણામથી બંને બાજી મિત્ર મળ પડેને કાળું સંતોષ ન થાય એ દેખીતું છે.

બંને વડા પ્રધાનોએ સંયુક્ત ઘાટી મા અમળ રૂ. ૧૦૦૦ અને જાણ દારૂ તેનાઓના આરના અને નિવેદનો

દારા એક બીજા દેશો પર થતા કુમકા પ્રત્યે બેદ અવગત થયો હતો અને એવી અપીલ કરી હતી કે અખખારો, રેડીઓ અને જવાબદાર નેતાઓએ બંને દેશો વચ્ચે શુભેચ્છા વધારવાના અને એવી રીતે બંને દેશો વચ્ચેના જમડાનો ઈશ્વર ભાવનામાં સલામ કરવાના મહાન કાર્ય માં લાગી જવું નેહરુએ.

વડા પ્રધાનોની સંયુક્ત ઘાટીને સત્કારતાં ભારતના અખખારોએ જી. મહમદ અલી તેમના પ્રત્યાષાતિ સાધી એ પાસે બંને વડા પ્રધાનો વચ્ચેના આ "દિલ્હી કરાર"નો સ્વીકાર કરારી રહ્યો. કે કેમ એ વિશે કાંઈ અવગત કરી હતી. પાકિસ્તાનના અરખ આધીક સંતોષાને કારણે હાતા ભેસી રહેલા ભારત-વિદેશી તલ્લો, હવે પાકિસ્તાનની સ્થિતિ અમેરીકન અને બ્રિટીશ મદદને લીધે કાંઈક સુધરી લેવાથી સુચવાપ ભારત સંયેના સાર સંબંધો ને સડી લે એવી આશા નહોતી. શૈખ અબ્દુલકાની ભરતરથી સામે પાકિસ્તાન માં આરે ઉદાપોદ કરનાર તલ્લો ને વર્તમાન સ્થિતિને તાલકાસિક લાભ લેવા આદતા તેમને એક વર્ષ પછી ભોક્ષમત લેવાની નિર્ણયથી સંતોષ થયો કે કેમ એ સંકામણું હતું. ભારતીય અખખારોએ પેલાની કામગીરી અને કાંઈએ સંયુક્ત ઘાટી નકાર પડી તેજ દિવસે અવગત થઈ હતી. પાકિસ્તાનના પ્રત્યાષાતિ તલ્લોએ પેલાના પ્રતિનિધિ તરીકે જી. મહમદ આલને જી. મહમદ અલી સાથે દિલ્હી મોકલવા દતા. પરંતુ પં. નેહરુએ આ મંત્રણા વડા પ્રધાનો વચ્ચે જ મર્યાદિત રાખી અને જી. મહમદ આલને માનવિતમાં જી.મ આમ લેવા ઊંડા નહેતો.

જી. મહમદ અલી કરાચી પહેલા પાકી પાકિસ્તાની પ્રધાન મંત્રીની સાત-સાત મેકેડા મળી હતાં જી. મહમદ અલીએ પં. નેહરુ સાથે કોપા કરારનો પાકિસ્તાન પ્રધાનમંત્રી સાથે સ્વીકાર ન થયો અને ભારત પાસે કેટલાક ખુલાસા મામતો પણ મળ્યો. આ પહેલા પં. નેહરુએ જવાબ પાકી દોષા છે. સામાન્ય રીતે અખખારો મનાવ અને તેજ દિવસે કે તેના બીજા દિવસે જ પેલાનો એ વિભાગ નંબી ભેજ સળી નામે છે. આ કરાર પ્રત્યેના પાકિસ્તાની અખખારોના પ્રત્યાષાનો જાણવાને ભારત આગર હતું. પરંતુ પક્ષે દિવસ ધુળી પાકિસ્તાની અખખારો સાથે મુખ રજા અને એ પછી એક સાથે એક સરખા શબ્દો આ પંડા નેહરુ-મહમદ અલી કરાર પર તુળી પડ્યા અને તેને વળોડી

કાપ્યા અને લોકમત નિષામક નિમણા ની માત સાથે અખખારો અખખારો આ અખખારોએ યુનોએ નિમણા અમેરીકન ઈંગ્રીસ નિમિત્તને ભોક્ષમત નિષામક તરીકે માન્ય રાખવાનો આગ્રહ થયો. આ પછી પાકિસ્તાન ના જવાબદાર નેતાઓએ પણ એજ માંત કરવા મંડી ભારતે પહેલેથી જ સ્પષ્ટતા કરી હતી કે, ભોક્ષમત નિષામક તરીકે કાંઈ એસિમપર્લ દેશના માધ્યમને નિમણા નેહરુએ. અમેરીકન અધિકારીઓએ કાશ્મીરમાં શૈખ અબ્દુલકા સાથે મળીને કહેલું કાવતરું નેતાં, ભારત કાંઈ પણ સંતોષામાં આ અમેરીકનને સ્વિકારવા તલ્લવાર થાય તેમ નહેતું અને વધુ મંત્રણા પડી ભામશે એમ કામગીરી હતું. ત્યાં અમાનક સમાચાર આપ્યા કે, ઈંગ્રીસ નિમિત્ત, એમને યુનોએ ૧૯૪૭ના મામ માં કાશ્મીરના ભોક્ષમત નિષામક તરીકે નિમણા દતા પરંતુ પ્રાર્થના મુદ્દાઓનું સમાધાન ન થઈ શકતાં તેઓ પેલાનો આ લેડી સંભાળી રહ્યા નહેતા, તેમણે કાશ્મીરના ભોક્ષમત નિષામક તરીકે કામ કરવાની અસક્તિ મતાવી હતી અને પેલાના લેડાનું રાજીનામું આપ્યું હતું.

કાશ્મીરના કાવતરમાં અમેરીકનો એ અભ્યેસા અમથી ભારતમાં અમેરીકા વિદેશી કામગીરી નેમ પાકી રહી હતી. એમાં પાકિસ્તાને અમેરીકન ઈંગ્રીસને ભોક્ષમત નિષામક તરીકે રાખવાનો મહત્તમ આગ્રહ કરતાં, ભારતમાં અમેરીકા વિદેશી કામગીરી પ્રમળ જનતી જતી હતી. ભારતને કાંઈક અંતે સંતોષા અમેરીકન સરકારે ઈંગ્રીસ નિમિત્ત પર દખાળ કહ્યું હતો, એમ અલોના નિરીક્ષણ માનવું છે. અ.થી હવે વડા પ્રધાનો વચ્ચેની મંત્રણાની સાળતા એટલે એક મોડો અંતરાય દુર થાય છે. એ કે દરેક મળા અંતરાયે બાજી છે.

મંત્રોક્ષમતની વહેંચણીની અસમાનતા નાંખુ કરવા ભારત સરકારે એક વધુ પમણુ બધું છે. ભારત સરકારે ભોક્ષ સમામાં વારસા લેશો અરડા રજુ થયો છે. રજુ પછી વારસા તરીકે ધુળી જવાતી મિલકતો પર "સેચ પદનિ" એ પ.થી તે જાં દહા રાખી લેશો લેશો.

સંયુક્ત ઘાટી કુટુંબ માટે રૂ. ૫૦૦૦ ની અને બીજા કુટુંબની મીલકત પર રૂ. ૧૦૫૦૦૦ની કીમતની મીલકત રાખી કાંઈ પણ લેશો લેશો નહિ આમે બીજાના કહા પડી જતા અટકાવતા માટે રૂ. ૫૦ લાખથી ઈંગ્રીસ મીલકતી બીજા પર રજુ દહા એટલે લેશો લેશો આપશે.

મરનાર અખખારો નામે કાંઈ પંખી ના શેરો લેવા અને તેની કીમત એ રૂ. ૫૦૦૦ની ઈંગ્રીસ લેવા તે તેના પર કાંઈ લેશો નહિ લેવા, પરંતુ

રૂ. ૫૦૦૦થી વધુ કીમતના શેરો પર કાંઈ દહાનાં એક સરખા લેશો લેશો લેશો.

સંયુક્ત ઘાટી કુટુંબની મીલકતો પર નીચેના લેશો લેશો લેશો.

વારસા લેશો સરકાર કરેડો રૂ. ની રકમ હર વર્ષે મેળવવાની આશા રાખે છે. આથી મીમંત કુટુંબો વધુ ને વધુ મીમંત થતા અકારી જશે. કોડાધિપતિઓને સમજમ ૪૦ દહા નેટલી મીમંતની કિમત સરકારને લેશો તરીકે આપી લેવી પડશે.

લેશો રાખ્યા આજ સુધી ઇનકમ-ટેક્સ અને સુપર ટેક્સથી મુક્ત હતા પરંતુ હવે સરકારે તેમને અખખારી રીધુ છે, ભારતના નવા નિધારણ પ્રમાણે તેમને આવી રીતે હર લેશમાંથી મુક્ત રાખી કહાય તેમ નથી. એટલે આજ નાખાજીય વર્ષથી જ આ કરલેશ ભરવા પડશે. આવાર સુધી આ રાજ્યોએ સરકારી જમીનગીરીઓના બ્યાજ તરીકે મળતી બધી રકમ તમામ પ્રકાર ના હર લેશમાંથી મુક્ત હતી, અખખારો બીજા સાધનો દારા થતી આવક પર માત્ર આપક લેશો લેશો આલો હતો, સુપરટેક્સ નહિ. આ પમણું સીધી વધુ અખખારો આવીભરના મહા રાજ પર થશે, કારણ કે તેમની બધી બધી મીલકત, શેરો અને કીમે-ઓર્થ રીકામેરી છે. એ પછી તેની કીમત વધુમાં વધુ અખખાર કહાવાના નિયમ પર થશે.

મહાસત્તા રાજ્ય-કી મિતતા, મિલકત અને ઉત્તર પ્રદેશમાં ભારે વરસાબે

શીખે નદીઓમાં આવેલા થોડા પુરથી એ વિસ્તારમાં, કોરોડા ૩૦૦૦ નુકસાન થયું છે. ઉત્તર પ્રદેશમાં ૫૦૦૦ માગે અને લગભગ દસ લાખ એકર જમીન પર પુરની અસર થઈ છે. ઉત્તર પ્રદેશમાં આવેરે ૩-૧૦ કોરોડનું નુકસાન થયોને અંદાજ છે.

ઉત્તર પ્રદેશ કરતાં બિહારમાં વધુ નુકસાન થયું છે. ત્યાં પુરને લીધે લગભગ ૩-૨૨ કોરોડનું નુકસાન થયા નો સરકારી અંદાજ છે. સોંકડો કાચા મકાનો પડી ગયા છે. મકાનો અને ધરવખરીનું નુકસાન ૩-૬૦૬ કોરોડનું થવા જાય છે. આ વિસ્તારમાં ઉભો પાક લગભગ સારૂ થઈ ગયો હોવાનું જણાય છે. બધા વીરનારમાં રાહત માટે લાગતી વળતરી પ્રદેશ સરકારે તરતથી પગલાં લેવાઈ રહી છે.

પારડી તાલુકામાં સમાજવાદી પક્ષ ની આગેવાની હેઠળ કિસાનોએ સત્યાગ્રહ સર કર્યો છે. સત્યાગ્રહ કરવાનું કારણ એ છે કે, જમીનદારી નાણુદી દારાથી બચવા થયું જમીનદારોએ ધરબેઠ કરવાના નામે અણોતિયાઓ ને કાઢી મુક્યા હતા અને પછી એ જમીનમાં ખેતી કરવાને બદલે ઘાસ ઉમાડીને વેચી નાંખવાનું શરૂ કર્યું હતું. આથી હળવે અ.દિવાસી કિસાનો આને એકાદ જની ગયા છે, એમ સમાજવાદી પક્ષ તરફથી જણાવાય છે. પારડી તાલુકામાં આવી ધારીઆ જમીન થઈ છે. અળ-સમાજવાદી પક્ષ અને પારડી કિસાન પંચાયતે સરકાર પાસે તા. ૧૨મી એપ્રિલે એ મામલોઓ કરી હતી. એક તો વર્તમાન ઝડપે દરમિયાન ધારીઆ જમીનમાંથી પંચ હળવે એકર જમીન ને અનાજની વાવણી નીચે લાવવી અને બીજું એ કે જમીનો પરથી અણોતિયાઓને કાઢી કાઢવામાં આવ્યા છે, તેવી તપાસ કરવા માટે એક તપાસ પંચ નિમણું.

તા. ૧૬મી એપ્રિલે સરકારે પારડી તાલુકાના એ હળવે જમીનદારોને નોટીસ આપી જણાવ્યું કે, તેમની ધારીઆ જમીનને પડતર અણોતિયાઓ વિના વળતરે કબજે કેમ ન લેવો તેનાં કારણો આપો.

પરંતુ જમીનદારોએ જવાબમાં આ નોટીસની કાયદેસરતાને પડકારી છે અને એવો જવાબ આપ્યો છે કે, ધારીઆ જમીનને પડતર જમીન તરીકે ગણી શકાય નહિ.

હવે સરકાર આ અંબેમાં શું પગલાં લે છે તે જોવાનું રહે છે.

આ દરમિયાન પોતાની અમણીઓ ન સંતોષાતા સમાજવાદી પક્ષે પારડી તાલુકાના પરીઆ મુલે તા. ૧૬મી એપ્રિલે સત્યાગ્રહ શરૂ કર્યો. આ

સત્યાગ્રહની આગેવાની સમાજવાદી નેતા શ્રી મરોહ મહેતા અને મુખ્ય ના મુખ્ય પ્રધાન શ્રી મોરારજી દેસાઈ ને હેલ્દી મુંદણીમાં કરાવનાર કે. અમુલ દેસાઈ એ લીધી હતી. ખાનગી જમીનદારોની ધાસ જિલ્લી જમીન ખેડી નાંખીને સત્યાગ્રહ કરવાનો હતો. હળવે અ.દિવાસી કિસાનો દેસાનાસ વર્ગાડતા, નાચતા કુલ્તા કાયમાં કાદાળી-પાવડા સાથે સત્યાગ્રહના સ્થળે ગયા હતા અને તેમણે જમીન ખેડી નાંખી હતી. પછી જમીનદારની ફરિયાદ પરથી પોલીસની જંગી કુકડી એ સ્થળે આવી પહોંચી હતી અને તેણે ૨૦૫૪ માણસોની ધરપકડ કરી હતી. પાછળથી ૨૫ આગેવાનો સિવાયના બધા સત્યાગ્રહીઓને છોડી મુકવામાં આવ્યા હતા. આ આગેવાનો પર ફોજદારી મારા હેઠળ કામ ચલાવવામાં આવ્યો. આ સત્યાગ્રહ સંબંધમાં શ્રી મરોહ મહેતાએ ભારતના વડા પ્રધાન પં. નેહરુને લખ્યું છે. ફરી તા. ૫ મીએ આજ પ્રકારે મોતી પાડા બાંધે સત્યાગ્રહ થયો, આ સત્યાગ્રહમાં એક હળવે માણસો કામ લેશે, એમ મનાય છે.

વચ્ચે થોડાક દિવસો અટકીને ફરી અઢ કાલથી મુબરત, સોરાષ્ટ્ર અને કચ્છ માં વરસાદ શરૂ થઈ ગયો છે. અમદાવાદ ખાતે તો અઢ કાલે એક જ દિવસ માં પાંચ ઇંચ પાણી પડી ગયું હતું.

Founded by Mahatma Gandhi in 1903

*I have walked life's way  
with an easy tread,  
I had followed where con-  
forts and pleasures led,  
With station and rank  
and wealth for my goal,  
Much thought for my body,  
but none for my soul,  
I had entered to win  
in life's mad race,  
When I met Jesus face  
to face,  
I met Him and blushed  
to see,  
That His eyes full of  
sorrow were fixed on me,  
And I stumbled and fell  
at His feet that day,  
As my castles just melted  
and vanished away,  
My thought is now for  
the souls of men,  
Because I lost my life  
to find it again,  
That day in a quiet  
place,  
I met Jesus face to face.*

*God be in my head,  
And in my understanding.  
God be in my eyes,  
And in my looking.  
God be in my mouth,  
And in my speaking.  
God be in my heart,  
And in my thinking.  
God be at my end,  
And at my departing.*

## "The Proper Place For A Just Man"

By John Gild

**M**ANILAL GANDHI has been in prison since last Thursday, September 17. He will be there until the last week in October. Now that we are thinking of him, the time has come to quote again the best passage from Henry Thoreau's famous essay on the duty of civil disobedience, an essay that influenced Mahatma Gandhi:

"Under a government which imprisons any unjustly, the true place for a just man is also a prison. The proper place to-day, the only place which this State has provided for her freer and less desponding spirits is in her prisons.....It is there that the fugitive slave, the Mexican prisoner on parole, and the Indian come to plead the wrongs of his race should find them; on that separate, but more free and honourable ground where the State places those that are not with her but against her—the only house in a slave State in which a free man can abide with honour. If any think that their influence would be lost there, and their voices no longer afflict the ear of the State, that they would not be an enemy within its walls, they do not know by how much truth is stronger than error, nor how much more eloquently and effectively he can combat injustice who has experienced a little in his own person."

Who was the writer of those memorable words? Henry Thoreau was an American who died in 1862 at the age of 45. He left for posterity a book, "Walden," and a number of essays. He was a sort of anarchist who did not believe in organised government and who lived a quiet life in Massachusetts. When he was arrested for not paying his poll tax, he went to prison as a protest against the use of public money for the American war against Mexico. He firmly believed that a man could live his own inner life in the midst of a society demanding very different moral values. Expressing this idea, his famous essay was a ringing challenge to the State.

## Mrs. Pandit—President Of United Nations General Assembly

THE election of Mrs. Pandit as President of the United Nations General Assembly seems to have caused a great deal of uneasiness in the Western world. If the reluctance to accept this unique event with enthusiasm is due to the fact that the President belongs to the "weaker" sex, then it seems most unnatural, because the emancipation of women and their equality with men is not something new in the Western world.

A London newspaper has gone so far as to say that Britain should pack up and get out of the United Nations before things become too dangerous for them at the United Nations. This is very surprising indeed. Things can never become too dangerous for a just cause and there can be no reason for fear. One wonders whether the Western imperialistic countries are, at long last, accepting defeat.

The United Nations Organisation is a democratic institution, that decides and settles matters justly. We certainly hope that its members and executives are not swayed by personal opinions and feelings when making decisions of importance. Britain and America seem to feel that Mrs. Pandit will most certainly help in making decisions that will be dangerous to them. This opinion raises a query in one's mind, whether the United Nations Organisation is a body that weighs

the pros and cons of important matters and then settles matters justly, or whether it is a body in which, countries side with one another, just on the basis of friendship or selfish gain, without giving thought to the moral value or justification of the problem before them. That British minds can think in such lines, is a reflection on their own attitude in helping to solve problems before the U.N. One wonders if this is the reason why they have always been silent or reluctant to speak on the South African racial problem.

We hope that Mrs. Pandit will not be swayed by personal feelings in her decisions and that her whole attitude will be based always on the justification and moral value of the problem before her. Mahatma Gandhi left India the heritage of freedom based on Truth, Justice, Love and Non-violence and if Mrs. Pandit carries with her this message to other countries, then there can be no cause for, any country, friend or foe to fear danger by unjust decisions.

It is a pride and privilege that India has risen to the position of being at the head of nations in so short a time and that she has produced a daughter to hold her banner up—it is to be hoped that it will be a banner of hope and justice to all races of the world irrespective of class, colour or creed.

A.N.C. And S.A.I.C. Congratulate Mrs. Pandit

The following cable was sent to Mrs. Vijayalakshmi Pandit the President of the United Nations Organisation by the Working Committee of the African National Congress and the South African Indian Congress: "African National Congress and South African Indian Congress on behalf of ten million non-Whites welcome your election as President of the United Nations. It is a fitting tribute to India's stand for peace and justice and recognition of your selfless devotion to the cause of suffering humanity."

U.K. Paper Criticises

Mrs. Pandit

The 'Daily Express' (London) criticized the appointment of Mrs. Pandit as President of the United Nations General Assembly. In an editorial headed "A Woman Takes Over," the paper said that Mrs. Pandit was a clever and ambitious woman, and that now in her new job as President of the General Assembly she was "a powerful woman too." The paper said that like her brother, Mr. Nehru, the Prime Minister of India, Mrs. Pandit sometimes showed more sympathy for the enemies, than for the friends, of Britain and America. As President of the General Assembly, guiding the course of the debate and influencing decisions, she might make her sympathies felt to Britain's and America's cost. The activities of the United Nations Organisation never benefited Britain, the paper said. Often they were damaging. There was a possibility now that under the direction of Mrs. Pandit they might be downright dangerous. There was only one safe and sensible thing for Britain to do at the United Nations and that was to pack up and get out, the editorial concluded.—Sapa

Dutch Liberal Paper Takes

Malan To Task

The liberal 'Algemeen Handelsblad,' commenting on Dr. Malan's failure to secure a two-thirds majority in Parliament for his electoral legislation, says this move is but one facet of his apartheid policy. The newspaper refers to the recently passed Bill introducing apartheid in public services and public buildings and various efforts to keep Indian immigrants out. It also enumerates the domestic and international conflicts in which Dr. Malan is involved with the United Party and the non-White part of the

population, with the trade unions, with the United Nations and with India, and "with world opinion generally." "These conditions harm the country socially and thereby economically," says 'Algemeen Handelsblad,' adding that there has been growing criminality in recent years, a flight of capital and lack of capital for investment and heavy taxes. "Investment of foreign capital is small, and Dr. Malan does not make any effort to improve this situation." The newspaper agrees that much good is being done for the "Coloured population, but adds that "necessary political measures which could lead to a relaxation of tension are not proposed. The situation is the more regrettable because no compromise will be possible with Dr. Malan, who thinks he is right always and anywhere. But in Democracy right cannot be monopolized, and an essential point is that the rules of the game, and, therefore, the rights of the minorities, be respected."—Sapa-Reuters.

S.A. Hindu Maha Sabha

The South African Hindu Maha Sabha and the Conference Reception Committee have now concluded all arrangements for the holding of the 11th session for the South African Hindu Conference in Durban on 10th, 11th and 12th October, 1953. The official opening will be done by Mr. B. R. Naidoo at the Hotel Marlborough at the A. L. K. Co. Memorial Hall, Leopold Street, Durban, on 10th October, 1953 at 8 p.m. The indications are that this session will surpass all previous Conferences both in regard to the attendance of delegates from numerous institutions throughout Southern Africa and in relation to the achievements of its objects. An important feature will be the attendance of a large number of women delegates. A full programme has been arranged for the delegates including entertainment. A Conference volunteer corps has been constituted which will be in attendance throughout the Conference. A Hindu Singing Meeting Open money will take place on Saturday, 10th October, 1953 at the Hindu Tamil Institute, 50-52 Cross Street, Durban, where a large number of vernacular school children will participate. An appeal is made to all Hindu institutions and individuals to assist and co-operate in every possible manner and they are requested to communicate with the Secretaries of the Sabha.

## HONOUR TO INDIA

**MRS. PANDIT'S** election as President of the General Assembly of the United Nations is a great honour for India as well as a great compliment to her personally. A tall, handsome woman, she and her grown-up daughters have been striking personalities at UN for several years. Mrs. Pandit's gifts as a diplomat and her eloquence as a speaker have won her the regard even of her opponents. It seems to me significant that the first woman to preside over an international assembly of this order should have come from Asia where women's emancipation

Davidson's new book, "Day-break in China" (published by Jonathan Cape at 10s. 6d.) Mr. Davidson is a British journalist well known in the Union through his excellent "Report on Southern Africa," written in 1952. Last year he was one of a party of eminent Englishmen invited to visit China by the Government there. Before the overthrow of Chiang Kai-shek's corrupt regime, China had remained divided and backward in economic organisation. Now the communists have at last brought unity to this long-suffering country. They have brought more than that. They

rebels in the United Party? That is the question to ask. The rebels have been handled with great respect and even with some sympathy by the U.P.'s daily press. Imagine what would have happened if a few liberal members of the party had done what these right-wing rebels have done. They would have been bundled out of the party in no time.

But behind the Bekkers there are, in my opinion, various business interests, and especially some of the mine-owners, who are ready to use this personal quarrel for their own purposes. They really want the U.P. to enter into a coalition with half of the Nationalists to form a new conservative party. That is their design for getting at least some of the reins of power back into

their own hands. To accomplish this purpose, they will risk weakening and even splitting the U.P. They have not found Mr. Strauss easy to mould, not because he is a strong man but because he hardly has a mind of his own to mould. So they would readily discard him, if need be.

However all these plans and all the intrigues now afoot have so far failed. For one thing, the Nationalists show no real signs of splitting. Mr. Havenga would like to have a coalition, but his influence is very limited. So at present the indications are that the business man's nightmare will become a reality—by which I mean that Mr. Strydom will succeed Dr. Malan as Prime Minister in the next year or two.

Mrs. VIJAYALAKSHMI PANDIT

is much more recent than it is in the West. Social change, certainly today, has come faster in Asia than it did in Europe, once the Asian countries had won their independence. In the few years that have elapsed since India became free, she has achieved a position of considerable influence in the world. However reluctant Washington may be to recognise this fact, it remains a fact to be reckoned with.

## Report On The New China

China is the other great power in Asia destined to influence not only Asia but the world. Half the people of the whole world live in Asia and half of that number, namely 500 millions, live in China. There is not very much first-rate material available in English about the new China (or, for that matter, about the old). That is one reason why I welcome Basil

Davidson's new book, "Day-break in China" (published by Jonathan Cape at 10s. 6d.) It is this policy that has made the new government acceptable to countless peasants whose main interest is wedded to the land. The peasants had suffered badly through all the long years of military feudalism, banditry, civil war and Japanese invasion. Now all that is ended. The first task of China's new rulers has been to right old wrongs; and then to put some of the people on the road to industrialism, the only road by which backward people can escape from poverty. Of course, that requires modern machinery as well as technical training and now China is beginning to get both. If Mr. Davidson's book is not the whole story, it is an exciting introduction to the truth about China today.

## RACE RELATIONS IN S.A. GROW WORSE, SAYS MR. NEHRU

**THE** Indian Prime Minister, Mr. Nehru, said in New Delhi that the South African question had become "frozen or petrified," showing no signs of improvement and possibly some deterioration.

He told the Indian Lower House of Parliament that racial discrimination was practised elsewhere, but that in other places there was "an element of apology." In South Africa racial discrimination was blatant, and no excuses were put forward for it.

The question had become a major test for the world.

Mr. Nehru said that nearly all the people of the world obviously wanted peace. "Yet I must confess that recent events have made me slightly doubtful of any permanent settlement in the near future."

He said that United States opposition to India taking part in the Korean political conference had "flouted the will of Asia."

Some Powers had not realised that the countries of Asia, however weak, did not propose to be ignored, by-passed or sat on.

The question of the admission of Communist China was the basic issue bedevelling the United Nations.

China was a foundation member. The only question was who represented China. It was completely unreal to suggest that the Formosa Government could speak for China.

He warned that India would not allow the foreign settlements of the French and Portuguese in India to become "danger spots." If these places were used directly

or indirectly in connection with a war, India would have to take action to stop it, he said.

It was quite impossible for the Government of India to tolerate foreign footholds in any part of India.

Referring to Kashmir, the Prime Minister said that the re-

cent change of Government there had been caused by economic discontent among the people. India intended that the people of Kashmir should decide their own future.

"Kashmir is certainly desirable for us from the strategic point of view, we cannot impose our desire or wish on the people," he said.—Sapa-Reuters.

## LIBERAL PERSPECTIVE

## THE POLICY OF THE LIBERAL PARTY

## I—NOT YET LIBERAL ENOUGH

By C. W. M. GELL

From 'The Forum' (Johannesburg)

THE Liberal Party has two primary objectives: (1) to educate the White electorate towards a less narrowly self-centred and suicidal interpretation of its own true self-interest—towards an interpretation which demands the progressive application of the ideals of Christianity and western civilisation to our plural society, and (2) to create common political ground on which White and Black can meet and there work out together the basis of a real South African patriotism, embracing and reconciling all sectional, racial nationalisms. Of course, these are not really two distinct objectives but rather two aspects of a single aim, though in the party's early days it may be helpful to consider them separately.

But to preserve their essential unity of purpose the appearance of conflict between the two objectives must be minimised. And it does appear to this observer, at least, that the party is in some danger of concentrating on (1) to the exclusion of (2); of recommending principles and policies that certainly outrage the vast conservative majority of Europeans but yet are subject to such reservations and qualifications on points of substance as to impair their validity in the eyes of non-Europeans and thorough-going European liberals. The Liberal Party would probably retort that, in order to fulfil objective (1), it is essential to dissipate the myth that its members are "radical extremists," "impractical visionaries" etc. and to display them as sober men and women with a constructive programme based on moral ideals and capable of realisation. And it would be well enough to hasten slowly if time were not so vital a factor. But the next few years will see the final decision taken by our non-European majority—or, rather, by the small educated intelligentsia that in fact leads any community—whether or not a plural society can be evolved based on mutual respect and co-operation between Black and White, or whether Black aspirations can only be met by the eventual, utter defeat of the dominant White caste. The fruits of this decision may not become evident for some time afterwards, but the moment of decision is perilously close upon us. Some say it is already past. I do not believe them, though I

share their sense of urgency. And I, therefore, view the present Liberal neglect of objective (2) with anxiety. For if the most progressive of the White political parties at this crucial moment is still more intent on placating White prejudices than on meeting non-White aspirations, must not the decision be anti-White with disastrous consequences for both Black and White?

In this article, therefore, I shall disregard all that European politicians and press have had to say about the undesirability or impossibility of liberalism in any form and will try to put forward, as a liberal European who is not yet a member of the Liberal Party, the case of those few Europeans and many non-Europeans who still find the party not liberal enough. In doing so, I know I shall be keeping some strange company. All sorts of semi-fascists and semi-communists, Black and White, have let fly at the Liberals, so that there is a genuine risk that all adverse criticism will be written off as either reactionary or extremist. I hope to show that there are much more solid grounds for criticism than mere hostility to liberalism, whether from the Left or the Right. And I sincerely hope that the Liberals will not be deflected from their own purposes because some alien ideologists proclaim Fame-bounding (but not necessarily Fame-meaning) goals.

It is an open secret that, although the Liberal Association was founded about 18 months ago, its transformation into a political party was due to the rather reckless initiative of a few members early in May, before all the implications of the step had been fully weighed. Not surprisingly, therefore, the party's initial statement of principles (Cape Town, May 10) was a vague and confusing document. "The essential dignity of every human individual" sounded all right; but "the maintenance of his fundamental rights" conveyed little to those whose rights are few and diminishing and who in any case want to know which are considered "fundamental." The second clause asserted the liberal principle of equality of opportunity and the third "the maintenance of the rule of law," to which I shall return later. The fourth "principle" combined the

elimination with proclamation of the common roll franchise to "all suitably qualified persons."

Now I believe that much of the confusion in Liberal thought these last five months derives from the original error of elevating a political step or tactic (the qualified franchise) to the status of a "principle." Having disposed of racial discrimination in the first part of its fourth principle, the party should have gone on to state unequivocally that its goal is equality of human status for all races and individuals—that is to say, equal rights, duties, liberties and opportunities for all men and women. Since the fundamental principle underlying Christianity and western civilisation (of which liberalism is the characteristic political ideology in both conservative and socialist states) is the intrinsic worth of the individual human personality, this goal of equal human status is quite basic to any liberal programme and it implies (so far as political forms have yet evolved) the eventual objective of universal adult suffrage coupled with universal compulsory education. Set against such an objective, the qualified common franchise is a legitimate first step. Standing alone as a "principle" and apparently as the eventual goal, it is an illiberal objective, even if much less illiberal than any existing political practice in this country.

Drawing a parallel in these columns in April between Britain in 1832 and South Africa in 1953, I said that of course, once the barrier of prescriptive political privilege is overthrown and the principle of change established, no electoral goal is possible short of universal suffrage. The Nazis see this with full clarity. They use it as an argument against making any concessions at all in the direction of what Mr. Swart has called "the detestable doctrine of human equality." There is a certain truculent honesty about this Nazi stand. With Sir Robert Peel in 1832 they might have said: "I was unwilling to open a door which I saw no prospect of being able to close again." The only possible and proper liberal retort is a declared intention to proceed in an orderly and progressive manner towards the full democratic goal, frankly proclaimed.

In fact the Liberal Party sees this. In the first franchise resolution of its national conference in July it declares as its aim "the responsible participation of all South Africans in the government and to provide compulsory education for all South Africans and the extension of the franchise to all adult persons who have received such education." The second resolution defines the

common franchise qualification as being "in order to ensure an orderly transition towards this goal." Now if these two resolutions do not imply the goal of universal suffrage, I'm a Dutchman. Yet they do not explicitly say so. And the party is, therefore, left in the weak strategical position of being exposed to illiberal criticism for advocating a "pernicious, subversive and unacceptable" goal, without definitely reassuring its friends that it does fully intend to set out for that goal.

Some may think that I am quibbling over trifles. But we have special regard to objective (2) at the beginning of this article, the exact wording of the party's franchise policy is of vital significance. Non-Europeans have arrived through a long period of disappointment and broken hopes at a condition of almost pathological suspicion and distrust against any White-created party. No doubt they will have to learn to temper this understandable frailty with a more robust sense of confidence in the justice and strength of their cause. But there is a no less certain obligation on all Europeans who set out to win the political co-operation and goodwill of non-Europeans to be quite unambiguous in their statements of policy, particularly concerning their ultimate objectives. Every non-European politician is looking for concealed subtleties and innuendoes.

A word also about the practical implications of the Liberal qualified franchise. In announcing its Standard VI qualification on July 13, the party believed it would add 300,000 non-Europeans to the common roll. This is almost certainly too high a figure. Possibly 300,000 non-Europeans have passed Standard VI in the last 20 years. But, owing to death, dispersal, lack of proof and possibly of interest in some cases, I doubt if half this number would be available for enrolment. How many more the £250 income or £500 property tests would add is anyone's guess. Mr. Harold Hanson said on August 13 that "probably 500,000 non-Europeans would get the vote today on the Liberal Party's franchise." Let us assess the total probable enrolment more soberly at a maximum of 300,000 ready and able to prove their qualifications today. That is, strangely enough, the number of extra voters actually added to the British roll by the Great Reform Act of 1832. But, leaving aside the passage of 120 years with all their liberating ideas that have produced an altogether new intellectual climate since that "revolutionary" Act, those 300,000 extra British voters represented a 60 per cent increase in the electorate. In South Africa

they would only represent a 20 per cent increase, leaving non-Europeans about 15 per cent of the total electorate. And, further, there are about 30,000 non-Europeans and 36,000 Europeans in Standard VI. For reasons unconnected with innate ability, roughly two-thirds of the former and three-quarters of the latter pass each year—so that the annual enrolment of voters under this clause would be about 20,000 non-Europeans and 37,000 Euro-

peans. These facts help to explain why non-European political organisations are not now enthusiastic over the Liberal Party's proposals; and the emphasis of how essential it is, on grounds both of principle and expediency, that the party should make clear beyond all possibility of doubt that these proposals are only the first of a graduated series of steps moving inexorably towards full equality of human status.

## APARTHEID ISSUE ADMITTED TO U.N. GENERAL ASSEMBLY

### SOUTH AFRICA TAKES EXCEPTION

BRITAIN, South Africa, New Zealand, Luxembourg, France, Belgium and Australia voted against admission of the apartheid question to the agenda of the UN General Assembly. Abstaining were Argentina, Colombia, the Dominican Republic, the Netherlands, Peru, Turkey and Venezuela.

The UN General Assembly vote was taken on Thursday, September 17, the vote on the apartheid issue being 46 to 7, with seven abstentions. The vote on admitting to the agenda the question of the treatment of Indians in South Africa was 45 to one (South Africa), with 11 abstentions.

Earlier, the South African delegate, Mr. G. P. Jooste, asked the Assembly to refrain from debating the treatment of people of Indian origin in the Union and from accepting a report by a Good Offices Commission which studied the policy of apartheid in South Africa.

Mr Jooste contended, as he had on past occasions, that from the "strictly legal point of view" the United Nations had lacked competence to deal with these matters.

Arguing against the inclusion of the Indian question, Mr. Jooste said, "I do not have to remind this Assembly of the history of this matter, nor do I have to remind the Assembly of the attitude of my Government with regard to it.

"It is, therefore, not my intention to go further than merely to state once again that the question of the treatment—or allegations with regard to such treatment—of people of Indian origin in South Africa is one which falls essentially within the domestic jurisdiction of the South African Government.

Mr. Purnima Dayal, of India, said this was the seventh occasion on which the question of the treatment of people of Indian

origin in the Union had been before the General Assembly.

South Africa had challenged the inclusion of the item on the agenda at previous sessions, and it seemed superfluous to contest its inclusion again.

This was not the time to raise the question of competence, which could not be challenged until placed on the agenda, he said.

Arguing against receiving the report from the Good Offices Commission on apartheid, Mr. Jooste said, "Let me now turn briefly to the allegation that what is happening in South Africa constitutes a threat to the peace.

"This, of course, is a most reprehensible and mischievous allegation—since there can be a threat to the peace only when the territorial integrity or political independence of another State is threatened.

"No single State can claim that its sovereignty and territory have been threatened by South Africa.

"None of the charges listed against South Africa involve any matter which in any way affects the legitimate rights of another State."

Mr Jooste said that this was "a most mischievous attempt to attract support from the vendors which the Government of India isolated against South Africa in the United Nations.

He added, "there are few whose experiences will not bear me out that discussion in the United Nations constitutes perhaps one of the most insidious and effective forms of interference of which this organisation is capable."

Mr. Dayal, replying for India, reserved the right to deal with Mr. Jooste's arguments at "an appropriate time."

Sir Walter Haskinson, of Britain, opposed placing the issue on

the agenda. He said that Sir Gladwyn Jebb last year had drawn the attention of the Assembly to the dangers of the increasing tendency to discuss the internal affairs of States, and had given a warning that this tendency was gradually producing a complete change in the basis on which the United Nations was originally founded, and on which a great many member States joined it.

"By accepting the item on its agenda at the last session, the Assembly, in the British view, contravened the Charter.

"The Commission's proceedings were, of course, from the

outset illegal, but apart from this, further illegalities were committed when the Commission decided to hear private individuals and representatives of non-Governmental organisations.

"No right of representation to the United Nations is accorded to private individuals by the Charter or by any convention or rule of procedure emanating from the Charter," he said.

"The British Government feels strongly that such unconstitutional courses of action can only harm the United Nations and can only impair the prospect of progress in the various fields which are open to it."—Sapa-Reuters.

## INTIMATE'S SECOND PLAY FOR NON-EUROPEANS

IN spite of a relative lack of support for Intimate Theatre's first show for non-European audiences last month when "Someone at the Door" was presented for a ten-night run, Mr. Michael McNrile the Director-Producer-Actor-Manager of the Company, has decided to risk a second production for a decreased run, rather than disappoint the many non-Europeans who did give the first venture such enthusiastic support.

Gerald Savory's hilarious comedy "George And Margaret" has been specially chosen for a five-night run commencing on Tuesday next at the Bolton Hall. The play will be produced by Gerald Sim, who made such an outstanding impression in "Someone at the Door" as Ronnie Martin. The cast will include Lawrence Ayris, who appeared as Price, the Butler with Gerald Sim, in the Company's last production at the Bolton Hall, and Helen Brathwaite, who is well known to radio listeners.

Lawrence Ayris was a scholarship winner at the London Academy of Dramatic Art and played in repertory at Wolverhampton and Birmingham and was Stage Director for the Ballet Negres at the Champs Elysees Theatre in Paris. He has played in over sixty productions for the Brian Brooke Company, including a six-month tour of the Union as "Tally" in "Warm's Eye View." He also played opposite Gwen Ffrangcon Davies in "The Ball at the Castle" for the recent Van Riebeck Festival, and opposite the famous British film and stage star Cecil Parker in "The White Sheep of the Family."

The prices for "George And Margaret" will remain at 6/- 4/6

Lawrence Ayris

and 3/2 (including tax) in spite of the fact Intimate Theatre has found it necessary to increase its prices to its European audiences to a flat rate of 7/6 per seat.

# A.N.C. AND S.A.I.C. MEMORANDUM TO UNITED NATIONS

## NATURE OF DISCRIMINATION IN S.A.

(Continued from last week)

### 1. Discrimination In The Franchise

THE South Africa Act is the Union's Constitution and it enshrines the principle of race discrimination.

All members of Parliament must be "of European descent." With minor exceptions (explained below) Africans are not allowed to vote. The indigenous inhabitants of the African continent, who are the big majority of the people, are barred from exercising the first right of a citizen of a democracy: the right to choose his or her own Government, by vote.

The Constitution reflects the historical differences described in the previous section that existed between the Cape and the Northern provinces before Union. These differences were retained in the South Africa Act. Non-Whites kept the vote in the Cape, but this right was not extended to the Northern Provinces. Even in the Cape the right of non-Whites to stand for Parliament was removed.

Since the passing of the South Africa Act, successive changes have been made to restrict still further non-White voting rights in the Cape. Africans have been placed on a separate voters' roll, and elect three Native Representatives (they must be Whites) separately. In 1930 white women were given the vote, but Coloured women not. This, of course, cut the voting strength of the Coloured people in half. Then educational and property restrictions on White voters were removed, but not in the case of Coloured people. This further reduced their political influence.

There are about 35,000 Coloured voters in the Cape, as against 350,000 Whites. 3,500 Asians are also registered voters.

Apart from the three Native Representatives in the Lower House who represent the Africans of the Cape Province, the only other African representation in Parliament is in the Upper House, the Senate, where four members are indirectly elected by the Africans under the 1936 Native Representation Act. These Senators must be Whites. The four Senators represent Africans who have three Assembly representatives. Thus one Senator is elected by the indirect vote of all the Africans of the Transvaal and Free State

provinces, taken together. Under the system of indirect election, chiefs, headmen, advisory boards, local councils, constitute the electoral units and have as many votes as there are African taxpayers in the area.

As a contrast to this extremely limited franchise of the non-Whites (and it must be remembered that apart from 1,500 Asians in the Cape no Indians are represented in Parliament at all) every White over the age of 21 years has the vote. In the Cape where Coloureds and Indians have a vote they must be able to write their names and addresses and occupy property to the value of £75 or earn £50 a year if they are to qualify for the voters' roll.

Thus in Parliament, 40 Senators represent the Whites and 4 the Africans, and in the Assembly 150 Members represent the Whites and a small number of Coloureds and Asians, and 3 the Africans of the Cape Province.

Out of a total of 197 Members, 150 represent 22 per cent. of the population, and 7 represent 68 per cent. The remaining 30 per cent. are totally unrepresented.

Only in the Cape are non-Whites represented on Provincial Councils, and only on Cape Municipal Councils may non-White Councillors sit.

Everywhere else City and Town Councils are exclusively white.

### 2. The Coloured Vote Crisis

Not satisfied with this gross disparity, the Nationalist Government has set itself to destroy the vestiges of non-White franchise rights. They have repeatedly threatened to abolish the three African representatives. One of the three elected Members of Parliament (Mr. S. Kahn) was expelled from Parliament under the Suppression of Communism Act, 1950, and his successor, Mr. B. Bunting, is at present under immediate notice of a similar expulsion.

Above all, the Nationalists have set themselves to remove the Coloured voters from the Common Roll in the Cape Province.

In 1951, the Nationalists passed the "Separate Representation of Voters Act" amidst

one of the greatest constitutional storms in the country's history, removing the Coloured voters of the Cape from the Common Roll and flouting the entrenched clause in the Constitution which safeguarded the non-White franchise of the Cape. The Nationalists defied the constitutional provision that the franchise could not be taken from the Coloureds except by a two-thirds majority of both Houses of Parliament sitting together. Their Act substitutes a communal franchise for the direct vote, giving the Coloured people four representatives in the House of Assembly.

A country-wide campaign against the Act, from great sections of both Whites and non-Whites, raged for months. Four Coloured voters filed Court petitions contesting the validity of the Act on the ground that it conflicted with the provisions of the South Africa Act. They were successful in the Courts.

Thereupon the Nationalist Government promulgated the High Court of Parliament Bill which constituted Parliament itself the highest court in the land, this farcical procedure all to enable the Nationalist caucus in Parliament, in the guise of the final Appeal Court, to give the Act the stamp of legality. The High Court of Parliament Act was then declared *ultra vires* by the Appellate Division of the Supreme Court.

With fanatical obstinacy, the Nationalists have pursued their object of disenfranchising the masses 35,000 Coloured voters. As we write these lines (August 1953) they have summoned a joint session of both Houses of Parliament and efforts are being made to persuade the United Party (Opposition) members to co-operate in overthrowing the necessary constitutional two-thirds majority. However, as no concessions are being offered to the Opposition (such as a Coalition Government with a sharing of Cabinet seats, etc.) it seems that the required majority may not be forthcoming.

### 3 Discrimination In Land Ownership

The process of driving the Africans from the land was completed and legalised in 1913 with the passing of the notorious Native Land Act. This Act prohibited all Africans from acquiring or hiring land outside areas scheduled in the Act. It brought about the tragic uprooting of hundreds of thousands of families settled on their land for generations who now had nowhere to go. This was a

deed of historic infamy whose effects are felt to this day.

The confinement of millions of Africans to areas far too small to support them had a very clear purpose; the pressure of land hunger, poverty and starvation forced them to leave their homes in the countryside to seek work on the mines and farms. The Union's land policy has always been the lever for its migratory labour and cheap labour policy.

After the 1913 Land Act the total area left for African occupation as "Native Reserves" was 10,422,735 morgen out of a total of 142,535,000 morgen, that is about 7.3 per cent. of the total land area. It was promised that more land would be added to the Reserves, but by 1936 the total addition was about 1 per cent.

The First Secretary of the African National Congress, the late Sol. T. Plaatje, painted in his book "Native Life in South Africa" a heart-breaking picture of thousands of Africans he saw in July 1913, in the bitter heat of winter, trekking aimlessly with their cattle and families across the Union, rendered homeless and landless by the Land Act. Many of them subsequently became landless agricultural labourers or labour tenants, modern serfs, allowed to farm a small piece of ground in return for their service and that of members of their family for a certain period every year. As one petty chief put it: "My grandfather awakes one morning at his own hearth and found a white man who said 'You are living on my farm and you must work for me.'" In effect African agricultural labourers are paying with their labour for access to the land they once held themselves.

It should be remembered that the 1913 Land Act followed the census of 1911 which showed Africans constituted 28 per cent. of the total population.

Moreover, "with the exception of the Transkei and Pondoland (the Reserves) were on the whole regions of only medium or poor fertility, many of them left for Native occupation after the better land in the vicinity had been taken over by the white farmers." (E. R. Roux in *Kuon Relations Handbook*).

The 1936 Trust and Land Act abolished the right of Africans in the Cape Province to purchase land outside the Reserves, thus placing them in the same position as those in the other three provinces. At the same time an area of 7½ million morgen was earmarked for purchase for additional Reserves. These pur-

chases were supposed to take place by 1946. In the 14 years following the passage of the Act, 4,286,371 morgen of land were purchased in the four provinces. In 1950 only £497,195 was spent buying 70,841 morgen. Still to be purchased is 2,963,839 morgen.

White farmers have bitterly and consistently opposed even these limited concessions of land for Africans. And even Mr. D. L. Smith, then Chairman of the Native Affairs Commission, said, "We are being pressed by the Europeans to remove the few black spots, but we cannot do that unless we give the Natives land elsewhere of equal agricultural and pastoral value. It appears that the European community is not prepared to honour its promises."

Today the Reserves, in the words of a Government Commission, are "generally backward areas, and the whole atmosphere is one of stagnation, of poverty of people and resources. There has been little, if any, attempt to integrate them into the national economy; they have been largely ignored and neglected."

The rate of increase in population has far outstripped the rate at which land was added to the existing Native areas.

Few families in the Reserves can depend solely on agriculture for their livelihood. Yields from crops and animals are so low that supplementary income must be obtained from somewhere. Due to the overcrowding of the Reserves, the small-size holdings of the individual and the utter dependence of the people on each season's crop, it has been impossible for the African farmers to let land lie fallow, rotate crops or practice other good farming techniques. The result has been that the land in the Reserves, poor to start with, has reached a chronic and shocking state of erosion and steadily aggravated infertility where droughts and dust storms are becoming increasingly prevalent.

Traditionally, the Africans are a cattle-owning people, but more and more today their cattle are passing from their possession.

Report No. 9, of the Government Social and Economic Planning Council states that:

"In the two Ciskei districts (Kingwilliamstown and Kei-Khamahek), 30-50 per cent of the taxpayers own no cattle; in the seven Transkei districts, 44 per cent of the families have no cattle at all, 20 per cent own from 1 to 5 head, and the remaining 36 per cent, have up

wards of 50 in the Umkomas River valley at Pekaia 26 per cent of the families own no cattle.

"In the seven districts of the Transkei 33 923 families, i.e. 47 per cent, have neither sheep nor goats, and of the sheep owners 13.39 per cent own from one to five heads." In one location, which was considered to be an average one for the Territories, three out of a thousand stock owners owned 70 per cent of the sheep and 50 per cent of the cattle in the locations. Evidently thousands of families in the Reserves not only own no land but also possess no stock.

While the African peasant in the Reserve has thus a desperate struggle to maintain a bare existence for himself and his family from the produce of the land he is still called upon to find money in order to pay taxes and purchase necessities of life. Yet it is almost impossible for him to obtain money from his farming operations. Even if he had managed, often by depriving himself and his family of food, to accumulate a small surplus of farm products, these would be mortgaged in advance to the white trader. The Government claims the Reserves at least are areas where the Africans have full opportunities for economic progress, yet we find that in the Transkeian territories at the 31st March 1945, the number of traders was as follows:—

|                   |       |
|-------------------|-------|
| (a) Europeans:    |       |
| Urban areas .. .. | 350   |
| Rural areas .. .. | 705   |
|                   | <hr/> |
|                   | 1055  |
| (b) Natives:      |       |
| Traders .. ..     | 37    |
| Bakers .. ..      | 1     |
| Dutchers .. ..    | 40    |
|                   | <hr/> |
|                   | 81    |

The African peasant would not even find it impossible to market his produce owing to the complete lack of adequate transport and marketing facilities for African farmers (as in contrast to the splendid arrangements made by the Government to enable the White farmer to market his produce).

The head of an African family living in the Reserves is thus compelled to spend a large part of his life away from his land and family working in the gold mines, in industry or on farm to earn money.

In the words of the Government Works Commission "A considerable percentage of the Reserve Natives have to work

for hire almost continuously with relatively short breaks to earn a living."

According to the Director of Native Agriculture "the labour force today is composed of men who are neither workers nor peasants, but poor shadows of both, standing with one foot in the Reserves and the other in the towns."

The 1936 census showed that 54 per cent of the male population was absent from the Reserves at the time of census.

It is the young men who go to work, and in the Reserves the work of farming has to be done by the aged, by children and by women free from domestic duties.

The average period spent away from home by mine labourers is about 14 months.

Again to quote the Social and Economic Planning Council:

"From a long-term point of view, the Council regards the system of migratory labour as morally, socially and economically wrong, and it looks forward to its ultimate disappearance."

"As far as the Reserves in particular are concerned, no real progress towards their rehabilitation is possible as long

as the migratory system of peasant labour is encouraged. The loss of man-power is bound to react adversely upon agriculture in the Reserves. Moreover, the Native has little incentive to improve himself as an agriculturalist, and his work outside the Reserves is not so much benefit to him in his home environment.

"If the migratory system prevents the Native from becoming a good farmer, it also makes him a poor industrial worker. The system is in fact wasteful of the country's greatest asset—its human resources."

It should also be noted that numerous "African Land Tenure" measures and laws operate against the acquisition of land and property by Indians in the Transvaal and Natal.

Finally, the notorious Group Areas Act has been promulgated in a number of areas by the South African Government—in contravention of Paragraph 3 of Resolution 393 (v) of the U.N. General Assembly (vide Resolution of the U.N. General Assembly, 13th January, 1950). This Act drastically curtails the acquisition of land by all non-white people to specific locations allocated by the white authorities.

## BENEFIT CONCERT TO SEND AFRICAN SINGER OVERSEAS

THE quality of African singing voices is proverbial among music-loving Europeans, but it is not often that Africans in this country acquire the musicianship to the European sense in addition to their own, to send Europeans into raptures about their potentialities being developed and realized overseas. This however, is exactly what has happened in the case of Ignatius Temba, who has thrilled European and Non-European audiences alike with his singing of operatic arias and now, what must formerly have seemed an empty dream to Ignatius, stands a real chance of being translated into reality.

Ignatius Temba

A strong committee, under the chairmanship of Mr. Edward Dunn, has been formed and the Ignatius Temba Fund has been instituted to collect the necessary funds to send Ignatius to the Guildhall School of Music in London. He has already been accepted as a pupil on the recommendation of leading Durban musicians including Mr. Noel MacAdam, Mr. Blythe-Major and Ross Alper.

The drive for funds will reach its first real climax with a special Benefit Concert at the Durban City Hall on Monday September 28 for which Joanlyn Kahn, Pamela Louren, Stephen Deak and the Durban Civic Orchestra have donated their services. In addition, Ignatius Temba will be the principal soloist. Special arrangements have been made to accommodate all Non-Europeans at whatever price they may wish to pay and the entire proceeds will go to the Ignatius Temba Fund. Booking is at the City Hall and the prices are 7/6 and 4/6 for reserved seats and 2/7 unreserved.

Ignatius Temba grew up in Johannesburg, where he received his primary education and where his father is chief clerk to the W.N.L.A. at St. Joseph's School at Vryheid. When he wrote his Junior Certificate, he sang as a soloist at modest concerts. From 1949 to 1950, he was at Marianhill, where he took both his matric and his teacher's course and actually taught there for the last year. His musical development owes much to the influence of the Monks and Nuns who encouraged him to sing Georgian chants in Latin, which monks undoubtedly have contributed much to his developing familiarity with the Latin language, with provision him with his chief love—opera.

As a result of representations by Mr. Dunn, to Mr. George Bartlett, Natal Manager for Messrs African Consolidated Theatres, Ignatius was allowed to see and hear all the operas presented by the recent Italian Opera Company and this led to an audition with Olimpio Ferranti, the Assistant Conductor and Ferrari, Ferrando who suggested that Ignatius should come to Milan where they would introduce him to the right people as they felt that Temba should have every chance of winning a scholarship and ultimately of singing in "Otello" and "Pagliacci." Ignatius also heard all the operas presented by the Lullaby Opera Company when they visited Durban.

In March 1951, when Ignatius first came to Durban to teach at the Mazzoni High School, he met Mrs. Froid Jacob. When Mrs. Kahn heard him sing, she offered to accompany him and coach him, which she has done for two years except for a break of four months when she went overseas. During this time, Ignatius won the bursary for the best all round artist at the All-Africanist Eisteddfod. The following year, Mrs. Kahn again coached him and accompanied him at the Eisteddfod and he again won the same bursary.

He also pays tribute to Giovanni Brevario, who has coached him in Italian and Diction. Mrs. Magid (better known as Rose Alper) has also interested herself in his development.

Anyone wishing to contribute towards his chance of going overseas, should contact the Ignatius Temba Fund, c/o P.O. Box 2239, or telephone 22319, to whom all cheques should be made payable.

## AFRICAN VIEWPOINT

## NATIONAL CONVENTIONS IN SEASON

By JORDAN K. NGUBANE

FROM many sides one hears talk of a national convention to find a modus vivendi out of the tangled relations into which we have all been thrown by colour prejudice. An indicative of the nation's awakening to the dangers of discrimination based on race, talk of these assemblies is very healthy.

At the Cradock annual conference of the African National Congress Professor Matthews made the bold demand that it was time the African National Congress took steps to convene a national convention of the people to work out a blueprint of the South Africa for which Congress fails. On the other hand, the Institute of Race Relations is reported to be on plans to ensure that a convention is convened.

The conventions in the minds of the Institute and Congress differ from the one contemplated by the Dutch Reformed Church in that the latter will confine its invitations, in the first instance, to leaders of the Christian Church. The South African Labour Party has for a long time been reported to be on plans for a national gathering of some sort.

These moves are indicative of a readiness, on the part of a substantial portion of the people of South Africa, to grapple realistically with the problems of relations between the races. But a national convention presupposes the will, on the part of all affected, to meet—apart from mutual concern over a certain aspect of national life. About the strength of this will on the ruling side I am a little doubtful at the moment.

The Liberal Party, the Labour Party and those who belong to neither on the white side but who detect the Colour Bar might readily attend such a convention. Possibly a section of United Party opinion might have a little more courage and political character and attend. But the bulk of these people together with the Masses crowd would not be likely to respond favourably to something which savoured of succumbing to liberalistic influences. And these people still represent the solid bulk of white opinion. Without them the convention would not be truly national.

The business of those who talk of a convention, then, is to

ensure that if and when it is called, it should be truly national—in the sense that it possible every section of the South African people should be represented.

This brings me to the Matthews and Institute plans because it would appear that these might be ready for implementation soon. Professor Matthews has not made clear what it is he means by "the people." If he means the majority of the people of South Africa, that is, the non-Europeans, his plan would suffer from being too sectarian. It might attract a favourable response from a section of European opinion—but not of a character to be regarded as representative. This is a fatal defect in the Matthews plan.

The Institute, on the other hand, works on more elaborate lines to make the convention it has in mind representative. It is reported to be on plans to approach organised bodies and individuals in every walk of national life. This means that if the United Party and the Masses refuse to co-operate we might, purely for argument's sake see the Chamber of Industries attending, or some similar organisation. That would be an important section of European opinion.

It would appear, however, that both the African National Congress and the Institute work at cross-purposes on the matter of convening a national assembly to agree on a new charter for South Africa. This might create a situation where the Institute might find the ANC taking up an unco-operative attitude. The fact must be faced frankly that if the ANC declined to attend the convention sponsored by the Institute, that would be calamitous. This is a fatal defect in the Institute's plan.

These defects necessitate a new approach to the whole question. Instead of the ANC and the Institute working separately to reach one goal, would it not be statesmanlike to present a common front? On the African side the African National Congress has been first in the field with a practical demand for a convention. The Institute is in a similar position on the white side. It would be unfortunate if this placed the

two bodies in rival positions where, for reasons of prestige or something else, neither found it possible to work with the other.

The Institute is already encouraging people in all racial camps, sounding them on their attitude to the convention. It has in mind, Congress has countered this by advising its members not to commit themselves before the National Executive Committee meets to discuss the Institute's invitation. This is a very reasonable request from the African National Congress. It would be disastrous for the African people to be represented by individuals at a national convention—no matter how highly-placed such individuals were. We want to be represented by our elected spokesmen and the only people we recognise in this respect are our elected leaders in the African National Congress. I would urge those of my readers who might have been approached to wait until the National Executive gives us the lead on the matter.

I trust the National Executive will not see little beyond national prestige. I trust it will be guided by the greater national interest—among national here in the broader sense which embraces every section of the people of South Africa. If it takes up this attitude, it will realise the defects in the Congress plan and be a little more accommodating.

But it is the Institute which should take the initiative to dispel any suggestion of competition in convening the national assembly. If it does not do this, I am afraid it might find it extremely difficult to persuade the African National Congress and, also, the South African Indian Congress, to participate in the convention.

A very great amount of tact is required to establish positive contact between the Institute and the Congress. I do not in any way minimise the very real difficulties on the way. But they must be overcome if the convention will not just be a farce; if the convention must raise the true voice of the South Africa for which we all labour. Congress opinion has stiffened considerably recently against liberalism of the Institute's type and this does not in any way make things easier for both sides to reach agreement. But if the will to agree cannot enable Congress and the Institute to work together on a matter of common interest, it would be absurd to imagine

that their differences would help to make their conventions a success. If both bodies presuppose the existence of the will to agree on the part of other sections of the population—otherwise they would not both talk of conventions—that will must already be particularly and affectively strong among them. It is for them to put it to the test between themselves. If it works, that will auger well for the national conventions. If it does not, that would be proof that neither is as yet ready for a convention.

The Institute will do well to approach the leaders of the African National Congress to see if they cannot agree to sponsor the convention; nominate their representatives on the convention committee, etc. The Congress should be approached with an open mind. Its leaders will not stand at attention and say "Yes" to everything just because white people say it. They have their own ideas about these things and sound statesmanship will respect them. In any case they are a power to reckon with now. It lies in their power to make or mar the convention. People in such a position deserve to be treated with respect.

This much I can vouch for: the leaders of the African National Congress are very reasonable men. But in South Africa, as everywhere where, men are insulted because of their race, quite a lot depends on approach, tactics etc. The idea of a national convention is inherently sound—not so much for what it will achieve as for purposes of educating opinion on the grave dangers of tyranny. To convene it, however, is a very delicate business. I would not like to be in the shoes of the people who talk of it—African or White—but I wish them all possible success.

## HEROES CAN DO NO WRONG

By REGINALD REYNOLDS

THIS is an interesting story written by Reginald Reynolds during his African conquest, for "Peace News." We take the liberty of reproducing this story for the benefit of our readers.

Unless you fly or have a car, the usual way of travelling from Kenya to the Copper Belt is by 'bus. There is no railway, but long distance 'buses cover the 1,500 miles from Nairobi to Ndola; and that was the way I travelled, on roads that ran almost all the way through bush.

The last leg is a four-days' run from Mbeya, in South West Tanganyika, to Broken Hill or Ndola. Tom spent the second night at the Ostrich Crane. I arrived on the weekly 'bus and shared a table that evening with three other travellers.

The Scottish minister, who had motored over for a funeral, was cultured and intelligent. The elderly woman, an ex-teacher, travelling on a route that crossed mine at this point, seemed to know an astonishing number of places where I had been and many of my personal friends. We talked of education, religion and problems with a capital P.

The fourth guest did not join in. His rough clothes and his deep tan suggested the man of action, but he was not handy with words. I tried to draw him into the conversation.

"Do tell them," I said, "the story you told me today on the 'bus'."

But he shook his head and smiled. He had the shyness as well as the gentleness, which is so often found with really tough men. Further in the day he had done me the honour of treating me to a 'mate.' But now the atmosphere was different—intellectually overwhelming, suspended.

I had been travelling alone in the First Class Compartment—not by choice, but because a European may not travel otherwise than First in Northern Rhodesia.

At a wayside halt he had boarded the 'bus, half apologetically, as though he feared to intrude on my solitude. He wore a leather wind-jammer and canvas slacks. His story had come out disjointedly; but by patient questioning I had pieced it together; and this was the gist of it.

He was a prospector and something of a hunter, too, with a love for the bush and the open spaces that recalled the

works of Jack London of whom as I rightly guessed he'd never even heard. It did not surprise me to learn, later, that he had been amateur middle-weight champion of 'Northern Rhodesia. His parents were South African Dutch and his father had lived just as the son loved to live himself. They were natural pioneers.

Very recently an African, working under him, had asked for leave. "My Old Boy," as he regularly called this man, was facing a domestic crisis. Another man had run off with his wife and action was required. Leave was granted.

The next news of "My Old Boy" was that he was in jail, on a three months' sentence for assault. I don't want to discuss the rights and wrongs of this, I am merely concerned here with the way the Dutch prospector reacted and what he did. It is a human story worth remembering if one begins to think racially. Dr. Ntshu is not the only person who thinks racially—it is necessary to be reminded sometimes that his own people—like the Africans are human beings.

"I couldn't let my old boy down," explained the prospector, "he'd been with me for 20 years." So he had travelled for two days by 'bus, chartered a car and driven another ninety miles. (He was not a wealthy man.) Then he walked sixty miles through the bush.

"Sixty miles?"

"Yes. In two days. I'm used to it in my job. I slept in the bush. If there had been lions about I'd have slept up a tree. I've done that before now. And I've always got my rifle." He finished it, lovingly.

He bailed his man out and somehow arranged to have the case submitted to an Appeal Court in his own district, in which he was returning. I don't know how this is done, but he did it. He said he would defend the man himself when the case came up. He was confident because of the prosecution and because of other arguments.

Remembering this I felt that the minister, the lady and I were indeed the Stage Army of the Good; but here was something that not one of us, perhaps, would have done. At table the Dutch prospector was almost as out of place as his "Old Boy" would have been. Only once did he come into the conversation. It was to describe some remarkable paintings in caves that I was to pass the

next day. Naturally I expressed interest.

To please me he travelled the next morning on the Ndola 'bus, though he was bound for Broken Hill. Once more we were the only two in the First Class. These 'buses make long hauls; and it was not difficult, after nearly three hours, to persuade the African driver to stop so that the two mad Europeans could go and look for the caves. "My Boy" was, of course, on the 'bus. He was a man of roughly the same age as his boss—about forty, I should judge—in a rakish green hat, a faded blue coat and a battered pair of striped trousers, as (ones) worn by city gents. He came with us.

We plunged through bush and over rocks where little grew but huge cacti. My guide and the "Old Boy" had the eyes of trackers and they found everything imaginable—except the caves. The prospector had only been there once before, but he was deeply mortified. His language would probably not have pleased the minister or the lady at the hotel.

Only after an hour and a quarter did we return, dusty and defeated, to the 'bus. For once I did not feel ashamed that a European whim should be allowed such privilege. "The Old Boy" would have told all the Africans about his boss's friend, I know, was to thank a hero; and heroes can do no wrong.

## ગાંધી જ્ઞાન

આ દરવેા માસ એ ગાંધી માસ તરીકે જાળખાય છે. અમે તે દરમિયાન અમારા વાંચકોને "ગાંધી જ્ઞાન" પીરસવા ઇચ્છીએ છીએ. —અ. ઇ. જો.

ચિ : ....

તમે મી ..... ની ચાકરી કરો છો એ તમારો સર્વે સી ઉત્તમ અભ્યાસ છે. જે માણસ પોતાની દરજ્જા બજાવે છે તે સદાય અભ્યાસ કરે છે. તમે લખો છો કે અભ્યાસને રત્ન દેવી પડી છે. એમ નથી તમે ચાકરી કરતાં અભ્યાસ કરો છો. અક્ષર જ્ઞાનને રત્ન દેવી પડી છે એ કહેવું બરાબર છે. તેને રત્ન દેવ. મા અઠવાળુ નથી અક્ષર જ્ઞાન પાછળથી મેળવાય છે. પણ ચાકરી કરવાનો અવસર પાછળથી આવે એમ ન કહી શકાય.

એટલું, મનમાં કોત્તરી, રાખીને જે તમારું મન સ્વચ્છ છે એટલે ચાકરી કરતાં તમે માંદા નહીં પડો ને તેમ છતાં પડશો. તે. પણ હું નિશ્ચીત રૂઢીચ. તેમ બતાવેને જ તમે ને હું બધા સંપૂર્ણ થઈશું. સારી રહેણી રહેવા શીખવું એ અભ્યાસ છે માફી બધો મીશ્વાક્યાસ ... તમે તમારું કર્તવ્ય ક્યેં જ નશો એટલે તમને સંતોષ રહેશે. આપણે આપણી દરજ્જા બજાવતાં છતાં આખી દુનીયા રાજાયા કરશે તેનું કેમ કરશું. તેનો નિવાર કરવો. એ પણ અભ્યાસ ગણાય. ... તમારો મી, ... ની ચાકરી બીરોનો કાગળ એ વાર વાંચો. "તમારે નીચે હું મગફર થયો, અને એવો હીકરો અને છે તેથી મગફરનો બહુમહે માન્યો. તમે સકાય એવાજ રહો" એવું ઉચ્છ્ હું. "પ્રથમકાર કરવો બીજાની સેવા કરવી ને તેમ કરવા માં જરાય મોટાઈ ન આવી લેવી એ ખરી કેળવણી છે. આ તમે

જેમ જેમ ઉમ્મરે વધ્યો તેમ તેમ વધારે અનુભવ્યો મોટા (વડીલોની) માણસોની સેવા કરવી એના જેવો ઉત્તમ આગ બીજો શો હોય? મનને ઘણું અભાવેશ તેમાં થઈ જાય છે. ... આત્મા કરતાં દેહ વધારે ન થયો. એટલે, જે આત્માને જાણે છે ને દેહથી તે જુદો છે એમ જાણે છે તે દેહની હોંસક રક્ષા નહીં કરે. આ બહુ અધાર કામ છે. પણ એના સંસ્કાર અતી પવિત્ર છે તે સહેજે સમજે છે. ને તે પ્રમાણે કરે છે. દેહ માં રહીને જ આત્મા સારે અથવા ખરાબ કરી શકે છે એ માન્યતાથી દુનીયામાં અધાર પાપ થયાં છે ને થાય છે. તેમાં થી તમે શુદ્ધ રહો એમ માણુ છું. બહુ મોટી ઉમ્મરે પહેંચ, પછીજ આત્માને જાળખાય એવો કંઈ નીયમ નથી. ઘણા ઘરના આત્માને જાળખ્યા વિના ચાલ્યા જાય છે ને મરહુમ સંચર્યાદમાઈ જેવા આઠ વર્ષની ઉમ્મરે પણ આત્માને જાળખી શક્યા છે. જાળખતાં છતાં જુલો થાય છે. પાપ થાય છે. તે બધું બહુ વિચારે દુર કરી શકાય છે. દેહ તે હમન કરવા આપણને મળ્યો છે. .... તમારામાં ઉદ્ધોગ વૃત્તિ અભ્યાસ વૃત્તિ અને શુદ્ધ વૃત્તિ હોવા એટલે, કોઈના ઉપર છાપ પાડવાને કરવાની છાપ પડતી નથી. પણ પોતાને જે પસંદ પડે છે તે એ સરસ હોય તો તેની છાપ પડે છે. .... તમે શુદ્ધ ચિત્ત રહેશુ છો ને સત્યશુદ્ધ. તમે શુદ્ધ થી માણસ બંધ અજ્ઞાન ને એટી રહે છે. રહેશુ થી માણસ અવિચારી ને સાફચી તથા દુન્યવી કાર્યોમાં ઉત્સાહી રહે છે. શુદ્ધ પની પ્રજ્ઞ રહેશુ પ્રધાન છે. આપણી પણ ઘણી પ્રવૃત્તિ રહેશુ બાળી છે. સત્ય શુદ્ધ વાળા શાંત કરેલને વિચાર

વાન રહે છે. દુનીયાની ધમાલ માં પડતા નથી. ને હમેશાં મન ધંધરને વિશે રાખે છે. આ સાત્વીકવૃત્તિ ને "goodly fastness" કહી તે બરાબર છે. શાંત વૃત્તિમાંજ આત્મ દર્શન થઈ શકે. અને જે વૃત્તિથી આત્મદર્શન થવાનો સંભવ રહે છે તે વૃત્તિ સાત્વીક. પરમાત્મા ત્રીશુભાવીત્વ રૂપે તો કંઈ પ્રવૃત્તિ સારી કે ખાટી નથી કરતો. પણ માત્ર તૈતન્ય રૂપે રહે છે.

મારા વર્તનમાં મહાત્મ જેકારે. થવાજ એટલે, પણ તમારે બહારાઈ પડે એવું પગલું હું નહીં ભરું તમારે નિરાશ ન થવું. મહા પ્રયત્નેજ ચાલી શક્યો.

તમારા કાગળમાં હું નીરાટા એવું છું તમને કેળવણીની જોટ જણાય છે. તમે ઠેકાણે નથી એમ પણ તમને લાગે છે. મારી સમક્ષ તમે હો તો મારી યોદ્ધામાં હાઈ તમને આશ્વાસન આપુ. તમને સંતોષ ન આપી શકું, એટલી મારી ન્યુનતા સમજી છું. મારા પ્રેમની ખામી હોવી એટલે, મારા દોષ અબધરે થયા હશે એમ જાણી મને ક્ષમા આપજો. છોકરાને મા બ. પ ઉપર બારે હક છે. તેઓ મા બાપની પ્રાસે હમેશા દીન દર. માં રહે છે. મા બ. પની જુલ તેઓને ચીમખાવીને છે. આપણા શાસ્ત્રોએ મા બાપને પરમેશ્વરની ઉપમાં આપી છે. એવી જવાબ દારી ઉચકી શકે એવા મા બાપ દુનીયામાં સદાય જ-મતા નથી. મા બાપ અતી રથીર હોવાથી તે સ્થુળતાનો વારસો, છોકરાઓ ઉપર ઉતરે છે.

તમે શા સાફ તમને નાલાયક પુત્ર ગણો છો? તમે નાલાયક હશે તો હું નાલાયક કહી એ તમે જોઈ શકો છો? હું નાલાયક કરવા માગતો નથી. એટલે તમને નાલાયક માનવાનું કેમ બને? તમે ધન મેળવવાનો પ્રયત્ન કરવા છતાં સત્ય ન હોયો

તમે પરણવાની ઇચ્છા રાખતા છતાં વિવેક વાપરશો એટલે હું તમને લાયક પુત્રજ ગણીશ. તમે મારી ક્ષમા ન માગો તમે મને અસંતોષ નથી આપ્યો.

આપના આશીર્વાદ.

## મન કેાનું છે ?

(કેલસાચલ)

મનને શુદ્ધ કરવા માટે બધા વહાર શુદ્ધ કરવા માટે તેને હંમેશા સાવધ રહેવું એટલે. ઇન્દ્રિયો વિવધને આધીન છે. તેની જબરદસ્તી આપણ, પર ચાલે છે. આપણે સમજવા છતાં વિવધો તરફ ઇન્દ્રિય એવાય છે કારણ કે મોઢ જબરદસ્ત છે. આપણે માની લીધું છે કે દુનીયા સુખ લોભવવા માટે છે. જે શરીર દ્વારા આપણે સુખ લોભવવા માગીએ છીએ તે સુખ લોભવતાં લોભવતાં એટલું શિથિલ અને નાલાયક બની જાય છે કે પછી તે આપણા હાથમાં રહેતું નથી. મારા પગનો અથવા હાથનો જે વખતે હું ઇચ્છું તે પ્રમાણે ઉપ-યોગ ન કરી શકું તો તે હાથ મારા હોવા છતાં મારા નથી. તેવી જ રીતે મનને જે સ્વાધીન ન રાખીએ તો તે મન આપણું નથી. જેમ કાચથી કોઈ વસ્તુ ફેંકવી પડે છે. કોઈ દબાવવી પડે છે. કોઈ પાડવી પડે છે તેમ મનથી પણ કોઈ વસ્તુ મહજ કરવી પડે છે. કોઈ વસ્તુ બહાર કાઢવી પડે છે એટલે સ્વાધીનતામાં સુખ છે જેની ઇન્દ્રિય સ્વાધીન છે તે સુખી છે કારણ કે તે તેના જે પ્રમાણે ઉપયોગ કરવો હોય તેવો કરી શકે છે. મનના પ્રવાહ પ્રમાણે ઇન્દ્રિયો કોંઈ છે. ઇન્દ્રિય એ મનનું દર્શન છે. તેને કાણમાં રાખવા માટે આપણે, પ્રત્યેક બધાવહાર શુદ્ધ એટલે. મનવ જીવન બહુ જ મહત્વની વસ્તુ છે. તે સમજીએ તો આપણ, દ્વારા સતી એકેએક ક્રિયા શુદ્ધ જ થશે.

## યુનોના પ્રમુખ

શ્રીમતી પંડીત યુનોના પ્રમુખ તરીકે સુદાયા છે, તેથી પશ્ચિમના દેશોમાં બળવળાટ થઈ રહ્યો હોય એમ લાગે છે. પશ્ચિમના દેશોમાં એમીને સ્વતંત્રતા અને સમાનતા બધા વરસોથી મળી ગઈ છે. એમને એમની નાણુથી નું કારણ એ તો ન હોય શકે, કે યુનોનું પ્રમુખપદ એક એમી મેળવ્યું છે.

હવેનું એક કાર્ય તો લાં સુધી લાગે છે કે બ્રિટને હવે માસકા પોટલા બાંધીને યુનોમાંથી નીકળી જવું નોંધ્યું, કારણ કે તેને મટે હવે યુનોમાં રહેવું સલામતી બધું નથી. આ એક આશ્ચર્યજનક વસ્તુ છે. ન્યાયના અને સલામતી કાર્યમાં તો કાર્યપણી જાતનો ભય હોવાજ નોંધ્યું, એટલે આ ઉપરથી વિચાર આવે છે કે શું પશ્ચિમના સામાન્ય વાદી દેશો આખરે પોતાની કાર સિવાય કારવા માંડ્યા છે? યુનો એક પ્રગતિશીલ સંસ્થા છે, કે જે તેની સામે આવેલા સવાલોનો ન્યાયથી ઉકેલ કરવાનો દવે કરે છે. અમને ખતી છે કે, તેના સભ્યો અને કાર્યકર્તાઓ પોતાના અંતર વિચારોથી પોતાનો નિર્ણય નથી બાધતા. છતાં બ્રિટન અને અમેરીકાને જે ભય છે કે શ્રીમતી પંડીત એવા ન નિર્ણય આપશે જે તેમને હાની કારક નિવડાશે. આ એક વિચારવા જેવી વસ્તુ છે. શું યુનો, તેની સમક્ષ આવેલા સવાલોને ઉકેલ ન્યાયથી કરે છે કે પછી દરેક દેશ પોતાના અંતર સંમતિ અને પોતાને લાભ થાય તેવા

ન ઉકેલ કરે છે? બ્રિટનમાં આવેલા સવાલ ઉકેલો છે, એવી ઉપરથીજ વિચાર આવે છે કે શું તેઓ તેમના નિર્ણય આપી ન રીતે બાધતા હતા અને તેથીજ શું, ગેરલાભ થવાની ભયે દરેકજ આફ્રિકાના સવાલ ઉપર તેઓ આવું કારણસર હમેશા ચુપ રહેતા હતા?

અમે આશા રાખીએ છીએ કે શ્રીમતી પંડીત નિર્ણય આપતી વખતે, પોતાના અંતર સંબંધે અથવા વિચારને વચ્ચે રાખવા દેશે નહિ, અને પુરે પુરા ન્યાય અને નીતીથી સલામતો વિચાર કરી ઉકેલ કરશે. મહાત્મા ગાંધીએ દર્શાવેલ સ્વાતંત્ર્ય નારસમાં આશુ છે, જે પ્રેમ, ન્યાય, કલ્પ અને અર્થશક્તિ ઉપર રચાયું છે, અને જે શ્રીમતી પંડીત આ સદેશો બીજા દેશોને આપશે તો કાર્યપણી દેશને કોઈ પણ જાતનો ભય રાખવાની જરૂર અમે જોતાં નથી.

આને હોંદ, અથા મોટા દેશોને મોખરે છે, જે એક મર્વની વાત છે, અને ખાસ કરીને અમે મર્વ લઈએ છીએ કે આને જે રથાને પોતાનું જીવનલ ધ્યેય સીદ કરવા બારે પોતાની એક દિકરીને તણવાર કરી છે. અમારી આશા અને હાર્દિક પ્રાર્થના છે, કે યુનીવાના તમામ દેશો મારે કોઈ પણ જાતના ભેદ વગર, આ હોંદનું સાતીનું ધ્યેય એક ન્યાય અને આશાનું પ્રતિક બને.

## અહોળી દુનીયા

“લાયક માણસ મટે લાયક રથાન”

શ્રીમત અહીંયાજ આવી ગયા શુક્રવાર તા. ૨૭ સપ્ટેમ્બરના એકમાં મળ્યા છે. અને તેઓ અક્ટોબરની આખરી સુધી લાં રહેશે. હવે આપણે એમને મારે વિચારવાનું રહે છે. એક અંગ્રેજ લેખક હેનરી હેરિંગે “ગ્રામકા અંગ્રહરનારી કરન” એ વિશેના પ્રખ્યાત નિબંધ કે જેને મહાત્મા ગાંધી પર અમર કરી હતી. તે અહીં ઉતારવા નો વખત આજે આવ્યો છે.

“જે સરકાર બીન કારણસર રીતે અને તેને કેદ કરવી હોય ત્યારે એક ન્યાય પ્રિય માણસ મટે અર્થ રથાન નેજ ન છે. આને લાયક રથાન

રકત એકજ છે કે જ્યાં રાજ્યે પોતાના સ્વાતંત્ર્ય પ્રેમીએ મટે પોતાની જોડોમાં જળ્યા રાખી છે. અહીં યુનીવાના અથા પ્રથમો, પોતાના રંગને લીધે અને કેમને લીધે, ને અપમાન સહન કરવા પડે છે. તેનો ન્યાય સંમિલન આવે છે. આ જળ્યા કે જ્યાં સરકાર પોતાની વિરુદ્ધ જળ્યા અને રાખે છે એ પ્રકારથી હોવા છતાં, વધુ સ્વતંત્ર અને માન જરેલી છે. એક પ્રથમ રાજ્યમાં, આ એકજ વસ્તુ છે કે જ્યાં એક સ્વતંત્ર માણસ માનથી રહી શકે છે. - જે કોઈને અંગ શાળ કે જેલમાં રહેવાથી તેમનો અવાજ સર-

કારને કાને નહીં પડે, અને તે કોઈ કાપડા કારક કામ નહીં કરી શકે તો તેઓ છુલ કરે છે. માણસોને ને અન્યાયનો સામનો કરવો હોય, તો પોતે પોતાની જાત ઉપર મોટા અન્યાય ભોગવીનેજ, સ્વર્ણ મહ શકશે.”

આ સંપ્રદાયો લેખક કોણ હતા? હેનરી હેરિંગ એ એક અમેરીકન હતા અને તે ૧૮૬૨માં ૪૫ વરસની ઉમરે મરણ પામ્યા હતા, તે એક જાણીતા લેખક હતા અને બળવાખોર હતા મેસાચુસેટ્સમાં તેમનું રહેઠાણ હતું. પોલ-ટેક્સ ન ભરવા માટે તેઓ જેલમાં ગયા હતા. કારણ કે અમે રીકાની સરકાર જનતાના આ પૈસા, મેકસીકો સામે યુદ્ધ કરવા મટે વાપરતી હતી.

તેઓ માનતા હતા કે, સરકાર ગમે તેટલી જનીતી વાળી હોય છતાં માણસ નીતીથી રહી શકે છે. આવા વિચારો ધરાવતા તેઓએ એક લેખ લખ્યો જે સરકારને મટે એક આહવાન હતું.

## વિવિધ ખબરો

લંકનના છાપાઓની ટીકા

લંકનનું ‘ટેલી એક્સપ્રેસ’ પોતાના તંત્રી રથાનેથી શ્રીમતી વીજ્યા શક્તી પંડીત જેઓ યુનોના પ્રમુખ સુદાયા છે તેના પર ટીકા કરતાં “એક એ જળાળ વારી ભે છે” એ આચળા નીચે જણાવે છે કે,

“શ્રીમતી પંડીત બધી કુશીવાર અને મહત્વાકાંક્ષી છે. અને હવે તે પોતાના નવા રથાનેથી યુનોના પ્રમુખ તરીકે પ્રુખ બળવાન એી પણ થશે.”

વધુમાં તે પણ જણાવે છે કે, “તે પોતાના બાહ જવાકરમા મેકરની જેમ બ્રિટનના કુરમોને તરફ વધુ વરમાસ અને દિલસોજી બતાવે છે. હવે પ્રમુખ તરીકે તે પોતાની દિલસોજી બ્રિટન અને અમેરીકાને જોડે બતાવશે. યુનોનું કાર્ય કહી પણ બ્રિટનને હાથપાકારક નથી નીવડ્યું. અને હમેશા કોઈક ગેરલાભ પોંચાડવું આવ્યું છે. હવે શ્રીમતી પંડીતના પ્રમુખ તરીકેના નેતૃત્વ નીચે વધુ હાની કારક થવા સંભવ છે.

હવે એકજ કારી અને ઝઢાપણ કરી રીત છે કે બ્રિટને માસકા પોટલા બાંધી યુનોમાંથી નીકળી જવું.”

શ્રીમતી પંડીત, બધા વરસોથી યુનોમાં એક જાણીતા સભ્ય છે. તેમની એકબી તરીકેની કુશીવારી અને તેમની આપણ કરવાની શક્તીને લીધે, તેમને પોતાના કુરમોનું પણ મન મેળવ્યું છે. આવી અંતરરાષ્ટ્રીય સંસ્થાની પહેલી સ્ત્રી પ્રમુખ, એશીયાથી આવી છે, એ એક વિચારવા જેવી વસ્તુ છે, ખાસ કરીને એટલે કે, એશીયામાં એમીને સ્વતંત્રતા હમણાજ મળી છે. એશીયાના દેશોમાં સ્વતંત્રતા મળતાંજ સામાજિક ઉત્તમી મુરોપ કરતા વધુ વેચાળી થતાં ગાંડી છે. હોંદને સ્વતંત્રતા મળ્યા પછીના મોટાકા ન વરસમાં તેને કુનીવામાં મહત્વનું રથાન મેળવ્યું છે. આ વસ્તુ સ્થિતિને સિંકારવા મટે બીજાએ ગમે તેટલા નાણુસ હોવા છતાં તે એક વિચારવા જેવી વસ્તુસ્થિતિ છે.

હાઈ વડા પ્રધાન શ્રી. નેહરુએ જણાવ્યું કે તેમની સરકારે "ઇમીગ્રેશન રેગ્યુલેશન એએનએનએ બીક" નેથી હાઈએ યુગ સાઉથ આફ્રિકાના જાનીએની પતિએને યુનીયનમાં દાખલ થતી અટકાવવામાં આવે છે. તેની સાથે ફક્ષિયુ આફ્રિકાની સરકારને વિરોધ દર્શાવેલો છે. શ્રી. નેહરુએ જણાવ્યું કે ફક્ષિયુ આફ્રિકાની સરકારે હજી જવાબ આપ્યો નથી. એક સવાલના જવાબમાં તેમણે કહ્યું કે ફક્ષિયુ આફ્રિકાને હાઈમાં ઘણા યોગ છે અને તેમની સરકાર આપી રીપુ બદલે સેસમાં તેમના પર જુલમ યુનાઇટેડમાં આવતી નથી.

ફક્ષિયુ આફ્રિકાની હાઈ કોમિસ, પાકીમેન્ટના સભ્યોને એક પગ દારા આ બીક પસાર થતું અટકાવવા

મીસીસ વીરુયા હાઈ પાકીસ યુનાઇટેડ નેશન્સ જનરલ એસેમ્બલીના પ્રેસીડન્ટ યુનિયન

શ્રી રેગ્યુલર સેશનમાં, અષ તા. ૧૫મીએ મીસીસ વીરુયા હાઈ પાકીસ યુનાઇટેડ નેશન્સ જનરલ એસેમ્બલીના પ્રેસીડન્ટ યુનિયન છે. આમ પહેલીજ વાર શ્રીએ પ્રેસીડન્ટ તરીકે યુનિયનમાં આવી છે. કોમિટીએ મીસીસ પાકીસ ને અનુ આપ્યો હતો. અંતે ખાનગી મેમેબરશી મેમ્બર્સમાં આપ્યા હતા. મીસીસ પાકીસે કહ્યું કે તેમની જરૂર સાતનોએ જામ થાય ત્યારે પાકી સાતી રજા પાની છે એટલું નહીં પણ સાતનોએ જામ થતો અટકાવવાની છે. યુનિયનની સમાપત્તિને લુચાલ પહેલાંના સપ્ટેમ્બરના વારતરીક જવાબે આપવા જોઈએ. ઉચ્ચતા નેશનલીસમની વ્યાખ્યા અગણી વિશે આપણે સાચા અને સવોપચારક જવાબો દોષી કરવા જોઈએ નેથી અસતોષ અને હાંસા ઉત્પન્ન થાય નહીં. જાતીના સવાલોને આપણે યુકારો સાચે જોઈએ અને બેઠોને સાચે કરવા જોઈએ. વધુ નાક કરનારા થતો શોધવા કરતાં તે પંચનોજ નાક કરવા જોઈએ.

ફક્ષિયુ આફ્રિકાને "યુરોપીયન" ગણાય નહિ

એડનમાંની બ્રીટીશ એર મીનિસ્ટી ના, સોશીયલ કલમના સેક્રેટરીએ એક પત્રમાં જણાવ્યું હતું કે, (આફ્રિકા-સ આપા બેઠાનાર સાઉથ આફ્રિકા) મી...ને તેમના સભ્ય બનાવવામાં આવે નહીં કારણ કે કલમના બંધારણ મુજબ "યુરોપીયન" તેનો સભ્ય હવે સહે.

આ બાબતમાં શું તેમની માન્યતા એવી હોય કે, ફક્ષિયુ આફ્રિકાને બધાજ વારતરીક રીતે કળા હોય, અને તેથી તેમને કાબલ કરવામાં આવે નહીં, એ સમજવું નથી.

ફક્ષિયુ આફ્રિકા પર શ્રી નેહરુનું નીવેકન

પાકિમેન્ટના નીચલા કુર્માં જોણતા વડા પ્રધાન શ્રી નેહરુએ કહ્યું કે ફક્ષિયુ આફ્રિકાને સવાલ સાંત પડી ગયો છે અને તેમાં કાંઈ સુધારો થયો નથી બલકે તે બધાનો જન્મ છે. બીજા દેશોમાં પણ જાતીએ છે પરંતુ કારણ આફ્રિકામાં આવે મારે કાંઈ પણ કારણ બનાવ્યું નથી. ફક્ષિયુ આફ્રિકાને આ સવાલ યુનીયન મારે એક કસોટી છે. યુનીયનમાં આપણે જાણા અને જાણ જઈએ છીએ રજા છીએ. એક માણ કાઠીજન અને એટલે મોખ્ખ ની વાત થઈ રહી છે અને બીજા બાજુએ પહેલાં કરના કારી છંદગી જાણવાની સમજતા છે. આ જાણે જઈએ આપણે પસંદગી કરવાની છે. અમજા બધા દેશો કાંતી માં છે.

પરંતુ કાલના બનાવોથી કાંઈ રહે છે, મીસીસ પાકીસે કલમના પ્રેસીડન્ટમાં હાઈને બીજા આપવા સાથે 'યુનાઇટેડ સ્ટેટસ વીરુ અર્થુ હતું. અને તેથી તેમણે એવીવાની અરજી વીરુ કામ કયું હતું એવીવાનો કાંઈ પણ દેશ તેની અવજનના કરાવવા માંમતો નથી. મીસીસ પાકીસે કલમના પ્રેસીડન્ટમાં હાઈને બીજા આપવા મારેની કલમનાથી હાઈ કોમિટી સ્પીકીમાં સુકાઈ અર્થુ હતું હાઈને વધુ જવાબદારી જોઈતી નહોતી છતાં તે તે મદદ કરી શકે એમ હોય તો તેમ કરવા તે તૈયાર છે. 'કેમ્પુ-નીસ માધનને યુનાઇટેડ નેશન્સમાં દાખલ કરવાનો સવાલ યુનાઇટેડ નેશન્સને હાઈ રહી છે. આમાં આપના વિશે અત કાંઈ કરાવે છે એજ યુખ્મ સવાલ છે. શ્રી નેહરુએ એવજણી આપી કે તેઓ હાઈમાંના કેન્સ અને પોટયુગીન મથો બધ રમ બનવા રેડો નહીં. જો આ મથો સુકના કામમાં વપરાશે તો હાઈ પસંદગી થશે. હાઈની સરકાર તેમજ જનતા હાઈમાં પરદેશી રાજ્ય સહન કરશે નહીં.

સ્વીસ ૬૨ મહામાળ

ખી વાતો સાર આપણા જીવનને બદલવાનો છે. નો રીતરિવાજ બદલીને તો આપણે સૌ સુખી થઈ શકીએ નહિતર મધ્યર જિવો માર્ગ કાઢે ન જાય. કાપાના દોષને કાપાથી, વાણીના દોષને વાણીથી અને મનના દોષને મનથી જ દૂર કરે છે, એવું સમજીએ છીએ.

અંગ્રેજોને જ્યારે તો આપણા વિકાસની આશ્ચર્યની જગ્યાએ આપણે માનતા હતા. ગાંધીજીની દોરવણી જિંદગી મળી કે નાના પોતા સૌ બાપ અને બહેનો, પણ એમાં બળવાં. એવાનીના પાણીમાં બહેનોએ જીવ જરૂરથી, અને યુધ્ધ કે આ સક્રિય આવે એ માટે અંધીજીએ કેવી રીત શોધી કાઢી છે!

અંગ્રેજોને બપો. રેલી રાજ્યોના રાજ્યો રાજ્ય હતા અને રિવેસ સામાન્ય માણસ થયા આ પણ એક ક્રાંતિ ન થઈ.

આપણે આજી ઉપરાંત રસ્તો કાપ્યો છે. પણ હવે રસ્તો છે એ જાણતો કોણ છે. ખીલ પાસે કરવાવાનું હતું એ તો કરાવ્યું પણ હવે તો આપણે પોતે કરવાનું આપણે જ કરીએ છીએ.

આજે બધા વેસા માટે પડપડી કરે છે. જોધરા બળવું હતું તોયે મોઠા હાલ નીકળ્યા હતા. અંગ્રેજો હાલ હતા. હવે આપણે એવી પરિસ્થિતિ લાવવી છે કે જ્યાં કોઈને કોઈ હતી ન થઈ.

લોકો વધારેને વધારે સીધાં થયા ની, હોડમાં પડ્યા. પરિણામે ગરીબો વધારે ગરીબ થતા ગયા. આમ જીવન વધતું ગયું અને અંધીજીનો કાર્યક્રમ અધૂરો રહી ગયો. જ્યાં જ્યાં ચોરી ચાલી. અને પ્રજાનું અધઃપતન થવા લાગ્યું. અને કાંઈ સમજણ નહોતી પડતી કે આમાંથી મુશ્કેલી શું કદાચ છે કાંઈ ચારનો હતો. મારું દેહ હતું ગયું હતું. કદાચ વધતું જતું હતું. વિનોબાએ રોડ વરસથી કામ ઉપાડ્યું હતું જ્યાં અને મન નહોતી પડતી. ભૂમિદાન માટે અને સામુદાયિકતામાં પ્રયત્ન બનાવ્યો પણ હું કહેતા હતા કે અને સમજ નથી પડતી. અને પ્રયત્ન કાનો બનાવો છો!

કેમણે જીવન ક્રાંતિ પરિવર્તન મેળવે હતા. બધે શાંતિ, લાવવાની વાત માલની હતી પણ અને સમજાવું નહોતું કે શાંતિ આવે થી રીતે! જીવનમાં રહે થી રીતે! નહતો. સાથ નહિ. નહતોમાં અજાણ ન કોઈ. કાંઈને કોઈ

પહેરામ નહિ. પોતાના માથેનો જ પહેરામ. જીવનથી આવતાં હું રહીશર માં એકલો એકો ત્યારે વિચારમાં પડી ગયો કે હાંફાતાનની પરિસ્થિતિનો ઉકેલ થી રીતે કાઢવો? શું કદાં કે લોકોને શાંતિ મળે? શું કદાં કે લોકોને રોટલો મળે? એમ એક વિચાર મને ઝુંબટો હતો. લોકો! આપણું કરવાનું કહેતા હતા પણ અને મન નહોતી પડતી કે શું કામ વાત કરી? અહીં આવીને હું વિનોબાને મળ્યો. મારી વાત જિગને કહી. એમની વાત મેં સાંભળી અને મારી રાજ્ય ઉકેલી ગઈ કે સામાજિક અને આર્થિક સમાનતા લાવવા માટે ભૂમિદાન એ સાચો માર્ગ છે. હું બહુ અચ્છાએ નથી જાણતો પણ અને મહા ભેટી મછ.

લોકો કહે છે કે પૃથ્વીમાં પ્રજા વધી મછ છે માટે ઉપાય મળતો નથી. પણ વિનોબા કહે છે કે પૃથ્વીને બાર માણસનો નથી લાગતો પણ પાંચનો બાર લાગે છે. પાંચને અર્થ માણસ અર્થમાં. માથ એ છે, કામ કમો વિના આપ એ છે. આ પાંચથી પૃથ્વી કોલી છે. એક માણસ રવપંકજી કહેવાય. એટલે કે, પોતાનું પકવેલું અને પોતાની મહેનતનું ખાવ એ રવપંકજી કહેવું સાંધીને આપ એ રવપંકજીનો સંકુચિત અર્થ છે.

પહેરાનાં કપડાં અને ખાવાનું જાળ અને રહેવાનું જરૂર હોય તો એક એકરમાં ચાર માણસ છોડી શકે. તો તો વસ્તી ૧૩૦ કરોડની થાય ત્યાં સુધી વાધો ન આવે. હું અનુભવની વાત કરું છું કે એક એકરમાં ૧૧૦ અથવા ૧૨૫ પાકે છે. પણ આપણે માત્ર ખાતા નથી. વેચીએ પણ છીએ. ખીલને કામ કરતાં રેડીએ છીએ. રૂડીને આવીએ અને છુટ ખીલની પાસે છોડીએ. આ રીતે આપણે છોડીશું તો નહિ ટકી શકીએ.

૧૯૫૭ સુધીમાં જો સમાનતા નહીં આવે તો ક્રાંતિ થશે. આજે મધ્યમ વર્ગની સરકાર છે. નીચલા વર્ગની સરકાર નથી. નીચલો વર્ગ હવે લીધા વિના રહેવાનો નથી. પણ ક્રાંતિ કે કામદા કરના ચડિતો અને બંનેની ઉન્નતિ માથ એવો આ ઉપાય છે. જો તમે બેકારને રોટલો આપો તો શાંતિ આવે. આ પ્રપંચાન નથી પણ હરજ છે. આપણમાં ભુલિ, કરકસર, સમયસૂચકતા હોય તો એનો લાભ સમાજમાં ખીલને પણ આપો. વરસાદ આવે છે ત્યારે કેટલીક જમીન પાણી પી જાય છે. કેટલીક ખીલને આપે છે. કેટલીક સંપત્તી રાખે છે.

જો ખીલ માટે સંપત્તી રાખે છે, તેની પ્રતિષ્ઠા વધે છે. એ સરોવર બને છે. મનવાન માથ જોની કોઈ ચીંતા નથી પણ એ મનવાન પોતાને માટે નહિ પણ બધાને માટે થવે! જોઈએ, એટલે કે રૂડી થવો જોઈએ.

જો તો આ પ્રજાનું એક પ્રતીક છે. કુલ જગતનું એ દેવપૂજનનું પ્રતીક છે પણ કુલ પાછળ તો ભાવના ની માર્ગ છે. એમ આ ભૂમિદાન પાછળ મણી ચીલે પડી છે. માણસ સ્વાર્થી છે એ એનો સ્વભાવ નથી. સ્વાર્થ એ તો જિનો પ્રેલ છે. વિકૃતિ છે. મોહનો રંગ કાળો નથી, ઉજળો છે. કાળો રંગ તો એનો કાલ છે.

દાંડુતાન પાસે સંપત્તિ તો બધું જ છે પણ એની સમાન વહેંચણી નથી એ જ તાણનું કારણ છે. મુડી વાડી માનસ જ્યાં ત્યાં નહોં જુલે છે. પણ અંગે સમજ પ્રજાની સમજ નોંધણી છીએ. એમ જીવનના એક કલામ ભુલિના પ્રશ્ને કહ્યું.

મંડીના ગાળામાં રહે પણ માણસ ના આભામાથી ન જાય. અંગ્રેજોને માણસના આભામાથી આજ્યા એટલે મયા એમ આજની મુડીવાડી રીત માણસના આભામાં આવી મછ છે. એકલો બેસીને ખાનારા નિરાંતે નહિ છોડી શકે. મનજીનો જામ જરૂરો છે અને ખોરાકનો જરૂરો જામ આઈ જાય એમ માલે. ભુલિવાળો ખીલ એવું વધારે ખાઈ જાય છે. એવું હવે ન માણસ જોઈએ. ધરડાઓ તો પાકા થયા થયા છે. એટલે ફેર ન પડે પણ જુવાનીઓ, તમે જગો અને આજના જમાનાને જોજો લોકો. અને તમરાં જીવનમાં ફેરફાર કરો.

આજે બેકારો જુલે મરે છે. એવાથી અસંતોષ વધે છે એ દુર કરવા માટે આ ભૂમિદાન છે. કેટલાક કહે છે કે, એ કામ સરકાર કેમ કરવી નથી? પણ સરકાર એકલી ન કરી શકે. સરકાર એટલે આપણા જાળ અને વિચારનો પ્રતિનિધિ. દવડાનું પાણી ફવામાંથી આવે છે. ફવામાં ન હોય તો ફવામાં ન આવે. ફવાના પાણી કરતાં ફવામાં પાણી અંકુ હોય છે એવો આપણો અનુભવ છે. આજ સુધી તો રાજ્યનું રાજ્ય હતું. જેવો રાજ્ય એવું રાજ્ય મળું પણ હવે તો પ્રજાનું રાજ્ય થયું છે. એટલે જેવી પ્રજા એવું રાજ્ય.

પહેલાં મુસાફરી કરનાર માણસ સાથે લઈને ફરતા. અને વડ નીચે ખાવા બેસે ત્યારે એકખીલ વહેંચીને ખાતા. કેટલાક સાઈ ખાનારા અમમ બેસીને ખાતા-એ પાણી લેવા જાય અને ફાઈ પાછળથી ખાવીને ખાઈ જાય તો કોઈ કાંઈ નહિ. વહેંચીને ખાનાઈ સુરક્ષિત રહેતું. આ દેશ આપણો બધાનો છે.

એની મિલકત આપણી સંધિવારી છે. એ વહેંચીને ખાવી જોઈએ. કેટલાક કહે છે કે બેકારો પ્રમાણ છે. એટલે ફુ-ખી છે. પણ જો વાત બોલી છે. બધા પ્રમાણ નથી લેતા અને કેટલાક તો બેકાર હોવાને કારણે પ્રમાણ રહે છે. બેકારી વધારવામાં એમનો મંથો નોડવામાં આપણા બધાનો સ્થ છે. કેમકે આપણે ગ્રામ-ઉદ્યોગો અને શુદ્ધ ઉદ્યોગો વધારવામાં ખ્યાન ન આપ્યું. આપણે સેવા મેંધા સુસંસ્કૃતમાં પડ્યા. અને આપણા માથ-ઉદ્યોગો, ઘટયા. છુવાર, કુંભાર, સુધાર બધા બેકાર થયા છે. કેમકે આપણે એમનો માથ ખરીદતા નથી. મોટરો આવી ને અપેકા બટવાઈ ગયા. મોટી પણ કામધંધા વિનાના થયા. એ શું ખાપ છે એ આપણે નથી જાણ્યું અને આપણે રાજ્ય મધ્યએ છીએ. કારખાના ની ચીનો જોઈને શુદ્ધ-ઉદ્યોગો પણ બધા. ઘડી, ઘણી, ખાંચિયો બધું ગયું. આપણે ત્યાં કાણું પડ્યાં. હવે તો વલોણા તાણવાનું પણ જગ્યાને સોંપ્યું. આમ શુદ્ધ-ઉદ્યોગમાં કાણું પડ્યાં માથ-ઉદ્યોગો પડ્યા દેશ ઉદ્યોગો પણ બધા. આ બેકારો બારફા બધા. પણ આ સાથે આપણે જાંબ મીંચીએ છીએ. એથી બચવું નહિ. એ રિશ્તિમાંથી બચવા માટે આપણે અંગ્રેજોને કાલવા. રાજ્યને કાલવા પણ કાર્યક્રમ અધૂરો રહી ગયો. સ્વરાજ્યની લડતો વચ્ચે આપણે આરામ લેતા હતા: ૨૧ પછી ૩૦ પછી ૪૨ અને ૪૭ પછી પણ આરામ લીધો. રાજકીય, આર્થિક, સામાજિક, અને આધ્યાત્મિક રીતે અટકાવનું હતું એ અર્થ રહેલું કાર્ય પાંચ વર્ષના આરામ બાદ ફરી શરૂ કર્યું છે. આર્થિક અસમાનતા ટાળવા નો આ રાજકીય છે.

પેટ, પહેરણ અને પચારી આ માણસની જરૂરીયાત છે. પણ આપણે તો આપણી જરૂરિયાત એના કરતાં અનેકમણી વધારી દીધી છે. કુસંગીના ફેલમાં સત્સંગીના રોટલા એટલે આપણા ફેલ વધી ગયા છે. એનો પૃથ્વીને બાર લાગે છે. બાલમર્મ તરફ, સંવત્ર તરફ લઈ નથી પણ કુનિમ રીતે પ્રજા વધતી અટકાવો. આ પાપ નથી તો ખીલનું શું છે?

સૌરાષ્ટ્ર અને ધુન્ડાલના કેન્દ્રના આગેવાનો અતિ જલ્દીથી પાસે નીકળી રહ્યા છે. જેના કેન્દ્રના કેન્દ્રના આગેવાનો માત્ર વધીને કે. ૬ થઈ જતા સૌરાષ્ટ્ર સરકારે સરના આવે બાજુના વેળાનું સારું કાર્ય છે.

## પ્રજુ પ્રસાદી

પિતાને નિવમ છે પ્રજુને જમણીને જમણુ. હરવાજીને અજામ નિવમ. રાજ ઉત્ર ન ઉત્રે પણ આ નિવમ તે વચાઈ અવિરતપણે આજા જ કરે છે. નતે. પ્રજુ કહેવા માતા પાસેથી શાજી છે કે તેના પિતા તે પ્રજુને જમણીને જ જમે છે.

એના મનમાં તરફ છે. મનમાં વિચાર પ્રમુદી લેવા તાજે છે. પ્રજુ કેમ જમના દત્તે. પા. વર્ષના એ જાણનાં લેખમાં એ નથી લેવાનું કે પ્રજુ કેવા દત્તે અને કેમ પાના દત્તે. અમારક એક દિવસ પ્રસંગ મળી એલ પિતાએ દાઢ મારી "અરે

નામા!" "એ એને મારે ખાસ કામ હોવાથી કે બહારમાં જવાનો છું. તે તારે એક કામ કરવાનું છે."

"પ્રજુ!" "તારે હરવાજ પ્રજુને જમણીને જમણુ."

"જરૂર જરૂર!" આનંદથી નામે નાખી લેવા. વર્ષોની તેની કાજા જાણે આજ પાર પડતી હતી.

નામાના દિશમાં આજ કાજા જોર આનંદ હતો. એના ઉત્રમ કાજા મારો નહોતો, ભોજન માત્ર લાજ એ મંદિરની જોરડીમાં પડેલો. ધારિક થી અંદર જઈ દરવાજે આજી અંધ કળી પ્રજુ પાસે ભોજન થાજ સુધી તે ભોજ્યો.

"પ્રજુ તમે જાઓ, મારા પિતા બહારમાં કાસે ગયા છે."

નામે વારંવાર વિનંતી કરવા કાજો પણ પાછરતી ચૂતી જમણી નથી. થાજ એમને એમ પડ્યો છે. થોડીવરે નામાને જોતતી મા આજી પડેલો.

"અરે! નામા, આજ તારે જમણું નથી."

"પ્રજુ" તે પ્રજુ જમે પછી જ જમણી."

"અરે નામા, પ્રજુ તે કંઈ જમણા દત્તે. એ તે ભોજ મરવાય."

"જ્યાં સુધી એ નહીં જમે ત્યાં સુધી કેમ પણ નહીં જમું."

માતાએ મળી સમજાવે. પણ નામે કેમે મા-એ નહીં. કમીટ કરી માતા પાછી કરી.

અને નામાએ ફરી વિનંતિ કરી

કરી. કિવરે નિર્દય બાળકની કાજુરી બરી વાળી સમજી બહતવચ્ચ પ્રજુ પોમાજા. પ્રમટ થઈ તેણે કહ્યું "નામા તારી અકિલ જોઈ કે પ્રમ થયો છું પણ આજ રાજ" બોલાવી નહીં. માજામાં ભોજન આરોગી પ્રજુ ફરી અંતર્ધાન થઈ ગયા.

# રેડેસીયાના ખબરો

(અમારા અભરપત્રી તરફથી)

## એક સત્ય ઘટના

૨૭ સપ્ટેમ્બર: રેડેસીયાના ૨૯મી ૧૯૫૩

મી આપા સાહેબ પતે હુસાશામાં આવ્યું કરતાં જણાવ્યું હતું કે: "અહીં મળુ પ્રેરણા છે. અવિધ્યમાં ત્રણે પ્રેરણા પુરુષા પુરુષા રહી શકે એવી તાકાત પણ મોજી છે. નવી કુનીયામાં રહેવા માટે રેડેસીયા પશુ વચ્ચેની જરૂર રહે છે. અને જે સત્તા અને યશસ્વિન નહિ હોય તે પશુ એ રેડેસીયા કાઢી કરી નહિ શકે અને અવિધ્યમાં એવું જ રહેલું અસાધ્ય છે. 'રેડેસીયા રહીશ' નહીં કરી એ સાફ છે. મન, સંપત્તિ અને જમીન ખુબ છે! 'આપનાં' પશુ હોયું' નોંધ્યું. રેડેસીયા અસિરવમાં આવવાનું છે. સમાજમાં શાંતિ નહિ હોય તે પશુ સુધારા પશુ થતા નથી. શાંતિ નહિ હોય તે આપાર પશુ નહિ થાય. રાજ્યનો કારભાર પશુ અભર ન થાયે. નરુ રેડેસીયા છે અને મીએ પામે અધિકાર. ૧૦ વર્ષ સુધી તે રેડેસીયા કરવાનું એ લોકોને મોજા લાગતું નથી.

"મધ્ય આફ્રિકામાં આફ્રિકનસ પશુ છે. અને પાનમાં જણાવવામાં આવ્યું છે કે હમે આફ્રિકનોને વધુ મદદ કરીશું. અને જે આફ્રિકનોને સહકાર નહિ મળે તે ત્યાં સુધી રેડેસીયા અધિકારમાં આવેલું નહિ મળ્યા.

"વેસ્ટ આફ્રિકામાં ખુબ પ્રવૃત્તિ થઈ છે. રાજકારણમાં સરખો કરતો કામ થાય છે.

"હમારી અહીંયા વચ્ચેની છે એટલે રેડેસીયાના ને. એ નોવાનું છે. મતથી રહેવા માટે કુનિયા નાની થઈ જશે. પોઝીશનના ધર આમ લાગે તે આવવા પાસેના ધરમાં પશુ આમ લાગે, એટલે એક રેડેસીયા સુધે આવે એટલે આપણે કુનિયામાં અસાધિત પશુ રાખીએ છીએ. અને સાથે મળીને વિચાર કરે અભર એને નિશાક લાગી શકાય. કુનીયાના નેતા અમારે નથી જાનવું, એક સમાજ નિર્વાહ કરવા માટે પ્રયત્ન કરવા નોંધ્યું. અહીં આપા એ પશુ છે. નવે સમાજ જનાવવા છુટ્ટિ પશુ કામ કરતી નથી. સરેની સંસ્થા હોવી જરૂરી છે. ૧૯૫૨ આપણી સંસ્થા ન હોવી નોંધ્યું. અહીંના લોકોની પ્રવૃત્તિમાં આવણી વધી ન હોવા નોંધ્યું. અહીં સમાજ અભર જમાવડા એ અને સમાજમાં હોવા જ નોંધ્યું. અહીં ના લોકોને ધર કરવી નોંધ્યું આપણી નિશાકો મોટી કરવી નોંધ્યું. વિશ્વ પશુ નોંધ્યું.

"કામલ રેડેસીયામાં આવણે અધારે હોવા રહેલું નોંધ્યું મતની ખુબ કિંમત છે. સુરોપીએ મળી વાર કહે છે કે 'હીડી હોલ' આપી આપી. પશુ એ

પશુ છુટ્ટિ છે. આવણે સમજ્યું નોંધ્યું. ૬૪ વર્ષમાં પરિવર્તિત પુરુષા અધર જશે.

ઇમિગ્રેશન અખત પર મોસતા મી પતે જણાવ્યું કે: "કોઈ પશુ કાનુન તમે કરો તે બધા વધુ માટે લોકો નોંધ્યું. હીડીએ અમર કાળા લોકો માટે ન હોવા નોંધ્યું. ૧૦૦ કે ૧૫૦ માણસો હીડીએ, વધુ આ પ્રેરણા આવી જાય એટલે કોઈ કોઈ કહે છે કે પશુ હીડીએ આવી ગયા. પશુ લોકોનું માન છે કે પશુ હીડીએ આ પ્રેરણા પ્રવેશ કરી રહ્યા છે. અને જે લોકો આપણા વિરોધી બની જશે.

ઇસ્ટ આફ્રિકાની પરિવર્તિત પર મોસતા મી આપા સાહેબે જણાવ્યું કે "આફ્રિકાનો ને હીડીએ પ્રવેશ વિરોધ છે. અને પહેલા નેટલો વિરોધ હતો એટલે ને કાપાય રહેત તે કેટલાકે હીડીએના આવું જાત. પશુ પ્રવૃત્તિમાં એ જાનવા પામ્યું નથી. સંપ નોંધ્યું. સિદ્ધાંત પશુ નોંધ્યું. ને અધ્યયન અધ્યય રહેલું હોય તે તે જાનવી નહિ.

મધ્ય આફ્રિકાની જોડીપન કેન-હરન્સ વિશે થી પતે જણાવ્યું કે તમારે બધાએ એ સંસ્થાને તન, મન અને જનથી મદદ કરવી નોંધ્યું.

હીડીમાં એકાદ કલાક આવણે આપા બાક આપે અમિશમાં પશુ હુંકે પ્રવચન કર્યું હતું કારણ કે મોડા આફ્રિકનસ પશુ સમાજમાં હાજર રહેવા હતા.

ને. રેડે. ના ઇમિગ્રેશન સની પ્રોમોશનમાં પરિણા?

"કરન" સ્ત્રીમરમાં ૩૦ પેસેન્ડેસ ને. રેડેસીયા આવવા રવાના થયા હતા તે જાણે (નવા ઇમિગ્રેશન) એમ-નાસા રેડેસીયામાં આવ્યા હતા. અને ૧૦ "કેપાલ" સ્ત્રીમરમાં પાછા ફર્યા હતા. તે બાદમાં મળીને ૪૦ જણની પરિણા એમનાસામાં સેવામાં આવી હતી. જેમાં સત્તાવાર જણવા મળે છે કે ૭ જણ પસંદ થયા છે. પશુ ખાખીના નાપાસ થયેલા બાદમાંને પશુ ને. રે. માં પ્રવેશ કરવાની છુટ્ટ મળી છે એવું જણવા મળ્યું છે. મી પતે સાહેબ એ માખતમાં રસ લઈ રહ્યા છે. મી પતે સાહેબ રેડેસીયાની સુદર દરમીયાન ન્યાસાએક પશુ જઈ આવ્યા હતા. અને પેસેન્ડેસથી હીડી બાદમાંને થા માટે પાછા મેક્સિકોમાં આવ્યા હતા તેની તપાસ પશુ કરવી.

રેડેસીયા અને રેડેસીયાના ને. સાહેબે વચ્ચે જાય સરખીસ રેડેસીયા. ૧૫૦૦ માણસો આ પ્રવાસ છે. અધર યીવાય જવા આવવા માટે એરોપ્લેન છે અથવા પોતાની મોટર હોય તે તેમાં જઈ શકાય. જે જાણમાં જવાનું પસંદ કર્યું.

હુસાદરી દરમીયાન અમે રસ્તામાં એક દેશને નાસ્તો કરવા એક હોટલ માં ગયા. મારા ટેબલ પર ખીજ ત્રણ હુસાદરી હતા. આ ત્રણમાંથી એક રોડીયસ પાદરી હતા ખીજ હુસાદરી એક નવે. રેડેસીયામાં હતા. અને તેઓ મારા પશુ મીડાને જોળખતા અને અમે તાલે જણવા.

પશુ ને ખીજ હુસાદરી અમારા ટેબલ પર હતા તેઓ ખુબ મીન હતા. એમનું શરીર જાણે તકામાં કોઈક સાથ તાંગા નેવું થયું હતું. કેપડા સસા હતા અને અધેરાપરથી જણાય કે આ માણસ મોલવા કરતાં કરતું વધારે પસંદ કરતો હતો. જે મોલાવવા માટે બધો પ્રયત્ન પશુ તે અને કે.કે. આવતા નહીં ક્યો કોઈ વાર હાસ્યથી અથવા કોઈવાર માણું કુનાખીને મારા અમને જણાવ આવતા. અને તે શર માળ અને બસો લાગે. મીએ મીએ હુસાદરીમાં તે મારી સાથે થોડું થોડું મોલવા થયો પશુ જીવંતમાંની જેખતા તે શરખાઈ જતો.

હું એકલો ફરતું કલાસમાં હુસાદરી કરતો હતો. નેપા રેડેસીયાથી અધર ના બાજોમાં જાય. અને ફરતું કલાસ અમતો તેથી નહીં પશુ રેડેસીયામાં ગેરતને માટે ખીજ કલાસ નથી જોયા. આ ફેનના પ્રવાસમાં બસતો એ સાધી એક નાના રોકને બેસો થયો અને મારા કબજામાં તે આવ્યો.

કાંઈક સંકેતિયાતા સંકેતિયાતા એને અને પોતાની પ્રવાસની કહાણી કહી. આ કહાણી પશુ પ્રવાસને અંતે હું એની પાસે કાઢી શકાયે.

અથ આ જાપને કાઢિય આફ્રિકાને જાતી. આ મારો ખીજ હતો. એને છીડારને મળ્યું થીક હતો અને કુખામાં રહેલું પશુ પસંદ કરતો.

રેડેસીયા રિવરો પહેલા એને ત્યાં કામ કરતા આફ્રિકને રજા મળી કારણ કે એની આ એક ખીજ પુરવ સાથે ભાગી જવાની હતી.

રજા લખને રેલો આફ્રિકન ગયા પછી એસા અભર આ મીડને મળ્યા કે એના માણસને કે મહીનાની નેધ થઈ છે.

હું વાત કરું છું એમાં 'જાનના મોટા ખરા પશુની મળી નથી કરવા જાય તે પશુ જણાવવા કહું છું કે

એક કમ પોતાના આફ્રિકન મોડર માટે હું કરે છે.

ડો. મહાન અભર છે તેથી અધા ડો. અભર છે એમ નાં જાનવું એ આ વાત આપણને કહે છે.

આ કમ બાદમાં આફ્રિકન મોડરને નેધમાંથી હોવાવા એ રિવસ બસમાં હુસાદરી કરી ૬૦ માણસ કોઈની મોટર માટે રાખી હુસાદરી કરી અને ૬૦ માણસ બપોરે જાનક કે જ્યાં વાધનો બધ હતો તેમાં આવ્યા. આ જાનક વડાવતાં એમને જે રીવસ લાગ્યા અને તેઓ જાનકમાં જ સુતા હતા. આ બધી તકલીફો થી તે પોતાના મોડરને કોઈની પાછો થીર લઈ જતા હતા. જે કહું છું કામ આપણી બધી મેનત લીધી. ત્રણ મહીના પછી તે પાછો આવતજ ને? એને કહું મારાથી મારા જુના-પાંચ વર્ષ થયા કામ કરનાર-માણસને હોય ન દેવાય આ મારી વાત ને વાંચે તે ખીજ આફ્રિકનોને કહે. અને મારો મીજ એક "વીર" તરીકે તેઓની નજરે જાય છે એવી અને ખાતી છે.

# લિપિની શોધ

(હાકાસાહેલ કાલેક્ટર)

આ પહેલાં ત્યાં સમ્રાટ અશોકના કાળ થી કેતરેલા લેખો મળે છે. આજે અને ખરીદી લિપિ કસતાં પણ જુની લિપિ મોહન-જો-દરામાં મળી આવી છે, જે હજી પુરાતી વચાની પણ નથી. આપણી પુરાણ રમ્પતિ પ્રમાણે આપણો આલ લિપિકાર તે મલેશ-સકળ વિદ્યાનો સ્વામી, વિદ્યો દુર કરનાર, આર કાલવાળો-અકારવનો પુત્ર. રિક્તિસિદ્ધિ જેને ન વશ, અપવાની કલા જેણે શોધી કાઢી એટલા ખાતર ન હશે અપણું પહેલા ધીમલેસને નમન કરીને મલેશ આગળ ગામે છે. શી રેલ્યાસ અમવાન કૃષ્ણ દેવાવ ને તેના વખતનું મધુ કાન છ કોમક કરવતું સુમતું અરજીના રાખ્યા જે ને પરાક્રમ ક્યાં અને કીરજીના ને પાલવારવળી લગી તે અપનાવે છતિ-દાશ તેધી રાખવાનો સંકલ્પ એણે કર્યો. પણ એ મધુ કેમ સચવાવ એ બારે ચિંતા એને પડી.

આપણું મોટું મહાકાવ્ય એલમાં ન-મધુ છે, પ્રતિભાથી અનેક કલ્પના એ અને અપાયો વિષાતાં જલ છે. મોહ પછી મોહ મોહાત્યાની નીચળતા લગ છે તલે પોષમાર-વરસાદ, અમવા બનમપાટ વહેતા સરસતીનો પ્રવાહ, બાસ વિનાસજીમાં પામા, કહેવા કાવ્યા 'પર' ન સેખકક કસ્ત્રિદ ક્ષેત્રકથ ભુવિ વિદ્યને ને તે એમને રમરજી મધુ અપા, તારકે સુમધુ કે ની મલેશ પોતે સમે તે છે. વિદ્યકતો મલેશ ની આરોધના કરી એટલે તે પ્રમદ થયા. હવે આપ મજાલિપતિને પોતાના રહસ્ય મની ધરાવે કેમ કહેવાય અને ન કહે તે પછી કેમ મલેશ આપરે વાત તે કરી અને ધીમરે એ સિંહાદી પણ ખરી, પણ એ બારે સરત એની કાલે પ્રગળે ન.

## Thoughts From Mahatma Gandhi

I am more concern-  
ed in preventing the  
brutalization of human  
nature than in pre-  
venting the suffering  
of my own people . . .

I know that people  
who voluntarily un-  
dergo a course of suf-  
fering raise themselves  
and the whole of hu-  
manity, but I also

know that people who become brutalized in  
their desperate efforts to get victory over their  
opponents or to exploit weaker nations or  
weaker men not only drag down themselves  
but mankind also. And it cannot be a matter  
of pleasure to me or anyone else to see human  
nature dragged in the mire. If we are all sons  
of the same God and partake of the same divine  
essence, we must partake of the sin of every  
person whether he belongs to us or to another  
race.

## Heartsearching

**T**O-DAY, is a blessed day, the day on which 84 years ago God gave to the world a son who was to free a nation and open the way for many other slave nations to be free. That man was Mahatma Gandhi. He is not amidst us to-day, but he has left behind him something that can never die and thus he lives amongst us, even to-day. It is for us to acknowledge his presence or to remain blind to it. Many will celebrate his birthday openly, many will celebrate it in their hearts and many will perhaps be too immersed in their own selfish little things to remember it. For all those who remember with reverence and gratitude the service that he has rendered to the whole world, there is no better way of celebrating his birthday than by introducing a little bit of his life or his teaching into their own lives. For those who do not remember—it is not yet too late to remember and give a little of themselves to others. It is because of these little selfish beings in the world that most troubles arise. They have blinded themselves to all things around them that need attending to and have forgotten even their Creator and have begun to worship a little idol called money. These are the people to be pitied more than hated. They think they are rich and are overjoyed and yet they are poor, because they do not possess the wealth

that God has given to all men. In their craving for material wealth they have forgotten to take from the spiritual wealth.

We cannot all reach the height that Mahatma Gandhi reached, but we all can do our own little bit of service, bear a little bit of suffering, in our own way. To-day Manilal Gandhi is in prison—trying in his own way to fight against the evil forces that face us. To many it might seem a useless step, but no sacrifice or suffering is borne without fruit—one day it will bear fruit. We who cannot even do the little bit that he is doing should put on our thinking caps and do a little heart-searching, to see how we can do our little bit, especially if we wish to live more happily and respectfully in this country. Until each and everyone of us doesn't feel the urge to act or the necessity to take part in some way in this struggle and as long as we all sit back and hope for someone else to clear the way for us, we shall remain where we are, or perhaps reach an even more spineless state, for the oppressors to trample on us. It is time for all of us to realise that the most important thing in life is to be able to live respectfully—that is the missing piece in our jigsaw puzzle. Our picture will never be complete as long as we evade the task of finding that piece, but once it is found all the other pieces will fall in naturally.

What better day can we have, to do a little heart searching than to-day, the day when a man was born to die so that others may live happily?

Men have come and gone, who have carried their crosses as Jesus Christ did. Each one of us has a cross to carry, some have bigger ones and some smaller. Why can't we carry our little crosses bravely and proudly, instead of trying to pass them on to somebody else's willing back, when others have carried heavier crosses smilingly?

In all the darkness that surrounds us to-day, the only ray of hope is the way that Mahatma Gandhi has opened for us. Had we been fully awake and out of our own selfish little worlds, the incident of one man of ours being in prison would have brought out hundreds of other men prepared to

go too, so that the prisons would not be big enough to hold us all. To those who are still asleep it may seem an impossibility, but Mahatma Gandhi, proved to us that it can happen. People in a far worse condition than us in every way have done it and are living to-day as free men. It is to be hoped that sooner or later we will realise that we are made of the same stuff and we too can do the impossible and conquer the evil force that is trying to crush us. We must remember that evil is not a force to fight it. It is only a force when there is no opposition. We hope that our readers will remember the significance of this day, remember the sacrifices of others and think of some little way in which they can sacrifice or help to pave the way, that they wish to tread.

## THE WIDER WORLD

By John Gild

### NO PEACE IN ASIA

**I**T now looks as if there won't be a peace conference over Korea. The United States, by pursuing stubbornly its wrong-headed policies, has not only antagonised its own allies but wrecked whatever prospects there were of holding a successful conference. It all began over the desire of many of the U.N. delegates to ensure that India would take a proper part in the process of peace-making. India's prestige stands high in international circles where it is increasingly appreciated that her attitude to the cold war is sensible and sane. But by strong pressure put on some delegates, Washington managed to prevent the necessary two-thirds majority voting for India to be present at the conference. A second vote was due to be taken later by the General Assembly, but, with a dignified gesture, India withdrew her nomination.

The American victory proved, however, to be an empty one. The Chinese decided to keep the United Nations disappointed. They have politely rejected the Ameri-

can plan for 'packing' the conference. The United States is now making anxious efforts to alter the whole diplomatic procedure and may be willing to enter direct negotiations with the Chinese. Mr. Dulles had to be taught a sharp lesson. He had to be reminded that the North Koreans are not a defeated enemy to whom he could calmly dictate peace terms to be signed on the dotted line. The Korean war did not result in a defeat for anyone—unless it was General MacArthur whose arrogant stupidity led his troops beyond the 38th parallel where they should have halted in the first phase of the war.

### Recognition Of China

There will be no peace in Asia until the western world recognizes the Communist government of China, as India and Britain have already recognized it. By every rule of international law, recognition is overdue. The Government of China is in full control of the whole country, and it is obviously a stable government which only

American folly would attempt, hopelessly, to overthrow from the island of Formosa. The situation is not comparable to that which confronted England in 1789 after the French revolution or America in 1917 after the Russian revolution. England grew fat commercially on the constant warfare against the French revolution and Napoleon because there were others to do the bulk of the fighting for her, and British soil remained unscathed. America could adopt a 'touch-me-not' attitude towards the Russian revolution, from 1917 until 1934, because there were others to bear the brunt of what non-recognition and economic blockade cost.

But today it is not only American money but American manpower which are necessary to wage war against the Chinese revolution. Indian recognition of the Chinese Government and India's policy of neutrality destroyed the hope that the other great Asian reservoir of manpower would be available.

The Editor  
of this Journal

for his part in  
last year's Passive  
Resistance.

An adult policy must recognize China, without accepting communism or its ideology. Recognition means, of course, that the real China must be welcomed at U.N. where she would occupy one of the five permanent seats on the all-important Security Council, (something that the United States is determined to avoid at whatever cost.)

### Trade A Necessity

Recognition of China also means trading with her. Trade between countries is anyhow a necessary that cannot be regulated by ideological differences. Now that American aid to Europe is tapering away, east-west trade in Europe is bound to revive. Similarly, Japan and China must trade with each other, whatever their regimes. To put political obstacles in the way of that trade, as Washington is doing, is to hamper the world's economic recovery by removing about one thousand million people from the world market. If Japan is not allowed to trade with China, and

Germany is not allowed to trade with Russia, then both Japan and Germany will become serious commercial rivals of Britain's, as indeed they are already. This will make full economic recovery a hopeless task for Britain and for western Europe generally. A sound policy would make a virtue of necessity by recognizing China and making a friend, not an enemy, of her. But there are none so blind as those who will not see.

### A Brave Journalist

Some of these considerations are discussed in a new book by a first-rate American journalist, I. F. Stone, in "The Truman Era" (published in London by Turnstile Press at 12s. 6d.) Mr. Stone is one of the small band of brave

men who are not afraid to criticise their country's policy, even in these days. Week after week in the articles here collected, Mr. Stone warned his fellow-Americans that they were taking the wrong road, a road that could lead only to disaster. Most of his predictions over the last five years have proved to be accurate. That is why his analyses and judgments deserve respect. His book, full of wisdom and wit, should certainly be read, especially by those who must unfortunately get their news of international affairs from the South African daily papers, used as they are to the most shortsighted and conservative point of view. It is good news that Mr. Stone is now running his own paper, "I. F. Stone's Weekly," in Washington.

and it is our fervent hope that the Korean armistice and the desire of all parties for a negotiated settlement will so change the climate of this Assembly as to enable opportunities for world peace and security to be more successfully explored. If during this session we can proceed even a little way towards solution of the problems I have indicated, we will have contributed powerfully to the strengthening of belief in the United Nations and will have kindled hopes in the hearts of all mankind.

"In serving the Assembly in the difficult but challenging tasks before us, the high traditions established by my distinguished predecessors in office shall inspire and guide me. I shall also rely heavily on your co-operation and support. I know I can look to the Secretary-General and his staff for their assistance. I pledge my own best endeavours to help bring our work to fruitful conclusions, and to discharge the responsibility which you have laid upon me by electing me to this high office."

Replying to a correspondent Vijayalakshmi Pandit said:

"All my political training," she said, "has taught me to look upon myself as an individual and not as a woman especially. Naturally, I do think that in electing me recognition has been paid to the world of women. For that I am naturally proud and grateful. But I do not particularly care for emphasis to be laid on women, as a woman. While being very conscious of this high honour, I would like to consider it as an honour to my country rather than as an honour to women."

## MRS. PANDIT'S PRESIDENTIAL ADDRESS TO U.N. GENERAL ASSEMBLY

THE following is the full text of the speech made by Mrs. Vijayalakshmi Pandit as President-elect of the United Nations General Assembly on September 15 at the eighth session of the General Assembly.

"I should like to express my deep appreciation to my fellow representatives for the great honour they have just conferred upon me. They can be certain that I shall do my best to justify their confidence and to discharge impartially the responsibilities of this high office. I regard your choice as a tribute to India and recognition of her profound desire to serve the purposes of the United Nations and through them the paramount interest of world peace. It is also recognition of the part that women have played and are playing in furthering the aims and purposes of this great organisation.

"The tasks of every Assembly are delicate and difficult. They also present great opportunities. At this session the opportunities are all the greater because the Assembly meets in an atmosphere which offers hope of a beginning really to resolve some of the tensions and conflicts that afflict us.

"For the first time since June 1950 fighting has ceased in Korea and a way has been opened for settlement in the Far East which would immeasurably strengthen world peace and the stability of the nations who, we are sure, will watch the work of the political conference on Korea with hope and expectancy and will wish it all success in its proceedings. We all hope and trust that the armistice achieved in Korea will prove a beginning from which the United Nations can move

forward to still greater achievements. Many specific disputes threatening peace in various regions, and basic causes of unrest and insecurity demand our earnest and constant attention. Our provisional agenda provides us with every opportunity.

We have a duty not merely to restore peace when it is broken but, even more, to prevent peace from being threatened. We must continue to devise practical answers to fundamental dangers threatening world security. We must find right and satisfactory answers to meet legitimate urges of rising nationalism and not seek remedies which can only lead to greater frustrations and break out of violence. We must find solutions to racial tensions and battle against organised and legalised discrimination: we must find solutions to the problems of poverty and want and recognise in action that prosperity and contentment cannot be achieved in compartments. We must seek to eliminate weapons of mass destruction rather than invent weapons which are even more destructive. Finally, we must discover means of directing the resources of industry and research of science into peaceful instead of destructive channels. We must learn to co-operate effectively in safeguarding peace and in raising the standards of living of peoples of the world.

"It is, of course, relatively easy to state objectives, but infinitely more difficult to attain them. Our responsibilities are certainly onerous. Indeed, they always have been and even their partial fulfilment will bring about the utmost in co-operation and understanding from us. But if there are difficulties before us there are, as I said, also opportunities,

### TROUBLED WATERS

By JOHN O'HIND

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining, and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, sea battles, a chase with bloodhounds, and romance. ## LIBERAL PERSPECTIVE

## THE POLICY OF THE LIBERAL PARTY

## II—CO-OPERATION WITH CONGRESS

By C. W. M. GELL

From 'The Forum' (Johannesburg)

THE second main failure of the Liberal Party has, I think, also been due to its preoccupation with objective (1) at the expense of objective (2). It stems first from its unreserved support for the "rule of law" and its adherence "only to democratic and constitutional means." Each one of these terms is an unexceptionable object for liberal loyalty. But in the context of our colour-caste society, whose basic premises explicitly withhold democracy from the non-European majority of the population, they may lead to conflict and confusion. With such laws as the Suppression of Communism Act, the Group Areas Act, the Reservation of Separate Amenities Bill and the two Swart Acts in front of us, can we dissent from Professor Leo Kuper's verdict that "two of the basic tenets of a democratic creed, respect for law and respect for constitutional procedures, are the very instruments by which domination is maintained. Domination is rooted in the sanctity of law." (1) And Professor Kuper draws attention to "the progressive redefinition of communism as synonymous with non-discrimination on the basis of race or colour"—a process that has gone forward with obvious acceleration since the election and has seen the Act applied to such notoriously temperate and liberal-minded men as ex-Chief A. J. Luthuli. What becomes of the rule of law, then, if parliament, "constitutionally" elected by our pseudo-democracy of one-fifth of the population, "lawfully" passes laws abrogating the rule of law? As to "constitutional and democratic means," what is democratic in the western sense is often not constitutional in South Africa and may not even be legal. And this is becoming increasingly the case with all non-European political activities, which have no "constitutional" channel for their expression and are being progressively outlawed just because they are too "democratic."

The Liberal Party would, I think, reply that (again looking over its shoulder at the reactions of the White electorate) it wishes "to proceed far as long as it is permitted by legal and parliamentary methods, and, secondly, that it will work for the establishment of "constitutional means" for the expression of non-European grievances and aspirations.

Resolution 2 of the party's national conference "on relations with non-European political organisations" deplores the fact that non-Europeans enjoy no adequate constitutional means of expressing their grievances.....and pledges the party to work for the provision of such constitutional means." Just to avoid a current non-European suspicion that the Liberals intend to compete with the Congresses for non-European membership and leadership (which they don't), this resolution should have been accompanied by another publicly recognising the Congresses as the representative organisations of non-European political opinion (which they are), though the party did move a little towards this position by recognising simultaneous membership of the Liberal Party and the African National Congress as compatible. Nor I do not think that the party, itself not yet confronted by the adverse operation of the rule of law and constitutional procedures, has given sufficient thought to or expressed sufficient sympathy with those liberal non-Europeans who are already at odds with the law and outside the pale of the Constitution. And this is the second chief reason for the lack of any positive non-European response to the Liberal challenge.

It is all very well to express "profound sympathy with the aspirations of all non-European peoples...and their desire for liberation from restrictions and humiliations." But it is not enough. It should be possible to convey understanding and sympathy for the motives that impel the Congresses (lacking other outlets) to extra-parliamentary activities and, while trusting that they will at all times strive to remain true to the principles of non-violence that they have espoused, to recognise and applaud the essentially liberal and democratic intention of such activities. Liberal protestations in regard to the lack of outlets for non-European political activity and against the persecution of non-European leaders and organisations so far fall short of the full measure of indignation with White indifference or hostility and of active sympathy with the non-Europeans' present difficulties that some Europeans and many non-Europeans hoped to hear from the party. And I find

the expression of the party's intention to seek "consultation with representative non-European organisations and of collaboration wherever this is possible or necessary" lacking in that sense of urgency and determination to overcome traditional and personal barriers that the present time demands. If anyone objects that the Congresses are too radical for Liberals to do business with, I would refer them again to Professor Kuper's admirable paper, already cited. Indeed, it is because the Congresses are fighting for liberal and democratic ends by liberal and democratic methods that I beg the Liberal Party to come forward more than half way to meet them and thus prove that liberalism in fact transcends all barriers of race, colour, caste or past personal frictions. The sum of all our previous history pulls the onus for the first moves on the White-created party.

And I would fortify this appeal by two practical considerations. First, that in so far as the Liberal Party is holding back in order to try and bring White opinion along with it, there is one further point to be made. The liberal argument has never been, as Mr. Neame asserted in last month's 'Forum,' that its policies would lead to racial harmony—but that they might. Liberals believe that liberalism is morally right and practically possible, and that all other solutions so far offered lead to either moral or material disaster or to both. But if the liberal argument is to be sustained, it requires some visible evidence, which the Liberal Party has so far failed to provide, that a genuine White liberal policy will evoke a significant non-White liberal response. Secondly, there is the obvious danger that, if the present policy and leadership of the Congresses should become discredited by failure and the bitterness resulting from increasing persecution, the non-European political movements will turn from liberalism to Black nationalism or Marxism or both—and from the hatreds of a country divided between White and Black implacably opposed on racial and ideological grounds no peaceful solution will ever emerge, nor one that will benefit either White or Black. For White domination on present terms leads to a future of increasing strife and falling confidence with time, numbers and world opinion all combining against the one-fifth minority group to deprive them of any hope of a successful outcome. And Black domination that had first to eliminate the Whites would in the process also eliminate those skills and technical resources, as well as cultural heritage, that non-Whites will not be able to acquire on their

own in sufficient degree and numbers for quite a long while without a fatal collapse of material and cultural standards.

In its first five months of independent existence the Liberal Party has done much good, compelling the discussion of matters usually evaded or suppressed, declaring itself firmly and sensibly on a number of practical problems—e.g. compulsory residential segregation, the pig-headed injustice of the Western Areas Scheme, the industrial colour bar, "Bantu" education, the Swart Acts, the Suppression of Communism Act etc. Inevitably lacking in political and sociological experience, it will need a little longer to work out its detailed programme on some of the more complicated issues. We who wish it well are not impatient with these delays. But I would finally urge it not to look back too much to 1833 or even 1909. So much has happened since the old Cape Liberal tradition was a living force—two world wars allegedly fought for human rights and liberties, colonial territories obtaining independence and the racially oppressed losing their chains, contrasting with the progressive withdrawal of non-European rights and opportunities in this country through 1909, 1913, 1936 and finally 1948-53—that we must drastically re-interpret that tradition in the light of today's conditions.

The past never stands still and the old Cape liberals themselves knew it. Things have happened in South Africa that they never foresaw. The future of the Union will be decided in the new urban, industrial areas where nearly 2 million Whites and some 31 million non-Whites have to live and work side by side, where differences of status and treatment are only too painfully obvious, and where most non-Whites live in a state of squalor, homelessness and distress that threatens the whole community as much as it "degrades the victims. These latter provide the main bulk of Congress supporters. The events of the last five years and others now foreshadowed have linked their future indissolubly with that of the Congresses. Together they will make or break South Africa. And so, for the future of all of us and its own integrity of purpose, the Liberal Party must try at once to overcome any remaining reluctance to pledge itself to the full democratic goal and any hesitation to commit itself in open sympathy with the Congresses. If it does these two things—perhaps does them at its National Committee meeting while these words are being printed—it will challenge the Congresses to rise above their own paralysing distrust and meet it openly on the

basis of constructive liberalism, where men may differ honestly about timing and tactics but not about principles and goals. And as both sides would grow in stature and political maturity.

sowing the seeds of a new South Africa with a future more hopeful than the whirlwind that others seem determined we should reap

## GOD AS TRUTH

(By GANDHIJI)

We reproduce the following from 'Harijan' dated July 11 for the benefit of our readers:—

YOU have asked me why I consider that God is Truth. In my early youth I was taught to repeat what in Hindu scriptures are known as one thousand names of God were by no means exhaustive. We believe—and I think it is the truth—that God has as many names as there are creatures and therefore, we also say that God is nameless and since God has many forms we also consider Him formless, and since He speaks to us through many tongues we consider Him to be speechless and so on. And when I came to study Islam I found that Islam too had many names for God. I would say with those who say God is Love, God is Love. But deep down in me I used to say that though God may be God, God is Truth, above all. If it is possible for the human tongue to give the fullest description, I have come to the conclusion that for myself God is Truth. But two years ago, went a step further and said Truth is God. You will see the fine distinction between the two statements, viz. that God is Truth and Truth is God. And I came to that conclusion after a continuous and relentless search after Truth which began nearly fifty years ago. I then found that the nearest approach to Truth was through love. But I also found that love has many meanings in the English language at least and that human love in the sense of passion could become a degrading thing also. I found, too, that love in the sense of charity had only a limited number of varieties in the world. But I never found a double meaning in connection with truth and not even the atheists had demurred to the necessity or power of truth. But in their passion for discovering truth the atheists have not hesitated to deny the very existence of God—from their own point of view rightly. And it was because of this reasoning that I saw that rather than say God is Truth I should say Truth is God. I recall the name of Charles Bradlaugh who delighted to call himself an atheist, but knowing as I do something of him, I would never regard him as an atheist. I would call him a God-fearing man, though, I

know, he would reject the claim. His face would reddened if I would say, "Mr. Bradlaugh, you are a truth-fearing man and not a God-fearing man." I would authoritatively disarm his criticism by saying that Truth is God, as I have disarmed the criticism of many a young man. Add to this the difficulty that millions have taken the name of God and in His name committed nameless atrocities. Not that scientists very often do not commit cruelties in the name of truth. I know how in the name of truth and science inhuman cruelties are perpetrated on animals when men perform vivisection. There are thus a number of difficulties in the way, no matter how you describe God. But the human mind is a limited thing, and you have to labour under limitations when you think of a being or entity who is beyond the power of man to grasp. And when we have another thing in Hindu philosophy, viz. God alone is and nothing else exists, and the same truth you find emphasized in the *Kalima* of Islam. There you find it clearly stated—that God alone is and nothing else exists. In fact the Sanskrit word for Truth is a word which literally means that which exists—*Sat*. For these and several other reasons that I can give you I have come to the conclusion that the definition—Truth is God—gives me the greatest satisfaction. And when you want to find Truth as God the only inevitable means is Love, i.e. non-violence and since I believe that ultimately means and end are convertible terms, I should not hesitate to say that God is Love.

'What then is Truth?'

A difficult question, but I have solved it for myself by saying that it is what the voice within tells you. How then, you ask, different people think of different and contrary truths? Well, seeing that the human mind works through innumerable media and that the evolution of the human mind is not the same for all, it follows that what may be truth for one may be untruth for another, and hence those who have made experiments have come to the conclusion that there are certain conditions to be observed in making these experiments. Just as for conducting scientific experiments there is

an indispensable scientific course of instruction, in the same way strict preliminary discipline is necessary to qualify a person to make experiments in the spiritual realm. Everyone should, therefore, realize his limitations before he speaks of his inner voice. Therefore, we have the belief based upon experience, that those who would make individual search after truth as God, must go through several vows, as for instance, the vow of truth, the vow of *brahmacharya* (purity), for you cannot possibly divide your love for Truth and God with anything else—the vow of non-violence, of poverty and non-possession. Unless you impose on yourselves the five vows, you may not embark on the experiment at all. There are several

other conditions prescribed, but I must not take you through all of them. Suffice it to say that those who have made these experiments know that it is not proper for everyone to claim to hear the voice of conscience, and it is because we have at the present moment everyone claiming the right of conscience without going through any discipline whatsoever that there is much untruth being delivered to a bewildered world. All that I can in true humility present to you is that truth is not to be found by anybody who has not got an abundant sense of humility. If you would swim on the bottom of the ocean of Truth you must reduce yourselves to a zero. Further than this I cannot go along this fascinating path.

## SOUTH AFRICAN TRIBUTE TO MRS. PANDIT

THE following editorial on Mrs. Pandit's election as President of the United Nations General Assembly appeared in the 'Cape Times' on September 17:

Leaving aside the purely South African interest in the United Nations, the General Assembly has made a sound choice in electing Mrs. Pandit, of India, as its President for the coming year. This is a vital year for the world organization, with the West disunited and the East-West conflict reaching a stage where permanent damage can be done to world relations. Furthermore, the United Nations has been discredited as merely a place where bloc meets bloc, with the points of disagreement determined in advance, and, above all, the Soviet Union with satellite delegates believe that the General Assembly has become little more than a forum for United States opinion. There is no person in the world more qualified to rectify all this than Mrs. Pandit. Except in South Africa opinion, she is regarded as the personification of Caesar's wife—above suspicion, politically speaking.

The importance of her election is not because she is a woman. It lies in the fact that if any person in the world to-day can be described as neutral, as above regional prejudice while at the same time being fully aware of all the stresses and strains under which humanity is suffering, without giving one inch to materialism, it is Mrs. Pandit. She has served her country as few other women have done; she has developed a sympathetic understanding of Red China, which

she knows well; she has worked as a diplomat in Moscow on friendly terms with the Soviet leaders; and she has retained an inborn love for the West and its way of life and its culture, a love which dates long before she became ambassador to the United States. In short, no living statesman is better qualified for the post of overseer of the General Assembly than Mrs. Pandit. If we, in South Africa, have misgivings about it in view of her past attitude towards the discussion of South African affairs before the United Nations, we must still recognize her sincerity. She is not hot-headed and will not let her personal views prejudice the normal, legal consideration of African disputes. And if a rapprochement between East and West is possible, no better go-between can be found than Mrs. Pandit. She has dedicated her life to that task.

## AFRICAN VIEWPOINT

## PLATFORM FOR QUISLINGS

By JORDAN K. NGUBANE

THE Minister of Native Affairs has been unyielding in his determination to transfer the control of African Education from the Provinces to the Central Government. Behind this is his and his Government's ambition to divert the educated African's mind from the freedom struggle and force it to work in grooves where no African will seriously challenge the evil of race domination.

To the Minister and his Government, education is a propaganda weapon. As such it must be used, not to enable the human personality to develop and blossom freely to the glory of God and in that way serve mankind better; it must be used to produce a type of human being who will yield to every deprecation of the human personality that apartheid and its votaries can dream of. In short the education that the African will be given in his schools will, among other things, inculcate in him hatred for all those who are not like him. The main idea will be to make him react to situations calling for tolerance in a way similar to that we know very well in the behaviour and attitudes of the Melan crowd when it comes to matters of race. In short, the transfer is a sinister plan to corrupt our people as a whole.

In a very special sense it is a long-term blueprint for strained relations between the Africans and the Indians in this country. The Melans know full well that nobody can exert enough pressure on the Indian community in this country to force it to return to India other than the African people. The white people have gone to great extremes trying to drive the Indian out of this country. That they have failed is not due to their lack of determination. It is due overwhelmingly to the fact that the majority of the African people do not regard the Indian as an enemy.

Except in a few danger-spots along the Natal coast no Indian lives in fear of his life from the African people. The fact that the Indians themselves are determined not to return to India is proof enough, if further proof were required, that the overwhelming majority of them feel that they have nothing to fear from the African.

The Melan gang is now taking a devious route to bring up

generations of Africans nurtured on narrowness and hatred. Men and women who will see themselves and their problems and neighbours through racial eyes. People who will feel their way into situations instead of reasoning it. In these circumstances a new challenge comes up to face the African teacher. The time is coming soon when he will have to choose between loyalty to the finest ideals of the profession and being a despicable quisling poisoning the minds of the young with apartheid lies and falsehoods.

The man of honour in the teaching profession will lay down his tools rather than prostitute his profession. But then I do not expect every teacher to see the transfer in this light at the very beginning. There are very many men and women of goodwill—and history shows that sometimes they are more dangerous than the avowed enemy—who will decide that education of some sort is better than no education at all. If I had my way, no African child would be sent to an apartheid school. If we must be educated, it must be an education which will help us develop our personality freely—and not in accordance with any tyrant's dictates. I will be told that any way would produce catastrophic results. But has not the time come when, as a people, we must seriously face catastrophe; face disaster; face annihilation itself rather than be the slaves we are? The man of honour will start to starve; to be disgraced; to be imprisoned and even to die in jail, rather than corrupt the innocent minds of the young. For, let us make no mistake about it. The apartheidists are bent on making us their willing slaves for all time.

I have said that the transfer confronts the African teacher with a challenge. He might accept it; he might stall. All sorts of human weakness set upon the human mind in the hour of crisis. But not every teacher will be called upon to face the challenge to start with. A few will be in the front line at the beginning. These are the men who might be called upon to serve on advisory boards set up to tell the Government how best to corrupt our minds as a people.

Already, the Minister of Native Affairs has indicated that he

might wish to set up advisory boards—one or more. But he will not allow the apartheid principle to be endangered. In other words, to serve on those boards will be to accept apartheid and slavery. Here is a first-class opportunity for the leaders of the teaching profession to show in no mistakable manner that they are determined not to betray the African child. If invited to serve on those boards, their clear duty will be to decline and face the consequences. The men of honour and the quislings who will sell their children for a tiny cheque at the end of the month will then be sorted out in a way all shall see. We shall then know

friends from foes on our side.

The proposed boards to advise on African education will be and must be made to remain, platforms for quislings on which no man of honour; no teacher worthy of the title; no self-respecting parent will serve. As a people we are being dictated to on everything. Our leaders have been silenced and we are a desperate people. But nobody can deny us the right to suffer to draw attention to the wrongs perpetrated against us. If Verwoerd thinks he will bully me into joining the line—let us do as the Native Representative Council did. Take a firm stand and face the consequences. That is the only path of honour.

## HOW SOME PEOPLE PAY FOR THE MIGRANT LABOUR SYSTEM

By PATRICK DUNCAN

AN authoritative survey of the life of the African people living in the Keiskamma beach reserve has just been published. Its tone is the dispassionate tone used by scientists, but it is full of information that should make all South Africans ashamed of the widespread system of migrant labour.

I shall just give two examples. Of 1000 deaths of peoples of all ages the rate of deaths among children under one year of age is 635. And out of 1000 children born, 38 die before they are one year old. In England and Wales the corresponding figure was 30 in 1950.

The reason for this appalling state of affairs is poverty and ignorance. [This poverty and ignorance is increased by the way that the able-bodied men and women are forced by our migrant labour system to work away from their homes.

This survey paints a ghastly picture of the way that this

system breaks up and divides families. Out of 100 families investigated only three were complete with the men and wife living together with all the children that they had begotten, and only 8 were complete with the man and wife living together with all their living children. In 99 cases one or more living members of the family were absent. How can we expect a new generation to grow up in health and decency in conditions like this? Evidently family happiness, in South Africa, has the 'baleful' label on it—"For Europeans Only."

# A.N.C. AND S.A.I.C. MEMORANDUM TO UNITED NATIONS

## NATURE OF DISCRIMINATION IN S.A.

(Continued from last week)

### 4. Discrimination in Labour

(c) Discrimination in Employment: Non-Whites form a very large proportion of the settled urban population in the principal industrial centres of the Union. The 1946 census shows that of a total urban population of about 4,100,000 over 2,500,000 were non-White.

Over two-thirds of the employees in manufacturing industry are non-white. The ownership and control of industry is vested exclusively in the hands of white persons and, as in every branch of the civil services, non-whites are, completely excluded from all executive positions in management and administration.

The same picture presents itself in the field of productive employment. In the major industries, salaried jobs are maintained as the jealously-guarded preserve of the white workers, sometimes—as in the mining industry—by law, frequently by rigidly observed customs. Fitters and turners, welders, locomotive-drivers and firemen, plumbers, and all similar occupations are restricted trades, open to whites alone. This discrimination reflects itself in the wide gap between the average salaries and wages paid to employees of the various racial groups in secondary industries.

|           |          | 1947-8 |
|-----------|----------|--------|
| Europeans | Salaries | £673   |
|           | Wages    | £414   |
| Natives   | Wages    | £103   |
| Asiatics  | Wages    | £174   |
| Coloureds | Wages    | £177   |

The gap is even more marked in the mining industry, where the average cash earnings of white employees for the year 1950 was £772 each, of Africans £51.2 each.

(b) Exclusion from Collective Bargaining: In the Union of South Africa, relations between employers and employees in industry are regulated under the Industrial Conciliation Act, 1937, which provides for collective bargaining between legally-recognised trade unions and employers' organisations. Agreements reached between these bodies are promulgated officially by the Government and have the force of law. Quasi-state bodies (Industrial Councils) are established consisting of representatives of

employers and employees, to implement and administer these agreements.

However, in defining an "employee," the Industrial Conciliation Act specifically excludes from its definition all "persons bearing Natives"—i.e. the overwhelming majority of African men. Hence trade unions of Africans, or including Africans, are specifically excluded from the legal recognition and protection afforded to trade unions registered under the Act. This means in practice that wage-rates and conditions for all workers are fixed by negotiation between representatives of white employers and white employees. This materially operates to the severe detriment of the African worker.

For example, in the engineering industry, journeymen (who are exclusively white) are paid at the rate of 3/9 per hour, whereas labourers (who are all non-whites) receive 7/3 per hour, basic pay. Journeymen get three weeks paid holiday, labourers and non-white semi-skilled operatives only two weeks. Journeymen receive special cost-of-living allowances, holiday bonuses, extra overtime pay, etc., not applicable to labourers and semi-skilled operatives.

Similar examples of discrimination are to be found in many other industrial agreements.

(c) Strikes Illegal. A further discriminatory factor, depressing the wage-rates of African workers, is that in terms of various "Masters and Servants Laws," the Native Labour Regulation Act of 1917, and in particular of "War Measures No. 145 of 1942"—which was promulgated as an emergency measure during the Second World War, but which has been extended and is still in force—strikes of African workers are prohibited by law and heavy criminal sanctions operate against strikers.

Therefore trade unions of African workers are placed in the impossible position that access to the legal machinery of collective bargaining is denied them and at the same time resort to the traditional trade union weapon of direct action to withhold their labour is illegal.

(d) Native Labour (Settlement of Disputes) Bill: A marked

step towards the further denial of trade union rights to African workers is to be observed in the Native Labour (Settlement of Disputes) Bill which is, at the time of writing, before the Union House of Assembly.

This Bill provides savage sanctions of up to a combined sentence of £500 fine and three years' imprisonment for African workers who take strike action. It provides for the "settlement of disputes" by a "Native Labour Board" consisting entirely of Government appointees. No provision whatsoever is made for collective bargaining by African trade unions. In fact, introducing the Bill, the Minister of Labour, Mr. B. Schoeman, made no bones about the fact that it was deliberately aimed at destroying the African trade union movement. He openly condemned the entire African nation, both in the Union and elsewhere in Africa as "savages" and "cannibals," unfit to enjoy trade union rights. "The European Whites would be committing race suicide if they encouraged Natives to form trade unions," said Mr. Schoeman.

(e) Pass Laws Depress Wages: A further factor operating to depress wages and conditions of African workers is the complex of Pass and Urban Areas legislation in South Africa which is designed to circumvent the natural laws of supply and demand in respect of labour power.

The tendency is natural for a man whose movements are circumscribed by the pass laws to take the first job that offers itself, however low the pay may be, or however unsatisfactory the hours and conditions of work.

Clearly the pass laws and the urban areas laws can be and in fact are extensively operated to divert African labour away from fields of employment, offering higher wages and better conditions, to those affording minimum conditions.

This is particularly true of employers of farm labour and the gold mines, where cash wages have remained relatively stagnant over a period during which the purchasing power of the pound has declined to less than a third. This has had the effect not only of steadily reducing the real wages of agricultural and mining labourers, but also of exerting a depressing effect on wages throughout the structure of South African industry.

Another field to which labour is diverted through the operation of the pass law system is that of domestic service. Afri-

can women are not affected at present by the pass laws. Though the latest legislation of the Malan Government does provide for the extension of the pass system to both women and children; and it is not uncommon for the "permits to seek work" to be endorsed "for domestic service only."

Very large numbers of African men and women are thus directed into domestic service where wage rates are extremely low (from £3 to £6 per month). White workers commonly employ an African to clean their houses and do the cooking. It is usual to find a small white family of the professional and salaried class employing two or three domestic servants; while in the more expensive suburbs of all major cities of the Union, one frequently finds families of two or three persons with a small army of retainers (cooks, gardeners, cleaners, chauffeurs, nurse-maids etc.) to wait upon them.

## RECORD OF APATHY, SAYS CANON OF ST. PAUL'S

**S**OUTH AFRICA'S racial laws and the policy of White supremacy were criticised recently by Canon John Collins, Canon and Chancellor of St. Paul's Cathedral (London), in an address in the cathedral.

Canon Collins, a strong critic of racial discrimination, has attacked South Africa's racial laws on previous occasions.

He said that the Church of England had a record of apathy in its social and political responsibilities.

The Anglican Church had tragically failed over and over again, particularly as it expressed itself through its accredited ecclesiastics, to give a lead in the battle against social and economic injustice and oppression, he said.

Recently in the 'Sunday Observer' there was printed a letter from Father Huddleston, Superior of the House of the Community of the Resurrection in Johannesburg, addressed to his fellow Christians in England. The letter was entitled 'For God's sake wake us up.'

Canon Collins said: "Dare we, in the face of this appeal, remain apathetic?"

"We are today, in the South African situation, confronted with a simple and straightforward issue. Can we stand by and see injustice, cruelty and oppression meted out to our fellowmen, made in the image of God, and yet do nothing to hinder such a de-secration of human dignity?"

"Can we any longer believe that it is safe to leave matters to the Church in South Africa? We have already the cry for help from such great Christians as Father Huddleston and Mr. Patrick Duncan.

"But a few days ago a well-known author, a Christian, a White man born and bred in South Africa, told me that, though there are differences in what they say about the colour bar and racial matters, between the Dutch Reformed Church and the Anglican communion in South Africa, in point of fact any outsider would find little or no essential difference in the practice of the two Churches in regard to these matters."

Canon Collins suggested three steps to be taken by those who wished to help in this "struggle against oppression."

"First let each of you in this Cathedral today who is convinced of the rightness of Father Huddleston's case, write to the Archbishop of our representative leaders in the

Church, publicly proclaim their full support for such as Patrick Duncan, Father Huddleston, Alan Paton, and for the whole of the oppressed peoples of Africa."

"Secondly let us request that the bishops of the South African Church appoint, as an earnest in their intention to abolish the Colour bar in the Church at least one Church in each diocese where on Colour bar of any sort whatever operates.

"It is not sufficient just to allow Blacks and Whites to worship together. The whole set-up of that particular Church must be built upon a real fellowship, a real partnership of Black and White which

judges men to be fit for this or that only by reference to their character and ability.

"Thirdly let us announce publicly—and mean it—that we provide money to safeguard the Church in South Africa, for any loss of revenue which may come to it as a result of a policy which may drive away from among its White still believe in the hated policy of White supremacy."

"May I also recommend that the Church of England should supply no money to any missionary society which is not committed, in action as well as in word, to the abolition of the Colour bar and any slightest possible relic of the principle of White supremacy and to the Christian view of human nature in the African Churches," he concluded.—Sapa-Reuter.

## HUMBLE WALKING TOUR WHICH EARNED NATIONAL RECOGNITION

**T**HE 38th birthday of Acharya Vinoba Bhave, founder of the triple-gift movement of land, money and labour, was celebrated at a number of centres in India on September 11. Since launching the land gift movement during his walking tour of Telangana, it has gathered momentum and now enjoys the support of the Central and State Governments. Contributions all over the country stood at more than 22 million acres when the last figures were received.

Acharya Vinoba Bhave, addressing the Bhodan Conveners Conference at Khedigram recently asked Bhodan workers not to introduce politics in their work. He added, however, that "this work should not be understood to have no connection with politics. It has a politics of its own, a politics with a distant vision that aimed at sublimating the present system of party politics and raising it to a higher level of comprehensive politics.

Representatives from 19 States attended the conference.

Computing the rate of donations given during the last six months, Acharya Bhave said: "We can complete the target of 50 million acres by 1957 if we put in five times as much effort as we have done during this period." He said that workers should go in every village and carry their literature. They should raise the circulation of the weekly journal 'Bhodan Yiter' to 100,000 copies in Bihar alone. Without doing all this, if they said they had tried their best for bringing about a change of heart, it would sound hollow.

"Considering the volume of work that we have done so far, the result is quite satisfactory," he added.

"Some people often ask," Acharya Bhave said, "if we fall even after doing all this, what will be the next step? This question does not occur to my mind, but I would like to say to such persons that I have the weapon of satyagraha with me. You must, however, understand that satyagraha is not to be used as a threat or in a light-hearted manner."

Mr. Jaya Prakash Narayan, the Praja Socialist leader, also addressed the conference after representatives of the various States had submitted their reports on the work and explained the difficulties experienced by them.

Mr. Narayan said that for several months he had toured the country in connection with Bhodan work and met representatives of the Press and other classes of educated people. He felt that the idea of Bhodan should be carried to the intelligentsia in an elaborate manner. He agreed that there was dearth of workers. Even those who had worked under Gandhi were not very keen about this work, although they said that they supported the cause.

That being so, Mr. Narayan said, what could be said of others? Youth should be made to understand its revolutionary possibilities and then they would be attracted towards it. He suggested the holding of camps for this purpose.

Mr. Narayan felt the need of having before them a clear idea of the kind of society they wanted to build. Sardarsa workers had to sail against a headwind. Therefore, to define the objective in clear terms was all the more necessary. The people wanted to know what Sardarsa had in mind in respect of trade and industry.

Replying to a question, Acharya Bhave said that the ejected klan must not leave possession of the land. But nobody should try to exploit the situation for political purposes. As for those landowners who retained a large acreage even after donating one-sixth of their total holdings, he said he would again ask them for donations till the land problem was solved.

Regarding huge properties Acharya Bhave said his thoughts were more clear about it than about land problems. Just as land was sought to be given to the landless as a matter of right, similarly the properties of the moneyed class had to be used for supplying the needs of the tiller of the soil.

## Intimate Theatre

Intimate Theatre are to be heartily congratulated on their second production at the Bolton Hall, which is running from Tuesday to Saturday of this week at 7-45. "George and Margaret" is a delightfully humorous and sympathetic picture of family life, sparkling with amusing situations.

George and Margaret are actually two boring family friends constantly on the brink of visiting the Garth-Bander family but never actually arriving; they are greeted offstage as the final curtain falls. The main plot of the play concerns the attachments of the three younger members of the Garth-Bander family. The spirited production is in the hands of Gerald Suez who appeared in "Someone at the Door" and now plays the younger son Dudley.

A very small audience saw the opening performance but much larger attendances are expected and a number of schools are taking advantage of concession offers made to encourage young people to see live theatre. Audience response was magnificent; it was amazing how so few people laughed so much. Intimate Theatre's highly groomed professionals deserve firm non-European support; it would be a great pity if their proposal to present a play monthly at the Bolton Hall were to fail through insufficient audience.

# INDIA LETTER

(From Our Own Correspondent)

Bombay, September 27.

**C**ONTRARY to general expectations, Admiral Chester Nimitz's reported resignation as the Plebiscite Administrator of Kashmir has not solved the dispute between India and Pakistan in regard to the appointment of a Plebiscite Administrator. According to reports from New Delhi, Admiral Nimitz has stayed his resignation pending the arrival of Mr. Zafullah Khan, the Foreign Affairs Minister of Pakistan, on request from Pakistan. Mr. Zafullah Khan has already reached America.

The campaign let loose against India by the Pakistani Press and political leaders has been losing its force. Mr. Nehru had protested against such a campaign and the most provocative speech by the Pakistani Premier, as it was a breach of the agreement reached at Delhi between the two Prime Ministers. Now the Prime Minister of Pakistan, Mr. Mahomed Ali, has appealed to the press to stop such a campaign and his appeal seems to be having some effect.

Correspondence is still going on between the two Prime Ministers in regard to the implementation of the Delhi Agreement. Pakistan has continued to lay emphasis on retaining Admiral Nimitz as Plebiscite Administrator. India is equally firm in rejecting Nimitz or any other person from the Big Powers engaged in the cold war. India wants that any person from neutral Asiatic countries or from any small neutral nation be appointed as Plebiscite Administrator. Firm attitude of both the countries on this issue has created an impasse.

The Kashmir National Conference, the premier political party in power in Kashmir holding an overwhelming majority of seats in the Constituent Assembly of Kashmir, concluded its three-day convention at Srinagar. The convention, which had been called to review recent developments in the State following the dismissal and arrest of Sheikh Abdullah, former Prime Minister of Kashmir and the president of the Kashmir National Conference, was attended by 4,000 delegates.

The convention adopted a resolution expressing complete confidence in the Bakshi Government and assuring it of the fullest active co-operation in

implementing the programme of New Kashmir.

The resolution stated that, "this meeting of the workers of the All Jammu and Kashmir National Conference which includes members of the General Council of the Conference and the members of the Jammu and Kashmir Constituent Assembly after having considered the recent change in the Government, resolves that this change was inevitable and in the interest of the country and the national movement."

The main political resolution passed unanimously after four and a half hours' discussion, declared that, "consistent with the States accession to India in respect of Defence, Foreign Affairs, Communications and the Delhi Agreement, we will preserve an autonomous status of our State within the Indian Union. We will resist with all the forces the idea of merger. We will not allow our State to become a cockpit of foreign intrigue and a victim of imperialistic intervention."

The Convention further stated that the traditions of resistance to imperialism, feudalism and communalism reaction on which the national movement of the State subsisted did not permit any association of the people of Kashmir with the "present ruling clique in Pakistan." Moreover the weakness of the democratic movement in Pakistan which had enabled the feudal and reactionary interests to maintain their stranglehold over her political, social and economic life would cut off all opportunities for the people of Kashmir to progress towards the realisation of their social and economic objectives."

The Conference categorically states that it will strive to secure for the State full, internal autonomy to enable it to fulfill the pledges in the new Kashmir programme. This supreme consideration guided the conference to limit the scope of the State's accession to India to three subjects, Defence, Foreign Affairs and Communications as a defined instrument of Accession and the Delhi Agreement. Our wishes in this respect have widespread and effective support in India. On the contrary the rulers of Pakistan are planning to liquidate the integrity of our State so as to smash the national identity of the people under deceptive slogans of com-

munal solidarity. There should be no doubt in regard to the future of the State in case these plans succeeded. Besides mass dislocation of the population, vital areas of the State would ultimately be dragged into the orbit of imperialist domination."

The Conference welcomed the joint declaration of the two Prime Ministers.

The resolution was sponsored on behalf of fifty out of 75 members of the Constituent Assembly, 80 out of 110 members of the General Council of the National Conference and a majority of the Working Committee members of the Conference.

Speaking on the resolution of confidence expressed in the new Government, the Kashmir Premier, Bakshi Gulam Mohamed said: "Sheikh Abdullah proved a failure as a Prime Minister and his other colleagues shared that failure because they could not formulate the policies in the interest of the State. The country's interest demanded that we should be separated as his political programme was dangerous for the country."

Sheikh Abdullah, Bakshi Gulam Mohamed said, would remain in prison so long as conditions did not change and his release will be detrimental to the detriment to the interest of the State.

Andhra State Bill has received the President's sanction and has become Law. Preparations are afoot to create the new State from October 1. Mr. T. Prakasam, the veteran Andhra leader and former Chief Minister, will in all probability be the Chief Minister of the new State. As no party will be in the majority in the new State's Legislature, negotiations are going on between the Congress and the Praja Socialist Party in regard to the formation of the Ministry.

Five Andhra Ministers of the Madras Cabinet have handed over their resignations to the Chief Minister, Shri Rajagopalachari, in view of the formation of the Andhra State.

The Ministers would, however, continue to hold office till October 1, the date of inauguration of the Andhra State.

Those who handed over their resignations are: Dr. M. V. Krishna Rao (Minister for Education), Shri N. Ranga Reddi (Minister for Public Works), Shri D. Sanjivayya (Minister for Co-operation), Shri S. B. P. Pattabhiram Rao (Minister for Rural Welfare) and Dr. K. Nagan Gowda (Minister for

Agriculture). The last Minister hails from the disputed district of Bellary.

Shri Sankara Reddi (Minister for Local Administration) who is also from Andhra, will hand over his resignation on his return from the tour.

The Madras Cabinet has now a strength of 15 Ministers including the Chief Minister. The strength of the Cabinet will be reduced to 9 after the formation of the Andhra State.

Uncertainty in regard to the formation of the Ministry in the new Andhra State has developed following the decision of the National Executive of the Praja-Socialist Party not to release Mr. T. Prakasam from his obligation to the Party and to agree to a coalition Ministry only, to which the Congress is averse. Further, the Andhra Pradesh Congress Committee Executive has expressed the opinion that a member of the Congress Legislative Party should head the Government of the new Andhra State.

A crisis is also enveloping the Travancore Cochin State, where after secession of nine Travancore Tamilnad Congress members from the main Congress Legislative Party, the Congress has lost a majority in the Legislature. The Congress party is now short of four votes for a majority in a house of 109. The Party will seek a vote of confidence when the Travancore-Cochin Assembly meets on September 27.

If the confidence vote is not carried, the leader of the House will recommend to the Rajpramukh dissolution of the legislature and the holding of general elections in the State.

A stable government is still possible in the State if the Praja-Socialist Party decides to co-operate with the Congress.

The State Committee of the Communist Party has urged all opposition groups in the Assembly to unite on a common programme and form a coalition Government removing the party in power now without a working majority in the Assembly.

A statement issued by the Committee opposed the idea of keeping the Congress Ministry as a caretaker Government, 'if it failed to secure a confidence vote.'

The statement said that the Opposition should be given an opportunity to form a Government if the ruling party lost the confidence of the Assembly.

The total loss due to damages caused by the floods in Bihar is officially estimated at Rs. 35 Crores. Apart from the loss to

crops, houses and household properties, there has been extensive damage to protective embankments, roads and culverts throughout the whole of North Bihar and in many parts of riverine districts of South Bihar.

The total expenditure of the Government on flood relief is estimated to be about rupees four and a half crores during the current financial year.

There was heavy rainfall throughout the whole of Bihar and particularly in North Bihar, between August 20 and August 24 and again between the 9th and 13th September, and this aggravated the flood situation in the State very considerably. The flood waters, instead of receding, spread over a wider circle in the districts of Darbhanga, Muzaffarpur, Champaran, North Mounghyr, Sherma and Siran, causing very extensive damage in the countryside.

The Bihar Government is distributing free grains, kerosene oil and match boxes to all indigent persons and have opened grain shops throughout the flood-affected areas. Repair of district and Local Board roads and schools wherever possible are being taken up to provide employment to the able-bodied people. Steps have also been taken to start light manual works such as spinning with the Charkha and rope-making to provide employment to the men and the women.

As there is no sign as yet of the flood waters receding, the relief operations will have to be carried on well up to the middle of October and thereafter. Taccavi loans on a wide scale will have to be distributed to enable the cultivators to carry on agricultural operations during the sowing season. It is estimated that disbursements of Taccavi loans alone may exceed rupees 3 crores.

The House of the People passed the Estate Duty Bill unanimously. Replying to the debate on the Bill, the Finance Minister, Sri Dashmukh said that the aim of the Government in introducing the Bill was twofold: to bridge the existing social gulf due to inequality in the distribution of wealth and to help the States in raising funds to finance their development projects.

Sri Dashmukh gave an indication that the Estate Duty Bill may not be raised for some years to come.

ની જ આરાધના કરે, તેથીજ  
સીતા સાત સતીઓમાંની એક  
છે. સતી એટલે પતીને વફાદાર  
એવો અર્થ નથી. સતી એટલે  
નિર્વિકારીતા, સીતાને જે બાળ  
અવસ્થાએ તેના દોષમાં જણવા  
ની આવશ્યકતા નથી. કેમકે  
ત્યાં પણ વજુન જોવું છે કે  
કેવળ બાળકની ઇચ્છાથીજ રામ  
સીતા એટલા. અ.વું આજે ચર્ચ  
નથી. આજના બાળકો વિકાર  
માંથીજ ઉદ્ભવે છે.

## ગાંધી કણીકા

અભયમાં બધા પ્રકારના હર  
નો અભાવ હોવો જોઈએ. મોત  
નો હર, મારખીટનો હર, જુખનો  
હર, અપમાનનો હર, લોકલાજ  
નો હર, જીવપ્રેતનો હર, કોઈના  
કોઈનો હર—આ બધા અને  
જોવા હરથી સુક્ષિત તે અભય.

અરૂપસ્થિતા નિવારણનો અર્થ  
હરિજનોને - અડવું એટલે જ  
નથી, પણ તેમને આપણા સગાં  
સંબંધીઓ જેવા સમજવા,  
અર્થાત આપણાં બાઈબહેનો  
સાથે-વર્તીએ - છીએ - તેવી રીતે  
વર્તવું. નથી કોઈ કંઈ કે નથી  
કોઈ નીચ.

જે બધો સમય અમવાનનો દોષ  
તો આપણે એક કણ પણ નકામો  
જમ જવા દઈએ આપણે અમવાન  
ના દોષને તો આપણા ઘરોનો એક  
ભાગ પણ મેળવેલમાં કેમ આપણે

માણસ બધારે પોતાની હલથી બકાર  
જમ, હલથી બકાર કામ કરે, હલથી  
બકાર વિચાર પણ કરે ત્યારે તેને  
બાધિ યામ, કોઈ આવે એવો સંભવ  
છે. આવી દોષાદોષ નકામો છે, નુક-  
સાન પણ કરે.

આદર્શ વચરનો માણસ સુકાન  
વચરના વધાણુ જેવો છે.

## માનવ બુદ્ધી

(કેદારનાથજી)

મનુષ્ય બને પણ બન્ને જીવન  
તો જીવે છે. પણ બન્નેની  
જીવનપદ્ધતિમાં ફેર છે. પણ  
પક્ષી કુદરતી રીતે જીવે છે.  
તેમનામાં બીજાનું કિતાહિત  
વિચારવાની શક્તિ નથી. મનુષ્ય  
માં પણ કરતાં એક વધારે શક્તિ  
છે કે જેને લીધે તે એક કહેવાય  
છે તે છે બુદ્ધિ. બુદ્ધિને લીધે  
તે બીજાનું-પોતાનું તેમજ સમાજ  
નું કિતાહિત સમજી શકે છે.  
સીક પોતાની જૂખ સતોપવા  
શિકાર કરે છે. તે હયાનો  
વિચાર નથી કરતો કારણ કે તેની  
પાસે તે શક્તિ નથી. મનુષ્ય  
માં હયાબાવ રહેલો છે. તે  
પોતાનું તેમજ સમાજનું કિત  
વિચારી શકે છે. એક મનુષ્ય  
રાત્રે ઉભાગરો કરે છે તે સેવા-  
બજન કરવા માટે જમદાર બીજે  
મનુષ્ય રાત્રે ઉભાગરો કરે છે  
પણ ચોરી કરવા-જુગાર રમવા  
માટે. બન્નેએ શક્તિ ખર્ચ કરી  
પણ એકે સેવામાં અને બીજાએ  
ચોરી કરવામાં. તેવીજ રીતે  
મનુષ્ય બુદ્ધિનો ઉપયોગ કરી  
શકે છે. સમય માને આલવામાં  
ચોરી બુદ્ધિ ખર્ચ કરે તો તેના  
માં તે સમયથી આલવાની શક્તિ  
આવે છે.

## આત્મ શોધન

“હું આપણેથી, પ્રભુ પરમ તેજે છું” સમજાવું

આજના પવિત્ર દિવસે ૮૪ વર્ષપર ૬૪૨ પેલાનો એક સાદીસો યુવક દુનીયાને આપ્યો હતો કે જેણે પેલાના દેસને સ્વતંત્ર બનાવ્યો અને બીજા ધણા રાજાપદા દેશોનો આર્મ સરળ કર્યો. એ દેશ એક માનવ મહાત્મા આપી તેઓ આજે દેવાત નથી પણ પેલાની પાછળ ધણા મેટા વારસો મુકી ગયા છે. અને તે કદાપી ઇસ્લામ નથી પણ આપણા ધર્માનો નથી. બપોલ રૂપે તેઓ દેવેશ આપણી મધ્યમાં જીવંત છે. તેમની પવિત્ર હાજરી ફરીફારવી કે અધારમાં ડુબેલા રહેવું એ આપણો પેલાનો સ્વાધ છે.

ધણા એમને જન્મદીન જાહેરમાં ઉજવેલ ધણા પેલાના હૃદયમાં એની ઉજવણી કરેલી અને ધણા પેલાના સ્વાધમાં રચ્યા પચ્યા રહી એને પીસારેલી. આખી દુનીયાના દુઃખને ટાળવા એમને પેલાનું તન બાળી આપણને અભ્યાસ કરી દિધું છે તેમના જીવનમાંથી કાઢક આપણા જીવનમાં લેવું એજ સાચી ઉજવણી મણારો. સ્વાધની નીકમાંથી જાગી વિશાળ ક્ષેત્રે બીજાઓનો વિચાર કરવાનો વખત આજે આવી ધણો છે. દુનીયામાં મારે બાળુ અચાંતી, કાપ, અને યુદ્ધની નોખતો વાગે છે. આવે વખતે આપણે જામણ નહીં તો કપારે જામણ! જન પાછળ ગાંડી શરીરદુનીયા એ દેવે જામણ નહીં તો વહેલો વિનાશને નોતરેલી. આપણે કે જેઓ પીસાને એક જીવનનું ખેડ સમજ તેની પાછળ માનવતાને અને મુખ શાંતીને છુટી જાય છે એમની શ્યા આવે છે. તેઓજ અરેખર શક છે. એમની ‘પાસે પ્રથર’ આપેલી જાણેમાંથી એક બહિસ નથી ફક્ત મુખ્ય સજ્જત મનના દમજામાં આવેલ છે.

મહાત્મા ગાંધીની દેવે આપણે પોંચી ન શકીએ એ અમે જાણીએ છીએ. બધા માનવ માટે તે સકપ નથી. છતાં આપણે પણ કાંઈક થોડાં ‘ત્યાગ’ કરી, થોડી સેવા કરી માનવતા સાધી શકીએ છીએ.

આજે બી. મણીલાલ ગાંધી જેલમાં છે. પેલાની રીતે અન્યાયનો સામનો તેઓએ કર્યો છે અને આપણી સામે એ આંતરે આજે ખસા છે તેમને ફર

કરવાનો પેલાથી અને તે પ્રયત્ન કર્યો છે. કદાચ ધણાને મન એ કાંઈ વિસાતનું પગલું ન પણ હોય પણ અમને ખાતરી છે કે ત્યાગ કાંઈ દિવસ નિષ્કળ નથી જતો. આજે નહીં તો બાવીસ કપારે પણ એની સુવાસ તે પાયરશેજ. આપણે આજે તેમને ન અતુસરી શકીએ તો થોડુંક પેલાનું આત્મશોધન તો કરીજ શકીએ. અને તેમ કરી આજે જે માનવતા આપણા મંથી રીસાઈ દુર અછ છે તેને ફરી આપણા અંતરમાં રચાવ આપીએ. પણ તે સ્વાધને થોડો દુર મુકા વિશાળ ભુખી-ઉદાર માનવા વચર થવું અસકપ છે. બે આપણે આટલું કરવું તોય આપણે આજે જે દુનીયાને અચાંતી અને અચાંતી વચે જોશ ખાતરી કરી છે એને એક કપરનો આનંદનો આમ બનાવવું.

આજે જાણજ એ એક વસ્તુ અને છે કે જીવન અચાંત યજ પડ્યું છે. કપારે આપણી પર વાજણ ઘુટી પડેલી તેનો કપ છે. આપણે જે આજે જવાનું છે ત્યાં કાંટા જાખરા ખડો વચે પડેલા છે. અને આપણે જાણીએ છીએ કે કાંઈ આપણે મારે મહેનત કરી એ માણુ ફર કરે પણ તે સકપ નથી એ આપણે સમજવું જોઈએ. આપણામાંના ધણાએ તે ફર કરવા નાની મોટી મદદ કરવી જોઈશે. આમ નહીં કરીએ તો ધણી વધુ મોટી આપણીએ આપણે નોતરશ.

આજના પવિત્ર દિવસ જેવો બીજો કશો દિવસ હશે કે આપણે ત્યારે થોડું આત્મ શોધન કરી કાંઈક ત્યાગ કરી દુનીયાનો ખીજાના વચને કાંઈક આસા આપણું!

આજનો મંમસ દિવસ કે ને રીતે એક પવિત્ર આત્મા ધરેલી પર શાંતી ને ફક્ત મજ અવર્તથી અને પેતે મરી બીજાને જીવવા રસ્તો સાધ કર્યો

પ્રત્યેક માણસને પેલાની આધ પર કમવાન પ્રિયતની જેમ નાનો થા મેટો કુશ ઉપાકવાનો હોય છે. શુ કામ આપણે આપણે નહોતો કૃષ બહાદુરીથી અને ફરતે મોટે ન કમજોર.

આજના ગાંધી અધારમાં ફરત એકજ બાપનો માર્ગ અમને દેખાય છે કે જે મહાત્મા ગાંધીએ આપણને બતાવ્યો છે. શુ આપણે જામણ! અને એ આજે આગળ વધીશું!

## શ્રીમતી વિજયાલક્ષ્મી પંડીત

“હું અકતીત્વને મદત આપું છું” સ્તીત્વને નહીં

શ્રીમતી વિજયાલક્ષ્મી પંડીત જેઓ મુનોના પ્રમુખ પરે સુદાસ છે તેઓએ કુટુંબી બાદ વર્તમાનપત્રો ની પરીપદને જણાવ્યું હતું કે.

“મારા રાજકીય દિશાએ અને સ્તીત્વનું છે કે મારે અને અકતિગત રીતે એવી, નહીં કે સ્તી તરીકે. કુટુંબી રીતે હું ખાતું છું કે મારા સુદાવાથી દુનીયાની સ્તીત્વની કીમત થા છે અને તેથી કુટુંબી રીતે અને મરં અને આનંદ થાય છે.

“પણ હું માનતી નથી કે સ્તી તરીકેજ સ્તીને મદત આપવામાં આવે. આ મદાન જવાબદારીનું બાન મરાવતા. હું એમ માનવા મરજું છું કે સ્તી જાતીની કીમત તરીકે આ માન નથી પણ મારા દેસને આ માન મરજું છે.”

પેલાના પ્રમુખ પરેથી શ્રીમતી પંડીતે જાણવું કરતી જણાવ્યું હતું કે,

“અને આ જાન ભણું” રચાવ અપાવવા માટે હું મારા સાથીઓને મારી ઉડી લાગણી દર્શાવવા મરજું છું. તેઓ ખાતરી રાખે કે તેઓએ મારા પર યોગ વિશ્વાસને અને આ હોશ ની જવાબદારીને હું મારાથી બનવું કરી તેઓને સતેષ આપીશ. તમારી આ પસંદગીથી મારા દેસને માન મરજું છે કે જે તેની સારા કામની કદર રૂપે છે અને જે સ્તીઓ મુનોના આદર્શને પુર્ણ કરવા પેલાનો હોશ આપે છે તેની પણ કીમત થા છે. ‘દરેક સંસ્થાનું કામ મરજું નાજક અને અધર હોય છે છતાં તે અકતિત્વને તક પણ આપે છે.

‘આજે મણેલી આ એકજ જે તક આપે છે તે મદાન છે. કારણ કે મુચ્ચાવસા દુનીયાના વાતાવરણને રાહત અપવાની આસા એની પાસે રાખવામાં આવે છે.

“જુન ૧૯૫૦થી મરીપામાં થતું મુક હાલ પેલીજ વાર શાંત મરજું છે. અને પુર્વના કુરના દેશો સાથે સંધી કરવાનો એક આર્મ પુરેલો થયો છે. આ બનાવથી દુનીયાની શાંતીના કાપ ને ધણો વેગ મળશે. અમને આસા છે કે મરીપાની સંધી મજબુત બનશે કે નથી. મુનો જીવત થશે. ધણા મતભેદો આપણી સામે પડ્યા છે કે જે દુનીયાની શાંતીને મેજમમા સુકનારો છે. આપણું કાર્ય એ નથી કે અચાંત મધ પછી ત્યાં સારી કરવા

જવાનું પણ અચાંતી બાપે નહીં એવું કરવું એજ આપણું મુખ્ય કાર્ય છે.

“આપણે જાતીભેદનો પ્રજા ઉકેલવા નો છે. અને આપણે મરીપાને સમય પણ ઉકેલવાનો છે. જે હથીપારો મેટા નાશ કરે છે તેને બનાવવાનો નહીં પણ તેનો નાશ કરવાનો એ પણ આપણું એક કાર્ય છે. ઉદ્યોગ અને વિજ્ઞાનને આપણે શાંતીને રસ્તે લઈ જવાના છે નહીં કે મારાદાને રસ્તે. દુનીયામાં શાંતી રાખવાનું અને લોકોનું જીવન ધોરણ ઉચ્છ કરવાનું કાર્ય પણ આપણે કરવાનું છે.

## ગરીબોની દુઆ

હિંદુસ્તાનની કાશ હાલતને અને એવો તો કંઈએ અનુભવ થયે છે કે એક પણ પેસો માર્ગ નમરો વાપરે તો અને એમ થાય છે કે અ ગરીબના ખીસામાંથી ગયો છે. મારી ઉપર (જન્મ દિવસની મુખ્ય રજાઓના) એટલા બધા તાર આ બ્યા છે કે તેમ મથેલા પીસાનો ખયાલ કરીને તેની સ્વદેશી અટી લઈ તે દિવસે લાવક પણ નામાને લંકા હોત અથવા અનાજ લઈ અમંગને જમાવવા હોત તે. તેઓની આંતરડી કેટલી દુઆ દેતી ગરીબો ના સાપથી પ્રગળ્યા નાશ પાપી છે, રાજાઓ પેલાનો મુગદ ખોઈ મોડા છે અને ધનાઢ્ય બિખારી થયા છે. કમં કોઈને મુકવું નથી અને મુકનાર નથી. ગરીબોની દુઆથી રાજપ્રમ્થ તરી અર્થ છે. ગાંધીજી.

“આ ધણુ મોલવું થવું સહેલુ છે પણ અમમમા મુકવું થવું કદમ્બ છે. આપણા પર ધણી મદાન જવાબદારી એ છે. પણ જેમ આપણી સામે તકલીફો છે તેમ ધણી તકો પણ પડી છે.

“અમે દર્શાવેલા વિચારો તરફ બે આપણે જરાક પણ આમજ વધશ તો મુનોનો મરતમે વધશે અને ધણા માનવોને આસા અપનાર થશે.

“દુનીયાને આપણી સંસ્થા માટે વિશ્વાસ જાગુ રાખવા આપણે ધણું કરવું પડશે. આ સમાજની મુરેલીઓ નો ઉકેલ કરવા મારા અતુમાપીઓને જેમ હું પણ દોરવણી આપ્યા કરીશ. સાથે સાથે હું તમારા સદકારની પણ આસા રાખું છું.”

## મોતી પારેખ

નવવરસાદ મ. છુચ

આ પાસે પાસેમાં રહેતા લક્ષ્મીધર્મનિ પ્રેમચંદ સેઠની પસખી સાથ મોરાઈ હતી. તેમના કહેવા પ્રમાણે સોનેરી જાલવાળા એ યાવ રંગિયા સાલસોની તેમજ કાસખીથી ખાસ મંજારી હતી. 'બાઈ, એવી જામતી સાથ આજ ક્યાંય મળે નહીં. એ મોતી પાંખે કેમ? એમ કંઈ કે મોર રહેવાને નથી. મારે પડાય ત્યારે જ જવું.'

કો સી. આઈ. ડી. ખાતાને અમર આપ્યા. બીજે દિવસે સવારે જાણીતા જાણીતા નેરમા પોતાના મોર ના પારેખ પ્રખ્યાત માનીતા મોતી કુતરાને લઈ આવી પહેર્યા.

કો તેને બધી હડીતથી વારો કર્યો. 'વરદી પાડ', પડીના છા બામમાં પડી પાડ! મોતી નેરમા એ પામે છેનેમ સોડોના રોળા સામે વટવંદ નજરે દેડતાં મુળના આકાને વળ દીધા.

રોડના જંગમનાં કુખ્ય પશ્ચિમાં પામે મુળમાં કેઈ બાજુમાં પશ્ચિમાં દનાં. નેરમાએ જાણીતા જાણીતાની આપી તે નેરમા અને કુતરાની સાંકળ ને આપ્યા મારનાં કહ્યું. 'મોર મોર મેળા, દાંતવાર!'

મોતી પશ્ચિમાં પામે મોર અને 'પુડું' કરી પેતાં પશ્ચિમાં સુધાં. પડી તેજે આસપાસ ઝોળ કુડાણરે એકા મરેલા રોળામાં એક ચકર મનાવી જંગમના પાળાની આરડીએ માની એક મોરડીયાં રહેતાં રાપુ ડોળીને પાતર મોડામાં પડાયો. રાપુ ડોળીએ જુટવા અને આમવા મળે પ્રવળ ક્યો પશુ મોતી છોડે રોડો.

કો કટાક્ષપૂર્વક મોતી ઉઠ્યા, 'બાળી ડોળી! મો ઉપરથી નેતાં કેવી મોળી બટાક માને! આપો દી રામ-કુખ્ય ક્યાં કરે; પશુ આજ પોસ પડાય અહ. કુખ્યમે' રામ જામમે છૂરી! ડોળીમાં, સાથ કાઢી નાખો નીકર વમરમાડની મોરડીમાં જવું પડયો. સમજ્યા! નેરમાના મેલા પર વિજય હનેડ; રોળાના મો પર તિરકાર હતો.

રાપુડોથી નેરમાને પડે પડી અને કહેવા કાગી, 'આજ મારવી હોય તો મારો, છવાયી હોય તો છવાયો; મોડું નહીં કહું; મે' મરમાં જુપી રીને કાઢ માળાની બાં રાખી છે. દર પીય કરીને કાર મરમાં પડયો છે, એકમે તો એ જામ કહી મો.

પશુ રોડની સાથે, રામની આજુ અને, ને મે' એ બાળી પશુ હોય તો.' ડોળીને કળે કરવામાં આવી.

કરી નેરમા મોતીને પશ્ચિમાં પામેનાં પશ્ચિમાં પામે લઈ મરો. કરી મોતીએ પશ્ચિમાં સુધાં, અને પાછો તે રોળા તરફ મરો. રોડના જંગમ ના મોડા કંપકાંમાંની મોતી પોતા ની માધીયાની મોતી ચાલીનાં મારા ઉધર,તનાર કોમા સિયરવળને આપી ઠાટ મોતીએ પડાયો. મોરણનું મોડું પડી મધુ અને તે મો.લી ઉઠ્યો. 'જમાદાર સામ. મુકે તિરકાર કર લીટ્યો; મે' કુ-કાર નહીં કહું; પિંકમે મરિનેકા છન આંધિયોકા તિરવા મેને કાર કર લિવા છે.' આવીના ત્યાં અ.રેલા અ.કુતો હોય્યા અને તેમજે કોમાને મુરોટાટ આપ્યો.

દરમિયાન મોતીએ રોડની માલીની મોતી નજર અમિયારમાં રહેતા મોર,છવાયા મરમધી પારજમાના પોતિયાને છેડે દાંતમાં જમારી લીધો હતો. મરમધીએ હાથમાં પાડી લઈ નેરમાને કહ્યું, 'તમારી માય છું. બાઈસાહેબ; મેરું છે એરું કહી લઈ. રેકનકારમાં કુડામમાં મારને બડમે આઈ માજુસો નોખાળ્યાં છે અને એજુ

દેશમાં મરેલો ત્યાંથી મારામાં ર વરજે માજુસો ભરી માળ્યો છું. બાઈસા'બ, કાઠિયાવાડનો રવો, કોઈ માજુસો એટલે મોના વિતા કાઠવું નથી. માઈ કરો, બાઈસા'બ.'

પ્રેમચંદ સેઠ હવે ચમક્યા. તેમજે ખસેસામધી સો રપિયાની નોટ કાઢી નેરમાના હાથમાં મુરતાં કહ્યું. 'જમાદાર, જદમમાં મધ મારી સાથ. પશુ હવે આ કુતરાને લઈ રરતે પડી જાએ.' પશુ મોતી જાણે કે રોડનું મન પાખી મરો. હોય તેમ તેમની તરફ મરો. સેઠ પોતાનું 'ચલવેમ' પોતિયું સંજાળતા કરમરતે અજાળે કહેવા લાગ્યા, 'બાઈમો, જમાતાને નામે કહ્યું કહી છું કે હું પશુ આ બપાના જેવો જ કુ-દેમાર છું. કાળાં જાનર કરી આ માલી-જમાતા મળ્યાં છે અને મોરમોલી સાથ પશુ બાં કહું તો મારા એક જાલમાઈની, તેમની જાણ બકાર, તમારી લીધેલો હતો.'

આ બાજુ કુતરો તો રોળામાં આડોટ આવે તને પડયા કાગ્યો. અને અને પડયા તો કરેક કુ-કો. કહ્યો મેરું; રીકે કાંઈ નહીં મે કાંઈ મારી, પા.ગ. કુ-કો કરેમ જ હતો!

કેવર મોતી પોતાના માધિક નેરમા જાણસ તરફ મરો અને તેજે તેનું પાટકું પડાયું. નેરમા વીસો પડી મરો અને કાંવાંસા કરતો મોરો, 'મોતી, મારા માય, માઈ કર અને. મારા કુ-કોનો કું મોરાર કહી છું. તારા મરે અને મળતા માસિક રપિયા પચીસ એલાવ-સમાધી તારે મામે પશ્ચિમ રપિયા રાખી બાજાના કું જ આંધેલાં કરતો આવ્યો છું.'

પેળા પછી છું મધુ તેની અને અમર નથી. જમ, પાંધીએ મેળાસર વિજય મધ, જવું એવો મારો સિદ્ધાંત છે

# પૂ. આપુળના સિદ્ધાંતો

(ઉચિતચારકર એવાકર એકાનીસખર્ગ)

સત્ય : સત્ય એજ પરમેશ્વર છે. સત્યવિના કશું પણ નિયમનું પાલન અશક્ય છે. વિચારમાં વાણીમાં અને દરેકજગત આચારમાં સત્ય એજ આત્મ સત્ય છે.

અહોસા : અહોસા વિના સત્યની શોધ અસંભવિત છે, અહોસા અને સત્યનાં દર્શન કરવાનો એજ આર્થ છે, અને એજ સાધન છે. કુવિચાર-કુવાચન-મિથ્યાવાચન-દેવ, છુદ્ધ કષ્ટનું, જનતાને જરૂર હોય તેનો કશોયે રાખવો એ બધી કોસા છે.

અહમયત્વ : અહમયત્વ વિના સત્ય અને અહોસાનું પાલન અશક્ય છે, સત્યની શોધમાં ચર્ચા એટલે સત્યને હમતો આચાર. ઘરીરની બાંધી ઇંદિયોનો સંપર્ક એજ અહમયત્વનો વિશેષ અર્થ છે.

અસ્વાદ : જીવના સ્વાદને ખાતર નહીં પણ સરીરના ચોપણ માટે એસડ સમજી ખોરાક લેવો, જીવના સ્વાદને જીવા વિના અહમયત્વ-જનનેદિશ-સંવા અસંભવિત છે.

અસ્તેષ : ચોરી ન કરવી, પોતાની મજાતી ચીજ પણ પુછવા વિના લેવી એ પણ ચોરી છે, પોતાની જરૂર કરતાં વધારે લેવું એ પણ ચોરી છે. અને મનથી કેપની વસ્તુ લેવાની કષ્ટા કરવી એ પણ ચોરીજ છે.

અપરિશદ : એવું ન કરવું, પરમાત્મા સંમદ કરતો નથી. તેને એકાંતી વસ્તુ તે રાજની રાજ પેદા કરે છે એવું ન કરનારનું જીવન સાફ હોય. જેમ જેમ સંમદ બોલો કરીએ તેમ તેમ અફે સુખ અને સંતોષ વધે.

અભય : કનેશો નીકર બનવું. સત્યને માર્ગે આહવાર વ્યક્તિ નાતબાત, સરકાર, ચોર, મરીખાઈ, રામ કે મોતથી કદિ ન કરે.

અસ્પૃશ્યતા નિવારણ : આત્મા એક છે. બધર એક છે તો અસ્પૃશ્ય કેપજ નથી. જીવ આત્મની સાથેનો એક મટાડવો એજ અસ્પૃશ્યતા નિવારણ બાતમહેનત : જે બાતમહેનત ન કરે તેને આવાનો અધિકાર નથી.

સર્વધર્મ સમભાવ : બધા ધર્મનો મૂળમાં સત્ય અને અહોસા છે. આત્મા એક છે. મનુષ્ય દેહ અસંખ્ય છે, તે અખાંજે ધર્મનું મૂળ એક છે. તે વસન, પોશાક (નુદાં છુદાં પંથે) અસંખ્ય છે.

સ્વદેશી : સ્વદેશીમાં સ્વાધર્મે રચાન નથી. પોતે કુટુંબ માટે, કુટુંબ માત્ર માટે, માત્ર દેશ માટે, અને દેશ જનતાના કષ્ટાણ માટે હોમાઈ બધ તેજ સ્વદેશી.

નમતા : હંપણાને પુરેપુરો ત્યાગ કરવો. જેઓ નાના બની જાય તેજ પ્રોટા થક જાય નમતા એટલેજ અભિમાન હોતો નાના બની જવું છે.

કામીએકતા : કદિ વોડેલી તુટે નહીં તેવી દિલ્લી દોરની તેજ એકતાનો સાથો અર્થ છે.

ત્રેમ : જ્યાં સત્ય અને અહોસા છે ત્યાં ત્રેમ જન્મે છે જ્યાં ત્રેમ છે ત્યાં નમતા છેજ જ્યાં નમતા છે ત્યાં અભિમાન નથી. જ્યાં અભિમાન નથી ત્યાં સત્ય અથવા અણ અથવા સુખ છેજ.

બધર અદા : અદા વિના સત્ય-અહોસા વગેરે વતો કદિ પાણી ચકાપ નહિ, જ્યાં અદા નથી ત્યાં વિશ્વાસ કે ઉભતિ નથી. જ્યાં ઉભતિ નથી ત્યાં સુખ પણ ક્યાંયી હોય માટે બધર અદા એજ સુખનું મુળ છે.

રાજ્યમાં તથા ગયા છે. બહુમતી વેચાણવેરા નાંખવાનો સરકારનો એક હેતુ વેપારીઓને વેચાણવેરામાંથી છૂટકા જતા અટકાવવાનો પણ હતો. પરંતુ સરકારે ગુજરાતી વેપારીઓને ખરાબર જાણખ્યા નહિ હોય કે તેઓ કરવેરામાંથી છૂટકામાં કેટલા ફાયદા પામે છે. હવેલા દસ અઢિનાનો સરકારે દિસામ માંથી ત્યારે જાણ્યું કે, ખારવા કરતાં ઘણી ઓછી રકમ આવી છે.

સરકારના દીકરા વેચાણવેરા સામે પણ યુગ ઉઠાવેલ જાયો છે. આ નવી પદ્ધતિમાં માલના પ્રથમ વેચાણ પર એક પૈસા અને હવેલા વેચાણ પર ચોત્તરોજની વસ્તુઓ માટે રૂપિયે એક આનો અને બીજી યોગે માટે રૂપિયે એક પૈસા લેવાની જોગવાઈ છે. આથી માલ વચ્ચે અને તેટલા માંજીસોના હાથમાં હરે તો પણ તેમને કાંઈ વેરા ચુકવવા ન પડે. આની સામે જાણના બંધના વેપારીઓ અને છૂટકાના વેપારીઓએ ઉઠાવેલ શરૂ કર્યો છે, કારણ કે વેરા ભરવાની જરૂરવારી તેમના શરીરે આવી છે.

અમદાવાદની મીઠામાં કરોડો રૂપિયાનું કાપડ વેચાણ વિના પડી રહ્યો. પેકાર ત્યાંના મીઠા માલિકો દરેકથી ઉભો છે. હાલમાં રોજીંદ જરૂરીયાતની યીજોના ભાવે ઘણા હયા હોવાથી ખપત ઓછી છે એ વાત સાચી. મીઠા તરફથી કાપડની નિકાસ જકાત રદ કરાવવા માટે આ ઉઠાવેલ થયો હોવાનું કહેવાય છે.

સોરાષ્ટ્રમાં આવેલો અમરેલી વિસ્તાર ને હાલમાં મુખ્ય રાજ્યની હકમત હેઠળ છે, તેને સોરાષ્ટ્રમાં જોડતી દેવાની મામણી કરતો એક દરાવ સોરાષ્ટ્ર ખારાસમામાં રજૂ થયો હતો. ધારા સમાજે બહુમતિથી તે ઉઠાવી લીધો હતો. આ દરાવ પર જોક્તા મુખ્ય

પ્રધાન શ્રી ટેન્ડરભાઈએ જણાવ્યું હતું કે, અમરેલી સોરાષ્ટ્રનો એક અંતર્ગત ભાગ હતું અને છે. પણ આ પ્રજાનો કુંક સમયમાં આપ ગેજ ઉઠેલ આવી જશે. ગંધરમ સરકાર તા. ૧લી અક્ટોબરે આંધ્ર રાજ્યની રચના થાય. પછી બાપાવાર રાજ્ય રચના માટે એક સીમા પંચની નિમણૂક કરવાની છે. આ પંચ અમરેલીની પ્રજાના હિતમાં આ પ્રજાને નિવેડો લાવશે.

શ્રી ટેન્ડરભાઈ એ જાહેર કર્યું હતું કે, મહા ગુજરાતની રચના વિષે સોરાષ્ટ્ર સરકાર અને બીજા કાંઈ સરકારો વચ્ચે કે મુખ્ય પ્રધાનો વચ્ચે વાતચિત ચાલતી નથી.

સોરાષ્ટ્રમાં જુદા જુદા શહેરોની મુદ્રાકાની ચુટપીઓ ધડ મઠ, ચુટપી માં કોમેસના બિન સત્તાવાર રીતે કેકા શાળા નામરિક સંબંધે ઘણા શહેરોમાં પરાજન્ય મળ્યો છે.

મિહારમાં ભાવે વરસાદને લીધે ઘણી ખરી નહીંઓમાં રેલ આવવાને પરીણામે આશરે ૨.૩૫ કરોડનું નુકસાન થયું છે. ઉત્તર મિહારમાં ચંપારણ, સાહન, દરબામ અને મુનરપુર જિલ્લાના ૬૮૬૦ ગામો અગ્રતપુર્વ રેલ સેક્ટમાં સપડાયાં છે. આ રેલને પરિણામે આ વિસ્તારમાં સાઠ હજાર જેટલા મકાનો જમીનદોરત થઈ ગયાં છે.

મિહાર સરકાર તરફથી રાહત કાર્પ માટે જાણ નાજીકીય વર્ષમાં ૨. સાઠ ચાર કરોડ ખર્ચવામાં આવશે. આમાંથી ૩.૩ કરોડ તો તમાલી લોનો આવવા પાછળ ખર્ચશે. સંકટગ્રસ્ત વિસ્તારમાં વર્ષ દેવ તેવા માખસોને મદત આનાજ, ધાસનેલ વગેરે આપવાની તથા સહકૃત અને અસકત માખસોને પધા આપવાની સરકારે વ્યવસ્થા કરી છે.

વિસારીએ અને એના ઉદ્દેશો તરફ જવાન દહીં, તો અમે સમાજવાદની સાથે સર્વોદયનો મેળ કઈ રીતે જોડીએ છીએ તે સમજવું મુશ્કેલ નહિ લાગે. આપણે પ્રમણીએ છીએ કે એક એવો સમાજ અને કે જેમાં શોપણ ન હોય, સમાનતા હોય. દરેક વ્યક્તિને સ્વતંત્રતા મળે. પોતાના વિકાસ માટે તક મળે. તે પછી આ ધ્યેય સિદ્ધ કરવાનો સવાલ ઉભો થાય છે. આપણે જોઈ રહ્યા છીએ કે ન્યાં દિસાથી એ ધ્યેય પ્રાપ્તિ માટેનો પ્રયત્ન થયો ત્યાં ધ્યેય તો ફરજ રહ્યું; ત્યાં ન શોપણ ફર થયું, ન સમાનતા આવી, ન વ્યક્તિને પોતાના વિકાસની પૂરી તક મળી. ન્યાં ન્યાં દિસાથી કાંતિ થાય છે ત્યાં કાંતિને બદલે કાંઈ બીજી જ ચીજ બની જાય છે. વર્તમાન દશાને આપણે મિટાવી દેવા માગીએ છીએ, તે એટલે ચીજ નવા સમાજનું નિર્માણ થઈ જશે, એમ માનીએ છીએ, સમાજવાદી સમજે છે કે સુદીવાદને ખતમ કરતાંની સાથે નવો સમાજ ઉભો થઈ જશે. પણ એમાં એમની ભૂલ છે. સમાજવાદ કે.ક નકારાત્મક ચીજ નથી. એમ તો રાષ્ટ્રીયકરણ એ સમાજવાદ નો એક સિદ્ધાંત છે. પણ રાષ્ટ્રીયકરણથી જ સમાજવાદ નથી આવી જતો તે આપણે આપણા દેશમાં ને બીજા દેશોમાં પણ જોઈ રહ્યા છીએ. રશિયાની વાત જવા દો, પણ આપણી જ રેલવે આને અપણી સફળી છે; આજે જો કાંઈ વેપારી કંપનીની નહિ પણ રાષ્ટ્રની સંપત્તિ છે. જતાં જો કાંઈ કહે કે રેલવે સહવચામાં શોપણ નથી થતું, તો એ વાત ખોટી દરો. રેલવેમાં સુદીવાદ તો નથી, પણ સમાજવાદે ન નથી, બદલે અદસર શાદી છે. એ રીતે બીજા ઉત્તોગોનું પણ રાષ્ટ્રીયકરણ થઈ જાય તો દેશમાં સમાજવાદ આવી અમે તેમ કહેવું એ એક ખોટી ઠસના દરો.

માટે, મૂળ વાતને આપણે કઈ રીતે પકડીએ કેવી રીતે ત્યાં સુધી પહોંચીએ એ સવાલ આપણી સામે છે. ને દિશામાં આપણે જઈ રહ્યા છીએ, આપણું ચિંતન ને દિશામાં આપણને કઈ જઈ રહ્યું છે, તે દિશામાં ઘણું દુર સુધી સર્વોદય જઈ પહોંચ્યો છે. એટલે, આપણે જો સ.ચા સમાજવાદી હોઈએ તો સ.ચા સર્વોદયી પણ ફર્યું જ. આને સફળે માટે સચ્ચાઈથી, ઉઠાણથી વિચાર કરવાનો સમય છે. ને સાચો સમાજવાદી છે તે પોતાના ઉદ્દેશની પ્રાપ્તિ માટે રાત દિવસ પ્રયત્ન કરશે, તો જેની મારી દશા થઈ છે તેની તેની પણ યશો.

ને આપણું ધ્યેય છે, તે બીજાઓનું પણ છે; પણ આપણા સાધન જુદાં છે. ને આપણું ધ્યેય શોપણની સમાજ રચવાનું હોય અને દીસા તે વરને એ સિદ્ધ કરવા જરૂં, તો

ધ્યેય દાંસલ નહિ થાય. દીસાથી તો નવા પ્રકારનું શોપણ શરૂ થાય છે. શોપણનો અર્થ એ કે એક માણસને ને હકક હોય તે એને ન મળે. સોજો સોજા આના શોપણ મરી જશે, એવું આપણે ન કહી સકીએ. આને પણ આપણું ને જીવન છે તે આપણાં મરીયા બાપજોથી ઉચું જ છે. એટલે આપણે એમનું શોપણ કરી રહ્યા છીએ, તેમાં કાંઈ સફેદ નથી. બિલકુલ જ શોપણ ન હોય, એ કદાચ અસંભવિત દરો. પરંતુ એ ધ્યેય ઘણી આપણે આગળ લઈવું જોઈએ અને આપણી મર્યાદા નક્કી કરવી જોઈએ. રશિયામાં પણ જુદા જુદા લોકોના પચાસમાં ચાલીસગણો ફેર છે. હયા અદસરોનું જીવન ધોરણ ઉચું છે. એટલે ત્યાં પણ શોપણનો અત્ નથી આપણો, કારણ કે દીસા દાસ એમના હાથમાં સત્તા આવી, અને રાષ્ટ્રના કુલ ઉપાદાન ને કેટલો હિસ્સો કોને મળશે તે તેઓ એજ દિસા વડે કરાવે છે. સાચો શોપણકીન સમાજ અહિંસા વડે જ રચી શકાય, એટલે આપણે સમાજવાદનું નામ પડતું યુગને સર્વોદયનું ઉપાદી લઈએ તો ગને એમાં કાંઈ લાગે નથી.

દરેકીશિપ વિષે અને સવાલ પુછવામાં આવે છે. ૧૯૩૫ માં ન્યારે માધીજી ઉત્તર પ્રદેશમાં ગયા હારે ત્યાં ના જમીનદારો એમને મળેલા ને એમણે માધીજીને પૂછ્યું કે, હવે કે.એસ-સોરાસિસ્ટ પાર્ટી રચવાઈ છે તો પછી અમારું શું થશે? એ વખતે માધીજીએ કહેવું કે, સોરાસિસ્ટના હાથમાં કે.એસ ચાલી જશે ત્યારે શું થશે તે તો કું જાણતો નથી, પરંતુ જો તમે તમારી જમીનના દરદી બનશો તો હું તમારો નાસ નહિ થવા દઉં. આ વાત દસાંબળીને એ વખતે અને કાંઈ અડચે દતો, ને મારા સાથીઓને એ કહેવું કે મરીજો હવે ને આટલો અત્યાચાર કરે છે તેવા જમીનદારોને માધીજી દરદી બનવડું કહે છે, ને ચેતે એ જોઈતો નાસ નહિ થવા કે એમ કહે છે. એનો અર્થ જો કે ન તો એ જમીનદારો દરદી બનવાના છે અને ન તો માધીજી એમનો નાસ થવા દેવાના છે. એ વખતે અમે માનતા હતા કે દરદીપણનો આ સિદ્ધાંત કાગળ ઉપરજ રહેવાનો છે, અમલમાં નથી આવી શકવાનો. પરંતુ આજે કું (મિહારના) ગામ જિલ્લામાં જોઈ રહ્યો છું કે ન્યાં એક હજાર, ચાર હજાર ને ૭-૮ હજાર રૂપિયે પીલાની કિંમતની જમીન છે ત્યાં પણ લોકોને જુદાનમાં જમીન આપી છે. અત્તાલીસ હજાર એકર જુદાનમાં થઈ છે, તે પણ આપણે એક માણસ એકજે છીએ.

માધીજી કહેવું એમ હતું કે જોમને દરદી તરીકે જામ કરવા હોય તેઓ

## શોપણકીન સમાજને પંચે

જયપ્રકાશ નારાયણ 'મિલાપ'માં

મારે એવો અનુભવ છે કે આજ કાલ સાધારણ રીતે ને કેસેજ અને સુધના વિચારો છે તેમજ મનમાં તો સમાજવાદ તરફ જોવાય છે, અથવા સમાજવાદ તરફ જોવાય છે, અથવા તો રાષ્ટ્રીય સ્વતંત્રતા સંઘ કે રાષ્ટ્રજના દરિદ્ર સુવક સંઘ વગેરે જેવા સામયિકતા અને કોમવાદને આધારે ચાલતા વિચારો તરફ જોવાય છે. ૧૯૨૧-૨૨ માં ન્યારે અમે જુવાન હતા ત્યારે પણ એકું અનેકું એ દિવસોમાં માધીજીની આવી આવેલી ને કહું મુખને તેમાં તથાથ મથા હતા પરંતુ આને જુવાનને એમ લાગે છે કે માધીજીની વાતો પ્રસાદી હજી નથી; આજના વિદ્યાર્થી મુખમાં, એટલે જોખના મુખમાં, રૂપિયા ને ચીનના

મુખમાં એમની વાતોની જરૂર નથી. આ એક અતિ ચિંતાજનક પરિસ્થિતિ છે. સામ્યવાદ અને કોમવાદી નેતાઓ વિશે કું કાંઈ નહિ કહું; પણ સમાજવાદ વિશે થોડું કહીશ. અને લોકો પુછે છે કે શું તમારા મનમાં સર્વોદય અને સમાજવાદને સમન્વય થઈ રહ્યો છે? ને સમાજવાદી ધારામાં પડેલા છે એવા વિદ્યાર્થીઓની સામે આ સવાલ ઉભો સામ છે. જયપ્રકાશ સમાજવાદનો રાહ છોડી રહ્યા છે અને ખેડેરી રહ્યા છે, એવો સફેદ એમના મનમાં ચેત થાય છે. આપણી સામે સમાજવાદનો જે ઉદ્દેશ છે તેને ને આપણે સરખી રીતે સમજીએ, તેના સિદ્ધાંતને જરાબર

પોતાના બેઠક પ્રમાણે બેઠે તો આપણે રાજ છીએ. પણ જો તેઓ જે રીતે ન બેઠે તો આપણે મરીમોને તકવાર કરશું, એમને કહેવું કે શોધણમાં સદાકાર ન આવે એ રીતે આપણે બેઠક પદને તકવાર કરશું. એજ રીતે આપણે ભેદને છીએ કે જુદાન-મદા માં દાન દેવા વાળા ને લેવા વાળા, બન્ને તકવાર થઈ રહ્યા છે. જુદાન-મદા એમ એમ દેશોએ તેમ તેમ આમ ઝાંઝી શોધતે પ્રજામાં જામતિ પેદા થશે, અને સાંતિય સાધનો દારા શોધણનો વિશેષ કરવાનું એ વિચારશે. આજે સદાકારને બેઠકને કું પદથી કોલેજમાં બેઠકો હોય એ જાણે નો અને સાંભરી આવે છે. એ દિવસો માં મોલાના અગ્રણી કામ અગ્રણી પદથી આવ્યા હતા અને અસહકાર ની અગ્રણી વિશેષ એમનું આપણ સાંભળીને અને સદાકાર કોલેજી મોખીછતો પદકાર અને પાદ આવે છે. એ જાણનામાં પ્રવાનોમાં એ ને માત્ર સિક કાંતિ થઈ તેનો ભેદલો કાપ આપીછતા અરિહનમાં હોતો તેટલો બીજી કાંઈ જાણના નહોતો. આજે પ્રવાનો સાથે મારે થોડોક સંપર્ક છે, તો એમની કામને બદલ નિરાશ થાય છે. એમનામાં ભેદ છે; પણ કાંઈ બદલ, નિષ્ઠા કે ગંભીરતા નથી, એવું અને જાણે છે.

પણ જો સરોવરમાં બીજા તમારા કૃષ્ણ માં ને મનમાં પડ્યાં હશે તો આ નથી ખામીઓ પુરતી જશે, અને એટલું સમાજનું પણ થશે.

**રામદર્શન**

લેખક : સાંતિલાલ અમલ કુસાલ

અપોરનો સમય હતો. સુર્ય પોતાની રેડ કળાએ તપી રહ્યો હતો. રામ અમલ જમવા બેઠો.

“આહ, હું તમને દિવસની વૃષ્ટી છું. અને ગોડું ખાવાનું આવે; અમવાન તમારું જમ કરશે.” કરમ અમલ અમલને નાને અટકાવે.

તે ઉપર તેજ વિનાની, વિખરા એક વાળ વાળા, મેલી અમેલ માથ વાળા, લડી આમોવાળા, મદા અને ગીધરે કાલ કપડાં વાળા, મરવાને વાંકે છતી રહેલ હોય એવી કાલ વિંજર એવી એક અમારણને નીકળી.

“રામ! તારી આ દશા!” અમલ થી આમર્ષના કહેવારો નીકળી પડ્યા. “રામ, આ તારું કર્મ અને હું તને જ આપું છું.” અમલે તે બોલન લઈ બીજાવણે આપી દીધું.

તુલ્ય કરવા અમલ પાણી પીવા જતો હતો એવામાં તરફડિયાં ખાતો એક જાન (કિતરો) આવ્યો.

“હરે રામ! તને આ દશામાં ભેદ મારાથી આ પાણી કેમ પીવાય. ના, પ્રભુ, હું અનેક રસ્તે દેખાવ છે પણ હું તો તારા મૂળ સ્વરૂપનાજ દર્શન કરું છું.” અમલનો અંતરનો અવાજ બોલી ઉઠ્યો.

જાનને અમાવવા તેણે પેલું પાણી જાન ઉપર રેડ્યું. જાનને સાંતિ વળી. બાકીનું રહેલું પાણી તેણે જાનને પાણી આકાશમાં રૂપીરથી અરઝામેલ ક્ષિતિજમાં સુધી કુખી ગયો. એમણે તિમિર છવાઈ ગયું કુદરતનો દીવો સળાથી સળગાવવા જતો હતો, એવા માં કાણું દોરડા જેવું એના પગે ચમકાયું અને તેના ધરીરની દરેક વિંટાલે માણસ પડ્યું. સળાના ઉજા પ્રકાશમાં તેણે એક અપંગ કાળો નામ નીકળ્યો. નામે તેને કંઈ માયો.

“મારા રામ! તને મારી જરૂર પડી છે તો હું તારા આ અપુર મુળ

થી તારા માથે આવું છું. પણ તે પહેલાં, અને સેવ્ય સ્થાને, તને કુદરતે નહિ તો તને કાલ, મારી નાખશે.”

અમલ વદને અમલે નામને પોતાના કામથી પદી કરતાં કુદરતે. એમણે પવનથી અમલ રૂપી દીવ પણ કુદરતે અમેલ. પવન તત્વની કાચીમકીનું બોલિયું મારીમાં સમાયું અને તેમાં રહેલો રામ રામમાં જમાવ્યો.

**માનવ પુતન**

“હું મારા પોતાના બોલોના કાંઈ નિવારવાનો પ્રયત્ન નથી કરતો. પણ મારી માલવણતી મારે કરી રહ્યો છું. ...હું જાણું છું કે, જે આપણ પોતે કરતા સદાકાર છે એ તે પોતાને તેમજ માનવ જાતને ઉજાવ કરે છે. જે મોટો બીજાને કમડીને રાજ કરે છે તે નબળા રાજનો બોલો લામ ઉઠાવે છે. તેવા આપણેનું જ પતન નથી. પણ પણ સાથે સાથે માનવ જાતનું પતન તેઓ કરે છે. આ માનવ પુતન મારે મારે કે કોઈને મારે આનંદ લામ નથી.

આપણે એકજ અમવાન ના નામ બાળકો છીએ અને માનીએ છીએ તો બીજાના પાપના આપણે પણ આગીદાર બનીએ છીએ.”

હાથીદાંતની એક સુદર પેડી એક કુશાનથી ખરીદવા બાદ ડેટલાક દિવસે એક માલિક દુકાને આવ્યો અને કુશાન શરેને કહેવા લાગ્યો, "જુઓ મહેરબાન તમે મને હાથીદાંતની એ પેડી આપી હતી તે તો ખોટા હાથીદાંતની નીકળી. મેંતેને આમ છેતરે છે?"

કુશાનદારે કાનિયા ઉતાર આપ્યો. "એમાં છેતરવાનો પ્રશ્ન નથી, કારણ કે મને પાછળથી ખબર પડી કે એ હાથી તો ચોક્કસ પહેરવો હતો!"

વીમા એજન્ટે તેના એક મિત્રને કહ્યું "હવે તમે પરવવા છો, એટલે તમારે જીવનનો વીમા ઉતારાની ભેગા ભેગા.

વેમાએ ગભરાઈને પ્રત્યુત્તર આપ્યું, "મમ, મમ! મારી પાની એટલી ખર્ચી અપર છે!"

## AD VALOREM

**W**E have seen how the ideas upon which political economy is based are misleading. Translated into action they can only make the individual and the nation unhappy. They make the poor poorer and the rich richer and none are any the happier for it.

Economists do not take the conduct of men into account but hold that the accumulation of wealth is the sign of prosperity and that the happiness of nations depends upon their wealth alone. The more factories the merrier. Thus men leave village farms with their spring winds and coming to cities, live diminished lives in the midst of noise, of darkness and of deadly exhalation. This leads to deterioration of national physique and to increasing avarice and immorality. If someone talks of steps to be taken to eradicate vice, so-called wise men will say that it is of no use at all that the poor should receive education and that it is best to leave things alone. They however forget that the rich are responsible for the immorality of the poor, who work like slaves in order to supply them with their luxuries, and have not a moment which they can call their own for self-betterment. Envyng the rich, the poor also try to be rich and when they fail in this effort they are angry. They then lose their senses and try to make money by force or fraud. Thus both wealth and labour are barren of all fruit or else are utilized for chicanery.

Labour in the real sense of the term is that which produces useful articles. Useful articles are those which support human life, such as food, clothes, or houses and enable men to perfect the functions of their own lives to the utmost.

This is not a time for self-indulgence but for each of us to labour according to our capacity. If one man lives in idleness, another has to put in a double amount of work. This is at the root of the distress of the poor. Some so-called work is nugatory as in jewel cutting and even destructive as in war. It brings about a diminution in the national capital and is not beneficial to the worker himself. It seems as if men are employed but really they are idle. The rich oppress the poor by misuse of the riches. Employers and employees are at daggers drawn with one another and men are reduced to the level of beasts.

## Wolves In Sheep's Clothing

**T**HE United Party's action in supporting the Bill to validate and amend the Separate Representation of Voters Act is the most amazing piece of volte face that any political Party has resorted to in the history of the Union Parliament. For the last two years we have been accustomed to learning of the strenuous fight put up by the United Party both inside and outside the precincts of the Assembly, against any diminution of the voting rights of the Coloured people. That fight won for the Party the warmest praises from the four corners of the World. It would seem that the fight was a mere sham to hoodwink the World that the United Party did put up a fight to protect the interests of the Coloured people. For, how else can the Party explain away its sudden change of front. The fact that the Bill has been referred to the Select Committee counts for naught, because the Committee is packed with Nationalist members who are pledged to remove the Coloured people from the common roll. The Coloured people are to be heard by the Select Committee, but knowing the workings of these Committees as we do, no one can be fooled to believe that these representations will have any effect whatsoever.

Dr. Malan, the Prime Minister, a shrewd politician as he is, has outwitted the

United Party, and in our view, he has gained a resounding victory over the United Party. It is unfortunate for South Africa that the year 1953 has seen the carrying into effect a threat issued to the Coloured people by the Nationalist Party in 1948. The latter's task had been made easier by the line of least resistance taken by the United Party.

The coloured vote in the common roll has never been a threat to the Europeans of the Cape Province. There has been no indication on the part of the Coloured people to swamp the European voters. On the contrary they were quite content to register a mere fraction of their voting

strength. They have been attacked for their complacency and yet the Nationalist Party was determined to remove their names from the common roll. A more retrograde step cannot be imagined.

South Africa has come to a sorry pass over the ideological legislations enacted by the Union Legislature. There are signs that economic pressure is being applied against South Africa by the overseas countries. It is but natural that the overseas capitalist should hesitate to invest in a country which is sitting on the brink of a volcano. The country is seething with unrest and one would expect that the Government would do everything possible to remedy any wrongs perpetrated but it has concentrated all its efforts towards filling the cup of hostility.

The United Party realises the danger to South Africa. The World looked to the United Party as the saviour, but it is content to remain as wolves in sheep's clothing.

## NYLSTROOM HAS PLAN TO MOVE INDIANS INTO VELD

**T**HE Nylstroom Town Council last week proposed to settle its 198 Indian residents at a site in the veld a mile from the town, reports Sapa.

An application by the Council to have the Group Areas Act applied to the Indians was heard by a two-man committee of the Land Tenure Advisory Board.

The Board was shown the site which is, at present, an undeveloped country. It is linked to the town by a track that crosses a spring.

After the inspection the Town Clerk, Mr. Jacobus Joubert, told the committee that the Council did not consider that the proposed move would impose any hardships on the Indians of Nylstroom as a business force in the town.

Mr. J. Ockers, a Government planner, and that if the track leading to the site became impassable because of rain, an

alternative three-mile route was available.

Mr. Joubert, questioned before the committee by Dr. G. Lowen, who appeared for the local Indians, agreed that in the 24 years he had lived in the town he had not known of any friction between the Europeans and the Indians.

Dr. Lowen: Did it occur to you or the Town Council that by moving the Indians out they would lose their businesses? —No, I do not agree that that is so.

Mr. Joubert said: "If a man wants to deal with an Indian he will walk a mile to do so. I would be prepared to walk a mile to deal with a person of my choosing."

Mr. Joubert said he would not dispute that 80 per cent. of the Indian customers were Europeans.

When questioned again Mr.

Joubert said that the cost of the scheme was estimated at £5,697. The Burgerlikevereniging (Ratepayers' Association), was not informed of this estimate and the further cost of two bridges that might be needed for access to the proposed area had not been considered by the Town Engineer.

The Indians were at present confined to six acres.

Mr. Joubert denied that the only object of the scheme was to get the Indians out of town. In the course of his examination Dr. Lowen alleged that "the scheme was dishonest in order to get rid of Indian traders' competition."

## European Says Indians Should Work On Farms

Mr. H. L. Venter, for the Nylstroom Ratepayers' Association told the committee that the Europeans in the town were willing to sacrifice thousands of pounds to provide separate dwelling areas for Indians.

## Mr. Manilal Gandhi

**M**ANY inquiries regarding the health and treatment of Mr. Manilal Gandhi, who is serving a sentence of 50 days in the Germiston Prison have been received by us from friends and sympathisers. We wish to thank them for their kind inquiries, but regret to inform them that, even though we have made many inquiries about this matter, we have received no information. We assure them that as soon as any news has been received it will be published in this paper.

We wish to convey to Mr. Gandhi the greetings and good wishes of his sympathisers and wish that God be with him and guide him in the enormous task ahead.

Mr. Venter said the European residents of Nylstroom wanted nothing but a White area.

"We do not want it speckled with colour. Why cannot the Indians work with their hands instead of always living on the cream of the land and on the fringes of business."

"They can go to work as market gardeners. They can work on the farms."

"And if they do not like this, they can approach the Government and ask for a repatriation scheme," said Mr. Venter.

The Rev. M. H. Horak, a Dutch Reformed Minister, said: "The Afrikaner in this district regards his church square as sacred and the presence of Indians on its borders as an unfavourable impression."

# INDIA THE STUMBLING BLOCK TO CONTINUED NEGOTIATIONS

—DR. MALAN

THE solution of the Indian question lay in the marked reduction of the Indian population of South Africa, said the Prime Minister, Dr. D. F. Malan, in Parliament recently.

He had, therefore, been justified in asking Mr. Nehru, the Indian Prime Minister, to make another effort along the lines which had been tried in the past of co-operation and friendship between the two countries.

Mr. Nehru, however, had taken up the matter on the basis of prestige and had not co-operated.

In the House of Assembly the Minister of the Interior, Dr. T. E. Duggan, moved the second reading of the Immigration Regulation Amendment Bill.

He said that the Immigration Regulation Act of 1913 had excluded from the definition of prohibited immigrants, the immigrant's wife and children under the age of 16. This was provided that the wife had been married under a form of marriage which did not recognise polygamy and that the child was the child of that form of marriage.

As a result of representations by Indians, this provision had been altered by the Indians Relief Act of 1914. That Act recognised wives married under an Indian religion providing for polygamy, subject to certain safeguards.

Under the existing law Indians today enjoyed a right not shared by any other section or group in South Africa. Under the Quota Act of 1930, and after that, the Aliens Act of 1937, women and children who fell under this provision did not come within the orbit of these two Acts. They did not have to be passed by the immigrants appeal board.

That was a fair conclusion, which he wished to state because it had been questioned by the office of Indian Agent-General in South Africa.

A second conclusion was that the amendment proposed in the Bill affected not only Indians, but would apply with equal force to any group or individual falling under the clause dealing with those who were prohibited immigrants.

At the time the concession was made to the Indians there might have been some justification for it. According to the 1911 census, the Indian population in South Africa consisted of 43 per cent. males and 37 per cent. females. That might have

been one of the reasons which prompted the concession.

Indian wives and children who had entered the Union in the last seven years and eight months totalled 6,629.

In the corresponding period the number of Indians who had left South Africa, including women and children, under the repatriation scheme, was considerably less than 1,000. There had been a consistent entry of wives and children far in excess of those who left South Africa.

It had been the unfortunate experience of the Immigration Department over many years that children had been introduced into the Union from India who were not in fact the offspring of their alleged parents. Wives had been introduced by Indians who already had wives and children in the Union.

## Indian Protest

There had been protests against this Bill from India. A statement had been issued by the local office of the Indian Government. This was that the present position of Indian wives and children in South Africa had its genesis in the reciprocity resolution of the Imperial Conference of 1918.

The statement said that that was confirmed by the so-called Cape Town agreement of 1927 and finally that there was a further confirmation for the concession in the 1932 round table conference between South Africa and India.

"How it can be argued that these concessions had their origin in the reciprocity resolution powers my understanding."

The second ground of India's protest was that the contemplated amendment to the Bill would be a unilateral breach of the agreements of 1918 and 1927.

Except for the statement now issued by the Indian Foreign Office, it had not since been seriously contended that the 1927 statement of policy was an agreement.

Neither South Africa nor India had made any attempt to register it with the League of Nations, so either would have been entitled to do had it been an agreement.

Mr. H. G. Lawrence (U.P., Salt River) said that the House was indebted to the Minister for the lucid way in which he had explained the Bill to the House and the historical background he had given.

The Bill touched on a subject of the greatest importance, the status of Indians in South Africa. It was a subject that might have far-reaching implications for South Africa.

In a matter of such great importance it was essential to get unanimity of outlook on the part of the established European population. The Opposition would support the Bill because they felt that on a matter like this, it was very necessary that South Africa should speak with one voice.

South Africa's approach to the Indian Government would depend largely on whether South Africa was going to accept the Indians in South Africa as a permanent part of the population. That was the foundation of the problem which had to be faced fearlessly and squarely. It was essential that the Prime Minister should give the House and the country some indication of how the Government was viewing this matter.

It was of paramount importance that South Africa should restore friendly relations with the Government of India.

The Minister of the Interior: At what price?

Mr. Lawrence: That is the legal approach. Why does the Minister of the Interior make attempts to wreck any possible solution?

The Minister of the Interior should know that no member of the House would be prepared to sell South Africa. He urged the Prime Minister with his influence in the Cabinet and the country to try and get a proper perspective in regard to this matter.

The Prime Minister, Dr. D. F. Malan, stated that Mr. Lawrence had covered a very wide field in his speech, but had made no positive suggestion except that friendly relations with India should be restored as quickly as possible. Mr. Lawrence had apparently forgotten that about two years ago there had been an attempt by South Africa to reach agreement with India. Nothing emerged from a conference between India and Pakistan on the one side and South Africa on the other because India had obstructed it.

Later the Union Government stated that it was prepared to continue negotiations on the same basis as before, but India would not accept that. In the circumstances it could not be said that South Africa had been unwilling to confer with India and Pakistan.

If there was any blame attaching to anyone, Mr. Lawrence would have to share it with the Government, because both his attempt and the Government's

attempts had failed. If there was ever any minister who was anxious to have this question settled with the co-operation of the Government of India it was himself.

Without the co-operation of India, it was useless to talk about repatriation.

The late Mr. J. H. Hofmeyr, who was not only a competent man, but was also sympathetic towards the Indians, was not able to achieve anything when he handled the matter.

When the Government came into power in 1918, he was not satisfied with leaving the matter where it was. The only way to solve the question was by repatriation, voluntary or compulsory with the assistance of India.

For this reason, therefore, while he was in London in 1919 for the Conference of Commonwealth Prime Ministers, he raised the matter with the Prime Minister of India, Mr. Nehru.

He had told Mr. Nehru that there was a question between South Africa and India that must be solved if tension between the two countries was to be eliminated, and South Africa wanted peace with India.

India's demand was that Indians in South Africa should have equality in all respects with Europeans. Mr. Nehru had said that they did not want to hear anything about repatriation. To him it was a question of prestige.

The solution lay in the marked reduction of the Indian population of South Africa. To demand that India's help was necessary. He was therefore justified in asking Mr. Nehru to make another effort along the lines which had been tried in the past of co-operation and friendship between the two countries. He had told Mr. Nehru that that was the only way in which this matter could be put right.

He had asked Mr. Nehru to help South Africa to solve the question and he had reminded Mr. Nehru that at that time a compulsory shifting of population was going on in India. Mr. Nehru himself had told him that it involved 5,000,000 people.

The only real obstacle to this was the present leader of India, Mr. Nehru wanted to have nothing to do with it.

Mr. D. E. Mitchell (U.P. Natal South Coast) said that the Opposition was indebted to the Prime Minister for the statement. It had not quite asked the line some of them would have preferred, but it was a clear expression of that Government's policy.

It really came down to this—for the time being there was no question whatever of repatriation.

## "A FACILE CONCLUSION"

IN a letter to 'The Star,' Mr. C. W. M. Gail writes as follows:—

Sir,—Your leader of September 15 concludes that passive resistance to the law "easily becomes the prelude to violence." This happened in South Africa and the same pattern will undoubtedly be repeated wherever political resistance goes outside the law.

I believe this is altogether too facile a conclusion—or, at least, that it is misleadingly expressed.

May not a faster and fuller verdict be that no community embarks on the hardships of passive resistance until a state of tension exists which cannot be relaxed through whatever legal and constitutional channels are provided for its expression? And may it not possibly be that in the case of South Africa last year the tension (of which the defiance campaign was only one symptom) was helped to the flash-point by police or administrative provocations?

I think any fair-minded man would have to keep four considerations in mind before coming to his conclusion about the cause of our riots—that in all our four riot towns some element of provocation has since been disclosed either immediately prior to and/or in the very early stages of the disturbances; that it was the Government which refused the

judicial inquiry for which the Opposition and the non-European organisations clamoured; that the riots occurred at a most opportune moment for the Government, just before the anticipated rejection of the High Court of Parliament appeal; that much advertised ministerial concern for avoiding the slightest risk of casualties to the police and exhortations to "use their batons where necessary, and to shoot where necessary" might be expected to have predictable psychological repercussions in a force not notably given to tenderness in its dealings with non-Europeans.

I am not seeking, to excuse or condone murder and arson by the voters nor to dispute that the conditions which produce passive resistance obviously carry within themselves the danger of violence.

But from my experience as a magistrate in India and my observations in South Africa I do challenge the general proposition that in weighing the responsibility for violence in such cases (and in the South African riots of last October and November in particular) it is sufficient merely to consider the rioting, as the inevitable outcome of passive resistance.

There is much more to it than that.—Yours faithfully, C. W. M. GAIL.

## S.A.I.C. MEMORANDUM ON IMMIGRANTS' REGULATION AMENDMENT BILL

THE South African Indian Congress issued a memorandum on the Immigrants' Regulation Amendment Bill, which is before Parliament. The Congress says that "when the Bill is passed it will be an addition to the long list of unjust and racially discriminatory legislation enacted by the Nationalist Government against the non-European populations of South Africa."

The memorandum notes that "the Prime Minister, Dr. D. F. Malan, intervened in the debate during the second reading of the Bill and made an important statement regarding the Government's policy of expatriating Indians from South Africa. He stated that the policy could not be implemented without the co-operation of the Government of India and that such co-operation was not forthcoming from that Government. In his statement Dr. Malan also alleged that India had collected two million pounds for the defiance campaign."

In regard to the two million

pounds alleged to have been collected by India the Congress says that "it is regrettable that the Prime Minister should make statements which are not factual. According to our knowledge there is no truth that India had collected two million pounds for the defiance campaign."

The statement further adds that it is not the first instance in which the Prime Minister had made an incorrect statement. In the past he boasted up the membership of the Basu National Congress, a pro-Government body, to a figure of 400,000, when it was not true.

In regard to the Bill, which the Congress says takes away the natural and fundamental rights to marry and found a family of one's own choice, "the Government is carrying out a ruthless programme of making the life of the Indian community difficult with the view to make its position untenable in the country. The present Bill is with this immoral purpose. Its provisions are aimed at making the life of the Indian

community intolerable in the vain hope of achieving the declared objective of uprooting and expatriating a group of people in the name of apartheid."

The Congress declares that "the Indian community will never countenance or accept repatriation and is firmly resolved to fight it with all the means at its disposal."

The statement concludes by saying that "the Indian com-

munity is determined to fight racial discrimination and oppression in co-operation with all sections of the people of South Africa and the South African Indian Congress firmly believes that in doing so it will be serving the best interests of our country. It will be well for the Government of the Union to pause and retrace its steps and reverse its policy from that of injustice to one of justice and democracy."

## LAWLESS MEN, BLACK AND WHITE, ARE DESTROYING AFRICA

—SERETSE KHAMA

SERETSE KHAMA, retired chief of the Bamangwato tribe in Bechuanaland, said in London that Africa was being destroyed by lawless people, Black and White.

He spoke at an "Africa Must Be Free" conference, which was attended by 100 delegates from the Independent Labour Party, trade unions and co-operative organisations.

He said the wonderful catch-phrases used in the House of Commons and at conferences were of no use to anyone.

"It is difficult to get myself and other Africans to believe that the great White Government in Whitehall is in fact working for our interest."

"Bloodthirsty people Black and White, in Africa were at each other's throats. There was a kind of Mau Mau among the White settlers, although they were called by another name."

"What we want in Africa is some sort of group Black and White, that will work for the benefit of all races, not only there but all over the Commonwealth and the world."

"One of the speakers has been asked if he thinks Africans ought to have freedom of speech in Africa."

"That is a very nice thing, but we have to come thousands of miles, all the way to England, to be able to speak our own minds, and we dare not do that if we hold a government scholarship."

"The freedom we enjoy in England is restricted to England. We do not have it at home."

Seretse said the British people blamed Dr. Malan, the South African Prime Minister, for the situation in the Union, but there were, after all, other territories in Africa where there was no Dr. Malan and no Afrikaners, where British people could show, if they wished, how entirely they differed on racial issues from Dr. Malan.

"The whole attitude of the Colonial administration towards the Africans is, the African peo-

ple do not know what they want, and even if they do they can always be made by armed force to do what we want."

"But you cannot possibly go on compelling people to do what you want if you always have your authority on force. You cannot inflame public opinion by saying a man is a terrorist or an agitator."

"It is not only the Russians who cannot go home. The Africans do not hate White people, but we certainly defeat the policy of administration in our part of the world."

"It is being said that next to the doorknob, the African is the most patient animal in the world. But perhaps our patience is not so elastic as that."

Asked by another African what had caused the Mau Mau, Seretse said it was caused by the same thing that created hostility and intolerance.

"I can only hope that Mau Mau does not spread to other parts of Africa," he said.

The conference was organised by the Congress of Peoples Against Imperialism.

the Indians from South Africa because the Government of India would not co-operate.

The Opposition also had no intention of quarrelling with the Prime Minister's statement that South Africa had the right to determine the composition of its population as far as immigrants were concerned. The Opposition was at one with the Government that they could not have immigrants of the particular class dealt with in the Bill coming in to swell the existing numbers.

Mrs. V. M. L. Ballinger (Native Representative, Cape Eastern) said that the Bill was very obscure and that half the Members did not understand its contents. South Africa's relations with India were linked with South Africa's relations with the Indian community in South Africa. The debate so far had shown a defeatist approach.

Mr. W. A. Marée (Nat., Newcastle) said that there was no one in the House who did not agree that this question should be kept out of party politics and that there should be common cause on it among all Europeans in the country.

The Minister of the Interior, Dr. T. E. Douglas, in replying to the debate, said that the main object of the so-called agreement of 1927 was to reduce the Indian population of South Africa, but it had not been a success because the co-operation of the Government of India had not been obtained.

South Africa's attitude had always been that it wanted to bring the two parties together and the present government had taken steps to do that.

The Bill was read a second time.

## Things In General

### India Accuses S.A. Of Lack Of Respect For Treaties

The so-called race conflict in South Africa was really race domination, said Mr. V. Krishna Menon, the Indian delegate, in the United Nations General Assembly. The Assembly had passed five resolutions, he said, and the Union Government had turned a deaf ear to all of them. The problems of Tunisia, Morocco and South West Africa were all concerned with "the violation of treaties and the violation of territories." In South West Africa the administration was transferred to South Africa by mandate after the First World War. "What South Africa has committed there is anarchy, it is invasion, it is lack of respect for treaties." Africa was not only retained for colonial exploitation, but humanity was kept out of the continent.

### UNO May Meet In Moscow

The United Nations General Assembly has so far not been invited to meet in Moscow in 1954, a high United Nations official said. There has been speculation that the Russian Government intend to extend such an invitation. They recently signed the convention of privileges and immunities, a step which might precede an invitation.

### U.S. Visa For Scott

The Rev. Michael Scott has been granted a visa by the United States to enable him to attend the present session of the United Nations General Assembly. He will not be able to leave New York or address public meetings.

### INTIMATE THEATRE HAILED

#### THE EDITOR 'INDIAN OPINION'

Sir,—It was rather appalling to see that very few Indians patronised "George and Margaret," the latest production of Intimate Theatre. This magnificent and hilarious comedy was one of the best stage shows ever to be shown only to non-Europeans through the generosity of Intimate Theatre. It is very discouraging for the producers of such shows to see the poor response of Indians towards their production. If we Indians who so often patronise American western films from American start patronising plays produced by organisations like Intimate Theatre, then we are apt to cultivate amity amongst different groups, to have the proper sort of entertainment which is not cheap and demoralising but the kind by which we will undoubtedly improve our education, manners and morals—Yours etc, V. # INDIAN EYES ARE FIXED ON AFRICA

By N. H. WILSON

(With acknowledgements to 'The Chronicle')

A CAREFULLY planned campaign is being undertaken with the object of driving the Europeans out of Africa. The first step is to compel him to hand over the reins of government. The established model for this exercise is the All-India Congress, which secured the transfer of the Government of India to the Republic of India and the Dominion of Pakistan in 1947.

When the various territories of Africa from the Zambezi northwards have been "returned to the African," the next step will be the massive migration of many millions from India to Africa.

(on April 12, 1953, to which reference is made later) "disputed it, as has the visit to India of Mr. Muroombi, the secretary of the Kenya African Union. Mr. Pant, the Indian Commissioner in Nairobi, has been mainly responsible for this coming together in East and Central Africa."

"Among many of the younger Indians there exists an almost Messianic desire to 'liberate' the coloured races. Africans respond to this spirit, and several of their leaders have made statements on such lines. Moreover, there are among the Indians a number of Communists who whip up feeling, probably for their own ends. Willingly or not, Indian influence has played its part precipitating Mau Mau."

I have before me one of the pamphlets distributed by Mr. Pant in his task of bringing the Indian and African nationalists together in this alliance against the white man in Africa. It is an abridged autobiography of Mr. Jawaharlal Nehru up to 1940.

The full autobiography may contain something of value. This pamphlet is merely a repetition harping on the theme of Mr. Nehru's many imprudences suffered in the campaigns against the British Government of India. The various "blessings" by Indian Ministers, Governors and other officials of the present regime, appearing as forewords to this pamphlet, do not resemble their exhortation to Africans to suffer in the same way in the struggle against British "facism and imperialism."

To quote the chief organizer's address to his "dear African brethren" in the "publishers' notes": "The life of Jawaharlal is nothing but worthy contribution of sacrifice and service. We think our efforts have been fruitful if our African brethren derive any inspiration from such a pure life of Jawaharlal."

Of this pernicious pamphlet 15,000 copies have been printed in Swahili, 3,000 in Bamba, 3,000 in Oshana, 6,000 in English, 3,000 in Lomi and 8,000 in Tonga. They are published by the Indian-African Literary Society, Ltd., Mombasa. The African languages cover British East and Central Africa north of the Zimbezi.

The only possible object is

distributing this sort of literature among all possible African leaders in Northern and Southern Rhodesia, Nyasaland, Tanganyika and Kenya must be to

build up among them an earnest readiness to emulate Mr. Nehru's activities in opposing the British rule in India and in eventually getting rid of it

## WAS IT UNAVOIDABLE?

THE U.S. Congress is expected to give quick approval to a plan proposed by President Eisenhower to begin Post-Armistice rehabilitation of Korea with part of the funds appropriated earlier for combat needs there. He suggested that an initial sum of \$200 million be made available from the \$1,200 million it would cost the United States to participate in the war for another year.

The situation confronting the people of Korea was described by him in these words in his message to the American Congress:

"The extent of devastation suffered by the people and the economy of Korea is staggering. Since the outbreak of War in 1950, one million South Koreans have been killed. More than two and one half million have become homeless refugees. Five million depend in whole or in part upon relief to stay alive. Property destruction exceeded \$1,000 million. This colossal economic disaster . . ."

A United Nations official in New York described the Korean situation in greater detail and said:

"The fields and paddies, the mines and factories, which were once the source of livelihood for the people, have suffered substantial damage and destruction. The entire economy is threatened by inflation and the average Korean is reduced to dire poverty."

"Civilian battle casualties alone have run to 'hundreds of

thousands. Millions have been uprooted from their homes. Untold numbers of children have been orphaned. Families have been decimated and dispersed."

"Approximately 9,00,000 houses are required to meet present needs in the Republic of Korea. Some 4,00,000 homes have been completely destroyed and must be replaced. Others are needed to accommodate refugees from North Korea."

It is good to learn that Korea laid prostrate by war wounds is being revived with dollar injections of life giving oxygen. The deeper question however is why should we need to lay anybody prostrate in such a cruel and inhuman manner? Why inflict wounds on innocent humanity and then require oneself to go to bind them? Is it not a silly thing to do really? Was it surely unavoidable?—Hacijan.

Thanks

The Directors of Messrs. M. M. Amod and Co. (Pty) Ltd. of Lady Smith and Mr. M. A. Mooli desire to express their deep appreciation of the messages of sympathy and condolence in connection with the lamented demise of the late Mr. M. M. Amod.

last year's Passive

With India's population increasing at the rate of six millions a year, there would be no great difficulty—with friendly Governments in Africa—in establishing an Indian population of two hundred millions in Africa by the end of this century.

This is mentioned as showing the interest of all Western Europe in the movement, because, with 200,000,000 Indians in Africa, Europe would be in greater danger of being overwhelmed by Asia than at any time since 732 A.D. Our immediate interest, however in Africa is in the first part of the plan; namely, the conspiracy to 'sweep European governments from British Africa.'

In 'The Chronicle' of July 17 there was an article by 'The Times of London,' with the title 'Africa Emergent.' I quote the following passages:

"An alliance between the Indian and African nationalist politicians against the White is now growing up. The impulse for this movement comes from outside Africa. If there was any doubt about this, Mr. Nehru's recent speech in Delhi"

## NATURE OF DISCRIMINATION IN S.A.

(Continued from last week)

### Discrimination in Freedom Of Movement

(a) The Pass Laws While people are allowed to move freely about their business in the Union of South Africa. Not so the non-Whites.

South Africa may have great industries and gold mines using the most up-to-date production techniques, but her methods of controlling labour are feudal, even semi-slavery.

The main vehicle for controlling African labour is the pass law system.

No African may move freely and unhindered about the country. Every African employee has a service contract (one of the passes he must carry) binding him to his employer and without whose consent he may not take another job. He may not move from one province to another, from one town to another, even from one suburb to another, without a pass. (For an African to be out in the streets after curfew hours without a night special is a criminal offence.) He may not even enter locations other than his own without a permit.

All Africans must produce their tax receipts on demand and failure to do so leads to arrest.

In law, all Africans over the age of 18 years must carry passes, but in practice all who are in employment are required to register, so youngsters from the age even of 14 years who are working are subject to the pass laws.

The issue of rail tickets to the cities is controlled in some areas and only those with permission to seek work in the cities are allowed on the trains.

A worker in a city who wishes to go on holiday to the country or to visit another town must get a travelling pass. Today, under strict influx control, he is liable not to be allowed back into the town after his temporary absence. Johannesburg, for instance, admits no new Africans for work in its industries or residence in its towns.

It is under the Urban Areas Act (passed in 1923 and amended several times since, most recently under the Nationalist Government) that provisions are made for the imposition of the service contract system under which all Africans in employment must register and pay a

monthly service contract fee of 2s.

Under this Act regulations are promulgated for the refusal to Africans of admission into the towns and the deportation of those there illegally. Hundreds of Africans are regularly deported to the country areas and to farms.

In the towns a man who loses his employment is given seven days in which to look for work and then perhaps a further extension of seven days, at the end of which, if he is still unemployed and regardless of whether he has a house or a family in the city, he is liable to be deported to the countryside.

The Urban Areas Act also carries the notorious and hated Section 29, in terms of which any African may be brought before a magistrate without any charge being laid and required to prove that he is not "idle or dissolute." Dissolutes and vagrants are liable to be sent to forced labour colonies for a period of years.

It is estimated that in all, Africans may be required to carry seventeen different passes.

Police methods in enforcing these laws aim at terrorising the African population.

Police "pick-up vans" and "flying squad" cars patrol the streets incessantly. Any passing African is liable, at any time of the day or night, to be stopped by a policeman and ordered to produce his passes. One authority has said "the legal position today is such that the police can arrest any African walking down the main streets of Johannesburg (or any other city—our assertion) at any time of the day or night and any competent prosecutor would have no difficulty whatever in finding some offence with which he could be charged."

Policemen and detectives in plain clothes stand at railway stations in the mornings as the trains from the non-White townships transport the workers into the factories and stop any African on whom their glance alights to demand to see his documents. After these operations files of handcuffed men can be seen being led along the streets to the police stations.

Periodically mass police raids are organised in the African townships or on African hostels where single men are accom-

modated. On such raids the police are thrown in a close cordon round the area to be raided and every man is in turn searched before he is allowed to go.

The police have power to search for pass offenders in White and non-White areas, and on private premises without producing a warrant. African homes are visited by police parties at night and in the early hours of the morning and all have to produce their passes. Police raid the servants' quarters of White homes, arrest visiting Africans on charges of trespass and for other offences. A man whose passes are perfect in order but who has not his documents on his person when asked to produce them, even if he is merely visiting next-door or putting a letter at the corner of the street is arrested and punished.

Fines for pass offences are out of all proportion to the immensity of the crime and a great proportion of the man's monthly earnings. (Usual fine for a common pass offence is £1. Domestic servants may earn as little as £3 a month.)

Every week-end the police raid the African areas intensively for pass and liquor offenders and on Monday mornings the courts are crowded with thousands of petty offenders.

Special courts try curfew and other pass offenders (both men and women are subject to the curfew rules).

In these courts the impression is of a conveyor belt system of "justice" as one after another, in rapid succession, with barely a chance to plead guilty or not guilty or state the facts of the case, and in the vast majority of cases with no presentation of evidence or calling of witnesses, men and women are found, or if they cannot pay the fine, are sent to prison.

In a certain court in Johannesburg men arrested under the pass laws are given the opportunity, before they appear before the magistrate, to volunteer as farm labourers. If they agree to work on farms for a term, they are allocated to farmers from different districts (many of whom have been waiting outside the court in the meantime) and the charges against the accused are dropped.

In 1951 alone, 175,987 Africans were arrested for failure to carry one of the 17 permits or passes required of them. Of these, 76,986 were convictions under the trespass laws.

In all, in 1951 there were 1,088,633 convictions in the Union Courts. Of these 800,000 were Africans, 11,500 Coloureds, 1,100 Indians and Chinese and

140,800 Whites. Of the 800,000 Africans (an increase of 60,000 over the previous year) there were about 170,000 convictions for drunkenness. Africans may not drink, brew or buy liquor. Over 25,000 persons are held in penal institutions at any one time. The great majority are non-Whites.

An inquiry in 1945-46 showed that 65 per cent of Whites, 87 per cent of Coloured and Indian and 83 per cent of African prisoners were admitted because of failure to pay fines. Moreover, many of the prisoners, particularly among the non-Whites, are technical rather than moral and which were not regarded by the prisoners themselves as being wrong; for example, in 1946, there were 92,000 convictions for the illegal possession of liquor while 40 per cent of all prison admissions were Africans convicted of pass offences.

The Chairman of the Penal Reform Movement has stated that "most Africans are victims of the rigid legal system. In five years, from 58 to 62 per cent of the non-White prison population was serving sentences of a month or less in Union prisons. In many cases," said this penal reform expert, "small fines would have been adequate punishment."

In 1949, 189,000 Africans were gaol'd, of 10 more than half were imprisoned for sentences of less than one month.

Apart from treating hundreds of thousands as criminals every year, the operation of the pass laws is one of the most serious causes of race tension in South Africa.

The treatment of arrested Africans is brutal. They are, sworn at, assaulted, shoved and dragged along instead of being allowed to walk naturally, and attempted explanations are treated as impudence and punished. Thousands spend week-ends and nights in prison after being wrongfully arrested. Every week in the newspapers are reports of harsh and brutal police treatment of Africans.

The threat earlier this year that their womenfolk would probably be included as pass-bearers has evoked the fury of the African people.

The Government's new "Abolition of Passes" Act merely co-ordinates the documents on African must carry and incorporates them into a uniform document holder. Contraventions of the pass laws will still be a criminal offence and the system will still lay the Africans open to continual abuse and ill-treatment by the police.

In certain respects the new pass-books are even worse than the old passes. Under the former system at least after leaving a job and finding another a man's old "service contract" was destroyed and a new one issued. That is not the case with the new pass-books: thus a man is condemned to carry around possibly unfavourable comment upon himself for the rest of his life.

The new books provide a page for marking in his "score" an "aptitude and intelligence test" to be conducted presumably in the pass office by Native Affairs Department officials. It should not be necessary to emphasize how disadvantageous it will be for any man to have a bad "score" on this page; again a permanent "black mark" will be a millstone around his neck for life. Moreover, anyone who is familiar with the atmosphere of petty corruption and bullying contempt for the African public at the pass offices and other Native Affairs Department offices will readily understand how easily these new books and "aptitude tests" will lead themselves to bribery and victimization.

(b) Provincial Barriers: For the ordinary traveller, the Union of South Africa is a single country. Its constitution is of a unitary rather than a federal type, the four provinces, with their Provincial Councils, being far more akin, in relation to the State, to English counties than, for example, states of the U.S.A.

To the South African born Indian, however, the provinces constitute very real entities: the provinces, boundaries are frontiers which he may not cross without express permission.

In one Province (the Orange Free State) he may not reside at all. This is in pursuance of a law passed by the Volksraad of the old O.F.S. Republic on September 11, 1891, which is still in operation to the present day. This law is recorded in

Chapter 33 of the Orange Free State Law Book, in the following insulting language:

"No Arab, Chinaman, Coolie or other Asiatic person may settle in this State or remain here longer than two months without permission to do so from the President."

Thus there are no Asians resident in the Province of the Orange Free State.

The restrictions of the movement of Indians from one Province have been and are rigidly applied, especially in recent years and by the present Government. South African born Indians are penned within the province of their birth; applications for residence elsewhere, e.g. for study or for family reasons, have been repeatedly and unreasonably refused.

Such actions are in accordance with the general anti-Indian bias displayed by the Malan Government in such other and similar actions as the refusal of passports to a South African Indian football team wishing to tour India, or the notorious and scandalous ban on the wives and children of South African Indians entering this country from India and Pakistan.

(c) Passport Facilities: In general, it is the policy of the South African Government to refuse passport facilities to Non-Whites wishing to travel abroad. African, Indian and Coloured youths have repeatedly been denied passports when applying to travel overseas to study. For this reason many Non-Whites have had to forego scholarships. Even the eminent African, Professor Z. K. Matthews, was compelled to return from a professional appointment in the U.S.A. due to the action of the Union authorities in refusing to extend his pass part.

The refusal of passports is not confined to Non-White applicants, but also to White persons whose political activities have incurred the displeasure of the Government.

(To be continued)

No. 46 of 1951), published under Government Notice No. 1498 on June 18, 1951, is hereby given the full force of law and validated with effect from the date of commencement of this Act, which date shall for all purposes be deemed to be the date of commencement of the first-mentioned Act.

(2) Section 14 of the Separate Representation of Voters Act, 1951, is hereby amended by the deletion in sub-section (1) at the end of that sub-section of the words "hereby established" and by addition at the end of that sub-section of the words "is hereby established with effect, a date to be fixed by the Governor-General by proclamation in the Gazette."

3. This Act shall be called the Separate Representation of

Voters Act 'Validation' and Amendment Act, 1953.

The amendment contained in the second sub-section of the first clause is consequential on the validation of the Separate Representation of Voters Act.

Section 14 of the Separate Representation of Voters Act provides for the establishment of a board for Coloured affairs consisting of three non-European members nominated by the Governor-General to represent Natal, the Free State and the Transvaal and eight non-European members elected from voters registered on the Cape Coloured voters roll.

The Amendment is merely to give legal effect to the intention of the Act for the establishment of the board when the Act becomes valid.

## NEW RULE ON AFRICAN MEETINGS

ANY person in a Native area who, without the approval of the Native Commissioner or the magistrate in his area, holds, presides at or addresses a meeting at which more than 10 Africans are present, shall be guilty of an offence, according to a notice in the 'Government Gazette.'

He shall also be guilty of an offence if a meeting at which 10 or more Africans are gathered is held at his house, or on other land under his control.

In both cases he shall be liable to a maximum fine of £300 or, in default of payment, to imprisonment for a maximum period of three years.

The notice says these regulations will not apply if a gathering is for a bona fide religious service or a funeral; is held in connection with the domestic affairs of a klan or household; is of the members of a statutory

body of people held to transact any business of that body; and is held for the purpose of instruction imparted under any law.

The regulations also do not apply to a bona fide sports gathering, concert, wedding, or any other entertainment, a meeting held by any Senator, member of Parliament or member of a provincial council, and a meeting held for administrative purposes.

The regulations will apply to all areas mentioned in the Native Administration Act of 1927, and in the Native Trust and Land Act of 1936.

They will come into operation on a date fixed by the Governor-General, either generally or in any particular area, by a notice in the 'Government Gazette.—(Eapa.)

## TEXT OF THE NEW COLOURED VOTE BILL

THE Bill which the Government submitted to a joint session of both Houses of Parliament last week is called the Separate Representation of Voters Act Validation and Amendment Bill.

It consists of only two clauses—the first to validate and amend the Separate Representation of Voters Act and the second containing the short title of the Bill.

Following is the text of the Bill which will be introduced by the Prime Minister:

"Be it enacted by the Queen's Most Excellent Majesty, the Senate and the House of Assembly of the Union of South Africa, in accordance with the requirements of section 35 and 35A of the South Africa Act, 1909, as follows:

"1 (1) The Separate Representation of Voters Act, 1951 (Act

## HOUSE OF COMMONS ON INDIANS IN NEW FEDERATION

COMMENTING on the position of Indians in the recently-formed Central African Federation, Mr. Fanner Brockway, M.P., said:—

"I do not apologise for delaying for a moment on an issue which has not been discussed yet, namely, the Asian community in the Central African Territories. There are 13,650 Asians in these three territories. There is no reference to them in the White Paper. There is no suggestion that they should have any representation in the Federal Parliament or in any other authority. In Nyasaland the number of Asians is greater than the number of Europeans—6,000 compared with 5,000. Yet they are ignored. That is an injustice to the Asian community itself. I regret the affront which it is to the Asian communities which are in our Commonwealth of Nations when they are ignored in that way.

"What are to be their Human Rights within the Federation? At present they are treated in Southern Rhodesia as though they were third-rate citizens. Racial discrimination applies to them as well as to Africans. I want to ask one question in particular. Are the Asians to have freedom of movement between the three territories? The issue of freedom of movement is on the concurrent list. A decision can be made by a Federal Parliament in which there will be 26 European representatives, six African representatives, and not one Asian. We ought to have in this Bill an assurance that among the freedoms which we will embody and apply is freedom of movement between the territories of the Federation for which the Indian population is asking."

Mr. Henry Hophinscott: "The hon. gentleman and also the right hon. and learned gentleman the Member for Montgomery (Mr. C. Davies) referred to the position of the Asian communities, not only in regard to the colour bar, but in regard to their political status in the new Federation. I am of course, aware, as the hon. gentleman is, of the large number of Asians in these territories, but the fact that they are not mentioned in the federal scheme is no more significant than the fact that the European community are not mentioned either. Therefore, in fact, no difference at all in the way in which the scheme treats Asians and Europeans. In Northern Rhodesia and South-

ern Rhodesia, Asians will be on the common roll with Europeans."

Mr. Fanner Brockway: "Surely the hon. gentleman knows that in Southern Rhodesia the total electoral roll is 50,000 and that there are only 535 Asians on that common roll. How can it possibly be said that they are being treated in a similar way?"

Mr. Henry Hophinscott: "I have not got the figures, so I cannot give them to the hon. gentleman, but there are a great many Asians in Southern Rhodesia. From what I have seen myself, I know that Asians, if

they choose to do so, could register for enrolment on the common roll, and I think that if the hon. gentleman will look into the matter he will find that they amount to many thousands."

"The election of members to the Federal Assembly of Nyasaland will, until the Legislative Council of Nyasaland decides otherwise be decided by the Governor-General, in agreement with the Governor-in-Council. I cannot say what these regulations will be, but I will willingly undertake to the hon. gentleman to convey his view to the Governor-General and the Governor and suggest that it should be borne in mind when the time comes to frame these regulations."

## PLEAS FOR STRONG MULTI-RACIAL SOCIETY IN RHODESIA

PLEAS for a "strong, unified multi-racial society for the progress and development of Central Africa" were made by all speakers at the official opening of the Central African Asian conference in Bulawayo recently.

Sri Ape B. Pant, the Commissioner for the Government of India in Eastern and Central African territories, opened the conference, which was the second to be held.

Delegates from Northern and Southern Rhodesia and Nyasaland attended the congress, which considered and discussed the status of Asians under Federation and the present political situation which has resulted.

The questions of inter-territorial freedom of movement for the purpose of settlement and domicile within the Federation, and education also received attention.

Welcoming the delegates, and audience, Mr. V. N. Desai said they would have to consider frankly and seriously the difficulties that lay ahead of them with Federation as accomplished fact.

"The welfare of Central Africa is at our hearts and we must co-operate with other communities. If we are not good and true citizens and if we do not seek racial harmony, then I need not tell you that all our efforts at this conference will be fruitless."

Lately there had been a spate of wild propaganda against India and Indians by some racial-minded Europeans, and the European Press had also joined in the campaign.

"There is also false and vicious talk of Indian imperialism to

create fear in the minds of the Europeans and Africans, but I do not see that anything good can be achieved by some malicious propaganda."

"I feel this propaganda is merely a method of side-tracking the mind of the public from the immediate and important issues confronting the whole continent."

The time had now come for a revision of race relationships and attitudes in Africa, and the first step must be the immediate abolition of all forms of direct and indirect colour bar and the unequivocal declaration by the Federal and Territorial Governments of equal opportunities of progress for all.

By foresight, correct choice, the Central African Government could take the opportunity of leading Africa to enlightenment by peaceful and orderly revolution.

### India's Interest

Mr. Pant said the urge of the industrial age was awakening Africa.

"A lot of things are happening here and we from outside are, frankly, quite interested. Such development brings about tensions, difficulties and conflicts, but we in India, who have a great interest in world peace, would like to see each part of the world changing and developing in a peaceful way."

He thought that they failed to take notice of the desire of the indigenous peoples in Africa to belong to and be part and parcel of the new social, economic and cultural pattern being built around them.

People talked about the undue interest which India had to

Africa—but that was not so India was interested in all parts of the world and in this small world, "unless we live together, we do not live at all."

"I am very happy that at this critical stage you have Sir Godfrey Huggins to guide you on your destinies. By your actions, thought and speech you must indicate and convince others that you stand for such a multi-racial and democratic society."

It was of great value that at this historic juncture they had the guidance of the British people and that all that was best in British traditions and culture was freely available to them.

Mr. Satter Sacran, in his presidential address referring to racial discrimination, said that it was the duty of Asians to face it in a realistic manner. "We must devise a constructive approach to it and bear in mind that we are not here to formulate plans to antagonise our European friends or favour our African friends."

The Asiatic community would give their loyalty and support to the ideal of a multi-racial community.

"Federation or no Federation, we must struggle for that ideal and must co-operate with any form of government and any political party which has that aim."

Among the many messages sent to the conference was one from Sir Godfrey Huggins which said that the people in Central Africa, whatever their race, had to work out their salvation as good Rhodesians.

He was afraid that people from the countries from which some of them originated did not appreciate that. The new Federation would require self-sensur and vision on the part of all if it was to be the success which he believed possible.

## PLAYING INTO OUR ENEMIES' HANDS

By JORDAN K. NGUBANE

THOUGHTFUL non-Europeans deplore the controversy now going on in sections of the white Press on the unfortunate events at Cato Manor a few weeks ago. Some people, writing under pen names and purporting to be Africans, have levelled wild charges against the Indians at Cato Manor. Some Indians, for their part, compose venomous letters against the Africans. The spectacle they all give is one of people who claim to be oppressed, being at each other's throats in a way that does not do either of them any good.

I am not expressing the free discussion of weaknesses among the Africans or the Indians. At the proper place such discussion might do a lot of good. The white Press, however, is the worst place where the Indian and African can thrash out their differences. For two good reasons: the white people who read these exchanges of vilification are interested spectators. The more we quarrel among ourselves, the more certainly do we ensure that their domination over us shall be continued. Secondly, the correspondence exchanged in the Press so far has avoided the real issues behind the tensions at Cato Manor. It has degenerated into a mutual vilification and justification contest. Those who take part in it might have their vanity satisfied by having "given it" to the other side—fanned the fire behind the racial tensions at Cato Manor.

Let us try and face frankly some of the causes of strife at Cato Manor. Cato Manor is essentially a slum area; one of the worst in the world and one of the most neglected. The most important attention that the area receives from the white rulers is the notorious police tyranny over the lives of African men and women. The living conditions of the Africans in this area are degrading; the police tyranny debases the spirit. In these circumstances a familiar type of human being is coming to the fore; the man who is the sworn enemy of organised society and stability. But this hatred is so deeply ingrained and so intense that, morally, it has no real meaning for him. In moments of excitement he will attack any human being—the rich and the poor alike—of any race.

This is the type of human being produced by the white-men's policy of segregation and oppression. He regards himself as hated by everybody and, in turn, hates everybody—particularly if he imagines them to be privileged in any way. Because he is spared the humiliations that come with police raids, he is a privileged group. When anything untoward happens, he must be made to pay the price of being the privileged.

From this standpoint, the hatred is not in any way racial. If all the Indian storekeepers and houseowners were to clear out of Cato Manor tomorrow, peace would not come to that area. That is why the Durbach Meyer's solution of the Cato Manor problem seems so foolish and unrealistic. The type of African produced by these slums will not act upon storekeepers and houseowners of his race with the same degree—in fact it might be worse—of malice that he shows when he murders Indians, loots their stores and burns down their houses.

In like manner, that Indian is foolish and unrealistic who puts the blame for the Cato Manor troubles on the whole African community. Indians, living under conditions found at Cato Manor and oppressed in the way the African is, would behave exactly the same way.

A complicating factor is the white man's interest in upholding the Cato Manor mood. As long as it is directed against the Indian, is a valuable lever with which the Indian might be pressed into thinking of returning to the land of his origin. That is why spokesmen of the white community have rushed to say the Indian should clear out of Cato Manor. If they encourage the Cato Manor mood, things might become so hot that in self-interest alone the Indian might quit South Africa. Nothing would please most white people better.

After the 1949 riots the African National Congress and the Natal Indian Congress worked out an agreement by which the Indian community agreed to sell Cato Manor to the Africans. Of their own choice the Indian were prepared then to clear out of Cato Manor. But white Durbach would not have anything to do with the agreement. It would have brought about peace

between the Indians and the Africans. And white South Africans. And white South Africa would have been robbed of a valuable stick with which to beat the Indian. To-day, that same City which would not give Cato Manor to the Africans says the Indians must clear out—just because the Indians will not clear out unless the area goes to the Africans. To this the whites will not agree. The strategy is quite transparent.

I know there are Africans who seem very eager to swallow the City Council's bait. But I must warn them. They are playing with fire. That same fire which destroyed Indian stores, homes and buses will, with worse fury, destroy their families, stores and buses when the Indians are gone.

There are other factors which complicate the Cato Manor situation but for the present I shall not go into them. The point I want to stress is that neither the police—as some Indians say—will solve the Cato Manor problem nor white commissioners of inquiry. The problem is one which can be solved only by the Indian and the African. For this reason, I want to commend to all men of goodwill the

attempt being made by the African National Congress (Natal) to arrange a conference with representative Indian organisations to agree on a lasting solution. The task is not an easy one. But if we—the Indian and the African—must be free, we must get over the hurdle of the Cato Manor mood. In fact, our survival might one day depend on the success achieved in finding a workable solution.

## સ્ત્રી કેળવણી

સ્વ. શ્રીશંકરલાલ મસ્ત્રવાળાની પહેલી વર્ષી બાદરવા વહ પાંચમે ઉજવાઈ તે વખતે તેમજ  
જીવન સરીત “શ્રેયાર્થીની સાધના.” નવજીવન પ્રકાશને પકાર પાડ્યું છે. તેમાંથી સ્ત્રીઓના  
કેળવણી વિષેના તેમના વિચારો અને ઉત્તારીએ છીએ.—અ. ઇ. ચૌ. ૧૦.

કેળવણીની યોજનામાં પુરુષ કે સ્ત્રી બેમાંથી એકને પ્રધાનપદ આપનારા દ્રષ્ટીબીંદુથી જીવનનો  
વિચાર ન થવો જોઈએ. પણ બેનેના જીવનને સરખું મહત્ત્વ આપી બંને વચ્ચે જેળ  
બેસાડવા પ્રયત્ન થવો જોઈએ. આથી પુરુષની કેળવણીની પદ્ધતિમાં સ્ત્રીના હિતને, વિચાર  
અને સ્ત્રીની કેળવણીની પદ્ધતિમાં પુરુષના હિતને વિચાર થવો જોઈએ.

જ્ઞાન, ધર્મ, આરિય, સાવનાબળ અને વ્યવહારદ્રષ્ટિ એમાં પુરુષ અને સ્ત્રીની યોગ્યતા  
સરખી રહે, એવી રીતે બંનેની કેળવણી યોજાવી જોઈએ. ગામ અને સમાજમાં, કુશળતા તથા  
વિવાહ અને છુટાછેડાની અતુલ્યતા બંનેને સરખી હોવી જોઈએ. અને નિર્વાહને માટે કે  
ગૃહવ્યવસ્થા રાખવાને માટે જીવન કે પુનઃજીવન કરવાની ફરજ ન આવી પડે એટલી પેતાનો  
નિર્વાહ કરવાની શક્તિ સ્ત્રીમાં અને ગૃહવ્યવસ્થા રાખવાની શક્તિ પુરુષમાં હોવી જોઈએ.

પુરુષમાં પોષ,યેલુ એકતાનું મિથ્યાભિમાન અને સ્ત્રીમાં પોષાયેલો હીનતાનો મિથ્યા ખ્યાલ  
જે બંને સંસ્કારો વિકાસક હોઈ દુર કરવા મટે છે.

પુરુષ અને સ્ત્રી વચ્ચે પરસ્પર સંબંધ સંસ્થાના પ્રમુખ અને મંત્રી જેવો હોવો જોઈએ.  
અને બેમાંથી જે વધારે કુશળ હોય તેના કહ્યાબરા થઈ વર્તવામાં બીજાને નાનમ ન લાગવી  
જોઈએ. કેળવણીએ આ પ્રકારનો સંસ્કાર નિર્માણ કરવો જોઈએ.

સ્ત્રીને પુણ્યપણે પુરુષ જેવું જીવન ગાળવું અશક્ય નથી. તેથી જે સ્ત્રી પુરુષના જ કાર્યો  
કરવા ઇચ્છે તેને તેમ કરવા દેવામાં પ્રતિબંધ મૂકી શકાય નહીં.

હતાં આવી સ્ત્રી અપવાદ રૂપ ગણાય હવે તક સ્ત્રીઓ તો માતૃપદ સ્વીકારવાની ઇચ્છા  
વાળીજ હોય. તેથી સ્ત્રીને માતૃપદ લેવાનું છે એમ ગૃહીત કરીને સ્ત્રી કેળવણી યોજાવી જોઈએ.

પોતાનું સર્વ બળ ખર્ચી પુરુષના અતિક્રમણને વશ ન થવાનું સ્ત્રીને શીખવવાની જરૂર  
છે. એ તેમજ કર્તવ્ય પણ છે. સ્ત્રીઓમાં આવેલી જાગૃતિ પુરુષના અવા અતિક્રમણ સામે  
બળવો જમાડે એ ઇષ્ટ છે.

પુનર્નિર્વાહ કરનાર સ્ત્રી પુનર્નિર્વાહ ન કરનાર સ્ત્રી કરતાં વધારે કુદીનતા દેખાડે છે એ  
ખ્યાલ કાઢી નાખવો જોઈએ.

બાળ ઉછેર, પ્રાથમિક શિક્ષણ, રીઝીંગની કુશળતા અને ગોપાલન એ સ્ત્રીઓ માટે ખાસ  
પ્રવૃત્તિઓ અથવા જાણી શકાય આવી જીવન. જાણના શિક્ષણનો અરંભ બાળપણથીજ  
થવો જોઈએ.

## ઘેટાના વેશમાં શિયાળ

ધૃષ્ટા જાણતથી ગવાઈ રહેલા “સેપ્ટેટ રેપ્રેસન્ટેશન ઓફ વોટરસ” કલકોના મતાધીકાર માટેના બીલને કાયદો કરવા માટે યુનાઇટેડ પક્ષે પોતાની ‘અંતે’ પહાડી આપી છે. આ બીના યુનીયનની ધારાસભા માટે ઘણીજ આશ્ચર્યજનક અને એકાદમક બીના ગણાશે. છેલ્લા બે વર્ષથી યુનાઇટેડ પક્ષે એવો ભ્રમ પેદા કરી ‘હતો’ કે બધાને એવી આશા હતી કે તે પક્ષ આ બીલ કહાપી પાસ નહીં થવા દે અને ધારાસભામાં અને બહાર આ પક્ષે જે ભેર શેરથી પોતાનો પ્રચાર આ પ્રારામાં કર્યો હતો તેને લઈ આ પક્ષને હુનીયા ના ઘણા હે.કોએ કે જેઓ દક્ષિણ આફ્રીકાના સંવલમાં રસ ધરાવે છે તેઓએ અભિનંદનો આપ્યા હતાં.

આજે એ આશા જમણાજ હતી એ નકકી થયું અને સર્વે ને જીવ નીશાસા થઈ છે.

આ પક્ષ કલકોના કિત માટે લડી રહ્યાં જણાવે છે. આ બીલ હજી કાયદા પોથીએ થકે તે પહેલા એક ખાસ કમીટી સમક્ષ છે અને તેથી હજી આશા આપ્યા કરે છે. પણ આ કમીટીમાં બધાજ નેશનલીસ્ટ પક્ષના સભ્યો છે. અને જોજ પક્ષ આ કાયદો લખ્યું છે. પછી આશા કયાં રહી? જણાવાય છે કે આ કમીટી સમક્ષ કલકો પોતાનો વિરોધ જાહેર કરી શકશે. પણ આ કમીટીમાં બેસનારા સભ્યો તે કાનપર લેશે કે કેમ એ છે.જી કહે છે!

ડો. મહાને યુનાઇટેડ પક્ષપર આ એક મહાન છત જેળની દક્ષિણ આફ્રીકાનું જાવી. પ્રકાશ માં આવ્યું છે. ૧૯૪૮માં નેશ-નેલીસ્ટોએ કલકોને આપેલી ધમકી ૧૯૫૩માં ખરી કરી બતાવી

અને એ સાચી ઠેરવવા યુનાઇટેડ પક્ષે મદદ કરી.

કેપમાં કલકોને અપાયેલા મતાધીકારથી ગોરાઓને કંઈ પણ નુકશાન થયાનું અમારી જાણમાં નથી. અને એ અધીકાર ગોરાઓ માટે જાયજનક થયું હોય એમ અમે નથી જાણ્યું ફક્ત કલકો પોતે મત આપી શકે છે એ વાતનો તેઓને સંતોષ હતો. આથી વધારે બીજી કોઈ ઇચ્છા તેઓએ રાખી નહોતી. છતાં સરકારે આ પગલું લઈ અસંતોષની આંધી ફેલાવી છે.

દક્ષિણ આફ્રીકામાં આજનું વાતાવરણ અને રાજસાસઠાનું વળણ જોઈને વિચાર થાય છે કે આ દેશને ભાવી કયાં લઈ જઈ અથડાવશે! દક્ષિણ આફ્રીકા આર્થિક સુભવણ અનુભવી રહ્યું છે. જેમાં આશ્ચર્ય થવા પહું કંઈજ નથી. કોઈ પણ રાષ્ટ્ર પોતાનું નાણું એવા રાષ્ટ્રને માટે ન રોકે કે જે રાષ્ટ્ર યા દેશ જવાલાસુખીના મુખપર હોય.

આ દેશમાં આંતરીક કલકો અને બેર એર ફેલાઈ રહ્યા છે. રાજસાસઠોના સુખ્ય ધર્મ પ્રજાને સંતોષથી રાખવાનો છે. પણ સંપ અને શાંતીને માગે જવા કરતા આ સરકાર તે કાયદો વધુ શુચ્યવી વધુ ગંબીર અને અસંત કરે છે.

યુનાઇટેડ પક્ષ આ જાયથી વાકેફ હતો અને તેથીજ હુનીયાની આશા બરી આખ આ પક્ષ પર મંડાઈ હતી કે આ પક્ષ નાશના ખાકામાં પડતા પોતાના દેશને બચાવશે પણ આજે ખબર થઈ કે એ પક્ષ “ઘેટાના વેશમાં શિયાળ હતું.”

# નોંધ અને સમાચાર

શ્રી. મજીલાસ માંધી

શ્રી. મણીસાધ આધીના જ્ઞેમથી યુ ખબર છે તે જાણવા અમારા મોત્રો અને વાયકો રવાનાતીક ઉત્સુક જણાવ છે. તેમના ખબર વધુ પ્રુજાવે છે. પણ મારે દિલગીર સારે જણવવું પડે છે કે અને શીધા ખબર કાઢજ મળ્યા નથી.

ડેટલાક મોત્રોએ જણાવ્યું હતું કે, તેઓએ રેડીઓમાં સાંભળ્યું છે કે તેમને સામાન્ય ફેડીની જેમ જ રાંધે છે. અને એવોજ જતોજ અતાવવામાં આવે છે. બીજા ડેટલાક મોત્રોએ સુધાકાત મટે પ્રવળ કરી જોવાનું પણ મેં સાંભળ્યું હતું પણ તે સફળ ન થયો.

અમે પોતે જ્ઞેસર પર એ પત્રો લખ્યા હતા પણ એકે પત્રનો જવાબ આજ સુધી તેમની તરફથી નથી આવ્યો. કદાચ જવાબ આપવો તેમને થોડા નહી સમ્યો હોય. આથી વધુ મોત્રોને કાંઈજ જણાવી શકે તેવી સ્થિતિમાં હાલ હું નથી.

હાલ તો ફક્ત એટલીજ ખાતરી આપું છું કે અને ખબર મળશે કે તરત હું મોત્રો તથા અમારા વાયકોને આ પવહાર જણાવીશ. પણ અને જાય છે કે કદાચ તે ખબરો હું નહી જણાવી શકે પણ વાયકોને શ્રી. માધી પોતેજ જણાવશે.

આથી સામાન્ય ફેડીની જેમ કે ખાસ ફેડીની જેમ રાખ્યા હોય! કે “પછી ફો વર્ષની ઉંમરે તેઓથી આ ફરત કેમ સદન થશે” એ સવાલ અને પ્રુજાય પણ એ અધા સવાલનો જવાબ મારી પાસે તો પ્રચંના થીવાય અને તેમને સોપેલા કામને સંભાળ્યા થીવાય બીજો નથી. વાયકો અને મોત્રો પણ એ માર્ગેજ સાંત રહે એમ છજી છું. આ તો હજી પાસેશ માં ખેલો પ્રુજી છે. મહારાજે કેમ થશે? સરકારે પોતાનું કામ કરે જાય છે. નેતાઓ એ કાયદાઓને ન નગવાની હાકલો અને નીવેલો બહાર પાડે છે. જરૂર એક વાર એમાંથી આપણી સત્તની સત્તની એવોત પ્રગટ થી. પણ તે ખેલ અને પછી મણા એ ઘણું સદન કરજી પડશે. એને મટે આપણે તજવાર થયું રહ્યું.

આ થીવાય મોત્રોને તથા વાયકોને અને સુખચીતકોને મારે રા કહેવાનું હોય.

મુશીલા પ્રાંધા.

આફ્રીકાનો નારા થઈ રહ્યો છે

વેસુઆનાલેન્ડની બેમોજવણો જાતી ના મોરે લંકનની એક ડોન્કર-સર્મા બોલતા જણાવ્યું હતું કે: “ડેટલાક

ગોરાઓ અને બીન-ગોરાઓને લઈ આફ્રીકાનો સર્વનાથ થઈ રહ્યો છે આપણે એવી આશા રાખતા હજી કે બહોની સરકાર આફ્રીકા માટે કાંઈક કરશે તો તે સાવ બચ્ છે. ડોન્કર-સર્મા અને સમાજોમાં જે બાપણો પોકારો અને ધીપણાઓ કરવામાં આવે છે એ બધી પે.હળ હોય છે આજે આફ્રીકામાં જુની ગોરાઓ અને બીન-ગોરાઓ એક બીજાના જળા કાપી રવા છે. ગોરાઓમાં પણ અલિ આજે જેવા થીયો છે, ને કે તેમણે નામ જુદું છે. આજના વાતાવરણમાં આફ્રીકાનો એક એવી સંસ્થાની જરૂર છે કે જેમાં ગોરા અને બીન-ગોરાઓ મળીને બધી ડેમોના કીતનો વિચાર કરે અને તે યુજળ પગલા બરે અને એક પ્રમ પ્રુજામાં આવેલા હતા કે આફ્રીકાને પોતાનો મત ફરીવવાની છુટ દોવી જોઈએ કે નહીં. પણ હું કહું છું કે આપણે ને આજે મત ફરીવવો

આ છાપાના લંની

હોય તો હજારો માધમ દુર ઇન્કડામાં ફરીવી સકાય. તે પણ ને સરકારી રોબરથીય ન લીધી હોય તોજ. બીરીસ લોકો રંગબેલો જાપી હોય કે. મહાનપર હોય છે. પણ આફ્રીકાના બીજા ભાગોમાં બીરીસ રાજ્ય પણ છે. અને ત્યાં કે. મહાન કે આફ્રીકાનરો નથી. અને બીરીસો ને પ્રુજી તાજ છે બતાવી દેવાની કે તેઓ રંગબેલમાં માનતા નથી. રાજ કરતી પ્રજા અને છે કે આફ્રીકોને મટે સુ સારું તે નકકી કરવાનું કામ તેઓનું છે અને આફ્રીકોને ને પોતાની તુલુડી વમાકે તો મશીનમને ક્યાં નથી. પણ માદ રાખ્યું નેજાએ કે હમેશા ક્યાજીયી ખારેલું કરાવી સકાઈ નથી આજે બિદનમાં મણા આફ્રીકોને છે કે જેઓથી આફ્રીકા જઈ સકાઈ નથી. અમન ગોરાઓ તરફ અજીમો નથી પણ જે રાજવાસન અથ રા દેશમાં છે તે તરફ જરૂર દેશ છે. એમ કહેવાય છે કે અધિગ. પછી સદનથીલત.ગા બીજો નંબર આફ્રીકોને ને આવે પણ તે કહેસ થકે સાવ નહી રહે.”

# સાઉથ આફ્રીકન કોંગ્રેસનું સ્ટેટમેન્ટ.

પાલેમેન્ટની સભાને તે "ઇન્ડિયન-ટસ્ટ રેગ્યુલેશન આમેન્ડમેન્ટ બીલ" ઉપરની ઉપર એક નિવેદન બહાર પાડતા સા. આ. ઇન્ડિયન કોંગ્રેસને જણાવ્યું છે કે; આ બીલ જ્યારે પસાર થઈ જશે ત્યારે, નેશનાલિસ્ટ સરકારના અસાધ્ય કાનૂનઓની દારમાં એક બીજાને વધારો થશે. સરકારની દીકરી એને પાછા દોડુરયાન મોકલવાની ને નીતી છે એની ઉપર ડો. મહાને પાલેમેન્ટમાં એક પ્રજાજન મંત્રી નીવેદન કર્યું હતું. એમાં એઓએ જણાવ્યું હતું કે "આ નીતીને સરળ કરવા માટે દીકર સરકારના સદસ્ય રની જરૂર પડશે. પણ એ મદદ મળી શકવાની આશા નથી." વધુમાં ડો. મહાને જણાવે છે કે "દીકર સરકારે આદીના સત્યાગ્રહીઓને મદદ કરવા એ લાખ રૂપિયા મોકલ્યા છે." આનો જવાબ આપતાં કોંગ્રેસે જણાવ્યું હતું કે, "વડા પ્રધાન આજે પાંચ વરના

અગ્રણી પાંચમેન્ટમાં જાહેર કરે છે એ ધણી ઘાસન કારક બીના છે. દીકર સરકારે સત્યાગ્રહની શરતને જાન્ય સુધી પેસાની માફ કરી હોય એ અમારી જાણમાં નથી. વડા પ્રધાનને હવાઈ માટે કરવાની ટેવ પડી ગઈ હોય એમ લાગે છે. "નવા બીલ ઉપર કોંગ્રેસ જણાવે છે કે" અદીની સરકાર દીકરીઓને દક્ષિણ આફ્રીકામાં પોતાનું જીવન પીતાવડું અપૂર્ કરી રહી છે, તે હજી છે કે પરીજાએ કંઈકાં દીકરીઓ આજ્યા જાવ. પણ દીકરીઓ આ જરાવ રીકારવાના નથી. અને પોતાનો સખત નિરોધ કરશે. દક્ષિણ આફ્રીકામાં રંગભેદ ને પસરી રહ્યો છે એનો સામનો કરવા દીકરીઓ દક્ષિણ આફ્રીકાની બીજી બધી કોમો સાથે ભેગી થઈ સામનો કરવા તથાવાર છે. દક્ષિણ આફ્રીકાની સરકાર માટે કાઠાપણ કર્યું એજ જણાવે કે હજી પણ તેઓ પોતાનો મામું જાહેર."

## વિવિધ ખબરો

"ઇન્ડિયન-ટસ્ટ રેગ્યુલેશન આમેન્ડમેન્ટ" બીલનું બીજું વાંચન

યુનાઇટેડ પ્રજાનો સાથ  
ગા. ગુરુતર તા. ૨૪મી સપ્ટેમ્બરે ડો. ડેંગીમે કાલેસ જ્યારે એરો. કેનસીમાં ઇન્ડિયન-ટસ્ટ રેગ્યુલેશન આમેન્ડમેન્ટ બીલ બીજા વાંચન માટે રજુ કર્યું હતું તેમણે જણાવ્યું કે ૧૯૪૪ ના ઇન્ડિયન રીસીઝ એક્ટથી દીકરી થઈ પ્રમાણે અગ્ર કરી કોમોને, એ તેના પતિની સુનીયનમાં બીજી કાંઈ પત્ની જીવતી નહીં હોય તેમજ જીવતી પત્નીના કાંઈ સંતાનો સુનીયન માં નહીં હોય, તેને પ્રાકીયીરેક ઇન્ડિયન-ટસ્ટ રજુઆમાં આપતી નેહતી. આ હાલ રૂકન દીકરીઓને આપવામાં આવેલો હતો, આ કોમોને અને આગેકો ને ૧૯૪૭ ને ૩૦ ડીસેમ્બર અને ૧૯૪૭ ને ૩૦ એપ્રિલ એક્ટ લાગુ પડ્યા નથી.  
૧૯૪૪ માં દીકરીઓને આ હાલ આપવામાં આવ્યો ત્યારે તે વારસાકી હોય કારણ કે તે વખતે ૧૩ હજી પ્રજા હતા અને રૂકન ૩૭ હજી બી આ હતા. હવે આ તારાવ રહ્યો નથી. એમાં ૭ વર્ષ કરમીયાન ૬,૮૨૬ એકો અને જાગેકો સુનીયનમાં લખન થયા છે જ્યારે તે વરસમાં જનસંખ્યા ૧,૦૦૦ થી વધારા દીકરીઓ રીસીઝિયન મોનસ રજામના આપારે આપ્યા થયા છે.  
માનીટર એજ ઇન્ડિયન-ટસ્ટ આજ એ એક હેરામમાં જણાવ્યું હતું કે અગ્ર દીકરી આગેકો ને રૂકનવાદમાં વાળીએ ના સાચા અંતર નહોતો તેને સુનીયન

માં લખન કરવામાં આવ્યા છે. વળી અગ્રક પ્રજાની સુનીયનમાં સી અને સંતાનો જીવતા હોવા છતાં બીજી સી એને લખન કરવામાં આવી છે. આ બાબતોમાં દીકરી આફ્રીકાનીયોની પ્રજી તપાસ પરીજન તેમને લખન કરવામાં આવતા હતાં. છતાં અનુભવ પ્રમાણે દીકરી સરકારની માલીતીપર વિજાસ પ્રજી લગતો નથી. જનતરી જન્ય સરકારીસીટા મિમેરેના ધણી જનાવો બની મથા છે.  
૧૯૪૭ માં દીકરે પસાર કરેલા રેસી-ગ્રાઉટી એક્ટથી દક્ષિણ આફ્રીકા સામે અંગ્રક પ્રજાએ છે. હાલના તરીકે દક્ષિણ આફ્રીકામાં કોમોસાઇલ ધવેલા દીકરી માણસ પ્રાકીયીરેક ઇન્ડિયન-ટસ્ટ રજુઆ અને ઇન્ડિયન-ટસ્ટ વગર તેન જોડીક ઇન્ડિયનમાં લખન થયા હોવામાં આવે નહીં તેમજ દીકરી સરકાર પાસેથી પરમીટ મેળવ્યા વગર ને રજાવર મીકસત રાખી રહે નહીં.  
યુનાઇટેડ પ્રજાના મી. મોરન્સે કહ્યું કે તેમને પદા આ બીજાને મત આપશે.  
દીકરી સરકારે આ બીલ સામે વિરોધ દર્શાવ્યો છે. દીકરે જણાવ્યું હતું કે આ બીલ ૧૯૪૮ અને ૧૯૪૭ ના સરાર (એમેન્ડમેન્ટ) નો અંશ છે છે દીકરી પરદેશ માતાના કાલના હેવાલ પહેલા, ૧૯૪૭ની "સ્ટેટમેન્ટ એજ પેસાલી" કરાર (એમેન્ડમેન્ટ) મજાવ એ સમજ સમજ નથી કારણ કે દક્ષિણ આફ્રીકાએ કે દીકરે તેને લીધે એજ

નેહ-સમાં રજુકર કર્યું નેહતું.  
મી. મોરન્સેના જવાબમાં ડો. મહાને કહ્યું કે એ વર્ષ પહેલા દીકર સાથે સમજાવી પર આવવા દક્ષિણ આફ્રીકા એ પ્રજાસ કર્યો હતો. દીકરના અંત રાષ્ટ્રી દીકર અને પાકીસ્તાન સાથેની આ વાટાઘાટનું કાંઈ પરીજામ આજ્ય નહીં. ત્યાર પછી સુનીયનની સરકારે, જાગળના પાંચા હેજળ વાટાઘાટ આજ્ય કરવા તથાપરી ખતાવી પરંતુ દીકર તેમ કરવા રાજી નથી એમ કહેવું બોલ્યું છે. દીકરના સાથ વગર રીપે દીકરીઓની વાત થઈ રહે નહીં. મી. એ. એમ. હોમરેપર પણ આ બાબત માં કાંઈ મેળવી શક્યા નહોતા. ૧૯૪૮ માં જ્યારે સરકાર સત્તા પર આવી ત્યારે આ બાબતનો નીકાલ લાવવા તેમણે નિમ્મ કર્યો. આ સવાલનો નીકાલ 'દીકરી મદદથી, ફરજિયાત અથવા મરજિયાત રીપેરીએશન' છે. આ કારણથી ૧૯૪૮ની હંડનમાંની વડા પ્રધાનોની ડે-ફરન્સ વખતે તેમણે આ સવાર મી. નેહર સમક્ષ પાછો રજુ કર્યો હતો. પરંતુ દીકર તે દક્ષિણ આફ્રીકાના દીકરીઓ માટે સમાન હકની માંગણી કરે છે, અને મી. નેહર રીપેરીએશન વીસે બીલકેસ સાબળાઈ મંજૂર નથી. આ બાબત માં નજર રપ હાલના નેતા મી. નેહર છે.  
મીસીસ બેલ્ડોન્ડે જણાવ્યું કે દીકર અને દક્ષિણ આફ્રીકા વચ્ચેના સમજ દક્ષિણ આફ્રીકામાંના દીકરીઓ તરફ દક્ષિણ આફ્રીકાની વર્તણૂક પર આધાર રાખે છે.  
નેદીવ વીલામમાં સજાઓ  
પર પ્રતીજ્ઞ  
કાલના મવરમેન્ટ મેટેટમાં જણાવ્યું છે કે ને કાંઈ પણ માણસ નેદીવ વીલામમાં, નેદીવ કાષ્ટકરને અથવા ત્યાંના મેજસ્ટ્રેટની પરાવાનગી વગર સજા કરે અથવા તેમાં બાળક કરે અથવા તેમાં પદવી (પ્રોસાઇ થાય) એ તે તે યુનેઆર કરશે. આ સજામાં ૧૦થી વધુ નેદીવો કાજર હોય તેને માથુ પડે છે, વળી ને તે સજા પોતાના મરમાં અથવા પોતાની માલીતી ની જાળીન પર પણ કારાવ તો તે યુનેઆર કરશે. આ યુનાયો માટે વધુમાં વધુ ૩૦૦ પાઉન્ડ હંડ અથવા ૩ વર્ષની કેદની સજા રેવવામાં આવી છે. આ બાબત માર્કીક પ્રાઈના તેમજ અમેરિકામેકેલ લાગુ પડતી નથી.

કરજનના મેવર મી. મી. એસનેને કહ્યું કે મીડી કાવલીયને ઇરાદો ફેર મેવર નિજામને જ્યાં મીડી વખત પહેલા કુકાડ થયું હતું તેને પ્રજા નેદીવ નિજામ ખતમવાનો છે. આ

વિભાગમાં દીકરીઓને વેપાર કરતા અટકાવવા માટે કાવલીની જરૂર પડશે. આ વીલામમાં વાહન વ્યવહાર, યુની સીપલ કાણ નીચે, નેદીવોએ અથાવો નીચે.  
નાદાદ દીકરી એરમનામકેસને મી. પરસી એસનેનેને જણાવ્યું કે ફેર મેવર વીસતારમાંથી દીકરી વેપારીઓ નાણુક કરવાનો ઇરાદો "એફીકન બોરે માના જાહેર લોકીયુસનારા (સેલિયમ પેરેસાઈટ) ના જંગમાં અપાઈ જશે," આ લોકીયુસ બુલ્લનું મૂળ કારણ હતા. ૧૯૪૬ માં ફેરમેનરની દીકરીઓને મહું તુકસાન મેગવડું પડ્યું હતું. ત્યાર પછીના ૪૬ વર્ષ કરમીયાન તેમણે સખત મહેનતથી પોતાનો વેપાર સુધાર્યો હતો અને છેવટે ૧૬ ઇલાકમાં તેમની મહેનત અરખા કરવામાં આવી.

# જીવનનું મુખ્ય અંગ

શ્રી. કેદારનાથજી

જ્યા કહે છે કે બચ્ચાઈમાં સત્ય નહિ આવી શકે. હું કહું છું કે જો બચ્ચાઈમાં સત્ય નહિ આવે તો આશરો ક્યાં? જન્મ મુક્તિમાં નહિ આવે તો આશરો ક્યાં? મારે સત્ય, પ્રમાણિકતા, શિષ્ટતા સર્વ બ્યવહાર માટે છે. આપણે બ્યવહાર અને સત્યને અલગ કરીએ છીએ. પ્રામાણિકતાના એ સિદ્ધાંત છે તે સર્વેને મારે છે બ્યવહાર મા-મંદિરમાં જઈને નથી કરતા-ચોપડા મંદિરમાં નથી લખતા. મારે જોની સાથે બ્યવહાર કરીએ તે સર્વ સાથે શુદ્ધ જ બ્યવહાર રાખવો તે જ માનવી જીવનનું મુખ્ય અંગ છે. એક જગ્યાએ સો કુટુંબ રહે છે તેમનામાં આપણમાં અપ્રમાણ, પ્રામાણિકતા છે તેને શીધે તે સર્વના બ્યવહાર સુખથી જરૂર રીતે અને બ્યવસ્થિત આવે છે. બીજી જગ્યાએ સો કુટુંબ રહે છે પણ તેમનામાં આપણમાં જો સ્વાર્થ, ઉત્તરપાંડી, અવિશ્વાસ વગેરે છે. તેથી તેમનું જીવન કલેશ અમડાથી ભરિત થાય છે. તે આ બંનેમાંથી સુખી કોણ? એ અપ્રમાણ-પ્રામાણિકતા થી રહે છે તે કે જે એકબીજાને હાથે, છોડે અને જીવન અસહ્ય બનાવે તે? છુટાઈ-લેવા છે તે છૂટ મહારી જે કંઈ મને તે આપણમાં વહેંચી લે છે, તે પોતાના માણસો સાથે કામ, બાજી, અપ્રમાણિક બ્યવહાર કરતા નથી. જ્યારે આપણે તેમના કરતા કિંમત સમજતા હોવા છતાં આપણે જ આપણા બાકીએ સાથે અશુદ્ધ બ્યવહાર કેમ કરી છીએ?

**સમાજની જરૂર**  
જનુમ માને છે કે પોતે એકલો આત્મા છે અને એકલો જીવો છે. પણ તે જરા વિચાર કરે. તેનો જન્મ માનવ સમાજમાં થયો છે. તેના એકલાથી થયો નથી. તેનું જીવન તેના એકલાથી આસતું નથી તેમાં સર્વને, પ્રાણી, પક્ષી, વનસ્પતિ, દવા, પાણી, વિષની વાતસ્પર્શકિત વગેરેનો હોય છે. સમાજીને પણ જીવ સાથે જ્યારે આમમાં આવતું પડે છે. પોતાની જરૂરિયાત માટે સમાજ જોઈએ છે. સમાજ તે જ એમાં નિયમનુ-બ્યવસ્થા હોય. જ્યા તે બ્યવસ્થા નથી નિયંત્રણ નથી તે સમાજ નથી એ વ્યક્તિ-કુટુંબ સાથે રહે એટલે નિયમન આવે જ. રજામાં મેદર રાખી બાજીમાં કાઠા તેમ મેદર મારે કાઠા છે તેમજ તેનું નિયમન કાણુ પામ્યું છે. જો તે નિયમન ન હોય તો અસરમાં જીવનારે યોગ્ય માનવ સમાજમાં બ્યવ-સ્થિતતા સિદ્ધિ વગેરે જોઈએ.

**દયાધર્મ**  
જોનામાં સંયમ નથી તેનામાં ધાર્મિક તા નથી. ધાર્મિકતાને પ્રારંભ બીજા ના વિચારથી થાય છે. અને જીવ સાથે જ્યારે જોજન કહે તેમાં ધર્મ નથી. પણ બીજાને જીવ સાથે જ્યારે આપણું તે ધર્મ છે. આપણે બીજાર પડીએ અને દવા લઈએ તોમાં ધર્મ નથી પણ બીજા બીજાર પડે તે વખતે તેને દવા આપીએ. સેવા કરીએ તે ધર્મ છે. દવા તે ધર્મ છે. બીજાને મારે કરે તે દવા, બીજાના પ્રતિ ક્રોધજન બાવ તેના કુખમાં મદદ કરે મિત્ર નિર્મળ કરવામાં મદદ કરે તે દવા. બીજાને મારે સહાનુભૂતિ ઉત્પન્ન ન થાય તે ધર્મ નથી. અને તકલીફ થાય આપણું જ્યારે તે વખતે સત્ય નારાયણ કહે તેમાં ધર્મ કયો? મારે કામ થય જાય તે ધર્મ નથી, ધામના છે.

**સત્યની બાકી પુત્ર**  
જ્યારે સોડા સત્યવારાપણ કરે છે પણ બીજાર બાજી મારે બીજાની અગત્ય કુર કરવા મારે કોઈ સસ-નારાપણ કરતું નથી. દરેક પોતાની વ્યવસ્થિત કહેવાને જ ધર્મ સમજે છે. અને જન મને. તે ધર્મ નથી. તે સામનીક જિતિ છે. આપણી 'રવ' વિશેની કલ્પના કેટલી સંકુચિત છે? સરીર વિના આત્મા રહેતો નથી. તો તે આત્મતરને બ્યાપક નહિ જનાંનીએ ત્યાંસુધી આપણે જીવ દશમાં છીએ. ત્યાં સુધી આપણામાં અનવસ્થા નથી આવી. આપણે પ્રભુ પાસે જઈએ છીએ. જ્યાં પોતાને મારે માનવું તે ધર્મ નથી પણ બીજાના હિતને મારે કુખ નિવારણ માટે અગત્ય મારે માનવું તેમાં ધર્મભૂતિ છે. પોતાની માફક બીજાને સમજે તેનામાં ધર્મને પ્રાકુર્ણવ છે. 'દવા મરમકા મુક દે' પુનઃ-જનવન-જનન મોર્તન-મૃતન કાષ્ટ પણ હોય પણ તે સર્વ ધર્મભૂતિ જન્યત કરવા મારે છે. આપણી અંદર રહેલા સુસરકાર બીજ રૂપ પડેલા સારા સરકારને જન્યત કરે છે. સંતોની પાસે અંકિણપ્રજ્ઞ ક્યા છે? તે પોતાની માફક બીજાને સમજે છે તે. આપણે મહામાના દર્શન મારે જઈએ છીએ, મહામા ના દર્શન કરવાથી આપણે અજા કહેવાઈશું નહિ. સંતના કલ્પજીવેલા સાટે જઈએ તે અજા છે. પણ આ-પણે પ્રુપ્ત મારે જઈએ છીએ. કાષ્ટ પ્રુજે છે કે ધર્મ પ્રમાણિતો સહેલામાં સહેલો માર્ગ કયો? પોતાને મોટી મહેનત કરવી પડે અને વધુ મહેનત જ્યા છોડે છે. પરંતુ કાષ્ટ સાધુ

જીમ કહે કે મારા અગત્ય ધોષને પીવા થી બચાર મળશે તો તે વાત માનનાર અને કહેનાર-કોઈનું કલ્યાણ નથી. આમ તો આપણી પ્રાંતિમાં જે પ્રાંતિમાં સમય પસાર થઈ જાય છે.

**કલિનતા ક્યાં નથી?**  
અને કલિનતાને કાણુમાં રાખવાથી પ્રાંતિ થાય છે તો બીજાને પોતાનું જન કાણુમાં નહિ રાખવાથી પ્રાંતિ કેવી રીતે થાય? અને પવિત્ર કરણુ હોય-પોતાને શુદ્ધ થયું હોય. સદૃશ્યથી થયું હોય તો પાણી પીવાથી નહીં થાય. સંયોનું અદ્ય તેના શુદ્ધને લીધે છે. સોનાની સાથે લોહું મુકવા થી તે સોનું થઈ જશે નહિ. તેથી જ રીતે મહાપુરુષની મારફત વતન નહિ કરીએ તો આપણું કલ્યાણ નહિ થાય.

# કન્યા કેળવણી

લેખિકા : વિન્યાબેન દાદાભાઈ પટેલ

વિકાસ : શ્રી પ્રીતીરસા દોડી સેવા સમાજ ગુજરાતી શાળા

કેળવણીના વિશાળ પાયા પર સ્વાયેશ્વર તેમજ કેળવણી આપણે માણસ કેળવણીના બીજ તથા રક્ષક માટે અનેક વિચાર સ્વપ્ન ધરી રહ્યું છે. સાચી કેળવણીની આવશ્યકતા અને જરૂરતામાં સુધે નોંટાયેલ છે. કેળવણી વગર કોઈપણ મહાન ડેચનું સામાજિક કામો કાજ સુધી ટપી શકતું નથી. સ્વતંત્ર સુરાભિમા કેળવણી વગર કશુંક બન્યું છે. ડેચની સમૃદ્ધિ તેમજ ઉન્નતિના આધાર તેના અસ્થિતિય કેળવણીના વિશાળ પર રહેલો છે. કેળવણીના તેમજ કેળવણીના સાચા અર્થને પામેલા ડેચમાં સુખ, સમૃદ્ધિ તેમજ આબાદી પ્રવર્તતી હોય. અસ્થિતિય રીતે પણ રહેલા આપણે તેમજ જીવનને કેળવણી વડે સાચી રાહ તેમજ જીવનની સફળતા મળતી હોય.

આને કેળવણી માટે દોડી તેમજ અન્ય સમાજમાં ભેદભાવ કંઈ સહીએથી ઉપજ થયા છે ને ડેચ માટે પ્રમુખ કાનિષ્ઠક છે. દોડી સમાજમાં તે તરફ વિશેષ પમાણમાં ભેદભાવ આવે છે. આ અને પ્રમુખ સમાજના એક સમાજ અંગ દેશના છતાં તેના વીકાસ માટે ને ભાગ પડી ગયા છે પરંપરાની નજરે ભેદના સમાજના ને અંગે સમાજ ને તેમજ ડેચને વિકાસ કૃપી નામે છે. નવાઈની વાત ને એ છે કે સંસ્કાર તેમજ કેળવણી પામેલી અસ્થિતિ આને પોતાને સ્વાર્થ સાધવા માટે પોતાની સમાજ અસ્થિતિને કમણે મળી ડેચની સમૃદ્ધિને અટકાવી દે છે. તેમજ પોતાની અસ્થિતિને પોતાને અસરકારી રહેવાને છે. આ વાતનું વલણ દોડી થા સહીએ થયાં માણસ અન્યુ છે અને કંઈ પણ કમણે તેમજ નીચા વર્ગમાં તે છે ને. ભારત આખર સુધી. ગુલામીરૂપી કોઈમાં બદલાઈ હતું તેનું આ પણ એક કારણ છે.

ઓપ્રાપ એક કથાન અંગ છે એ તે પ્રાચીન ધર્મકાવ્યોમાં પણ સિદ્ધ થયું છે. છતાં આને ઓળખના અપ. ૧૧૧-૧૧૨ દર આવી છે, એ ૧૧૧ ના અંગે તે સમગ્ર માણસના અંગમાં ને વિચાર જરૂર થાય છે કે ઓળખના ૧૧૧ થયું છે તે સાથે ધર્મનું, સ્વપ્નનું આપણું તેમજ ડેચનું પણ પતન થયું છે. પ્રાચીન ઇતિહાસ બીજાના માટે તેને સમય, કલિન, કલ્પી, જાન વગેરે કૃપાનું અસ્થિતિય પુત્રી પાડવી અને ઓળખના ૧૧૧ બીજાનાને જાણે તેને પ્રમુખ ને બીજી નાખતી એ દોડીધર્મ માટે એક મોટી કારણની વાત છે.

ઓળખના નીચી પાડવા માટે સમાજે આને ને ને પદમાં બંધી છે તે હું તેના અસ્થિતિ સુચક ચિહ્નરૂપ છે. કદી નહિ. આ અને પ્રાચીન વચ્ચેના ભેદથી આને ડેચનું અન્યુ અંગ કપાઈ રહ્યું છે. એ અંગે અંગે સમાજના આપણમાં આવે તો આને ડેચ અમલમાં લેવાની અસ્થિતિ કરતું હોય છે.

ઓળખમાં પ્રમુખ કરતાં એક અનેક પ્રકારની ઇતિહાસ હોય છે, જેના વડે આ પ્રમુખ કરતાં વિશેષ અવશ્યકતા, રહેલી, દવાણ, સકલનીય તેમજ પરાંપ કારી હોય છે. અન્યની ને આ ઇતિહાસ તેના માનસ સાથે જોડાયેલી હોય છે. એટલે તેને વિસ્તૃત બતાવવા ને સંપૂર્ણ કાળજી લેવામાં આવે તો માનવસંસ્કૃતિમાં તેનું જીવન વિશેષ સુખી, સ્વતંત્ર, સ્વાધીન તેમજ સેવાભાવી બને. સ્ત્રી ઇતિહાસ એક રૂપી સમાજ પ્રમુખ તેને સંપૂર્ણ માન આપવું એ આપણને મહાન સિદ્ધાંત છે. ને કાપે પ્રમુખ માટે અસાધ્ય તેમજ અશક્ય હોય તેમ કાપે આ તેની કેળવણીના સાચા રાહ તેમજ ત્યાં વડે સાચા તેમજ સાચા બનાવી શકે છે. આ એક ભાત નું સ્વતંત્ર અમલોક્તિપણું કેળવણી વડે કેળવણ છે.

સમાજમાં આટલો વધો વધો અંગે ભેદભાવ વચ્ચેના ભેદભાવ રૂપી કાલ નિર્દાળનાં એક થા ઉપજ થાય છે. કે ને ઓળખના કલ્પી અન્યનાર પણ એક આ ઇતિહાસ છે. તે તેના ઉદાર થી રીતે યક યક તેના ઉદારને એક ને માં છે અને તે સાચી કેળવણી સાથે જાન વડે કાંઈ પણ પ્રમુખમાંથી કાપે. આપણા ઉદારી જાય છે.

ઓળખને આને સાચી કેળવણી આપવા માટે સંપૂર્ણ અવશ્યક હોય તો ભારતની 'કરુણ મરીખી' માટે કાંઈ પણ પ્રમુખ વિચારવાને રહેલ નહિ. ઓળખ કેળવણીમાંથી સ્વાધીનતા સાચું માન પ્રમુખ છે અને પોતાના પગ પર તે જોડી રહેલી માથ એટલે પ્રમુખ પણ આને કાળ મરીખીના રામમાંથી જરૂર ઉમરી બનાવી. કેળવણી પામેલી ઓળખના પ્રમુખ સાથે સાથે જરૂર તેમજ કુનીવને તે પણ જાણે છે, તથા જીવન પણ સાચું તેમજ આદર્શ બનાવે છે. તેના પતિની સાથે તે સહકારીર બની બનેલા પદ ઉભરવળ બનાવે છે તથા ડેચને બાબ કાં નીવડે છે.

બહેનને કેળવણી આપવા માટે અમુક પ્રવૃત્તિ સુધી તેને સ્વતંત્રતા

આપવી જોઈએ. અમુક વર્ષ સુધી કેળવણી લીધા પછી એક બહેન સાચું જીવન જીવવા માટે સમર્થ તેમજ ઇતિહાસ માન બની શકે છે. તેનું કેળવણી ઉપર આધાર રાખવો નથી પડતો અને તેથી સમાજમાં કોઈની સાપના બારા કંઈ અશ્વાય છે, એ માનવતા તેમજ વફોમ પણ ટળી જાય. સામાજિક ભોગો ના સમાજ તેમજ જીવન ઉપર કોઈપણ કરતા અશ્વાય કે કોઈના સ્વતંત્ર અને સ્વાધીન દેવાથી તેમને માટે ડેચને કાંઈ પણ બદલો પ્રમુખ કલ્પ કરવાને રહેલો નથી. ભારતમાં આને વિધવા, પ્રવૃત્તિ, છુટાછેડા વગેરે પ્રમુખે ડેચનું અંગે તેમજ પ્રમુખમાં અંગે સ્વકેપ લીધું છે. જેને કંઈક કંઈ સુધી પણ નથી આવ્યો. આ છે આ કેળવણીના અમાનનું પરિણામ.

એક બાળ કેળવણી પામેલી એક આપે સમાજને નિહાળે અને બીજા બાળ અમલ તેમજ ડેચ અને જીવન ના કાપેની સમજણ સંકીર્ણ વિમુક્ત સમાજને નિહાળે. કેટલો તકાવત અશ્વાયે અમલ માતાને મહેલમાં સાબળવા પડે. અપમાન વચનના કુટુંબ ગમે જીતારી જવો પડે તેમજ માલો પણ સાંભળવી પડે. કેળવણી માતા માટે આવી પરિસ્થિતિ કદી નહિ આવે તેને બદલે કાં તો તે ડેચ સેવા કરતી હોય અથવા તો બીજા અન્ય પ્રવૃત્તિમાં પોતાની સેવાને કાળે આપતી હોય, આથી પરાધીન બનવા ને અવસર તેને માટે કદી નહિ આવે.

આને સરોજિની નામક વિન્યા બહેન પંડિત, કેટલો કલ્પી વગેરેનાં પ્રમુખ ભો. બીજા એવી અનેક આ

આ પોતાના જીવન પદ પર પોતાના કાપે આંગળે ધપાવી રહી છે. પ્રાચીન કાળની ધર્મ પરાધીન મહાન. ઓળખના જીવન ચરિત પર કદી કોઈ. એક આદર્શ અને જીવન તેમજ જીવન હતું! સેવાભાવી તેમજ પરાધીન બની પતિ પતિ-સાથે મળી પોતાના જીવન પ્રવાહ અમલ વધાવે જતા. અને રક્ષિત બહેન પણ કેટલું શુદ્ધ સરોજિની તેમજ નિર્મળ સેવાભાવી જીવન બનાવે કરતાં. એવળ પ્રકારના જીવનમાં આસા આને રાષ્ટ્ર બહેન પામેલી સેવી રહ્યું છે, ને આને કાં કોઈક કલ્પમાંથી રાષ્ટ્રીય બાવનાને સેવામાં સાધવા આપણે અન્યુ છે.

...માટે જીવનની કે માતાએ પિતાએ! વડીલો! બંધુઓ! અમલ કાળનું દરમિયાન અંતરપટમાં પ્રવલ્ય રાષ્ટ્ર સ્વાર્થ તજ કંઈ પોતાના ને દેશ સ્થિતિપણ બને અને તે માટે બહેનને કેળવણી જાન, સંસ્કાર અને કલ્પ ગુણો કેળવવા ઇતિહાસ તેમજ સકલ આપે! બહેનના કિતમાં તથા વિશાળ માંજ તમારો વિશાળ છે, સમૃદ્ધિ છે, આબાદી છે અને ડેચનું કિત છે. પ્રમુખ એ સમાજ માટે વિચાર કલિત અર્થે ઓળખ સાચી.

કર્તા: શ્રી. સુન્દરમ્

સંપાદક: રમણલાલ ત્રિવેદી (સિદ્ધસાગરી)

(આપણા સમાજની રચના એવી છે કે આપણને ઠેરઠેર આર્થિક અસ-  
માનતા જોવા મળે. અરીખેની વિદ્યભણે પાર નથી. એક બાળુ પૈસાની  
મુશ્કેલી ને બીજા બાળુ સમાજની ઉપેક્ષા એમના જીવનને સંતાપથી ભરી દે  
છે. નીચે આપેલું શ્રી સુન્દરમ્ (શ્રી. ત્રિભુવનદાસ હુદાર)નું કાવ્ય બનિકે અને  
અરિખનાં જીવનનાં કષ્ટ સ્વરૂપે આપણી સમક્ષ રજૂ કરે છે.

‘મંદીરમાં પિતાનજા રામજી, મોટી મહેલાતમાં અમન અમન ઉઘાવતા,  
બનિકે શોજી અને એક અંધારી કોઠડીમાં મરણ પર્વત ઢાળે દળી પેટ ભરતી  
એક અરિખ વિધવા-આ ગણનાં સ્વરૂપે વિશેષ દારા કવિ આપણા સમાજની  
અચોક્ષ્ય વર્ગ અવસ્થાનો સ્વચેત ખ્યાલ આપે છે. સાથે સાથે આજની ધર્મ  
પ્રથામાં નજરે પડતી માનવતાની ઉણપ સામે પણ તેઓ બારે કટાક્ષ કરે છે.  
મામે મામ ને શેરીએ શેરીએ નજરે પડતી વાત કવિએ આ કાવ્યમાં  
અસરકારક રીતે કહી છે.)

રામને મંદીર ઝાલર બાળે, મંદના ઘેર સુશુપ,  
શેડની એડીએ થાળીવાળું નીતમ આણું ગાય,

મંદીરની આરતી દાણે રે  
વાળનાં વાળના દાણે રે  
લોઠાનાં શુભ નિતે ઉભરાય.

એક ફળાનાં તણ રહેવાસી શેડને બીબા રામ,  
ત્રીજા મંદીર બાહર રહિલી કાઠી કને ના દામ,

લોઠાનાં ફળાનાં ફળતી રે,  
પાણીમાં ફેંકનાં બરતી રે,  
કાઠી ખાપ રેડલો કરતી કામ,

શેડની મોટી દેવ દેવણી બામજી નાક કહેવાય,  
રામનું મંદીર આરસ બાધું નિત ઝળાં ઝળાં સાથ,

ફળાનાં એક પુણામાં રે  
મંદના ઠાક પુણામાં રે  
મંદીરના મહેલ ઉભેલા સુધાપ.

જનપલજે શેડ સુતા દોષ, રામ સીતાજી ધેર,  
પાછલા પહેરની સીડી ઉઘાની સેક સેતુ દોષ લહેર,

પહેલો બનાં કુકડો બેસે રે,  
બજેલો કુકડો બેસે રે  
નૂરે મંદીરની નિહર નેસર

મંદીર ઉડી અંધ મરડો, પેટાને ઊપક ભપેલ,  
માન લઇને ફળવા બેસે, રામની માગી જોય,

ધરેરાટ મંદી આળે રે,  
બુખી કાંસ મંદી આળે રે,  
આળે નેમ કુશળીઆનું મોત.

રોડુજ આઠમ આજ કતી ને લોક કરે ઉપવાસ,  
મંદીર બુખી રહી નોકરેડી, કાપામા ન રહો સસ,

મુઠીબર ધાન બચાવા રે  
સીતાના રામ રીઝાવા રે  
પેટાબે પેટમા કાળફતાય.

શેડને ધેર, રામને મંદીર સાકરધીની કરાજ,  
પારણામાં કામ કરવા જાણ્યાં ફળવા આપી દાજ,

ફળતી દાજ તે આળે રે,  
કવાચેલ દાજ તે આળે રે,  
કુદાડે મંદીર પેટ વરાળ.

મંદ મંદનું એનું આંચકા સેતુ, કોં કોં ના માય,  
ને પડ જાએ દાજ ફળે તેમ કાપા એની દળાય,

ફળાં ને દાજ ના આપે રે,  
શેડ એક દમણી ના આપે રે,  
બીબે ઉપવાસ મંદીરને માય.

ધરે ધરે અંધબુદ્ધિથી મંદી બરે માય,  
વારે વારે મંદી કાવધી બીલકો છુટી જાય,

મણુની દાજ ફળતી રે

મંદીરની દેક ફળતી રે

મંદીના ઘેર તહીં ઘેરાય.

અમ ખાતી તો વ અન્નનો દાણે ફેલી મંદી આ જ,  
મંદીરની અન્નપૂરણા રહી ફરવા પાડે ના . જ

, હજી દાજ બરણી બાજી રે,

, રહી ના રાત તો બાજી રે,

મયી મયી મંદીર બાવે વાળ.

શેડ જાએ તે રામજી જાએ, જાએ, સૌ સંસાર,  
જોમના બાર ઉતારવા બાળે; જનમ્મા તો કિરતાર,

પરોડના જામતા, રહે રે,

પંખીના મીઠા નારે રે,

કુએ મંદીરનો જુખ પોકાર.

શેડ કસે બેઠા આઠમે માળે, રામ રને રણવાસ,  
રામને મંદીર ઝાલર બાળે, શેડને મહેલ ફૂલાસ.

મંદીરની મુરબા દાણે રે

મંદીના મોતના આણે રે

કાળા એક કામ કવેજે નિસાસ.

## ઉપદેશકની વાણી

કૌશીમાં રામાનંદ સ્વામી પધાર્યા છે,  
અનેક જાનો, જવાનન, અને  
શિષ્યો તેમની વિવિધ રીતે સેવા કરે  
રા છે.

એક બ્રાહ્મણ બાપ દરદોજ આવે  
છે અને તેમની અનુભવાને સેવા કરે  
છે. રામાનંદ સ્વામી તેના પર પ્રભુ  
થયા અને આશીર્વાદ આપે.

“પુત્રવાન હો.”

બ્રાહ્મણી વિચારમાં પડી, - સાથે  
આવેલા પિતાએ. “ધીરેથી પુત્ર્યુ:  
“મદાર, જા! તમે મારી પુત્રીને  
પુત્રવાન હો એવો આશીર્વાદ તો આ-  
પ્યો પરંતુ એ તો વિધવા છે!”

મદીબર સ્વામીજી વિચારમાં પડ્યા,  
પણ પછીથી કહ્યું. “મારું તમન કહી  
મિથ્યા નહીં થય, પણ હું એટલું જ  
કહે છું કે તારી પુત્રીને બાળકને  
જન્મ આપમેજે જ મરી.”

પિતા, અને પુત્રી સ્વામીને પગે  
ભાગી થઈ ગયા. સમય, જતાં એક  
મુદર બાળકને જન્મ થયો. બ્રાહ્મણીએ  
બાળકને કાશીના બહર નામના તળાવ  
માં એક કમળ પર સુવાડ્યું.

સવારનો પોકાર.

કાશીના વધુકરો નીચ અને નીચા  
સુતર ધોવા આવ્યા.

નીમાએ બાળકને ઉચકી લીધું.  
નીચાપાસે બ્રાહ્મણી.

નીમાએ કહ્યું “આપણે કદ સંતાન  
નથી ને એટલે પુત્રાએ જા આપ્યું  
લાગે છે.”

બાળકને ઘેર લાવવામાં આવ્યું.

મુસલમાન રીત પ્રમાણે બાળકનું  
નામ પાડવા કાળને બોલાવવામાં  
આવ્યા.

કુરાન ઉપાસતાં જે નામ કાળની  
નજરે પડે તે નામ બાળકનું રખાય.

કાળએ કુરાને શરીર ઉપાડ્યું.  
નેપ્રુ તે, કપીર અકબર, કબર, કબીયા,  
એવા પુદાનાં નામો દેખાયા, પ્રભુ  
નાં આર્વા પવિત્ર, વામો એક સામાન્ય  
વધુકરનાં પુત્રને કેમ અપાયા!

કાળએ બાળકને મારી નાખવા  
માટે નિર્ણય કરવાન ક્યું.”

નિર્ણય મન આનંદ નથી, છતાં  
કરમાન પાસે લાચાર છે, બાળકને તે  
બરમાં કાઢી ગયો. મારવા માટે છરી  
ઉપામી, અમાનંદ કોઈ મંદીર અવાજ  
આવ્યો.

“કુ કપાથી આવેા છું તે જાળે  
ખબર મથી. હું કેમ છું તે પણ  
કોઈ અણકું નથી. હું આ પુત્રી  
પર ઉપદેશ આપવા આવ્યો છું.

બાળકનાં શબ્દો સાંભળી સૌ રતબ  
બની ગયા.

બાળકનું નામ રાખવામાં આવ્યું  
“કપીર” અને અકા, કબીર, પુત્રી  
પરનું પોતાનું કર્તવ્ય પૂર્ણ ક્યું.”

શરૂઆતમાં ગામ

જમરાજાના આવેલું કાર સેતીનીય નામનું ગામ એ શરૂઆતમાં ગામ છે. ત્યાં ૧૦ વર્ષે જીવનને આરંભ થાય છે. ત્યાં વસવા પહેલેથી માણસો એ વધ વટાવી ગયા છે. ૨૬માં ૨૬ માનવી હજ વર્ષે છે અને તે પુર્કે રતાનથી આવેલો છે.

ગામ વસાવેલું અમેરીકન એજન્ટ હીટ્ચીન્સન કમિટીએ. હંદા અને તેલેરી વચ્ચે જેમની પાસે જીવન મુલકના સાવનો ન હોય, જેમના કાંઈ સગા સંબંધીઓ ન હોય તેવા રહીથી આ ગામ વસ્યું છે.

નકામાં કે નિમ્નપોષી થવાનો ત્યાં કાંઈ અસોસ કર્યું નથી. ગામ અમારું છે, અમારે તે માટે વમાવડિત તમામ કરી છુટાવું છે તેવી જ સામર્થી ત્યાં પ્રવર્તે છે.

કાંઈ બગીચામાં કામ કરે છે, તે કાંઈ કાપોદડામાં, કાંઈ આરેબ કેન્દ્રમાં તે કાંઈ ફુકાનમાં. બધું કામ મોટે ભાગે કામજાર કરવામાં આવે છે. ગામજુબાકારી માટે રેલ્વે માત્ર પચાસ માણસોનો છે.

આ રીતે કામ કરીને રહેવાસીઓ વધારાનું વેતન મેળવે છે દરેક આન હીલે જેમને એક જગત્કલી પાણી મળે છે.

### રામરાજ્ય

રામરાજ્યને અર્થ છે પોતાના પગ પર નમતુ અનાજ, કપડાં, ડેવરબી, સરોહ, માથની બંધી જરૂરીયાત, માથની અંદર જ સપાટી બોલે. ધી, કુખ, કાળ બધું જરૂરીયાત પ્રમાણે થવું બોલે. જીવનોપયોગી ગુપ્ત વસ્તુઓ અહીં પેલા થઈ બોલે.

રામરાજ્યને અર્થ છે, દરેક કંઈમાં રામનું રાજ્ય. તેની અંદર જે કામકામોનું રાજ્ય માણસું હશે તે રામરાજ્ય કી રીતે મજદ થશે? આવર રામરાજ્ય માટે જે યુગોની જરૂર છે તેનો, આનો, આપણે વિચાર કરીએ, વિવાદોમાં, પરિવરોમાં, સર્વિય.

વિનોબા.

## The Correct Way To Unity

OUTWARDLY the riots appear to be Communal and the Muslim League seems to be the trouble maker, yet I feel that there is a deeper cause for it. Wars have destroyed the moral sense of human beings and lives, properties, and the struggles of other have no value.

On the one hand we have people with so much money that they can afford to throw it away, and on the other hand we have those who do not have enough to provide food, clothing or the necessities of daily life. People with money have ways and means of getting what they want. Such people are ruthless and are out only to obtain more money, regardless of the havoc they might create in the procedure. This is a reason why people are looking for a reason to riot and express their bitterness. So there are riots and strikes. Now there is this Communal riot. On both sides there are well known people to boost the riot-mongers. The hooligan believes that the safest way for him is to kill and destroy the opposing community. The community, the police, some European officials and narrow-minded leaders, assist in these riots and bitter words pass between leaders of both communities.

It is possible that even though all the nationalist leaders unite, the riots will not stop. People must have proper housing, cheaper cost of living, and the riots will end.

We have a Government who believes in severe sentences, and shooting, and the making of impossible laws. That is a pity. To a certain extent we have the problem of religions too. But we have begun to realise nationalists cannot believe in caste or creed.

Those who believe in God, naturally, have faith in Him. But is it necessary for such people to create missions and missionaries to spread some specific, labelled religion? Shouldn't we do away with such religious distinctions.

A true Hindoo should remain a Hindoo, and be a good Christian and Muslim at the same time. The same applies to a Muslim or a Christian. We should do away with the labels of Hindoo, Christians and Muslims, and be simply believers in the one true God. Is it correct for me to believe that my religion is to uplift my society and believe in Truth and Non-violence. Is it not essential to disperse with religious differences?

[We hope that our leaders will read this and think about it, especially as the question of Unity is before them at present. This is a translation of a letter written by the late Kishorelal Mashruwala to Mahatma Gandhi in 1946. We believe that this is the true reason and the correct way of stopping any riots.—Ed. L.O.]

## Horrors Of War

**I**N civilised countries, when two individuals have a dispute that they cannot settle among themselves, they go before a judge, who, by his decision, brings the matter to a peaceful settlement.

It might be expected that a similar course would be followed by civilised nations in international quarrels. An international court has been founded for this purpose at Hague, but it seems that nobody wishes to make any use of it. It seems as if war is still generally regarded as the only ultimate way of settling national disputes. The armies of great nations are larger and more powerful than they ever were before in the history of the world. There seems little prospect of the establishment of the reign of universal peace.

Although the principle that might is right no longer prevails in the relations between civilised individuals, it is still considered natural to appeal to it when one nation quarrels with another. War remains as a tremendous relic of barbarism in the midst of modern civilisation. The progress of modern science is every year leading to the discovery of more powerful instruments for the destruction of human life and property. No doubt the humanitarianism that has accompanied the advance of civilisation has done something to mitigate the horrors of war. The ancient Assyrians used to impale

their captives. The Greeks and Romans made slaves of their conquered enemies. In the reign of Edward I, Sir William Wallace, the brave champion of Scottish independence, was hung, drawn and quartered by his English conquerors. When the Black Prince, who was regarded as the flower of chivalry, captured the French town of Limoges, he vented his fury on the town by allowing three thousand of its inhabitants, men, women and children, to be massacred by his troops. Such terrible cruelty as this would be now impossible in the warfare of civilised nations.

Attempts have been made in recent years not without success, to diminish the horrors of war by inter-

national agreement. But in spite of all such agreements, war, as long as it exists, must produce countless evils. Even if the regular armies in the field abstain from pillage, anarchy is sure to prevail in the neighbourhood of their operations. The criminal class feels relieved from all restraint and bands of plunderers spread ruin far and wide.

Powerful artillery destroys in a few hours buildings that have taken many years to erect. In every war a large number of families are reduced to destitution by the destruction of their property or by the loss of those on whom they depended for support.

No nation is likely to enter upon war with a light heart, when every man capable of bearing arms is compelled to take his place in the ranks and risk his own life on the battle field.

The time must come, one day, when men and nations will no longer be lured by martial glory—for its Trail is strewn with innocent humanity's blood.

### SINISTER SUSPICION

**SOME** Nationalist members of Parliament have such long noses that they can smell out ex-communists in the most unlikely places. The latest suspicion is that the Liberal Party is really under the influence of men who ran the Communist Party before it was outlawed in 1950. This suspicion emerged when Mr. Bunting was cross-examined by the select committee which recommended his expulsion from Parliament.

Among the documents seized by the police when raiding Communist offices was one reporting a conference held in January 1950. The subject under discussion was the African and Indian Congresses. The Communist Party, then a lawful body, apparently took the view that it

could co-operate closely with the Congresses or any other organisation pledged to fight against racial discrimination, although such an organisation did not share the deeper aims of Communism. So much was, of course, common knowledge among those who kept themselves informed about such things. Now Dr. Albert Hertog and Mr. von Moltke are ready to put a very sinister interpretation on this piece of evidence relating to past attitudes and organisations. Since the new Liberal Party is in favour of a non-racial franchise and is also opposed to certain other colour bars, these M.P.'s have jumped to the conclusion that the Liberal Party is really the old Communist Party disguised in another dress. This bright idea

must have made Mrs. Ballinger shudder. She is most anxious not to be tainted by contact with anyone who can be suspected of holding left-inclined opinions of any shade. That is one reason why she kept her distance from the passive resistance campaign last year.

Now the shape of things to come is already visible. When it suits them, the Nationalists will accuse the Liberals of being Communists. The 'evidence' for this accusation has already been carefully marked and filed. Will the Liberals draw the right conclusions from this early warning? The right conclusion is that appeasement of the Nationalists will not save anyone fighting against racial inequality.

### Inter-racial Friendship

The inter-racial week end camp held near Johannesburg was a great success. Indians, Africans, and Europeans played games together and held discussions, mainly about keeping the peace

**A** LETTER has been received from Mr. Manil Gandhi stating that he has been transferred to the Pretoria Central Goal since 12 days. He also reports that his health is fine and that he will be released on Saturday, October 24.

In a world bent on war. A good time was had by all. Events like this do more for racial goodwill than all the sermons and speeches delivered in years. Young people make friends easily and friendship destroys those silly racial stereotypes that influence our minds even when we are unaware of the influence. One of the speakers at the opening quoted Shakespeare's lines on the Jew, saying that they might be applied to Africans and Indians to-day. Here they are:—

"Hath not a Jew eyes, hath not a Jew hands, organs, affections, passions—"

Fed with the same food, hurt with the same weapons, subject to the same diseases, heated by the same means, warmed and cooled by the same winter and summer as a Christian is?

If you prick us, do we not bleed?

If you tickle us, do we not laugh?

If you poison us, do we not die?

If you wrong us, shall we not retaliate?

# INDIAN OPINION

FRIDAY, 16TH OCTOBER, 1953

He

IN civilised countries when two men have a dispute they cannot settle among themselves, they go to a judge, who, by his decision brings the matter to a peaceful settlement.

It might be expected that a similar course would be followed by civilised men in international disputes. An international court has been founded for this purpose at The Hague, but that nobody wishes to use it. It is as if war is still regarded as the only way of settling national disputes. The armies of nations are larger and more powerful than they were before in the rest of the world. The little prospect of a peaceful settlement of the universal peace.

Although the fact that might is right no longer prevails in international relations between individuals, it is still considered natural to use it when one nation deals with another. It remains as a tremendous obstacle to the progress of modern civilisation every year leading to the discovery of more instruments for the destruction of human property. No doubt humanitarianism that has accompanied the advance of civilisation has done something to mitigate the horrors of war. The ancient Assyrians used to impale

KAPITAN'S Special Mawa Burfi is a friend-maker any time. This is Burfi at its best. Satisfaction assured. Aye! Aye! Its milky elaihi flavour is captivating and lingering. Sure to win favours and appreciation everywhere.

KAPITAN'S Malai Khajli is sweetmeat art personified. Incredibly thin and paper-like in weight, it is true to flavour of its prototype of Bombay and Rajkot. This is Diwali luxury at a reasonable price. Only slightly sweetened for the Diwali Feast. It is very friendly with milk or tea, with breakfast or lunch. Need we say more?

KAPITAN'S Ice Cream Halwa is a worthy new addition to our already popular variety of tempting sweetmeats.

It is expensive. Therefore it will remain our Diwali offering only. Something wonderful. This Ice Cream Halwa is decorated with edible silver sheet of the purest extract for human consumption. We feel Demand is likely to win the battle over Supply. Aye! Aye! Our Ice Cream Halwa is tops.

KAPITAN'S Bombay crispy dry Halwa slices are unique and processed through the recently imported machine, the only one of its kind in South Africa. Thin as one-eighth of an inch, soft to eat, firm in appearance and fragile in handling—it is a guaranteed product of quality to tickle the Epicure.

KAPITAN'S Unsweet Satha is like melting-moment biscuit. Firm, flaky and milky in texture, it rounds off the tea party with a brilliant success. This must be tried to believe how good it is! If you have no teeth then this is the thing for you. . . . glide it on your tongue . . . roll it inside . . . feel it melting . . . gulp it. Sure to evoke, "Gee! It's lovely!"

KAPITAN'S thread-like Sutherfani—fine as Dacca muslin, soft as Kashmir silk and distinctively flavoured, is undoubtedly the Queen of all Sweetmeats. How is it made? It is an intricate process and the labour is enormous! In a variety of five beautiful colours, Her Royal Highness Sutherfani, regaled on the exquisite throne, pledges to serve delectable enjoyment at all times.

## War In Asia

Now that peace has broken out, at least temporarily in Korea, Indo-China remains the scent of the only full-scale war with which the world is afflicted today. No lasting settlement in Asia is conceivable until peace has been restored in Indo-China. Nor is there any prospect of a lasting settlement in Europe until France has extricated herself from Indo-China and can again pull her weight in Europe.

The situation in Indo-China is, and has been for the last seven years, one of stalemate. The French are gradually losing ground and the Vietminh forces slowly gaining not only territory but also economic and military strength. The strategic picture is reminiscent of China during the period of the Japanese occupation. The French, like the Japanese, hold the main cities and lines of communication; while large areas of the countryside are in the hands of the Vietminh, just as most of the Chinese countryside was in the hands of the Chinese guerrillas. Although the French have the planes and the tanks to hold the heavily populated centres, they are virtually powerless against resourceful enemy forces that melt away and hide in caves and hillsides.

French casualties have been heavy—the number of officers alone, wiped out every year has been equal to the entire graduating class at the best French military academy of St. Cyr. To the end of last year, the war cost France, 3,600 million dollars, or more than the total American aid to France since the beginning of the Marshall plan. No wonder that the French people are in revolt against this situation. They are refusing to bear the heavy burden of taxation to support the war any longer. There are signs of a popular front being formed to stand firm against American pressure for continuation of this colonial war. "When we give the French money," declared President Eisenhower recently, "we are voting for the cheapest way to prevent the occurrence of something that would be of the most terrible significance to the United States of America, our security, our power, and ability to get certain things we need from the riches of the Indonesian territory and from south-east Asia."

There you have it in a nutshell. But Americans can't win this war. They can hope only for it to continue indefinitely—with the risk that it will spread into a world war.

Recently to the undecipherable lecture in our Indian population, facts speak for themselves. During the last 25 years, while our Indian population has increased by 220,000 (or nearly 3,000 a year) 8,010 wives and 9,311 children have entered the Union (an average of 330 women and 360 children each year.)

All laws, permissive or prohibitive, are sometimes abused. But this is not an argument for their abolition unless other motives are involved. As for polygamy, it is a complete red herring. Very few Indians, here or in India, either desire or can afford the polygamous marriages that their religious theoretically allow.

I am afraid that no amount of verbal casuistry will conceal from the rest of the world that this new Bill is merely one more unnecessary and unjust pipricket against a defenceless minority. These sort of small inhumanities defeat every effort of the Government to explain its apartheid policy away as a species of benevolence.

I hope to hear the Liberals and Federals firmly accept our Indians as a permanent part of our population, thus perhaps shaming the U.P. into reversing its present support of the Government on this issue. The Nats, I fear, are incurable repudiators of the country's historical obligations and their own pledged words. Three months after the Cape Town agreement of 1927 between the Indian and Union Governments Dr. Malan said: "The agreement is not an agreement in the usual sense of the word." His attitude then and Dr. Danges' explanation today that the

agreement was only "a statement of policy" help to account for the low rating of South Africa's word overseas.—Yours faithfully, O. W. M. GILL.

## Improved Native Housing In S.A. Reported At World Conference

"ONE of the biggest causes of racial unrest in South Africa was the shortage of housing for the African population," said Mr. J. M. Mubala, Chairman of the Native Advisory Board of the town of Springs. He was addressing the moral Re-Armament World Assembly at Caux, Switzerland. He described how in the town of Springs where homes had been needed for 21,000 African families, they had begun to find a solution to the problem through the initiative of the Town Engineer and the co-operation and fore-sight of the Town Council. "I believe it is one of the first times in South Africa that African artisans have been used on such a project," he continued. Four-roomed houses in quarter-acre lots with full plumbing and a monthly rent of £2 10s. were produced at a rate of 8 houses a day. To date, 1,800 houses have been completed out of the proposed 5,000. This example of employing African builders in African township housing schemes was now being followed in other places in South Africa.

## WHY SOUTH AFRICA HAS A BAD NAME

In the following letter, which 'The Star' declined to publish the writer protests against some of the things said in Parliament recently:

SIR,—May I protest against some of the things said during the recent debate on the Bill to prohibit the entry of Indians wives and children?

Mr. Lawrence said that as "the Bill touched on a subject of the greatest importance—the status of Indians in South Africa—it was essential to have European unanimity."

Now this is nonsense. The Bill is not concerned with the status of our Indians, but with their right—conceded by General Smuts in 1918 and confirmed by Dr. Malan in 1927—to choose their wives where they will, as all other races in the Union may.

Mr. Mitchell asserted the right of South Africa to determine the composition of its own population. No one—neither the Indian Government nor the local Indian community—denies this. But between 1860 and 1911 the Europeans of Natal freely chose to import Indian indentured labour on terms which encouraged the immigrants to settle here as free citizens when their indentures expired. When India stopped this process in 1911,

it was against the strenuous representations of the Union and Natal Governments. And despite all the wild Nationalist talk about "off-loading her surplus population on Africa," India has never sought a general re-opening of Indian immigration.

Having invited the Indians here on conditions which imposed specific obligations upon us—and the "concession" contained in clause 5 (i) (g) of the 1918 Immigration Act is a right enjoyed by all free men—we later found that we had created "a problem," which we tried to solve by what we called "repatriation." Actually it is expatriation, for over 95 per cent of our Indians were born in the Union and do not wish to go. This—and not prestige, as alleged by Dr. Malan—accounts for Mr. Nehru's refusal to countenance the forcible eviction of South African Indians. Would Dr. Malan acquiesce in the compulsory expulsion of Afrikaners from Kenya and the Rhodesias?

Why do our Indians not wish to go? Because, like all other immigrant races, they are rather better off here economically than they might be if they had to start from scratch in a strange country.

As to the argument that these wives and children contribute signi-

# INDIAN EYES ARE FIXED ON AFRICA

By N. H. WILSON

(With acknowledgements to 'The Chronicle')

II

It is quite clear that the All-India Congress is the model for the Pan-African movement, and counsel and guidance will be received from an India-Africa Council, which has been formed in India. The following Reuter message from Simla, India, published in the 'Daily Telegraph' of May 26, 1953, is significant:

"Mr. Diwan Chamanlal, chairman of the newly-formed India-Africa Council, said today in Simla there was a 'conspiracy' in Kenya to deny Indians and Africans their rightful place in the Government. He was one of the defence counsel for Jomo Kenyatta during his trial for organising Mau Mau.....

Mr. Chamanlal said. "Thirty-five thousand whites want to continue the Fascist race-ridden rule over the destiny of 100,000 Indians and five and a quarter million Africans, in a country which is not theirs but in which they have robbed the Africans of 16,000 square miles of the most fertile land."

Since the bulk of this paper was written, the following, and still more significant, news item appeared in the 'Daily Telegraph' of July 3, 1953:

"Indian plan to aid Africans: Meeting in Cairo.

July 7.

"Plans are being made in India for a 'pan-African conference' to include delegates from the Kikuyu and all coloured 'colonised' Africa, it was learned here today. The intention is to hold the conference, which would be supported by Gen. Nguib in Cairo.

"Sponsoring the project is the newly-formed 'India-Africa Council' with headquarters in New Delhi and a powerful executive committee, including 60 prominent Indian Members of Parliament. Among the printed objects of the council is the furtherance of 'full freedom for the people of Africa to govern themselves.'

## Soon As Possible

"The Cairo conference would be held as early as possible and be attended by representatives from all parts of Africa, including Kenya, Uganda, Tanganyika, East and South Africa, the Belgian Congo, Nigeria, the Gold Coast, French West Africa and Tunis, a spokesman said today.

"The announcement follows Mr. Nehru's speech yesterday in which he said that all Africa might be set ablaze if racialism

and colonialism were not ended. The chairman of the India-Africa Council is Mr. Diwan Chamanlal, M.P., who assisted the defence in the first Mau Mau trials and who has just been refused permission to enter Kenya."

Thus we have, for the first time in the history of Africa south of the Sahara, a plan to unite all African "Black Nationalist" groups into one All-Africa Congress, with the object of recovering "Africa for the Africans" by driving out the White Man's governments, supported—almost one might say organised—by Indians, not only Indians in Africa but also by the Prime Minister of India, and with the active co-operation of an official representative of the Government of India in East Africa.

## Two Movements

For the first time there are linked together in Africa two historic movement one, the younger, that "Rising Tide of Colour," as Lothrop Stoddard called it, which since the beginning of the century has seen the white man's governments challenged and ejected by coloured peoples in many parts of the world, the other, the surge of Asiatic populations westward against Europe, two and a half thousand years old.

The threat to the white man in sub-Saharan Africa is by far the gravest he has ever had to face; not because Black Nationalism could ever drive him out of Africa or dominate him in those parts where the white race is making a home, i.e., in all that has been called Capricorn Africa and Africa south of the Limpopo; but because a temporary success in one area might open the door, say, in Tanganyika, to a flood of Indian immigration, which could easily give Africa an Asiatic population of 200,000,000 by the end of the century.

## And Black

Long before that, indeed, the white man's days in Africa would be over. And not only the white race's but the black man's also. For although the Black Nationalist dream of "Africa for the Africans," the Indian aim would be, after a brief period of joint rule, to make Africa an extension of India, in which case the African's place would certainly be that of the outcasts—the "depressed classes"—which India knows so well how to handle. Has she not 60,000,000 of them in India today, the "untouch-

ables"? If the white man in Africa is to survive he must face now, at once, this year, this deadly threat.

Before considering how he must do that, it may be worth while to consider the other longer-term threat, that to Europe. If another Gibbon or Montey Thucydides or Toynbee or Strydomer should rise, he could find no more fascinating story to relate in a 'score of volumes than the history of Asia's many attempts to overflow, into Europe. Here I can give only a few of the outstanding dates.

## The Attempts

Marathon 490 B.C. when Greece saved herself and the future Europe against the apparently invincible Darius; the struggle of Rome against the Asiatics of Carthage which lasted from 264 to 146 B.C.; the defeat of the invading Huns at Chalons-sur-Marne in 451 A.D.; Charles Martel's victory at Roriers over the Saracens, who had already crossed the Pyrenees from Spain into France, in 732 A.D.; the calamitous defeat inflicted on the Emperor Diogenes at Manzikert in Asia Minor in 1071 by Sultan Alp Arslan, "one of the worst disasters in European history," as the historian Crousset calls it; the capture of Constantinople by the Turks on May 29, 1453. And now, after another 500 years, Asia is making another attempt.

For if, by the end of this century, there are 200 million Asiatics in Africa, the southern flank of Europe will have been turned with a vengeance, and it will be doubtful if Europe west of the Elbe and north of the Mediterranean could long survive the double threat, from the south as well as from the east.

## The Urgency

To go further, and ask whether our civilisation, thus reduced to North America with diminutive outposts in Australasia, could survive, or would add one more to the list of several extinct civilisations, is perhaps too speculative. Let us turn back, then, to the immediate threat to us now in Africa.

The European in sub-Saharan Africa, and especially in East and Central Africa, has to face a menace graver than any that has preceded it. It is so urgent that even to postpone decisive action for two years may be fatal; to stand aside for five years almost certainly would be.

The All-India Congress, which had been proscribed—as the Kenya African Union is now proscribed—was allowed to revive itself officially in 1934. In 1936-7 Mr. Nehru was its president.

The British had been in India,

giving it the best government it had ever had in all history, for close on 200 years; and they had the immense advantage of centralised direction and government. They left India in 1947.

## Unaware

In Africa the European defenders of Western civilisation are few in numbers, separated into small groups, and almost entirely unaware to the danger that threatens them. Even to write plainly, as this article is written, about the danger is regarded as mere sensationalism, "yellow press" and that is why I started by quoting the correspondent of 'The Times.'

To think that the new state, the Federation of Central Africa, can afford to give five or six years to consolidating the new machinery of government before it tackles what 'The Times' has described as the "alliance between the Indian and African nationalist politicians against the white man," is to head straight for national suicide, ignoring every lesson of history.

## Three Steps

If the white man is to survive, maintaining Western civilisation in Central and East Africa, there are three steps which he must take with the least possible delay.

First he must unite all the British and British mandated territories of Central and East Africa in one Federation. This has already been indicated by Mr. Lyttelton as the natural next step after the three-State Central African Federation.

It has been appealed for by Mr. Michael Blundell, leader of the Elected Members of Kenya, in a speech made on May 21. Whenever it was mentioned during the recent Referendum campaign in Southern Rhodesia it was greeted, in my experience, even more warmly than the idea of a three-State Federation.

Second, the doctrine of Partnership must be implemented in such a way that all the progressive Africans join with us in the preservation and promotion of Western civilisation, instead of falling into the clutches of a people who will keep them for ever in misery and degradation.

Third, the Federation must decide at once on the largest immigration programme for which immigrants can be found. Certainly newcomers must be provided for in advance as much as possible; but let us make the provision conform to the numbers, let us not limit the numbers to whatever provision can be made without discomfort or inconvenience.

If it is objected that it is too strenuous to live up to such an

idea, then I reply in the words of Sir Godfrey Huggins, in his foreword to a recent book, "Population for the Commonwealth," which suggested an immigration target of several millions for the Rhodesias: "What is the alternative?"

With an All-India Congress reaching from Accra to Blantyre, and with Indian organising skill behind it, the alternative to great-

ness in Central and East Africa today is quite simple: it is to be driven to abandon the country, probably within 15 years, possibly within 10.

If it is said that to carry out such a programme requires an extremely vigorous and progressive political party, then I reply that greatness of spirit and of action is a condition of life under the mantle of Rhodes.

temporarily more difficult for the U.P. "liberals," if they made mistakes of timing and statement (as I think they have done in defining their exact franchise qualifications too early and, in particular, by failing so far to place sufficient emphasis on cordiality and co-operation with the African and Indian Congresses), let this be remembered in their favour—that they have acted under pressure of their latent awareness that our race relations are perilously close to irreparable disaster and that the liberal solution, if it is to succeed, must be advocated and, if possible, practised before race attitudes harden into implacable opposition.

Dr. Jonker accused the Liberal Party of being dogmatists, lacking the humanitarianism of the old Cape liberals. This is a shallow observation. The old Cape liberalism of pre-Union days worked in a slower, kinder, more pastoral world than contemporary South Africa. Today 2½ million Africans and a million Coloureds and Indians live in our industrial slums or shanty-towns in conditions (most of them) of appalling squalor, homelessness, ill-health, inadequate transport, unsympathetic operation of pass, curfew and petty apartheid restrictions with all that this entails in daily discourtesy, inconvenience and humiliation. The glaring contrast between their status and treatment and that of the Europeans among whom they work; the frustration of the industrial colour bar; inadequate educational and recreational facilities; White wealth, assurance and expanding opportunities compared to their own grinding poverty (even at Reef wages) and the uncertainty of their future in an apartheid state which takes from them their few existing rights and opportunities and has so far provided them with no positive compensation for Verwoerd's "increasing restrictions": all these constitute the atmosphere of our industrialised society today. They require no agitator to interpret them, though they provide ready fuel for his flames. And beyond our borders, though very well known to our Africans and Indians, the racially oppressed are everywhere shaking off their chains while, here, we bleed on theirs more firmly.

Against this sombre and explosive background the rival and inhuman dogmatisms of Herenkovskism and Marxism compete and the peril of Black nationalism bears heavily upon our dear fifth White minority. To meet these modern barbarisms the Liberal Party brings not dogmatism, but a reasoned statement of the unity and dignity of

all mankind as the ground of our western faith. For the essence of civilisation is not material comfort or scientific invention, but social order based upon moral justice. And the morality of western civilisation is universal not "white," being grounded on the Christian-humanist belief in the intrinsic value of each individual human personality as a fragment of spiritual life whose destiny here is to work out its full self-expression before God and man. In Christ there is neither Jew nor Gentile, White nor Black, bond nor free; we are all one before God and in Him. The inspiration of western civilisation is the New, not the more primitive passage of the Old Testament.

The new liberalism, therefore, has been compelled by racial ideologies of Left and Right with their appeals to un-Christian values and bogus interpretations of history—as well as the in-

difference of the bulk of our White electorate with its narrow, materialist vision and shifting moral standards—to rediscover the foundations of our western life put them forward as the only possible basis for peace in a multi-racial society. The message of the new party is that our society will only be civilised so far as it extends its opportunities, rewards and responsibilities to all its citizens according to their individual merits, irrespective of race, colour, class or creed. And to our White population especially it addresses these admirable words of Sir Winston Churchill: "It is not given to the cleverest and most calculating of mortals to know with certainty what is their interest—yet it is given to quite a lot of simple folk to know what is their duty." Let us talk a little more about what we ought to do and a little less about preserving our privileges and our skins—and whether a new and better South Africa may not emerge.

## LIBERAL PERSPECTIVE

### WHY A LIBERAL PARTY?

By C. W. M. GELL

IN South African politics Liberalism has always had a special significance. It stands for the elimination of colour or race as the tests by which a man shall be considered fit for citizenship and the abolition of laws which discriminate between the inhabitants of this country purely on such grounds. The Liberal Party has come into existence to try and achieve these purposes.

Quite recently Dr. A. Jonker, the U.P. member for Gardens, accused the "neo-Liberals" of being dogmatic and intolerant. This charge against a party which seeks to emphasise the essential of humanity transcending the skin-deep differences of pigmentation comes strangely from a "neo-Sup" or neo-Nationalist. One of Dr. Jonker's fellow-representatives, Mr. Arthur Balfour, has just announced that the Indians and Africans of this country should be told where they get off. This is certainly intolerant. It is almost certainly dogmatic, being based on the arbitrary conception of White superiority and black inferiority, on the curious and spurious belief that "white civilisation" can only be preserved by retaining White political supremacy undisturbed.

This Herrenvolk ideology has long been assumed in South African politics. The special contribution of the Nationalists to our history has been to shout it from the roof-tops as the official political philosophy of our government, brazenly asserted to justify a spate of discriminatory laws which seek to codify and extend what were previously social customs. Although it has avoided aggressive extremes of dogmatic statement and the more callous exercises of administrative brutality which inevitably flow from them, the U.P. has for far too long tacitly accepted all the advantages and conveniences which Europeans derive from "White supremacy with pretence." And so, when the

Nats. began to make explicit what had long been implicit in "the traditional South African way," the U.P. found itself unable to constitute an effective opposition. Some of its members, like Dr. Jonker and his "rebel" friends, are prepared to go along pretty openly with the Nats. The main body of the party is hopelessly confused because, having relied on Smuts' political acumen and (despite blind spots) his broad humanity, it has never in the past had to think for itself about its basic beliefs and their implications. Thus each new Nationalist appeal to White convenience or prejudice throws most of the U.P. caucus into a visible and painful dither, from which self-interest emerges all too frequent a victor over conscience. A few brave souls are now struggling to halt the party's retreat into reaction, to overcome its vast intellectual apathy and lost morale, and to set it once more on the road to progress. Full honour to them. All liberals will wish them well.

But those who founded the Liberal Party in May knew that the election result with its promise of Nat. domination for several parliaments to come brought our racial crisis to a head, confronting the emerging non-European political movement (which the Nats. have so successfully stimulated and consolidated) with the choice of continuing to strive for racial equity and co-operation or of striking out for Black domination in its turn. And they feared that whatever the U.P.'s "Liberal" wing could do from within the limits of the party's past would be altogether too little and too late.

They, therefore, decided to form a new party pledged without traditional reservations to an open and constructive liberal policy, hoping to educate White opinion and to form a bridge over the colour bar. If they acted in haste which our own political experience, if it has been alleged, they made things

## NATURE OF DISCRIMINATION IN S.A.

(Continued from last week)

### Taxation

UNION Government spokesmen are forever advancing the claim that since the greater proportion of taxation is paid by the Whites, to them must go the credit for such social services as exist in South Africa. The implication is that until the Africans (the poorer section) pay for themselves, they do not deserve better social services.

It is true that a very high percentage of those who pay income tax in South Africa are white; but since this fact arises directly out of the closing of every opportunity for non-whites to enter the higher income groups, to claim this as a merit for white domination is preposterous.

The Social Security Committee estimated the average income per head of the European population in 1947-8 at about £125 per annum, that of the Coloureds at £25 per annum and that of Natives at £10.

In fact the taxation system in the Union is grossly unfair, because while whites whose income falls below certain minima are in many cases exempted from taxation altogether, all Africans are subject to "poll tax" and certain other taxes regardless of the income earned and even if unemployed. Naturally those non-whites whose earnings are sufficient to fall within the income tax paying group are taxed on the same basis as the whites.

In 1936 over 30,000 Africans were imprisoned for their failure to pay taxes. Moreover, the many indirect taxes and duties on common goods are naturally born by all in South Africa.

An article on taxation by two well-known economists, F. H. Gosselt and J. N. Readman, published in the "Handbook of Race Relations in South Africa" (Oxford University Press 1949) states:—

"In the Union the scheme of taxation offends against both these principles, namely, that of progression and that of equal treatment for those equally placed. This arises out of the existence of two distinct systems of taxation, the one supplying in general to the European citizens and the other to the Natives.

"The first contains a major tax, the income tax, which is

distinctly progressive in character, and which in fact ceases to be operative when income falls below a certain level. Below this level, and indeed before it is reached, that is when the income tax is relatively small compared with the indirect and other taxes, the character of the tax system changes and becomes regressive since at this point indirect taxation becomes more important.

"A Native who earns sufficiently high income comes under the normal income tax law, being liable for income tax under the same conditions as a European. There are, however, very few such Natives, since the majority of Africans in the Union are in receipt of incomes far below the level at which income tax applies. Ignoring, therefore, for the moment this very small number of Africans whose position is anomalous, we can consider the African population as a whole falling within a different system of taxation from that which applies to Europeans—a system different in kind as regards direct taxation and different in incidence as regards indirect taxation.

"It is the direct taxes which mark most clearly the difference between European and Native taxation in the Union. Of these taxes, peculiar to Natives are (a) the general tax, commonly termed the poll tax, (b) the local or hut tax, (c) quitrents, and (d) the provincial hospital tax.

One other, however, should be mentioned, namely the pass fee which, although generally regarded as falling on the employer of Native labour who pays the fee, constitutes a tax on the employment of Native labour, the burden of which will be shared in some proportion between worker and employer.

"The major direct taxes are the general and local taxes which are regulated by the Natives Taxation and Development Act, 1925, as amended. The first is paid by every male Native between the ages of 18 and 65 years and is £1 per annum.

"Considering the system of direct taxation with reference to the whole population, European and Native, the regressive and

discriminatory nature of these direct Native taxes is obvious.

"In the first place, the lower limit for income taxation is considerably higher than the income of the average Native, and below this the European pays personal taxes which, in the lower reaches, when his income would be comparable to that of the Native, would be substantially lower than those paid by the Native.

"It should be noted also that the Native is liable to these taxes, if a male, between the ages of 18 and 65, whereas the European under 21 and over 60 is exempt. The Social and Economic Planning Council rightly concludes: 'The present system of Native taxation leads to grave inequities as between the Native and other sections of the population.'—Members of the other racial groups who earned an income equal to the average Native income would generally be exempt altogether from direct taxation.'

"To complete our survey, it is necessary to mention indirect taxation. Here it can be said that those indirect taxes which affect the African through increasing the prices of such essentials and conventional necessities as blankets, clothes, sugar and, in urban areas tea, are without doubt regressive either when we consider the Native population alone or whether we consider the population of the Union as a whole. In any event, these taxes constitute a most onerous burden on a very poor section of the population."

### Education

"It should also be noted that in defiance of all well-established principles of taxation and state expenditure, the public expenditure of South Africa is weighted heavily against the lowest income groups. For example, in the Transvaal Province in 1949-50 the expenditure per head of each white child for education was £41.99, for each Coloured and Asian child £16.55, and for each African child only £6.41. It should be remembered that while education is compulsory for white children, it is not so for Africans, and in fact, no school accommodation is available for the majority of African children. As the figure above (£6.41) refers only to African school-children, it must be considerably reduced to cover all children of school-going age. Over the Union as a whole in 1946 only 34 per cent. of African children between the ages of 7 and 16 were attending Govern-

ment and Government-aided schools."

It must be added to these comments that opportunities for higher education for non-whites are totally inadequate and in all respects inferior to those available for whites in South Africa.

Rhodes University (Grahamstown), Pretoria University, Potchefstroom University and Stellenbosch University are restricted to white students only. At the Universities of Cape Town, Natal and the Witwatersrand a few non-white students are admitted, but they form a very small proportion of the total student body. It is extremely difficult for non-whites to carry on self-study, nearly all reference libraries being reserved for the exclusive use of whites.

The South African Native College at Fort Hare, Alice, with about 300 students, prepares some students for degree courses, but has no medical, engineering, architectural or other facilities designed to equip students for professional careers other than teaching of the clergy.

The figure above of students at the South African Native College (300 per year) should be compared with an average annual enrolment of 19,962 at the other universities in 1947.

In 1947 Government grants to other universities totalled £1,007,522; to the South African Native College, a Government grant of £16,932 was made in the same year. (Figures from Union Year Book (Government Education) 1948).

A similar picture exists in the field of technical education. Of 46,124 students at technical colleges in 1947, over 44,000 were white.

### Professions And Skilled Trades

As would be expected from the above, the skilled trades and learned professions are a virtual closed monopoly for the whites.

There are no non-white judges or magistrates in the Union; not even in Native Commissioners' Courts, and no practising advocates or prosecutors. There are, however, a mere handful of non-white attorneys.

There are a few non-white medical men. A rough indication of their proportion is provided by the Johannesburg telephone directory (March 1953) which lists all doctors in a special section. Of 1081 doctors, all but 15 are white. There are no non-white dentists

or pharmacists or veterinary surgeons.

There are no non-white architects or draughtsmen, civil, mechanical or mining engineers, research chemists or scientists.

Apart from a few Indian trading concerns, you will search in vain in the Stock Exchange lists for non-White Company Directors and Secretaries. No mining company has a non-White Director, nor any manufacturing company.

It is impossible here to list all the skilled trades from which non-whites are excluded, either directly by law (as in the case of skilled personnel on the gold mines) or by industrial agreements which have a "closed shop" clause—the trade unions in question operating a colour bar. There are no non-white engine drivers or firemen on the State-owned Railways. Non-Whites are barred from fitting and turning, welding, motor assembly and mechanics, plumbing, electricians and radio electricians—the list could be prolonged indefinitely—typing and clerical work generally are a virtual monopoly of the white group.

It is no exaggeration to say that in South Africa all but a handful of the non-white population is rigorously and deliberately ordained to serve in the hardest, most exhausting and least rewarding employment; industrial, agricultural and domestic labourers, repetitive machine work, sweepers and cleaners, "hewers of wood and drawers of water."

### The Government Service

The Native Affairs Department: That huge, sprawling state machine to administer the oppression of the African people—is staffed on its upper levels exclusively by whites. Africans are employed in the Native Affairs Department exclusively as low-grade clerks, interpreters, constables and "agricultural demonstrators."

The Union Defence Force is officered and manned exclusively by whites. Even during the war against the Axis, African soldiers were denied the right to bear arms; they were used only as a labour corps. Under the Nationalist Government, non-white units have been disbanded.

In the Police Force non-whites can never rise above the rank of sergeant. The entire police force is officered by whites.

Throughout the rest of the Civil Service all the senior, better-paid jobs are held by whites. In most branches of the Government services, Africans are, in fact, restricted to

cleaning offices, running messes and making tea.

### Social Services

For the year ended June, 1951, the annual welfare expenditure per head of the total European population of the Union was £5-8-0 compared with less than £1-3-4 per head of the non-European population.

During the same year the expenditure on old age pensions for Europeans was £4,343,000 and for Africans £1,999,000; 4.1 times as much on Europeans as on Africans who are 3½ times their number. The following was spent on school feeding: Europeans £854,000, Africans £550,000, Coloureds and Indians £476,000. On Workmen's Compensation for accidents in industry: Europeans, Coloureds and Indians £1,233,079 and Africans £749,839.

The same picture is revealed in examining the number of hospital beds available for the various population groups in the four provinces. In 1941 these were as follows:—

Number of persons to the bed (Cape Province)—Whites 225, Non-Whites 894.

Natal—Whites 111, Non-Whites 625.

Orange Free State—Whites 256, Non-Whites 1,319.

Transvaal—Whites 217, Non-Whites 920.

Everywhere social, educational and health services for non-Whites are vastly inferior.

### An Appreciation Of The Hindu Conference

By MAYNADAL RAMGOOLIN

It was encouragement for the Hindus to observe that during the opening of their Hindu Conference people practically from every denomination were present. This indeed was the sign of ameliorating the social position of the Indian community.

During the conference the delegates from the fifty-seven different organisations discussed subjects affecting the Hindu community.

There were very carefully scrutinised by the conference and resolutions were passed, giving the South African Hindu Maha Sabha the authority to promote these different subjects.

The reason why Hindus who are now beginning to embrace Christianity and Islam at large was very extensively discussed. The fundamental causes were that the majority of the Hindus in South Africa

are ignorant about Hinduism and its basic principles, this is because they are underminded by improper education i.e. no religious instructions during primary education. Hindus lack the knowledge of the vernacular languages and to a certain extent there are economical reasons. The Hindu Maha Sabha will now have to take measures by which conversions will stop, and the propagation of Hinduism, the vernacular languages, the removal of sectional atmosphere, weekly prayer meetings and the co-ordination of Hindu organisations will begin.

## AFRICAN VIEWPOINT

## CONGRESS IN MELTING POT

By JORDAN K. NGUBANE

THE annual conference of the African National Congress to be held at Queenstown this year will mark a turning-point in the history of the African people. The delegates will be called upon to decide on the draft constitution which has been under preparation for some time now.

The mere revision of a constitution in a political organisation is not unusual. But to do this in a moment of crisis is something which deserves more than passing attention.

A few years ago the national conference, at the behest of the Natal branch of the ANC, passed a resolution setting up a committee to revise the old constitution. This committee had on it representatives from all the provinces. It did not meet for some time. But a short while ago a kind friend sent me a copy of the revised constitution which this committee will probably lay before the annual conference in terms of the resolution already referred to.

The draft is important because a glance at it immediately shows which way the wind might be blowing amongst some of the leaders who framed it. When Natal asked for the revision of the conference she made it plain that she had in mind the re-introduction, to a very large extent, of the federal principle. The new draft has not only done nothing to meet this demand; it has done the exact opposite. It has entrenched centralism in a way which will be catastrophic in given situations.

Conceded in language which is fashionable among Left-wing politicians and propagandists, the draft clearly aims at destroying the provincial branches for purposes of setting up Congress as a single, monolithic organisation. Its acceptance by conference will mean that the ANC will be run along Leftist lines. There will be the familiar Secretariat with its army of political commissars directly responsible to the Secretary-General. The executive committees will have powers over the affairs of the provinces which it has never had before now. A very significant feature in all this is the fact that the President-General of the African National Congress will become

a mere figure-head. The Secretariat will give direction to the movement.

There have been some very anxious goings-on behind the scenes centring on the preparation of the draft under discussion. For example, I have it on good authority that the Natal representative on the revising committee knows nothing about the draft. I understand that in so far as he is concerned he was not aware that his colleagues had even completed the draft.

Secondly, the draft which is now being circulated does not come from Johannesburg, from the convenor. For example, I got two copies of the draft from a Cape Congress official.

From these goings-on it might not be unreasonable to draw the conclusion that Natal, which is not in the good books of some of the Johannesburg Moguls of the ANC, has been carefully kept in the dark about what is brewing. The strategy has been to get the Cape to frame the draft and in that way be committed to it in advance. When conference assembles the Cape will be morally bound to stand

by its illegitimate baby. It is a clever piece of juggling about with 'people's loyalties'.

The strategy might look very clever, but it does not in any way conceal the fact that if the present draft comes up for acceptance, we shall then be confronted with the choice between a Leftist Congress and a Nationalist Congress. For my part, I do not think it will serve our cause if we make Congress a communist front. At the moment Mr. Sisulu is being reported to have visited communist countries. There might be no connection whatsoever between the Secretary-General's visit to Bucharest and a draft constitution which has marked communist motifs. It might be just a coincidence; but it is a tragic coincidence.

In the meantime the leaders of the Natal Congress will do well to take the provision into their confidence on the direction which the draft constitution might make Congress take. The overwhelming majority of the Africans in Natal will not have anything to do with a Congress which has gone communist. And from what I know of the men who lead Congress in this province, they will not have any truck with communism of the type which might now be creeping so sinisterly into the ANC.

## A Simple Question

Major John Eisenhower son of President Eisenhower, has been serving in Korea since July 1952. Like any father whose son was serving in the fight in Korea, President Eisenhower was greatly relieved and happy when official word of the armistice signing was received and he said: "The truce has been signed.... hope my son is going to come home soon."

Surely every father and mother brother and sister and all will feel happy over the return home of their beloved relative. But they only ask, why at all should our relative be required to go away from us and kill somebody else's relative—dear son, brother, sister or husband etc, and perhaps get killed in that indefensible affair? It is fathers like President Eisenhower and others like him who rule the destinies of millions of fellow-men that have to answer this simple question of aggrieved humanity.—'Harjan.'

## Things In General

## Navjivan Dharmic Semmelon (Capetown)

Gandhi Jayanti was observed at the Mitra Hall on Sunday, October 4, under the auspices of Navjivan Dharmic Semmelon. After the Haven service Mr. V. Narabi presided. Mr. G. D. Wagmaria and Mr. B. D. Chavda spoke on the life of Mahatma Gandhi. The service was well attended. At this occasion Mr. C. Jaga presented the Semmelon with the entire Haven utensils. Finally special Prayers were offered for Mr. Manilal Gandhi, who at present is in jail sacrificing his all for the benefit of the oppressed.

## New India Centre (Capetown)

Under the proposed fund raising scheme, New India Centre had raised the sum of twenty pounds (£20) for furthering the cause of education at the Gandhi Memorial School, Cape Town, which has been handed to the secretary of the school,

## Western Province Indian Cricket Union

The annual general meeting of the W.P. Indian Cricket Union was held on October 6 at the Medina Cafe, Cape Town. The meeting was attended by over 50 representatives, the biggest ever seen at a sports meeting. Enthusiasm and keenness for the forthcoming season was evident. One new Club Cambridge United, successfully sought affiliation, whilst two or three other clubs promised to affiliate at the next meeting. The President, Mr. G. Munsook, in his opening remarks, expressed his appreciation of the very large gathering, and in paying tribute to the co-officials gave a brief resume of the past season. This various reports, etc., were read and duly accepted. The following were the office bearers elected for the ensuing season:—President: Mr. Munsook; Hon. life vice presidents: Messrs. D. N. Booda, G. Munsook, Y. Rasool, H. E. Parker; (Those already elect-

# INDIA LETTER

(From Our Own Correspondent)

Bombay, October 6.

**THOUSANDS** of persons trekked to Rajghat and placed wreaths on Mahatma Gandhi's bier in observance of the birthday of the Father of the Nation on October 2. People throughout India observed Gandhi Jayanti in a solemn manner, dedicating their time to some constructive work.

The President, Dr. Rajendra Prasad, was among the early visitors to Rajghat. Dr. Prasad, who was accompanied by his wife and other members of his family, attended the prayers held at Rajghat and participated in the spinning programme for an hour.

Central and Delhi State Ministers and the members of the diplomatic corps also paid tributes to Mahatma Gandhi at Rajghat.

The people took a pledge to follow high ideals associated by Mahatma Gandhi.

On the auspicious day of Gandhi Jayanti, a historic step was taken by launching the new Andhra State. Mr. Nehru inaugurated the first linguistic State before a gathering of a hundred thousand persons drawn from all parts of the new State.

Greeting the new day as "the break of a new dawn over Andhra," the Prime Minister reminded Andhras, even as he congratulated them on "achieving their 43-year old dream," that they formed an integral part of the greater unity of India.

Two points which received repeated emphasis in his speech were: the unity of India and the need for building up a prosperous and homogeneous State.

Mr. Nehru declared that a Boundary Commission to study and recommend on the formation of the linguistic States would come into being in the near future. The Commission would enjoy wide discretionary powers as the object of appointing it was to get a clear overall perspective of group tensions and aspirations in India. It would spare no effort or time in visiting all States and submitting its report after considering all aspects—linguistic, financial, economic and social.

The new Andhra State will comprise Kurnool, Anantpur, Cuddapah, Nellore, East Godavari, West Godavari, Krishna, Guntur, Vijayapattanam, Srikalahasti, Chittoor and Bellary.

The achievement of this separate State is the culmination of a struggle which has been mostly "satyagrahic" in character since the demand was first voiced in 1906.

The idea, however, took definite shape only in 1933 when, from the platform of the Andhra Maha Sabha, the call went out for a mass movement. Mahatma Gandhi's non-co-operation movement, as well as the Congress's cherished goal of linguistic provinces, gave great impetus to the movement for which many Andhra men dedicated themselves.

It may be pointed out that the Andhras, like the Tamils, are the oldest rulers of South India. The earliest mention of them was made in 300 B.C. According to the well-known historian, Vincent Smith, "in the days of Chandragupta Maurya and Megasthenes, the Andhra nation, a Dravidian people, now represented by the large population speaking the Telugu language, occupied the deltas of the Godavari and Krishna rivers on the eastern side of India and was reputed to possess a military force second only to that at the command of the King of Persia, Chandragupta Maurya. They developed gradually expanding westward so as to occupy all the South from sea to sea."

The Andhra Empire flourished for many centuries and their language greatly influenced the Tamils, particularly in the output of musical compositions and literature during the latter half of the 18th century down to the beginning of the 20th century.

The new Andhra State has an area of 61,939 square miles and a coast line 600 miles long, with a population of 22,335,847.

The main crops of Andhra are rice, groundnut and cotton. Millet, tobacco, sugar cane and coconut are other important State crops.

Two-thirds of the total revenue of Andhra will be derived from agriculture. The income for the new State in 1953-54 is estimated at Rs. 207,000,000 while the expenditure will total Rs. 277,000,000. Andhra will thus face a deficit of Rs. 20,000,000 at the end of its first year of existence.

Bu Chandulal Trivedi, a civilian from Gujarat, who as a Governor had handled the

situation admirably in the border State of East Punjab, has been appointed the Governor of Andhra. In the Andhra Legislature no party possesses absolute majority, although the Congress is in the largest group. After the refusal of the Praja Socialist Party's National Executive to relieve Mr. T. Prakasam from the obligation to join the party and allow him to join Congress as associate member and become the Chief Minister of the new State, Mr. Prakasam along with several other members have resigned from the Socialist Party. Mr. Prakasam has joined the Congress. He was sworn in as the Chief Minister of Andhra. Sri Sanjay Reddi, the leader of the Congress legislators, was appointed as the deputy Chief Minister. Other Ministers appointed were Sri K. Koli Reddi, Sri T. Vishwanathan and Sri D. Sanjayaya. Two other Ministers will be appointed later.

Gandhi Jayanti also witnessed the inauguration throughout the country of the National Extension Service aiming at raising the standard of nearly one-fourth of India's rural population in 1,000,000 villages, exactly after a year of the establishment of the Community Development Organisation."

A sum of Rs. 38.35 crores will be spent in the next three years on this plan of rural rehabilitation covering 900 blocks, each block consisting of 100 villages and serving a population of 66,000.

The Five Year Plan provides Rs. 90 crores for the execution of the Community Development Projects and proposes the establishment of a network of Extension Service Centres throughout the country over a period of ten years. According to the programme 180 full blocks will be established in 1953-54, 270 in 1954-55 and 450 in 1955-56.

Out of Rs. 38.35 crores to be spent on the National Extension Service, the Centre will bear Rs. 16.6 crores and the States Rs. 6.4 crores. Loans for short term credit will be for Rs. 15.3 crores during the planning period. In the second Five Year Plan period, Rs. 29.35 crores is proposed to be spent on the scheme.

The Government of India has drawn up an ambitious scheme with the triple object of intensive industrialisation, increasing opportunities of employment and injecting fresh purchasing power. The scheme, which has received the blessings of Mr. Nehru, will be executed through

an Industrial Development Corporation. The Corporation will be established with a capital of about Rs. 500 crores. The Corporation will assist in setting up thirty new industrial units preferably in areas which have not been opened up. Already developed centres and belts like Bihar, Bengal, Bombay, Madras, Calcutta and Ahmedabad may be excluded from this scheme.

Through this Corporation, the Government will generously provide financial loans to such engineering and machine tool industries which might like to utilise their idle installed capacity.

One of the objectives of this scheme is to link up all the metre-gauge railways in the country. This step is expected to give great impetus to trade and industry. Public participation in the capital of the Corporation will be allowed and the Government will provide a guarantee in regard to returns to attract private capital.

The Kashmir Legislative Assembly unanimously gave a vote of confidence to Bakshi Gulam Mahomed, the Prime Minister, who was earlier elected leader of the National Conference Assembly Party in place of Sheikh Abdullah. There were prolonged cheers when the Speaker, Mr. G. M. Sadiq, announced that Bakshi Gulam Mahomed's motion seeking the confidence of the House had been passed unanimously. Sixty-three members were present at the session.

Speaking on the motion, the Prime Minister traced the events leading to the change in the Ministry and apprised the House of the reforms undertaken by the Government.

Referring to Sheikh Abdullah's dismissal, Mr. Bakshi said: "When the Prime Ministers of India and Pakistan were about to meet to consider the issue, Sheikh Abdullah's group adopted coercive methods to wreck the chances of an amicable settlement. By suggesting an independent status for Kashmir, attempts were made to sabotage the negotiations. These suggestions threatened to pave the way for interested foreign powers to operate freely in this part of the world, thereby endangering the freedom, peace and security of the entire sub-continent. When all other means failed to bring the stray leadership to the right path it was left to the Bakshi-Kiyasat to act in accordance with

the requirements of the Constitution.

Maulvi Mahomed Anwar Masoodi, supporting the confidence motion, said that leaving aside Hindus, even Muslims were not safe in Pakistan. Against this, he added, India had guaranteed complete security of life and property to her minorities. The future of the State was quite safe in Bakshi's hands.

Mr. Hamdani said future historians would pay tributes to the foresight, courage and sagacity of Bakshi and his colleagues for assuming office and warding off danger that imperilled the freedom of the State.

The period of detention of Sheikh Abdullah, former Premier of Jammu and Kashmir, and Mirza Asaf Beg, former Revenue Minister, under the Public Security Act, has been extended by two months. Sheikh Abdullah was arrested in August last following his dismissal from the Premiership of the State and detained in Tara Nivas Palace in Udhampur Tehsil for a period of two months. Mirza Beg was arrested along with him.

The controversy in regard to the status of Bombay city has again flared up following the agreement reached by representatives of Maharashtra, Marathawada and Malavardbha, proposing that they jointly strive for a separate State of

United Maharashtra, including Bombay City and Nagpur.

The agreement has been ratified unanimously by the general body of the Maharashtra Pradesh Congress Committee.

Mr. S. K. Patil, president of the Bombay Pradesh Congress Committee, along with other members of the Committee, has condemned the Nagpur Agreement and demanded that Bombay city be made a State in itself. Mr. Patil declared that looking to the cosmopolitan character of Bombay city and its national importance, it cannot be allowed to be dragged into any linguistic State.

About thirty legislators of Madhya Pradesh Legislative Assembly elected from Jabalpur and Nagpur area have also strongly protested against the inclusion of Malavardbha in Samyukta Maharashtra.

An unofficial resolution introduced in the Bombay Legislative Assembly, demanding immediate formation of separate Maharashtra State with Bombay city as its capital, was talked out.

The National Development Council under the presidency of Prime Minister Mr. Nehru, is meeting in New Delhi to revise the Five Year Plan in the light of experience gained so far. The Council consists of the Chief Ministers of all the States.

## COOKING WITHOUT THE BILLS

This is the solar cooker, developed by the National Physical Laboratory of India, and now being produced on a commercial scale. It consists of reflector, which can be adjusted to any angle, and a stem supporting a cooking pot. The cooking material is to put on the ring. On bright days, say the cooker, vegetables can be cooked in twenty-five minutes; rice takes half an hour. The cooker can be used (in India) on about three hundred days of the year, its "working day" is from about an hour after sunrise to an hour before sunset.

## સંપ માટે સાચો માર્ગ

### જ્ઞાન કાણીકા

મહાત્મા ગાંધી જેને વાસના કામના જેટલી વધુ તેટલો તે વધુ મરીબ.

સુખી મોજી ઇશ્વરના વિધાનમાં અદ્ભુત અચ્છ બદા રાખી પ્રાપ્ત રિયતી માં ઘાંતિ સિમરતાથી સતોષ પુર્વક જીવે તે.

દુઃખી મોજી જન્મતના પ્રસંગોનું અને પદાવોનું ચિન્તન કરનાર.

જે આપણું છે તે મળ્યા વિના રહેનાર નથી અને જે આપણું નથી તે ક્યારેય મળનાર નથી જેથી સદા સતોષથી જીવન જીવવું એજ હિતકર છે.

સૌદર્ય અને ધન, સામર્થ્ય, સ્થા. શુદ્ધ આદિનો ગર્વ ન કરશો. એ સર્વે એક દિવસ થા તો તમને ત્યજશે ક્યારા તમે તેને તજી જશો.

શ્રી. યોગીન્દ્રનાથ.

....મારું મન એમ કહે છે કે જો કે આ જુના મરકીતું સ્વરૂપ આજે દેખાવમાં હોતી છે અને સુસ્ત્રીમ લીગ એની દીવાસળી સળગાવનાર બની છે, છતાં એના કારણ વધારે ઉંઘ અને આર્થિક છે. લડાઈએ લોકોની નૈતીક બાવનાઓને શિથિલ કરી નાંખી છે. અને ખીનાના જીવ, આત્મા, સંયમને શ્રમ માટે અનાદર ઉત્પન્ન કર્યો છે. કાચેજ એક બાબતથી પછસો ગજવામાં માથ નહીં એટલો દેખાય છે. બીજી બાબતથી પછસો ખરચતાંયે પુરતું ખાવતું પુરતાં કપડાં અને રહેવાના મકાન તથા અનેક જરૂરીયાતો મળી શકતાં નથી. ત્રીજી બાબતથી જેની પાસે પછસો છે તે ગમે ત્યાંથી ભેઈતાં પદાર્થો અને વિલાસો લોગવી શકે એવી સગવડ છે. આ સ્થિતિમાં ગમે તે માગે ત્યાંથી મળે ત્યાંથી પછસો છુટવો, છુટાય નહીં તો જેની પાસે હોય તેને કમમાં કમ તેના વગરનો કરી રખડતો કરવો એવી વૃત્તિ સારા ધરના લાગતાં માણસોમાં એ થઈ છે. આ કારણથી પ્રજા બંને રમખાણો કરવા માટે બહાના જ રોધે છે. હકતાબોના રમખાણો થઈ ગયા. હવે કેમી રમખાણો શરૂ થયા. બન્નેમાં ભાગ લેનારાઓ પ્રત્યે સહાનુભૂતી બતાવનારા આગેવાનો મળી જ આવે છે. અને સામી કોમના માણસો પર અત્યાચાર કરવો એ રમખાણો ચકનારનો તેમજ પુરા બાજુ વિગેરે માટે વધારે સુરક્ષિત માર્ગ થાય છે પ્રજા પોલીસ, કેટલાક અંગ્રેજ સુત્રસદીઓ, તેમજ દુધી દ્રષ્ટીના પ્રબલકીય કાર્યકર્તા એ બધાની એમાં મદદ થાય છે. અને મોટા આગેવાનોના કુશકાંની મદદ થાય છે તે જુદી....

....બધા રાજકીય નેતાઓ એક થઈ બંધ અને છતાં આ તોફાનો અને જુનો સાવ ન શમે એ સંભવ છે. લોકોને સસ્તે દરે ખોરાકની, કપડાની, અને મકાનની સગવડો થાય તેજ એ છેવટે શાંતી પકડશે.

આ બાબતમાં સરકારો તો કેવળ કડક સજાઓના કાયદાઓ થકવામાં અને ગોળીઓ ચલાવવામાં જ શક્તા રાખનારી છે. એ પણ દુઃખ છે. જેટલે અંશે આપણા દુઃખોનું એક નિગીત ધાર્મિક કોયડો છે, તેટલે અંશે પણ આપણે વધારે લાગે છે. નેશનલીસ્ટ કોઈ નાત બાતને ન મને ન લખાવે એટલું સમજતાં આપણે થયા છીએ. માણસને ઇશ્વરમા શક્તા રાખવાના સંસ્કર એ આસ્તીક માણસને થોડા લાગે પણ ઇશ્વર બકને દુનીયામાં નાના કે મોટા ઉપદેશકો ઉભાં કરવા, સંપ્રદાય કે માનેલાં મન્યોને અવતારી ઇશ્વર પ્રણીત વીગેરે માનવાના કે કોઈ નામ વળા ધર્મની લેખલ રવીકારવાની જરૂર છે શું? ઉલટું લેખલના અભિમાનો છોડવાની જરૂર નથી? હું સાચો હોંદુ રહીને સુસ્ત્રીમ ખ્રિસ્તી વગેરે પણ ગણાઉ અને તું સુસ્ત્રીમ રહીને હોંદુ-ખ્રિસ્તી વિગેરે ગણા એ સર્વ ધર્મ સમભાવ ઠીક છે હું હોંદુ સુસ્ત્રીમ ખ્રિસ્તી કે કોઈ પણ લેખર રાખતો મરી જાઉ છું. કેવળ ભગવાનને માનું છું અને સમાજનું ધારણ પોપણ અને શુદ્ધી કરનાર નીતી અને સંયમના સત્ય બહીસ અને સંયમોના ધર્મને માનું છું એમ કહેવું કીક? ન્યાત બાતની જેમજ ધર્મનીયે લેખલ છોડવાની જરૂર નથી શું!

[આપણા કાર્ય કર્તાઓ આ જરૂર વાંચે અને જો સાચોજ સંપ કરવો હોય તો આ માર્ગ જ સાચો છે. ખીજ બધા કામ છે. આ પત્ર પૂ કારો.રહ.વભાઇ મયરવાળાએ રહક મા પુ. બાપુજીને લખ્યો હતો. આ દેશમાં પણ એ લાગુ પડે છે. આ આપણે નહીં રિવાડીએ અને અ.ચારમાં નહીં સુધીએ તો કોમી રમખાણો થકાજ કરશે. પછી તે બધે હોંદુ-સુસ્ત્રીમના ન હોય.—અ. ઇ. બો.]

નોંધ અને સમાચાર

## શ્રી. રાધાકૃષ્ણનનું બાધણુ

કુનેમી વીરવ લેતા આપણા ઉપ-  
ગ્રમીય શ્રી રાધાકૃષ્ણને ને બાધણુ  
કયું હતું તેના કુક સાર.

આપણી નેમ ખીલ એક મુદ્દમાં  
હકારી વિનય જેળવવાની નહીં પણ  
લોભાનાં ચિત્તોને ઉદ્દેશીને ડહાપણ અને  
આતેશીબધુ રાજકીય પદસ્થિતિ ભરવાની  
દેવી નોંધએ....

અમને સત્તાના રાજકારણને વિશે  
મહા નથી. મુક કેઈ પણ સવાલનો  
નિર્ણય લાવતું નથી પણ વધુ સવલો  
પેદા કરે છે. અમે શાન્તિના રાજ-  
કારણમાં અને ન્યાયના પાયા પર  
સ્વાયેશી શાન્તિમાં માનીએ છીએ.  
મુક સાફ ખેપ સિદ્ધ કરવા માટેનું કુરું  
સાધન નથી. એ પોતે જીવતીજીવતી  
સુરાઈ જાય છે. વિજેતા તેમ જ પરા-  
જિત ઉભપને તે કુરું નામે છે.  
રાજકીય કાપેના સાચો ઉદ્દેશ આપણા  
કુરુંમનેના નાશ કરવાનો નહીં પણ  
તેમને જેળવવાનો, તેમનાં વલણો તથા  
કર્તૈવ પર પ્રભાવ પાડવાનો છે.

આજે આપણને અમેરિકન જીવન-  
વ્યવસ્થા કે રશિયન જીવનવ્યવસ્થા નથી  
નોંધતી પણ માનવી જીવનવ્યવસ્થા  
નોંધતી છે. વિનયે આપણને આ મરતી  
ના તળ પરથી કુમ અને મરીમાઇ  
નાશુ કરવાની યત્નતા દેખાડી છે.  
આપણે ને બિનસામ્યવાદી કુનિયામાં  
અસરકારક રીતે આપણી પ્રવતીની

શકીએ તો શાન્તિ મટેની સંગાવના  
વધવા પામશે.

આજે એક જમદુઆપી કાતિ  
અંગળ વધી રહી છે અને તે સામ્ય  
વાદથી સર્વશ્વ સ્વતંત્ર છે. બિન-  
સામ્યવાદી કુનીયામાં જેમની ધણી  
મોટી બહુમતી છે એના શૂખમરો  
વેકતા, વ્યાધિમરત અને ધિકકારતા  
લોભ આર્થિક પ્રમતિ અને વિકાસ  
માટે મકાણી કરી રહ્યા છે...

અમે પોતે રાજકીય તથા આર્થિક  
શાયજના બોમ બનેલા હોઈને, જેઓ  
પરાધીનતાનાં બંધનોમાંથી મુક્ત થવા  
ને સડી રહ્યા છે એવા લોભ પ્રત્યે  
અમને સહાનુભૂતિ છે...

સંયુક્ત રાષ્ટ્રસંઘમાં જેમનું નેતૃત્વ  
છે તે મહાન સત્તાઓ એ સંસ્થાના  
આદર્શમાં રજુ કરવામાં આવેલા  
આદર્શો સાથે બાંધેલાં કરી રહી છે,  
આજની પરિસ્થિતિ ટકાવી રાખવી  
એ વરતને રિધરતાને નામે અપાવી  
રહી છે તથા આજે છે તે રિથતિ  
ટકાવી રાખવામાં તેમનું સ્થાપિત દિત  
રહેલું છે એમ અમને માણમ પડશે  
તો અમે કુરું થઈશું...સત્તા કુપિત  
કરે છે પણ અંતઃકરણ સ્કારક છે.  
ખીલએના અંતરનાં રહેલા રાહસની  
સામે નેહાદ પોકારવાને બદલે આપણે  
આપણા હૃદયમાં વસતા દેવી અંકને  
માટે નેહાદ યથાવધી નોંધએ.

## પરરાષ્ટ્રની આંખે પંડીત જવાહર

વિધની શાંતી માટે એકમારી રીતે  
અને અવકાશ માટે પોતાની  
બલ જેમજે અર્પી છે અને માનવજાતને  
કુરું નાખનારા અનેક રાજકીય  
મકામકાના ડહાપણબળ ઉભસી આચા  
જમતની ને મણીમાડી બધિતએ ઉપર  
છે. તેમાં પડિત જવાહરનું રમાન  
અચમારે છે. પડિતજી વિધની આવી  
વીરવ વિભૂતિ છે એવું કુરુંપનાં ઉદાર  
મતવાદી સ્વીકારે છે અને તેવા કુરુંપની  
આ એક બહુ સ્પષ્ટ અને નીર્વંજ  
પ્રચરિત છે.

“ઉન્નતિના સ્વેચ્છ સિધરે વિરા-  
જનારે વતીમાન સમયના મહાન  
ક્રાંતિકારીમાં જ નહિ પરંતુ સમય

કલિકાસના કાળમાં એ મહાન ક્રાંતિકાર  
છે અને વિનય હાસિલ કરવા છતાં  
પણ તેના હાથ લોહીના એક બિંદુથી  
પણ રક્તખીના થવા નથી. એ  
માનવીના મોહા ઉપર અન્યાયા  
પ્રત્યેની તિરસ્કારની એક પણ રેખા  
જેસતી નથી. અને તેની અખમા  
માનવજાતનાં કોઈ પણ આદર્શો,  
પ્રત્યે તિરસ્કાર કહેવાયર મતો નથી.  
પોતાના સ્વીકારને, પોતાના જીવનને  
પોતાના બધિને, અને પોતાની  
મિત્રમાય વરતને, પોતાની માસિનીની  
કોઈ પણ વરતને પોતાના દેશની  
આજાદી હાસિલ કરવા માટે લોખી  
દેવામાં આ વીર, ચકિતશાયી, અનુદ

અને અપ્રતિમ ધર્મવાન ચેલાએ જરા  
પણ આનાકાની કરી નથી. એજે કોઈ  
સંલેગમાં પોતે હાના પગમાં ભરી  
નથી. હિંસાનું આચરણ કયું નથી.  
અજેજ આવા કપર તેનું બેનકુન  
સ્વમિત્વ છે. તેના જેવો આતેશવિદ  
ખીલે કોઈ નથી છતાં તેજે કદી પ્રચાર  
કુરું લલકાર્યો નથી.

“ભારતના વડા પ્રધાન તરીકેના  
ઉદ્દેશ પાંચ વર્ષમાં પુર્વ ઓશિયામાં  
જવાહરલાલ નેહરુની લામવગ અતિશય  
વધી મહ છે.

“ઓશિયાના પ્રમો અંજે પશ્ચિમને  
માટે પડિત નેહરુનો અવાજ આજે  
સર્વથી ઉચ્ચ ચકિતશાયી વધુમાં વધુ  
અસરકારક અને વધુમાં વધુ નિશ્ચય  
ભર છે એ વાત નિશ્ચય છે.  
દક્ષિણ-પુર્વ ઓશિયાના દેશો ઉપર નેહરુ  
પોતાનું પ્રભુત્વ નેતાગીરી આપમાત્રિ  
સત્તાથી ટકાવી રાખવા થયે છે એવો  
તેમના ઉપર આજેજ છે; અને અવાર-  
નવાર પડિત નેહરુએ પોતાને આવી  
કોઈ મોટી પદવી જેળવવાની મહેન્ટ  
કેવાનો ઇનકાર કર્યો છે. છતાં આ  
વાતમાં પણ કંઈક તથાસ છે. કારણ  
કે તેમના નેતૃત્વ તળે અન્ય દેશો ઉપર

આધિપત્ય ભોગવવાની ભારતની મહા  
દો વા નહો છતાં કુનકરેકુનેજન-સમાં,  
કોરિયાના મુદ્દામાં, લાલ ખીન સાથેના  
સંબંધોમાં, મોરડો સાથેના અવકાશમાં  
ઉદ્દેશ વધીમાં આ વાત કુન: સ્થાપિત  
મહ છે. આ ઉપરાંત અર્મ, સિલોન,  
ઇંડોનેશિયા, અને સિયામ એ પણ  
ભારતની વધુ નજીક આવી રહ્યા છે.  
ભારતના આદર્શો અને ભારતની નીતિને  
તે પ્રમાણજુત મળે છે, અને ભારતની  
સલાહ જેળવવા આ પણ દેશો આતુર  
રહે છે. રાષ્ટ્રસંઘના દેશોની અંદરનું  
આ પ્રજાસત્તાક રાજ્ય આતરરાષ્ટ્રીય  
બાળનેમાં પ્રમથ કક્ષાનું મણુનાપાત મહ  
પડેલ છે.

“બાલ દેખારમાં જેને કોડાકોડ

માણસ અંદરથી અંતરમાં ઉદાસ  
પ્રગબનાં બિટિલકિત દેવે ધરનારો છે  
એવું બિટન મણું મોડું મોડું પણ  
સમજનું છે. વિરોધાભાસમાં પણ કોઈ  
વિરોધ નહોતો એવું તેને સ્પષ્ટ મણું  
છે.”

## વાર્ચન અને મનન

કામળની જરૂર

સત્ય દેવ તેનાથી વધારે સત્ય  
ખતાવવું. બાલ દેખ તેનાથી વધારે  
બાલ ખતાવવો તે દેખ છે. દેખને  
કુમ સમજીએ તો કુમરે કેવી રીતે  
આપણે અવગુણને કુમ માનીએ છીએ.  
ખીમારીથી સરીર કુલી જમ સરીર ઉપર  
સે.જ બાલે તો તેને આરોગ્ય વધું  
એમ સમજીશું ? છું તેને નિરોગી  
સમજીશું ? દેખને કુમ સમજે છે  
તેનાથી અન્યથા થાય છે. પ્રાચ જમ  
પણ વચન ન જમ તેનું નિષ્ઠાથી  
પાસન કરીએ તો કામળની જરૂર  
કામ ? જુડું બોલે નહિ તેને કામળ  
ની જરૂર કી ? આમગાડીમાં પેસા  
આપીને મેસીએ, તો ટિપીટની - ઉરપેક  
દરની જરૂર સા માટે ? અરાળી છે  
તેથી વ્યવસ્થા કરવી પડે છે. બે  
આપણી શુદ્ધિ શુદ્ધ થાય તો આપણે  
કુપી થઈ શું. પણ શુદ્ધિનો ઉપયોગ  
સ્વાર્થ માટે કરીએ છીએ. દરજી શુદ્ધિ  
મુલાવે ખીસુ ખતાવવામાં અને મોર  
શુદ્ધિ અલાવે છે, ખીસુ કાપવામાં !  
અનેમાં કુશળતા છે. પણ એક  
સમાજવધક અને ખીજસમાજવાતક છે.  
વધીલ-વેરિસ્ટર પણ શુદ્ધિ મલાવે છે.  
જે શુદ્ધિને અંતે ન્યાય ન મળે તે કુશુદ્ધિ  
છે. વધીલનો ધધો સમાજના દિત  
માટે દેવો નોંધએ, તેને બદલે સાચા  
નું બાકુ અને બોટાનું સાચું કરી

કુમવણુ ઉભી કરે છે. અને કહે છે  
એમ ન કરીએ તો ધધો ન આવે  
તમારે ધધો યથાવધો છે કે કુમ  
ઉભવાની છે ? મહામા માંથી પણ  
વધીલ હતા કે ને હમેશા કહેતા કે  
કું સત્યને મદદ કરવાવાળો કું અસલ  
માં નહિ. કોઈ પણ ધધો કરે પણ  
તેમાં મનુષ્યનું કથાણુ છે કે નહિ તે  
જુઓ ધનનો નીષ્કામ રીતે ઉપયોગ  
કરવો નોંધએ પ્રમાણિકતાથી જીવન

આ છાપાના તંત્રી  
સત્યાગ્રહની સભા  
ભોગવવા હાલ  
જેકમાં છે.

અલવવું તે જીવરથા અમાનુ ગુપ્ત અંગ  
છે. માટે પોતાને શુદ્ધ કરવા માટે  
પ્રયત્ન કરવો નોંધએ. પણ માનીએ  
કે, ખીલન શુદ્ધ મરો પછી શુદ્ધ મરુડું  
પણ પેસા કમાવાના સમયે એમ નથી  
કહેતા કે બધા પેસા કમાઇ લેશે પાંજી  
કમાઇશું. અમર બધા સમન કરી લેશે  
પછી સમન કરીશ એટલે મનુષ્યને જે  
મિલ છે તે પહેલા કરે છે અને અમિય  
પાંજી.

### નવરાત્રીનો મહિમા

આજે સુદ પંચમી તે નોમ સુધી ના દિવસો નવરાત્રીના મહાત્મ છે. પુરાણ કાગીની પામોડ કપાસો મુજબ આ દિવસોની ક્યા નિચે મુજબ છે.

મહિસાસુર કરીને એક સામાન્ય વાદી અધુર હતો. સૂર્ય, ઇંદ, અગ્નિ, વરુન, ચંદ્ર, વાયુ, વરુણ વિગેરે બધા દેવોનો અધિકાર એને કાશમાં લીધો હતો. રત્નના દેવોને તેણે શુભોક્તમાં ગોઠવી દીધા હતાં. દેવો અઘળાને વિષ્ણુ અશ્વત્થાન પાસે ગયા અને પેતાનું દુઃખ વચાવે. વિષ્ણુ, બ્રહ્મા, અને હિમ નથે દેવોનો પુરત પ્રોત્સાહનો અને તેમની ઝરતા તલવામાંથી એક દેવી રાક્ષસી ઉત્પન્ન થઈ આ દેવી રાક્ષસી અને મહિસાસુર વચ્ચે યુદ્ધ ચાલ્યું. કહેવાય છે કે પંચમી તે દિવસ સુધી આ યુદ્ધ ચાલ્યું હતું અને

તેથી દેવી રાક્ષસીના વિલ્પ તરીકે દેવી ની રચાપના કરી આ વિલ્પ દીન ઉત્પન્ન થયો.

મહિસાસુર-મહા આસુર - ૬૨૬ માણસના મનમાં વસે છે અને ત્યાં આસુરી રાક્ષસી દેવી રાક્ષસીને નીચે પછાડી પોતાનું સામ્રાજ્ય રખાયે છે. દેવતાક બાજવાન માનવો મેળાસર મેડી રાક્ષસી રાક્ષસીના બળે તે આસુરનો નાશ કરે છે અને રાક્ષસી રાક્ષસી ની વિલ્પથી આનંદ મળી જાય છે. આ વિલ્પ આનંદ આ દિવસમાં આપણે પણ કોઈક અંશે મેળવવા બાજ્ય રાખી બનીએ. પણ તે ત્યારે જ કે ત્યારે આપણામાંનો આસુર નાશ પામે. નવરાત્રીના દિવસોમાં જાનની અર્પણ નૃત્ય પ્રમદાવી રાક્ષસી રાક્ષસી મેળવી આસુરનો નાશ થાય.

## વિવિધ ખબરો

### શું પાકીસ્તાન રીપબ્લીક થશે?

પાકીસ્તાનની ડેલ્ટાઈડ્યુઅન્ટ એસેમ્બલી પાકીસ્તાન રીપબ્લીક થાય કે કેમ એ બીરો ચર્ચા કરશે. વડા પ્રધાન મહાત્મા ગાંધી પદ પાકીસ્તાન ને રીપબ્લીક બનાવવા માટે હવાલો મૂકી રહ્યા છે. લંડનમાં માનવામાં આવે છે કે આ સંવાદ ઉંચે વડા મુખ્યમંત્રી ગાંધી કરાવ્યું કે તેમ કરવાથી તેઓ મુસ્લીમ લીગ એક્ઝિક્યુટીવકોના પંચમાં સંપડાઈ જાય. પાકીસ્તાનના પહેલા આનંદા મંત્રી મી. મહાત્મા ગાંધીના ખાને, પુનાઈ ૨૬ નેશનલની જનરલ એક્ઝિક્યુટીવ કોમિટી પે.કે. જતા પહેલાં જણાવ્યું કે પાકીસ્તાન રીપબ્લીક થવા બીરો હજી કાંઈ સુકારો મેળાવે નથી.

અલગ મને છે કે આ આગાહીમાં રમીયાન પાકીસ્તાનની ડેલ્ટાઈડ્યુઅન્ટ એસેમ્બલીમાં કોમનવેલ્થ અને તાજને સમતા એ મુખ્ય કારણ થઈ ચર્ચા થશે. મી. એમ. એમ. જનરલ પહેલા કારણ રજુ કરશે. આ કારણ. હિંદની રેલ કોમનવેલ્થમાં મહી પાકીસ્તાનને રીપબ્લીક કરવા સમત કરાવ્યું છે. આ બાબત માં કોમનવેલ્થના સભ્યોની સંખ્યા નોંધેલ પણ હિંદના રાજધાની કોમનવેલ્થના સભ્યો સંખ્યા ઘણા. અત્યંત છે કે ડેલ્ટાઈડ્યુઅન્ટ એક્ઝિક્યુટીવ, આ કારણને પૂરે પૂરે ઠીક ગણશે.

અંગ્રેજીના કોમનવેલ્થના પ્રધાન મી. કલુક રહેલા પાકીસ્તાન ને કોમનવેલ્થમાંથી નીકળી જવા અમની કરશે. અહીં સંખ્યા અને

સંખ્યા જાણી.

હિંદ સભ્યે વારાધાર કરવા હિંદ આરક્ષક મંત્રીશ્રી હરે એવી વકી

પુનાઈડ નેશનલ સ્પેશીયલ પોલીસીસ કમીટી, “દક્ષીણ આફ્રિકા માના હોદી મુજબના હોદીઓ સામે ની રીતમાત” સામેની હોદીની ફરીયાદ પર ચર્ચા કરશે. આ સંવાદ ૭ માર્ચથી પુનાઈડ નેશનલ સ્પેશીયલ રજો છે. માનવામાં આવે છે કે હિંદ આરક્ષક પ્રતિનીધી મી. જુસ્ટ આ રાક્ષસને અંત લાવવા પુનીયન હિંદ અને પાકીસ્તાન સભ્યે, પુનાઈડ નેશનલ પહાર, કોન્ટ્રોલ નેશન માગણી કરે ત્યારે બીજા બાજુએ હોદી ખાનીની પુનાઈડ નેશનલ રેખરેખ હેજ મુકારી સવના રખાવ કરશે. અલગ મુજબ હોદી સવનાને કોલ આ સેલેસમ આવે એમ લાગતું નથી.

પુનીયનમાં મદતી જતી એકાદી

પુનીયનમાં જુલાઈ પ્રતિતા કરતા એક્ઝિક્યુટીવ મંત્રીમાં ૪૦૦ વધુ બેકાર હતા. ૩૨મી એપ્રિલે કુલ ૧૨,૪૦૦ બેકાર હતા. કેપટાલમાં સીધી વધુ બેકારી હતી અને એક્ઝિક્યુટીવ આખરે ત્યાં ૪,૬૮૦ બેકાર હતા. આ અરસા માં એકાદીમાં ૨,૬૪૮ બેકાર હતા અને પ્રીટીયામાં ૪૪૮ બેકાર હતા. પુનીયનમાંના ૬ મુખ્ય પીઆઈએ અહીં સીધા આજી બેકારી, એપ્રિલ મા ૧૦૧ અને કોમનવેલ્થમાં ૧૦૮ હતી.

### ન્યાસાલેન્ડ એક્રીકન કોંગ્રેસે પેસીવ રીઝીસ્ટન્સ જેઝી લીધી

ન્યાસાલેન્ડ એક્રીકન કોંગ્રેસના સેક્રેટરી જનરલ મી. એ. ને. એમ. જાંઝ એક તારમાં જણાવ્યું હતું કે તેમણે ફ્રાંસ સામેની પેસીવ રીઝીસ્ટન્સ અને નેલ-કોમ્યોપેટીવ બળવળ પાછી જેઝી લીધી છે. સરકારને સહકાર આપવા ન્યાસાલેન્ડના મેડીવો ને નીનંતી કરવામાં આવી છે. પહેલાં એક્રીકનમાં ધમોડી સભા વખતે નકકી થયું હતું કે સે મેડીવોના મત ધીરુ ફ્રાંસ સામે કરવામાં આવે તો તેનો સામનો સખતમાં સખત અહીંસક સલામકથી કરવો. આમાંના કાંઈ પણ પગલા લેવામાં નહોતા હતાં કાલના ન્યાસાલેન્ડના પુલક વખતે ન્યાસાલેન્ડના ગવરનર સર એક્ઝીક્યુટીવ કોલની એ જણાવ્યું કે સર્વન પ્રોવીન્સ નું કુલ ન્યાસાલેન્ડ એક્રીકન કોંગ્રેસ ના એક્ઝિક્યુટીવ કોમિટીને લીધે હતું. ગઈ એક્રીકનની સભા વખતે ફ્રાંસ સામે પુનાઈડ નેશનમાં ફરીયાદ કરવાનું નકકી થયું હતું. તેથીમામ માં આ બીરો કાંઈ જણાવ્યું નથી.

# ભારતનો પત્ર

(અમારા અનુરૂપની તરફથી)

મુંબઈ, તા. ૧-૧૦-૫૭.

તે. રજા અઠવાળે સરકાર ભારત તરફ શાંતિના શીરસા અને ભારતના મુક્તિસંગ્રામ સ્ફુટિત મહાત્મા આંધીની જ્વાળા, આપણને ગ્રીવ એવા રચનાત્મક કાર્યો અને પ્રાર્થના દારા જીવંતી. વહેલી સવારથી દબરોની સંખ્યામાં લોકો મહાત્મા આંધીની સમાધી પર પુષ્પો અર્પણ માટે રાજ ધાટ અને પહેાળી ગયા હતા.

રાષ્ટ્રપતિ ડૉ. રાજેન્દ્રપ્રસાદ તેમના પતિન અને હૃદયના ખીલ સંબોધ સાથે વહેલી સવારમાં જ રાજધાની ખાતે પહોંચી ગયા હતા. ત્યાં તેમણે પ્રાર્થના અને સરખો કાંતવાના કાર્યક્રમમાં ભાગ લીધો હતો. ૧૦ અને શિદ્ધી રાજ્યના પ્રધાને, વિરોધી એવનીઓ પણ આપણને અંજલિ આપવા માટે હાજર થઈ ગયા હતા.

લેતાએ રાષ્ટ્રપિતાએ હાથોપેલા હૃદય આશીર્વાદો અનુસરવાની પ્રતિજ્ઞા લીધી હતી.

રજામાં આંધીના જન્મના આ શુકનર્વના દિવસે નવા અમલ આંધિ રાજની રચનાનું એનિદાસિક પગથું લેવાનું. ભારતના વડા પ્રધાન પંડિત જવાહરલાલ નેહરુએ આંધીના વિવિધ આંગણોની આવેલી એક સામગ્રી જન મેદાનીની દારાટીમાં ભારતના પ્રથમ જાળનાર રાજ્યનું ઉદ્ઘાટન કર્યું હતું.

આંધિમાંથી ૪૩ વર્ષ પૂર્વે રાજ્ય હયાત માટે તેમને અભિનંદન આપતાં પટીન નેહરુએ તેમને એ દર્શાવતી નાદ આપી હતી કે, આંધિ બદલ દિવ નું એક એકમ છે, એ તેમણે સ્થાય જાનના રાજ્યનું છે. પોતાના આજ્ઞામાં પટીનના નાદનાર ભારતની એકા અગ્રણી અને આજ્ઞા રાજ્ય ધારક પર આર પ્રાપ્તો હતો.

આ પ્રસંગે તેમણે મહેર કર્યું હતું કે આજ તાર રાજ્યોની રચનાના સમય પ્રધાની વિચારણા કરવા માટે હું સમ આજ એક પચ નિમણામાં આવી આ પગને પગી વિચાર સમયે આપવામાં આવશે, જેથી તે દરેક આપણે ઉડા અજાણ કરી શકે. તે દરેક રાજ્યને પ્રાપ્ત કરશે. અને પે તની તપાસ. કમલ કે પ્રાપ્તની ૧૫૦ નહિ રાજ્યે આજનાર રાજ્યોની તપાસ આપણે-તપાસીય. આજીક અને આમાજક-તે અજાણ કરી પટી ન પોતાનો દેશ પર રજા કરશે.

અમલ આ રાજ્ય માટેની આજની નો પચ ૧૯૦૬ માં કરવામાં આવી હતી. એ કે આ આજની નેહરુ ૧૫ ને ૧૯૪૩ માં, જ્યારે આંધિ

મહાસનાના મંચ તરફથી આજ્ઞા-જલ સી આંધિ વાસીએ પોતાના એવની સિદ્ધિ માટે સલામતની સત્ત કર કરવાની દારા કરવામાં આવી ત્યારે જ પારણ કર્યું હતું. મહાત્મા આંધીની અસદકારની સત્તે તમા ક્રિસિસના આવાદાર પ્રતિભા એવે આ સત્તે વેગ આપ્યો હતો. આ સત્તમાં ઘણા નામકિત આધિવાસીએ ભાગ આપ્યો હતો.

તાજીઓની એક આંધિ પ્રજા દક્ષિણ ભારતની જુનામાં જુની રાજ્યકર્તા પ્રજા છે. તેમને સીધી પહેાળી હિંસેન કર્. સન પુર્વે ૩૦૦ વરસ પહેાળા મળી આવે છે. જાણીતા ક્રિસિસકાર પીન સેન્ટ રમીયાના કહેવા પ્રમાણે, ચંદ્રપાત મીર્ચ અને મગેચીનીસના જમાનામાં દારીડ પ્રજાનું બનેલું આંધિ રાજ્ય મહાત્મા અને કૃષ્ણા નદીના અંજુની પુર્વે આજુએ આવેલું હતું અને તેની પાસે ઘણું જળાશય રીન્થ હતું. જે ચંદ્રપાત સિવાય ખીલ કોષપણ રાજ ના રીન્થ કરતાં ચરિયાનું હતું. આંધિ રાજ્યે એ જમાનામાં ધીમે ધીમે પોતા ના વિસ્તાર વધારીને સમય દરિયા ભારત રજા કર્યું હતું.

રીકાએ સુધી આંધિ રાજ્ય તપનું રજું અને તેમની આજ્ઞાની આસ કરી ને ૧૮૭૧ સરીના પાછા આજીક ૨૦ થી સરીના પ્રારંભકાળ દરમિયાન તા-ખીસ સાદિય અને સંગીત પર સારી એવી આસર થઈ હતી.

નવા આંધિ રાજ્યનો વિસ્તાર ૧૧૬૨૮ ચોરસ માઇલ, રિયા વિતારે ૬૦૦ માઇલ આંધિ અને વસતિ ૨,૧૨,૩૫,૮૪૦ની છે. ૬૭ બનિય માં તેમાં દેશાજ્ઞાના ઘરેર સકિત દક્ષિણ દરિયાના દેશકા તેમજ આજ ગોસની અગ્રની બદુપતી વાળા જાણાએ એજાવાની ઘડવતા છે. આંધિ ને ગુપ્ત પાક મોખા, સંધિદાખા, રા, ખાજરી, તમકુ, શેરી અને નાળિયર છે.

આંધિ રાજ્યની મેંની ૧૧ ચાર જાણની આવક એનિવાસીમાંથી થશે. ૧૯૫૩-૫૪માં રાજ્યની આવકનો અંદાજ ૩ ૨૦,૭૨,૦૦,૦૦૦ને અને અર્થને અંદાજ ૧ ૨૨,૭૩,૦૦,૦૦૦ નો છે. એટલે કે ૧૯૫૫ વર્ષના અને રાજ્ય સાથે ૧. ૨,૦૨,૦૦,૦૦૦ની ખાપ જીની થશે.

આજના એક મુજરાની અધિકારી અર અનુવાય વિવેદને નવા આંધિ રાજના મર્નરે જનાવવામાં આવ્યા છે. દેશના ગામના પગી દીને જા

આવેલા પુર્વ પંજાબમાં વહીવટી તંત્ર સાથે બેરબાઈ કર્યું હતું. ત્યારે તેની પુનર્વ્યવસ્થા કરવા માટે શ્રી ત્રિવેદીને પંજાબના મર્નરે જનાવવામાં આવ્યા હતા. તેમણે પાટીસ્તાનની સરકારે આવેલા આ પ્રાંતમાં એટલી સરસ વહીવટી વ્યવસ્થા કરી હતી કે, હવે કોઈ પ્રાંતમાં મુશ્કેલી નેવું સાથે નો તરત શ્રી ત્રિવેદીને મર્નરે તરીકે ત્યાં મુજરાની વાત આવે છે. આજાદી પગી એક વખત ભારતના પંચ પ્રાંતોમાં મુજરાની મર્નરે હતા. મહાત્મા ભાવનમરના મહારાજ, પંજાબમાં શ્રી ત્રિવેદી, અપ પ્રદેશમાં શ્રી મંજાદાસ પાઠાસા, ઉત્તર પ્રદેશમાં સર હોમી મોદી અને આસામમાં સર મિત્તલર હાલદી. આજે બેજ પ્રાંતોમાં મુજરાની મર્નરે છે, ઉત્તર પ્રદેશમાં શ્રી કનીવાલા મુનથી અને આંધિમાં શ્રી ત્રિવેદી.

આંધિ રાજ્યની ધારાસભામાં કોઈ પચ એક રાજધારી પછે બદુપતીમાં નથી, એ કે સીધી મોટું જુથ કોમેસી ધારા સંબોળે છે. કોમેસે આજના પ્રજા સમાજવાદી પક્ષના નેતા શ્રી ડી. પ્રકાશમનેષ કોમેસના સદકારી સંખ તરીકે જોડાણને આજના વડા પ્રધાન બનવાનું નિમંત્રણ આપતાં શ્રી પ્રકાશ મે તેને રચીકાર કમે હતો. પાછળથી સમાજવાદી પક્ષની કારોબારીએ શ્રી પ્રકાશમને તેમની પક્ષ પ્રવેદી જવાબ દારીમાંથી મુકત કરવાની ના પાડતાં શ્રી પ્રકાશમે પક્ષમાંથી રાજનાનું આપેલું હતું. હવે આંધિમાં શ્રી પ્રકાશમની આજેવાની ટોળ પ્રધાન મંડળ રચવા માં આવ્યું છે, નવા પ્રધાન મંડળમાં પંચ સંબોળે છે. વધુ એ પ્રધાનોની ગિમાયક પાછળથી થશે.

આંધિ જન્મતિના શુકનર્વના દિવસે ભારતની ૧,૨૦,૦૦૦ માગાએમાં વસતિ ૬ એટલી વસતીનું જુથ ધારણ જુથુ જાણવાના ઉપથી દેશવસ્તમાં રાષ્ટ્રીય ગીક સેવાનું ઉદ્ઘાટન થયું હતું. ગ્રામ વિકાસ સંસ્થાની રચાવના પગી જાણાર એક વર્ગે આ પગથું મેરાઈ છે. આજર સાથે દંતરની વસતી વાળા મો સો આંધીનું એક જુથ અજાણી. એવા ગણ ૬૦૦ જુથોના વીકાસની આ મોજના પાછળ અગતા ૩ વર્ષમાં ૩. ૩૬,૨૫,૦૦,૦૦૦ આપશે. પંચ વર્ષે જે જનામાં ગ્રામ વિકાસ મોજનાએના આજ માટે ૨. ૬૦ કરોડની નેમાઈ છે. ઉપરાંત નેમાં ૬૬ વર્ષમાં દેશ અર્થ રાષ્ટ્ર વિકાસ કેન્દ્રની દારામાંથી જીની કરવાની જોમાઈ છે. ૧૯૫૩-૫૪ માં ૧૮૦ મામ જુથો, ૧૯૫૪-૫૫ માં ૨૭૦ અને ૧૯૫૫-૫૬ માં ૩૫૦ મામ જુથો માં આ કાર્યક્રમને અમલ થશે.

દેશમાં વિદિન વર્ગોમાં પ્રસરેલી મેકારીને દળાત માટે જાસ જાસ પ્રાંતો માં દંતરે સળાએ જાણનાનું ગિમા

રાષ્ટ્ર રજું છે. આ-મેકારી-દળાત માટે સરકાર પગમાં વિચારી રહી છે, એવા સમાચાર હું જાણી આપી ગયો છું. હવે ભારત સરકારે મેકારી પગ ની તક અને મેકારીની અરીદ શકિત વધારવા તમા દેશનું મડપમેર, મોલો-ગીકરણ કરવા માટે એક મોજના પડી છે. આ-મોજનાને પટીત મેકારી મંજુરી અળા મલ છે. તેના પર અત્યારે દીક્ષીમાં મળી રહેલી રાષ્ટ્રીય વીકાસ કોમિસીનમાં વિચારણા થશે. આ મોજનાને અમલ એક ઓલોગીક વીકાસ પ્રોપેરિશન-દારા થશે. રા-પંચ સો કરોડની મુદી સાથે, રચના નારી આ કોપેરિશન દેશમાં આજ કરી ને ન વિકસેલા ભાગમાં વીકાસ આંધીસ નવા ઉલોગો રચાવવામાં સકાય કરશે. વિદાર, મંગાળ, મુંબઈ, મદાસ, કાન પુર અને અમદાવાદ જેવા ઓલોગીક રીતે વિકસેલા પ્રદેશમાં આ મોજના નો અમલ નહિ થાય એમ યનાય છે. કાસમાં દરતી ધરાવતા ઉલોગોને જીના જન વધારવા માટે પચ તે મોનો આપશે.

આ મોજનાનું એક એવ ભારતમાં ને મોટર મેજ રેલવેના છુટા છુટા કુકા છે, તેને બધાને સાચળું દેવાનું છે, જેથી એ વિસ્તારમાં ગાસની હેર દેર મડપમેર દેરજાણીની જ્યાર વગર થઈ શકશે. આમ ચતાં ભારતના સોરાપ્ટ જેવા વીકાસ પ્રદેશોના વેપાર ઉલોગને સાચ થશે. આ ઓલોગીક પ્રોપેરિશનમાં જ્યારે જનતાને પચ નાજા રાકવાની છુટ રહેશે. સરકાર મોકાસ વાજ આપવાની બાંહેધરી આપશે.

કાસમીરની ધારાસભાએ કાસમીરના નવા વડા પ્રધાન બદી મુમ્તાઝ મહમદ માં વિચાર અકત કરતાં દરજ સંગીત થતે પસાર કમે હતો. વિવિધ વક્તા એએ શ્રી જાણીની કાપ શકિતને અજ અંજલી આપી હતી. ધારાસભાની આ મેકામાં ૬૩ સંબોળે દાજર હતા એ પહેતાં શ્રી જાણીને રીન્થ અનુક્રમ ની જગ્યાએ રાષ્ટ્રીય પરિવહ ધારા સભા પક્ષના નેતા તરીકે સુટી કાઢવા માં અજાણ હતા. ધારા સભાનું એક સંખ શ્રી દમદાનીએ જાણાઈ હતું કે, કાસમીરના રવાજ-પ સાથે અજાથેલા બળને સામનો કરીને હેલ ધારણ કરીને શ્રી જાણી અને તેમના સાથીએ એ કાજનેલી સિમત અને દર અદેથીને બાવિ ક્રિતિદાસ કારો અંજલી આપશે.

પીળ એક ધારા સભા સંબોળે જાણા થયું હતું કે, શ્રી જાણીના કાપમાં કાપ મીરનું બાવિ મંડુર્ગએ સમાપત છે. જાણની ઉપમપર નેહરીમાં તારા વિચાર જામમાં અટકાવત જોગવાના કાસમીરના ગાજ નવા પ્રધાન એજ અનુક્રમ આંધિ મોટ પ્રદેશની પ્રધાન

મોરગી અમલક ભેગની અટકાયતની પ્રવૃત્તિમાં બે માસનો વધારો કરવામાં આવ્યો છે.

ભાવનગરના મહારાજાના નાના બાઈ કુમાર શ્રી નિર્મળકુમારને ધાંડ પાડવાના યુના માટે ગોંડળના સેશન્સ જાહેર કરેલી છે વર્ષની ફેદની સળ સાથે અપીલ કરવાની શરવાતગી શ્રી નિર્મળકુમારે ભારતની સર્વોપરી અદાલત પાસે માગી હતી. પરંતુ સર્વોપરી અદાલતે અપીલ કરવાની રજા આપવાની ના પાડી છે. અગ્રે કો વાદ કરી કે, જુપતના એક સાથી દેવા થત અને બીજા ધાંચ આજુસો સાથે શ્રી નિર્મળકુમારે ગોંડળ તાલુકામાં આવેલા રીખ મામ પર ધાંડ પાડી હતી અને ૮૫૦૦ની કિંમતનો માલ છુટી લીધો હતો. ૧૯૫૨ના જાન્યુઆરીની ૧૦મી તારીખે આ બનાવ બન્યો હતો. આ યુના માટે ગોંડળના સેશન્સ જાહેર આરોપીઓને / ફેદને છે જ વર્ષની ફેદ અને બે-બે ફાળરનો છે અને ફેદ ન બદલે તો વધુ જ માસની ફેદની સળ કરી હતી. આ સાથે શ્રી નિર્મળકુમાર અને તેમના સહીઓએ સોરાષ્ટ્ર દાંડ કોર્ટને અપીલ કરી હતી. સોરાષ્ટ્ર કોર્ટમાં આવેલ આરોપીઓને કોર્ટી ઝુકવા હતા, બધારે શ્રી નિર્મળકુમાર અને બીજા અગ્રે

આરોપીઓને ઘણેલી સળને બહાલી આપી હતી.

કરાળીથી મળેલા સમાચાર પ્રમાણે જુપતે પોતાની અટકાયત સાથે સિંધ ની વડી અદાલતને ડેબિટસ કોર્પસ અરજ કરી હતી, જે વડી અદાલતે રદ કરી છે. એટલે હવે જુપતને નસીએ પાકીસ્તાનની જેલ ચાલુ રહે છે.

સોરાષ્ટ્રની એકત, ભોગાવા, શેત્રુંછ અને બાદર નદીઓ પર બંધ બાંધવા ની યોજનાઓને અમલમાં ધુકવા માટે સોરાષ્ટ્ર સરકારને અધ્યક્ષ સરકારની મંજુરી મળી ગઇ છે. આ આરોપ નદીઓ પર બંધ બાંધવાનું કાર્ય વહેલી તકે શરૂ કરી દેવાશે. આ બંધો દ્વારા આ નદીઓનાં પાણી નકામા સમુદ્રમાં બળી જતાં અટકશે અને એથી સોરાષ્ટ્રમાં ફળરો એકર જમીનને ફાવેલા થશે. સોરાષ્ટ્ર સરકારના પ્રતિનિધિઓ સાથે અગ્રે વિમાનથી કર્મી બાર આવેલા પંચે એવો અંદાજ કાઢ્યો છે કે, ભોજા અને ભોગાવા નદીની યોજના વર્તમાન પંચ વર્ષીય યોજના ના કાળ દરમિયાન એટલે કે ૧૯૫૫ સુધીમાં એકેર સો દહા પુરી થઇ જશે. જ્યારે શેત્રુંછ અને બાદર નદીની યોજનાઓ જે આ બે યોજનાઓ કરતાં મોટી છે, તેનું કાર્ય ૧૯૫૫ સુધીમાં પંચીસ દહા જેટલું જ પુરું થશે.

અમલવાદના મિલ માલિકો તરફથી મુતરાઈ કાપડના જથ્થાનો ભરાવો થવા અંગે ઉદાપોલ ચાલુ છે. જાન્યુઆરીમાં અમલવાદની ચોંદ ધોલેએ એક એક પાળી બંધ કરવાના પોતાના નિર્ણયની જાહેરાત કરી કામદારોને એક એક માસની નોટીસ આપી છે. ભારતની તમામ ધોલો પાસે અત્યારે ફરે ૪,૭૫,૦૦૦ ગાંસડી કાપડનો જથ્થો જમા થયો છે, તેની કુલ કિંમત રૂ. ૭૭ કરોડ જેટલી થવા જાય છે. સરકાર એમ માને છે કે આ જથ્થો માત્ર એક-દોઢ માસના ઉત્પાદન જેટલો છે અને તેમાં ઉદાપોલ કરવા જેવું કંઈ નથી. મીલમાલિકો કોલો કરીને એકસાઇન અને નિશાસ જગત રદ કરાવવા મગે છે. હ. મીલ સામગ્રી અને અન્ય કાચા માલના ભાવોમાં સારા પ્રમાણમાં ઘટાડો થયો છે, પણ મીલમાલિકોએ પ્રમાણમાં કાપડનો ભાવ ઘટાડ્યો નથી. હવે જો મીલમાલિકો ભાવ ઘટાડે તો આ માલ જલદી છપડી જાય. આ ફરમીયાન બુલરમાં કાપડ ના ભાવો ઘટ્યા છે. દિવાળીના હિસાબે થોડી-ધણી લેવાની રહેતાં જાહેર જાન્યુઆરીમાં ઘટ્યા નથી. પરંતુ દિવાળી પછી કાપડ બુલર પર અંદોનું સાઈ એવું મોજું ફરી વળવાની ધારણા રખાય છે. દેશની જગત મીલોમાં ફર મળિને

ફરે ૪૦,૫૦,૦૦,૦૦૦ થી ૪૧ કરોડ વાર જેટલું કાપડ ઉત્પાદન થાય છે. મુંબઈ શહેરના ફરજા અંગે ફરી વાર વિવાદ શરૂ થયો છે. નામપુર આતે મહારાષ્ટ્ર, મહાવિદ્ય અને મરાઠા વાગાના પ્રતિનિધિઓએ મુંબઈ શહેર અને નામપુર સહિત સંયુક્ત મહારાષ્ટ્રની રચના જલદી કરાવવા માટે પ્રયત્નો કરવાના કરેલા કરારો પછી આ વાદવિવાદ છિપડ્યો છે. શુભ રાત્રીઓ અને મુંબઈની મરાઠી સિવાય ની પ્રજા મુંબઈ શહેરનો સ્વતંત્ર પ્રાંત બને એમ ધમકે છે. જ્યારે જાહેર વલ્લભભાઈ અને પદ્માભીની બનેલી સમિતિએ પણ મુંબઈનો સ્વતંત્ર ફરજા ની હિમાયત કરી હતી. આ નામપુર કરારને મહારાષ્ટ્ર પ્રદેશ કેબિનેટ સમિતિએ મંજુર કર્યો છે. મુંબઈ પ્રદેશ કેબિનેટ સમિતિના પ્રમુખ શ્રી જી. કે. પાટીલ અને સમિતિના અન્ય સભ્યોએ આ કરારને સખત રીતે વખોડી કાઢ્યો છે અને મુંબઈ શહેરને કોઈપણ આવાજાય પ્રાંત સાથે જોડવાનો વિરોધ કર્યો છે. આ સંબંધમાં સામ સામ નિવેદનો બહાર પડી રહ્યા છે. મુંબઈ ધારાસભામાં એક મરાઠી સભ્યે મુંબઈ શહેર સહિત સંયુક્ત મહારાષ્ટ્રની રચનાની હિમાયત કરતા એક દરાવ રજુ કર્યો હતો. આ દરાવ પર સામાન્ય મતો કર્યા બાદ, મત લીધા વિનાજ તે રદ કરવામાં આવ્યો હતો.

## દિવાળી આવે છે.

દિવાળી એટલે સર્માં સંબંધી અને રમેલિઓમાં પાત્રભાવ અને મીઠાસ વધારવાનો અનુભવ.

તમારા કુટુંબીજનો, મિત્રો અને સર્માં સંબંધિઓના અરસપરસના મીઠા સંબંધને વધુ મીઠો બનાવવાને માટે અને હાલિએ જીએ કે બસ.

જમો અને જમ્મડો આપો અને ખવાડેવો

અમારે ત્યાંની કેફલા ૪૦ વરસના અનુભવી બનાવટની પરાકાષ્ટાએ પકોચેલી મીઠાસના આજે જેવી જુની જાણીતી અને સમરત સાલિય આદિકામાં તેમજ રોટલીમાંનાં વખણાયેલી નીચેની મીઠાસો.

## કૃતયુગી વિનોબા

લેખક : એ. બી. ખરે

કલિ-યુગનો અવનિ સંજ્ઞાનરુપ દાપર : 1  
કલિયુગરૂપિતા અવનિ કૃત સંપ્રસરે ચરન 11

જોતરેય બાહ્ય

આ ચાર્ વિનોબા બાવીની જન્મ  
જ્યતિ ૧૧મી સપ્ટેમ્બરે આવે  
છે. વિનોબાજીને આશ્વનાનો પ્રાણ  
કોમ છે અને તેથી મોખીજી પ્રેમથી  
તેમને કૃતયુગી વિનોબા કહેતા. આંખી  
જી વિનોબાજીને વિનોદમાં એમ પણ  
કહેતા કે ચારી પાસે બીજો એક કૃત-  
યુગી છે, જેમને આશ્વનાનો કોમ છે.  
જે હતા સરદાર પટેલ. જપર દોઢલા  
‘એતરેય બાહ્ય’ના સ્તોત્રમાં એનો  
કલ્પેય છે. જો ૧૬૩૨ની સાલમાં  
વિનોબાજીને મામડામાં પ્રચાર કરવાને  
અર્થે મામડાની પચપાળી વાતને વિરો-  
ધી પોતાની બદા બ્લક કરી હતી.

પણ કૃતયુગી સજ્જના, આશ્વનાનો  
કોમ જપરંત બીજા અનેક અર્થો  
યાવ છે. કૃતયુગીને અર્થ સુવર્ણયુગ  
પણ યાવ છે અને વિનોબા જે સુવર્ણ  
યુગના પુરોમાનો છે. દેવપી બરેસો.  
નરદમ જગવાદી અને વધારે પડતા  
ચંનીકરણવાળો અત્યારનો કલિ અયવ.  
મોહયુગ અતલ પામવાની તપાસારીમાં  
છે. એના પછી દેગને બદલે પ્રેમના  
શિકાંતના 1 કૃતયુગ આવશે. એ યુગ

માં નરપયોગી પંજોને બદલે શરીર  
અમના ઓરવની પ્રુતઃ સ્થાપના થશે.  
અને અખ્યાતવાદના એ સમતા સુધની  
તથા નરદમ જગવાદના અદસ્ત યતા  
જતા અંધકારની નિશાનીઓ જી.  
વિનોબાજી ક્ષિતિજ પર આજી રજા  
છે.

વિનોબાજીના ડેહાક વિચારો આરે  
મીલીક છે અને આપણે તેમના પર  
લક્ષ આપવું નોંધ્યે તથા કાળજીપૂર્વક  
તેમનો અભ્યાસ કરવો નોંધ્યે. કાંચન  
પ્રકૃતિનો એટલે કે નાશુના અણુત્વમાં  
થી મુક્ત થઈને વસ્તુવિનિમયની પદ્ધતિ  
પર પાછા જવાનો તેમનો વિચાર એનું  
જોડાકરણ છે સુદાન પણ એવા તેમના  
બીજા વિચારો પણ મલમૂઝી નીચા  
જેવા પ્રચલિત થઈ ગયા છે.

હાલ જેવા પુરાણો જાળીનના જુખ્યા  
દેશમાં નાના મોટા હજારો દાતાઓને  
સમજાવ રીસ માં એકર જેટલી  
જાળીન દાનમાં આપવાને તેઓ સમજાવી  
શક્યા એ ખરેખર અમતારજ કહેવાય.  
પણ રાજ પાસેથી તથા પતમાં જેટલી  
જાળીન પાચતા પુરાણના વાખનની

જેમ વિરોધા દીલની પ્રજા પાસેથી  
તથા સાદી બેરો માગી રજા છે. એમાં  
ની પહેલી બેટ જુમિલીનો ખાટ જાળીન  
ની બેટ છે.

ખીલું, જેમની પાસે દાન આપ-  
વાને જાળીન નથી પણ જન્મ મિશ્રક  
છે તેમની પાસે રોઝક રકમનાં દાન  
આપવાની તેઓ માનથી કરી રજા  
છે. આ દાનો દાતાની પાસે જ રહેવા  
ના છે. અને જેઓ નવા જાળીનધારી  
બન્યા છે તેમને મદદ કરવામાં તેમણે  
જે નાશુનાં સુચના આપવામાં આવે  
ત્યારે અને તે રીતે વાપરવાનાં છે.  
માણસની પ્રામાણિકતા વિરોધે આ  
ધારાવાર વિધાસ બતાવે છે કે વિનોબા  
ખરેખર સત્યપુરના માનવી છે.

ત્રોજ વસ્તુ અમદાન થઈ છે. મારે  
મન એમાં રાષ્ટ્રના કલ્યાણ માટે અપાર  
શક્યતાઓ રહેલી છે. આ માન્યતામાં  
મરીજ કે તર્કમરનો સવાલ જ હોતો  
નથી. કેમ કે, સોની પાસે જે કામ  
તો છે જ. મરીખમાં મરીખ માણસ  
પણ આમજ આવીને રાષ્ટ્રને માટે  
પોતાનો અમ વિનાશને અર્પણ કરી  
શકે. હાલના આમસક્રાંધને પોતાની  
અમશક્તિ રાષ્ટ્રને ખાતર થઈ રહે  
આપવાને એક વખત પ્રેતસાક્ષિત કરી  
શકાય તો કેવળ તેમની અમશક્તિ  
સમ્યાને કારણે પણ તેઓ અજાણ  
પરિણામ ધાવી શકે. તેઓ આપણને

મદદ કરવાને કષ્ટક અંકામપૂર્વક આ-  
જળ આવવા તો હાગ્યા છે. માનના  
મેઠાની મદત અણુરીથી જાણનાં  
મદાનો અંધાર છે તથા રસ્તાઓ તપ-  
વાર ધાવ છે એ એના જોડાકરણ છે.  
મેથક, એ કામમાં તેમને સરકારી  
તંત્રની મદદ મળે છે જ. ધીમે ધીમે  
કહે તેઓ સમજવા હાગ્યા છે કે  
સ્વામ્ય અમદા આપ મદદ એ એમ  
મદદ છે. એક વખત અમદાન થયેનો  
વિચાર જડ ધામે પછી અણુરેને જુદી  
જુદી જાતની કિતકારી પરિણામમાં  
અંતરિત કરી શકાય અને એ રીતે  
સમજ બારતની સુરત અણુક બદલી  
શકાશે.

### દિવાળી પત્રીકા તથા પંચાગ

આ વર્ષે અને પંચાગ વા દિવાળી  
પત્રીકાઓ છાપી કે મંચાવી સજા  
નથી. આથી એકર ન મોહલવા  
અમારી સર્વેને પીતલી છે.

જુની દિવાળી પત્રીકાઓ રોઝકમાં  
છે જે માફો તે છાંછે તે થી. ૨-૧  
ડાન સેજે મંચાવી શકે છે. છાપ  
ખાનાના કામ કરનારાઓ મર્પીત  
હેવાથી નામ વિરોધ છાપી નહીં છાપી  
એ એની મંચાવનાર ખાસ નોંધ લે.

*We stand for INDIVIDUAL RESPONSIBILITY in a world that puts its trust chiefly in mass movements and a regimenting State.*

## WHO ARE YOU, FRIEND?

**W**ITHOUT ever bestowing a rational thought on the subject or object, everyone is working in feverish haste convinced that in the palm of his hand lies the destiny of mankind. It is the deluded imagination of the ego and the man-of-God throws the powerful beam of his Self Knowledge to dispel this delusion. He asks man to look within himself first and to know the subject, after which alone he could have a true vision of the object and a correct understanding of the relationship between the two and thus be enabled to adopt the proper attitude to life and the world and to get a clear conception of the Goal.

A businessman to-day accumulates wealth by means, fair and foul. What is his true relation with those for whom he gathers this wealth? What effects do his hoarding enterprises have upon his inner personality? How will his actions ultimately react upon him? Which businessman ever thinks of these great questions? He has set before himself the one great ideal of the greatest accumulation of wealth. He gets into a mania and this mania is none other than Maya in her ferocious form. She does not allow him a moment to reflect on the great problems that profoundly affect him, his very inner soul! .....Till the life's end draws near the poor man and, coldly staring at his benumbed body, asks him: "Who are you friend, to deprive the poor of their livelihood and feed them you deludedly called your own? Come, come into my house now and leave them to the care of the God who alone protects them all, as He protects you!"

A politician similarly struggles to save his country from every kind of calamity and catastrophe. Friend, who are you to save the world? What is the spring board of your patriotism? Is it the Divine Will or is it some selfish motive, however subtle and glorified it may be? ...But the politician has the least time or inclination to analyse! Maya keeps him ever busy and ever externalised, ever seated on the high pedestal of a social reformer where none but he can sit!

Similar is the case of a religious preacher on whose lips ever dwells the loftiest Upanishadic Mantras and scriptural texts. He can, and he is ever eager to, show you the Path to Salvation! Who are you, friend, and what are your qualifications? What is the depth of your wisdom? Have you ever had time to look within your self and mind your own spiritual progress or have you abandoned yourself to finding others' faults and preaching to others?

When this search-light of self-analysis reveals the true nature of things, the businessman would realise that the Lord is the Protector of all and as the distributor of commodities, his duty lies in serving the people without ever thinking of hoarding. He will understand his business better and he will feel his business is to purify himself by serving his fellow-beings.

The politician will feel humbled before the Supreme Being who is the True Saviour of every Soul and he will adopt the humble attitude of a servant of humanity, treating politics as his Sadhana.

The religious preacher will apply himself to the vigorous and rigorous practice of Sadhana and self-analysis, to annihilate the ego and to let thereby the Light of

## NOTES AND NEWS

### Balfour Europeans Do Not Object To Indians

THE Balfour Town Council opened its case for the proclamation of an Indian group area in one mood and closed it in a very different spirit, writes *The Star*, (Johannesburg). Between the two lay all the difference between the ideological and the practical approach, and the council's second thoughts contrasted favourably with the showing of the Nylsroom authorities who remained unmoved when confronted with a similar set of arguments.

Balfour began by proposing that the Indians should be moved two miles out of town. It is hard to escape the impression that they were merely doing what they thought was expected of them as loyal supporters of the apartheid idea, well knowing that their proposal would not bear a moment's serious examination.

When the committee of the Land Tenure Board got down to take evidence, it quickly emerged that there was no public demand for the removal of the Indians from the portion of the town they now occupy. On the contrary, there had been public protests against the proposal, and the Indians' nearest neighbours, a group of railwaymen, had specifically asked that they be allowed to remain.

The best the council could say to this was that if the railwaymen did not mind the Indians, then they evidently did not know what was good for them. But it was a half-hearted argument, and, having made their demonstration, the councilors assembly accepted the obvious alternative. The Indians will not only be allowed to remain where they are but will be given some room for expansion.

This will, if approved, become the group area, so that houses are rented and so are the customers who find that the Indian traders give them the service they want. Practical co-existence have won

out, and the Act is seen settling down nearer the real needs of the situation. Towns next on the list of applicants should take note.

### India Challenges Danges Statement

Indian Government officials in New Delhi described to-day as "totally misleading" a statement by the South African Minister of the Interior, Dr. Danges that information from India on the genuineness of marriage and birth, in respect of wives and children of South African Indians, had become very unreliable. Dr. Danges made the allegation in a speech in Parliament on the Immigrants Regulations Bill. Indian officials said that in the past 26 years the South African Government had not challenged any certificates about the bona fide of wives and children issued by the Indian Government as required under the Cape Town Agreement of 1927. These certificates were issued after detailed inquiries which, in some cases, took more than two years.

### N.Z. Backing For S.A. U.N.O. Probe

The Opposition Leader, Mr. Walter Nash, attacking New Zealand's attitude at the United Nations General Assembly meeting in refusing to discuss the South African racial problem, said in Wellington that unless Apartheid was dealt with "we will run into more trouble—racial war—than any possible conflict with Russia." Mr. Nash said there was nothing so crucial, important and imperative before the world today as the racial problem in South Africa. It was a United Nations matter if the problem was one which was menacing the peace of the world. The Minister for External Affairs, Mr. Clifton Webb, said New Zealand voted against South Africa's racial problem coming on to the General Assembly's agenda because the United Nations had no authority to intervene in a matter essentially under South Africa's own domestic jurisdiction.

### "Partnership Is Not Miscogeneration

The Rhodesian Federal Party had never included racial integration in their policy—that was an invention of the Confederates, said the Federal Prime Minister, Sir Godfrey Huggins, when he addressed the inaugural meeting of the Women's Federal Party Association in Salisbury today. "It is nothing but bogey-bogey stuff to suggest that Federation will mean any great change in the set-up between Black and White in Southern Rhodesia," said Sir Godfrey. "I always understood that we had partnership already, in that the Africans can earn one. 'Because we stand for a policy of partnership, that does not mean we envisage miscegenation. We have gone on together all these years and although there has been nothing in the law to stop it, only a very few, peculiar people have gone in for miscegenation. 'The truth of the matter is that neither the Europeans nor the Africans approve of it. It will be the people's fault if there is any further mixing.' Sir Godfrey said that when the electorate accepted Federation at the referendum, they accepted the principle that Africans would be let into Parliament. Answering a question about his references in Ndola on Saturday to "African Nationalists" in the Federation, Sir Godfrey said: "We were one people, and we never had any of this nonsense until Smuts died. Then we had a wave of Afrikaner nationalism forced on us from outside. 'If you go into history, you will find that Rhodes occupied this country with all sorts of people, including Afrikaners, and Afrikaners have always been decent and loyal Rhodesians. 'We always got on well together, but when we have this forced on us, we must act.'—Sapa.

### Education Ban On Foreign Non-Europeans

After January 1 non-European students from territories outside the Union will be banned from educational institutions in South Africa, says, the South African Institute of Race Relations. In February 1951, the department of Education, Arts and Science gave notice that neighbouring territories would be given three years in which to establish their own educational facilities, after which institutions in the Union would be closed to them. The Institute says the ban appears unnecessary and harsh as no other facilities for higher education and special training are available in Southern Africa to non-Europeans.

### Unemployment Raising

The number of unemployed people in the Union at the end of August had increased by 400 over the previous month. The number of unemployed on August 31, 1953, was 12,490. Applications for employment during August totalled 20,091, which was an increase of 900 over July. Cape Town had the highest number of unemployed at the end of August with 4,657. This figure included 3,625 Coloured men, women and boys. In Johannesburg the number of unemployed at the end of August was 2,658, compared with 2,570 at the end of July, and in Pretoria there were 493 unemployed at the end of August and 470 at the end of July. George, with 106 unemployed at the end of August, and Kimberley with 174, had the lowest figures for the nine principal areas in the Union.

### Baghdad Paper Urges Ghaffar Khan's Release

The Baghdad daily "Al Ittihad" of October 4 urged the release of Khan Abdul Ghaffar Khan at present interned in Pakistan. Describing Ghaffar Khan as "a great leader who fought gallantly against British imperialism," the paper says: "News that there are indications of a settlement of Indo-Pakistan problems and of the return of the natural brotherly atmosphere, we deem it not only fair but also the natural duty that this Muslim leader, who is respected by both Indians and Pakistanis and remembered as a man who sacrificed everything for the liberation of his country and the unity of his nation, should be released. We trust Mr. Mohamed Ali, the Pakistan Prime Minister, will release this beloved leader."

### No Decision Made On Pakistan Republic

Before leaving for the United Nations General Assembly in New York, Sir Mohammad Zafarullah Khan, the Pakistan Foreign Minister, said that no decision had yet been taken about the declaration of a Pakistan republic.

## WHO ARE YOU, FRIEND?

(Continued from front page)

The Self shine through his Buddha in that Light would aspirants effortlessly find their path to the Goal.

There poses before you this great soul-stirring question: *Who are you, friend?*

Not even in the answer to the question, but in the question itself, is peace and prosperity hidden! The moment one asks this question of himself, there descends on him an ineffable

peace and bliss that surpasseth understanding. For, at that moment his gaze is turned inward; he swaps the pain-bonds that bind him to this miserable mundane plane; he seeks (if only he seeks) the Self within—and that moment itself he enjoys bliss. Who would desire from diving deeper within after tasting such joy on the very surface of this ocean of bliss?

## NYLSTROOM'S 198 INDIANS MUST GO OUT OF TOWN

### —COUNCIL'S REPRESENTATIVE

**NYLSTROOM'S** 198 Indians must go. Their place is outside the town. They will suffer losses and substantial losses—but go they must. The White man can no longer stand their omnipresence.

In these words Mr. V. J. Helmstra argued the Nylstroom Town Council's application to set up an Indian group area a mile from the town in the veld, at a resumed hearing before a two-man committee of the Land Tenure Advisory Board.

"Who is to blame for all this?—the Indians themselves. For 72 years now they have defied the laws with all their cunning. The justice of this new arrangement is this—It will end for all time thorough domination of a White man's town."

Then, referring to Dr. George Lowen, a Johannesburg advocate, who is appearing for the Indians (and who is a member of the Jewish faith who fled Germany after the advent of Hitler), Mr. Helmstra added: "My learned friend over there should know what happens when racial animosity is roused, and what happens when members of a foreign group concentrate on one profession."

Dr. Lowen rose to answer him: "This speech tops all the others we have heard here."

"He speaks of the fact that the Indians can expect no rights, can expect no appeal for humanity. This seems to imply the threat that they will get nothing."

"And let me as a non-Christian, answer his other threat: Does his knowledge of the history of racial animosity end with the demise of Hitler? Hitler is the 'late' now and the Jewish faith and spirit moves on."

"Perhaps he will learn one day that justice will prevail; humanity will survive, even against those that try to suppress it."

Not one of the town councillors had come forward with any reason for a group area.

And there was good reason for their reticence. They had not once discussed the implication of this Act, nor once had they even thought, of the hardship this application would entail, nor of the fact that the Indians would lose nearly a £100,000 of assets, without any compensation.

The churches, too, had been brought into the argument and the only reason they could suggest for the removal of the Indians was that they were "disturbing" to the Christian National Afrikaner.

### Nylstroom Plan To Move Indians Criticised

Unless the local authorities complied with certain requirements, the Townships Board would not pass proposals for a new township, Mr. T. H. van Niekerk, a Pretoria town consultant told the Land Tenure Advisory Board in Nylstroom.

The Provincial Administration was opposed to the erection of unhygienic and unsuitable dwellings in any new township, said Mr. van Niekerk.

It was laid down that 250 gallons of water a day should be supplied to residential areas, and 1,000 gallons a day to industrial areas.

A suggestion by one of the witnesses for the Town Council, Capt. H. L. Venter, commandant of the local Skier Commando, that Indians skilled in the new township would be able to engage in gardening, was impossible without an additional water supply.

The chairman of the committee is Mr. W. F. Nel, a retired magistrate, with Dr. P. van Blijen, the member.

Mr. V. G. Helmstra (instructed by Messrs. Odendaal and Viljoen)

is appearing for the Nylstroom Town Council. Dr. G. Lowen (instructed by Mr. A. I. Minty) for the local Indian community. Mr. L. R. Dixon (instructed by Mr. R. M. Bhoolia) for the Transvaal Indian Congress, and Mr. Minty and Mr. M. M. Gardee for the Transvaal Indian Organisation.

### Another Town Asks To Have Indians Moved Into Veld

The Municipality of Wolmaransstad applied to a committee of the Land Tenure Advisory Board to send its 100 Indians out of the centre of the town into its townlands across the railway line. The application was made in terms of the Group Areas Act.

It was proposed to move the town's entire Indian population to one of two new sites in the veld more than a mile from the business centre of the town.

It was also proposed to establish a Group Area for Coloured people on the eastern boundary of the town.

## THE INDIAN TRADERS

The 'Rand Daily Mail' writes as follows in its issue of October 10:

JUDGING by some of the arguments submitted to the Land Tenure Board's committee, the meaning of "group areas" has now taken on a very clear pattern in the plateland. It means, according to the current interpretation, that the non-Europeans can be moved, at the wish of the Europeans, to a place which the Europeans consider desirable for them. As far as we can see the feelings and attitude of the Europeans are the only considerations; these must be catered for.

Since the principle of "group areas" has now been given statutory sanction, it has to be accepted; but surely not quite in the spirit now being shown. In many Transvaal towns it has been suggested that Indian traders—many of whom have been in business for decades—should simply be pushed out of their shops. They are to be "compensated," of course, with other trading sites; but in most cases the compensation is not worth much. The new sites for Indians are usually planned "on the other side of the railway line," or "across the river," or "behind the plantation." Invariably, the trading site is some inconvenient spot where the trader, more likely than not, will be ruined.

Perhaps one ought not to be surprised at these developments.

The existing Native location is on the south eastern side about two miles from the centre of Wolmaransstad.

The hearing was the fifth to be held in the Transvaal since the Group Areas Act was passed in 1951. So far, evidence has been heard at Lydenburg, Carolina, Nylstroom and Balfour.

The members of the Board were Mr. F. Nel (chairman) and Dr. P. van Blijen.

Dr. George Lowen, for the Indian community of Wolmaransstad, said that before any evidence was led he wanted to object to the Committee hearing the application as it had no *locus standi*.

"I submit that this Committee is not competent in terms of the Group Areas Act to hear this application," he said. "The application should be made before a meeting of the full Board."

The chairman said that he would give a ruling later.

The Committee then adjourned for an inspection *in loco*.

They are consistent with the policy of apartheid; but they also show how the concept of apartheid becomes progressively more restrictive unless adequate steps are taken to keep the tendency in check. Fundamentally, the reason for moving Indian traders is that white and non-white groups should be separated. Now it is taken a stage further, and the Indians must be moved, it is claimed, because they are business competitors of the Whites. This is a very different proposition, and it shows how swiftly one can slide down the slippery slope. We have already reached the stage where people are openly demanding that Indians be sent to areas where their whole livelihood may be in jeopardy. We do not think such a demand reflects great credit on those European traders who make it, or on the province as a whole.

This sad thing about all this is the apparent composure with which the uprooting is contemplated. While we concede that the problem is full of complexities, there is still room left for some display of thoughtfulness and (dare we say it?) even kindness. To those who are so concerned about driving the Indians into the veld, we do say: A little more humanitarianism, please.

## INDIAN REPLY TO MR. WILSON

THE articles written by Mr. N. H. Wilson and published in 'The Chronicle' showed that it was possible to read history wrongly, to misinterpret it and even to misapply it, Sri Purabi, of the Gandhi-Tagore Institution, told Bulawayo Rotary Club luncheon meeting.

"It is like looking through a telescope from the wrong end; everything is there but distorted and therefore not true: big things look small and things that are near, far," he went on, adding, "I was reminded of the words of a great man who said all that the story of history shows is that man learns nothing from history."

"The articles referred to battles in Europe that took place in the seventh and tenth centuries. I do not know if this refers to the battle at the walls of Vienna and at the foot of the Pyrenees."

With the help of this faded past the writer tries to conjure up in the imagination of the readers a lurid picture of the future and he makes a frantic appeal to save what he calls 'European' civilisation.

"I do not quite understand what he means by European civilisation because it has during the last two centuries given to the world a two-fold strand. Scientific materialism as the dominant note of the human spirit in the one strand. The second is the evolution of a new ideology, international in its outlook and working, based on scientific materialism, insisting on class-war, or class conflict as the only method, and domination of the proletariat as its aim."

"Mr. Wilson did not refer to these aspects of European civilisation. In this context witness what France is going through at the moment, or for that matter, for the last five years and you will see what I mean."

"Mr. Wilson laid before us his way of looking at the past but he seemed to be oblivious of the most colossal events of the present. European civilisation, he seemed to think, was the highest product of the human genius. There were aspects of it that were brilliant and indispensable to man's collective life. But when Europe, during thirty years, insisted upon itself and the world saw devastating catastrophes, one might ask whether it was Asia or Africa that brought them about."

"Mr. Wilson seems to regret England's yielding to India's demand for freedom. I am sure that time will give a different judgment. England, by this one

act, out of many she has committed, has made history, and the soul of the nation has gained immensely by it.

"I do not want to be controversial in my thesis. I do not want to answer Mr. Wilson Time Spirit, I believe, has already given the answer, though in obscure corners of the globe like South Africa and in outmoded individual minds the old ideas may still persist. I have taken this article only as a typical attitude of an intelligent man. The tragedy is that such an attitude, by its one-sided insistence, hampers the realisation of the great

goal of human unity, which the Time-Spirit is pressing on.

"The problems of men were not economic or political. Man's national consciousness had to be freed from its egoism and selfishness and had to grow to a wider consciousness of humanity. Man's problems would not be solved by outer methods and machinery, not by adjustments, arrangements or constitutions. Man's problems were psychological.

"The change required in man is an inner change, a psychological change. However perfect the outer constitution, man will always drag it down to his own imperfect nature, which is subject to desires, ambitions and ego."

## 'ASIA NO LONGER A CAMP FOLLOWER'

PRIME MINISTER NEHRU said in Madras on October 2 that the Western Powers must realise that though Asia might not have the atom bomb or hydrogen bomb, she had definite strength and bigness to resist being pushed about this side or that. Mr. Nehru, who was addressing a public meeting, declared that the present temper of Asia "refuses to be coerced and sat upon."

Mr. Nehru said it was an odd thing that Europe had not completely got rid of the idea that Asia should still be their camp follower, despite her becoming independent. The old idea that countries of Asia would never become independent in the foreseeable future had not completely disappeared from the minds of people of the West. "It has not been realised that a big change has come over the world forced by the fact of Asia having changed and great independent countries coming up."

It was a patent fact, said Mr. Nehru, that Asia might not have the atom bomb or hydrogen bomb. Asia might not desire to have the atom or hydrogen bomb. But something had happened which had given her definite strength and bigness to resist being pushed about this side or that way.

India, Mr. Nehru said, was following an independent foreign policy and not a neutral policy. When he talked about an independent foreign policy of India, said Mr. Nehru, some countries criticised it and did not understand it. "What Indian foreign policy means is that the decision rests with the people of India. It also means refusal to be pushed about this way or that way," he declared. Mr. Nehru said many of the policies which were being pursued by European countries

somehow lacked experience because of the lack of knowledge of the mind of Asia as it was today. Unfortunately, the people thought too much in terms of armaments each country possessed. No doubt they were important as also the economic growth of the country. But there was something which was at least as important, if not more so, and that was the way the minds of millions of Asian people worked. He said there was a commonness of approach in the minds of Asians. "In so far as foreign domination is concerned, in so far as colonialism is concerned" we intend resisting them. That is the normal reaction of the Asian mind. This is not adequately realised in Europe," said Mr. Nehru.

Mr. Nehru referred to the great changes that had taken place in Asia and the rising up of new China. "Does anybody doubt there is that state of China existing?" he asked. "It has a strong Central Government. It is not a question of your liking or disliking it. The fact is that a great state is existing there, extending

its realm throughout that vast country. Yet people said that so far as they were concerned that state did not exist."

Non recognition of China by the United Nations and elsewhere was a major factor. "It is an extraordinary way for great statesmen to shut their eyes to the patent and obvious fact of its existence," he said.

It was a peculiar thing, said Mr. Nehru, that in Europe and America, in spite of the fact that there were many wise and inquisitive men, they had not as a whole understood the tremendous changes and tremendous ferment in Asia. They talked to us in one way: "Are you with us or against us?"

This was an extraordinary question to ask, said Mr. Nehru. Hundreds of millions of people exist and promise to continue to exist and carry on in their own way of thinking without being pushed about this side or that side. "This is a basic fact which has not percolated the minds of many people in the West," he declared.

Turning to India, Mr. Nehru said that these six years of independence had been years of solid achievement, although she could not claim to have solved every problem. Mr. Nehru said that notwithstanding the fact that she was a weak country militarily and financially and had her own problems and difficulties to solve, India was thought of with respect and listened to by innumerable people in the world. This was a remarkable thing to achieve within seven years of independence from the greatest colonial administration.

## FEDERATION DEBATE BACKED

**S**UPPORT for the plan sponsored by the Rev. Michael Scott on behalf of the Nyasaland chief to have the question of Central African Federation placed on the agenda of the present session of the United Nations is growing.

S.A.P.A.'s correspondent learns that the Arab Asian group, which leads the anti-colonial members in the Trusteeship Committee, has endorsed the plan.

India first stirred the interest of the Trusteeship Committee in federation when it called last week for the distribution of the petition from 83 Nyasa chiefs protesting against federation. This petition had been forwarded by Mr. Scott to the Secretary-General of the United Nations.

When there was no response to India's proposal, Guatemala re-opened the subject, calling for the circulation of the petition and Mr. Scott's letter, which suggested that federation be placed on the agenda of the present session.

Dr. Santiago Perez, of Venezuela, the chairman, asked if there were any objections to the circulation of the letter and its enclosure. There was none, but as the chairman ruled that the document would thus be circulated, the South African delegate, Dr. W. C. Naude, raised his arm.

The chairman called on him to speak.

"The committee having decided on the circulation of this letter," said Mr. Naude, "I ask to have it recorded that the South African delegation fully reserves its position in this matter."

Dr. Naude, who is the Union Consul-General in Lourenco Marques, gave no reasons for the unexpected South African intervention. Later S.A.P.A.'s correspondent ascertained that the Union delegate's remarks applied to that part of Mr. Scott's letter which referred to the British Protectorates in South Africa.

The relevant portion of the letter reads: "The African and Asian inhabitants of Tanganyika, Kenya and Uganda are anxiously watching the developments in Central Africa. No less anxious are the African

inhabitants of Bechuanaland, Basutoland and Swaziland, who are apprehensive of any changes in the status and jurisdiction of their territories, in view of the demands repeatedly made in speeches by Dr. Malan for their incorporation into the Union of South Africa."

## Scott Documents On C.A. Federation Sent To UN Committee

The Trusteeship Committee of the United Nations General Assembly yesterday decided to circulate among its members a letter from the Rev. Michael Scott, the Anglican missionary, asking to have the question of the Central African Federation placed on the agenda of the Assembly's present session.

Mr. Scott, in his capacity as an observer of the International League for the Right of Man and, as he claims, the authorised spokesman of 83 Nyasa chiefs who had opposed the federation of the Rhodesias and Nyasaland, had written to the chairman of the Trusteeship Committee, requesting that the question be placed on the agenda.

Released with the letter were a number of documents which Mr. Scott had enclosed with his communication. They were:

(1) A petition from the Nyasaland chiefs "That the proposed Central African Federation be examined either by reference to the International Court of Justice for an advisory opinion, or by some other appropriate organ or commission."

(2) A memorandum of treaties with the chiefs of Nyasaland and Northern Rhodesia, including texts of treaties.

(3) Copies of letters from the petitioners and from Mr. Scott to the United Nations.

(4) Legal opinions of Mr. Dinglefoot and Mr. Kenneth Diplock, Q.C., "On possibilities of reference respectively to the courts of Nyasaland to the United Nations for an advisory opinion of the International Court of Justice."

(Copy of a petition of Nyasaland chiefs of Queen Elizabeth, dated January 13, 1954.

Mr. Scott, in his letter to the Committee's chairman, said that

during his visit to Nyasaland in Spring, 1953, he was asked to convey to him "observations" which were attested by 83 Nyasaland chiefs and similar observations from African members of the Legislative Council of Northern Rhodesia and the Northern Rhodesian African Congress.

"The Africans and Asian inhabitants of Tanganyika, Kenya and Uganda are anxiously watching developments in Central Africa," wrote Mr. Scott.

"No less anxious are the African inhabitants of Bechuanaland, Basutoland and Swaziland, who are apprehensive of any change in status and jurisdiction of their territories in view of the demands repeatedly made in the

course of speeches by Dr. Malan for their incorporation in the Union of South Africa.

"Inevitably their incorporation into the Union would have a close bearing on their social, educational and economic conditions."

Mr. Scott's letter contained extracts from the petition presented by the Nyasa chiefs in which they alleged that the progress of the African people would be retarded and obstructed by Central African federation and "the enforcement of colour barriers which already exists in the political, economic and social spheres, especially in Southern and Northern Rhodesia."

## MR. GELL'S LETTER TO THE SECRETARY TO THE HIGH COMMISSIONER FOR INDIA

**T**HE following letter dated October 29 was addressed to the Secretary to the High Commissioner for India by Mr. C. W. M. Gell:

Dear Sir,

I have only just read 'India News' for September 26.

On page 317 it is reported that Manilal Gandhi surrendered to the police on September 17 to serve his sentence. The report continues: "Earlier last week he had decided to serve his sentence instead of paying fine."

To anyone unacquainted with the facts this would suggest that Manilal, who was sentenced last February, had previously considered paying his fine. This is far from the case. Manilal, Patrick Duncan and some others committed their act of *satyagraha* in Germiston location on December 8 as part of the Defiance of Unjust Laws Campaign then in progress. Together with some other minor laws they chose to defy a recent regulation proclaimed by Mr. Swart, prohibiting anyone from holding meetings in locations without permission. Since the African National Congress and the South African Congress, which were together planning the Defiance Campaign, wished to challenge the validity of Mr. Swart's regulation, Manilal reluctantly agreed to stand with his fellow accused in bringing an appeal against their conviction in the Magistrate's court.

However, in the following months the Government proceeded with further acts and legislation which both Manilal and Duncan considered called for further protest. Deciding that the other accused could carry on the appeal without

them, they decided to withdraw their appeals in their own personal behalf. Duncan announced his intention to serve his sentence of 100 days in protest against the Minister of Native Affairs' decision to proceed with the Western Areas removal scheme. Bad health has temporarily delayed him. Manilal protested particularly against the Swart Acts, the very numerous bannings under the Suppression of Communism Act, the Reservation of Separate Amenities Act and the Bill to ban the entry of Indian wives and children.

As Manilal is now in jail, I think he would like me to make it quite clear that there was never any question of his paying his fine. He committed his offence by way of protest and willingly pays the penalty. It was only a matter of when to withdraw his appeal. And I am sure he would wish me to ask you to draw the attention of the editor of 'India News' to the misleading report in so normally authoritative a source. Yours faithfully,

C. W. M. GELL.

# A.N.C. AND S.A.I.C. MEMORANDUM TO UNITED NATIONS

## EFFECTS OF DISCRIMINATION

(Continued from last week)

THE evil effects of race discrimination of the non-white peoples of the Union of South Africa are clearly to be observed in our poverty-stricken and bare manner of life. Herded in dreadful slums, haunted by hunger, tuberculosis and other avoidable diseases, clothed in rags, we live in the shadow of terror, insecurity, sickness and death. The noble conceptions of freedom from fear and want, freedom of speech and movement, respect for fundamental rights and human dignity—all these are but a glorious dream, far removed from the reality of our daily lives.

The non-white South African knows no security or privacy. At any time of the day or night he may be stopped in the streets, about his lawful business, he may be challenged by a policeman, his passes, tax receipts or other papers demanded. Should but one be missing, he is bundled into the police "pick-up van"—perhaps not to see his wife and children again for many a long day. In the dead of night, his house will be rudely entered, while police search his house for beer, demand his pass, awake the sleepy children. No house is spared, weary labourer, aged invalid, young lovers, teacher or priest—all must arouse themselves and open quickly the doors when the impatient police are on yet another of their endless "raids" of African locations. And even if every paper is in order, you will yet spend the night in the cells should you speak grossly and not cinge to the police. Your crime is your dark skin.

It is not possible to deal with all the effects of apartheid on the peoples who suffer from it. The following paragraphs indicate some aspects of the effects of race discrimination.

### Housing Conditions

(b) Non-whites working in the cities and living there with their families are subjected to the most appalling living conditions. The 13th Report of the Social and Economic Planning Council, issued by the Union Government in 1948, states:

"There exists a very acute shortage in urban areas of houses for non-Europeans. The estimated shortage of houses was 60,000 for Europeans and

125,000 Non-Europeans in 1943, with a further 140,000 European and 250,000 non-European houses needed up to 1955. The development of urban accommodation has not kept pace with the growth of the population.

"Some non-Europeans are housed in municipal hostels, in compounds, or on their employers' premises. The rest are scattered through the cheapest quarters, or segregated in locations and villages, or live in peri-urban black belts, such as the Oape Flats, Alexandra and Eersterust and Riverside outside Pretoria. In the first and last types of area accommodation is almost uniformly bad. The Inter-Departmental Committee on the Social, Health and Economic Conditions of Urban Natives found that the majority of the Native urban population is living in houses which are 'of such construction or in such a state or so situated or so dirty or so verminous as to be injurious or dangerous to health.'

"The housing schemes built by local authorities usually have substantial, well-constructed houses. Because of the high cost of building labour and material, however, these houses are generally small. In many instances these housing schemes have been overcrowded from the time of occupation, and gross overcrowding has led to the formation of squatter's camps on the outskirts of the housing schemes. Overcrowding is an important factor in the spread of infectious diseases such as tuberculosis.

"The Social Survey of Cape Town showed that 36 per cent of Coloured households were overcrowded (using a tolerant standard of crowding) and only 28 per cent were not crowded. Among European households, 3 per cent of all, and 7 per cent of manual workers households were overcrowded, and 10 per cent of all and 33 per cent of manual workers' householders were crowded. According to a survey conducted by the Department of Economics, Natal University College, using a slightly different but also by no means strict standard of crowding, it is estimated that in Durban in 1943, 53 per cent of European, 48.1 per cent of Asiatic, 33.2 per cent of Coloured and 39.4 per cent of Native households were overcrowded.

"Rent is an item which absorbs a very considerable portion of income in urban areas. In South Africa minimum rentals even in the slums are very high. In 1936, European families with incomes of £325 and under £325 were paying about 25 per cent of their incomes in rent, the percentage only falling to 20 per cent in the income group £325 to £550 a year. In October, 1940, taking the South African rent index as 1000, the index for the United Kingdom was 369, for Canada 724, for Australia 702 and for New Zealand 788. Unskilled and semi-skilled wages, however, are lower in South Africa than in Britain or the other Dominions."

Africans are prohibited in terms of Urban Areas legislation from owning or renting property outside of municipally-owned and controlled areas (called "native locations.") The urban authorities are elected by the votes of the whites only, and the tendency has been towards the most scandalous neglect of the housing needs of the Africans in the towns.

(b) The Rev. Father T. Huddleston, addressing the Johannesburg Synod of the Anglican Church on October 27, 1952, pointed out that:

"The worst slum in Johannesburg was Orlando, which had 4,000 shelters, each about 10 feet square. In these lived 6,500 families, or about 35,000 people, and the sanitation provided was appalling.

"Next in order of priority was the Moroka temporary township, which had been due for demolition a year ago, and in which 20,000 families—about 37,000 people—lived on plots about 10 feet square. In Moroka the sanitation was better, but the infant mortality rate was high.

"Figures which I obtained from the Medical Officer of Health show that the mortality rate is 254.18 per 1000 births. That means that one in every four children will die before the age of a year.

"The third slum which should be removed was Pimville. It had been condemned 20 years ago, but still housed 20,000 people in what some still thought were ideal homes. All three were owned by the City Council."

It should be noted that Johannesburg is the largest industrial centre in the Union, and that the City Council has a majority of members of the United Party, which claims to be the liberal opposition to Dr. Malan's Nationalists.

### Transport To Work

(c) It should be noted that owing to racial prejudice and also the desire to use the cheapest land, the urban authorities have invariably sited their "Native Locations" at a considerable distance from the centre of the city. The African worker is therefore faced with a great deal of expenditure and inconvenience in travelling to and from work. The Social and Economic Planning Council reports in this connection:

"As regards Natives, transport must be considered along with rent, since the national policy of segregation and the practice of local authorities to house Natives and other non-Europeans in some cases) away from the areas occupied by other races have created in South Africa the unique phenomenon that the lowest paid workers have to live farthest from their work.

"The Bus Services Commission of Inquiry in 1944 estimated the "fixed costs" of rent and transport as a percentage of family income as follows:—

| Percentage of Income Spent On Rent And Transport, Urban Native Families, 1944 | Percentage of Family Income |           |                    |
|-------------------------------------------------------------------------------|-----------------------------|-----------|--------------------|
|                                                                               | Rent                        | Transport | Rent and Transport |
| Johannesburg                                                                  | 17.13                       | 6.1       | 23.3               |
| Reet Towns                                                                    | 19.7                        | 5.3       | 25                 |
| Pretoria                                                                      | 25.4                        | 8.1       | 33.3               |
| Vereeniging                                                                   | 10.7                        | 7.        | 17.7               |

### Group Areas

(d) The existing housing shortage will be gravely aggravated by the implementation of the Nationalist Government's gruesome "Group Areas" legislation. A characteristic example of the cruelty of the Government's scheme for the Western areas of Johannesburg. Despite the appalling housing shortage in Johannesburg the Government proposes to uproot 83,500 non-European people from their homes in the Western Areas of Johannesburg because these areas are "black spots" surrounded by "white" suburbs. Thus the non-white people

are to be ejected from the only remaining substantial areas in Johannesburg where they still have freehold land and property-ownership rights. They will be treated as tenant plots ten miles from Johannesburg, on which they will be expected to erect their own shanties. A community of 33,500 people, with streets, shops, churches, schools, cinemas, sports fields and hospitals, built up over 50 years, is to be destroyed in the interests of "apartheid".

### On The Farms

About two and a quarter million non-white people live and work on farms owned by white farmers.

There is no legal minimum wage for farm workers. Probably half receive no cash wages at all.

"Where the wage is kind is the only wage, the contract usually takes the form of labour-tenancy, the worker giving up 90 days' service in exchange for residence, grazing, arable land and a ration of food while he is actually working. There are no accurate figures available of the cash value to the labourer of this return for his services but an average of £25 a year for a family of five would probably be an exaggeration." (Black Man's Burden—John Burger)

According to the Government Bureau of Census and Statistics, while white labourers and other white workers on farms are paid an average of £30 a month in cash and kind, non-white labourers get an average of £12 15s a month in cash and kind; a man getting about £3 10s a month and a woman about £1 15s.

Conditions vary from one area to another. Sometimes the labourer must give 90 days' service a year, sometimes 3 days a week. In some areas African farm labourers get a cash wage varying from 5s. to 20s. a month, and in kind a piece of land to plough, grazing for a few animals, a hut which the worker must build himself, half a bag of maize meal a month and other rations, water and fuel.

Women in domestic service on farms are paid much less and children are paid up to 2s. and 6d. a month.

For these wages the farm labourer does exhausting work from dawn to sunset. He gets no compensation for injuries, no hospital treatment, no schooling for his children. He lives in mud and thatch huts, is underfed, clothed in rags. Often he is physically maltreated and abused by his em-

ployers, with no protection from the law. The majority of agricultural labourers, like the men in the Reserves, are in debt, and this indebtedness of farm-workers to their employers (often to the extent £10 or £15 or more than a year's wages) fetters him to the farms.

Indebtedness and the Master's and Servants' Act and Pass Laws enslave the farmworker.

Contracts between the labourer and his farmer are rarely in writing and disputes arising from them are common. The Pass Laws stop the African from moving to a new farm and better conditions, for he may go only with his employer's consent.

The share-cropper's destiny is, again, in the hands of the farmer. As long as he is allowed to stay on the farm he may cultivate on his little piece of earth and struggle to feed his family. But every year families who have been given notice to leave (their "leaspass") by farmers, perhaps because their labour is no longer needed, or there has been a dispute between master and servant, have to move off (often without reaping their crops in the field) with family, cattle and all possessions, in search of a new temporary foothold.

Conditions on the farms are so wretched that the Union suffers from a perpetual farm labour shortage. This shortage and the drift from the land to the towns in search of better conditions will never be solved until farm conditions are improved.

But, instead, the Government follows a policy of restricting the entry of Africans into the towns, deporting workers from the towns to the country areas, using convict labour to work on the farms, and in general using compulsion to supply the farmers with cheap labour. This maintenance of cheap labour to the farms (and the mines too) is done through the notorious Pass Laws.

The farm prison system is another evil method by which men are forced to do farm work. There are today 13 farm prisons in the Eastern Transvaal, in the Free State and in the Cape. On August 29, 1953, when the Minister of Justice opened the newest farm jail at Klein Drakenstein in the Cape, he said in his speech that the farm jails were his "baby" and it had been his policy since he had become Minister of Justice that they be established. He said many more would be opened in future.

Farm jails are founded and erected by groups of farmers in certain districts, with the approval and assistance of the Department of Prisons. For example, 22 farmer shareholders invested £25,000 in the first farm jail to be built at Genova in the Free State. Convicts are then allocated to these jails by the Department of Prisons, and are guarded by warders or farmers, the latter receiving their batch of convicts each day, and in some cases, themselves standing watch over them in the fields.

Farmers in Carolina, Eastern Transvaal, who employ convict labour, decided to send a deputation to the Minister of Justice for the tightening up of security measures to guard their prisoners. They wanted their white guards to be armed with shot guns instead of .303 rifles they at present carry.

It has been estimated that 25 per cent of farms in some districts are dependent on African convicts for their supplies of labour.

In July 1953 one of the Senators representing Africans in Parliament made representations to the Minister of Justice on charges of rough handling of prisoners in farm jails in the Bethal area during the months of April to June. He cited an example of one jail where an African convict had had his eyes kicked out.

The Institute of Race Relations carried out investigations into the treatment of labour in the Bethal area and reported cases where labourers were "whipped, kicked, beaten and generally assaulted and locked up all night in cattle sheds."

Since the early twenties the treatment of farm labourers in the Bethal and nearby areas has shocked the world. Apart from the farm jails in which convicts are kept to work on

the farms, large parts of the farming areas of the Eastern Transvaal are worked by indentured farm labourers who are obtained from labour recruiters for a fee per head and kept in the farmers' private compounds.

Many of these men come in search of work from outside the Union, from territories such as Nyasaland and the Rhodesias. As they cross the border into the Union they are rounded up by police and labour recruiters. The law is that so-called "foreign natives" are excluded from entering the Union unless they sign contracts for work on the mines or farms. If they refuse they are deported over the border again and left to find their way back to their homes. Labour recruiting organisations, in many cases operated by rings of farmers, round up these men and sign them on for farm work. They live, throughout the period of their contracts, in closed compounds, spurred on to work in the fields all day under the whips of foremen, and, on many farms, are brutally assaulted as they work. Reports of these assaults have made world headlines. In 1937 the Minister of Justice ordered an investigation into the allegations of ill-treatment. A number of convictions of white farmers and African overseers followed, but reports from these areas are that conditions are as bad as ever.

## N.I.C. WARNS ON AREAS ACT MOVES

**N**YLISTROOM should act as further warning to all our people that to co-operate in any way with local or central authorities in setting aside racial zones under the Group Areas Act is to commit suicide for the aim of the Act is to strangle the Indian people economically and to drive them into the wilderness and eventually to force them to expatriate from the Union," says a statement issued by the Natal Indian Congress.

"The Indian Community," the statement adds, "is unanimous in its total rejection of this Law. The immediate problem facing our people is to make it known to all concerned that we will not in any way co-operate in the destruction of our people. We are against the Act on principle and hence there is no room for bargaining with anyone for what to some misguided individuals may appear to be concessions."

"The Nylstroom Town Council has done the country and the world a great service in so clearly raising the issues involved in the implementation of the Act. It is significant that Council for the Council referred to Hitler and the Jews for, just as the Jewish people were the first to be crushed under the Hitler regime so too in the Union the Nationalists have made the Indian people the first target of their attack."

"A warning is necessary to our people. We must not allow individual interests to stand in the way of the larger interests of the community as a whole. Proposed

Indian areas such as the Reservoir Hills must not be allowed to tempt vested interests in our community to start negotiations for the purchase of these areas from Europeans for re-sale to individual Indians, for to do so would be to co-operate very actively in making race zoning possible. The success of the authorities will depend on whether the Indian people panic and start moving out into the suggested areas."

"If there are any individuals or groups in our community who go counter to the wishes and the interests of the people then they must be mercilessly exposed so that they can realise how the community feels on this question."

"Nylstroom has removed the cloak and now it is for the world to see what are the true motivating factors behind the Act, factors which often lay hidden when more astute local authorities made representations to the Land Tenure Advisory Board."

"The Indian people throughout the Union must make it known to the Board and the authorities that they are opposed to all race zoning plans, that they will not submit any alternative plans before the Board and that they will in no way co-operate in the creation of racial zones. At the same time speculators within our own ranks must be warned to keep away from the temptations offered to them to act as the active agents in the setting aside of racial zones."

matters conducive to peace and justice in the world."

"I called at the White Houses to pay a courtesy call on President Eisenhower in my capacity as president of the UN General Assembly. It was a very friendly and cordial visit."

"We discussed a number of things including the present

situation in Korea."

"I think we are both agreed that we shall leave no stone unturned to ease the present deadlock and to make possible the meeting of the Political Conference. I think President Eisenhower shares my hope and optimism that a way out of the impasse will be found.—U.S.I.S.

## HOMAGE AT RAJGHAT

In Delhi, from early morning till late in the evening a steady stream of men, women and children visited Rajghat to pay homage at the Samadhi of the Father of the Nation. President Rajendra Prasad took part in early morning prayers and mass spinning at the samadhi. Later the President visited the spot in Birla House where Gandhi was assassinated.

Addressing a post-prayer meeting at Rajghat in the evening President Rajendra Prasad said that if the basic principles and teachings of Mahatma Gandhi were properly understood and followed, right solutions would be found to all the problems facing India. He said it was a tragedy for India as well as for the whole world that Mahatma Gandhi had been snatched away at a time when his voice had begun to be heard in the councils of the world. Even then, the President said, what Gandhi had left in his writings was enough to show us the way to solution of our many problems. The President described Acharya Vinoba Bhave's Bhodan (Land Gift) movement as an example of Gandhian principles in action. Vinoba Bhave's example, he said, showed that even if a small number of people followed Gandhi's principles sincerely and steadfastly, there was no doubt that in the course of time Gandhism would spread to the whole world.

Members of official delegations to the Consultative Committee of the Colombo Plan visited Rajghat to pay homage to the

memory of Mahatma Gandhi. Wreaths were placed at the memorial on behalf of 15 countries and three international organisations which are taking part in this conference besides India.

In Srinagar cotton industry workers paid homage to Gandhi by giving demonstrations of their skill of different arts and crafts. They described Gandhi as the fountain-head of inspiration for the masses of Kashmir.

### At Malaya

In Singapore the Japanese Consul-General addressed a mass meeting. He said that time might decay the splendid monuments which emperors had left behind on Indian soil, but the Mahatma's message would only increase in splendour as the years rolled by.

Canon R. K. Admans, well known educationist of Singapore, said that Mahatma Gandhi's doctrine of non-violence was to the world today a ray of sunshine amid the threatening clouds of atomic war and inter-ideological clashes. He added: "It is great pride to us that the nation which Gandhi moulded yesterday has been called upon today to be peacemaker in the Far East."

There were celebrations in Burma and Japan also. In Hanoi and Haiphong, in northern Indo-China, Indian residents observed the day by distributing rice to the poor.

## WHITE HOUSE REASSURES MADAM PANDIT

President Eisenhower and Secretary of State Dulles assured UN Assembly President Madam Pandit that they would do everything possible to facilitate the work of the UN Command and Neutral Nations Commission in Korea.

In a statement issued by the White House following a visit by Madam Pandit, the President and Secretary of State expressed appreciation of India's willingness to accept the role of chairman of the Neutral Nations Commission.

"Madam Pandit called upon the President and the Secretary of State in her capacity of President of the UN General Assembly. Among other things she explained the tasks still before the General Assembly in relation to peace in Korea and the performance of the armistice agreement relative to prisoners of war."

"The President expressed his great appreciation of the fact that the Government of India had been willing in the interest of peace to assume the difficult role of chairman of the Neutral Nations Commission, a role inherently subject to criticism from both sides. The President and the Secretary of State told Madam Pandit that they would do everything possible to facilitate the work of the UN Command and the Neutral Nations Commission. The President particularly mentioned the reports he had received of exemplary conduct of the Indian troops in the discharge of their duties as custodians of the prisoners who have elected not to be repatriated."

"The President reaffirmed his faith in the UN and his determination that the US should co-operate fully with it in all

## AFRICAN VIEWPOINT

## SOUTH AFRICA AT UNO AGAIN

By JORDAN K. NGUBANE

INDIA'S complaint against South Africa on the treatment of people of Indian descent has become a hardy annual on the agenda of the United Nations. This has provoked reactions everywhere and here which deserve a little more attention if we are to get anywhere nearer solving South Africa's colour problems.

According to Press reports the Greek delegation appears to be losing hope in the possibility of finding a solution to the Indo-South African aspect of the Union's general colour question. The Greeks feel that the United Nations has had the South African item on the agenda for years now and has passed several resolutions, none of which have produced tangible results. They fear that the United Nations is racing down a blind alley on this matter.

But India's efforts to raise the Union's colour question before the United Nations have not been as fruitless as the Greeks fear they have been. They have succeeded in awakening the world's conscience to the evils perpetrated against the man of colour in South Africa. This, in itself, is a significant victory. It must be remembered that the United Nations is an advisory body, with no powers to coerce its members into complying with its decisions. It can, however, by working up world opinion, create an atmosphere where member states might find it in their interest to respect its decisions. This is not something which can be achieved in a day. It is something to which those devoted to the ideals of civil society and the essential oneness of mankind can work for for years without tiring. India and the United Nations are doing just this.

India could effect a quick solution to the problems which have given rise to her quarrel with South Africa—by a simple decision of declaring war against South Africa. But India is so heavily committed to non-violence and the ideals of the United Nations that no man in his senses believes she can resort to war now or in the immediate future. At what might hap-

pen in the remote future we need not concern ourselves at the moment. India is thus left with the alternative of working up world opinion against the racialism—both as a moral evil as well as a threat to world peace.

Viewed in this light, India's stand cannot be said to have produced no positive results. What is more, whatever success has been achieved cannot be measured in terms of immediate agreement between the warring parties—simply because it is a battle for the minds of men. To us it is gratifying to know that India together with the advocates of racial accord and world peace are winning. The overwhelming majority of decent men and women in the world are on India's side and on our side. This is something which could not have come about had India not persisted in warning the world on the dangers of racialism.

As usual, the UN deliberations have been received by the majority of South Africa's white population with showers of abuse. But these people are only a minority of the population; a minority which, at present, holds the reins of government. The overwhelming majority of South Africans follow with growing hope, interest and gratitude the proceedings at the United Nations on the race question. White abuse of India and the United Nations has merely strengthened the bonds that link the great African people here with the people of the great Indian republic, on the one hand. On the other it has strengthened African confidence in the United Nations.

This is not an emotional reaction to proceedings which might flatter African pride. It is a conviction based on the fact that South Africa's case is fundamentally bad; based on bad morals; bad government and bad strategies.

Take only a few examples. India and UN are accused of making "wild and distorted allegations" of South Africa. I have read with keen and sustained interest quite a lot that has appeared in the English Press in

this country to substantiate this charge. Nowhere have I found a convincing case put up to show precisely which criticisms are wild and which distorted. What I have come across have been a lot of heat and anger—both of which are a roundabout way of admitting white guilt.

Then comes this question of sovereignty. UN is being accused of up and down the country of violating South Africa's sovereignty. But South Africa's treatment of her Indian population is a matter of agreement between two governments; the Union government and the Indian government. I leave out Pakistan deliberately for the moment. As such it is international in character and because it might affect world peace directly, UN has the moral responsibility to be actively interested in it. South Africa is a member of the United Nations; in fact one of the founders. When she transgresses where she gave her pledged word, it is the duty of other member-states to draw UN's attention to this and it is the United Nations' duty to go into the case put before it. South Africa cannot evade her international obligations by hiding behind national sovereignty. For sovereignty is not involved here; it is South Africa's pledged word that is.

The charge that India wants to interfere in South Africa's domestic affairs is naive. India and South Africa signed agreements which recognised India's clearly stated responsibility to ensure that the Indians were treated in accord with agreements signed by the two governments. South Africa accepted the Indian Agent-General, whose duty, among others, was to

keep an eye on behalf of his, on South Africa's side, to carry out her obligations to the Indian community in all three agreements. In all the agreements referred to and which need no more because they are so well placed a clear obligation on us to see to it that South Africa kept her pledged word to Indians. It was an obligation which was recognised by South Africa. It is recognised by the Malan government which has had so much to do about interference. In De does not recognise it why he and his government all years clamoured for the rest to South Africa of the H Commissioner for India?

I have now doubt in my mind that the white advocates of domination are on the defensive in the world as well as on the homefront. They were not, they would have virtually jailed Luth and Nafker. Our clear duty is to oppose race domination with growing and bolder determination—not only because it is a sin to allow anybody humiliate the human personality; but also because we are right and the majority of men and women in the world are with us.

મારે એટલે સુધી કહેવું છે કે આજે અહિંસાને હિંસા વચ્ચે પસંદગી
કરવાનો સવાલ નથી. પસંદગી વિજ્ઞાન અને હિંસા વચ્ચે કરવાની
છે. વિજ્ઞાન અને અહિંસા બન્ને સાથે નહીં ચાલી શકે. એ બંને
મળીને આપણો કાળીયો કરી જશે. હિંસાને રાખવી હોય તો વિજ્ઞાન
ને છોડો ને મધ્યયુગના જમાનામાં પાછા જાઓ. કેમ કે એમાં હિંસા
શરૂ થાય તોયે કંઈ નહીં તો આજના જેવા વીનાશ નહીં થાય. વિજ્ઞાન
ને રાખવું જ હોય તો હિંસાને છોડવી જોઈએ. વિજ્ઞાનમાં મોટી શક્તિ
છે અને હિંસાને છોડી દઈએ તો વિજ્ઞાનની મદદથી આપણે પૃથ્વી

તેમણે હિંસાની વિરુદ્ધ બળવો ઉઠાવવો જોઈએ. કેળવણીકારોએ પણ
આ વાત સમજાવવાની છે. હિંસા કેળવણીની દુશ્મન છે. જ્યાં
હિંસા છે ત્યાં કેળવણી નથી. સમાજનો આધાર હિંસા નથી,
અહિંસા છે. અહિંસા ન હોય તો સમાજ શાસનની વાત જ મીઠ્યા
છે. આ રીતે આપણે વીચારતા થઈશું તો જ હિંસાના રાક્ષસનો નાશ
થઈ શકશે.

નોંધ અને સમાચાર

નાઈલસ્ટરૂમના હાંદીઓને કાઢવા માટે કાઉન્સિલની હક

નાઈલસ્ટરૂમના ૧૯૮ હાંદીઓ પર ગ્રુપ એરીયા એક્ટનો અમલ કરવા માટે, અક્ટોબરની ૮મી તારીખે, લેન્ડ ટેન્સર એડવાઇઝરી બોર્ડની બે માણસોની કમીટી સમક્ષ જુબાની આમળ તાલીમ હતી. ત્યાંના હાંદીઓ તરફથી બોલતા હતા. લેન્ડને કહ્યું કે હાંદીઓને કાઢવા વેપારી પોતામાંથી એક માધ્યમ દ્વારા કાઢી મુકવાની મંજૂરી આપાય તો એક્ટનો આ રીતે અમલ કરવા જુબાનીની બીજી નાની જુબાનીની પછીથી માટે સરળ બની જાય. બે આ જાતની બધી અરજીઓ મંજૂર થાય તો ફેરને કોરોડો પાઉંને ખર્ચ થાય.

કમીટીના સુકાદો હાથમાં ખબર પડશે નહીં, એક્ટ મુજબ કમીટીનો રીપોર્ટ લેન્ડ ટેન્સર એડવાઇઝરી બોર્ડને રજુ કરવામાં આવશે અને તેઓ પોતાનો સુકાદો મીનીસ્ટર ઓફ ઇન્ડી-રીયરને રજુ કરશે.

આ બાબતમાં ‘લી મેલ’નું એડીટરીયલ લખે છે કે લેન્ડ ટેન્સર બોર્ડને કાલમાં રજુ કરવામાં આવેલી જુબાનીઓથી એમ મનાય કે જુબાનીઓ પોતાની અરજી મુજબ જે જગ્યા તેમને અનુકૂળ લાગે તે જગ્યાએ બીન-યુરોપીઓને ખસેડી શકે છે. ટ્રાસવાલના ધણી શહેરમાં હાંદીઓને તેમની ધણી વર્ગથી રથપાવલી કુહાનોમાંથી કાઢી નાખવા અને તેના બદલામાં થાંદી કામગીરીની બીજી વેપારી જગ્યા આપવા સુચન થયું છે. હાંદીઓ માટેના આ નવા વીજામ ધણી અંદરે લેવામાં ની બીજી બાજુએ અથવા નહીં બીજી કંઈ અથવા તો જગલ પછાડી સુચવવામાં આવ્યો છે જ્યાં વેપારનો નાશ થાય. હાંદીઓને ખસેડવાનો આશરો તો ગોરાઓ અને બીન ગોરાઓને છુટા પાડવાનો છે. પરંતુ હવે તો હાંદીઓ હરીર છે એટલા માટે તેમને કાઢી મુકવા નેહાંએ એવી દલીલ થઈ છે. હાંદીઓનો નાશ થાય એવા જગ્યાએ તેમને ખસેડવા પુલ્લી રીતે માંજણ થઈ રહી છે. એઓ હાંદીઓને જગલમાં કાઢી મુકવા કહે છે તેમને થાંદી માનવતા વાપરવા અને બીન-ગોરા કરીએ છીએ.

“બાલકોરમાંથી હાંદીઓને ખસેડવામાં આવશે નહિ” ગ્રુપ એરીયા એક્ટના આપરે હાંદીઓને બાલકોર શહેરમાંથી બે

માઈલ દુર, બીન-જેવાપલી જગ્યાએ, ખસેડવાની તેમની અરજી ત્યાંની ટાઉન કાઉન્સિલે હવે પાછી ખેંચી લીધી છે. ત્યાંની ટાઉન કાઉન્સિલ માને છે કે હાંદીઓ માટે તેઓ ‘હાથ જ્યાં છે તેજ જગ્યા અનુકૂળ છે. આ ઉપરાંત તેમના વીકાસ માટે બાજુની બીજી થાંદી જમીન આપવા નકકી કર્યું છે. હાંદીઓએ આ બાબતમાં ૨૦ મેરગન જમીન ખરીદવા ૪૦૦૦ પાઉન્ડ વચર બાળે ધીરવા તેમજ ટાઉનશીપ બનાવવા માટેના ખર્ચે આપવા તકવારી ખાતરી હતી.

આ બાબતમાં ‘ટાટર’ના એડીટર લખે છે કે બાલકોરની ટાઉન કાઉન્સિલે હાંદીઓ માટે ગ્રુપ એરીયા બંધેર કરવા જુબાની શરૂ કરી અને તેનો ઉલ્ટોન ‘બંત આર્યો, એપાટ’કે નીતીના વકાશર લોકોએ બાલકોરના હાંદીઓને શહેરથી બે માઈલ દુર ખસેડવા અરજી કરી. જ્યારે લેન્ડ ટેન્સર બોર્ડ સમક્ષ જુબાની શરૂ થઈ ત્યારે માલમ પડ્યું કે હાંદીઓને કાલ તેઓ જે જગ્યાએ રહે છે ત્યાંથી ખસેડવા ત્યાંની જગતા રાજ નથી અને ઉલટા તેમના પડોસીઓ તેમને લઈ કાયમ રાખવા માંગણી કરે છે. આથી કાઉન્સિલરોએ હાંદીઓને તેઓ જ્યાં છે ત્યાં રહેવા કેવા તેમજ તેમના વીકાસ માટે બીજી જગ્યા આપવા પરવાનગી આપી. બે આ મંજૂર થાય તો તે ગ્રુપ એરીયા બંધેર, આમાં નાઈલસ્ટરૂમનો કાયમો સરખાવવા જેવો છે કારણ કે ત્યાંની ‘કાઉન્સિલ ધમજમ આવીજ જુબાની સામે કમીટી રહી હતી.

ગ્રીમ્મટી પંડીત

ગ્રામતી વિન્ના સદમી પંડીતે અમેરીકાના પ્રમુખ આઇઝન હોવરની ગુલા ગાલ લીધી હતી. અને ‘ગુલાકાત, ઇરમીયાન ઇરીયામાં કાલી રથાપવા માટે ચર્ચા કરી હતી. તેઓએ પોતાના પ્રમુખ તરીકેના કામમાં પ્રમુખ હોવરને મદદરૂપ થવા માંગણી કરી હતી. ગુલાકાત બાદ પ્રમુખ હોવરે એક નિવેદન બહાર પાડ્યું હતું અને તેમાં હાંદીને તટરજ નાજોના કમીસનના પ્રમુખ તરીકે નીમ્યું છે તેની કહર કરી હતી. અને જુનેના કાર્યને સરળ બનાવવા પોતાથી બનતું કરશે. એમ જણાવ્યું હતું. નીવેદનપર સેક્રેટરી ઓફ રોટની સહી પણ હતી.

એરીયા હવે કાઠની ફેરવણી નહિ સ્વીકારે

આથી જ્યાંની પ્રસંગે પંડીત નેહરે એકાદસમાં બંધેર સમા સમક્ષ બેઠા હતાં હતું કે, ‘મણી વાજુબીની વાલ છે કે જુરોપ દેશ ગુલુ નથી કે એરીયા હવે પરત નથી અને કાઠનું ફેરવાવું ફેર

વાય તેમ નથી. જુનો વિચાર બે પશ્ચિમના લોકોના મનમાં ઘર કરી બેઠો છે કે એરીયા કદી પણ સ્વતંત્ર નહોતો બની શકે તે હજી પણ કાયમ છે. હજી તેઓ એ પણ સમજવા નથી માગતા કે એરીયાના ધણી દેશો સ્વતંત્ર થયા છે અને તેને કાઠ કુનીયા પસંદાતી જાય છે.

સર્વે જાણે છે કે એરીયા પાસે એટલ બોલ કે કાયદોજન બોલ નથી અને એરીયા તે ધવજનું પણ નથી. પણ એકંકસ મળ્યાં તે હવે કેમનું ફેરવાવું મને તે બાજુ જશે નહીં.

વધુમાં બી નેહરે કહ્યું કે, હાંદી પોતાની સ્વતંત્ર પરદેશ નીતીને માર્ગે જાય છે તે તટરજ નીતીને નથી કમજુર. અમે જ્યારે અમારી સ્વતંત્ર પરદેશ નીતી વિશે કહેતાં ત્યારે બીજા દેશો એ સમજતા નહીં અને ટીકા કરતાં. હાંદી પરદેશ નીતીની મહત્તા એ છે કે નકકી કરવું લોકોના હાથમાં છે.”

શંદગી

શંદગી એ કાઠ નાકની હાંદીએ ચાલે છે. જોતા સીધી ‘ટાટર રોડ’ નથી, તેમાં કેટલાયે વાંકા સુકા વળાંકો હોય છે. અને કાઠ પણ વળાંક ઉપર જીવન વિનાશનો અપ જનુમતોજ હોય છે.

આ શંદગી એ એક અજાણ રજુ જુમી છે. એ રજુજુમીમાં બોલુસને સમાજની સામે જુમનું પડે છે; પોતા પર અત્યંત ગ્રેમ વર્ણવનારા રનેદી સંબંધો સામે પણ જુમનું પડે છે અને શંદ પોતાની જાત સામે પંચુ થશે મારણ કરવા પડે છે.

ગાનના મોટા મોટા પ્રયોગ કાઠકાં મોએ કોના છતાં માણસ જુલો કપી જ કરે છે. ગાન કાંચનો સુરો અજાણ કપી છતાં માનવી અજાણ રહે છે. કારણ માનવીએ પોતાની શંદગી રૂપી પ્રમુખ પ્રયત્ન અવસોડન કર્યું નથી.

માનવતાની પુનઃમાજ સંચુ જીવન છે પણ આને સમાજમાં માનવતાને ક્યા રચાન છે? સાચા દેવને દુર ફેર ફરને આપણે પાવરના દેવની પ્રતીક્ષા કરી રહ્યા છાએ.

જીવનમાં નેહાં કદી કેમ એકાદ જાતની પણ થિસજા અનુભવી નથી એ માણસ માણસ જ નથી.

વિવિધ ખબરો

હાંદી ગાંડોની કાઢી નાખવાની ચાલની જ નેશનલીસ્ટોની આંગણી

સરકારી અમલદારે દરખાસ્તમાં કહ્યું કે તેમણે ફરીયાદમાંના એન્ડી કોમ્યુનીસ્ટ નેશનલીસ્ટનસંના કરેલી જન તરીકે હોંદને કાઢી નાખી બીજાની નીમણૂક કરવા આંમણી કરી છે. હાંદી મનોરંજ એન્ડી-કોમ્યુનિસ્ટ પ્રોજ નોનું ધાતકી રીતે જીન ક્યું છે અને તેની રૂઝિયાત કરવામાં આવી છે. સરકારે હાંદી દરખાસ્ત આપા પક્ષપાતી, અન્યાયી અને અમાનવીય વર્તન સાથે યુનાઈટેડ નેશન્સ અને યુનાઈટેડ રેડક્રસ નું પાન એક્યું છે. રાષ્ટ્રીયોત્થા એક દેવાજ બજાવે છે કે હાંદી કરાર તરફ યા કરવાની હત્યા વાંચે તપાસ કરવા સાહેબ ફેરીયન ફેરીયનથી એક રેવેંયુઅર કમીટીની નીમણૂક કરી છે.

મા નેકરને એક પરચનજ તાર દારા મી. ચર્ચોરો હાંદી કરાર સાથે સાથે મોરિયનની ખપજીઓ અને ન્યુજ રીવેલેશન કમીટન સાથેના આરોપો નીચે ગોળા ફોતી છે. સર નીનરદન ચર્ચોરો આ તારવર પાન આવી રખા છે.

“મી. નેનરૂ કોમ્યુનિસ્ટની તરફેળમાં છે” સાથેય ફેરીયાતું કહેયું

ફરીયાદી સરકારે બજાવ્યું કે હાંદી ના. પ્રાન મી. નેકર કોમ્યુનિસ્ટ દેવના રોજીસમન છે. મી. નેકર એ કાચમાં કોચા બાપજ વીચે બાપા તેમણે બજાવ્યું છે કે મી. નેકરને જુગી રીતે બરેરમાં ફરીયાને બજાવ્યું છે કે તેઓ કોમ્યુનીસ્ટની તરફેળમાં છે અને હાંદી દરે બીન પગી થયા. “અમને આમાં અચ્ચે ઉત્પન્ન થતા નથી કારણ કે તેમણે અપારો વેદમજ સાબીન કયો છે”

હાંદીમાં જોડીયાની જોડ રૂય

હાંદીય કાપાની જેમ હાંદીમાં જોડેક ક્યુરી એક માટે નવું મેલજવેદન સળામાં આજુ છે. આ બાબતમાં અજાણ કરવા કે અધીકારીએ કંઈ કાનમાં જોડન જરૂર. આ ના કાપાની જે એકજ નારકાવર બીજા વાર જાણ નીવડે તે તેનાવરથી કેક કેકુરી વડાગમાં આજરો. આનો આધાર અને મરજો વચ્ચે જુલેદા સમયવર રહેશે.

ફેરિયાન વીચે હાંદી

ફેરિયાનથી નેપન રોગીયા અને અમાલેન્ડા નેરિયાન કી કાળગમાં

દાંડી બપ હાખયો છે. ૧૦ નેકરોની કરેલીય કમીટીમાં હાંદી તરફથી બોમ્બા મીસીસ સજી મેનને બજાવ્યું કે તેઓ માને છે કે કાચમાં નેપન રોગીયા અને અમાલેન્ડાને સજન ફેરિયામાં ફેરેકટ કરવામાં આંના નેરીયાના એકપુરેન અને બીજા કીતમાં નુકસાન પડેયશે.

મીસીસ મેનને આ બંને વીખામે માંથી મજેલી માફીતી સરકારેકટ કરેસ કમીટીના મેરમેનને મામણી કરી હતી. આ માફીતી આપનારા એના નામ બજાવવામાં આજ્યા નેકાલ. આ માફીતીની વહેંચણીથી તે કો-નર-સ કોમ્યુનિસ્ટ બનશે અને તેના પર અચો થશે.

“જાતીય (રેકસ)નો સવાજ આંતરરાષ્ટ્રીય સવાજ છે” યુનાઈટેડ નેશન્સ કમીશનનો જુકાદો

ફરીયાદીઓના બીતીમેદ સવાજ પર તપાસ કરવા નીમાવથી યુનાઈટેડ નેશન્સ કમીટીને બજાવ્યું છે કે ફરીયાદીઓને રોગીય સવાજ આંતરરાષ્ટ્રીય સવાજ છે. કમીટનનો દેવાજ હવે પુરો થયો છે પરંતુ કાચમાં તે ખાનગી રાખવામાં આજ્યો છે. કમીટનને મજેલી જીબાનીઓપરથી તે યુનાઈટેડ નેશન્સ માટેના સવાજ બજાવ. આ દેવાલના જુગી જુગી આપમાં તરજમાં થશે અને ૧૦ ફેરીયાની રેવેંયુઅર પોલીટીકસ કમીટીના સજોને આપવા માં આજરો અને ત્યાર પછી, “કમ્યુનિસ્ટ સરકારની એપાર્ટહેડ નીતી”ની અચી વખતે તેના પર રીવેકટ થશે.

યુનાઈટેડ નેશન્સની અજ ઉવતી મેકમાં, ફરીયાદીઓની રોગીય બાબતમાં તપાસ કરવા બનરમ એકેન્ડીએ અજ માણસોનું કમીટન નીમું હતું. આ કમીટનના અજ સજમે, મી. કરમન સાન્ડા ક્રમ, ફાંદી ના મી. ફેન્ડી ભોચીર અને ફેરીયા મી. કન્ડે મેસીયસ” હતા. ફરીયાદીઓએ આ સવાસને ધરમજુ સવાજ મજાવ્યો છે અને આ કમીટન ને માન રાખ્યું નેકાલ. તેના સજમે ને કહી આવા રેવામાં આજ્યા નેકાલ તેથી તેઓએ જીનીયામાં ફેર રાખી હતી અને લેખીત લેખજ મોખીય જુગી-મોપરથી દેવાજ મડી કાઢ્યો હતો.

કમીટના ૪૦૦ પાનાના દેવાજમાં તેમણે કમીટનની બધી પ્રવર્તો વચ્ચે કો-નર-સ જરૂર સુચાવ્યું છે. તેમણે બજાવ્યું છે કે રોગીય સજ, પુરે પુરો ધરમજુ સવાજ મજાવ નહીં અને આ સવાસને કાપ કરવામાં

યુનાઈટેડ નેશન્સ તેની કરજ બજાવી રહી છે.

રોગીય ફેરિયાનેકનો સવાજ નવો સવાજ નથી પરંતુ ૧૭મી સદીથી બાકટ કોનાકેકેકનથી અજગ આવે છે. એપાર્ટહેડ એક જુગનું કીત બજાવે છે પરંતુ રૂ બાનને અપમાનકારક અને નીચા બનાવે છે. ફરીયાદીઓની વધતી જતી ઇન્વેસ્ટમેન્ટે લીધે અને બીન-સુરેપી મેનપોવરની જરૂરી બાતને લીધે એપાર્ટહેડની નીતી ખોટી છે. એપાર્ટહેડની નીતીથી, આજ્યા આફ્રિકા એશીયા અને મીડલ ઇસ્ટમાં કાકાકાર થઈ રહ્યો છે. એપાર્ટહેડની નીતીથી ફેરીયા વચ્ચેના મેનિય સંબંધ ઘુડી જાય છે. અંતમાં કમીટને બજાવ્યું છે કે આ નીતી વધુ બાગના લોગો કલુજ કરશે નહીં અને સાંતી તેમજ સારા સંબંધમાં ચીરાડ પાડે છે.

હિંદના ટુંક ખબરો

(અમારા ખાસ પ્રતિનિધી તરફથી)

ભારતના વડા પ્રધાન

ભારતના વડા પ્રધાન નેહરુએ હિન્દીમાં અમેરીકન આવાપનો અને વિદ્યાર્થીઓ સમક્ષ બાપુજી કરતાં જાણવું હતું કે, હિંદીને કે અંગ્રેજી અંગતી કરવા માટે છે છતાં હજી જીવનની પ્રાથમિક જરૂરિયાતો માટે તેને વધુ પ્રયત્ન કરવી પડે છે. અને એક રાષ્ટ્રની પરખ તેની જીવનની જરૂરિયાત મરિતી સત્તા પરથી જ થાય છે. વધુમાં તેઓએ જાણવું કે હિંદીમાં અનેક રોજો છે પણ તેના સામનો નો પ્રયત્ન પુરતો પોપણ આપનારો આશા અને તે જરૂર કરી શકે. તેઓએ પરદેશી શાળાઓને જાણવું હતું કે તેઓ આવા અનેક જંગલ ભારતમાં નોંધ શકે અને વિદ્યાળ શ્રમિકોની ભેડો તે અનેક જુની પ્રાણી સંસ્કૃતિઓ ભેડો અને ઇતિહાસિક સ્મરક પ્રયત્નો નોંધ શકે. વધુ ઉપર જીવનની ભેડો ભારતીય પ્રજાની ભાવના પણ ભેડો તમને મળશે.

બીજી શાંતી પરીપદ

બીજી અખિલ વિશ્વ શાંતી પરીપદ

માટે ભાવને આમંત્રણ આપ્યું છે. આમંત્રણ પત્રીકા પાઠવતા ભાના શાંતી ચાહકોએ જાણવું છે કે દુનિયામાં મુદ્દરથી અસાતી વધુને વધુ પસરતી જાય છે. એટલે ભોળા કામગીરન ભામ વિગેરે વપરાતા થયા છે. અને એના રહેલો ભામ જાપાન બન્યું છે. આથી જાપાનની પ્રજા સોયી વધારે શાંતી માટે પોકાર કરે છે.

વિદ્યાર્થીઓ માટે ખાસ મુસાફરી

નેશીઓની એક મુસાફરી રેડીએ વિદ્યાર્થીઓ માટે જપ દિવસનો હિંદના પ્રવાસનો કામંત્રમ થયો છે. જે ડીસેમ્બર ૧૭થી જાન્યુઆરી ૨૬ સુધીમાં મુંબઈથી લઈ બીજા ભાગા રેલ અને એના ભેડા લામક રથનો ભતાવશે. પ્રવાસ ખર્ચ અને રહેવા સુચાની સમવક વિગેરે મળી નેશીઓથી ૫૪૦૦ શીશીમમાં આપ્યું હિંદ ભેડા મળશે. મને તે વિદ્યાર્થીઓને આ પેટી આમંત્રણ પાઠવે છે. તેના ઉપખનના એન્ટેન્ડ વડવાઈક એન્ટેન્ડી. મોકસ નંબર ૨૨૬૮ વખન છે. વધુ તપાસ લઈ કરી શકશે.

હિંદની રેલવેની 'કરકસી વી'

તા. બીજી અંગ્રેજીપરથી નવમી અંગ્રેજીપર સુધી હિંદની રેલવેના કામ-દારોએ 'કરકસી વી' પાળી હતી. ખાસ કરી ત્રીજા વર્મના મુસાફરોને સલાહ સુચનો આપવા, સમવકો કરી આપવી અને 'આમાર' 'કુપા કરી' 'માફ કરો' વિગેરે વિવેકના કબજોનો ઉપોગ મુદ્દથી કર્યો હતો.

રાજધાની પર અંગ્રજી

હિન્દીમાં મુતારથી સાંજ સુધી થયા ભાળો અને એઓ અને પુરોએ રાજધાની પર જઈ રાષ્ટ્રપિતાને પોતાની અંગ્રજી અર્પી હતી. રાષ્ટ્રપતી રાજેન્દ્ર પ્રસાદે સવારની પ્રાર્થનામાં અને સમુદ્ધ કાંતજીમાં પોતાનો શબ્દો ભયો હતો. મોડેથી નો જમ.જી બાપુએ પોતાનો અંતીમ સ્વાસ લીધો હતો તે ખીરલા હાલિસના રથળની રાષ્ટ્રપતીએ બ્રહ્મસરી મુત્રાકાત લીધી હતી.

સંજની પ્રાર્થના પહેલાની સભામાં મોક્ષતા રાષ્ટ્રપતીએ જાણવું હતું કે 'આંધીજના શિલ્પો અને શિખરણીને બાપુએ નો જરાપર સમજી અનુસરીને તે હિંદના થયા સંપ્રાપ્તો હોય થઈ જશે. દુનિયા તથા હિંદ માટે એ થઈ અરોજ બનવા પામ્યું કે જ્યારે દુનિયામાં એમના અગ્રગણે માન આપવામાં આવ્યું હતું અને દુનિયાને જ્યારે તેમની વધુજી જરૂર હતી ત્યારે તેઓને આ પછી પાસેથી લઈ મેવામાં આવ્યા છે. છતાં તેઓના થયા લખાણો છે કે જે આપણને પ્રત્યેક ક્ષણે વખતે ઉદ્ધેશમાં માર્ગ દર્શક બને છે. વધુમાં રાષ્ટ્રપતીએ આચાર્ય વિનેતા ભાવેની શુદ્ધ અગવળને ઉદ્દેશ કરતાં કહ્યું કે 'તેઓ આંધીજના એક આદર્શને અનુસરે છે તેમને જાણતો નેતા જાણ છે કે મુઠીમર માથુસો પણ નો આંધીજના આદર્શને મુરતપણે અને સત્યથી અનુસરે તે શોધા વખતમાં દુનિયાનું રૂપ બદલી નાખે.

તું કોણ છે મીન ?

સ્વામી શીવાનંદ

હિંદી વિચારણા વખતે પ્રત્યેક માનવી એક માની બેસે છે કે તેજ માનવજાતીને, ઉદાર કરે છે. આ યોગ્ય ગર્વ છે. જે હજારો માને છે તે આ યોગ્ય ગર્વને દુર કરવા પ્રયત્નશીલ રહી ચોતાના અંતરને નિદાઈવાતો ઉપદેશ આપે છે. મનુષ્યે ચોતાના ધ્યેયને વિચાર અને કૃષ્ણ સાધનો દ્વારા તે પ્રાપ્ત કરવાનું છે એનો વિચાર કરવો જોઈએ કે જેથી તે જીવનમાં ખરા આદર્શ પુર્વક કામ કરવા સમર્થ થાય.

આને વેપારી અને તે રીતે પૈસા મેળવવામાં પ્રયોગ છે. જોને માટે જે આ ધન રમ્યા છે તેની તરફ (સરી) તેની ધી કરજ છે કે પૈસા બેગો કરી કરીને એના ચોતાના મન ઉપર શી અસર થાય છે? અને અંતમાં આ બધી ધમાધમ અને મદેનનનું પરીણામ શું આવશે? ક્યો વેપારી આ બધા પ્રયોગો સાથે ત્રણ ડોલર થા હાથા ડોલર તે તેના વિચાર કરે છે? એને તે ચોતાના જીવન સાથે એક આદર્શ રાખ્યો ડોલર છે કે પૈસાનો સ્થાપ કરવો અને એ માંડ પછી એના મન ને ભરી દે છે. આ પ્રાપ્ત એને

બીજો કસો વિચાર કરવા હેતીજ નથી અને જેરે જીવનનો અંત આવે છે. અને એને કહેવામાં આવે છે કે, "તું કોણ છે? અનેક મરીશોને ચુરી ચુરી ને જોને તું જુલ માં તારું ચોતાનું સમજે છે અને તેને અવગણે છે હવે માથ મારી સાથે અને એ બધાને ભગવાન બોલે મુઠી દે એજ બધાને સંભાળનાર છે."

રાજકીય પુરુષ પછી આજ રીતે ચોતાના હેઠને કરેક જીવનના સંકટમાં થી બચાવવાનો પ્રયત્ન કરે છે. મીન દુનીયાને બગાડનાર તું કોણ છે તારી હેઠનકતીનું કારણ શું છે? હજારની ધનજાને તું આપીન થયો છે કે પછી રૂપમાં પછી તારો સ્વાર્થ જોય છે કે પછી આ બધા પ્રયોગો તેના મનને પુઝી તેને વિચાર કરવાનો વખતજ કયાં હોય છે પ્રાપ્ત કહેશા તેને બરપુર ધમાધમ રાખે છે. અને તે ચોતાને જોએ આસને બેઠેકો જોઈ કે હા મહાન સંભાળ સુધારક માને છે.

આજ રીતે ધર્મનો પ્રચાર કરનારા પછી કરે છે. તેમના મોઢામાં ધર્મના મત્રો છે. અને તે બધાને ધર્મને માગે દોરવા કહેશા આગુર રહે છે.

પછી તું કોણ છે અને તારી ચોતા થી છે. તારું જીવન કેટલું છે? તેને તારા ચોતાના આદર્શને પુરવાનો કે જોવાનો વખત મળે છે કે નહીં? કે પછી તારો આખો વખત બીજાની જુલો અને દોલો જોવામાં જ રહે છે. અને બીજાને ઉપદેશમાં જ તારા જીવનનું સર્થક માને છે? જ્યારે આ બધા વિચાર માન્ય કરવા માટે છે ત્યારે જો તે વેપારી કરી તો તેને સમજાવી કે બધાને સંભાળનાર હજાર જ છે અને વેપારી તરીકે તેને લોહાને છુટી ધન બેથું કરવાનો વિચાર ન કરતા લોહાની જરૂરીયાત કઈ રીતે પુરી પાડવી એનો વિચાર કરવો જોઈએ. આમ કરવાથી તે ચોતાનું કામ વધુ શુદ્ધ રીતે કરી શકશે.

રાજકીય પુરુષને એક મરો કે રક્ષણ આપનાર તો હજારજ છે. અને હું પેલે તો માનવજાતીનો એક નમ સેવક છું. અને જે કામ તેને લોવાનું છે તે દ્વારા તે સાધના કરી રહ્યો છે.

ધર્મ પ્રચારક બીજાને શુદ્ધ કરવાને બદલે ચોતાની શુદ્ધી કરશે અને ચોતા ના આત્મ તેજની બીજાને પછી ખરે માગે દોરશે

આપણી સામે વેરાંત આ સવાલ ધુકે છે!

"તું કોણ છે મીન?"

આ સવાલના જવાબમાં જ બધું અંતી જનું નથી કરતા આ સવાલમાં જ ચોતી અને ઉપતીના બીજ રચાં છે. બધારે પ્રત્યેક માનવ, ચોતાને આ સવાલ પુછી ત્યારે જરૂર ચોતી દુનીયામાં ફેલાશે. કારણ કે આ પ્રમ દિશમાં કોઈનાંજ માન્યસની દલી કરી જાય છે. અને તે ચોતાના કોયો જોવાનો પ્રયત્ન કરે છે. અને તે સુધારી સુખાનુભવ કરે છે. આપ સુખ મેળવતું કોયે ન મળે!

મનુષ્યનો જન્મ અન્યને દુઃખ આપવા માટે નથી

અવકાશ : શ્રી. કેદારનાથજી

૦૪ વધારશુદ્ધિનું કામ એક બ્યક્તિનું નથી. એક જામનું નથી પણ પ્રત્યેક ભારતવાસીનું તે કામ છે. શુદ્ધિ એટલે શરીર, -મન, -સુદ્ધિ દ્વારા યતી દરેક ક્રિયા-વિચાર-સંકલ્પ-આવના વગેરેની શુદ્ધિ. દરેક જોઈ જો તેને ઉપયોગ કરે તેને શુદ્ધ રાખવા જોઈએ. શરીર શુદ્ધ રાખીએ અને મન શુદ્ધ ન રાખીએ તે કેમ ચાલે? મનની શુદ્ધિની જરૂર ન કરવાને લીધે જીવન દુઃખી થયું છે. મનુષ્યની કામને શુદ્ધતાથી-દુઃખપણાથી વધે છે. શરીર જો અકલમ, નિરોગી, અપળ ન હોય તે કામ કેવી રીતે થઈ શકે? મનુષ્ય ના જીવનનો આદર્શ જીવનને શુદ્ધ કરવાનો હોયો જોઈએ. કાર્મિક ક્રમ વાંચાથી, તીર્થયાત્રા કરવાથી માણસ પવિત્ર થતો નથી, પણ મનુષ્ય પવિત્ર થવાનો સંકલ્પ કરે તે તેને લે મદદપ થાય છે. આપણે પવિત્ર થવા નથી તેથી દોષ થાય છે. દોષ કાઢવા માટે નિમમન જોઈએ. સમાનું કામ જો દરેક જણ સ્વતંત્ર રીતે વર્તે તે ન થાય. સમામાં દરેક જણે જીવ ઉપર કાણુ રાખવો જોઈએ. તેવી જ રીતે સમાજનું કામ બરાબર રીતે ચાલે, સર્વનું કલ્યાણ થાય તેને માટે નિમમન જોઈએ. પોલીસની આજે શું કામ જરૂર પડે? જો મનથી દરેક માણસ ચોરી ન કરવી તે નિમમન પાલન કરે તે ચોરીનો આતંકયુગ નથી.

આપણાથી સદન મરું નથી. માઠી કેમ કામચરુર કામ કરે છે? નિમમન ન હોય અને તે અનુસાર અક્રિયા ન ચાલે તે માઠી સમયસર કેવી રીતે આવે? મનુષ્ય પોતે સુખ ઇચ્છે છે તેમ બીજાના સુખ માટે પ્રયત્ન કરે તે સર્વ સુખી થાય. બીજાના સુખ દુઃખની ચીંતા કરું. તેને દુર કરવા પ્રયત્નશીલ રહું તે દરેક બ્યક્તિ સુખી થઈ શકે. જીવનમાં જો આનંદતા ન આવે તે મનુષ્યજન્મ રૂપા છે. આનંદતાનું મુખ્ય લક્ષણ શુદ્ધિ છે. તેના સંકુપયોગ કરવા તેનું નામ વિવેક. જાણવાથી વસ્તુ બારે કલકી સમજી શકાય છે, તેમ વિવેકથી દરેક કામ યોગ્ય છે કે અયોગ્ય, ઉત્તરિતર છે કે અવતરિતર, બીજાના હિતમાં સાધક છે કે માધક તે સમજી શકાય છે. વિવેકની સાથે દલતા (કૃતિ) જોઈએ. વિવેકથી એમ સમજાય કે આ વસ્તુ થી દુઃખ છે. તે ન કરવાને માટે દલતા જોઈએ. બીજા દીવાને પકડવા નળ છે, તે વખતે તેને ખળાર નથી કે આ સુખરૂપ છે; કે દુઃખરૂપ. પણ તેને પકડવાથી દુઃખ લાગે ત્યારે તેને તે છોડી દે છે. પછી તેને તે પકડશે નહિ. નળારે આપણે વિકારો ને આવીન થઈએ છીએ. વસ્તુથી દુઃખ લાગે તે છતાં ફરીથી કરીએ છીએ. ચોરી કરવી ખરાબ છે તે કાણુ નથી સમજતું? ભોભ-લાલમને લીધે આપણે તેમજ બીજા દુઃખી થઈએ છીએ. એજણ ખરાબ હોવા છતાં લે, ભરે કારણે કરીએ છીએ.

દર્શન દીધાં નહોં

પુરીરામ ચટ્ટોપાધ્યાયના પુત્ર મદાધર ના નાનપણમાં જ કંઈક ગેમિયમ રેખાઈ હતું. બીજા બાળકોથી એ તલન જુદો પડતો. માત્ર સોળ વર્ષની ઉંમરે જ મદાધરે જનતાની અસારતાને સમજી લીધી હતી. જનતામાં જીવવાનો તેમને મોહ લગી નહોં અને અપાસ પણ અણુરો ઇકમે. માતા અને બાપજો સુખાજી. તેમણે ઉપાય શોધેલા. રામચંદ્ર મુખે પાખાપત્તી કેવા કારદામણી સાથે મદાધરના સજ કરી નાખ્યા. પણ મદાધર તે કોના કો જ, આખો દિવસ જાગળ અને સ્વેપ્તિ વિચારું કંઈ જ નહોં. મદાધરના મોટાભાઈ રામકુમારને નોકરી મળી. કલિયુગમાં કાળીમાતા

નું મંદિર. તેની દરરોજ પૂજા કરવાનું કામ રામકુમારનું. પણ સંજોગ પસાડ તેમનું અવસાન થયું. મોટાભાઈનું કામ મદાધરને આવે આવી પડ્યું. મદાધર તે એક નિષ્કારથી પૂજા કરવા લાગ્યા. આરતી પછી કલાઈ ના કલાક સુધી સેવો, સ્વેપ્તિઓ અને જળનો ગાવા લાગ્યા. માતા માતાં આ જાસે બીજા રડે તેમ રડતા, કલિક ગેલ કરતા તે કોઈક તેની સાથે રમતાં. ઘણીવાર તે આરતી વખતે આરતી ફેરવ્યા વિના કોના જ રહે અને કેલીકવાર આખો દિવસ આરતી ફેરવે. મોટા સમયના મદાધર માંડા બની અપા છે. કાંઈ કહેતું એ પામલ છે.

કાંઈ કહેતું એ ધુની છે. કાંઈ કહેતું ના એ ખરેખર ભક્ત છે. પણ એ ભક્ત હૃદયને ઘણા યોગ્ય કોળખી રહ્યા. પછી તે એમની રિયતિ વધારે બમણી મળ. કલમગ માંડા માણસ ની રિયતિમાંજ દિવસ પસાર કરવા લાગ્યા. પતિપરાયણ એ ભક્ત હૃદયને બરાબર કોળખી મળ હતી. તેમનાં કામમાં વિવરણ થવાને બદલે તેમને મદદપ થતી.

પણ મદાધરને ક્યાંય શાંતિ નથી એ તે કહેતા "હે મા! તેં આજે પણ દર્શન દીધાં નહોં." તેમને મરું બકિતમાં મંદિરની નોકરી આપે આવે છે. બસ! વિચાર આવતાં જ મંદિર છોડી નજીકનાં જ જંગલમાં પોતાનું નિવાસસ્થાન બનાવ્યું. યોગ્ય દિવસોમાં તેમને સમાધિ થઈ અને કાલિમાતાએ દર્શન દીધા અને મદાધર મદાધર મઠી રામકુમાર કામમાં વિવરણ થવાને બદલે તેમને મદદપ થવા.

બાળકોને સમજાવો.

“અરે અનિલ એક ખીનીક માટે ઉપર આવતો!” સુકુમારે પચથી ઉપરથી જુમ પાડી કહ્યું, અને તે દુરત તેની મા ને ચોરડામાં હતી ત્યાં ગયેલ. તેની પાછળ અનિલ પણ આવ્યો. “આ હું આવ્યો” અનીલે કહ્યું “શું કામ અને મોલાવ્યો?” હું લમલમ પછીએ ચાલેલું નાનું ધર પૂરું કરવામાં હતો.”

“ચિત્તએને માને ફોન ક્યો હતો અને તેથી આવજોને મોલાવ્યાં છે.” સુકુમારે જવાબ આપ્યો.

“તમે કહેવામાં આવ્યું છે કે તમે મેં છોડાએ પ્રતીપને નિહાળે મતા અને પાછા આવતા પછયો છો. આ ખરું છે? મહોલોને પુછો.”

“જા, અમે તો થોડી રમુજ કરતાં હતાં. અમે પત્ન્યવાનો વિચાર નહોતો કર્યો.” સુકુમારે નિરોપણે જવાબ આપ્યો.

“આનું પુત્ર કે જ તમને વધુ પડતી રમુજ આવી હશે નહીં તો ચિત્તએને ફોન ન કરે. હું એમને સારી રીતે આજાણું છું એમને પચીજ સારી રીતે તમારી વાત કરી હતી. અને હું જાણું છું તમારું પ્રતીપ ધણો સારો બાળક છે, તો પછી તમારી રમુજ એકજ પડતી રોતી નોંધએ નહીં વાડી.”

“માગી તમે કામ સાચા કરો. પણ અમે અરે અર પ્રતીપને પત્ન્યવણી કરવાનો વિચાર નહોતો કર્યો. અમે ફક્ત એને “નવલડી મધમાખ” કહી ચીંચ્યો હતો કારણ એ ધણો નાનો છે.” અનીલે પોતાના ખીજની સાથે સાથે અને વિવેચી જવાબ આપ્યો.

“આ ન્યાયી વાત અને નથી જામતી. તમે શું છો છો? એને શું કરવું નોંધએ પોતાને મેડો કરવા માટે?”

“ના અમે એવો કાંઈ નિચાર નથી કર્યો.” બન્ને બાળકો સાથે મોલી ઉડ્યા અને હસી પાયા.

“અને તમે એને જવા ન દેતા એનો રસો રાંધ્યો હતો. આમાં ક્યા રમુજ હતી એ તો પત્ન્યવણી મેળવવા દેખાય છે.” મહોલો એ બન્ને બાળકોને કાતીથી કહ્યું. “અને તમે જાણો છો કે એ બાળક ઉપર એની શી અસર થઈ? ચિત્ત એને અને કહ્યું કે પ્રતીપ સાળામાં જવાબ નથી મામતો.”

“ના માસી એને અને મનાળી મધશું અને એને આવડું જાયશે.” અનીલે કહ્યું.

“એ તો મનુજ સર તમે એના કાતો રોતો જાણો. અરાજ પત્ન્યવણી કરનારામાંથી. આપને ખીજ રીતે પણ નોંધએ. તુનો કાંઈ પણ

અરાજ વર્તન જાણી નોંધને બતાવે તો એને એનો દોષ બતાવવો નોંધએ એમ તમને નથી લાગતું?”

“હા! જરૂર” બન્ને બાળકો મોલી ઉડ્યા.

“પણ જ્યારે કાંઈ પણ ચીજ પોતા ના હાથની વાત ન હોય ત્યારે તેની ટીકા કરીએ તેનો કરો ઉપયોગ ન થઈ શકે બરે અરાજ મા. આપણે ટીકા કરીએ. ત્યારે તેનો કરો ઉપયોગ માપ તોજ તે સારી મધુપ, નહીં તો એ કયા કામનું નહોતું. તમે કીડી નાની છે તેથી તેની ટીકા કરો?”

“નહોં જા. તમે તો મજા રીતે વિચારો છો?” સુકુમારે કહ્યું.

“હું તમને સમજાવવા માણું છું કે આ ખીનામાં શું તમારો દોષ છે. સમજો કે એક છોકરી બાળુના પડોશીના બગીચામાં જઈ ગુલામના પુત્રો તમને પુછ્યા વગર તેની સાથે તો તેની ટીકા જરૂરની છે. ધારે કે એક છોકરો પોતાની મેજ વગર પુછે ખીજના કાકાપરથી અને તે જાણી સાથે તો તેને માટે પણ ટીકા કરવી જરૂર છે. કારણ ત્યાં દોષ છે અને તે સુધારવો નોંધએ. અને હવે ખીજ બાળુએ એક આપણો અને ત્યાં વગર પરવાને ચાલ્યો જાય તો તમે એને દોષ નોંધો.”

“હું સમજ્યો મા તમે શું કહેવા માગો છો? અને સાચે છે કે અને મુખાંઈ કરી હતી.”

“હા! ચિંતાં રાંજાજ નહીં અને તમે એક સારો મીઠા ગુલામ્યો.”

“માસી તમે આ વાત મારી માને કહેતાના છો? હું કહ્યું છું કે તમે ન કહેા?” અનીલે કહ્યું.

“એ નથી વિચારું” કે મારે કહેવું નોંધએ. પણ અનીલે હું માનું છું કે તારે પોતેજ આ વાત કરવી નોંધએ. હું કહેશે ને? અને તો તારી માને તારા પર નિખાલ બેસશે.” મહોલો એ કહ્યું.

“પણ માસી તમે મારી માને નથી આજાખનાં. એ તમારા જેવા શાંત નથી.” અનીલે કહ્યું.

“પણ મને સાચે છે કે તમારે બન્નેને માટે એ ટીક થશે ને હું કહીશ તો, અને તો, એને તારા પર નિખાલ બેસશે. પણ એ પછી જાણશે તો ધ્રુસો કરશે. મા પણ જાણી શકે છે કે મારો કિરો પોતાનો દોષ અને જાણે છે અને પોતે પોતાનો દોષ સમજી શકે છે અને સુધારી શકે છે. એનાથી એ સજ મા.”

“બસે હું જાણી નોંધએ. ક્યારું છું કે તમે સાચા રસો.” અનીલે કહ્યું અને પછી સુકુમાર તરફ ફરી

કહ્યું. “સુકુમાર આપણે પ્રતીપને ફોન કરી મારી માગીએ એ ઠીક મળાશે. એ સારો મીઠા થઈ પડશે તને શું લાગે છે?”

“હા! હા! જરૂર માલો ફોન કરીએ.”

બન્નેએ પ્રતીપને ફોન કર્યો અને મારી માગી નવે સારા મીઠા બન્યા.

જમતના સૌથી વૃદ્ધ રાજપુરુષ

રાજ્યકીવટમાં વૃદ્ધ પુરોહિત રચાન હરેશાં મહારવનું રહેલું આવ્યું છે. વરોના વહેવા સાથે બહુમતે એમના માં ને કહાપણ વિકસાવ્યું હોય છે તેને હરેશં કાંઈ પણ મહત્વના પ્રમ પર તેઓ શાંત અને ચિંતર ચિંતર વિચાર કરી શોગ્ય નિર્ણય લઈ શકે છે. જમતના એવા વરોહક રાજપુરોહ માં મેરોકોના કાલના વગીરે આજમ આસ નોંધવાન છે.

દુનિયાના અત્યારના રાજપુરોહમાં મેરોકોના વગીરે આજમ જેટલો વૃદ્ધ રાજપુરુષ ખીજો કાંઈ નહીં થયે. એની ચોક્કસ ઉમર તો વિસ્મરિતો વિગત બની ગયેલ છે, પરંતુ પ્રાંત પુરાવાઓ પરથી એટલું તો ચોક્કસ જાણાય છે કે કાંઈગીનો પહેલો રીઝ એ ક્યારનોય વિતાવી મુકેલ છે. કે ૧૮૬૦ની સાલમાં એ સુલતાન મુમેદસનના હાથ નીચે જાહેર બાંધકામ ખાતા તથા સંદેશ વ્યવહાર ખાતાના પ્રધાન હતા.

મેરોકોના છ સુલતાનનો, રાજમા બિનેક થતો એમણે જિએસો છે અને એમના પાંચના હાથ નીચે તો વગીરે આજમ તરીકે કામ કરેલું છે. વગીરે આજમના પદે રહેનાર વડા પ્રધાનપદ ઉપરાંત વૃદ્ધાવતા તથા ધાર્યાં બાબતો ને લમતા ખાતાની પણ કરને બન-

વમાની હોય છે. ‘મેરોકોના અજીરે’ જેનું આધિપત્ય નીચે છે અને જેનું સરકાર નિમેશા દસ રેસિડન્ટ જનરલે નાં આમમન અને વિદાયના બા પદ રાજપુરુષ કાફી છે.

એવા જાણીસ વરસ થયાં એ ક જીનાંને કાન્સના પ્રસિદ્ધ આરોગ્યશાલિ વિશી મુકામે ઉપડી જાય છે. ‘એક’ બા નિવમિત મુલાકાતે એ જેનું કહેલું ને ઉત્તર આફ્રીકામાં જુમ મોહમિય બનાવી દીધું છે. અથા વરસે એવા વિશીમાં જ મેરોકોના નંબર. એક વાળી ૧૦,૦૦૦ જેટલી મોટી દેખાઈ હતી.

વગીરે આજમ આટલી ઉંમરે પહેંચ્યા છતાં એમના રમરણ કાંઈ જીવનશક્તિ અને નિર્ણયશક્તિ એને તેમાં રહ્યાં છે. ફરોજ એ એ સુધી ફરવા જાય છે અને ‘એક’ મોહમિય થયે છે. એક શબ્દ નકામી જવા નથી દેતા અને કાંઈ સમયનો ઉપયોગ પુરતક વાચન અથવા તો રાજકાલને લમતા કામ પત્રો લખાવવામાં કરે છે.

—છટ આફ્રીકામાં ભારતની એ મેકો “એક એક ઇન્ડિયા” અને “એક એક મેરોકો” પોતાની સાખાઓ મોક નાર છે.

ન્યારે કાસ્ત મેજક માફ દરેકન અમેરિકાના મિશ્નરીમાં એક છાત્ર અભ્યાસ કરતા હતા ત્યારે એક આકરનો તેમના ઉપર પત્ર આવ્યો.

“શ્રી તંત્રી સાહેબ, તમારા છાત્ર માંથી એક કરેલોએ મળી આવ્યો છે. હું જાણવા હવે હું કે આ નિશાની શું બાવિની ખાતરી કે અશુભ બાવિની.”

માફ દરેકને પ્રત્યુત્તર લખ્યો:

“જાપામાં કરેલોએનું હેતુ બાવિ ની કાંઈ પ્રકારની આપાધિનું સુચક નથી. ખરી વાત એ છે કે કરેલોએ આપાશ પવમાં એ જોતો હતો કે ક્યાં વેપારીની જાહેર અપર આવતી નથી એવી કરેલોએ તે કુકાને જાણ પેતા ના જાણ પામરી સુખસાંતીથી આ રહી રહે.”

એક કવીએ “શાને હું હવે છવ-તો”નું કાવ્ય રચી એક છાપાના તંત્રી પર મોકલ્યું. તંત્રીનાં પાંચ મોકલ તાં જવાબ્યું કે. “દિલગીર હું કે આ તમારું કાવ્ય છાપી રહ્યોએ તેમ નથી. પણ તમારા સવાલનો “શાને હું હવે છવતો”નો જવાબ આપી રહ્યોએ તેમ છીએ. તમે કાવ્ય પોતે દાસ મોક-લાવ્યું હતું અને જવાબમાં આપવા આ-પ્પા ન હતા તેજ એનું કારણ છે.

શું તમે એર ખરીદ્યો

હું રજત રામનું નામ લેતો નથી, સીતારામ પણ કહું છું. મતલબ એ છે કે હું જાપાની વહેંચણી સ.એ મામેલોગ પણ છવું છું. વણીવાર કહેવાય છે કે મામેલોગનો ખાસ મેલો હોય છે, પરંતુ મોટેને મેકાર બનાવીને, શૂમે મારીને, એમના ધંધા જીનવી લઈને મિલમાં ને વસ્તુઓ લેવાય થાય છે. એ વસ્તુ સરતી નથી બધક મેંથી હોય છે” હતાં એ બધા મેકારોને ખવડાવવાની જવાબદારી મિલો ઉપર લાદવામાં આવે તો મિલની વસ્તુ એા રવી રીતે સરતી બની રહે? મિલ નાં કપડાં ઉપર છવ્યો તે અંત કુમી લમાડવામાં આવતા અર્થને નજો અને પછી જુઓ કે એ સરતો પડે છે કે મેલો? હવેમાં મોરીનો ખાસ સરતો પડે છે અને મહેનતની વસ્તુ મેલો, એર સરતું છે અને અમુત મેલુ, તેથી શું તમે એર ખરીદ્યો?

The Function Of The Church

I believe the chief function of a church is to foster the good life and to exalt the dignity of human effort. A liberal church can do this without becoming entangled in creeds and dogmas or diverting its attention to forms. It will recognise the need for courageous use of reason, but will also tap the vast reservoir of generous emotion that springs from our common humanity. It will be socially conscious, yet free from social as from religious dogma. It will seek courageously and realistically the kingdom of heaven on earth, but may find more spiritual value in the search than in the realisation of the final goal. And it will never forget that the ultimate source of social progress is in the regeneration of the individual."

—Dr. Dexter Perkins.

The Ideals Of Civilisation

66 **W**HAT is civilisation? This question ought to have been pressing itself on the attention of all men who consider themselves civilised, but it is remarkable that in the world's literature generally one hardly finds that it has been put at all until today, and still more rarely is any answer given. It was supposed that there was no need for a definition of civilisation, since we already possessed the thing itself. If the question was ever touched upon, it was considered to be sufficiently settled with references to history and the present day. But now, when events are bringing us inexorably to the consciousness that we live in a dangerous medley of civilisation and barbarism, we must, whether we wish to or not, try to determine the nature of true civilisation. True civilisation is progress, material and spiritual progress, on the part of individuals as of the mass. In what does it consist? First of all, in a lessening of the strain imposed on individuals and on the mass by the struggle for existence. The establishment of as favourable conditions as possible for all is a demand which must be made partly for its own sake, partly with a view to the spiritual and moral perfection of individuals, which is the ultimate object of civilisation.

"The struggle for existence is a double one: man has to assert himself in nature and against nature, and similarly also among his fellow men and against them. A diminution of the struggle is secured by strengthening the supremacy of reason over both external nature and human nature, and making it subserve as accurately as possible the ends proposed. Civilisation is twofold in its nature: it realises itself in the supremacy of reason, first, over the forces of nature, and secondly over the dispositions of men."

—Albert Schweitzer.

INDIAN OPINION

FRIDAY, 20TH NOVEMBER, 1953

A Very Welcome Step

WHILST these lines are being written the conference of Church leaders "to consider the application of Christian principles in our multi-racial land, with special reference to the extension of the Kingdom of God amongst the non-European people of South Africa," convened by the Federal Missionary Council of the Dutch Reformed Churches, is deliberating in Pretoria.

We have always profoundly regretted the apathy of the Church when Christian principles were being woefully violated particularly by the ruling class in this country and their action was causing untold misery to millions of people. We felt that the Church should have long ago voiced their strong protest and given a lead in respecting and adhering to those great principles not only in the administration of the land but in every walk of life. Not that the Church has not spoken at all. Such an assertion would not be quite correct. It has spoken now and then but its voice has been too feeble and ineffective which is a sad reflection on the Church. At times the Church has allowed itself to be led away by emotional feelings and given its stamp to man's inhumanity to man which no religion has sanctioned much less has the Christian. We are convinced therefore that the present move by the Church has come *too late*. It was in fact long overdue. We have before us a

copy of the agenda and copies of the papers already read and are to be read at the conference. We are grateful to the organisers for kindly sending them to us. We are not in a position to comment just as yet on the deliberations that have already taken place. The only thing we can say at present is that the moral standard of man has in recent years sunk very low for which the Church is not wholly to blame. It is futile to blame the Government or even God for that matter, as we are so apt to do, for the many ills we suffer in this country or elsewhere. For if the Government violates the laws of God those of us who submit to man-made laws because we fear him and sell our souls for material gains, which we seem to value above everything else, thus forgetting the existence of God and His commandments, are sinning against man and God and we are suffering for our own sins. A little introspection would bring this home to us and we would cease re-
 criminating others and try to improve ourselves.

The Church in the present circumstances has an uphill fight. We can only wish its deliberations God's blessings and pray that they may result in bringing the spirit of human brotherhood and peace and happiness to all the inhabitants of this land. As Dr. H. H. Keet and in his opening address, there is only one "united" known in scripture, and that is the separation from sin, not from our fellow human beings."

NOTES AND NEWS

Mr. Patrick Duncan Released

Mr. Patrick Duncan, whose name is now known to the readers of 'Indian Opinion,' was released from gaol in Germiston on November 13, after serving 14 days of a sentence of a fine of £100 or 100 days imprisonment for taking part in the Defiance campaign against unjust laws. For the rest Mr. Duncan had paid the fine. Mr. Duncan was really not in a position to go to gaol owing to his leg trouble, which had necessitated his being in hospital for over three months and he had not fully recovered even then. But Mr. Duncan was insistent that he would experience even a little of the sufferings that so many non-Europeans were undergoing for right and justice. And so he spent 14 days in gaol. The non-Europeans certainly do not expect their European friends and sympathisers to undergo physical sufferings for them. They can help our cause a great deal by doing constructive work outside and converting European public opinion to their way of thinking. The non-Europeans are, therefore, we are sure, gratefully appreciative of the generous gesture made by Mr. Patrick Duncan.

Mrs. Freda Troup and Miss Betty DuToit, the two European ladies, who were sentenced to a fine of £25 or 25 days imprisonment for the same offence are serving their full sentence in gaol in Johannesburg. We very heartily congratulate them and Mr. Duncan for their wonderful spirit of sacrifice.

Death Of Mr. Narasamy

Naldoo

The death took place through heart failure at the age of 52, on Saturday, November 14, of Mr. Narasamy Naldoo, son of the late Mr. Thambi Naldoo, who took a leading part in the great Passive Resistance struggle in 1907-14 under the leadership of Mahatma Gandhi. Deceased was one of those who had been entrusted to Mahatma Gandhi to be looked after while the parents were in gaol. So with other children Mr. Narasamy was for a time in Tolstoy Farm and then in Phoenix and subsequently when Mahatma Gandhi left this country for good in 1914, he was among those children who were taken to India. Mr. Narasamy remained under Mahatma Gandhi for a time but as the climate of India was not suitable he returned together with other children back to South Africa. He took a leading part in the Transvaal Indian

Congress under the leadership of Dr. Y. M. Dadoo and was elected one of its vice-presidents. Twice he served sentences of imprisonment during the campaign against unjust laws. Our heartfelt sympathy goes out to his sorrowing widow and bereaved family.

Durban Bus Passengers

Welfare Association

The Durban Bus Passenger Welfare Association has written a letter to the Non-European Bus Owners Association drawing their attention to the unsatisfactory way in which non-European bus owners are served on the Alpine-Crescent Street route.

The letter makes the following complaints: "The buses enroute to the City from Alpine Road and Crescent Street waste considerable time crawling to town between 9 a.m. to 5 p.m.

"They waste about 15/25 minutes at the corner of Sparks and Brickfield Roads on the trip to town waiting for passengers.

"Buses sometimes off-load their passengers at the corner of Crescent Street and Brickfield Road and the passengers have to wait for another bus from town in the mornings to travel up to Harbottle Road. In some cases passengers have to walk.

"On Sundays and public holidays the services were curtailed and the services on such occasions is most unsatisfactory.

"The behaviour of some conductors is not what it should be. They are most insulting to passengers and they treat them most discourteously. This, however, is not a general complaint."

The above letter was written on October 19 and no reply has been received from the Bus Owners Association. A further letter has been sent in the above connection with a request that the complaints made in the first letter be attended to immediately.

The Secretary of the Association, Mr. V. Soobramoney, informs us that a large number of the members of the Bus Passenger Welfare Association are in favour of applying to the City Council to provide transport for this area. However, they have agreed to suspend making such an application in order to give the bus owners at present serving the community an opportunity to improve their services, especially in view of the constant cry of non-European bus owners that they are not making sufficient profits.

AMERICA'S GROWING CONCERN FOR AFRICA

(An autumn 1953 review by Dr. Homer A. Jack who was interim secretary for the American Committee on Africa during July and August 1953)

AFRICA is aflame... and the heat of a continent in revolution is being felt throughout the United States. Americans are reading about Africa. Some Americans are doing research about and in Africa. And increasingly Americans are being organizationally involved in the multifarious problems affecting "the lost continent." This review is an attempt to summarize in brief compass American concern, other than industrial and diplomatic, for Africa in the autumn of 1953.

Americans for many years have had some interest in Africa. The Stanley-Livingstone saga put Africa on our front pages, especially since Mr. Stanley was working for an American newspaper. American churches and churchmen for almost a century have felt close to their missionaries in the most remote parts of Africa. American Negroes have retained a vague, emotional tie with the African continent. American industry has looked enviously at the riches of Africa and a few industrialists have plucked these riches, especially rubber in West Africa, copper in Central Africa, and gold, diamonds, and now uranium in South Africa. The Sunday supplements have been filled with the safaris of big game hunters and, more recently, with movie stars on location in lion country.

Above and beyond these interests, new concern about Africa in America emerged after World War II. As an aftermath of the war, much of Asia has been lost to the democratic world and Americans have rather belatedly awakened to the stark fact that Africa is the last frontier. Democracy-loving Americans wonder if Africa will go "the way of Red China." Strategic-minded Americans ask who, in the end, will win the fabulous resources of the African continent. Humanitarian Americans, more interested in people than in politics or in plunder, wonder whether the peoples of Africa will be able to throw off the yoke of colonialism and racism which is hardly their due under the Atlantic Charter or the United Nations Charter.

Amid this new American preoccupation with Africa, events have thrust Africa into the world headlines, from the repudiation of Fatah in Cairo to the election of Malan at the Cape. There has been the smoke of open rebellion in Tunisia and

Morocco under the French flag and the silence of near-rebellion in Belgian and Portuguese territories. The British battered down Sereise Khama in Bechuanaland and raised up Kwame Nkrumah in the Gold Coast. Africans in British West Africa point an accusing finger at Malan in South Africa and the Africans point a lily-white finger northward at Gold Coastism. The terror of Mau Mau and anti-Mau Mau is in strange juxtaposition with the bloodless, Gandhian, non-violent civil disobedience campaigns in South and Central Africa. One of these headlines new heroes are born and old ones are forgotten. Cecil Rhodes and even Jan Smuts have passed from world view and a young English clergyman, Michael Scott, has become the symbol to Africans as Albert Schweitzer, now celebrating his 40th year in Africa, has been a symbol to Europeans and some Americans.

Public interest in Africa has been both engendered and reflected in the American press. The special issue of 'Life' magazine on Africa was a sell-out and the special African issue of the 'The Saturday Review' was widely read. Newspapers have sent special reporters to cover Africa, such as Edward Lacey of the Knight Newspapers and Albion Ross of 'The New York Times.' 'Jet' and 'Ebony' now have a roving reporter in Africa, and the national Negro newspaper, 'The Pittsburgh Courier,' ran a special series of articles on South Africa. As one might suspect, John Gunther is inside Africa for his publishers and also for 'The Reader's Digest.' Books are being sought on Africa, especially the longtime favorite, 'Cry, The Beloved Country,' and the new novel by Alan Paton, 'Too Late To Phalarope,' the latter being a book-of-the-month selection. American publishers in the next few years will have African books on their lists as, in the past decade, they were swamped with books on American race relations. Africa is, truly, in the wave of the future.

For many years Americans have studied Africa—its geography, its flora, its fauna, its people. From initially an anthropological viewpoint, Professor Melville Herskovits developed one of the first African Institutes in America—with some Carnegie Foundation help—at Northwestern University outside Chicago

The Kennedy School of Missions, affiliated with Hartford Seminary, has had a Department of African Studies since 1911. A new African institute will be established this autumn at Boston University, under the leadership of William Brown, who has just returned from a study-tour of Africa and formerly headed African work for the United States Department of State. Roosevelt College of Chicago and Lincoln University in Pennsylvania have also had some African programs.

The Kennedy School of Missions assembled a conference on Africa in the spring of 1953. Another academic conference, this time to evaluate past, present, and future research on Africa will be convened in October at Princeton University. The Harris Foundation lectures at the University of Chicago in November will be devoted to Africa. Perhaps most spectacular, the Twentieth Century Fund has announced an ambitious, three-year study of Africa under the leadership of Dr. George H. T. Kimble, formerly director of the American Geographical Society.

Many Americans, however, are not content to observe and generalize; they believe in organization as well as research. And so a number of special organizations devoted directly or indirectly to African problems have arisen. One of the oldest is the Africa Committee of the Division of Foreign Missions of the National Council of the Churches of Christ (156 Fifth Avenue, NY 10.) Formerly headed by Dr. Emory Ross and now by Dr. George Carpenter, this group is a clearing house on African problems for Protestant churches and missionary boards. The Committee sponsored an important North American Assembly on African Affairs in Ohio in 1952. On the international Protestant level, work is coordinated and research guided by the Africa Secretary (Miss Gloria Wymer) of the International Missionary Council (156 Fifth Avenue, NY 10.)

Among the smaller and more limited groups should be listed the United African Nationalist Movement (Hotel Terzo, Seventh Avenue at 125th Street, NYC) in the Negro community in New York City, which is connected with the Garvey movement of another generation. At Howard University was recently established the Institute of African-American Relations (500 Walker Building, Washington 5, DC.) In New York City the Bahai-centered Caravan of East and West has insured an African Aid Society (132 East 65th Street, NY 21) which is especially interested in

helping African prisoners coming to the United Nations. Mention cannot be omitted of the Council on African Affairs which has been in existence for some years and has faithfully kept to the Communist line.

An organization founded in 1952 for a limited and specific purpose is Americans for South African Resistance (Rev. George House, 513 West 166th Street, NY 32) which is informing the American people about the progress of the Gandhian campaign in South Africa and, more recently, in the Rhodesias and Nyasaland as civil disobedience is being used against Central African Federation. This organization is also collecting money for the relief of families of Africans sent to prison for passive resistance.

TROUBLED WATERS

By JOHN O'HIND

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. LIBERAL PERSPECTIVE

THE INDIAN MINORITY IN SOUTH AFRICA

By C. W. M. GELL

(From the 'Chicago Jewish Forum,' Fall 1953)

II

WHAT emerges from these statistics is the picture of a small Indian community reproducing itself too fast certainly, but nothing like so fast as politicians and others try to make out for their own expedient purposes. It must be many generations before the Indians become even five per cent of the total population or one quarter of the Whites, even if present rates of increase are maintained. From the White point of view the problem is aggravated (and deservedly aggravated, since the White man imposes the conditions of poverty and ignorance which always make for too high fertility) by his refusal to allow the Indians to move freely about the country and thus find their natural overall density of about three per cent. Indians and Europeans comprise the following percentages of the provincial populations: Europeans: Natal 11.4, Transvaal 25.0, Cape 21.0, O.F.S. 22.7, Total 20.8. Indians: Natal 12.6, Transvaal 0.9, Cape 0.4, O.F.S. nil, Total 2.9.

The other provinces refuse to release "a Brown flood" throughout the country and the confining of over eighty per cent of the Union's Indians to its smallest province (seven per cent of the area of the Union) produces in Natal a feeling against them closely akin to anti-Semitism elsewhere. As a President of the S.A. Institute of Race Relations has said

"Anti-Semitism in Europe is no like non-Indian feeling in Natal that it would be possible for any (White) Natalian to advance all the arguments of the anti-Semite without ever having seen a Jew."

This is substantiated by the speeches of two Natal Members of Parliament in the fierce Indian debates of 1913 and 1929. First, Mr. C. G. Fiehardt said: "When Europeans and Asiatics came together, the Europeans invariably go to the wall." South African Europeans have since shown a remarkable resilience!

In the second debate Mr. G. Anderson said:

"I want to ask the Minister whether under this voluntary repatriation scheme any of the Indian trading classes, or the classes which perform skilled work, have taken advantage of the scheme. If this scheme is not going to touch these classes, it is no solution of the Asiatic problem."

In these words are epitomised the White South African's fear of Indian competition as the basis of his hostility, and, because the problem is concentrated in Natal, politicians there seek to exploit that hostility in their quest for votes from the almost all White electorate. Both the main political parties are guilty in this respect as the vast majority of all White South Africans everywhere are hostile to the Indians.

But much of this hostility is in fact misdirected. The Indian merchant class has never been more than a small minority of the Indian population—about fifty per cent of the tiny Indian communities in the Cape and Transvaal and about nine per cent of the Indians in Natal, perhaps 65,000 (or eighteen per cent) out of the total Indian population today. There are no doubt instances where Indian resource, industry and patient commercial shrewdness constitute serious competition with local White interests, but over the country as a whole the number of Indian merchants (10,523) is simply not sufficient to do so. And what is little realised by a White electorate anxiously viewing these fortunate few, is that the bulk of the Indian population—something over 300,000 persons—live in conditions of squalor, disease, homelessness, malnutrition, under-employment and under-education which (as with the similarly situated urban African population of over two millions) degrade the sufferer as much as they threaten the health, prosperity and tranquillity of the whole country. Most of the world now knows that by what is known as the Industrial Colour Bar all skilled and administrative employment in South Africa is reserved for Whites. Grievous as is the frustration and resentment of the Africans, the Indian labourer is even worse placed, being caught between the hammer of competition from the much more numerous African and the anvil of White monopoly of almost all jobs in which he could develop his latent technical abilities. What Young Commission reported in 1934 is even more relevant today.

"It is clear that the avenues of Indian employment are gradually closing. In all unskilled occupations the Indian is giving place to the Native. In the semi-skilled and better paid occupations there has been no expansion of Indian employ-

ment nor, owing to the White labour policy, is there any immediate prospect of further expansion."

However, pushed by local pressure groups and in the lively hope of electoral advantages in Natal, both the White political parties play up the Indian as a numerical and competitive economic menace to the European. Both parties are pledged to "repatriation" of the Indians. I use inverted commas, because well over ninety per cent of the Union's Indians were born there and have never seen India. Repatriation is, therefore, the correct term to apply to Union-citizens by birth. But both parties know that this policy is dishonest, as neither will the Indians go voluntarily nor will any country agree to accept them, least of all India. In 1957 the then Nationalist Government of South Africa concluded the first Cape Town Agreement with the Indian Government, by which the two governments agreed to co-operate in a scheme to repatriate Indians voluntarily the Union to provide free passages and a £70 bonus, India to be responsible for rehabilitation in India. But in the next five years only some 10,000 Indians left South Africa permanently and the second Cape Town Agreement of 1952 recognised that South African Indians did not wish to leave the land of their birth. This sometimes tempts South Africans and others to conclude that the Indians' plight in the Union is not so bad as it is painted. Apart from the very common human reluctance to exchange the devil you know for one you do not, the real reason is economic. Hope of improved economic conditions is the mainpring of all emigration and, though the Indian has prospered in South Africa proportionately less than the European (immigrant communities, he has done a little better than his fellows in the poorer parts of India, in 1947 the average annual income per head for Indians in

Natal rural towns was calculated to be about £19 (Africans then about £300 and White South Africans about £200) and for Durban Indian labourers (about half the Natal Indians) perhaps £21. The all India average was then about £11. Even allowing that many Indian peasants were partly self-sufficient in food and clothes so that the gap is actually smaller than appears, there still remains a small margin in favour of the South African Indian. That there are in India areas of even greater squalor than can be found in the Union in no way relieves the latter of the stigma of its own White slums in a land bountifully endowed with resources by nature and nominally dedicated to "White civilisation."

If repatriation failed in 1927-32 when only eighty per cent of the Indians were Union born, what hope can it have today when perhaps ninety five per cent were born there and when the all-India living standard has declined in terms of real money? White South Africa made one more effort in the thirties to find outlets for its Indians in British Guiana, New Guinea, Brazil, but nothing came of it. And there is no honest solution of this minority problem today that does not start from acceptance of the Indian as a permanent feature of the South African population.

MR. NEHRU ON SOUTH AFRICA

The following are extracts from the speech of the Prime Minister of India in the House of the people on September 17 during the debate on foreign policy:—

IN regard to South Africa, that a question has become, shall I say, a frozen or a petrified question which does not show the slightest improvement and shows some continuing deterioration. That question, of course, has passed outside the limited sphere in which we raised it originally, in which it was. It has become a much wider issue in South Africa. It has become an issue not of people of Indian descent and White settlers of South Africa, but a question of the great majority of the population of the Union of South Africa, that is the Africans themselves, and a major question of racial discrimination. There is this racial discrimination in many places in the world, especially in Africa, but more especially in South Africa. In other places it takes place, but there is an element of apology about it, but in South Africa there is no apology. It is blatant. It is shouted out, and no excuse is put forward for it. In fact, this question in South Africa has become one of the major issues, major trials of the world, because there can be not a shadow of doubt that if that policy of racial discrimination—of master race dominating over other races, some colonists and settlers from Europe presuming to dominate for ever the population of Asia or Africa—is sought to be justified, then obviously there are forces in this world—not in your or my opinion only, but in this world—which will fight that to the end. Hence these days are past when such things were tolerated in theory or even in practice. Therefore, this issue in South Africa, though it apparently lies low today,—in some extent it does not lie low, but other problems have somewhat overshadowed it—is one of the basic issues in the world today which may well shake up this world. We have seen other aspects of this racial discrimination and colonialism in other parts of Africa. We have been accused—no, meaning India has been accused—of interfering in the affairs of other countries, in Africa. We have also been accused of, well, some kind of imperialist tendency which wants to spread out in Africa and take possession of those desirable lands which now the European settlers occupy. As a matter of fact, this House knows very well that all along,

for these many years, we have laying the greatest stress on something which is rather unique—I think unique in the sense that I am not aware of any other country which has laid stress in that particular way on that policy. I do not mean to say that we are very virtuous and all that, and others, other countries, are not, but we have rather gone out of our way to tell our own people in Africa, in East Africa, or in some other parts of Africa, that they can expect no help from us, no protection from us if they seek any special rights in Africa which are not in the interests of the people of Africa. We shall help them; we have told them; "We shall help you. Naturally we are interested in protecting you, your dignity or interests, but not if you go at all against the people of Africa, because you are their guests and if they do not want you, out you will have to go bag and baggage and we will not come in your way."

Now, that is a very clear statement which sometimes, naturally, has not been welcomed by our people in East Africa, many of the merchant classes there who have done well; but it is our firm policy and I want them—our Indians abroad—in realise it, and I want others to realise it too. And if that is our firm policy, we cannot suddenly remain quiescent when things happen in various parts of Africa which, apart from affecting Indians as such, might create dangerous world situations. In Africa, one sees today in its extreme form both racial discrimination and domination at work. Recently in North Africa various developments took place which, well, one used to read about in the histories of the second part of the 19th Century, and it is amazing that that kind of thing can continue to be repeated now, in the middle of the 20th century. It may perhaps apparently succeed for a while, but I very much doubt if any such policy can possibly bring any measure of success. Because the fact of the matter is that it has become almost impossible to terrorise the people into submission to-day, wherever the people may be. We have seen in a country, in a famous country, but in a weak country, a very weak country, either, essentially or militarily, or otherwise—a weak country in Western Asia which has had up and down and troubles in recent years, how many great powers could not force it into coming and following their

wishes in some matters. Now, I am not going into the merits of these things. But my point is that it has become almost impossible for this method of coercion to be applied by one country against another. Of course, there are many ways of it, not merely military coercion; there may be promises of reward, there may be help and all that. But the conditions that have arisen today make it increasingly difficult for even the powerful countries to impose their will on the weak. To some extent, they might do it. Now, if that is so, how much more difficult or impossible it is for one powerful country to seek to impose its will on another powerful country? It is patently not possible today, and if one tries to do that, or both try to do that against each other, the result can only be conflict—ultimately war. And that is why we come up against this situation in the world today, this approach of great powers to each other in anger, in fear, in hatred—all this resulting in a continuing thing which has been called 'cold war' and which always thinks merely in terms of some future shooting war. And the problem before all of us in the world is, whether a big war is inevitable and, therefore, one must prepare for it

and go in for it when it comes or whether it can be avoided. That is a big problem. Nobody can prophesy, but I have no doubt that vast numbers of people in the world—in fact I would say, nearly all the people in the world, in every country—obviously desire peace. And yet I must confess that recent events have made me slightly more doubtful of any permanent settlements in the near future. I do not, of course, rule them out; I think there are chances and we should work for them. But when one sees the temper of people's minds and of statesmen's minds which are moved, as I said, by that old, something approaching that old religious fervour, without the virtue of religion in it, then anything might happen.

We have heard or read about a long argument, about the shape of a table—whether it should be a round table or a square table or an oblong table. But the real question is of the shape and content of people's minds. It does not matter what kind of table you use or whether you have no table and sit in the good old Indian way of squatting on a *tokhi* or a floor. The point is, how to approach these problems, and if you approach them in a spirit of warfare, well, then naturally the consequences are different.

A.N.C. AND S.A.I.C. MEMORANDUM TO UNITED NATIONS

(Continued from last issue)

Nationalist Government — Flouts The Charter

WITH the victory of the United Nations over the Fascist powers and the formal endorsement by the South African Government of the noble principles of the United Nations Charter, a great wave of hope spread throughout the non-white peoples of our country that their centuries of martyrdom and suffering were over, and that we were at the threshold of a new era of advance towards the recognition of fundamental human rights: the establishment of equal rights for all without distinction as to race, sex, language or religion. These hopes have been cruelly disappointed. Never before in South African history has such a spate of legislation been adopted by the Union Parliament opposed to the principles of the Charter as in the years since 1945. Above all, this is true of the period since the accession of the Union Government in 1948. We present below a representative selection of discriminatory legislation promulgated by the South African Government since our Government's ratification of the Charter, in defiance of the Charter and contrary to the obligations of a member of the United Nations.

Selection Of Discriminatory Laws

(a) The Group Areas Act aims at the establishment of race ghettos for each of the various non-white groups. It empowers the Government to appropriate communities from their land and properties without compensation. It has been promulgated by the Union Government in direct defiance of a resolution of the United Nations.

(b) The Separate Representation of Voters Act aims at removing the Coloured voters of the Cape Province from the Common Voters' Roll and to substitute a limited "communal franchise." This Act has been declared *ultra vires* by the Appellate Division of the Union Supreme Court, which held that it constituted a violation and a diminution of the franchise rights of the Coloured people and was not valid since such rights are entrenched by a clause in the South Africa Act (the Constitution) which requires a two-thirds majority for such legislation. The Nationalist Government attempted to circumvent the Supreme Court decision by passing the High Court of Parliament Act, which was in turn ruled *ultra vires* by the Courts. Persisting in their endless efforts to disfranchise the Coloured voters, the Government has now called a joint sitting of both Houses of Parliament and are attempting to persuade the Opposition to acquiesce in giving them the necessary two-thirds majority.

(c) The Native Laws Amendment Act carries further the rigid control of all African labour. It has clauses for the bringing of African women and children within the ambit of the pass laws. It gives the Government powers to banish tribes, portions of tribes or individuals from the areas in which they were born and grew up.

(d) The Native Labour Regulation Act makes it a criminal offence for an unemployed African to be in town longer than 72 hours without a permit to seek work. A man is exempt only if he has been working for the same employer for 30 years or longer, or if born and permanently resident in a town. Sections of this Bill savour of the Military Discipline Code. It carries provisions making it a criminal offence for an African worker to be absent without leave, to refuse to obey any lawful command or use insulting language to his employer.

(e) The Native Land and Trust Amendment Act completes the work of the Land Acts and seeks to further control labour tenants. It removes the obligation imposed on the Government by the 1936 Act to provide alternative land for squatters who are displaced. It will result in the uprooting of further large numbers of rural families.

(f) (i) The Mixed Marriages Act makes illegal all marriages between whites and members of any other non-white groups.

(ii) The Immorality Amendment Act makes illicit sexual relations between the whites and the non-whites, infringements are punishable by imprisonment.

The last two mentioned Acts have already resulted in a number of domestic tragedies, breaking up long-established couples and families.

(g) The Criminal Laws Amendment Act, known as the "Flag-

ging Act," makes whipping for certain offences compulsory.

(h) The Native Building Workers' Act prohibits African builders from building in any area proclaimed by the Minister. The Act could mean ruin for thousands of skilled and semi-skilled African artisans and independent craftsmen.

The Act further provides for the Minister to make determinations fixing wage rates and states that the Minister "may make arrangements to provide for natives to be trained to perform skilled work of a nature and standard required for the construction of buildings for native use in native areas."

(i) The Prevention of Illegal Squatting Act makes it illegal for Africans to occupy any land "which they have no authority to occupy," even though they have the permission of the owner to be there. The effect of this Act will be to uproot thousands of homeless non-whites who have long been occupying and paying for living space in both rural and urban areas.

(j) Stock Limitation and cattle-culling regulations make impoverished African peasants even poorer by depriving them of their cattle and small stock. The way to improve African farming and stock-breeding methods is to enlarge the peasants' land and raise his economic status. The methods of the Native Affairs Department of the Government can only reduce him to destitution.

(k) The Bantu Authorities Act seeks to set up dummy tribal councils for the Africans and to offer them instead of the full franchise, Government-controlled bodies which will make a pretence of giving them political representation. Under this Act, chiefs will be more than ever tame Civil Servants at the beck and call of the Government. Further, this Act tries to divide the African people tribally, and to break their unity in the face of oppression. This Act, in fact, merely provides machinery for some Africans to administer the system of oppression of their own people. It underlines the principle adopted generally throughout South Africa by successive white governments, of depriving Africans, in perpetuity, of the right of franchise and of participation in the Government of the country.

The Natives (Urban Areas) Consolidation Act also aimed at extending "control" over the movement of Africans. Described in July 1953, by Dr W. M. Eiselen, Union Secretary for Native Affairs, as "the founda-

tion of the Union's Native policy for the next twenty-five years," the Act is designed to force African labour from the urban areas to the farms and gold mines. "Native men make use of house-work at present as a useful way out to come to towns from the farms," said Dr. Eiselen. "Usually it is not long before they obtain other work (i.e. in industry.—Ed.) He pointed out that the "labour bureaux" established under this Act would eliminate this way of escape from on the farms.

(m) Laws Against Asians: The Nationalist Government has passed a number of specific laws directed against the Indian community in South Africa. Act 47 of 1948 amended the Asiatic Land Tenure and Indian Representation Act of 1946 (the famous "Ghetto Act") in such a way as to eliminate even those wretched and unacceptable provisions for communal Parliamentary representation which had been inserted in the original Act as a sop to democratic opinion in South Africa and at the United Nations. Act 53 of 1949 further restricts the ownership and residential rights of Asians. The Act enables Government inspectors to enter the premises of Asian peoples at any time. It also declares that "whenever in any proceedings under this Act, civil or criminal, it is alleged that any person is an Asiatic such person shall be deemed to be an Asiatic unless the contrary is proved. A further and yet more onerous Asiatic Laws Amendment Act was passed in 1951.

The above-mentioned laws discriminate specifically against the non-white population. It should, however, be borne in mind that innumerable other repressive laws (e.g. the Suppression of Communism Act, Customs Act, Population Registration Act) are administered in a manner which bears down most heavily on the non-white peoples and further adds to their difficulties and resentment.

The same is true of the annual Budgets and a host of other Parliamentary, Provincial and Municipal laws, ordinances and regulations. Indeed, since the non-whites are the great majority of the population it is clear that no important legislation could fail to touch their interests; and since they are without effective representation in the legislature, it is obvious that their interests must continuously suffer.

AN AFRICAN'S VIEW OF INDIA'S ATTITUDE

We take the following from an interesting letter by Mr. G. F. Mzimkulu appearing in a recent issue of the 'Bulawayo Chronicle':

SIR,—Able pens have already written much about India's colonisation plan in Africa. Many writers have stated that one of the methods employed by India in its long-term plan to colonise in Africa is to appear friendly to the Africans and also to be their sympathiser in their struggle for freedom in the land of their birth. It is said India does all this in order to gain the support of the Africans and then drive the white people out of Africa, as was the case in India.

I am not in a position to refute this allegation as I am not a student of Indian affairs. But one thing I know is this, that the African in Southern Rhodesia is not in the least more friendly to the Indians than he is to Europeans. I am a member of several organisations and have never heard of my organisations making plans to have closer association with India. We have never hoped that our Deliverer shall come from India. We have always confided in Her Majesty's Government though, of late, that confidence has been somewhat shaken by the imposition of federation against the unanimous opposition of the six million blacks in Central Africa.

We now begin to ask ourselves whether we do ourselves justice by having faith in Her Majesty's Government. However we realise that Her Majesty's Government accepted the federal scheme after having satisfied itself that there were adequate safeguards for the Africans otherwise it would not accept a scheme which would be detrimental to the general advancement of the Africans. Her Majesty's Government believes that under federation the Africans will have more chances of advancement. Whether that is so or not, let us leave it in the hands of those who are responsible for the general run of the Federal State.

While I do not wish to underestimate the dangers that may come from India, I wish to point out that the present treatment of the African makes him an easy prey to all those who come to him and promise him a better future. The African is everywhere frustrated. He is looking for a Saviour, and if India can but promise him an ounce of help in his daily struggle, the African will easily respond, not knowing that India has a stone to grind.

...One wonders why the Europeans in Central Africa should allow the passage of such laws which will ultimately result in racial disharmony and utter chaos.

It is abundantly clear that the fault is with us here in Africa—not India. Mr. Jawaharlal Nehru knows that here in Africa there is a section of the people which suffers many legal disabilities. Let us first put our house right before we can criticise India.

I quite realise that nowhere in the world is life exactly what one wishes it to be and, Southern Rhodesia being part of the world, must also have its share in human misery.

But our trouble here is discrimination.

Our faith in British rule is not completely exhausted.... We have known Europeans of old. They have done an invaluable service to us. They have brought Christianity, education, hospitals, hygienic ways of living, etc., but if all these benefits mean the loss of land, the loss of human dignity, and above all our clear realisation that there is nothing that we can call our own with confidence, then the Africans cannot help but join India or Russia or any other power that promises them future happiness and security.

OUR SCHOOLS CELEBRATE THEIR GOLDEN AND SILVER JUBILEE

The Clairwood group of schools comprising the Clairwood Government Indian Senior Girls' School, the Government Indian Senior Boys' School, Government Junior School and Government Infant School, celebrated their Golden Jubilee this month. They have produced a beautiful brochure to mark the occasion. It gives a vivid account of how from a lowly beginning the Indians made great strides largely by their own efforts in half a century. We say, largely through their own efforts, because it is only since recent years that the Provincial Government has begun to take an active interest in Indian education; and the cost of the school buildings has been borne largely by the Indians themselves, the Government is only now giving a

fifty percent grant towards the building cost. Indians have therefore every reason to be proud of their achievement. The brochure also contains messages of good wishes from distinguished Europeans connected with Indian education and by a number of Indians. The Golden Jubilee Committee has commemorated the occasion by launching a project to build a Jubilee Hall to provide an urgent need in that district.

Silver Jubilee Celebrations

The Inanda Government-Aided Indian School celebrated its Silver Jubilee last week-end. The founder of this school was an ex-indentured Indian who was quite illiterate. He knew the worth of literacy and so with the aid of

one or to literate persons he commenced the school on his own. The number of pupils increased and Government aid was sought. Today the school contains 360 children. This school has also brought out a brochure to commemorate the occasion. There was an exhibition of arts and crafts which did great credit both to the teachers and the pupils who were only in the primary classes and had yet shown great talent. There was a variety show at night and the whole of Sunday was spent in children's sports in which grown up men and women too took a lively part. Light refreshments were provided to all those present.

INDIA LETTER

(From Our Own Correspondent)

Bombay, November 2.

THE Planning Commission has started the work of drawing up the Second Five Year Plan. In the first Five Year Plan emphasis was laid on the development of agriculture and power facilities as well as the basic industries needed for the rapid growth of the country's economy. India had to import nearly its two crores worth of food from foreign countries. This was a great drain on the country's resources, apart from the hard-pressed difficulties of obtaining such a vast quantity of foodgrains amounting to nearly four million tons at exorbitant rates. Thanks to the successful implementation of the first Five Year Plan, the country has become nearly self-sufficient in food. Rationing has been done away with in all the areas except a few big industrial cities like Bombay and Calcutta. Controls on prices and movements of foodgrains are being lifted. Prices are declining in every part of the country except in Bihar where the flood has created havoc with the standing crop. The Government go-downs are overflowing with grain and officials are worrying where they will store one million tons of wheat, that they have contracted to buy under the International Wheat Agreement. A general fall of 30 to 40 per cent. in rice prices has been reported by senior food officials from various States in South India.

The Union Deputy Minister for Food, Mr. M. V. Krishnappa revealed that the drop in prices was a "natural phenomenon." Bountiful rains and irrigation facilities had transformed what was a critical shortage into a handsome surplus. The Government would not allow the prices to go below the economic level. If such a trend was noticed in any part of the country, the Government would rush to the rescue of the agriculturists.

Some State Governments have already announced the economic prices of various foodgrains and their intention to buy whatever grain offered by the agriculturists at that price.

For industrial development power is a primary necessity. The Government's big power development schemes are progressing according to schedule, laying down a firm foundation for rapid industrialisation dur-

ing the second Five Year Plan period.

Provision for half a million new jobs a year to begin with, rising steadily to the target of one million new jobs a year, through rapid development and maximum utilisation of the country's industrial potentials, is understood to be the principal objective of the Planning Commission with regard to their second Five Year Plan, whose outlines are being sketched at present.

With the rapid migration to urban areas of persons who have received some education and training as well as of those who have only their labour to sell, the problem of urban unemployment may continue to baffle satisfactory solution even after the successful implementation of the first Five Year Plan.

The main task of the second Five Year Plan will, therefore, be to develop the resources and permit their utilisation and at the same time to attain a high level of employment.

The second Five Year Plan will also provide substantial resources for what may be described as rural industrialisation and to develop cottage and small industries which are related directly to the processing of raw materials. Such a move may meet the needs of the rural people to a considerable extent.

To achieve rapid industrial development, the plan will be taking measures to organise public investment on a large scale and also to give rapid encouragement and support to private industries and to industries organised on co-operative basis.

Training of man-power on a large scale will be attempted as also for conserving, using and allocating material resources in a manner advantageous to the economy as a whole.

On the rural side, the Commission feels it will be necessary to push forward vigorously programmes of rural community development through the National Extension Service covering the whole country, to organise village panchayats and co-operatives and to give maximum scope and opportunity to local initiative and co-operative efforts.

While the first Plan was based largely on programmes drawn up in a rough way by the State

Governments which they have subsequently attempted to break into district plans, the second plan is proposed to be built up from below. Regional planning will be the keynote of the scheme, so that the various physical resources in each region can be brought together in a balanced way and developed as parts of a well-knit national plan.

The Union Home Minister, Dr. K. N. Katju, stated in Bombay that the personnel and terms of reference of the high-power Commission on redistribution of States in India would be announced during the forthcoming session of Parliament which begins in the middle of November. He added that the appointment of the Commission would not be delayed beyond Christmas.

Dr. Katju also announced that a Bill to ensure cheap justice was being drafted by the legal experts of the Government of India. It would be a non-party measure and, therefore, non-controversial. The Bill would be sent for eliciting public opinion. The Minister referred to the resolution passed by the All India Congress Committee on the subject and said that the resolution complained that justice in India, based on the British system, was expensive, dilatory and cumbersome. The Government was now trying to make it less expensive, expeditious and less cumbersome.

The Merchant Navy Radar Trading Centre, the first of its kind to be established in India, was inaugurated in Bombay by Mr. N. M. Buch, Director-General of Shipping.

Inaugurating the Centre, Mr. Buch stated that the opening of the Centre was an important landmark in the history of the Nautical and Engineering education. Electronics had assumed a position of importance in marine communications and in recognition of the increasing use of radar in navigation, the Ministry of Transport had included electronic aids as a compulsory subject for candidates for the examination for Masters and Mates. Many ships in Western countries were equipped with radar, while in India only 21 vessels had radar equipment.

Captain Alexander, stressing the importance of radar training, stated that radar sets had been installed ashore in many Indian ports in order to assist in controlling the movement of ships during periods of poor

visibility, when, without it the navigation was not normally possible.

The National Executive of the Praja Socialist Party, which concluded its session at Delhi, had decided that the Party should try and come to some arrangement with the other Leftist groups in Travancore-Cochin so as to avoid a triangular contest with the Congress in the forthcoming general elections in the States. The Executive has, however, left it to the local P.S.P. to see how best this objective can be achieved. The leader of the P.S.P. in Travancore-Cochin, Mr. Pattam Thannu Pillai, was present at the meeting.

This decision of the Socialist Party has intrigued the political observers here, as the Socialist leaders, including the topmost leaders like Jayaprakash, Ashok Mehta and others, were shouting from house-tops all these days that they will have nothing to do with the Communist or pro-Communist parties under any circumstances. It will create a strange paradox—Socialists helping the Communists at one place, while fighting them elsewhere. Such a policy may get the Socialists a few more seats in Travancore State Legislature, but it may prove harmful to her generally.

In respect of Andhra, the P. S. P. National Executive authorised Acharya Kripalank to bear Mr. T. Viswanath, chairman of the Andhra P.S.P., who has joined the Prakasham Ministry, before taking action.

Mr. Viswanathan is reported to have stated at Kurnool that he would be willing to abide by the decision of the P. S. P. National Executive and even withdraw from the Ministry, if so instructed. In case he insists on retaining his position in the Ministry and maintaining the fiction of a coalition Ministry, it is believed that the P.S.P. will expel him and his supporters from the Party.

If Mr. Viswanathan leaves the Ministry and joins the rest of the P.S.P. in opposition, Mr. Prakasham's Government is not likely to survive much beyond November 23, when the Andhra Assembly session begins.

Even if Mr. Viswanathan defies the P.S.P. National Executive, he is not expected to carry with him more than six of the 25 P.S.P. members in the State Legislature. The Government will then have to exist precariously on a marginal majority.

Socialist leader Mr. Ashok Mehta and his two colleagues

were sentenced to 31 months' simple imprisonment and a fine of Rs. 50 each on various counts under the Indian Penal Code, by the first class Resident Magistrate of Pardi.

The Socialist Party started Satyagraha (civil disobedience) in Pardi Taluka, demanding that grass lands there should be used for growing food crops so that the land-less peasants may get work. The Party further demanded the appointment of a Committee to examine the problem of grass lands and provision of 5,000 acres of land for aborigines. Mr. Mehta led the satyagraha and was first to court imprisonment. The Government of Bombay refused to recognise the civil disobedience movement of the Party as "Satyagraha" and treated it as ordinary criminal activity. Thousands of peasants participated in the movement during the first stage. The Government adopted the policy of arresting the leaders and leaving the followers. The movement has nearly petered out.

Discontent and unrest fomented by foreign missionaries among the aborigine tribesmen of the unadministered area of the North-East Frontier Agency still exists. The head hunting in this border area of India, like with the inspiration and active help of foreign missionaries, been creating trouble since the past three years.

Ten persons, including army personnel, are reported to be missing, believed to have been killed by force tribesmen in the jungle fastness of this border area. The incident occurred some time last week, but owing to the inaccessible nature of the territory and extreme communication difficulties, no information reached the Assam Government headquarters.

According to a Gauhati report, nearly 500 tribesmen, armed with bows and arrows, made a surprise attack on a party of 25 officials, including army personnel, who had gone into the unadministered area on a goodwill mission. They were distributing salt to the tribesmen when suddenly they were attacked and the whole party was murdered.

There is no confirmation from New Delhi that the entire party has been killed. The administration of this area is the responsibility of the Government of Assam who is accountable to the External Affairs Ministry.

It was known that head

hunting was prevalent in certain parts of this region and during the past three years units of the Assam Rifles had undertaken pacification campaigns.

Elections in 108 municipalities of Uttar Pradesh were held this week. The Congress party has not fared well in the elections according to the results declared up to now. With 30 results still to come Congress

has secured a majority in only 31 municipalities. Praja Socialists are dominating in 19, Jan Sangh 8, Hindu Sabha 2 and Independents in 27 municipalities.

Allegations of corruptions made by certain members of Hyderabad Legislature against some Ministers of Hyderabad, have, after investigation by Dr. Kalyan, proved to be false. So there will be no changes in the present Hyderabad Ministry.

માણસે માંસ, ઇંડા અને એવું બીજું ન ખાવું એમ એ મારા ધર્મસિદ્ધાંતનું અંગ છે.

એક માણસ માંસાહારી હોય પણ પાપના પકડાયાથીયે કરીને ચાલતો હોય તો તે બીજા માંસ વર્જનારા પણ પોતાના એકે એક કાર્યમાં ઇશ્વરનો અનાદર કરનાર માણસ કરતાં મોડોનો વધારે અધિકારી છે.

મારે જીવન કાર્ય આ છે કે હિંદુ, મુસલમાન તથા બીજા દેશી માત્રને, અંગ્રેજને, અને છેવટે જગતને રાજદારી, આર્થિક, સામાજિક તથા ધાર્મિક સંજોગોની વ્યવસ્થા કરવામાં અહિંસા ધર્મ પાળતા કરવા.

માંધીજી.

માણસનું જીવન અનેક સંસ્કારોથી ભરેલું હોય છે. આપણે હાથે અસંખ્ય ક્રિયાઓ થયા કરે છે. તેનો હિસાબ માંડવા બેસીએ તો અંત ન આવે. ક્યુજ પ્રમાણમાં માત્ર ચોવીસ કલાકની ક્રિયાઓ હાથે તો કેટલીયે જોવાની મળશે. ખાંડ, પીણું, બેસણું, ઉધણું, ચાલણું, ફરવા જવું, કામ કરવું, લખવું, બે.લવું, વાચવું, અને આ ઉપરાંત તરેહ તરેહનાં સ્વપ્નાં, રાગદેહ, માનાપમાન, સુખદુઃખ, એમ ક્રિયાના અનેક પ્રકાર આપણને જોવાના મળશે. મન પર એ બધી ક્રિયાઓના સંસ્કાર પડ્યા કરે છે. એથી જીવન એટલે શું એવો કેઈ સવાલ કરે તો જીવન એટલે સંસ્કાર સંચય એવી વ્યાખ્યા હું કરું.

સારા સંસ્કાર તેવા ધુરા સંસ્કાર પણ હોય છે. બનેલી માણસના જીવન પર અસર થએલી જણાય છે. બચપણની ક્રિયાઓનું તો સ્મરણ જ રહેતું નથી. પાટી પરનું લખાણ જુરો નાખ્યું હોય તેવું આખા બચપણનું થઈ જાય છે. પુર્વજ-મના સંસ્કારો તો એક સાદે જુસાઈ ગયેલા હોય છે; અને તે એટલે સુધી કે પુર્વજન્મ હતો કે નહિ તેની પણ યાદ મળે શકે છે. આ જન્મનું નાનપણ યાદ આવતું નથી તો પુર્વજન્મની વાત શું કામ કરવી? પણ પુર્વજન્મની વાત રહેવા હઈએ. આપણી જેટલી ક્રિયાઓ ધ્યાનમ. રહે છે તેટલી જ થઈ છે એવું થે નથી. અનેક ક્રિયાઓ અને અનેક જ્ઞાન થતાં રહે છે. પણ એ ક્રિયાઓ ને એ બધાં જ્ઞાનો મરી પરવારે છે ને છેવટે થોડા સંસ્કાર માત્ર બાકી રહી જાય છે. રાત્રે સૂતી વખતે આપણે દિવસ દરમિયાનની બધી ક્રિયાઓ યાદ કરવા જઈએ તોયે પુરી યાદ આવતી નથી. કઈ યાદ આવે છે? જે કૃતીઓ બહાર તરી આવનારી હોય છે તેજ નજર સામે રહે છે. જુબ લકરાર કરી હોય તો તેજ યાદ આવ્યા કરે છે. તે દિવસની તેજ સુખ કમાણી. બહાર તરી આવતી મોટી મોટી પાતાના સંસ્કારની છાપ મનમાં જોરથી પડી જાય છે. રોજનીશી લખતા હોઈએ તો આપણે રોજ બેચાર મહત્વની બાબતો. નોંધીશું. દરેક દિવસના આવા સંસ્કારો હાથે એક અઠવાડીયાનું તારણ કાઢીશું તો એમાંથી થે ગળી જઈને અઠવાડીયા દરમિયાનની થોડી બહાર તરી આવતી મોટી મોટી વાતો બાકી રહી જશે. પછી મહિનામાં આપણે શું શું કર્યું એ જોવા બેસીશું તો આખા મહિનામાં બનેલી જે મહત્વની વાતો હશે તેટલી જ નજર સામે આવશે. આમ પછી છ મહિનાનું, વરસનું, પાંચ વરસનું યાદ કરતાં કરતાં તારણ રૂપે બહુ થોડી વાતો ધ્યાનમાં રહે છે અને તેમનાં સંસ્કાર બને છે. અસંખ્ય ક્રિયાઓ અને અનેક જ્ઞાનો થતાં છેવટે મનની પાસે બહુ થોડી સિલક બાકી રહેતી જણાય છે. જે તે કમો ને જે તે જ્ઞાન આવ્યાં અને પોતાનું કામ પતાવી મરી ગયાં. બધાં કમોના મળીને પાંચ દસ દસ સંસ્કાર જેમ તેમ સિલક રહે છે. આ સંસ્કારો એજ આપણી સુકી. જીવનનો વેપાર ખેડી જે કમાણી કરી તે આ સંસ્કાર સંપત્તિની. એકાદ વેપારી જેમ રોજનો, મહિનાનો, ને આખા વરસનો જમા ખર્ચ માડી છેવટે આટલો નફો થયો કે આટલી ખોટ ગઈ એવો આંકડો તારવે છે તેવું જ આખેજીવ જીવનનું છે. અનેક સંસ્કારોની સરવાળા બાદબાકી થતાં થતાં તરન ચોખ્ખું અને માપસરનું એવું કંઈક સિલક રહે છે. જીવનની ઉલ્લી કાણ આવે છે ત્યારે આત્મા જીવનની સિલક યાદ કરવા માંડે છે. આખા જન્મકાળમાં શું કર્યું તે યાદ કરતાં તેને કરેલી કમાણી બેચાર વાતોમાં દેખાય છે. આનો અર્થ એવો નથી કે જે તે કમો ને જ્ઞાનો ફોગટ ગયા. તેમનું કામ પડી ગયેલું હોય છે. હજારો રૂપિયાની ઉંચલ પાચલ કમો બાદ આખરે વેપારીની પાસે પાંચ હજારની ખોટ કે દસ હજારનો નફો એટલો જ સાર રહે છે. ખોટ મળે હોય તો તેની છાતી બેસી જાય છે અને નફો રહી હોય તો આનંદથી તેની છાતી ફુલે છે.

આપણું એવુંજ છે. મરણ વખતે ખાવાની ચીજ પર વાસના થઈ બેઠી તો આખી વિદગી સ્વાદ કરવાનો અભ્યાસ કર્યો છે એમ સાબિત થાય. અત્તની વાસના એ જીવનની કરેલી કમાણી થઈ. કેઈક માને મરતી વખતે હોકરાની યાદ આવે તો તે પુત્ર વિધેનો સંસ્કાર જ જોશવર સાબિત થયો ગણવે. બાકીના અસંખ્ય કમો ગોણુ થઈ ગયાં. અકગણિતમાં (અનુકંપાને પાને ૫૫૭ ને)

આવકારદાયક પગલું

આ લીડીંગો લખાઈ રહી છે ત્યારે પ્રીટીયામાં “આ વિવિધ જાતીઓના દેશમાં પ્રીટી સિદ્ધિ કંઈ રીતે લાગુ પાડવા અને દક્ષિણ આફ્રિકામાં વસતા બીન-જોરા કોમા ઇશ્વરનું રાજ્ય કંઈ રીતે સ્થપાય” તેનો નિચાર કરવા પ્રીટી ધર્મ યુરો ની ડે-ફરન્સ મેંબરી છે. એ ડે-ફરન્સ ડચ રીફોર્મ યુરોની ફેડરલ પ્રીટીની કમિનિસ્ટ તરફથી બેલાવવામાં આવેલી છે.

આ દેશની ખાસ કરી રાજ કરતી પ્રત્યેક તરફથી પ્રીટી સિદ્ધિને યોગ્યતા રીતે જમ થઈ રહી છે અને તેના એ કૃત્યથી લાભો સોઠા દુઃખી થઈ રહ્યા છે તે પ્રત્યે પ્રીટી ધર્મ યુરોની નિષ્ઠાળકને અમને હમેશાં એક યથા કથો છે. અમને લાગ્યા હવે કે તેઓએ એ સામે વિરોધ કરવાનો દર્શાવેલો છે. હવે અને એ મહાન સિદ્ધિ પ્રત્યે દેશના વહિવટમાં નહિ પરંતુ ઇચ્છના સંપૂર્ણ બચકારમાં માન આપવા અને તેને અનુસરવામાં આગેવાની આપવી નોંધતી હતી. પ્રીટી ધર્મ યુરો કુમાર રહ્યા છે એવું તો નજરે પડી શકાય. તેઓએ પોકાર કરેલો છે પરંતુ તે ઘણાં ધીમે અને બીન અસરકારક નીવડેલો છે કે જે વસ્તુ તેઓને માટે માનનીય નહિ ગણાય. કેટલીક વાર તેઓએ ઘણાં રીલેક્સ સામર્થ્યથી દોરવાઈ જઈ માનવીની માનવી પ્રત્યેની અમાનુષિતા ને પોતાની સંમતી આપેલી છે જે દોષ તથા ધર્મ અનુસર નથી કરેલી અને પ્રીટી ધર્મ અચીતજ નથી કરેલી.

આથી અમારી સંપૂર્ણ ખાતરી છે કે પ્રીટી ધર્મ યુરોએ લીધેલું આ પગલું એકાદરું છે એટલું જ નહિ બલકે આપણે અમારું કમારું લેવાનું નોંધવું હતું. અનુસર ડે-ફરન્સ ના કાર્યક્રમની નકલ તેમજ તેમાં થઈ રહેલાં આપણે અને ધનારા આપણેની નકલો અમારી સમક્ષ પડેલી છે. તે મોહકવાની બચકારમાં કરેલી મહેરબાની માટે અમે તેઓના આભારી છીએ. ડે-ફરન્સમાં થયેલાં કાર્યક્રમ અમારી રીકા અને હમણાં આપી શકતા નથી. હાલ તુરંત એટલું જ રહી રહીએ છીએ કે માણસમાનનું નેતિક ધોરણ હમણાં વધીને થયું

હમણાં થઈ ગયું છે જેને માટે કેવળ ધર્મ યુરોનો જ દોષ કાઢી શકાય તેમ નથી. આ દેશમાં જે નકાર રૂ નો અનિષ્ટો આપણા ઉપર ચૂંટી રહ્યા છે તેને માટે રાજકર્તાઓનો દોષ કાઢવાનો કે યુદ્ધ ઇશ્વરનો પણ દોષ કાઢવાનો કશો અર્થ નથી. કારણ જે રાજકર્તાઓ ઇશ્વરના કાલેદાને બંધ કરી રહ્યા હોય તો આપણે જેઓ માણસથી કરીને માણસો કરેલા કાલેદાને વશ થઈએ છીએ અથવા તો અર્થશાસ્ત્રને સંવર્ધી એક મળી તેને ખાતર આપણા આત્માને વેચી દેવા તકવાર થઈએ છીએ અને ઇશ્વરનું

હોંદની વલણુપર એક આફ્રીકનનો મત

સુલવાયોનાં કેન્દ્રિકમાં મી. ઇ. એફ. અમરીમકુલે એક કામળ લખેલો છે જેમાંથી અલગવા જેવા બામ નીચે આપીએ છીએ:

સાદેશ, આફ્રીકામાં હોંદીઓને વસાવવાની હોંદની યોજનાના સંપદ માં મારા કરતાં સારા ભેખડો લખી ચુકેલા છે. કેટલાક ભેખડો જણાવી મયા છે કે હોંદીઓને આફ્રીકામાં વસાવવાની હોંદની લાંબા ગાળાની યોજના અમલમાં ચૂકવાની એક રીત એ છે કે આફ્રીકનો તરફ મૈત્રી બતાવવી અને તેઓની જનમજૂમીમાં તેઓની આઝાદીની લાત પ્રત્યે સહાનુ- જૂલી બતાવવી. એમ કહેવાય છે કે હોંદ આ સમજું કરી રહ્યું છે કારણ તે આફ્રીકને તેડા મેળવવા માંગે છે અને પછી કોરાઓને આફ્રીકામાંથી કાઢી કાઢવા માંગે છે જેમ તેઓએ હોંદમાં કરેલું છે.

હોંદને લગતી બાબતોના જે અભ્યાસ નહિ કરેલો હોય એ આરોપ ને હું બોલે કરાવી શકતો નથી. પરંતુ એક હકિકત હું જાણું છું અને તે એ કે સ્વર્ન ડેફેન્સિવો આફ્રીકન હોંદીઓ તરફ ધુરોપીતો કરતાં જરૂરે વધારે મૈત્રી ધરાવતો નથી. હું અનેક સંરચાઓનો સભ્ય છું. મારી કે.પ પચુ સંરચા હોંદ સાથે વધારે માટે સંપદ બાંધવાની યોજના કરતી હોય એવું મારા સંભાળવામાં રહી નથી આવ્યું. અમારો ઉદ્ધારક હોંદી આપણે એવી અમે કરી આશા રાખી નથી. અમે તો હમેશાં

અસ્તિત્વ અને તેના આદેશોને જૂલી જાણે છીએ તેઓ માણસના તેમજ ઇશ્વરના અપરાધી દરીએ છીએ અને આપણા પોતાના પાપોના ફળ ભોગવીએ છીએ. જરા અંતરબોજ કરવાથી આ પાત આપણા હૃદયમાં ફેરવી નોંધીએ અને તો પછી આપણે માન્યોને દુષ્ટો આપવાને બદલે આપણી જાતને જ સુધારવાનો પ્રયાન કરતા મહત્ત્વ, કરતા મહત્ત્વ નોંધીએ.

પ્રીટી ધર્મ યુરોની સમક્ષ હાલ ના સંજોગમાં મુશ્કેલ કાર્ય આવી પડેલું છે. અમે તેઓના કાર્યને ઇશ્વર ના આશીર્વાદ મળી એક ઇશ્વરોએ છીએ અને તેના પરિણામે આ દેશમાં વસતા સમગ્ર લોકોમાં માનવ બંધુત્વ ની બાવના સુરે અને સુખશાલી સ્થપામ એવી પ્રાર્થના કરીએ છીએ. ડે. બી. બી. કોટે ડે-ફરન્સના ઉદ્ધારક વખતના પોતાના બાંધણમાં ખર્ચે હવે હવે કે ચાલમાં “એપાર્ટહેડ” એક જ જાતનું કહેવાયું છે અને તે પાંચથી વેળા રહેવાનું, નહિ કે આપણા માનવબંધુઓમાં.”

બોંદીય સરકારમાં વિશ્વાસ રાખતા આવેલા છીએ. જે કે મધ્ય આફ્રીકા ના સાઠ સાંખ કાળા લોકોના સર્વાનુ- મતી વિરોધને ડોર કરીને તેઓના ઉપર ફેડરલ લાદવામાં આવવાથી એ વિશ્વાસ કંઈક ટગી ગયો છે.

અમે હવે અમારી જાતને પુછવાં લાગ્યા છીએ કે બોંદીય સરકારમાં વિશ્વાસ ચૂકવામાં અમે કદાપણ કરી એ છીએ કે કેમ. તેમ છતાં અમે સમજીએ છીએ કે આફ્રીકનો મારે પુરતી સલામતીમાં રાખવામાં આવેલી છે એવી ખાતરી કપો બાદબ પ્રીટીય સરકારે ફેડરલ યોજના સ્વીકારેલી છે. જે તેમ નહિ હોત તો આફ્રીકનોના સામાન્ય વિશ્વાસને હાની પડે એ એવી યોજના તેણે સ્વીકારેલી નહિ હોત બોંદીય સરકાર માને છે કે ફેડરલ નીચે આફ્રીકનોને વિશ્વાસ માટે વધારે તક મળશે. એમ છે કે નહિ એ તો ફેડરલ સરકાર કેવો વહીવટ ચલાવે છે તેના ઉપર રહેશે. હોંદી આપનાર ભેખડોનું અંદાજ હું જાણું કરવા નથી હમણે પરંતુ માટે એટલું જણાવવું જોઈએ કે આફ્રીકન પ્રત્યેની હાલની વર્તણૂક એવી છે કે કોઈ પણ તેને વધારે સારા બંધિયની આશા આપે તેના તરફ તે સંદેહાળથી દળા પડે. આફ્રીકનને માટે બંધિય નિરાશા છે, ઉદ્ધારકને તે રાખી રહ્યો છે અને હોંદ જે તેની રાજની લાતમાં એક અલગ જાતની પણ મદદ આપવા તકવાર હોય તો જરૂર તે તેને નમે, પછી તેમાં હોંદને પોતાનો સ્વાધ,

સાધવાનો હોય તો નહિ તેની તે પરવા ન કરે.

“...એટલું” તદ્દન દુષ્ટ છે કે વાક અહીં આપણે પોતાનો છે, હોંદનો નથી. મી. જવાહરલાલ નેહરુ જાણે છે કે આફ્રીકમાં લોકોનો એક ભગ છે કે જેનાપર ધણી રાજકીય યુરીયતો પડી રહી છે. આપણે હોંદની રીકા કરીએ તે પહેલાં આપણું પોતાનું આંગણ સાફ કરીએ.

હું સારી રીતે સમજું છું કે દુનિયા ના કોઈ પણ ભાગમાં આપણે ઇશ્વરોએ એવું આશીર્વાદ જીવન તો મળી નહિ જાય અને રાજકીય પણ દુનિયાનો એક ભાગ હોય અહીં પણ માનવીઓએ સંકટનો હિરો બેગવેલો રહ્યો. પરંતુ અમારી મુશ્કેલી એ છે કે અમારી સામે બેલાવ પાડવામાં આવે છે.

“...અને મુરોપીયોનો જુના વખત થી પીછાણીએ છીએ. તેઓએ અમારી અનુપમ સેવા બતાવેલી છે, તેઓએ અમારે પ્રીટી ધર્મ યોજનાએ છે, કેળવણી આપેલી છે, ઇશ્વરપ્રીતિ આપેલી છે, આરોગ્યતાથી રહેતાં શીખવેલું છે. પરંતુ આ સમગ્ર લાભોના મહામાં જે અમારી જમીન ખેલાવી હોય, માનવ ગૌરવ ખેલાવું હોય, કુટુંબ અમલું કર્યું છે નહિ એમ જ અમારે સમજી લેવાનું હોય તો હોંદ અથવા રહીયા અથવા સુખ અને સમ્માનની વાણું બંધિય આપનાર બીજા કોઈ પણ સરની સાથે જોડાઈ જવા સિવાય અમને છુટકો નથી.

મી. પેટ્રીક ડેન્કન છુટી ગયા

મી. પેટ્રીક ડેન્કન, જેમના નામથી “ઇન્ડિયન ઓપિનિયન”ના વચ્ચે હવે સારી રીતે વાંચે છે, તેઓ અન્યાયી કાલેદાઓ સામેની સત્યાગ્રહ ની લાતમાં બામ લેવા બદલ ૧૪, ૧૦૦નો દંડ અથવા ૧૦૦ દિવસની કેદની સજા પામ્યા હતા, તેઓ ૧૪ દિવસની સજા ભોમવી નવેમ્બર તા. ૧૩મીના મુકદ્દમે જરૂરીયાતને જોડવાથી છુટી ગયા છે. બાકીની સજાને માટે તેમણે દંડ બચે હતા. અરી રીતે મી. ડેન્કનથી જેલ જવાય એવી રિપોર્ટ નહીં હતી કેમકે તેમને કંઈક મુદતપર ચમકા મળીર મોટર આ-સ્માતથી તેમના પગને સખત થતા થઈ હતી જેના કારણે તેમને તથા માસ ઉપર ઇશ્વરપ્રીતિમાં રહેવું પડ્યું હતું અને પાછળથી ફરી એક માસ રહેવું પડ્યું હતું અને ત્યારબાદ પણ પગ ફણ સારો થયો નથી. તેમ છતાં મી. ડેન્કનને એવો જામદ હતા કે બીન-જોરાઓ સત્ય અને ન્યાયને ખાતર જે મહાન કષ્ટો સહી રહ્યા છે તેનો ઘોરો

પશુ અનુભવ તેઓ જરૂર લેશે. આથી તેઓ ૧૪ દિવસની જેલ જોઈશે અને બીજા સારામાં એવી તો આજ્ઞા નથી જ રાખવા કે તેઓને ગોરા મીના અને સદાગોએ સારિસિક કૃષ્ણ સંકળ કરતું જોઈએ. તેઓ બહાર રહી રચનાત્મક કાર્ય વધારે અસરકારક રીતે કરી રહી છે અને ગોરા કમળ અને તેઓના જેવા વિચારો ધરાવતા રહી રહી છે. આથી શ્રી. કંઠનની આ હિસાર મેટાની, સમાચારી ખાતે છે કે, સપ્તમા બીજ ગોરાઓ સામાર કસર કરશે.

જે ગોરી એના મીસીસ કોઝ કૃષ્ણ અને મીસ લેડી કુટુંબ, જેમને એજ અરોપસર પદ રૂપેના દંડ અથવા રૂપ વિરસી કેવી સખ મંડ હતી, તેઓ જોડાનીસપર્શની જેલમાં પોતાની આખી સખ પુરી કરી રહી છે. તેઓ વેળા ની કંઠન જે બોમો આવી રસ છે તેને માટે અને તેઓ ને દારૂક અભિનંદન આપીએ છીએ.

મારો જેલનો અનુભવ (લેખક: મળીકાસ ગાંધી)

સુનીપન સરકારના બીજા-ગોરાઓને વાણ પાસના અનવાળી કાવ્યોના સાંગની સામાયકની માતને અમે શ્રી. પેદીકે કા.ન તથા બીજા કુટુંબીજીવને અને મ.રી સાથે બીજા-ગોરાઓને કાવ્યોને બંધ કરવાની ઉરજેરણી કરવાના અરોપસર જરમીરનના આપીડન વોલેજનમાં પકડામાં આ-આ હતા. અમારી સાંગેના કેસ મવા કેજુઆરીયા જરમીરનની રીજનલ કોર્ટમાં આપ્યા હતા અને અમને બધા ને યુનેમાર કરારી જુદી જુદી સખ આ કરવામાં આવી હતી. અને પા. ૫૦નો દંડ અને ૫૦ દિવસની સખત મંડુરી સાચવી કેવળી સખ મંડ હતી. મારા અન્ય સાંગીઓ સાચું કે અમારોપર કુટુંબમાં આવેલા અરોપ આજ કતા અને બોડી રીને સખ મંડ હતી તેથી એ ગુજારા સાંગે આપીન કરી નીલમે. કે પોતે એ મનથી સાક કતા પરનુ ગણા સામ જ વગમોના હોજ બધાની સામ કતા રજેવોના મન આમક કરામાં

આપ્યા છે. બીજા ખાસ વિશેષતા તેની અંદરના અતિ સુદર હસતાસર ની છે. એકજ અપ્રિતમે તે દસતાસર કરેલા છે અને એક ધારા અને અજેકુલ ડાપેલા જેવાજ છે. તેને માટે એ બાઈને તેમજ તેની અંદરના ચિત્ર કામને માટે તેના ચિત્રકોને દારૂક અભિનંદ મરે છે. એ ઉપરાંત તેની અંદરના લેખા પશુ સાચા છે. દરિયુ આપીકામાં તો આ કાપ અંદીનીય છે પરંતુ હોદમાં તેની જોડી જુલજ હોવી સંભર છે. આ કાપ ની બીજા વિશેષતા એ છે કે તેની પાછળ કાપ પશુ જાતના અર્થ સામ નો આરુપ રહેશે નથી. સમાજ સેવા, સાહિત્ય અને કસ પ્રેમનું એક પ્રતીક છે. આ દેસમાં એકરે જોતાં અમેના કુટુંબિત પાતાવરણના પાસમાં સપાડાઈ આપણા બાઈકાનું પતન મધ રહેલું જોવામાં આવે છે. પરંતુ પોર્ટ એટીકાએકના સુવકે મંડળના બાઈકો તેમાં ખાસ ગોખી બાત પાડી રજા છે તેમજ કેપટાકનમાં શ્રી આનરજીવાક આવાડાની નેત્રવ હોજ અને ઇરદકંઠમાં શ્રી સુજીવાક કરી બાહના નેત્રવ હોજ આપણા નવકુના નો બીજા અંગેમાં વસતા બાઈ બેનેને અનુકરણીય કામસો બેસાડી રજા છે. પોર્ટ એટીકાએકના સુવકે મંડળના હાસારી બાઈ તેમજ તેઓ સરને અમે દારૂક અભિનંદન આપી એ છીએ અને તેઓની સક્તિ કાસરે-રાર થી. અને આપણા આખા સમાજને ઉપયોગી નીવડેા એવી સુગેવજા પાઠીએ છીએ.

આપ્યા. અનિચ્છાએ એ આમકને મેં માન આપ્યું. ત્યાર બાદ સાત મસ વીતી મવા પરંતુ અમારી અપીલ ની સુનવણી નહિ થઈ. કમરે મરી તેનો કરી પત્તો પશુ નહિ હતો. દરમીયાનમાં સુનીપન સરકારની કસાઈ વધતી મંડ, સામાયકીઓને વધુમાં વધુ મળુ વર્ગની કેદની અને દેહકાની પશુ સખ કરી રજાવ તેમ એ સખત કાવ્ય પસાર કરી તેજે કામદારોથીએ અદાતમાં એ ઉપરાંત બીજા-ગોરી તેમજ ગોરી કોમના મળુ અવધીતા નેતાઓ સાંગે જાહેર સખાઓમાં કાનરી આપવા, બાગજો કરવા, એક રમણી વીજે રમણ જવા આપવા વિમેરની નંધી કરવાના કુકો. જાન-વાપા. મળુ ખરા નેતાઓ આ મનામ કુકોને તામે થઈ મવા. આ રખણુ નીક અને ધારુ દર મરુ અને આવા સંગેમાં અમને થમેની સખ સાંગે અપીલ કરવામાં અને કસીજ સાર જાણીએ નહિ. ગમશે અનિટ જાણ્યું. આવી બીજામાં કરે ના ન

કરે તો પશુ મારી અપીલ પાછી બેચી થઈ થમેલી કેદની સખ બોવનાનો મેં મારો નિશ્ચય મારા અન્ય સાધીઓને જાણી દીધો અને સુપરેન્ડન્ટ તા. ૧૭ મીના સુધારે સવારે ૧૨ વાગે મારા વડીલ શ્રી. હેરી બજુ સાથે જરમીરનની પેલીસે યોડીએ પેલીસને આપીન કરા મયો.

આ પમકુ મેં લીધું તો રવેકાએ પરંતુ એ વડીલની તેના બંનીર પરિણામોના અનુભવ થવા લાગ્યો. મારા વડીલ મારી હોંનતને માટે મને અભિનંદન આપી રજા કતા અને સુગેવજામાં દારૂકી રજા કતા. મેં તેમને કહ્યું: "કેમ જાએ કસ ખાનામાં જતો નહિ હોઈ તેનું કામ છે." જ્યાં સુધી તે મારી સાથે કતા ત્યાં સુધી તો મને કંઈક એમ જાણતો હતો પરંતુ પેલીસને સુપ્રત કરીને તે તો વિદાય થવા તે મરીથી મારી કસેલી રજ થઈ. પેલીસે અને અદામતની એક ખાતી કેટલીમાં પીસે મીનીટ બેસાડી રાખ્યો. પછી એકર કારમાં બેસાડી જરમીરનની જેસમાં થઈ મયો. જેલનો ભોખડી રવાને મારી પાછળ બંધ મયો અને તે મરી થી જેલના અધિકારીઓ મારાપર સં વીતાઈ છે એ જોનાર બીજું કોણ નહિ હવું. એક તો હતાજ પશુ તેને નીરખવાની એક જોળખવાની આપણા જેવા પામર જીવમાં સક્તિ હોત તો આ અવસરમાથી કપારના પાર ઉતરી મવા હોત એ કતા થયાર.

વડો રોમો, જે કેડ વોર્ડ તરીકે જોળખાય છે, તેજે પમથી માથા સુધી મને નીકાળ્યો. બીજા જાણી વાજા રવાનમાંથી વિજાળ ચોમાનમાં બંધ મયો અને ત્યાં બોરીસમાં બીજા વિધિએ માટે મને સુપ્રત કયો.

અંદરના કેડોમાંની નમર કનેશ વકારથી આવાનાર નવા કેડોમાં તરે રતીજ હોય છે. સામાયજ રીતે તો કેડોમાં સંખ્યા બંધન કામજ થતા હોય. પરંતુ મારે વિરે એનું જનુ કે કું સાંગ એસીજ હતો. જળી મારા જેવા અપકુટ પોવાકથી અન્ય થમેલા માજસ તો જેલના અધિકારી એ સિવાય બીજા કોઈ ત્યાં જેવા મળેજ નહિ. એટલે બીજા કેડોમાં પ્રુજે અંતરેથી મને જોઈ તાજુપ થવા. અને ટગર ટગર જેવા કામ્યા કે આ મુતી કોણ છે.

જળ એવે વખતે આધારજ રીતે કેડોમાં આવતા પશુ નથી જોતા. એટલે મપાની નમર મારી તરે મપારે જળી. બોરીસમાં કામજ થત જ મને મકાર ચોમાનમાં અમ રજેવોના કુકમ મયો મારા કપમાં ઉતારી એક મીતીમાં પ્રુજાનું કનેશમાં આપ્યું અને જેલના કપમાં પકેરવા આપ્યા. એ કપમાં જોઈ કે તે

તાણુજી થયેલ. ડોણુ જાણે કેવા ડેરી એ તે પહેરેલાં કંઈ અને સામારણ રીતે કદીએ એક અઢવાડીયું તેા એણમાં એણું એના એજ કપડાં પહેરતા હોય છે. દર સનીયારે કપડાં બદલાય. એટલે આ કપડાં કે છક પછુ એક અઢવાડીયું તેા પહેરેલાં ટોવાંજ નોખેએ એટલાં તે અંદાં હતી. મેં સારું કપડાંની માગણી કરી પછુ કહેવામાં આવ્યું કે બીજાં કપડાં છેજ નહિ. કપડાંમાં અરધી સાયળ દંડાય તેટલી આખી ચૂંકી, એક લાલ રંગનું બદન અને એક સફેદ બાઈટ. એવાં અંદાં કપડાં પહેરી મારી સુખનો તેા પાર નહિ રહ્યો. આ સિવાય નહિ નેકા કે કશું. સાય કપાજ પમ. એણમાં પ્રકે મારા મરખા, જે દસ વર્ષની વયથી હું પહેરતો આવેલો છું. તે પછુ સર્વ લેવામાં આવ્યા. મેં વિરોધ કયો એટલે કહેવામાં આવ્યું કે બીજાં દિવસે દાહતર આવશે. તે રજા આવશે તેા અરખા મળશે.

મારી સાથે પુરતોમાં હું એકજ પુરતક સ્થ મયો હતો જેમાં મૂલ્ય બાણુ (મહાત્મા બાપી)ના લખેલાં મંજળ પ્રભાત, અનાસકિતયોગ અને ખીતા એ.બનો સમાવેશ થતો હતો. એ બર્ષ પુરતક તરીકે મારી પાસે રાખવાની અને છુટ આવવામાં આવી.

એ વખતે બપોરના એ વારેલા દરી જેલમાં મયા પછી ડેરીને વખત તેા જોવાને મળેજ નહિ અને તેટલા વાગ્યા એ કાઢને પ્રજાય પછુ નહિ. અને એ યોગાનમાં ઉઘાડામાં તેટલી વાર સુધી તેા કોણે રાખવામાં આવ્યેલ. હવા સુસવાટ કરતી મારા અર્ધ છપડાં સરીરને લોમતી હતી. અંદાં કપડાં અને ડંડી હવાઈ હું તેા અઘણાઈ મયો હતો પછુ દરિયાદ ડોને કરવી? પ્રથમનું રહણ કરી રહ્યો હતો અને સહુલિ અને સકિત આવવા તેને માર્યાં રહ્યો હતો. થોડી વારે કાઢક ડોલક ડેરીએ મારી પાસે આવવા લાગ્યા અને હું ડોણુ છું અને શા કારણથી આવ્યો છું વિગેરે પુછપરછ કરવા લાગ્યા. આ સમયે છુપી રીતે ધુસ પુસથીજ થઈ શકે. મેં તેમને ખરી કહીકતથી વાંકે કપો એટલે પછી તેા એક પછી એક વારાફરતી મારી પાસે આવવા લાગ્યા અને અને અભિનંદન આપવા અને દિશાસી આપવા લાગ્યા અને જાલીમ સરકારને આપ આપવા લાગ્યા. માર વાખાના સુમારે જોડુમાજ આવેલી જેમની ધરપીતાલમાં કામ કરતો એક કલડાં ડેરી મારી પાસે આવ્યો. અને બહુ ગ્રેમ પુર્વક અને ધરપીતાલનાં યોગાનમાં બેસવા કહ્યું બર્ષ પવન નહિ હતો અને તાડો હતો. મારા તરફ આ પ્રમાણે ગ્રેમ લાવ વર્ષતો એક અને દુરસ "માઠી પડ્યાં તે મહાસુખ માણે દેખનારો

દાઢે ભોને" એ આશ્રમ બજનાવલીમાં ના એક બજનની કડી માદ આવી. વિચાર આવવા લાગ્યો કે બહાર સર્ગ સંબંધીઓ વિચાર કરતાં કંઈ કે મારા પર તેટલું દુઃખ પડી રહ્યું હશે બ્યારે અહિ તેા મેમ જાણે છપરે પોતાના કુનેને મારી સરખારને માટે મોકલ્યા નહિ હોય એવું બાસતું હતું. સાડા માર વાગે બધા કદીએને પરી દેવામાં આવ્યા. અને ધરપીતાલના ડેરીએ પ્રથમથીજ કહ્યું હતું કે અને પછુ ધરપીતાલમાંજ પુરવામાં આવશે અને કરી આમણ નહિ આવે. એ પ્રમાણેજ થયું. સંજનું આવતું આપી અમને ધરપીતાલમાં પુરવામાં આવ્યા. મારેક લેખાઈના ખાટલા હતો જેનાપર દરદીએ સુતા હતા. બાકી જે કે નવ જગીયપર સુઈ

રહેતા હતા. અને ધરપીતાલની દેખરેખ રાખનાર ડેરીએ સુવાને ખાટલો આવ્યો. ખાટલાપર માદર વિગેરેની તેા આશા નજ રખાય. કામગાએ હોય પછુ નીચે સુવાના કરતાં વધારે સગવડભરેલું. આવમાં ગીલીરાહસ અને થોડી સુગી બીન્સ અને છ એક અલિસ જેટલી માર પાંચ દિવસની વાસી થઈ મયેલી બાલિન શેડીને દુકડો. મારી તેા બુખ હડી મધ હતી. સવારે જેખમાં જવા નીકળ્યો ત્યારે લોકું કૂટ અને કુધ લીધું હતું. ત્યાર બાદ કશુંજ લેવાની કશી નહિ થઈ. લાંબી મુદતના કદીએને કુધ વગરની ડેરી મળતી હોય છે તેમથી અને આવવામાં આવી તે મેં થોડી પીધી અને પટેલી રાત જેમની ધરપીતાલની ડેરીમાં પસાર કરી.—અમુક

માનવ જીવન એટલે શું ?

(પહેલાં પાનાનું અનુસંધાન)

માં અપ્રણીકતા દાખલો હોય છે. તેમાં કેવા મોટા મોટા આકાશ! પછુ સંશ્લેષ કરતાં કરતાં છેવટે એક અથવા થનક જવાળ નીકળે છે. તે પ્રમાણે જીવનમાં સરકારના અનેક અકાશ જતા રહી આખરે જોરાતર એવો એક સરકાર સારથે બાકી રહે છે. જીવન ની દાખલાનો એ જવાળ જાણવો, અંતકાળનું રમરણ આખા જીવનનું ફિલિત છે.

જીવનનો એ છેવટનો સાર મધુર નીવડે, એ છેવટની ધડી ફરી નીવડે તેટલા માટે આખા જીવનની બાધી મહેનત હોવી જોઈએ. જેનું છેવટ

રકું તે આપું રકું. એ છેવટના જવાળ પર બ્યાન રાખી જીવને દાખલે. દરો. એ બ્યેવ નજર સામે રાખી જીવનની મોજના કરો, દાખલો કરતી વખતે જે ખાસ રાવાય પુછવામાં આવેતો હોય છે તે નજર સામે રાખી ને તે કરવો પડે છે. તે પ્રમાણેની રીત અજમાવવી પડે છે. મરજુ વખતે જે સંસ્કાર ઉપર તરી આવે કોવી છમ્મક હોય તેને અનુસરીને આખા જીવનનો પ્રવાહ વાળો. તેના તરફ રાતને દિવસ મનનું વલણ રાખો.

પર રેપીયલ પોલીટીકલ કમીટીએ રજુ કરતાં દરાન, કુનાઇટક નેશનની જનરલ કોમેન્ટરીએ ૪૨ વિરુદ્ધ ૧ મતે મંજુર રાખ્યો છે. આમાં ફક્ત દક્ષિણ આફ્રીકાએ વિરુદ્ધમાં મત આપ્યો નહોતો અને ૧૭ સભ્યોએ બીજકલ મત આપ્યો હતો. આ દરાવનો હેતુ મેં વર્ષે નીમાયલી, કપુયા, રીરીય. અને મુસોરમાપીયાની બનેલી મુક કોપીરીસ કમીશન દરીથી નીમવાનો છે. આ કમીશન દોઢ પાકીસ્તાન અને દક્ષિણ આફ્રીકા વચ્ચેની વાટાઘાટમાં સહાય કરશે. કમીશનને સાથ આપવા તેમજ ગ્રેપ એરીયાએ એકટનો અમલ નહીં કરવા દક્ષિણ આફ્રીકાને જણાવવામાં આવ્યું છે. બીજ સેશનમાં કમીશનને તેમજો હેવાલ રજુ કરવા જણાવવામાં આવ્યું છે. બીટને મત આપ્યો નહોતો અમેરીકા અને રશીયાએ દરાવની

દેશની ગાહાનતા રા.માં રહેલી છે ?

નવેમ્બર ૩, ૧૯૫૨, ના રોજ, અમેરીકાના પ્રમુખપદની મુદબ્બરી માગવી રાને જા.રસ આઇમનકો.વરે એક માવ વ્યક્ત કયો હતો, તે ના. ૧૭-૧-૧૯૫૨ ના 'ન્યુ યોર્ક ટાઇમ્સ' માથી બાજ એ પાળદાસે વાચોને કહેવા જેવો માનીને મને મોકલ્યો છે, તે નીચે ઉતાર્યું છે-

"અમેરીકા દેશની મહાનતા અને પ્રતિબાનાં ફર્શન કરવા મેં તેનાં વિસાળ બંદરો અને તેની મોટી નદીઓ તરફ દષ્ટિ કરી; પછુ તે ત્યાં ન હતી ...તેનાં ફજાદરૂપ એતરો અને તેમના અમલોદ પાક તરફ દષ્ટિ કરી, પછુ તે ત્યાં ન હતી...તેની હીમતી ખાણો અને તેના વિશ્વવ્યાપી બપાર તરફ દષ્ટિ કરી, પછુ તે ત્યાં ન હતી... તેની લોકલાહી ડોગેસ અને તેના અળેક બંધારણ તરફ દષ્ટિ કરી; પછુ તે ત્યાં ન હતી. હું બર્ષા સુધી અમેરીકાના કેવળેમાં ન ગયો અને તેનાં બાધાઓને ધાર,માવનાની વેળાવાથી જાધદળતાં મેં ન જોયાં, ત્યાં સુધી" અને અમેરીકાની પ્રતિબા અને સામર્થ્ય નું રહસ્ય સમજાવું નહો. અમેરિકા મહાન છે, કારણ કે તે ધર્મવાન છે; અને અમેરિકા ધર્મવાન મટશે તેની સાથે તે મહાન પછુ નહીં રહે."

આ વસ્તુ કેવળ અમેરીકા મટે જ નહો, કોઇ પછુ ર.ક અને માનવ સમાજ માટે સારી છે. છેવટે, ધર્મ જ માનવજાનની રોજા અને તેની વિશીલતા છે; તેથી તે વિનાની તેની મહત્તા નિરર્થક છે.

દેશબંધીને અંગેનું મારું કામ ૧૯૬૩
 ની સાક્ષમાં હું દક્ષિણ આફ્રિકા
 ગયો છે. ત્યાંથી તાર થયું હતું. મેં
 મારા પોતાના લેખોને, મારા પોતાના
 દેશબંધીને અને દેશમાં જેમણે
 એના વિચાર સરખો પથ ન કર્યો
 હોત તે બહેનેને પણ કદી પીતાં બંને
 પરિણામે મટરનું જીવન કલ્પતાં બેપા,
 ત્યારે અને લાગ્યું કે, એ કામ અતિશય
 મુશ્કેલ છે. એ પ્રશ્ન તથા જોડો
 દારૂથી બંને કામ પણ પ્રકારનું
 બાળ્યાન સમજવાને પણ તબવાર
 નહોતાં, તો પછી અંગત સમાજ
 માનવાની તો વાત જ શી કરવી
 મેં એ પણ ભેદું કે કોમનાં કેટલાંક
 લાચાર બની ગયાં હતાં અથવા પોતે
 લાચાર છે એમ તેમને લાગતું હતું.
 મેં અનેક કષ્ટાચો અભ્યાસના જેની
 પાસે કરીયે સત્તા ન હોય એવો
 માણસ લઈ શકે એ બધા ઉપાયો મેં
 લીધા. પણ એ અપરસોનું નક્કર
 નેધ સંકામ એવું. કરું પરિણામ
 આપ્યું એમ હું કદી શકું નહીં.

દારના વ્યસનમાં રસાયેલા આ

લેખો (દોંદો મજુરો) એના બચાવ
 કરતા નથી. એને વિરે તેઓ સરખ
 ની લાંબણી અનુભવે છે. આપણે
 તેમની આગળ એ વિરે વાત કરીએ
 તો તેઓ કહે છે કે અમે લાચાર
 છીએ, અમે મજુરો છીએ, તરફતરેક
 ની ખોટી વાતો કહીને તેઓ તમને
 ઉતરવાનો પ્રયત્ન કરશે. આમ છતાં
 આ વ્યસનથી તેમને સરખ લાગે છે.
 બ્યારે કુરોપમાં તો, તમે અને અજવા
 આવો ત્યારે હું મકિરા ન થઈ તો તે
 અવિરોધનયું કહેવાય. ઉપાંચમાં હું
 વિલાઈ હતો ત્યારે હું જુડ જ મુશ્કેલ
 પરિસ્થિતિમાં મુકાય બનો, કેમ કે,
 હું મિત્રાને લઈ ધરતો નહોતો. પણ
 કોઈમાં એવું નથી. અને તેથી હું
 મુશ્કેલ હતું કે, કાપડો થતા પહેલા
 કેળવણી મરી એકલે એમ તમે કહે
 તો તે ખોટું છે. કેળવણી એ બી
 ને કદી પડેલી વળી સંકવાની નથી.
 આથી સંપુર્ણ દારૂથી માટે
 પ્રયાગ જુનેલ મકાવવાની તમારી
 પરિચ દરજ છે. એમ તમે સમજો
 એવી મારી તમને અપીલ છે.

 વ્યો. તે પદમાં શ્રી માર્ચે એક બીજી
 ઉગમા આપીને આ વાત કો છે, —
 મુજે તો એક એક જ વસ્તુ છે. તે
 કદે છે કે, જર્મનીમાં જે 'ગોખાંડી

 સોપિયે રાજ્ય મગજ મુગજ ઉગુ
 છે અને પોપમ જાણુ પર અમેરિકા

 મગજ ઉગુ છે આ મહા મેટા

 કે. એકે તો આ આગે છે ને તમે
 પધારીય છે. મગજ એ છે કે, એકે
 તો આ આગે છે પોપમ પગ વગે છે,
 અને બને સમયે પધારીય મા છે!
 પણ જમનેલ સહત આ છે કે,
 આપણુ આ નાનક-પરમા કામ કાકતર
 છે કે નહીં? બને રાખો સાથે
 પડકાર છે ને પડે છે, એ લા સાગી
 વાત છે. તેથી બને નજા પડે છે,
 તેજ લોક છે. પણ તેમનો મને તે
 એક ન કરે નારાખ્ય અને આંખિયાં
 ૫૨ મહી જાય અને ફરી પડે તો!

બાળની વિધાનું આમ વખતે
 કરીને તે અમે જાણીએ કે, આ
 આંતરના મુજવા વિધાન કરમા એ
 વળી પડે છે — વિધાનમાં મરમુજ

ત્યારસાધી છે તે તમા અમેરિકામાં જે
 ઇનરાસાધી અને કુટેર મરીવા છે તે,
 એ બને મરમુજની નાણક થતા
 કોઈએ. આ એ જરૂરિયાતોમાંની
 એક વિધે કાલ માય છે કે કેમ એ
 કહેવું બાળે વખારે પાડું મરેલું લાગે
 છે."

ભારતનો પત્ર

(અમારા અવરપત્રી તરફથી)

મુખ્ય, તા ૨-૧૧-૫૩.

સાંસ્કૃતિક અસ્પૃશ્યતા નિવારણ માટે જોરદાર પ્રયત્ન થઈ ચૂક્યો છે. ગામેગામ અને શહેર શહેર હરીજનોના સંપર્કમાં કાઢીને તેમને હોટલો ખોલ્યા અને વાળદોની કુશનમાં લઈ જવાની પ્રવૃત્તિ થાય છે. જલદેર પાણી સરવાળા સ્થળોએ પણ તેમને લઈ જવાય છે. રૂઢી મુરત લોકોનો આ પગલાં સામે આંતરિક વિરોધ દરો પણ જલદેરમાં ઠોઈ વિરોધ કરતું નથી. એટલે આ અસ્પૃશ્યતા નિવારણ પ્રવૃત્તિ નિર્વિઘ્ને ચાલી રહી છે. જુનામંદનું ત્રણસો વર્ષ જુનું 'વેળનાચનું' ગંદોર પણ હરીજનો માટે ખુલ્લું મુકાયું છે. ધીમે ધીમે આ પ્રવૃત્તિ વિસ્તરશે અને યોગ્ય વર્ગોમાં સૌરાષ્ટ્રમાં અસ્પૃશ્યતાનું નાશ નહિ રહે એવી આશા રખાય છે.

પારદી તાલુકામાં માસીઆ જમીન અંગે સત્યાગ્રહની શરૂઆત કરનાર પ્રભુ સમાજવાદી પક્ષના નેતા શ્રી અશોક મહેતા તથા તેમના પારદીની અદાલતમાં ચાલતા ખટલાનો સુકાદો આવી ગયો છે. માણદેવેદ શ્રી કાલા લાલ પટેલે શ્રી અશોક મહેતા, શ્રી. કમલલાલ દેસાઈ તથા શ્રી ઉત્તમલાલ પટેલને ગુના કરવા માટે લોકોને ઉશ્કેરવાના, ગેરકાયદે પ્રવેશ અને પારદી મિલકતને (પાસને) નુકસાન પહોંચાડવાના આરોપસર ગુનેમાર ફરિયાદો દેક તે અગીવાર-અગીવાર માસની સાદી ફેદ અને રૂ. ૫૦ નો દંડ અથવા તે વધુ એક માસની કેદની સજા જમાવી હતી. આરોપીઓને દંડ ભરે તો માસની નુકસાની બદલ ફરિયાદી જમીન દારો શ્રી હીરાચંદ, શ્રી મણિકલાલ અને શ્રી અમૃતલાલ લક્ષ્મણાણને અનુક્રમે રૂ. ૧૨૫, રૂ. ૭૫ અને રૂ. ૧૭૫ નો બદલો આપવાનો પણ અદાલતે ફકમ કર્યો હતો.

આ ખટલાના અન્ય આરોપીઓ પારાક્રમ સભ્ય ડો. અમુલ દેસાઈ, શ્રી. સનતકુમાર મહેતા, શ્રી દકુગત દેસાઈ, શ્રી દરશ જરજેર, શ્રી રૂપાં ભરીઆ, શ્રી નાનુભાઈ અને શ્રી રેણુ-લેલ ડાલાભાઈ પટેલ નિરીપ કરીને છુટી ગયા હતા. બપોરે શીમતિ વાલ્મીકી શાહ, શ્રી કુમુદિની દેસાઈ, શ્રી અનાપયાઈ, શ્રી નટવર મોડી, શ્રી મનજી માધુ, શ્રી મોરલા કાલીયા અને શ્રી જનીઆ મહેરવળને ગેરકાયદે મંડળીના સભ્ય તરીકે, ગેરકાયદે પ્રવેશ અને માસને નુકસાન પહોંચાડવા માટે તથા-તથા માસની કેદ અને રૂ. ૫૦ નો દંડની સજા કરવામાં આવી હતી. મેં હેલ્થા ધનમાં જમ્યાનું હતું, તેમ જાણીઆ જમીન અંગેનો સત્યાગ્રહ

તો બંધ પડી ગયો છે. તેને બદલે જમીનદારોનો ખર્ચકાર કરી તેમને "બુધે મારવાની" અવવળ પણ કાંઈ બહુ આમળ વધતી લાગતી નથી.

મુખ્યમંત્રી લોખંડ બજારમાં લોખંડ અને સ્ટીલના ક્ષેત્રોના ક્ષેત્રોના માલ ના ચલેલા કહેવાનાં કાળો બજાર અંગે બજારના આગેવાન વેપારીઓ અને કચે.ટા હોલારાની સંસ્થા-ભોમ્બે કન્ટ્રીસ રજીસ્ટર્ડ રેક હોલસર્વિસો-શીએસનના છ ડીરેક્ટરોની પોલીસે ધરપકડ કરી છે. આ ડીરેક્ટરો ઘણાં કિપતિ ધોમત વેપારીઓ છે અને સમાજમાં સાઈ રચાન થરાવે છે, એટલે મુખ્યમંત્રી વેપારી આલમમાં બળબળાઈ ગયા છે. પકડાયેલાઓમાં અમુ. બાઈ એ. જલદેવલાળા, શ્રી મધુલાલ કીલાભાઈ, શ્રી રમણિકલાલ મનમલાલ, શ્રી રતિલાલ મોધવજી વલીઆ, શ્રી આર. વી. જોશી અને શ્રી ડી. આર. પટેલવાલ છે. ઉપરાંત સંસ્થાના એક ડીરેક્ટર અને માણ 'મેનેજીંગ ડીરેક્ટર' શ્રી હરીલાલ રામજી મહેતા સામે પણ વોરંટ નીકળ્યું છે. પણ તેઓ બદારમાં જોવાથી બજારની ચકાચું નથી. સંસ્થાના મંત્રી અને કારકુનની ધરપકડ થઈ ચુકી છે, તમારે તેના એકાઉન્ટન્ટની ધરપકડ થવાની બાકી છે. એમ જણાવાય છે કે, આ ખટલો આગળ વધતાં તેમાં ધણા જાણીતા વેપારીઓ સંડોવાયે છે અને સનસનાટીભરી વિગતો બદાર આવશે.

આગેવાન પક્ષે ખીજી પચાવર્ષી મેળના લગવાનું કાર્ય શરૂ કરી દીધું છે. કાળાને જેનો અગમ યજ્ઞ રવો છે તે પ્રથમ પંચ વર્ષી મેળનામાં બેલિવાડીના વિકાસ અને વિજ્ઞાન શક્તિના ઉત્પાદન પર આસ બાર મુકવામાં આવ્યો હતો. બારતને દર વર્ષે આશરે રૂ. બસો કરોડની કિમતનું અનાજ આપાત કરવું પડતું હતું. આ અનાજ મેળવવામાં પડતી મુશ્કેલી ઓની વાત જવા દઈએ તો પણ એટલી દેશની વિદેશી દુરિયામજુની આવક પર બારે મોજે પડેનાં દુનો અને દેશ ના વિકાસ માટે જરૂરી ઓવી સાધન સામગ્રી ખરીદવામાં આર્થિક તંગી જોતવળી પડતી હતી. પ્રથમ પંચ વર્ષી મેળનાના સફળ અમલ અને કુદરતની કૃપાથી દરે પરિસ્થિતિ પક ટાઈ છે. પરેલાં જે વર્ષે માધીસ લાખ દન અનાજ પરદેશીમાંથી આપાત કરવું પડતું હતું, તેને બદલે દરે દેશ લગભગ સ્વાયંથી થઈ ગયો છે. યોગ્ય મોટા ઓલોગીક રહેરે સિવાય અનાજનું રેક્ષાન રદ થઈ રહ્યું છે.

અનાજના આવે અને તેની હેરફેર પરના અંકુશો પણ નાણુદ થઈ રહ્યા છે. અનાજના આવે ભરી રહ્યા છે અને હવે તે અનાજની નિકાસ કરવા ની વાતો પણ થઈ રહી છે. સરકારને ચેતાની પાસેનો અનાજનો જરૂરો ક્યાં સંધરવો તેની ચીંતા છે. આમાં વળી ભારત સરકારે આંતરરાષ્ટ્રીય પર્વ દરાર હેલ્થ વર્ગે દસ લાખ દન ધર્મ ખરીદવાનો કોન્ટ્રેક્ટ કર્યો છે. આ જમ્યાનું રું કરવું તેની પણ સરકાર ને ચિંતા છે. દેશમાં હજી ચોખાનું ઉત્પાદન બેઝમો તેટલું નથી, તેમ છતાં પ્રમાણમાં ઘણું સાઈ છે, એટલે ચોખા ના મુખ્ય ખોરાકવાળા દક્ષિણ ભારત ના રાજ્યોમાં ચોખાના આવમાં નીસ થી માલીસ ટકા નેટમો થટાકે ગયો છે.

અનાજના આવે વધુ ઘટે અને બેકુતોને ચોસાય નહિ તેટલા નીચા જાય તો, સરકાર જલદેર કરેલા આવે બેકુતો પાસેનું તમામ અનાજ ખરીદી લઈ બેકુતોને સદાય કરશે. આવી મતજબની જલદેરમાં સૌરાષ્ટ્ર જેવા કેટલાક રાજ્યોએ તથા કેન્દ્ર સરકારે કરી છે.

ઔદ્યોગિક વીકાસ માટે વિજ્ઞાન શક્તિની મુજબત જરૂર રહે છે અને વિજ્ઞાના ઉત્પાદનની દિશામાં બંધોની મેળનાની સારી પ્રગતિ થઈ રહી છે.

તરે ખીજી પંચ વર્ષી મેળનામાં ઝડપી ઔદ્યોગિક વિકાસ અને દર વર્ષે પાંચ લાખથી શરૂ કરીને દસ લાખ સુધી માણસોને નવી નોકરી મળી રહે છે, એ મુખ્ય ધ્યેય રાખવામાં આવ્યું છે. શોરૂં ઘણું પણ બજેલા અને કેળવણેલા માણસો તથા માત્ર મળુરી કરતા માણસો શોજ માટે માગ્યાઓ હોડી શહેરોમાં આવતાં સંદેશમાં બેકારીને પ્રશ્ન મોખરે આવ્યો છે. આ પ્રશ્નનું નિરાકરણ કરવાનું મુશ્કેલ છે, છતાં સરકાર તેના ઊંચ માટે ચેતાથી બનતું બધું કરી રહી છે.

ભારતમાં દર વર્ષે લાખોની વસતિ વધતી જાય છે, તેમને માટે નોકરી-ધંધાની જોમવાઈ કરવી જરૂરી છે. એટલે ખીજી પંચ વર્ષી મેળનાનું મુખ્ય ધ્યેય દેશની સાધન સંપત્તિનો સકય તેટલો વધુ વિકાસ કરીને વધુમાં વધુ રોજગારી ઉત્પન્ન કરવાનું છે. ખીજી પંચ વર્ષી મેળનામાં માત્ર વિસ્તારના ઔદ્યોગિકરણ, કાયા માસને પ્રોસેસ કરવાના નાના ઉલોગો તથા મુક-ઉલોગો ના વિકાસ માટે પણ પુરતી જોમવાઈ દશે. આથી માત્ર જનતાની જરૂરી વાતોને પણ સારા પ્રમાણમાં પહોંચી વળી શકાશે.

ઝડપી ઔદ્યોગિક વિકાસ માટે મોટા પાયા પર જલદેર પ્રબળ નાણા રોકના માટે સંબંધવાના, ખાનગી

ઉલોગો તથા સહકારી ધોરણે રચાતા ઉલોગોને ઉલોગન તથા સદાય આપ વાનાં પગલાં પણ લેવામાં આવશે.

નવા ઉલોગો માટે માણસોને મોટા પાયા પર તાલીમ આપવાની તથા દેશ સમસ્તતા અર્થે તંત્રને લાભદાયી નિવડે તેવી રીતે દેશની સાધન સામગ્રી ને ઉપયોગ કરવાની બવરચા થશે.

માત્ર વિસ્તારના ઉદ્યોગ માટે રાષ્ટ્રીય વિકાસ સેવા ભારતે અમ વિસ્તારના વિકાસને કાર્યક્રમ દેસ બરમાં વિસ્તાર વાના, માત્ર પંચાયતો ઉભી કરવાનો અને રચાનિક માણસોને સહકારી ધોરણે કાળો કરવાનો અવકાશ અને તક આપવાનો પણ આ મેળનાનો લેલેલ દશે.

આપાના ધોરણે રાજ્યની રચના મરિનો ઉદાપોલ હજી ચાંત પડ્યો નથી. આપાના ધોરણે પ્રથમ રચાયેલા આમ રાજ્યના પરિણામો બેવા મળવા ને હજી સમય જરૂરો. જે કે ત્યાંની રાજકારી પરિસ્થિતિ એવી અસ્થિર છે કે, કપારે ત્યાં અવર્નર રાજ્ય રચાય વાની જરૂરીયાત ઉભી થાય તે કહી સકાય નહિ. પંડીત નેદરએ અપા વાર રાજ્ય રચનાના પ્રશ્નની તપસ કરવા માટે જે ઉચ્ચ સત્તાધારી પંચ રચવાનું વચન આપ્યું હતું, તેનું પાલન નજીકના અવિધમાં જ થશે. ભારતના મુકપ્રધાન ડો. કલલાસનાથ કાળુએ મુખ્યમંત્રી કહેલી જલદેરમાં પ્રમાણે આ પંચના સંબેદના નામે તથા તેના કાર્યક્રમ વિશેની જલદેરમાં, હોંદી પાસે મેન્ટની આમામી બેઠક નવેમ્બરની અધવચમાં બેઠે લારે થશે. આ જલદેરત મોડામાં મોટી નાટાસ પહેલાં તો થઈ જ જશે.

અંગ્રેજોએ ભારતમાં ન્યાયની જે પદ્ધતિ દાખલ કરી છે, તે ધણી અચાંજ છે, વિદ્યબહારી છે. કેરો મહિનાઓ અને વર્ષો સુધી ચાલ્યા કરે. અર્થને પાર નહિ. આવી પદ્ધતિ દેખીતી રીતે મરિયા અને સાધારણ રિયલિતા માણસોને મોસમ નહિ. તેઓ આવે મોમે ન્યાય મેળવી શકે નહિ, એટલે આ પદ્ધતિથી તેમને ન્યાયનો ધન્કાર કરવા જેવું જ છે. આ અંગે 'કેસિસ ના મહાસમિતિએ તેની ઉલ્લી બેકારાં સરકારનું ધ્યાન બેન્કુ હતું અને ન્યાયને સસ્તો અને સરળ બનાવવા સરકારને આમ્રક કર્યો હતો. હવે ભારતમાં ન્યાય સરળ અને સરળ બનાવવા મરિનો એક ખરડો ભારત સરકારના કાળદાના નિબ્ધાતે, તથાપાર કરી રહ્યા છે. આ ખરડો પક્ષપાતી થી પર દશે એટલે તેમાં ઠોઈ વિવાદને રચાન નહિ દોષ. આ ખરડો તથાપાર ઘઈ ગયા પછી તેને જલદેર લોકમત માટે ફેરવવામાં આવશે.

સત્યાગ્રહની મર્યાદા

મહાત્મા ગાંધીજી

રહી છે. આ અંગે પ્રભુ-સમાજવાદી દળની રાષ્ટ્રીય કારોબારીની દિલ્લી ખાતે મંત્રણા બેઠકે એક દરાર પસાર કરીને, આગામી ચુંટણીમાં કોંગ્રેસ સામે ત્રીપટી હરીફાઈ નિવારવા ખીલ ઉદામવાદી (સામ્યવાદી અને સામ્યવાદ તરફી) જીયો. આથે કોઈક પ્રકારની ભવરથા કરવાનો નિર્ણય થયો છે. ભે આવી ભવરથા કરવામાં સમાજવાદી પક્ષને સહનતા મળે-અને સહનતા મળવાનો પક્ષો સંભવ છે-તો કોંગ્રેસને સખત હરીફાઈનો સમનો કરવો પડશે, કેમકે એથી તે એક ઉમેદવારની સામે એકજ ઉમેદવાર હશે અને તેને તથા ઉદામવાદી પક્ષોનો ટોલ દશે. આવી ભવરથા કરવાનું કાર્વ રચાવિશ સમાજવાદી નેતાઓ પર ઉણવામાં આવ્યું છે.

સમાજવાદી પક્ષના આ નિર્ણયથી અહીંના રાજદારી નિરીક્ષકો વિભાસજી મા પગ્યા છે. કારણ કે તથા સમાજવાદી નેતાઓ અત્યાર સુધી છાપરે ચડીને એવા પોકારો કરતા આવ્યા છે કે, તેઓ કેલ પજી સંયોજોમાં સામ્યવાદીઓ સાથે સહકાર નહિ સાધે. પક્ષના આ નિર્ણયથી વિશ્વકોષ પરિ-રિચિતિ થવી થશે. એક ટેકાએ તેઓ સામ્યવાદીઓ અને સામ્યવાદ તરફી ઉમેદવારોને ટેકા આપતા દશે. ભારે ભવનનું મનો આમનો કરતા દશે. આવી ભવરથા કદાચ સમાજવાદી પક્ષે ૧૨ ફેબ્રુ-માર્ચીન ધારાસભામાં ઘોઠિય મેળો વધુ મળશે, પણ અતે મર્જવાની રીતે તો આવી ભેડી નીતિ થી તેમને નફસાન ન જશે. એમ મનાવ છે એમી ચુંટણીમાં સમાજવાદીઓ પાપજીકર-માર્ચીન ધારાસભામાં બહુમતી મેળવવાની આસા રાખતા હતા. પરંતુ એ ધારાસભાની ૧૦૮ મેડીઆલી માત્ર ૧૨ મેડીઆલ મેળવી યાચા હતા અને તેમના પચા ઉમેદવારોને અનામત રકમ પણ ગુમાવવી પડી હતી. ગાયેકને કાલ પણ એકે દરારવરી, એવા કોઈક આનમથી પડે આવે નિર્ણય લીધા હોય તેમ લાગે છે.

અંધિયા સમંધમાં પ્રભુ સમાજવાદી પક્ષની રાષ્ટ્રીય કારોબારીએ, પ્રકાશમના પ્રધાન મંત્રીમાં નેરણેવા આપ પ્રભુ સમાજવાદી પક્ષના પ્રમુખ પી. ડી. વિશ્વનાથમને સમાજવાદી અને એ પછી તેમની સાથે જરૂરી એવાં પગમાં સેવાની સત્તા આપાઈ ૧૫માર્ચીને આપી હતી. આ વિશ્વનાથમ સમાજવાદી પક્ષની રાજ ભીષા વિનાજ પ્રધાન મંત્રીમાં નેરણ મના હતા.

આ વિશ્વનાથમે મુનું અને એમ કમનું ભજવા મળે છે કે, તેઓ પક્ષની રાષ્ટ્રીય કારોબારીના નિર્ણયને માન આપવાને તૃપ્તિયાર છે અને એ કારોબારી ધુમ્મસ આવે તો તેઓ

આશિના પ્રધાન મંત્રીમાંથી રાજીનામું આપશે. ભે તેઓ પ્રધાન મંત્રીમાંથી છુટા નહિ થાય તો સમાજવાદી પક્ષ તેમને તથા તેમના સાથીઓને પક્ષમાંથી મરતર કરશે. એમ મનાવ છે.

ભે આ વિશ્વનાથમ પ્રધાન મંત્રીમાંથી છુટા થઈને વિરોધ પક્ષે ભેસતા પ્રભુ સમાજવાદી સભે સાથે નેરણ જશે, તો આ પ્રકાશમની કોંગ્રેસી સર-કાર, તા. ૨૩ થી નવેમ્બરે આંધ્ર ધારાસભાની મેક યર માત્ર એ પછી સાથે સમય સુધી ટકી નહિ યો. અને આંધ્રમાં મનરે રાજ્ય રચાવવાની રિપિતિ થવી થશે.

ભે આ વિશ્વનાથમ પ્રભુ સમાજવાદી પક્ષની કારોબારીના નિર્ણયની અરમથુના કરે અને પ્રધાન મંત્રીમાં ચાકુ રહે તો પણ તેમને આંધ્ર-ધારાસભાના ૧૫ પ્રભુ સમાજવાદી સભે માંથી માત્ર છન સભેનો ટોલ મળશે. એટલે તેમ મતાં પણ પ્રકાશમની સર-કારને બહુ નાની અને નેજાની બહુમતિ પર જીવવાનું રહેશે.

ભારતની પ્રધાન સરકારે નાના; અભેર અને ખીજ આદીવાસી પ્રભુ એના કુમારણ અને અભેર વિરતારમાં પરરેથી મીઠનરીઓની ઉરેરપથી અઘાતી અને અઘતોય ચાકુ છે. ઉઘા પક્ષે વધુ થમાં આ લોગે તેમના જીના કથિયારો પડે ચાકુમના મામાં કાપી જના અને એવી ખીજ મિસક થરતિ કરી રહેલ છે.

તથા અઘવાડીયે યરકરના ડેટલાક માજીમે સચિત પચીક કોઠી અધ-કારીઓનું એક પ્રતિનિધિ ંજળ આ વિરતારમાં મુનું હતું ત્યાં તેઓ આ વિવાસીઓને નિયક નેરંથતા હતા, ત્યારે ૫૦૦ જેટલા આદિવાસીઓએ તીર કામમાં અને ખીલ કથિયારોથી સબલ થઈને તેમના પર દુમલા કર્યો હતો. આને પરિણામે કોઈ માજીમે માયો મવાતા, ખીલ ડેટલાક માયલ મવાતા અને માજીના હરકી મવાના સમાચાર મીઠનીથી મળે છે. આ સંબંધમાં કજ સત્યાવાર સમાચાર મળ્યા નથી. કારણ કે આ વિરતાર જંગી પહાડો અને માત્ર જંગલો પી હવામેલ છે. ત્યાં મેડી પોલીસ કુદી મોકલવામાં આવી છે.

કેડાવાડના ડેટલાક પ્રધાનો સાથે હજીવાર ધારાસભાના ડેટલાક સભે એરેલા લાંચ કરવાના આયોજોની ડે. કારજીએ તપાસ કર્યા પછી તે બિટા પુરવાર થયા છે. એટલે કોંગ્રેસ પ્રમુખ પંડીત નેરણે હાથમાં હજીવારના પ્રધાન મંત્રીમાં કાલ પણ ફેરફાર ન કરવાની અને રિવાર કરનાર ધારાસભા સભેને ગોમકની ધિતનુ જરાગર પાપન કરવાનો આ ડેલ આપે છે.

સત્યાગ્રહ કરવો હિમિત છે કે નહીં, કરનારમાં ચોખતા છે કે નહીં, અને વિષે કરવો છે તે વસ્તુ સત્યાગ્રહ કરવા જેવી છે કે નહીં, એ વિચાર તો પરિરિપિતિ નેરણે ન થઈ યો. અને ભારે સાધીઓ મારી સસાક માંડે ત્યારે મારે તેમને ફેરવા પડે છે અને ધધીવાર તેમને સત્યાગ્રહ કરવાનો હા છે એમ કહેવાની સાથે જ કહેવું પડે છે કે તે કરવાનો સમય નથી અથવા પ્રસન્ન નથી.

એણે રચનાત્મક કામ નથી કરી બપુનું તેને સત્યાગ્રહનો પહેલો પાલ પણ નથી આવડતો, એમ કહેતાં મને કોંગ્રેસ નથી થતો. મારે મન રચનાત્મક કામ એટલે રેડીયો ને આદી, રચનાત્મક કામ એટલે અરપૂરમના નિવારણ, રચનાત્મક કામ એટલે મલ પાનનિમેષ, રચનાત્મક કામ એટલે દોડુમુસકમાન વચ્ચે મેની. ને સેવા જાવથી, પ્રેમજાવથી બીનો નથી તે સત્યાગ્રહ યું કરવાનો છે.

પણ મારી અઘાક મામલા કે તેને અનુસરવા ને નંધાયેલાં નથી તેમને આ સેવા લાગુ પડતો નથી. જેના રચનાત્મક અહીંસા છે, ને સહેને સત્યાગ્રહી છે, ને રામે રામે સત્યાગ્રાપી રહું છે, ને સેવાની મુર્તિ છે, તે જમતવન છે. તેને મારી અઘાક ની જરૂર ન જ હોય ને તેને તેની હજી પ્રમાણે સત્યાગ્રહ કરવાનો અધિ કાર છે એમ કહેવાપડું ન હોય.

પણ ને કોમથી, મરણી લઈ છે, જેનામાં અઘવાવની માત્ર સારી રેડે છે અને આવેરને લીધે જેની મતિ કોળાઈ અઈ છે, તેમને કું અવરથ હતું. ધીરજ રાખતો. અભજપણે પણ અવિચારુ પમણુ જારી તો તેનું પરિણામ કાનું આપશે. એટલું જ નહીં પણ અત્યારે મેડી ધધી મર્યાદા બળવાતી હશે તે તેજુ ઘુટશે અને તે મેળા અવિચારી પ્રભુ ને કહેવાના સત્યાગ્રહના માસથી પોગાની દહે તે આપખુને છાપ રેશે ને સત્યાગ્રહ વગે વાશે. તેથી પ્રત્યેક વિવારશીય મનુષ્યે સત્યાગ્રહની મર્યાદા એજાપી લેવી મટે છે. અથવા સત્યાગ્રહનું નામ યુગે દો ને રેરેહાપુનું થતો. જમન તમને જાણાયશે. પણ સત્યાગ્રહને નામે થનાં પણ તેને ન જાણતાં કમોળી તો જમત પણ અપાજી માત્ર, મુનુંવ ને તેને મેતાની દિલ ન હમે.

(‘નમસ્કર્મ’ તા. ૫-૭-૩૧)
ને ધીરજ રાખે તો અપામકીની સાથે એવો એક પણ અન્યાય નથી કે જેને કાર તેની પાસે હમાન ન હોય. આટલું વાલ રાખવાની જરૂર છે કે, અપામકમાં જેની ઉપર અન્યાય

થાય ને તેનામાં ને મુદલ સકિત મે હોય તો તે સકિત વિના અન્યાય સાથે થવાનું સાધન નથી. એ અઘાક મકની મર્યાદા છે. સત્યાગ્રહનું કામ પદામંપા આપી દુષિતને કુઃખમાં મુકિત મેળવવા તરફાર કરવાનું છે. ભ્યાં સુધી તે તરફાર ન થાય ત્યાં સુધી સત્યાગ્રહને ધીરજ રાખવી પડે છે. એમાં ને સત્યાગ્રહની મર્યાદા છે તો તેની ખુબી પણ છે. એણે સત્યાગ્રહી કામનો વડીલ કે વાલી નથી બનતો. એ કુઃખીની સાથે કુઃખ જોગવીને તેને સાથી બને છે, અઘાક દાર બને છે.

ભ્યાં ભ્યાં અનીતિ અન્યાય જુએ ત્યાં ત્યાં યાકા કરવા બંધાયા છે એમ ન માનતા. પણ મુને એણે રચનાત્મક કામ કરી ચોખતા મેળવે યાકા વહેરવા ન નીકળે. તમને આંખણે આવે ત્યારે વધારવો.

શ્રી. વિનોબાજી

શ્રી. વિનોબાજી આવે જેઓ હોદ્દામાં જુઓદાન અને સપ્તસિદ્ધાનનું ભવ્ય કાર્ય કરી રહ્યા છે તેમની પ્રશસ્તિ અને જીવન વિશે હોદ્દાના અખબારોમાં ફેલાઈ નાખવાનો મ વિગતો આપેલી છે.

શ્રી. વિનોબાજી રાજ સવારના ઠાઠ વાગે ઉઠે છે. હડી પ્રાર્થના ૬ થી બાદ નારતો મે છે. નારતામાં ૨૦ તોલા દુધ અને કવચિત્ એકાદ એપલ કે મેળું મે છે. આખા દિવસમાં મે રતલ દુધ તેઓ મે છે અને ૭ તોલા મધ, સવારનો વખત મુલાકાત, વાંચન, લેખન, વિગેરેમાં વિતાવે છે. ૧૧૧ વાગે પાંચ દુધ મે છે અને ૫ થી થોડો વખત આરામ. ૨૨ વાગે કાંતણ. એમનું વજન ૮૮ રતલ છે.

વિનોબાજીને ૨૦ બાળાઓ આવે છે. મરાઠી (માતૃભાષા), અરૂત, ગુજરાતી, હોદી, બંગાલી, જોડિયા, ઉર્દુ, તામીલ, તેલુગુ, અસામેસ, કન્નડ, સોની, નેપાલી, પંજાબી, અંગ્રેજી, ફ્રેન્ચ, અરબી, હાસી, પાલી અને અર્ધમાનવી. તેઓ આ પ્રત્યેક ભાષા માં મોલી વાચી અને લખી શકે છે. વિની ધીમવા માંડ્યું છે પણ શિક્ષક ને અભાવે હકત સમજવા પુરતું જ આવરી શક્યું છે.

શ્રી. વિનોબાજી વિશ્વેશ ભાષા ઉપરાંત અષ્ટીત, કળા અને સંગીત છે. કાવ્યો ચોતે બનાવતા પણ બધા વેણી નાખ્યાં. ચોતે સુંદર માઈ શકે છે. એક મામથી બીજે મામ જતાં રોજના ૬ કલાક આલવાનો કમ હોય છે. ૬૩-૧૦ સુધીમાં મુકે છે. વિનોબાજી ચોતાના હસ્તા શરૂ આવવા માટે નાપુની જેમ એક અઢ રાખી છે. નાપુ પાંચ રૂપીયા થઈ ચોતાની સહી આપના અને એ

રૂપીયા હરીજન દેડમાં જતા. વિનોબાજી "ગીતા પ્રવચન" ને મે તેમને ગીતા પ્રવચનની નકલ પર ચોતાની સહી આવે છે. ગુજરાતી ગીતા પ્રવચનની ૧૦,૦૦૦ નકલો ખપી અઈ છે. અને હોદીની ૬૦,૦૦૦ ઉપરાંત ખપી છે. એક બાઈએ સહી કરાવતાં મુક્યું: "વિનોબાજી, આપ હકત ગીતા પ્રવચનના ૨૧ રૂપીયામાં સહી આવે છે. બપોરે મધીજી પાંચ રૂપીયા માગતા. આપ જોહું માંગી કેમ સંતોષ લો છો?"

વિનોબાજીએ જવાબ આપ્યો: "કારણ મધીજી વાણીયા હતા હું બાઈથું હું."

વિનોબાજી આ બધા કામ ઉપરાંત મામ સરકાર કરવા હાથમાં સાવરજો લઈ ચોતાનો હાથ આવે છે.

વિહારમાં પડકા પ્રથા છે. આથી વિહારની બદ નારીઓ વિનોબાજી ને મળવા બેઠી સવારે અથવા મોડી રાતે આવે છે. એક વાર દોર કરતાં વિનોબાજીએ મુક્યું: "તમે ચોર છો કે પુરોવા કેદખાનામાં પડી રહી અંધારામાં બહાર આવવું પડે છે." મેનો મુપ થઈ અઈ પણ એક અખરાક મેને જવાબ આપ્યો: "મું કરીએ પુરોએ અમને બહાર જવા નથી દેતા."

વિનોબાજીએ વિહારના પુરોએ આ બીનાં જણવ્યાં. એક બાઈએ કહ્યું કે "ધીરે ધીરે આ પ્રમામાં સુધારો થાય છે અને મરે."

વિનોબાજી કહે "તમે ધીરે ધીરે કહે છો? તમને ખબર છે કે તમે વિજાનના મુકમાં જોડો છો? તમને ખબર છે કે અંગ્રેજોનું રાજ્ય હવે નથી અને મધી મુક થઈ ગયો છે? એ ખબર હોય તો તમે ધીરે ધીરે સુધારાની વાત ન કરો."

હતાં નિરવ શક્તિમાં એ કોર્ટન કોઈ અન્ય અસર જમાવતાં. એક પછી એક મધુર મંજુલ નહિ મવાતાં હાથ ની પ્રતીતિ કરતાં અન્યો અને કોર્ટને દેવેન્દ્રના હેપમાં કોઈ નવોજ ભાવ જમાવ્યો હતો. કોર્ટન પુરાં મર્પા પશુ એનો વિચાર પુરાં ન થયો.

દાદીમા સ્વર્ગે મર્પા તેમની પાછળ ભાદ ક્રિયા પણ થઈ મુકી પણ ચેલ, ના હેપાને વિચારઅગ્નિ ન જોલવાયો. સંસારની નશ્વરતાની તેના હૃદયમાં આંખી થઈ હતી. કોઈ નવા જ પ્રકારનો એ અનુભવ હતો. અને દ્રવ્યદિપર તેને અખત કંઠાણો આવવા લાગ્યો. કોમતી માલિયા કરતાં પણ સાદી ચટાઈ તેને મધુ પ્રિય લાગવા

માંડી. ખદાનંદ અને ગીરામ્ભાવના દેવેન્દ્રના હૃદયમાં મુકું ઉભરાયાં. મેનો આનંદ હડી મર્પો, રહી માત્ર જગત ઉપરની અનાસક્તિ. દેવેન્દ્રની જીવનનોકાનું સુકાન ફરી મુકું. અત્યાર સુધી દેવેન્દ્ર ગોભવ અને મોનસોખમાં કુમેલો હતો, આખ્યાતિમક સુખ શું તેનો ખમાલ સરખાય ન હતો પણ ચેલી મુર્ખીમ ની રાતના અનુભવે તેને મોડી બનાવ્યો હતો. તેને વિરહત, મરત, પામલ બનાવ્યો હતો. અને દેવેન્દ્ર મરી એ મહર્પા દેવેન્દ્ર નાથ કાકુર બાન્યા. તેમનું જીવન એટલે પ્રભુમય જીવન-મધિ જીવન.

A Woman's Appeal: Letter To Chief Minister Of Madras

[We reproduce the following from 'The Hindustan Times' because of its universal application and interest.—Ed I.O.]

MR. C. RAJAGOPALACHARI, Chief Minister, Madras, has sent the following to us for publication: "I would like to share with the public," he says "the following letter I received from a lady whose name and address I should not give."

The letter says:

"I heard your advice to the Custodian Force bound for Korea, over the radio, with special interest, because my husband happens to be amongst those who are going. I thought it was the best of the messages given to them before their departure. It had a personal human touch. But, if you would permit me to say so, the message would have been still more fitting if you had included the subject of drink also in it.

I wonder why you did not advise them to be moderate at least, in drinks, if not completely abstemious. Do you think they need alcohol to keep their spirits up even when they are going on a peaceful mission?

Drink has been and is the greatest evil of all times. It has been responsible for the breaking up of more homes than any other single factor. Drink has ruined the life and happiness of thousands of women all over the world, whose husbands are addicted to it. It is responsible for more crimes and accidents in modern times than we think. It is a disease deep-rooted especially in the army. Why cannot prohibition be enforced in the army also?

"I have often wished it would be. When armies go overseas where drinks are available at very cheap rates and there is no one (especially a wife) to prohibit them from indulging in drinks, they are naturally tempted to consume more than is good for them. It is not only dangerous to health but also to life itself, because after a heavy bout of drinking, man lacks in co ordination and is incapable of clear thinking or any action that needs co-ordination, as for instance, driving. Any army officers invariably drive home themselves after booze parties. You can very well imagine the great danger of handling a vehicle in that fuzzy state of mind and on a dark night. It is just then they think they are the ablest of drivers and try to excel their skill in speeding.

Besides this risk, there is another which is equally great, if not greater. You, Sir, have told our men not to look at women, but without advising them to abstain from drinks also. What is the use? It is drink that makes them want women and it is next to impossible for them to keep away from women after drinking. The manifold dangers of going to women can well be imagined and I have no doubt that there are plenty such women too out in Korea. Not all men have such will-

(Continued on page 719)

There can be no rule of God in the present state of iniquitous inequalities in which a few roll in riches and the masses do not get enough to eat. I accepted the theory of socialism even while I was in South Africa.

Drink is more a disease than a vice.

Prohibition means a type of adult education of the nation and not merely a closing down of grog shops.

—Mahatma Gandhi.

NOTES AND NEWS

Economic Pressure To Solve Racial Question

The special conference attended by about 300 non-Whites, mainly Africans, in Port Elizabeth in the beginning of the month decided to organise an economic boycott aimed at compelling individual firms to open up skilled occupations to Africans and to give better service to African customers, states our Port Elizabeth correspondent. The conference was called by the Port Elizabeth branches of the African National Congress and the Cape Indian Congress. A resolution said the proposed boycott would continue "until such time as conditions are brought about when non-Whites will enjoy equal pay and facilities of Whites in all major commercial and industrial undertaking." Dr. J. L. Z. Njongwe, chairman of the Cape Province African National Congress, told the conference that similar decisions had been taken in other provinces. Dr. Njongwe said one firm at a time would be selected. Firms refusing to employ Africans in skilled positions, pay higher wages to Africans or to provide satisfactory service to African customers would not be supported and, in the case of factories, their products would not be bought.

A Personal Loss

The sad and sudden passing away of Mr. Jalbhoy Rustomjee is a great personal loss to us. Mr. Rustomjee was one of the trustees of the Phoenix Settlement. As such we valued his advice and assistance which were available to us at all times. Mr. Rustomjee was taking a keen interest in the school building which is at present being erected at the Phoenix Settlement in memory of Kasturba Gandhi, wife of Mahatma Gandhi, and he was very frequently visiting Phoenix even at the expense of his health, to see its progress. We had wished that he would be present at the official opening of the building which, we hope, will take place in the very near future, but God had ordained otherwise. We must bow to His will. Mrs. Rustomjee too has been deeply attached to Phoenix

and to the Gandhi family from the time of the old Mr. Parsee Rustomjee. We feel it our duty therefore to publicly express our deepest sympathy to her and members of her family and to Mr. Sorabjee Rustomjee in the great grief that has befallen them. May the departed soul rest in eternal peace.

Death Of Rev. W. S. Satchell

Our readers in South Africa will be profoundly grieved to learn of the very sad death of the Rev. W. S. Satchell in Poona. It was reported that a tree fell on him and he died from the injury caused thereby. Father Satchell who was well-known to the Indian community in the Union, had left South Africa some few years ago and had settled at the Christ Seven Church in Poona. He was reported to have recently paid a visit to England and had just returned to India. His loss

will be deeply mourned by all those who knew him. May his soul rest in peace.

Death In Springs

We deeply regret to record the sad death through a motor car accident on Thursday, November 19, of Mr. Hagabhai Mooljee, a well-known resident and public worker of Springs (Trompsburg). Deceased who was 64 years of age was returning from Durban on Sunday night to Johannesburg and the accident took place on Monday morning at 6 o'clock near Heidelberg. He was taken to the Springs Hospital where he died on the third day. The late Mr. B. Mooljee was an ardent public worker in Springs and was well liked by all those who knew him. He had great admiration for Mahatma Gandhi and was ever ready to help in any work connected with him. The funeral which was attended by a large number of friends took place at the Johannesburg crematorium on Friday, November 20.

DEATH OF MR. JALBHAY RUSTOMJEE

THE sudden death of Mr. Jalbhoy Rustomjee took place on Monday night at 8 p.m. through heart failure at his residence at 111 Twelfth Avenue. Mr. Rustomjee, who was 61 years of age, was for some time engaged in supervising the repairs made at the Bal Jerbai Rustomjee Trust Building, in Queen Street, Durban, adjoining the M. K. Gandhi Library and Parsee Rustomjee Hall, built by his late father Mr. Parsee Rustomjee. Mr. Rustomjee had just returned home after a fairly active day an hour or so ago and was resting after dinner and chatting with his wife and his son Rustum. While they were talking all of a sudden he complained of some trouble in his heart and collapsed. Dr. Seedat, who was their next door neighbour arrived within a few minutes to find only that life was gone and nothing could be done. Mr. Rustomjee had two or three previous heart attacks and was unfit to do any active work. He had therefore handed over his responsibility as Agent of the New India Assurance Co., and other responsibilities to his son and his brother Mr. Sorabjee

Rustomjee and had interested himself in looking after the renovation of the Trust buildings erected by his late father. He had poured his whole heart out in getting the M. K. Gandhi Library one of the outstanding charitable institutions built by his late father renovated and he was presently engaged in having the other portions of the buildings rebuilt and renovated. Besides that he took an active part in administering the Bal Jerbai and Parsee Rustomjee Trust created by the late Mr. Parsee Rustomjee to which the credit for the existence of several Indian school buildings goes. Mr. Jalbhoy Rustomjee was also a trustee of the R. K. Khan Trust and the Phoenix Settlement Trust. He had inherited the charitable and amiable nature from his late father and had thus gained the friendship and goodwill of both the rich and the poor. He took a keen interest in the political, social, educational and religious activities of the community and was a keen student of the present world affairs. Not long ago accompanied by his beloved wife he made a flying tour of England and the continent and India.

The funeral which took place on Tuesday at 5 p.m., at the Parsee cemetery, in Brook Street, was one of the largest ever held in Durban and testified to his popularity. It was attended by a large concourse of people well representing all sections of people of all shades of opinion including a sprinkling of Europeans. The Parsee community was well represented from throughout Union. People had come to attend the funeral from as far as Johannesburg and Capetown.

Deceased leaves behind his widow, Mrs. Sirinbai Rustomjee, who, by her most loving and amiable nature, holds an endeared position among the women of Durban, as was evidenced by the large number of women who came to share in her mourning, his younger brother Mr. Sorabjee Rustomjee who holds a distinguished position in South Africa, his two sons Rustum and Edul, the latter being in his final year in medicine in Dublin, and two married daughters of whom Mrs. Dinobai Parsee is living in Durban and Mrs. Jerbai Nariswala is in Bombay, and a large family to mourn their great and tragic loss.

Mrs. Jalbhoy Rustomjee wishes on behalf of herself and members of her family to express through these columns her profound thanks to the hundreds of friends, both men and women, who had come from all parts of the Union to share her sorrow and for the innumerable floral tributes and messages of sympathy that had poured from friends, relatives and well wishers from within the Union and overseas.

TROUBLED WATERS

By JOHN O'HIND

This book deals with the period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. THE TIMES' NEED AND THE OUTLOOK

By WILFRED WELLOCK

[The following is the twelfth of the Orchard Lee Papers. These papers are based on, and are an extension of, the thought contained in the following brochures, which were written in the order given: 'Money Has Destroyed Your Peace' (6d.), 'A Mechanical or a Human Society?' (1s.), 'The Third Way' (1s.), 'Rebuilding Britain' (1s.), 'Power of Peace' (6d.), 'The Challenge of our Times: Annihilation or Creative Revolution?' (6d.) They may be had from the Author, Orchard Lee, New Longton, Preston, Lancs. Postage 3d. one copy and 5d. per copy afterwards.]

THERE come times in the history of nations when it is necessary to probe their foundations, especially their spiritual foundations, their mores and ends, to re-assess their values and change their course.

If these occasions are not seized, upheavals and revolutions, or decay, death and extinction will follow.

The Western world is in one of these periods now. For several centuries it has been living ravenously on Prosperity, without taking thought, apparently believing that Prosperity can continue forever.

Many are now beginning to see otherwise. In the East, nations on whose human and natural resources the West has for long battened, are undergoing momentous psychological, ideological and economic changes which are gradually undermining the economy of the Industrial Revolution.

The awakening of the East to the realities of the modern world as shaped by Western science, industrialism, financial and military power, is resulting in a demand for industrial development and a high degree of self-sufficiency in a well-balanced agro-industrial economy, as the basic condition of financial, economic and political independence.

Even more significant is the awakening of the entire African continent, which is bent on passing as rapidly as possible from primitive tribalism to economic and political independence by way of industrialism and a mixture of tribal, Eastern and Western cultures.

These startling revolutions are plunging the mind of the West into doubt and fear. Britain is feverishly trying to maintain her dangerously unbalanced agro-industrial economy by switching her exports from consumer, to capital, goods, including 'high-speed, fear-inspired jet planes and all manner of powerful and costly armaments.

But the facts are against her. The proposed switch, which itself involves a minor social and industrial revolution, may enable her to carry on a pre-

carious economic existence for another 25 or 30 years, but it cannot endure. Today the West calls for more world trade while the East plods steadfastly towards self-sufficiency, which signifies a gradual dwindling of world trade amidst a rapid expansion of world industrial production, and thus of competition for markets, food and raw materials. The demand for the latter will probably exceed the supply at a steadily increasing rate during the next fifty years, and even the supply of scientists for increasing them, since the nature of our civilisation is causing a serious fall in the level of intelligence.

This is the impasse of materialism to which I have frequently called attention in these Papers. It is the outcome of the subservience of culture and religion to materialistic ends. In Britain it has resulted in a way of life which devotes 30 per cent. of the national income to tobacco, drink, mass sport, cosmetics, drugs and militarism. The values of this way of life are for the most part transient, superficial and unsatisfying, and they are making demands on the world's resources which cannot be met without resort to atomic and hydrogen bombs.

Thus in Nevada, Woomera and Meats Bello, Progress is preparing the way to universal death. Most of our inventions are turned to destruction—of man and all his works, of soil, plants and animals. In the name of progress we are speeding towards primeval barrenness. We are travelling too fast for reflective thought, whence science has ousted religion and philosophy. Our root problem is how to overcome the failure of culture and religion. Nearly fifty years ago Gandhi said that lacking a spiritual re-birth Western civilisation would in due course be self-destroyed.

Fear and power are now the chief directives of national and international policies, and before them Kings and Queens, Presidents and Prime Ministers, Primates and Moderators meekly bow. The mightiest Dictators end their days amid the ruins

of nihilism, of the power they worshipped. Yesterday they were Hitler and Mussolini. Tomorrow?

On every hand the processes of life are yielding to the processes of death. I have previously referred to the soil in this respect. Then the cycle of the Welfare State—mass-production, maximum spending and consumption, and 100 per cent. insurance against want, unemployment, the class struggle, expanding armaments, a permanent war economy, and finally the annihilation of atomic warfare. Even Britain's welfare state depends upon extracting £1,000,000,000 annually in taxation from spendings on drink, tobacco and gambling.

Often as I survey the widening swamp of our unmediated existence, with its growing dependence upon centralised power, upon officials and experts, upon chemicals, drugs, sham and substitutes, and upon demonic destructive devices, I am haunted by the feeling that the time may soon come when we shall be swept into oblivion, back to dust and vapour by a handful of nerve-wrecked politicians and scientists who, in a moment of hysteria will press the fatal buttons.

This is stark realism, not rhetoric. What are we going to do about it? Western survival now depends upon calling a halt to "Prosperity" and revolutionising our values, ends, and ways of life, as nations and as communities of persons. Our choice is between a soul-withering materialism and the spiritual values of creative, neighbourly living from the family to the world society.

These Papers have had three primary aims: (1) to expose the impasse into which Western civilisation has fallen, and its causes; (2) to expound the values, relationships and qualities by which freedom from that impasse may be secured; (3) to indicate some of the social, industrial and cultural changes for which this spiritual revolution calls.

The Papers have evoked considerable correspondence mostly from people unknown to me. To my astonishment no one has challenged my analyses or my basic conclusions. All are agreed about the nature of our problem, and that our great need is human wholeness and a way of life of richer spiritual content.

My express doubt about the acceptability of some of my constructive proposals; others ask for blue-prints and specific

programme, while a few, overwhelmed by the urgency of the problem, fear that it is too late to effect the necessary revolution before another war ends everything that matters.

To the first group I would say that the advance in industrial techniques has been such that there should be no difficulty whatever in devising small-scale machines and industrial units to serve the ends of small-group qualitative producers in most industries, while the results of the change-over would insure its continuity. Moreover, the cultural and qualitative values of the new order would automatically cut out a tremendous amount of wasteful and foolish spending, which would balance the higher cost of qualitative production.

To the second group I would suggest that blue-prints and detailed programmes have their limitations. A blue-print for a machine is one thing, but for a way of life quite another. I have a profound respect for nature, and especially for human nature. The devices of animals, even tiny ones, in order to achieve their ends are positively amazing, while man's power of creative imagination, of improvisation and invention is so overwhelming that it would be a crime to limit it by blue-prints. Is not the real tragedy of our age the fact that money values are depriving the majority of our fellow men of the right to create, thus condemning them to a sub-human existence? One man's blue-prints may be another man's prison-house. Whole men must needs produce their own blue-prints, and each local community its own social programme. One of our main tasks is to free the human spirit, the imagination of the common man, from the bondage of conformity, and to train the people for vocational living.

To the third group I will confess that often during the last forty years I have surveyed our national and the world situation and tried to estimate the chances of human survival, and not once have I felt that this was certain, nor do I now, although I see more hope than I did. Meanwhile it is well to remember that most of the world's civilisations have perished, and have done so in Prosperity. Time after time throughout the ages those in authority have chased the privileges of class domination, self-indulgence and the wastage of natural resources to the values of freedom and culture, and paid for their folly in decadence, war and extinction.

LIBERAL PERSPECTIVE

THE INDIAN MINORITY IN SOUTH AFRICA

By C W. M. GELL

(From the 'Chicago Jewish Forum,' Fall 1953)

III

HAVING failed to get rid of their Indians, the Whites of South Africa then set about 'putting them in their place' in earnest, both for reasons of immediate self-interest and in the hope of inducing them to take themselves off. As recently as January 21 this year an Afrikaans newspaper exhorted its readers:

"There is fear among the Indians that the apartheid laws of the Government will in the long run compel them to leave the Union in large numbers. If this should come about, few Europeans and non-Europeans will shed a tear. The time has arrived when every member of the public should help speed the departure of the Indians. Let all the Europeans in the Union stop buying from the Indian for six months and the problem will be half solved already. Can anyone who calls himself a Nationalist refuse to help?"

Now this "place-putting" policy is in direct contravention of one of the terms of the 1927 Cape Town Agreement by which the Union accepted responsibility for the welfare, education and uplift of its resident Indian population. And it is this breach of a pact between two virtually sovereign States which gives India her legitimate pretext to interfere in South Africa's domestic affairs. I do not think she is correct (in view of the Charter's ban on internal interference) or wise to hit the Union annually at UNO, nor is she consolidating White opinion in that country behind the more reactionary policies without achieving any positive amelioration of the Indian minority's lot. But her right to continue to press South Africa to fulfil obligations the latter freely accepted in 1927 cannot be gainsaid and this exposes the fallacy underlying Dr. Malan's unfortunate remark quoted in the first paragraph of this article. White South Africa in general and the Nationalist Party (which Dr. Malan leads) in particular have not been generous in interpreting their legal and moral obligations towards non-Whites. Dr. Malan, now Premier, then Minister of the Interior, was his Government's signatory to the Cape Town Agreement in 1927. He should, therefore, know better.

When considering the policies by which the Whites sought to put the Indians in their place, it

is important to remember that, since 1895, Indians have been without the parliamentary franchise (except the tiny Indian community in the semi-liberal Cape) and that they lost the municipal franchise in Natal in 1924. Africans do participate in the elections of three (White) members of the Assembly and four (White) senators—seven members representing 2½ million Africans against 206 representing 2½ million Whites—though in municipal affairs Africans are as helpless as Indians. Residential segregation was theoretically applied to Indians since 1885 in the Transvaal and trade licensing in Natal since 1895. But the early regulations were fitfully and inefficiently administered and many Indians got round the law by a variety of ingenious methods—bogus (*benami*) companies with dummy White directors, tortuous leases and sub-leases etc. During the twenties and early thirties, when the failure of repatriation was becoming apparent, Natal and the Transvaal began to tighten up their discrimination against Indians. Segregation and trade licensing are closely connected because, though a number of wealthy Indians were "penetrating" White residential areas (particularly in Durban) and devaluing properties by their penury, the reaction to this was less concentrated (though no less vocal) than the efforts of interested White merchants to curtail the number of trade licences issued to Indians and to drive them out of the main shopping centres on the plea of residential segregation or by limiting their mortgage rights.

Since this policy was naturally directed primarily against the wealthy merchant minority of the Indians, one might have expected to find them leading their community's fight against racial discrimination. But it has not been so. Nearly all the residential and commercial legislation of 1918-48 recognised established interests in principle and sought to "peg" the existing situation against any further "penetration." The established merchant and his family have, therefore, been prepared to play ball with the authorities, although it meant sacrificing the future opportunities of their fellow-Indians on the altar of their present profits. And other merchants whose rights were not securely established have been prepared to play ball all the more obsequiously in the hope of a

point being stretched in their favour. Dr. Malan's Group Areas Act of 1950, however, recognised no established rights. It purports to create separate areas for the residence and work of each race group, except for non-Whites being allowed to work (but not live) in White industrial and agricultural areas. Theoretically so its proponents claim, the Act applies equally to all communities without discrimination. But this is specious pleading, for it was enacted and will be applied by one race group without consultation with the others, without compensation or adequate rights of appeal to the courts. The "evidence" by which the introduction of the Act was justified, the debate on it in Parliament and the tacit (occasionally open) support of Opposition members from Natal left no doubt that it was principally directed against Indians. And that is how it is proving in practice. For, though the Act denies the right of Africans to own freehold property anywhere except in their overcrowded and isolated rural reserves and proposes to shift large numbers of them from one urban site to another in accordance with White convenience, very few of them actually own the land or properties from which they will be ejected. A minute fraction of the urban African population and a much higher proportion of the Indians are going to lose their investments and probably their livelihood. Take, for instance, the proposal of Lydenburg, a small Transvaal country town, to move its 146 Indians from their shops in the main street (where they had been for generations) to a site on a barren hillside two miles away adjoining the sewage farm and to cut their trading licences from seven to one. Although this scheme was rejected by the Government as rather too blatant, it and many like it will probably be passed with minor modifications. And the latest zoning proposals for Durban (Natal's largest city which is run by a non-Nationalist English-Speaking majority) envisages moving half the Indian, African and Coloured communities (nearly 70,000 Indians, 80,000 Africans and 8,000 Coloureds) in exchange for one-fourth of the White population (about 3,000 persons). About £9 million of Indian-owned property will have to be sold at knock-down prices out of areas scheduled for White ownership against about £800,000 of White-owned property in areas scheduled for non-Whites. White South Africa may not go all the way (at least explicitly) with a prospective Nationalist candidate for Parliament when he recently suggested putting "all the Indians in one large ghetto where parasite

can live on parasites" but it is not altogether unsympathetic to the general principle which he invoked.

It is against this background, the Nationalist's frank Herrenvolk ideology of all Whites over all non-Whites whatsoever, the Opposition's implicit acceptance of this denial of equal human stature, and the vast increase in the number and severity of colour-discriminatory regulations in every-day life during the last five years of the Nationalist's *apartheid* programme, that Indians and Africans have drawn together in a campaign of passive resistance. This alliance is the more remarkable, not only because of the fissiparous tendencies of all such African and Indian political movements but because so lately as January 1949 fifty Indians were killed and nearly 500 injured by Africans in one of the worst race riots ever. 700 Indian stores and 1500 Indian houses were also destroyed or severely damaged. This Durban riot was hailed as proof that even the Africans looked on the Indians as "alien parasites." But more careful assessment of the causes disclosed that, while some Africans undoubtedly had justified grievances against some Indian merchants, the general discontent of both Africans and Indians with the appalling slum conditions in which they lived and the vexations of a colour-rigid economy were on this occasion fused to flash-point by (1) accumulated resentment at the rising cost of foodstuffs which most Durban Africans buy from Indian stores (where they are usually treated more courteously and patiently than in White stores); (2) jealousy of Indians' exemption from carrying the passes which all urban Africans have to have on them at all times; (3) inflammatory anti-Indian speeches during the 1948 election campaign which, together with the Europeans' traditional hostility and the conduct of a few Whites who actually cheered the African rioters on, gave Africans the impression that the small Indian community could be attacked with impunity. Ninety Africans died and 550 at least were wounded by the police and soldiers in the four days battle that ensued.

But within three years of that fearful slaughter the Government's repressive policy had consolidated the non-White front. The African National Congress and South African Indian Congress, voluntary organisations of politically articulate non-Whites, combined to run a Defiance Campaign against six laws or sets of regulations which they regarded as particularly unjust. Since June 26, 1952, over 8,000 Africans and Indians have gone joyfully to prison for deliberate breaches of

one or other of these measures and have behaved (despite police provocation and ill-treatment) with a dignity and restraint of which few thought them capable. Rising racial tension, sparked off by foolish or calous police and administrative action, culminated in African riots against Whites in four South African towns last November, in which six Whites and thirty-one Africans were killed and over 150 Africans wounded. Against this sombre picture of angry and defiant non-Whites confronting arrogant and uncompromising Whites, the Union Government is introducing draconian totalitarian legislation which is the measure of the witcher's cauldron it has brewed.

But I have tried to show that, if the Nationalist Government is responsible for precipitating the racial crisis in its present form at the present time, the whole White population must share the blame for many years' indifference to the legitimate aspirations of the non-White majority. Founded in the arrogant assumption of perpetual White superiority, South Africa's present crisis is basically a moral one, whose pattern may be most clearly seen in the treatment of the smallest and most vulnerable race group, the Indians. For if the Whites are unwilling to concede larger opportunities and a greater share in the further political and economic life of the country to this least numerous and most advanced of the

non-White peoples, how will they ever bring themselves to face the risk of making the same concessions to the small educated vanguard of the African majority that is now hammering at the door?

The outside world has no right to minimise the gravity of the predicament of the South African White minority, though much of it is of its own making; but since its solution of this problem will have repercussions throughout the free world, this is no purely domestic matter. Asia and the rest of Africa are waiting for the answer. Is "White civilisation" only for Whites in Africa? Is pigmentation the only test of a civilised man? Are all the local representatives of one of the world's oldest civilisations and all the products of the new European culture unfit to rank with even the meanest, least educated, most shiftless, poor-White member of the European aristocracy? In search for the answers the Indian minority is more and more identifying itself with the aspirations of the African majority, hoping to teach it to struggle by non-violent means towards a society free from racial discrimination. But there is a limit to human patience and one vital question remains so far unanswered. Can the Indians and Africans find allies among the politically-dominant Whites in time to forestall the impending explosion?

Concluded.)

then know us for what we are. But the world will feel disturbed and perplexed and would be unable to see its way if acts are performed in the name of Satyagraha but not deserving it.

6-7-53

If the Satyagrahi is patient there is no injustice for which he has no remedy. But it must be clearly borne in mind that if one who suffers injustice has no strength to resist if there is no other means to counter it in Satyagraha. The aim of Satyagraha is to train the sufferer by actual demonstration as to how he can free himself from his sufferings. Till he is so trained the Satyagrahi has to hold himself in patience. If this is a limitation of Satyagraha it is also its beauty and strength. So the Satyagrahi does not become anyone's patron or guardian. He suffers with the sufferer, becomes his partner in suffering and his comrade.

Do not be misled into the belief that you are bound to take aggressive action against any immorality or injustice you see. Better train yourselves for such action by silent constructive work. Do not invite action against injustice but welcome it when it comes to your door.

LIMITATIONS OF SATYAGRAHA

By GANDHIJI

WHETHER it would be proper to undertake Satyagraha, whether one who undertakes it has the means to do so and whether the cause for which it is sought to be undertaken is worth it can be judged only on the prevailing circumstances. I have to advise and guide friends and co-workers when they seek my advice and guidance. And often when granting their right to offer Satyagraha I have to warn them in the same breath that it was neither the time nor the occasion for it.

I have no hesitation in declaring that he who has not had some training in constructive work has not even learnt the first steps in Satyagraha. And to my mind constructive work means . . . work for prohibition, constructive work means striving for modality between the Hindus and the Muslims. Indeed, he who is not imbued with the spirit of reason and the spirit of love could never dream of offering Satyagraha.

This warning is not, of course, apply to those who are not bound to seek or follow my advice. It

who is by nature non-violent, who is by temperament Satyagrahi, in whose whole being truth pervades and who is the spirit of service embodied deserves the respect of the world. He needs not my advice, not my guidance. And no one need say where and when he will offer Satyagraha nor whether he has the right to do so.

Not for those who are filled with anger and pride, whose ego is in their being and whose intellect is disturbed by passion I would certainly say, 'Please hold yourselves in patience. Any thoughtless step taken even unconsciously would not only inevitably lead to bitter consequences but would also destroy the little control that is in evidence at present and future generations who would have to undergo sufferings on account of the so-called Satyagraha will, come to see the very same Satyagraha will suffer disaster.' Every thoughtful person should, therefore, appreciate the limitations of Satyagraha. It would be bitter if instead we gave up the very name of Satyagraha and behaved as we thought best. The world will

AMERICA'S GROWING CONCERN FOR AFRICA

(An autumn 1953 review by Dr. Homer A. Jack who was interim secretary for the American Committee on Africa during July and August 1953.)

(Concluded from last week)

THERE are, in addition, a number of organizations in America which for some time have had a deep interest in African affairs. These would include the American Friends Service Committee, the India League of America, the National Association for the Advancement of Colored People, Fellowship of Reconciliation, and the Phelps-Stokes Fund. The International League for the Rights of Man (24 East 64th Street, New York 21) is an international non-governmental organization recognized by the United Nations and has been instrumental, under the direction of Mr. Roger Baldwin, in helping African petitioners at the United Nations.

A group of organizations has recently emerged which are especially interested in helping underdeveloped countries and people to help themselves raise living standards. The International Development Placement Association (Mr. Peter Weiss, 345 East 46th Street, New York 17) recruits personnel in the United States and Europe for work in underdeveloped areas, especially Asia and Africa. The American Institute for the Tropics (Mr. Sidney Wallach, 381 Fourth Avenue, NY 16) is increasingly concerned with helping Africa in a technical non-political way. The Foundation for International Economic Development and Education (1118 Fletcher Trust Bldg., Indianapolis 4, Ind.) has for its first project aid to an African farmers co-operative in Uganda. The Public Administration Clearing House (45 East 65th Street, NY 21) is interested in the development of better administrative practices abroad, especially in Asia and Africa.

One important aspect of American concern for Africa is with students coming to the United States from Africa. Whereas just before World War II only 83 students from Africa were studying in America, the figure has jumped to 1,125 in the academic year 1952-53. This is only three percent of the total number of foreign students studying in the United States (and is less than the number coming from Germany or Japan alone,) but the number is sure to increase in the years immediately ahead. For many years the Committee on Friend-

ly Relations among Foreign Students (291 Broadway, NY 7) has helped African students in their problems after entering the United States and today such help to African students looms large in the total work of this committee. On a different level the Institute of International Education (1 East 67th Street, NY 21) aids students from Africa. At various times African students in America have tried to organize and the latest effort is the All-African Student Union of the Americas which held a conference at Howard University in June 1953. There are several hostels especially for African students, two being located in New York City.

This organizational activity related to Africa has been intensified in the past year. Yet there is no over all, American organization concerned with the whole continent of Africa and its many problems. Because of this apparent lack, a small group of persons met in New York City in December 1952 to explore the need for a new, national organization devoted to Africa and with clearly a non-Communist and non-sectarian orientation. After six months of careful exploration with most of the organizations now working in the African field and with some of the individuals most interested in Africa, the committee decided that there were indeed gaps in the American work on Africa and that all the efforts taken together did not constitute the kind of job that must be done to acquaint the American people with the problems and peoples of Africa, and, in time, also to acquaint Africans with the true American spirit.

Accordingly, tentative plans were made in the summer of 1953 for the establishment of the American Committee on Africa—a factual, non-partisan membership organization to promote a better understanding of the peoples, institutions, and countries on the whole African continent by educating the American public through means of publications, speakers, and other educational media. This will be a clearing house of information about all facets of African life and opinion. This organization should help to bridge the gap between Africans

and Americans, to supply the vaguely hopeful with the means for concerted action, to broaden the channels of communication between Africa and America, to help break down the barriers of ignorance, and to forge new links between America and Africa of today and tomorrow. Efforts are now being made to solicit initial funds for the establishment of this Committee and to appoint a qualified staff. The American Committee is applying for a Treasury Department ruling that contributions to its budget be deductible for federal income tax purposes. Among the first activities of the Committee will probably be the publication of a monthly newsletter. Inquiries are invited in care of Mr. George Houser, 513 West 166th Street, New York 23, New York.

The widespread revolution in Africa must be understood. But some Americans want to act once they do understand. Because of tax problems and other considerations the action must be dissociated organizationally from the education. Accordingly, representatives from more than 25 national organizations met unofficially in September in New York City to form a Co-ordinating Council on Africa (c/o 24 East 64th Street, NY.) Under the temporary chairmanship of Mr. Roger Baldwin, this Council will suggest to the national groups which loosely comprise it parallel action on African issues as they come before the United Nations and its various organizations. The Council will also suggest that national organizations acquaint the American delegation to the United Nations of their views as the delegation finds itself confronted with African problems.

In the end, the African people must and can help themselves. The American people, however, must understand the rapid events on the African continent. For the peace of the world, the American people must do so in less traumatic fashion than they learned the facts of life about Asia. As Professor Harry R. Rudin, chairman of the History Department at Yale University, has wisely observed, "A word preoccupied with the challenge of Russian Communism in the middle of the 20th century has suddenly found itself face to face with a startling challenge to Africa. For the Russian challenge we were more or less psychologically prepared, for the one in Africa, we were far from ready...One may well wonder whether there is time for us to acquire the information needed if our decisions in this critical age are to have the intelligence required for our survival."

Perhaps the American Committee on Africa and the Co-ordinating Council can help insure our survival...and, of equal importance, that of the African people.

All this naturally leads to a criminal squandering of money—money which could be better saved for better purposes or spent on their matters which have a better claim.

Sir, no doubt you know all this; but still I could't help expressing myself after hearing your speech; and I hope you will forgive me my audacity in writing to you direct."

This was followed by the next letter.

Dear Sir,

"I feel greatly honoured by your having condescended to reply to me—I least expected it. I thought you would get angry with me for having dared to say your message was incomplete.

"Sir, you have rightly guessed the depth of the feeling behind that letter and can imagine with what a heavy heart I have seen my husband off.

"I know scores of other wives who feel the same way I do about this drink business.

Certainly, Sir, you may make use of my letter without disclosing my name.

"I do pray that with your kind help and influence this evil of drink may be eradicated from India and especially from the army."

AFRICAN VIEWPOINT

CLEARING MISUNDERSTANDING ON LIBERALS

By JORDAN K. NGUBANE

ABOUT a fortnight ago I took part in a symposium on the Bantu Education Act organised by the Liberal Party of South Africa. Several members of the Liberal Party were surprised at the generous tribute I paid to their courage, patriotism and level-headedness. I made it plain that although I was speaking on behalf of the African National Congress, the tribute was personal.

The element of surprise gave me the impression that my critical tone and attitude towards the Liberal Party required amplification.

First of all there are points on which I agree with the Party and others on which unanimity is not so great. There is no doubt in my mind that the White men and women who have joined the Liberal Party have made incomparably more sacrifices than the Africans in their camp. In the African community it is not as yet regarded as wicked to consort with the Whites. It is true that a substantial section of African opinion already looks with suspicion on quite a number of White motives and groups. But there is not as yet a solid wall of opinion ready to ostracise and penalise cruelly any Africans who accuse the colour line in an endeavour to give reality to the concept of equal partnership.

The White men or women who step over the colour line to work with us on the basis of equality invite ostracism, abuse and, what is worse, might even endanger his business or lose his livelihood. That men and women should have taken these dangers for an admittedly unpopular ideal is something for which I, believing I am a good South African, am truly grateful. I see no inconsistency in taking up this attitude on a public platform.

The Liberals have not set themselves the goals I would like, to emphasise the essential unity of Black and White. They are handicapped by the desire to win African confidence without alienating White opinion drastically. As a result they had themselves advocating the Colour Bar subtly when otherwise their declared goal is its abolition. Their incoherence on civil franchise qualifications (obviously for the

African) is a form of discrimination, in my view, which is designed not to give the African his rightful say in the Government of the land, but to place him in the position of a junior citizen for the longest time possible.

This does not, however, blind me to the real significance of the Liberal Party; that it attempts to come forward with a positive alternative to apartheid. In other words it is marching in my own direction, although a long way behind. As such it is a friendly and not an enemy group. The possibility is always there that tolerance and encouragement might bring it, one day, to the position where people like me might find in it the Party to save South Africa.

In the meantime those of us who are friendly-disposed to it can serve best the cause it and we have at hand by strengthening its bargaining hand. I do not feel that by joining the Liberal Party in large numbers the Africans would help it much. It is not its function to espouse the cause of the African; its real job is to reconcile race with race in a multi-racial society. Congress because it is a national liberation movement—to use a phrase borrowed from the extreme Left—is poorly equipped for the task of reconciliation in the present state of race relations. But Congress is in a very strong position to espouse the cause of the African; that is, to train the African and bring him, with the minimum of delay, to the position where he can stand on a footing of, at least, organisational equality with the other races when he would make his legitimate contribution to the common goal.

A strong African National Congress will prove the Liberal Party's best ally. It will place the latter in a stronger position to win more Europeans to the way of conciliation. Apartheid is in the ascendancy to-day largely because the African National Congress is relatively weak. The non-conscious White man can get what he wants merely by taking a firm line against us. A strong Congress will convince such people that they are heading for disaster and will induce them to prefer conciliation. When that happens

the Liberal Party will come into its own. I believe in conciliation; but not on the master-servant basis as at present. I believe in conciliation as between one equal and another.

The African people have been brought up in the tradition of fighting tyranny through struggle. I believe that only through active struggle, in a non-violent way, will we reach our goal. I am not satisfied that the Liberals have made up their minds to struggle actively, to the bitter end, to see South Africa cleansed of the curse of colour. Please understand me: I definitely do not question their sincerity; but I do say that their ideas appear to be a little hazy on the real challenges they are up against from the apartheid side. When you are faced with a tyrant who has no regard for the pledged word, it does not improve me much to say that you will adhere to constitutional methods—i.e. the ballot box, propaganda, the platform and pamphlet—to drill a little more steadily your consciousness into his arrogant head. Apartheid is no respecter of law. You cannot defeat it by resolutions, no matter how strongly worded, or protests. You can defeat it only by exerting irresistible moral, economic and other pressures.

But even here, we need a political pressure group which will provide a half-way house for the average European who has begun to entertain doubts on the wisdom of apartheid and who is well on the way towards finding a fuller life for himself in communion with all his countrymen regardless of race. For, my view is that the colour problem is a conflict of ideals and NOT a clash of race. We must fight against anything which emphasises race in our struggle. I happen to know that the Liberal Party in Natal exerted a visible influence—true, it was far from

decisive—on a recent Durban parliamentary by-election. The opposing candidates started fairly on the Right. Towards the end of the election campaign they were steadily gravitating somewhere near the Centre. We need an agency to ferry as many White people from the Right to the Centre as possible and only the Liberal Party can do that.

I could go on enumerating the points of agreement and divergence. But these instances should suffice to show that I have very good reasons for believing that the Liberals and I have a lot in common. We both differ from the Malanites in this one fundamental respect: we can appreciate each other's virtues even where we do not agree. Malanism preached that those who are not with you are against you and straightway proceeds to see in them incarnations of all vice. I believe that in human affairs there is always the man in the centre to consider as well. Without him the world would be robbed of the blessings of conciliation.

Finally, and this is one of my strongest points in favour of the Liberal Party, liberalism is the only philosophy of life on which a multi-racial society can be permanently built. On the one hand we need it to cushion the tensions generated by race-conscious ideologies and even neutralise their effect, while on the other we need it to provide scope for the fruition of the genius of the different racial and cultural elements composing that multi-racial society.

Against this background it will be seen that my tribute was both genuine and deserved. A friend who is candid in retaking should not be afraid to be generous in complimenting!

THE KEY TO A PEACEFUL REVOLUTION

(By Vineba)

THE modern wars are special-ly calamitous in one respect. It is curious that they lead to a result which is contrary to what has been regarded as the scientific law of Nature, namely, 'the survival of the fittest.' The present scientifically conducted wars take a heavy toll of young men, which means that while the fittest are sacrificed to the war deity, those who are unfit stay back in their homes and saved. This is contrary to the law of Nature. So these wars are utterly ruinous in every respect, and may well spell the entire extinction of humanity on the earth, unless something is done to check them. Let us see first why they come about.

A social order, whatever its form and structure, is designed to promote the health and happiness of the people. And there is no doubt that they profit by it for some time, may be, even for a very long time. But gradually its utility dwindles and a stage comes when it is no longer serviceable. It has then to be scrapped and remade even as a house has to be remade after the old one has dilapidated. The change and the reconstruction involve a good deal of suffering and labour. Naturally there are some who are reluctant to face this suffering and who therefore oppose this change. They throw in their support on the side of the status quo. They do, of course, introduce reforms, but only at a snail's pace and try to keep the old system intact, so long as they can, in the name of peace and order. Under the circumstances those who want change are driven to the view that it cannot be brought about except through violence. The situation gives rise to tension and as it increases, the cleavage between the protagonists of peace and order and those of change becomes wider and the latter become confirmed in their faith in violence as the only solution. This ultimately ends in war and revolution.

But we have now discovered a way which is both peaceful and revolutionary and un-

failingly potent, to secure the change of society without any of the evils associated with the other two ways. We want to overhaul the entire social structure without recourse to violence, that is, we want both peace and revolution. Revolution is indispensable. Now if we want peace also, then we have to prove that peace too has the power to revolutionize the society—not gradually but with the speed of a revolution. If this is proved, the violence will cease to be the indispensable adjunct of revolution and society will be saved. This is what we call a peaceful revolution or Satyagraha.

We who believe in Sarvodaya, i.e. the well-being of the entire society without any distinction of class or creed, have taken to Satyagraha as the end that we have set ourselves. We must then have full faith in its efficacy. Secondly, we must be prepared to suffer for it, to any extent. Thirdly, we must have the zeal and conviction to convert the heart of the people. It is certainly possible to convert the heart of man, for there is in him a divine flame which, though it may at times get obscured by darkness, is never put out. We must then have faith in this divine consciousness active in every human heart. With faith in the indwelling divine, conviction of the truth of the thought which we have accepted and readiness to suffer for it, we can surely accomplish a peaceful revolution in the society.

With this end in view, we should take up pressing social problems and work for their solution in a social way, while, at the same time, concentrating on our own inner purification individually.

Through Bhoodan we are helping the people to acquire the power of Satyagraha and develop faith in humanity. We also desire to manifest the power of peace for solving all our problems. Viewed in this perspective, Bhoodan work will reveal its distinctive glory.

People often argue that the work of land distribution can be accomplished by legislation. Our reply to them is: Brothers,

do it. We have no objection to it. But we take delight in building up *jana-shakti*. We earnestly desire to finish this work as early as we can. And we firmly believe that this will be achieved in a very short time. This work will regenerate such numerous virtues and provide such a key that it will be easy for us to solve so many problems. We keep a record of the quality and the quantity of land collected. At the same time, we also measure our work from the number of workers we receive and from their quality, i.e., how far they have faith in humanity and in our ideals.

To these *seeds* we avian that they should develop motherly devotion for their co-workers. Whatever wrongs a child may commit, the mother goes on believing that the child, after all, is good at heart. We should cultivate like devotion for our colleagues and also for our opponents. In case we hear ill of our friend we should disbelieve it. On the contrary if we hear of some good act of our friend we should at, once

believe it. God dwells in every heart and He inspires him to do good.

Lawyers know that the law may acquit even ten accused persons but it seems that not a single innocent person is punished. If there is some ground for doubt, we have to allow his benefit to the person concerned. The benefit of doubt should be so construed that it should lead us to find out goodness. This is indeed a fine characteristic of love based as it is on faith in humanity. The goodness of a man needs no testimony. It is misdeeds that need to be examined. In case evidence is forthcoming, one should believe it; in its absence, one should dismiss the doubt from his mind.

A.N.C. AND S.A.I.C. MEMORANDUM TO UNITED NATIONS

(Continued from last issue)

REPRESSION CALLS FORTH OPPOSITION

INEVITABLY the discriminatory and repressive policy of the Nationalist Government has been met by steadily mounting opposition and resistance from the non-white peoples of South Africa. The African, Indian and Coloured people are proud people, and will never willingly submit to slavery and degradation.

All attempts by the non-whites to place their grievances before the Government have been rejected. Expressions of their views by their leaders have been branded "agitation." Denied a say in their future and a voice in their Government and yet subjected to ever-increasing oppression, the non-whites had no alternative but to launch a campaign in defence of their rights. On June 26, 1951, the African National Congress and the South African Indian Congress launched their campaign in defiance of unjust laws.

They stated clearly the principles which were the kernel of their political demands and their struggle for freedom:

"All people, irrespective of the national groups to which they belong, and irrespective of the colour of their skin, are entitled to live a full and free life on the basis of the fullest equality. Full democratic rights with a direct say in the affairs of the Government are the inalienable right of every South African, a right which must be realised now if the country is to be saved from social chaos and tyranny and from the evils arising out of the existing denial of the franchise for the vast masses of the population on the grounds of race and colour.

"The struggle which the national organisations of the non-European people are conducting is not directed against any race or national group, but against the unjust laws which keep in perpetual subjection and misery vast sections of the population. It is for the creation of conditions which will restore human dignity, equality and freedom to every South African."

The first phase of the campaign consisted in bands of selected volunteers deliberately and publicly flouting various apartheid measures and regulations.

In the six months of this phase, which ended in December 1952, 8,065 persons had served imprisonment for defying unjust laws. Volunteers went into action in Johannesburg, Port Elizabeth, East London, Queenstown, Grahamstown, Capetown, King Williamstown, Mafeking and Kimberley, Reel towns, Veresiging, Durban, Bloemfontein and Pretoria.

The campaign spread from these bigger towns into the country, in such places as Peddie, Uitenhage, Jansenville, Port Beaufort, Port Alfred, Alice, Paarl, Worcester, Ceres, Stellenbosch, Witbank and Batsb.

The Mailed Fist

The reaction of the Nationalist Government to this, as to all other manifestations of criticism and opposition and resistance to its wicked policy, has been one measure after another of Fascist suppression of the freedoms of speech and the press, of organisation and assembly.

The Suppression of Communism Act is one of the principal weapons used by the Malan Government in this drive to silence its opponents. The immediate effect of the Act was to render unlawful the Communist Party of South Africa, which had existed since 1927. There can be no doubt that this suppression was motivated not only by the hostility of the Government to the philosophical and economic theories of this Party, but even more to the multi-racial character of its membership and its avowed aim of equality of rights for all.

In practice, the Act has been used against all manner of opponents and critics of the Government, irrespective of their ideology. A new crime has been created in South Africa—"statutory communism." Numerous leaders of the African and Indian Congresses have been subjected to bans under this notorious law, prohibiting them from participating in Congress or from attending gatherings of any description. Elected African representatives have been expelled under this Act, from Parliament and the Cape Provincial Council; trade union officials ordered to relinquish their positions and lose their livelihood; a weekly newspaper

("The Guardian") has been banned.

Twenty foremost leaders of our Congresses, of the most varying political and philosophical outlooks, were convicted of "Communism" in December, 1952, and sentenced to nine months' imprisonment. The Judge stated that the accused were charged with "statutory communism" which, he pointed out, "has nothing to do with communism as it is commonly known."

In sentencing African and Indian Congress leaders under an earlier case, the Magistrate said: "It is common knowledge that one of the aims of Communism is to break race barriers and strive for equal rights for all sections of the people, and to do so without discrimination of race, colour or creed.....The Union of South Africa, with its peculiar problems created by a population overwhelmingly non-European, is fertile ground for the dissemination of Communist propaganda. This would endanger the survival of the Europeans and therefore legislation must be pursued with the object of suppressing Communism."

Thus, by this ruling of the Magistrate, anyone who advocates the ending of race discrimination is a Communist and liable to prosecution and a period of up to ten years' imprisonment.

The African National Congress and the South African Indian Congress have maintained from the inception of the Suppression of Communism Act that it was promulgated to suppress all who oppose the rabid and fascist policies of the Government, and that under cover of fighting "communism" all democratic movements are to be destroyed.

Over a hundred political books and magazines from overseas have been banned under the Customs Act. The publications come from many countries in Europe, Asia and America, including Britain and the U.S.A., China and the Soviet Union. Many of these relate to sport, culture, etc., and are deemed "objectionable" because they contain news and pictures of white and non-white persons fraternising.

The Nationalist Government prevents progressive South Africans visiting foreign countries by denying them passports. It refuses entry visas to foreign journalists and publicists who are unfavourably disposed towards apartheid. It has now refused, we understand, the right of entry to your Commission. It conducts incessant

raids by the special (political) branch of the police on the offices of such organisations as the African National Congress, the South African Indian Congress, the Springbok Legion of Ex-Servicemen, the Congress of Democrats (an organisation of progressive whites), the South African Peace Council and various youth organisations. The homes of the members of these organisations are also raided in search of evidence of a number of political crimes.

In February 1953, the Malan Government, using the defence campaign, although it had not been attended by a single act of violence on the part of the volunteers, secured the speedy enactment of two laws giving it sweeping dictatorial powers.

The Public Safety Law enables the Government, without recourse to either Parliament or the Courts, to declare "a state of emergency" and to suspend all existing laws and regulations, abrogate all civil rights, censor and muzzle the press, bar public assembly, search and confiscate property, establish concentration camps, and impose the death penalty.

The Criminal Law Amendment Act provides maximum penalties of five years' imprisonment, a £500 fine, and fifteen strokes of the lash for any form of support of an action of protest against any law or of a campaign of resistance against the laws of the Union. The offer, solicitation or acceptance of financial or other aid, either within or outside the country, for a resistance campaign, is also made punishable by the same penalties.

The President-General of the African National Congress, Mr. A. J. Lutuli, warned the Minister of Justice on February 27 that he "must expect to witness continued opposition in action to these Bills."

No Surrender

The African National Congress and the South African Indian Congress are profoundly confident in the justice of their cause and the certainty that the noble principles of democracy and human justice must ultimately triumph. We shall not be deterred by the threats of the Malan Government—the jailers of the South African people—nor shall we be provoked into indiscipline and anarchy by the terrorism and lawlessness of the police, the Native Affairs Department and other agencies of the white-dominated State.

The campaign of Defiance of Unjust Laws has gripped the imagination of the

ordinary people of our country and fired them with inspiration and unconquerable determination. The campaign will not end with individual acts of sacrifice by our devoted and heroic volunteers. It will broaden its scope and extent to include ever-widening masses. Whatever the lunatic theories of the race-obsessed rulers of South Africa, the truth is that society is an integrated economic unity. Without the co-operation of the non-white majority the administration and ordinary functioning of South Africa is impossible.

In this factor, increasingly in the consciousness of our people,

lies the great weakness of the upholders of white supremacy and the great strength of our movement for national emancipation.

With clear conscience and the knowledge that we are armed with lofty humanitarian principles common to all the great philosophies and religions of the world, we appeal to the men and women of our country and indeed of all others, for that moral and practical support which will enable us to enter into the liberty and dignity which is the birthright of all men everywhere.

MEETING OF S.A. FELLOWSHIP OF RECONCILIATION

DURING the week ending November 14 a small group of Christians met in the home of a friend in Natal for prayer and discussion as to gain more insight into the implications of Christian living in a multi-racial community. The group was convened by the Chairman of the S.A. Fellowship of Reconciliation (Rev. J. W. Dixall) and among the guests were Paul Sykes, Alan Paton and Albert Luthuli, formerly chief of the Amakholweni tribe in the Umvoti Mission Reserve. At the end of the deliberations it was resolved to release the following conclusions reached:—

1. An essential part of the vocation of the Church is to witness that in Christ Jesus all men are one, for which reason it is essential that in a multi-racial community there should be at least some churches which are completely inter-racial.

2. Racial discrimination is an evil capable of destroying the spiritual life of individuals. It must be resisted and ultimately eradicated from human society, as has happened with the practice of slavery.

3. Separation arrangements for various groups of people are only permissible if based on consent.

4. There are occasions when an individual must disobey a law in obedience to a higher law of conscience provided always that the penalties are accepted even unto death.

5. While the primary responsibility for resolving racial conflicts and tensions rests with South Africans themselves the concern of persons in other countries is well-founded inasmuch as we are all part of a world community. The expression of this concern should be governed by facts and supported by knowledge.

6. We urge the formation of small groups to study the implications of these conclusions. In the first place the groups should consist of like-minded persons so that fellowship in the struggle against discrimination may be strengthened and those who share the same faith may be brought to know one another. Subsequently the groups will be widened as a means of awakening public conscience and awareness.

Interested persons may obtain more information from the Rev. J. W. Dixall, P.O. Box 81 Kooxpoort; letters without a stamped and addressed envelope enclosed will be ignored. At this stage it will be assumed that those who write accept in broad terms the principles in these conclusions.

આજે દુનિયામાં લોભનું, પરિગ્રહનું રાજ છે. પરિગ્રહની આસ પાસ એવા કાનુન ઉભા કરવામાં આવે છે કે પરિગ્રહ યોદા છે એમ માનવામાં આવતું નથી. ઘોરીને આપણે શુનો માનીએ છીએ, પણ જે સંગ્રહ કરીને ચોરને ઝેરણા આપે છે, તેની કૃતિને ચોરી માનતા નથી. ઉપનિષદોની કથામાં શબ્દ કહે છે કે, “મારા રાજ્યમાં નથી કોઈ ચોર કે નથી કોઈ કંજુસ.” કારણ કે કંજુસ સરવાળે ચોરને પેદા કરે છે. ચોરોને આપણે જેલમાં બાંધીને છોડીએ અને તેમના બાપને છુટા રાખીએ છીએ. તેઓ સિંહ, પ્રતિષ્ઠિત જની બાંધીપર બેસે છે. આ કેવો ન્યાય છે?

મુદ્રાસના વડા પ્રધાન શ્રી. ચક્રવર્તી રાજગોપાલાચારીએ થોડા વખત ઉપર શાંતિકાંચ અંગે પરદેશ જતી એક હીંદી લશ્કરી ટુકડીને જે સંદેશો આપ્યો હતો તે આ ટુકડીના એક સૈનિકની પત્નીએ રેડિયો ઉપર સાંભળ્યો. તે પરથી તેણે શ્રી રાજગોપાલાચારીને જે પત્ર લખ્યો છે તે શ્રી રાજગોપાલાચારી પાસે પાડ્યો છે. સૈનિકની પત્નીએ લખેલા પત્રનો તરજુમો નીચે પ્રમાણે છે :

“શાંતિકાંચ અંગે કોરીય. જતી હીંદી લશ્કરી ટુકડીને આપે જે સંદેશો આપ્યો તે મેં ખાસ રસથી સાંભળ્યો. કારણ કે આ ટુકડીમા મારા પતિ પણ છે. આપનો સંદેશો ઉત્તમ પ્રકારનો હતો અને તે અંગત જોયે, અને લાગણીભર્યો હતો. પણ મારે જણાવવું જોઈએ કે જે આપે તેમાં ફાટનો પ્રશ્ન છેડયો. હોત તો વધારે સારું થાત. આપે આપના સંદેશમાં બહુ તદ્દન ફાટ ન પીવાની વાત ન કરી પણ તેમાં કંઈ મર્યાદા રાખવાનું લખ્યું હોત તો ઘણું સારું થાત. જ્યારે (આ વખતે) તેઓ શાંતિકાંચ અંગે પરદેશ જાય છે ત્યારે પણ “તાજગી” આણુવ. તેમને કેટલી પીણાંની જરૂર છે એમ આપ માને છે? કેટલી પીણાંને સલાકાળને માટે બારેમાં બારે અનિદ છે. બીજા કેંઈ પણ એક કારણ કરતાં આ બધીએ ઘણાં કુટુંબોમાં ભગલા પડ્યા છે. જે સૈનિકોના પતિઓ આ બધીમાં ફસાયા છે તેમનાં જીવન અને સુખ આ બધીએ ધુળધાણી કર્યા છે. આ બધીને કારણે આ જમાનામાં આપણે માનીએ છીએ તેના કરતાં ઘણા વધારે શુનાઓ અને અકસ્મતો થાય છે. ખાસ કરીને આ રંગે તો લશ્કરમાં બહુ ઉંડાં સુળ ઘાટ્યાં છે. લશ્કરમાં પણ તમે દાર્શનિકે કાબુલ ન કરી શકો? હું માનું છું કે આમ થાય તો સારું. જ્યારે સૈનિકો પરદેશ જાય છે ત્યારે તેમને ફાટ પીતા અટકાવવામાં તેમની પત્નીઓ સાથે ન હોવાથી, તેના જરૂર કરતાં વધારે ફાટ પીવામાં લલચાય છે. ફાટ તબિયતને માટે તુલસાનકારક છે એટલું જ નહીં, પણ તેમની જીવન જોખમમાં સુકે છે. કારણ કે અતિયથ પીવા પછી માણસ સારું વિચારશક્તિ ઈત્યાદિ શુભાવે છે. ખાસ કરીને ચે.ટર સલાકાવમાં આવા બહુ અનુભવ થાય છે. વિશેષ કરીને લશ્કરી અમલદારો ફાટ પીને અધારી રાતે અધીરોમાન અવસ્થામાં ગાડી ચલાવે છે તે વખતનાં જોખમને, વિચાર કર્યો. નસાની અવસ્થામાં તેઓ પોતાની જાતને ઘણા હોશીયાર માને છે અને વાહનની ઝડપનો વિચાર કરતા નથી. આ સિવાય એક બીજું ભારે, કદાચ વધારે ભારે, જોખમ છે. આપે આપની સલાહ માં આપણા સૈનિકોને પરદેશમાં સીઓથી દુર રહેવા સલાહ આપી છે. પણ ફાટની વાત કરી નથી. પણ તેનો શો ઉપયોગ? ફાટને કારણે તેમને સી યાદ આવે છે, અને ફાટની અસર તમે આવ્યા પછી તેઓ સીઓનો વિચાર કર્યા વિના રહેતા નથી. આ રીતે સીઓમાં ફસાવા ના જોખમો તો ઘણાં છે તે ઉઘાડી વાત છે. અને આ ટુકડી જ્યાં જાય છે ત્યાં આવી કટલીક સીઓ. તો હોવાની જ. આવે વખતે પોતાની પત્ની પ્રત્યે વફાદારી રાખવાનું યાદ રાખવા જેવું મનોભાવ બધા સૈનિકોને હોતું નથી; અને આ બધા સૈનિકો ઇશ્વરનો કર રાખનારા હોય એવી આશા રાખવી એ તો વધારેપડતું જ ગણાય. આ બધાનું પશ્ચિમ નાણાંનો કુબંધ હોય તે દેખીતું છે. અને આ નાણાંનો બીજો વધારે સારો ઉપયોગ હોય છે તે તો દેખીતી વાત છે જ. આ બધું તમારી જાણ બહાર તો હોય જ નહીં. પણ રેડિયો ઉપર તમારું બાપણ સાંભળ્યા પછી ઉપરનું લખ્યું વિના હું રહી શકી નથી. આ રીતે સીઓ કાગળ લખવાની પદ્ધતિ કરવા માટે માફ કરશો.”

નોંધ અને સમાચાર

અંગત ખેત
 શ્રી. જલભાઈ રસ્તમજીના અચાનક મોતના અવસાનથી અમને બારે અંગત ખેત યાદ છે. તેમની શીનીકસ સેટલમેન્ટના એક દરેદી હતો અને એ રીતે તેમની મદદ અને સહાય જે અમે હર વખત મેળવી શકતા હતા તેને મણી ધીમતી અચૂતા હતા. શીનીકસ સેટલમેન્ટમાં હાલ મહાત્મા ગાંધીજીના ધર્મપતિ પુન્ય કરતુરખા ગાંધીજીના સ્મારક તરીકે જે, નિરાળ નું મકાન બાંધાઈ ચૂકું છે તેના બાંધ કામમાં પણ તેઓ હોય રસ લઈ રહ્યા હતા અને તેની પ્રમતી એવાને વખતો વખત પોતાની તબીબતના મોંઘે પણ શીનીકસની સલાહાત લેતા હતા. એ મકાનનું નિર્માણ ઉદ્ધાટન જે નજીકના સવિધ્યા યવાની અમે ઉમેદ સેવીએ છીએ તે સમયે તેઓ હાજર હશે એમ અમે ધન્યતા હતા. પેરંતુ ઇશ્વરે જીવન નિર્માણ કયું હતું. તેની અકળ મતીને આ પછે સૌએ આધીન થવાનું રહ્યું. મરદુમના ધર્મપતિ ધીમતી સરિનબાઈ નો સંજ્ઞ પણ શીનીકસ સાથે અને માંથી કુટુંબની સાથે મરદુમ પારસી રસ્તમજીના વખતથી રહેલી છે. આથી તેમના તેમજ તેમના સ્વજનોના પ્રત્યે તેમજ મરદુમના નાનાભાઈ શ્રી. સોરાબજી, જેમનું નામ દક્ષિણ આફ્રિકામાં જાણીતું છે, તેમના પ્રત્યે તેઓને યજ્ઞેલી મકાન ખોટમાં જાહેર રીતે હોદી દિસસેજી કરાવવાની અમારી દરજ સમજીએ છીએ. મરદુમના રહને ઇશ્વર અમળ થાતી બે.

કર્મીઓના જાણીતા કાર્યકર્તાનું અવસાન

અમને નોંધ લેતાં અર્પત જેદ થાય છે કે રમીંગસ (ફાંસવાહ) ના જીવના અને જાણીતા ઉત્સાહી કાર્યકર્તા શ્રી ભગા બાઈ મુળજીનું ગુરુવાર તા. ૧૧મીના ગ્રાટ અકસ્માતથી અવસાન થયું છે. સોમવાર તા. ૧૬મીના રવિવરથી જતા હેડઅમર્ નજીક સવારના ૬ વાગે બનાવ બનેલો. ત્રણ દિવસ રમીંગસની ટોરપીટલમાં રહી ગુરુવારે ૧૦-૩૦ વાગે હેડાન્ટ થયો. સ્વર્ગસ્થની રહન કોમા જોદાનીસમર્મ કોમેટોરીયમમાં શુક્રવારના મધ્યાહ્નમાં બાઈજીની કાજરી વચ્ચે યાદ હતી. સ્વર્ગસ્થ મધ્યાહ્ન શિયાળ અને મિશનસાર સ્વભાવના હતા. બહેર કામમાં જામળ થતો બામ

મેતા હતા અને સોને મદદ કરતા હતા. ગાંધીજી પ્રત્યે પુન્ય ભાવ ધરાવતા હતા અને શીનીકસ સંસ્થાના અને ઇન્ડિયન ઓપિનિયનના કામમાં અમે તે વખતે મદદ આપવાને હાજર જ હતા. રમીંગસના બાઈજીમાં તેઓ સાઈ માન ધરાવતા હતા અને તેમનો બોલ સૌ જાણી લેતા હતા. સ્વર્ગસ્થની ૬૪ વર્ષની વય હતી. પોતાની પાછળ તેઓ વિધવા તથા પુત્ર તથા પૌત્રોને શોક કરતા હુજી થયા છે. તેઓ સૌ તરફ અમે જોડી દિસસેજી કરીએ છીએ. સ્વર્ગસ્થના આત્માને ઇશ્વર ચિરજાંતી બે.

જે જે બાઈજીએ જાતે હાજર થઈ તેમજ તાર, ટેલીફોન દ્વારા દિસસેજી આપેલા તેઓ સર્વનો સ્વર્ગસ્થના પુત્ર શ્રી અબુબાઈ પોતાની તેમજ પોતાના કુટુંબીજનો વતી હાર્દિક અભાર માને છે.

શ્રી અંદાશંકર શુક્લનું અવસાન
 અમને નોંધ લેતાં ધણેજ જેદ થાય છે કે શ્રી. અંદાશંકર શુક્લનું અમા માસમાં સ્વદેશમાં અવસાન થયું છે. શ્રી અંદાશંકર શુક્લ મહાત્મા ગાંધીજીના જીવના સાથીઓમાંના એક હતા. ‘નવજીવન’માં તેમણે ધણે વખત સુધી કામ કર્યું હતું અને ત્યાર બાદ ગાંધીજીની પ્રતિજ્ઞા સાથે એક મા બીજી રીતે જોડાયા હતા. કંઈક મુદત સુધી તેઓ ‘ઇન્ડિયન ઓપિનિયન’ના હોદ્દા અમરપત્રી હતા અને નીધમીત હોદ્દો પત્ર લખતા હતા. તેમનું અવસાન થયું તે પહેલાં કંઈક મુદતથી તેઓ ગાંધીજીની શીમ જીતારવા, જમીન કામ કરી રહ્યા હતા. તેમને લાંબી મુદતથી રમનું દરદ હતું જેના બે તેઓ ભોમ યાદ પડ્યા. સ્વર્ગસ્થ પોતાની પાછળ વિધવા તથા જે પુત્રીઓને અને અન્ન કુટુંબીજનો ને શોક કરતાં હુજી થયા છે, જેઓ પ્રત્યે અમે હોદી દિસસેજી ધરાવીએ છીએ. સ્વર્ગસ્થના આત્માને ઇશ્વર ચિરજાંતી બે.

નતાંથી આપ

જીવનના જોવામાં પહેલી રાત્રી તો ઠીક પસાર થઈ. આજ વાગ્યા સુધી કોઈ બળતો હોય છે. ત્યાં સુધી ઠોડીઓમાં પુરાવેલા કેદીઓ વાનગીન કરી રહ્યાં, બીજાં જે રાત્રે તે કરી રહ્યાં. પુરાવા પછી કેદીઓ આજાહ હોય છે. ચોરીથી તમાકુ લાભા હોય તે તમાકુ પીએ, અંતે સુઈ પીવાતો હોય છે. કંઈક રમતો રમે, વગાડ મેચો કેદીઓ તો મને તે રીતે એ કુખમાથી કુખ મેળવે છે. ધરપીતાસની ઠોડી, જેમાં મને પુરવામાં આવ્યો હતો, તેમાં રાત્રી ૭ એક કેદીઓ દના તેમને તે 'વિવિધ ક્ષેત્રે. તેઓ મારામાં વધારે રસ લઈ રહ્યા હતા. તેઓએ મારી પાસેથી જલવાનું હતું તે જલવું. મેં તેઓની આપેલા પુછી. આ થતાને મારે તેઓ સળ પાછા છે, શું સળ પાછા છે તિનેરે પુછ્યું. તેઓમાના મોટા ભાગના આફ્રિકનો હતા. માત્ર ધરપીતાસમાં કામ કરનારો કેદી કામ હતો. એ પછી સાધારણ રીતે અરથો આફ્રિકન ન જાય. તેના વાળ આફ્રિકન જેવા ગાંડીયા હોય છે, વાત ગીત એ બેટમાં કરે પરંતુ આફ્રિકન અવધા અફ્રિકનમાં નહારે કરે. આ કેદીઓ કાંઈક યુવની સળ પામે ન નેતા. કેટલાક દારૂની પાટીઓ પકડી હતી તેને મારે, કોઈ મારા મારીને મારે, કોઈ મેડીને મારે માર ૭ માસની સળ પામ્યા હતા.

આજ વાગ્યા સાદ બતી કરી ભાખ ગામાં આવે જ. તે પછી ઠોડીની વાતગીત કે પેલાટ નહિ થઈ શકે. સોએ સુખ જતાનું હોય. બીજા દિવસે સવારે તપમય અરથો કપાસને અંતરે પકડી ગામે. પહેરે મટે સોએ કોઈ જતાનું. બીજાના જોવામાં કોઈની મોટી રેવા ના. મોટું મોટું હોય તે મોટું થોળાનું. બીજાને પકડી મળે એમાં જાણીએ સાથે આવતા કોઈના પગમાં કાંઈક મળે. રાત્રીને પુરું અને કેદીઓની સળમાં મળી થોળામાં આવે. પછી સોએ પુરું પકડી નીકળી થોળાની પોરેલ (મિલારોના નામે) મેં કામ કર્યાં હતા જતાનું હોય. મેં તે પછી કેદીઓ જાણી થોળાની આગળ થોળી જાણી મળતા પુછી આવે. કોઈ કેદીઓ પુછે મેં જાણ કેમ જાણે જાણીને તમે જાણી કામમાં નહિ આવ્યાં હોય, એણે અવધે કોઈમાં તરથી કરી મુકવામાં આવે, અને માકીઓની જાણીને કંઈક ના આવતા હોય તેમ કંઈકવામાં આવે.

મળી જાણથી સો મોટું થોળું હોય. પોરેલ, અવધા જેને થોળી મળતી હોય, તેના મારે થોળી પછી ત્યાં જ આવે. મારી પાસે મોટું સાદ કરવાનું કંઈ સાધન નહોતું તેથી કંઈક લઈ નેટલું સાદ કરી ચકામ તેટલું કંઈ. પોરેલ આપાનું તો કોઈ નહિ થયું. કેદીને મારે કું અધિકારી નહોતો. બીજા હતા તેઓએ મને થોળી આપી. તે કું વગર ની કાળી થોળી અરમ પાણી પેટમાં નાખવા પુરતી મેં પીધી. ૭ વાગ્યા માં તો સળમાં પકાર કામ પર જનારા કેદીઓને પકાર લઈ જવામાં આવે અને અંદર રહેનારાઓ અંદર કંઈક કંઈક કામ, જેનું કે, રામ અવધાનું, શીવવાનું, ઠોડીઓ સાદ કરવાનું વિગેરે કરે. અમારે ધરપીતાસ માં કંઈ કામ કરવાનું નહોતું. કંઈ પછી ઠીક ઠીક હતી અને ધરપીતાસની ઠોડીમાં સુતો સળવાતો હતો ત્યાં મેંસી વાતગીતો કરતા હતા. બીજા કેદીઓ તારથી મને સમજાવવામાં આવ્યું હતું કે મારા જેવા કામ કરનારા કેદીઓને પકાર કામ પર લઈ જવા માં આવતા નથી. જનતા સુધી ધરપીતાસમાં જ રાખવામાં આવે છે અને કળાનું કામ આપવામાં આવે છે. મારે વિને પછી તેનું કરવામાં આવે. આ સળમાં મારા માનવામાં તો નહિ જ આવ્યું અને ઉવરે કું જ ખરો પડે. સાદા નજરે જાણે દાકતરને આવવાનો વખત હતો. દાકતર આવ્યો.

કુટાની રાત્રી

અહિ કુટાનીમાં નહિ જોએ છું એ દરમિયાન અને મારું કલ્પ, જે બિજા ને કું જ, તે વધારે ગીરાયું. દરદી કેદીઓને જાણીને કંઈકારી માનવામાં આવતા હોય તેમ કંઈકારી માનવામાં આવ્યા. તે સાથે જોએ કેદીઓની સળ મળે હતી તે કેદીઓને તે સળને મારે પછી માનવામાં આવ્યા. પકાર કામમાં એક થોળી મુકામેથી મેં જોઈ. કાંઈ બાંધી નેતરની કાંઈકો એ એક બાંધીમાં પહેલી જોઈ અને કહેવામાં આવ્યું કે એ કોઈકોને પકારના પાણીમાં પાણીનાર સુધી પસાળી રાખવામાં આવે છે કે જેથી પાણી તેમાં પડે જઈ તે બારે ધર્મ જલ. મોડાના પાણીમાં નાખવાનું કામ એ કે તે મળે. પહેરે દરદીઓ દના અને અરેક કેદીઓ જાણ પાળામાં હતા. કાકતર આવ્યો તોના સળમાં કેદીઓને એકામ કપાં કાંઈ નામ કામ જાણીને કુંમ થયો. તેમાં કોઈ અરેક થઈ તો બીજાના આફ્રિકન કેદીઓને તો માત્ર, તમામ કે કાકી

પડી જ હોય. પહેલાં કેદીઓની સળ વાળાઓને મેવામાં આવ્યા. દાકતરે રોડીકોષ બાંધીને કામમાં ન લેવામાં કે વારા ફરતી એક એક કેદીને થોળી પર ઉપા સુવાડી તેના જે હાથ અને જે પગ મામમાં પડાથી બાંધવામાં આવ્યા અને દાકતર અને વડા દરોખાના હેખમાં એ કામને મારે આસ રાખવા માં આવેલા એક મળજીન કુંમ દરોખા એ કેદી મારવાની કોષા રાક કરી. અરેક કુંમ લાંબી નેતરની કોષા થોળી ફેરવે તે ફેરવી નેટલું નેતર કરી કામ તેટલાં નેતરથી કેદીના હાથપર મારે અને વડા દરોખા કેદી મળતો જાય. એ રીતે મોખને માર મોખને ૭, મોખને આઠ, એ રીતે કેદી પકાર મેં નજરે જોવા. પહેલાં કેદીઓ કેદીની ચીસો સાંભળી મારા તો કાન ફાટી જતા હતા. બીજા કેદીઓ એ દરથી ટેવાઈ ગયા હતા. મડીઅર મારાં મરદે પસેવે. આવી મને અને અંતે અંધારાં આવી મારાં અને એ વધુ એ દરમિયાન પકાર તો જરૂર મેવાન થઈ ગયો હોત એમ લાગ્યું. કેદીઓ હાથપર થા પડી જાય છે જેના કામ કામ રહે છે. કોઈ પછી નીકળે છે. કેદી પડી રવા પછી દુરતલ જાણવાપર કામની જેમ આવોડીને ત્યાં ત્યાં જ મારાડી મારાં આવે છે. ત્યાર બાદ કેદીથી માર, પાંચ દિવસ ન મેંસી ચકામ, ન મતા સુધ ચકામ, આંદા મારાં કરવાના, કે બાળુ પર પડ્યું ફરી અવધા ઉપા સુવાડું. આ દરમિયાન મને થયું કે આ અવધાનું અને કેદીઓની સળમાં પહેરે આ સુધારે કહેવાતો જમાનો એ પહેરે જ સુધારે હોય તો જાય થી જ જોઈએ.

કસાઈના હાથમાં

આ થઈ રવા પછી બીજા દરદી એને તપાસના વડા આવ્યો, મને તેના મુની કેદીએ અહિ તો મારીના જાણ કાંત થઈ જાયું પડે કેમકે તે કસાઈના કામમાં નાંખવા મળે પોતો હોય છે. અને આને તો મારા આ, ખાલ કરી અનિયારી અને જોશ માં હોય છે તેના ભાગથી કીન, કાળાઓ તરફ એટલાં ગરથી બરેલા હોય છે, કે કેમ જાણે તેઓ, સંધ્યા કરવાનો ફરી કામ આવવાનો જ નથી એમ માની તેઓના પર પૂરું ગેર થઈ છે. સાધારણ નીચમ એવા છે કે કાંઈ પછી દરોખાએ કેદી પર હાથ મલાવે નહિ. એ તેણે મુને કહેતા હોય તો તેને રીતસર સુપ્રી-ટે-ન્ટ સમક્ષ રજુ કરે. અને તે જે સળ કરમાયે તે સળ અમામાં મુકી. પરંતુ કાળાઓના મનમાં તે કામમાં સળમાં દરોખા પેલાના પરને જ કાપેલા પાપરના હોય છે. કામ અધિકારીઓને કરે પછી તેઓ નું પૂરું જાયું. એક પીઆરા બાકી

કન કેદીને કાકતર બુંગળાથી ખાતી તપાસનો હતો. એ વખતે દરદીએ પોતાનું મોટું જમણી બાળુ ફેરવ્યું પડે છે. તેમ કરતાં તે અન્યથુપણે મુકેલા તેવા જ કડ હાથે દાકતરે તેના ગાલ પર તપાસો થોડી દીધો.

કેદી મારો વારો આવ્યો. દાકતર આફ્રિકનર હતો, અને મેં તેની પસેથી વિવેકી વર્તનની જરાયે આશા રાખી નહોતી. છતાં મારે કમુમ કરવું પડ્યું કે તેણે મારી સાથે જરાયે અવિવેકી વર્તન નહોતું બતાવ્યું. તેણે કહ્યું: "મેં તને જાણી કરીને ઉત્તેજ રાખ્યો છે. તું મલામાનો પુત્ર છે? મલામાને મારે અને વળું માન છે. પછી તેમના સલામદને મારે માન નથી. પછી તેણે પુછ્યું: "તારે શું હિવાલ છે?" મેં કહ્યું એક તો એ કે મારા અરમા, જે કું ફર વર્તની વધથી પહેરેલા આવેલા હું, તે મારી પાસેથી કામ લેવામાં આવ્યા છે. બીજું એ કે કું ૧૧ વર્ષની વયનો હું અને મીસ રાઇસ અને બી-સ જેવી વરણ કું પકાર પછી જનતા સુધી ખાતો નથી કેમકે એ પચાવનાં મુકેલ કેમકે પડે છે. એટલે એ મને તેના મલામા સાથે આપવામાં આવે તો સાદું. વળી મારી જીંદગીમાં મેં કદી માસ આપું નથી તેમ અરથી પછી ખાતો નથી, ધર્મથી એ ખાતો અને બાધ છે તેથી તેના જલમાં નિરામિયા દારીથી આપ કામ તેવા પદાર્થ મળેલા જોઈએ." તેના જવાબમાં દાકતરે કહ્યું: "તને લોકો પકાર તો એપાટ્-કેડની વિશ્વ કોઈ છે અને અહિ આવીને એપાટ્-કેડ મંગી છે. કાળા કોઈને મારે કોઈ છે તે પછી તેઓ રહે છે તેમ રહે અને જે આવ છે તે અમો, અહિ જેમાં ધાર્મિક કામમાં મોતો વિગાર કરી ચકામ તેમ નથી. જે મને તે આવું જ પડ્યું." પછી મેં કહ્યું: "મારી વયને લીધે મારાની સળમાં મહેનત વાળું કામ કરવાની કાકી નથી તેથી મને કળવા કામ પર મુકવામાં આવે તો કી."

"તને ૧૧ વર્ષ થયાં તેના પુરાવા શું?" તેણે પુછ્યું. મેં કહ્યું: "મારે જુડું મોતનાનું કંઈ કામ નથી. મારો જન્મ દીંદમાં તા. ૨૮ અક્ટોબર ૧૯૪૨ માં થયો છે એટલું જ કું કહી શકું છું." એટલું જાણી દાકતર મારી ગયો. તેના અમા પાદ થોડી વારે ધરપીતાસની હેખરે રાખ નારો દરોખા આવ્યો. મારા અરમા પાછા આપવામાં આવ્યા. મારી નીપાટ (રેક) કેદીને કીપાટ આપવામાં આવે છે જે પર કેદીનું નામ. આ મારે સળ મળે છે. અને તેને કુંમ વાની દારીએ એટલાની ગોંધ હોય છે મંગી. તેના પર "કાઈડ મેગર" (કળા કામ) મળી આવ્યું અને કુંમ મને

તને કે.ઈ બહાર કામ પર લઈ જવા મળે તો આ દીકરી જતાવશે." ત્યાર બાદ મારું કુલ જીવન, કુલ પેશા, અસ્તરો, શેવોન કોથ અને શેવોન કાપ, અને નહાવાનો આપ વામાં બાબા અને એ સંપત્તિ અને સંજોગો હાટીમાં પુરાતી વખત ચરમા પથ્ય હરપીતાવમાં રાખવા સુચવ્યું. એકાદ કલાક બાદ વડો દરોજો આવ્યો. મને ભેદ લાગ્યો. "કેમ તારા અરમા મળી ગયા ને?" કુવાલ સંધારણ રીતે તો સમજાવી દેવાને મળ્યો એકલો

પરંતુ બીન-ચોરા ફોલોએને આપવામાં આવતો નથી. મારે તેની માગણી કરવી પડી. મારા પર મહેરબાની કરતા હોય તેમ મહેરબાની કાજમાં આપવા માં આવ્યો. તે કીચન ટાવલ નેવે જ બેસીને હોય છે પછી મને કેદી જોના સામાન્ય વિભાગમાં જવાની સુચના મળી. ત્યાં હરપીતાવના મારા સાથી કેદીઓના આપમાં વચ્ચે કુલે સેકેડો બીન-ચોરા સામાન્ય યુનેગાર કેદી જોમાનો એક બેસે. -

મનુષ્યનું મનુષ્યત્વ

પ્રારોપકાલ મશરુબાળ

મનુષ્યત્વ શું છે? શરીર બળ મહત્વનું છે; પણ બળ વાન કંઈ પણ છે.

પુક્કીની સુશક્તિ મહત્વની છે. પણ પ્રધાન વજરની બુદ્ધિ વાંઝણી છે. મનુષ્યત્વ સૌન્દર્યમાં પણ નથી પક્ષીઓનું કુદરતી સૌન્દર્ય મને તેટલો આગર કરવા જતાં આપણે નથી મેળવી શકવાના.

શરીરની સંભાળ ભેવી એ પ્રાણી માનવો સ્વભાવ છે. પરંતુ કુતરા અને ઘોડા જેવા પ્રાણીઓ પોતાના માલીક માટે પોતાનો જીવન અર્પે છે. ક્યારેક પક્ષીઓ પોતાના આયતન વિશેષમાં પોતાનો રોક લેવો છે. કુદમાં હારવા કરતાં રોક પાડવો રજા પુતોને વધારે પ્રિય લાગતું હતું. દિવાળી કંડવા કરતા મરણ ભેટીને વધારે પ્રિય હતું.

મોઝિસનું મનુષ્યત્વ ઉચ્ચ ભાવનાઓ સાથે એક રૂપ ધરાવે છે. તેઓના માં શીર્ષ, હાથ, દયા, અદ્વિસા, સત્ય, પ્રેમ, કરુણા આદિ ભાવનાઓ નો મુખ્ય વિકાસ થયો હોય તેઓને આપણે મહાત્મા, પુણ્ય, સંત, અનુભવી પ્રજ્ઞા અને શ્રીએ કીએ. તેઓએ જ ઉત્તમી સાધી હોય છે. તેઓએ ભાવનાઓની સાથે અત્યંત પ્રધાન્ય કર્તૃત્વ જતાવ્યું હોય છે. અને સંસ્કાર ને ઉત્તમ કર્યો હોય છે.

ઉચ્ચ આદર્શ તો કે.ઈ કે.ઈ રાખે છે. પરંતુ તેને જીવ્યા ઘોડા રજાની રોકે છે. બુદ્ધિ અને મન વચ્ચે વાર-વાર યુદ્ધ એ સંકળ રચીતી છે.

આ મુદ્દતું, કારણ ભાવનાઓના વિકાસની ખામી છે. જે કોઈ એક ભાવનાથી તરબોળ બને છે તેને માટે કોઈ પણ તપાસ કરીન નથી હોતો. એને ઇન્દ્રિયોનો સંયમ સિખવો મેળી પડતો. અને નથી એને અપભ્રંશ સાધી લઈ કરવું પડતું.

જે કોઈ પણ એક ભાવનામાં તદ્દરૂપ બને છે તેને પછી ઉચ્ચ ભાવનામાં તદ્દરૂપ બનતાં વાર નથી લાગતી.

વિવિધ ખબરો

યુનીયનની એપાર્ટહેટ નીતી પર યુનાઇટેડ નેશન્સ કમીટી

દક્ષીણ આફ્રીકાની વર્ણભેદની નીતી પર તપાસ કરવા નીમાવલી ત્રણ માણસોનાં યુનાઇટેડ નેશન્સ કમીટીને તેમના હેવાલમાં જણાવ્યું હતું કે નો દક્ષીણ આફ્રીકાની નીતી બહુલામાં નહીં આવે તો દોસા શરી નીકળશે. આ સવાલનો નીકાલ કરવા તેઓ યુનીયનના બધી જાતના લોકોની કોન્ફરન્સ બરવા સુચવે છે.

યુનાઇટેડ નેશન્સના ૬૦ દેશોની પોલીટીકલ કમીટીએ કમીટીનના ચેરમેન શ્રી. હરમન સાન્ડા કુત્રે કમીટીનના હેવાલપરની ચર્ચા-વખતે હાજર રહેવા પરવાનગી આપી હતી.

દક્ષીણ આફ્રીકાના પ્રતીનિધી શ્રી. જુરે જણાવ્યું કે તેમની સરકાર આ કમીટીને જરૂરિયાતેસર મળે છે અને તેથી તેમને સાથ આપ્યો નહોતો. શ્રી. સાન્ડા કુત્રે કમીટીનને કપપ પાનાનો હેવાલ સમજાવ્યો હતો તેમજે કહ્યું કે કમીટીન-માને છે કે એપાર્ટહેટની નીતી યુનાઇટેડ નેશન્સના ચાર્ટર વીરુદ્ધ છે તેમજ શાંતીને બાધક છે અને દેશો વચ્ચેની શીઘ્ર ભૂખ સંબંધમાં હાની પકોચાડે છે. એ યુનાઇટેડ નેશન્સ આ સવાલની જવાબજુતા કરે તો તે મોટા ભાગના મનુષ્યોને વિશ્વાસપાત કરે છે. શ્રી. સાન્ડા કુત્રે દક્ષીણ આફ્રીકાને ભવિષ્ય નું અરાજક પરીણામ દુર કરવા આ સવાલ દ્રવીથી લીધરવા બિનતી કરી હતી. કમીટીનનું ચાલુ છે કે નો આ બીજાને શાંતીપત તોડ નહીં આવે તો તુરંતની ભાગવતા-ભેળો તરફનો સામનો અને અળવજો વધી જશે.

શ્રી જુરે સામાન્ય મર્મોમાં સોથી પટેલા બોલવા માંમણી કરી પરંતુ તેઓ તે વખતે તથાસ નહીં હોવાથી સભા મુલતવી રહી હતી.

હાપરેસા સામે પાહીરતાને લીધેલાં પગલાં પાહીરતાની સરકારે "કોન" અને

"ઇવનીંગ સ્ટાર" નામનાં હાપરેસાને અપાતી સરકારી જાહેરાતો વીગેરેની સહાય પાછી એવી લીધી છે. સ્ટાર ના સંજોગે સરકારી જાહેરાતો અને જાહેરાતીય કાપકોમાં હાજર થવા સામે પ્રતીબંધ મુક્યો છે. આ પગલું અમુક લેખોને લીધે લેવામાં આવ્યું છે. સરકારી જાહેરાત જાણાવે છે કે સરકારને જાણાવવામાં આવ્યું છે કે આ લેખોએ તેમના કલકોનું ઉલ્લંઘન કર્યું છે અને તેનાથી સરકાર સામે તીવ્રરકાર ઉત્પન્ન કરવામાં આવે છે તેમજ દેશની પ્રતિષ્ઠા ભાગલા પાડે છે. એમ મનાય છે કે આ લેખો અકરોળ ૧૯૫૨માં વડા પ્રધાન લીલાલત અલીખાનના ચેલસા યુનિયર સરકારે પ્રવતી તપાસ નહીં કરી હોવા ન જાણાવે છે.

દોઢી ટાઉનશીપ માટેના પ્લેનની ટીકા

દોઢીએને ચેલવણી આપતા એક હેવાલમાં ટ્રાંસવાલ દોઢી કેમેસે જણાવ્યું છે કે નોદાનીસમર્થ પાસે લેન્ડ વીમામમાં દોઢી ટાઉનશીપ રચાવવાનો ધરાઈો દોઢીએ મારે અરૂપ એરીયા રચાવવાની એક રાજકીય ચાલ છે. બીનીસ્ટર એન્ડ ઇન્ડીરીયર, ડો. કેમેસે, દોઢીએને રેન્ડો આપવા માટે પરમીટિ આપી છે. હવે કાપડા મુજબ અરૂપ એરીયા રચાવવાની મે.અવતા પર તપાસ કરવાનો રસ્તો બીનીસ્ટરે ત્યજ દીધો છે અને આમ કરવાથી ભાગતા વળગતા માણસોને વિરોધ દુર કર્યો છે. આ માફનો અર્થ નોદાનીસમર્થના બધા દોઢીએને ખસેડી મુકવાનો છે. સરકારની આ નીતીને સાથ આપવા બદલ આ હેવ.સ નોદાનીસમર્થની સીટી કાઉન્સિલની ટીકા કરે છે.

સીટી કાઉન્સિલે ગરીબ વર્ગના ધરો માટેની જરૂરીયાતની અવગણના કરી હોવાથી, ધરોનો સવાલ મળે કરોડો બનાવ્યો છે. લેન્ડમાં રહેવા

જુના વખતની એક વાત

(શ્રી. નરસિંહરાવ)

અહીં રેલમાં ઉઠ્યું નેતિક ધોરણ કેવું સુંદર જળવાઈ રહેતું હતું તેની પેઠેસો વર્ષ પર જ બનેલી એક સમ વાત આ નીચે આપું છું. અમારું કુટુંબ ત્રણ પાકીનાણામાં મણી પેટીઓથી રહે છે અને પ્રમાણિક ધંધારાજ્યાર વડે નિર્વાહ ચલાવે છે. મારા પિતાના એક કાકા-માધવજી જન્મથી જ પ્રવાસી હતા સ્વમાની સ્વભાવના હોવાથી પોતે અંધ છતાં સ્વતંત્ર ધંધો કરતા. ધોરણીનાં મઠાનાં મઠાં મંવાની ભલે જ શુભ કરી ને રસેક મંડીઓ પર તે ઢળાવતા. આ દેહી ધોરણીને તેમને બધાં જ એ કુશળ સાચી માલતી. તેમને સ્વભાવ જરા રંગીનો હતો તેથી સામાન બદલી રહેલી તથા એવી અન્ય વાતોઓનાં પુનઃ લોકો આ પાસે જમાવી રાખતા અને અક્ષરજ્ઞાનવાળા પોતાના કાકા કાકા પુત્રાન મિત્રો પાસે વંચારીને જ્ઞાનપુર્વક સંભળતા. તેમની માલિકાના પાંડુ સારી હતી. એ વેળા ની જમી વાતોએ પચમાં જ જમાવી. તેથી પોતે મધુર રામમાં પણ લખાઈરત. આ જમી વાતોમાં 'સરવંત સાવ-જોમ'ની વાતો તેમના અધુર કંઈ પચવું કરતાં એ એક કલાકો અપાતો. આ વાતો તેમને કંઈક થઈ અંધ હતી અને પોતે એવા મોટા રામમાં માલિકાને કરેલા કે એનાઓ મનપ્રુષ્ઠ બનતા અને તે વાતો નીચે પણ જાણે કાલ વાતોના જનાન જ તેમની નજર સામે જાતી રચા હોય એમ થવાને લાગતું. એથી કંટાળાક મિત્રો પોતાની શેરીમાં ઓળે એ વાતોના પચવુંનો પામ જાય તે કેવુંથી કાકા નરેશ રજા-મે.માં ને માટે ગોરવળ કરતા.

દિવસ જ્યાં તે ગોળે પોતપોતાની આગળના પંચોરજાગરમાં નિમગ્ન રહેતાનું હતું. તેથી રાત્રે વાતુવાળી પછી જ આવી અમર થાઈકે જમા-વાતોનું પાચવું આપણા રેલમાં બહુ પ્રશ્નના કેવું જાનાઓને સમુદ્ધ મહા મોઝે હોય તે આજના એવી વિચારના વન-મેટાગો-વાચન અમર બારે પચાવની અંધથીના રીવા એ કુશળ નરેશ, પચ કીતેયથી જળાની મઠાં દાનમના દાવમાં રહેલી; અને તેના પ્રકાશમાં મેળા એનાએ પચવું આપ્યું કરતા.

અમરના માધવજી કાકાને સરવંત સાવજોમની વાતો કંઈ હતી અને પોતે અધુર રામમાં મળતા, તેથી કંઈકેય માળુક તે આમળા એકાદું થઈ જતું. પાકીનાણામાં મે.માં જોન રેસમર પાંચે આજે જાણનાં એવોના નરેશ માલિક રચા છે. નરેશ એક આજે

એ તે કરતાં એ વેળા બહુ વિચાર કરતા. એ વેળાનાં જમા એટલાની કાર પર નામેકા અ.સનપર મેસી પોતે વાતોની જમાવટ કરતા, જુથક રાત્રે માતા અને વાતોમાં આપતું મિત્ર અહીં કરતા. એના પ્રુષ્ઠ રાજ મતા અને "વાલવાકા" મર.માં છે. "સામાજ" એવા એવા જાણેથી વચમાં વચમાં તેમને જોરોછત કરતા. પોતે આ વાતો એવી આજકાં જળા કરેલા કે અધવારી વીતી જતી છતાં કાકાને જાણતું મન થતું નહીં, પણ વહેલી પરાકમાં જીતે કામે ચાનારને જળમરા મોથા પડે એમ સમજી અધવારી પછી એકાદ વાજે વાતો કચન જીવન દિવસ માટે મુદતરી રાખી પોતે જી-જતા. તેમની આ વાતો એક અજવાડીયે પુરી થતી, તેથી એ આપું અજવાડીયું એ રથજે રાત્રે જીવન જેવું થઈ જતું. બાદના મોર પર મેસી તેમજ આ વાતો આજે દસ વખત સંભળાવી હતી અને દાનરેા મોતએ તેને જ.અ લીધે હતો. તેમની વાતો સંભળવા કુશળ પ્રોડ, રક સો ઓ-પુરો વખતસર આવીને જમા રાજી લેતાં. રોઓ માટે હાથપડી જમા રહેતી.

આમ આ રસિક વાતો કચન કેટલોક સમય આપ્યું રહ્યું. પરિણામ એ આપ્યું કે એનામાંના એકાક નાજે પોતે જ વાતોનાં પાંચે હોય તેથી કચનામાં વિચારો સુધી રાખતા; જેથી કેટલાક જમીપયાન જીવરતા પુરો. સરવંત જનજના અનેરથ મેવના મથા તેમજ કાકા કાકા દમેલી કુશળ છે કીધા સાવળીયા મનવાના તર.એ સેવવા લાગી અને અરેઆન આ વાતોપચળ પછી આજે કુશળ બાજેકે પ્રીતો. (હસેપમેન્ટ)ના કારસા જીવળીમલ તેમજ અન્ય વર્ણમાં અરથો કચન નેટમાં જતી મથા.

પાકીનાણાના નમરશી ત્યાંના મઠા જનના અમળી મળાય છે. મઠાજન તેમની પેટી પર એકાદું અધું. અને આજ કીટકની મથાં મથા; કોટ આજ કારસા જનવાનાં મુળમાં આ 'સરવંત સાવજોમ'ની વાતોનું પચવું છે એમ નકાં અધું. એથી એ કુશળ પાકીનાણાના કાકા નરેશ કરસીકેલ કાકા સાહેબ પાસે મઠાજને જાકે આ જમી કાકીજન નિવેશ કરી. પુરવા તુરત માળુક મોલસીને મઠાજનની કાજરીમાં માધવજીને મોમાભા. રજા.માં માધવજી કાજર થયા. કાકા અ.હેને વાતોકચનની કાકીજન પછી, તેમને કાક વાતો કરક કારક છે એવો કાક કપો. સરવંત સાવળીયા ની વાતોમાં બહુ રક જાય છે, એવો

માધવજીએ જીતર આપે; એથી પ્રુષ્ઠ આજે 1951 આપતાં કોર સાહેબે કહ્યું : "માધવજી! તું મધવરાંતે સુધી આવી જુઓરી વાતો કરતો હરે છે, એથી મારા મામના જીવરતા જુવાનીયા વંદી જાય છે. સારા જીવળીવાત વધુનાં કોકારને કોઠીઓ તારી વાતો સાંભળી બાજેકે અનવાના કારસાની રપોડ મારી પાસે આવી છે. એ સર્વત્ર પ્રુષ્ઠ કારણ તારી આ વાતો છે, એ માક રાખજો. તને વાતોકચન નો હોપ જ હોપ તો તું રામ, કૃષ્ણ, હરિમંદ, કુધવા કે એવી આપણી ધાર્મિક વાતો કહેથી કરને પણ આજથી આવી જુઓરી વાતો તે આનગીમાં પચ કરી છે એવું મારા જાણવામાં આવે તો માક રાખજો નીચે કેલીમાં હેડ પડી છે તેમાં પુરીને મઠાની કાંજ આપી સખત નથીમલ કરીય; અને છતાં તારી વાતોનું બપસન ન છુટે એમ તને લાગતું હે.ત તો પાકીનાણાની કાકા કોઠીને જીવે આપે જાણે. ને એ બપસન રાખતું હોય તો મારી રેલતમાં મારે તારા જવાના અપ નથી." એટલું કહી માધવજીને રજા આપી પણ તે વિચારથી માધવજી

એ વાતોકચનન સરવંત અંધ કહ્યું અને તેની કસ્ટસિખિત પ્રત હતી તે પણ અગ્નિમાં કોઠી એવી વાતો કરી ન કહેવાની પ્રતિજ્ઞા લીધી.

આ વાત પોલોસે વર્ષ પર જ બનેલી છે. એ કુશળ રામજો પોતા ની રેલતના ઉચ્ચ નૈતિક ધોરણ માટે કેટલા કાળજીવાળા હતા તેનું આ એક સુંદર દર્શાવ છે. આજે તો અમિલ નાટક-સિનેમા તથા કળવા સાહિત્યને નામે પ્રમટ થતાં અંધ સાહિત્યને કોધમાર વહેતો પ્રવાહ રેલતનું નૈતિક ધોરણ રેક કોશમાં કેટલું નીચું લઇ જાય રહેલ છે તેની રાજપક્ષીઓને સુરે પડી કાપ તેમ લાગતું નથી. મારાસળામાં કુટાળને જતા સળે આ વિધવામાં સરકારનો કાન કાઢીને પપાન દેરી સખત પમથા સેવરાની કાકે તેમ છે છતાં કાકાને કાઠીને પડી હોપ એમ દેખાતું નથી. એ પોતપોતાના સ્વાર્થનાં તાજમમાં જાણે તે; અરત હોપ તેમ લાગે છે. જાજનિયાં આપું કીધાંજાળ આલવા કે એમ જાણતું નથી.

એક વાતી

આબરહાર માણસ

ન્યારે ઈસ્ટ ઇન્ડિયા કંપનીએ વિલાપતથી આંધીને હોંફુસ્તાનમાં પ્રવેશ કર્યો ત્યારે હોંફુસ્તાનમાં ધણું સુખી હતું. ઇતિહાસમાં તો એ કે મોઝલોના અને ખીલ યુસુફમાન સુખાઓના લોકો ઉપરના જુલમની વાત આવે છે. અને આ વાત સચી હોય તો પણ તેઓએ હોંફુસ્તાનની આર્થિક રિયલિતામાં આઠો સાપ એવું કાંઈ પમદું બધું નથી. કરવેરાઓ તો તેઓ પણ લેતા, પરંતુ અંગ્રેજોએ જે જુલિયકિયરી હોંફુસ્તાનનું કબજા કર્યું છે, એવી કડિત અને અપ્રકટ મોઝલોમાં કે એમના સુખાઓમાં નહતી. એટલે ખરી રીતે તો અંગ્રેજોના આમનન પછીના હોંફુસ્તાનની ખતરાલત પાણીની મારત વિલાપત વગેરે/ દેશોમાં જવા લાગી, અને તેમાં ઇસ્ટ ઇન્ડિયા કંપનીએ બારે મહત્વનો ભાગ ભજવ્યો છે.

આ કંપનીનાં માથુસો હોંફુસ્તાનમાં આવ્યા ત્યારે તેઓની પાસે વેપાર કરવાની નહિ જેવી મુદી હતી. કંપનીનાં માથુસોએ મોઝલ આદલાદો પાસે વસવાટને માટે જમીનની માગણી કરી ત્યારે તે વખતે શમ્ય કચેરીમાં મેસનારા હેલકા ડાલા માથુસોએ બાદલાકને સલાહ આપેલી કે, "આ અલ દરિયા-કાંઠાની છે. દરિયાનાં કુદીમાં કુલ્લ છે, માટે એ પ્રાંતને કાંઠા ઉપર જગ્યા ન આપતાં દેશના મધ્ય ભાગમાં જાવા આપવી. પરંતુ એવી વાત સાચી છે કે બાદલાકે તેઓનું કહેવું માન્યું નહિ. અને ઉલ્ટો એમના નિઃસ્વાર્થી કથનમાં બાદલાકે સ્વાર્થ બોલ્યો. અને ત્યારથી બાદલાકલના નાણાં બી રોપાયાં. અકિતને કે શમ્યને ન્યારે એના મિત્રો યત્ન જેવા સાચે છે ત્યારે સમજ્યું કે તેને નાચ સત્વર છે. પરંતુ એ સાચી આવેલી સ્વભાવ પરંપરાને કાંઈ ઉપાય નથી. આમ બાદલાકે મિત્રોનું કથન ન માનતાં કંપનીના માથુસોને જગ્યા પસંદ કરી લેવાનું કહ્યું. કંપનીએ બધાં મધ્યકા દરિયા કાંઠાને પસંદ કર્યો. તેમાં એક મધ્યક કલકતા હતું.

આ વખતે દિલ્હીમાં જાંદો ઉપર મેમજ જમીન ઉપર ફેંચો અને વલંદા એક તો અંગ્રેજોની પહેલાં આવી પહોંચ્યા હતા, પરંતુ તેઓ અંગ્રેજો જેવા રાજનીતિમાં કુલ્લ ન હતા. અંગ્રેજોએ તે એક તરફ વેપાર અને બીજી તરફ રાજનીતિના કામ બેલવા માંડ્યા. જંગાળના નવાબના દરબારમાં અને શેઠ શાહુકારોમાં તેઓએ સ્થાન મેળવ્યું હતું. જંગાળના કાપડ તો વેપાર પીકલો હતો. એટલે ત્યાં શાહુકારોની સંખ્યા પણ સારી હતી.

આ શાહુકારોમાં સાચે પણ અંગ્રેજોએ વેપારનો મંબંધ બાંધ્યો. વચ્ચે વચ્ચે એ કે તેઓની ઉપર નવાબની અગ્રતા પણ હતી, પરંતુ તેનાં પરિણામો આ પરદેશીઓએ ધણી ધીરજ થી સહન કર્યાં. સાંજ પડે એટલે નવાબના કુઠમથી બધા પરદેશીઓને એમની જાડીમાં પુરી દેવામાં આવતા અને દરવાજાની કુચી નવાબને પહોંચાડવામાં આવતી. પોતાના દેશના સ્વાર્થ માટે તેઓ, એ અપમાન મળી મળ્યા. શેઠ શાહુકારોને, સરદારોને પક્ષમાં લીધા, અને આમજ જતાં દિલ્હીમાં મોટી સલ્તનત રચાવી.

આ કાળમાં જંગાળમાં તારાચંદ શેઠ ધણા મોટા શાહુકાર ગણાતા હતા. આપ્પા પ્રાંતમાં લાખો રૂપિયાની તેઓની ધીરમાર હતી. લાખો રૂપિયાનું તેમનું ધન હતું. આજની પ્રાંતને આ શાહુકારોની રહેણી કરણી તો ખ્યાલ આવવો અસંભવિત છે. પરંતુ તેઓ દેશના જુલમુદ્દપ હતા. એમના ભરી રાખેલા ધાનના જંડારો કાળેકાળે યુદ્ધના મુદી હતા. આવી દેવી આપતિ વખતે નહાખોરીને એમને ખ્યાલ પણ ન આવતો. આપ્પા મામને તેઓ કુટુમ્બ. મળતા અને મામમાં કાંઈને વેર લામ પ્રસંગ હોય કે મરણ પ્રસંગ હોય તે કાંઈ બીજી કલવનો પ્રસંગ હોય તે વખતે આવા શેઠીઓ પોતાની કે રૂપિયાની વાસણી ખાંધીને કાજર થઇ જતા. કાંઈપણ લખાપદી કર્યા વિના શુભાશુભ પ્રસંગે કુરેકાણે ધન અને મદદ કરતા, અને વગર ઉપરાણીએ એમનાં નાણાં સમયસર પાછાં ફરતા. સમ્યવાદ તો અત્યારે આંબો પરંતુ હોંફુસ્તાનના શાહુકારો તો શેઠકો વર્ધથી બ્વરિયત રીતે તેનો આ રીતે અમલ કરતા આવ્યા છે. તારાચંદ શેઠ આ પ્રકારના શાહુકાર હતા.

એક વખત એવું બન્યું કે શેઠના કાંઈ એક નોકરને કાંઈ બદર બદર ની કુસાતુસીમાં અને ત્યારપછીની આશાવાદીમાં બીજા નોકરનું મરણ થયું. મોટા માથુસોને પણ દુઃખનો તો હોય છે, એટલે સામા પક્ષવાળાએ યુક્તિ પ્રયુક્તિ લગાવી તારાચંદ શેઠ ઉપર યુનનો આરોપ મુકાવ્યો. અને કંપનીની કલકતાની કોર્ટમાં આ કેસ આવ્યો. કોર્ટમાં તારાચંદ શેઠને કાજર કરવામાં આવ્યા. આ શાહુકારોના અતારે જંગાળમાં ઇસ્ટ ઇન્ડિયા કંપની પમજર થઇ રહી હતી. મોટીસ પરમજની દીવાની ફોજદારી મેળવી રહી હતી, વળી સંધીઓને અને હેલકરને કે જંગાળના કે અયોધ્યાના નવાબને લાખો રૂપિયા

ની રકમ તારાચંદ શેઠ ધીરતા. મોઝલ બાદલાકે પણ શેઠ સામે બીક ને પ્રસંગે નજર કરતા, અને અત્યારે જેમ બખરમાંથી જુલ જુલ આસની આડીઓ બહાર નીકળે છે તેમ એ વખતે કલકતા, કાલીમખખર, કે ન્યાં શેઠની મોટી પેદીઓ હતી, ત્યાંની બખરોમાંથી રૂપિયાઓ બરેલી તારાચંદ શેઠની આડીઓ નીકળતી. આવા માથુસોને યુનના યુદ્ધાની સળ કરવી એ કાંઈ જેવી તેની વાત ન હતી. કંપનીના ડીરકટરોને બારે મુજવણ થઇ પરંતુ ન્યાય આપનાર અંગ્રેજ માજિસ્ટ્રેટ પોતાની સામાન્ય જુલિ અને વિચક્ષણતાથી શેઠને કરવાની સળનો માર્ગ શોધી કાઢ્યો. તેણે વિચાર્યું કે એક જ યુદ્ધાની સળ જુલિ જુલિ રિયલિ, જુલ જુલ સચેજો અને બિજબિજ પ્રતિષ્ઠા મરાવનારોએ એકસરખી હોઇ રહે નહિ. માજિસ્ટ્રેટનું કામ કાપકાને, અમલ કરતી વખતે તેને સામાન્ય જુલિની સરાજ ઉપર ચડાવી જવાનું છે.

અંગ્રેજ માજિસ્ટ્રેટ પોતાના મન સાચે દંડ નિશ્ચય કરી લીધો. કોર્ટમાં કામ ચાલ્યું. તારાચંદ શેઠને કોર્ટમાં બેસવા માટે પુરશી આપવામાં આવી. ફરીઆદીના વકીલે તારાચંદ શેઠે કેવી રીતે પોતાના નોકરનું યુન કહ્યું તે કોર્ટને કાપલા ફીલ્લથી સમજાવ્યું, અને પુરાવાઓ આપી એવી રીતે કલકત રજુ કરી કે મેજિસ્ટ્રેટ પણ એના નિશ્ચયમાં ડગી મળ્યા. ત્યાર પછી તારાચંદ શેઠના વકીલેનો વારો આવ્યો. એણે કહ્યું કે "આવે, મોટા માથુસ બીજાનું યુન કરે તે માની રકમ એવી જ વાત નથી. વળી આમાં સાચા પક્ષનો કામ છે એ કોર્ટે સુલી જવું જોઈએ નહિ. આ દેશમાં કંપની સરકારની જેમ ફેંચો, વલંદાઓ વગેરે વેપાર કરે છે. તેઓ ને ધીરમાર કરનારાઓની મોટી પેદી એક સાચી છે. આ પેદીઓને તારાચંદ શેઠ ખટકે છે. આ વાત પણ જુલવાની જોઈએ નહીં." અને બાજુના વકીલેની વાત સાંભળ્યા પછી માજિસ્ટ્રેટ સાહેબે મુકાદો આપતાં પહેલી જ વાત એ કરી કે "જે પુરાવાઓ પડ્યા છે એ ઉપરથી મારી ખાતી થઇ છે કે યુન થયું છે અને તે તારાચંદ શેઠના કાંઈ થયું છે. તે વિશે મને ખીલકુલ શંકા નથી." તેઓ સાહેબ આ વાક્ય ન્યાં પૂર્વે કરે છે ત્યાં તો કોર્ટમાં બરાએલી હજારો જંગાળીઓની મેડનીમાં અચૂ-અચૂટ શરૂ થયો. એમ કહે છે કે હજારો માથુસોને તારાચંદ શેઠ અજકલા હતા અને તેમના પણા તે એને ઉપાડી જવાની તૃષ્ણારી કરી ને આવ્યા હતા. માજિસ્ટ્રેટે આમજ આલતાં કહ્યું કે, "આવા નામકિત મુદરમને સળ કરતાં અને ધણું કુખ

કામ છે. પરંતુ મારા કામ કાપલાથી બંધાએલા છે એટલે કું નિરપાય છું. વળી યુનનો મહત્તો તો યુનથી જ વાળી રકામ, એટલે કંપની સરકાર ઉપર શેઠ મે સુદના અસંખ્ય ઉપકારો હતા એમને દાખલો બેસે એવી સમ્મત સળ મવી જોઈએ. એટલે એમણે પહેરેલા કરમલીની મુદીવાળા અંતરખાની બન્ને બાહોમાં મુદીને જે વખારા તો બામ છે તે બહાર જેવી, કાપી નાખવાનું કું ફરમાવું છું અને તેનો અમલ અખ્ય પોલીસ અધિકારીને કાંઈ આ કોર્ટમાં હમણા જ થાય એવું ફરમાન કું છું."

આ વખતે દેશી લોકોમાં દેહી કપડાં પહેરવાનો રીવાજ હતો, અને ધાંમત લોકો જે અંતરખાં પહેરતા તેની બધી મણી બાંધી રખાવતા, અને વધારાની ખાંધની કાંડા ઉપર કરમલી પાસતા. શેઠના બન્ને કાંથ સીધા કરવામાં આવ્યા અને કાંડા ઉપરની કરમલીની મુદીનો વળ ઉતારી કાપતી બન્ને બાજો કાપી કરના લગભગ એક દાયકા જેટલી ખામ કાતરથી કાપી નાખી શેઠને કોર્ટમાંથી રજા આપવામાં આવી. જેઓ આ હોસલો થવાથી નારાજ થયા તેઓ કહેવા લાગ્યા કે "તારાચંદ શેઠે કંપનીના ડીરકટરોને અને જુદ માજિસ્ટ્રેટને લાખો રૂપિયાની સાંચ આપી પોતાનો જન બચાવ્યો છે." પરંતુ ન્યારે બીજે દિવસે સવારે તેઓએ સાંભળ્યું કે કોર્ટમાંથી જુદવા પછી પોતાને મજેલું અપમાન સહન નહિ સવાથી શેઠે રાત્રે બીરકણી મુસીને આપકાલ કર્યો છે ત્યારે એજ બધા કહેવા લાગ્યા કે "બરો અબલદાર માથુસ."

Who Won The Two World Wars?

SINCE 1914, thanks to persistent propaganda, it has come to be accepted that the two World Wars were ideological ones, and not the usual mere mercenary conflicts. And this happened notwithstanding the plain facts that after the first of these wars the Allies filched some 43,000 square miles of territory from Germany, while in the second War large tracts of land in the east were again taken from her, and many nations profited by these confiscations.

An ideological war surely pre-supposes the object of super-imposing the ideas of the conqueror on the vanquished. Taking this as a basis, could not Germany make a very good case that she won both wars? Let us consider a few points—

1. The professed main object of the Allies was to crush German Militarism. They have succeeded, but in casting out these devils they (like the Biblical story of the Gadarene swine) have entered into the Allies and are doing to them the same as happened to the swine, i.e. driving the Allies to destruction. But unlike the Biblical story, an attempt is now being made to pass back some, at least, of the devils to their original owner!

2. It appears to be customary in great world movements to put two extremes before the people in order to love one and hate the other, and so we find God and the Devil in religion. Hitler recognised this and selected the Jew for his "Devil". The Allies have now slavishly followed him and have nominated Communism for theirs.

3. In "Mein Kampf," Hitler advocates "frightfulness" in war as being most humane in the end as it shortens the conflict. Italy followed suit in the Abyssinian War with poison gas, and America did the same in Japan with atom bombs.

4. Hitler created the cult of the superior Aryan race, and denied that all men are equal, and he is now being followed in South Africa, substituting "Whites" for Aryans.

5. Much amusement was caused abroad when, before the last War, Germany limited travel and the export of money, but now similar restrictions have been foisted on the people of many of the Allied countries.

6. Hitler instituted internment camps, with gas ovens for the "liquidation" of unwanted inmates, and now we find pale imitation in the pictures from Kenya showing similar camps, with hanging sheds therein instead of ovens.

7. Slave labour has been practised in Germany, and condemned abroad, but is not the treatment of natives in many parts of Africa a copy, and apparently Russia has fully adopted the system?

8. Hitler made no secret of the fact that he wanted Germany to dominate the world. Are not the objects of both America and Russia the same, though the exact method of doing so may vary?

9. There was severe criticism of Germany some years ago about training boys in the use of military weapons, a practice which has since been followed in Great Britain, and probably also in many other countries.

10. Conscription was unknown in Great Britain before 1914, and the "com-

INDIAN OPINION

FRIDAY, 4TH DECEMBER, 1953

S.A. And The U.N. Commission

MR. G. P. JOOSTE, leader of the South African delegation at the United Nations, has severely criticised the report of the U.N. Commission on the racial situation in the Union and has accused the Commission of having insulted the Afrikaans-speaking people of South Africa, and having taken "a definite anti-European and pro-non-European bias." He has also stated that the Commission has been very inaccurate in its facts. If that is so it is no fault of the Commission. It is the fault of the Union Government who denied it the opportunity to get accurate information. The Union Government boycotted the Commission and has renounced the right now to accuse it of misrepresentation of facts. If the Union Government had a strong case it should not have feared to lay it before the world. But the fact is that it had no case at all. The United Nations rarely can not ignore the cries of millions of people subjected to gross injustice by a Government who has kept them in such a state of terror. If it does then it is because it has no case at all. The United Nations was therefore fully justified in appointing the Commission and the Commission has performed its duty to the best of its ability under the prevailing circumstances. Even if its facts were not quite accurate its conclusions that the Union Govern-

ment's policy of Apartheid was dangerous to internal peace and international relations, and that the situation in South Africa was daily becoming more and more explosive and more menacing cannot be refuted by anyone who is conversant with the existing state of affairs.

Mr. Jooste has taken strong exception to the Commission's criticism of the South African police and of the Afrikaner element in it. One thing has to be borne in mind in this connection that ever since the Nationalist Government has come into power English element in the police force is hardly noticeable. Therefore the Commission can only speak of the Afrikaner police. But Mr. Jooste admits that it has not criticised only the Afrikaner but the African police as well. And when Mr. Jooste says of the police that "though it indeed had a difficult task to perform the South African Police Force was an organisation that stood back for no similar one anywhere in the world," we cannot help feeling that Mr. Jooste has also blundered in regard to his facts and that his statement too contains the germ of half-truth. For in so far as matters go the South African Police Force might be and not doubt is, well mannered in its dealings with White people. But it is certainly not so in its dealings with the non-White people. And we say this from our

own personal experience. And if we in our position have suffered, what to speak of the ordinary man in the street.

The following Press report would go to some extent to prove the case.

Brig. J. P. Costree, who has retired from the post of Assistant Commissioner of Police, gave advice to his former colleagues in a speech at a farewell in his honour. It was the duty of every policeman, he said, to serve the public with courtesy and to give assistance to any person, no matter what their colour. "The raw Native wearing a blanket is a man and is proud of his manhood. This should be respected and he should be treated with courtesy if he comes to ask assistance from the police."

We do not however blame the police for this misbehaviour. It is the system that is at fault. The non-White person does not only suffer at the hands of the police. The Government's Apartheid policy has so reduced him to the status of pariah that, for instance, he is looked down upon and treated with disrespect even by a White railway porter or a White shoe shiner. Just as there is Apartheid in other matters the non-European is progressively experiencing Apartheid in the observance of the ordinary rules of courtesy. Thus was the Bishop of Natal, the Right Rev. Vernon Human, recently provoked to make the following comment.

"I think it true to say that there never was a greater need for the spirit of courtesy among our various races than there is now. And here perhaps I might ask a question of the Government:

"Is it really necessary generally to omit the usual courtesies of address and subscription in official correspondence with Africans? Surely even the most fervid apostles of 'apartheid' can hardly wish us to believe that White supremacy is really endangered by using such terms

as 'Dear Sir' and 'Yours faithfully' in correspondence with Africans.

"It is discourtesies of this sort that really wound and embitter human hearts, and we ought not to tolerate them. But if we have to go on enduring them, let us endure them with patience and courtesy on our own part.

We may mention here that it is not the African alone in regard to whom these ordinary rules of courtesy are not observed. We have had letters from certain Government departments addressed to us in a similar manner, from which one can assume that this practice is meant for all non-White people.

Mr. Jooste also lays a charge against the Commission of using language of incitement. He is reported to have said that Mr. S. M. Cruz had stated that a situation was being created in the Union which involved the risk of arriving fairly soon at a deadlock, since the only remaining solution would be the resort to force, with all the dangers which that inevitably entailed. "This is an unwarranted statement," Mr. Jooste said. "It is also an extremely dangerous and irresponsible statement. It is little short of incitement to open revolt," with the added implication, in the context in which the remark was made, that those resorting to such measures would have the sympathy and support of the United Nations."

What language, we wonder, will Mr. Jooste call the following, emanating from Mr. S. P. La Roux, Minister of Agriculture, while opening the Cape Nationalist Congress at Port Elizabeth last week. Mr. La Roux is reported to have said:

The Government's determination also applied to apartheid, which the United Party,

Liberals and Communists were trying to oppose.

Mr. Le Roux said: "We are not going to do anything injudicious. We ask you to trust us. We want to do things the peaceful way. But if our opponents want a battle they will have one and you must be prepared to make sacrifices in that battle. The future of our people demands it."

And read what the Minister of the Interior, Dr. T. E. Donges said at the Natal Congress of the Nationalist Party in Greytown:

"The Nationalist Party," he said, "offers something to the thinking people of South Africa. In face of the many dangers which threaten us, it is more than ever essential that the Europeans should stand together to ensure that South Africa remains a White man's country."

From the above quotations it is quite evident as to who is inciting whom. The non-Whites have never at any time said that they want to make this a Black man's country. What they have said is that they must be treated as human beings with feelings such as the White man claims for himself and they have claimed that their feelings must be equally respected. We venture to suggest that the present Government is entirely on the wrong track and if it obstinately refuses to mend its ways the result will be disastrous for the country and its people. We do not think the U.N. Commission has said anything more than this.

to assist you further in this matter."

New Control Of Immigration In Central African Federation

The Interim Federal Government of Central Africa is reported to have taken over immigration into the Federal State. In a statement released recently, it is stated that since the coming into effect of the Federation there have been indications that the economic balance both in regard to classes of persons entering and the types of employment they have entered is likely to be affected unless certain controls are exercised. It is contemplated that a comprehensive Federal Immigration Bill will be introduced in the Federal Assembly as early as possible next year, but until then it is considered proper for the Federal Government to take over certain immigration powers immediately. The Immigration Regulations, 1953, which are published in the Federal and Territorial Gazettes, provide that the Minister of Internal Affairs, with authority to make rules for the setting up of selection boards and prescription of quotas in regard to the number of persons which may be permitted to enter the Federation from any specific country or group of countries during any specific period. The Federal Minister of Internal Affairs does not propose to take any immediate action on this basis, but the power has been given to him under the regulations in case the need arises before the general policy of immigration can be debated in the Federal Assembly. In addition, the regulations provide the Minister with power to declare any person or class of persons to be undesirable inhabitants on economic grounds, or on account of standards or habits of life. This power is similar to the existing provision in the Southern Rhodesia and Northern Rhodesia laws, but practice in operating it has not been uniform; also, there is no similar provision in the Nyasaland law.

Central African Federation's Indian Policy

"The Central African Post" dated November 20 states.—

In the straightest terms in which the Federal Party's Asiatic policy has yet been given, Mr. J. M. Greenfield, Q.C., Southern Rhodesia's Minister of Justice, told a meeting at Lusaka that the Federal Party's policy would be to stop Indians coming into the Federal area. Mr. Greenfield's statement came at the end of the meeting, and was in reply to a

question on Indian immigration asked by an Indian in the audience. The Federal Prime Minister, Sir Godfrey Huggins, said in Bulawayo that the Federation could get Dominion status long before most people thought possible if the Federal constitution was carried out in the spirit in which the people of Rhodesia had accepted it. Sir Godfrey was replying to a question at a Federal Party meeting. Sir Godfrey said that the South African Government wanted Federation to succeed. It knew quite well that if it did succeed the future of white civilisation would be assured up to Tanganyika. If Federation failed Rhodesia might be foisted on to South Africa as a poor relation "and the safeguards provided by us against Asiatic imperialism would be gone." Later, Sir Godfrey was asked what was the Federal Party's Indian policy. He replied: "To treat all Indians now living in the Federated Territories fairly and squarely as Federated subjects, but not to admit any more."

NOTES AND NEWS

Miss Betty du Toit and Miss Freda Troup Released

Miss Betty du Toit and Miss Freda Troup were released on Tuesday, November 24, from the Johannesburg jail after serving their sentences of 25 days for taking part in the defiance campaign last December. Miss Troup and Miss du Toit were each sentenced to a fine of £50 or 30 days, of which half was suspended, for having "behaved in a manner calculated to cause Natives to resist and contravene the law" by entering the Germiston location on December 1. They were given a hearty welcome by a number of friends.

The Late Mr. Narasamy Naidoo

The funeral of Mr. Narasamy Naidoo, son of the late Mr. Thambi Naidoo, and vice-president of the Transvaal Indian Congress, took place on November 16, in the presence of a large concourse of people. The body was cremated at the Briston crematorium. Tributes were paid by representatives of various organisations with which the deceased was connected. Floral tributes and messages of sympathy to the widow and family of the deceased were sent by a large number of friends and relatives and political, social and religious organisations. A memorial service was held at the Melrose Temple on Saturday and Sunday when prayers were offered for peace to the deceased's soul and the peace of mind of the bereaved family.

SABC Turns Down Request For Daily Broadcasts

The request of the Natal Indian Congress for daily broadcast in the Indian dialects has been turned down by the S.A.B.C. In a letter to the Natal Indian Congress the S.A.B.C. states: "We wish to advise that this matter has in the past received the careful consideration of our Board of Governors and we have been instructed to inform you once again as follows:

"(1) With a view to its functions as outlined in article 14 of the Broadcasting Act No. 22 of 1936, the Corporation cannot consider undertaking regular broadcasts in any but two official languages of the Union. The only exception to this rule is a limited number of broadcasts in certain Native languages indigenous to the Union.

"(2) Any broadcasts in Indian dialects must, therefore, be considered as concessions from time to time, and not as forming precedents for the future; and

"(3) The Board does not see its way open to extending the Indian broadcast sessions at present conducted from the Corporation's Durban studios.

mon" soldier was looked on in much the same way as in ancient China, i.e. as being of a very inferior stratum of society. Germany and other European countries held opposite views and did practice Conscription. Since the wars the word "common" has disappeared and "hero" has taken its place, and, of course, Conscription has been installed.

There are only a few of the points scored by Germany and no doubt, readers of "Pax" can suggest several other.

To conclude this article we feel inclined to quote the words:

"And what shall it profit a man if he shall gain the whole world and lose his own soul; and also 'to him who knoweth to do right and doeth it not, to him it is sin.' The same can be said to apply also to a nation.

COMMISSION ON COLOURED VOTE

S.A. INSTITUTE OF RACE RELATIONS
GIVES EVIDENCE

THE following evidence was presented to the Commission to enquire into the subject matter of the Separate Representation of Voters Act Validation and Amendment Bill:

The Institute's conviction is that in any democratic state the conferment of the franchise can be determined only by the capability of the person to exercise that right. Such capability is in no way affected by the colour of his skin. The denial of the right to properly qualified persons (or its curtailment) simply on the ground of their colour is therefore undemocratic and unjustifiable. The Institute believes that this follows logically from the acceptance of the values and principles of Western democracy. The curtailment of rights is particularly unjustified in the case of the Cape Coloured people who do not differ in tradition, language, culture or interest from Europeans who have full franchise rights. It considers that to place the Cape Coloured people on a separate voters' roll and give them communal representation in the form suggested in the Bill would result in a serious deprivation of political rights based not on incapacity to exercise them but merely on grounds of colour.

The Institute submits that the proper function of a Member of Parliament is to represent, to the best of his ability, national rather than sectional interests and that the consideration of policy should have as its primary objective the interests of the population as a whole. Such interests consist in the moral, political, and economic development of the individual as a member of the state and these interests are not made less important by membership of any particular colour group.

The Institute considers that differences of approach and action on the part of Members of Parliament should be concerned with matters of principle or opinion, cultural, moral, or economic and that the more such concern is submerged by subordination to sectional interests, whether of class or religion, of language or race, the less useful and effective for the common good Parliament will become. The circumstances that in the public life of this, as of many other countries, sectional interests play an active and disruptive part, is no justification for extending this process by creating additional sectional representation. The course of wisdom and statesmanship would be to strive for the subordination of sectional

claims to the collective interests of the whole body politic and to legislate for the good of the people as a whole rather than for the real or supposed interests of any particular group or groups. The Institute believes that the interests, present and future, of Europeans as well as non-Europeans demand this conception of government and policy.

In a multi-racial country, demarcation by racial groups is of all forms of particularism the least desirable, and indeed, the most dangerous, as likely to foster and intensify antagonisms of a kind which history has shown to be peculiarly harmful.

The separation of voters into constituencies of the basis of any other than territorial division is, unless in exceptional circumstances, unsound and undemocratic political practice. Political opinion is organised in parties on a national basis and any grouping which is not national in its scope will either fail to fit into any party system and so become ineffectual, or it will be the source of new parties which are not national in their purview and will create fissures in the body politic. A legislature split up into sectional groups (more especially if they are based on racial differences) cannot represent a unified national interest, would have nothing to hold it together, and is therefore liable to give rise to a dictatorial and irresponsible executive.

Representation by territorial constituencies, on the other hand, tends to counteract any such development because a large variety of interests is present in every locality if widely enough demarcated. In each locality, there is, with varying exceptions and in differing degrees, a cross-section of society, and the total pattern of the nation is made up of the mutually complementary variations in the different constituencies. Representation should therefore always be on a territorial system, with local constituencies, and only in the most exceptional circumstances, and only as a supplementation of the territorial system, should there be any departure from this principle. The Institute maintains that no such exceptional circumstances exist in the case of the Cape Coloured people.

The Institute is of the opinion that the Cape Coloured people have absorbed Western ideas to the extent that they must be held to qualify for acceptance into the democratic state. They know no

other language than Afrikaans and, to a lesser extent, English. Their culture is that of the Europeans of this country, as are their institutions. Hence, the Institute is at a loss to conceive on what grounds, other than grounds of racial prejudice and pride (which are inconsistent with the acceptance by Europeans of Christian democratic principles) the political segregation of the Cape Coloured people can be based. The Cape Coloured people have made undeniable progress educationally and economically and in the fields of religion, culture, and democratic responsibility and by doing so have established their right to the maintenance of the political position which they have enjoyed for a century. The Institute is not aware of any convincing evidence that their participation in the common roll has been abused by them or has had any detrimental effect on the well-being of the state. In the absence of adequate evidence to the contrary, the Institute is not prepared to consider allegations of political corruption and, even if such corruption should be established, the Institute does not consider it any justification for the deprivation of common rights, for such corruption implies a similar degree of corruption in the European candidates. And, surely, if corruption is held to make the Cape Coloured unfit to exercise the franchise on the common roll, it must equally unfit them to vote on a communal register. In the latter case, indeed, their unfitness in these terms would be a greater danger if they voted as a solid racial group than if their influence were dispersed over a number of predominantly European constituencies.

It should not be overlooked that a small compact body of even four representatives of the Cape Coloured people, elected by the Cape Coloured people to represent Cape Coloured interests, might well be in a position to play a decisive role in Parliament if the balance of power among European members depended upon a narrow majority. The very undesirable result would be that a racially sectional group of a few members, representing a small minority of the whole people, with a provoked sectional consciousness, could determine the course of policy in matters of the gravest import to the nation.

The alternative position which the Institute regards as no less undesirable is one in which a racially-sectional group would find itself permanently in a small minority in Parliament, in which case its power to further the interests of the Cape Coloured people would prove futile. The

existence of such a group in Parliament would mean that other members of Parliament would throw the entire burden of representing Coloured interests upon it but, as a small minority, it would be unable to affect legislative or administrative action to any significant degree. This is what has occurred since the Cape Africans were placed upon a separate roll. The three Native representatives have come to be regarded as the protectors of African interests and other members of Parliament have tended to divest themselves of responsibility.

It seems hardly necessary to add that, should the establishment of a communal register for the Coloured people be combined with a limitation of the right of their elected representatives to vote in Parliament upon all issues, that would be a form of disfranchisement which they have done nothing to deserve and which they could not but resent very bitterly.

After 100 years of the exercise of normal democratic rights there can be no doubt that the Cape Coloured people are, and have been, considered, to be adequately qualified to exercise the franchise on the common roll. In fact, the Institute goes further and suggests that the maintenance of civilized principles in South Africa demands the extension of the Cape Coloured franchise to the Northern Provinces, on the same basis as in the Cape Province and the enfranchisement of Cape Coloured women.

The Institute therefore is completely opposed to any measure which would transfer Coloured voters from the common roll to a communal register. It would oppose such a transfer no less strongly if the Coloured franchise were to be widened by the inclusion of women and extended to Provinces in which at present it is not applicable. Nor would the objections of the Institute be removed by an increase in the number of communally elected representatives, nor yet if Sections 26 (d) and 44 (c) of the South Africa Act were to be amended so as to enable Coloured persons to sit and vote in either or both of the Houses of the Union Parliament. Even in the unlikely event that the Coloured community were, by means of a referendum, to express itself as agreeable to transfer to a communal register on defined conditions the Institute would still deprecate such a change as undesirable in the interests of the country as a whole. In fact, the majority of the Coloured community is known to be resolutely opposed to the suggested transfer, and the Institute expresses the earnest hope that the Commission,

in its deliberations, will give due weight to the importance of considering not only the interests but also the feelings and susceptibilities of the people whom its recommendations will affect. The Institute is concerned to promote

inter-racial harmony and good understanding, and is firmly persuaded that nothing but evil to the future of South Africa could result from the exacerbation of inter-racial tensions.

APPEAL COURT DECISION ON RED ACT CONVICTION

THE Bloemfontein Appeal Court on Thursday, November 26 held that there was nothing in the relative section of the Suppression of Communism Act which expressly deprived a person liable to be affected by the action of the Minister of Justice from being heard, nor was there anything in the section which, by necessary implication, deprived him of the right to be heard.

This ruling was given when Johnson Ngwevela successfully appealed against his conviction in the Capetown Magistrate's Court on a charge of contravening a Notice served on him by the Minister of Justice under the Suppression of Communism Act.

The charge alleged that he contravened the Act by attending a meeting at Salt River at which protests were made against certain laws passed by the Government.

The notice had prohibited Ngwevela for two years from attending gatherings other than gatherings of a bona fide, religious, recreational or social nature.

The appeal Court held that Ngwevela was entitled to be given an opportunity of being heard before the Minister exercised his powers under the Act to issue the Notice.

The Court held that the mere fact that the name of a particular person was on the list of those connected with unlawful organisations, did not entitle the Minister of Justice to issue an order against him in terms of the Act, as the person whose name had been placed on the list might have severed his connection with, or withdrawn his support from, the unlawful organisation long before the Act came into operation and might now be a staunch opponent of Communism.

In the present case, the Minister of Justice had not issued an order prohibiting a particular person from attending a particular gathering. The Notice was of a general character and operated for a period of two years.

It was questionable, the Court held, whether the delay of a few days which could be entailed by giving the accused in the present case the opportunity of defending himself, could be said to defeat the object which the legislature had in mind.

The case of the Garment Workers Union and of Sacks v. the Minister of Justice dealt with by the Appeal Court in 1952 and 1953, was not concerned with the principle involved in the present case, and those cases could not, therefore, be said to govern the present case.

The Appeal Court Judges sitting were Mr. Justice A. van der S. Cuthbert (Chief Justice), Mr. Justice L. Greenberg, Mr. Justice O. Schreiner, Mr. Justice O. H. Hoexter and Mr. Justice E. M. de Beer, Acting Judge of Appeal.

The decision was unanimous. Mr. D. B. Molteno, Q.C., appeared for Ngwevela, and Mr. W. M. van den Berg for the Crown-*Sapa*.

About 100 people who have been placed under restraints by the Minister of Justice, Mr. Swart, under the Suppression of Communism Act are said to have been set free by the judgment of the Appellate Division in Bloemfontein. The restraints took the form of orders to resign from specified organisations and not to attend any gatherings for usually two years. Lately the prohibition on attending gatherings has contained no exceptions even for religious, recreational or social purposes. The idea was that the people affected should have to ask the Minister for such exemp-

The Late Mr. Jalbhoy Rustomjee

The Parsi Rustomjee Hall was fully packed with all sections of the community. Mr. A. J. Choudry presided.

Laudatory tributes were paid to the late Mr. Rustomjee by Dr. Harbeth and Mr. President of the Sultan Technical College, of which the deceased was an executive member, by Mr. William Doull, secretary of the B.I. Jirba and Parsi Rustomjee and P. K. Chao Hospital Trusts, and Mr. Masud Gandon, Managing Trustee of the Phoenix Settlement Trust, for the fine services Mr. Jalbhoy Rustomjee had rendered to those Trusts during his life time. Among the other speakers were: Mr. M. A. Christopher, (Indian Child Welfare), P. K. Parhar (P. K. Chao Trust and

Organisation), Dr. N. P. Desai (Kathiawad Hindu Seva Samaj), R. R. Mpharaj (Shri Sanatan Dharma Sabha), Govan Mani (Saras Hindu Association), S. R. Parhar (S.A. Hindu Maha Sabha), D. Satyadev (Arya Prastidhi Sabha, Natal), and V. Lawrence and others.

Mr. A. J. Luthuli had sent a message on behalf of the African people in appreciation of Mr. Rustomjee's services on various occasions to that community.

The following resolution was then moved from the chair and passed by the audience standing in a hush, expressing the deep sorrow of the meeting at the very sad and sudden demise of Mr. Jalbhoy Rustomjee and conveying to Mrs. Rustomjee and the members

tions as they require and it was for him to decide whether to grant them. He told Parliament that automatic exemptions for religious and recreational purposes had been abused.

Until the Minister of Justice either amends the law once again or agrees to hear the objections of the people upon whom he proposes to place restraints, says

the Pretoria correspondent of the 'Natal Daily News,' no more restrictive orders will have any practical effect. The only portion of the Act which still appears to work is the straightforward one which makes it a crime to promote Communism and lays down punishments which the Courts alone can impose in the same way as for fraud or assault.

S.A.I.C. AND A.N.C.

THE African National Congress and the South African Indian Congress submitted the following memorandum to the Select Committee to enquire into the Separate Representation of Voters Act Validation and Amendment Bill.

The African National Congress and the South African Indian Congress are the oldest and most representative organisations of the African and Indian peoples of the Union and therefore speak for the majority of South Africans. It is consequently our duty to state our views on a matter which not only affects the Coloured population of the Cape Province but deeply involves the future of the country as a whole and the basic principles of democracy as well.

It is obvious that any proposal to remove Coloured men from the common roll of voters in the Cape Province constitutes a diminution of the already shamefully restricted remnants of the non-White franchise. The Appellate Division of the Supreme Court has ruled that the contemplated change would be such a diminution. The experience of the African people during seventeen years of communal representation has proved abundantly that this system operates to their grave detriment. The endless stream of legislation discriminating against the non-White people which has passed virtually unopposed through Parliament during this period demonstrates beyond question that the representation of one section of the community by a fixed and insignificant minority of members of Parliament is no safeguard whatever of the rights of that section. It is nothing but a pretence of democratic representation which deceives no-one.

For a century the Coloured man in the Cape has exercised his vote. It is entrenched in the Act of Union which was passed in 1910 and its maintenance has been the subject of constant pledges by White politicians of all parties since then, particularly at a time when those politicians were depriving the African of his vote. The spokesmen of 'White South Africa' assert their so-called civilising mission in Africa and their devotion to high

ethical principles. The legislation which you are considering exposes the hollowness of these pretensions for it is both uncivilised and a crude betrayal of solemn pledges.

It is regretted that in discussing this Bill and its predecessors, the racial obsession of Parliamentarians has obscured a vital issue, viz., the general character of the Coloured electorate. For many years these voters have exercised the franchise in a serious and responsible manner. They are mainly working people; artisans, small businessmen, and professional people. They have therefore, as a part of the electorate, exerted a beneficial and progressive influence impelling politicians to deal with bread and butter matters rather than the sterile racial issues and demagogic flagwagging which have for so long disfigured South African public life. To remove these voters from the roll will serve further to strengthen the undue domination of vested interest and reaction in Parliament.

The proposed legislation is yet another in the series of harsh and unjust laws oppressing the non-White people, which, particularly in the past five years, has been placed on the statute book. It cannot be assumed that the victims of this oppression will continue to tolerate ever-renewed attacks upon their rights and dignity as human beings. The proposed legislation will once more slam the door of Parliament in the face of a big section of the non-White people and thereby deny them the right to redress their wrongs and obtain their just demands by constitutional means. There can be one outcome—direst and upheavals in which White and non-White will suffer alike.

The outcome can only be avoided by drastic reversal of the present policy of suppression and discrimination. The principle of government by consent must be reaffirmed. What throughout the civilised world the people have attained an ever greater measure of participation in government through the abolition of property qualification for voters, and the achievement of women's suffrage, South Africa has retrogressed from the Cape Consti-

tution of 1858 which did not discriminate between voters on the grounds of race or colour. There must be a return to the great democratic tradition which has been the pride of the advanced nations of the world, including the lands of origin of the main white population groups of South Africa.

For the sake of the harmonious development and future well-being of South Africa, the non-White population must be given its full share in the making of the law of the country. We demand the retention of the Coloured vote in the Cape, we demand the abolition of qualifications required for Coloured voters which do not apply to Europeans. We demand the extension of the franchise to the other Provinces and to all non-Whites, both men and women.

The African National Congress and the South African Indian Congress express their emphatic opposition to the Separate Representation of Voters 'Act' in its entirety.

A.N.C. AND S.A.I.C. MEMORANDUM TO UNITED NATIONS

(Concluded from last week)

THE SOUTH AFRICAN GOVERNMENT AND THE UNITED NATIONS CHARTER

WE submit that the facts and illustrations furnished on the preceding pages constituted incontrovertible evidence that the racial policy and actions of the Government of the Union of South Africa are patently in violation of the spirit and the letter of the Charter of the United Nations. Whether we regard the South African Government's actions separately or, indeed as they are, as parts of a logical and consistent policy, we find that they are inconsistent with the affirmations, purposes, principles and rules of the United Nations as defined in the Charter. In particular:

We charge the Government of the Union of South Africa with violating the fundamental human rights of the ten million non-white people of South Africa to participate in democratic self-government, and to share in the land and wealth of their motherland.

We charge this Government with flagrantly overriding, rejecting and flouting the United Nations principle of the equal rights of these men and women without distinction as to race, sex, language or religion.

We charge this Government with failing to fulfil in good faith the obligations assumed by it in accordance with the Charter.

We charge this Government with blatantly and contemptuously infringing the fundamental freedoms of these people: freedom from fear and want, freedom of movement and organisation, freedom of speech and opinion, freedom to learn and develop their inherent capacities and talents.

We charge the South African Government with taking actions and following a policy which is a threat to peace.

We maintain that by its actions and policy as thus summarised the Government of the Union of South Africa violates the preamble of the Charter and Articles 1 (2 and 3), 2 (2), 13 (1b) and 55.

The Charter As A Really Binding Instrument

We uphold the view that, in respect of human rights, the Charter of the United Nations is a legally binding instrument in international law. In his

authoritative book "International Law and Human Rights," Professor H. Lauterpacht, Professor of International Law at the University of Cambridge, states:

"Any construction of the Charter according to which members of the United Nations are, in law, entitled to disregard and to violate human rights and fundamental freedoms is destructive of both the legal and the moral authority of the Charter as a whole."

If the words of the Charter on Human Rights have any meaning, then it is clear beyond argument that the Union Government has violated those rights. If the Charter as a whole has meaning and significance, as a treaty and as a law of nations, then it is clear that the Union Government must be branded as a treaty breaker and as a criminal Government.

Again, to quote Professor Lauterpacht:

"A State would act contrary to its clear obligations under the Charter if it were to impose fresh discrimination on a religious, ethnical or racial group. And there would be no doubt a flagrant breach of its legal obligations if it were to embark upon active persecution of persons under its jurisdiction on account of their race, language or religion."

The South African Government has in the past invoked, and will no doubt continue to invoke Article 2 (7) of the Charter relating to "matters which are essentially within the domestic jurisdiction of any State."

We submit that the matter of the human rights of the people of South Africa cannot be regarded as a matter of essentially or exclusively domestic jurisdiction in view of the fact that the South African Government has entered into international agreements concerning these matters. Such agreements cannot be not only previous undertakings made to the Government of India regarding the treatment of South Africans of Indian origin, but above all, and in the first place, the United Nations Charter itself

regarded as a solemn international compact.

"The provisions of the Charter—its solemn and repeated provisions—in the matter of human rights would be rendered meaningless if Article 2, paragraph 7, were interpreted as excluding, for instance, the right of investigation and recommendation. What, in that case, would be the meaning of Article 52, paragraph 2, which lays down that the Economic and Social Council 'may make recommendations for the purpose of promoting respect for, and observance of, human rights and fundamental freedoms for all?' Article 2, paragraph 7, retains a sense and a purpose even if we consider it as not excluding recommendation; Article 62, paragraph 2, retains no sense and no purpose if, by reference to Article 2, paragraph 7, we exclude the right of recommendation."

"The interpretation which is here submitted as the accurate interpretation of the Charter does not, in turn, reduce the categorical provision of Article 2, paragraph 7, to a mere form of words. For although—so that construction—human rights and freedoms, having become the subject of a solemn international obligation and of one of the fundamental purposes of the Charter, are no longer a matter which is essentially within the domestic jurisdiction of the members of the United Nations, there still remain important questions which may remain within that category for the reason that they have not been made, as yet, the subject of international obligations."

The South African Government and its spokesmen have repeatedly themselves furnished evidence that their policy is by no means a matter of purely domestic concern. On a number of occasions South African Government representatives have expressed concern at the apparent concession of certain democratic rights to Africans elsewhere on the African continent, as in the case of new constitution for the Gold Coast.

Dr. Malan himself made representations to the British Government to refuse to allow Seretse Khama to take his place as head of our neighbouring country, Bechuanaland, on the ground that Seretse Khama had married an Englishwoman. The doctrine of "domestic jurisdiction" did not, apparently, apply in that case.

For seven years the conduct of the South African Govern-

ment with regard to its treatment of Non-Whites has occupied the attention of the United Nations. On 8th December 1946, the General Assembly adopted a resolution stating that "the treatment of Indians in the Union should be in conformity with the international obligations under the agreement concluded between the two Governments and the relevant provisions of the Charter."

On 14th May 1949, the General Assembly "invited the Governments of India, Pakistan and Union of South Africa to enter into discussion at a round table conference, taking into consideration the purposes and principles of the Charter of the United Nations and the Declaration of Human Rights."

On 2nd December, the General Assembly resolved specifically: "that a policy of racial segregation (apartheid) is necessarily based on doctrines of racial discrimination" and called upon the Union Government "in particular" to refrain from "the implementation or enforcement of the provisions of the Group Areas Act, pending the conclusion of negotiations with India and Pakistan."

This call was ignored by the Union Government which was mentioned in the General Assembly resolution of 7th January 1952, which noted "that the promulgation on 30th March 1951 of five proclamations under the Group Areas Act renders operative thereby the provision of paragraph 3 of resolution 393 (v). In this resolution the General Assembly once again stigmatised apartheid and called upon the Malan Government "to suspend the implementation of enforcement of the provisions of the Group Areas Act pending the conclusion of the negotiations."

At the end of 1952 the General Assembly once again had to consider the unsatisfactory conduct of the Union Government and decided to establish a commission "to study the racial situation in South Africa."

In view of these numerous precedents we consider it no longer permissible for the South African Government to hide the wording of Article 2 (7) of the Charter, which must read in relation to the Charter as a whole and in particular to the repeated references to human rights.

We wish further to point out that the Charter is a legally binding instrument not only on the South African Government, but also on the United Nations

as a whole, and on all the other members have a solemn obligation to promote "universal respect for, and of, human rights and fundamental freedoms for all without distinction as to race, sex, language, or religion," not only in their own countries but also in the Union of South Africa.

We submit that the notorious policy of the South African Government.

- insults the majority of people in the world, who are non-white and cannot tolerate the reiterated slander of race inferiority;
- leads to continuously worsening relations between our country and our neighbours in Africa, as well as our friends, the peoples of Asia,
- accentuates the physical differences between peoples and ignores the essential oneness of mankind; and
- results in the interference of the South African Government in the internal

affairs of neighbouring territories; and that therefore the racial policy of the Government of South Africa is a threat to world peace and international harmony.

On behalf of the overwhelming majority of the people of South Africa, the African National Congress and the South African Indian Congress claim and demand the fundamental human rights of the Non-White people of our country to equal rights as citizens and voters; to equal opportunities for economic and cultural development, to land and freedom.

As South Africans, we love our country and wish to redeem it from the universal disrepute which its Government has incurred. As citizens of the world we uphold the principles enshrined in the United Nations Charter. As oppressed peoples we refuse to submit to bondage.

AFRICAN VIEWPOINT

OPEN LETTER TO MAJOR COWLEY

By JORDAN K. NGUBANE

DEAR Major Cowley.—At the conference you held in Durban last week and which was attended by your electors as well as the public, I put to you questions which you did not answer. I said to you that it appears to me Malan and Co., could not do better than you in telling the Zulu people to believe that the Malanite tyranny is not the evil thing that it is. I asked you if you are aware of the principle behind the Bantu Education Act—that the transfer opens the sluiceway to convert African education into a political instrument for our enslavement, that to tell us that we should not be anxious to play Malan's game; that to tell us that our representatives in the Senate were our watchdogs was just not enough. I asked you to make your own standpoint clear beyond all shadow of doubt on the principle of separate development.

You elected not to answer these questions. Instead, you worked yourself up into a temper, banged your boom, banged the table and told me that I must never, never say you are a Malanite. I am sure, on this one point you do me an injustice. I never said you are a Malanite. I warned you, however, that good men that I believe you are, it appears to me that you are unconsciously emerging as the best apologist

that Malan could have in our midst. I want to develop this theme further.

As you know, apartheid is a philosophy of division. The whole spirit of the present Government is to break down bridges set up to create accord between the races. Christlike Nations' Underways has been introduced to isolate the African child from your own people, the English speaking South African. The Group Act has been designed to separate every race from every race. The Bantu Education Act gives the Minister of Native Affairs the right to say what shall be taught in African schools. You have sat for about five months in the Senate and one of the things which might have impressed you is the keener of the Government to encourage the narrower type of African nationalism—to encourage tribalism. The emphasis is on the Zulu people, the Xhosa people, the Basuto people and I soon prophesied that the Bantu Education Act will, among other things, emphasise these opinions in Zulu, Xhosa or Basuto history which will work up passions and old hatreds among us as a people so as to make it impossible for the oppressed to unite effectively for purposes of defeating the Malanite tyranny.

I gather that the Minister of

Native Affairs goes out of his way to snatch every available opportunity to enliven the name of Zulu. These days, he is full of every kind word for the Zulu people. And when he translates that kindness into action, he does the greatest Zulu son living to-day—I mean Mr. Albert John Lutuli. Now, I know that when you pinned him down on this he said he was not responsible; that it was the Minister of Justice who had banned Mr. Lutuli. But there is such a thing as collective responsibility in Ministerial and Cabinet decisions. The Minister might have thought he was being clever in trying to avoid your questions in the way he did. But his trick certainly impressed no reasonable man.

My real point is: Ministerial love for the Zulu these days is merely a political tactic to encourage you to go as far as possible in unconsciously persuading the Zulu people to believe that all is not so bad. I am sure that when the Malanites pay you compliments, what they precisely mean is that you are one with them on things like separate representation and, by implication, in rejecting the ideal of integrated multi-racial society.

Your approach suggests that you have narrowed down your vision to the problems of the Zulu people only. Quite naturally, you are responsible primarily to the Zulu people. But you know, there is no problem peculiar to the Zulu. Every problem worrying the Zulu worries every African and it is unwise for the White representative of the Zulu to encourage the less advanced to believe that Zuluism might be an end in itself. You mentioned Zulu sentiments and what not. Surely, surely, Senator Cowley, you could not have been serious. The Malanites might think you are a "dangerous man," to give conversations to whom might be profitable, but I am warning you, they do not bother themselves about your dreams of Zulu enlightenment. Only the ignorant among us take you seriously when you talk about these things. But the real significance of your emphasis of Zulu sentiment lies in the subtle encouragement of Zuluism by appealing to those things which warm up the Zulu heart, without bringing real material advantages. Zuluism, as you know, is incompatible with the ideal of a united African people. If you want to disrupt that unity, preach Zuluism; speak of Zulu sentiment. And, in doing that, you help to isolate the Zulu from the rest of the Africans; to weaken them and, within the

end, you incapacitate them for fighting effectively to change the status quo. So, you see, Major, Zuluism is, in the final analysis, against the true interests of Zulus themselves. That is why Verwoerd and Co. are so much in love with it. I repeat that I believe you are not a Malanite. Your trouble is that you do the things the Malanites love.

You next told me I had no business to be at that meeting because I had not been issued with an invitation card; because I was in the pay of an Indian; because I represented an Indian paper; because I was a liberal and you did not want liberals in your conference. You shook your fist—to be fair to you, I believe not at me—you banged the table and indulged in studied theatricals to impress your audience with your resentment of my questions which you did not answer.

As I said to you, I had every right as a member of the Zulu public to come and hear you justify yourself before the representatives of the Zulu people. I did not enter the hall by force. Your Chairman knows me very well. I raised up my hand at question time, he gave me the right to speak. And when I had finished my address in Zulu, he did me the courtesy to ask me to repeat it in English. He did say it was a special concession; which indeed it was. For you to come, after all this, and say I had no business to attend your meeting was, to say the least, amusing.

But what struck me was your vehemence in condemning me for my associations with 'Indian Opinion.' You said I was there in the service of 'Indian Opinion,' and that I was employed by this paper—which was not true. I am sure your informants did not know all these facts. I contribute a regular weekly feature to 'Indian Opinion' as I did to the 'Forum' and other papers. I have published articles fairly frequently in some of the dailies in Durban and Johannesburg. It is my profession to do this. There is nothing wrong with this.

The significance of your attack lay in its appeal to the racial prejudices of the bulk of the illiterate Chiefs who have strong anti-Indian feelings. I am sure you did not mean to imply that it was a dirty thing to do business with the Indians—for in your own offices you employ Indians and I would not be surprised if you paid them higher salaries than you pay to "your Zulu people." But I was intrigued to see the tactics you resorted to when placed in a tight corner. Obviously you do not know that some of those who claim to be your friends

have shares in Indian bus companies. Could you tell me what is wrong with that?

I could say you were furious when you told me you did not want liberals in your meeting. I think you have good reason not to. But I was not brought up in the tradition of trembling when a Whiteman bangs a table at me. In the first place I am not a member of the Liberal Party so I could not represent the liberals. On the other hand, I am not ashamed to say that I think the liberals are very fine fellows. I never apologise for my friendships. There are men in Congress who say that the communists are very fine fellows. If they can take that stand, I have every right to like the liberals. In like manner you have every right to feel that Malanite supporters are fine enough to be invited to your conference. If I like the liberals and you like Boschoff and Nel—well, your friends are not my friends. But in answering a question you raised, I would not run away from it and begin telling you about your friends.

I am truly anxious about your attitude on Coloured representation. You appear to have learnt no lesson from the failure of our own representation. There are two fundamental objections to representation which a representative of the non-European people should bear in mind. It places a premium on communal interests. Communal interests are angular; not easy to reconcile. By encouraging them, separate representation is a plan for disaster. Secondly, once the Coloureds have been shunted into their own corner in the way you advocate, White South Africa will virtually forget all about them—as happened with us. The reason is simple: the Coloureds will not get representation in proportion to their numerical strength. They are being led down a blind alley and you say, in effect, there is little wrong with that.

On one thing I agree wholeheartedly with you: When you press for direct representation. But the way to get that is not to acquiesce to tyranny. Your own people, the English, for whom I have abiding respect, had to fight at every point for the free institutions which are part and parcel of the English tradition the world over. They did not win by retreating. I think the Zulu will win only when they take a firm stand by the side of other African peoples in alliance with European, Indian and Coloured democrats.

There is also a function you perform which I appreciate. There is so much cruelty and disregard of human values in

administering the whiteman's laws against us that there is need for someone—I should say very many—to try and alleviate African suffering by bringing to the notice of the powerful the harmful effects on us of their stupid policies. This is a function which is truly humanitarian and not political. It could even be done by an ordinary lawyer, out of parliament. Just in passing, does it not strike you that our representatives in the Senate and in the Assembly are but social welfare workers; an extended arm of the legal aid bureau? They are not responsible for this fragile commentary on democracy. But it seems to me that is the best they can do within a system which discriminates against a man for his colour.

Finally, the Zulu people are not stratified in one class. And anyone who claims to be their spokesman must always bear this in mind. As Prince Fika ka Sitaka wisely said, there are things on which the average Zulu can pass judgment, but there are others where the Zulu must be trained to opine intelligently. I should be happy to know that you appreciated this and did not regard criticism as merely an effort to mislead

you at the next elections. I am not interested in that. I want to see you represent the Zulu people correctly. For this reason, I wonder if you would accept an invitation to meet a group of intelligent African men and women and justify before them some of the things you said in Parliament on our behalf. I can promise you one thing in advance: Nobody will bang tables at you from our side. This should help to give you a fuller picture of how the Zulu people as a whole think. For, as it should have been clear to you, the things I said to you were approved of by very many Zulus—Chiefs and commoners alike. You heard the cheers I got. You heard the protests against your manner of replying to me. When Mr. H. J. Bhanga was ordered by the Chair to sit (down obviously because he and I were of one mind) you saw the krammen rise and march out of the hall. I might add that they kept us outside the hall up to well after 6 p.m., congratulating us on the things we said. So, you see that it is not enough to tackle Zulu Chiefs on the "Am I right or wrong" principle.

Yours for a free Africa.

JORDAN K. NGUBANE.

INDIAN AND AFRICAN CONGRESSES ON U.N. COMMISSION'S REPORT

THE following Press statement has been issued jointly by the African National Congress and the South African Indian Congress concerning the report of the United Nations Commission on the racial situation in South Africa—

The text of the U.N. Commission report, now being discussed by the Political Committee, has been made available and we have had the opportunity to study it:

We consider the publication of this report to be a historic event. Clearly the fruit of intensive study and objective evaluation of the facts and of international law, the report authoritatively establishes a number of highly significant conclusions.

It finds, with a wealth of detailed documentation and examples, that the system of racial and colour discrimination established in the Union, continued since this country endorsed the United Nations Charter, and gravely intensified since the advent of the Nationalist Government, and its apartheid policy, is in conflict with South Africa's obligations under the United Nations Charter.

It finds further that the Nationalist Government's policy is a threat to world peace.

It proves that it is not only the right but also the duty of the United Nations to promote human rights in South Africa.

These weighty conclusions cannot be ignored by any serious or responsible statesman concerned with the future of the country.

Despite the obstacles placed in the way by the Union Government the Commission succeeded in accurately understanding the main features of the racial situation in our country. In particular it has within a remarkably short period, assembled and lucidly presented penetrating summaries of the basic facts of South African history, geography and demography. It has acutely outlined the legal and social disabilities of the African, Coloured and Indian people and traced their effects on the lives of these people.

It is not difficult to understand why this irrefutable exposure caused such anger of the South African Government, as expressed by Mr. Jooste at the United Nations. It is ironic that Mr. Jooste should reprove the Commission for its lack of first-hand

investigation on the spot. For as he knows perfectly well, it is the Malan Government which prevented the Commission from carrying out its expressed purpose of coming to South Africa. Had they come here they would only have been fortified in their principal conclusions.

Such a visit would also have enabled the Commission to avoid certain minor defects which while they do not affect the correct conclusions reached by them, are open to misinterpretation. The Commission is occasionally prone to generalise about the racial groups in South Africa in a manner which cannot but give offence. Thus they write "a number of Coloured people live in areas reserved to Natives, share their daily life, and, being of keener intelligence, sometimes become their accepted leaders."

In dealing with African-Indian relations the report places a quite unjustified emphasis and reliance upon the findings of the white-washing Commission of Enquiry into the 1949 Durban Riots, which was boycotted at the time both by African and Indian organisations, acting jointly, in view of its manifest bias. The Commission appears to have overlooked the obvious interest of the authorities in provoking inter-racial and inter-tribal hostility among non-whites.

It is also unfortunate that an otherwise perfectly correct reference to the police should be so worded in the report as to give critics an opportunity to distort its meaning and impute to the Commission the intention of indiscriminately condemning all Africans.

These minor blemishes, however, cannot in any way diminish the outstanding achievements of the Commission, which despite the handicaps under which it laboured, has produced a monumental work of incalculable significance to the people of our country, and which will leave every person seriously interested in our country permanently in its debt.

The African National Congress and the South African Indian Congress acclaim the Report of the Commission as a major contribution towards the achievement of racial harmony and the establishment of a true democracy in South Africa.

The statement is signed by Mr. J. Motshabi and Yusuf Cachalia on behalf of the African National Congress and the South African Indian Congress respectively.

INDIA LETTER

(From Our Own Correspondent)

- Bombay, November 18.

THE main topic of discussion is India today is the reported negotiations going on between the United States of America and Pakistan for a Military Aid Agreement by which Pakistan would get military equipment worth nearly \$50 million dollars in return for granting military bases to the U.S.A. in Pakistan. Pakistan was trying to secure such an agreement since long, but America was deterred from entering into such an agreement by a timely warning by Mr. Nehru, the Prime Minister of India, to the effect that such agreement, which will bring war near India's border, will be regarded as a hostile action by the Government of India.

America tried to woo India first but failed due to Mr. Nehru's firm policy of not aligning the country with any Power bloc and maintaining an independent foreign policy. Had India entered into an alliance with America, she would have received millions of dollars as economic and military aid, but the country preferred to maintain her freedom of action. America's present attitude is obviously a reaction to India's persistent neutral policy.

What India is concerned with is the consequences of such a military alliance between U.S.A. and Pakistan. Apart from the war between the communist countries and the democratic countries penetrating right up to the Indian Ocean, the military alliance between U.S.A. and Pakistan will definitely encourage Pakistan to be aggressive towards India and will mar the prospects of the settlement of issues straining the relations between the two countries.

Reflecting the public opinion in India, Mr. Nehru rightly declared at a press conference in New Delhi that the proposed defence agreement between the United States and Pakistan "will have far-reaching consequences on the whole structure of things in South Asia and especially on India and Pakistan. What we are concerned with is the consequences of these acts. We are watching these developments with the greatest care."

Mr. Nehru further said that there is talk of bases, about American bases to be established in Pakistan. It is upon to

Pakistan to have bases, to have foreign armies, to have anything it likes on its territory. It is even open to it to give up its independence, if it so chooses, or to limit it. We shall not interfere. But we are concerned with the consequences of these acts and, therefore, necessarily we are watching these developments with the greatest care."

Mr. Nehru revealed that India had informally discussed this matter with various Ambassadors in Delhi.

In the meanwhile the Indian Ambassador in U.S.A., Mr. G. L. Mehta, has strongly represented India's views on the proposed pact, to the American foreign secretary.

Pakistan

About Pakistan's decision to have an Islamic State based on Shariat, Mr. Nehru said that the conception of the State envisaged in those decisions was "rather a medieval conception and one totally opposed to any democratic conception."

"It is perfectly clear," he said, "that such a constitution, as envisaged by Pakistan, creates at least two classes of citizens, or two grades of citizenship, one having more opportunities and the other less. The result is that the minorities, whether Hindus, Christians, Jews or Buddhists, quite inevitably will feel rather out of the picture, will feel frustrated and will have little hope for the future."

"Now, as a friend of Pakistan, I regret this kind of development, because it can only lead to continuous tension and unhappiness. Again this decision of Pakistan is a breach of an agreement reached between India and Pakistan in 1950. I am not concerned so much with saying it is a breach of that agreement. But I am concerned with the larger consequences of that, because, inevitably, certain elements in India which are communally inclined will take advantage of it to spread their wrong policies and wrong arguments and create ill-will when we want goodwill."

"It is unfortunate that when there is a basic feeling of friendliness on both sides, things should happen either in India or in Pakistan which drive a wedge and create difficulties for the future."

Replying to questions about the progress of the talks be-

tween him and the Prime Minister of Pakistan, Mr. Nehru said that after their last meeting, there had been some correspondence. He had written some letters to the Pakistani Prime Minister. Replies from the other side were rather delayed, partly because Mr. Mahomed Ali was very heavily occupied with developments in Pakistan and partly because he was unwell.

Delhi

With the commencement of the winter session of the Indian Parliament, intense political activity has been revived in the Union Capital.

A study of a cross-section of the opinion of the members reveal that every State has its own problem to tackle.

Members from Travancore-Cochin, who are here for the first time after the State Ministry sustained a defeat, are of the view that it is still impossible to predict whether another general election would result in any single party obtaining absolute majority.

They also completely rule out the possibility of several anti-Congress splinter groups co-operating effectively, once the elections are over.

Madras

Members from Madras confirm that "Herculean" efforts are still being made by a certain section of the Tamilnad Congress to dislodge Sri Rajagopalachari from the leadership of the State Legislature Congress Party.

Supporters of Sri K. Kamraj, rival of Sri Rajagopalachari for the Chief Ministership of the State, say that Rajaji had committed two mistakes. Firstly, the Chief Minister introduced the new education scheme without consulting the Tamilnad Congress and it came as a surprise to the Cabinet members themselves.

Secondly, Rajaji expanded the Ministry against the wishes of the President of the T.N.C.C. It is pointed out in this connection by one or two Congress members that Sri Nehru, during his recent visit to Madras, also expressed himself against further expansion of the State Ministry after partition.

It is learnt that the Kamraj group is not strong enough to oust Sri Rajaji from the Chief Ministership of the State.

Pepau

Members from Pepsu are confident that elections in that State will be held next year. Non-Congress M.P.'s strongly support the move for setting up

of care-taker Government in that State during the elections. But inquiries show that the chances of such a Government are receding as agreement could not be reached between various political parties in Pepsu.

The whole scheme appears to be breaking in view of the insistence of the Akali Dal to have separate representation in the Ministry, besides giving representation to the National Front led by Sardar Bawa Singh.

Rajasthan

Congress members from Rajasthan say that in spite of the strenuous efforts recently made by Sri S. N. Agarwal, General Secretary of the Congress, Sri Jaynarayan Vyas, the Chief Minister of Rajasthan and Sri Falwal, the former Chief Minister, have not been able to reach an agreement in regard to a change in the present set-up of the Ministry.

Andhra

Andhra Government's fate is still hanging in the balance. Acharya Kripalani, the Praja-Socialist leader, has not still decided whether to allow Sri Viswanatham and the Andhra Praja-Socialist party to co-operate with the present Congress Government in that State or to ask them to quit the Ministry.

The Government of India have decided to take firm action against the tribesmen in the hilly border districts of Assam who ambushed a North-East Frontier Agency party and killed several persons.

The garrison at Guwar has been strengthened already and some para-troopers are being dropped to reinforce the garrison further. The action against the hostile tribesmen is scheduled to be completed within a month.

This year Diwali, the festival of lights, and the Hindu New Year Day was celebrated with much pomp by the peasantry. With a bumper crop in almost every commodity, the peasants were in a gay mood. Controls over prices and distribution having been relaxed, the trading community was also in a happy mood, with better trade prospects in the new year.

Plans for bringing about a merger of the different leftist groups in the country on the basis of a United Marxist party to fight the Congress "with a clear-cut leftist and progressive political programme" were an-

announced at the 5th All-National Conference of the Revolutionary Socialist Party which held its session at Bombay.

Sri Tridib Chowdhari, M.P., submitting the report of the Party's political Bureau to the conference, disclosed that the R.S.P. leaders have conducted merger talks with the 'Peasants and Workers' Party and the Forward Block and that a high-powered committee to direct and co-ordinate the activities of the three parties would be formed immediately.

He said that other leftist groups like the dissident Socialists and Bolshevik-Leninists were also likely to come into the orbit of the proposed merger.

Referring to the negotiation sponsored for a united front of all left parties including the communists, Sri Chowdhari stated that the talks were satisfactory, despite his party's ideological differences with the Communist Party of India.

The electoral alliance reached by the R.S.P. with the Communists and the Kerala Socialist Party to fight the Congress in the forthcoming elections to the Travancore-Cochin State Legislature was welcomed by the Conference.

On his 54th birthday Mr. Nehru received messages of congratulations and good wishes

from all over the world. The Prime Minister received a tumultuous ovation when he went to Delhi's flag-bedecked National Stadium where 50,000 school children had gathered to celebrate his birthday. The air resounded with the cries of "Chacha Nehru Zindabad."

As Pandit Nehru opened the celebrations by releasing a cluster of 64 multi-coloured balloons, more balloons went up from every corner of the grounds. Then came the march past by 3,000 children in uniforms representing the 250 schools in the city.

Speaking feelingly, Mr. Nehru said that when he saw such a happy crowd of children, he could see nothing but a bright future for the country. He advised his youthful hosts to work hard, play hard and always keep the welfare of India in the forefront of their activities.

Villagers bring in the community projects areas gave the Prime Minister a unique birthday gift of Rs. 40 lakhs mainly in the form of promises to open new schools and contribute land for use as school premises.

There are four clear-cut categories of gifts: (1) Schools: 830 schools estimated to cost about Rs. 16 lakhs; (2) Land gifts: 1915 acres of land costing about Rs. 10 lakhs; (3) contributions for libraries and sports equipment: Rs. 8,257, and (4) contributions for miscellaneous purposes: Rs. 2,92,552.

બૂલને સુધારી લઇએ એટલે
જીવ મરી જાય છે. પણ જીવ
દબાવી દઇએ છીએ ત્યારે તે
શુભકાંતી પેઠે કુટે છે અને
જાવંદગી સ્વરૂપ લે છે.

એક બહેને કહ્યું : “હું પ્રાર્થ
ના કરતી હતી, હવે છોડી દીધી
છે.” એ પુછ્યું : “કેમ ?”
તેણે જવાબ આપ્યો : “કારણ
હું પ્રાર્થના કરતી હતી ત્યારે
ઉત્તર બરાબર છે, પણ ઉત્તરવારું
છાડે, પ્રાર્થના આ માટે છે.”

વ્યવહારને જ ધર્મમય બનાવવો ઘટે

શ્રી. કેદારનાથજીના પ્રવચનમાંથી

વ્યવહાર શુંદિ એ અર્જનો વિષય છે. બંને તે વિષય હોય તેમાં માનવી જીવનનો સંબંધ
આવે છે. જીવન વીતી જાય છે. તે સ્વપ્ન જેવું છે. પ્રત્યેક વર્ષગાંઠ આપણને
યાદ આપે છે કે જીવન સાદું જાય છે. સંત કહે છે કે ધર્મિયાણો દરોડા વાગે છે તે
સમયે કરાવે છે કે જીવન ચાલી ગયું! માટે સાવધ થાઓ; તેને સાચું કરી દો. એ
સાચકતા વ્યવહારશુંદિથી થાય.

આપણું મન શુદ્ધ હોય તો દરેક કાર્ય શુદ્ધ રીતે થઈ શકે. શરીર, જીવિત અને મન
એ આપણને મળેલો મહાન વારસો છે. સારા સારા મહાન ગ્રંથોનાય વારસો મળેલો છે.
એનો આધાર લઈને સાચું શીલ, ચારિત્ર્યશુંદિ સાધવી જોઈએ. વ્યવહારશુંદિ એટલા માટે
છે કે જીવનનો ઉદ્દેશ સમજીને આપણે બધી શક્તિઓનો સહયોગ કરી જીવન સાચું કરી
લઈએ, જીવનને તેજસ્વી બનાવીએ.

આજે આપણે સાગી બંધિત પાસે શુંદિની, ચારિત્ર્યની સંયમની, વિવેકની, ચવિત્તા
ની અને પ્રામાણિકતાની આશા રાખીએ છીએ, પરંતુ એમાંનું કશું આપણે પોતે કરતા કે પાળતા
નથી. અંતરુણ થઈ દરેક જણ વિચાર કરતો થઈ જાય છેવી આવી વિનંતિ છે. ખરી રીતે
આપણે પોતાનું મન સાફ કરવું જોઈએ. આપણે કહીએ છીએ ખરા કે લાખ ચોખ્ખી કેરા
કરવાના છે પણ આપણે કરી એમ કહેતા નથી કે મુખ, વેશવ, વિવાહ, લગ્ન, મોજમજ, એ
બધું બીજા જન્મો માટે રાખીશું અને આ જન્મમાં તો શુદ્ધ વ્યવહાર કરી જીવીશું.

આપણને માનવ દેહ મળ્યો છે. સાર-અસારનું જન મળ્યું છે. એનો ઉપયોગ શો ?
ધર્મ આપણા હૃદયમાં કેમ ઉતરતો નથી ? બીજાને મારો, હુડો, એવું ચોપણ કરો એમ કેઈ
મહાપુરુષે કહી કહ્યું નથી. દરેક કહે છે : આત્મભાવ સંમતિ રાખો. બીજા સાથે મિત્ર
તરીકે વર્તો. બીજા પાસેથી જેવા વર્તનની ઇચ્છા આપણે રાખીએ છીએ એવું વર્તન આપણે
બીજા સાથે કરીએ. માનવી જીવનને સમજીએ તો કેણુ કુધમાં પાછી નામે ? કેણુ માલમાં
જોળણ કરે ? કેણુ લાંચ રૂપવત આપે કે લે ? પ્રેમ, દયા, કરુણા વગેરે લાવો વ્યવહારમાં
ન બતાવવામાં આવે તો તે શું કામના ? આપણે એ બાબોને જીવી ગયા છીએ તેથી બધો
વ્યવહાર અશુદ્ધ થઈ ગયો છે.

આજે હેઠિયાર કેણુ ગણાય છે ? ભાગ્યવાન કેણુ મનાય છે ? જેની પાસે ધન છે
તે. પરંતુ જેણે સાચી રીતે રહેવું છે તેણે ધનને મહત્ત્વ ન આપવું જોઈએ. ધર્મ અને ધનને
મેળ નથી. સત્તા, સામર્થ્ય, અને ધનથી માણસને મદ ચડી આવે છે. સકટ આવે છે, દુઃખ
સહન કરવાનું હોય છે. ખરણ આવે છે ત્યારે મદ ઉઠી જાય છે. સાચું બળ તો ધર્મપુરુષનું
છે. સુરનીરનું બળ સંજ્ઞામાં દેખાય. તેમ ધર્મપુરુષનું બળ મરણ સમયે જણાય છે, સુર
તેજબહાદુર, સોફેટીસ અને ગાંધીજીનું બળ એવા ધર્મપુરુષનું બળ છે. ધર્મનું બળ તેજ
આચરણ કરવાથી પ્રાપ્ત થાય છે, પણ આપણે ધર્મ કરીએ છીએ મંદિરમાં અને વ્યવહારમાં
જીવી રીતે વર્તીએ છીએ. સત્ય, પ્રમાણિકતા એ બધું વ્યવહારમાં ન ચાલી શકે એવું સમજીએ
છીએ, સત્ય વગેરે સાધુ-સંન્યાસીઓ માટે છે. એમને જ પોતાનાં મન શુદ્ધ કરવાનાં છે.

હું પુછું છું કે મુનિઓને મન છે અને બીજાઓને નથી શું ? પરમાત્માની એવી ઇચ્છા
છે કે સાધુ, સંન્યાસી સુખી રહે અને બીજા દુઃખી રહે ? ખરી રીતે સત્ય, સંયમ વગેરે
ગૃહસ્થો માટે છે. વ્યવહાર માટે છે. પણ આપણી દ્રષ્ટિ ઉલટી થઈ ગઈ છે. પોલીસ વધી,
અદાલતો અને ધારાસાક્ષીઓ વધ્યા. ઇરિષ્ટતા વધી. એને આપણે સુધારાની નીશાની માની
છે. આપણા ગ.મમાં બીમારીનો પાર નથી તેથી ઠાકતરો વધ્યા. કાવાકાવા-જુદ કપટ વધી

૬. આ અને યુ. એન. કમીશન

યુનાઇટેડ નેશન્સ ખાતેના દક્ષિણ આફ્રિકાના ડેલીગેશનના લીડર ઓ. ઇ. પી. જુરટે યુનીયનની નજીબોની રિપરિસેન્ટેશન યુનાઇટેડ નેશન્સના કમીશનના રીપોર્ટની અખતરીકા કરેલી છે અને કમીશનના દક્ષિણ આફ્રિકાના આરિસ્ટોસ યોહાન આપના કહેણે છે. આને ગોરાએ વિરુદ્ધ અને બીન-ગોરાઓની તરફથી મોઝાએ પક્ષપાત કરેલો છે. આરોપ મુકેલો છે. વધુમાં તેમણે જણાવ્યું છે કે કમીશનને હકીકતો રજૂ કરવામાં બધી જુલો કરેલી છે. જો એમ હોય તો તેમાં કમીશનને વાંકાદેવો મોઝા નહિ જણાય. અરી રીને યુનીયન સરકારને વાંકા મળ્યા કે જેણે કમીશનને અહિં આવી જાતે મોકલી તેમણે વાંકા નહિ આપી. યુનીયન સરકારે કમીશનને બહિષ્કાર કર્યો હતો અને તેથી હવે તેના પર હકીકતો રજૂ કરવામાં જુલો કરેલી છે. આરોપ મુકવાનો છે તેણે મુકાબેલો છે. યુનીયન સરકારની પાસે જો અનુભવ કેસ ન હતો તો તે યુનીયન સમક્ષ રજૂ કરતાં તેને કરવાની ક્ષમી જરૂર નહોતી. પરંતુ હકીકત એ છે કે તેની પાસે કેસ કેસ હતો નહિ. અને અવાધિકાર વિનાના અને દેશના તંત્રમાં કેસ પશુ જાતના અવાધ વિનાના હોયો હોવા પોતાના ઉપર મુજબી રહેલા યોર અન્યથો પોતાની યુનાઇટેડ નેશન્સની અવગણના કરી શકાય. જો તેમ કરે તો જો સરકારી હિસાબો કરી અર્થ નથી. આથી યુનાઇટેડ નેશન્સ કમીશન નીમ્મુ જો વાળખીજ કહ્યું હતું અને કમીશને કપાત અનુભવમાં પોતાની કક્ષિત અનુસાર જેટલું બની સહે વેટલું કરેલું છે. તેણે રજૂ કરેલી હકીકતો કદાચ સાચી હોઈશ ન હોય તો પણ તેના નિર્ણયો, કે યુનીયન સરકારની એપાર્ટ હેન્ડની નીતી દેશની અંદરની શાંતિને તેમજ આંતરરાષ્ટ્રીય સંબંધને નુકસાન કરે છે, અને દક્ષિણ આફ્રિકાની પરિસ્થિતિ દિન પર દિન અને અર્થકર બધુથી જાનવારી બનતી જાય છે, જો, જે કેસ પશુ અવધિકાર પરિસ્થિતિ થી વાકેફ છે, તેનાથી ધનકારી નહિ શકાય.

દક્ષિણ આફ્રિકાની પોલીસની અને તેની-અંદરના આફ્રિકાના તત્ત્વની કમીશને કરેલી ટીકા બીરે મી. જુરટે વાંકો ઉઠાવેલો છે. આ નાખતમા

જેક વરુ યોદ રાખવી છે કે ડેલેગેશન સરકાર સત્તામાં આપી શકેથી પોલીસ આતંકી અંગ્રેજ તત્ત્વ આગે જાહેરમાં આવે છે. આથી કમીશનથી માત્ર આફ્રિકન તત્ત્વને વિરોધ જોઈ શકાય. પરંતુ મી. જુરટે એટલું કહ્યું કરે છે કે કમીશને માત્ર આફ્રિકાના પોલીસની ટીકા નથી કરી પરંતુ આફ્રિકન પોલીસની પણ કરેલી છે. અને મી. જુરટે બ્યારે પોલીસ ને વિરોધ એમ કહે છે કે, “જો કે તેણે બધું જ મુરદેહ કામ કરવું પડે છે છતાં દક્ષિણ આફ્રિકાની પોલીસ ફનીયા ની, કાલ પશુ પોલીસથી જુલો તેવી નથી.” આરે અમારે કહેવું જોઈએ કે મી. જુરટે પણ હકીકત રજૂ કરવામાં બૂલ કરેલી છે અને તેમની વાતમાં અર્થ સંપૂર્ણ તત્ત્વ રહેલું છે. કારણ, કાલ તરીકે, સંસ્કૃતિની બાબતમાં દક્ષિણ આફ્રિકાની પોલીસ ગોરાઓ તરફ નેણક સંસ્કૃતિ, પરંતુ બીન-ગોરાઓ તરફ નથી. જો વરુ અને અમારો પોતાના અનુભવ પરથી કહીએ છીએ. અને જો અમારે અમારી રિપરિસેન્ટેશન સહન કરવું પડેલું હોય તો રસ્તો જતા સામાન્ય માણસની તો વાતજ થી કરવી!

નીચેના અભિપ્રાયો જેવાં આ હકીકતની કઈક સાક્ષી પુરે એવો છે:

“બીરોગાસર જે. પી. ક્રેલી, જે એસ્ટરલેન્ડ કમીશનર એક પોલીસ વર્કીની પદિપરથી નિરવ થયા છે, તેમણે પોતાના માનવા કમિશન મેમ્બરમાં અપણ કરતા પોતાના અનુભવ સાધીએ સલાહ આપી હતી કે પ્રવેશ પોલીસની ફરજ છે કે તેને બંદોર પ્રાન્ત તરફ સંસ્કૃતિથી વર્તવું અને મંથ તે માણસ ગદદ માનવા આને તેને વર્તવું એક રાખવા વિના મદદ કરવી. કાલથી કોઈ ફરજારો નથી આફ્રિકન પશુ માણસ છે અને પોતાના અનુભવથી ગોરા પરાવે છે. તેને માન આપવું જોઈએ અને જો તે માણસ પાસે મદદ માનવા આવે તો પોલીસે તેના પ્રત્ય સંસ્કૃતિ થી વર્તવું જોઈએ અને તેને-જેટલી મદદ આપવી જોઈએ.

પરંતુ પોલીસના આ ગેરવર્તનને માટે અને પોલીસને વાંકા કાઢતા નથી. વાંકા ફીનો છે. વળી બીન-ગોરા ને પોલીસના કાલથી સહન કરવું પડે છે એટલું જ નથી, સરકારની એપાર્ટ હેન્ડની નીતીએ બીન-ગોરાઓ દરમિયાન અણતંત્ર નેવો ફીરી યુલો છે અને એક ગેરો દમોદ અથવા નેડા

મારે ફરજારો પશુ બીન-ગોરાઓ સુમાય છે અને તેનું અપમાન કરતાં સંસ્કૃતિઓ નથી. બીજી માલતોની જેમ બીન-ગોરાને સામાન્ય સંસ્કૃતિના નીમ્મુ, ના પાલનમાં પશુ વધતા જતા પ્રમાણમાં એપાર્ટ હેન્ડનો અનુભવ લેવો પડે છે આથી જ નાટકના બીસપ રાઇટ રેવરન્ડ વરુન કનમેનને યોગ્ય અંશપર નીચેની ટીકા કરવી પડી હતી.

“અને કાલે છે કે કામ કહેવું સત્ત છે કે આપણી જુલો જુલો જાતના સંસ્કૃતિ ડોઝમાં સંસ્કૃતિની આપવા ની કરી નહિ હતી તેટલી આને જરૂર છે. અને આ સંબંધમાં મારે સરકારને એક સંસ્કૃતિ મુકવાનો છે આફ્રિકાને સાચો સરકારી પક્ષ અથવા હાથમાં સંસ્કૃતિથી સંબંધવાનો સામાન્ય નીમ્મુ સંસ્કૃતિથી જોડો કરવા મા આમે છે તેમ કરવાની ક્ષમી પરંતુ જરૂર છે અરી? અરી જ એપાર્ટ હેન્ડના પ્રથમ કાલકાલ પશુ અમારી પાસે કોવું તો નહિ જ મળવાવા અંશકા હોય કે, આફ્રિકન સાથે પત્ર વ્યવહાર કરવામાં “ડીવર સર” (મદદલા સહેબ) અને “યે. સ” ફેમિલી” (આપને વિનમ્ર) સંસ્કૃતિને અંગે કરવાથી ગોરાઓ સર્વેપરિતા એમનામાં આવી પડશે? આવી જાતની અસંસ્કૃતિએ માણસના કંઈકને દબાવે છે, અને આપણે તેને સહન કરવી નહિ જોઈએ. પરંતુ જો તે સહન કરવાનું જ હોય તો ધીરજથી સહન કરીએ અને આપણે પોતે સંસ્કૃતિમાંથી ન મુકાએ.

અહિં અમારે કહેવું જોઈએ કે આ સંસ્કૃતિના સામાન્ય નીમ્મુ પાલન માત્ર આફ્રિકાના સંબંધમાં જ નથી કરવામાં આવતું એવું નથી અમારો પર પણ અમુક સરકારી ખાતાઓમાં થી એવી જ જાતનાં કામગીરી આવેલા છે જે પરથી અનુભવની શકાય છે કે જો પ્રથમ સંસ્કૃતિ બીન-ગોરાઓના સંબંધમાં કાણ પાડવામાં આવી રહી છે.

મી. જુરટે કમીશન પર ઉરેરેલું કરવાની બાબત વાપરવાનો પણ આરોપ થયો છે. તેમણે કહેવું જણાવ્યું છે કે, મી. સુન્ડાનું જણાવ્યું હતું કે, યુનીયનમાં એવી પરિસ્થિતિ ઉભી કરવા માં આવી રહી છે જેથી દરમિયાન કેકેક યુનિયન બનવાનો અર્થ રહે છે અને ઉવટે કેકેક લાવવાનો માર્ગ તેના અનિવાર્ય બપર પરિણામે, સાચા મજાદારોને રહેરી મી. જુરટે કહે છે કે “આ કમન મુજબ જો અમારે અને બીન-જાણકારીએ” છે. મુજબ બળવાની ફેરોરથી કરતાં તે એવું નથી અને જે રીતે તે કરવામાં આવેલું છે તેનો, આરજ પાછળનો સંબંધ જોતા, એવો જ અર્થ થઈ શકે કે તેનાં પગલાને યુનાઇટેડ નેશન્સ તરફથી સહનવાળી આપવામાં આવશે.”

મી. જુરટે અને યુજીયુ કે પોતી ખાતાના પ્રધાન મી. સિસ મી. લિવે મથે આવાદીએ પોર્ટ એલીકમેથમાં

કેપ નેશનલીસ્ટ ડેલીગેશન યુનાઇટેડ નેશન્સ ખાતેના કમીશનના વાપરેલી નીચે પ્રમાણેની બાબત ફેવી અણુ. મારે તેઓ જોઈ શકતા છે:

“એપાર્ટ હેન્ડ, જેના યુનાઇટેડ પાર્ટી, લીબરલ પાર્ટી અને ડેમોક્રેટીક વિરોધ કરી રહ્યા છે, તે આપણા પ્રધાનો અરકારે દેહ નિકાલ કરેલા છે.” બધુમાં તેમણે કહ્યું: “અમે આ અનિવાર્ય પહેલ કરવામાં આપણા પર વિશ્વાસ રાખ્યો. અમે બધું સાચીપી કરવા માંથીએ છીએ. પરંતુ અમુક વિરોધી એક દેહ હાઈ જ ગામતો હોય તો અમે તેઓને તે આપણું અને એ હાઈલાઈટ બેગ આપવા તમારે બપા એ તર્કવાર રહેવું પડે આપણા કોઈના કાલિને ખાતર તે જરૂરી છે.”

અને મુજબ પ્રધાન ડો. ડી. ડ. ડે. ગોરો ક્રેટાવિનમાં નેશનલીસ્ટ પાર્ટીની નાટકની કમીશનમાં થું કહ્યું હતું તે વચ્ચે: તેઓ જોઈ શકતા છે:

“નેશનલીસ્ટ પાર્ટી દક્ષિણ આફ્રિકાના સંસ્કૃતિ વિચારવાને લેવાને કંઈક આપી રહી છે. આપણી કાલે આવી પડેલાં અને કંઈક એવો એવો આ દેશ ને, કાલે રહે તેને આત્મ સંસ્કૃતિ ગોરાઓ સંસ્કૃતિ થઈ કંઈક રહેલું હતી નહિ હવે તેટલું આને આવરક છે.

ઉપમાં અવતરણો પરથી કાણ મને જરૂરી રહ્યું છે એ સાવ દેખીતું છે. બીન-ગોરાઓએ કેકેક પશુ અપને એવું નથી કહ્યું કે આ દેશને તેઓ કાળા એવો દેશ બનાવવા માગે છે. તેઓએ કહ્યું છે કે તેઓના તરફ ગોરાઓ પોતાને વિરોધેલા હોય છે એ તેનાં લામણીએ ધરવનારા મનથી એ તરીકેના વર્તવું કામગીરીમાં આવેલો જોઈએ અને એ લામણીએ તે સમન પહે માન અપવામાં આવતું જોઈએ. અમે સુચીયું કે કાલની સરકાર તકન ઉધ મારે થઈ મથેલો છે અને હા કરી ને તે પોતાની રીત સામાન્ય નહિ તો આ દેશને માટે તેમજ તેમાં વસતા લોકોને માટે પરિણામ થઈ જ આવતવનક આપશે. અમારી અર્થ પ્રતિ યુનિયન યુનાઇટેડ કમીશને આ કરતાં કહ્યું વિરોધ કહેલું હોય એમ અમને લાગતું નથી.

સેન્ટ્રલ આફ્રિકન ફેડરેશનમાં વસાહતપર નંબર અંકુર

સેન્ટ્રલ આફ્રિકાના કામગીરી ફેડરલ સરકારે ફેડરલ રાજ્યમાં કામગીરી વસાહતીઓને અંકુર પોતાના કામમાં લીધો છે, કમણા બહાર પડેલાં એક નીચેનામાં, જણાવ્યું છે કે ફેડરલ સંસ્કૃતિ સમારથી એવું જોવામાં આવેલું છે કે વસાહત પર અંકુર રાખવામાં નહિ આવે તો કામગીરી વસાહતીઓ અને કંઈ

અન્ય કાર્યમાં સફળતા મેળવી છે. કમીશને કુલ સમયમાં દક્ષિણ આફ્રિકાના ખેતીદાર, વૃજીય વીગેરેના સારાંસ ધરી કાઢ્યો છે. તેમજે એરિકન, કસા અને હોલોઆની રાજકારી અને સામાજિક હાડગારીઓની કપરેખા આપી છે અને આથી તેમના પર ચલી અસર પડતી છે. કમનસીમે પોલીસો વીરો રીપોર્ટમાં એવી ભાષા વાપરવામાં આવી છે કે જેથી વીરોષ કરનારાઓ ને તેનો ઉલ્લેખ અર્થ કરવાની તક મળી છે.

રાજ્યવિધારણ ધડી કાઢવામાં પાલીસ્તાને આવેલી સલાહ

કરાચીનું ટાઇમ્સ ન્યુઝે છે કે પાલીસ્તાને પોતાનું રાજ્યવિધારણ ધડી કાઢવામાં ખીટન અને કનેડાની સહાય માંગી છે. ખીટન પાસે સલાહ સેતાં તેમજે સીએન વીડીઓના, વાલ્સ મેનસેલર, સર આઇવર નેવિન્સના 'એબીનેટ રીસપોન્સીબીલીટી'ના લેખો જ્ઞાનમાં લીધા છે. ખીટ વીનની કનેડાની સરકારને કરવામાં આવી છે. આ ખાબતમાં, પ્રેસીડન્ટને અપાયલા હકોને લીધે, અમેરીકાની સલાહ અનીચ્છીત ગણાય છે. કનેડાનું રાજ્યવિધારણ પાલીસ્તાન માટે પણ મોગ્ય લાગે છે. પાલીસ્તાનના કાનુની અધીકારીઓ પ્રચુ દોહી બધારણની જેમ ગુઆડો ઉપરથીત ચલે અટકાવવા માંગે છે. તેઓ મૂળજૂત સિદ્ધાંતો સીવાય બાકીનું બધારણ બનીવ્ય માટે પ્રુક્ષ્ રહેવા દેવા માંગે છે. તેઓ સેખીત અને અસેખીત બધારણ ધરવા માંગે છે. પાલીસ્તાનમાં મનમ છે કે લઘુમતી અને હોલુઓના હકો—જાળવવામાં આવ્યા છે. હવેદાની નજરમાં બધા સરખા છે અને વાણી અને ધર્મની સ્વતંત્રતા આપવામાં આવી છે.

અમેરિકાના હન એફ્રીકાના નામનું પુસ્તક

દોહીમાંની હનરરમેશન સરવીસ મારફતે દોહી સરકારે "અમેરિકાના હન એફ્રીકા" નામનું પુસ્તક બહાર પાડ્યું છે. આ પુસ્તક આફ્રીકન ખંડના જાતીએની સખત ટીકા કરે છે. આ પુસ્તકમાં મી. એલેક રીડે, 'હોલુસન ટાઇમ્સ' માટે લખેલા લેખો નો સમાવેશ થાય છે. મી. રીડે ગમે ત્યાં દક્ષિણ આફ્રીકા આવી ગયા હતા.

"કેન્યા ધ હોસ્ટ સ્ટ્રોમવોલ્ડ એફ ધ કાઇલ્ડસ"ના મયાળા હેઠળ તેઓ એ લખ્યું છે કે કેન્યામાં જાતીએ પુરતા પ્રમાણમાં છે. યુનીયન અને ઇસ્ટ આફ્રીકા વચ્ચે એટલેજા તરફત છે કે ઇસ્ટ આફ્રીકામાં કે. મલાન નથી અને દક્ષિણ આફ્રીકાની કુર જાતીએની નીતી નથી. પરંતુ

કેન્યામાં સમગ્ર સરખોજ જાતીએ છે. મી. રીડે તેમના લેખોમાં જણાવે છે કે કેન્યાના આફ્રીકનોને જમીનની જરૂરીયાત લેવા છતાં, કેન્યામાં પ્રુક્ષ્ કાઢીન લેન્ડ છે. આ જમીન બીલકુલ વપસતી નથી અને બનીવ્યના સેલરો માટે રાખી કુકવામાં આવી છે. કેન્યાના મુરોષીઓને લેખ અને અમાનુષિતા ફક્ત કે. મલાનના આફ્રીકાનોરો સાથે સરખાવી રાખાય. હ્યુઝ ટ્રાપ્પાર્ટ બર્નમેન્ડ કન્વિઝન સેક્રેટરી

છાકીજ બેઠાએ. સરકારે જ્યાં ત્યાં
તમારે માટે ખીર હોલો (પીકાઓ) બેઠ્યાં
છે તેનો તમારે સંપૂર્ણ બહિષ્કાર કરવો
બેઠાએ અને ધમરનો ડર રાખી
ચાલતાં શીખવું બેઠાએ.” મળ્યાને
આ વાત દરો, વળી કહેવા લાગ્યા કે
કામ્યુનીસ્ટો કરી રહ્યા છે તેજ બંધ
છે. આ લોકોને તો દારૂજ કરવા
બેઠાએ. છતાં મનમાં તો તેઓને
દરો મળું કે એ મારે તેઓ કાવશે
નહિ કારણ રાજકીઓ પાસે હોસાને
પહેલી વળવાને અપ્રુટ બળ છે અને
અહોસાનોજ માત્ર તેઓના કલ્યાણને
માટે બરો છે. પશુ હોસક વૃત્તિ

અમારો એક કલાક પુરો થયો.

એજોને ફટકા મારવામાં આવ્યા

ભારતનો પત્ર

(અમારા અખરપત્રી તરફથી)

મુમ્બઈ, તા. ૧૮-૧૨-૫૩.

પાકિસ્તાન અને અમેરિકા વચ્ચે ઘરઘરી સંઘર્ષના દરોહો માટે આવી રહેલી વાટાઘાટો, જે આજે ભારતમાં કુખ્ય ચર્ચાનો વિષય છે. મળતાં સમાચારો, મુખ્યત્વે પાકિસ્તાને પોતાના પ્રદેશમાં અમેરિકાને લેઈ ઘરઘરી મધ્યે આપવાની તકવારી બનાવી છે અને વડાશા પોતાના ઘરઘરને આ ધુનિક યંત્રોથી સજ્જ કરી દેવાની માનવણી કરી છે. આવા દરોહો થાય તો પાકિસ્તાનને ઘરઘરી સમસ્યાની ખરીદી માટે રૂબ રૂબ દેશની સહાય મળે તેમ છે. પાકિસ્તાન અમેરિકા સાથે આવા પ્રકારના દરોહો કરવાને માટે હાથ સમર્પણી પ્રવાસ કરતું હતું. પરંતુ આવા દરોહો, જેનાથી બંને સત્તાવાદી જુઓ વચ્ચેની લાઝ બારન ની સરકાર નજીક આવે તેને, ભારત કુશળતાવટ બની પગમાં તરિકે અજીરો, એવી ભારતના વડા પ્રધાન શ્રી નેહરુએ સમર્પણની ચેતવણી આપ્યા પી અમેરિકા આવા દરોહો કરતા અચાતું હતું.

અમેરિકાએ પ્રથમ તો ભારતને સહાયતા માટે બધા પ્રયત્નો કરી લેવા. પરંતુ તેમાં તેની કારી કારી નહિ ઠાપવું સત્તાવાદી જુઓ સાથે ન ભેદાવાની અને પોતાની સ્વતંત્ર વિદેશ નીતિને આપુ સંબંધના નિષ્કર્ષ માંથી શ્રી નેહરુ અસિત થયા નહિ. ભારત અને અમેરિકા સાથે આવા દરોહ પી ભેદાવાને તકવાર થયું હોત તેને પાકિસ્તાન કરતાં અનેકગણી અમેરિકાન મદદ મળે ચાવી હોત. પરંતુ ભારત ઠાપવું ભોમે પોતાની રાજનૈતિક વડાવા આપતું નરોત્તુ ભેદાવા હાથે હાથે દરોહો અંગેની ભારતની રાજ નીતિથી અમેરિકાને આપો મધ મુશી છે કે, ભારતને ઠાપ વળ રીતે ભયભાવને દબાવાર બનાવી દેવા તેમ નથી. હાથે હાથે પાકિસ્તાન બધા અંતિમાદ દેશના નિષ્કર્ષ ની વિરુદ્ધ બંને પક્ષ અમેરિકા ને બાંધુ થત આપે તે આપુ મદ આપતું હતું. એટલે હાથે અમેરિકા મુશી રીતે પાકિસ્તાનને સહાય આપવા તકવાર થયું છે. આમ હતા તે ભારત ને મુશી રીતે નાશ કરવાને કે મુશી રીતે ભારત વિરુદ્ધ પાકિસ્તાનને સહાય કરવાને તકવાર નહિ જ થાય, એમ થવાય છે. કારણ કે ભારતને નેનિશ રોડ મુશાસને તેને વિરુદ્ધ પક્ષે ભવા દેવાનું અમેરિકાને પોતાજ શ્રે તેમ નથી.

પાકિસ્તાન અને અમેરિકા વચ્ચે ઘરઘરી દરોહોથી સમસ્યાની અને સોશલ રીતે વચ્ચેનું કંઈ મુદ્દા ભારતની સરકારે આપે એ બાબતને બાંધુએ રાખીએ તો પક્ષ છે દરોહના પરિણામો ભારતને માટે વિચારવા જેવા છે. આવા દરોહો થતા પાકિસ્તાનનું વધુ ભારત મતે વધુ કામ પાડે અને

બંને વચ્ચેના વિવાદોમાં મુદ્દાઓના ઉદ્ભવ માટે ને આશા ઉભી થઈ છે, તે નાબુદ થાય. અમેરિકાના ખોલવળ ના ભેર પર તે વધુ અંકેશક બનવા પ્રેરાય, જે કે દિલ્હીના સરકારી વર્તુળો એમ સાફ સાફ કહે છે કે, પાકિસ્તાન ના ઘરઘરને મતે તેટલી સાધન સામગ્રી અમેરિકા આપે તો વળુ ભારતે ચિંતા કરવા જેવું નથી. ભારત પાસે પુરતી તકવાર છે. પરંતુ ચિંતાને પ્રથમ એ છે કે, બંને દેશોને લાભ થાય એવી રીતે મિત્રાચારી બરી રીતે રહેવાને મદદ, આ કરાર થયા પછી પાકિસ્તાન ભારત વિરોધી વલણ તો અબ ત્યાર નહિ કરે. તેમ થાય તો બંને દેશો વચ્ચે કામ થઈ શકે.

આ સંબંધમાં શ્રી નેહરુએ પત્ર કરોને જણાવ્યું હતું કે, પાકિસ્તાન -અમેરિકા વચ્ચેના સુમિત કરોશની સમરત કક્ષિણ એક્ષિય અને અસ કરીને ભારત અને પાકિસ્તાનની રક્ષણ વ્યવસ્થાના સમય તંત્ર પર કુશળી અસર થશે અથવા અવા પમસના પરિણામો સાથે સંબંધ છે. અમે પરિસ્થિતિને જાણી જાણીને સાંચેનિયી અભ્યાસ કરી રહ્યા છીએ.

તેમજ વધુમાં કહ્યું હતું કે, પાકિસ્તાનમાં અમેરિકાન સરકારી મધ્યે, રચાવવાની વાત થાય છે. પોતાના પ્રદેશમાં પરદેશી મધ્યે, પરદેશી ઘરઘરો કે પોતાને કાલે તે વસ્તુ રાજ્યને પાકિસ્તાન સ્વતંત્ર છે. પોતાની રાજનૈતિક તાને કમાવી દેવાને કે તેને અપરિત કરવાને પણ પાકિસ્તાન સ્વતંત્ર છે. આપણે તેમાં કબજ કર્યું નહિ પરંતુ તેના આવા પમસના આપનાર પરિણામો સાથે આપણને સંબંધ છે. એટલે આપણે તેના મળી જ સાંચેનિય પૂર્વે અભ્યાસ કરી રહ્યા છીએ.

આ સંબંધમાં ભારત સરકારે દિલ્હી બંનેના જુદા જુદા દેશોના એવમીઓ સાથે બનીપરવારિક રીતે મંત્રણા કરી હતી. ભારતના અમેરિકા આતેના એકબી થી મનનવિદારી મળેતા આ સંબંધમાં અમેરિકાના વિદેશ મંત્રી થી કમિશને મળ્યા હતા અને આ વિશે ભારતના અધિધાવની ભેરકાર રજુ આપ કરી હતી.

પાકિસ્તાનની બંધારણ સજાએ પાકિસ્તાનને કરવાથી રાજ્ય બનાવવા ના, સહીબના કામકાનું પાલન કરવા ના અને યુરનીય મિત્રાવ દેશને રાજ્ય ના વડા ન બનાવવાના ભીષમ નિષ્કર્ષ બંને ભોખા શ્રી નેહરુએ કહ્યું હતું કે, આ કામકાનું બંધારણ પ્રથમ

મુશી છે અને તે લોકલોકીથી સંપૂર્ણ પક્ષે વિરુદ્ધાં બધ છે.

પાકિસ્તાને રચવા કારણે બંધારણ જોષામાં જોષા મે પ્રકારનાં નામરિકો મે દરજ્જાનું નામરિકત સજ્જ છે, એ તદન સ્પષ્ટ છે. આમાં એક વર્ગ ને વધુ તક મળશે અને બીજાને જોષી. પરિણામ એ આવશે કે, હાફુ ખિસ્તી, મુશી કે બીક જેવી હધુમતિઓને સામથી કે અર્ધો તેમનું યોગ્ય સ્થાન નથી. તેમને માટે યુજવળ ઉભી થશે અને તેમને બાવિ માટે નજીવી આશા રહેશે.

પાકિસ્તાનના ભીન તરીકે આ પ્રકાર ના બનાવથી અને એદ થાય છે, કારણ કે એથી તંત્ર વાતાવરણ અને કુખ્ય જન્ય પરિસ્થિતિ સતત આપુ રહેશે. વધુમાં પાકિસ્તાનને આ નિષ્કર્ષ ૧૯૫૨ માં થયેલા નેહરુ-લિપાકત કરાર નો ભંજ કરે છે, આથી કરારને, ભંજ થાય છે, એમ કહેવામાં અને રસ નથી, પરંતુ બાના ને પરિણામો આવશે, તે વિશે કું ચિંતાવું છે, કારણ કે પાકિસ્તાનના આ પમસને ભારતમાના કામીવાદી તત્વો પોતાની જોડી નીતિ અને જોડી કમિયોને પ્રચાર કરવામાં ઉપયોગ કરશે અને ભર્ષા મુશેરો રચાવવાની જરૂર છે, ત્યાં ભીનરસ ઉત્તુ કરશે. બંને દેશોના મેકેશમાં ભર્ષા મુશુત રીતે મિત્રાવાની મામળી છે, ત્યારે ભારત કે પાકિસ્તાનમાં, બાવિ માટે મુશેરી ઉભી કરે તેવી આશા ઉભી થાય એ કમનસીબ છે.

શ્રી નેહરુએ તેમની અને પાકિસ્તાનના વડા પ્રધાન વચ્ચેની મંત્રણા માં થયેલી પમતિ વિષેના પ્રકોને જાણ્ય આપતાં જણાવ્યું હતું કે, અમારી વચ્ચેની હેશી મુશાકાત પછી અમારી બંને વચ્ચે પત્રવ્યવહાર ચાલુ રહ્યો છે. થો' તજ-ચાર પડે જ, મદમદ અક્ષીને હાથો છે. પગાજ મદમદ અક્ષી તરફથી પાકિસ્તાનની આતરિક માળગેના કલાજ અને નાફુ-રત તમિયતને કારણે જવાબો આપવામાં દીક્ષ થયો છે.

આ વર્ષે ભારતના તમામ વર્ગોએ વિવિધ મળા ઉત્સાહ સાથે ઉભા છે, આના મુખ્ય કારણો એ છે કે, આપુ વર્ષે સમયમ તમામ બીજોને ભજવળ પાક ઉભો છે. સંપત્તિ ગીજ વસ્તુ મેશા બગે અને તેની વર્ધેવણી થત ના અંકેશો પણ હળવા થયા છે, એથી નેપારી તજ' પણ અતનંદમાં છે. રીતગીત પડેલાં ને બનરો દીર્ઘ પડી બધા હતા, તે દીર્ઘાઈ માથે આપતાં

સુધરવા લાગ્યા હતા, થીએ થીએ પરિસ્થિતિ સુધારા પર આપતાં મેકેશ માં આ વર્ષે દિવાળી ઉત્સવનો સારો એવો ઉત્સાહ નળે પડેલો હતો.

ભારતની પાકીમેન્ટની સરકારની મેકેશ દિલ્હીમાં શરૂ થતાં પાટનગર કરી રાજધાની પ્રતિષ્ઠા મેમમમી રહ્યું છે. પાટનગરમાં દેશના જુદા જુદા ભાગમાંથી આવેલા પાકીમેન્ટના સભ્યો ને મુકપરણ કરનાં જણાય છે કે, ભમ ભમ દરેક પ્રાંતને પોતપોતાની સમસ્યા જો છે.

માવજીભર-કોચીન મારાસબને જરૂર ભારત ભર્ષા પછી ત્યાંથી પડેલી જ વાર દીક્ષી આવેલા પાકીમેન્ટના સભ્યોના કહેવા મુજબ ત્યાંની મારાસબાની નળી મુ'દળીમાં પણ કાઈ પણ પક્ષ સંપૂર્ણ જલુમતી મેળવી શકશે કે કેમ એ થાંકા છે. કેમિસ સાથે જુદા જુદા કીરોથી પડેલો રહેલો સંપૂર્ણ મેરવો પણ મુ'દળી પુરી થયા પછી કાઈ શકશે કે કેમ એ વિષે પણ આ સભ્યો થાંકા બધા કરે છે.

મદાસ રાજ્યમાં થી રાજગોપાલા ચારીને કુખ્ય પ્રધાન પડેલી ઉમેદી નાંખવાના પ્રવાસે, તામીલનાડ કેમિસ ના એક વર્ગ તરફથી હજુ આપુ છે, મદાસ રાજ્યનો બાજલા પડ્યા પછીથી આ વર્ગ શાંત પડશે, એવી આશા હતી તે જોડી રી છે. રાજજીને ઉપલાની પાડવામાં આગેવાનીઓ ભાગ તામીલનાડ કેમિસ કમિટિના પ્રમુખ થી કે, કમરાજ સહ રહ્યા છે. થી કમરાજને મદાસના મુખ્ય પ્રધાન નો રોલો ભેદાવા છે. પણ તેમનું બળ એટલું બધુ નથી કે, તેઓ રાજ્યને ઉપલાવી શકે. વધુમાં તો રાજ્ય છોડે થી, નેહરુ, કે. રાજેન્દ્રપ્રસાદ અને મીશાના આગ્રાદ નેવાઓને રોડ રોવાથી, તેમનું કાંઈ મધ શકે તેમ લાગતું નથી.

પેશુ સંમત સભ્યોને જોડી ખાતરી છે કે, ત્યાં હાથેક માસ પછી મારા સમાની મુ'દળી થશે અને રાજપતિને શાસનને અંત આવશે. મુ'દળી પુરવ ત્યાં વચ્ચાણાની સરકાર રચાને બીન-કેમિસી સભ્યોને રોડ છે. પરંતુ રાજ્યમાંના જુદા જુદા રાજધાની પડેલા વચ્ચે વચ્ચાણાની સરકારની રચના અંગે એકમતિ થતી ન હોવાથી બાવી સરકાર મુ'દળાણી તક પડતી જાય છે. આમાં અકાલી કળે, સરકાર બાન સીમ રાજમાના મુ'દળત મોરચા ઉપ રાત જુદા' પણ પ્રતિનિધિત્વ ભેદાવા છે અને આનું વધારાનું પ્રતિનિધિત્વ ન મળે તો તમમણાની સરકારમાં ભેદાવાને બેકાળી રજ તકવાર નથી, એવા તેમ વચ્ચાણી, બાવી સરકાર રમાવાની કમળા નહિત્તુ બને છે. રાજમાનામાં કેમિસના મદાસથી થી અમવાસન, બેદમત ભર્ષા પ્રવાસે

છતાં હાથના મુખ્ય પ્રધાન શ્રી જય નારાયણ બ્રાહ્મણ અને માણ્ય મુખ્ય પ્રધાન શ્રી પાલીવામ વચ્ચે પ્રધાન મંડળ ની નવરચના અંગે કાંઈ સંતોષકારક સમાધાન થઈ શક્યું નથી. એટલે ત્યાં પણ ખટપટ ચાલુ છે.

આ ક સરકારમાં જોડાવેલા પ્રજા સમાજવાદી સભ્ય શ્રી ટી. વિશ્વનાથમ ને સરકારમાં ચાલુ રહેવા દેવા કે તેમનું રાજીનામું મંગલું, એ વિષે હજી પ્રજા સમાજવાદી નેતા આચાર્ય કપસાની એ કાંઈ નિશ્ચય કર્યો ન હોવાથી, આંખની મીઠા સરકારનું બાકી પણ હજી જાળવે તોળાઈ રહ્યું છે. આ વિષેની વિગતવાર રિપોર્ટ હું આગામી પત્રમાં આપી ગયો છું.

આ બધા પ્રતિેની મુંચવાડા બરી પરિસ્થિતિ પર વિચારણા કરવા માટે કોંગ્રેસની કારોબારી સમિતિ તથા કોંગ્રેસની અધ્યક્ષ માર્કોમેન્ટરી બેઠકની બેઠક િંદી ખાતે તા. ૫મી અને ૬મી ડિસેમ્બરના રોજ મળશે. આ બેઠકમાં મદ્રાસના મુખ્ય પ્રધાન શ્રી રાજગોપાલાચારી પણ હાજરી આપશે. ઉપર જણાવેલા પ્રતિે સિવાય અન્ય પ્રતિેમાં રાજદારી મોરચો શત છે. આ ક ખટપટ જેવું નથી.

સૌરાષ્ટ્ર મારાસભાની શરૂઆત યજ્ઞ મહ છે. બેઠકમાં બેઠકત મજુ રાહત ખરડો રજુ કરવામાં આવ્યો હતો. બેઠકની બાબતમાં મરાસદારે અને મારખલીદારે, જેમની કે બાવકને આખાર ખેતિ પર હોય, તેમને પણ સમાવેશ કરવામાં આવ્યો છે. સૌરાષ્ટ્રને આ ધારે મુખ્યત્વે મુખ્યમાં દસ્તી ફરાવતા મારા જેવા છે. આ મારાથી કરગદાર બેઠકોને મજુ રાહત મળશે. આ ખરડો તપાસ માટે પ્રવર સભાતે સંપાદે અને જરૂરી સુધારા વધારા મજુ તે ફરી મારાસભા સમક્ષ રજુ થશે.

આ સંબંધમાં કેટલાક ધીરધાર કરનારા વેપારીઓએ એક નિવેદન બહાર પાડીને જણાવ્યું છે કે, આ મારાથી ધીરધાર કરનારા વેપારીઓ પર મજુ ખરાબ અસર થશે. આમકા માં વેપારીઓનું આર્થિક તંત્ર ચોર-વાળું જશે અને ધીરધારનું કામકાજ જ મટી જશે. તેમજ મારામાં જુદા જુદા સુધારા સુચવ્યા છે.

વધુમાં જમીનોના કુદરતી અટકાવકાર ખરડો પણ સૌરાષ્ટ્ર મારાસભામાં રજુ થશે છે. એક બેઠકના મુલ્ય મજુ તેના મુજે જમીન વહેંચાતાં, જે સાબ નાના અને ખેતિ માટે ચોપાય નહિ તેવા કુદરતી અટકાવવાનો આ ખરડોને કેટલો

અન્યાયને દુર કરાવવા માટે મારખલી દાર સંધના પ્રમુખ શ્રી જમિયતરામ આચાર્ય ઉપવાસપર હાજરી હતા. તેમના પ્રતે સહાનુભુતિ બાબતમાં ૫૬૨ જહેનો સહિત ખીળ ૨૧ માણસે, જેલા કિરસોમાં ઉપવાસમાં જોડાયા હતા. શ્રી આચાર્યના ઉપવાસના ૩૦ મ. દીવસે સૌરાષ્ટ્ર મારાસભાના સભ્યો પ્રાણના કારેર અને યા બાધકુળ્ય મુકલે આપેલી ખાતરીઓ મજુ શ્રી આચાર્યે ઉપવાસ છોડી પારણ કર્યું હતું.

વડોદરાની સેન્ટલ જેલમાં ૩૬ મોમ વતા પારડી સત્યાગ્રહના ૫૮૦ માણસોને રાતે કેદીમાં પુરવા સામેના વિરોધ તરીકે, પારડી સત્યાગ્રહના જે સમાજ વાદી નેતા શ્રી પ્રતાપશાહ અને શ્રી નટવર મોદી મધ્ય યનિવારથી મુખ્ય હડતાળ પર હાજરી છે. આ કેદીઓએ

તેમને પહેલાં વર્ગના કેદીઓ, તરીકે મજુવાની મામણી કરી છે અને આ સંબંધમાં મુખ્યકના મુક પ્રધાન શ્રી મેરાણ દેસાઈ પાસે રજુઆત કરી છે. આ દરમિયાન હવે આ ૫૮૦ મજુસો એ મજુ મુખ્ય હડતાળ શરૂ કરી છે. આ મેરાણજીભાઈના જવાબની રાહ જોવાય છે.

મુખ્ય, સૌરાષ્ટ્ર અને કચ્છની ૧૯૫૧ માં થયેલી વસતી મજુતરીનો દેવાલ બહાર મજુ છે. આ દેવાલ પ્રમાણે ૧૯૪૧ થી ૧૯૫૧ સુધીમાં મુખ્ય રાજ્ય ની વસતીમાં ૨૩.૨ ટકા, સૌરાષ્ટ્રની વસતીમાં ૧૬.૨ ટકા અને કચ્છની વસતીમાં ૧૧.૮ ટકાને વધારો થયો છે. ૧૯૫૧માં દોડી સંધના રાજ્યો માં, ૩,૫૮,૫૬,૧૦૦ ની વસતી અને ૧,૧૧,૪૩૪ ચોરસ માઈલના વિસ્તાર

સાથેનું મુખ્ય રાજ્ય વસતીની દ્રષ્ટિએ મોટું અને વિસ્તારની દ્રષ્ટિએ પાંચમું મોટું રાજ્ય છે.

૫૬૬ મુખ્યની વસતી જે ૧૯૪૧ માં ૧૬,૮૫,૧૧૮ ની હતી તે ૧૯૫૧ માં વધીને ૨૮,૩૮,૩૭૦ ની મજુ છે. આમ મુખ્ય જે મારતનું ખીળ નંબર ૫ મોટું સહેર મજુવું, તે હવે પહેલાં નંબરનું મોટું સહેર મજુ જાય છે. પહેલાં કલકત્તા વસતીની દ્રષ્ટિએ પહેલાં નંબરનું સહેર મજુવું. હજી મુખ્ય માં તેમ સુધિના અને ખીળ કારખા ના રચવાતા દેવાથી તેની વસતીમાં મજુ વધારો થવાનો સંભવ છે,

ON HEALTH

Extracts from a speech by Dr. Denham, Health Officer of Birmingham, England,
read at a Rotary Club meeting:

THE national health service hastened to encourage the belief in the minds of people that health is now available to them through the medium of medicine. This is a great mistake and I feel sure we as a profession would be doing a much greater service to mankind by emphasising the fact that medicines are seldom necessary in the treatment of ill health in a healthy community. The same view should be to take all available measures in our power to prevent disease and not to accept its periodic visitations as inevitable. I am convinced that one of the main functions of the medical practitioner should be the giving of advice as to the best measures which should be taken to avoid illness and thereby maintain a state of positive physical and mental health. A very considerable part of minor illnesses from which we suffer year after year is due entirely to our own way of living and is in many cases completely preventable. An outstanding example of this at the present time is food poisoning. The vast majority of these cases are entirely preventable if any one connected with the preservation and handling of food took ordinary sensible precautions against contamination. In the same way if each individual took similar sensible precautions regarding his own health and avoided over-indulgence in eating, drinking and smoking and took proper exercise, how much of the minor illnesses to which we are so prone might be avoided?

"Of course this type of advice is not popular with the average patient who feels that the doctor is putting the responsibility back on him of curing himself when in fact the doctor should be doing it through the medium of bottles of medicine and pills!"

The Editor of 'Daily Graphic' (London) in which the above speech was published writes

"Get a few people together and sooner or later they will talk about their illnesses—or their children's. Note they do not discuss how to avoid disease. It is symptoms and treatments that interest them, not health and how to keep it. One of the aims of the national health service is to prevent illness. But prevention should begin in the home, not in the doctor's surgery. Its secret is simple—sensible living and wise precautions. Dr. Lord Moran drew attention to the need for educating the public in health matters. That need is urgent. The warm weather is bringing increased risks from infected food. How many people realise the importance of absolute cleanliness in handling food stuffs? Dr. Lord Moran suggests an inquiry to discover what people are thinking about health. The real trouble is that they don't think. Otherwise they would not invite illness by their own carelessness and folly and then imagine that a bottle of medicine prescribed by an overworked doctor will put things right. Here to start them thinking are rules for healthy living given by a medical leader. Plenty of fresh air, simple, adequate diet, sufficiency of sleep, physical exercise and bodily and mental cleanliness"

"The War Resisters League serves an important purpose. There are many independent individuals in all countries to whom the saying 'War is a crime against humanity' is no empty phrase. They would, rather submit to penalties and social ostracism than act against their consciences.

"The War Resisters League is important because, by union, it relieves courageous and resolute individuals of the paralysing feeling of isolation in the fulfilment of what they consider their duty.

"The existence of such a moral elite is indispensable for the preparation of a fundamental change in public opinion, a change which, under present-day circumstances, is absolutely necessary if humanity is to survive."

British Government Taken To Task

THE way the Mau Mau movement is being tackled by the British Government has certainly not pleased the non-European world. Nor has it pleased the liberal element in the European world. They have felt that instead of going into the root cause of all the trouble unscrupulous tactics were being done to crush the whole movement by getting rid of those responsible for it. Little did it occur to the authorities concerned that they could not possibly kill the spirit thereby which is bound to re-assert itself more forcibly than ever. The lessons of the last two devastating wars have unfortunately not gone home to them. Killing of people indiscriminately in the name of Mau Mau has been going on now for some considerable time but a very feeble voice of protest was being heard from the British people. Now when a great deal of damage has been done and some of the atrocious acts have been caught red handed the heart of the British people have been stirred to their very depths as would appear from the recent reports of comments made on the trial of Captain Griffiths who was recently found not guilty of a charge of murdering an African in Kenya. For instance, the Manchester Guardian is reported to have said,

received, it was not the verdict which caused concern so much as the background revealed."

"Evidence given during the trial of Captain Griffiths indicated a deplorable state of mind among officers, or some officers, of the armed forces engaged in the operations against the Mau Mau gangs."

"It is a revolting thing the soldiers, in this instance Africans serving in the King's African Rifles, should be offered rewards of 5s. and of 10s. for every Mau Mau shot, or that company scoreboards should be exhibited as if every terrorist or suspect killed was a goal."

"This was surely a barefaced encouragement to reckless and indiscriminate killings."

The Daily Herald is reported to have said that Mr. Lyttelton must resign.

"His conduct of Colonial affairs is threatening Britain's good name throughout the world," it said.

Horror and indignation were felt by the British public at the conditions in Kenya revealed by the trial, the paper added.

"The captain was found not guilty, but some operations against the Mau Mau, we now learn, have been carried out in the spirit of hunts against wild animals."

"This is neither law, justice, nor necessary self-defence," the Daily Herald said.

"It is inhumanity and political lunacy and Mr. Lyttelton, all the more because he still delays sending out the Parliamentary delegation to inquire into these very conditions must bear the responsibility."

"To save Britain's reputation as a Colonial power from deepening shame Mr. Lyttelton must now go."

The Daily Mirror is reported to have asked

"How and when is Britain going to answer? Is it right that Africans should be shot in the back because they seem to be running away 'in a shambling trot' from British troops when told to halt?"

"With all the fury in their hearts the British people disassociate themselves from this attitude. They have never gone in for corpse-counting. For them, the chalking-up of kills in the mess comes from a nightmare which must end."

"We demand a Royal Commission to visit Kenya and find out just what is going on, just what is being done in our name."

"Our shame is proclaimed to the world until action is taken."

"It is a week since almost 50 Labour Members of Parliament signed a motion deploring this discrimination. So far the Government has found no time to discuss it. This is scandalous. There must be found for both Bermuda and Kenya."

"There are 500,000,000 Coloured subjects in the British Commonwealth and Parliament's responsibility to them is to uncover what is happening in Kenya and what went wrong in Bermuda."

Has this awakening not taken place, we wonder? What irreparable damage has already been done. Anyway, better late than never.

We certainly feel that a 'rearmaments' movement is going on at a snail's pace and in the meanwhile innocent people are having to suffer unworld hazards and gross injustices. The racial discrimination in South Africa is a case in point. When millions of voiceless and voteless people are ruled by a minority Government who has assumed despotic powers under the guise of democracy, are being discriminated against on the basis of race and colour and are denied elementary human rights, the British Government has not yet been able to decide whether this can be called South Africa's domestic

affair or whether it is not a vital moral issue affecting the whole world and therefore one that should concern the whole world. The time has surely come when not only the conscience of the British Government and the British people but the conscience of the Governments and the people of the world will have to awaken up and something concrete will have to be done to bring to book the powers that are openly threatening world peace by their misdeeds.

Since writing the above we read the news that the British Labour Party was to table a motion of censure on the Government for its African policy. The debate was to have taken place yesterday. Labour opinion in Britain is deeply concerned over events in Africa, says the London correspondent of the Natal Mercury. Not only are Members dissatisfied with the policy in Kenya, Nigeria and Uganda but there are many who would be glad to reopen the Central African Federation dispute. Further developments will be watched with keen interest.

NOTES AND NEWS

Apartheid Plans At Maritzburg

WORK should begin early in the New Year to implement plans for complete apartheid at the Maritzburg Central Post Office states the Natal Witness. These changes are being made in implementation of the Nationalist Government's apartheid programme on which it won power six years ago. The Maritzburg Postmaster Mr. Adendorff said that he expected work on the alterations to start early in the New Year. It is not yet clear when alterations to the Maritzburg Railway Station will begin. At the end of June an official of the Railway head office in Pretoria made an inspection of the Maritzburg Station and studied

Although the grounds of Captain Griffiths' acquittal were not very clear in the reports

a plan submitted by the Maritzburg Skakelkomitee of Afrikaans cultural organisations. This plan provides for the removal of the non-European waiting room to another part of the station marked off for non-European use, and for the removal of certain offices. A member of the Skakelkomitee, Dr. J. G. M. Richer, claims that the plan will bring about full apartheid on the station and improve amenities for all races.

Sultan Technical College

Work begins at Curries Fountain in about three months' time on the £120,000 M. L. Sultan Technical College which already has 4,000 students attending for instruction in borrowed accommodation. The Land Tenure Advisory Board has now granted the race determination needed to allow work to proceed. This is the first of its kind for an Indian educational establishment in the centre of Durban. Only £22,500 of the total cost remains to be collected. This is being raised by the students themselves. Part of their effort was a fête held at the Kaje Hall in Leopold Street last Saturday. The official opening address was given by Mr. Mrs. Mary Ashar. There was a display of magnificent dresses made by the women under the able supervision of Mr. and Mrs. Nattress. The new Technical College is being built on six acres allotted by the City Council, which has also given £11,250. The Government is contributing pound for pound of the total cost.

U.N. ON S.A.'s RACIAL QUESTION

THE United Nations Commission to inquire into the racial situation of the Union of South Africa will continue to function as a result of a resolution submitted by the Special Political Committee and approved by the General Assembly last Tuesday. At the same time the General Assembly rejected a new resolution submitted by South Africa which challenged the competence of the United Nations to intervene in the domestic affairs of the Union.

The United States, which had voted for the United Nations' competence in the matter in the Special Political Committee, abstained in today's voting. Britain, Australia, Belgium, Colombia, France, Greece and Luxem-

T.B. Settlement For Non-Europeans In The Transvaal

A correspondent from Evaton (Transvaal) writes.

It is well known that T.B. (Tuberculosis) takes a very high toll of human lives in South Africa—indeed this country holds a world record for death from this disease in proportion.

Realising this danger and greatly feeling the urgent need for measures to combat the spread of T.B. among the people of this country, the Indian community of Evaton have initiated a scheme to establish a settlement to alleviate the sufferings of the Non-White people of the Transvaal in general and the African people in particular.

A widespread campaign has already been launched to collect funds for the establishment of a T.B. centre on the lines of the F.O.S.A. Settlement in Durban.

In order to set the fund-raising campaign in motion with a bumper event, Christmas night has been set aside for a great concert to be held at Evaton. A brand new hall, the largest, the most modern and best-equipped in Transvaal, has been booked for this concert. It has a seating capacity of 2,000 people.

The programme of the concert will include Indian film songs and dancing until midnight and thereafter the organisers have arranged an all night Quawall show.

Artists of the night will be the well known Harlequins and the delightful Devi Sisters.

The Indian community of Evaton have made an earnest appeal to all the Indian people of the Transvaal to respond generously to the appeal for this most worthy cause. See advertisement elsewhere in this issue.

bourg voted with South Africa.

When the General Assembly met in plenary session, Mr. G. P. Jooste, leader of the South African delegation, made a new challenge to the competence of the United Nations to intervene in South Africa's domestic affairs.

He submitted a new resolution declaring that the "General Assembly, having regard to Article two, paragraph seven, of the United Nations Charter, decide that it has no competence to adopt the 17 Power draft resolution."

The 17-Power resolution, approved by the Special Political Committee, extends the life of the United Nations Commission of inquiry into the racial situation of South Africa, and asks it to

continue its study and suggest measures which will help to alleviate the situation and promote a peaceful settlement.

Before Mr. Jooste spoke on his resolution, Dr. Enrique Fabregat, of Uruguay, moved an amendment to the 17-Power resolution recommending that should any of the three members of the commission of inquiry be unable to continue their membership, the member or members concerned should, if the General Assembly was not sitting, be replaced by a person or persons appointed by the President of the General Assembly. Mrs. Vijaya Lakshmi Pandit, in consultation with the Secretary-General, Mr. Dag Hammarskjöld.

Dr. Fabregat said that he had very good reason for proposing the amendment.

It had been reported over the weekend that Dr. Hernan Santa Cruz, of Chile, chairman of the

Commission, had informed some of the Latin-American delegations that he would not be able to continue serving on the Commission.

Before calling on Mr. Jooste, Mrs. Pandit said that the South African resolution which dealt with competence would, under the rules of procedure, be voted on before the 17-power draft resolution.

Mr. Rajeshwar Dayal, of India, said that after prolonged discussion in which every aspect of the matter was thoroughly explored, the Special Political Committee had adopted, by a large majority, the 17-power resolution.

It had also rejected by an overwhelming vote of 42 against, seven for and seven abstentions, a resolution moved by South Africa challenging the Assembly's competence to consider the question.—Sapa-Reuters.

REACTION ON APARTHEID IN S.A.

AMERICANS still do not understand why White people in South Africa persist in apartheid policies, in the face of almost universal world condemnation, Dr. Ray E. Phillips, director of the Jan Hofmeyr School of Social Work, told a Rotary Club lunch meeting in Johannesburg last week.

He was describing his impressions of a 13 months' tour of America, during which he visited 44 States.

"To individuals and groups I pointed out, as objectively as I could, the reasons, as I see them, why the South African Government takes the line that it does."

"I explained that the apartheid policy is believed in influential quarters to be backed by scientific proof that the Black man's brain is inferior to that of the White. I pointed out that, after all, the American record of race relations, especially the treatment of the Red Indians up to, say 50 years ago, was similar to that of the Natives in this country."

"I believe that Americans were somewhat relieved to hear that supporters of the present Government policy really believed that they have a case; that some of them, at least, are honest and sincere in their conviction that apartheid is the only solution for the race problem here."

"This is not to say that Americans are anything less than highly critical of any racial policy based on forced separation of

individuals from one another without their full consent and co-operation."

It was becoming generally recognised, said Dr. Phillips, that White people must learn quickly to live amicably with the rest of the world if they were to survive.

"And the majority of world citizens happen to be non-White who react violently against White folk claiming superiority because of skin pigmentation, or present cultural or political status."

"Americans are very apprehensive, I believe, that policies which endanger White prestige in one part of the world are bound to react against White folk the world around."

People in the United States could not understand why, when racial tensions were lessening in America it should be the reverse in South Africa.

The Black-White race problem in America had disappeared. Negroes were being accepted practically everywhere today as American citizens.

"They are, of course, fully integrated in all of the armed forces; they eat in public restaurants, sleep in the same Pullman cars as Whites, attend the same theatres, are admitted to the same universities and colleges. Their right to vote is challenged no longer, even in the deep South."

"The change is not complete everywhere, but it is changing so rapidly that I was amazed. Black-White tensions still exist, but they are taking their place as one of the very minor groans or 'gripes' of American life."

INDIANS AND THEIR WIVES

A NOMINAL CONCESSION

By C. W. M. GELL

By courtesy of 'The Forum' (Johannesburg)

I

HOW deplorably the recent Group Areas bearing at Nylstroom advertised our Christianity and much vaunted "white civilisation." Those who are so concerned for South Africa's good name overseas might ponder the probable effects of this sort of backveld babble, conducted in the name of three Christian Churches and enfranchised white voters. But ignorance and prejudice are by no means confined to the platteland and this article will examine the recent parliamentary debate on the Bill to ban Indian wives and children.

Now in common with most M.P.'s I confess to having had a good deal of trouble with Dr. Donges' initial argument in introducing the Bill. He was concerned to prove that since 1914 the Indians have been enjoying a unique privilege and concession under the Immigration Act. I think he established his point. Yet I cannot for a long time remember so much of a major parliamentary speech devoted to a point so little worth making. The argument runs like this: Section 4 of the Immigrants Regulation Act, 1913, described who are "prohibited immigrants." Since the main purpose of the Act was to close Indian immigration—the longer profitable to the white electorate after India had put an end to "coolie" recruitment in 1911—it is not surprising to find that all Indians (though, as a small concession to Gandhi, not explicitly by name) fall within what Dr. Donges calls "the mischief of Section 4." With the reservation that the clause was deliberately drafted to include them within its mischief, we may agree with the Minister that "its wording was entirely general in application. It did not discriminate and no particular race was mentioned." (4133) Section 5 of the same Act then excluded certain categories of persons from the mischief of Section 4, including "wives and children of a Union-domiciled person by a lawful and monogamous marriage." In 1914, as part of the Smuts-Gandhi agreement, Section 5 was amended to include wives and minor children of Union-domiciled Indians "if there exists a union recognised as a marriage under the tenets of an Indian religion" (notwithstanding that these religions theoretically

allow polygamy), provided that the exempted wife was in fact monogamous.

Now this, says Dr. Donges, constitutes a concession special to the Indians. Under it they enjoy "a right not shared by any other section or group of the South African community." (4135) And I am sorry to report that the entire Assembly, except Mrs. Ballinger and Mr. Bunting, lapped up this casuistry that the Indians had got away with a special and specific privilege. But what is the nature of the privilege? That our Indian population were allowed the right, enjoyed by all other groups of our population, to marry where they will and to bring their wives and children here; the particularity of the "concession" being that to them, alone of "polygamous acts," is such a right permitted—but only if their marriage is in fact monogamous. Now here I wish to dispose finally of the deliberate red herring of polygamy. Although Islam and Hinduism theoretically permit it, it is a dying practice among a very small minority in India today; as Mr. Bunting correctly said (4179), there were never more than a handful of Indian polygamists resident in this country and there are none today. Therefore, Dr. Donges' emphasis on the exceptional nature of the "concession" to polygamists has absolutely no practical significance whatever.

But, as Mrs. Ballinger and Mr. Bunting foresaw, the withdrawal of the "concession" by the present Bill will withhold from our Indian population the human right, enjoyed by all other race groups, to marry whom they will, where they will. For they alone of South African residents are as a group defined effectively, if not by name, as "prohibited immigrants" and therefore they will be the only racial group of Union citizens whose overseas wives and children will fall under the blanket provision of Section 4 of the Act, once the special "concession" is removed by the present Bill. As Mrs. Ballinger said: "This is a serious invasion of human rights, which belong to all members of the community and which we as South Africans should guarantee to all South Africans, of whom our Indian community are a part." (4172-3.) It is true that the Minister will retain discretion under Section 4. But,

bearing in mind that this legislation was promised last November to offset Mr. Strydom's admission that repatriation is impracticable and to sidestep a Nationalist proposal at the Newcastle party congress "that all our Indians be placed in one large ghetto where parasite can feed on parasite," we shall have no difficulty in accepting Dr. Donges' assurance that his discretion "will only be exercised in very exceptional circumstances" (4185).

And this is, of course, confirmed by Dr. Donges' next argument for the Bill, that the "concession" has in fact significantly contributed to the increase of our Indian population—5,829 wives and children in the last 7 years and 3 months, during which only 1,000 Indians emigrated permanently from the Union. But, as Mr. Bunting showed, Dr. Donges is selecting years in which there was a heavy backlog owing to the interruption of travel by the war. The figures clearly illustrate this artificiality; in each of the years 1947-51 the entry of wives and children was 1,000, 987, 965, 957, 715. Finally, in the first 9 months of 1952 only 415 came. I do not have the exact figures for the last 13 months, but they suddenly spurted sharply after the Minister's announcement of February 10, since when some 900 have tried to beat the ban. So Dr. Donges' 7½ years includes a peak period at each end. On the other hand, in the 25 years for which accurate statistics are available (1-8-27 to 31-12-52) a total of 17,224 wives and children have entered the Union—an annual average of 320 women and 360 children. Since not all these were actually new immigrants and since during the same period 16,952 Indians returned to India under the assisted repatriation scheme, Indian immigration under the 1914 "concession" cannot be said to have made any significant contribution to the increase of our Indian population from about 170,000 in 1927 to 365,000 today. Mr. Bunting quoted some of these figures in the debate, but Dr. Donges brushed them contemptuously aside: "The hon. member for Cape Western quoted figures here which he had obtained from the office of the Secretary to the Indian High Commissioner and I do not think it necessary to say more about that." (4186) But indeed it is. If the Bill is partly justified because it stops a significant influx, which the Minister implied, and is supported by the U.P. because we cannot approve of continued immigration... to swell the ranks of those who are already here" (Mr. Mitchell 4167), the figures certainly require an answer. Are they incorrect? Or are we, as a White race, too arrogant to

admit that we have used a shabby argument? Will not the rest of the world justifiably conclude that this Bill is just one more small and unjust pique against a defenceless minority?

And the point is further stressed by the right which Dr. Donges and Mr. Mitchell claimed for South Africa, to determine the composition of our own population by controlling immigration. No one challenges that right. Never since 1914 has any general re-opening of Indian immigration been requested by either the Indian Government or the local Indian community. But it may fairly be argued that that right was first exercised by the White Volksraad of Natal which, expressed through overwhelming majorities of its elected Legislative Council and later Provincial Government, imported 142,000 indentured labourers between 1860 and 1911, from whom over four-fifths of our present Indian population descended. And they were imported on terms—accepted by Natal as the only conditions under which India would permit recruitment of "coolies"—that encouraged the Indians to settle here as free, and permanent citizens when their indentures expired. Those terms have never been fully honoured; but they would certainly include the human right (now to be withdrawn) to marry overseas, if a man so wished, and bring his wife home—a right never normally challenged in a free country under the category of "immigration." Anyone, who is tempted to repudiate Natal's historical liabilities as no concern of the Union, should consider the implications of two years' continued indentured immigration after Union and the vigorous protests of both the Union and Natal Governments against India's decision to close it finally in 1911.

THE SUDAN GEZIRA SCHEME

By REGINALD REYNOLDS

[The writer of this article Mr. Reginald Reynolds was one of the close associates of Mahatma Gandhi, and had not long ago visited the Union, during his African tour.—Ed.]

DURING my journey from Alexandria to Cape Town I spent a week in the Sudan Gezira

The Gezira (literally 'the Island') is a name given to the tongue of land enclosed between the White and the Blue Nile immediately south of the juncture at Khartoum. The name, however, has come to be used exclusively for that portion of the area, on the western side of the Blue Nile, which is now irrigated under the most successful scheme that I found in any part of Africa which I visited.

Conditions vary and it must not be supposed that such a project—requiring a large water supply, flat low land, suitable soil and climate etc.—can be operated anywhere. Its importance as a pilot lies in the fact that it shows how rapidly a semi-nomadic people can develop and that African land can also be successfully developed without alienation. The application of engineering skill and good farming methods does not necessitate (as Europeans commonly assume in East, Central and South Africa) the prior condition that the land should be stolen from the people.

Figures in this article are given in L.E. (Egyptian pounds) and *feddans*—approximately equivalent to pounds Sterling and English acres.

The operation of the Sudan Gezira Scheme was originally entrusted, in 1911, to the Sudan Plantations Syndicate Ltd. in association with a subsidiary company from the year 1927. The Government was responsible for the cost and maintenance of the main irrigation works, whilst the companies undertook minor canalisation, land development and the provision of stores, light railways, steam ploughs, ginning factories etc. with general supervision and financing of production. The actual cotton production was the work of tenants, each tenant having 40 *feddans* of land. As in the 'Open Fields' system of medieval England, tenants changed their holdings so that nobody was permanently in occupation of the best or the worst land.

The land was rented by the Government from the owners at the original rental value before the irrigation scheme was begun. The rental value of land in the Gezira was, at that time, 10

piastres per *feddans*—i.e. a yearly rent of about two shillings an acre. Owners were not allowed to sell land except to the Government; and by the time I was in the Gezira about half the land had already become Government property.

The tenants did not pay a money rent to the Government. Each year part of their land was sown with food crops—*dura* (millet) and *labia* (beans). Ten *feddans* would be under cotton and the rest fallow—all on a complicated eight course rotation. The food crops were the property of the tenant, but the price of the cotton crop, after deducting the cost of ginning etc., was divided between the tenant 40 per cent., the Government and the Companies. The Government's share varied from 35 to 40 per cent., that of the Companies being from 20 to 25 per cent.

The concessions granted to the companies were, however, only temporary. In 1950 they came to an end, their place being taken by the Sudan Gezira Board, a public corporation whose members were appointed by the Government. Under the new arrangement the Gezira Board continued to receive a 20 per cent. share of the cotton sales, subject to a maximum of L.E. 1,125,000. Anything beyond this figure was to be divided equally, one half to the Board's reserves and one half to the Tenant's reserves. It was further decided that when each of these reserve funds reached a total of L.E. 3,000,000 the surplus should be equally divided between the Government and the tenants.

If the small area of the irrigated Gezira is looked at against the background of the vast map of the Sudan it is impressive to realise that before the concessions came to an end the Government was already drawing a quarter of its revenue from this source. As to the tenants, in the first year of the Sudan Gezira Board's administration they made a record with about L.E. 650 per head in addition to their food crops—almost fabulous wealth by African standards. And while prices all over the world were rising, in the war years, the extra production of food grains in the Gezira brought Sudanese grain prices down by well over 50 per cent. between 1926 and 1942, in spite of adverse conditions.

The area of the irrigation scheme was reckoned in 1950 to be about 1,000,000 *feddans*, supporting about 26,000 tenant families in addition to those em-

ployed in the ginning factories, in hired labour, in trade etc. totalling about 450,000 men, women and children. The Gezira Board budgeted in 1950 for an annual expenditure of L.E. 800,000, including interest on loans and contributions to a Sinking Fund, but exclusive of the L.E. 325,000 maximum allocated to Social Development and Research. These figures naturally showed a considerable reduction when compared with the gross share of the Companies, which reached nearly 2½ million Egyptian pounds in 1947/48. As these concessionary companies played an important part in the development of the scheme it is worth recalling this fact, in view of criticisms which I heard later in East Africa, by Europeans who have denounced the Gezira Scheme as 'Communism.'

The Social Development quota, fixed at 10 per cent. of the Board's share from cotton sales, rises to a much higher proportion in a good year, owing to the fact that it is limited to L.E. 250,000 whilst the Research Grant is limited to L.E. 75,000 and all other costs of the Board to L.E. 800,000. In a bumper year Social Development absorbs, therefore, almost a quarter of the Board's income after deducting the cost of research. It becomes, in fact, the biggest single item after General Expenses (L.E. 350,000) and it is never allowed to fall below L.E. 60,000 per annum, which can already be supplemented from its own Social Development Fund) reserves.

The activities of the Social Development department include adult education in citizenship, the running of a newspaper, social surveys, training and assistance in horticulture, the sinking of wells, afforestation, the running of a training farm, recreation services, the encouragement of co-operation and assistance in the management of the Tenants' Reserve Fund.

As the Sennar Dam (the source of the irrigation system) was not completed until 1925, when the first 300,000 *feddans* were canalised, it would be correct to say that very few of the tenants had been settled in the Gezira scheme for more than 28 years at the time of my visit, whilst the majority must have arrived much later. Of these tenants few had ever known a settled agricultural existence, at all less had they learned anything about cotton, crop rotation and scientific methods. They were semi-nomads. Their story is of great importance as an indication of what can be done in a single generation with a people of primitive habits, if good guidance and sufficient incentive are offered. The 'Sudanisation' of the administration was also proceeding rapidly and I was assured that by July of 1953 all engineers in the Gezira—apart from some concerned with the Sennar Dam itself—would be Sudanese.

The scheme is, therefore, not only an outstanding example of the fact that 'the desert shall rejoice and blossom as a rose' but that similar potentialities can be developed in human nature.

THE TIMES' NEED AND THE OUTLOOK

By WILFRED WELLOCK

(Continued from Nov. 27)

MOREOVER we must face the fact that the revolution we now so urgently need must be undertaken by generations born in an age of dying faith in truth and weakening understanding of spiritual values, under a smothering materialism that in the first world war withered such spiritual roots as had survived the Victorian age.

My generation needs to be reminded that its successors are wholly ignorant of the remarkable wave of idealism which swept across the Western world in the last third of the nineteenth century, in revolt against the pragmatism, complacency and hypocrisy which hid the glaring social evils of that time. The youth of my generation—even working class youth in the great new urban areas which were then arising—were inspired by the vision of a social democracy with a spiritual content. They steeped their minds in the writings of Ruskin, Carlyle, Tolstoy, Kropotkin, William Morris, Edward Carpenter, Lowell, Emerson, Thoreau, Blake, Shelley and many others, and dreamed of "a loftier race" and an age in which "new arts would bloom of loftier mould."

That idealism was finally swamped by the events which followed August 1914, when the vision of the spiritual socialists was overtaken by the "bread and butter" socialism of the new materialism. What, if any, are the signs of hope today?

In the political field the status of Colonial and other political subjugated territories is being revolutionised. The coding of freedom to India, Burma, Ceylon, Indonesia, etc., and of considerable freedom to the Gold Coast, Nigeria, the Sudan, Uganda and Tanganyika, indicates a trend which cannot stop short of the complete freedom of every people under the sun. There is still a long way to go, especially in areas like Kenya, North Central and South Africa, where an appreciable white population fosters the belief that a white monopoly of political power and an economy which dovetails into that of the Imperial Power can be maintained indefinitely. However, there now exists a lever—Communism—by which all such beliefs are being effectively crushed.

In admitting the necessity of raising the status and the living standards of the world's backward areas in order to stave off Communism, the big Western Powers unwittingly declare that Communism is fulfilling an important mission in our time. The downtrodden of the earth see in Communism the road to the only freedom they are liable to appreciate: the freedom to work and eat. The tyrannies of Communism of which they are rightly warned, are meaningless when their hands are idle and their stomachs empty. Hence the road to freedom, albeit an elemental freedom, lies wide open, and will remain open so long as the evils remain which gave birth to Communism. Nevertheless, military power and the subtleties of totalitarianism will hamper the work which the West now admittedly sees to be its duty, and cause it to do from fear what it ought to do from love—love of man, of truth and justice. Could the West take hold of the faith in truth and love which casts out fear, it would quickly free the whole world of fear, of Communism, and of war.

In the social sphere, I find in talking to young people that an appreciable percentage are more concerned about vocation than money in contemplating the future. A growing appreciation of nature, a passion for hiking and mountaineering, for travel and seeing how other peoples live, is manifest. An antipathy to white collar jobs and a preference for skilled constructive occupations, and a tendency among both girls and boys to take up agriculture and horticulture are also encouraging. Then there is the new passion for music, even modern music, which, possibly because it emphasises their own confusion of mind, stimulates them to search for a way of deliverance. One has to become conscious of a condition before one can change it.

I therefore believe that the time is ripe for a new cultural appeal to youth in order to help them to discover new spiritual horizons. For this purpose we need a new institution, a number of colleges specially designed to give short Summer courses of ten to twelve weeks, and Winter courses of say, twenty weeks, to adults who have already experienced the

deadening effects of modern industrialism and desire to reach out to something creative, socially purposive and personally satisfying.

These courses should be inspirational and constructive, and should concentrate on the heroic and creative factors in the great constructive periods of history, and on how we might move into a new creative era here and now. I would therefore advise a careful study of the Danish Folk High Schools, which were founded by Bishop Grundtvig about a century ago during a period of depression in Danish history, and which were largely responsible for a remarkable spiritual and social revival in that country.

The charges for these courses should be as low as possible, and the colleges should be run solely by those who have the vision of their need and purpose. A wise Government would assist them with finance without interfering with their curricula, which should vary from college to college, as in Denmark.

This new cultural trend and outlook would in due course affect most of our cultural institutions, also the message of the churches. It would, I believe, stimulate the formation of study and action groups with the aim of local experiments in creative enterprise in every sphere—church groups, cultural and discussion groups, social clubs, workshop and community groups—village, city and suburban. These efforts might well inaugurate the creative revolution we need; they would have the moral and financial backing of many of my generation.

This revolution involves such industrial, economic, political and cultural changes as I have outlined in these Papers. It would free the human spirit from the enslavement of the machine, change our habits, chasten our desires, and thus modify our demands for materials, food and raw materials, which in turn would reduce the tensions which lead to war and open the way to world economic co-operation, to open diplomacy, political truthfulness and honesty, the termination of imperialism and power politics, and to permanent world peace in a new era of international relations.

Today we live in a fool's paradise, worshipping abundance yet wasting it in self-indulgences and costly armaments. The Western nations put the blame for the latter on Communism, and turn a blind eye to the basic fact that war

is inherent in their very way of life. Pacifists are also guilty of this error, even Christian pacifists. It is plain self-deception to say that all our war-producing problems could be solved around a table, given a little goodwill, for there can be no peace so long as maximum consumption of goods and services is the aim of the West in a world of shortages where the living standards of half its population are double or treble those of the other half, which is justly seething with discontent and revolt. Pacifists should be the first to challenge the materialism of our time with a simplicity of life which conforms to the world's need, to justice, and to the demands of the good life. A limit must be set to Western standards, to luxury and self-indulgences, and to the demands of fashion and social status. Our highest well-being, and world peace, world brotherhood and co-operation, demand it.

It is precisely at this point that the pioneers of the creative society must begin. Self-control and self-discipline are the first need, and many have already made a good start. I have seen them in greatest number in India, where young men and women from every caste have abandoned caste and now labour with the so-called lower castes on a subsistence basis in the gigantic task of co-operating with villagers in reconstructing Indian life according to the Gandhian pattern of agro-industrial village Republics, as an alternative to Western industrialism. For this work they are trained and disciplined in Ashrams established for the purpose. Assisting them are many small groups of British and American Quakers, and in directly, many European members of the International Voluntary Service for Peace.

In the United States I have met many of the numerous groups that are trying to construct better patterns of living, starting with agriculture, and others that are working with Negroes in the endeavour to break down the colour bar. Some of these groups consist of Peacemakers, Peace Builders and other pacifists, whose pacifist witness has led them to the conclusion that peace is a way of life which they must try to construct. In Canada, Britain, France, Germany and in all the Scandinavian countries, various pioneer groups are similarly operating. Lack of space prevents me from giving a fuller account of them.

These are small beginnings, but they are highly earnest. Today the coloured half of the world is struggling for libera-

tion from white domination. Soon it will be accompanied by a powerful, world-wide movement for the freeing of the human spirit and its cultures from the oppressions of the highly centralised, mechanised and militarised Western state. To youth ready and willing to equip itself for that supremely important task? The answer to that question will decide the

future of civilisation, and indeed, whether it will have a future.

In closing this series of O.L.P.s, I would ask all those who have written to thank me for them, and all who feel they contain a message for our age, to help spread that message. Events are moving fast and the reflective thought is in short supply, and is at a discount.

Our people are illiterate, the Malan gang will feel that it has brought about the Golden Age of Afrikanerdom. You see, the moment you get too many Africans 'going to school', you will make them agitators; they will be dissatisfied with slavery; they will want the things which are the special preserve of the white man. To stop this rot, give them a form of education good for their station in life. That station, mind you, will not be laid down by the Africans themselves; it will be dictated by the Malan gang.

I know defenders of the Government will say that I am too suspicious. I read a lot into the future; that for very many years the people who will administer African education will be the men and the women at the head of our education and that we should trust these people. I am anxious, knowing that full well. These people are only civil servants to carry out the law as passed by parliament and to obey the rules as dictated by Verwoerd. So please do not tell me about them.

My point in all this is: With Bantu Education before us, our future is dark. Show me now our military teacher who will stand before African children and tell them that slavery is a good thing; that a dark future is ideal for his race! If you show me that man, he is a quailing. The man of honour will stand to starve, or go to jail; or dig the roads or labour on the farms or serve in jail, rather than poison innocent African minds by teaching them what he knows to be evil. The Christian too will feel called upon to clear out of a form of education which will distort the human personality in the African. God created us all in His own likeness, intent upon making us develop our creative powers to perfection. And we cannot do that unless we are free. Education as we know it in the civilised world is a process of continuous emancipation; not of incarceration. Bantu Education is designed to imprison the mind.

Having stated the goals of apartheid education as I see them and as I have understood them from Afrikaner literature as well as from the pronouncements and thought-bubbles of the Minister, I must return to my main point—namely, the role of the African teacher in all this.

We would not be wise if we believed that the present officers of the provincial education departments are immortal. And even if they were, it would be childish to pin our faith on

them. As I said, they are only civil servants.

We would be wise to know that Verwoerd might be in as great a hurry to make revolutionary changes in the form and content of African education. He will certainly have many good reasons for going about it by degrees. But the thing to bear in mind is not the tactics he will use or the fact that he and his ilk are determined to reach the goal. So that whether he is slow or fast is really beside the point. What we must be ready for is the fight to oppose education for slavery. And with the passing of the Bantu Education Act, that fight is now on.

While the fight goes on, very many men and women of all races will have to stick to teaching in African schools. Those who will do that knowing that they are against Ideological Education will be the true friends of the African. But they must know quite clearly that the fight might be so complicated at a later stage that it might become part of an anti-apartheid duty to resign from teaching altogether. The time might even come when the African parent will withdraw all his children from school. These things do not happen in a day. Nor is the apportioning the best of ways to start. Opinion has to be educated on these things. It takes its time to learn. We must be ready to use these weapons when challenged by those whom we oppose. The battle for the African schoolchild will be a long and bitter one. Let us have our minds quite clear about it. For the present we are called upon to refuse firmly to serve on boards established on the apartheid principles.

There are Europeans in African schools who are anxious about their own future. I have no doubt in my mind that the Government would be happy if one day a situation arose when the missionaries in African schools felt they had to quit. The Government might not be so foolish as to place itself in the position of Mao Tse Tung, who has been driving Christian missionaries out of China. But I am very well aware of a situation arising when the State Authorities, who will progressively have a lot to say on African education, will be dominated by pagan Chiefs with an shifting haired for missionaries. The people who will then choose war on the missionaries will not be the Government. It is too dangerous that way because it would put African international representation

AFRICAN VIEWPOINT

BANTU EDUCATION. AGAIN

By JORDAN K. NGUBANE

A FEW weeks ago I stated in this column that the Bantu Education Act would create a situation where the men and women of honour in the teaching profession would be compelled to look for other jobs and that the ideological schools we will then have will be a platform for quillings. Since then the article has been widely discussed and I notice that discussion has been no less anxious among non-Africans in our colleges.

There has been considerable anxiety over the prospect of being regarded as quilling and this makes it imperative that I should make a few points clearer.

In the first place I have no doubt in my mind that the Malan Government intends to set the African school for sinister political ends. On the one hand the African school will be used to work up national feeling against the English-speaking peoples of South Africa. The technique will most likely be an initial process of weaning the African from what are called English influences. We shall have few and finally no English history taught in African schools. I would not shed very many tears over this, personally. There is a lot of stuff which we can well do without. In its place I strongly feel we should have more African history. Our children should be taught that Dingane was a great patriot; one of the greatest sons of his race; that he stood for a feeling of equality with Magwaza and with the great heroes we read of in Afrikaner or English history. The bias should be away from giving the African child the impression that when foreigners were laid on the soil of Africa, his ancestors were being taken to arms in order that his blood should be spilled. I want my child to be taught that he comes of a noble race of fighters for human liberty, a race which has fought without flinching for three hundred years against white

domination. I would elect to have my son taught these things, rather than have him bored with the exordium predilection of that notorious brute—King Henry VIII.

On the other hand we shall have no little English taught in our schools as possible. The idea will be as much to assert the claims of Afrikaners as to isolate us from the other South Africans and from the rest of the world. The Afrikaner who knows only Afrikaners belongs to the South African white world, his white skin notwithstanding. The African who knows English belongs to the world, his dark skin notwithstanding. This is how apartheid comes into the scene. We must not feel we belong to the world; we must be kept apart from the world and the shortest route to that is to cut out English. To us, on the other hand, English as a language is a vital link of survival at present.

Bantu Education will next come along to say that we should not be taught the subjects that a white man learns at school because of the differences in our modes of life. You see, you cannot preach that man are different and then proceed to teach them similar things. We shall have a special brand of education designed to make us serve the whiteman better.

Government apologists talk a lot of getting the African in play an active part in the education of his children. In plain words what does this mean? The African parent, although a taxpayer, will be forced to pay school fees for his children; build his schools; perhaps even pay his teachers. I do not for a moment say that we are afraid of doing this. We will walk barefooted and wear the sackcloth to defeat Verwoerd and enable our children to go to school. But the matter is quite transparent: To cut us out with a heavy baton that as few of our children will go to school as possible. When the mass of

If, however the Chiefs themselves told the missionaries to clear out, why, Pretoria would insist that the Government is innocent.

But the challenge to ourselves and to the white Christians is there. It comes always from the people who frame these laws. Always it centres around the ideal of human liberty. We, Africans, must be free to learn those things which will make us live in the closest accord possible with what we believe to be God's Purpose for us in this country. The Christian

missionary must be free to teach and preach those things he sincerely believes to be true—without being afraid of being attacked out of the school by a coterie of pagans parading as Bantu Authorities.

The missionaries and ourselves have a common purpose and face a common challenge. Our reply should be a common purpose and face a common challenge. Our reply should be a common front. I shall go into this a more fully in the next article in this series.

PLAN TO APPLY APARTHEID TO UNIVERSITIES

WHEN the Commission of Inquiry sits next year to try to recommend a practical plan for applying apartheid to universities in South Africa, it is expected that it will find the whole body of student opinion in Natal solidly opposed to any apartheid measures.

The Natal University is at present the only university in the Union which combines the practice of segregation of classes with the principle of identical curricula and degrees of European and non-European students.

Through their Council, the students have declared that any imposition of segregation would introduce a practice of Government interference in the running of universities; and might also be used to prevent non-Europeans, once segregated, from receiving the same type of education as the European students.

The students have appealed to Members of Parliament to assist any attempts to impose segregation of classes upon universities whose governing bodies and students do not desire it.

At the Natal University, classes are already segregated, but both racial groups follow the same curricula, write the same examinations, and awarded the same degrees.

Students feel that, when considered in the light of the Government's policy as set out in the Bantu Education Bill, the practice of interference would be used to prevent non-Europeans from receiving the same education as at present.

"Such interference would lead, we fear, to discrimination in curricula and eventually in the type of degree available to non-Europeans at our own University," an official told the Press.

"Once classes are segregated at universities, and the Bantu Education Bill has been imposed on all higher education for non-Europeans, the way would be open for the imposition of similar policies, regardless of the wishes of the universities concerned, upon higher education for Europeans," he said.

"Although we are students of an academically segregated university, we are members of the student community of South Africa, which includes the academically non-segregated universities of Capetown and Witwatersrand. These are, by tradition and size, the most prominent in South Africa."

At these two universities, the students and the S.R.Cs. have repeatedly declared their desire to maintain the practice of non-segregation of classes.

They have repeatedly declared that such academic non-segregation does not involve any undesirable social practices as has sometimes been alleged by members of the Nationalist Party.

Students in Maritzburg, as members of the N.U.S.A.S., desire to endorse the attempts made by these two universities to defend the right of their university authorities to regulate admission and the organisation of classes as they wish, and in the manner which is traditional to them.

INDIA'S MOTIVES

MR. V. K. KRISHNA MENON, leader of the Indian delegation to the United Nations General Assembly, told the Special Political Committee that India's motives in bringing the case of South African citizens of Indian origin before the United Nations could not properly be called into question. This had been a problem since 1860 ever since the Indian labourers were first brought to South Africa.

Mr. Krishna Menon was replying to South Africa's criticism of India's motives in calling for the United Nations' intervention to bring about a settlement of the South African Indian problem. He said that South Africa had accused India of persecuting a vendetta, with a desire to make political capital out of the matter and with having expansionist tendencies in Africa. "Nothing is more farther from truth."

It had never been accepted that Indians who had contributed so much to the well-being of that country should be second-class citizens.

India was told now to negotiate and conciliate, said Mr. Menon. Again and again, India had gone to various meetings and conferences to negotiate on that subject.

The matter had been regarded all along as a matter not exclusively within South Africa's domestic jurisdiction and it was not until recently that South Africa had even made such a claim.

Mr. Menon denied that India was trying to flood other countries with its immigrants. Indians were not colonising people. There were 367 millions in India and only 72 millions of Indian origin were elsewhere after a century in which Indians had been taken as labourers to South Africa, to Fiji, to Caribbean and elsewhere. Indians are not after other people's land, he declared.

Recalling that South Africa had accused India of being hostile to the Union and that India had applied economic

sanction unilaterally, Mr. Menon said that South Africa had infringed terms of previous agreements, and public opinion in India had been considerably aroused. Trade sanctions had been applied with adequate notice but that was done by a British Government in India before India had even gained its independence.

India and Pakistan had not set their faces against a conference with South Africa, declared Mr. Menon.

Sixty-Nation Special Political Committee is expected to vote on the resolution now before it. The resolution calls upon South Africa to suspend her racial segregation laws, continuance of United Nations Offices Commission on South Africa and keeping the problem on the United Nations agenda for at least another year.

AIR-INDIA INTERNATIONAL

THE following information supplied by the office of Air India International, 95 Salisbury House, Smith Street, Durban, will be interesting to all air travellers:—

With effect from 23rd October, the new seating arrangements on all services from Nairobi will be 12 Standard (First Class) seats and 39 Tourist seats.

Although it is still not possible to accept cargo originating in the Union of South Africa for transit through India, consignments may now be accepted for carriage from Nairobi to Karachi for onward transportation by a carrier not subsequently calling at any point in India.

It is again emphasised that passengers must be in possession of valid Yellow/Fever Certificates before embarkation at Nairobi will be permitted.

Although Smallpox Certificates are not essential for entry into Pakistan/India, it is strongly recommended that passengers should have valid certificates in their possession.

Certificates against Cholera are not compulsory for entry into Pakistan/India, but they are essential for return to Africa and all passengers are recommended to have inoculation against Cholera before embarking on their outward journey.

8th June 1948 marked a great step forward in Indian Civil Aviation, the birth of India's first International Air Service. At five minutes after midnight the Air India International Constellation "Rajput Princess" took-off from Santa Cruz Airport, Bombay, via Cairo for London, carrying many important personalities on the first scheduled international service. The occasion was of sufficient importance for the Government of India to com-

memorate it with a special stamp issue.

The initial frequency on which services were begun was one flight a week, which was soon stepped up to two, then to three and now four flights per week. Though in the beginning only Geneva was served in Continental Europe the service has been extended to cover other important cities including Rome, Paris and Düsseldorf.

Again, to serve the needs of passengers in other parts of India the service was extended Eastwards to include Calcutta in October 1950, and the Capital was introduced on the route in December 1952.

21st January 1950 saw the inauguration of a new service from Bombay via Karachi and Eden to Nairobi (East Africa). This service is largely used by people with business and family interests both in Africa and India. It is also the fastest and the lowest-fare link between Africa and the Far East. The first "Tourist" Service in the East by an IATA Carrier, was operated by Air-India International from Bombay to Nairobi on the 7th December 1952. This service offers low cost transportation with all the benefits of air travel and has proved most popular.

From small beginnings in 1948 when only 2690 passengers, 85,195 lbs. of cargo and 81,170 lbs. of mails were carried, Air-India International has now a standing comparable with the leading international airlines of the world. In 1952, 25,499 passengers, 1,769,999 lbs. of cargo and 4,82,999 lbs. of mails were carried on A.I.I. services. This record of development and achievement augurs well for the bigger role A.I.I. will play in India's air transport industry on the threshold of a new impetus and wider horizon.

Students who have passed the B.Sc. examination of a University in South Africa with Physics, Chemistry, Botany and Zoology will be eligible to apply. Some Indian Universities are prepared to recognise First Year B.Sc. (Medical) as equivalent to Intermediate Science and students who hold this qualification can also apply.

A candidate who at the time of application is not eligible for admission but is studying for an examination success in which will render him eligible for admission can also apply. But only those candidates who secure either a first class or a second class in Inter Science examination to be held in March 1954 will be considered.

B. All applications must reach the office of the High Commissioner for India by 31st January 1954 at the latest. Any application received after that date will not be considered. Applications sent before 15th January 1954 should be sent P.O. Box 8827,

Johannesburg, and those sent after that date to P.O. Box 1246, Cape Town.

TROUBLED WATERS

By JOHN O'HIND

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. The story is full of suspense, keeping the reader engrossed in the acts of heroism and valour, naval bombardment and piracy on the high seas, escapades, a chase with bloodhounds, and romance. જ્ઞાન અને ભક્તિ

આચાર્ય વિનાયા ભાવેના “ગીતા પ્રવચનો”માંથી

એક વખત એવો હતો કે બ્યારે જ્ઞાન પર મારી ખુબ મદાર હતી. પણ કેવળ જ્ઞાનથી મારું કામ પાર પડે એવું નથી એવો મને અનુભવ થયો છે. જ્ઞાન વડે મનના રથુળ મળ બળી ને ખાક થઇ જાય છે. પણ મનના સુક્ષ્મ મળને ધોવાનું સામર્થ્ય તેમાં નથી. સ્વાવલંબન, વિચાર, વિવેક, અભ્યાસ, વૈરાગ્ય, એ બધાંયે સાધનો લઇએ તો પણ તેમનાથી મનના સુક્ષ્મ મળ ભૂંસી શકાતા નથી. ભક્તિના પાણી વગર એ મળ ધોવાતા નથી. ભક્તિના પાણીમાં એ શક્તિ છે. આને લેઇએ તો તમે પરાવલંબન કહો. પણ જરૂર એટલે ખીનનું અથવા પારકાનું એવો અર્થ ન કરતાં તે શ્રેષ્ઠ પરમાત્માનું અવલંબન એવો અર્થ કરો. પરમાત્માનો આધાર લીધા વગર ચિત્તના મળનો નાશ થતો નથી.

કોઇ કહેશે, “અહીં જ્ઞાન શબ્દનો અર્થ એવો થયો છે; જ્ઞાનથી જો ચિત્તના મળ ન ધોવાતા હોય તો જ્ઞાન એછા દરજ્જાનું છે - એવું સાબિત થાય છે” આ આદેષ હું રિવકાર છું. પણ મારું કહેવું એવું છે કે આ માટીના પૂતળામાં શુદ્ધ જ્ઞાન થવું કઠણ છે. આ દેહમાં રહીને ઉત્પન્ન થયેલું જ્ઞાન મને તેવું શુદ્ધ રૂપ હશે તેથી તે અસલ કરતાં થોડું એછું જ ઉતરવાનું. આ દેહમાં ઉત્પન્ન થનારા જ્ઞાનની શક્તિ મર્યાદિત હોય છે. શુદ્ધ જ્ઞાન નિર્માણ થાય તો તે ચિત્તના-બધાયે મળને બાળીને ખાક કર્યા વગર રહે નહિ એમાં મને જરાયે શક નથી. ચિત્ત સમેત બધાંયે મળને બાળી નાખવાનું સામર્થ્ય જ્ઞાનમાં છે. પણ આ વિકારી દેહમાં જાનનું બળ ટુંકું પડે છે. તેથી તેનાથી સુક્ષ્મ મળ ધોવાતા નથી. ભક્તિનો આશરો લીધા સિવાય સુક્ષ્મ મળ ભૂંસી શકાતા નથી.

બ્રીટીશ સરકારની ઝાટકણી

બ્રીટીશ સરકાર જે રીતે માઉ મ.ઉની હીલ-ચાલને હાથમાં લઈ રહી છે એથી બીન-ગોરા લોકોને જરાયે સંતોષ નથી, તેમ યુરોપના ઉદાર મતવાદીઓને પણ તેથી સંતોષ નથી. તેઓને લાગે છે કે તેનું સૂચકારણ તપાસવાને બદલે જેઓ જે હીલચાલને માટે જવાબદાર છે તેઓનું કાસળાદી આખી હીલચાલને કચડી નાખવાને નિરંકુશ પગલાં લેવામાં આવી રહ્યાં છે. લાગતા વળગતા અધિકારીઓને એટલું સુજાતું નથી કે તેમ કરવાથી એ હીલચાલની પાછળની કાવનાને મારી નાખી શકાવાની નથી. બલકે તે વધારે ને વધારે જોર પકડતી જશે. જાન માલની કાયદર ખુવારી કરનારા ભૂતકાળના બે હુકોપરથી હમનસીમે ધડે લેવાયો જણાતો નથી. માઉ માઉને નામે નિહોંપોની આજે કંઈક સુલભ થી કલ્પ આવી રહી છે. છતાં બ્રીટીશ પ્રજાએ તેની સામે જાણેજ કરો પોકાર ઉઠાવેલો છે. હવે જ્યારે ઘણું તુકસાન થયું છે અને માતલી કૃત્યોના કેટલાક હાખલા છડે ચોક્ક પકડાયા છે ત્યારે બ્રીટીશ પ્રજાનાં હૃદય હલી ઉઠ્યાં છે. કેનીયામાં એક આફ્રીકનનું ઠડે પેટે ખુબ કરી નાખવાના આરોપને માટે નિહોંપ હરેલા કેપટન ઓફીસના ખટલાપર બ્રીટીશ અખબારોમાં યજેલી ટીકાએપરથી આ હકીકત બહાર આવેલી છે. હાખલા તરીકે ‘એન્ડરસન ગાર્ડ’ અને ‘લખેલું જણવાય છે કે,

“આવેલા કેવાલોપરથી કેપટન ઓફીસને ઓઢી મુકવાના કારણે જો કે ૧૯૫૧ જણાયા નથી છતાં એ સુકાંડે એટલી બધી ચીંતા કરાવનારો નથી એટલી તેની ખબાર ખુબિકા કરાવનારી છે. કેપટન ઓફીસના ખટલા કરગીયાન આપવામાં આવેલી જુલાની માઉ મ.ઉની સામે પગલાં લેવામાં ચકાવેલા

સરકારી અખલદારો અથવા તો કેટલાક સરકારી અખલદારોના શૈય નીમ માનસપર પ્રકાશ પાડનારી હતી. સોલન્દોતે અને અચૂત હાખલામાં કોંગ્રસ આફ્રીકન રાષ્ટ્રસ દળમાં કામ કરનારા આફ્રીકનોને મારી નાખવામાં આવેલા પ્રત્યેક માઉ માઉ દીક થી. ૨ કે યી. ૧૦ નું, છનામ આપવામાં આવે, અથવા તો કેટલા માઉ માઉને અથવા સકમંદને મારી નાખવામાં આવ્યા તેનો કુટબોલની રમતમાં જેમ રોડર બોલપર ગોલ જાહેર કરવામાં આવે છે તેમ જાહેર કરવામાં આવે એ કંપારી ઉત્પાદ કરનારી વસ્તુ છે. નિરંકુશ પગે કલ્પ ચલાવવાનું આ ઉત્તેજનજ આપવા બરોબર ગણાય.”

બળી ‘ડેલી હેરલ્ડ’ લખ્યું છે કે,

“બી. લીટલ્ટને સંસ્થાન મંત્રી તરીકેનું રાજનામું આપી કેવુ જોડજો. સંસ્થાનિક અવહારમાં તેમનું વર્તન બ્રીટનના નામને આખી ફુનીયામાં વગેવનાઈ છે. કેપટન ઓફીસના ખટલામાં કેનીયામાં પ્રવર્તતી સ્થિતિ વિશેની અહાર આવેલી હકીકત કંપારી અને યુરસાની લામણી ઉપજાવનારી છે. કેપટનને નિહોંપ કરાવવામાં આવ્યા મરંદ માઉ માઉ સામે લેવાયેલાં કેટલાક પગલાં કેમ જાણે જાનવરો ને ચિકાર ન થઈ રહ્યો હોય તેવી રીતે લેવાયેલાં હોવાનું જાહેરમાં આવ્યું છે. આ ન કપારો કહેવાય કે ન ન્યાય કહેવાય તેમ આત્મ રક્ષણને માટે પણ જરૂરી ન કહેવાય. નરી અમાતુપિતા અને રાજકીય પામલપણું જ કહેવાય. અને તેની જવાબદારી મી લીટલ્ટનેને શિરે વધારે રહે છે કારણ એજ વસ્તુ સ્થિતિની પાલોમેન્ટના પ્રતિનિધિ મંડળને તપાસ કરવા ચોક્કસવામાં તેઓ હજુ પણ વિશ્વજ કરી રહ્યા છે.”

‘ડેલી ઓરર’ પુછે છે કે,

“આનો જવાબ બ્રીટન કેની રીતે અને કપારે આપશે કે ખરા રહેવાનું કહેવાતાં બ્રીટીશ સરકારી માણસોથી જાહેરવાનો દેખાવ કરતા આફ્રીકનોને પોક પાછળ બેળાથી કાર કરવા એ સુવાચની અણપા

બ્રીટીશ પ્રજાનું માનસ બલે મજે તેટલું ઉચ્ચાર્યેલું હોય છતાં આવી વલણને તે સકાતુભૂતી આખી સકતી નથી. મુકાં મણવાનું કામ તેજે ઠલી નથી કહ્યું. કેનીયામાં અમારે નામે હું ચાલી રહ્યું છે તેની બરોબર તપાસ કરવાને એક હાલી કમીસન નીમવાની અને માગણી કરીએ છીએ. આ ખાખતમાં કંઈક પગલાં લેવાય નહિ ત્યાં સુધી ફુનીયામાં આપણું નામ કલંકિત થઈ રહ્યું છે. આ વસ્તુ નો એદ દર્શાવનારા પચાસેક મજુર પક્ષના સમયેએ રજુ કરેલા કરોવ ને એક અજવાલીયું થઈ ગયું. તેમ જતાં સરકારને તેની ચચી કરવાનો વખત હજુ નથી મળ્યો. આ સરમ બરેલું છે. ગરમુગા તેમજ કેનીયાને માટે વખત કાઢવોજ પડશે. બ્રીટીશ કામનવેલ્થમાં ૫૦ કરોડ રૂબણીઓ છે અને કેનીયામાં અને બરમુગામાં હું ગોટાળો ચાલી રહ્યો છે એ જાહેર કરવાની પાલોમેન્ટપર જવાબદારી રહેલી છે.

અમને વિચાર આવે છે કે આ જાગૃતી શું અનિવાર્ય તુકસાન થઈ ચુક્યા પછી નથી આવી? છતાં કહી નહિ આવવા કરતાં અસુરી આવેલી પણ હીક જ છે. અમને ચોક્કસ લાગે છે કે સુધારકોની સઘળી પ્રવૃત્તિઓ ગોલ્ફ ગાયની ગતીએ ચાલી રહી છે. અને હરમીયાતમાં નિહોંપોને અનહક સુરકેલીઓ અને ચોર અન્યાયો સહન કરવાં પડે છે. હક્ષિણ આફ્રીકનો વજુએક ઉઠાકરણરૂપ છે. લોક-શાસતનો ડોળ કરી આપણુદ સત્તાઓ અખતયાર કરનાર એક હધુમતી સરકાર તરફથી જ્યારે અવાજ અને મતાધિકાર વિનાના હાથે લોકો સામે જાતી અને વજુના આધારે એદ પાકવામાં આવી રહ્યો છે અને તેઓને પ્રાથમીક માનવ હકોથી વજુત રાખવામાં આવેલા છે ત્યારે બ્રીટીશ સરકાર હજુ પણ આ સવાલ હક્ષિણ આફ્રીકનો ધરગચ્ચુ સવાલ કહી શકાય કે આખી ફુનીયાને લાશુ પકતો અને તેથી આખી ફુનીયા ને ચીંતા કરાવનારો એક અગત્ય નો નૈતિક સવાલ કહેવાય એ પોતાના મનની સાથે નકકી કરી શકી નથી.

બરેજ એ વખત હવે આવી લાગેલો છે કે જ્યારે બ્રીટીશ સરકાર અને બ્રીટીશ પ્રજાનું જ નહિ પરંતુ ફુનીયાની સઘળી

સરકારોનું અને ફુનીયાના લોકોનું અંતઃકરણ જાગૃત થયું જોઈએ અને જે શાળ્યો પોતાનાં હકોત્યોથી ફુનીયાની શાંતીને ખુલ્લી રીતે જોખમમાં નાખી રહ્યાં છે તેઓની શાન ઠેકાણે લાવવાને કંઈક થઈ જ જોઈએ.

ઉપરું લખાયા બાદ ખબર આવ્યા છે કે બ્રીટીશ મજુ પક્ષે આફ્રીકા પ્રત્યેની સરકારની નીતીને વજોડનારો કરાવ, રજુ કરેલો છે જેના પર ગઈ કાલે બ્રીટીશ પાલોમેન્ટમાં ચચી ચનાવ હતી. ‘નાટ.લ મરકસુરી’મે લંડન ખાતેનો ખબરપત્રી જણાવે છે કે બ્રીટનના મજુર પક્ષને આફ્રીકમાં ‘બાની રહેલા બનાવોથી ઘણી ચીંતા થઈ રહી છે. કેનીયા, નાથલરીયા અને બુઆન્ડાની નીતીથીજ તેઓને અસંતોષ થયો છે એટલુંજ નહિ પરંતુ ઘણા તો સેન્દ્રલ આફ્રીકન ફેડરેશનનો સવાલ પણ ફરી ઉઠેલવા પ્રુશી છે. વધુ વિગતો જાણવા જેવી થઈ પડશે.

એવેન (દાંસવાલ) થી એક ખબર પત્રી લખી જણાવે છે કે: “એ જાણીતી વાત છે કે હક્ષિણ આફ્રીકામાં હાલ રોગથી ઘણા જનો જામ છે, બલકે વસતીના પ્રમાણમાં એ રોગથી થતાં મરણો ફુનીયાનો રોડ તોડે છે. આ જોખમનો ખ્યાલ કરીને અને આ કેસમાં હાલ રોમ ફેલ્તો અટકાવવાના પગલાં લેવાની અત્યંત જરૂર હોય એવેનનાં હોદીએએ જાણના પાસ કરી આફ્રીકન અને સામાન્ય રીતે બીન-ગોરાઓને માટે કરવાના ફોક્સ સેટલમેન્ટના ધોરણે એક ટી. બી. સેટલમેન્ટ રચાવવાનો કરાવ કર્યો છે.

તેને માટે ફન્ડ એકઠું કરવા તા. ૨૫ મીની કોસ્ટમસની રાત પસંદ કરવામાં આવી છે જ્યારે એવેનનાં હાથમાં નવાજ બંધાવેલા બબ્બ અને સપગા આકુનિક સમવડો વાળા હોંઘમાં મોટે ડોનસ્ટ કરવામાં આવશે. હોંઘમાં ૨૦૦૦ની સમવડ છે, કાર્યક્રમમાં હોદી શીમેનાં ગીતો અને મધરત સુધી ન.ચરંગ થશે. અને ત્યાર બાદ આખી રાત કબાલી રીઝ થશે જેમાં જાણીતા હરિશ્ચંદ્ર અને કેવી બહેનો જામ થશે.

એવેનની હોદી કોમ દાંસવાલના હોદીએએ આ લાપક કાર્યમાં પોતાનો ઉદાર ફોજો આપવા વિનંતિ કરે છે. વધુ વિગત માટે જુઓ આ અંકમાં અન્ય રચને પ્રસિદ્ધ સંચેલી જાહેર ખબર.

મારો જીવનો અનુભવ

(લેખક: મણીલાલ ગાંધી)

અત્યંતી માધુ

મારી એક સીધી મોટી મુશ્કેલી જાણવી હતી. પહેલો દિવસ ઇસ્વીતકાળમાં ગાંધે, ત્યાં તે, જાણવી ફાટી જીવન હતી. પદ્મ સામાન્ય રીતેના વિભાગમાં મુકાયે, ત્યાં હવે મારે તમને પ્રગટ જાણવું છે. હવે મારા દારૂનું બેસે. આ રીતે તે દુરેવાયેના નહિ તેથી અને કોઈકિયા ને વિષે દર બહાર કીધોય મનો હતો. તેમથી કુટરવાનો કસાળ એકજ હતો કે આકારનો અને તેટલો ત્યાં કરવા કે જેવા દાખલે નેટલું અને તેટલું મોટું બહુ પડે. અને હવે મારી તમનેવન પછુ મેં બચાવી હતી. પેટના જગાડને હવે અને ઉપરસ મધ.

એ ફાટીયા સતારથી અકારણ્ય મુશ્કેલીયા આજે હવે તેમ રાતે રાતે પ્રસાદમાં આપ્યા. હું આજે જાણવી મયો, તેમ તેમ અકારણ જાણવી પાડવી અને એકજ પીડાવા પાણીની પાછલી. આરથી તે એ પાણીને આડી રાજ્ય એવ કહુજ નહિ કેમકે પાણ્ય ફેડીયા બાધી મોટે મડીને પાણી પિયા હતા. જાણ એ પાણીની કનકડી ને પાણી પાણીમાં કહાડી પડેલી જાણવી પાડવી હતી અને બચાજ દર હવે પાડવા કરે. આમાં હવે કેમ આ નહીં હવે પાડવા. અમને પ્રસાદ મા આપ્યા હવે મેં દરેવાને પ્રગટ કે, "આપવા બધા આમાં રી રીત મારું હવે આપારે હવે કેમ કેમ તમને હવે." "મીજ જાણ નહીં." બીજા કીધવ તમને કહ્યું કે અને એક જાણે આપવો. આ બીજાનું મેં પ્રજામાં કહ્યું. બીજાનામાં એક કાંઈની બધાવા તા અગ્રીતા પાણી બનાવેલી નહીં અને જાણવામાં એ અને રીજાવામાં જાણ કામવા મળે છે. હવે રીજાવામાં ફાટી સાર એવો નહીંની બહુ તેવા અમને જાણ કામવા મળ્યા હતા. જોતા દરવાને બધા મળે કે સાનાની જાણ મધરે જાણ નીકળ્યા કાળી અને કામવામાં ફાટી તેની બાધી જાણવી પીડાવા કાળી અને મુજબમાં આપ્યું કે હું પીડું છું કે અંધ. હું મોટી આજુમ રવા એટલે મારું પામરો કામએ ત્યાં મળવાની આવા રાખી. હું નો કહી બીધી પામર નહીં તેમ કામ જાણ કામમાં કહી પામર નહીં. એમ કહી તેમને વિવેક કરવા પામ્યા. તેમને કહ્યું, "તમે જાણવાર કે તમારે કાળી મારા જાણવી નહીં જાણે. અમને તે તેમ જાણવા આપવું નહીં એટલે મને તેમ કહીને અમારે મળવાની પડે છે." રાત ના આજ વાળે એટલે દરવાજાં મધ

અને સીધે મુઠા મધ સુધ જાણવું હોય. હવે આ નહીંતા વાગ્યા. તેટલામાં તે દરવાને ઉપરો અને એક કામ ફેડીને કામ નમવારમાં આપારી ફાટીમાં બેઠવામાં આવ્યો. ન મળે તેની પાસે બીજાનું કે કામ. "તમે સુતાની સમવકે કરી આપવો" કહી દરવાજા દરવાજાં બધ કરી મળ્યો મળે. એ જાણવા પામ્યામાં બરાબને તેજે રાત કાળી. મારે તે સુતાનું મુશ્કેલ મધ પડ્યું. મારું મોટું વિચાર તરફ ફેરવી રાખી એકજ પડ્યો આપી રાત મળી મુશ્કેલીયા કાળી પડી. મારી પામર ના ફેડીને તે બીધીનું પ્રે બધાનું તે પુજવાનું કરે અને કામ મળે મળે. રાતે મળે. એટલે તેની સાથે કામથી પાણ ન મળે રાતે. બીજું પડ્યું ફેડે તે મારે તેના પાસે કામ પડે. તે તે મળવામાં કામ એવે અને મારા ઉપર પડવા કામએ. એક મે વાર તે મેં તેને કહ્યું કે, "આજે આજુસ હું મારા ઉપર સુવે તે કેમ મળે." પછુ તેને જાણ હોય તે ને આ રીતે આપી રાત મારી તે કામમાં મળે. ફાટીમાં અમારું મળું એટલે એક વાર હું પીડાવા કરવા કહ્યો હતો.

સતાર પડી. પહેલો કાંઈ પામ વાળે મળે. અમે સીધે કહી આપારાં બીજાનાં કામની કાળી દાખાં. અરથી કામને બીજા કાંઈ વાળે, આપારાં અમારી, દરવાજા ઉપરવા, આપારાં દરવાજાની જાણવારને કામવા હોય અને મુશ્કેલી પાડે તેથી મુશ્કેલી જાણવા. આપારાં દરવાજાને પાણ ઉપરવા.

રાતે ફાટીયા પ્રસાદવારે કરાયા એ મને પાસ સુમવા આપી હતી કે મારા મરમા મારે ઇસ્વીતાકાળી ફાટી મા મુશ્કેલી આપવા કામવા આ ફેડીયા મળ્યા અરવા હોય છે અને મોરવા જાણેના અમર કુરી જાણેના અમર રહે. મારું કમ અમર અને કમ પેટ પછુ જાણ રાખવું હતું. એટલે જેવો દરવાજાં જાણ કે હું દરવાજામાં ફાટી મળે. મોટું ધાણ અને પામર આપારા વિભાગમાં આવ્યો ત્યાં તા જાણ ફેડીયાને અમારો નાસે (જેમાં મારા મળવાના આકાળી મોરવા આપવામાં આવે છે અને મારા નીમક જાણવા બીજું કમું કોટું નહીં અને કાળી કામવા ફેડીયાને કમ મળવી કાળી ફાટી આપવામાં આવે છે) જાણવા પ્રસાદ કમું હતો. મેં મારી મોરવા બીધી પડવું આપવી રાતે તે કાળી નહીં એટલે મારા મળ્યા એટલી જાણ વાળીની બીજા ફેડીયાને આપી દાખાં. એક ફેડી

પાસેથી મોટી ફાટી મળી તે મળે પાણી પેટમાં નાખવા પ્રસાદ પીધી. હ વાળે બહાર કામવા જાણવા ફેડીયા કામવા અમા. તેમને કામ જાણવા આવે તે પહેલાં જુદી જુદી જાણવામાં જાણવામાં જુદી જુદી ફેડીયા પામવામાં આવે છે અને બધાને ફેડીયામાં કામવાની નેમ કામવા ઉમા રહેવું પડે છે અને વડા દરવાજા (મીઠા બીધીસર) અમરવા સાથે અમર એકમે કામવા આપી મળવી કરી જાણ પછી તેમને કામ જાણવા આવે. એ દરવાજાનું કોમે કામવા મુશ્કેલી ઉમા રહેવું પડે. આમાં એ ફેડા આપું અમરું કમું અમરવા તે મુશ્કેલી મોટી ફેડીયામાં કમું તે તે કાળી, તમાવા, મુશ્કેલી કામ આપવા પડે. અમા પછુ પુટે અને લોકી વડે. આ કમવું પાસ આપીને ફેડીયાને વિષે તે સામાન્ય મધ પડ્યું છે. આપીને તેમજ મોરવા દરવાજાં અમર રીતે તેમની સાથે વાત કરે. અને મળેના વરસાદ પછુ મારે કામ વરસેલો હોય.

જાણવારો વિવેક હતો. અને હવે કામ સોપવામાં આવ્યું નહીં. એ વિષે કામવા જાણવા અમરવા વિવેક કામ કરવું પડે છે. વર વાળે તેમને પાછા આવી જાણ છે અને પાછી નો વખત નહીંતા ધોવામાં અને કપડાં જાણવામાં રાતે મુશ્કેલી રીજવામાં, વાળ કામવા વિષેમાં મળે છે.

અને આવાનું મળ્યું અને એમાં કામવા મળે તવારથી પહેરવા પોસાં મળે કપડાંમાં આપવા રવા હતો તે જાણી સાર કપડાં પહેરવાના મળ્યાં એવી મળે કામવા મળે. પેટમાં મળે વિવેકથી અમાજ નહિ મળુ હોવાથી નજાણ કામવાી હતી પરંતુ આવાથી અને સાર કપડાં પહેરવાથી કરીયા અમા રુપરતી આવી.

જાણવારે સાજો રોગાએ, તે વડેલી રાજ આપવાને જાણ ફેડીયાને જાણવામાં સામાન્ય આપવા બીજા વિવેકની સતાર સુધી પ્રસાદ દેવામાં આવે છે. એ રીતે અમને પ્રસાદ દેવામાં આપ્યા. આપવાં અને તે ફેડી પાછી મીલી રાખે અને બાધેલી સુધી બીજા અને જાણ વિવેકની વાસી રાતેના કામ એટલું મળ્યું. મેં મોટી રાતે આપવા પાણી પીધું. રાત તે ફેડી આપવી રાતના બીજા અમરવાને કાળી પડી.

બહાર કામવા પ્રસાદમાં જાણવાની રાત હોવાને લીધે એ બીજાવાર અને મળી કામવા મારા કરીવાર પ્રસાદ અમાર મળ્યા બાધી.

રાતવારે કામવા દરવાજા રાતે કરતાં અરથી કામવા મોટા બીજામાં આવે છે. કામવા કામવા તા આપવા વિવેકના બીજા. કામ નામે કોઈએ મળવામાં સાર મળે પેટમાં કામ

રહેવાનું હોય છે કામવા અમરવા એ વિષે તપાસવા આવે છે અને કામ ને કાળી ફેડીયા કે વિવેક કરવાની હોય તે સમજે છે.

મેં અમરવાને વિવેક કરી કે અમને ફાટીમાં મીજામાં પ્રસાદમાં આવે છે તેથી ને અને કામવા ફેડીયામાં એકમે પ્રસાદમાં આવે તો આપારી મળ્યા. એ રાતે વિષે મેં કામવાને કામવા એટલે ફેડી અમરવાને કમું કમું નહિ. વડા દરવાજા આવે મળ્યા કરી તપાસ કામ આવે અને કામવામાં આવ્યું કે અને રસોડામાં કામ કરવામાં ફાટી, એમાં માત્ર કામ ફેડીયા છે, તેમાં પ્રસાદમાં આવે.

રાતવારે અમરવા આવી મળ્યા આવે અમરવા તે પહેલાં ફેડીયાને મળે પેટ રવા પાછી આવે છે. મોરવા એ એ રીજામાં અમરવા અને સેમરવા અમરવાના પાછીયા આવે છે.

ફેડીયાને તે તેમને ને એ, તે સાંજવાનું હોય. અમ પ્રગટવા ન હોય. તેમને ઉપરવાના સાર એટલે જાણ ફેડીયાને સીધો કામવા છે અને તેના બાધેલી કોમે પાણવાના છે. ફેડીયાનામાં મોટાને કામ ફેડીયા અને આવી રહેલાં અમાપિ મળેના મારા એવા આજુસને આ સમવું તમાવા મળ્યું કામવા હતું અને, એમને એ ઉપરવાની પાસ અમર હતી તેમને કામ તે તે પામર નહીંતા, એ વિચાર આવેલો હતો. તેની ફેડીયા પર અમારે અમાર પામી અને નહિ જાણવા. એમાં કાળી આપવા નહિ હોય, એ આપવામાં મુશ્કેલી નહિ હોય અને કામવા મળવા હોય તેની અમાર કા રીતે પડી હતી.

એ વિષે સવારે પેટ સાર કરવાને મેં જાણવાને મોટું ધોવા મળે તેમ વખતે એપરમા મોટા મીધું હતું. એટલી વરણ એમાં કામવાથી મળે રાતે છે.

એક વિષે અમાર પામર, એ દરવાજા અને કમું કમું કે અને કામવા કામવા પ્રસાદમાં આવેલો છે અને ફેડા બહાર કામવા કામ જાણ મળે તે મારી ફેડીયા તેને જાણવા, તેમ દરવાજા અને આવી કમું કે અમારી કામવા તેને બહાર કામવા મોટાવા નો છે મળે ત્યાં કમું કામ આપવા માં આપવી.

સાજો સામા માર વાળે અમને પ્રસાદ દેવામાં આપવા. અને રસોડામાં કામ કરવાને ફેડીયા જાણ ફેડીયા પ્રસાદમાં આવ્યો. અમારું મારા મરમા મારી પાસે રાખી કામવા અને પૂજા આપવા "મળવા અમાર," "અમારવા મળે અને બીજા બીજા" મળે રાતના અમાર વાળે રાતે ત્યાં કમું કામવા મળે.

યુનીયનના વર્ણબેદ પર યુનાઈટેડ નેશન્સ

યુનીયનના વર્ણબેદની રિયલિટી તપાસ કરવા નીમાયેસ યુનાઈટેડ નેશન્સ કમીશન પોતાની તપાસનું કામ હજી ચાલુ રાખ્યો. એક યુનાઈટેડ નેશન્સ ની રિપોર્ટ પોલીટીકલ કમીટીએ કરેલા હરાવને જનરલ એસેમ્બલીએ બહાલી આપેલી હોવાથી નક્કી હતું છે. યુનાઈટેડ સ્ટેટ્સ એવે રિપોર્ટ પોલીટીકલ કમીટીમાં દક્ષિણ અફ્રીકા ની વિરૂદ્ધમાં મત આપ્યો હતો તે જનરલ એસેમ્બલીમાં તટસ્થ રહ્યું હતું. બ્રીટન, ઓસ્ટ્રેલીયા, બેલજીયમ, કેનડો, ફ્રાન્સ, ગ્રીસ અને લાસમ્બર્ગ દક્ષિણ આફ્રીકાની તરફેણમાં મત આપ્યો હતો.

જનરલ એસેમ્બલીની એક નોંધ મયા મંજૂરવારે ન્યુયોર્કમાં થળી હતી તેમાં દક્ષિણ આફ્રીકાના ડેલીગેશનના હીકર મી. જી. પી. જુરેટે નવે હરાવ રજુ કર્યો હતો કે, "યુનાઈટેડ નેશન્સ ના આર્ટિકલ આર્ટીકલ (૨) ના પારિતોષિક ની રૂબરૂ જનરલ એસેમ્બલીને ૧૭ રાજ્યો એ ઘોષણા કરાવેલી છે. આરંભે સત્તા નથી."

ઉક્ત ૧૭ રાજ્યોનો ખરડો, જે રિપોર્ટ પોલીટીકલ કમીટી તરફથી રિવિઝરવામાં આવ્યો હતો, તે દક્ષિણ આફ્રીકાના વર્ણબેદની રિયલિટી તપાસ કરવા નીમાયેસ યુનાઈટેડ નેશન્સ કમીશનની મુદત લગાવનારો હતો અને કમીશનને પોતાની તપાસ ચાલુ રાખવાનું અને રિયલિટી સુધારવામાં અને હાંતી બધું સમાધાન લાવવામાં મદદ રૂપ મદદ પડે એવાં જમણાં કુચ વવાનું કહેવામાં આવ્યું હતું.

મી. જુરેટ હરાવપર બોલે તે પહેલાં સુરેન્દ્ર ડો. એનરીક હેબીમાટે ૧૭ રાજ્યોના હરાવ પર સુધારો રજુ કર્યો

હતો કે કમીશનના નવ સંપર્કમાં ૧૭ પક્ષ એ પોતાનું સમ્મત આપ્યું નહિ રાખી શકે, તો કમીશન વળમતી સભ્ય બધવા સંભોની, બહોમા, જનરલ એસેમ્બલી એટલી નહિ દોષ તે, જનરલ એસેમ્બલીના પ્રમુખ શ્રીમતી વિન્ન્યાલ્ફિએ સેક્રેટરી જનરલ મી. ડામ હેમરરનોટની રૂબે અસલત કરી બીજા ૧૭ સભ્ય બધવા સંભોને નીમવા.

ડો. હેબીમાટે કહ્યું કે આ સુધારો લાવવાને મને કારણ છે કેમકે વીક એન્ડના એવું સમજવામાં આવ્યું હતું કે કમીશનના પ્રમુખ ડો. હરનાન સાન્ડા કુએ સેટીન અમેરીકન ડેલીગેશનેને જણાવ્યું હતું કે તેઓ કમીશન પર કામ કરવાનું ચાલુ રાખી નહિ શકે.

મી. જુરેટને બોલવા હતા કરતાં પહેલાં શ્રીમતી વડિતે કહ્યું કે વિધિના નીમવો અનુસાર ૧૭ રાજ્યોના હરાવ પહેલાં દક્ષિણ અફ્રીકા તરફથી સુધારામાં આવેલા સત્તાના હરાવ પર પ્રથમ મત લેવો પડશે.

હાંદના મી. રાજેપર દયાએ કહ્યું કે હાંતી ચર્ચો, જેમાં હેક્ટરેક વિમતની ઇચ્છાવદ મદદ હતી, ત્યારબાદ રિપોર્ટ પોલીટીકલ કમીટીએ ૧૭ રાજ્યોનો હરાવ મોટી બહુમતીથી પસાર કર્યો હતો.

વળી તેણે આ સવાલની ચર્ચા કરવા ની એસેમ્બલીની સલાને ચેકન કરનારો દક્ષિણ આફ્રીકાને હરાવ પર વિરૂદ્ધ હ મતે રફ માનસ કર્યો હતો જેમાં ૭ રાજ્યો તટસ્થ રહ્યાં હતાં.

દક્ષિણ આફ્રીકા તરફથી મુકવામાં આવેલા હરાવ રફ ચર્ચો હતો.

વર્ણના કાર્યકર ડો. રૂપ શ્રીડીએ જણાવ્યું હતું કે જનરલ આપી કુનીયાની ટીકા, એ, હતાં દક્ષિણ આફ્રીકા ચા માટે તેમની એપાર્ટહેડ નીતીને વળગી રહે છે તેની અમેરીકાને સમજ પડતી નથી. તેમણે અમેરીકામાં ટીકાકારોને કહ્યું હતું કે એપાર્ટહેડ નીતી વીસાનના પુરાવા પર રચાયેલી છે, કે કાળા માણસનું મનસ ધોળા ઓના મનસ કરતાં નમળું છે અમેરીકાનો હતીદ સ પક્ષ જણાવે છે કે ૫૦ વર્ષ અગાઉની રફ દંડીયનો સામેની અમેરીકાની નીતી કાલના નેશનલીસ્ટો જેવી જ હતી. હવે માનવામાં આવે છે કે એ ધોળાઓએ અસ્તીત્વ ધરાવવું હોય તો તેમણે કુનીયાના બીજા બગો સાથે થળી સંપીને રહેના શીખવું જોઈએ. કુનીયા નો મોટો ભાગ ધોળાઓનો નથી અને તેઓ રજને લીધે ધોળાઓનું અબી માન સકન કરવા નથી. અમેરીકાનો માને છે કે કુનીયાના અધિક ભાગ અબી નીતીને લીધે એ ધોળાઓનું માન પડે તો તેની અસર કુનીયાના બીજા ભાગોમાં થાય છે. ત્યારે અમેરીકામાં બીજાએ એણે થતો જાય છે ત્યારે દક્ષિણ આફ્રીકામાં ચા માટે ક્લકું ચા રહ્યું છે તે સમજ પડતી નથી. અમેરીકામાં કાળા ધોળાને સવાલ નીકળી ચો. છે. જનરલ મધેજ કળાઓને માન્ય રાખવામાં આવે છે. કાળાઓને ધોળાઓ જેટલો હક છે.

હાંદીઓની બગાડતી જતી રૂથીતી દક્ષિણ આફ્રીકાની હાંદી ઓરડાના

એશનના પ્રેસીડન્ટ મી. એ. એમ. મુસાએ જણાવ્યું કે યુનીયનમાં હાંદી ઓની બમકતી જતી રથીતી પર ચર્ચો કરવા ઓરડાના હજેક્ટરે તેમના ધોળીન શીખ લેનાઓની ડેનર-સ બરવા નીચું કર્યો છે. તેમણે જણાવ્યું કે તેઓ ખાસ કરીને, દક્ષિણ આફ્રીકા, હાંદ અને પાકીસ્તાન વચ્ચે રાજી-ડેમજ ડેનર-સ બરવ.માં, તેમજ હાંદી સવાલનો નીચું લાવવામાં યુનાઈટેડ નેશન્સની સફળતા વીશે ચર્ચો કરશે. આ ચર્ચોનો હેતુ ઓરડાના હજેક્ટરે શું પમલા લેત તે નક્કી કરવા નો છે.

વૈરાગ્યની આવના

આ જાંદી મામમાં ગુરુ શમદાસનો મુકામ હશે.

રૂકિમણીબાઈ નિત્ય રૂબંને આવે છે. કુવાળી શમદાસને કાંઈ મકામમાં હશે એમ માની વંદન કરે છે. રૂકિમણી નો ભાવ જોઈ સ્વામી પ્રસન્ન થયા અને 'પુત્રવર્તી ભવ' એવો આશીર્વાદ આપ્યો.

રૂકિમણીબાઈ હસી પડ્યાં. "મા, હસતું કેમ આવ્યું?" સ્વામી એ પ્રશ્ન.

બાળકો કહ્યું "મહારાજા! મારા પતિએ તો કાચી શેરમાં જાંઘ સંભાસ લીધો છે પણ આપનો આશીર્વાદ શી રીતે જાગ્યો પડ્યો?" એવિચારે હસ્યું

આજુ. સ્વામી વીચારમાં પડ્યા. તેમણે પ્રશ્ન: "સતી! તારા પતિએ કેટલાં વર્ષ પહેલાં સંભાસ લીધો છે?"

"બાર વર્ષ પહેલાં."

"બાઈ! આજ તારા પર પ્રજ્ઞાપા થઈ છે." રૂકિમણીની હઠીકતથી સ્વામી ચોંક્યા. સ્વામીએ પાત્રાએ જવા નો વિચાર માંડી વાળ્યો. તેમના મનમાં ચૈતન્યામય નામનો એક સિંધ હતો જેને રૂકિમણીનો સ્વામી વિશ્વ પત્ર હોવો જોઈએ એમ સ્વામીજીને ખાતી થઈ.

રૂકિમણી અને તેના પિતાને ભઈ સ્વામીજી કાચી શેરમાં જાણા આવ્યા. સ્વામીએ બંનેને, એક ચુપ્ત રથને રાખ્યા અને ચૈતન્યને બોલાવ્યો.

"ચૈતન્યામય! તારી પુર્વામની હઠીકત સંભળવા માંડું છું. હું આજંદીથી પાછો ફર્યો છું."

આજંદી હજી કાને પડતી જ ચૈતન્યની માત્રો દીર્ઘ પડી ગયાં. આંખમાંથી આંસુ પડવા લાગ્યાં. ગુરુ દેવતા પગમાં પડી તે બોલ્યો "ગુરુદેવ! ક્ષમા કરો. ક્ષમા કરો. સંસારનાં મુખો ન અમવાથી હું સંસાર છોડીને આવ્યો હતો."

"પણ તારે આ હતી એ વાત તે કેમ ન જાણી?"

"કદાચ આપ અને સંભાસ ન આવ્યો તેથી મેં એ વાત આપને જાહેર કરી ન હતી. હું અસત્ય બોલ્યો છું. મારા ગુના માટે મને માફ કરો ગુરુદેવ."

ગુરુને ચૈતન્યની આ આવી. પોતે હાથ ઝાલીને તેને ઉભો કર્યો અને કહ્યું "ગુરુઆત્મા છે, જાણ કરી ગુરુદેવ માન અને તમારા ધર્મનું પાલન કરો."

"જેવી આત્મા મહારાજા."

"તારા બાળકો બધું એટાં અને ઝાંતી થશે એ મારો આશીર્વાદ છે."

ગુરુનો આશીર્વાદ લઈ વિજયપત્ર, રૂકિમણી અને તેના પિતા આજંદી આવ્યો.

ગાંધીજીએ સંવચરત હાથ પુનઃ ગુરુદેવનાં અમમાં દાખલ થનાર પતિ-પત્નીને યાતિપકાર કારણે છતાં તેઓ ન ડર્યા કુઃખ સહન કર્યું. અને આપણને તેમના કારા સત્તાગતેશ્વરની બેટ મળી. તેમના ખીળ પુત્ર તે સંતરાનેશ્વર.

જીવન અને દરિયન' પત્રોની વાચક આલમના આદરિયન અને અક્ષરરેફે રત. મહાદેવભાઈના અનુભવ સ્વયં પી અંદરેકર પ્રાણ્યકર રુદ્રાણ તા. ૧૬મી જોડાટોરને રિને મુળાઈ અને અજાણ અવસાન પામ્યાં. જન્મમરણનાં રોજીમાં આદરમનોમાં સરતચુક્રી ખપી નવે એવી આ નાનકડી ધરનાના અખર 'દરિયન' પત્રોની વિશાળ વાચકરત ઉપરાંત ઠેક ઠોરી અળના પ્રમુખ ઉપદ્યુખથી માંડીને આ દેશના તરફેર જીવનજેમના અસંખ્ય નાનામોટા કાર્યકર્તાઓમાં અને અને વિદેશ સી મિત્રોમાં ઉડી અખીનીની સામથી ફેલાયે.

એમની મનીર અંતમાખીમાં જાણ દેવકાસ માંથી અને કું. તેમનાં આખનજો તેમ જ વિશાળ મિત્રવંદ સ્વયં, દિવસો ધગી દાનરે કના. સત્કર્મનો, મનો કે રામકૃષ્ણ પરમહંસ, રમણ મહર્ષી સમા દિવ્ય પ્રાપેને પશુ સરીરના આધિભાષિ અથવા દેહના દંડ છેડના નથી અને એની આમળ બધા બટકુબરોને પશુ રાક અને અમંક સમા સમારે બનવું પડે છે. એ સત્યનું અમને સોને જીવનમાં ફરી એક વાર મોડામોડે દર્શન થયું.

મારાથી લગભગ તેર વર્ષ નાના, નંખને વિવાહો દશમાં અને સીએ નોવેલા તરફેર એવા, એમને આમ મારા અમારે પડી ચાલી જતા જવા, એ દિવસોના અને નવું વસમો થય પડ્યાં છે. પણ કષ્ટરેખા આમળ માણું નમસ્વા તમર માણસને છુટકો ન થો.

જીવન વર્ષ જેટલી કુળી જીવનમાં આપ અંદરેકરની મિદિયા કરકોસને આપર્ષ પમાડે અને મહાજન બનાવે તેવી હતી. માંથીજીવ રવાખી ગુજરાત વિશ્વવિદ્યાલયની ૩૩ વર્ષની કારકિર્દીમાં જે વાજ ઉનાચો તેનો મરંચક નમુનો જાણ અંદરેકર કના એવું થાડું થાનવું છે. રત. મહાદેવ ભાઈને પેતાની અરસ' વની બનાવી ને એકવારી અંકિતથી અમલે પોતાનું નવનવરેકરું અને વિવાહી સાધના મા અનુપમ મિદિ મેળવણ ઉપરંત પળી તપાડે જીવનકમલિ માળ કરી અને લગભગ મહાદેવભાઈની જ જીમરે સાધના થયા.

ગુજરાત વિશ્વવિદ્યાલયના પળ પુરા પડાવેર નહોં છતાં જીવનકાળનામાં મહાદેવભાઈને પોતાની આનંદની બનાવીને જીમું રિટ ગુજરાતી અંગ્રેજી કવચાની રવા એમણે રિટ કરી. આરે પણ ગુજરાતી અંગ્રેજી એક આનંદન મહાદેવભાઈના જ એક એક અર્થે સો જ નહોં. ગુર માંથીજી ને

મહાદેવભાઈ પોતે પણ ધણી વાર થાપ ખાઈ જતા. એવી જ એકઅરખી મોનીની સેરા. કાપીને ઝેરે પહેરવા નું મન થાય.

અજીકાના કલાધરોની કલાને વાદ દેવકાસે એવું રિટ સંસ્કારી કંડારેમ 'કલાસિક' ગુજરાતી કવચામાં, અમર માં અધરી તાત્ત્વક કે સંસ્કૃતિવિષયક અર્થવિચારણાઓ કે ગુણોને 'કલાસિક' ગુજરાતીમાં ઉતારવાની હવેલીમાં માંથીજીના અતેસારી અમારા મંડળ માં—કલાય આખા ગુજરાતમાં— મહાદેવભાઈ પછી કાણ અંદરેકરની બરામરી કરે એવું ખીલું રાખ નવે. મારી પાછળ 'નવજીવન' અને 'દરિયન' સાપ્તાહિકોમાં માંથીજીનાં કવચોના અનુવાદ મારા કરતાં ધણી વધુ ચેત્યતા પુર્વક વર્ષો સુધી મહાદેવભાઈની અમીરણિ હેઠળ રહીને એમણે કપો, અને અનુવાદની કલામાં અનુભવ નિપુણતા સંપાદન કરી. આપા ઉપર મનુષ્ય પણ તેવું જ મેળખ્યું. વિશ્વવિદ્યાલયના વિદ્યાર્થી અને જગતા જીવન લેખક સંપાદક તરીકે પોતાનાં પહેલવહેલાં અખાજેર મારી પાસે સુધરાવવા મકારવા માવનાર અને ખાસી પ્રુદત સુધી મારી ફેળ લખવા છાપવાના કામની તાલીમ લેનાર એમની પાસે પાછલાં વર્ષોમાં મારાં અંગ્રેજ ગુજરાતી કાયાં લખાણો સુધરાવવા સમરાવવામાં કું મોરવ અનુભવલે. પોતે પણ ગુજની લીનતા યે સો કામ કરે મૂકીને એ બધું કરતા. એમના અજાણ અવસાનની ગુજરાત આજે અપીત મરીજ બન્યું છે.

મહાદેવભાઈના કાર્યાવાસ કરમાન સને ૧૯૩૩-૩૪માં માંથીજીનું મંત્રા પડું પણ એમણે કુંદ પ્રુદત સુધી ફરેલ. તે કરમાન મહાદેવભાઈની જ દમે 'દરિયન' પત્રોમાં સાપ્તાહિક પત્રો અને બીજાં લખાણો કરતા તેમ જ રેલોરોજના બનાવે, પ્રકાશનો છની ડપરી રાખતા. આનાં ચીડાં રજ માંથીજીના જીવનકસમે છ વર્ષોનારા સંજ્ઞાપત્ર અંગ્રેજ ગુજરાતી અંધના રૂપમાં એમણે પ્રગળે આપ્યાં. પુનેથી પ્રમટ થતાં તપારે અંગ્રેજ ગુજરાતી 'દરિયન' પત્રોનું સંપાદન પણ માંથીજી તથા મહાદેવભાઈના આશરે ફેળ ઉપરંતોને નાતે વર્ષો સુધી એમણે કયું અને એ કામમાં એજને સંપૂર્ણ કતોવ મેળવેલ.

એમની વિદ્વા તકસાદી કે કુંદ-પૂજના નહોતી. ધર્મવિચાર, દેવપરદેશ ની સંસ્કૃતિ, અંધીરિચારણા, અંધી-જીવન આદિ વિષયો પર એમણે કરેલાં લખાણો તેમ જ મળ અને અનુવાદિત મળને ૨૫-૩૦ જેટલા એમના ગુજરાતી અંગ્રેજી મંવા હીરના અને ગુજરાતના

ચિરંતન 'કલાસિક' સાહિત્યમાં કાવચ નો ઉમેરો કરનારા છે. આમાંનાં ધણાં પ્રસારે આપણી મુનિવર્ગીઓ ના પાઠપાઠમાં રવાખી રવાન લઈ રહે એવાં છે. સંસ્કૃત અંધોનું એમનું પરિચીલન એમના અંગ્રેજી વાંચન જેટલું જ બકોલું અને ઉડું હતું. ગીતા, વાંધીકિ રાધાપણ અને મીમંસ બામવત પ્રતિ એમને અમાધ ભરિત હતી. પાછલાં બેના યોગે, વચના મૂતો અને મહન અવલોકનના ફરેર એમને જીવકાસે રહેતાં, એ વકિતાં ફરી ન થાકતા. માણખમને એમનો અભ્યાસ પણ તેવો જ તમરપરો હતો. હોંડુ સંસ્કૃતિ અને વિચારણાની શી રાધાજીવનની રજુઆતે એમના ચોંતન અને લેખન ઉપર લગભગ માંથીજીના જેટલી જ અસર કરી હતી. શી. રાધાજીવનના અનેક અંધોના અનુપમ અનુવાદો એમણે ગુજરાતને લેટ કપો છે.

એમની સારમાણમાણ, કાલાઈ, વિનય, નમતા બધું અનુપમ હતું. મહાદેવભાઈની વિર્જીત ઉપાસના કરી કરીને કાટ-અમર-વાયે એમના અનેક ગુણ પોતાનામાં છતારવામાં તે સરળ થયા હતા. અને જોઈ જીવનના ફેરમાં નાનાં ફેરવાતાં માણસોને પોતાના કરતાં ધણી ઓછી ચેત્યતા વાળા માણસોને કાસે ધણી વાર ખમવું પડે છે એવું એમને પણ ઠીક ઠીક ખમવું વેળું પડેલું, છતાં એમણે એની ફરિયાદ કરી ઠાઈને સંજાળી નહોં.

જેવા ૧૦-૧૨ વર્ષોમાં એમની વિદ્વા તેમ જ સંસ્કારિતાની સમંધ દેખપરદેશ બધે પહોચી હતી. માંથીજી ના એક કાળની મંત્રી અને અન્તેવાસી તરીકે પ્રતિપ્રાંતના રાજદારી અંગેવાને, મુલસદ્દીઓ, હાંમેઓ અને વગમાં વડા દેશનેતઓ જોડે અમત સંપર્ક સંબંધ થરાવતા, છતાં તેવી ઓળખાણથી કરી અમત કાજ મેળવવાની રજુદા એમણે ફરી ન થરી. અંગ્રેજ સમતનત ના મોટામોટા પ્રાસદીઓ, માણ વાઈસરોયો, આંતરરાષ્ટ્રીય નામના થરાવનારા મંપકારો કે મિથનરીઓ, સો જોડે એક અંધકાર કે સંપાદકને નાતે અમર તે અંધિતમત નાતે પ્રુર આત્મવિશ્વાસપૂર્ક સાપ રવાઆવિષયકે પત્રવેવારે અમાવતા અને સાપ અમરખંધી અંગ્રેજ અંગેરિકન પ્રાસદી કે મિથનરીનું મેલસેલું લખાણ પોતા ની મ.વળી કે મંધોઅખાને અંધમેસનું ન લેવાને સખને ૧૬ કરતાં અમરતા નહોં.

ગુદજીવનમાં સુખી હતા. અમરાર પત્ની અને સંપાદક સમા જે નાનકડી રીકરીઓ ફરતારે અમને ખણી હતી. વર્ષો જમાઈ આ રજુકા પરિવારને મહાદેવભાઈ માંથીજી આમળ એમનો જ વિનોદ દંડોને 'મંદરાકરનાં' 'I. I. I.' ખખત આપ્યાં છે. ફરી

ને ઓળખાવેલો. એ જ સંબોધને ધણી વાર પોતાના પરિવારને સંબોધતા કે. મિત્રો આમળ ઉલ્લેખ કરતા. બિચારાં "Them" નું જન આજે ઉડી મયું!

પણ એમની કાનિમાં દેશનાં અસંખ્ય મિત્રો અને મિત્રકુંજો આજે બાળીદાર છે, એ વિચાર એમને સોને સાંત્વન આપનાર નીરડો.

એમની કુંદી જીવનનું જેમણે વર્ષ દોઢ વર્ષ એમણે માંથીજીના જીવન પ્રસ મોની તે તે કાજ લેવાયેલી રિલેનો ના સમ-વય દારા તથપાર કરવામાં આવતી 'કેમ્યુમે-ટરી' જીવનકલા અમે મુંગમમાં માંથી રવારક નિધિના આશરે હેઠળ ચાલી રહેલી પ્રવતિમાં ગાળ્યું. જીવનમાં રિથરતા અભ્યા છતાં સરીર જોડેની મેલુદેલીમાં કાણ અંદરેકર મરકુમ ફિરીરલાલભાઈની કરેખરી કરનારા હતા. એવા જ દમિપક અને કુદસકડી. પણ ફિરીર-લાલભાઈમાં નહોતું એવું કમજોરોનું ગુણ કુબોએ એમનામાં હતું. ફીજી આધિમરત તપિવતે દમના કુમકાએ સામે અંગુળીને લીધેલું કામ-પુરું કરવા ને લેલો એફિરિન (પંથોરો)ની રીકડી જો, એવી જ જાસિમ દવાઓના નાજ અને બીજી પેટ દવાઓ અંગુળીના આમદથી લઈ લઈને આ થાણ પ્રુરે પોતાના કલપને છરી રીતે જોખમાણ્યું, એવું નિષ્ણા. ફાકતોરોનું એમની અંતમાંકોળીનું નિહાન હતું.

કષ્ટરના અમમ પોળખામાં અંતે તો માણસ અમમ જ છે. ફાકતરી પ્રુલાસાનું બોચિય આજે તેવકું હોય તોયે માનવીએ માનવીની બૂરો કે નજળાંઓના કાજ બનવાની પ્રવાજ થયા છે. માણસમાજ સામપણ અને મડકપણનાં ખાખીઓ અને પ્રુબીઓનું પોટલું બનીને જીવે છે ને જેકરી કમાણી જીવન ખાતે જાયે કરાવીને પોતાની યાત્રા પુરી કરે છે. સુસંમતિ-વિસંમતિ પણ જીવનનાં એવાં જ અનિસાતવ જોડાં છે, એવાં કુખ-કુખ, જલમપજલ અને કારજન. કાજમાં કાજ લેખાતાં માણસોનાં જીવનમાં પણ કાંઈક ને કાંઈક એકાદ નજળાઈ—એકાદ રૂઢીઓ—હોય જ છે, એવાં સારંગિક અનુભવ છે. માનવ જીવનની આ નજળાઈમાં જ કામ એની માનવતાની અખતા ને મોરવ થુપા છે.

પણ માણસની ખાખીઓ, કલિઓ અને અગુણ એવા 'અમાનત કરીર' જોડે નાજ પામે છે અને એના પ્રુલો ની સુમંથ અને રમૂતિ એ પોતાની પાછળ પોતાની પ્રાંના અને સંકાર ના ઉપકાર અર્થે ગુડી ભવ છે.

શી. નરકરીભાઈ પરીખ બધે છે :

સાધુ: "તમે બીજા કોઈ મકારા ને મળ્યા છો?"

THE TRADITIONAL SOUTH AFRICAN WAY OF LIFE

By PATRICK DUNCAN

★

A FRIKANER Nationalists often claim that *apartheid* (whatever that proteous among ideas may mean) is nothing more than the traditional South African way of life. In particular the Group Areas Act is often defended on this ground—that law that enables a power-drunk minority first to expropriate other groups and then to possess itself of the spoils.

They are right—the Group Areas Act is traditional, of the tradition of the old frontier wars, wars of extermination which we should long ago have learnt to put behind us.

Listen to this story, told by Stow in his classic "The Native Races of South Africa" (on pp 175-177.) From about 1770 the whites on the one hand, and the Bantu on the other, had been sending commandos against the Bushman tribes, the original owners of the land of all South Africa. These expeditions were like hunting forays against wild beasts—they exterminated any Bushmen that they found. In addition they often took the women and children of the Bushmen to make slaves of them. Then, in 1814, two mission stations were set up to collect some of the scattered Bushmen, and to teach them agriculture so that they need no longer steal the stock of others. One was at Towerberg near Colesberg, and another was at Hephzibah in the same district. In a few months no fewer than 1,700 Bushmen had taken refuge at these two stations. They stopped stealing and learned "to cultivate with the inherent energy of their race." But they were not allowed to remain long in peaceful possession of these lands. "Too many greedy eyes were set upon the fountains which watered the fertile fields they had been taught to sow. In 1816 some differences arose between the resident missionary of Towerberg and some of the neighbouring farmers . . . respecting the seizure of some children belonging to the station. This disagreement became the pretext for the suppression of the missions, the fieldcornet van der Walt was against the missions, and had reported unfavourably about them to the landdrost. No specific charges appear to have been made, nor was any investigation instituted. A kind of general assertion was made that the collection of so many savages so near the colonial border was a menace to the peace of the colony. Poor Bushmen! The colonial border advanced upon them, not they towards the frontier line. This however mattered not, (the Governor) merely stated that he was under the obligation of recalling the missionaries within the limits of the colony, as these Bushmen institutions were detrimental to its interests. . . . About 1819-20 the greater part of the mission Bushmen were either killed or frightened away by the great influx of Boers in that year. . . ."

There follows the description of what happened to them by 'Na'na'Low, the last Bushman captain of the Towerberg. It is a story of genocide. "Such was the statement of a Bushman when heard in his own defence. . . . It seems also a significant fact that Fieldcornet van der Walt, the very man who was most active in raising the outcry against the institutions, was the one who profited most by their suppression, by possessing himself of a large portion of the lands attached to them."

★

When will our governors learn that we have long ago become one economically, and that our residential layouts and political constitutions ought to be drawn up with this fact in mind?

Confused Thinking

IN the 'Natal Witness' dated Monday, December 7, we read on the front page Sapa reports of three speeches delivered by three distinguished personalities—two Europeans and one non-European. All these three speeches have given us the impression of confused thinking. All the three reports are reproduced elsewhere in this issue. We will first deal with the speech delivered by the Bishop of Natal, the Right Rev. Vernon Inman at the annual giving of the £10,000 Bantu Education School in Maitland. The views expressed by the Bishop are very faulty indeed and if they were applied to all the races of South Africa, as indeed they should, there would be no room left for entertaining the idea of segregation in any shape or form. For all are God's children and He has destined none of His children to be the slave of others. But evidently while the Bishop was speaking he had in mind only the English-speaking and the Afrikaans-speaking section of the people which did not include the non-Whites, in whose case there exists a different code altogether. It should not be forgotten that segregation in schools based on race and colour was first introduced in South Africa not by the Afrikaner speaking people but by the English speaking people. According to the Bishop of Natal, the Right Rev. Vernon Inman

was, and very rightly so, un-Christian. And what is un-Christian must be condemned and must be fought against. That is what the non-Europeans are doing to-day and the Church must whole-heartedly support their action as long as it conforms to the Christian principle of non-violence. We do not suggest that segregation which has existed so long should be abolished over night. We say that it should not be defended but should at all times be treated as an evil and steps should be taken to eradicate it from our political, social and moral life with the least possible delay.

Secondly we come to the speech delivered by the Minister of Health, Dr. A. J. R. van Rhijn when he visited the Santoor Tuberculosis Settlement at Thaba 'Nchu. The Minister accused the United Nations of having done nothing to assist the non-Whites. The only thing they did, according to the Minister, was to use the non-Whites against the White man. "Have they ever sent out a penny to help you?" he asked. Well the United Nations have focussed the world's eyes on the ill treatment of the non-Whites in South Africa. That is not a small thing. That is why the South African Government and their supporters are so uneasy about the whole thing. As to financial help the country would be thronged with financial help to the

non-Whites in their struggle against the injustices they have to suffer if only the South African Government would allow it to come. The fact is that it has threatened to confiscate such money if ever it were sent.

Dr. van Rhijn referred to the shortage of labour in South Africa and said it could not afford to have its labour force dissipated by the ravage of tuberculosis. It would have been far better, he said, if the £1,000,000 that had been spent in erecting a hospital for non-Europeans had been spent on improving housing. If that had been done, the hospital might not have been needed, he said. We fully agree with the Minister of Health. The root cause of the evil is the living conditions of the non-Whites. If they were improved the disease would disappear of its own accord. What we cannot understand, however, is why there should be any shortage of labour in South Africa while it has a population of twelve million in its midst. If only the manpower that God has blessed this country with were properly cared for and made proper use of there would be no dearth of labour in this country. In fact it would be the envy of the world. It is not the world that is setting the non-White against the White man. It is the White man's Government that is setting the non-White against the White man.

Thirdly we refer to the speech of Dr. J. S. Moroka, ex President of the African National Congress, at a reception to the Minister of Health, at the Thaba 'Nchu T.B. Settlement. In his enthusiasm to welcome the Minister of Health, we feel that he has been a little unfair to his own people. We would certainly

wish the day when non-Whites would be completely independent and would be able to look after themselves without any outside help. If they are seeking independence it must come from within. They must become independent. But the undeniable fact remains that the White Government of South Africa is mainly looking after the needs and comforts of the small White population and criminally neglecting its duties to the vast majority of non-Whites who are being taxed without representation. No section of the population in any country can look after itself without the help of the Government. The Government is there to help the people. In South Africa the Government is exploiting the non-Whites for the advantage of the White people and keeping them enslaved. To say, as Dr. Moroka is reported to have said, that "the Government was trying to uplift the non-Europeans both morally and physically," when not a single unjust and oppressive measure against which the African National Congress and the South African Indian Congress deemed it essential to launch a defiance campaign has been removed but on the contrary further measures have been added, is bound to create an utterly wrong impression in the outside world. We therefore consider Dr. Moroka's utterances to be most regrettable.

The progress of the world has depended on dreamers and their dreams—not dreams of exploitation and aggrandisement and perpetuating injustice, but dreams of progress, happiness for the widest masses, liberty and independence for all nations.

—Subhas Chandra Bose.

NOTES AND NEWS

Minister Of Health On Non-European Question

"It is all very well to promise people the moon and the stars from more than 6,000 miles away if you are not going to do anything about it. These people want to use you against the White man. They don't want to assist you." The Minister of Health, Dr. A. J. R. van Rijn, said this in an address delivered when he visited the Santoor Tuberculosis Settlement at Thaba Nchu last week. "What have these people at the United Nations ever done to assist you?" he said. The Minister said those at the United Nations who "blackened South Africa's name" did not realise what was being done for the non-Europeans by a small European population. "The less people in Europe poke their noses into South Africa's affairs, the better it will be for them and better it will be for us," said the Minister of Health. It was his ideal that, when he laid down his portfolio, every family in South Africa should at least have a roof over its head, he said. The problem of tuberculosis could be attributed largely to a lack of adequate housing for both Europeans and non-Europeans. South Africa, with its shortage of labour, both European and non-European, could not afford to have its present labour force dissipated by the ravages of tuberculosis. In Port Elizabeth, a hospital costing £1,000,000 had been erected for non-Europeans. It was probably the finest hospital in the country, but it overlooked some of the worst Native houses he had seen. It would have been far better if the £1,000,000 had been spent on improved houses. If that had been done, the hospital might not have been needed.

Dr. Moroka Flatters Government

It was the aspiration of the African people not to be a burden to anyone, said Dr. J. S. Moroka, a former President General of the African National Congress, at a reception to the Minister of Health, Dr. A. J. H. van Rijn, at the Thaba Nchu Tuberculosis Settlement, Santoor. Dr. Moroka said it was not fair that the Europeans should be expected to do everything for the non-Europeans. Today hospitals and other institutions were operated for the non-Europeans because they were not in a

position to operate them themselves. "For the time being you must help us, but we will try our best to become self-sufficient," he said. Dr. Moroka said the reason for the prevalence of tuberculosis among the non-Europeans was that they were the poorest section of the population, often living in houses which were too small and badly ventilated and having nothing to eat but porridge. But these days were passing. The Government was trying to uplift the non-Europeans, both morally and physically. The non-Europeans had cause to be grateful for what was being done for their health. "I sometimes wonder what would happen to the Africans if the Europeans had to leave the country," he said. It was apparent, however, that the Europeans and non-Europeans could remain friends but retain their own identity.

Mrs. Pandit On Problem Of Africa

Mrs. Vijaya Lakshmi Pandit, President of the United Nations General Assembly, is reported by Sapa-Renter to have said last week, that the Indian delegation had always felt that the "problem of Africa is perhaps the most inflammatory problem the United Nations ever had." Other United Nations members sometimes interpreted Indian speeches on Africa incorrectly "in the sense that they think we are trying to dislodge the policies of member States." "Africa is a vast continent and the people are on the march. They want and demand their rights. With the United Nations and the present position of the world, these rights cannot be kept from the people. The people are beginning to realise that they can now claim their birthright," she said. "If they are not satisfied the only alternative is such things as the Mau Mau and other cases where the people turn to violence and leadership passes to the disruptive element. Africa will claim as much time and attention of the United Nations next year as it has this year unless there is some striking change in the situation. But I do not expect anything like a birthright change," she said.

Seven New Non-European Doctors

Seven medical students passed their final examination at the University of Capetown last month. This is believed, says the 'Cape Times,' to be the

largest number of non-European students to graduate at the same time at the University in the 19 years. Of the seven who passed, five already hold either the B.Sc. or B.A. degrees and are considered the biggest batch of medical finalists among the non-Europeans to pass with these additional academic qualifications. The new doctors are: D. J. Choonoo, B.Sc. (Hygiene), I. D. K. Davids, B.Sc. (Hygiene), A. J. du Toit, H. J. Green-Thompson, B.Sc., G. J. W. Maurier, B.A., G. Mayat, B.Sc., and C. C. Petersen.

How Dr. Choonoo Passed

Donald Joshua Choonoo, 27, whose father is the Rev. A. J. Choonoo, of the Methodist Church in Durban and well-known in the Indian community, worked as a wine steward in Capetown hotels to earn part of his fees and board and lodging. He obtained his B.Sc. degree at the age of 20, and decided to become a doctor, but his father could not afford to pay for his medical studies, so Dr. Choonoo worked for a year in the Government Laboratory in Durban. Later, with the help of various friends, he was able to begin his studies as a medical student, but the problem of paying for his upkeep forced him to work at weekends and at night as a wine steward. Dr. Choonoo's mother died when he was two. His father, who earned only £15 a month, sacrificed a great deal to give him the opportunity to become a doctor. He had also been fortunate in obtaining help from a number of European and non-European friends. "Lecturers who met me when I was working as a wine steward told me, he told the 'Cape Times,' that I should be using that time to study, and they immediately set out to help me. One doctor in Capetown, who is also a lecturer, gave me a complete set of medical books.

"The kindness of everyone has been overwhelming and I am glad that my success has justified the confidence they had placed in me. The late Mr. Jeebhoy Rustonjee paid regularly towards my upkeep while I was studying. I am greatly indebted to him. He died a few days before the final examination results were announced." At the time Dr. Choonoo was interviewed he was splashed with paint and was busy whitewashing the home of some friends. He said he would be an intern at the McGard Hospital, Durban. He is engaged to be married to

Miss Lillian Alexander, daughter of Mrs. and the late Mr. P. Alexander, of Rosherston Street, Cape Town.

African Student's Plight

An application by a Native student for leave to be allowed to write the examinations for the primary higher teacher's certificate was refused by Mr. Acting Justice Watermeyer in the Cape Town Supreme Court on November 27. The applicant was Sandlee Tshane, a former student at the Healdtown Missionary Institution. Tshane had, for the past two years, been studying for his primary higher teacher's certificate, but was expelled as a result of disturbances which took place at the Mission in October this year. Of 108 students sent home at the time, 60 were readmitted, but the remaining 42, including Tshane, were refused readmittance or leave to write their examinations. In his judgment, Mr. Acting Justice Watermeyer said: "Reviewing the case as a whole, the applicant has only himself to blame for the unfortunate predicament in which he finds himself." When the application was heard, Mr. P. W. E. Baker applied for leave to intervene on behalf of the governing body of the institution. An affidavit on behalf of the institution said: "Even the appearance of the 42 students at examinations held at the institution would earn them, in the eyes of the other students, all the prestige of successful defiance of authority."

New School For Indians In Mool River

The foundation stone of the A. I. Kajes Government Aided Indian School at Mool River was laid on Saturday, December 12, by Mrs. H. D. Brant, the chairman of the Mool River Town Board and the Mool River Indian School Advisory Committee. There was a large gathering of Indians and Europeans and Mr. A. B. Moon presided. Mr. Moon said that while the Moon Hajes Camp Trust had originally wanted to donate the cost of the building, it was later decided that the cost would be borne by Kajes Moon Company. Glowing tributes were paid to the late Mr. A. I. Kajes for the great interest he had taken in Indian education by many speakers including Mrs. Brant, who was presented with a silver trowel and a basket of flowers. The function terminated with light refreshments which were provided in the Mool River Town Hall.

WE come then to the first Cape Town (Malan-Sastry) agreement of 1927. Dr. Donges devotes a column of Hansard to rebutting the Indian claim that this agreement confirmed the 1914 "concession." Having shown quite clearly that it did that very thing, he comes to the astonishing conclusion (which he had the opportunity to correct before Hansard was published) that "it is clear from this that the claim that the concession was conferred by the Cape Town agreement cannot be sustained." (4140-1) The Minister then spent a great deal of time explaining that the agreement was not a treaty (which India has never claimed), was not an international agreement (which is much more doubtful), but was only "a statement of policy or 'an agreed communiqué.'" (4141) Dr. Malan himself described it in 1927 as "not an agreement in the ordinary sense" but "an honourable and friendly understanding," from which he immediately proceeded to remove the "honour" by declaring that South Africa was in no way bound by it. A strange agreement indeed and our interpretation of it is hardly calculated to enhance our international reputation.

But the agreement, or whatever it was, did three things relevant to this article: it confirmed the 1914 "concession" about wives and children; undertook that the Indian and Union Governments would co-operate to try and repatriate our Indians; and accepted responsibility on behalf of the Union for the "uplift" of whatever Indians remained here permanently. Nothing now said by any Nationalist sophist can explain away the plain fact that the Nationalist Government of 1927 confirmed the 1914 "concession" unconditionally and linked that confirmation with the implementation of the Reciprocity Resolution of the Imperial War Conference of 1918. Pass Dr. Donges, the present Bill is a breach of the Cape Town agreement and of our acceptance of the Reciprocity Resolution; and it remains a breach whether the "agreement" was an agreement or something else, even if the "concession" was confirmed not conferred in 1927 and 1918. Once again we have a Nationalist Gov-

ernment breaking its word given on behalf of South Africa. As to the "uplift" clause, we know how far it has been honoured or otherwise. And so I pass hastily to Dr. Donges' allegation that repatriation broke down because India failed to co-operate. "It is a matter of history today that as a result of the reception which the first few batches had in India, the whole scheme came to naught." (4145) Now Dr. Donges' difficulty here is not merely with me and history, though we could tell him a thing or two, but with his own leader. Here is Dr. Malan, a little later in the debate: "During the first three years the repatriation scheme was a success; it was very satisfactory. Opposition was then raised not, in the first instance by Indians, but that opposition came from Indians in South Africa. They set on foot an agitation against that repatriation, which caused the failure of the scheme." (4153).

Well, there we have it. If readers will recall that 1929 saw the Wall Street crash and that by 1930 (i.e. in the scheme's third year) no Government in the world was able to meet its economic commitments, they will understand, if they do not fully condone, India's failure thereafter to do more for repatriates in India. Yet Dr. Malan has made it clear that agitation was already under way among Indians. Why? Because then about 80 per cent, and now about 95 per cent, were born in this country and few knew India; and secondly because, then and now, they are slightly better off here economically than they might be in India. Hope of better economic conditions is the mainspring of all, even indentured, immigration. The Indians here have prospered less than any other immigrant race. But there is still a small margin over the all India average. At 1947 prices the average income per head for Indians in Natal outside Durban was £39 (White £156, rising to £250 in urban areas); in Durban it was £21 per head for Indian labourers (about half the Natal Indian population). The all-India figure was then about £15. Even allowing that the Indian peasant grows much of his own food and some of his clothes, our Indians are very slightly better off, even in Durban.

Now we have Dr. Malan's word that repatriation failed because our Indians did not want to go. And because the Indian Government will have nothing to do with forcible repatriation, it refuses to help further, until our Indians change their mind. Thus it is pointless for the Prime Minister to deplore Mr. Nehru's "obduracy" and his refusal on grounds of "prestige." It is not a personal matter at all. What would Dr. Malan's attitude be, if Rhodesia or Kenya sought his co-operation for the compulsory expulsion of their Africans against the latter's wishes and their material interests? And it is equally impossible for Mr. Mitchell to counsel the U.P.'s lack of constructive policy and refusal to face facts behind a plea to get back to 1927 or 1932, when the Indian Government was willing to try and help move our Indians to India or elsewhere. Since then it has become quite clear that they do not wish to leave the country in which we Europeans freely invited them. And the precedent of the bloody exchange of populations between Pakistan and India to solve a historical problem which had accumulated without fixed purpose or direction over centuries is not one we, as a civilized and peaceful nation, can cold-bloodedly invoke, though Dr. Malan did have the consummate bad taste to suggest it to Mr. Nehru. (4164) The "liberal compensation" he offered would have to be liberal indeed.

The Nationalists through Mr. Maré and Dr. Donges reluctantly accept the temporary impossibility of forcible expatriation; they refuse to accept, even temporarily, that the Indians are a part of our population. Historical obligations and past agreements mean nothing to them. Mr. Maré proposes (4177) and Dr. Donges accepts that they shall never have political rights and shall be strictly segregated. (4184) And the U.P.? Well, it is prepared to consider that the small injustice about wives and children involves "the fundamental question of the position and status of our Indians" which "requires the unanimity of the established European population" (Mr. Lawrence 4141)—thus giving the U.P. yet another opportunity to vote with the Nationalists and demonstrate how little they differ on colour issues. "We must tackle this issue fearlessly, courageously and justly in the interests of all concerned" (4157), approaching India "in the name of the people of South Africa as a whole" (4155). The Prime Minister "can feel that he has South Africa behind him" (Indians, Africans and Coloureds too?), "he has the whole country behind him" (Mitchell 4165, 69). But

of course, "it is certainly not the policy of the U.P. that there should be compulsory repatriation of Indians because such a policy is impracticable, unrealistic and not one that can be carried out" (Lawrence 4161). Not unjust? Or immoral? Or a contravention of our obligations (Natal Laws 14 of 1859, 12 of 1872 and 19 of 1874, for instance) and our undertakings (say, the Smuts-Gandhi and Malan-Sastry agreements or the Reciprocity Resolution)? So, what does the U.P. propose? A conference with India (which will never accept compulsory expatriation) to discuss the removal of our Indians, who do not wish to go?

Is it not altogether more honest to say with Mrs. Ballinger and the Liberal Party that "we are not going to solve our Indian problem by repatriation. These people are our citizens, they belong to South Africa, and the future of South Africa depends on our ability to find an understanding with our own citizens" (4174-5)? Or even as that surprising voice said out of Natal on August 14: "The time has passed when the nation can shut its eyes to the danger of treating the Indian population as if it did not exist. By law and by treaty they have become a permanent part of the population. The Union Federal Party, setting out to face realities, cannot ignore that simple fact." And Senator Heaton Nicholls went on to outline his party's promise of communal parliamentary representation and its acceptance of the "uplift" obligations under the Cape Town agreement. Greatly as I prefer the Liberals' common citizenship, I must salute this breach with Natal's reactionary past.

This book deals with that period of Indian history when three empires were at a clash with each other on the Indian Peninsula. The Mughal Empire was breaking up; the Maratha Kingdom was declining; and the British were establishing themselves. ARCHBISHOP ON APARTHEID

THE main purpose of the recent statement by the bishops of the Church of the Province of South Africa on apartheid was to get people to examine their own aims and ideals in the light of Christian principles, the Most Rev. Dr. G. H. Clayton, Archbishop of Cape Town, states in *Good Hope*, the official organ of the Diocese of Cape Town.

"It is the case that the aim of the policy pursued, not only by the general Government and Departments of the present Government, is directed towards the end of keeping certain racial groups in this country in a perpetual state of inferiority."

"From some public statements on the part of 'important' and 'representative' people it seems that is the case. If so, is that consistent with Christian principles? The bishops say that it is not."

"The main aim of our statement was to have been brought to my attention and attempt to deal with this matter at all. Our aim has been to content, so far as I know, to question our own aim and to accuse us of inconsistency in our own practice."

DR. MALAN ON UNIVERSITY APARTHEID

THE Hon. Minister, Dr. D. F. Malan, who is Chancellor of Stellenbosch University, speaking at a ceremony at that university on his birthday, as reported by *Spectator* last week that the main aim of European and non-European is one of the largest universities in South Africa would be that of a model university as well.

"And makes the matter more acute is that, with the growing need for education of non-Europeans, the flow to the two universities will necessarily increase and the problem created by this increase will become more acute," Dr. Malan said.

"This morning is directly opposed to the policy of apartheid which, for many generations, has been consistently applied to, and accepted by, men and women, and lower and higher classes."

"It is a deviation from the policy of the education itself had down when that there was instituted as a policy to achieve to colour. And we have even mentioned the more recently a formal and accepted policy."

"The Government has, therefore, decided to end it as speedily as possible. A commission has already

"We are trying to do a very difficult thing, trying to give expression in our Church life to the principle laid by St. Paul—'there can be neither Jew nor Greek, there can be neither bond nor free, there can be no male or female, for we are all one in Christ Jesus.'"

"It would hardly be questioned that today in this land St. Paul would have said that 'there can be neither European nor non-European.'"

"We are trying to give expression to that principle in our Church life in a land where the colour bar prevails. That is a difficult thing to do, and it is not surprising that we are not in every case and in every place completely successful. That does not mean that the principle is wrong."

"It is a pity that our critics do not tell us whether they think that the principles which we have stated are right or wrong. It is or is it not right to aim at keeping a particular group in a permanent position of inferiority?" Dr. Clayton asked.

been appointed to investigate the matter and consult on the steps which must be taken to make provision, appropriately and fairly, for separate Whites and non-Whites in the realm of higher education, whether inside or outside the existing universities.

"Forthright that proper provision is made for the needs of both sections, the apartheid thus envisaged is not unjust. There is certainly nothing un-Christian about it as has been asserted in some circles."

Dr. Malan said that the cry of the French Revolution, "Liberty, equality, fraternity," had repercussions in South Africa about a century ago, but was checked by the joint resistance of the Voortrekkers and the British Settlers.

"Had it triumphed, where would we have been today? On the road to equality and the ruling of blood, and South Africa today would have been nothing more than a fifth-rate bastard state with a living standard which would not merit being called civilized. Thank God we were saved from that, and have remained a White, civilized and Christian people with a fixed call on."

"In the first but separate provision for the needs of Whites and non-Whites in the field of education there can be no injustice or slight, and least of all any oppression. Anything is basically wrong

and will be harmful and even fatal for the higher interests of both groups."

Referring to the United Nations Organisation, Dr. Malan said an attempt was being made to make the "well-intentioned international organisation" a world authority, but just as the Tower of Babel had failed, so would such an attempt.

N.U.S.A.S. On University Apartheid

The contention that academic non-segregation is contrary to long-established South African traditions is without foundation, says a statement issued by the Executive Committee of the National Union of South African Students. "If it were so, how could it have survived for 30 years at Wit., and longer at Capetown, without anyone

saying a word against it until, in 1948, politicians started to attack it for political ends? "And why is it that the South African public have given, and still give, the two non-segregated universities more support than any others both by way of endowments and by sending their sons and daughters to study there? "Various Cabinet Ministers have talked of the public demand for the abolition of non-segregation. In fact, there has been no demand from any source except the National Party, and we are confident that, following Dr. Malan's speech, organisations and individuals throughout South Africa who are interested in education will make it quite clear that public opinion will not tolerate tampering with our universities by politicians for political ends."

THE BISHOP OF NATAL ON LIBERALISM

IN some South African circles nowadays the word "liberal" tends to be used as an epithet of scorn, said the Bishop of Natal, the Right Rev. Vernon Innes, when he spoke at the annual prize-giving of the Girls' Collegiate School in Durban last week.

The Bishop added: "Indeed, some would have us believe that Liberal means almost the same as Communist. Yet whether used as an adjective or noun the word 'liberal' has the root meaning of freedom."

"For the Christian the word means that we believe in human freedom and that God has destined none of his children to be the slaves of others."

"Applied to education, it recognises that truth is many-sided, and that we have no right to prescribe the ends to which study must lead, other than to the glory of God."

"It means that we really must seek the truth, and when we have found it follow it, no matter how inconvenient it may be, no matter what it costs us."

The Bishop said he believed it would be provisioned already in these days that the purpose of all English speaking private schools in South Africa was to maintain the standards of a liberal Christian education.

"We have nothing for which to apologise in saying so," he added. "It happens to be our tradition, and we should be proud of it."

A liberal Christian education could not concede that it was required to teach the (supra) superiority of one race over another; nor could it subscribe to any doctrine of racial supremacy.

But it did recognise the differ-

ences of culture that exist between races and nations, and it had to take account of the social background which it had to teach. In this, however, it did not seek to effect change by force, but by the exercise of love and patience and by the discipline of self-restraint.

The Bishop said that he considered this reasoning was better criticised by the enemies than by the friends of private schools.

"Possibly, therefore, much good will result for such schools if they are interestingly made the objects of attack by those who hate what we stand for," he said. "Such attacks should force us to drop our apathy, and make us aware of the value of our traditions, that they are indeed worth fighting for."

CENTRAL AFRICAN FEDERATION QUESTION AT U.N.O.

BRITAIN refused in the Trusteeship Committee of the United Nations last week to discuss Central African Federation, action against alleged Mau Mau terrorists in Kenya and the situation in Uganda.

Mr. W. A. Mathison, the British delegate, said that these matters were "outside the work of the Committee."

Mrs. K. Menon (India) said that her delegation had "keenly watched certain political and administrative measures which are today not only jeopardising the welfare of these territories, but are retarding their political, economic, social and educational advancement, their just treatment and their protection against abuses."

She added: "The Charter is not only a covenant between nations, but it is also a reliable dream, built on the hopes of the peoples of the world, struggling to be free human beings."

The communications received by the Secretary-General from Nyasaland chiefs were "full of fears and apprehensions of the people regarding the proposed federation. There have been, according to newspapers, outbreaks of violence, provoked and unprovoked."

Mrs. Menon said that the African, rightly or wrongly, saw in federation "a setback to his progress and development towards freedom under the protection of the United Kingdom administration."

She added: "Under British administration, African nationalism has grown to measurable dimensions, but international security, as well as the welfare of the African people, demands that this impatient nationalism should not lend itself to hatred and violence, but should be canalised to healthy, constructive co-operation between the races."

THE DEATH OF SIR B. N. RAU

Moving tributes were paid to that great Indian statesman, Mr. Banegal Narasingh Rau, who died at Zurich, in the Indian Parliament by Mr. Nehru, the Prime Minister and Dr. Radhakrishnan, the Vice-President of India. In the death of Mr. B. N. Rau India has lost a great jurist and administrator and one of the architects of her constitution. At the time of his death, he was a judge at the International Court of Justice. At the United Nations this

"The two territories concerned in this matter—Northern Rhodesia and Nyasaland—have shown that the African is willing to face the difficulties of building a multi-racial democracy without coming into head-on collision during the process."

"Many of the chiefs share the sentiments of Chief Mwesa, President of the All-Nyasaland Chiefs' Council, when he stated: 'Nyasaland is a Protectorate and a free country. Our freedom cannot, therefore, be left at the mercy of the Southern Rhodesian referendum. Let us pull together as one race and never become an enemy of our own country and people.'"

Mrs. Menon said that Chief Mwesa and his colleagues were the most respected African people in Nyasaland.

Mrs. Menon said that the fear of federation was deep and widespread in both Northern Rhodesia and Nyasaland.

"The social repercussions of federation are far too important to be ignored. In the copper belt we are told that Dixon Kongozi, at Broken Hill, has initiated a 'break the colour bar' movement."

"This movement in a territory where no legal colour bar exists is illustrative of the new and dynamic trends of African political movement."

"Observers tell us that only the greatest vigilance can prevent federation from reproducing in Northern Rhodesia the legalised racial bars and barriers of Southern Rhodesia and the many consequences that arise therefrom."

"The legal position of Africans is safeguarded by the Royal Instructions, whereby persons not of European birth or descent may not be subject to disabilities or restrictions which Europeans are not also liable.—Sapa."

frail, white-haired, soft-spoken man came to be highly respected in all quarters for his tact, fair-mindedness and ability to find possible answers to baffling problems.

Very often Mr. Narasingh Rau, little though he cared for publicity, held the spotlight during the endless discussions, formal and informal, on Korea. Tirelessly, he worked to devise formula to bring the contending parties together and end the conflict.

To the Korean problem, to the wider problem of peace, the colonial and racial problem—all questions in which his country is deeply interested—"Mr. Rau despite indifferent health, applied himself with the same zeal which he displayed as a student, as an administrator and as a constitutional expert."

Mr. Rau was sent to Laha Success by Prime Minister Nehru in June 1949 after he had finished his task as constitutional adviser to the Indian Constituent Assembly.

The story goes that in the early days of the Assembly the President Dr. Rajendra Prasad felt the need of a hand-book on constitutions of other democratic countries and "B.N." was asked to prepare it.

Mr. Rau produced it in four days to the surprise of the Assembly President. It contained all essential information about the constitutions of Great Britain, the U.S.A., Canada, Australia, the U.S.S.R., Switzerland and Sweden.

Before Mr. Rau came to the Constituent Assembly he had made a name for himself as judge of the Calcutta High Court (1939 to 1944), as Prime Minister of Jammu and Kashmir (1944-45) and as Chairman of the Hindu Code Committee (1943-45).

Born on February 26, 1887 in the district of South Kanara, Banegal Narasingh Rau was the second in a family of four sons each of whom has attained distinction in his field. The eldest, Sankaraj Rau recently retired from the Indian Educational Service as principal of Queen's College Benaras. The third Rama Rau, is Governor of the Reserve Bank of India and the youngest, Shiva Rau is an eminent journalist and Member of Parliament.

Mr. Rau was educated at Presidency College, Madras, and Trinity College, Cambridge. In the final examination of the University of Madras, he won a triple first, in English, Mathematics and Sanskrit. He also distinguished himself at tennis. He won the college championship within six months of taking to the game.

He went to England as Government of India scholar in 1907. In his very first year at Cambridge he became a Wrangler and his ambition in those days was to devote his life to research in Mathematics.

In 1910 he entered the Indian Civil Service and by 1923 rose to be Secretary to the Assam

Legislative Department and Assam Council, a post at which he remained until 1933. He joined the Legislative Department of the Government of India for two years, became Reforms Commissioner in 1938, when he was knighted and Judge of Calcutta High Court a year later.

In 1945 Mr. Rau was appointed Constitutional Adviser to the Constituent Assembly of India and in 1947 he also advised the Constituent Assembly of Burma in the framing of the Constitution of that country.

He was a delegate to the 1948 Paris session of United Nations General Assembly and was elected President of the Security Council for the month of June 1950.

Huggins On Apartheid

People should be asked to consider honestly whether there existed in countries which followed the policy of apartheid a greater happiness and security than in Southern Rhodesia, said Sir Godfrey Huggins, leader of the Federal Party and interim Federal Prime Minister, when he addressed the National Affairs Association in Salisbury on Friday December 31.

"I am satisfied, from all the experience that I can adduce, that the introduction of segregation in all its forms as a political philosophy in the Rhodesian Federation is outdated, morally wrong, quite impracticable, and would be a disaster," Sir Godfrey said.

By discussing this political philosophy, he was not criticising the policies of the Government of the Union of South Africa in any way, Sir Godfrey said, adding: "Their situation in every way is vastly different from ours. But I believe I am entitled to consider their experience and relate it to our conditions."

Tracing the development of racial separation in the Union, Sir Godfrey recalled that General Smuts, as he acquired more intimate experience of the working of the policy, came to acknowledge more and more readily that segregation, as distinct from social and residential separateness, was unworkable.—S.A.P.A.

REPLY BY SENATOR COWLEY TO OPEN LETTER FROM MR. JORDAN K. NGUBANE

DEAR Mr. Ngubane,—As a rule I do not write to newspapers when my actions are commented on by these newspapers. I realise that is public work, especially when I am still a beginner, there is bound to be criticism of my actions, and I am willing to learn from critics.

I am taking pleasure, however, in answering your letter, firstly, because I believe you to have the interests of your nation at heart, even as I have; secondly, because of your friendly attitude, when you might have been bitter, and thirdly, because of the high quality of your literary style. Your mastery of the English language fills me with admiration. It is possibly common knowledge that for many years I have been trying to encourage the Zulu people to attain such a mastery of words as you have done. I gladly congratulate you on your achievement in acquiring near perfection in what is after all a foreign language to you.

I would point out, however, that to carry weight, and I believe in the days to come you will carry weight, it will be wise for you to follow the example of the great Mahatma and his son, the example of essential truthfulness, whether in giving forth facts, or withholding facts. I think, on reflection, you will recollect that I asked you if you were the editor of an Indian newspaper, and you denied it. I asked you if you were on the newspaper, and you denied it. Today, I understand that you were in fact at one time acting editor of 'Indian Opinion,' and I see from your letter that you are still a contributor. Were you ashamed of this? I think you should have been proud of it.

Further, why, after explanation, do you seek to maintain the pretence that this was a public meeting? You were told that invitations had been sent out by me. You were told that I had paid for the hall. You saw for yourself that the persons present were distinguished men among your people. You saw for yourself that refreshments and comforts were provided for my guests ever a period of two days, and that there were ladies taking round refreshments to the guests. Surely you had perception enough to realise that you had infiltrated, or gatecrashed, into this meeting, no doubt led there by your journalistic sense that there might be something interesting going on to you a free-lance journalist, and in any case that there would be something of interest to you, a Zulu. As a journalist, had you

seen any public invitation? No, no, Mr. Ngubane, you knew it was not a public meeting, but took a chance. Had you, like the 'Mercury', asked for an invitation, I should have given you one, and would have welcomed you to the press table.

Further, why do you scoff at my having invited Senator Nel and the other Natal Senators and Members of the Lower House? You know quite well that Senator Nel has been appointed to his post by the Government on account of the knowledge which he is supposed to have of the circumstances of the non-Europeans. Do you not think it would have increased his knowledge if he had come to the meeting? Do you not think it would have been to the advantage of our people if they could have told him something of what is in their hearts?

And lastly, on the question of the truth of the matter, it stands to reason that I, like you, have personal friends among the Federal Party, the Liberal Party, the Labour Party, the United Party, yes and among the Nationalists, and I certainly have friends among the Zulus. Is there any reason why a man of any religion, politics or race should not be a valued friend?

To change the subject, I cannot comprehend how a man of your understanding should have made the accusation that my 'views tallied very closely with those of the Nazis on the Education Bill.' You also say, I did not reply to your question. I enclose a transcript of the verbatim notes of what I did say in reply, and, in view of your accusation at the meeting as 'to my siding with the Nazis, and in view of your now saying that I did not reply to the question put by you, my uninvited guest, I wonder what more you would have expected?

You say that I banged my bosom; that I banged the table. I do not remember that I did so. I do not know whether it is poetic licence on your part, saying that I did so. I am not prepared to deny that I did so, but I am glad to see that you say in your letter that you do not allege that my violence was directed at you.

In your letter you say I am the best apologist that Malan could have in our midst. I think the extract from my speech clears that up. We fought Malan until we were overcome by the steamroller. His Acts are now on the Statute Books. They have been steamrollered there by superior power. When laws have been

constitutionally passed in a country, they must be observed. If, as the Liberals say we must, we fight these Acts even now, when they are already on the Statute Books, there will be chaos in the country. How will our children get education if we fight the Act? How will our workmen fare in their effort to make a living and to provide for their children, if they fight the Labour legislation? Is it not my duty now to get all I can out of the new legislation? Did I not say that, as the result of our fight in Parliament, the Ministers are now on their toes to make a success of the new legislation? And that it is our privilege and our duty to scrutinise their actions under the new laws, and that we in Parliament are given power to review their actions when they come before Parliament for money grants each year? I cannot see that I am doing wrong. What greater power has the Opposition in any country? I have made it clear on every occasion on which I have spoken that the Group Areas Act and the Apartheid principles of the Government are repugnant to me, but even so, we are forced to obey the laws of the country, and to get the best we can out of them for our own benefit.

Your next charge, which I must deal with, is that I am creating an atmosphere in which it is recognised that the Zulu people are a great nation, and that this reacts unfavourably upon the Bantu in the rest of South Africa. I wonder if by chance, you were in the hall when I explained that the African National Congress had taken exception to my references to the Zulu Nation, and that I now refer to 'the Zulu Nation and the other Africans who have come to my constituency, and whom I also represent.' I think I have made it clear that I represent them all, and presume that the newcomers will integrate with the Zulu people, but obviously there are some of the extreme Liberals among these newcomers, with whom I do not see eye to eye. However, I believe that I am working for their benefit as much as for the Zulu Nation as a whole, and those Zulus who, like yourself, have come to the top of your profession. I think it is an achievement on my part that the Government today gives to the Zulus the recognition they are giving. It is rather much for you to ask that I should build up the reputation of the Bantu elsewhere in the Union. Have they not their own representatives to speak for them?

You say that my ideas of a Zulu regiment are dreamer. Let us compare it with another dream of mine. Were you in the hall

when I referred to the fact that I was told that I was dreaming, that I was mad, less than a year ago, when I said that I was going to try to get representation for the Bantu people of Zululand and Natal in the Lower House, in the Provincial Council and in the Town Councils? And yet, so far from my ideas being mere dreams, etc., this matter has progressed so much that today there is a Commission sitting considering my representations in this matter. What the final result will be, who can say, but others are following my lead. Are not the Federal Party and the Liberal Party now preaching my gospel in this respect, with slight amendments? My representations to the present Commission are that they now have the opportunity of making provision for the representation in the Lower House of Parliament of all the non-European peoples of South Africa, who have no representation there at present, not only my people of Natal and Zululand, but the Bantu people of the Transvaal and Free State, 65,000 Coloured persons of the Transvaal, and the Indian community, all of whom today have no representation at all in the House of Assembly. I believe the time has come when the question of Indian representation can be reopened. Were you present when I said that the Malanite claim that the Cape Coloureds are wanting the new legislation should be put to the acid test, i.e. do they want it or not?—by following the New Zealand system, where the Maoris can take their choice as to whether their names are put on to a common roll, or on a separate roll? There they have the two rolls, and can take their choice. That is the system in New Zealand. It is voluntary. The Maori voters decide for themselves on which roll they will go. Why should this system not be applied in regard to the Cape Coloureds? Is there anything derogatory to human beings in this choice of which of two rolls?

I certainly do believe that the only possible method of getting representation for parliamentary minorities is by communal representation, and I differ from the Communists, who say that every brown man and woman in South Africa should at once have the franchise equally with the educated Bantu and white people. In any case, it would be impossible at the present time. I believe it is the ultimate ideal to be striven for, and have made no bones about it in the House, but, as a practical man, I believe that we can only get our representation step by step, and that the first step will be to get some representation through the group

system in the Lower House, and that responsible people should be allowed to vote under that system. Under such a system the numbers of voters would be bound to grow until the final result of full representation is attained. How long it will take I cannot say; whether it will be ten years, or fifty years, or even longer. But it is sure to come — or do you still think I am dreaming?

The rest of your letter is justifiable criticism, which I can consider in due course. I am anxious to represent my constituents correctly as you are to see them represented correctly. I believe we are both honest in that respect. You ask me if I will meet a group of intelligent African men and women. I shall be very happy to do that, whenever possible. I think you heard my invitation to Mr. Bhengu and yourself to come and have tea with me any morning when I am in Durban. (I have tea at 10.30 in Chambers.) This invitation has not yet been accepted. A formal meeting will be more difficult to arrange, as I still have to attend meetings at Greytown, Elandsburg, Oorshoof, Nqutu, Newcastle and Dundee, before I go back to Parliament next session. In addition to that, I have been asked to appear before the Commission in Cape Town, but the date has been changed three times, and I am still on a storm at to when I am to go down there.

In one matter I definitely differ from you. Mr. Bhengu was not ordered by the Chair to sit down because he and you were of one mind. Mr. Bhengu fell foul of the Chair, firstly in refusing to use an interpreter; secondly, because he did not follow the procedure directed by the Chairman, namely that he should read the resolutions in full before speaking in support of the resolutions. Actually, Mr. Bhengu had mounted the platform, at the invitation of Senator Parker, to speak to a resolution which had been drafted by Senator Parker and himself, but he went on to speak to that and other resolutions. He continued to speak notwithstanding the Chairman's ruling. The Chairman directed him to read his resolutions first, and so have them interpreted, and then to speak upon them. That he did not do. The Chairman had a duty to perform, and even though he did not know of the change in the draft, he was in order in insisting on the procedure laid down by him being followed, and in ordering the speaker off the platform when

he did not follow the ruling of the Chair. Surely it is correct for a resolution to be read first and then spoken to, rather than there should be a long speech without a disclosed motion? I am indebted to my Chairman, Mr. Champion, for his able and impartial control of the meeting.

I am unaware that you received cheers. I was unaware that the "kraal men" rose and marched out of the hall because of Mr. Champion's conduct of the meeting. I was unaware that they stayed, congratulating you, till after six p.m. I am glad, however, that there is a live interest to-day among my constituents in regard to the work that I am doing. I venture to think I have helped to create it: that this interest in the political affairs of my constituents may grow and bring fruit. If I am selected to be the instrument to keep alive this interest and to get things done on behalf of my people, I shall be very glad. If the duty falls to somebody else, and it is properly performed, I shall still be glad. For myself, so far, am I justified in asking whether I have done so much work as any of the other seven Senators from Natal. Is it not a good thing that Parliament knows to-day that there is a Zulu Nation, and other Africans living in Natal whom I represent?

In the hope that there will one day be in South Africa a united people upon whom the sun will shine pleasantly, regardless of all differences,

I am,

Yours for equal justice,
GERT COWLEY.

Transcript Of Shorthand Notes Of Senator Cowley's Reply To Mr. Ngubane

I am very pleased indeed that we should have three responsible people, who put forward exactly the same views as we have been putting forward in the Cape for the last six weeks. You have said one thousandth part of what we have been saying against this legislation. We have been doing this job that you have done this morning one thousand times more strenuously in Cape Town. We have been full of suspicion. The country has been full of suspicion. We fought them tooth and nail to the very end. We fought them, as I say, to the last day of the session at mid-night.

Mr. Bhengu says we must now support the law. It is now law. It has been passed as law. I say we cannot fight the law. Therein I differ from the new Liberal Party. I made that clear yesterday. I have made it clear that we are still full of enigma

about how this law is going to operate.

In reply to the question raised by Mr. Ngubane, there has so far been no change in practice. Senator Parker told you that there has been no change. The new regulations are not yet passed. As time goes on, there may be changes. It is going to take years for the new Act to operate. As changes take place it will be our job to check up on them.

Mr. Ngubane is not to say

PINETOWN TO BE CLEARED OF INDIANS

THE secretary Pinetown Indian Ratepayers Association writes:—The Pinetown Town Council has now published their amended plans for the different group areas in Pinetown, which have been forwarded to the Land Tenure Advisory Board for approval. These plans briefly read as follows: The triangular block known as the Moodie Street area which is now predominantly Indian owned is earmarked for European occupation. This is also the fate of nearly all the areas which are at present Indian—Bellbraud area owned by Indian farmers, Underwood area owned by Indian farmers, Meller Road area owned by Indian residents, Gillis Road area owned by Indian farmers—the time limit given to Indians to vacate being five years.

Perhaps their whole plan would be much better explained and understood by everybody if it merely read: "The whole town of Pinetown, irrespective of anything, is earmarked and planned for European occupation only. The Indians must move three miles West out of the town into the bush presently unoccupied, the land being mostly virgin. The Africans who have their bails three miles east of Pinetown on the hill tops must now move three miles further east. The Town Councillors would feel much more at ease if the Africans were half a dozen miles away from them in the wilderness. Strangely their plans do not seek to move a single European.

It seems that the general pattern followed by all the towns who have so far published their group areas plans is to uproot the Indians from the central positions and send them on the other side of the boundary. Usually the other side of the railway line or the river, or the hill somewhere into unoccupied bush.

that I have been taking the part of the Malanites, because I fought them tooth and nail to the very end. He has got a wrong idea in his mind when he says I have been taking the part of the Malanites. He has not wanted to understand what I have been saying. Does he understand me now when I tell him we fought them to the very end? Does he understand me when I tell him that I did so to such an extent that they said "That man is dangerous?"

Although it is claimed that the Group Areas Act is directly aimed at those who have penetrated into European areas, Pinetown is one example of how this Act is aimed to cripple all Indians irrespective of whether they were pioneers in a certain area or not.

At a mass meeting of the Indian ratepayers of Pinetown and district held on Sunday, December 6, it was unanimously resolved that the Indian community deplored the group areas plans of the Borough of Pinetown in which it was sought to uproot the entire Indian community living in Pinetown.

It has been an accepted fact, recognised by the Town Council, that the Indian community has never given the slightest cause to the local authorities for the drastic and unjust action proposed against them. Indians have not penetrated into European areas and have always displayed their civic responsibilities and shown their readiness to respond to any cause sponsored for the town as a whole.

The Indian community have lived in Pinetown for over three-quarters of a century, from the time when the principal street of Pinetown was Moodie Street. They have been pioneers in the district and have confined themselves to their means ever since.

The action of the Town Council is most un-Christianlike and contrary to the principles of guardianship which is so often claimed by the European rulers.

The group area plans submitted by the Town Council have come as a complete shock to the Indian community who will leave no stone unturned to oppose the plans at all stages, no matter how big the sacrifices.

INDIA LETTER

(From Our Own Correspondent)

Bombay, December 3.

REPORTS of military and negotiations between the United States and Pakistan continue to hold interest of politicians as well as the laymen in India. Although it is reported that talks between U.S.A. and Pakistan have been postponed indefinitely, due to timely representation of the Government of India, official confirmation is still lacking. It is learnt that the British Government supported the views of India and the British representative in U.S.A. informally represented the views of his Government to the Foreign Department of the United States.

Reports about Pakistan's readiness to give military bases to America have been denied by Pakistan's Governor-General and the Prime Minister, but it is pointed out in New Delhi that these reports first emanated from Pakistan and American newspapers quoting "authoritative" or "knowledgeable" sources and were not dealt at that time by the spokesman of either country. The Government of India came to know about the negotiations from Pakistani newspaper reports and then moved in the matter.

Questions were asked about these negotiations in the Indian Parliament. In reply Mr. Nehru, the Prime Minister of India, referred to the statements of the United States, the U.S. Secretary of State, and the denial of the Pakistan's Governor-General and said: "The varied statements are somewhat contradictory. They would indicate that this matter has been under discussion between the Governments of Pakistan and the United States of America for some time past, though no decisions have been arrived at."

"The Government of India," Mr. Nehru continued, "have clearly stated that they view any such developments with grave concern. Any further steps would depend on such developments as might take place."

The Prime Minister replying to a Member who asked whether the Government would change their policy of neutrality in view of this development, "The Government of India feel that their policy of neutrality has been confirmed and strengthened by all such developments."

Mr. Richard Nixon, Vice-President of U.S.A., now in India on a goodwill tour, is confabulating with Mr. Nehru

and he is expected to try to narrow down the differences between the foreign policies of the two countries and create better understanding.

Mr. Nixon is staying in New Delhi as the guest of the President of India, Dr. Rajendra Prasad. He has brought personal messages from President Eisenhower to the President of India and the Prime Minister. According to Mr. Nixon's statement at New Delhi, he expects to "discuss frankly with Government officials all problems which mutually affect the United States and India."

The Government of Pakistan has lodged a protest against Mr. Nehru's remarks (which I had quoted in my last letter) about the treatment of minorities under the proposed constitution of Pakistan.

The charge of the Pakistan Government, politicians and the Press that Mr. Nehru's remarks are derogatory to Islam is interpreted by political circles here as an attempt on Pakistan's part to divert attention away from what Mr. Nehru actually said on the points raised by him.

These attempts of Pakistan, as also a similar campaign launched by the Pakistani missions abroad, according to these circles, is probably intended for propaganda particularly in the Middle East, where Pakistan's attempts in the past to have a Middle East Defence Organisation, and now a military understanding with U.S.A. are being looked upon with suspicion.

Political quarters in India draw attention in this connection to the Nehru-Liaquat pact of April 1950 in regard to the status of minorities in both the countries. That Agreement said: "The Governments of India and Pakistan solemnly agree that each shall ensure to the minorities throughout its territory complete equality of citizenship, irrespective of religion, full sense of security in respect of life, future, property and personal honour, freedom of movement within each country and freedom of occupation, speech and worship, subject to law and morality. Members of the minorities shall have equal opportunity to participate in the public life of their country, to hold political or other office, and to serve in their country's civil and armed forces. Both Governments declare these

rights to be fundamental and undertake to enforce them effectively."

Under this agreement which still continues to be in force, the treatment that Pakistan metes out to its minorities is certainly of direct concern to India. The present decisions of the Pakistan Constituent Assembly are a clear breach of the provisions of the agreement.

It is noted with regret that Pakistan Constituent Assembly has decided to apply Islamic principles in the case of minority interest only and that Islamic principles would not apply monetary, fiscal, insurance and banking laws for the next 25 years. This means that the legislatures will be competent to enact laws repugnant to the Holy Quran and the Sunnah and Islamic principles are not to be applied to prohibit interest and usury.

The Government of India have started giving interim compensation for properties left in Pakistan to refugees from West Pakistan. Nearly 50,000 refugees will receive the benefit under the present scheme. The scheme to give final compensation will take time as it is difficult to evolve an equitable basis without displeasing one or the other section of the refugee.

According to the Rehabilitation Minister Mr. Ajitprasad Jain, the Government had in hand in all about Rs. 100 crores which were to be distributed equitably amongst 3,00,000 claimants. Of these about Rs. 100 crores had been estimated as the value of evacuee property left in India. The remaining Rs. 100 crores would be the contribution of the Government of India towards payment of compensation to displaced persons.

The newly created Andhra State witnessed demonstrations in regard to the location of capital of the State. Kurnool, the temporary capital of the State, observed a strike for three days as a protest against establishing a permanent capital at some other place.

In the State Assembly, 33 members from Rayalaseema threatened to resign en bloc if Vijaywada or Guntur were named as a permanent capital. But Mr. Prakasam, the Chief Minister, handled the situation with tact and after parleys with prominent members of the non-Communist parties, declared in the House that "if within three years the question of forming

Vishal Andhra was not settled steps would be taken by the Government to establish the permanent capital of the State at Guntur or Vijaywada or Waltair as the case may be. If, as a result of the decision of the high-power Commission to be appointed shortly to study and recommend on the re-organisation of the States, the Telugu districts of the Hyderabad State are integrated with Andhra State, Hyderabad will become the natural capital of the combined Andhra State. How difficult it is to run the Government with only a marginal majority in the State Assembly was proved in the Andhra State Assembly. The Andhra Ministry suffered a defeat by a single vote majority in the State Assembly in a snap division on the salaries of Ministers. The House carried an opposition amendment tabled by an opposition member to clause three of the Payment of Salaries and Removal of Disqualifications Bill. The amendment, passed by 53 to 52 votes, reduced the monthly salary of the Ministers from Rs. 1000 to 500 only. This defeat was not taken a vote of no-confidence by the Ministry.

With such a precarious majority in the House, one cannot say how long the present Ministry will survive.

The Madras Government will shortly bring in legislation to validate *Swayam Maryada* (Self-Respecters) marriages, a number of which have taken place in Tamilnad.

A recent judgment of the State High Court held these marriages as invalid and as not conforming to any of the recognised forms of marriages under Hindu Law.

The Self-Respecters' marriage, introduced by Dravid Keshavam, consists of a simple ceremony in which the contracting parties exchange garlands and express their willingness to become life-partners in the presence of their relatives and partymen.

The parties dispense with professional priests and to their place the party leader, Mr. E. V. Ramaswamy Mallick, or any other prominent partymen officiates over the marriage.

The proposed legislation would require those who are already married under the Self-Respecters system to have their marriages registered but would give retrospective effect to the marriage from the date of marriage. In cases where the parents, husbands or wives die, their children will be empowered to get their parents' mar-

riage registered so that they could be legal heirs of the properties left behind.

Construction on the main super-structure of the Somnath Temple in Saurashtra will begin shortly on the lines of the architectural design of the temple as it stood there originally eleven centuries ago before its destruction by invading iconoclasts.

The richest and the most glorious temple in the history of India will be rebuilt by the descendants of the original builders of the Somnath temple, who have preserved the art of temple building through the centuries and lived in the neighbouring areas as a distinct community of builders of temples known as *Sompura*. The construction of the temple will take nearly five years.

Had Sardar Patel, who had decided to rebuild this temple and had formed a Committee for the purpose, been alive, the construction of the temple would probably have been completed by now.

Somnath Temple was first built in ninth century A.D. It was destroyed and looted twice by the invading Muslim armies but was re-built each time. It was destroyed for the third time in the 14th century by another Muslim invader after which it was not re-built.

મહાત્મા ગાંધીજીના હસ્તે કરે ૧૯૦૩માં સ્થપાયું.

સંયમની શક્તિ

(શ્રી. કેદારનાથજીના પ્રવચનોમાંથી)

૨ જા કેણુ

જેને પોતાનાં મહત્વનું જ્ઞાન ન હોય એજ સવાઈ પુરૂષ. જેને પોતાનું મહત્વ દેખાવા લાગે તેનાથી તે મહત્વ દૂર નાસવા માંડે છે.

ગૈરામ્ય એ ઇશ્વરની પોતાની ખાનગી સામગ્રી છે. તેને છુપી રાખવામાંજ કદમાણુ છે. જેઓ પોતાના ગૈરામ્યનું ઢાલ ખીટાવે છે તેમનાથી તે ગૈરામ્ય પણ રીસાઈ જાય છે.

જો આપણે વિવેકયુક્ત વર્તન કરીએ તો કંઈક દુઃખો ઓછાં થઈ જશે. લોકવશ-લાલચવશ થઈ જવું તે ખરાબ વસ્તુ છે. સુખી થવા માટે વિવેકયુક્ત વર્તન કરવું જોઈએ. વિવેક બતાવે તે કરવા માટે ઇન્દ્રિયોપર કાબુ જોઈએ. સુખ માટે સંયમ-ત્યાગની આવશ્યકતા છે. કાર્યનું પરિણામ દુઃખદાયક હોય તો તેને તે ખાબુથી ખેંચી લેવું જોઈએ, કાબુ માં રાખવું જોઈએ. તે પ્રમાણે કરવાથી દુઃખોમાંથી મુક્ત થઈશું. કેવળ વિવેકથી કામ ચાલતું નથી. વિવેકથી જે ખરાબ-અહિતકર સમજાય તે ટાળવાની શક્તિ જોઈએ. સંયમથી સુખ મળે છે. સુખ એટલે ત્યાગ. ત્યાગ સિવાય સુખી થવાનું નથી. ખે.રાક લીધાનું સુખ લેવું હોય તો ખારોક લીધા પછી સંયમ કરવો પડે છે. જુખ લાગે અને સારી ચીજ મળે તો સુખ યાય છે. તે માટે ઇન્દ્રિયોની વૃત્તિ જોઈએ અને વસ્તુ પણ સારી જોઈએ. તરસ લાગે ત્યારે જ પાણી પીવાનું સુખ લાગે. નિદ્રાનું સુખ ત્યારે જ લાગે જ્યારે ઉઘ આવે. માત્ર પથારીમાં પડી રહેવાથી ઉઘનું સુખ નથી લઈ શકતા. ઉઘ માટે પરિશ્રમ ન કરે તેને પાચન થતું નથી. સુખ માટે સંયમ કરવો જોઈએ.

ભોગી એક નથી ત્યાગી એક છે. મનુષ્યમાં ભોગ લેવાની એક વૃત્તિ છે. તેને કાબુમાં લે તે સુખી થઈ શકે.

લક્ષ્મી બાપારી વેપાર કરે છે. પણ અસત્યથી વેપાર કરીને જ્ઞાન ધર્મ કરે છે!! સત્ય વ્યવહાર માટે છે. એક જ પ્રસંગમાં એક સત્યથી અને બીજા અસત્યથી વતો છે, એક લાંચ લે છે અને બીજો લેતો નથી. જેવી જેની વૃત્તિ અને નિષ્ઠા તે પ્રમાણે તે વતો છે.

માનવ જન્મની કીમત સમજ્યા નથી તેથી આપણી એવી ખરાબ દશા થઈ છે. આપણે લક્ષ્મીચારાથી જન્મમાં ફરીએ છીએ, તો પછી એક જન્મથી કીમતે છીએ શા માટે? કોઈને બીજા જન્મ પર ભરોસો નથી. એલે છે ખરો પણ શંકા નથી. લગ્ન કરવાનું બીજા જન્મ પર છોડતો નથી. ધન કમાવાનું બીજા જન્મ પર છોડતો નથી. ખર્ચા હમણાં ભલે કમાય, હું પછી કમાઈશ તેમ કહેતો નથી. એટલે આજુ જન્મને વધુ શુદ્ધ પવિત્ર કરવો તે આપણું કામ છે. જે મનુષ્ય ખરાબ વસ્તુ લે નહિ, ખરાબ કામ કરે નહિ, જગો કપટ-ફુલ્લો કરે નહિ તેનામાં માનવતા છે. મનુષ્યનું તે સુખ્ય લક્ષણ છે. તે માટે કદાચ સહન કરવું પડે પણ તેમાં શાંતિ-પ્રસન્નતા છે. તે તેના મનુષ્યજન્મને ચોખ્ખા અપાવે છે. સુખ મેળવવું તે હૃદયની જીજ્ઞાસા છે. પણ માનવતાને ઉચિત સુખ લેવું જોઈએ. શાંતિનું સુખ કોઈ હૃદી શકતું નથી. ઉદારતા તે સાચું સુખ છે. શક્તિનો સર્વોપયોગ કરવો, વિકાસ કરવો જોઈએ. જામત રહીને સર્વ વ્યવહાર કરીએ તો કોઈ દુઃખી અથવા તો ખીટિત ન રહે.

સંયમે વગર સુખ નથી. ચોટરની ઝડપ હોય પણ એક ન હોય તો બાંદર બેઠેલાને ધાસતી છે. તેમ છુદ્ધિ વધવાથી-સાધન વધવાથી સુખી નહિ થવાય. સુખી થવાને માટે પ્રેરક બળ તેમજ ગતિને રોકવાની શક્તિ જોઈએ. દયા ઉત્પન્ન થવાથી દયાની પરિપુર્ણતા જ નથી, પણ સંકટમાંથી છોડાવવાની વૃત્તિ જોઈએ. પુરૂષાર્થ જોઈએ. સાફ કામ કરવા માટે શુદ્ધિ-પ્રેરકબળ-કર્તૃત્વ-પુરૂષાર્થ હોય તો જ માનવતાની પુર્ણતા યાય. જીવનમાં સદૃશ્ય અને પુરૂષાર્થ જોઈએ. જીવનમાં સદૃશ્યનું મહત્ત્વ છે. મનુષ્યનો ધર્મ બીજાને સુખ આપવાનો છે, દુઃખમાંથી છોડાવવાનો છે. તે માટે સામર્થ્ય-પુરૂષાર્થ જોઈએ. આપણામાં નિરૂપદ્રવી સજ્જનતા જોઈએ. અહીંસાથી પ્રતિકર કરવાનો ઉપદેશ આપણને મળ્યો છે. કેવળ અહીંસાથી માનવી પુર્ણ નથી થતો કાર્ય પૂરું થતું નથી. અન્યાય સહન કરે તે પુર્ણતા નથી. આગ આપણે ન લગાડી હોય પણ તેને જોયા કરવું તે માનવતા નથી. માનવ જન્મ બીજાને દુઃખ આપવા (અનુકંપાન પાને ૧૦૬ મે)

ગોઠાળાબરેલા વિચારો

સો ભવાર ડિસેમ્બર તા. ૧૮ ના 'નાટાલ વિટનેસ'ના આગલા પાનાપર ગ્રજી બહુતી વ્યક્તિઓના ગ્રજી બાપણોના સાપાત્રે હેવાલ પ્રસિદ્ધ થયો છે. તેમાંની જે વ્યક્તિઓ પુરોપીયન છે અને એક બીન-પુરોપીયન છે. આ ગ્રજી બાપણોની અમારાપર ગોઠાળાબરેલા, વીચારોની છાપ પડેલી છે. ગ્રજી હેવાલો આ અંકમાં અન્ય સ્થળે પ્રસિદ્ધ કરવામાં આવ્યા છે. પ્રથમ અમે નારાસના બાપણ રાઈટ રેવરન્ડ વરનર ઇનમેન ના બાપણોને હેવાલ લઈશું. મેરીટમ બર્ગની ગર્લ્સ ડોલેન્ટવેલ સ્કૂલના વર્ષિક ઇનામી મેળાવડામાં તેમણે બાપણ કહ્યું હતું. બીસપે દર્શાવેલા વિચારો લખાણ સુંદર છે અને જો તે દક્ષિણ આફ્રિકાની સમગ્રી જાતીના લોકોને ભાગ્ય પાડવામાં આવે, અને પાઠવામાં આવવા બેઠા, તો પછી સેમેગેશનનો વીચાર કોઈ પણ સ્વરૂપમાં થઈ શકે જ નહિ. કારણ સમગ્રા ઇશ્વરના સંતાનો છે અને પોતાના કોઈ પણ સંતાનોને તેણે બીજાના ગુલામો થઈને રહેવાનું નીચે નથી. પરંતુ બીસપ જ્યારે બાપણ કરી રહ્યા હતા ત્યારે તેમના અપાલમાં એ વખતે અંગ્રેજ અને આફ્રિકાનર એ જે વર્ગો જ હોવા બેઠા, જેમ બીન-ગોરાઓના સંપાદેશ થતો નથી. તેઓને માટે તદ્દન જુદા જ નીયમ વર્તી રહી છે. એ જુલનું નહિ બેઠા એ નિશાનો માં જતી અને વધુના આધારે સેમેગેશન સૌથી પ્રથમ આફ્રિકાનર તરફ થી નહિ પરંતુ અંગ્રેજો તરફ જ દાખલ કરવામાં આવ્યું હતું, જે નારાસના બીસપે વાજબી જ કહ્યું હતું કે, અધીસ્તરી ગ્રજી, અને જે અધીસ્તરી હોય તેને વખોડી કાઢવું જ બેઠા અને તેની સામે લડવું બેઠા. બીન-ગોરાઓ આજે તેમ કરી રહ્યા છે અને જ્યાં સુધી તેઓ અધીસ્તાના પ્રીસ્તી સિદ્ધાંતોને વળગી રહીને લક્ષ્ય હોય ત્યાં સુધી પ્રીસ્તી ચર્ચોએ તેઓ નાં પસલાને સહાય રહ્યાં આપવો બેઠા. અમે એમ કહેવા નથી ઇચ્છતા કે આદમ વખતે થયા હસતી ધરણનું આવેલું સેમેગેશન આંખના પતકાવામાં નાખવું યજ્ઞ બેઠા. એટલું જ કહીએ છીએ કે તેનો બાપવ ધર્મ નહિ બેઠા પરંતુ એ બધી તરીકે અધી આપણા રાજકીય, સામા

જીક અને નૈતિક જીવનમાંથી તેને નાખવું કરવાના જેમ અને તેમ તરિત થવામાં લેવામાં બેઠા. બીલું બાપણ તંદુરસ્તી ખાતાના પ્રધાન ડો. એ. જે. આર. વાનરાઈને થાપાયુ ટયુબરક્યુલોસીસ સેન્ટલમેન્ટ માં કરેલું તેના તરફ અમે બાપ બેઠા એટલે જીએ. પ્રધાને યુનાઈટેડ નેશન્સ બીન-ગોરાઓને મદદ કરવાને કહ્યું જ કરેલું નથી એવો તે સરકાર પર આરોપ મુક્યો હતો અને કહ્યું હતું કે તેણે બીન-ગોરાઓને ગોરાઓની વિરુદ્ધ ચલાવી મુક્યા છે. “એક પેની પણ તમને મદદ કરવાને તેણે મોકલી છે ખરી જ” એવો તેણે જવાબ મુક્યો હતો. હકીકત એ છે કે યુનાઈટેડ નેશન્સ દક્ષિણ આફ્રિકાના બીન-ગોરાઓ પ્રત્યે થઈ રહેલા ગેરવર્તીય તરફ ડુનીયાની નજર બેઠા હતી. એ કઈ નાની વસ્તુ નહિ ગણાય. એજ કારણથી આજે દક્ષિણ આફ્રિકાની સરકાર અને તેને રોકા આપનારાઓ એટલા ગમ્મા અકબાઈ રહ્યા છે. આર્થિક મદદ આપવાના સંબંધમાં દક્ષિણ આફ્રિકાની સરકારે જો ક્યાં નાખ્યાં જમત કરી લેવાની ધમકી નહિ આપેલી હોત તો બીન-ગોરાઓની અન્યાયોની સામેની લડત ને મદદ કરવાને નાખ્યાનો વરસાદ વરસ્યો હોત.

ડો. વાનરાઈને દક્ષિણ આફ્રિકામાં મળુરોની અગ્રત વિષે સુચન કહ્યું હતું અને કહ્યું હતું કે સ્પર્ધાબંધી એ મળુરો વધારે લટાડી દેવી પોપાય તેમ નથી. તેમણે કહ્યું કે જે દસ લાખ પાઈન્ડ બીન-ગોરાઓને માટે ઇસ્પીતાલ બાંધવામાં ખર્ચાયા તેને જો તેઓનાં રહેઠાણો સુધારવા પાછળ ખર્ચાયા હોત તો ઇસ્પીતાલ બાંધવાની જરૂર જ નહિ પડત. અમે તંદુરસ્તી ખાતાના પ્રધાન સાથે સાથે સંમત થઈએ છીએ, ખરે જાનિયત બીન-ગોરાઓની રહેઠાણોની સ્થિતિ જ છે. એ જો સુધારવામાં આવે તો રાગ આપોઆપ જ દૂર થઈ જાય. પરંતુ જે વસ્તુ અમારા સમજવામાં નથી આવતી તે એ કે દક્ષિણ આફ્રિકામાં કોઈ કરોડની વસતી હોવા છતાં મળુરોની અગ્રત જેમ હોવી બેઠા. પ્રધાને આપેલ આનવચાનું જો બોખ રીતે જાતન કરવામાં આવે અને રહ્યા પાડવી ઉપયોગ કરવામાં આવે તો આ દેશમાં મળુરોની અગ્રત રહેજ નહિ. બસકે આપો

ડુનીયાને તેની છપો થાય એટલી મળુરો મળી રહે. બીન-ગોરાઓને ગોરાઓના વિરુદ્ધ ડુનીયા નથી કરી રહી પરંતુ આ દેશની ગોરી સરકાર જ તેઓને તેઓની વિરુદ્ધ કરી રહી છે. બીલું આફ્રિકન નેશનલ કોંગ્રેસના માણ પ્રમુખ ડો. જે. એસ. મેડેકા એ તંદુરસ્તી ખાતાના પ્રધાનને થાપાયુ ડી. બી. સેન્ટલમેન્ટમાં આવકાર આપ નાઈ બાપણ કહ્યું હતું તે તરફ બાપ બેઠા એટલે જીએ. તંદુરસ્તી ખાતાના પ્રધાનને આવકાર આપવાના સ્ત્રોતમાં અમને લાગે લાગે છે કે ડો. મેડેકા એ તેમના પોતાના લોકોને અન્યાય કયો છે. અમે એ હીવસ આવવાની આજ્ઞા સેવીએ છીએ કે જ્યારે બીન-ગોરાઓ સંપૂર્ણ સ્વતંત્રતા ભોગવતા થઈ જાય અને બહારની કરી પણ મદદ વિના તેઓ પોતાનું સંજાળી રાકે. પરંતુ નહિ ઇન્કારી રાકાય એથી એ હકીકત તો રહે જ છે કે દક્ષિણ આફ્રિકાની ગોરી સરકાર કેવળ નાની મોરી પ્રજા નાજ સુખ સમવડોને બાપ આપી રહી છે અને બીન-ગોરાઓની વિશાળ બહુમતીની જરૂરીપાતો પુરી પાડવાની જાગણદારી ઉઠાવવામાં થઈ જ નિષ્કાળજી બતાવી રહી છે.

બીન-ગોરાઓની ઉપર કરો નાખવા માં આવ્યા છે પરંતુ રાજકીયમાં તેઓને પ્રતિનિધિત્વ અપવામાં આવ્યું નથી. કોઈ પણ દેશની વસતીનો કોઈ પણ વર્ગ સરકારની મદદ વિના પોતાનું સંજાળું સંજાળી ગ્રજી નથી. સરકારનું કામજ પ્રજાની સંજાળ રાખવાનું છે. દક્ષિણ આફ્રિકાની સરકાર બીન-ગોરી પ્રજાનું ગોરી પ્રજાના લાભને ખાતર થોપણ કરી રહી છે અને એ પ્રજાને જુલમીમાં રખી રહી છે. ડો. મેડેકા કહે છે તેમ કહેવું કે “સરકાર બીન-ગોરાઓની નૈતિક તેમજ શારિરિક લક્ષી કરી રહી છે” જ્યારે આફ્રિકન નેશનલ કોંગ્રેસ અને સાલ્થ આફ્રિકન ઇન્ડિયન કોંગ્રેસ તરફથી તેઓપરના જે જુલમી અને અન્યાયી કાયદાઓ સામે સત્યાગ્રહની લડત કરવાનું આવેલું કાયદાનું છે તેમાંના એક પણ હજુ નાખવું કરવામાં કે સુધારવામાં નથી આવ્યો બસકે એ કાયદાઓમાં વધુ ઉમેરો કરવામાં આવ્યો છે, જે બહારની ડુનીયાને અધીની પરિસ્થિતિ વિષે જાન બેઠા જ છાપ પાડવા જેવું ગણાય અને તેથી ડો. મેડેકાની એ ઉકળીને અમે થોડાનીય ગળીએ છીએ.

નોંધ અને સમાચાર

થાપાંચુમાં તંદુરસ્તી ખાતાના પ્રધાનનું બાપણ થાપાંચુ (ઓરેન્જ ફ્રી સ્ટેટ) ના સ્કાન્ડર ટયુબરક્યુલોસીસ સેન્ટલમેન્ટની મુશકાત વખતે તંદુરસ્તી ખાતાના પ્રધાન ડો. એ. જે. આર. વાનરાઈને આફ્રિકનો સમજ કહ્યું હતું કે, જ દળર માધ્યમ દુરથી કરવું કોઈ નહિ અને મોઝોને માંડ અને તારા મેળવી આપવાના વચનો આપવા એ કીજ જ છે. આ મોઝો તો તમને ગોરાની વિરુદ્ધ ચલાવી મારવા માંગે છે, તમને કરી મદદ કરવા માંગતા નથી. યુનાઈટેડ નેશન્સમાં આ બધા લોકોએ તમને મદદ કરવાને કું કરેલું છે કે તમને કદી એક પેની પણ મોકલી છે ખરી?

યુનાઈટેડ નેશન્સમાં જોએ દક્ષિણ આફ્રિકાનાં નાખને લક્ષિત કરી રહ્યા છે તેઓ એ સમજતા નથી કે એક નાની પુરોપીયન પ્રજા બીન-ગોરાઓ માટે કું કરી રહ્યા છે.

સુરેપના લોકો દક્ષિણ આફ્રિકાની અંતર બાળકોમાં નેટલું મીણું માથું મારતા થાય તેટલું તેઓને પોતાને માટે તેમજ આપણે માટે સાઈ છે. તેમણે કહ્યું કે તેમની મુશ્કાલી છે કે તેઓ આ દેશપરથી દરાગત થાય તેટલી મુશ્કાલી દક્ષિણ આફ્રિકાનાં રહેઠાણો કહ્યું અને રહેવાને ધર હોવું બેઠા. કાય રોગનું મુખ કારણ પુરોપીયનેને

તેમજ બીન-પુરોપીયનેને રહેવાને ધરો પુરતાં નથી એ છે.

તેમણે કહ્યું કે દક્ષિણ આફ્રિકામાં પુરોપીયન તેમજ બીન-પુરોપીયન મળુરોની અગ્રત છે અને કાય રોગથી તેમાં પડાડો થાય એ નહિ પોપાય.

પોર્ટ એલિઝાબેથમાં બીન-ગોરાઓ માટે પા. ૧૦ લાખના ખર્ચે એક ઇસ્પીતાલ બાંધવામાં આવી છે. તેના જોરી કદાચ અ.ખા. દેશમાં બં.જી ઇસ્પીતાલ નહિ હોય. પરંતુ તેની ઉપરથી નેટીચોના વસવાટના ખરાબમાં ખરાબ મકાનો બેઠા રાકાય છે. એટલા જ પાઈન્ડ જો તેઓના રહેઠાણો સુધારવામાં વપરાયા હોત તો થઈ વધારે સારું થાત. કદાચ ઇસ્પીતાલ બાંધવાની જરૂર પડત જ નહિ.

મારો જલનો અનુભવ

(લેખક: મણીલાલ ગાંધી)

ગત, ૩૫૧ માસ

સા મવારનો દિવસ હતો. પાંચ દિવસ પેટમાં આબેજન હતું પણ અનાજ મળ્યું હતું. નખાળાં ઠીક ઠીક જણાતી હતી. ઇશ્વરકૃપાએ રાત ઠીક પસાર થઈ કારણ અને જુદી કોટડીમાં પુરવા માં આબેજન હતો, જેમાં રસોડામાં કામ કરનારા છબ્બ કોટડીઓ હતા આ કોટડીઓને સંખળા કોટડીઓ પુરાઈ ગયા પછી મોડેથી પોતાનું રસોડાનું કામ પૂરું કર્યું બાક સાકા ઇમેક વાગે પુરવામાં આવતા હતા અને સવારે ચુલા સળગાવનારને ૨ વાગે, બીજાઓને ચાર વાગે એ રીતે બેઠવામાં આવતા હતા. દિવસના આ કોટડીઓને આરામ લેવા દેવામાં આવતો હતો. આ કોટડીઓ પુરાઈ ત્યારે પોતાનું ખાવાનું કોટડીમાં સાથે લાવતા હતા. તેઓ મોટે ભાગે કાંપી મુલતની સળ વાળાજ હોય એવી તેઓને કુદ વમરની કાંચી તે. મળતીજ હોય. વળી રસોડામાં કામ કરતા કુણાં માંસ કાપાદિ બીજાં કંઈક કંઈક ખાવાનું પણ પોતાની સાથે લાવતા હોય. કુ કંઈ ખાતો નથી એ તેઓ જાણતા હતા. વળી ખાંડી લખીવત પણ ઠીક નહોતી એ પણ તેઓ જાણતા હતા અને કુ કા કારણ થી આવ્યો હતો એ જાણતા હોઈ એકરે મારા પ્રત્યે સારી લાગણી ધરાવતા હતા અને પોતાના ખાવાના માંથી અને કંઈક લેવાનો આશય કરતા હતા. કોઈક વાર કાંચી અથવા આ કુ ચોડી લઈ લેતો. બીજાં કંઈ પણ નહિ લેવાના કારણે હતા. એક તો એ કે જેલની બહારનું કંઈ પણ ચોરી થી નહિ લેવાના સિદ્ધાંતનું મારી જેલ ની આખી કાર્ફોર્ટમાં કુ હમેશાં પાલન કરતો આવ્યો હતો. આપણા સત્યાગ્રહી બાપુઓ તેનો છુટથી ભંગ કરી રહ્યા હતા એ વસ્તુ અને જરાયે પસંદ નહોતી. પરંતુ તેઓની એ બાબતમાં બહાનતાનું મને બાન હતું અને જેલ ના બીજાં સંકેતો તેઓ એમની રજા હતા તેનું અને તેમાં પ્રત્યે માન પણ હતું એથી તેઓની એ નબળાઈને કુ દરજુનર કરી ઉદાર દ્રષ્ટિથી જોતો હતો. આ, કાંચીનું અને સહબાગે મારાં આખાં જીવનમાં કદી બસન તો હતુંજ નહિ. જસે, કમરની કૂંપાંધી, કોઈ પણ પ્રકારનું મને બસન હતું નહિ અને છે નહિ. એક બસન હતું અને હજુ પણ છે તે એ કે કંઈ પણ મરમ પીણું મારે બદબહતું મરમન જોઈએ, નહિ તો તેના વિના મધાવી લેવાનું કુ વધારે પસંદ કરું આ રીતે કુ આ, કાંચી વિ બહાર સવાર સાંજ વગેરેથી પોતા હતા.

પરંતુ પણ વર્ષપર મારા પહેલા ૧૪ દિવસના ઉપવાસ બાદ મેં આ, કાંચી, કોઈ કાંચી સંખળાં પીણાંઓને ત્યાગ કર્યો હતો. પરંતુ એ ત્યાગ એવો નહોતો કે કદી એ તેવા સંજોગમાં પણ તે નજ લઈ સહાય આનવાઈ સંજોગમાં તે લેવાની મેં છુટ રાખી હતી અને વગર સ્વાદે તે કુ તેવા સંજોગમાં લઈ ચડું છું. દાખલા તરીકે કોઈ કુરોપીયન બીનેને ત્યાં જઈ અને આ, કાંચી નહિ લેવાથી તેઓને કુ અમરમાં નાખી રહ્યો છું તેનું કાગે તો વગર આનાકાનીએ કુ તે કુદ કે આઈ વગર મરમ પાણીની જેમ પી જઈ છું પરંતુ એવા દાખલા જરૂરેજ અને છે. જેમાં મારા એ નીમજોમાં ચોડી છુટકાદ મુકવાનું મને અતિવાઈ લાગ્યું હતું. માંસ, મદીરા કે કુરપાનનો તો મેં જીંદગીમાં કદી સ્પર્શ પણ કર્યો નથી અને હજાર કરાવે નહિ. બીજા કોટડીક આજ વસ્તુઓ પણ જે સાધારણ રીતે બહાર કુ નથી લેતો તે જેમાં એ લેવાની પડે તો કુ તેનો બાધ લેતો નહોતો, એ કે એનો કદી વસ્તુ લેવાનો કદી પ્રસંગ આવેલો નથી સિવાય કે એક જેનું વર્ણન આમળ જતાં થયો.

આટો તો એટલુંજ કહેવું બસ થયો કે કાંચી કે આ, જે અને કોઈક વાર અધિ મળતી હતી, તે એ મારે જોઈતી મરમ હોય અને એકી જુદી યથેથી નહિ હોય તો સ્વાદને આતર નહિ પરંતુ પેટમાં કંઈ મરમ પીણું જાય એ દ્રષ્ટિએ કુ લેતો હતો. જૂબથી કુ મરતો કે. જે તો પણ એકું તો કુ આજ શકોતો નથી જ્યારે જેલમાં સંખળા કોટડીઓને એ બાબત કોઈ પણ પ્રકાર નો બાધ લેતોજ નથી. મેં એકું કરેલ બીજાને આપતાં પણ મને તો અતિથય સીમા થતો પરંતુ તેઓ તો તે મણી જ પુણીથી આલોગી જતા.

જુદી કોટડીમાં સુવાનો બીજો લાભ એ થયો કે કુદરતી હાલતે જવાને મને મિર્કાલ મળી લાકડી હતી. કમરે મારી સાથેના કોટડીઓ સવારના વડેલા બહાર ચાલ્યા જતા અને રાતે મોડેથી પુરાતા હતા. તેનો લાભ લઈ કુ હાલતોને બાન આપી લાકડો હતો પરંતુ તેનો પણ નીમમ કરી નાખ્યો પડ્યો હતો અને એકી તો છું પરંતુ એકીએ જવાનું પણ ક આજ કલાક માં એકજ વાર કરી નાખ્યું પડ્યું હતું.

આ રીતે આજે તો - કુ અમાઉ જણાવી ગયો તેમ, અને સવારથી બધાં કોટડીઓની સાથે બહાર કામપર

સહ જવામાં આવ્યો. બીજાઓના જેટલું સખત કામ અને આપવામાં આવ્યું નહોતું. પ્રથમ તો આક્રીકન દોરોગોને જોઈ અખર નહિ પડી કે હજારી મરુદરી વાળા અને બહાર કામ પર કેમ મોકલવામાં આવ્યો. ચોડી વાર તો અને કવારાઓમાંથી બાસ કાઢવાનું કામ આપ્યું. તાપ સખત હતો અને પેટમાં અનંજન નહિ જવાથી નખાળાં પણ જાણતી હતી. તેમાં વળી આજે દિવસે એપસમ શોહટને જુલન લીધો હતો તેની પણ અસર જણાઈ રહી હતી. જેમાં હાલત સાથે ત્યારે કાવે ત્યારે ન જઈ શકાય. જવાની મામણી કરીએ તો ટુરત સંખળાવી દેવામાં આવે કે અંદર હતા ત્યારે કેમ નહિ ગયા. અહિ કદી સગવડ નથી. અને જો જરૂર હોય તો દોરોગોની હાલતમાં આવે એ મુજબ બધાને સાથેજ સહ જવામાં આવે. પાણીની તરસ પણ નહિ લાગરી જોઈએ. એ પણ કાવે ત્યારે નહિ છીપી શકાય. પછી અને ઘાસો જોઈ એમાં મેદાં સુકાઈ ગયેલાં હતા, કુલના બીજાં કાઢવાનું કામ આપ્યું. ૧૨ વાગે સોએ પાછા જેલમાં જવાનું. ત્યાં ગયા એટલે સોની જાતી લેવામાં આવે. તેની રીત અતિથય બેઠી છે. બધાએ પોતાના કપડાં કદી તરન નાગા ઘઈ જવાનું. પછી એક એકનું એક એક કપડું તપાસે અને મેનું બોલ, એ અને એ પગ પહેળા કરાવી કુદો મરાવવામાં આવે. આ પ્રમાણે કરવા નું કારણ એ કે કોટડીઓ મેદામાં અથવા મુદામાં તમાકુ સંતાડી રાખ છે. આ સમણું થયું ઉતારે અને જનવરને કંકારતા હોય તેમ જુમા જુમ પાડી કરનામાં આવે. અને એ વિધિ પુરી થઈ કે ટુરત હાથમાં કપડાં લઈ નાગાને નામાજ તમારા બોરાજનું વાસણ ઉપાડી કોટડીમાં પુરાઈ જવાનું. અને તે પણ સોએ પેલ પોતાની કોટડીમાં નહિ પરંતુ મને તે કોટડીમાં અને વગર મણીથી ૨૫-૩૦-૩૫ને જનવરની જેમ ગોપવામાં આવે. કાગેથી આવ્યા બાદ હાથ પગ મંદાં હોય તે લોવાને પણ વખા ન મળે. કોટડીની અંદર એક બાંકડી પીવાના પાણીની હોય અને એક જાજર પીવાળની. પાણી પીવા નું કંઈ વાસણ પણ ન હોય. આ રિવાજમાં આજ હોય લા પણ સી રીત અને છું આજ શકાય અને આ જાતી અનુભવ પહેલો થયો. અત્યાર સુધી બીજાઓને થતો કુ જોવા કરતો હતો મારે તો ખાવાપણ હતુંજ નહિ કેમકે આ બધું જોઈને જ જુમ મરી અઈ હતી. છતાં જેમ તેમ જરા તરા હાથ લોપને એકાદ ચપ્પો મકાહના સેલની પોરેજ ખાવાની હતી તે બાધ બાંકડી બીજાઓને આપી દીધી

૧ વાગે કદી પાછા કામપર ગયા. બપોરનો તાપ સખત હતો તેમાં મારે તો બેસીને બીજાંજ કાઢવાનાં કાં ને મારે નહિ લાગ્યું સાંજના ૪ વાગે જેલમાં હાથક થયા અને બપેરે જે વિધિમાંથી પસાર થયા તેજ વિધિમાંથી સાંજે પસાર થવું પડ્યું. સાંજે હાથ પગ લોવાનો જરા વખત મળી શક્યો. પરંતુ મણીજ ઉતારે અને જેમ તેમ, એટલે જુધવાર અને સનીવાર એ બે દિવસ સિવાય બાકીના દિવસોએ તો સાવ મંદાંજ રહેવાનું હોય. સાંજે પાંચ વાગે રોજની જેમ અમને પુરી દેવામાં આવ્યા. મોડેથી મારા સાથી કોટડીઓ આવ્યા ત્યારે તેઓની પાસેથી ચોડી કુદ વગરની કાળી કોચી પીવાની મળી એ સિવાય મેં કંઈ ખાધું નહિ. ૪-૫ દિવસની વાસી રોજીમ થી એક કાટક આઈ બાંકડીની તેઓને આપી દીધી.

૩.૨.૫૧ નીવળીન કરતોજ હતો. જુદી કોટડીમાં પુરાતાં તેને મદે કંઈક એકાંત મળી એ બધું મળ્યું અને પૂર્ણ બાપુના મજબ પ્રામાન અને ગીના બે, પમાથી રોજનું એક એક પ્રકરણ વાંચી તેનું મનન કરતો હતો તે કદી રાત પસાર કરી.

સંયમની શકિત

(પહેલાં પાનાનું અનુસંધાન)

મારે નથી. પોતે ખરાબ ન કરે પણ બીજાને કરવા ન દે તેટલી બળ-પ્રતિભા આપવી જોઈએ.

આપણામાં તોફાન નથી તેથી સરકારને વિશ્વાસ થતો નથી. નિર્મળતા-સાદચ્છ-શીલતા નથી તેથી પ્રતિષ્ઠા કરવાની જાતિ થતી નથી. મુસાદરીમાં મોટર બસો તો તેને મદદ કરવાને બદલે બીજા પોતાની મોટર ગરબી વધારે છે. આડઅણુમાં સફાઈ કરવાની જાતિ જોઈ છે. કોઈને કુખ ન આપીએ તેથી અનુષ્ઠ જનમ કુખમાં થતો નથી. અનુષ્ઠ તેજ છે ને પોતે કુખ ન આપે પણ બીજાને કુખ આપે તેને સહન પણ ન કરે. તે કોઈને રસાવે નહિ, અને પોતે રૂએ નહિ અને બીજાને રસાવે દેખ તેને તેમાંથી કુર કરવા મદદ કરે. પોતે છુટે નહિ અને બીજાને છુટવા પણ દે નહિ અનુષ્ઠ નરીકે છાત્ર દેખ તે એ શકિત વધારવી જોઈએ.

દબારે સાથ પહેલાના પુર્વજોનું અભિમાન લઈએ છીએ અને સાથે સાથે આપણે કાળાજાતી કરીએ છીએ. આની આપણને સરખ સામગ્રી જોઈએ, આપણે દારૂ પીતા નથી છતાં આપણી મોટર કેમ તપાસે છે? ચોરને રોક આપવો પડતો નથી. દંડ દિવિત લેવો દેખ તેને જ આપવો પડે છે. એટલે છાત્ર સામુદાયિક છે. બીજાની સામગ્રી રોકાયે તો થર એકલું સ્વચ્છ રાખવાથી બીજાની જાતો નહિ. ધરતી સાથે માથ પણ સ્વચ્છ કરવું જોઈએ. આપણામાં સાર્વજનિક જાતિ નથી તેથી આકર્ષણ-તુકસાન થતું આપણું છે. પરદેશમાં જાણે કેમકા મારે માણસ રાખતા નથી. જ્યારે અહીંના જાણે અને પૈસા બાંધે જ માણસ લાયક છે. ને ગીજ લઈએ તેના પુરા પૈસા આપવા તે આપણું જનંદા છે.

શ્રી. બી. એન. રાવનું અવસાન

શ્રી. એન. પ. નરસિંહ રાવનું નવે-૨૫-૧૯૫૨ તા. ૩૦ મીના ગુરુત્ર ખાતે અવસાન થયું છે. તેઓ ૧૯૨૨ નેચનલ કોર્ટ ચોર જલ્દીતના એક જજના દરમિયાન રાજસ્થાન અવસાનથી હોંતને એક મહાન વિદ્વાનની ભાંટ થઈ છે. હોંતની બંધારણ સભામાં બંધારણની ગણતરવા સલાહકાર હતા કરવાય છે કે બંધારણ સભાની રચાવના વખતે રાજ્યપતિ ડૉ. રાજેન્દ્રપ્રસાદને બીજા પ્રાધિકાર હોવાના બંધારણપર એક આર્થિક પૂરવણી જાર કરી હતી અને પા. બી. એન. રાવને તે તપાસ કરવા સુચારવામાં આવ્યું હતું. પા. રાવે તે બંધારણ સભાના પ્રમુખ ના અધ્યક્ષ તરીકે મારે દિવસમાં તપાસ કરી હતી હતું. તેઓ મૃત્યુ પાટન, મુ. એસ. એ., કેનેડા, ઓસ્ટ્રેલીયા, મુ. એસ. એમ. આર., સ્વીટ્ઝર્લેન્ડ અને સ્વીડનના બંધારણો વિશે કૌશલ્ય અભ્યાસની મહાન હતી.

શ્રી. રાવ બંધારણ સભામાં આવ્યા તે પહેલાં તેમણે ૧૯૩૮-૧૯૪૯ કરમી-મ ન કલકત્તાના હાઈકોર્ટના જજ તરીકે, ૧૯૪૯-૫૫ કરમીયાન સ્વચ્છ અને કાચબીરના વડા પ્રધાન તરીકે અને ૧૯૫૩-૫૬ કરમીયાન હોંત કોર્ટ કમીશનના પ્રમુખ તરીકે ખ્યાતી મેળવી હતી.

યુન.કે. નેશનલ ડીપાર્ટમેન્ટના પ્રમુખ તરીકે, બર્મિંગહામ યુનિવર્સિટીના બાઈરોન પ્રોફેસર તરીકે, અને તેનું સમાધાન મ.કા.માં તેમણે અધ્યાપ

મકેનલ ટીવી હતી. શ્રી. એન. પ. નરસિંહ રાવને જનમ ૧૮૮૭માં કલકત્તાના કરમીયાનમાં થયો હતો. મારે બાઈરોમાં તેઓ બીજા દલાલ તેમના સૌથી મોટા બાઈર બનાવવાની કમીશન ડીપાર્ટમેન્ટના પ્રમુખ તરીકેના પદ પરથી દમજાન નિરૂત થયા છે. તેમના ત્રીજા બાઈર શ્રી. રાવ રાવ આ દેશમાં હોંતના હાઈ કમીશનર તરીકે આવ્યા હતા અને દાલ હોંતની રીજર્ન મેંડના મારરતર છે. સૌથી નાના મી રીજર્નર બાઈરના પત્રક ર અને હોંતની પત્રોમેન્ટના સ્ક્રી છે. શ્રી. બી. એન. રાવે પોતાની જાણે વધારે મહાનની પ્રમીશનની કોમેન્ટમાં અને કેમલોગની કોમીટી કોમેન્ટમાં લીધી હતી. મહાનની યુનીવર્સિટીની હોંતની પરિશિષ્ટ તેઓ અમેજી, અખીલ અને સંસ્કૃતમાં પહેલે નંબરે પાસ થયા હતા.

રમત મમતમાં પણ તેઓએ કેનીસની રમતમાં કે મસનો અનુભવ લઈ તેમની કોમેન્ટની મેમ્બરશીપ મેળવી હતી.

કેમલોગમાં તેઓ પહેલે જ નંબર મળીનમાં કેમેજર બન્યા હતા અને તેમની અભિપ્રાય મળીનમાં સંશોધન કરવામાં પોતાનું છાત્ર આગવાની હતી.

૧૯૩૦માં તેઓ પ્રિન્સિપલ કોમીમ સર્વિસમાં સ્થિતતા અને ૧૯૨૫માં અસલામી પારસિયમાં મળીનું પદ મેળવ્યું અને ૧૯૩૩ મળી એ પદ પર રહ્યા.

હોંતના સરકારી ખાતામાં કોમીયા અને ૧૯૩૮માં રીફોર્સ કમીશનર બન્યા. એ સાલમાં તેઓને સરનો કલકત્તા મળ્યો અને કલકત્તાની હાઈ કોર્ટના જજ બન્યા.

૧૯૪૧માં હોંતની બંધારણ સભામાં તેઓ બંધારણ પરના સલાહકાર નીમાયા અને ૧૯૪૭માં બમીનું બંધા

યુનીવર્સિટીના એપાઈટિડ પર ડૉ. મહાન

વડા પ્રધાન ડૉ. મહાન, જેઓ રોમન-કોથ યુનીવર્સિટીના આન્સેસર છે, તેમણે એ યુનીવર્સિટીના પદિવાન સમારક વખતે બાઈર કરતાં મને અગ્રવા-ડીએ જણાવ્યું હતું કે હિંદુ આરિકાની એ વરિષ્ઠ યુનીવર્સિટીમાં મારે અને કાળાઓનું મીખજ ઘાય છે એ બનતી જરૂરને નાણુ થયું જ પડ્યો.

તેમણે કહ્યું કે વધારે અંબીર તો એ છે કે જેમ જેમ બીન-ગોરાઓની હુમ્મ જોળણની જરૂરીયાત વધતી જશે તેમ તેમ આ યુનીવર્સિટીઓમાં તેઓની સંખ્યા વધતી જશે અને આ મીખજથી ઉપરિચલ થતો સલાહ વધારે નીન બનતો જશે.

એપાઈટિડની નીતી ને જમાનાઓ થી ગાલતી આવેલી છે અને પ્રાથમિક અને માધ્યમિક શાળાઓમાં મુસ્લિમોને કાચ પાડવામાં આવેલી છે અને પાળવામાં આવેલી છે તેનાથી આ મીખજ સંવતર નિરૂ છે, અને હોંતેર કોમેન્ટ ને કેવળ બીન-ગોરાઓને મારે જ છે તેની રચાવના થતાં ઉચ્ચ જોળણને પણ એ નીતી કાચ પાડવામાં આવી હતી, એટલે એ મીખજ તેનાથી પણ વિરૂ છે. એ સિવાય રાજ્યની વધારાની અને સામાન્ય નીતીની તો આપણે વાન કરતા જ નથી.

આપણી જોળણની પ્રથામાં આ દેખીતી અબજરયા ગાંધી રાખવાના બનાવ તુકસાનકારક પરિણામે આવ્યા વિના નહિ રહે.

આથી સરકારે તેનો જવાબી બાંલ સાવતરો નિજા કર્યો છે. આ બાળામાં લખસ કરવાને અને ઉચ્ચ જોળણની સંવધમાં મોરા અને કાળાઓને મારે દલાલ યુનીવર્સિટીઓની બંધાર અધ્યા પદારે વાળગી અને નાપી મારે હાલથી સમગ્ર કરવાને શા પત્રમાં લાઈ કલકત્તા એ બાળામાં મસ લવ કરવા એક કમીશન નીમાઈ મુકે છે. બને નમી માટે મેડા સમગ્ર કરવામાં આવે તો હાલથી એપાઈટિડની નીતી બનાવી નહિ થઈ પડે. કેટલક સોડા કરે છે તેમ તે બાઈરની તો અવરજ નહિ જ મળ્યા.

ડૉ. મહાને કહ્યું કે, રાજ્યના, બંધુલ કેવરે પોકારેલા હિંદુ આરિકામાં એક રીકા મરેલા શાર પરિબામે આવ્યા હતાં પરંતુ કુટુંબને

રજુ પડવામાં પણ તેમણે બાઈ લીધો અને તેના પણ સલાહકાર બન્યા.

૧૯૪૮માં પેરીસ ખાતેની કુનાઈટ નેશનલ જનરલ એસેમ્બલીમાં તેઓ હોંતના કેલિગેટ નીમાયા હતા અને ૧૯૫૦ના જુન માસને મારે તેઓ સીકેયોરીરી કોલેન્સિસના પ્રમુખ બન્યા હતા.

અને ૧૯૨૦ના બીરીય સેક્રેટરીના સંસ્કૃત પ્રવાસોથી તેને કલુમાં આવ્યા વામાં આવ્યા હતા.

એ પરિણામે એ સાળ થયાં હોત તો આને આપણે કેક રસમાં હોત સમાનતા અને મોહીનું મીખજ થઈ રહ્યાં હોત અને હિંદુ આરિકા આને દલાલમાં દલાલ મારણનું અણસુપેરું વર્ણન કરે રાજ્ય થઈ પડ્યું હોત. હાલનો પાલ છે કે તેમાંથી આપણે બમી મવા છીએ અને એક મુક મોરી, મુધરેલી અને ખોસ્તી પ્રાતરી રી રી કલકત્તા છીએ.

કેળવણીના સેનમાં વાળગી પરંતુ પ્રકાપથી સમગ્ર કરવાથી અપમાન કે અન્યાય થતો જ નથી, અને હમન તો તેમાં કોઈ જાળનું નથી. મીખજ મળે જોઈ છે. અને તે તુકસાન હતી ઉપરાંત બને વગોના ઉચ્ચ લાભને વિધાત થઈ પડ્યો.

યુનાઈટડ નેશનલ સંસ્થા વિશે એકલા ડૉ. મહાને કહ્યું કે આ "સાદ બાળના ધરાવતી આંતરરાષ્ટ્રીય સંસ્થા" ને એક વિશ્વસતા બનાવવાને પ્રયત્ન થઈ રહ્યો છે પરંતુ હાલ કિશ્મતી જેગ એ પ્રયત્ન નિષ્ફળ નીવડ્યો.

ભારતનો પત્ર

(અમ.રા. અખબરની તરફથી)

મુંબઈ, તા. ૮-૧૨-૫૩.

રાજકારણના રૂઝમેદાનમાં હજી પણ પાકીરતાન અને અમેરિકા વચ્ચે લશ્કરી સહાય અંગે આશયી કહેવાતી વાટાઘાટોનો પ્રશ્ન ચર્ચાઈ રહ્યો છે. પાકીરતાનમાં અમેરિકાને લશ્કરી મદદ આપવાને પાકીરતાન તરફ છે, એવા હેવાલોનો પાકીરતાનના ગવર્નર જનરલ અને વડા પ્રધાન બંનેએ ઇનકાર કર્યો છે. પરંતુ આ સંબંધમાં ભારતના રાજદ્વારી વર્તુળો એ હકીકત પ્રત્યે ધ્યાન યોગ્ય છે કે આવા હેવાલો પ્રથમ તો પાકીરતાની અને અમેરિકાના અખબારોમાં "સત્તાવાર" અને "અધિકાર" વર્તુળોના નામે છપાયા હતા અને એ હેવાલો પરથી જ આવી વાટાઘાટો આલેખી હેવાની કાંઈ સરકાર ને ભય મળ્યો હતો અને તે પછી જ તેને જરૂરી પગલાં લીધાં હતાં.

હવે એમ જણવા મળે છે કે, પાકીરતાન અને અમેરિકા 'મહત્તમ રજુઆતને પરિણામે, હાલ તરત તો તોફાન રહી છે આ દિશામાં હવે અમેરિકા આગળ નહિ થશે એમ પણ મનાવું મનવું છે.

આ સંબંધમાં ભારતની લોકસભામાં પ્રશ્નો પુછવામાં આવ્યા હતા. જવાબમાં શ્રી નેહરુએ અમેરિકાના પ્રધાન અને વિદેશ મંત્રીનાં નિવેદનો તથા પાકીરતાનના ગવર્નર જનરલના ઇનકારનો ઉલ્લેખ કરીને કહ્યું હતું કે, આ જુદા જુદા નિવેદનો ઓછામાંઓછા કાંઈક વિરુદ્ધ લાગે છે. તેના પરથી એમ જણાય છે કે, આ બાબત પાકીરતાન અને અમેરિકાની સરકાર વચ્ચે કોઈક કેટલાક સમસ્યા ચર્ચાઈ રહી છે, જે કે હજી સુધી તેના વિશે કંઈ નિર્ણય લેવાયા નથી. ભારત સરકારે સ્પષ્ટપણે જણાવી દીધું છે કે, તે આવા કાંઈ બનાવને ગંભીર ચિંતાની નજરે જુએ છે. અવિષ્કારમાં આ બાબત કેટલું સ્પષ્ટ છે, તેના પર આપણાં બધાં પગલાંનો આધાર રહે છે.

આને કારણે ભારત સરકાર પોતાની તટસ્થતાની નીતિ બદલશે કે નહિ, એવા એક પ્રશ્નને જવાબ આપતાં શ્રી નેહરુએ જણાવ્યું હતું કે, આવા મધ્ય બનાવોથી પોતાની તટસ્થતાની નીતિને સમર્થન અને પ્રવૃત્તિ મળે છે, એમ ભારત સરકારને લાગે છે.

અમેરિકાના ઉપ-પ્રધાન થી રીચાર્ડ ડીક્સન કાસમા ભારતના સુબેચા પ્રવાસે આવ્યા છે. તેમ શ્રી નેહરુ સાથે મંત્રણા કરી છે. શ્રી નિક્સન ભારત અને અમેરિકા વચ્ચેના મતભેદના મુદ્દાઓને ઊભાવવાને પ્રયાસ કરશે અને બંને દેશો વચ્ચે સારી સમજૂતિ સ્થાપવા ઠીસીક કરશે, એમ મનાય છે.

શ્રી નિક્સન નવી દિલ્હીમાં ભારતના રાષ્ટ્રપતિ ડૉ. રાજેન્દ્ર પ્રસાદના મહેમાન તરીકે રહે છે. તેઓ અમેરિકાના પ્રધાન ભારતના રાષ્ટ્રપતિ

તથા વડા પ્રધાન પરના અંગત સંદેશ લખીને આવ્યા છે. તેમના હેવા મુજબ, તેઓ ભારતના અધિકારીઓ સાથે અમેરિકા અને ભારતને પરસ્પર અસરકારી એવા તમામ મુદ્દાઓની નિખાલસ રીતે ચર્ચા કરવાની આજ્ઞા રાખે છે. પાકીરતાનના સુચિત બંધારણ હેઠળ લઘુમતીઓના વતીવ વિશે શ્રી નેહરુએ કહેલી ટીકા (જે એ ઉલ્લાસ જનમા લખી હતી) સાથે પાકીરતાન સરકારે વિરોધ ઉઠાવ્યો છે.

પાકીરતાનના રાજપુરો, અખબારો અને સરકારે શ્રી નેહરુ સાથે કહેલા આરોપો, શ્રી નેહરુએ ખરેખર જે કંઈ કહ્યું હતું, તેના પ્રત્યેથી વિજ્ઞાના લોક મતનું સ્પષ્ટ અન્ય દિશા તરફ વળવાના પ્રયાસ સમૂહ હોવાનું અંગે મનાય છે. પાકીરતાનના આ પ્રયાસો તથા પરરેશીમાના પાકીરતાની એલચી ખાતા એ તરફથી શરૂ થયેલી આવી કુબેરો, ખાસ કરીને અખબારો કે જ્યાં પહેલાં પાકીરતાનના અખબારો સંરક્ષણ સંસ્થા સ્થાપવાના પ્રયાસો પ્રત્યે કંઈકાની નજરે એવાનું હતું અને અખબારો અમેરિકા સાથે લશ્કરી સમજૂતિને કંઈકાની નજરે એવાય છે, ત્યાં આમક પ્રચાર દેવાવવા માટે છે.

આ સંબંધમાં અમેરિકા રાજદ્વારી વર્તુળો એપ્રિલ ૧૯૫૦ના નેહરુ સિવાઈત કરાર કે જે હજી અમલમાં છે, તેના પ્રત્યે ધ્યાન યોગ્ય છે. આ કરાર જણાવે છે કે, "ભારત અને પાકીરતાનની સરકાર સાચા દિલ્લથી એવી કબજાત આપે છે કે, પ્રત્યેક સરકાર પોતપોતાના પ્રદેશમાં અકિલના ધર્મને જ્ઞાનમાં લીધા વિના કોને સંપૂર્ણપણે સમાન નામરિકલ આપશે; કોના જીવન, અવિષ્કાર, મિલકત તથા અંગત મોજાની સલામતી બાબતો; કાયદા અને નીતિમત્તાના નિયમોને અનુસરીને કોને પોતપોતાના પ્રદેશમાં સુકત રીતે કરવાની, ધંધો કરવાની અને ધર્મ પાળવાની છૂટ આપશે; કોને વાણી સ્વાતંત્ર્ય મળશે લઘુમતી કોમોના સભ્યોને પોતપોતાના દેશના જાહેર જીવનમાં ભાગ લેવાની, રાજદ્વારી લેણાં કરાવવાની અને પોતપોતાના દેશના મુલકી અને લશ્કરી જોગામો જોડાવાની બહુમતી કોમના સભ્યોના નેટલિંગ તક આપશે, બંને સરકારો આ અધિકારોને પ્રધાન અધિકારો તરીકે જાહેર કરે છે અને તેના અસરકારક અમલ કરવાની ખાતરી આપે છે."

આ કરાર હેઠળ ભારતને પાકીરતાનમાંની લઘુમતીઓ પ્રત્યેના વતીવ સાથે

સીધો સંબંધ છે, એ દેખીતું છે. પાકીરતાનની બંધારણ સમાનો લઘુમતીઓ અંગેનો નિર્ણય આ કરારનો જ મ કાર છે. એ હકીકતની ખેદપૂર્વક નોંધ લેવાય છે કે, પાકીરતાનની બંધારણ સમાનો લઘુમતીઓ પ્રત્યેના વતીવની બાબતને ઇસ્લામના સિદ્ધાંતો લાગુ કર્યા, પણ આર્થિક, નાણાકીય, ઈ-સુરન્સ (વીમો) અને બેંકિંગની બાબતોને આવતાં રૂપ વર્ષ સુધી ઇસ્લામી સિદ્ધાંતોથી સુકત રાખેલ છે. એટલે કે, પાકીરતાનની ધારાસભાએ આ બાબતોમાં કુરાન અને સુન્નત વિરોધી કાયદાઓ પણ બંધી થકરો અને બાબત વટાવ અને એવા. બીજા આર્થિક રીતે પ્રતિબંધિત બાબતોને ઇસ્લામના સિદ્ધાંતો લાગુ નહિ પડે.

પશ્ચિમ પાકીરતાનથી આવેલા અને ત્યાં મિલકતો સુધી આવેલા નિર્વાસિતોને ભારત સરકારે વચગાળાનું વળતર આપવાનું કાર્ય શરૂ કરી દીધું છે. સરકારની વર્તમાન યોજના હેઠળ આશરે ૫૦૦૦ નિર્વાસિતોને વળતર મળશે. વળતરની અંતિમ રકમ નક્કી કરવામાં હજી સમય લાગશે, કેમકે વળતરનું ધોરણ બાબત રીતે નક્કી કરવાનું કાર્ય થઈ રહ્યું છે.

ભારતની પુનર્વસવાટ ખાતાના પ્રધાન શ્રી અજીતપ્રસાદ જૈનના કથન મુજબ, ભારત સરકાર પાસે કુલે આશરે ૩,૮૦,૦૦૦ નિર્વાસિત મિલકત ધોરે વચ્ચે વહેંચવા માટે આશરે ૧.૨૦૦ કરોડ છે. આમાં રૂ. ૧૦૦ કરોડ ભારતમાંથી સિવરત કરી ગયેલા કોની મિલકતના ઉપજશે અને રૂ. ૧૦૦ કરોડ સરકાર પોતાના કાળા તરીકે આપશે.

નવા રથપાયેલા અ.પ્ર. રાજ્યમાં પાટનગર અંગે ગરબા કરી મળે છે. રાજ્યના કામચલાઉ પાટનગર કુલુબ ખાતે ત્રણ દિવસની હડતાળ પછી ગઈ અને લેડાંક છમકધાં પણ ચર્ચા નવા. વિજયવાડા કે મનુરને પાટનગર બનાવવા તો ધારાસભાના ૩૦ સભ્યોએ રાજીનામાં આપવાની પણ ધમકી આપી પરંતુ મુખ્ય પ્રધાન શ્રી પ્રકાશને પરિણામને કુસળતાપૂર્વક હાથ ધરી એવો નિવેદો આપ્યો કે, જો રાજ્યોની પુનઃરચના માટે નિમાનાઈ પચ ત્રણ વર્ષમાં હજીબાબતો તેમજ બાપી જીવનશૈલીને વિદ્યાળ આદિમાં જોડી દે તો હજીબાબતો, રાજ્યનું કાયમી પાટનગર બનાવવું, પણ જો ત્રણ વર્ષમાં એમ ન થાય તો વિજય-

વાડા, મનુર કે લેડોરને કાયમી રાજ બની બનાવવાના પગલાં લેવાં.

આદિ રાજ્યની ધારાસભામાં નજીવી બહુમતી ધરાવતી સરકારની ધારાસભામાં પડેલી વાર પ્રધાનોના પગારોની બાબતમાં એકજ અંગે દારૂ થઈ છે. વીરોધ પકડેલા સુધારો પસાર થઈ જતાં હવે પ્રધાનોને આસિક રૂ. ૧૦૦૦ ને બદલે રૂ. ૫૦૦નો પગાર લેવા પડશે. આટલી સાંકડી બહુમતિ પર આધાર રાખતી આંધ્રની સરકાર કેટલોક વખત ટકી ટકશે એ કહી શકાય નહિ.

સીરાઈમાં લેરાવળ પાસે આવેલા આઝીન એટિલકાસિક સોમનાથ મંદીરનું બાંધકામ કુંક સમયમાં શરૂ થશે. ૧૯૦૦ વર્ષ પહેલાં મુસ્લિમ આક્રમકો એ તેનો નાશ કર્યો, એ પહેલાં તેનું બાંધકામ નેતુ' હતું તેવું જ બાંધકામ હવે કરાશે. એ આઝીન નમુનામાં ખાસ ફેરફાર નહીં કરાય.

ભારતના એક વખતના આ સૌથી સમૃદ્ધ અને સુવિખ્યાત મંદીરના પુનઃ બાંધકામનું કાર્ય, સોમનાથનું અસલ સદીઓ પહેલાં બાંધકામ કરનારોએના વંશ વારસો, જેમણે હજી મંદિરના બાંધકામની કળા બાળવી રાખી છે, તેઓ જ કરશે. "સોમપુરા" નામે એ બાબતના આ કારીગરો હજી લુહી કામ તરીકે આ મંદિરની નજીકના વીરનારોમાં વસવાટ કરે છે. મંદીરનું બાંધકામ સંપૂર્ણ થતાં પશ્ચિમ વધા લાગી જશે.

જીનામદના ભારત સાથે જોડાયેલા પછી ૧૯૪૭માં જ સોમનાથ મંદિરને પુનઃલોક કરવાનો સરકાર પડેલે નિર્ણય કર્યો હતો અને આ કાર્ય માટે એક ઉચ્ચ સમિતિ નિમિત્ત હતી એ સમીતી એ મંદિરમાં રાષ્ટ્રપતિનાં હસ્તે પ્રતિમા ની પ્રતિષ્ઠા કરાવી પરંતુ સરકારની પાસે અઢાળે અવસાન નિવળતાં, મંદિરનું બાંધકામ ધોરે ૫૪૫. "જે તેઓ દયાલ હોત તો આ અર્ધનિર્વાસિક મંદિર ક્યારનું જે બંધાય બન્યું હોત.

સોમનાથનું મંદીર પ્રથમ નવમી સદીમાં બંધાયું હતું. એ પછી મુસ્લીમ આક્રમકોએ તેને બે વખત ઢાંટીને તેનો નાશ કર્યો હતો, પરંતુ દરેક વખતે તેને નવેસરથી બાંધવામાં આવ્યું હતું. ૧૪મી સદીમાં ત્રીજી વખત તેને મુસ્લીમ આક્રમકોએ નાશ કર્યો હતો, એ પછી તે એવી ને એવી ખૂંટો હાલતમાં રહ્યું હતું. હવે ભારત આજાદ થતા તેનો પુનઃલોક થશે.

પાકીરતાનની જોશમાં સડને બૂપત કરી ભારત અને પાકીરતાનના અખબારોના પાને ચર્ચો છે. બૂપતે સીધા અટકાવતી ધારા હેઠળ પોતાની આશુ અટકાવત સાથે સિંધની વડી આદાલત

ને અરજ કરી છે. ખાખી કપડામાં સત્ત્વ કચેલા જુપતને પોલીસ પકેરા ફોળ કરાવીની અદાલતમાં લઇ જવામાં આવ્યો હતો. તેણે જાહેર કબુતરું કે, તે ખારતમાં સરકાર સામે રાજદારી છાન કરી હતો અને પાળી રાખતો તે વફાદાર મીત્ર હતો. તેના તરફથી ચાલીને અંત ચળોને અમ રાખવાનું પાછીરવાને કાંઈ કારણ નથી. એટલે તેને છુટા કરી દેવો જોઈએ. તેની અરજનો કજ મુકારો આવ્યો નથી.

આવનમર બંદરને વિકસાવવા અને આવનમર અને નારાયણ વચ્ચે ત્રીસ મેઇલ (ચોટા પાટાની) રેલવે બાંધવાના આદત સરકારના નિર્ણય સામે જનમનમર, પોરબંદર, વેરાવળ અને જુનામડના વેપારી મંડળો ઉઠાવી ઉઠ્યા છે. આવનમર-નારાયણ રેલવે બાંધ તે આવનમરનો બંદરો વેપાર વધી જાય કેમકે-તે રસ્તે યુનારાત, ઉ. પ્રદેશ, મધ્ય પ્રદેશ વગેરેને અડધથી અને ઓછા ખર્ચે આસ મેકાલી કાઢાય. એ આવી સમગ્ર આવનમરને મળી જાય તે જાનમનમર, પોરબંદર અને વેરાવળનો વેપાર વધી જાય એ દેખીતું છે. એટલે આ તરુપ બંદરો અને જુનામડ સરેરાશ વેપારી મંડળોના પ્રમુખોએ મંપુકા રીતે આદતના રેલવે-પ્રધાન એક પાલી મેકાલી આ નિર્ણયના અમલ નિરોધ કર્યો છે.

આ તરુપ પ્રમુખોએ પોતાની પાલીમાં જણાવ્યું છે કે, "સૌરાષ્ટ્રની ચોટા ખાખી જનતાના વિનોને જોય આવનમર-નારાયણ રોડમેઇલ રેલવે બાંધવાનું અનિચ્છનીય છે. તેને બદલે વિરમ આમળી ચોટમેઇલ બાંધવ સંખ્યાની કલમથી કુદિ કાઢી અને ત્યાંથી કાઢવા કુદી કાઢી જોઈએ.

"અમમાં કંડવા બંદરને ચોટા બંદર તરીકે ખીમવા માટે આદત કરવારે રોડના નાખાને પડ્યા તેના આવનમરને ચોટા બંદર તરીકે નિકાસ થવાનું કલ્યાણ બહુ નહિ લેખાય. અને તે કાલે બંદરને નવનું બનાવશે. રેલીના બાર બરતો અને બીજા ચોટા કારકિર્દી મેરનામને તીવ્ર આવનમર જોય "બરતો બંદર"ને વિકસાવવાનો વિચાર આવ્યો પા. ૧૩ છે. સરકારે એ તિથારવુ જોઈએ કે, આવનમર બંદરની જાગવનું માટે વાર્ષિક રૂ. ૨૦ થી ૩૦ લાખનો મનારો ખર્ચ પોતાના કો એટલે ઉંડરો આપે. વેપાર આમળી સમયે કે નહિ. આવનમર-નારાયણ નદી બાજબ પર પડેલા બારે ટાલીક અળી રહેશે, એવી આખ્યા કે ન આ બાજબના અડધા વધારાય છે આ પોખનાને આપાર એ મુદા પર છે કે, જકાળોના નુર વધારે છે. એવી આ નવી આદત કલમકારક નવાઈ. પણ સકાળેના નુરે રેલ

વુદ પાલી વધી જાય છે અને કારિયા ના મુકને કરવો જ અપારે ઉંચા દડી રવા છે. એટલે એ મજનરી પાયા માંથી બોટી છે, કારણ કે એ બાવો પ્રાપ્ત થીમે થરી જશે.

આ પાલીમાં વધુમાં જણાવવામાં આવ્યું છે કે, સુચિત આવનમર-નારાયણ રેલવે સૌરાષ્ટ્રના ચોટા ખાખી રેલવે વીરતારના અમુક ખાખી રાષ્ટ્રીક

સત્યાગ્રહનો ચોગ્ય ઉપયોગ

[યુનાઇટેડ સ્ટેટ્સના એપિરો રાજ્યમાં આવેલા થોડા રશીયન નામના રમણેથી 'પોસ મેક્સ' નામનું સામયિક અંગ્રાવીયામાં એ વાર પ્રગટ થાય છે. એ રાનિત મટની મળવળ અધાવ નારામી વચ્ચે સંપર્ક સાધવાના સાધન તરીકે પ્રગટ કરવામાં આવે છે. એનો ૧૯૫૩ના ઓગસ્ટની ૧૭મી તારીખનો અંક કમળા થોડા દિવસ પર અમને મળ્યો. આમાં 'અધી મીશન સોસાયટી'ના પ્રમુખ 'આધી મેક્સ'માંથી 'સત્યાગ્રહનો ચોગ્ય ઉપયોગ' એ વિશેષ એક તંત્રીએ પ્રગટ કરવામાં આવ્યો છે. કીર્તિમાં આપણે સત્યાગ્રહના શરૂઆત મહાન પ્રયોજના રવક્રમે થી સમજ્યું છે અને વાચ્યું છે એટલે મજાદ લેખમાં આપણે માટે એને વિશે કશું નવું નથી એમ કહી કાઢાય. આમ છતાં, અમેરિકામાંના માંખીવડી જીવન પદનિના અભ્યાસીએ તથા રાનિયાકક મીત્રોએ એને વિશે ને કંઈ કશું છે તે અસુસ લેખક છે. ખાસ કરીને, આજકાલ અ્યાં ત્યાં નેવા મળતા અમ-સત્યાગ્રહીઓ અધાવ નિકૂત સત્યાગ્રહીઓને વિશે ને કંઈ મેક્સમાં આપ્યું છે તે અખ્યા નેજા છે. નીચેનું સંખ્યા એ સેખમાંથી ઉતારવામાં આવ્યું છે.—મ.મ.]

સરકાર સામે કંઈ તે કંઈ હરિયાદ કરનારા મોઢા આજકાલ સત્યાગ્રહ કાળનો જાગેલો બહુ જ છુટથી કરી રવા છે. તેઓ સત્યાગ્રહની કાર્યપદનિ એવી નોંધવા અને બેદરકારીથી અજ પાળી રવા છે કે આ નવી પદનિના પાયામાં રહેલા સિકાતે નોજા અંત થઈ રમો છે. "કામી ગાજુ"ની કસ્ટી વિશે પણ તેઓ કશું તદા આપતા હોય એમ દેખાતું નથી.

હરિયાદ માટે એટલી ન્યાયી હોય તોયે, એ હરિયાદનાં કારણોનું પચકારણ કરવાની તથા એ આમી કુર કરવા માટે ને કંઈ પચર્ષા કરવામાં આવે તેમને કહેવ રીતે અત્યના આજકામાં નોખી જોવાની સત્યાગ્રહીની અનિવાર્ય હરજ છે. વાગુઓ સિક કરવાની બીજી રીતે અજમાવનારાઓને આપા મક અમુક મદદાવ થતા નથી. આપણે સાધાયક કંપાડવાની કંઈ કુદી આવીએ ત્યારે બીજા બધા જીવાં

જ (માથ તથા ઉતાર) મેળવશે, એવી સરકારે મજનરી કરી છે. પરંતુ અમને એવી અપ છે કે, આ રેલવે કામનને નવો દાષ્ટીક મળવાને બદલે સૌરાષ્ટ્ર રેલવેના અન્ય વિભાગોના દાષ્ટીક એ કામન પર તણાઈ જશે અને એથી રાજ્યના અન્ય ઓગોર્ન વેપાર, કલોમ અને કામદારો ન કાંતી પડેાયશે.

અજમાવી જોવા છે અને તે ઉજા નીવડવા છે એવી સતેષ આપણને હોવો જોઈએ.

ખીલ હવાયે દારા વરસો કુદી મધી જોવા પડી જ માંખીએ સત્યાગ્રહની સમને ઉપયોગ કર્યો હતો, તેમના વિષયને લોકમતના અડક પર સારી પેટે કીર્તિમાં આવેલો હતો તથા કાલ કારવામાં કાઢીના મન પર તેની રીત અને રેલવી અસર થરી તેનો કાળજીપુર્વક અંદાજ તેઓ કાઢતા હતા.

આ કે તે હરિયાદના પ્રમાણ માટે સત્યાગ્રહ કરવાના પોતાના સંકલ્પની બંદરત કરતી અકિતઓનાં નારો દરોજ અપાંઓમાં જોવા મળે છે. એ હરિયાદો વિચારી મારે તેના કરતાં ઓછા માફ તેને મળ્યા હોય ત્યાંથી માંડીને અમુક તકરારોના કુચરોગોના રીતકાર કરવામાં સરકારની નિબળતા કુદીની હોય છે. હરિયાદ કરનારા એમ માનતા જણાય છે કે સત્યાગ્રહ એટલે આમરણ ઉપવાસ અને આપણે જ કામને હેવુ સિક થયો હોવા છતાં, કાંઈ પણ મરજ પામ્યું નથી એ નવાઈની વાત છે.

આ બધા કામકામોમાં 'સત્યાગ્રહ' કાળનો ચોટા ઉપયોગ કરવામાં આવ્યો હોય છે. પરિણામે એ બધા સાદસપોરોને વખોડી કાઢવામાં આવે છે. આથી તેઓ વધુ ને વધુ યુક્તેમ રિથનિમાં પ્રકાતા જાય છે, પોતાની અપીલની અમળતા શુમાવી બેસે છે અને પ્રજાની સદાનુશૂતિ બોલ બેસે છે. તેઓની પારાવાર કનેલી થાય છે. એમાંથી અમળા માટે તેઓ વળી પાછા અનેક માંડપણ અર્થે કુલો કરે છે અને એમાંથી બકાર નીકળી ન શકાય એવું કંડાણ રમે છે.

તેમને તથા પોતાની વેદના ટાળતા નો સત્યાગ્રહ એ એકમાત્ર જીવાય છે એમ માનનારાઓને એ વાર દેખાવવા નેવું છે કે, અમરને તીવે તથા તેની રોરખીને તીવેની જીવંત થકા સત્યાગ્રહની પુર્વદરજ છે. નેતા પોતાના જાગ પર નહીં પણ પ્રવારના અગ પર આપાર રાખે છે. તેને અંતરારથા દોરે તે કમાણું તે આવે છે. આથી અખી વાર, કહેવાનું વહેવાર રાજકારણ

તેને માટે અવશરતિક હોય છે, એક, એવે તો તેવું રાજકારણ જ સીધી વધુ વહેવાર નીવડે છે."

અમરની રોરખી વિશેની થકા પ્રવારનાર સત્યાગ્રહીએ સત્યને વિશે સદા અમત રહેવાનું હોય છે. એના પરજ તેનો રેસ અવકળનો હોય છે. વિજય મેળવવાના ઉત્સાહને વરા મધને પોતાના વિરોધીને મન, વાચા કે કમથી અન્યાય ન કરી બેસે એ પણ તેણે વાદ રાખવું રજું. અમરને બરોસે આમવાના અને સત્યના પાપ પર અમળ રહેવાના તેના એ કાર્યમાં તે કશું બોડું પચર્ષ ન કરી બેસે એટલા માટે તેણે પોતાની સપળા ધીરજ અને અશુભિ કામે લગાડી પડે છે.

એ કાર્યપદનિ અપત્યાર કરવા માટે જરૂરી જીવનબરની તાલીમ તથા તકવારી નેની પાસે ન હોય તેને મટે એવું આચરણ અકલ્ય છે. સત્યાગ્રહ વેદનામાંથી અમળા માટેનો કારકરો મ.મ. નથી. એ તો વીરોનો મામ છે. તેઓ તો ને અમરને તેઓ વધો હોય છે તેને માટે રવેકાપુર્વક પોતાના રવંરવનો લોમ આપે છે અને વીરતા પુર્વક પોતાની રમત રમે છે. આવા સત્યાગ્રહીની, તેવું કાલ પુર્વ અપા પછી ની નિંદા સામેજ અમરની બેટ હોય છે.

HOUSE OF COMMONS SPEECH PRESS IGNORED A CONSTRUCTIVE POLICY FOR THE COLONIES

By FENNER BROCKWAY, M.P.

[Mr. Fenner Brockway, M.P., long-time fighter for the rights and well-being of subject peoples everywhere, delivered a memorable speech in the House of Commons last month during the debate on the address to the Queen after her speech at the opening of Parliament. Strange to say such things which tend to bring about the much needed peace in the world are given the least publicity, which is a sad commentary on those who control the Press. We are indebted to the 'Peace News' of November 3, for publishing the very important speech in full and by the courtesy of that paper we reproduce it here for the benefit of our readers.—Ed.]

THE Gracious Speech has one paragraph devoted to colonial affairs which is unexceptionable in its statement of broad principles, but broad principles are of no value unless they are put into practice, and the record of the Government so far does not encourage us to believe that these admirable principles will be put into practice in future.

I intend to be very critical of the Colonial Secretary, but I am glad to begin by congratulating him and the Government upon the response which they have made to the Government of the Gold Coast in asking for emendation of their Constitution so that they may advance towards further self-government.

The first question I want to put to the Minister of State for Colonial Affairs is this: When is it proposed to introduce in this House legislation for the amendment of the Gold Coast Constitution?

The Secretary of State, in reply to me a fortnight ago, indicated that, on principle, an agreement had been reached. I was profoundly disappointed that the Queen's Speech indicated no intention of introducing legislation for the amendment of the Gold Coast Constitution.

There was also one passage in the Colonial Secretary's reply which made me a little uneasy: that agreement had not been reached with the Gold Coast Government on the subject of a transference from the Colonial Office to the Commonwealth Relations Office. The aim of the Gold Coast is to become a Dominion within the British Commonwealth. If it be said that stage cannot yet be reached, I would point out that there is an example in the case of Southern Rhodesia, which is already under the Secretary of State for Commonwealth Relations.

Gold Coast Or South Africa?

I cannot cast from my mind the doubt that the real problem here is the opposition of one other member of the Commonwealth to the recognition of the Gold Coast as a self-governing Dominion.

I will say only this, that if the issue arises between the recognition of the Gold Coast as a self-governing Dominion and the loss of the South African Union under its policy of Dr. Malan, I hope that there will be no hesitation in the answer of the Government to that issue, because it is an issue that will concern not the Gold Coast only: it will concern the whole African population within the British

Xmas

THIS year's Christmas is unlike the ones of past years. There is not that simplicity of mind and heart in us. Our lives have become too complicated. We have made them so, thanks to the scientific discoveries. We have not made up our minds whether those discoveries have helped to make our lives happier or more miserable. With all that science has done for us we do find that we are none the more happier. The reason is that scientists have succeeded in discovering everything but the one thing which is within ourselves—our soul. "What doth it profit a man who gains the whole world but loseth his own soul?" To-day we are devoting all our energies to gaining the whole world but little do we realise that in the process we have lost our soul which is the only giver of true joy and happiness. Unless we divert our attention to and utilise all our energies—physical, mental and spiritual—in searching our own soul and not in scaling the Himalaya mountains or in trying to break up the stars and the moon and the sun to discover what is in them and thus interfere in the domestic affairs of even Almighty God instead of being thankful for all that He has provided for our comforts and learning a lesson from each of them, mankind is doomed. The whole world seems to be living on top of a volcano to-day not knowing

when it will burst. The ominous signs are vividly perceptible in many ways if only we had eyes to see. But our physical eyes as well as our mind's eyes are so dazzled by the glamour of gold and diamond—the Unreal—that we are completely blinded to perceive the Real. God does not tell us to scale the Himalaya mountains to see what is on top of them. He tells us to be as steadfast as those mountains and enjoy the fruits that they give us. If it does not rain we are not able to break open the heaven to see why it does not rain, if the heat of the sun scorches us we are not able to break open the sun to see why it does so, if there is no air and we cannot breathe what shall we do but pray to our Heavenly Father for mercy? That is all that, in the final resort, we are able to do. And yet like utter fools we shall persist in poking our noses in His affairs instead of abiding by the rules He has laid down for us. What are those rules? Those rules are.

"Do unto others as ye would that they should do unto you."

Love thy neighbour as thyself.

Those who take the sword shall perish by the sword.

Conquer evil by love.

Let us humbly ask ourselves which of these are we trying even mighty little to follow and think whether we deserve the blessings we

are craving of Him. In our utter foolishness we are misusing the gifts of God. God has given us man power. Instead of making proper use of it what are we after? Blinded by power and greed we are after destroying it. At the rate we are going it seems as though we shall continue to do so until at last one man will remain and he too will in the end perish, too late to find that after all he was made of the same elements, and that

it did not matter a jot whether he was white, black or brown in his outward appearance.

These are the thoughts that come to our mind on this great occasion and we fervently pray that He may have mercy on us and forgive us for all our sins and lead us on to the right path so that we may deserve all the gifts He has bestowed upon us and truly enjoy them. With this prayer we wish our readers a very happy Xmas.

NOTES AND NEWS

University Apartheid

In view of the weakness of the Government's case for university apartheid, it is not surprising that the Commission it has appointed on the subject is to be concerned only with its practicability and not in the least with its merits, says Mr. M. C. O'Dowd, president of N.U.S.A.S., in a Press statement. The statement comments on the Commission's terms of reference which are "to investigate and report on the practicability and financial implications of providing separate training facilities for non-Europeans at universities." "There is now no reason at all why those who are opposed to Government interference with the universities should suspend their protests while the Commission is sitting," says Mr. O'Dowd. "At the same time the opponents of the Government's plan have a formidable task to present to the Commission on grounds of practicability and expense. The fact that a commission has been appointed raises some hope that the Government may still be prepared to listen to an argument in terms of pounds, shillings and pence, provided it is put with sufficient force."

At a meeting of the Transvaal southern region of the Union Federal Party in Johannesburg a resolution was unanimously adopted "deploring most strongly the Government's proposed plan to enforce the applications of their apartheid policy in student bodies at those universities which have traditionally maintained the principle of educational equality."

Union Not Leaving Any U.N. Organisations

The South African Government has not decided to withdraw from any organisation of

the United Nations, the Department of External Affairs said in Pretoria last week. The statement referred to a report that the Union Government contemplated withdrawing from the World Health Organisation, the Food and Agriculture Organisation and the United Nations Economic, Social and Cultural Organisation. "While the Government has for some time been examining all possible measures by means of which economies could be effected, it has not been decided to withdraw from any international organisation," the statement concluded.

Police Atrocities

A European constable, W. H. Beukman (20), two Native constables, Nicolaas Nruhl (30) and Ndoda Diviani (23), all of Denver, and Kenneth Stevenson (19), also of Denver, were found guilty in the Johannesburg Magistrate's Court of assault. Beukman was fined £15 (or one month), and Nruhl and Diviani £10 (or one month) and Stevenson was cautioned and discharged. An 18-year-old youth, Freddie Fortune, said that on the evening of October 6 he was standing on a street corner when he saw the four accused men chasing a non-European boy. The men stopped and asked him where the boy lived, and when he said he did not know, Beukman slapped him twice. Fortune said he was taken to the charge office, where he was told to remove his trousers. While Nruhl and Diviani held him down on a bench, Beukman flogged him across the buttocks with a sjambok. Before the flogging, Beukman pushed a pair of handcuffs into his face cutting his mouth. After the beating, he was told to wash the blood out of his mouth and to go. Beukman said he arrested Fortune after he had attacked Stevenson with a knife. Stevenson declined to lay a charge so he released Fortune.

HOUSE OF COMMONS SPEECH PRESS IGNORED

(Continued from front page)

Empire, who regard the one as the promise of freedom and regard the other as the suppression of all the liberties of the African population.

Secondly, I want to express modified appreciation of the policy of the Colonial Office in respect of another West African country, Nigeria. There was a fear, before the recent London Conference, that the unity of that Colony would be destroyed, but Northern Nigeria has agreed to come within the Federation.

There are two points I want to raise on that subject.

The first is the future of Lagos. It was a matter of distress to us that the two large parties in Nigeria, the Action Group and the National Council of Nigeria and the Cameroons, which had come to agreement about their demand for self-government, should come into conflict on the issue of Lagos.

I very much hope that even now an agreement can be reached about the future of that city, and I suggest that careful consideration should be given to the suggestion that before a final decision is reached about the future of that city, there might be a plebiscite of its inhabitants, and that in that way the agreement of the population might be secured to whatever solution is reached.

Repression in Nigeria

The second problem I want to put is this. One of the line parties in Nigeria which was represented at the London Conference was the National Elements Progressive Union from Northern Nigeria. From all I have heard, not only from African delegates, but, if I may say so, from representatives of the Colonial Office itself, the representative of that party at the London Conference, Mr. Amuru Kano, was one of the most helpful participants, yet he has gone back to the Northern Region of Nigeria to find a proposal for the repression of his party, to find members of that party being imprisoned, to find them being beaten up by gangsters on the streets of Kano.

I ask the representative of the Colonial Office at the future Nigerian Conference to have gone further, that he will secure that emergency powers in that country, and particularly in the Northern Region, shall be guaranteed political and civil rights. That seems to me an absolute essential to any advance of Nigeria towards full self-government.

Central Africa

On the next subject—Central Africa—I want to be more critical.

I will not repeat the arguments which have been advanced from this side of the House against Central African Federation, but to impose on that vast territory of the two Rhodesias and Nyasaland a Federal Parliament which has 26 European members who represent fewer than 200,000 people, with only 6 Africans representing six million people and three Europeans nominated to represent African interests—to impose that against the will of the people seems to me an outrageous act of dictatorship by the Government.

I would have said that the very hope of saving this bad scheme would have been to encourage the African population in the two protectorate countries. Since the Bill passed through this House, the actions which have been taken in Nyasaland and now the actions which have been taken in Northern and Southern Rhodesia, indicate that the Government are not going to seize the opportunity of having control of the two protectorate countries to establish racial equality and social and economic development.

There has recently been a conference in London regarding the Constitution of the Legislative Council in Northern Rhodesia. This is a matter directly under the Colonial Office. It gave them an opportunity to prove their case that their concern was to move towards racial equality in Central Africa. Instead of that, whilst the old Legislative Council had two Africans in 23 the new Legislative Council is to have four Africans in 27. Does that really represent the mood of the Government in seeking fuller representation of the African population of Northern Rhodesia?

A Dangerous Move

In addition, there is not to be a single African on the Executive Council. They are there in Uganda, in Kenya, in Tanganyika, but not now in Northern Rhodesia, where we ought to take the opportunity of extending racial equality. More than that, the very dangerous move has been made of reducing protectorate authority over that territory. The number of ex-officio members is to be reduced from six to five, reducing the authority of this House in its duty to protect the African population and increasing the representation of the settler population.

The next point which I want to raise in connection with Central Africa is not the direct responsibility of the right hon. Gentleman's Department, but I hope that he will excuse my raising it. It is the question of how the African representatives are to be appointed in Southern Rhodesia.

The 'Times' of October 30, reported that two African representatives and the European representative of African interests in Southern Rhodesia are to be elected by the ordinary electorate of 49,000 Europeans and only 400 Africans. I want to draw the attention of the right hon. Gentleman to the statement which his colleague, Lord Munster, the Under-Secretary of State for the Colonies, made in another place (the House of Lords) on July 25.

Right Of Nomination

Lord Munster said that he would draw the attention of the Governor of Southern Rhodesia to the fact that Africans might like to choose their own representatives. He said he understood that the African candidates would be selected by an African organisation before nomination.

I have studied the Federal Gazette and I have studied the Southern Rhodesian Press. I have found neither in those official documents nor in the Southern Rhodesian Press any reference to any African organisation nominating these African candidates.

Instead, I have found reports that two African candidates have been put forward by the Federal Party and one by the Confederates. This is a complete repudiation of the statement given by the Government, either tonight or tomorrow, to reply to this point and to insist that Lord Munster's statement shall be carried out.

Kenya

I turn from Central Africa to Kenya. One could say very much in criticism of the Government's policy in that Colony. I shall not say much tonight, because I believe that the most important part is to concentrate upon a constructive solution of the situation there.

I only say to the Minister of State for Colonial Affairs that I have passed on to his Department many reports of occurrences there—of abductions in the back of Africans asked to leave their huts and of conditions of prisoners—which I do not believe represent actions by the British troops in that country, but which do represent charges, at least, against the Kenya Police, Reserve and against African police, which ought to be investigated

thoroughly by the Government.

I content myself with that criticism.

I pass on to what, I believe, should be the solution on the present situation.

The greatest mistake which the Government have made in their Kenya policy has been to refuse to accept the co-operation of Africans who, while critical of the Government, abhor the methods of Mau Mau just as much as the methods of the Government.

The attitude of the Government has been that unless any African was a 100 per cent. supporter of their policy, he was outside the pale.

Course Of Conciliation

I ask the right hon. Gentleman to begin a course of conciliation in Africa, first by responding to such men as Mr. Joseph Murumbi, who have put forward constructive proposals in a helpful and conciliatory way, and to look to the detention camps (and prisons for Africans there who can speak for the African people, against whom there has been no charge of violence or of outrage).

Unless an approach is made to them, we will not make the contact with the African population in Kenya which is essential to any solution.

I am only going to list the heads of the other subjects upon which I believe agreement must be reached, but before I list them let me say this. I have always taken the view that there were men in the European, Asian and African races alike upon whose co-operation in a constructive policy one must rely to find a solution of Kenya problems.

I suggest, first that the Government must deal with the land problem of the African population.

When I came back from Kenya last November, the parallel which struck me after my visit to the African reserves there was the valleys in South Wales in the 1930s. Seventy per cent. of the population was unemployed and whole populations were driven out from those valleys. In some South Wales towns one did not find a young man or a young woman. That is the same with the Kikuyu reserves. They are of 450 to 1,000 per square mile. To the Africans, land is what work is to us. Land is life, and with the populations so crowded on those reserves there is no living there for them.

The Government must deal with the problem, and I suggest to the Minister of State for

Colonial Affairs that the European population in Kenya should recognise that the African population has the first right to land in that territory.

When there is unused land unoccupied land in territories that have been reserved for Europeans, that land ought to be

made available to contribute towards the solution of the land hunger of the African population.

I do not pretend that will be enough, but the psychological value in encouraging good relations would be almost immeasurable.

AFRICAN NATIONAL CONGRESS

ANNUAL SESSION AT QUEENSTOWN

THE 41st annual meeting of the African National Congress was held at Queenstown last week-end. The departed chief A. J. Lutuli who for the first time ignored the ban imposed on his movements by the Minister of Justice, under the suppression of Communism Act, presided. In the course of his presidential address Chief Lutuli said he was pleased to see that the African National Congress was attracting interest overseas and he welcomed the interest shown by Dr. Nkrumah, Prime Minister of the Gold Coast, President Nguir of Egypt, and the Prime Minister of India, Mr. Nehru.

He said that he regarded with suspicion the American air bases in Africa and the British Government's plan of making "an arsenal of Central Africa." "We do not want to be made a war zone," he said.

"This annual get-together may not be a welcome event among some White people, who believe that denying us an opportunity for free association will stop us fighting for our rights.

"They forget that the urge and yearning for freedom springs from divine discontent. In spite of the ban imposed on leaders of the people, we have been able to carry on our work. In this fact we are particularly grateful to the South African Indian Organisation," said Chief Lutuli.

"This year we have witnessed a crescendo in the apartheid song. This has brought severe strain and tension not only between the White groups but also between Black and White," he added.

Professor Matthews

The freedom of Africans would not harm any other race in South Africa, said Professor Z. K. Matthews, vice-president of the African National Congress. He said that no apology was made for his being there and no apology was made for fighting for freedom. The people were determined to be free.

Africa was the second largest continent in the world and there was enough room in it for all people who would make a contribution to the development of the continent, the Professor said.

Everyone who wanted to make the continent his home, but recognised the equal right of others to make it their home, was welcome.

It was the spirit of working for the common good that the Congress sought to promote, Professor Matthews said.

Mr. P. Byleveld, a European and chairman of the Congress of South African Democrats, said that his organisation believed in the right of all people in Africa to be free.

He said that the task of his organisation was to mobilise those Europeans who believed in freedom. It wished to co-operate with the non-Europeans to help them get freedom and equality.

Mr. Yusuf Cachalia, a member of the South African Indian Congress, said that what was taking place in Queenstown was the most important thing in South Africa today. The Indians had a common cause with the African people in the Union.

Mr. Patrick Duncan, who is to stand for the Senate as a Native representative, said that everyone who made South Africa his home was an African. He hoped that he would be in the fight for justice to the end.

PROF. C. M. DOKE CONDEMNS APARTHEID

IN an interview with the Johannesburg correspondent of the "Natal Mercury" on the eve of his retirement as head of the Department of Bantu Studies at the University of the Witwatersrand, Professor C. M. Doke is reported to have said:

"Apartheid in South Africa is selfish, one-sided and unilaterally applied.

"I have had contacts in many Bantu tribes with men whose intellectual ability and potential is absolutely unknown to the average European in South Africa.

"When the average European thinks of Natives he thinks mainly in terms of 'Jim Fikh.' But there is a vastly different potential among these people. The personality for culture is there, and should be seriously considered by the makers of Government policy."

Professor Doke added that he considered apartheid to be dangerous because it might so easily precipitate a clash between the races.

Asked what he considered to be the highlights of his career, he replied: "I feel most gratified about having some distinguished Natives, including Dr. Vilakazi,

the Zulu poet and prose writer, who published five books.

"I have three Native assistants in the Department here—each of whom holds the M.A. degree taken in studies at this University. All have published books, and one—Mr. C. L. S. Nyembesi—has published what is probably the most outstanding novel ever produced in Zulu. Next year he becomes Professor of Bantu Languages at Fort Hare."

Professor Doke came to the University of the Witwatersrand in 1923 and virtually founded the Department of Bantu Studies. From his Department has grown the Department of Phonetics and Logopedics, with its important speech-correction clinic.

He is the author of nearly 100 publications, has made numerous expeditions as part of his researches, and has studied various Bantu languages and their dialects. He retires on December 31.

LIBERAL PERSPECTIVE

THE "EXTREMISTS": LIBERALS AND NATIONALISTS

By C. W. M. GELL

AFTER 'Die Transvaler's' first brief dismissal of the Liberal Party as some new species of pigs in disguise—a curious accusation from unrepentant apostles of Africanism pogroms—the Nationalist press has adopted a more thoughtful attitude towards the new party. This was particularly evident in 'Die Vaderland's' editorial of August 25 in which the Liberal's superiority was commended but their weakness deplored. 'The historical fact that a living together of races of dissimilar levels of civilisation and difference in outlook and background must result sooner or later in racial tension or disturbance is simply stated and is a false hypothesis.' And the paper proceeded to draw the Liberal's attention to 'what happened in India and Palestine before the apartheid solution was applied'. It further recalled that Europe consisted of about 25 empires each with its own civilisation, own race, language and culture. Now the Liberal Party must be quite no more than a belief that Europeans had done better than people of all breeds thrown together in a 'melting pot'.

But this is only the question of what is. The Nationalists have been one of the most fearful of the world's 'the historical fact' cannot fairly be used as a hypothesis about the future at all. In essence that could be said is that a 'living together' of dissimilar peoples has always in the past produced disturbance. Even if that were true, it still does not preclude the possibility of a peaceful 'living together' in the future. But it is not in fact, true. South Africa is the most obvious contemporary example, where, though cultural levels are similar and race and background very great, and language and culture content. Conversely Dixit, where solution is desired only by those who know nothing about it. And what do we say about that polyglot agglomeration of races and cultures that comprise the 'European' majority of the population of the U.S.A.? Going further back, we can notice the racial and cultural diversity of the Roman Empire which lasted as long as a mortal state has any right to expect. And the peoples now known as British were very far from being homogeneous in race or culture. The unity of Great Britain was not a natural and inevitable growth from within, but the artificial imposition of a united government. The Irish

were a territorially homogeneous exception to this process.

And this brings us to 'Die Vaderland's' list of historical examples. If there is any force in these precedents, 'Die Vaderland' is arguing in favour of complete territorial separation or total apartheid—as between Britain and Ireland. For that was 'the apartheid solution' applied in India, Palestine and for the most part in Europe, where countries are based primarily on ethnic, linguistic or cultural territorial communities.

In South Africa, however, we are far better or far worse already 'thrown into the same pot' and there is no clear territorial basis for partition. We live and work inextricably intermingled. The sort of popular apartheid practised by the Nationalists—a continued 'working together' but an enforced 'living apart' in slightly separated residential districts within each municipal area—is not 'the apartheid solution' used in India, Palestine or Europe. Nor would the parallel be justified, even if all non-Europeans lived in the Reserves with their male population working among us as migrant 'winners.' Large numbers of Irish, singly and in families, live and work in Britain where they acquire citizenship rights after six months. Do the Nationalists contemplate that? Do they even contemplate genuine territorial autonomy or sovereignty for the Bantu 'national homes'?

'Die Volksblad' on July 14 cautiously agreed with Alan Paton that the only honest choice for South Africa was between the Liberal's common citizenship and total apartheid. 'Many Nationalists would like the latter, although we cannot yet see the end-point of that ideal today. Possibly European and non-European can never be completely separated.' The Liberals, however, say this will not do. For both moral and expedient reasons there must be complete honesty about the end to be attained eventually. Nationalists allow that the Liberal ideal is sincere and honest; they only deny that White men will ever accept it. As 'Dix Oosterlig' wrote on August 25: 'Whatever differences there are among Europeans about colour policy, they stand united enough about what they will not have, i.e. the sort of nation the Liberals hold in prospect.'

Liberals on the other hand agree that in certain circumstances total apartheid would be a moral

and practical solution. But they see no likelihood of Europeans ever surrendering their non-White labour or making over a share of territory (say, the Transvaal and Natal) commensurate with African numbers and their contribution in terms of labour to the Union we have built together. Even SABRA, which considers these matters on a moral plane, has got so far from offering the Reserves and the Protectorates which, even if they were ours to offer, are already overcrowded in terms of carrying capacity.

But these are our alternative goals—to share our citizenship and opportunities, abandoning our fears and prejudices (which may yet turn out to be phantoms of imagination or distorted thought) in the hope (we can say no more) of developing a multi-racial South African patriotism with a common western culture gradually evolved, or to share our land in fair portions so as to obtain White and non-White consent for the new frontiers, the vast exchange of populations and the far lower living standards that must result from unscrambling our 'mixed pot.'

It is no use 'Die Vaderland's' belabouring the Liberals for 'arousing false expectations about political and social rights which the Europeans would never grant.' These ideas and expectations belong to all humanity today and South Africa alone cannot swim against the stream. Non-European demand for these rights long antedates the foundation of the Liberal Party. The D.R.C. and SABRA—besides many prominent Nationalists in unguarded moments—have admitted that

they cannot be for ever denied to the four-fifths majority of our population, even if we Whites choose the morally and materially disastrous course of setting up a siege economy.

And we cannot escape this dilemma by specious arguments about 'separate residential areas' or 'the fullest development within their own (strictly limited) sphere,' nor by bemoaning our misfortune in not being as other nations are, a fairly homogeneous community with a clearly defined territorial unity. We must be men enough to face the reality of our existing situation as a small, privileged aristocracy in a society and a world which will not much longer tolerate our colour-caste rigidity; and then to choose our new goal, honestly weighing all its implications for good or evil.

Liberals believe that they are putting the one alternative forward today more frankly than the Nationalists support the other. And they fear that White South Africa will continue to prearrange with probably fatal results, unless it is squarely confronted with both alternatives, however immediately unpalatable.

For there comes a day when the voices of reason and moral probity can no longer be heard above the clamour of the baser emotions, when differences of opinion and even pace are labelled 'heresy' and 'irreason,' when you have to be unreservedly 'for' or 'against' some ignoble expression of group selfishness. That day is uncomfortably close upon us now. And we have, therefore, to face our destiny and choose our path, before the initiative is wrested from us by events.

THE SAMPATTIDAN YAJNA—ITS IDEOLOGY AND TECHNIQUE

By VINOBA BHAVE

[Vinooba Bhave has been doing wonderful work solving the law problem in India, by non-violence means. His great achievements are the wonder of the world. He is now engaged in getting the wealthy to part with their wealth. Sampattidan means the gift of wealth.]

It should be clearly understood that the Sampattidan Yajna is not intended for collecting or creating a fund. There is not only a difference in its purpose but also in the technique of its collection work. If there were the usual way and idea of a centralized fund, it would not be called Yajna or Bhatra. The Sampattidan movement has been named as Yajna deliberately and with mature thought about it, and the Yajna is a religious duty which applies to all without exception. It has a universal character in that nobody can escape it. It is of the nature of what are called man's pre-harmonious dharma, i.e. man's basic duties, such as truth etc.

It is thus that the Sampattidan Yajna differs vitally from other usual collections. We do not ourselves receive the gift of money or anything else, we only take from the donor the gift-deed, that is, the promise to give. The donor himself undertakes to administer his gift in the service of the poor. He too does not give any money to the poor, for money may be misused. The use of money in Sampattidan will be generally forbidden, except for purposes of a social nature. For example, we may ask for money for purchasing cement for the construction of wells, or for purchasing a pair of bullocks for co-operative use by two or more peasants jointly. One may still entertain the fear that the peasant in question might sell away the bullocks and the money would be lost. But that would be going too far. Such distrust will not help us. We have to act on the faith that our goodwill will produce similar goodwill in others. And this is not a superstitious faith, it is a faith based on long experience of human psychology. As the movement goes ahead, we hope to go to every village and ask every man to give his bit—a sixth, an eighth or a tenth portion of his produce for the common good of society. They will naturally give what they have. The

peasant will give grain while the artisan will give things he manufactures. For example, the carpenter will contribute his labour and make us, say five ploughs. All these contributions will go to the entire village, to build the people's store of wealth. We will do the same in the cities. We will ask the rich to shed off the sense of ownership and share their wealth with the needy. We will make them realise that their interests and those of the society are and should be identical.

After all, there is no reason for any clash of interests between the employers and the employees. Can we conceive of an All India Sons' Organisation and an All India Parents' Organisation each seeking to safeguard its interests against the other? It is really amazing that today we find teachers and students organising themselves into separate bodies in the belief that their interests are different and even contradictory to each other. This is an indication of a perverted mentality—of the increase of democratic psychology fast overtaking the mind of modern society. We have to fight this evil tendency and bring in genuine co-operation where there is conflict. We want rich to see and appreciate that those who do physical labour are also entitled to a due share in the wealth produced.

Why should not there be the same partnership between the owners of an industry and its workers as there is between different owners? Of course, I am speaking of real partnership—that of the equalist. I will tell the city-dwellers: You have received amply from the villagers; it is now time that you give a share to them in your wealth. And it will not do to give what you can once only and regard yourselves as free from any further obligation in this regard. It will not do for a man to want to free himself from a religious obligation. He must want to get rid of an evil habit, but not of meritorious one. I therefore ask the Sampattidan donors if it is a sin that they should want to be released from its obligation after they have done their bit once. They have to accept it as a religious duty to be done continuously all their life.

It is said this is difficult to do. I say it is not. A friend

expressed his readiness to contribute twenty-five rupees every month for the whole of his life. I explained to him that this is more difficult. He might become poor and then he would be compelled to break his promise. On the other hand if, instead of a fixed sum of money, he decided to contribute a fixed portion of his income, he would be able to keep his promise more easily. In that case if he gets only half a loaf of bread, he may yet part with a sixth of it in favour of the poor. This is why I insist not on a fixed sum of money but on a portion of the income or procedure. Viewed thus, the Sampattidan should not appear burdensome to anybody. A man does not feel the burden of his body, nor should he feel that of duty enjoined by true religion. Far from being burdensome, the acceptance of religious truth is a source of inspiration, it adds to our feeling of life.

There is one thing which we will demonstrate through Sampattidan: that non-possession is a force for social good. We have long known that non-possession brings about individual purification. We have now to realise that it can also serve as a powerful means of social wellbeing. We have to prove that it is not only spiritually efficacious but it can help us in constructing a better and a richer worldly life. The Gandhi Memorial Fund collected ten crore rupees. But not even hundred crores will suffice for all we want to do. The need of the hour is to mobilise all our wealth in every form and press it into the service of the society. The Sampattidan way will turn every house into a bank on which the society can draw freely for all its wants. And because what is offered will be used locally, it will make a very easily workable plan. It will directly lead to the building up of the collective strength of the people. It will unite them with one another and release tremendous energy for constructive effort. We know that practice of equality and renunciation are good, but we have to look at them afresh and see them as forces for promoting social welfare. The little that we have done is enough to show its vast potentiality in this direction. Even at the rate of hundred rupees for an acre, on an average, the land we have received so far would amount to twenty crore rupees. Had I set to the collection of money, instead of land I would have had to face numerous difficulties,—all leading to many undesirable things tarnishing the purity of the work

Referring to the Sampattidan Yajna, a newspaper man recently said of me that Vinoba wanted neither land nor money; he only wanted some bits of paper, the gift-deeds. Just as one propitiates a deity with flowers, even thus one can please Vinoba by putting a paper-garland round his neck. It is like 'Repeat the Lord's name, one does not need to spend anything in it,'—as the Hindi adage has it. The comment was meant as a taunt, but it is substantially true. We do honour the word of the donor more than his money. For the time being, there is the safeguard provided in the Sampattidan pledge that I will instruct regarding the use of his gift. But this will not be possible when the movement gets in swing and we begin to receive not hundreds but thousands of such offers. Then we will have to proceed on absolute trust in the sincerity of the donors.

So we have now reached a stage when we have to set to the problem of the distribution of wealth. The Government cannot do much in this task. The Government is after all only a bucket, while the people are like a well. If there is no water in the well, how can there be any in the bucket? We will therefore go to the source of the water—the people. What the Government cannot do, the people can. We have discussed the idea of Sampattidan long enough, I now want that in the coming two or three months a beginning should be made to put it into practice.

AFRICAN VIEWPOINT

CHRISTIAN FRONT AGAINST APARTHEID

By JORDAN K. NGUSANE

IN my last article I pointed out that the oppressed African and the white Christian face a common challenge from the apartheidists. The African is being robbed of the right to learn those things which, we believe, will enable him to live in the closest possible accord with what we believe to be the Divine Will. The white missionary is slowly being denied the right to teach those things he sincerely believes to be true. Our reply to this should be a common front against the common danger.

Most people tend to jump to the conclusion that a common front necessarily means political action. And it is true that there is infinite scope for political action against apartheid. But against I dare not challenge these things we regard as politically perfect only. It threatens things of the spirit as well. When a tyrant in Pretoria sits down and prescribes what form of education the African child must have to make him subservient to the interests of the whites, that he does is to set a canon, a law which the human person, in the African might we say, that the human personality, that all standards for are essentially the human link between man and his Creator. Our job on earth is to labour to make that link more perfect; more fraternal of goods. We need to be free to do this. Apartheid says we have no right to be free. It straightaway proceeds to work up a complicated system by which to keep us in bondage. In doing that it sets in prevent the human personality in us and consequently defeat its purpose. From this it is clear that true Christianity and apartheid are poles apart. It becomes a Christian's first duty in his fight to resist apartheid. Political resistance would be of very limited effect in the spiritual field. But spiritual resistance is quite a different proposition. What do we mean by spiritual resistance? The wilful refusal to make of the African a human being, to regard imperfectly the creation of an atmosphere in the African camp generated by the will to corrupt the African as an evil.

I am grateful for beginnings already made in this direction, but a number of badly placed Acts are not only not helping the progress of having white congresses. The Chris-

tian recently appointed as African to preside over the divorce of Isidore in Beaufort. These are beginnings in the right direction; but they are only beginnings and nothing more. And they are not too wonderful beginnings either. So we must not make much of them.

What we need in the Christian camp is a positive and determined campaign to break down racism on the widest field possible. Very many white Christian leaders run away from facing this challenge by saying that the white Christian is not ready for this. I do not accept this. How can any serious Christian come to me and tell me that I must tolerate this? The white Christian who advocates discrimination based on race is in error and that error is of a sinful type. Why should I allow him to perpetuate his error and thwart the growth of innocent African human beings?

We need to be quite aggressive in our advocacy of this positive campaign of spiritual resistance. That aggressiveness must start where the white Christian and missionary have the greatest say—in missionary colleges. The tradition is still very strong in these colleges which holds the white man as the African's superior. For example I do not know of any college headed by whites where the African and the European teachers have tea together and dine together. If there is one I am anxious to know of it. It will be agreed that very many white teachers would not like social intercourse with the Africans. Alright. If they will not stand being placed on a footing of equality with the African, let them clear out of African schools. They have no business to teach our children when they regard us as their inferiors.

Now, I am not blind to certain very practical difficulties. The better-paid whiteman demands a more expensive cuisine and comfort which the African cannot afford as a rule. But this does not mean that the African who can afford them should be deterred from dining at the white table. Nor do I lose sight of the inferiority complex ingrained in very many situated Africans. Very many of them would find it embarrassing to dine with their white fellow Christians. But by allowing this complex to remain as it is and not attacking it in a positive way, we assist in

the process of dwarfing the personality of the African. The fully developed African who feels comfortable at table with the whitemen must be given scope to all by their side if he likes. My point is: a positive move must be made to provide facility.

I know very many African teachers might oppose this. Very many of them have been brought up in the tradition of regarding themselves as the whitemen's inferiors. But if it is sinful for the whiteman to impose his so-called superiority on the African, it is equally sinful for the African to accept inferiority. In any case the African will, in the course of time, realise what his own true position in life is. If he is still partially ignorant or timid, let us white Christians exploit that.

A positive beginning could be made over the question of African and European teachers having tea together not occasionally, but as a matter of policy. We could leave the question of dining for another occasion.

We next come to the relations between the white staff and the African students. I want to deal with these from two angles: the tutorial and the administrative. Up to not very long ago I was myself a student. I left college only sixteen years ago and in that period I have not become aware of a very violent change in the relations between white teachers and African students. What happened then continues in very many ways. The overwhelming majority of men and women who taught in African schools showed a love for the human beings entrusted to their care which transcended all barriers of race. They behaved to us as they would have behaved to white students. I believe the majority of white teachers in African schools still belong to this class. That is the type of teacher I want for my child.

A small minority came along with airs of superiority and constantly reminded us that they were making great sacrifices in teaching us. These people are a curse in our colleges. They have played an evil part in working up student tensions in recent years. They are largely to blame for the riots, violence and arson which are so marked a feature of our college life.

You see, everywhere the African is revolting against the concept of regarding him as the whiteman's inferior. Take any aspect of African life; the theme of revolt is there—with varying degrees of emphasis depending on prevailing circumstances. In the gold mines, where you have

the most backward African, we have had the great strike. The urban working class sent about 8,000 resistors to jail. Students throughout the world are always at the vanguard of revolutionary movements and it never surprises me that there should be so much trouble in our colleges; it never surprises me to see so many explosives because so much inflammable material is being allowed to accumulate by the white authorities. I am against violence. But that is not enough. To eradicate it we must get down to its root cause. In our colleges the cause is the revolt against domination. When the African student comes up against things which smack of white domination he revolts. He sees them in the relations between African and white teachers and in the relations between himself and those of his teachers who are colonial-minded. He sees them also in the way his college is being administered. There, as a rule, positions of responsibility are generally the exclusive preserve of the whiteman. Policy is orientated in the direction largely of selling the convenience of the white staff. The African student remembers that the college is said to be his; not for white students. He sees himself treated as a beggar in his house. The result is: he revolts.

This, however, helps only the apartheidists. So it becomes the job of the white Christian in our schools as well as ours to sit down together and run our colleges along lines which will not maintain racial division. I propose here that we should have Africans in large numbers on the governing councils of these colleges. In this behalf, the principle of white domination is still unconsciously maintained. You find them loaded with whiteman while African representation is only of token dimensions. Here again, there are practical difficulties. The Africans are a poor community and do not have the money to pour into these institutions. The whiteman has the money and he dominates. For a long time we shall need white money, but it is time people realised that a blaggard African in the administration of our schools is a positive investment in goodwill. You do not need to reduce white representation; increase African numbers on the governing boards.

The overall strategy must be to bring up a generation of Africans oriented in the tradition of equal partnership with the whiteman; African men and women who will be prompt to a better farmer for themselves in sharing a common front of all

free Christians; a force so powerful, even the Verwoerds will pander before it. We must have the courage to give a positive, practical form to the ideal of human brotherhood in Africa. If we cannot do that, well we have no right to oppose the evil things advocated by apartheid. If our faith in the things we believe to be true is so shaky that we hesitate, we have no right to point condemnatory fingers at the apartheidists.

I must not be misunderstood. I do not agree with those who say white teachers should clear out of African schools. I want

white teachers in African schools; not as a temporary measure. I want them because as human beings they have the right to serve where they feel they are best qualified. I equally welcome Indian or Coloured teachers in African schools, because my ideal is an integrated multi-racial community bound together by common loyalties. But I have no time for the advocate of white supremacy in our schools; nor for anything which smacks of white domination. Because white domination is the thing that makes us quarrel, it makes us enemies.

U.N. COMMISSION TO CONTINUE

ON Saturday, December 5 the U.N. Special Political Committee adopted a resolution recommending the continuation of the life of the commission of inquiry into the racial situation of South Africa and inviting the Union Government to "extend its full co-operation to the commission."

Should members of the commission wish to view the consequences of the apartheid laws in the Union by "looking over the fence" from the British, French or Belgian territories in the north, they are likely to find that their way will also be barred.

Britain, France and Belgium, like South Africa, told the United Nations that the establishment of the commission was illegal on the grounds that the Charter expressly excluded the world organisation from interfering in the domestic affairs of member states.

Under the terms of the resolution, the commission is asked to examine the situation in South Africa, particularly in relation to Article 14 of the Charter.

This article says that the Assembly "may recommend measures for the peaceful adjustment of any situation, regardless of origin, which seems likely to impair the general welfare or

friendly relations among nations."

The object of the inclusion of this proposal in the resolution, Sapa's correspondent learns, was to enable the commission to go to countries where they consider that the racial conditions in South Africa are harming relations between those states and South Africa and to report on such a situation.

Attention was drawn to the danger of such a proposal by Mr. G. P. Jooste, the leader of the South African delegation.

The concern and doubt felt about the extension of the work of the commission to cover the field envisaged by Article 14 of the Charter were reflected in the result of the separate vote taken on that part of the resolution.

This showed that 29 states favoured such a course, 14 were against and 13 abstained. Countries like Brazil, Cuba, Ecuador, El Salvador, Honduras, Costa Rica and Iceland, who voted for the continuation of the commission, were among the abstentions.

Israel, a state which voted for the commission, joined Australia, Belgium, Canada, China, Colombia, Denmark, France, Greece, Holland, New Zealand, Sweden and Britain in opposing the clause.—Sapa.

ખરો ઉપદેશ

મેં અનેકના ઉપદેશ લીધા છે. અનેકની સલાહ સાંભળી છે. પરંતુ મારા આ સદેહ વાળા જેટલો પ્રભાવશાળી ઉપદેશ મેં બીજા કોઇનો નથી સાંભળ્યો, કે નથી મારા અંતરાત્માના અમાજ જેટલી અસરકારક કોઇની સલાહ સાંભળી. મેં સરસમાં સરસ ભોજન લીધાં છે, ઉત્તમમાં ઉત્તમ મધ પીધાં છે. એક કુલરીકાનો કેમ ખાધોયો છે, પરંતુ વૃંદાવતીના જેવો આત્મિક મને કયામાં જણાયો નથી. મેં કઠવામાં કઠવાં ખાન પાન કરેલાં છે, પરંતુ ગદીબી જેટલી કઠવાશ કયામાં નથી જણાઇ. મેં લોહા સાથે કામ પડ્યું છે, અને જાદે બેજ ઉઠાવ્યા છે. પણ દેવાં જેટલો બોળ બીજા કયાનો અને નથી જણાયો. સમૃદ્ધિના સમજા પ્રકારે પાછળ હું મર્યો છું પણ સતોષ જેટલી મહાન સમૃદ્ધિ બીજા કોઈ નથી જણાઇ. આ છે વૃંદાવતીનો ખરો ઉપદેશ."

સા રજાહી દ્રષ્ટિ યાજવાનો અને કેળવવાનો વિચાર મલો મહત્વનો છે. જાગૃતપણથી એ દેવ પાકવામાં આવે તો કેટલું સાફ થાય! આ વિષય ધ્યાનમાં લેવો છે, આ દ્રષ્ટિ સ્વીકારવા જેવી, કેળવવા લાયક છે. ધણુ દોષોને એમ લાગે છે કે અધ્યાત્મવિદ્યાનો શુભનના વહેવાર સાથે કરો સંબંધ હોય તોયે હોવો ન જોઇએ. દેહથી આત્મને અળગો પાડવાની કેળવણીની જાળપણથી યોજના કરવામાં આવે તો બહુ આત્મદની વાત થાય. એ કેળવણીના ક્ષેત્રની આબત છે. અત્યારે કૃશિકણથી એટલે કે ખેડી, અવળી કેળવણીથી બહુ ખોટા સંસ્કાર પડ્યા કરે છે. "કેવળ દેહરૂપ હું છું" એ વાત અથવા સંસ્કારમાંથી આ કેળવણી આપણને બહાર લાવતી નથી. દેહને જ બધાંયે લાડ લડાવવામાં આવે છે, આટલા આટલાં લાડ લડાવવા છતાં તે દેહને જે સ્વરૂપ મળ્યું. જોઇએ, જે સ્વરૂપ અપાવું જોઇએ તે કયાંયે લેવાનું નથી મળતું તે નથી જ મળતું. આ દેહની આજે આવી દૃઢ પુનઃચાલી રહેતી છે, આત્માની મીઠાશ તરફ ધ્યાન જરાયે નથી. કેળવણીને લીધે એટલે કે આજની કેળવણીની અવળી રીતને લીધે આવી આ સ્થિતિ થયેલી છે. દેહની દેરીએ. દલી કરવાનો અભ્યાસ રાત ને દડાડો કરાવવામાં આવે છે.

એક નાનપણથી આ દેહ દેવની પૂજા અર્ચા કરવાની કેળવણી આપવાનું શરૂ થાય છે. પગને રહેજ કયાક ઠેકર વાગે તો પૂજા ભજરાવવાથી કામ સરે છે, છેકરએને તો એટલાથી જ ચાલે છે. અથવા તેમને તે પૂજા ભજરાવવાની ચે જરૂર લાગતી નથી. જરા છાલય તો તેની તે ક્રિકર કરતાં નથી, અરે, તેની તેમને ખબર સરખી રહેતી નથી. પણ છોકરાના જે વાત્રી હોય છે, પાલક હોય છે તેમને એટલાથી ચાલતું નથી, વાલી છોકરાને પાસે લેશે ને કહેશે, "બાપ કેમ છે? કેટલું વાગ્યું? અરે, બહુ વાગ્યું લાગે છે!" આવી શરૂઆત કરીને તે છોકરે. રડતો નહિ હોય તોયે તેને રડાવશે, ન રડનારા છોકરાને રડાવનારા આ જે લક્ષણ છે તેને મારે શું કહેવું? કુદડા મારીશ નહિ, રમવા જઈશ નહિ, તને વાગશે, ઠેલાશે, એવું એક બાળનું, કંઈક દેહ તરફ જોવાનું, માત્ર તેને સંબાળવાનું, એકલો તેનો વિચાર કરવાનું શિક્ષણ આપવામાં આવે છે. છોકરાંની કદર કરવાની હોય તો તે પણ તેના દેહની જાણુ પુરતી જ થાય છે. તેની નિંદા કરવાની હોય તો પણ તેજ દેહની જાણુની જ. "કેમ અથવા લીંટીઆ!" એવું કહીને તેને વડે છે એથી તે બાળકને કેટલો બધો આઘાત થાય છે! તેના પર એથી દેવડો મોટો ખોટો નાહકનો આરોપ મુકવામાં આવે છે! તેના નાકમાં લીંટ હોય છે એ વાત સાચી. અને તે કાઢવું જોઈએ અથવા તેની પાસે કઠાવવું જોઈએ એ વાત પણ સાચી, પણ તે સહેજે ન કાઢતાં કે સાફ કરતાં તેને બદલે એ બાળકને આઘાત આપવાનો કેવો ભૂટો પ્રયોગ કરવામાં આવે છે! તે બિચારાથી તે સહન થઈ શકતો નથી. તેને ખેડ થાય છે. તે બાળકના અંત રંગમાં, તેના આત્મામાં સ્વચ્છતા, નિર્મળતા ભરેલી હોવા છતાં તે બિચારા પર આ કેટલો બધો ખોટો, નાહકનો આરોપ! ખરે જોતા તે છેકરે. લીંટીયો. નથી, અત્યંત મુદર, મધુર, પવિત્ર, પ્રિય એવો જે પરમાત્મા છે તેજ તે છે. તેનો અંશ તેનામાં છે. પણ તેને કહે છે, "લીંટીયો!" એ લીંટીની સાથે તેનો એવો શો સંબંધ છે? તે છોકરાને તે સમજતું ચે નથી. તેની તેને ખબર સરખી નથી. આવી તેની સ્થિતિ હોવાથી આ આઘાત તેનાથી સહેવાતો નથી. તેના ચિત્તમાં શ્રેણ પેદા થાય છે. અને શ્રેણ પેદા થયો એટલે સુધારાની વાત ભૂલી જવી. તેને ઘરાણર સમજ પાડી સ્વચ્છ કરવો જોઈએ.

પણ આથી ઉલટી કરણી કરીને આપણે તે બાળકના મન પર હું કેવળ દેહ છે એવી ખોટી વાત કલાવીએ છીએ, શિક્ષણ શાસ્ત્રમાં આને મહત્વનો સિદ્ધાંત ગણવો જોઈએ. હું જેને શીખવું છું તે સર્વોગ મુદર છે એવી સ્તીજનનારની એટલે કે મુકની બાબતો હોવી જોઈએ.

ક્રીસ્ટમસ

આ વર્ષનો ક્રીસ્ટમસનો તહેવાર આગલાં વર્ષોના કરતાં જુદો છે. ભૂતકાળના જેવી માણસનામાં મનની અને હૃદયની સાદાઈ રહી નથી. આપણે જીવન ઘડવું શુભવણ મરેણું બની ગયું છે. આપણા પોતાના જ વાંકે અને વૈજ્ઞાનિક શોધોએ આપણને વધારે સુખી થયાં છે કે વધારે દુઃખી તેના આપણે હજી ચોક્કસ નિર્ણય નથી કરી શક્યા. એ કે એટલું તો નિહાળીએ જીએ છીએ કે વિજ્ઞાને જલે જે કંઈ પણ કરેલું હોય પરંતુ આપણે તેનાથી વધારે સુખી નથી. તેનું કારણ એ છે કે વિજ્ઞાન શાસ્ત્રીઓએ સઘળી વસ્તુઓની શોધ કરેલી છે પરંતુ જે વસ્તુ આપણી અંદર રહેલી છે એ આપણા આત્માની શોધ કરી શક્યા. બાઈબલમાં કહ્યું છે કે “જેણે જાણે સારી દુનીયા છોટેલી હોય પરંતુ પોતાનો આત્મા જ શુભાવેલો છે તેણે શું જીવવું છે?” આને આપણે આપણી સઘળી શક્તિઓનો ઉપયોગ દુનીયાને છોટવામાં કરી રહ્યા છીએ પરંતુ તેમ કરવામાં આપણે આત્મા, જે એક જ અંતર સુખ અને આનંદ આપનારો છે, તેને ગુમાવી રહ્યા છીએ, એ સમજી શકતા નથી. આપણું ધ્યાન આપણે જ્યાં સુધી આપણા આત્માની શોધ કરવામાં પડેલી નહિ અને આપણી સઘળી શક્તિઓ તેની શોધમાં ખર્ચાઈ જાય નહિ અને હિમાલય પર્વત ઉપર ચઢીને, સુર્ય, ચાંદ અને તારાઓમાં શું રહ્યું છે એ જોવાની લાલસામાં તેને ફાંદલાવે અચ્ચત કરીશું અને એ રીતે સર્વશક્તિમાન પરમેશ્વર આપણા સુખ સમજાડે ને માટે જે કંઈ પુકે પાડેલું છે તેને માટે તે પરમ કૃપાળુનો આભાર માનવાને બદલે અને તેમાંથી ખાટ શીખવાને બદલે તેના પણ ખાનગી વ્યવહાર (private affairs) માં માથું મારવાની

પ્રવૃત્તિ કરીશું તો જવશ્ય માણસ બનવું આવી બન્યું છે.

આને આખી દુનીયા એક જવાબાસુખી પર એટલી જણાય છે અને તે કંઈ થકીએ ફાટી નીકળશે એ ખબર પડતી નથી. આપણને જોવાને આંખો - હોય તો તેના ચિન્હો અનેક રીતે તારકશ્ય નજરે પડી રહ્યાં છે, પરંતુ આપણાં સ્થળ નેત્રો તેમજ માનસિક નેત્રો સુવણ અને જગત્કર, ખોટી વસ્તુઓની એટલાં અભાષ ગયાં છે કે ખરી વસ્તુને આપણે જોઈ શકતા નથી. ઇશ્વર આપણને હિમાલય પર્વતપર ચઢવાનું નથી કહેતો. તે આપણને તેના જેવા સ્થિર થઈને રહેવાનું અને તે જે ફળો આપે તે જોગવવા કહે છે. વરસાદ ન પડે તો આપણે વાદળને ચીરી ને તે કેમ પડતો નથી એ જોઈ શકતા નથી; સુર્યનો તાપ ઘણો જ સખત લાગે તો સુર્યને ફાટી ને તેનું કારણ જાણી શકતા નથી; હવા બંધ થઈ જાય અને આપણે જાસ નહિ લઈ શકીએ તો પરમ કૃપાળુ પરમેશ્વરને કયા મોટે પ્રાર્થના કરવા સિવાય આપણાં થી બીજું શું કરી શકીએ? અતે તો એ એક જ શક્તિના ઉપર આપણે સઘળો આભાર રહેલો છે. અને તેમ છતાં ઇશ્વરે આપેલા આદેશોનું પાલન કરવાને બદલે તેના વ્યવહારમાં માથું મારવાની પ્રવૃત્તિ કરવાની આપણે હંક લઈએ છીએ. - એ આ દેશો શું છે?

જેવું બીજાઓ પાસેથી તમારા પ્રત્યે વર્તન બદલે તેવું બીજાઓ પ્રત્યે તમારું વર્તન રાખો;”

તમારી જાત પ્રત્યે પ્રેમ રાખો તેટલો જ પ્રેમ તમારા પડોશી પ્રત્યે રાખો.

કુરાહને બદલે મહાત્મી વાળો. આ ઇશ્વરના આદેશો છે. તેમાંથી કેટલાનું પાલન કરવાનો આપણે રહેજ પશુ પ્રયત્ન કરીએ છીએ એ આપણી જાતને પુછીએ.

અને પછી બીચારીએ કે જે આશિર્વાદની આપણે તેની પાસે માગ્યા કરીએ છીએ તેને શું આપણે લાયક છીએ ખરા?

ઇશ્વરે આપણને આપેલી બધી સોના આપણી ખુખાઈમાં આપણે દુરુપયોગ કરીએ છીએ. ઇશ્વરે આપણને એટલું વિશાળ માનવ બળ આપેલું છે તેનો યોગ્ય રીતે ઉપયોગ કરવાને બદલે આપણે શું કરી રહ્યા છીએ? સત્તા અને લોભથી અંધ બની તેનો નાશ કરવા અધી રહ્યા છીએ. જે માતીએ આપણે જઈ રહ્યા છીએ એ જોતાં એવું લાગે છે કે અતે એક જ માનવી રહી જશે અને છેવટે તે પણ બીજાઓના જેવાજ તારોનો

બનેલો હશે અને તેનું બાણ સ્વરૂપ મોઝ, ‘કાથુ’ કે વુકે હોય તેની કશી જ કીમત નહોતી એ વસ્તુનું જ્ઞાન થતાં પહેલાં નાશ પામશે.

ક્રીસ્ટમસના આ મહાન તહેવાર વખતે અમારા મનમાં આ વિચારો આવી રહ્યા છે અને ઇશ્વર પાસે નમ્ર પ્રાર્થના કરીએ છીએ કે તે આપણા પર કયા કરે અને આપણા અગાધો માટે આપણને ક્ષમા કરે જેવી તેણે આપેલી બધીસોને આપણે લાયક બનીએ અને તેનો ખર્ચો આનંદ લોભથીએ, આ પ્રાર્થના સાથે અમારા સઘળા વાચકોને આ મહાન ઉત્સવની સુભારદી ઇચ્છીએ છીએ.

વિવિધ ખબરો

દસેરા તહેવાર પર માધસેરામાં હુલ્લહ

હા દેશ “વડજના રીધવસ એક સોળાપલ ડીરેબીલીસ એક્ટ” અમલમાં હોવા છતાં દરીબોની રથીતોમાં કાંઈ સુધારો થયો નથી. ૯૨ વખતની જેમ દસેરાના તહેવાર વખતે માધસેરાના પેલેસ મેદાનમાં ફરતી રાખવામાં આવી હતી. આ વર્ષે પટેલીન વારે જ્યાંની રચાનીક સર હરે દરીબોને માન નહિ લેવા દેવાનું જણાવ્યું હતું. આમાં જણાવવામાં આવ્યું હતું કે દરીબોના ખર્ચો ફરતી બાળે સાથે બસે નહિ પરંતુ તેમના વર્મા મોઝામાં ફરતી કરશે અને તેમને માટે જુદો રીપસ રાખવામાં આવ્યો હતો. પરંતુ બર્મોજો તો આવી પછુ વિરહ હતા, અને દરીબોનું અપમાન અને કટાક્ષ કરવા લાગ્યા જેમાંથી-દુઃસહ શાદી નીકળ્યું. આમાં નજુ માર્ગો મળ્યા અને ૧૩ ધાપલ થયા.

કામદા હોવા છતાં દરીબોના તરફ નો અરામ વરતાવ હજી ચાલુ છે. ધણા ડેબાવણા હોદીઓ આબાહેલી નીતીયી દેવપર પડતા કચકચી વાંદે છે છતાં ચોક્કસ આને અમલમાં લે છે. કામદા તરીકે તેમના બંદોમાં બે જાતના વાસીકુ વાળનારા હે.પ છે. મરમાં કાઠુવાળનારો અહુત હોતો નથી જ્યારે રસ્તા પરનો કાંક વાળ નોરો અહુત હોય છે.

માંથીએ આ અહુતોનો સવાય દાયમાં લીધો અને તેમને દરીબો તરીકે મળ્યો. તેમણે અને તેમના અહુતોઓએ દરીબોના માટે બહુ ક્યું. શી નેહરને બાદમાંબાદની એક દરીબન જોઈરોને તેમની પુત્રી અને બાજેજ સાથે અહુતવા મદી હતી.

કામદા પરદેશી તો એમજ માને કે હોદીઓ સીવાયના બધાજ અહુત છે. મથે વર્ષે એક પરદેશી મદારાપીઓ ના મંદીરમાં ગયે ત્યારે તેને મંદીર માંથી કાઢી કુકવામાં આવ્યો. આ પરદેશીએ જ્યારે કહ્યું કે કામદા મુળ્ય બેઠાવા માટે નહીં ત્યારે મંદીરના મદારાએ કહ્યું કે “કામદો હોય ના ન હોય, મારા મંદીરમાં દરીબોનો આવી શકે નહીં.”

હી થઈ યજ્ઞવાની નથી. આ દેહથી હું જુદો છું એ વાત મને પાડી સમજાશે ત્યારે જ હું સુધારો કરી શકીશ. દેહમાં અથવા મનમાં રહેલા કોયોનું માન હોય તેમાં કશું જોડું નથી. એથી એ દેહો ફર કરવામાં મદદ થાય છે. પણ હું એટલે દેહ નથી એ વાત સાક સમજાવી જોઈએ. હું તે આ દેહથી તાલ બિન્ન, અત્યંત ધૂંદર, જીનમળ, પવિત્ર, અલ્પજ એટલે કે આખી વગરનો એવો છું. પોતાના દેહ સુધારવાને મટે જે કાંઈ આકમપરિણામ કરે છે તે આત્મ પરિણામ પણ દેહને પોતાનાથી જુદો પાડી નેજ કરે છે. કે જે તેની આખી બતાવે તેના તેને શ્રુસો આવતો નથી. શ્રુસો ન કરતાં આ શરીરથી અથવા આ મનથી મનમાં દેહ છે કે શું એવો વિચાર કરી આખીને તે ફર કરે છે. જે દેહને પોતાની જાતથી જુદો, અલગ માનવે નથી તે હી સુધારો કરી

શકો નથી. આ દેહ, આ લે. જો, આ મારી તેજ હું એવો જોનો ખ્યાલ હશે તે સુધારો કેવી રીતે કરશે? દેહ મને મળેલું એક સાધન છે એવું પાડું. ખ્યાનમાં ઉતરશે ત્યારે જ સુધારો થશે, મારા રેડીયામાં કાંઈ આખી બતાવે તો હું. તેના પર પ્રિયાર્થ ખરો કે? આખી હોય તો તે ફર કરું છું. એવું જ આ દેહનું છે. જેવા જોતીનાં જોનારો દેહ છે તેવો આ દેહ છે એ જોનારમાં જમાડો થાય તો તેને સુધારવું. સમારવું જ, જોઈએ દેહ સાધન રૂપે ખડો છે. આ દેહથી અળગા રહીને દેહમાથી છુટવાની કોથીય મારે કરવી જોઈએ. આ દેહ રૂપી સાધનથી હું નિરાળો છું. હું સ્વામી છું, મલિક છું, આ દેહ પાસે કામ લેનારો, તેની પાસેથી સારા માં સાઈ કામ કરાવનારો છું. જે નાનપણથી દેહથી અળગા થવાની આ રુનિ કળવવી જોઈએ.

રમતથી અળગો રહેનારો જમરય જેમ રમતમાં રહેતો આખી ખુશી બરા

બર જોઈ શકે છે તેજ પ્રમાણે દેહ, મન તે જુદીથી અળગા રહેવાથી અલપણને તે બધામાં રહેલા ગુણદોષ જડશે અને સમજાશે. કે જે માણસ હશે છે, "દમણા મારી વાતકાર જરા બમડી છે. એવો શો મલાજ કરવો?" - માણસ આવું કરે છે ત્યારે એ રમરચકિતથી ન જુદો છે એ વાત સ્પષ્ટ થાય છે. તે કરે છે "મારી રમરચકિત બમડી છે." એટલે કે તેનું કોઈક સાધન. કોઈક કોથીય બમડી હોય છે. કોઈકની ચોપડી ચોવાઈ જાય છે. પણ કોઈ જાને ચોવાઈ જાય એવું બનતું નથી. જેવે મરણથી થકીય પણ તેનો દેહ છે બમડી જાય છે, નકામો થાય જાય છે, રડ પડે છે પણ તે પોને નામતેએ બગડ્યો હોતો નથી; તે અખર્ગ હોય છે, આખી વમરનો હોય છે, નિરાળો હોય છે. આ વાત બરેબર સમજવા જેવી છે અને એ બરાબર સમજાય તો થકી બરી બાજ મડો છે. આવી જાય.

આફ્રિકન નેશનલ કોંગ્રેસ

કવીન્સટાઉનમાં મળેલી એકતાલીસમી બેઠક

આફ્રિકન નેશનલ કોંગ્રેસની ૪૨મી બેઠક મયા વીકએન્ડમાં કવીન્સટાઉનમાં થઈ હતી. વીક એ. જી. લુકુલી, જેમની હીતચાલ પર સપ્રેશન જોઈ કે જુનિયન એક્ટની રૂએ ન્યાય મંત્રી તરફથી પ્રતિજ્ઞ થકાયો હતો તેમણે એ પ્રતિજ્ઞથી પહેલીજ વાર અવગણના કરી પ્રચુપરમાન લીધું હતું. પ્રચુપરમાનેથી જાણ્યું કરતાં તેમણે કહ્યું કે, મને જોઈને થશે આનંદ થાય છે કે આફ્રિકન નેશનલ કોંગ્રેસ બહારની દુનીયાનું ખ્યાન આપી રહી છે. એ. જી. કોરેટના વડા પ્રધાન ડો. ન્યૂમા, કમ્યુન્ટના પ્રેસીડન્ટ નજીબ અને હોદ્દા પ્રધાન થી નેદર તરફથી આપણા સલામમાં જે રસ લેવામાં આવી રહી હું તેને હું આવકારું છું. તેમણે કહ્યું કે અમેરીકા આફ્રિકામાં વિમાની મથકો બનાવી રહ્યું છે અને બીટીય સરકાર સેન્ટલ આફ્રિકાને દાઢ જોળાનું સમક રચાન બનાવવા કરી રહ્યું છે તેને હું યજ્ઞવાની નજરે જોઈ છું.

આપણે આ દેશને લકાર્મનું મયક બનાવવા નથી ઇચ્છતા.

ગોરા રાજકીયોએ માને છે કે આપણને છુટથી એકત્ર થવાની તક નહિ આપવાથી તેઓ આપણા કોને મટે લકાર્મ આપણને અટકાવી શકશે. આથી આપણે આ વર્ષીક પરિષદ તેઓને ફરશે નહિ. પરંતુ તેઓ એ બલી જાય છે કે સ્વતંત્રતાની આ ધગથ ધધરે ઉત્પન્ન કરેલી છે. તેના કોપર પ્રતિજ્ઞો થકાયો છતાં આપણે

આપણું કામ ચાલુ રાખી કલ્યાણીએ જોને મટે ખાસ કરી આપણે સા આ પ્રિન્સિપલ કોરગનાઈએસનના આજ રી છીએ.

પ્રેસિડન્ટ એથુસ

આફ્રિકન નેશનલ કોંગ્રેસના ઉપ-પ્રચુપ પ્રેસિડન્ટ એ. કે. મેથુસે કહ્યું કે આફ્રિકાને આજાદ થવાથી દક્ષિણ આફ્રિકાની બીજ કોઈ પણ પ્રાંતને

યુનીયનની યુસાફરીએ નીકળેલા અમારો પ્રતિનિધિ

અમારા પ્રતિનિધિ થી. મણીલાસ મધીનાં પુત્ર થી. અથુપાઈ બાંધી જનિઅન કોપિનિઅનના સલાજ-મેા ઉધરાવવા યુનીયનની યુસાફરી એ નીકળ્યા છે. અમે જોઈ રાખીએ છીએ કે તેમને સધળાં સ્થળોમાં જોઈતી સમવડ પુરી પાડવામાં અને તેમના કામમાં સર્વે કાંઈએ આપતા આવેલા છે તેમ સહાયતા આપશે, જે બદલ અમે તેઓના આભારી થઈશું.

ગુકસાન થવાનું નથી. સોજોએ આજાદ થવાનો નિશ્ચ કરેલો છે અને આ પરિષદમાં મારી કાજરીને મટે કે આજાદીની લકાર્મ મટે જરૂરે બેઠ રહેતી કલોવવાની જરૂર નથી.

આફ્રિકા દુનીયાને બીજે કોઈ મેટા ખંડ છે અને તેના વિહાસમાં શોભે આખી યજ્ઞવારા સધળા સોજોને (અનુસંધાન પાનાનું ૧૨૧)

આપણું નહોતું. છતાં હું વાસ્તવ ધોવા માં ખીલવો સાથે જાણી જાણે હતો. ઉપરથી જરા નરમ પડી હતી તેથી દાક્તરને મળવાનો વિચાર મારી વાળ્યો હતો. પરંતુ દાક્તર આવે તે પહેલાં વડા દરોગાએ અને મે.લાન્ડે અને પ્રુડ્યુ "દાક્તરને તારે મળવું છે ને?" એ કહ્યું, "હવે તો મને જરા ટીક છે એટલે મળવા ની જરૂર નથી." છતાં તેણે મારું નામ નોંધી લીધું અને દાક્તર આવ્યો એટલે મને મે.લાન્ડે, ફરી એ કંપારી ઉપજાવનારું કસ્ટ, દાક્તર આવે એજ દિવસે ફટકાની સજા પામેલાઓને ફટકા મારવાનો વિધિ સોંપી પ્રથમ થય. સમજા દરદીઓ ધરપીટાલમાં એકત્રીત થયા અને તે સાથે ફટકાની સજા વાળા ડેહીઓ પણ. પ્રથમ તો મને પુલકા મોઝાનમાં હોયે રાખવામાં આવ્યો હતો. મને થતું હતું કે આ ફટકા મરાતા હું એક કમ' થઈશ. તેટલામાં મને આરામની અંદર ઉભવા નું કહેવામાં આવ્યું. ચાર ડેહીઓને એક પછી એક ફટકા મારવામાં આવ્યા. ખારીમાંથી એ કસ્ટ એક ચકાઈ હતું અને તેઓની ઓસો સંભળાતી હતી. મારા ઘરેરે પરસેવો થઈ ગયો, આખે અંધારો આવવા લાગ્યા, જાણે મે બાળ થઈ જઈશ. એ પતી ગયા પછી દરદીઓને દાક્તર

તપાસવા લાગ્યો. એક આફ્રીકનની છાતીએ જુગળી સુધી અને તેને જમણી આજુએ મે હું ફેરવવા કહ્યું એ તે સમજ્યો નહિ એટલે થડ દબને એક તમાચો મોઢી દોધો. સ્વચ્છ અધિકારીજ આવું કરે પછી કલકા. ફોરમાઓ થું ન કરે? ખધાને પતાવ્યા પછી મારે વારો આવ્યો. મેં કહ્યું, તમે મને કહાવું કામ આપવાનું સુચવ્યું છે પણ મને તો બદાર કામ પર લઈ જવામાં આવે છે. તેમજે કહ્યું, "તેમાં હું કશું કરી શકતો નથી. તમે ટોપી આપવામાં આવે છે કે નહિ?" મેં કહ્યું, "ના ટોપી નથી આપવામાં આવતી." તેમજે કહ્યું, "તમે ટોપી મળવી એકાએક."

પછી મારી જગ્યાએ ચાલ્યો ગયો. એકાએક કલાક પછી ટોર રમ્યો. ફેરી મને એક ગંદી ફેસ્ટ હેટ આપી મેલો અને એ પહેરી રાખવા અને સંભાળવા કહ્યું. મને તો તે બારણ થઈ પડી. વધેથી હું કપાડે માથેજ ફરવાને રવામોલો હતો. અને આવી ગંદી ટોપી તો જન્મદારમાં કદી પહેરી નહોતી. બીજા સાથે તો ટોકામાં હતી નહિ. આ પ્રમાણે શુક્રવારનો પ્ર. બાપુની જન્મતીથીનો દિવસ વેમના અને હથરના સ્મરણમાં વ્યતીત થયો.

સંસ્થાનો માટે રચનાત્મક નીતી

બ્રીટીશ પાર્લામેન્ટમાં ફેનર ઓફિસનું અણવળંગેઝ લાખણ

મે મહિને બ્રીટીશ પાર્લામેન્ટના ઉદ્ઘાટન વખતના રાષ્ટ્રીય એલીજા-મેથનાં આપણુ બાદ પાર્લામેન્ટના જાણીતા સભ્ય મી. ફેનર ઓફિસને બ્રીટીશ સરકારની સરચાનો વિધેની નીતીની ટીકા કરનારું અને તેના વકીલટ ટેવી રીતે થયો એકાએક તેની રચનાત્મક સુચનાઓ આપનારું જાણવા નેજા બાવણુ કહ્યું હતું. એવાં બાવણુને અખબારો એકાએક તેવી પ્રસિદ્ધ આપતાં નથી એ એક કમનસીબી છે. લંડનમાં પ્રસિદ્ધ થતું 'પીસ ન્યૂઝ' ને હુદમાં નહિ ખાનનારા અને ફેર ફેર વચ્ચેના લખકાઓ શાંતીને મારે પતાવવામાં માનનારા પેસીરીસો તરફથી પ્રસિદ્ધ થઈ રહ્યું છે, તેમાં સ્વચિતર આપવામાં આવ્યું છે, જે અગારા ગાયકેના લાભાર્થે અંદર રજૂ કરીએ છીએ.

સિદ્ધાંતો અને તેનું પાલન

રાષ્ટ્રીયના બાવણુમાં સરચાનેને લખતી બાબતેને વિષે એક પારિમાઈ આપવામાં આવેલો છે જેમાં દરોગવા માં આવેલા બહેળા સિદ્ધાંતો અપવાદ નહિ લઈ શકાય તેવા છે. પરંતુ મહેળા સિદ્ધાંતો હયા અર્થના નથી જો તેનું પાલન કરવામાં નહિ આવે.

અને સરકારનું અત્યાર સુધીનું વર્તન, અવિધ્યમાં એ પ્રશંસનીય સિદ્ધાંતોનું પાલન થયે એવું માનવાને હિરોજન આપનારું નથી.

સંસ્થાન મંત્રીની હું સખ્ત ટીકા કરવા માગું છું, પરંતુ તકમાં તેમજે અને સરકારે ચોક્કસ ફેરટ સ્વરાજ્યની દિશાએ પ્રગતી કરે એવા તેના બંધારણમાં સુધારા કરવાનું ને સુચન કહ્યું છે તેને મારે તેઓ જન્મેને આબનંદન આપવા પ્રયત્ન છું.

સરચાન મંત્રીને પહેલો પ્રશ્ન હું એ પ્રુજવા માગું છું કે :

ગોલ્ડ ફેરટના બંધારણમાં કુધારો કરનારો કાપડો આ સભામાં કયારે આજુવામાં આવનાર છે ?

ખંદર દિવસપર સંસ્થાન મંત્રીએ મને જવાબ આપતાં જાણ્યું હતું કે સિદ્ધાંતમાં એ બાબતમાં સમજૂતી થઈ ચુકેલી છે. હું જોઈને થજેજ નિરાશ થયો છું કે રાષ્ટ્રીય બાવણુમાં ગોલ્ડ ફેરટના બંધારણમાં સુધારો કરનારો કાપડો દાખલ કરવાનો પ્રારંભ દરોગનાઈ કથળ નથી.

વળી સંસ્થાન મંત્રીના જવાબમાં એક વરણ હતી કે જેથી હું જરા અસ્વસ્થ થયો છું : તે એ કે ગોલ્ડ

ફેરટ સરકાર સાથે તેના વકીલટ કે.સોનીપલ ઓ.રીસથી કેમનવેલ્થ રીલેશન્સ ઓ.રીસમાં ફેરબલ કરવા સંબંધી કરી સમજૂતી નથી થઈ. ગોલ્ડ ફેરટનું બેચ બ્રીટીશ કેમનવેલ્થ માં એક ડોમીનીયન બનવાનું છે એ પગલું લેવાનો હજુ વખત નથી આવ્યો એમ જો કહેવામાં આવે તો હું જાણવા પ્રયત્ન છું કે સુધન' રેડીસીયા માં તેનો દાખલો છે. એ ફેર કેમનવેલ્થ રીલેશન્સના સેક્રેટરી નીચે મુકાયો છે.

ગોલ્ડ ફેરટ કે હિસિયુ આફ્રીકા ?

મારા મનમાંથી એક શંકા હું ફેર કરી શકતો નથી તે એ કે ગોલ્ડ ફેરટ ને સ્વરાજ્ય ભોગવતાં ડોમીનીયનને ફરજીએ આપવામાં કેમનવેલ્થના બીજા એક સભ્ય રાન્ડને વિરોધ નહી રચી છે.

હું માત્ર એટલુંજ કહીશ કે, સવાય એ એ ઉપરિચિત થાય કે ગોલ્ડ ફેરટ ને સ્વરાજ્ય ભોગવતાં ડોમીનીયન તરીકે સ્વિકારવું કે ડો. મલાનની નીતી હેઠળનું હિસિયુ આફ્રીકા સુભાવવું, તો હું આશા રાખું છું કે આ સવાયનો જવાબ આપતાં સરકાર જરાયે અચકાશે નહિ. કારણ એ સવાય માત્ર ગોલ્ડ ફેરટને જ લાગુ પડતો નથી, બ્રીટીશ સામ્રાજ્યમાંની આખી આફ્રીકન વસતીને લાગુ પડે છે. એ વસતી એક સ્વતંત્રતાના વચન તરીકે ગણે છે અને બીજાને આફ્રીકન વસતી ની સુધળી છૂરોને દાખી દેવાનો ગણે છે.

ખીલું વેરેટ આફ્રીકાનો બીજો એક ફેર, નાપછરીયાના સંબંધમાં ફોલોનીપલ ઓ.રીસની નીતીની ફેરબા અપવાદ સાથે હું કદર કરું છું. કમણુ જ લંડનમાં મળેલી કેમનવેલ્થના બે ઉપરિચિત થયો હતો કે એ સંસ્થાનનું સુચન તોડી પાડવામાં આવશે પરંતુ નોર્થન' નાપછરીયા ફેરબાગા જોડવા કથળ થતું છે.

એ બાબતમાં હું એ સુદા જાણવા પ્રયત્ન છું. પહેલો સેજેસના અવિધ્ય નો છે. નાપછરીયાના એ મેટા પસો, એકસન ગ્રુપ અને નાપછરીયાની નેચનલ કાઉન્સીલ અને કેમેરન્સ જે સમજૂતીપર અ.મ.મ. દત્તા, તેઓ વચ્ચે સેજેસના સવાયપર તકરાર ફોર્મ થઈ છે એ ધણીજ એકની ખીતા છે.

હું ઉમેર રાખું છું કે હજુ થયું એ ટહેરના અવિધ્ય વિષે તેઓ સમજૂતી પર આવી જશે, અને હું સુચનું છું કે, એ ટહેરના અવિધ્ય વિષે આખરી નિષ્ણેય થાય તે પહેલાં તેનું વતીઓ નો મત લેવામાં આવશે અને એ રીતે ને કંઈ પણ સમજૂતી થાય તેમાં તેની

વસતીની અંતરી ગેળવવામાં આવશે. બીજો સવાય હું જાણવા પ્રયત્ન છું તે આ છે. નાપછરીયાનાં પસો,માને એક નાનો પસો, જેનું લંડનની કેમનવેલ્થ માં પ્રતિનિધિત્વ હતું, તે નોર્થન નાપછરીયાનું નેચનલ એલીમેન્ટસ પ્રેમરેલીય પ્રતિનિધિત્વ હતો. આફ્રીકન કેમિગેટા પાસેથીજ નહિ પરંતુ ખુદ ફોલોનીપલ ઓ.રીસના પ્રતિનિધિઓ પાસેથી પણ સાબળવામાં આવ્યા પ્રમાણે એ પસના પ્રતિનિધિ ઓ અગીતુ કાનેએ લંડનની કેમનવેલ્થમાં સોંપી વિશેષ મદદ કરી હતી, તેમ છતાં નાપછરીયાના નોર્થન' રીજીપનમાં પાછા ફરતાં તેણે બેયું કે તેના પસપર દાખ મુકાઈ રહ્યો છે અને એ પસના સભ્યોને કેદ કરવામાં આવ્યા છે અને કાનાના બર રસ્તાઓપર ચુડાઓ તરફથી તેઓને માર પડે છે. ફોલોનીપલ ઓ.રીસના પ્રતિનિધિને હું કહેવા પ્રયત્ન છું કે નાપછરીયાની કેમનવેલ્થ ના અવિધ્યનાં એ સ.સ. પરિચાળો આવવાના હેતુ તો એ દેશના લઘુમતી પસો અને ખાસ કરીને નોર્થન' રીજીપનને રાજકીય અને નાગરીકત્વના હોડા આપવામાં આવે તેની કાળજી રાખવામાં આવવી જોઈએ. નોર્થન' નાપછરીયાને સંપુર્ણ સ્વતંત્રતાના પંથે લઈ જવાને મારે મને લાગે છે કે આ વરણ ધણીજ અગત્યની છે.

સેન્ટલ આફ્રીકા

સેન્ટલ આફ્રીકાના સવ.લપર હું વધારે ટીકા કરવા માગું છું. સેન્ટલ આફ્રીકન ફેરબાગ વિશ્વ સભાના આ પસ તરફથી અગ્રીલી ટલીસીનું હું પ્રવર વર્તન કરવા નથી પ્રયત્નો પરંતુ ખાનને રેડીસીયા અને ન્યાસાલેન્ડના વિશાળ પ્રદેશોપર એવી ફેરબાગ પાર્લામેન્ટ ટોફી એસાડવી કે જેમાં રૂઢ મુરોપીયન સભ્યો એ લ.ખથી એ જાનું પ્રતિનિધિત્વ ધરાવતા હોય બપારે કાઠ લાખ લોડા નું પ્રતિનિધિત્વ ધરાવવાને માત્ર છજ આફ્રીકન હોય અને આફ્રીકનોના દિલોનું પ્રતિનિધિત્વ ધરાવવાને તજુ મુરોપીયનો નીમાએલા હે.મ-અને આ લોડોની પ્રજા વિશ્વ લેજીપર લાલવા માં આવે એ મારી દષ્ટિએ સરકારની નરી નેહકગીજ જાણાય

મારી દષ્ટિએ આ અદાળ મોજાને નકાલી રાખવાની એકજ આશા છે અને તે એ કે જન્મે પ્રેરિકટરેટોમાં આફ્રીકન વસતીને હિરોજન અ.મ.મ. પરંતુ આ સભા તરફથી બીજા પાસ થયા બાદ ન્યાસાલેન્ડમાં જે પગલા લેવાયા છે અને હવે નોર્થન' અને સુધન' રેડીસીયામાં લેવાઈ રહ્યાં છે તેનાપરથી સરકાર આ તકનો લાભ લઈ જન્મે પ્રેરિકટરેટોમાં જાતીય સમાનતા રચાવવા અમતી હોય અને સામાજિક અને આર્થિક વકાસ કરવા માવતી હોય એવું જાણ્યું નથી.

દમણમાં બંદનમાં મોઢાં ને રોડેસીયા ની ધારા સમાના બંધારણ સંબંધી ટોન્ડરનું મત્તો હતી. આ બાબત ટોન્ડેનીયલ એડીશનના સીધા અંકુસની છે. સેન્ડ્રલ આદીકામાં તેઓ ભવિષ્ય સમાનના રચાવવાની ગોંઠા ધરાવે છે એવું પુરવાર કરવાની નેઓને તક મળી હતી. તેને બંધે જુની ધારા સમામાં ૨૩ સપ્ટેમ્બરે એ આદીકોના દના અંકે નવી ધારાસભામાં ૨૭ સપ્ટેમ્બરે જ આદીકોના રહેવાના છે. આ યુ મોઢાં રોડેસીયામાં આદીકોના ને સાડ પ્રતિનિધિત્વ આપવાની સરકાર ની દાનત મુદ્દે છે અંદરી.

એપ્રમ ભરેલું મગફળી

વધુમાં એકાંતગુણીય કાઉન્સિલપર એક પછી આદીકન રહેવાનો નથી. મુશાન્ડા અને ટોનીયામાં અને દાંમનીકામાં છે. પરંતુ મોઢાં રોડેસીયા માં ત્યાં ભવિષ્ય સમાનના રચાવવાની આપણે તક લેવી જોઈએ ત્યાં નથી. વધુમાં એ પ્રદેશમાં પ્રોટેક્ટરીટી સત્તા ધરાવવાનું અંતિમ ભરેલું મગફળી સેવાઈ રહ્યું છે. બીન-સરકારી સંબોની સંખ્યા છે ને બંધે પામ મગફળી એ એટલે આદીકન વસતીનું રદાજી કરવાની સમાની કાપમાં મરોડો થશે અને મુરોપીયન વસતીના પ્રતિનિધિતામાં વધારો થશે

મેન્ડા : ૨૦.૧૩૩ વિન નીને ક્ષેત્રી દુ ઇસ્ટાન નેઈ જુ ને ટોન્ડેનીયલ મેંકેટરીના નાંક અંકુસનો નથી. પરંતુ તેમ છતાં એ ઇસ્ટાન બંધ છે આપણે ૨૦.૧૩૩ નેઓ અને માર કરના. એ ની સંધર્ન રોડેસીયામાં આદીકન પ્રતિનિધિતા કેવી રીતે નીમવાના છે એ છે

અધીકાર ૧ ૩૦૦૦ના 'દાઇસ' માં જમવાપુ દળ કે સર્વ રોડેસીયા નાંકે આદીકન પ્રતિનિધિતા અને આદીકન દિવોના મુરોપીયન પ્રતિનિધિ તો ૬૦૦૦૦ મુરોપીયન મન ધરાવનારો છે અને માર ૬૦૦ આદીકન મન ધરાવનારોના તરફના મુદ્દાવાના છે. અહીં દુ જુલમ તો ૨૬મીએ ક્રિમરની સમામા નાજમ સંરચાન મંત્રી લોડ મન્ડરે કરેલાં નિવેદન તરફ જાન બંધવા માયું જુ.

નીઅન્ટોના જુક

લોડ મન્ડરે કયું કનું કે આદીક ને, કામ મેનના પ્રતિનિધિતાના પાંચની જનને કરવા માગે એ બાબત મા તેઓ બંધન રોડેસીયાના અગરનર નું ૧૫૫૦ બેંચમે. તેમજ કયું કે તેમના સમજવામાં આપણું કનું કે આદીકન ઉમેદવારો નીઅન્ટોના થતાં રહેતાં અંક ૩૦૦ મનમાં તરફથી પસંદ કરવામાં આવશે.

ફેરન મેન્ડર અને નેઈન રોડેસીયા નાંકે આદીકન પ્રતિનિધિતાના પાંચની જનને કરવા માગે એ બાબત મા તેઓ બંધન રોડેસીયાના અગરનર નું ૧૫૫૦ બેંચમે. તેમજ કયું કે તેમના સમજવામાં આપણું કનું કે આદીકન ઉમેદવારો નીઅન્ટોના થતાં રહેતાં અંક ૩૦૦ મનમાં તરફથી પસંદ કરવામાં આવશે.

છે. આદીકન ઉમેદવારો થઈ પછી આદીકન અંચા તરફથી પસંદ કરવામાં આવશે એવું કનું એ સરકારી દસ્તાવેજમાં કે સંધર્ન રોડેસીયાના અંતિમરોમાં પછી મેં એવું નથી.

તેને બંધે મેં કિયા હેવાલો એવા મે ૩. એ આદીકન ઉમેદવારોને ફેરસ પાડી તરફથી રજુ કરવામાં આવશે અને એક કનફેરેસન તરફથી રજુ કરવામાં આવેલ છે. આ સરકારની વતી લોડ મન્ડરે કરેલાં નિવેદન કરતાં સાવ જલ્દી છે. કે સરકારને કનું હું કે આનો તેજે આજે અમલ આવતી કાલે જવાબ આપશે અને લોડ મન્ડરે નિવેદન પાળવામાં આવે તેનો આશ્વ લેવો.

કેનીયા

દને સેન્ડ્રલ આદીકામાંથી ટોનીયાના સવાલપર આવુ હું. એ સંરચાનમાં સરકારની નીતીને વિશે ધણું કહી શકાય. છતાં આજે હું મળું કહી શકું નહિ, કારણ કોઈ વધારે અમલ ત્યાંની પરિસ્થિતિનો રચનાત્મક જોય લાવવાપર જાન હેવાની ધણીજ અમલ છે.

મારે સંરચાન મંત્રીને એટલુંજ કહેવાનું છે કે આદીકોને પોતાના અપર્યાપ્તમાંથી નીકળી જવાનું કયા બાદ તેઓની પીડ પાછળ બંધુકે રોડી તેઓને હાર કરેલા હેવાના અને નેઓમાં તેઓની રિધિતિના ધણા હેવાના મે તેમના ખાતાં સમક્ષ રજુ કરેલાં છે. આ કુપો એ દેશમાં ખીટીજ બંધારી માણસો તરફથી મનેલાં હોય એમ હું નથી માનતો પરંતુ ટોનીયા પોલીસ રીજર્ અને આદીકન પોલીસની સામે નાંકે આરોપો છે જેની સરકાર તરફથી, હું માનું છું કે, મુરુપુરી તપાસ થઈ પડે છે.

આ બાબતમાં આદીકની રીકા પરી દુ સતોત માનીય.

દને કાવતી પરિસ્થિતિનો જોય મારી માનવા મુજબ કેવી રીતે કાવી શકાય એ પર આવું છું.

ટોનીયાની પોતાની નીતીના સંબંધ માં સરકાર મેન્ડામાં મેડી જુલ એ કરેલી છે કે આદીકોને સરકાર દિગ્દર્શનાની તેજે સાદ ના પાડી છે. આદીકોને એ કે સરકારની રીકા કરે છે છતાં એટલી તેઓ સરકારની રીતો ને તિરકારે છે તેટલીજ મ.જ માગેલી રીતોને તિરકારે છે.

સરકારની વચ્ચે એ રહેલી છે કે ને આદીકન સેવિમે દકા સરકાર ની નીતીને રેકા આપનારો ન હોય તેની સાથે કદા સંબંધ રાખવો નહિ.

અમજુતીના માર્ગ

મરયાન મંત્રીને હું આદીકામાં મરુજુતીનો માર્ગ મરુજુ કરવા મુદ્દે પ્રથમ તેમજે મી. એન્કે મુદ્દે

જેવા માણસો, જેઓએ મરુજુ મરુ પડે જેવી રચનાત્મક રચનાઓ રજુ કરેલી છે, તેઓને જાન હેવું જોઈએ અને ને આદીકોને એવા હોય કે જેમની સામે મરુજુના કયા આરોપો નહાં તેઓની વતી પોલી થશે તેવા આદીકોને ડીરેનસન કેપો અને ફેર-ખાનાઓમાંથી રોપી કાઢવા.

તેઓનો સાથ મેળવ્યા સિવાય ટોનીયાની આદીકન વસતીની સાથે આપણે સંબંધ બાંધી નહિ શકીએ કે ને ટાઇ પછી સમાધાનને મારે આવશ્યક છે

ખીજી બાબતો, જેનાપર, હું માનું છું કે, સમજુતી થવી અત્યાવશ્યક છે, તેની દુ અહિં ધારીજ આપવા માંડું છું. પરંતુ તે કરવા અમારું મારે એટલું કહેવાનું છે કે હું કમેલાં માનતો આવેલો છું કે મુરોપીયન, ક્રીશ્ચિયન અને આદીકન કેમોમાં જેવા માણસો છે કે જેમનો રચનાત્મક રીતે સરકાર સાધવાથીજ ટોનીયાના સવામોનો જોય લાવી શકાય.

હું મુદ્દે છું કે પ્રથમ સરકારે આદીકન વસતીના જમીનના સરકારને જાન હેવું જોઈએ.

ટોનીયાથી મયા નવેમ્બરમાં હું પાછો આવેલો ત્યારે અને આદીકન રીજર્વોની સરખામણી ૧૬૩૦ની સાલ ના સાક્રિય વેલ્સની ખીજોની સ્થિતિ 'મે' નિહાળી. ત્યાં સીતોર દકા વસતી મેકાર હતી અને આખી વસતીને એ ખીજોમાંથી કાઢી કાઢવામાં આવી હતી. ફેરમાક સાક્રિય વેલ્સના સરેરા મા એક પછી મુરુપુ પ્રથમ કે મુરુપુ અને નેવામાં આવતી નહોતી. આજ સ્થિતિ કાકુમના રીજર્વોમાં વર્તી રહી છે. એ કાકુમનો દર ચોરસ માઇલ માં ૪૫૦ થી ૧૦૦૦ની સંખ્યામાં વસે છે. આપણને એટલી મેકારીની કામત છે તેટલી આદીકોને જમીન ની હામત છે. જમીન એ જમલ ખરોબર છે અને એ રીજર્વોમાં એટલી મીય વસતીમાં તેઓ પોતાનું મુજરાન કરી શકતા નથી.

સરકારે આ સવામને કામમાં લેવો પડશે અને સંરચાન મંત્રીને હું મુદ્દે છું કે ટોનીયાની મુરોપીયન વસતીએ સમજુતું જોઈએ કે એ દેશમાં જમીન પરનો દક કોઈ પ્રથમ આદીકન વસતીનો છે.

મુરોપીયને મારે અનામત રાખવામાં આવેલાં રચનામાં જાં જમીન પડતર પડેલી હોય ત્યાં જેવી જમીન આદીકન વસતીને તેવી જમીનની મુખ્ય મરુજુવા ને આપવામાં આવી જોઈએ.

તેટલું બધું થશે એમ હું કરગીજ કહેવા નથી માંડતો પરંતુ સારા સંબંધ બાંધવાને તેની માનસિક અસર પાર વિનાની થશે.

(અમી)
